

Leveling 551

Chapter 551

The effect of the Royal Phoenix Blood Essence was amazing, as it was the only thing that could suppress the power of the Evil Spirit on the Phoenix Cave earlier.

“This is great! I even have some left for others who need it later!” Yi Tianyun said excitedly. He didn’t need any more of this blood essence as he could level up the Phoenix Bloodline with his Crazy Points, and that was exactly what he was going to do next!

“Level up Royal Phoenix Bloodline!” Yi Tianyun said to the system.

‘DING!’

‘Successfully level up Royal Phoenix Bloodline!’

‘Immortal Fire’s power increased X3, Speed X7.’

‘Next Level Requires 5.000.000 Cps.’

The Royal Phoenix Bloodline required so much more Crazy Points to level up than the Dragon God Bloodline, but it was a given as the Royal Phoenix Bloodline was attack-oriented while the Dragon God Bloodline was more defense-oriented!

The next thing that he needed to level up was probably the Crazy Mode, but he only had 20 million Crazy Points at the moment, whereas the Crazy Mode required 50 million points to level up!

Yi Tianyun shook his head while sighing as he knew that he would have to wait for a while before he could level it up!

After that, Yi Tianyun walked out of his room and noticed no one else was in the house, so Yi Tianyun chose to step out for a bit.

As he stepped outside, the guards stationed in front of the house immediately approached him.

“Divine Envoy, Elder Luo asked you to go look for him once you come out of the house. He said it was something important!” The guard said respectfully.

“Okay, great! I will get to it right away!” Yi Tianyun said to the guard as he left in search of Elder Luo. He finally found Elder Luo was accompanying Yan’er on a playground with other kids. As Elder Luo saw Yi Tianyun, he immediately approached.

“Divine Envoy, our informant has come with information that stated the Heavenly Netherworld Divine Envoy had sent people to the Mortal World! I don’t know what their objective is, but I am afraid it wouldn’t be good for you!” Elder Luo said worriedly.

“Damn! I don’t expect them to move there while Ming Chen was dead!” Yi Tianyun said with a frown on his face.

He never expected the Heavenly Netherworld Divine Nation would proceed with their plan to invade Mortal World, but surely this was not good news!

“I heard that they dispatched several Core Transformation Stage experts, with 5 Void Spirit Experts and one Spirit King Expert, but the Spirit King was still at 1st Layer Spirit King Stage, they sent a cultivator who recently breakthrough to Spirit King Stage to accomplish their objective at the Mortal World! We can dispatch several Void Spirit Experts to support your faction on the mortal world if you want.” Elder Luo said worriedly.

“No, I don’t think that’d be necessary! I will go myself!” Yi Tianyun said solemnly.

“Can you go back there with your current power? You are too strong to pass through the Mortal Portal, right?” Elder Luo asked confusedly.

He thought Yi Tianyun surely wouldn’t be able to pass the portal since he could easily overpower several Spirit King Stage Expert in the Heavenly Netherworld!

"I don't know, but it's probably best for me to test it out first! I need to stop them before they can lay a hand on my faction! how long has it been since they depart to Mortal World?" Yi Tianyun asked with a cold expression on his face.

"The news came two days ago. I didn't think they would arrive at the Mortal World that fast. Maybe it would take them a week at best." Elder Luo said as he tried to think of the way to the Mortal World.

"Then I must leave now!" Yi Tianyun said hurriedly.

"Wait! Are you leaving?" Yan'er asked, a little bit sad.

"I am afraid so, little phoenix. I must do something, but I will come back again later, okay! You will stay here with grandpa. Don't worry. Grandpa would play with you all the time!" Yi Tianyun said to Yan'er with a smile on his face.

Yan'er nodded her head and smiled at Yi Tianyun. She doesn't pester him anymore as she understood that Yi Tianyun had other people he had to take care of aside from her.

"Next time I come, I will bring you many delicious foods!" Yi Tianyun said as he patted Yan'er's head. He immediately called the Ice Phoenix as he planned to take the phoenix along for now. "Elder Luo, tell the Lord I am sorry that I wasn't able to meet with her before I leave!" Yi Tianyun said as he sat on the phoenix's back.

"Of course, I will convey your message! You will always be welcomed here, Divine Envoy!" Elder Luo said respectfully.

Yi Tianyun nodded and immediately left towards the Broad Cloud City. Ren Liangchen was still waiting for Yi Tianyun to come back, and they've been waiting for Yi Tianyun on Broad Cloud City all this time.

At the same time, in the inn's room on Broad Cloud City, Ren Liangchen was planning to go hunting Demon Beast in the nearby forest with Yang Zhiwen and Leng Hu.

With the Sacred Tool that Yi Tianyun has left with them. They believed that they had the power to do so! After all, it was boring to just wait in the inn without knowing when Yi Tianyun would come back.

But suddenly, their room was blocked by a great array, making it impossible to escape! Two figures also appeared out of nowhere in front of Ren Liangchen.

Leng Hu noticed these people were Void Spirit Experts, and he also knew that they were in trouble!

Chapter 552

The entire room was covered with Great Array. There was nowhere to escape for the three of them! They also knew that it would be impossible for them to win against two Void Spirit Expert with their current cultivation!

“Wow, finally, I got all of you in one room!” one of the Void Spirit Expert said while smirking at his partner.

“Yeah, it really took a while! I even wonder if our efforts were a waste! Thank god I had set up this great array in advance!” The other Void Spirit Expert said excitedly.

Both looked young, but they’ve already achieved Void Spirit stage cultivation, which meant they had a formidable backing and great cultivation technique! But this was not the first time Ren Liangchen met them both!

“Daoist Jin, what purpose do you honour us with your presence right now?” Ren Liangchen asked sarcastically.

Ren Liangchen also knew why they both went out of their way and set up the Great Array like this. It was all to make sure that none of the people outside knew what they were doing, so they wouldn’t get into trouble with the City Guards!

After all, if they were caught fighting inside the City territory, they would be banned from entering the city ever again!

“Our purpose is simple enough! Hand over all the Sacred Tool on your possession, and we will at least spare you lives!” Jin Feng said as he pointed to the Sacred Tool on Yang Zhiwen’s hand.

“I am afraid we can’t do that, Daoist Jin! This Sacred Tool was entrusted to us from someone very important.” Ren Liangchen said nervously. He didn’t know how to escape this situation, but he knew that he couldn’t let Yi Tianyun down!

“Don’t talk to me like I care about your problem! I know that you have three Sacred Tools in your possession, now hand them over, or you won’t be able to leave this room ever again!” Jin Feng said with a smirk on his face.

Ren Liangchen sighed. He knew that their lives were more important than three Sacred Tools. He just hoped that Yi Tianyun would understand their situation when he returned!

“Okay, I will give you all of our Sacred Tools, but promise us that you will let us go after that!” Ren Liangchen said with a frown on his face.

Although it was a significant loss, he had no choice but to give it up in order to survive. Ren Liangchen immediately gathered the three Sacred Tools and threw it to Jin Feng’s feet.

They were excited when Yi Tianyun gave them those Sacred Tools back then, but they didn’t know that it would attract trouble like this!

Jin Feng’s eyes immediately lit up, and he quickly picked up the three Sacred Tools from the ground! He immediately inspected the Sacred Tools on his hands and noticed that they are exceptional!

“Yes! These are great Sacred Tools! They would fetch a high price in the market!” Jin Feng said excitedly. Although his cultivation was relatively high, it seemed Jin Feng was only interested in money!

The situation in Ghost World was different from the Mortal World! In Mortal World, any Void Spirit Expert with a Sacred Tool in their possession would be considered a wealthy individual, and they would be respected in any faction, while in the Ghost World, a Sacred Tool was basically everywhere! So, the best thing that the Sacred Tool could give was a bunch of money!

“Can you let us go now?” Ren Liangchen asked with a cold expression and a disgusted look on his face.

“Why would you go out now? We’re just getting started, aren’t we? I still need to test this Sacred Tools out first! If it can’t cut anything, it won’t be worth a penny in the market! And you guys seem to be a good practice target for that!” Jin Feng said as he smirked at Ren Liangchen.

“How dare you go back on your words!” Ren Liangchen said coldly.

“What is wrong with you? Why are you so mad, anyway? Just block my attack, and you should be fine!” Jin Feng said sarcastically.

“Yeah, we’re only practicing here! Why are you so mad all of a sudden? Block the attack! It shouldn’t be that hard!” Zhao Quan said while snickering on the side.

Ren Liangchen gritted his teeth in frustration as he knew that it wouldn’t be easy to block the attack from a Void Spirit expert on their current cultivation level.

So, Ren Liangchen looked at Yang Zhiwen and Leng Hu and nodded his head. The three of them immediately formed a formation to block Jin Feng’s attack.

“It seems that we can’t wait for the boss to come back!” Ren Liangchen said to Yang Zhiwen and Leng Hu.

“Yeah, it seems our time has near!” Leng Hu said with a sigh. The three of them shared a sad look, as they couldn’t meet their boss for the last time.

But suddenly, they were startled as a teenager appeared out of nowhere in the corner of the room with a Divine Sword in his hands!

“How about you practise with me instead!” Yi Tianyun said coldly!

The two Void Spirit Experts were shocked to see someone else in the room as they know that it shouldn't be possible as they've already sealed the room with a Great Array before coming in!

"Boss!" Ren Liangchen shouted excitedly.

Yi Tianyun smiled at Ren Liangchen and the others. When he arrived at Broad Cloud City, he flew around to find Ren Liangchen, but he found something was off after sensing a Great Array blocking his vision on an Inn, so he teleported inside so he could catch anyone inside by surprise!

"Who are you? how did you get in?" Jin Feng asked coldly.

"You don't need to know who I am! Didn't you say that you want to practise some swordsmanship? I will become your opponent this time!" Yi Tianyun said casually.

He then walked towards the two Void Spirit Cultivators while still holding on to the Heavenly Netherworld Divine Sword in his hands.

"A High-Grade Sacred Tool!" Jin Feng shouted as he saw the luster on the sword in Yi Tianyun's hand. They also wanted that one as their greed was taking over! "I don't know how you get in, but clearly, you want to donate another treasure for our cause!" Jin Feng said excitedly.

"They called you a boss, but it seems a trash's boss is just another trash!" Jin Feng said as he flashed to surround Yi Tianyun.

"Shut your trap already!" Yi Tianyun said as he waved his hands a little bit, and a wave of light surrounded Jin Feng.

"What just happened?" Jin Feng asked confusedly, but suddenly he screamed in pain as his arms were smashed and dripping blood everywhere!

Ren Liangchen sighed in relief as he noticed that Jin Feng and his companion wasn't any problem for Yi Tianyun.

“Wow, I hold back on that one, you know? But you still couldn’t avoid it. It can’t be helped. I must readjust my strength!” Yi Tianyun said mockingly to Jin Feng.

“Damn you! Come on, kill him!” Jin Feng shouted. He immediately used his other arms to lift Ren Liangchen’s weapon and threw it towards Zhao Quan. Both of them immediately attacked Yi Tianyun, but Yi Tianyun only sighed.

Yi Tianyun then waved his hands once more, and the same lights appeared again! This time, Jin Feng and Zhao Quan’s arm were immediately cut cleanly from their body!

Some furniture in the room shook due to the impact of Yi Tianyun’s attack. If it were not because of the Great Array that surrounded the room, the people outside must have realized that there was a fight in this room!

Their blood also stained the room floor as their blood kept spurting from their gaping wound! Both were shocked to see that Yi Tianyun wasn’t someone that they could fight against!

This time Yi Tianyun controlled his power so that he didn’t kill them in one strike!

“You! how could you be this strong!” Jin Feng asked nervously.

“Clearly, I practised a lot! You should practise some more. This is just too pathetic!” Yi Tianyun said mockingly.

“No, no! we are good for today! We have enough practise for one day! Please spare us, master!” Jin Feng said nervously.

“Yes, we were just having fun before. We didn’t mean anything, we said! We just borrowed their weapon, and we will return it soon! We never had a sacred tool before, so we just borrowed it from them to try it out! We didn’t have any malicious intent!” Zhao Quan said as he forced a smile at Yi Tianyun.

They were pale from a loss of blood and nervousness! They were scared that they would lose their lives here now because of their own greed!

“Rest assured! I am just practising some sword skills, but it seems that I still have ways to go!” Yi Tianyun said as he waved his hands once more.

The same flash of lights appeared again, and this time, it successfully cut one foot from both Zhao Quan and Jin Feng!

“AAAh, we are very sorry, master! We are in the wrong here! We should not be blinded by greed! I beg of you. Please have mercy!” Jin Feng said nervously. Both kept pleading for mercy as they knew that they couldn’t escape from this room due to their current condition.

“Ah, damn! I still want to practise some more.” Yi Tianyun said as he smirked sinisterly.

Jin Feng and Zhao Quan were terrified! It was the scariest looking smile that they ever saw in their entire life!

Chapter 554

Jin Feng and Zhao Quan dragged their blood-covered body to the corner of the room, trembling from the loss of blood and fear!

But the pain was all gone as the fear and panic enveloped all their nerves! Jin Feng then slammed the wall to deactivate the Great Array that entrapped all of them inside the room.

They still think that they could escape Yi Tianyun’s clutches if they got outside, but Yi Tianyun teleported in front of them and slashed their neck instantly!

‘DING!’

‘Successfully killed Jin Feng!’

‘Reward: 13.000.000 Exp, 4.300 Cps, 300 SPs, 500 Divine Rune Proficiency, Tyrant Rune Paper, ...’

‘DING!’

‘Successfully killed Zhao Quan!’

‘Reward: 12.000.000 Exp, ...’

Killing them gave a considerable amount of Exp, but the items they dropped upon their death were not worth mentioning!

The only thing that Yi Tianyun could appreciate among the items he got from killing the two was only the Tyrant Rune Paper!

The Divine Rune that was engraved on a Tyrant Rune Paper would have their effect amplified, and the price for one Tyrant Rune Paper in the system shop was unbelievably high! Fetching on 5 million Crazy Points!

Boss, you have returned! If it weren’t for you this time, we would’ve been dead for sure!” Ren Liangchen said gratefully.

“I am sorry it took longer than I expected! Thank god I made it in time to save you all!” Yi Tianyun said with a smile on his face.

“But it is partly our fault too, boss! Had we moved to another inn periodically, we wouldn’t have to encounter them like this!” Yang Zhiwen said apologetically.

“It can’t be helped! Greed would blind anyone, and no matter what the situation is, they will find a way to corner you!” Yi Tianyun said wisely.

The three of them nodded their head and realized that all of this happened because of their own incapability to fend off the enemy!

They were determined to cultivate their power more, so they wouldn't have to rely on Yi Tianyun again in the future!

"Now, pick up your stuff! We are going back to the Mortal World!" Yi Tianyun said casually.

They immediately picked up the Sacred Tool that Jin Feng took earlier and put it inside their storage ring!

"We're finally going back to the Mortal World! Did you finish all your businesses here, boss?" Yang Zhiwen asked excitedly.

"Yes, something urgent came up in the Mortal World, so we have to hurry back there!" Yi Tianyun said urgently.

He will kill all those Heavenly Netherworld Divine Nation People who went to the Mortal World, regardless their objective was related to his faction or not!

As soon as Yi Tianyun got out of the inn with the three generals of his, he immediately reached out to the sky to call the Ice Phoenix!

"A Phoenix! I didn't expect boss would tame a Phoenix as well! a magnificent Phoenix to top it off!" Ren Liangchen said to Yang Zhiwen in awe!

"Save it for later! we are in a hurry now!" Yi Tianyun said to hasten them to ride on the Phoenix. After all, he knew that the three of them couldn't fly that fast, so it was better to ride on the Phoenix that could fly much faster!

But as soon as the three Core Transformation Experts got on the Phoenix's back, it squawked in protest! It didn't like it when someone other than its master rode on its back!

"Bear with it for a while! I will reward you with Medicinal Pills later!" Yi Tianyun said to the Phoenix to appease its anger.

The Ice Phoenix's mood then stabilized and quickly flew up and disappeared into the sky! The access to the portal going to the Mortal World was in a remote location.

Therefore, the Ice Phoenix needed a few days to get there, but it was still better than flying there, as it could take them up to a month to get there if they flew with their own power!

As they got close to the portal, Yang Zhiwen looked at the surrounding location in awe. "This is where the portal to the Mortal World is located? It's far more beautiful than the Netherworld Passage!" Yang Zhiwen said while looking around.

The place was like a fairyland, full of blossoming flowers and grassing animals and the lovely birds chirping!

"Don't be naïve; the portal is on that passage!" Yi Tianyun said as he pointed to a passage with a dark cloud looming over it!

"Can't we stay and appreciate this beautiful scenery for a bit?" Yang Zhiwen said awkwardly as he gazed at the dangerous-looking passage!

Chapter 555

Yi Tianyun immediately flew towards the passage. Because in order to get into the Mortal World, all he had to do was pass the thunder and lightning that covered the passage.

It was simple, but it wasn't easy to do! The higher someone's cultivation was, the stronger and more often, the thunder and lightning struck the ground!

If a Saint King expert walked through this passage, the Heavenly Thunder would strike so frequently that the expert would have no chance to walk past the passage!

At the same time, Yi Tianyun saw several people were flying with a magic weapon, and even several flying mounts towards the passage!

Yi Tianyun noticed that their cultivation wasn't high, but they were already at the Core Transformation stage!

And that was when Yi Tianyun noticed a flying Ship with Heavenly Netherworld Divine Nation's flag on it! The flying ship was ready to fly into the passage!

"Boss, what is wrong?" Ren Liangchen asked confusedly as he saw Yi Tianyun's cold eyes.

"Our enemy is here! They are the Heavenly Netherworld Divine Nation! Knowing that, would you still follow me?" Yi Tianyun asked curiously as he pointed his finger to the flying ship.

The three of them were surprised and fell silent for a second. They looked at each other and nodded their head in determination. "Of course! We will always follow you, no matter what happens! Even if we must fight the Golden Bamboo Divine Nation, we will accompany you until the end!" Ren Liangchen said while the other two nodded their head in agreement.

Golden Bamboo Divine Nation is the strongest Divine Nation on the Ghost World!

"Great, now we will intercept that ship before they could advance any further!" Yi Tianyun said while wearing the Thousand Mask.

The other nodded and put on their own disguise. Yi Tianyun landed near the passage entrance and stored the Ice Phoenix on the Pet Bar, and immediately leaped towards the Flying Ship!

Simultaneously, the Heavenly Netherworld Divine Nation's personnel on the ship were busy chatting to each other while waiting to pass the passage.

"After this passage, we will reach the Mortal World! Our goal is to annihilate the faction that destroyed the Netherworld Empire that was supposed to be the extended faction of our Heavenly Netherworld Divine Nation!" one of the experts said while smirking to his companion.

"That is great! I wonder if the women in the mortal world are good looking, I can't wait to play with them!" Another Expert said while laughing with the others.

They would become the pioneer of the new Netherworld Empire on the Mortal World!

The weakest cultivator on this ship was at the Spirit Core stage, while the strongest was at the Void Spirit stage!

But they were not the first squad that the Heavenly Netherworld Divine Nation has dispatched towards the Mortal World; they were the second squad!

So, the strongest person who was supposed to be at 1st Layer Spirit King Stage has passed through the passage ahead of this squad!

As they were busy laughing with each other, four figures suddenly broke the roof and knocked several people down!

Along with the loud noise and flying people, the entire ship shook violently and started to crumble! Shocked and confused cultivators fell one by one as they screamed.

The cultivators fell silent, and a look of horror was clear on their eyes! They don't know what was happening right now!

But they were startled once again as a shining ray of light flashed towards them. Following the flash of light, the cultivators on the ship were immediately cut in two, splattering blood everywhere!

They realized that the flash of light that they saw was a sword aura!

The Void Spirit Expert immediately blocked the attack as they served as a guard for this ship too! If they let this ship fall, the Holy King would undoubtedly kill them!

"Who are you?" The Void Spirit Expert asked.

But Yi Tianyun didn't answer his question. Instead, Yi Tianyun attacked once again with his Sword Aura.

This time, the Void Spirit Expert couldn't block the attack, and Yi Tianyun's sword aura cut his neck cleanly!

There was barely any exchange of words on the ship! There was only a blood-chilling scream, and the sound of sword slashes!

Chapter 556

Yi Tianyun killed all the cultivators on the ship mercilessly! Ren Liangchen and the others also joined the fight.

Although they couldn't kill as fast or as easy as Yi Tianyun, they could at least hold their own! Especially with a sacred tool in hand, the Core Transformation expert of Heavenly Netherworld Divine Nation couldn't stand a chance!

Yi Tianyun also used his X10 Exp Card and X50 Exp Card to maximize the amount of Exp he received. With this many enemies in one place, he decided to use his Exp Cards since he didn't know when this kind of opportunity would arise again!

Several Experts tried to run, but as they walked out of the big room, Yi Tianyun immediately cut their head!

Yi Tianyun wouldn't let anybody escape from his grasp! Yi Tianyun also activated his After-Image Technique, creating three more clones of himself to save time!

Yi Tianyun knew that if he didn't use this technique, many experts would escape from the ship as he wouldn't be able to keep track of everybody!

With Yi Tianyun's clone helping, they quickly annihilated the Heavenly Netherworld Divine Nation expert on the ship without sparing anyone!

The Heavenly Netherworld Divine Nation's Experts never expected that they would be ambushed like this, so they weren't prepared for enemy attack.

Nonetheless, they wouldn't be able to do anything even if they knew Yi Tianyun was coming!

Several of them successfully escaped the room to the edge of the ship, but several elders of the Phoenix Clan immediately killed them!

Yi Tianyun smirked as he noticed the Elders helped him here. Clearly, the Phoenix Clan didn't want to cause conflict with the Heavenly Netherworld Divine Nation, but if they were sure there wouldn't be any witness, they would help Yi Tianyun!

After all, the Phoenix Clan shared the same goal as Yi Tianyun as they also wanted to eradicate the Heavenly Netherworld Divine Nation from the Ghost World!

Finally, after making sure there was no Heavenly Netherworld Divine Nation's personnel alive on the ship, Yi Tianyun set it on fire!

The elders quickly went hiding again while Yi Tianyun, Ren Liangchen, and the rest quickly rode on the Ice Phoenix once again.

Some random cultivators who happened to pass by immediately dodge away as they were startled by an explosion on the Heavenly Netherworld Divine Nation's ship!

They looked at the fallen vessel with horror as they were afraid of dealing with Heavenly Netherworld Divine Nation on their own!

"Boss, is there anything we need to do now?" Ren Liangchen asked curiously, while Yi Tianyun could see that their body was covered with blood!

"No, we will return to the Mortal World as quickly as we can now." Yi Tianyun said solemnly. He then pulled out three bottles of Medicinal Pills and quickly threw them to Ren Liangchen and the others to rejuvenate themselves for the battle to come!

The cultivators who happened to see them were shocked beyond belief that some unknown man dared to mess with Heavenly Netherworld Divine nation like that.

However, they immediately thought that the unknown man must have great backing to help him if the Heavenly Netherworld Divine Nation retaliated!

There was no way the man wouldn't have any backing to fight against Heavenly Netherworld Divine Nation!

They immediately left as they didn't want to be associated with the unknown man, nor did they want to be interrogated by the Heavenly Netherworld Divine Nation regarding what happened in that place!

.....

Yi Tianyun ordered the Ice Phoenix to fly as fast as possible while he absorbed the incoming Divine Thunder with his Heavenly Thunder Divine Pearl!

With this Heavenly Thunder Divine Pearl, he could easily avoid getting burned or hindered. He still didn't know the Heavenly Thunder Divine Pearl's upper limit, but he didn't care about it as long as he could pass this passage easily!

"What an amazing orb!" Ren Liangchen said as he looked at the Heavenly Thunder Divine Pearl with awe.

But Yi Tianyun didn't say anything to Ren Liangchen as he had to get back to the Mortal World as soon as possible to make sure that the Spirit King Expert that the Heavenly Netherworld Divine Nation dispatched earlier was still waiting for the people on the ship earlier to make a move!

After all, he knew no one at the Heavenly Clouds Mansion could stand against a Spirit King Expert now!

The deeper Yi Tianyun flew on the passage, the stronger the thunder became! He noticed that the thunder that the Heavenly Thunder Divine Pearl absorbed had reached 560 million combat points earlier!

He looked at the thunder that tried to strike Ren Liangchen and the others, but it was not that much! Even Ren Liangchen, the strongest of the three, was only struck by a thunder worth a couple of million combat points!

The gap was too big right now, but Yi Tianyun knew that they had the potential to grow stronger in the future!

Chapter 557

Another Big Heavenly Thunder was coming towards Yi Tianyun once more. However, this time, he didn't plan to absorb it.

After all, he didn't know the limit of the Heavenly Thunder Divine Pearl, so he quickly shot out his own Divine Thunder from the pearl to counter the Heaven Thunder!

The two-thunder collided with each other and instantly dispersed! Yi Tianyun was silent for a moment as he noticed that the thunder from the Heavenly Thunder Divine Pearl packed quite a punch!

At least after absorbing so much Heavenly Thunder! But the situation remained the same. The Black Clouds were still shooting lightning and thunder towards Yi Tianyun and the others!

But fortunately, Yi Tianyun was riding on a phoenix, which allowed him to traverse the passage really fast!

When he saw so many people struggled to pass the passage, Yi Tianyun envied them for a bit as he knew that if he could do the same, he could get so many Exp from the Heavenly Thunder!

"We're almost there! Are you guys ready?" Yi Tianyun asked casually. Ren Liangchen and the others nodded their head to Yi Tianyun, and Yi Tianyun asked the phoenix fly at its maximum speed towards the light that finally appeared at the end of the passage!

Once they entered the light, their surrounding immediately changed. They came out of a cave behind a waterfall that drenched them as they flew by, not to mention the dense forest scenery that was much different than the scenery in the Ghost World!

“We are finally back!” Ren Liangchen said as he took a deep breath. While the environment looked much better than the Ghost World, the Spirit Energy in the Mortal World was far worse than the Spirit Energy in Ghost World!

But still, the scenery was familiar! And after all, they didn’t have to fear anyone in the Mortal World as they were among the highest-level cultivators in Mortal World!

“We will go to my Faction to fend off the Heavenly Netherworld Divine Nation first!” Yi Tianyun said solemnly, to which the others nodded their head in agreement.

.....

On Heavenly Clouds Continent, the Heavenly Clouds Mansion has already started to build their imperial city and many other supporting cities across the continent!

They’ve successfully decimated many rebel forces, bandits, and other evil forces throughout the continent! They wanted to do their best before their leader, Yi Tianyun, returned!

The Spirit Race specially made the Imperial City itself as they wanted to build a safe and orderly Imperial City.

Many bandits and rebels have attacked the Imperial City, but the Spirit Race could repel the attack, although some of them fell victim to the brutality of the Bandit and Rebel forces!

“Old Ancestor! Why don’t you take a break for a while!” An Elder from the Spirit Race said to the Old Ancestor of the Spirit Race worriedly.

“It’s okay! I can still go on! Even though age has caught up to me, I can still go on, much like the youngsters these days!” Spirit Race Old Ancestor said with a smile on his face.

The Elder nodded helplessly as they didn’t know how to convince the Old Ancestor to take a break.

But an alarm sound suddenly alerted them. The Elder and Old Ancestor quickly checked what was happening outside!

The Old Ancestor decided to fly towards the gate as he couldn't see clearly from the spot he currently stood, and once he was there, he could see that the crowds were pointing their finger to a flying ship that came towards them!

Ye Qingxuan, who also came to the gate, was confused. With their alliance with the Heavenly Dragon Empire, the Heavenly Clouds Continent was supposed to be safe, and no Faction would want to wage war against the Heavenly Clouds Mansion either!

But as the flying ship got closer, they immediately knew what they were dealing with! They could feel the tremendous aura from the ship.

Furthermore, they knew that at least the Flying Ship was a lower grade sacred tool! The only faction that they knew has this much resources must be the Divine Nation!

"I don't know who you are, but please stop there!" Spirit Race Old Ancestor said solemnly to the People on top of the flying ship!

"You don't have to worry about that! We will be quick! You better surrender, or you will be obliterated! This Imperial City would become the new Heavenly Netherworld Divine Nation's Imperial City on Mortal World!" An expert said from the top of the Flying Ship.

Many cultivators then immediately landed on the ground and made a move towards the Imperial City!

The Spirit Race trembled due to the pressure from those experts. They knew that the weakest expert on the ship was at least a Core Transformation Stage cultivator!

Chapter 558

Spirit King Stage cultivation was a legend in the Mortal World, as cultivators rarely achieved that cultivation stage.

That was because the Mortal World had low Spiritual Energy and fewer resource. That was also why cultivators with great potential mostly left the Mortal World and moved to either Ghost World or the Heavens World!

So, with a Spirit King coming to their doorstep, it was obvious that the colour was drained from everyone's faces! They know that no matter how much they struggle, they couldn't win!

"The legendary Spirit King cultivator!" Old Ancestor of the spirit race said nervously. He has raised his cultivation since Yi Tianyun left many resources for the Heavenly Clouds Mansion cultivator to use.

But he was still at Void Spirit Rank. There was no way he could stop the Spirit King cultivator by himself!

"Spirit Race Old Ancestor, what should we do?" Ye Qingxuan asked worriedly. She also knew that she couldn't stop the Divine Nation on her own.

In fact, she knew that even if all of them ganged up these experts, it wouldn't end up nicely!

"We have to use the Great Array! I am afraid they won't spare our lives even if we surrender to them!" Spirit Race Old Ancestor said worriedly. Ye Qingxuan nodded her head and immediately prepared to activate the Great Array.

With the Old Ancestor's command, the Great Array was activated, covering the Imperial City with a dense barrier!

Although the Great array wasn't 100% done yet, it could be activated nonetheless, but it wouldn't be as good as when it was finished!

"Sir Xu, it seems they're still raring to fight!" an expert on the ship said to the Spirit King cultivator. Some Void Spirit cultivators have tried to attack the barrier, but it was apparently strong enough to withstand the attack from them!

"Well, I will personally let them know that their little barrier is useless against me!" Xu Gaolin said coldly. He immediately flew towards the Imperial City gate and punched the barrier at great speed!

The entire Imperial City shook from the force that Xu Gaolin used to break the barrier. The cultivators from the Heavenly Clouds Mansion were also shaken due to the impact.

This was the first time that they ever witnessed a Spirit King cultivator's power with their own eyes!

The people who originally came to Heavenly Clouds Imperial City to join the faction were trembling on the corner since they didn't know that the Heavenly Clouds Mansion has made an enemy out of a Divine Nation!

here was no way they would join after knowing this fact. After all, they didn't have the strength to fight against a Divine Nation!

After the smoke dispersed, the barrier still stood strong, and everyone within the Imperial City was relieved a little bit.

"Oh, this is new! I don't know the Mortal World has a Divine Rune Master of this calibre." Xu Gaolin said with interest in his eyes. He didn't use his full power, but it amused him to see the Great Array could withstand his attack!

But the cultivators inside the Imperial City began to praise the Spirit Race for their powerful Great Array! They were desperately hoping that the barrier was enough to send the Divine Nation away!

But Spirit Race Old Ancestor knew that the barrier wouldn't last much longer! In fact, he was holding on to the Great Array seal that powered the Great Array, and he almost used all of his Spiritual Energy just to withstand the attack just now!

"The Spirit King's power was too much!" Spirit Race Old Ancestor said as his complexion turned white from overusing his Spirit Energy!

"Old Ancestor! Are you alright?" Ye Qingxuan said as she noticed Old Ancestor was trembling on his spot.

“No! the Spirit King’s power was too much! If our Great Array is complete, it would be okay, but as of things right now, I am afraid we can at most endure a few more attacks! You have to evacuate everyone out of the city before the barrier is destroyed!” Old Ancestor said solemnly.

“But, ...” Ye Qingxuan said unsurely.

“Hear me! The young one’s life is far more important than this city! Leave immediately. I will make sure to buy you enough time to escape!” Old Ancestor said solemnly.

“Please survive, Old Ancestor!” Ye Qingxuan said as she nodded her head and immediately helped to evacuate everyone.

But as she led everyone to the escape route, she saw the Void Spirit Expert from the Divine Nation has waited for them across the barrier!

“You plan to escape? I will never let that happen!” the Void Spirit Expert said coldly.

On the other hand, Yi Tianyun felt uneasy, but he couldn’t force the Ice Phoenix to fly any faster! But at the very least, he was close to reaching the Heavenly Clouds Imperial City!

Chapter 559

Heavenly Clouds Imperial City was surrounded! There was no escape route that Ye Qingxuan could take to evacuate everyone as the Void Spirit Cultivators have already blocked all the exit out of the city!

Fortunately, not all of Heavenly Clouds Mansion’s cultivator was at Heavenly Clouds Imperial City as they were scattered throughout the continent to build a supporting city and many other businesses.

Because this continent was a paradise for crime when the Netherworld Empire was still in power, so many bandits and other suspected evildoers set their base in this continent.

That was also one of the reasons why the Heavenly Clouds Mansion’s forces were scattered throughout the continent!

They also recruited and managed other cultivators who came to Heavenly Clouds Continent after hearing that the Netherworld Empire has been destroyed!

After all, in order to upgrade from a Mansion to an Empire, Heavenly Clouds Mansion required many more cultivators to join!

“Did you think it is possible to escape now? Now, I will give you one more chance! You better surrender, or I will kill everyone without mercy! At the very least, I will make everyone our slave, and I will spare you!” Xu Gaolin said to the Old Ancestor, who waited at the gate.

He didn’t want to kill everyone as he knew that later they would need manpower for construction!

“It is better to die than becomes your slave!” The Old Ancestor said coldly.

“Then, so be it!” Xu Gaolin said as he attacked the barrier once more. This time, he attacked the barrier with a stronger power than before!

Spirit Race Old Ancestor immediately maximized the barrier’s output with his Spiritual Energy to block the attack!

After the smoke subsided, the barrier that protected the Imperial City still stood, but the Divine Rune that constituted the Great Array almost collapsed!

It was undeniable that the Divine Rune that the Spirit Race Old Ancestor made was very powerful, but because his cultivation was lower than the attacker right now, it wouldn’t last long!

Being able to withstand two powerful attacks from a Spirit King Stage cultivator was an achievement in itself!

“How long will you continue this farce! Just surrender yourself now! You know this Great Array won’t last forever! You know, I didn’t use my full power because I don’t want to destroy this city! But it seems impossible now!” Xu Gaolin angrily shouted! He felt humiliated that a mere Mortal World Cultivator could impede his plan like this!

Xu Gaolin immediately released his aura, and a phantom shadow emerged on his back! This time, it was a giant bear phantom shadow!

Xu Gaolin didn't wait long as he immediately attacked the barrier once again! This time, his attack was enhanced by the Phantom Shadow, making it far more powerful than his previous attack!

But after the smoke subsided once again, the barrier was still standing!

"How is this even possible!" Xu Gaolin said furiously. He never heard a Mortal World Divine Rune Master with such a strong Divine Rune before!

But this time, it wasn't only the Old Ancestor who used his Spiritual Energy to withstand the attack, but almost all Spirit Race on the city also channeled their own Spiritual Energy to withstand the attack, making the barrier stronger than the Spirit King cultivator ever expected!

"Now, you just have to make things difficult! Let's see how long you can withstand my attack!" Xu Gaolin said furiously. He then attacked the barrier repetitively without holding back!

Finally, the Divine Rune gave out! The Great Array was destroyed, and the barrier was broken! But Xu Gaolin was still attacking madly!

But at the same time, Spirit Race Old Ancestor immediately burned his blood essence and withstood Xu Gaolin's attack on his own!

"Old Ancestor!" Ye Qingxuan shouted as she was worried about the Old Ancestor.

Spirit Race Old Ancestor took the giant palm attack and parried it, but the Spirit Race Old Ancestor couldn't withstand the impact completely and fell to the ground.

Ye Qingxuan immediately caught the Old Ancestor before he fell the ground, but she knew that the Old Ancestor was dying!

"I am sorry! I couldn't protect everyone! But I believe the king would avenge us!" Spirit Race Old Ancestor said with a smile on his face before he died!

"Old Ancestor! Please open your eyes!" Ye Qingxuan said as her tears couldn't stop flowing. The same could be said to the rest of the Spirit Race people on the back.

Be it cultivator or not, they shed tears on the loss of their beloved Old Ancestor!

"Hey, it is not my fault! I gave him the chance to surrender before! So, don't blame me for his death!" Xu Gaolin said with a smirk on his face.

Ye Qingxuan ignored Xu Gaolin and looked up to the sky with a smile on her face.

"We are very sorry, King Tianyun, but we can't stay with you this time!" Ye Qingxuan shouted to the sky with sadness on her face.

She then stood up and prepared herself to fight. She would never surrender, no matter what happened!

But suddenly, blue light from the sky shot down to the ground!

"Damned fucker! I will kill you all!" Yi Tianyun shouted furiously, lighting the spirit of the Heavenly Clouds Mansion's people on the Imperial City!

"My King!" Ye Qingxuan said surprisedly as she saw Yi Tianyun's figure in front of her.

Chapter 560

Yi Tianyun went as fast as he could to get to the Heavenly Clouds Imperial City, but in the end, he was still late to save the Spirit Race Old Ancestor!

From the looks of it, he knew that the Old Ancestor had used up all his strength to defend the city and everyone inside!

“Who are you?” Xu Gaolin said nervously.

He felt a blood-chilling aura came from Yi Tianyun, and from his back, when he looked behind, he saw a huge blue Phoenix carrying three other men on its back!

But when he turned his attention back to Yi Tianyun, he was surprised to see that the man was already right in front of him with a sword in his hands!

Yi Tianyun didn’t say anything to Xu Gaolin, but instead, he chopped Xu Gaolin’s head instantaneously!

When Xu Gaolin wanted to move, he realized that his vision was blurry, and he felt like he was flying! But as he fell to the ground, he finally saw his own body not too far from his head!

‘DING!’

‘Successfully killed Xu Gaolin!’

‘Reward: 410.000.000 Exp, 5.000 Cps, 1.500 Sps, Golden Origin Palm, Gold Worldly Secret Art, Gold Grade, King Kong God Stone!’

‘DING!’

‘Congratulation to Player [Yi Tianyun] for successfully breakthrough to Void Spirit Peak Stage!’

Yi Tianyun used another X50 Exp Card as he knew that there were so many enemies in front of him right now!

So, it was natural for him to maximize the amount of Exp that he would get from killing all these enemies!

He turned his attention towards the rest of the Heavenly Netherworld Divine Nation cultivators who were still near the gate and noticed they were trembling in fear!

But they've tested his patience, and he wouldn't show any mercy for these bunch of sinners.

"Who are you? Don't you dare come any closer!

We are from the Heavenly Netherworld Divine Nation! You will suffer a fate worse than death if you make an enemy out of us!" A cultivator said to Yi Tianyun nervously.

"Did you think I care? I will destroy your Heavenly Netherworld Divine Nation!" Yi Tianyun said coldly.

Yi Tianyun then immediately rushed towards the Flying Ships and massacred the cultivators on the site immediately!

Some of them were escaping, but Ren Liangchen was quick on his feet and blocked their escape route while the others also helped to chase after the escaping cultivators!

The Ice Phoenix was the most ferocious one. With its Void Spirit Stage cultivation, none of the Heavenly Netherworld Divine Nation's cultivators could stop it from freezing them solid!

Yi Tianyun then released all of the Demon Beasts that he captured on the Heavenly Netherworld Earlier, "Kill them all! kill every single one of those Heavenly Netherworld Divine Nation people!" Yi Tianyun ordered the Demon Beasts!

Everyone who saw the scene was horrified upon seeing the number of the Demon Beasts charging toward them, but they knew that it was Yi Tianyun's power!

"Spirit King! Avenge the Old Ancestor! He is brave enough to use his life to defend the city!" The Spirit Race people shouted to Yi Tianyun and chanted his name!

They were all excited to see Yi Tianyun's fight once again. After all, Yi Tianyun's fight was always exciting!

But this time, with their Old Ancestor dead, they wanted blood!

Revenge for their kind Old Ancestor!

Yi Tianyun nodded and let the Demon Beast run rampant, killing every Heavenly Netherworld Divine Nation that they could find!

After a while, the battle was over, and Yi Tianyun immediately stored back all the Demon Beast inside his Pet Bar to ease the worry on the Spirit Race People's face.

"Qingxuan! I am sorry, I am late!" Yi Tianyun said as he landed near Ye Qingxuan, who was still holding onto the Old Ancestor's body.

"You didn't come late. We are just too weak! we couldn't even help Old Ancestor defend the barrier earlier!" Ye Qingxuan said as she cries.

"Calm down now. Although I know this is a huge loss for our family, we have to move forward! We can't let the Old Ancestor's sacrifice be in vain!" Yi Tianyun said as he looks at the Old Ancestor's body with respect.

Ye Qingxuan nodded her head as she knew that Yi Tianyun was trying to comfort her, and she knew that the living needed to live to the fullest to honour the dead!

But suddenly, Yi Tianyun remembered something that he had for a long time now! He immediately looked at his inventory and pulled out a shining light!

Ye Qingxuan was surprised by this light, but Yi Tianyun ignored her response for the moment as he put the light closer to Old Ancestor's head!

Suddenly, all the wounds and injuries that the Old Ancestor sustained disappeared!

But the most shocking event was when Old Ancestor gradually became younger, while his eyes also opened slowly!

“Hey, is this the Legendary Spirit World? Why is the Spirit King and the Saintess also here?” Old Ancestor said confusedly.

“Relax, Old Ancestor! You should be fine now!” Yi Tianyun said as he smiled at the Old Ancestor.

He used +1 Life to the Old Ancestor just now, the item that was equal to 100 million of Crazy Points!

The item was indeed very precious, but he believed that The Old Ancestor’s life was worth saving. After all, the Old Ancestor has unconditionally supported Yi Tianyun for a long time now!

Moreover, he still had two more lives that he could use for himself!
