

Leveling 651

Chapter 651

“What did I say wrong? You are the best proof that everything I say was true! Your power is great, but it wasn’t enough to fight me! If you have more time to cultivate, you might win next time, but it was unfortunate that there would be no next time!” Heavenly Netherworld Holy King said, full of disdain.

Although the Holy King’s appearance was so divine, his heart was pitch black. He wouldn’t hesitate killing people as long as he could minimize his loss!

“You are correct. There would be no next time because you will be dead here!” Yi Tianyun said, but he didn’t immediately rush toward the Holy King. Instead, Yi Tianyun opened the store and sold all items, be it weapons, armour, or even accessories below Divine Tools-level.

He used all his Crazy Points earlier to buy many Exp Card. Now he needed to recharge the Crazy Points back up again.

“I am dead? What nonsense are you talking about here? You are clearly wasting my time here, but don’t you worry! I will kill you slowly, and I will let you experience the true pain of death!” the Holy King said with a smirk on his face.

Yi Tianyun has destroyed his clone, a part of his soul. There was no way the Holy King would let Yi Tianyun get away after doing such a thing!

But seeing the difference in their power, everyone was worried that Yi Tianyun would be overpowered again.

“Three of us should use everything we got and burn our Blood Essence! We have to use our lives to defend the Phoenix Clan for the last time!” The three Old Ancestors said while watching Yi Tianyun struggled.

They are the Old Ancestors of the Phoenix Clan, they had their own pride in defending their clan, and therefore, they shouldn’t burden the Divine Envoy that should be their guest to solve everything for them!

“Heavenly Netherworld Holy King, you shouldn’t underestimate our Phoenix Clan!” the three Old Ancestors shouted as they burned their Blood Essence.

Their bodies were instantly covered with beautiful feathers, which clearly signified that they completely returned to their ancestor form.

At the same time, their combat power rose sharply, stronger than any Phoenix Clan that Yi Tianyun has ever seen before!

“Old Ancestors!” Bai Shuihuang shouted as she was too late to stop the three Old Ancestors, but she knew that the Old Ancestors were at their dead-end whether they burned their blood essence or not.

She somehow could relate to the three Old Ancestors as she understood that it was better to die as a warrior than just watching and died right after.

“Now you want to attack me all at once? But maybe this way, you could eventually injure me slightly. But clearly, the Phoenix Clan is the trash that only relies on numbers! Don’t worry. I will deal with you old coots first! Your death would show that Phoenix Clan’s struggle was futile!” the Holy King said disdainfully.

“Stop right there! I will be the one who would defeat him!” Yi Tianyun shouted to the Old Ancestors.

He knew that the Old Ancestor was ready to fight to the death, but he also knew that the Old Ancestor would sustain massive damage after that!

The three Old Ancestors were confused as they knew that Yi Tianyun had a hard time keeping up with the Holy King by himself, yet why would he reject their support?

“Don’t worry about me. I haven’t shown all my cards just yet!” Yi Tianyun said confidently.

“Wow, you still act tough even in your current state? Are you that naïve to ignore the gap between us?” The Holy King said as he looked over to Yi Tianyun, “But since you want to be the hero here, I will fulfill

your wish and let you die painfully as an idiot!” the Holy King said with a smirk and immediately sprinted towards Yi Tianyun.

But Yi Tianyun smiled confidently and shouted, “Level Up Crazy Mode!”

‘DING!’ ‘Successfully level up Crazy Mode, deducting 50 million Crazy Points.’ ‘Next level requires 500 million Crazy Points!’

‘DING!’ ‘Crazy Mode effect enhanced to Damage X32, Exp X32, Crafting Speed X32, Cps acquisition X5, Sps acquisition X5.’

There is no better sound for Yi Tianyun to hear other than the dinging sound of his system. Previously, his Crazy Mode enhanced his power by 16 times, but now it was doubled to 32 times!

“No, we will help!” the three Old Ancestor shouted despite Yi Tianyun’s warning.

After all, they could see for themselves that the gap between Yi Tianyun and the Holy King was too far apart!

They definitely couldn’t let their Divine Envoy die trying to protect their clan!

They would create an opportunity for Yi Tianyun to escape as they believed that Yi Tianyun would become an even greater and powerful cultivator in the future!

“You guys are too stubborn! Crazy Damage Mode, Activate!” Yi Tianyun said to himself.

Suddenly, his power rose up explosively, and the ground where he stood shook as the black flame around him raged wildly. Eventually, his Combat Power stopped at 39.8 billion points! Yi Tianyun’s body was now covered with sharp black flames that looked extremely menacing!

The earth around Yi Tianyun was transforming to accommodate adapt with Yi Tianyun's power. The wings on his back were also condensed sharply that it turned to black light instead of their usual black flame appearance.

At the same time, the Holy King was still sprinting towards Yi Tianyun and realised the sudden change within Yi Tianyun a little too late!

The Black Light that represented Yi Tianyun's wing illuminated him. He tried to block it with his golden arms, but they were burned to cinders instead!

The Holy King immediately realised that there was no way he could resist Yi Tianyun's power at his current state.

Chapter 652

The intense Black Light covered everything in the area. Even the Gold Body that the Holy King was so proud of was no exception either as it was easily burned to cinders!

Even those who were quite far away from Yi Tianyun and the Holy King could feel an unbearable heat from the Black Light!

Yi Tianyun, however, has already controlled this Black Light beforehand to keep it from spreading unnecessarily as it could easily destroy the Phoenix Nest if he set it loose.

"What is that power? Are you even the same person as you were a moment ago?" the Holy King asked incredulously.

At the same time, the others were also shocked by Yi Tianyun's power. The three Old Ancestors who were already determined to help Yi Tianyun earlier now took a step back.

They could clearly see that there was no need for them to step in.

But they didn't quite understand why Yi Tianyun didn't use such an overwhelming power from the beginning?

Little did they know that Yi Tianyun has got that power just now!

He didn't have enough CPs to upgrade his Crazy Mode earlier because he has already used his CPs to buy a bunch of Exp Card!

Only after selling most of his items in his inventory that Yi Tianyun received enough CPs to upgrade his Crazy Mode!

Right now, his Crazy Point was close to zero, but as long as he could kill Heavenly Netherworld Holy King, everything would be alright!

"Wow, you sure are tough!" Yi Tianyun said as he looked down upon the Holy King.

But as he saw where the Holy King was supposed to be, his figure was nowhere to be seen!

Apparently, the Holy King was trying to escape!

But Yi Tianyun wouldn't let such a thing happened. He immediately used his Appraisal Eye to search for the Holy King.

Yi Tianyun finally found that the Holy King was already at the other end of the cave, trying to escape further underground.

"What makes you think you can escape me like that?" Yi Tianyun said as he immediately dug a hole to the ground.

The others were startled by the sudden change of situation and curious to know what was happening, but it clearly wasn't needed!

Yi Tianyun flew up from the ground and on his hand, everyone could see a pitch-black figure, but after a closer look, they realised that it was a soul!

But the soul was different from any other soul that they have seen before. This soul clearly was an entity of its own. It could move freely and release used power like a normal cultivator!

There was no doubt on their mind that the soul was connected to Evil Spirit Race for sure!

The Evil Spirit Race was truly special as their soul could defend themselves, but doing such a thing clearly came with great risk.

In exchange for transforming themselves into a soul, they were forced to use their spiritual energy as lifelines. If they exhausted their spiritual energy, their soul would dissipate, hence equal to death!

But due to Yi Tianyun's terrifying Black Light, the soul couldn't do anything as it was scared stiff!

"Let me go!" Heavenly Netherworld Holy King's voice could be heard from the soul.

He clearly feared Yi Tianyun and didn't want anything to do with him anymore!

He thought that his previous body wouldn't be easily defeated, but he was wrong!

Before Yi Tianyun's overwhelming power, the Holy King's body was just the same as tofu!

"Why would I let you go? You clearly wouldn't let your opponent go even if they have begged with their life, would you? So, you have to be prepared to receive the same courtesy!" Yi Tianyun said coldly.

The three Old Ancestors finally sighed in relief as they saw the Holy King's soul, which meant Yi Tianyun had won the duel, and the Holy King was already reduced to a meek soul!

As long as this soul was destroyed, the Holy King would die for sure!

“As long as you let me go, I will give everything I have to you!” the Holy King said desperately.

“What is it that you want to give me then?” Yi Tianyun said curiously.

“I will give you every martial art I have. You can even have the Heavenly Netherworld Divine Nation for yourself! Just please let me go!” Holy King said as he begged for Yi Tianyun to spare him.

Once again, the Old Ancestor didn’t say anything as everything was up to Yi Tianyun to decide!

“Would you want to be my slave?” Yi Tianyun asked indifferently.

“Of course, I’d do anything you asked of me!” Heavenly Netherworld Holy King said without hesitation.

“But I don’t think I want you as my slave, though. You know, with you around, I would never feel safe! Because I know people like you, I know that you will be plotting my demise as soon as I let my guard down! I don’t even need anything from you, be it your martial arts, treasure, or even your faction. All of them are garbage! All I want now is your life!” Yi Tianyun said coldly.

As he said that, Yi Tianyun slowly burned the Holy King’s soul with his black flame. The Holy King screamed painfully due to the excruciating pain, but he knew no matter what he said at this point, Yi Tianyun wouldn’t let him go.

“Hahaha, you will die soon! Very, very soon! Hahaha...” the Holy King laughed despite the pain.

As of this moment, the Holy King seemed to forget all about his fear as his voice was full of hatred. Yi Tianyun himself understood why Holy King acted like this as he no longer had anything to lose, so he raved non-stop!

“Don’t worry. It doesn’t matter how many people would come after me to avenge you. I will kill them all!” Yi Tianyun said coldly.

“Hahaha, ignorant human! You are still too weak to do anything up there!” the Holy King said as the soul slowly dissipated to ashes.

‘DING!’ ‘Successfully killed Heavenly Netherworld Holy King!’ ‘Rewards: 21.5 billion Exp, 150.000 Cps, 100.000 SPs, Heavenly Yin Divine Secret Art, Evil Spirit Divine Art, Evil Spirit Bodily Possession, Evil Spirit Incarnation, Evil Spirit Soul, Evil Spirit Bone, Evil Spirit Bloodline, Evil Spirit Ancient Jade!’

‘DING!’ ‘Successfully killed an elite enemy!’ ‘Rewards: 500 million Exp, 100.000 Cps, 100.000 SPs, 1x Super Enhanced Lottery Ticket!’

‘DING!’

‘Congratulation to the Player [Yi Tianyun] for successfully breakthrough to 1st Layer Saint King Stage!’

Chapter 653

After killing the Heavenly Netherworld Holy King, Yi Tianyun successfully breakthrough to the Saint King Stage!

Yi Tianyun was delighted to see his cultivation jumped from the 4th Layer Spirit King stage to the 1st Layer Saint King stage in one battle!

Not to mention it took only one day too. If anyone noticed how fast he was cultivating, they would’ve lost all their hair from frustration!

But it was also because of the might of the Exp Card! Without it, there was no way Yi Tianyun would be able to level up this fast. Furthermore, he wouldn’t be able to defeat the Holy King too!

Usually, getting to Saint King Stage was hard, and not everyone from Spirit King Stage would be able to break through to Saint King Stage!

Furthermore, breaking through to Divine King was like finding a needle in a haystack!

Yi Tianyun didn't know how strong a Divine King would be, but he believed that it would be totally beyond his imagination!

"Hmmm, breaking through to 2nd Layer Saint King stage would require 30 billion Exp; how would I be able to get that much?" Yi Tianyun said as he looked at the amount of Exp required to break through again.

He wouldn't be able to buy the Exp card every time as his Crazy Points wouldn't be able to sustain it!

He even wasted millions of Crazy Point to increase his power just now, while the strongest enemy so far only gave one hundred thousand of them.

"The Heavenly Netherworld Holy King is now dead! You should conquer the Heavenly Netherworld Divine Nation now. As for the descendant of the Evil Spirit Race, I'll leave their fate in your hands." Yi Tianyun said to Bai Shuihuang as he sat down and used medicinal recovery pills to restore his fatigue.

"You are the ones who killed the Heavenly Netherworld Holy King, so all of Heavenly Netherworld Divine Nation's property was yours to take!" Bai Shuihuang stated the fact.

Bai Shuihuang knew that greed would lead her down the wrong path, and therefore, she wouldn't take advantage of Yi Tianyun's kindness.

"Aren't I the Phoenix Clan Divine Envoy? Yes, I defeated the Heavenly Netherworld Holy King, but I do it in the name of Phoenix Clan! So, it was natural to give it to Phoenix Clan! If you find something that you deem unnecessary for Phoenix Clan, you can give them to me! I believe you guys would make the right decision. So, did you want to get rid of the Evil Spirit Race's descendant?" Yi Tianyun asked curiously.

He didn't have any interest in the Heavenly Netherworld's treasure, and therefore, it would be best if the Phoenix Clan could use it efficiently.

"Yes, we are very grateful that the Divine Envoy has done his best to save our Phoenix Clan, and of course, Phoenix Clan would not let Evil Spirit Race roam on this world any longer!" Bai Shuihuang said confidently.

She believed that the Phoenix Clan would be constantly in danger as long the descendant of the Evil Spirit Race still existed, so it was for the best to eradicate them now!

“Well, sure! I will find a spot to rest in the meanwhile. I will tell you if I find one.” Yi Tianyun said as he stands back up.

“If you don’t mind, go to our Phoenix Lake if you want to rest! It has one of the best recovery effects in Ghost World!” Old Ancestors Feng Tian said confidently.

“Phoenix Lake? Isn’t that place only for Elder Rank and above?” Yi Tianyun asked curiously.

He was well aware that his status as a Divine Envoy wasn’t high enough to receive clearance to enter such a place.

“You’ve already saved the entire Phoenix Clan, so you can use anything as you please, including permission to enter a place like the Phoenix Lake!” the three Old Ancestors said in unison.

It wasn’t a lie that it was partly their reason, but the biggest reason was to refrain from provoking Yi Tianyun.

After all, how could they afford Yi Tianyun as an enemy when Yi Tianyun could easily kill the Heavenly Netherworld Holy King that defeated the three Old Ancestors easily!

“Great, I am grateful for the Old Ancestors’ kindness! Then I will take you up on the offer.” Yi Tianyun said as he really felt exhausted after fighting the Holy King.

The three Old Ancestors nodded and immediately led Yi Tianyun towards the Phoenix Lake.

At the Phoenix Lake, Yi Tianyun was guided into a small cabin beside the lake, and once he entered the cabin, Yi Tianyun could feel that the Spiritual Energy inside was far richer than the outside!

Phoenix Lake was actually a spiritual spring, meaning the lake itself produced untainted Spiritual Energy for the world, and the Phoenix Clan channeled some of that spiritual energy towards this cabin.

Yi Tianyun was amazed by this cabin. He finally understood why this place was only accessible for elder rank and above as those who weren't strong enough would be overwhelmed by this massive Spiritual Energy!

But that was not why Yi Tianyun was amazed!

He realised that he would be able to gain a huge amount of Exp just by staying there!

But before he began his meditation, Yi Tianyun wanted to open the Super Lottery first!

He got two tickets from defeating Ji Yang and the Holy King, and he was excited to see what else he might get from the lottery!

Without further ado, Yi Tianyun activated his Lucky Aura and started to spin the lottery, and soon the wheel stopped at consumables!

Yi Tianyun was a little bit disappointed since consumable was the worst kind of item that he could get on the lottery as far as he knew!

But Yi Tianyun tried to stay positive as he knew that he got the Teleportation God Stone before, and that item was one of the best mobility items that he could ask for!

A wooden box soon fell from the lottery, and Yi Tianyun immediately opened it and saw that he got Cool Down God Stone!

'Cool Down God Stone: Greatly reduce the cooldown time on one of the user's ability by one hour! Can be used up to 10 times.'

"This is great!" Yi Tianyun said to himself.

With this item, he could abuse more things involving his skills in the future!

But Yi Tianyun wasn't satisfied just yet, and immediately spun the wheel once again as he still had one more ticket.

The thing that he wanted the most right now was the last piece of the Desolate Ancient Set!

Fortunately enough, the wheel soon stopped at the Jewelry Category!

"This is it! My luck finally shines on me!" Yi Tianyun said as he felt very happy to see that the wheel stopped at the Jewelry Category!

Chapter 654

Yi Tianyun was excited as he was expecting the last piece of the Desolate Ancient's set!

He was currently at Saint King Stage, and he'd be exponentially stronger if he could complete the Desolate Ancient's Set!

A wooden box fell from the roulette. It looked the same as any other box he has got from the roulette so far, so he couldn't tell the difference just by looking at the box!

He quickly opened the box to fully rid himself out of his curiosity, but he was surprised to see that a ring was inside the box!

"Damn my luck! There goes my chance to get the last piece of the Desolate Ancient! Even if I want to draw one more time, I didn't have enough Crazy Points left!" Yi Tianyun said frustratedly.

However, he understood that the system wouldn't make it any easier for him. He just hoped that he would be able to get the last piece of the Desolate Ancient by the next time he used the lottery roulette!

He then turned his attention to level 71 Package. He hoped that the package would give him a lot of Exp Card again as he really needed it. He then opened the package expectantly.

‘DING!’

‘Successfully opened Level 71 Package!’

‘Reward: Level 81 Package, X100 Exp Card, X20 CPs Card, X20 SPs Card, X20 Proficiency Card, 2X Ring Equipment Slot.’

In addition to getting a huge Exp Card, Yi Tianyun was surprised to get another slot for his ring!

Now, he didn’t have to take off any of his rings to equip the new one that he got earlier. Although it wasn’t the Desolate Ancient’s Set, it would increase his strength exponentially nonetheless.

Now he could equip four rings instead of 2, but he wondered whether he could use one ring for each finger.

He also wondered whether the same slot expansion would also affect any other equipment. For example, since he had two arms, he should be able to equip two bracelets instead of one!

But Yi Tianyun wasn’t complaining!

“I knew the Package would never disappoint me!” Yi Tianyun said with a smirk on his face.

However, he couldn’t help but wonder about his eligibility to receive the package since he didn’t know the level cap on this world.

Now, Yi Tianyun could only think of getting himself a good rest as he knew that Heavenly Netherworld Divine Nation was already finished!

He believed that the Phoenix Clan would be able to handle the Heavenly Netherworld Divine Nation, knowing that all of their Spirit King cultivators and above have been dealt with!

He began to meditate and absorb the liquid Spiritual Energy around him. Even though Yi Tianyun didn't really rely on Spiritual Energy in his battle, it still affected his body once he depleted the Spiritual Energy in his core.

.....

As time went by, the destruction of Heavenly Netherworld Divine Nation has spread throughout the worlds.

Even though the Heavens World didn't really care about the faction in Ghost World, they still observe what happened in the Ghost World.

Since Heavenly Netherworld Divine Nation was one of the strongest faction in Ghost World, its destruction shifted the balance of power in Ghost World!

Furthermore, almost every faction in Ghost World was shocked once they knew that the Phoenix Clan was the faction that rid the remaining Heavenly Netherworld Divine Nation's crumbling faction, since as far as they knew, the Phoenix Clan was a neutral faction, so it couldn't be helped if they didn't believe what they heard.

But soon after, they found out that the Heavenly Netherworld Divine Nation was the one that took the initiative to attack the Phoenix Clan, yet fell short once the Phoenix Clan retaliated!

"The Phoenix Clan hasn't fallen yet! They are still strong as they were in the past!" this is the thought that came to everyone's mind as they heard of the news.

They thought that the Phoenix Clan has been on the decline over the past couple of years, but now, it didn't seem like it at all!

Meanwhile, Yi Tianyun was busy absorbing the Spiritual Energy inside the cottage on the Phoenix Lake. He didn't care about anything that happened out there as it didn't concern him.

After he noticed that the Spiritual Energy was getting thinner, Yi Tianyun stopped his meditation and walked outside. All perked up.

Yi Tianyun was a little bit surprised to see that the lake was almost transparent as he almost absorbed all Spiritual Energy in it!

The three Old Ancestors who have been waiting outside were a little bit at a loss that Yi Tianyun took so much!

While the spiritual energy in the lake might be replenished again, it would take a while to reach its peak state again!

"Have you finished your cultivation, Divine Envoy?" the three Old Ancestors asked curiously.

Although they were a little bit saddened that the lake couldn't be used for a while, they didn't blame Yi Tianyun for it!

"I am satisfied! Phoenix Lake is the best!" Yi Tianyun smiled.

"But, is it okay for me to take that much?" Yi Tianyun asked with a guilty look on his face.

"It is okay. It would be replenished over time." The three Old Ancestors said with a smile on their faces.

"Now, we've already taken care of the Heavenly Netherworld Divine Nation's remnants and collected their treasures! You can take whatever you need, Divine Envoy." Old Ancestor Feng Tian said politely.

"Alright, after that, I'll have to go to Heavens World next!" Yi Tianyun said as he nodded and followed the Old Ancestors.

He has already resolved the issues with the Heavenly Netherworld Divine Nation, and now, all he needed to do was retrieve Shi Xueyun from the Heavens World!

Chapter 655

“What? Are you leaving?” the three Old Ancestors asked curiously at the same time.

They didn’t want Yi Tianyun to abandon them. Furthermore, they were indebted to Yi Tianyun, so they couldn’t make any demands for Yi Tianyun to stay either.

“Yes! I have to go to Heavens World!” Yi Tianyun said honestly.

“Heavens World? The passage from Ghost World to Heavens World was long gone. If you want to go to Heavens World, you need to go to Mortal Worlds first! But since you are that powerful, I don’t think you can go through the Mortal World Passage carelessly! How would you plan to pass the passage?” Old Ancestors Zheng Tian said curiously.

“Relax, I’ve got that covered!” Yi Tianyun said with a smile on his face.

He could use the Heaven Ascending Divine Altar, and even if he couldn’t, he could return to the Mortal World first using the passage that he used earlier before!

Since he possessed the guardian power now, he could use the passage without difficulty!

“If that’s the case, then we hope you a safe travel!” the Old Ancestors said with a nod.

They knew that they couldn’t stop Yi Tianyun from leaving, but fortunately, the Heaven Netherworld Divine Nation has been destroyed so, they didn’t have anything to worry about anymore.

After their conversation, Yi Tianyun followed the Old Ancestors back to the Phoenix Nest and found Bai Shuihuang at the gate.

She has already eradicated the rest of the Heavenly Netherworld Divine Nation and divided the treasure they got into several Storage Rings.

“Divine Envoy, this is the spoil of war that we got from Heavenly Netherworld Divine Nation. You can choose whatever you want as you confirm them for yourself.” Bai Shuihuang said as she put the storage rings on the table.

This was only a small part of the treasure that the Phoenix Clan has recovered from Heavenly Netherworld Divine Nation.

Other things such as cultivation place, vehicles, and many other things that couldn’t be put into a storage ring remained untouched.

Yi Tianyun nodded his head and took a closer look at the treasures that the Phoenix Clan have recovered.

He then sorted the treasures and took one small storage ring as he handed the rest back to Bai Shuihuang.

He left behind many Medicinal Pills, Weapons, and Armour as he knew that the Phoenix Clan could put them to good use.

“But this is too much, Divine Envoy!” Bai Shuihuang said worriedly, but Yi Tianyun just shook his head.

“You guys deserve this much for helping me eradicate the Heavenly Netherworld Divine Nation. You earn this, so you don’t need to worry about anything! But if you insist, perhaps, you can help train Luo Yan with these treasures while I am gone.” Yi Tianyun said while smiling at Bai Shuihuang.

Yi Tianyun’s time with Luo Yan was short, but it was memorable nonetheless. But since Luo Yan has said that Yi Tianyun was her adoptive father, Yi Tianyun would live to that expectation.

Suddenly, Luo Yan herself walked in and immediately greeted Yi Tianyun, “Father, did you want to say something to me?” Luo Yan asked curiously.

Although she has already regained her memories, she hasn't forgotten about Yi Tianyun. After all, Yi Tianyun was the one who protected her when she was in a pickle.

"Yes, I wanted to tell you that I will be going to Heaven World soon! I hope I can come back soon enough and see for myself your stronger self." Yi Tianyun said while patting her head.

"Of course, Father! when you return, I will be stronger than you!" Luo Yan said with a cheerful smile.

"I will be looking forward to when that time comes!" Yi Tianyun said as he patted Luo Yan's head and let her go afterward.

Luo Yan then greeted the elder while watching Yi Tianyun left the Phoenix Nest's vicinity.

"We are fortunate enough to have such a kind Divine Envoy! We couldn't give anything to him in return even though he has already given us so much!" the three Old Ancestors said while shaking their heads.

"It was natural. I'm confident in my ability to judge someone's character; that's why I granted him the Divine Envoy status. But I understand that he was a man that would treat others according to the treatment that he received. Therefore, we must work hard to return the favour that we received today. I just hope that we can help him with something that we can do someday." Bai Shuihuang said confidently.

The three Old Ancestors nodded their heads in unison as they continued to watch Yi Tianyun disappearing towards the horizon.

.....

'DING!'

'Successfully completed the urgent quest [Rescue the Phoenix Clan!]'

‘Reward: 500 million Exp, 100.000 Cps, 100.000 Sps, 200 Phoenix Clan Favourability.’

Yi Tianyun finally received the quest reward. Although the exp wasn’t enough to level up, it helped nonetheless.

As Yi Tianyun headed straight towards Heavenly Ascending Divine Altar, he found many ordinary cultivators were observing the Heaven Ascending Divine Ruins from the side.

Yi Tianyun realised that a lot of cultivators have been eager to go inside the Heavenly Ascending Divine Ruins but refrained from doing so just because it was inside Heavenly Netherworld Divine Nation’s territory.

But now that the Heavenly Netherworld Divine Nation was gone, they flocked to this place immediately.

On the other hand, Phoenix Clan left this place alone as they knew that it was Yi Tianyun’s domain. They knew that Yi Tianyun already received the place’s inheritance, so they didn’t want to lay a hand on this place.

But still, these cultivators were stopped on their track from entering the Heaven Ascending Divine Ruins as Yi Tianyun has activated the defence mechanism of this place, which was a divine rune barrier that wouldn’t be broken so easily even by Divine Rune Master!

But Yi Tianyun clearly saw someone was already inside the Heaven Ascending Ancient Ruin’s step, looking confident.

“Starting today, this place is under Imperial Dragon Divine Nation’s control! Everyone should just leave!” the cultivator shouted confidently.

Yi Tianyun knew this man as Grandmaster Tianqing. He was the man who couldn’t open the box in Fortune City earlier, and now he wanted to claim the Heaven Ascending Ancient Ruins for Imperial Dragon Divine Nation? he had to be cracking a joke here!

“Claiming an ownerless land? Now that’s just shameless!”

“This place was Heavenly Netherworld Divine Nation’s property, and after their defeat against Phoenix Clan, this place rightfully belonged to Phoenix Clan, not Imperial Dragon Divine Nation!”

“If Phoenix Clan comes here in the future, what do you think would happen to you!”

One by one, the cultivator showed their dissatisfaction towards Tianqing as they thought that Tianqing was too greedy!

They know that Tianqing must be aiming for the Inheritance that Heaven Ascending Divine Ruin has.

“If the Phoenix Clan comes here, we will return this place to them with an open hand, we simply manage it for now, so this place wouldn’t be corrupted!” Grandmaster Tianqing said casually.

“But if you want this place for your own, you will have to fight me!” Tianqing said coldly.

Grandmaster Tianqing made it sound as if he was doing the Phoenix Clan a favour. The cultivators, however, already knew that Tianqing was not such a selfless person!

But none of the cultivators wanted to become Imperial Dragon Divine Nation’s enemy, so they remained silent.

But suddenly, a small group in the back voiced their opinion, “We want to keep trying! We know that we would be able to enter this Divine Rune wall eventually!”

“Of course, you can do that while paying one Middle-Grade Soul Tool for one try!” Grandmaster Tianqing said confidently.

“What are you talking about! This place doesn’t belong to you! How could you ask for payment for something that isn’t yours, to begin with!” The cultivators were all outraged by Tianqing’s words.

"I am doing it for Phoenix Clan's sake! In the end, I would give everything to the Phoenix Clan since that is the right thing to do." Tianqing said with a justified remark.

Grandmaster Tianqing knew that the Phoenix Clan wouldn't come there as the place has been empty for quite a while, and so, he hoped to get the inheritance and some profit from this place to elevate his own cultivation further.

"What is this? Who do you think you are to charge anyone from entering my site!" Yi Tianyun said from the crowds.

"You!" Grandmaster Tianqing said with disgust as he remembered the humiliation that he got from Tianyun earlier.

"Yeah, me! What are you doing in my place!" Yi Tianyun said coldly.

Yi Tianyun knew that Imperial Dragon Divine Nation only wanted to take advantage of this place as they realised that Phoenix Clan didn't even try to claim this place.

Even if Phoenix Clan did come in the future, they would give the place back without any remorse.

"You are funny, kid! This place belongs to the Phoenix Clan! There is no way in hell that it would be yours!" Tianqing said coldly.

"Fine! Be my guest! You are free to call the Phoenix Clan and see what they have to say!" Yi Tianyun said coldly.

Yi Tianyun walked to the steps and slapped Grandmaster Tianqing, who still blocked his path. Tianqing rolled down the stairs and fell to the ground with his cheeks swollen from impact.

The crowds took a sigh of relief that the teenager was a brave one, but it was clear that the teenager's cultivation base was very high!

“That brat sure is fearless! Although Imperial Dragon maybe not be as powerful as the Heavenly Netherworld Divine Nation, there was no guarantee that the Phoenix Clan would want to fight them!”

“Yes, Imperial Dragon Divine Nation only wants to show good faith towards the Phoenix Clan! You don’t have to throw a punch like this!”

“This brat was far too young to understand any of that! I don’t know where he was from, but he doesn’t didn’t seem to realise what he is up against!”

The crowds began to talk about Yi Tianyun and Tianqing. They thought that Yi Tianyun was too reckless!

“How dare you hit me! I am the Imperial Dragon Divine Nation’s Imperial Preceptor! We have to report this man to the Phoenix Clan! How dare he claim this place to be his own!” Tianqing said furiously.

“Yes, Imperial Preceptor!”

The Imperial Dragon Divine Nation’s cultivators who stood near Tianqing immediately ran toward Yi Tianyun to capture him!

“I don’t understand why the Imperial Dragon Divine Nation would choose you as their Imperial Preceptor, but it clearly bloated your Ego!” Yi Tianyun said as he slapped the guards who approached him, injuring them severely.

The people were shocked as they saw the scene. Although these guards’ cultivation wasn’t that high, they clearly had a number advantage here, but Yi Tianyun swatted them aside without any trouble!

On the other hand, Yi Tianyun didn’t seem afraid of going against the Imperial Dragon Divine Nation at all!

“Are you confident enough to go against our Imperial Dragon Divine Nation and Phoenix Clan?” Tianqing said with fear in his eyes.

"I don't care! You blocked my path in the first place after I told you that Heaven Ascending Divine Altar was mine! You can come at me all you want, and I will turn the table every single time!" Yi Tianyun said coldly, instilling fear in everyone's eyes.

But several people began to realise as Yi Tianyun walked up the stairs that Yi Tianyun was really Phoenix Clan's Divine Envoy!

They knew that the situation would be interesting again in the future!

Chapter 657

The cultivators gathering around the Heaven Ascending Divine Ruins didn't expect that the Phoenix Clan Divine Envoy would come personally!

They thought Yi Tianyun would be crushed by the Imperial Dragon Divine Nation and the Phoenix Clan once Tianqing reported back to Imperial Dragon Divine Nation!

But they were clearly wrong!

"Phoenix Clan Divine Envoy, I am very sorry for my rudeness before!" Grandmaster Tianqing shouted as he ran and bowed down to Yi Tianyun.

It was pitiful indeed how his attitude changed as soon as he learned who Yi Tianyun really was.

However, none of the cultivators laughed at him as he was still respected as the Imperial Dragon Divine Nation's Imperial Preceptor!

"Our Imperial Dragon Divine Nation has just arrived here to help the Phoenix Clan securing this place from other greedy cultivators," Tianqing said with a smile, despite his face still being covered with bruises and swell from Yi Tianyun's earlier attack.

He didn't know Yi Tianyun was the Divine Envoy of the Phoenix Clan as Yi Tianyun didn't show anything that showed his connection to Phoenix Clan earlier.

If it were not because several people recognized Yi Tianyun as the Divine Envoy, Tianqing wouldn't have given in!

Yi Tianyun did have the ice phoenix as proof, but it couldn't fly as fast as Yi Tianyun, and therefore, he didn't use it!

But Yi Tianyun didn't want to see Tianqing grovelling near his feet, so Yi Tianyun slapped him once again, sending him flying once again.

The surrounding cultivators immediately got away from Tianqing and stepped back from Yi Tianyun as a result!

"Phoenix Divine Envoy! Please, I am just worried about the altar that might be abused by others since the Phoenix Clan still hasn't arrived! I wouldn't do anything else except guard this place until Phoenix Clan arrived!" Tianqing shouted nervously.

He knew that Imperial Dragon Divine Nation wouldn't help him if he messed around with the Phoenix Clan.

There was no doubt that he would lose his position as the Imperial Preceptor immediately!

But seeing Yi Tianyun was unresponsive to his explanation, he stepped up and kneeled in front of Yi Tianyun once again, "I give my proper respect to Phoenix Clan Divine Envoy!" he said as he showed his greatest respect to Yi Tianyun.

He knew that Yi Tianyun wasn't someone that he could trifle with. After all, Yi Tianyun saved the entire Phoenix Clan on his own and even destroyed the Heavenly Netherworld Divine Nation in the process.

At the same time, another person came in, "I am also the Phoenix Clan Divine Envoy, bearing a news from the Phoenix Clan!" he said as he immediately kneeled in front of Yi Tianyun.

“From now on, the Phoenix Clan would acknowledge Young Master Yi Tianyun as the Foreign Race Great Elder!” the Divine Envoy said respectfully.

“Did I just become the Foreign Race Great Elder?” Yi Tianyun said with great interest. He didn’t expect that the Phoenix Clan would decide what they would give to Yi Tianyun this fast!

“Yes, the elders of Phoenix Clan arrived at a unanimous decision that you should become our Foreign Race Great Elder, that way, you will hold the authority equal to the Great Elder rank!” Phoenix Clan Divine Envoy said solemnly.

Yi Tianyun was clearly surprised as he never heard of Foreign Race Great Elder before. This was the first time that he ever heard of it, but he didn’t doubt the Phoenix Clan at all!

The cultivators around them were clearly surprised and started to whisper among themselves.

But several of them started to smirk as they believed that the Imperial Dragon Divine Nation would receive the same punishment as the Heavenly Netherworld Divine Nation under Yi Tianyun’s power!

“No wonder he keeps saying that Heaven Ascending Ancient Ruins is his. Clearly, he has the power to back it up!” some cultivators said as they were clearly in awe.

Similar to the rest of the cultivators, Grandmaster Tianqing was also shocked to hear that Yi Tianyun has become someone with such a high position inside the Phoenix Clan.

“How is this possible, he was just a brat, and now he is a Great Elder?” he now realised that he must try even harder to make up for his previous mistakes.

“Okay, I understand. You can go back now and bring that guy with you too! I don’t want to see his face around here any longer!” Yi Tianyun said to the Phoenix Clan Divine Envoy.

He was too lazy to deal with Tianqing as he had another pressing issue at hand.

“Yes, Elder Yi!” the Divine Envoy said respectfully before he turned his attention towards Tianqing.

“You clearly have a death wish. How dare you trouble our great elder Yi like that! Imperial Dragon Divine Nation sure is fearless!” the Divine Envoy said coldly to Tianqing.

“Listen to me! I didn’t know, please!” Tianqing said nervously as he was scared of what Phoenix Clan might do.

Yi Tianyun didn’t bother with them as he immediately left Tianqing to the Divine Envoy and resumed his initial objective to reach the Heaven World.

Everyone immediately knew that Yi Tianyun never lied before as he passed the Divine Rune barrier of the Heaven Ascending Divine Ruin easily.

At the same time, Yi Tianyun heard a scream from the other side, but he didn’t care and kept walking towards the central area. Immediately after he reached the centre, the voice of the little girl immediately heard.

“Your cultivation has increased significantly!” The little girl Phantom Shadow greeted Yi Tianyun.

She was a little surprised to see that Yi Tianyun has already reached the Saint King stage even though not too long ago he was only at the early stage of Spirit King!

“Yes, can I control the Teleportation Array towards the Heaven World now?” Yi Tianyun asked with a smile on his face.

“You can! I thought I have to wait for you for another few decades, but it was a surprise to see you come back so quickly! Have you found the owner’s descendant?” the little girl asked curiously.

“Yes, I already found her! I was really lucky if I say it myself!” Yi Tianyun smiled as he never expected to learn that the said descendant was none other than Jiu Lingyun!

It was clear that his act of kindness wasn't in vain!

A saying stated that Saving a life would bring many meritorious results than building a skyscraper!

Chapter 658

Yi Tianyun has been qualified to operate Heaven Ascending Divine Altar after the little girl's confirmation, so he immediately embarked on the teleportation array to reach the Heaven World!

The Teleportation Array was the most remarkable invention inside the Heaven Ascending Divine Altar.

In order to create this Great Array, Heaven Creating Divine King had to portray so many Divine Runes and energy!

He did this in case something happened to the normal passage in the Human World.

But it was also a way to connect the Heaven World with the Ghost World as the two worlds didn't have any means of transportation that connected both immediately.

This teleportation array was also capable of bringing a group of cultivators to the other side as long as it was provided with enough spiritual power!

But since it only needed to send Yi Tianyun alone this time, the required spiritual wouldn't be that much!

"I am ready! Send me to the Heaven World!" Yi Tianyun said to the little girl.

"Okay, master!" the little girl said cheerfully.

The entire Heaven Ascending Divine Altar began to vibrate as the Great Array shone brilliantly. The cultivators outside also saw the bright light, but they didn't know what was going on!

“What happened? After the Foreign Race Great Elder went in, a bright light illuminated the sky!”

“Only God knows what happened! But clearly, whatever happened, the Imperial Dragon Divine Nation wouldn’t get any good news!”

The cultivator said excitedly outside the gate as they were relieved that they weren’t part of Imperial Dragon Divine Nation.

As they discussed what would happen to the Imperial Dragon Divine Nation, a bright light shoot out to the sky as if connecting heaven and earth! But the light disappeared as fast as it came.

“What the hell is that light?” everyone was puzzled by the light pillar, but it didn’t seem anything has happened either!

At the same time, Yi Tianyun felt like he was torn out to pieces as he was shot out by the bright light. The process took only a few seconds before he entered some strange space.

He couldn’t see clearly as he was still blinded by the bright light from earlier, but he gradually recovered his eyesight as time passed.

The first thing that he saw was that he was standing on a Great Array in some spacious temple. He observed the Divine Rune on the great array and found that it was still the same Great Array as its counterpart on the Heaven Ascending Divine Altar.

Heaven Ascending Divine Altar’s teleportation array was not the same as the passage that the average cultivators used as means to move to another realm.

It was much faster and safer than using the passageway as there was no need to prove oneself. Yi Tianyun was glad that he could use such a strong Great Array, and clearly, he would be able to easily move to another realm in the future!

But Yi Tianyun knew the real reason why the Heaven Creating Divine King had to create this Great Array.

It was clear that it was used as a way to provide support from another realm if the Demon attacked the other realm!

Regular crossing from the two passages would have taken too long, and therefore wasn't reliable!

The passage was easily destroyed too!

Yi Tianyun shook his head and began to walk outside. He soon found out that both Ghost World and the Heaven World looked the same.

Although the name suggested that both places wouldn't be the same, that didn't seem to be the case!

Yi Tianyun still saw the similar mountain range and vegetation that he would find on the Ghost World was also here in the Heaven World!

The only noticeable difference that Yi Tianyun could feel was the difference in the Spiritual Energy type that surrounded the area.

The Heaven World was hotter and more masculine, while the Ghost World was Cold and feminine.

It sure would be great for a fire cultivator to cultivate here in Heaven World! But Yi Tianyun was confused why the Phoenix Clan that clearly had a hot and masculine type of Spiritual Energy chose to live in Ghost World while they were clearly more in-sync with the Heaven World!

Apart from that difference, Yi Tianyun also found out that Heaven world's Heaven Ascending Divine Altar was also different than its counterpart on Ghost World!

Yi Tianyun immediately saw that many cultivators could come and go to the Divine Altar all they want, without any trouble!

But it seemed that the Divine Altar's peak was still inaccessible to others. Yi Tianyun immediately teleported out of the Divine Altar as he wanted to find Shi Xueyun as fast as possible.

He didn't know that his arrival has caused some commotion inside the Divine Altar!

Several people immediately came to the Divine Altar's peak to see who has used the Great Array, but they found nobody!

They saw the blinding light came from the Divine Altar's peak and immediately knew that someone had used the Teleportation Great Array in the Ghost World!

As they saw that no one was there, they began to doubt that it might be their eyes playing tricks on them since the Great Array hasn't been used in a long time!

"It must be my imagination. Now we have to go! We have to get ready for the Smelting Trial in the Heaven Divine Palace. Otherwise, we would have no future!" one of the cultivators said to the others worriedly.

The others nodded and quickly left the Divine Altar's peak as they immediately focused on another task.

Chapter 659

There was a lively market with a bunch of cultivators actively doing business in the spacious passage inside the Heaven Divine Palace.

This place was a lot bigger than its Ghost World counterpart, but it didn't seem to belong to any Faction, which was very strange.

If Heaven World has many more powerful factions than the Ghost World, why hasn't anyone monopolized this place?

"This place is really lively. I wonder if Heaven Creating Divine King was more respected here, which is why no one monopolized this place." Yi Tianyun thought to himself as he roamed around the market.

But Yi Tianyun believed that was probably the case. After all, Heaven Creating Divine King always shared anything he could with every cultivator out there.

This place, for instance, was in the middle of recovery as it seemed its Spiritual Energy had been depleted lately, unlike its counterpart in Ghost World that had abundant Spiritual Energy as it was an exclusive place for Heaven Netherworld Divine Nation earlier.

Even though this place was open to the public, it still has some places that were not available to just anybody.

For example, the Temple's Peak that was used for Teleportation Great Array earlier wasn't for public use at all!

Yi Tianyun also noticed that his inheritor status wouldn't do much here as there was a separate inheritor for this place too.

No matter how great the Heaven Creating Divine King was, it was only obvious to have a different inheritor for a set of places.

The Phantom Shadow roaming around this place for instance, was vivid and lifelike, but it was an artificial life nonetheless!

The Heaven Creating Divine King wasn't a god; he can't create a life on his own!

However, the Heaven World's Heaven Divine Palace was open to the public, but there was a set of rules for everyone as they couldn't monopolize anything inside this place unless a more powerful cultivator than the Heaven Creating Divine King came demanding otherwise!

"Brat, do you want to buy my weapons? It can help you with the smelting trial later! It was only for 500.000 Spirit Stone!" a cultivator shouted to Yi Tianyun from the side.

Yi Tianyun came over and immediately inspected the short sword that the cultivator sold and smirked to himself while the other merchants just shook their heads as they thought that Yi Tianyun would be roped in.

“This weapon is only Lower Grade Soul Tool, it would serve me no use, and the price is just not worth it!” Yi Tianyun said as he put the dagger back.

“How come it isn’t worth it? The effect is amazing! If you fail the Smelting Trial later, I don’t mind returning your money later!” the seller said confidently.

Yi Tianyun shook his head as he was confident that he would pass the Smelting Trial anyway, but it wouldn’t be because of this short sword, rather it was because of his own strength!

But Yi Tianyun thought that it might be great to buy this short sword to obtain some information from this seller.

Sneaky types like this would give him good information after acquiring a fair amount of money after all!

But suddenly, a young boy stopped Yi Tianyun from buying the short sword! “Don’t buy it, friend! It doesn’t have any effect at all!”

“What are you talking about, you brat! Did your master never teach you anything about respect!?” the merchant said angrily.

“That is exactly what my master taught me, not to buy something so useless!” the boy said casually.

Yi Tianyun smiled at the boy’s constitute, but the merchant was brimming with anger.

“You are asking for it, boy! Do you want to die that badly?” the merchant said coldly.

The boy was preparing for his escape as he saw the seller was grabbing a sword. The boy was clearly nervous as he was only at the 1st Layer Core Condensation Stage, while the merchant was at the 2nd Layer Core Transformation stage.

If the merchant didn't look for trouble, Yi Tianyun might not mind the boy. However, the boy thought that he was doing Yi Tianyun a favour, and therefore, Yi Tianyun was obligated to help him.

As the seller was about to attack the boy, Yi Tianyun immediately held the seller's arm, stopping his attack altogether.

The seller was shocked as he noticed that Yi Tianyun's grip was that strong.

"Brat, what do you think you are doing? Are you protecting that boy now?" the seller asked coldly.

But Yi Tianyun's eyes suddenly flashed, and the seller was immediately under his control. Yi Tianyun knew that there were too many people here, and it would do him no good to fight in this place that he didn't know anything about while he had no allies.

The boy was startled, and seeing that the seller wasn't moving, he immediately got away, but Yi Tianyun quickly stopped him.

"I still don't know your name!" Yi Tianyun said as he was curious about the boy's origin.

He was interested as the boy was kind.

"My name is He Rongkun." The boy said as he stared at the seller.

He was clearly worried that the seller would start attacking him again soon.

"He Rongkun, then you should get back for now. I will find you again soon!" Yi Tianyun said while giving a sign for the boy to leave.

“All right, friend. I will believe you and leave. My master is also waiting right now.” He Rongkun said as he disappeared into the crowds.

Chapter 660

Yi Tianyun already knew that this salesman was a conman, but he needed information to start off his search.

Yi Tianyun never expected that a brave boy would come and tried to help him like that. Apparently, there were still people who were kind enough in such a chaotic world.

As Yi Tianyun already controlled the seller, he might as well interrogate him too. Yi Tianyun began to ask the seller various questions to gain as much information about the Heaven World.

He knew that an average cultivator wouldn't know about Shi Xueyun's whereabouts anyway.

The information he wanted now was relatively simple. He just wanted to ask about the dynamics here in Heaven World as it would make his time here easier.

In addition, Shi Xueyun had an Ice Holy Body physique, which meant that she would need an extremely cold place to cultivate!

And fortunately for Yi Tianyun, this merchant was quite knowledgeable. Yi Tianyun was quite surprised to hear that the Heaven World had 6 or 7 places that were eligible for a cold cultivator to cultivate, which was against Heaven World's origin!

However, Yi Tianyun knew that it might be just how this world was built, just like how a cold place would exist somewhere while there was a hot place.

Yi Tianyun also heard from the merchant that the average cultivation level in Heaven World was at Spirit King Stage, which meant that the factions in this Heaven World were at least at a 4th grade faction which was an empire rank.

But Yi Tianyun knew that his search of Shi Xueyun would be a headache as there would be too many places to cover.

“It seems I have to look for this cold place in detail one by one now. Otherwise, It would take too long to find her!” Yi Tianyun said while shaking his head.

But he was convinced that he would be able to stumble across better information later. After all, this seller wouldn’t know about everything.

He immediately remembered that he also had the Soul Guide system that could help him find his quest objectives, and finding Shi Xueyun was also his quest right now!

Yi Tianyun was dumbfounded for ever forgetting such a thing.

Yi Tianyun immediately opened the shop and search for the Soul Guide. Although he knew that the price would be over the roof, he didn’t have any other choice. Soon he found the Soul Guide, and the price was 3 million Cps!

Yi Tianyun was annoyed and shocked as he has already used all his Cps to level up his Crazy Mode earlier.

He also didn’t have that many items to sell now since he was in a hurry and didn’t bother searching for any war spoils in the previous battle.

But then again, it would be ineffective to sell that many weapons and martial arts to the shop as it would be better for Heavenly Clouds Empire to have it.

For example, a Sacred Tool was only worth 10.000 Cps if he sold it in the shop, and he needed 300 pieces to get 3 million Cps.

Selling that many Sacred Tool was a waste! Medium grade Sacred Tool was worth 50.000 CPs, and the highest was High-Grade one that would sell for 100.000 CPs.

“Three million Cps, that is not bad! I would be able to buy it soon!” Yi Tianyun said as he shook his head again.

He might need to hunt for demon beasts to obtain that amount of CP. He knew that it would take time to find Shi Xueyun as he would have to either acquire the Crazy Points that he needed to buy the Soul Guide or find Shi Xueyun manually.

Either way, it would take time, but he didn’t have to think much of it as he knew that Shi Xueyun wasn’t in any immediate danger.

Yi Tianyun knew that he needed to prepare for a difficult fight as it was possible that he would fight against a peak Saint King Stage or even Divine King Stage in the near future.

Yi Tianyun then shifted back his attention to the market. He noticed that so many merchants were promoting the Smelting Trial that would happen soon while selling their wares.

The merchant themselves wouldn’t take part in the Smelting Trial, but this was the right time to gain profit as there would be many cultivators trying their luck on the Smelting Trial.

Heaven World’s Heaven Ascending Divine Altar Smelting Trial was restricted by age and cultivation base. It was strictly meant for Core Transformation cultivators below 30 years old!

These merchants here were well over 30, thus were not qualified to participate in the Smelting Trial anymore. The only thing that they could do now was to gain profit from desperate cultivators!

“Well, I can also sell stuff if I have to later! For now, I need to find a good hunting ground and earn some Crazy Points!” Yi Tianyun said as he set his plan.

He still wanted to collect the Crazy Points needed to buy the Soul Guide so that he could have an option later on.

He also had an option to kill a cultivator to get the CPs from them and sell their equipment, but his morals didn’t allow him to simply kill an innocent person for his own gain!
