Chapter 661

Before leaving, Yi Tianyun took all the treasures in the merchant's possession as a punishment for trying to deceive him. That was how Yi Tianyun dealt with a conman!

After Yi Tianyun left, the merchant was back to normal, but he was confused as all his wares were gone!

Yi Tianyun also erased the merchant's memory from a few minutes back out of consideration for He Rongkun.

Yi Tianyun continued strolling down the street on the Heaven Divine Palace. He noticed that the environment wasn't that much different from Ghost World, which probably meant that even the Smelting Trial would also be the same.

But Yi Tianyun immediately saw a familiar figure of a teenager not too far from him, "I heard that you almost get into another trouble!" a middle-aged man yelled at He Rongkun.

"No, it's not like that! A disciple around my age just come to the town, and he almost fell victim to one of the conmen in the market earlier! I have to at least warn him." He Rongkun said desperately.

"Didn't I tell you to leave them alone? If you get into trouble with those conmen, I am afraid that I might not be able to save you later. Some of them are more powerful than this master of yours, you know!" the old man said with a frown on his face.

Yi Tianyun immediately realised that the man was He Rongkun's master.

The name was Wei Feizhou, and his cultivation was so-so. He was at the 3rd Layer Core Transformation Stage.

He undoubtedly was telling the truth; if He Rongkun caused any trouble, it would be difficult for him to defend He Rongkun later as Core Transformation Stage was no big deal in Heaven World.

Yi Tianyun smiled as he knew that He Rongkun and his master were having a tough time. Yi Tianyun was inclined to help them become stronger as he noticed that Wei Feizhou seemed like a genuinely good master.

“I am sorry, master! I won’t do it again next time!” He Rongkun apologized.

“Next time?” Wei Feizhou said as he glared at He Rongkun.

“No, I mean, there won’t be any next time!” He Rongkun said hurriedly.

“I am blessed that you are so kind, He Rongkun. But you have to know that there are a lot of people ruthless people out there. Even if you help them out, it doesn’t necessarily mean that they would return that favour. Except for someone you love, don’t show your kindness so easily.” Wei Feizhou said with a sigh.

“I understand, master!” He Rongkun said as he nodded his head eagerly.

“Now, let’s begin your preparation for the Smelting Trial!” Wei Feizhou smiled as he patted He Rongkun’s back.

“I want you to assess your situation seriously when you take the Smelting Trial later. If you find it impossible to continue, don’t force yourself and just climb back down.”

“Don’t worry, master. I will!” He Rongkun said confidently.

But suddenly, Yi Tianyun approached He Rongkun and Wei Feizhou with a smile on his face, “Thanks for your consideration earlier, otherwise I would’ve fallen victim to that man!” Yi Tianyun said sincerely.

“Is this the man that you helped earlier?” Wei Feizhou asked curiously.

He tried to analyze Yi Tianyun, but he couldn’t see anything.

“Yes, this is the friend that I helped earlier.” He Rongkun answered with a smile.

“This is great! The Smelting Trial is also on the corner; how’s your preparation coming along?”

“No, I won’t participate, but I will come and observe the trial.” Yi Tianyun said with a smile on his face.

He was now the owner of Ghost World’s Heaven Ascending Divine Altar, and since he already broke through to Saint King Stage, the trial is now off-limit to him!

“Why? It would be a great experience, no?” He Rongkun asked surprisedly.

They thought everyone came there only to participate in the Smelting Trial, cultivate, or make some money by becoming a salesman, and it was extremely uncommon to come here just to look around, especially for someone as young as Yi Tianyun!

“May I know which faction did you belong to? Or may I know the name of your master? Aren’t you here with your master?” Wei Feizhou asked curiously.

“I am just a rogue cultivator who happens to pass by.” Yi Tianyun said politely.

“A rogue cultivator?” Wei Feizhou said with a slight surprise on his tone.

At first, he thought Yi Tianyun belonged to some well-known faction, but he seemed to be mistaken. But it wasn’t the concern right now.

A young man like Yi Tianyun should use this opportunity to enter the Smelting Trial as it would be much better that way.

“But it’s a pity if you don’t participate! Oh yea, I almost forgot, my name is He Rongkun, and what should I call you?” He Rongkun asked curiously.

“Yi Tianyun.” Yi Tianyun answered casually.

“Yi Tianyun? Why does it sound familiar?” He Rongkun said to himself.

“My name is familiar? Well, there may be someone else with the same name. After all this world is a big place.” Yi Tianyun said casually.

“Oh yeah, I remember! When I passed Luoyu Mountain with my master, I saw a beautiful girl standing by the edge of the mountain calling for Yi Tianyun. When I want to approach the girl, master dragged me away, saying that it may cause a problem if I stick my nose into someone else’s business.” He Rongkun said excitedly as he recalled trivial information.

After hearing He Rongkun’s word, Yi Tianyun knew immediately that the girl in question was none other than Shi Xueyun!

Now he knew the crucial piece of information to start his search!

Chapter 662

“Can you tell me about the place you saw that girl in detail?” Yi Tianyun asked curiously.

He didn’t expect to stumble upon such significant information this early in his search. Although He Rongkun didn’t know the name of the girl, Yi Tianyun was positive that it was Shi Xueyun.

“I didn’t know the location accurately, but I know that it was in the snowy terrain of Luoyu Mountain. If the girl could stand the temperature of that place for so long, I believe that her cultivation would be considerably high. That is all I know.” He Rongkun said as he tried to remember more.

“Luoyu Mountain...” Yi Tianyun said as he tried to memorize the location of the mountain from the seller’s story earlier.

Yi Tianyun immediately pulled out a piece of paper and a pen and drew Shi Xueyun’s portrait to confirm it to He Rongkun, “Is this the girl you saw at that time?” Yi Tianyun asked curiously.

“Yes, yes! That’s her! Wow, you are good with drawing, Brother Yi! But it seems that you actually knew this girl?” He Rongkun asked curiously.

“Yes, I happen to be searching for her right now. Your information is definitely a great help!” Yi Tianyun said excitedly.

At the same time, Wei Feizhou wasn’t a fool; he immediately realized that Yi Tianyun was no ordinary guy but chose not to say anything as he didn’t want to spell trouble for himself later.

But he now knew that Yi Tianyun wasn’t some rogue cultivator like he said he was.

“Based on her clothes, I thought that she wasn’t part of a faction here since it was my first time seeing such clothes. I can’t say that I’ve already seen all the formal attire of every faction in Heaven World, but I never saw anything like that! Maybe it was some Hidden World Family clothes, but the clothes’ biggest feature is the Pale Red Plum Blossom attached to her clothes. I may say that the Hidden World Family is weak, at least not at the Empire Level!” Wei Feizhou said solemnly.

He may not have stared at the people openly like what his disciple had done, but he was observant of his surroundings.

Yi Tianyun nodded as he understood what Wei Feizhou was trying to say. Yi Tianyun once again confirmed that Wei Feizhou was definitely a good master.

He could deduce that he would get into trouble as he looked at the cultivator’s clothes, thus act accordingly.

“Hidden World Family?” Yi Tianyun himself has already heard about Hidden World Family before, but he also didn’t have much information about them.

As the name suggested, it was a truly hidden faction.

But now, he had the information to start his search for this Hidden World Family. The plum blossom that Wei Feizhou described was unique.

Therefore, he could inquire some well-known faction around the Heaven World about it later. Yi Tianyun knew that Wei Feizhou was only part of a small faction, so he knew that Wei Feizhou faction wouldn't know about such a small faction like the Hidden World Family.

"Hey, It's about time! He Rongkun, hurry up. The trial is about to begin!" Wei Feizhou said hurriedly.

The Smelting Trial always accepted a lot of participants, so the early birds would be able to secure a better spot.

"Little Brother Yi, are you sure you will not participate in the Smelting Trial?" He Rongkun asked once again.

"No, I didn't come here to participate in the smelting trial, but I will be sure to cheer for you!" Yi Tianyun said with a smile on his face.

He realised that he was fortunate enough to meet He Rongkun, who led him to Wei Feizhou, who provided him with so much useful information about Shi Xueyun!

"Alright, then I am off now!" He Rongkun said as he waved his hand excitedly.

He Rongkun immediately tried to squeeze in to get a better spot amidst many cultivators on the Smelting Trial entrance.

He struggled as it was overly crowded, but after a while, He Rongkun felt a surge of power around him that pushed people away from him, allowing him to make his way onward easily.

He Rongkun was puzzled by what happened right now, but he accepted it with an open hand as he could reach his destination faster.

“Let’s go in and see how he’s doing up close. Judging from your disciple potential, I wonder how far he would be able to climb.” Yi Tianyun said with a smile towards Wei Feizhou.

Yi Tianyun then dragged Wei Feizhou’s arm towards a vantage point. Wei Feizhou was confused and puzzled as he noticed that he and Yi Tianyun could easily walk to a good spot despite the crowds.

This was the same force that surrounded He Rongkun earlier too!

Wei Feizhou was shocked. Although he could also release such a force himself, he wouldn’t be able to do it this smoothly.

It meant that Yi Tianyun’s cultivation was above his as it was obvious that the young man could control his spiritual energy to such extent.

As they began to observe the Smelting Trial from a vantage point, Yi Tianyun immediately saw He Rongkun seemingly having a quarrel with someone in the front row.

“Hey, brat! That spot is mine!” A handsome boy yelled at He Rongkun.

“I’m here first, and therefore it is mine!” He Rongkun said confidently.

His spot was in the middle front of the starting place as it was the best climbing spot in this stage.

“How dare you talk back to me! Believe it or not, I can kick your ass easily!” the boy said coldly as two Core Transformation experts came to the boy’s side and looked at He Rongkun coldly.

Yi Tianyun could see that He Rongkun was a little bit surprised and didn’t know what to do as he knew that he wouldn’t be able to fight off two Core Transformation experts.

And so, Yi Tianyun immediately paid them a visit to end the quarrel.

“If you wish to bother this boy, I will kick you out myself!” Yi Tianyun said calmly.

Chapter 663

“This young master belongs to at least a 3rd Grade Faction! We shouldn’t pick a fight with him.” Wei Feizhou said hurriedly.

“Who are you, brat? How dare you talk to me like that!” Jia De said coldly to Yi Tianyun.

“A 3rd Grade trash dares to raise his voice towards me? But, since I am a forgiving person, I don’t mind overlooking this if you walk away now.” Yi Tianyun said coldly.

At the same time, Wei Feizhou was pale when he saw what Yi Tianyun was doing. He didn’t know that Yi Tianyun was no less arrogant, resulting in him unable to stop Yi Tianyun before it was already too late!

“You are the arrogant one; how dare you talk to me like that!” Jia De said coldly.

“I’ve already destroyed Empires and even Divine Nation on my own before, and your faction wouldn’t be any different!” Yi Tianyun said indifferently.

The cultivators near them burst out laughing when they heard what Yi Tianyun said. They just treated Yi Tianyun like a kid who was bragging, while Wei Feizhou wanted to cry from shame and worry.

“This brat clearly didn’t understand what he was talking about! If he already destroyed a Divine Nation, he would be as powerful as a Divine King! Did you just lie through your teeth thinking we wouldn’t know that?” a Core Transformation guard came from Jia De’s side.

“That is true! He must’ve thought that everyone here is an idiot! Just throw him out, and let’s see what he would do next!” Jia De said arrogantly.

“Yes, young master!” the Core Transformation Guards said immediately.

“Young master, we are very sorry, please overlook this. We don’t want any trouble right now.” Wei Feizhou said as he thought that the situation has gone out of control.

“Oh, are you his master? Do you think apologizing now would make any difference?” Jia De said coldly.

The two Core Transformation Experts beside Jia De immediately rushed towards Yi Tianyun, and Wei Feizhou immediately shouted to warn Yi Tianyun.

He could only do so much as he couldn’t stop those Core Transformation Experts by himself!

But Yi Tianyun just stood still and released his aura that immediately slammed down the two Core Transformation Experts forcefully.

The pressure of Yi Tianyun’s aura immediately pressed the Core Transformation Experts down to the ground, breaking several of their bones.

But Yi Tianyun wasn’t that lenient. His aura also pressured Jia De that stands on the back, pressing him to the ground with the same amount of pressure as the two Core Transformation Experts who came after Yi Tianyun.

Jia De clearly couldn’t handle the severe pain that Yi Tianyun inflicted as he started to scream loudly.

Jia De and the other two Core Transformation Experts immediately turned pale as they realised that Yi Tianyun was more powerful than they thought.

“Do you know who I am? I am the heir of Multi Dragon Mansion!” Jia De said coldly, but Yi Tianyun didn’t care.

He amplified the pressure of his aura and forced the three of them down into the ground, breaking more bones on their body in the process.

He knew that nothing good came from letting these people recover.

The people around them were shocked as they saw what happened.

Wei Feizhou was the most surprised one among these people as he couldn't tell Yi Tianyun's power even now.

"What are you doing? Everyone has already started! You will be late!" Yi Tianyun said as he signalled for He Rongkun to start climbing the Smelting Trial.

"You are right! I will go now!" He Rongkun reacted in a hurry and began to climb the Smelting Trial.

Yi Tianyun then waved He Rongkun goodbye and immediately turned his attention to Wei Feizhou.

"Let's go! We should watch him from the best spot!" Yi Tianyun said to the still surprised Wei Feizhou.

"Sure! You are right!" Wei Feizhou followed Yi Tianyun once he has snapped back from his thought.

He realised that Yi Tianyun was far stronger than he thought. It wasn't impossible that Yi Tianyun was a hidden grandmaster!

Then at their spot, Yi Tianyun ordered an alcoholic drink for the both of them and sipped it while observing He Rongkun.

Although there is no martial art on the ladder, Yi Tianyun noticed that He Rongkun was trying to understand the ladder as he climbed up.

But Yi Tianyun was delighted by Wei Feizhou as he noticed that Wei Feizhou didn't try to escape even though he hated getting in trouble.

It was obvious that he was a very responsible man. Yi Tianyun appreciated such a man compared to the men that immediately ran away as soon as the situation got ugly.

Chapter 664

The hall where everyone was supposed to be watching the Smelting Trial was caught off guard by the terrifying scene, while the two men who assaulted the Multi Dragon Mansion were watching the Smelting Trial merrily without any worry.

Everyone suspected that the two men belonged to an Empire or had Divine Nation's support!

"I am the young master of Multi Dragon Mansion; you are a dead meat!" Jia De screamed as he felt humiliated by what just happened earlier.

"You are still obsessed with that? It doesn't seem that you are the type of person that would listen to someone else's teaching! Now, when will your people come here?" Yi Tianyun asked indifferently.

As soon as Yi Tianyun finished speaking, a terrifying presence with overwhelming power rushed straight at Yi Tianyun and attacked him out of nowhere, but Yi Tianyun didn't seem to be fazed as he brushed off the attack effortlessly.

"You are a skilled young man! But you are wrong to think that Multi Dragon Mansion would stand by after such a humiliation." An old man said as he landed near Yi Tianyun and exerted an intense aura that demanded respect from everyone else.

"Second Elder! Save me! That person tried to kill me!" Jia De shouted hurriedly.

"Kill you? Did you think for a second that you're on my radar? You did nothing but humiliate yourself!" Yi Tianyun said coldly.

"I'd watch my mouth if I were you! Don't think that your skill would be enough to fight against our Mansion!" the Second Elder said coldly.

"Second elder, kill him! Kill him for me!" Jia De shouted excitedly.

“Look at your young master! Even after he lost his arms and feet, he still tries to defy me! Now that he couldn’t do anything anymore, he could only rely on you! How pathetic!” Yi Tianyun said indifferently.

Wei Feizhou at the side was trembling in fear as he heard Yi Tianyun didn’t seem to be fazed by the Void Spirit Expert in front of them.

He knew that he couldn’t fight against Void Spirit Expert at his current level.

At the same time, the look on the Second Elder’s face immediately changed. He fell silent and immediately rushed towards Yi Tianyun with a long sword ready in his hand.

He could no longer tolerate what Yi Tianyun said and immediately tried to finish him off!

But Yi Tianyun didn’t show the slightest interest at all! Suddenly, a phantom shadow appeared behind Yi Tianyun and blocked the second elder’s attack while also countering it!

From the beginning, the Second Elder was already planning to attack Yi Tianyun, but after seeing the phantom shadow, he realized that he made a wrong decision. Even so, if he didn’t subdue Yi Tianyun in the name of Multi Dragon Mansion, his Mansion’s reputation would be tarnished!

At the same time, Wei Feizhou was having a hard time!

He knew that he wouldn’t be able to defend himself against the Void Spirit Experts, but after seeing the phantom shadow that Yi Tianyun summoned, he couldn’t help but look at Yi Tianyun with awe.

The two other cultivators that came with the Second Elder also rushed towards Yi Tianyun, but they stopped as soon as the pressure around Yi Tianyun became unbearable for them!

Not only that, but they were also forcefully pressed against the ground shortly after.

The pressure was far more powerful than earlier, resulting in the Second Elder’s aides vomiting blood as soon as their bones and innards were crushed by Yi Tianyun’s powerful aura.

Not even the Second Elder who was in Void Spirit Stage could endure Yi Tianyun's pressure as he was also crushed to the ground.

The scene was mind-blowing as several skilled people were kneeling and vomiting blood in front of a teenager.

After smirking at the Multi Dragon Mansion's cultivators, Yi Tianyun decided to continue watching He Rongkun once more.

Yi Tianyun noticed that He Rongkun had a good innate ability. So far, He Rongkun has already climbed two hundred ladders.

Although there are several cultivators that climbed at the same pace or a little bit faster than He Rongkun, he showed a greater potential than the others.

Wei Feizhou, on the other hand, was sweating bullets as he was nervous upon seeing the Void Spirit Expert that was currently on the ground.

However, he was more worried about Yi Tianyun's real identity since it wasn't some common thing here to have a rogue cultivator who could easily overpower a Void Spirit Expert like this!

The Second Elder himself began to assume that Yi Tianyun was at Spirit King Stage and regretted making an enemy out of him!

The same could be said to Jia De. He realised Yi Tianyun's power, and the only one in the Mansion that he believed could beat Yi Tianyun for him was his father!

Chapter 665

Everyone began to wonder who Yi Tianyun really was. They all speculated that Yi Tianyun might have been some prized disciple of some Divine Nation as it was possible to be one with Yi Tianyun's current power.

This time, no one dared to scream and looked down at Yi Tianyun. Their first impression of Yi Tianyun instantly changed after seeing the scene.

Everyone realized they wouldn't hold a candle against Yi Tianyun now!

The thing was, everyone didn't know what Yi Tianyun would do as he was still sipping his glass of wine while observing the Smelting trial.

"Yes, keep it up! The more you stand up, the better the result of this Smelting Trial!" Yi Tianyun said excitedly as he watched He Rongkun.

He saw that He Rongkun steadily climbed the ladder while overtaking the other cultivator one by one.

Yi Tianyun now believed that He Rongkun should have the great innate ability as he knew that He Rongkun's cultivation was not that high.

The Smelting Trial demanded balance, and having a good innate ability would surely help here.

"You are correct, but my ability is limited! I can't provide him enough cultivation pills that easily. Otherwise, he would be able to achieve a greater cultivation level! Wei Feizhou said with a wry smile, to which Yi Tianyun nodded as he realised that Heaven World also had the same problem as the Human World and Ghost World!

"Rest assured. I will give him enough Medicinal Pills for his cultivation." Yi Tianyun said lightly.

Wei Feizhou nodded his head, he didn't know Yi Tianyun's identity for now, but he wouldn't reject such a good offer.

In the meantime, the Multi Dragon Mansion's cultivators were still pressed down against the ground with overwhelming pressure, but at the very least, they were still alive.

Time passed, and at the end of the day, He Rongkun climbed more than 800 ladders and was currently at the top 5 of the Smelting Trial.

With this result, He Rongkun has secured his position for the second trial as only 30 of the best participant was allowed to participate.

“Who are you, and what have you done to my people?” a Spirit King middle-aged man made his appearance out of the crowd angrily.

He also came with a bunch of Void Spirit Experts and some Core Transformation Experts.

This middle-aged man was none other than the Mansion Lord of the Multi Dragon Mansion, Jia Yuan.

His cultivation level was at the 2nd Layer Spirit King Stage, so he was confident that he could defeat Yi Tianyun easily.

“I don’t know what they have done to you, but could you spare them this once?” another Spirit King expert came forward.

This man was obviously the Great Elder of Multi Dragon Mansion.

Wei Feizhou was pale as he realised who he was dealing with, but after he saw Yi Tianyun was still calm, he didn’t know what to do.

“Well, he comes out of nowhere and tries to sabotage my disciple’s Smelting Trial, so he should’ve seen this coming!” Yi Tianyun said indifferently.

“Whether you’re telling the truth or not, you will be dead meat in a minute!” Jia Yuan said coldly.

It couldn’t be helped as he now saw that his son was under Yi Tianyun’s mercy, but Yi Tianyun was slightly amused that even someone as of a Mansion Lord’s calibre still lacked insight.

Yi Tianyun then activated his Eye of Charm and immediately controlled Jia Yuan completely!

Everyone was suddenly shocked as Jia Yuan was suddenly stopped attacking in front of Yi Tianyun.

The two Spirit King Experts who were ready to support Jia Yuan were definitely the most surprised as they didn't understand what is happening.

"God, what am I even seeing here? The Multi Dragon Mansion Lord couldn't even touch that young man! Just how strong he really is? Did he already become a Saint King?" the cultivators nearby said with a surprised look on their faces.

None of the cultivators ever saw a Saint King stage expert before, as Saint King was generally aloof and busy cultivating their own power.

Most Saint King cultivators were also the high-ranking officer of the Divine Nation, so they wouldn't be found around these parts.

Although Heaven Ascending Divine Altar was a very good place, it wasn't on any Divine Nation's radar!

"I believe you wanted me dead earlier, so did you have any say now?" Yi Tianyun said to Jia De.

Jia De writhed in horror as he finally realised his mistake.

Chapter 666

Jia De immediately realised that he had made the greatest mistake of his life. The entire Multi Dragon Mansion's experts that came with his father has been killed, and there was nothing he could do about it!

He wanted to scream, but he found himself unable to do so as his brain was overcome with fear, causing his body to freeze and tense up uncontrollably.

“I didn’t want to punish you, but it turns out your family was so arrogant that I have to change my mind! If your faction really believes that the weak were only the nutrients for the strong, then allow me to devour your faction!” Yi Tianyun said coldly.

Yi Tianyun wasn’t angry at the Multi Dragon Mansion, but he did consider it as a nuisance, and therefore, he was obligated to destroy it!

Jia De stuttered as he didn’t know what to do, but Yi Tianyun wouldn’t give any mercy. “I will make it painless, don’t worry!” Yi Tianyun said indifferently, but as soon as he raised his hands to kill Jia De, Jia Yuan and the Great Elder immediately intervened!

Jia Yuan immediately dragged Jia De out of the place while the Great Elder was trying to buy some time for them.

But it didn’t work against Yi Tianyun as he quickly killed the Great Elder, Jia Yuan, and Jia De in a blink of an eye, surprising everyone.

However, no one dared to do anything about it as they knew that it wasn’t worth the trouble.

Suddenly, a new figure came, “I am the patrol dispatched from Zuo Qiu Divine Nation. I am here to sit down and have a drink. I hope you don’t mind it if I sit here.” A Spirit King expert said politely.

“Of course, it would be fine to watch with other people as well; please take a seat!” Yi Tianyun said with a smile on his face.

As long as the person didn’t come for trouble, Yi Tianyun wouldn’t do anything to provoke the person either.

“Thank you very much for your generosity, friend. If I may know about you a little, which faction are you from?” the Divine Nation Envoy asked with curiosity while pouring a glass of wine for Yi Tianyun.

“I didn’t come from any sect or faction, and I’m also not from Heaven World.” Yi Tianyun said lightly.

The Divine Nation envoy nodded. He immediately concluded that Yi Tianyun came from Ghost World because there was no way the Mortal World would have such a strong and powerful cultivator.

“If that’s the case, I wonder if the young friend wants to come to our Zuo Qiu Divine Nation as a guest.”
The Divine Nation Envoy asked curiously.

He knows that Yi Tianyun would be a great addition to their Divine Nation.

But several other Divine Nation Envoys immediately showed themselves in front of Yi Tianyun.

“No, it’d be better if you come to our Rain Fall Divine Nation! After soaking yourself inside our waterfall and consuming our Rain Fall Divine Pill, you will be satisfied!”

“No, come to our Dream Clouds Divine Nation instead!”

The Divine Envoy of each Divine Nation started to flock around Yi Tianyun, inviting him to their respective factions.

They knew that Yi Tianyun would become a great addition to their faction as they sensed the power inside Yi Tianyun’s aura awhile ago.

There was no way Yi Tianyun was just any average cultivator as he easily handled a Spirit King cultivator earlier.

Wei Feizhou, who sat beside Yi Tianyun, also got stuffed with many medicinal pills and even some weapons.

The Divine Envoy of the Divine Nations thought that Wei Feizhou was also a significant figure to rope Yi Tianyun into joining their Divine Nation.

Yi Tianyun was a little bit annoyed, but he couldn’t blame these Divine Envoys as they were only doing what was best for their faction. Besides, they all asked Yi Tianyun politely.

“Well, it is good to receive such a warm invitation like this, but I can’t come with you now. If I have the time, I will make sure to visit your faction!” Yi Tianyun said with a smile on his face.

The Divine Envoys smiled after hearing Yi Tianyun’s word. Although it was a pity that none of them could rope Yi Tianyun into joining their Divine Nation, they knew that their politeness would be a good investment for the future. Furthermore, their gift didn’t cost them much.

But Wei Feizhou, who sat beside Yi Tianyun, was dazzled by the amount of treasure that he got from these Divine Envoys.

But, Yi Tianyun didn’t even care about those treasures that Wei Feizhou got, and he already turned his attention towards the Smelting Trial once again.

Not long after that, He Rongkun has already climbed to the top of the ladder in third place. The two other cultivators that came first and second were amazing on their own.

Yi Tianyun didn’t really care as he knew that the first and the second position came from Divine Nation!

Soon enough, the First Stage of the Smelting Trial was over as the 30th cultivator reached the top, and the rest of the cultivator that didn’t make it in time to reach the top in time was forced to return to the surface.

“Let’s go. We have to watch the second stage too!” Yi Tianyun said excitedly to Wei Feizhou.

“But how would we do that? We can’t go up there!” Wei Feizhou asked curiously, but he was immediately at a loss for words as he saw Yi Tianyun has gone up the ladder without any trouble.

“You all should come up too. It’d be a good opportunity to scout the cultivator yourself!” Yi Tianyun said to the Divine Nation Envoys that looked at him in awe.

When Yi Tianyun climbed up the ladder without any restriction, everyone was surprised. No one has been able to do that since forever, and everyone began to doubt what they knew.

Wei Feizhou shook off the doubt in his heart and followed Yi Tianyun up the ladder instead, but he also found that there was no restriction anymore!

“Hey, you’d better start climbing! The door will close soon, and you wouldn’t be able to watch them later!” Yi Tianyun said indifferently.

“Okay, wait for us!” the group of observers earlier began to climb the ladder to the Smelting Trial, following Yi Tianyun, but not all of them could climb the ladder. They didn’t know why but only a selected few managed to climb the ladder.

The cultivators couldn’t complain as they noticed that Yi Tianyun was far more powerful than any cultivator they have ever seen. Therefore, they began to respect Yi Tianyun without even noticing it. But some of them were still reluctant. They are the cultivators from the top Divine Nation, so they still had their pride as the top faction. Therefore, they know that they couldn’t lower their head to some unknown cultivator.

“How can he do all this? Is he the descendant of the Divine King?” the Cultivators began to wonder about Yi Tianyun’s background. But they knew that they would be regretting this moment later. If Yi Tianyun really was the descendant of the Divine King, then they’ve already missed the opportunity to get on his good side.

“I am done for! If the Holy King knows that I failed to discern a person of his calibre, he would surely punish me!”

“No, we can’t say for sure that brat is a descendant of a Divine King yet!”

They were trying to deny it, but they sure already felt regret. If they lowered their head and talked with Yi Tianyun earlier, they might have a chance to build a good relationship in the future. Furthermore, from the looks of it, they realized Yi Tianyun might be the inheritor of the Heaven Ascending Divine Altar, which made it even worse.

There was no doubt on their mind that Yi Tianyun was at least at Saint King stage as he easily handled the Spirit King cultivator without any problem.

“If he is the inheritor of this Heavenly Ascending Divine Altar, why would he let so many people participate in this Smelting Trial?”

“It is possible that he rigged the outcome beforehand and later on used the power of the people that passed the trial!”

“If that was true then, we could say that the entire Smelting Trial was a ruse!”

They nodded in agreement, but they couldn't say anything to Yi Tianyun as they knew that those who stood at the top would be annoyed once you started criticizing them!

It was brief, but Yi Tianyun noticed someone was staring at him with a disdainful look behind him. However, he just smirked since he obviously didn't care about those people, and he never really told anyone that he was the Divine Altar's inheritor, so it was only up to their imagination!

However, he didn't mind if these cultivators ganged up on him soon. He could use it as an excuse to obliterate their faction and gain some more Exp. If he attacked them first without any reason, it wouldn't be good for Heavenly Clouds Empire's reputation later.

The cultivators that followed Yi Tianyun up the ladder were also surprised as they heard the theory that Yi Tianyun might have been the inheritor of the Divine Altar. They have suspected it themselves but refrain from saying anything as they were afraid of disrespecting Yi Tianyun.

But if Yi Tianyun really was the inheritor, then that meant Yi Tianyun was the descendant of Heaven Creating Divine King! Wei Feizhou on the side realised that Yi Tianyun helped He Rongkun as he saw something in him.

“Young master Yi, I can't accept all these.” Wei Feizhou said since he didn't want to be indebted to a person who might take his pupil later!

“Just keep it for yourself. I didn’t need any of it!” Yi Tianyun said as he rejected the offer casually.

“Thank you very much, Young Master Yi!” Wei Feizhou said gratefully. This way, Wei Feizhou knew that he didn’t have to pay Yi Tianyun’s kindness back in the future! “But excuse me for asking, Young master Yi! Are you the descendant of Heaven Creating Divine King?” Wei Feizhou asked curiously.

“You can put it that way, but I am more of an inheritor than a descendant.” Yi Tianyun said with a smile on his face. Yi Tianyun had no intention to conceal his identity, but of course, he wouldn’t blab it randomly!

At the same time, He Rongkun, was positioning himself to climb the next ladder. He was surprised to hear that his master and Yi Tianyun could climb the ladder even though they weren’t the participant of the Smelting Trial.

After the observer reached the top of the ladder, they realised that they couldn’t intervene with the Smelting Trial itself! But Yi Tianyun was quite good at socialization as he immediately prepared the wine for everyone to enjoy!

He Rongkun climbed at unbelievable speed. Even in this second stage of the trial, he was still in the leadlike he did before. Although there were two other cultivators who were faster than him, He Rongkun still tried his best.

Yi Tianyun initially thought of helping He Rongkun, but as he saw that He Rongkun was actually doing great, he refrained from doing so. After Yi Tianyun noticed that the Divine Altar on Heaven World didn’t search for any inheritor like what he experienced in Ghost World, Yi Tianyun thought of slightly altering the difficulty.

Funny enough, Yi Tianyun was no longer bugged by the Divine Nation Envoy who came along with him. Maybe he was too rash earlier, but it was what he really thought. Yi Tianyun was a man of discipline. Although it was good to have a good relationship with the Divine Nation here on Heaven World, Yi Tianyun had to finish what he came here for first!

Yi Tianyun also knew that these Divine Envoys didn't come here to cheer on their disciple. They simply came here out of expectation that their disciple who participated in the smelting trial would bring along a martial arts or two from the smelting trial!

Martial arts from Heaven Creating Divine King was supposed to be impactful and powerful enough to make a big change in the cultivation world, especially if the said cultivator on the Smelting Trial got their hands on the Divine Rune memories of Heaven Creating Divine King!

But Yi Tianyun also knew that the Divine Envoy's attention right now was focused on himself even though it was unclear whether they just wanted to be rewarded with something extraordinary or simply because they wanted to build a good relationship with him.

But some of them finally had something to say.

"Young Master Yi, can you teach us some of your martial arts? We're not saying for free, of course, we will give you a worthwhile reward in return!" the Divine Envoy said excitedly.

The Divine Envoys began to list their rewards one by one as the rewards got more and more extravagant.

Yi Tianyun just sighed as he didn't want to be rude, but the truth was he couldn't teach anyone the Heaven Creating Divine King Martial Arts. "I do have some of the inheritance of Heaven Creating Divine King, but think about it, why would he allow his inheritance to be massively passed down by the future cultivator? Even if I do want to share it with others, I couldn't!" Yi Tianyun said casually.

The Divine Envoys looked at each other as they realise that the Heaven Creating Divine King had the same inheritance rule as Heaven World! They were quickly discouraged as they knew that it was impossible to obtain the knowledge of Heaven Creating Divine King from Yi Tianyun.

"That's how it is the case for the Martial Arts, but that doesn't necessarily apply to the Divine Rune Knowledge. I can think of passing it to someone later. Are you interested in that aspect? Heaven Creating Divine King wasn't known for his Martial Arts, but he was known for his Divine Rune Proficiency." Yi Tianyun said casually.

Yi Tianyun's word was undeniably the truth. Heaven Creating Divine King was known for his powerful Divine Rune ability that put him head and shoulders above any other Divine King at his time. When it came to Martial Arts, other Divine Kings had slightly more powerful ones compared to him, in fact.

"We want it! We would make sure that it'll be worth your while!" the Divine Envoys were excited once again! They obviously already knew that the Heaven Creating Divine King wasn't known for his Martial Arts, and therefore, Yi Tianyun's offer was the best-case scenario for them!

They always sent their disciple to participate in the Smelting Trial to try their luck on obtaining the exact Divine Rune Knowledge that the Heaven Creating Divine King left behind, but they never seem to get it! Nevertheless, the Smelting Trial still gave good rewards. Those being a High-Grade Earth Level Martial Arts at worst and Heaven Level Martial Arts if they were lucky.

"You are in luck! I don't need any rewards for my time. All I need is useful information!" Yi Tianyun said casually as he drank the wine in his hand.

"A useful information? What kind of information did you want?" the Divine Envoys asked curiously. They have been racking their head on what kind of rewards they would offer Yi Tianyun to best the other Divine Nation, but it seemed that was pointless.

Wei Feizhou, beside Yi Tianyun, slightly shivered as he already knew what information that Yi Tianyun really wanted.

"Yes, I want the information about the Hidden World Clan. They wore white clothes embroidered with a light red plum blossom on their chest. The one who gives me the most comprehensive information would receive the Divine Rune Knowledge! I will swear on my own name that I would give the winner a good Divine Rune Knowledge! But, if you dare to deceive me, don't you blame me for what happened later!" Yi Tianyun said with a dangerous smile.

Yi Tianyun's smile caused the Divine Envoys to shiver. They finally realised that Yi Tianyun didn't rely on Heaven Ascending Divine Altar's inheritance to threaten them, but his own power instead!

Yi Tianyun sipped his wine once again as he watched the Smelting Trial unfolding in front of him. He wanted the information badly right now just because he had the means to get it. But if it turned out that

there was no worthwhile information, he could just take his time to collect the amount of Crazy Points he needed to buy the Soul Guide from the store later.

Yi Tianyun also knew that the best way to gain the information that he needed was to use the Divine Nation's extensive knowledge about the Heaven World. Compared to Yi Tianyun who has just arrived at the Heaven World, these people have been here ever since the day they were born! As for giving them the Divine Rune Knowledge, he didn't care that much. He knew the knowledge itself was useless unless a qualified Divine Rune Cultivator could interpret it.

However, Wei Feizhou, beside him, shook his head on the side. He began to wonder just how important was the woman he saw on the cliff of the mountain that day for a man as powerful as Yi Tianyun to use every means possible to find her.

But, the Divine Envoys had a slightly different look on their face. Although they never thought of searching for a Hidden World Clan, they knew that it was far easier than competing of finding worthwhile rewards for Yi Tianyun against another Divine Nation!

"A clan with a light red Plum Blossom as their symbol?" everyone tried to think of the clan with such criteria in Heaven World. They want to get a satisfying answer for Yi Tianyun so that they could return to their Divine Nation with the Divine Rune Knowledge. But no matter how hard they thought about it, they couldn't come up with any clan with that characteristic.

They had no choice but to remain silent for a couple of hours as they couldn't come up with anything.

"Don't worry. I don't mind waiting until you get the information! I will be staying in this Heaven Ascending Divine Altar, and whoever obtains the information first will get that Divine Rune Knowledge. But remember that I will only wait for half a day. Any information past that point wouldn't be rewarded anymore!" Yi Tianyun said solemnly.

Yi Tianyun knew that he couldn't stay there for long and therefore set the time limit, so he didn't have an obligation to wait for them later, and then he could gather the information about Shi Xueyun in another place.

But as Yi Tianyun looked at Wei Feizhou, he was curious about what he thought about Yi Tianyun's course of action.

"What did you want to say? Spit it out." Yi Tianyun said annoyedly.

"Young master, this is a hidden world clan we are talking about. There is a reason that they want to stay hidden." Wei Feizhou said worriedly.

"Of course, I already understood that part. You don't need to worry about it." Yi Tianyun said with a light smile.

Seeing Yi Tianyun's conviction, Wei Feizhou immediately pulled out a pen and a paper and immediately drew the woman that he saw that day on the hill of a mountain along with the detail of the clothes that she wore.

Yi Tianyun was quite impressed by Wei Feizhou's drawing skill as Wei Feizhou perfectly depicted the entire scene, from the woman in detail and the scenery around her.

"Not bad! I didn't know that you're this good at drawing!" Yi Tianyun said with a smile on his face.

"I am a painter before I am a cultivator, Young Master Yi. But I wouldn't say that my painting is good." Wei Feizhou said humbly.

"Well, it's undoubtedly an excellent painting." Yi Tianyun said with a smile and then turned his attention back to the Divine Envoys. He then showed the painting to the Divine Envoys and said, "This is what you are looking for; the better your information, the better your chance to get the Divine Rune Knowledge." Yi Tianyun said solemnly.

"Okay, we will definitely come back with the best information to satisfy Young Master Yi! Wait for us!" the Divine Envoys said confidently and then got up and left to obtain the information that Yi Tianyun requested. They didn't bother to wait for the Smelting Trial to wrap up as they were sure that Yi Tianyun's reward was far more important than that!

But not all Divine Envoys left as they knew that their main mission here was to accompany the Smelting Trial's participant from their Divine Nation, so they could only send out a message for their respective Divine Nation, hoping that they would dispatch someone to get the information.

Yi Tianyun understood their circumstance and thus didn't really mind them staying around as he continued watching the Smelting Trial unfolding while sipping his wine casually. But he didn't forget about Wei Feizhou at all as he suddenly pulled out a lower grade Sacred Tool and gave it to him.

"This is a reward for your painting." Yi Tianyun said casually.

"Young Master Yi, I couldn't possibly accept this! This is too much!" Wei Feizhou said as he trembled from the shock of receiving such a rare Sacred Tool. He just painted a simple picture from his memories that he believed was nothing special. The Divine Envoys who were still around were also in shock as they didn't think that it would be that easy to obtain a Sacred Tool from Yi Tianyun!

"That is not the case. If you help me, I would surely reward you handsomely. It doesn't matter if you only draw a picture or even move a mountain. I would still reward you fairly!" Yi Tianyun said casually.

"But, this is too much! A simple painting for a Sacred Tool? It wasn't a fair exchange at all!" Wei Feizhou said worriedly.

"Well, I already gave it to you. If you don't want it, just hand it to your disciple or sell it." Yi Tianyun said casually. He doesn't mind what Wei Feizhou would do to his gift as it was not his anymore.

"No, I would cherish it forever! Thank you so much, Young Master Yi!" Wei Feizhou said with a big smile on his face. He just got a treasure that every cultivator at his level could only dream of.

The Divine Envoy finally understood why their gift earlier didn't impress Yi Tianyun as it turned out Yi Tianyun already had much better Sacred Tools than anything they offered earlier! The Divine Envoys surely couldn't gift something at Sacred Tool level or above as it was considered a treasure.

The time passed as Yi Tianyun slowly sipped his wine, and He Rongkun falls behind a little bit as he was at the top five instead of the top three now. Anyway, he already did a good job of staying at the top, but then again, the final stage of the Smelting trial awaited next!

Finally, after He Rongkun successfully climbed to the top of the second stage, 8 participants qualified to reach the final stage. The Smelting Trial itself finally spoke and stated that only three participants would be rewarded on the final while the rest didn't get anything.

Yi Tianyun smiled a little bit as he was satisfied by how it turned out. He could give He Rongkun another chance later, but now all he needed to do was wait!

The final Smelting Trial, as Yi Tianyun predicted, was a fighting competition. Yi Tianyun was excited, and so was everyone who followed him, but there were some cultivators who were too proud to follow Yi Tianyun and decided to watch the match from afar.

The eight cultivators on the stage were now the centre of the attention. As the tournament began, the atmosphere quickly changed as everyone knew that the winner would be invited to the well-known factions later.

At this time, He Rongkun's disadvantages immediately became apparent. The previous stage didn't need any good martial arts. That was why He Rongkun could keep going using his sheer will. But now, it came down to good martial arts and weapons.

The other cultivators came from reputable factions, so they were already equipped with some good martial arts and weapons. So, He Rongkun's first match was hard to watch as it might be his last too!

"You lost this one, friend! I thought you have a high-grade Soul Tool with you, but who knows that you only have a broken lower-grade Soul Tool!" He Rongkun's enemy said tauntingly.

"I won't lose!" He Rongkun said as he brandished his long sword angrily. Even if the opponent had better equipment than he did, his will was already set!

“How would you win this tournament? You don’t even have a good weapon! Your faction probably went broke just to send you here!” He Rongkun’s enemy said sarcastically. The enemy was definitely over the moon as he was lucky to fight a poor cultivator.

“He Rongkun was wronged in this stage! If only he was in a great faction that could give him the best equipment for his cultivation, he would have gone farther in this trial! But, unfortunately, I am the only one he has!” Wei Feizhou said sadly.

Although getting the eighth place was great enough, Wei Feizhou knew that He Rongkun could achieve much better if he was on an Empire-grade faction or even the Divine Nation!

“It’s not that bad, but he was indeed losing in terms of weapon. And that is why I give him an edge now.” Yi Tianyun said casually as he shot a light towards He Rongkun’s hand. He Rongkun was surprised at the incoming light and instinctively grabbed it. The light immediately turned into a sparkling weapon, which turned out to be a Sacred Tool!

“a Sacred Tool?” the opponent was shocked as he saw the weapon on He Rongkun’s hands was glowing radiantly. He Rongkun and Wei Feizhou had seen that Sacred Tool before and immediately knew that Yi Tianyun had given them another precious item!

“You said that I am poor earlier, but let’s see who would win now!” He Rongkun said confidently as his aura was suddenly getting stronger. It was the effect of the Sacred Tool as it amplified the user’s power.

“Thank you very much for your generosity, Young Master!” Wei Feizhou said heartily as he was thrilled to see the Sacred Tool on He Rongkun’s hands.

“Don’t thank me yet! It’s just a cheap item to fill the gap between the participant’s power. I just want to see what he can do with his power.” Yi Tianyun said casually. If Yi Tianyun really wanted He Rongkun to win here, he would’ve given He Rongkun a better weapon.

“No, this is great! Thank you very much, Young Master!” Wei Feizhou said with a smile on his face. He only wanted He Rongkun to be able to fight on this tournament fairly. Yi Tianyun just nodded and continued watching the tournament while everyone else was speechless after seeing the absurd scene.

However, everyone realized that Yi Tianyun was the inheritor of this place, and he could do whatever he wanted there!

The tournament went smoothly, and He Rongkun successfully entered the top four! When He Rongkun took his break before fighting his next opponent, Yi Tianyun was waiting for the news from the Divine Envoys.

Meanwhile, Wei Feizhou was captivated by how well his disciple was doing. He thought that He Rongkun would lose in the first stage! But to his surprise, He Rongkun was one of the final four cultivators for the Smelting Trial, and he might just win it!

Sure enough, the Divine Envoys approached Yi Tianyun one by one with an excited face. Several Divine Envoys that couldn't leave the Smelting Trial looked envious as they knew that they might have the information that Yi Tianyun needed.

"Young Master Yi, I am from Zuo Qiu Divine Nation, and I found a relevant information!" a Divine Envoys said excitedly.

"You are fast! You are the first one to return!" Yi Tianyun said with a smile on his face. Yi Tianyun then took a piece of paper that the Divine Envoys presented and read it using his Spiritual Energy. This paper was a secret parchment that would conceal the content for a certain rank of cultivators.

But Yi Tianyun could read it just fine by using his own Spiritual Energy to unlock it. The paper simply read Heaven Plum God Race.

Heavenly Plum God Race was one of the Heaven World Hidden Clans that lived on Heavenly Plum Mountain Range with no outside portal. A long time ago, the Heavenly Plum God Race was one of the three most prosperous races in Heaven World, but their decline in power forced them to live in hiding. Now, they were estimated to be a middle or lower-grade Divine Nation Faction.

The other reason for Heavenly Plum God Race's downfall was because they lost the Heaven World War! The only way to enter the Heavenly Plum God Domain was to receive their invitation as the Forest on the mountain was enchanted with a powerful Trace Confusion Great Array!
