Chapter 61: Trouble

When Yi Tianyun asked this question, he looked so scary. Yuan Ping finally realized what kind of person he was facing. No wonder that Wang and Zeng Family Head were killed. It's not that they are too weak, but Yi Tianyun is just too strong!

"I didn't expect you to be this strong, but I can't die here just yet. Yuan Ping looked at him coldly and said: "As long as you let me go, then we can consider this never happen, we will never meet again in the future. If you kill me, Wind Pavilion will never let you go! Chief Pavilion Lord will avenge me, you think you can escape? Of course you can't boy!"

Let alone give up Yuan Ping even threatened Yi Tianyun. If he kill him, he will endure endless pursuits and never escape.

"If you really think so, then you got to see this!" Yi Tianyun looked at him with a sneer, raised his hand to his face, and gently removed the Hundred Transformation Mask, revealing his real face.

After Yuan Ping and everyone else saw it, he was dumbfounded on the spot, he can't believe his eyes.

They have seen this face on the wanted list. It's the wanted list distributed by Wind Pavilion. Anyone who can capture Yi Tianyun can become Vice Pavilion Lord of any Wind Pavilion branch! In addition to Vice Pavilion Lord, there are so many tempting rewards.

Now that person is in front of himself, not only he's so strong, he can even create a perfect disguise.

"You, you..." Yuan Ping is really shocked by this fact, he kept pointing his finger to Yi Tianyun but no words came out from his mouth.

"Chase after me? you think I am still the same old Yi Tianyun?" Yi Tianyun sneered, Yi Tianyun immediately unleash a heavy punch, Yuan Ping tried to block, but it's pointless.

"Boom!"

The punch instantly killed them, turning them into exp for Yi Tianyun.

[Ding, successful killing Yuan Ping, obtains 60.000 exp, Double Exp Pill, Heaven Feather Sword Technique, 1400 Crazy Point!]

[Ding, successfully killed Deacon Liu, obtains 50.000 exp, Double Exp Pill, 800 Crazy Point!]

He got a bunch of exp, Crazy Point and some items from killing these two.

[Ding, congratulations to the host, successfully breakthrough to Fifth Level Core Condensation!]

Finally, he leveled up once again, successfully breakthrough to Fifth Level Core Condensation. This level up is very fast nonetheless, but this is not enough to satisfy him. Other cultivator will do anything to get this kind of system, but this isn't even enough for Yi Tianyun.

Is this too slow? Those who are in their 30s and 40s are still at Third Level of Core Condensation. How old is Yi Tianyun now? Seventeen! Yet he's already at Fifth level of Core Condensation.

Afterwards he turned around and face Yan Lingxue with his real face.

"You, you are Yi Tianyun... Yi Yuntian, Yi Tianyun... You are the one Wind Pavilion have been looking for!" Yan Ling Xue was shocked.

"Yes, I am the one Wind Pavilion have been looking for." Yi Tianyun did not bother to explain anything to these two, he just said: "I'm afraid that you can't stay here any longer, you better escape as soon as possible before Wind Pavilion or maybe Wang and Zeng Family come."

Vice-Chief Pavilion Lord of Wind Pavilion died here, there's no way this is not going to be a big news right?

"No problem, little brother, we will leave tomorrow." Yan Family's Head nodded and said: "you must be careful as well, don't get yourself caught by Wind Pavilion's people."

“Yan Family Head, don’t worry, do I look that weak?” Yi Tianyun laughed.

“If you are weak, you won’t be able to save me, and my daughter.” Yan Family’s Head smiled gently, not worried.

Yi Tianyun shook his head, chuckled, but didn’t say anything.

“Young Master Yi, are you really leaving...” Yan Lingxue wants to stop him but can’t think of any good reason.

Yi Tianyun’s strength, talent and his manner is just extraordinary, they believe that Yi Tianyun must have a strong faction as a backer, they don’t think they can stop Yi Tianyun from leaving.

Yi Tianyun smiled slightly and immediately turned back to wear the mask and said: “Yes, I still have something to do, goodbye!”

Yan Lingxue wanted to say something, but refrain herself from doing so, she just sighed and bury everything in her heart.

“Yan’er, do you like him?” Yan Jiazhu smiled.

Yan Lingxue blushed, she nodded, but then shook his head, but did not say a word.

“Hey, don’t be too depressed. With such a young age he’s already that strong, he will definitely become important figure in the future...” obviously what he meant by that is, she won’t be able to make him fall for her.

If Yi Tianyun is here, he will see Yan Lingxue’s Favorability already reach 270! In the end Yi Tianyun did save her family and, maybe that’s why she fell so hard for Yi Tianyun.

Yi Tianyun did not stop at Wind City. He directly head back to Jade Palace. After leaving the city, he immediately mounted his snow wolf and rushed to Jade Palace!

In the Jade Palace.

“Palace Lord, Heavens Immersing Ancient Ruins almost begin, have you decided what to do with Yi Tianyun’s quota...” Great Elder next to her asked carefully.

Shi Xueyun has this glum expression on her. Ever since she heard that Yi Tianyun is being pursued and escaped, she has been having this expression. So whoever saw her cold expression trembled in fear, and they can’t help but ask her really carefully.

It’s been less than a week since the opening of Heavens Immersing Ancient Ruins. Yi Tianyun’s quota has been empty, and she doesn’t know how to fill this hole left by Yi Tianyun, Great elder has been cautious too ever since, that’s why she ask her carefully.

Shi Xueyun is normally cheerful, but when it comes to personal matter like this, she’s just so scary to approach.

“Leave it empty , wait for Yi Tianyun.” Shi Xueyun’s voice was cold, even the elders felt chill down their spine.

“But... what if he’s still not here when Heavens Immersing Ancient Ruins begin?” Great Elder asked cautiously.

“I said empty it, waiting for Tianyun to come back, didn’t you understand?” Shi Xueyun glare at the Great Elder.

They shuddered and immediately shook their heads. Palace Lord is like an empty shell. They don’t know what to say to her.

“Palace Lord, I know that you are worried about Yi Tianyun, but we don’t have a choice. When Heavens Immersing Ancient Ruins began, can you let this quota be empty, and you are not willing to let other

outstanding disciples enter? Besides, he clearly said that he has severed the ties with Jade Palace. Moreover, both Wing Sect and Wind Pavilion are involved. If we let Yi Tianyun participate or help him, it is like declaring war to them. Aren't we looking for unnecessary troubles here?"

Of course, the one speaking is Second Elder. Although she had a change of heart, she is very dissatisfied with such a big problem. She did not expect Yi Tianyun to dump this big trouble to Jade Palace.

"Second Elder, do you think Tianyun brought trouble to our Jade Palace, instead of they provoked Yi Tianyun and at the end was defeated by him?" Shi Xueyun was as sharp as ever, and Qin Xue told her what happened without missing any detail.

At first, it was Kong Shengfeng, then Liang Tiancheng threatened to attack Jade Palace, and finally angered Yi Tianyun. how could it be Yi Tianyun's fault?

"Even if that is the case, we need to be indulgent for now. This is such a big event too, how can we mess this up?" Second Elder was dissatisfied.

"It's not something I can forgive! Our Jade Palace is too indulgent, causing them to look down on us. You think we haven't been indulgent enough over the years?" Very sharp, Shi Xueyun's argument is really sound.

It is a fine to endure, but that's not the case when they get over their heads like this.

For example, this quota, if they were indulgent back then, they wouldn't be able to enter Heavens Immersing Ancient Ruins to begin with!

Second Elder showed her helpless expressions. It's because their lack of strength, she thought that all they can do is to endure.

"Palace Lord..." At this time, the guards hurried in from the outside, and looked nervous: "Palace Lord, people from Wing Sect and Spirit Sect is here..."

“Hmmm? Heavens Immersing Ancient Ruins are not open yet, aren’t they too early... There must be some conspiracy!” Shi Xueyun stood up and her face was cold. “If something happens to Yi Tianyun, I will bury the whole Wing Sect!”

Her voice is cold, no one doubted her words... because she really could do it, even though maybe not now, it is possible to do it.

Shi Xueyun doesn’t care about indulgent or appearances. However, it is because of her that Jade Palace is gradually back on the right track.

Chapter 62: Return

At a time like this, there is no way that the arrival of Wing Sect and Spirit Sect would be a good thing.

Shi Xueyun and several elders got up from their place and walked outside to see what they all here for. When they got outside, Wing Sect and Spirit Sect strode in with an imposing manner. Their cultivation is 6th Level of Core Condensation, and they are all in their thirties, compared with Shi Xueyun, the gap is just so obvious.

Shi Xueyun is only in her early twenties. In term of cultivation she is much better than them as she is in Seventh Level Core Condensation. She is expected to be a Spirit Core in a few years with no troubles. This is a form of talent that rarely existed in this cultivation era. This is why that she can maintain her position as a palace lord so firmly.

Throughout the history of Jade Palace, there has never been any strong cultivator in spirit core. This is why she has a very strong hold of the Jade Palace Lord, as cultivation and talent is all that matters in this world.

“What is the purpose of two masters come to my palace?” Shi Xueyun is releasing her aura to show these two her strength. “If I remember correctly, there is still one week away before Heavens Immersing Ancient Ruins begin, besides, it’s just weird for you to come here instead of heading directly to Heavens Immersing Ancient Ruins.”

Standing in front Shi Xueyun is Sect Master of Wing Sect, Qing Yuncheng and Sect Master of Spirit Sect, Jia Zhiyun. There are a few elders from each sect as well, following their Sect Master walking in arrogantly. This spells more and more like troubles.

“Palace Lord Shi, our purpose for coming here is actually quite simple. We demand that you give up your share of quota for Heavens Immersing Ancient Ruins. We expected a compensation for the damage your disciple caused.”

They come just for this share of quota, if not for this, they will surely come to Jade Palace demanding responsibility of Yi Tianyun actions much faster.

“Yi Tianyun has already made a statement that he is no longer our disciple, and he is only our outer disciple to begin with. In that regard we can’t take responsibility for his actions outside the palace!” second elder immediately refuted this accusation as she is not willing to take any responsibility whatsoever.

“Bullshit! Then if we send someone to kill you, and then make our own statement that they are not from our place, what would you do then?” Qing Yuncheng countered the second elder argument immediately.

This argument by Qing Yuncheng is really sound, making it hard to justify Yi Tianyun’s actions.

“What a joke! This is what you’ve always done, again and again. Your disciple is the one who provoke Yi Tianyun. Your disciple is too arrogant to recognize his own weakness, he slander Yi Tianyun by saying that the weapons he forged is fake and inferior. And he even dare to do a sneak attack when he already lose in a duel. There is no one to blame for his death!” Shi Xueyun said with a cold face, “If you do the same act as your disciple to me, i will definitely do the same thing! Slander and sneak attack, even your death can’t pay for your act!”

Her words is really harsh. She is known for a lord who’s not afraid to cause any troubles. That is proven now as she is not afraid to face pressure given by two sect masters. Although that she is sure that neither Jade Palace nor Yi Tianyun have ever crossed path with Spirit Sect, but since they also come here along with Wing Sect, that fact alone already proved they’re up to no good.

A few elders is shocked by Shi Xueyun’s arrogant behavior. She sure is powerful enough to make Jade Palace stronger, but at this rate she could cause a disaster too.

“Who can prove your words?” QingYuncheng sneered: “As the matter of fact, we want to bring him back for questioning, but he killed people that comes after him peacefully. This is unexpected from Jade Palace to act like this. Its so unreasonable.”

Qing Yuncheng quickly twist his words, distorting the fact to his benefits.

“Do I look like a three years old to you? Do you think I believe that you just want to bring him in for questioning? What a joke!” Shi Xueyun waves her hands in dismissal “Don’t even think about getting hold on my share of quota, I want you all to leave my place, we are going to prepare to enter Heavens Immersing Ancient Ruins!”

Shi Xueyun is assertive as usual and she didn’t have a second thought on people like them. However, she knows that the people she argue with here have a strong influence, if that’s not the case she would’ve attacked them as they speak.

Although she is only on her early twenties, she is definitely a force to be reckoned with. Mistreatment that she received is far more cruel than what she faced now, but she wouldn’t hesitate to kill is she has to, that is just how she was taught, to never be a pushover, never give up, and let no one stop her.

Qing Yuncheng’s face becomes much more enraged than before. He didn’t expect Shi Xueyun to be so hard to talk to. It’s a form of humiliation to mistreat not one but two sect master so casually at a time.

“Palace Lord Shi, seems like we don’t get the respect that we deserve, now don’t blame any of us if this becomes a terrible situation for you.” Qing Yuncheng made a gesture to the elders that comes with him, and they began to surround Shi Xueyun and also block the escape route.

The two sect join up together and get ready to fight the Lord of Jade Palace.

This scene immediately worried the disciples of Jade Palace. Is this scene enveloping in front of them really gonna happens?

“Sect Master Qing, what do you intend to do?” Great Elder stood up and speaks with anger: “Do you want to force our hands, our comprehensive strength is indeed not as good as you, but if you angered us then don’t blame us if we this act of yours back fired.”

“Angry? Suit yourself!” Qing Yuncheng began to laugh at second elders “What other cards do you still have in hand? Asking for Azure Mansion disciple’s help? Or bringing back your old ancestor that who secluded themselves to cultivate?”

Listening to his words, the people in the room sensed that he doesn’t seems to be afraid at all.

The great elders all becomes silent, knowing that Qing Yuncheng already know their hands yet not worrying at all.

“What’s wrong? Out of options already? Even if your old ancestors really come out from their seclusion, they are only in Third Level Core Condensation, they can’t possibly beat us. Azure Mansion already told us they wouldn’t interfere with this matter, such embarrassment, marrying your disciples into their clan hoping to get some sort of help in the future but getting none! Hahaha. . .!” Qing Yuncheng laughed out loud.

“Yes, Azure Mansion told us that they will not interfere with this matter.” At the same time, a person came from outside, Chief Pavilion Lord of Wind Pavilion showing himself and he is a Core Condensation cultivator too.

He also brings a few elders with him and the lowest cultivator he brought is at First Level Core Condensation.

“Chief Pavilion Lord of Wind Pavilion” Second Elder’s face become more sullen than before “What are you doing here, as a merchant this is not your place to interfere!”

“Normally, we don’t interfere in this kind of matter, but your disciples have killed several of our people, and that fact makes an exceptions this time” Xiang Tianya gave a cold statement with smile on his face.

Three factions are surrounding them, how can Jade Palace get out of this sticky situations?

Shi Xueyun has always kept a cold indifferent face in front of this situations that comes barreling in her footsteps. She can’t show any other emotions at the moment, all she has for her Jade Palace is unwavering bravery.

“Now I can give you two choices, the first one is to hand over all your quota and treasures or secondly, Palace Lord Shi is to marry me, otherwise Jade Palace will be obliterated today!” Qing Yuncheng looked at Shi Xueyun with greedy eyes, if he married a genius woman, their offspring will be if not the same more genius than their own mother.

When this demand has spoken, all the disciples of Jade Palace were truly shocked. This is not just a mere fight to get a shared quota and immediate increase in power, no, this is more than that!

“Marry a pig head like you? Are you joking? Do you think you can match her power? You are just an expired old shag, a weakling like you wanted to marry her?” The familiar voice came from outside the door, drawing everyone’s attention, and immediately a familiar figure appeared in front of them, and it was Yi Tianyun!

Yi Tianyun didn’t use his Hundred Transformation Mask. He wanted to use his own identity to defend his aunt, and Jade Palace. With the amount of things he heard from the outside, he can’t stop himself, from being enraged by the situations he comes in to. His aunt is not some object of power, but his aunt is a goddess in his eyes.

Chapter 63: Persecution

Yi Tianyun made his entrance, everyone’s stunned, especially to come at this exact moment, three factions surrounding them, two of them have grudges against him even goes as far as distributing a wanted poster, is he a fool?

As for Spirit Sect, even though it’s just an obligation for them. They must consider Yi Tianyun as enemy.

“Haha, I didn’t expect you to come. I have been looking for you the whole time. I didn’t expect you to come to me through the front door, is it bravery or stupidity?” Qing Yuncheng looked at Yi Tianyun laughing. But his eyes are full of killing intent.

He did not expect that Yi Tianyun would come out of his own volition. It really made him so happy!

"I'm pretty sure this is bravery, on the contrary yours is stupidity, because of your stupidity, you want to marry our Palace Lord, you are delusional!" Yi Tianyun smiled coldly, hearing that kind of news the moment he came back just flip his switch.

"Wishful think, do you think that our strength is still delusional too?" Qing Yuncheng looked at him coldly and smiled: "Will you believe if I say that I can crush you with one finger?"

This is not a bluff, if Yi Tianyun is only a Spirit Refinement cultivator he can actually do that.

"I dare you to try!" Shi Xueyun looked at him full of killing intent. Everyone in the vicinity felt chill down their spine, she fully released the aura of Seventh Level Core Condensation!

Three sect masters' face changed, and they couldn't help but take their stance. They can't help but admit that Shi Xueyun is really talented. Reaching this level at such a young age. She will have no problem to breakthrough to Spirit Core in the near future.

"Palace Lord Shi, I admit that you're pretty strong, but can you fight three of us at the same time?" Qing Yuncheng is not afraid of her, and turned to the elders and said: "get him!"

"Don't you dare!" Shi Xueyun draw her sword, and rushed straight ahead, but Xiang Tianya and Jia Zhiyun intercepted her swiftly.

"Bang!"

All three of them was forced back due to the impact, but apparently Shi Xueyun is forced back even further. One versus two, she's clearly at disadvantage.

"Palace Lord!"

The disciples ran toward Shi Xueyun, the three elders seems pissed. Their demands are getting more and more unreasonable. First, all the places must be followed, and let their Palace Lord marry Qing Yuncheng! Even if Yi Tianyun is wrong, killing him will do, but making such a request is too rude!

"I'm fine, save Tianyun!" Shi Xueyun is worried about Yi Tianyun, she is afraid that Yi Tianyun will be caught.

"It's too late!"

Meanwhile two elders, surrounding Yi Tianyun and stared at him. Shi Xueyun's attempt was interrupted, and there is no way to rescue him now. It's not that far, but there are three sect masters blocking her way.

It's no use even if the three elders help him out. They also have their own elders, and their cultivation is about the same level. There is no way to break through unless there's a miracle.

"Tianyun!" Shi Xueyun's eyes are teary, she wanted to rush to Yi Tianyun as fast as possible but it's too late.

"Palace Lord Shi, you still want to try? I can't guarantee Yi Tianyun's safety, who knows what those two elders will do to him." Qing Yuncheng smiled: "Let me give you another chance, give all your share of quota for Heavens Immersing Ancient Ruins, plus you must marry me...but this time you have to add one of Jade Palace's treasure, otherwise I can't guarantee what will happen to that kid. Of course, even if you don't agree, we will take it ourselves."

"So this is your plan all along!" Great Elder gritted her teeth, and this time they finally understood what was going on.

Yi Tianyun is just a scapegoat, their true objective is the treasures of their Jade Palace!

"So, have you made your choice? Now that you can't rely on Azure Mansion's support what else are you waiting for? If you refuse our demand, not only he'll die, we'll bury Jade Palace along with that kid!" Qing Yuncheng laughed, the situation is completely on his favor, nothing could go wrong.

Shi Xueyun bit her lips, looking at the surrounded Yi Tianyun, and immediately put down her spirit sword, and said in cold voice: "Okay! I will fulfill your demand, as long as you let go of Tianyun!"

“You are really blessed kid. Palace Lord Shi is willing to sacrifice so much for you. In order to save you, she even gave up Jade Palace’s treasure. It is really enviable...” Qing Yuncheng did not expect that Shi Xueyun would even go this far.

Yi Tianyun, who was surrounded by two elders, looked at Shi Xueyun in a complicated way. He’s about to begin his counterattack, but suddenly Shi Xueyun said this, and he was moved. He didn’t know what treasures they wanted, but to make these three faction band together like this to get that treasure, it must be something amazing.

As for the quota for Heavens Immersing Ancient Ruins, that’s just an addition. The most important thing is the treasure!

“Of course, because she is my dearest aunt... No, my dearest sister, sister worthy of my protection...”

“Crazy Mode!”

“Ten Times Exp Card!”

“Double Crazy PointCard!”

“Double Master Card!”

“5 Double Exp Pill!”

“Luck Aura!”

He used everything he can use in his arsenal!

Then, Yi Tianyun equipped Wind Chasing Blade, and the two elders next to him attack him, but he is too fast, like a flash of lightning, the two elders were cut into two pieces, and their eyes widened, they fell to the ground, and died!

It's more like they don't even know what happen, because Yi Tianyun is too fast, and they can't see anything until they were cut into two. More, they still didn't expect Yi Tianyun to attack so suddenly, and couldn't respond in time.

[Ding, successfully killed Wing Sect Elder, obtains 130.000 exp, 500 Blacksmith Mastery, Wind Cut, Rushing Thunder Step, 2000 Crazy Point!]

[Ding, successfully killed Wing Sect Elder, obtains 120.000 exp, 500 Blacksmith Mastery, 2000 Crazy Point!]

Did not expect even killing them would increase blacksmith mastery, presumably because they are blacksmith! However, he did not care about this detail at all, his eyes were cold and full of killing intent.

"I dare you touch a single hair of my sister, or harass our Jade Palace, not to mention treasures, I won't even let you take a single grass from here let alone treasures!" Yi Tianyun took an aggressive stance with Wind Chasing Sword on his hand.

Chapter 64: Who Dare To Hurt My Tianyun!

The moment he came back, not only he was welcomed by these people who have ill intention toward Jade Palace but also Shi Xueyun was forced to marry one of them! This revelation alone made Yi Tianyun extremely angry. With his anger right now, he doesn't care that his opponent are these three sects.

The two elders ordered to capture him were killed immediately, all that saw Yi Tianyun actions become speechless. Yi Tianyun's terrifying power is beyond their expectation and made some people shuddering in fear. He didn't even spend that much time since he left Jade Palace and head to Wind City, not even half a month, now he is as strong as an elders?

"KILL HIM!"

Yi Tianyun is not down for playing, he focus himself with the elders that surround him, he can't force his way to Qing Yuncheng just yet, the level gap is still there, so he intend to use these elders as a stepping stone for him to level up.

"Ten Thousand Sword Return to Origin!"

His eyes glowed sharply, like a glow of a well-polished sword. He suddenly have a lightning like movement, he thrust his sword forward, it's as if he only thrust once but actually there are countless.

“Ah ah ah”

In that moment all that the people watching can only hear is a scream of agony, all that people can see is the sword qi released by Yi Tianyun constantly pierce through the elders body, easily penetrating and spilling blood. Not long after that, all the elders that surrounded him are falling like leafs into the white ground underneath them.

[Ding, successfully killed Spirit Sect Elder, obtains 120.000 exp, 2000 Crazy Point!]

[Ding, successfully killed Spirit Sect Elder, obtains 120.000 exp, 2000 Crazy Point!]

[Ding, successfully killed Wing Sect Elder, obtains 130.000 exp, 500 Blacksmith Mastery, 2000 Crazy Point!]

[Ding, successfully killed Wind Pavilion Elder, obtains 120.000 exp, 2000 Crazy Point!]

[Level up to Sixth Level of Core Condensation!]

He kills four elders at the same time effortlessly. The exp generated from them with the help of several buff to increase exp, enough to level him up.

“QUICK, STOP HIM!”

Qing Yuncheng is looking somewhat stressful, in the blink of an eye Yi Tianyun successfully kills several elders that he brought along. This is a terrible outcome for him. Not only that Yi Tianyun is not as weak as he expected, but Yi Tianyun also interrupted his plan to conquer Jade Palace.

“This, is this really Yi Tianyun?”

“He doesn’t seem much different, how come he can be this strong? His cultivation already on par with an elders!”

“With this kind of speed, power, and weapon, and heck what is with that weapon? This is so much better than the elders.”

The disciples of Jade Palace were all watching, and seeing the cultivation level that Yi Tianyun showed, these three sects were panicking. It’s not surprising if they’re afraid of Shi Xueyun or the elders, but Yi Tianyun only at sixteen or seventeen years old at max, yet he can instill fear to them, what is going on! And at such a young age he’s already at Core Condensation, what the hell!

According to his level of progress, Yi Tianyun is more talented than Shi Xueyun, someone would say that this is heaven defying!

“I’ll put an end to your rampage!” Xiang Tianya screamed, and with his true spirit sword, he made a stance to attack Yi Tianyun. With his power at Sixth Level Core Condensation, a powerful aura erupted, this is definitely more powerful than the elders.

His sword is glowing, and when he attacks Yi Tianyun, the sword enlarged, ready to cut him in half. This is his strongest move, constantly releasing an air wave that affects the entire hall, and affected the ground creating a fissure along the ground. A really powerful technique!

“Chief of Wind Pavilion Lord, your Wind Pavilion isn’t that much different than a zoo, a place for group of beasts! Today I will give the world a favor, and kill you!” Yi Tianyun said with arrogance.

“Ignorant child, you will die! Those words will be your last. Prepare yourself!” To Xiang Tianya, he was sure he can handle Yi Tianyun. In his eyes, Yi Tianyun is already dead, his sword already cut him in half.

Yi Tianyun observe Xiang Tianya using Appraisal Eye, and he saw that Xiang Tianya have 35.000 combat power. Yi Tianyun already expected as much, with True spirit sword and high level martial arts, and a double buff from a pill, his combat power easily reached 35.000. in the future it would continue to rise, but it will not happen as Yi Tianyun already swear to finish Xiang Tianya right here.

His combat power is only at 30.000 now, there is still a small gap between them. However, as long as he uses his martial arts effectively, his combat power can surpass Xiang Tianya, but simply using martial arts for his advantage, he will still have a hard time facing him.

“Crazy Mode, activate!” In an instant, a cold aura wavered from Yi Tianyun, and killing intent can be felt in the air. The Wind Chasing Blade in his hand releasing a much stronger electric light. The Crazy Mode doubling his power!

Everything he has, whether it is speed or strength, it is twice as strong!

“Wow! My combat power is 60.000!”

His combat power exploded to 60.000 from 30.000. Instantly turning the table against Xiang Tianya.

“Boom!”

He buried his feet on the ground to build momentum, and flashed in to Xiang Tianya and slid his sword at him. After a while, Xiang Tianya stopped moving with a pool of bloods around his body, completely over powered.

[Ding, successfully killed Xiang Tianya, obtains 40.000 exp, Martial Arts Extreme Sparkle, 1000 Alchemist Mastery, 3000 Crazy Point!]

He only needs one hit to kill him, Difficult? You jest! He didn't even use his Frost Fist, only using Wind Chasing Blade that he got from killing one of Wind Pavilion chief, an extra shame for them.

“Hyah!”

He felt a little bit of cold coming from behind him but no sound, completely unnoticed, and a killing intent strongly felt after the cold. Many disciples of Jade Palace clearly didn't realize what happened right now. Even if they realized it now, its already too late.

“Go away!”

A slight familiar fragrance was scented by Yi Tianyun after that. The fragrant is so comforting, followed by a shadow that bumps to his back, waving a white silver light long sword.

“Aunt Xueyun!”

A cold aura released from the long sword, resisting an attack directed to Yi Tianyun’s back.

“You dare to hurt my Yi Tianyun!” Behind Yi Tianyun stands Shi Xueyun, holding a long sword, and staring at Qing Yuncheng, who is not far away from them, “You are Wing Sect Master. Using a sneak attack on somebody so young, how shameless can you be!”

Her aura is completely released, Seventh Level Core Condensation, overwhelming everyone around her, a magnificent display of power, the strongest on the room.

“Aunt...” Yi Tianyun looks at Shi Xueyun status and he saw that she has a staggering 43.000 combat power!

Although it’s not that high compared to Yi Tianyun before but, of course she doesn’t have any buff on her like Yi Tianyun, yet it’s completely overwhelming.

Chapter 65: Change

Feeling the familiar aura of Shi Xueyun, the two fought side by side, like a pair of veteran monks facing countless enemies, they don’t care how many opponents surrounding them.

Yi Tianyun is really touched by this. Shi Xueyun would choose to stand by his side anytime and never abandon him. Even Xiao Lian would be pale in comparison to Shi Xueyun’s feelings for him. This feeling is beyond everything.

This is the affection level: Life and death, she will never abandon him in any situation.

“Aunt...” Yi Tianyun was moved.

Despite facing so many powerful foes, she will never compromise, when Yi Tianyun faced such a grave situation, she is willing to give up everything.

“You are finally willing to come back? Satisfied with outside world?” Shi Xueyun’s tone is not as gentle as usual, but majestic yet kind of scary.

Yi Tianyun was paralyzed in an instant. He knew that Shi Xueyun was angry. He felt that he really took a while to get back, and she was very worried.

“I... I didn’t mean to leave Jade Palace. But i would feel bad to cause trouble for Jade Palace” Yi Tianyun shook his head, if Jade Palace was strong, it would be a different story, but since he knew the current strength of Jade Palace, he can’t risk Jade Palace being destroyed due to several faction’s raid.

But it seems like their objective from the beginning is Jade Palace’s treasure not Yi Tianyun. Although he doesn’t know what the treasure is, it’s surely something amazing.

“Bad? Then if I can’t protect you i would feel even worse! I said that no matter what, we have to face it together. What do you mean you feel bad?” Shi Xueyun’s eyes became slightly red and redder. Everytime she opened her eyes, she thinks about Yi Tianyun, worried that Yi Tianyun would be killed, or was arrested and tortured, and she has been anxious until she can see him now.

If it weren’t for her responsibilities in Jade Palace, she would have searched for him herself.

“Aunt...” Yi Tianyun would like to say something but no words come out of his mouth. He remembered their promise from a long time ago, the two of them said that they must stay together and never give up.

“You guys, you have some guts to flirt in front of us!” After Qing Yuncheng was repulsed : “I will kill you, then kill everyone, you two won’t be able to defend the entire Jade Palace!”

He brought quite a lot of strong cultivator with him. It doesn't matter if Xiang Tianya die, and sacrificing Spirit Sect Master is not a big deal for him.

"Kill, kill, kill! Kill them all, kill them, kill anyone you see, they cannot stop us!"

Spirit Sect Master Jia Zhiyun also reached his limit, Yi Tianyun just killed a lot of their elders, he swear will make Yi Tianyun pay. Suddenly the atmosphere changed, they're all serious, they released their full strength and use their best weapon.

Other deacons, or elders, quickly dispersed to execute the orders of the Sect Master, to kill everyone here, turning Jade Palace into a bloodbath battlefield!

The average cultivation of Jade Palace is low, so it is impossible to fight these people.

"Don't you dare!" Shi Xueyun screamed and flew, trying to intercept them, but Qing Yuncheng knew what she'd do and block her way, and their sword collided.

"Wheng!"

Shi Xueyun was bounced back by Qing Yuncheng. When he gets serious he can stand toe to toe with Shi Xueyun. As expected of Wing Sect Master. In addition, Jia Zhiyun is also blocking Yi Tianyun so their men can attack Jade Palace!

"Go through my corpse if you wanna go!" Qing Yuncheng sneered: "I will give you the front seat to Jade Palace's destruction!"

Shi Xueyun's face changed, the killing intent in her eyes became fiercer.

"Oh!"

Suddenly everyone felt chill on their body and could no longer move. Including Qing Yuncheng, they're all frozen in place!

The effect of Frost Fist kicks again!

"I dare you to try, if you can move of course!"

Yi Tianyun shouted, and rushed toward them and slash his sword as fast as light.

[Ding, successful killing...]

Killing them earned him a bunch of exp that he really needs right now.

So many of them fell to the ground and died without even able to do anything.

Most of them doesn't even know what happened. And before they realized they're already dead in the hands of Yi Tianyun.

Of course Qing Yuncheng is not an exception, even Jade Palace's disciple and elder can't move. Within this range, everyone will be frozen, regardless of friends or foes.

"What is going on?" Shi Xueyun stunned. She noticed that something was wrong. It seemed that they were frozen.

She knows that this is Yi Tianyun's doing, but it seems too strong, right? Everyone is frozen, all that's left is to kill them right?

"Aunt, except me, no one else can move, no one can harm Jade Palace, no one can touch you!" Yi Tianyun's eyes exuded killing intent, and immediately said: "We will kill them both!"

Qing Yuncheng and Jia Zhiyun couldn't move, all they could do is watch as they rushed toward them, but there's nothing they can do. The effect of Frost Fist is too strong, even if Yi Tianyun can only freeze them for a while, but even half a minute is enough to kill them.

Shi Xueyun is touched, she almost shed tears, before she knew it Yi Tianyun already become the pillar of the entire Jade Palace!

“Spirit Sect... die!”

Yi Tianyun with Wind Chasing Blade on his hand rush toward Jia Zhiyun as fast as lightning and slash his waist.

“You...”

At the same time, Jia Zhiyun recovered from the frozen state, but it was too late. Yi Tianyun already sliced through his body.

[Ding, successfully killed Jia Zhiyun, obtains 400.000 exp, Spirit Congealing Pill, 3000 Crazy Point!]

He didn't get anything worth mentioning. But he doesn't care about this at all, all he cares about is killing these invaders!

At this time, Shi Xueyun was also holding a sword to attack Qing Yuncheng. When she was about to kill this Qing Yuncheng, he suddenly burst into a burst and came from behind.

“Die!”

Shi Xueyun sensed a menacing momentum, all of a sudden a huge golden palm is aimed to her, Shi Xueyun's face changed, and quickly block it with her sword.

“Boom!”

Shi Xueyun was bounced back quite far due to the impact. Blood shed from the corner of her mouth, apparently that attack just now have quite an impact on her.

Unexpectedly, when Shi Xueyun is about to deal the finishing blow someone get on her way, and that person is really strong too.

Chapter 66: Qing Tianlong Old Ancestor

“Aunt!”

Yi Tianyun rushed over and hugged her shaking body, he took out a Recovery Pill and immediately gave it to her.

Shi Xueyun does not question what pill just Yi Tianyun gave to her, she instantly swallowed it, even if Yi Tianyun gave her poison, she would still take it. After swallowing it down, she felt a lot better, the injuries in her body is not as painful as it is before.

“I’m fine...” Shi Xueyun reach for her sword and tried to stand though a bit wobbly.

An old man appeared from outside, and start to make his ways inside the palace, he looks at Jade Palace people with disdain, his aura of cultivations shrouding the atmosphere, blatantly concluding that, nobody in the room is more powerful than him.

Yi Tianyun looks at this man status almost immediately and gasp.

With Appraisal Eye, he can clearly see the data that the old man has, Ninth Level Core Condensation, equipment : True Spirit Armor, Earth Level Martial Arts Tian Qing Palm, combat power is 80.000!

Of course this old man is not at full power yet as the eye of appraisal can only check the current data, because Earth Level Martial Arts Tian Qing Palm, his combat power is far more powerful than Yi Tianyun’s 60.000 combat power!

Even so, Yi Tianyun is more concerned about the old man’s name bar, glittering. Obviously, this is a sign of super-elite character, or a sign of a boss, the name itself glowing dark red, proving that he is quite formidable opponent.

Finally after quite a while, he encounter another boss character. Qing Yuncheng can't be considered a boss, he only can be considered as an elite unit at most. The exp and item drops is supposed to be good but not as good as a boss. Now after this old man appeared, he finally can fight a boss level opponent.

"Finally a boss, I've been waiting for this, I wonder what will I get after killing him?" the fear turns into excitement all of a sudden.

The enemy is strong, but it's not like he got nothing either!

[Random Quest: Protect Jade Palace From Invasion.]

[Reward: 100.000 Exp, 10.000 Gold, Lottery Ticket, 100 All Favorability.]

This kind of random quest is finally available for him, indicating a fact that Jade Palace can't handle these enemies at the moment.

"I definitely will take it!" Yi Tianyun did not hesitate to accept the quest, the reward for completing it is not bad, not only he gets a free lottery ticket, but also increasing favorability. As for the 100.000 exp, he doesn't really care about it.

"Old ancestor..." After recovering from the frozen state, Qing Yuncheng quickly retreated backwards and cower behind the old man in cold sweat. He almost died in the hands of Shi Xueyun, that fact alone is impossible to forget, intensifying his fear even more.

Especially when he was frozen, he struggled to break free, but it still took him a full half a minute for him to break free. If enemy is much faster, he doesn't know how will he end up now.

"I didn't expect to come out this early. Initially I want to wait the old ancestors of Jade Palace to come first, so I can counter them, I didn't expect before that could happen, you of all people force me out!" Qing Tianlong coldly glaring at Yi Tianyun and Shi Xueyun and looked at Qing Yuncheng "your group is a total waste, you can't even finish Jade Palace, how can I entrust you on a bigger task! Even Spirit Sect and Wind Pavilion are here, but still no real results, too bad!"

Originally he doesn't want to come out, he wants to wait out for Jade Palace old ancestors to come out and perform a sneak attack, he didn't expect his troops is this weak and lose to Jade Palace, so he is forced to come out sooner than he expected.

He doesn't care about Spirit Sect Master that was strangled in front of him. He had nothing to gain for saving him. But when it comes to Qing Yuncheng he can't let it slide.

"Old ancestors that kid is odd, I don't know what martial arts he uses, but he freeze us all, we can't move at all!" Qing Yuncheng pointed to Yi Tianyun.

"I know, I can sense it." Qing Tianlong looked at Yi Tianyun coldly: "Let me see just how strong you are"

Qing Tianlong walked a few steps forwards, a malicious aura immediately fills the air, skies turn red, creating a purgatory scene, it's as if this is a totally different place! He knew that he must face more than 1 person here, that fact alone making him even more annoyed, and the aura around him, gradually filled with red colors of anger.

The enemy cultivators around Qing Tianlong immediately surrounded by his aura and in a blink began to change, they are showing more killing intent than before and they also seems to no longer afraid and can't feel the sense of fear any longer.

"Kill them!" Qing Tianlong pointed forward and ordered the cultivators in his command to attack Jade Palace.

"Kill!"

They were affected by the Qing Tianlong aura, waving their weapons crazily, and rushing to Yi Tianyun and Jade Palace People. They were so scared of Yi Tianyun's move just a moment ago but that's not the case anymore anymore, its like they even forget who they were, and just rely on their bloodthirst. This seems to be the effects of Qing Tianlong's power.

"A strong malicious aura, that old ancestor is really something else, I heard that he kills many cultivators, to force his cultivations limits!" Shi Xueyun grimaced and said "Be careful, do not be affected by this baleful aura!"

“No problem!” Yi Tianyun eyes shows hatred, Qing Tianlong simply ignore his comrade’s life, just using them as his puppet.

“Palace Lord, we will help you too!”

The three elders came over and stands with Shi Xueyun. They finally stood up and prepared to fight together! Since they had a change of heart, they’ve become much more open to suggestion and now they decided fight together instead of arguing with each other.

“Okay, let’s fight against the enemy, deal with lower cultivator first!” Shi Xueyun immediately issued an order.

They immediately intercept the enemy coming at them earlier. The cultivators that has been affected by Qing Tianlong aura became much stronger, as their combat prowess and killing intent are improved, and they seem to not really hindered by pain, whether they have been stabbed or smashed down, they still tried to fight!

“Go!”

Yi Tianyun smashed his way through enemy cultivators, killing them in his wake. And immediately he already stood in front of Qing Tianlong. With a cold smile, he said “You will pay for hurting my aunt!”

Shi Xueyun was injured by Qing Tianlong earlier, and he was extremely angered by that fact alone!

“Frost Fist, Activate!”

The effect of Frost Fist is activated once, with the skills cooldown on this Frost Fist is short, it is super effective to use it consecutively on large scale battle like this. The frost wave immediately envelope Qing Tianlong!

Qing Tianlong was immediately frozen, but almost instantly a crack began to form in the frost layer. The next moment Qing Tianlong roared and the frozen layer is all shattered, making the Frost Fist effect useless against him.

It makes the freezing effect only apply for one second before it was broken!

“No effect...” Yi Tianyun is stunned, it seems that he figured the limit of Frost Fist effect for now.

Chapter 67: Dragon God Secret Art

“At least you understand it doesn’t work against me young man!” Qing Tianlong sneered and wave his hand and releasing blood mist to control the crowd’s bloodthirst again, fortunately other disciples of Jade Palace, who has low cultivation, have quickly withdrawn from the area, otherwise they will definitely be affected by this bloodthirst.

Those who are affected immediately undergo changes. The most obvious are the three elders, who are relatively low in their cultivation, and their bloodthirst is visible from their eyes.

They looked around, and they bare their fangs toward anyone they saw!

The most horrible thing about that technique is it can turn them against each other and kill one another. If they have stronger willpower, they can nullify the effect.

“Yes, then I would like to see, how do you stop this technique!”

Yi Tianyun focuses his mind and body, and the blood in his body flows faster than usual, ready to unleash his full power. Shi Xueyun jumped over and landed beside him. Her presence ease Yi Tianyun so he won’t be affected by Qing Tianlong’s bloodthirst technique.

“Tianyun, I will fight him, you back me up.” Shi Xueyun staring coldly toward Qing Tianlong, facing such a strong enemy, she has to do everything she can.

“Aunt, I will fight him, i’ll manage.” Yi Tianyun knows why Shi Xueyun jumped to his side, she wanted to prevent him from fighting Qing Tianlong, she’s afraid Yi Tianyun will be injured.

“His cultivation is very strong, this won’t be as easy as you think, i’ll do it ins...”

Before Shi Xueyun can even finish her sentence, Yi Tianyun gently dragged her slender arm backwards into his own arm.

“Aunt, please have faith in me... I am not a little brother you used to protect anymore, but a little brother who can protect my sister... This is my turn to protect you and protect the entire Jade Palace!” Yi Tianyun’s eyes are full of conviction, not showing the slightest hesitation at all.

Shi Xueyun blushed, all of a sudden the boy he used to protect already became a full fledged man. Her eyes were slightly red, and she opened her mouth and said, “When you come back...”

Yi Tianyun smiled and nodded, and turned toward the enemy. Shi Xueyun saw Yi Tianyun’s back, it’s somehow bigger and broader than usual, as if to take on all the responsibilities and all the burdens.

Immediately, Shi Xueyun retreated and fought against other cultivator affected by Qing Tianlong’s technique with the three elders to avoid entering the interior of Jade Palace.

“Palace Lord Shi is it okay to let him go by himself?” Great Elder know that Yi Tianyun is not weak, but there is still a big gap between him and Qing Tianlong.

“Let’s believe in him...” Shi Xueyun gently said, she believes in Yi Tianyun.

Qing Yuncheng looked at the approaching Yi Tianyun and looked at him with a descending look: “What an arrogant brat. You think you’re a hero? . Without your foul martial arts, you are nothing! Old ancestor please kill him!”

Qing Tianlong sneered: “This kid has killed so many elders, I will send you and the entire Jade Palace meet them in the afterworld!”

Most elders and deacons of Wing Sect have died. The rest are normal disciples, there’s no use of them other than to be controlled by Qing Tianlong!

“Yes, I guess that makes me one, then can you handle this?”

“Dragon God Secret Art!”

Yi Tianyun roared like a dragon, and the blood in his body was instantly stimulated. In the next moment, a piece of golden dragon scale emerged from the surface of his body. In the blink of an eye, the whole body was covered with a thick layer of dragon scales, and the body became bigger and stronger.

The power of terror is emitted from his strong body, standing like a dragon! It is only a layer of dragon scales covering the whole body, but it's as if there's a real dragon before them!

As his body undergo this transformation, he can sense as his power increased!

65.000!

70.000!

75.000!

80.000!

The instantaneous combat power is the same as that of the Qing Tianlong. Powerful dragon aura is emitted from his body and make him look even stronger!

After Yi Tianyun finished his transformation everyone is dumbfounded. It looks like a dragon but it's not one? But they never saw this level of power before that's for certain.

“This is the power of Tianyun...” Shi Xueyun is shocked to see Yi Tianyun's transformation and she could tell that the way he is now, he is way stronger than her.

He really has become the man who can protect himself, not a boy who used to be protected by her.

“Is this a dragon?” Qing Tianlong was shocked. His name has a dragon character, but that does not mean that he will have dragon blood in his body.

After fully transformed, Yi Tianyun direct his cold gaze toward Qing Tianlong, and immediately slammed the ground, causing a shock wave on the ground heading straight to Qing Tianlong. He did not use anything except his Frost Fist, then he rushed straight aiming his punch toward Qing Tianlong!

“Die!”

Qing Tianlong’s face changed, and he quickly waved his hand and blood mist once again released. Blood mist heads toward Yi Tianyun if he came in contact with it he could go berserk as well.

“Dragon God Secret Art, First Style, Dragon Soul Flash!”

In an instant, Yi Tianyun released dragon aura shrouding his body protecting him from the blood mist, then he clears the blood mist with his hand.

“Crash...”

The force is enough to crack the space around his hand and of course enough to disperse the blood mist. This blood mist won’t have effect on him since he got dragon aura protecting him.

Dragon aura is absolute!

In the blink of an eye, Yi Tianyun is already in front of Qing Tianlong, he is already in motion to punch him.

“This punch is for my aunt!”

He roared, and his fists were like a huge dragon claw. He grabbed Qing Tianlong.

“Not good!”

Qing Tianlong’s startled, and quickly used his blood mist again, even though it won’t affect Yi Tianyun he used it defensively this time by solidify the mist.

“Bang!”

Despite his defensive attempt he’s still knocked back for several meters and the solidified red mist in his hand is shattered to pieces.

Such an amazing power!

Chapter 68: Counter

Yi Tianyun’s punch sent Qing Tianlong flying, the blood mist he used to defend himself is shattered. At the very least it’s equivalent to upper level spirit tool!

“You.... You actually shattered my precious blood mist...”

Qing Tianlong can’t believe what happened, even though it’s only equivalent to upper level spirit tool, he spent quite a long time to refine it and it has a very good effect too.

Just like Frost Fist, which is a low level weapon but has an exceptional ability, and both of them is not a forgeable weapon that’s why it’s very good.

“Boom!” Yi Tianyun answer him with his fist instead of words!

There’s no escape for him, Yi Tianyun did feel an impact from so his punch definitely lands! But then...

“Don’t underestimate me!”

Qing Tianlong yelled, and the storage ring he wore flashed. All of a sudden a bright red sword is already on his hand, this red sword was half person’s height, and it was engraved with lots of complicated rune, the menacing atmosphere didn’t subside the least bit, rather it’s even more intense.

To unleash this much bloodthirst, that sword must’ve slain a lot of people.

“Blood Fiend Contaminating Mountains and Rivers!” Qing Tianlong lift his sword to withstand Yi Tianyun’s punch.

“Boom!”

Qing Tianlong easily cut through Yi Tianyun’s dragon aura, and the sword kept going to cut Yi Tianyun’s hand, menacing aura is emitted from this sword.

“Break!”

Yi Tianyun quickly blocked with his fist and was knocked back a bit, he managed to minimize the damage by absorbing the sword’s qi with Absorbing Stars Great Technique, turning it into exp.

“Thanks for the meal!”

Yi Tianyun observe Qing Tianlong’s sword with Appraisal Eye.

Blood Glow Sword: True Spirit Tool, refined by absorbing the blood of thousands of people, cause berserk blood thirst to surrounding, low level cultivator will be easier to be affected.

With this Blood Glow Sword, Qing Tianlong combat power instantly increased to 90.000! raising 10.000 combat power, this is one hell of a sword!

“Tianyun...” Shi Xueyun looks really worried about Yi Tianyun while defeating the enemy one after another.

Qing Tianlong who has Blood Glow Sword, can Yi Tianyun deal with it?

“One more time!”

Yi Tianyun buried one of his foot to the ground to build momentum and rush toward Qing Tianlong with his claw-like fist.

“You wanna go again? It’s no use idiot!”

Qing Tianlong sneered, holding Blood Glow Sword, he’s ready to counter Yi Tianyun’s attack but suddenly as fast as lightning Yi Tianyun change his target to Qing Yuncheng.

Even Qing Tianlong didn’t expect this, let alone Qing Yuncheng!

“Old ancestors, save me!”

Qing Yuncheng screamed in desperation, hurriedly enhance his spirit sword by sacrificing his blood qi, and block Yi Tianyun’s attack, but obviously they’re not on the same level, all of a sudden Yi Tianyun’s claw already knocked Qing Yuncheng down on the ground.

“How dare you ignore me kid!” Qing Tianlong screamed, and tried to protect Qing Yuncheng with his sword. However, Yi Tianyun didn’t care, he rushed in a straight path, breaking through Qing Tianlong’s barricade!

“Boom!”

Qing Yuncheng was knocked down to the ground with Yi Tianyun’s claw pressing down on his throat, then blood splattered everywhere!

[Ding, successfully killing Qing Yuncheng, obtains 430.000 Exp, 1000 Blacksmith Mastery, 3600 Crazy Point!]

[Level up to Seventh Level Core Condensation!]

After killing Qing Yuncheng, he leveled up again, killing three sect masters in succession worth the price, now that he leveled up, his combat power exceeded Qing Tianlong's!

His target is Qing Yuncheng in the first place, in order to gain exp. Before facing Qing Tianlong he realized he only needed a little bit more exp to level up. Killing Qing Yuncheng is the solution.

Besides, Qing Yuncheng really got on his nerve saying he'll have no chance of winning now that his ancestor is here!

"You bastard, die!"

Yi Tianyun incurred Qing Tianlong's wrath, Qing Yuncheng is not his son, but they are related by blood nonetheless, otherwise he will not come all the way here to save him.

A fierce sword smashed over, Yi Tianyun was in danger, and quickly swung his fists to resist, and the claws of the dragon soul that had been waved out, suddenly expanded a circle, and the power rose a bit!

"boom!"

Due to the unbearable impact and both of them was sent flying, but Qing Tianlong seems to be thrown off even further than Yi Tianyun.

Yi Tianyun bounced back as well but not that far!

"Is it just me or is he actually getting stronger, could it be he was holding back this whole time?"

Shi Xueyun also notice this even though Qing Tianlong is the one holding the domination earlier, did Yi Tianyun hold back on purpose so Qing Tianlong let his guard down?

What they don't know is Yi Tianyun broke through just now to 7th level of Core Condensation, yes it's that easy for Yi Tianyun to breakthrough.

"I can keep up now that i leveled up." Yi Tianyun's expression was indifferent. This did not surprise him. After leveling up, his combat power has reached 93.000!

That amount is possible thanks to Crazy Mode, Power accesories set and Dragon God Bloodline but it goes without saying that the enemies he faced is getting even stronger too compared than before, so it's not that easy.

Chapter 69: Power Eruption

"So, you've been holding back this whole time. Seems like i really can't let you live!"

Qing Tianlong's face is gloomy. At this rate Yi Tianyun will grow even stronger, and he's this young too yet can hold his own against Ancestor of Wing Sect. This could be disastrous for Wing Sect in long run, although it's already disastrous enough the moment Yi Tianyun managed to escape from Wing Sect!

"It's time to end this, no matter how talented you are, in the end you're just a kid!"

Qing Tianlong picked up the Blood Glow Swords and wound his own hand and covering Blood Glow Sword with his blood. Suddenly, Blood Glow Swords shone in red, and malicious aura shrouded the atmosphere!

When Qing Tianlong's blood covered Blood Glow Sword the berserk effect is amplified turning Qing Tianlong's eye red!

His combat power suddenly increased to ninety-five thousand, beginning to enter 100.000! But but he still keeps going, he screamed and his combat power is already 110.000.

All of a sudden he increased his combat power by 20.000 just like that, which is equivalent to taking the power pill! But without side effect. A violent pill can increase strength, but the higher the cultivation, the less effective it will be.

“What a monster, is this the true strength of Qing Tianlong?” Shi Xueyun and three elders have successfully killed other berserk cultivators, intending to aid Yi Tianyun but the moment they got closer to Qing Tianlong, three elders are starting to take the effect of Qing Tianlong’s forced berserk technique.

They shook their heads to repel this.

“Leave this to me and Yi Tianyun, it’s too dangerous for you three.” Shi Xueyun saw their situation and quickly order them to withdraw.

It’s not that they are weak, but this is an unforeseeable situation, and Qing Tianlong’s technique is quite abnormal.

The three elders quickly nodded and withdrew from there. They can assess the situation clearly, if they keep going they’ll just become burden for Yi Tianyun and Shi Xueyun anyway.

Shi Xueyun recognize Yi Tianyun’s strength, so she stood behind Yi Tianyun. Even though there’s no movement from both sides for now, she almost had a heart attack from this pressure. What’s on her mind is she needs to drag Yi Tianyun out of there in case something happens!

Yi Tianyun turned his gaze toward Shi Xueyun and smiled meaningfully without a single word spoken. Then she turned back and looked at Qing Tianlong.

“Yes let’s end this, but it’s your end not mine!”

“Let’s stop joking shall we! I will make Jade Palace rain blood. Afterwards there’ll be no more Jade Palace!” Qing Tianlong’s eyes are bright red, full of killing intent, and the Blood Glow Swords in his hands are constantly shaking. Seems like it’s craving for more blood.

After finishing his sentence he quickly rushed toward Yi Tianyun . His aura alone already intimidated everyone around him.

Yi Tianyun took some time to open his status bar.

After killing so many elders and deacons and utilize Crazy Point Card, He managed to accumulate quite a lot of Crazy Point.

What he needs to do now is to efficiently use this Crazy Point!

“Crazy Mode, level up!”

[Ding, successfully deducted 100.000 Crazy Point, leveling up Crazy Mode...]

[Ding, successfully level up Crazy Mode, obtained secondary Crazy Mode, all effects are enhanced four times! Every minute consumes a hundred Crazy Points. Required Crazy Points to upgrade Crazy Mode to next level : 1.000.000]

“Dragon God Bloodline, upgrade!”

[Ding, successfully deducted 10.000 Crazy Point, Dragon God Bloodline level up...]

[Ding, successfully level up Dragon God Bloodline. Required Crazy Points to upgrade Dragon God Bloodline to next level : 100.000]

He quickly level up Dragon God Bloodline and Crazy Mode, these two are the pillar of his current strength, leveling it up obviously will increase his combat power, he can do lottery as well here as well but that’s not necessary as obtaining Double Exp Pill at this point won’t really make him instantly level up once again.

That abundant Crazy Point he had earlier only left a little bit, he used them up to upgrade those two skills, of course in exchange he earned an enormous power.

“Crazy Mode, activate!”

Yi Tianyun whispered, Crazy Mode is automatically disabled during the upgrade, and now he reactivated it, four times damage effect, power surging through his body! Constantly raising his combat power.

60.000!

70.000!

100.000!

110.000!

120.000!

130.000!

After reaching 130.000 finally his combat power stabilized. A 7th level of Core Condensation cultivator reached the combat power this high simply overwhelmed Qing Tianlong.

But is that it? Of course that's not all. Dragon God Bloodline is also disabled when leveled up. The dragon scales on his body is retracted, Shi Xueyun even thought that Yi Tianyun has reached his limit.

"Dragon God Bloodline, Activate!"

Yi Tianyun's eyes became as sharp as dragon, the dragon scales on his body emerged once again, but this time, it's more rigid and looks even more overwhelming than before. A stronger dragon aura is emitted from his body.

After activating Dragon God Bloodline, his combat power increased once again!

140.000!

150.000!

160.000!

From 35.000 into an explosive combat power of 160.000 thanks to Crazy Mode and Dragon God Bloodline.

160.000! what a crazy amount of combat power!

With immense power surging through his body, Yi Tianyun buried one of his feet on the ground and roared, all of a sudden he's already in front of Qing Tianlong and smash him with his claw which is covered in even stronger scales now.

Qing Tianlong reacted quickly, but everything was too late. Whether it was speed or explosive power, it was far inferior to Yi Tianyun. all he can do is to quickly block the incoming attack with Blood Glow Sword.

"Boom!"

Yi Tianyun didn't care at all, he smashed straight, after an impact even Qing Tianlong can't properly hold his Blood Glow Sword anymore. Then he was sent flying along with his sword.

"Boom!"

He bump into the wall, but it doesn't seem like he'll be stopped by the wall, a crack slowly formed on the wall, and Qing Tianlong was sent flying yet again!

Just one move to send Qing Tianlong flying. How powerful!

Chapter 70: Eliminate

After the punch landed, Qing Tianlong was sent flying, even the hard walls of the hall couldn't hold him in place. Creating a big hole, exactly like his body. As he flew out of the hall, bloodthirst aura slowly dispersed, returning everyone's sanity.

Yi Tianyun quickly run after him, in the hall Shi Xueyun that ducked out from the impact also run after Yi Tianyun.

Qing Tianlong can't stop himself, and after landing he's somewhat wobbly. He realized his body has weakened and immediately vomited blood, he looked paler than before, the impact certainly did some damage to him.

He already used a lot of blood to amplify the bloodthirst aura to begin with, additionally, the punch from Yi Tianyun caused small internal injuries, luckily the damage is not as big as he thought, the impact of the punch was mostly absorbed by the Blood Glow Sword acting as a shield to block the punch for him, otherwise who knows what will happen to him.

"Who is on the floor now?"

Yi Tianyun run after Qing Tianlong outside the hall, he fills the air around them with dragon aura, so that Qing Tianlong's bloodthirst couldn't affect anyone.

The moment Qing Tianlong stare into Yi Tianyun's eyes he has this unfamiliar feeling he hasn't felt for a long time, fear! He couldn't believe what he saw. He didn't believe Yi Tianyun could reach a level of cultivation that can overwhelm him like this at such a young age.

"You, how can you suddenly become this strong? What kind of trick did you use!" Qing Tianlong trembled, he can't even stand straight, he couldn't best Yi Tianyun in combat for sure, seeing the difference of power is quite high.

Yi Tianyun's power was really beyond expectation, and he couldn't best that power!

"What is it to you anyway?" Yi Tianyun slammed his foot into the ground, creating a pit and Qing Tianlong fell inside it, and he jumps ready to smack Qing Tianlong again.

“All you need to know is that i’m fighting you at the moment!”

Qing Tianlong screamed out and stand, he waved his bloody knives and throw it at Yi Tianyun, and the knife suddenly transform into a huge red demon, trying to slice Yi Tianyun with its huge claws.

“Futile struggle!”

Yi Tianyun rushed toward the demons, and hit the demon with his fist. The direct hit from his fist blasted the demon, leaving behind a blood infused smoke.

Yi Tianyun reached over to Qing Tianlong and immediately punched Qing Tianlong’s chest, shouting “This is for my aunt!”

Qing Tianlong was about to use anything he could to block Yi Tianyun’s punch, but he realize soon enough that he was already too late to grab a weapon in his inventory ring. The punch landed on his chest, heavily damaging his internal organs, again he was sent flying from the impact. This time even wearing the best armor he had won’t save him from this situation.

“Oh...”

He vomited a lot of blood from his mouth, making his body stiff and couldn’t move, so he just let go and lay in the floor, his consciousness started to fade.

“Open your eyes!”

Yi Tianyun ordered, once again comes near Qing Tianlong, once again he released his dragon aura, and focus it into his fist, and once again punched Qing Tianlong.

“This one is still for my aunt! How dare you hurt her in front of me!”

“Boom!”

Qing Tianlong was smashed into the ground, creating a large pit around him. His body couldn't hold it any longer, his eyes became blurry and the way he is now, it was for sure that he is in his final breath.

"Tianyun..." Shi Xueyun wiped his eyes, she can't help but shed tears. This is the man that she always tries to protect, but now it is his turn to protect her!

He already had the power to defend himself, he even surpassed her already, it's a fact that he no longer needs her protections. When she really thought about it, she felt happy and sad at the same time. She is happy that Yi Tianyun is becoming a force to be reckoned with, and sad that Tianyun no longer needed her.

"Wing Sect... will not let you get away..." with his remaining power, he uttered a single sentence to Yi Tianyun.

"Don't worry, be it Wing Sect, Wind Pavilion, Spirit Sect, I will eradicate it one by one!" Yi Tianyun answered coldly "until none of you remain!"

After he finished his sentence, Yi Tianyun slammed Qing Tianlong with his foot. Finishing Qing Tianlong once and for all!

[Ding, killing enemy with huge power differences, get 10 Lottery Ticket, 10.000 Crazy Point!]

[Random Quest Completed.]

[Reward: 100.000 Exp, 2000 Gold, Lottery Ticket, 100 Overall Favorability.]

The reward is granted immediately, giving him two pieces of holy level tools, he didn't expect this kind of development at all. While everyone is trying very hard to obtain these kind of items, he easily got two of them, although it's a low level one, but it still amazing to obtain 2 holy level tools at a same time.

In addition to this, he got 10 Lottery Ticket for killing enemy far above his level. This is equal to spending 10.000 points worth of crazy point, but he still feel a little disheartened, that he didn't instantly level up after killing boss level enemy.

However, since he got a pretty great reward, he doesn't sulk too much. He can't be greedy with the reward, the reward itself is pretty good anyway.

"He is at a super-elite level, and the rewards are really good for this kind of miscellaneous quest." Yi Tianyun is still very satisfied, he succeeded in defending the Jade Palace, that is more important for him than a simple quest reward.

After killing Qing Tianlong and receiving his reward, Shi Xueyun ran toward him, and gently tapping his head: "You really are a show off, don't think I would forgive you for running away!"

Yi Tianyun become embarrassed for his actions and scratched his head, with a smirk he said: "Auntie, I'm doing this solely for the sake of Jade Palace safety!"

"You can't decide things like that on your own, and you didn't even bother to give me information regarding your well being, I thought you were dead..." Shi Xueyun's eyes are red she remembered the fear she felt before, shedding tears again in her eyes.

Yi Tianyun hugged Shi Xueyun and comforted her: "calm down aunt, how can I be dead? You don't know how powerful I've became, the more people attacking me, the more they'll regret their decision! I am just too strong as you can see, I will definitely protect you in the future. So no harm will come your way!"

He sincerely said this from the bottom of his heart. It was always Shi Xueyun who protected him. Now it's time for him to return the favor.

"Cih! Now you are boasting, are you for real?" After Shi Xueyun came out of his arms, she snorted with a sigh of relief, and immediately smiled like a beautiful flower she is. "it's weird feeling, But it is definitely not bad."

Yi Tianyun feels very happy to see his aunt to smile so beautifully.
