

## Leveling 711

### Chapter 711

Having a Divine Tool was really something else! Divine Nation had a lot of Divine Tools, but only some people had the privilege to wield them. Even if they were a high ranking elder, they wouldn't instantly have this privilege!

"A Divine Tool?" Yi Yuanlong said with surprise evident on his face. He didn't expect his grandson to have a Divine Tool. Jiao Linghe herself was surprised too, but she chose to stay silent for the moment. The Third Elder's eyes shone as he knew that he would get that Divine Tool if he agreed to the Soul Search, but it wasn't worth it as everyone would know what he had done in the past.

"Is one Divine Tool not enough?" Yi Tianyun sarcastically asked before he pulled out the Evil Spirit Armour, which was another Divine Tool.

Everyone was baffled, not because Yi Tianyun has another Divine Tool, but because it was an armour Divine Tool! Armour Divine Tools were rare as the materials to forge one was way more valuable than the materials to forge a weapon.

Everyone realised that the third elder had to accept the deal. Two Divine Tools for a little damage after the soul search was worth it! But the Third Elder was still silent, and the look of uncertainty covered his face.

"Is that still not enough?" Yi Tianyun said with a frown on his face before he pulled out Evil Spirit Boots, another Divine tool. With these boots, it was a complete set of Evil Spirit Divine Tool! A full set of Divine Tools were extremely rare. It was a whole Divine Nation's worth of gold just to buy it on the auction.

The look of greed filled the room. It was clear everyone wanted to have it for themselves. No one knew that it was worthless for Yi Tianyun as he often got a full set of equipment from his enemies thanks to his Lucky Aura.

The Evil Spirit Set was the Divine Tools that he got after killing the Imperial Preceptor of Heavenly Netherworld Divine Nation. He didn't have any use for this set as it had an extremely evil aura, and most people wouldn't be able to control it. Of course, Yi Tianyun wouldn't have any problem wielding the set, but the Evil God Suit was much more powerful than the effect he got from the Evil Spirit Set.

Everyone was brimming with anticipation as they knew that the third elder might become the strongest elder if he accepted the deal. Who in their right mind would refuse a whole set of Divine Tool in exchange for some knowledge in their possession and slight damage from the soul search?

No one said anything as they were waiting for the third elder to make his own decision. Everyone began to think that maybe the third elder deliberately remained silent to tip the negotiation to his favour even more. Surely, the third elder wouldn't be that dumb!

But everyone began to grow impatient as the Third Elder stayed quiet for too long.

"Third elder, you are clearly making a profit here! It is a Divine Tool Set! It's worth the little damage you will receive!" one of the elders shouted as he grew impatient waiting for the third elder's answer.

"Yeah! This is my first time seeing a set of Divine Tools myself! It's too good to be true, but here we are!" another elder shouted, pressuring the third elder to accept.

"It is truly a sight for sore eyes, but it's also confusing at the same time! If he has this amount of Divine Tools, wouldn't he be able to cure Yi Xingchen by himself? Why didn't he save them then?" another elder said with a confused expression.

His confusion was to be expected as it was incredible to see a young teenager of Yi Tianyun's age having such amount of Divine Tools.

"Where did you get that many Divine Tools?" Third Elder asked solemnly.

"Why does that even matter? As long as you agreed to the soul search and your memories match what you said earlier, it would be yours!" Yi Tianyun said indifferently.

Shi Xueyun was holding her smile on the side. Although it was a little bit surprising that Yi Tianyun would give that much, it was a given for Yi Tianyun to have that much. After all, Yi Tianyun was a man that brought about miracles!

“You didn’t steal these Divine tools from someone else, did you? I don’t want someone coming here searching for those Divine Tools later!” The third elder said solemnly.

“Stolen items? Then the one I steal it from deserved it! how can someone with these Divine Tools be stupid enough to let it got stolen!” Yi Tianyun said coldly.

Everyone nodded as what Yi Tianyun said did make sense. After all, there was no way anyone would part with such a Divine Tool easily. Either they died or sold the Divine Tools themselves for such a thing to be possible. This set was probably an inheritance or something else entirely.

“No, I wouldn’t accept such questionable equipment! I refuse your offer! I have always hated something with zero credibility!” The Third Elder said righteously.

He knew that he wouldn’t look bad with this excuse, but Yi Tianyun knew that he was just scared everyone would find out the cruel thing he had done in the past. Unfortunately, everyone else thought that the Third Elder was a righteous person, and thus the look of admiration was clear on everyone else’s face.

“Can I take this set of equipment instead?” an old man came from the inside door. He looked very old like he could just drop dead at any second. However, he still walked in with confidence instead of walking in feebly as he was supposed to based on his age. His eyes still reflected confidence that wasn’t inferior to the youngsters.

“Family Lord!” the Third Elder shouted respectfully. Although they were a Divine Nation, their leader wasn’t the Holy King, but a Family Lord instead! This was because Sealing Heaven Divine Nation derived from a faction created inside a family. Thus they maintained the title even though they’ve already become a Divine Nation.

Yi Tianyun observed the current Lord from top to bottom and was quite surprised that the Lord only achieved 7th Layer Saint King Stage cultivation base. Although it was a strong cultivation level, it was a little bit too weak for someone his age. Did his cultivation regress due to his old age? Yi Tianyun didn’t know for certain, but it was clear that the old man didn’t have many years left to live.

The current Lord came with his cane in one hand. The people in the room immediately showed their respect to the utmost limit, but the Lord was already old. It was due time for him to retire from the faction duty. The three highest-ranking elders were the candidates for the next Lord. The requirement to be a candidate was to have personal prestige, talented children, and of course, their own strength.

“I didn’t expect Yi Xingchen’s child turns out to be such an amazing cultivator. It really is quite a sight to see such a great cultivation base and foundation at such a young age.” Suo Kaifeng, the Lord, said with a smile on his face.

He realized that Yi Tianyun was much stronger than himself, and with the Sealing Heaven Divine King’s pure bloodline flowing in his body, he knew that Yi Tianyun would become much stronger in the future. He didn’t have the Appraisal Eye, so there was no way he knew that Yi Tianyun was currently equipping the Desolate Ancient Set and had the Crazy Mode with him, but that was not the issue.

“Thank you very much for your compliment, Lord.” Yi Tianyun said respectfully. Although the third elder and the great elder gave him a bad impression, it didn’t mean that he should behaved rudely to the Lord, who didn’t seem to do him any harm earlier.

“What are you saying, my lord?!” the third elder said nervously. The Family Lord said that he would take this set of Divine Tools instead of the Third Elder, meaning that he would be fine if the soul search was used on him!

“I will help you get this set of equipment is what I’m saying here. It’s such amazing Divine Tools, and the generation to come would be greatly benefitted from it in the future! You don’t have to worry about the source! Since you said that you are innocent, there is nothing you should worry about.” Suo Kaifeng said indifferently.

“Rest assured as I will be conducting your soul search myself! As long as you don’t resist, your soul wouldn’t be damaged!” Suo Kaifeng said confidently, which was the truth as he was already an old man, and the third elder’s martial arts memories wouldn’t do him any good, so he didn’t have any reason to steal it.

Cultivators could live for a long time, but they couldn’t live forever! Suo Kaifeng has lived his life for a long time, meaning that he had sufficient strength and good people around him, making it possible to live out his life.

"Yes, you are right, my Lord. But..." The third elder was nervous, he seemed to be racking his brain to find a plausible excuse to refuse the Family Lord's order, but he knew that he couldn't do that. If he refused, he would be rebelling against the Family Lord, and it would be equal to rebellion against the Sealing Heaven Divine Nation itself!

The Great Elder frowned, and his expression turned sour. He knew that if the Family Lord insisted, his action in the past would be exposed.

"I don't know what else are you waiting for, I don't know what makes you so reluctant to accept this offer, but if you keep this up, I can't help but think that you're not telling the truth." Suo Kaifeng said coldly.

"No, that is not the case!" The third elder said with a pale complexion as he couldn't come up with another excuse to refuse the Family Lord.

"Then let's conduct soul search on you immediately! You want me to do it, or do you have any other preferences?" Suo Kaifeng said coldly.

"I am so sorry, Family Lord! What I did was wrong! I shouldn't have done any of it, please, I beg you to have mercy!" The third elder relented under pressure and knelt down in front of the Family Lord, begging for mercy.

He couldn't find any other excuses, and he didn't want to be soul searched as it was just going to make him lose even more after everyone knew that he was really the one behind all of it.

Everyone was angered after the third elder confessed. He had the audacity to blame it all on Yi Tianyun earlier, but now he admitted that he was really the one behind it all!

"I don't expect Third Elder and the Grand Elder to be the one to cause such havoc. They insisted that they weren't the one behind it at first, but it all turns out to be one big lie." An elder said with a disgusted expression.

"Does it mean we are blaming the wrong person this entire time?" another elder said with a guilty expression.

“This is too much! They really did everything for power. What a disgusting creature they have become!” another elder said with a bewildered and disgusted expression.

.....

They knew that Yi Xingchen was their future hope, but now the elders that they’ve been looking up to destroyed that hope! Now, the future of Sealing Heaven Divine Nation looked bleak. They were really disgusted by what the third elder and the great elder had done!

“Family Lord, we are at wrong! We are fascinated by the possibility of attaining more power than what we already have! We have made a huge mistake, but give us another chance! We will never make another mistake in the future!” Great elder kneel down beside the third elder as he knew that everything was already exposed. He knew that it was no longer possible to deny anything at this moment.

“How dare you!” Yi Yuanlong angrily shouted before he kicked the third elder with all his might, sending the third elder flying while vomiting blood from the attack. He then glared at the great elder. “I had a feeling that you have something to do with my son’s disappearance, but I didn’t expect you to go to such a length! We are from the same family, and I never expected you to be this cruel! Does everything has a meaning for you? Did you see anything was worth it now?” Yi Yuanlong said coldly.

“My son has become a victim of your search for power! What did you get from becoming the Family Lord anyway? More resources and power? Is it really worth it to destroy my son for it?” Yi Yuanlong furiously shouted as he pulled out his sword, but he knew that he couldn’t kill these two as it was the Family Lord’s decision to deal with their punishment.

Great elder remained silent as he had no intention to justify any of his deeds. It wouldn’t matter anyway as everyone knew that what he did was something terrible!

“Well, it seems I don’t have to give up any of my Divine Tool this time.” Yi Tianyun said indifferently on the side.

The truth was already out, so there’s no need for him to give up any of his Divine Tool as compensation.

## Chapter 713

"You attacked us when all we want is to leave? How dare you, you coward!" Jiao Linghe furiously shouted as she knew that she would be living happily with Yi Xingchen in Mortal World had it not for these two elders. She couldn't contain her anger as she was the victim of the elders' heinous act.

"I'm shocked. I never expected that you would try to kill your family over this position. You thought what you did was beneficial for you? Did you know what happened to a faction if no one is actually qualified to run the faction? This Sealing Heaven Divine Nation would fall apart overnight!" Suo Kaifeng said coldly. "You are pathetic! All you want is to cultivate a stronger secret art, and what? Did you think you could attain more power than any master out there?" Suo Kaifeng coldly said as he let loose his aura, pressuring everyone in the room.

At this moment, no one thought that Suo Kaifeng was just an ordinary old man as the pressure was intense! Everyone began to tremble from Suo Kaifeng's aura. The Great Elder and the Third Elder were nervous and worried as they knew that the Family Lord's wrath wasn't something they were keen to see.

"What would you do if neither of you becomes the Family Lord? Did you know that you can still cultivate like the Family Lord if you want?" Suo Kaifeng shouted furiously.

"What?" The Great Elder and the Third Elder stared wide-eyed at the Family Lord as they were surprised by his word. They wanted to become the Family Lord to covet the Cultivation Technique and Martial Arts that the Family Lord would have. However, if they could still get them without becoming the Family Lord, that meant everything they've done in the past was a waste!

"It has always been okay in Sealing Heaven Divine Nation to use whatever Cultivation Technique and Martial Arts that the faction had as long as you have contributed enough and have compatibility with said technique. You know why I never mentioned cultivation using any of the more advanced techniques that our faction had to you two? It is because you weren't compatible to use any of them!" Suo Kaifeng said coldly.

"Family Lord, we were in the wrong! We are obsessed with the more advanced technique, and we even harm Yi Xingchen for it. We swear that we will find the cure, no matter what!" The Great Elder said nervously.

“It is true, Family Lord! We don’t want to be abolished of our Cultivation Base. We don’t want to die!” The Third Elder said nervously. It was clear to everyone that these two were scared beyond their wits. If the Family Lord decided to abolish their cultivation, they would have nothing left! Their sons were useless, and therefore wouldn’t be able to take care of them.

“There is no reason left for you to beg! You have harmed your family, and therefore the only punishment left is to abolish your cultivation base or lay you to rest forever! There would be no mercy as you have to pay for what you have done!” Suo Kaifeng said coldly.

“No, please, Family Lord! You should consider that Yi Xingchen would have run away no matter what! It was equal to betraying the family! We punish those who betrayed us just as we did to others, so he should expect this much!” Great Elder argued worriedly.

Everyone sort of sympathized with the Great Elder this time. Yi Xingchen did elope with Jiao Linghe, so he essentially has betrayed the Sealing Heaven Divine Nation and would be eradicated on sight anyway. Suo Kaifeng was also silenced as the Great Elder’s words were truly sound.

“Did you think he would never come back? If you didn’t pressure him in the first place, he would never leave! If you think he is a traitor for Sealing Heaven Divine Nation, then I will avenge him myself!” Yi Yuanlong said coldly.

“But we are family. If you harm us, that means you violate the faction rules and laws! Whatever his reason may be, Yi Xingchen is a traitor! There is no question about it.” The Third Elder said with a smirk on his face.

It was unfortunate for Yi Yuanlong and Jiao Linghe, but the Great Elder and the Third Elder have found a loophole that even the Family Lord couldn’t argue against. Yi Yuanlong’s complexion changed as he knew that he couldn’t touch the Great Elder and the Third Elder to avenge his son anymore. This is the rule set by Sealing Heaven Divine King himself. No one could violate it, not even the Family Lord!

Great Elder and the Third Elder stood up again as they were pleased by the turn of events. It was common practice to punish the deserter, even in Mortal World! Everyone was dumbfounded as they never thought that the Great Elder and the Third Elder could escape capital punishment.

“Well, if that was the case, then I will be the one to avenge my father!” Yi Tianyun said indifferently. He reached out to Evil Spirit Divine Sword, and his body was immediately covered with the evil aura coming out of the sword. “I am not the member of Sealing Heaven Divine Nation. Therefore, I won’t be punished if I harm or even kill you!” Yi Tianyun said with a slight smirk on his face.

“You are a joke! Even if you aren’t part of our Sealing Heaven Divine Nation, you will become the enemy of Sealing Heaven Divine Nation if you attack us! Can you afford to become our enemy?” The third Elder said coldly to Yi Tianyun.

“Honestly, I am not sure even Sealing Heaven Divine King himself would be able to stop me! Compared to him, the current Sealing Heaven Divine Nation is a walk in the park!” Yi Tianyun said indifferently.

Everyone was shocked by Yi Tianyun’s words. No one expected a young man would have the guts to belittle Sealing Heaven Divine Nation in front of the Family Lord! Jiao Linghe herself was stunned hearing her son’s word. She knew that Yi Tianyun was impulsive, but he was not suicidal! But whatever happened, she would always stand beside her son!

“But hear me out, I don’t want to involve the entire Sealing Heaven Divine Nation as my father was originated from here. On top of that, my grandfather is also here. So I could show a little self restrain with all that as consideration. With that said, I propose a duel! If you two win against me, all of these Divine Tools would be yours!” Yi Tianyun said indifferently.

## Chapter 714

A death duel? Most people couldn’t believe what they were hearing. There was no way Yi Tianyun, who was practically a child, could win against the Great Elder and the Third Elder!

“Absolutely not!” Yi Yuanlong shouted as he didn’t want this duel to happen. Yi Tianyun was his grandson! The remnant of what was left of his son, and he would never forgive himself if he lost him!

“Great! Make sure you don’t go back on your word, you arrogant brat! Let alone both of us, you will never win against me alone!” The third elder said while laughing maniacally.

“Well, I meant every word! I am taking you both down at the same time! No need to go line up!” Yi Tianyun said tauntingly.

Everyone was still surprised as Yi Tianyun's words were truly delusional. Both elders were at high Spirit King Rank cultivation base. Meanwhile, Yi Tianyun was still in his teens. There was no way he could best two Spirit King experts! Jiao Linghe also shared the same opinion. She might believe that Yi Tianyun could take them one by one, but not two at the same time!

"Son, that is not wise. Those two's cultivation base is among the best at Sealing Heaven Divine Nation!" Jiao Linghe said as he tried to change Yi Tianyun change his mind.

"Mother, it is fine! I already decided what I want to do." Yi Tianyun said indifferently.

"Elder sister, I think it would be the best to leave it to Yi Tianyun." Shi Xueyun said as she walked towards Jiao Linghe and tried to comfort her. She never doubted Yi Tianyun, and she knew that he wouldn't have any problem defeating the elders if he put his mind to it.

"But this is two high-ranking elders!" Jiao Linghe said as she was still worried about Yi Tianyun's safety, but she also felt a little bit guilty that she couldn't bring herself to trust her son a little more. But these two elders had Divine King Martial Arts in their arsenal, meaning they would be stronger than most cultivators with the same level of cultivation as them out there.

As a comparison, The Great Elder was at the Spirit King Peak Stage Cultivation Base, and with his Divine King Martial Arts, he could overpower up to a 3rd Layer Saint King Stage expert! Then what if the Great Elder had the Third Elder's help? There was no question that their power would be much higher than that!

"Kid, don't let anger control you! I know that you are angry about what happened to your father, but it's not wise to propose a death duel like this! If you insist, I will accompany you in this duel, just so that you have a better chance of survival! Even if I'm punished for sinning against the faction, I will take that chance over losing my descendant yet again!" Yi Yuanlong said frustratedly.

In the end, Yi Yuanlong went against the Sealing Heaven Divine Nation to punish these two elders.

"Don't worry, Grandfather! I can deal with them on my own. You just have to trust me." Yi Tianyun said indifferently.

Yi Yuanlong looked at his grandson's unwavering gaze and immediately backed out from the duel. After all, he didn't believe in Jiao Linghe back then, so he didn't have the right to lecture his grandson this time.

"Family Lord, do you approve this Death Duel?" Yi Tianyun asked solemnly.

"Sealing Heaven Divine Nation doesn't prohibit death duel. Therefore, if everyone agrees to this duel, I shall be the witness!" Suo Kaifeng said after a moment of silence.

"Thank you very much, Family Lord!" Yi Tianyun nodded respectfully. He never wished to involve himself with Sealing Heaven Divine Nation in the first place, but he knew that his father wouldn't be so happy knowing his faction was razed to the ground when he woke up.

"Are you sure you didn't make a mistake here, brat? If we win, all of those Divine Tools is ours, right? Regardless of you are alive or not." The third elder said with a greedy look on his face. He continued to ask Yi Tianyun for more questions regarding the Divine Tool as if it was a given that he would win the duel.

"Your questions annoy me. Yes, it would all be yours if you can win against me! I will only be using the Divine Sword!" Yi Tianyun said annoyedly.

"Great, then we agree to death duel!" Great Elder and the Third Elder said at the same time. It was clear to everyone that these two elders were already blinded by greed. The Divine Tools that Yi Tianyun showed were too precious for them to pass on.

"So, where will the duel take place?" Yi Tianyun asked indifferently.

"Here, there is no need to change venue. If you can break this hall, that makes you an amazing cultivator." Suo Kaifeng said sullenly.

"Well, I don't mind." Yi Tianyun said indifferently.

“We don’t mind as well! Although this brat has already given up his life, I will deal with you alone! There is no need to gang up on a single brat!” The third elder said with a smirk on his face.

“You are free to do anything you want. You will die anyway!” Yi Tianyun said with a light shrug.

At the same time, everyone has cleared up some space for the duel as they didn’t want to get caught in the crossfire between the attack.

“Your arrogance has no bounds, brat! I will teach you in your final moment that you need to respect your elder!” The third elder said as he pulled out a long stick, it was a Divine Tool rank weapon, which meant that he had a weapon that rivaled Yi Tianyun’s.

Although it was a death duel, they didn’t feel the suspense as everyone thought the third elder would win no matter what.

## Chapter 715

Yi Tianyun had a Divine Tool and that was indeed amazing for his age, but the Third Elder also had one. Some people thought that Yi Tianyun was delusional enough to propose a duel against the Third Elder and the Great Elder, and they thought it was foolish not to use all his Divine Tools!

“This kid might think that the Third Elder didn’t have any Divine Tool with him!” an elder said with a frown on his face.

“Yeah, that is one of the possibilities. He may be too confident, and it’s not necessarily a good thing.” Another elder commented.

“Well, if it were me, I would regret proposing the duel as I wouldn’t only lose my life but also a Divine Tool set.” Another elder commented with a sigh.

Everyone began to talk about Yi Tianyun’s impulsive behaviour as they thought it was an unwise move. Yi Yuanlong looked at the Third Elder coldly. He made up his mind that he would interfere with the duel as soon as he deemed that Yi Tianyun was in danger.

“Let’s go already! Stop wasting everyone’s time!” Yi Tianyun said indifferently. He stood with the Evil Spirit Divine Sword still stuck on the floor. His action was so reckless that everyone began to sigh that it would be a short fight!

“I don’t know which part of you resembles Yi Xingchen. You are too arrogant for your own good!” The third elder said coldly. He then released his 5th Layer Spirit King Stage aura and immediately rushed towards Yi Tianyun. He used all his power at once as he was annoyed by Yi Tianyun’s arrogance.

In an instant, the third elder was already in front of Yi Tianyun, and he immediately attacked Yi Tianyun with a terrifying power! His power augmented a Divine Thunder, causing his attack to be lightning fast! Everyone was sure that once the third elder’s attack landed, the kid would die instantly!

Yi Yuanlong was ready to cover Yi Tianyun, but he was too late! He didn’t expect the third elder would go all out right from the start! Thus he was caught off guard and couldn’t reach Yi Tianyun in time! “Get away from there!” Yi Yuanlong shouted nervously.

But Yi Tianyun was unfazed. One wave from the Evil Spirit Divine Sword caused a horde of spirits to roar and surround the third elder in an instant.

“Diving Evil Spirit!” Yi Tianyun said indifferently.

The third elder’s thunder and lightning were instantly swallowed by the evil spirit. Even his whole body was covered by the evil spirit! The third elder couldn’t see anything in his vicinity due to the sheer amount of Evil Spirits covering his whole body.

The evil spirit also bit his body and soul as the third elder couldn’t defend himself against the evil spirit! He screamed in pain as the damage to his soul and the damage on his body was excruciating! He couldn’t attack due to the evil spirits’ attack and fell to the ground. He tried to cover his head needlessly as blood started to drip from his ears, eyes, and nose.

The third elder obviously couldn’t defend against the evil spirit from Yi Tianyun’s attack! Everyone was shocked by this scene as it was clear that the third elder was easily overpowered without Yi Tianyun really doing anything. It was surprising, especially since the third elder had the power of thunder on his side.

“You will fall under the Evil Spirit that will keep devouring your soul until it’s all gone!” Yi Tianyun said coldly to the third elder before turning his attention towards the Great Elder. “You can start whenever!” Yi Tianyun said indifferently.

The third elder has already lost. There was no way he could turn around the tide after taking serious damage to his soul like that. Everyone sighed in relief because they truly thought that what they did in the past was abominable!

Yi Yuanlong, who initially wanted to help Yi Tianyun, was dumbfounded as he didn’t even lift a hand. It was clear that his grandson was more powerful than the third elder and the great elder! Yi Tianyun overpowered the third elder with just one move. He even let him suffer as long as he could without finishing off the third elder!

“Like I told you, grandfather, just trust me!” Yi Tianyun said with a light smile on his face.

“Alright, I will calm down now.” Yi Yuanlong said as he felt excited to see his grandson was this strong! Everyone has told him that his grandson would be weak due to Yi Xingchen marrying some outsider, but clearly, everyone was wrong! Yi Tianyun was still young, but he easily overpowered the third elder like it was nothing!

“Elder sister, I told you not to worry about him.” Shi Xueyun said with a smile on her face.

“This is surprising. The third elder was supposed to be more powerful than the bandits from the forest!” Jiao Linghe said with surprise clear on her face. Even so, she wasn’t completely relieved either as she knew that Yi Tianyun still had to fight against the Great Elder, and he was supposed to be much stronger than the third elder!

Suo Kaifeng’s eyes lit up with excitement. He didn’t care about the third elder who was lying on the ground as his eyes were focused on Yi Tianyun. He had lived a long life, but he has never seen anything like this! He never saw a genius with a cultivation at this level despite his young age.

He was reluctant to agree with the death duel at the start as he knew that it was such a waste to lose such a young man, but he couldn’t do anything about it as Yi Tianyun himself was the one who proposed the duel!

Although the third elder and the great elder was his faction member, he couldn't say he agreed with the way they think. It was clear that the third elder and the great elder were blinded by power! He knew that it would affect the faction significantly if he lost two elders at the same time, but as he saw Yi Tianyun's power, he didn't care that much anymore. It was clear that Yi Tianyun was worth more than the two elders combined!

"I have to admit that you're not bad at all. No wonder you were that confident earlier, provided your cultivation level. Too bad for you it wouldn't work on me! I have the Divine King Bloodline on me. All your effort is futile!" the Great Elder said with a smirk on his face.

## Chapter 716

When the great elder saw Yi Tianyun's power, he wasn't really impressed! He thought that it was normal for someone that has so many Divine Tools to be this capable! He pulled out a giant axe and activated his defence Divine Rune on the axe. Everyone could feel boundless energy from the axe that they could barely move due to the pressure.

"That is the Star Divine Axe! The Great Elder is finally going to use his ultimate weapon! He has killed so many well-known cultivators with that axe!" An Elder said excitedly.

"Yeah, I haven't seen the Great Elder use that axe for a long time! He could definitely change the whole venue with that axe's power." Another elder said with the same excitement.

"The kid is indeed strong, but the Great Elder is definitely stronger! There is no way the Great Elder of Sealing Heaven Divine Nation would lose against a little boy. What would Sealing Heaven Divine Nation be if we can't even defeat that teenager!" another elder said with a frown on his face.

All the elders seemed to be intrigued by the Great Elder's Stars Divine Axe, and no one bothered to look at Yi Tianyun's weapon anymore. They knew that it was a Divine Tool, but based on their Divine Tool's appearance, they were convinced that Great Elder's Divine Tool must be more powerful than Yi Tianyun's.

Yi Tianyun was also aware that the Great Elder's weapon was more powerful than his. However, Yi Tianyun wasn't afraid. He knew that he was far more powerful than the great elder, and there was no way he would lose the fight!

“Didn’t you say that you have the Divine King Bloodline in you? Why don’t you show it to me and let me know how strong the Divine King Bloodline you respected really is!” Yi Tianyun said indifferently, but in fact, he was curious of this Divine King Bloodline’s power.

Sealing Heaven Divine Nation was extremely cautious of their Bloodline transfer. They understood that their descendant would have to inherit the Bloodline to some extent even though they know that the Bloodline would be diluted at a later generation. Therefore, they had to slow down the dilution to find a potential partner to have a child with.

“Kid, don’t let him release his Bloodline’s power!” Yi Yuanlong shouted on the side to remind Yi Tianyun.

“Grandfather, relax! As long as it wasn’t the Sealing Heaven Divine King himself, I wouldn’t lose! I just want to know how powerful this Bloodline that you respected really is.” Yi Tianyun said indifferently. He sounded arrogant right now, and everyone judged him for it.

“This brat is too arrogant for his own good! He thought it would be easy to defeat the Great Elder after defeating the third elder?”

“I would be willing to bet the kid would regret it later!” another elder said with an annoyed expression.

“It’s probably because he is still too young to understand what is happening in front of him right now!” another elder said with a frown on his face.

The elder immediately acted neutral. They knew that the Great Elder had done something terrible, but seeing that Yi Tianyun was too arrogant, they didn’t want to cheer him on as they did earlier.

“You are really arrogant, kid! I know that you would be powerful in the future, but you won’t be able to deal with me in your current state! I will do you a favour and cut your life short!” Great elder said as he immediately released his bloodline power! His aura immediately shone brightly while his axe emitting a similar bright light. It was like seeing a star in the night sky, terrifyingly bright!

“Stars Energy!” The great elder shouted as his aura was immediately enhanced, raising his power significantly.

This is the power of the Divine King Bloodline, it was connected to the power of the star, and once it was used, the user's power would be significantly enhanced! The Evil Spirit Bloodline's power came from within, while the Divine King Bloodline's power came from the star above!

The name Sealing Heaven Divine King wasn't just to intimidate the enemy, but because it was truly connected to the source of power that he used! The Sealing Heaven Divine King used the power of the star for his cultivation, which made him one of the strongest cultivators in the past!

Due to this surging Star Energy, the Great Elder's combat power rose to 4 billion. That combat power was far beyond the Spirit King Peak Stage cultivator. It was something that the 4th Layer Saint King cultivator should have! Clearly, Yi Tianyun wasn't expecting something like this either! The Great Elder's combat power after using the Divine King Bloodline rose beyond his expectation!

"Interesting, no wonder you respected the Divine King Bloodline that much. This Bloodline would be able to control the world if used properly!" Yi Tianyun said with a nod as he was impressed by the Great Elder's power.

But even so, the Great Elder's power still too weak compared to Yi Tianyun's power. Even so, Yi Tianyun knew if the opponent had a purer bloodline, they could cultivate so much easier as they would undeniably be able to use a stronger Star Energy!

"It's over!" Yi Yuanlong said with a sad expression as he thought that the Great Elder would definitely win. Even he couldn't stop the Great Elder once he used the Divine King Bloodline's power.

Jiao Longhe also felt the same thing, but Shi Xueyun kept comforting her as she knew that Jiao Linghe would find it hard to accept the truth that Yi Tianyun really was a powerful cultivator.

"Believe in Tianyun!" Shi Xueyun said with a smile on her face. Jiao Linghe just nodded his head as she knew it was the best she could do at the moment.

"I wonder if you can withstand the Great Elder's power now, kid." Suo Kaifeng said to Yi Tianyun expectantly. He was looking forward to Yi Tianyun's victory more than the Great Elder's victory because Yi Tianyun would have a great potential to surpass the Great Elder in the future.

But Yi Tianyun's expression was somewhat bored. The Great Elder's power was too weak for Yi Tianyun that he walked towards the Great Elder and whispered, "Can you raise your power even further?" Yi Tianyun said indifferently.

The Great Elder was shocked to hear Yi Tianyun's word. Everyone was also dumbfounded after they heard what Yi Tianyun was saying. Was Yi Tianyun really stronger than the Great Elder, or was he just stupid all along!?

## Chapter 717

"You are merely a cat in front of a tiger! I admire your bravery, but that's it! Those Divine Tools will be mine!" the great elder said coldly. He then aimed his axe at Yi Tianyun and swung it with all his might. A line of dazzling starlight manifested, heading towards Yi Tianyun's direction at an extreme speed. It was clear to everyone that the Great Elder was serious and no longer wanted to waste his time on Yi Tianyun!

Everyone knew that was just the Great Elder's attitude towards his enemy. He always got serious right off the start so that the enemy didn't have any chance of surviving! The earth shook due to the Great Elder's powerful attack, but fortunately, the room was already coated with Divine Rune, so the Great Elder's attack didn't damage the palace!

"Star God!" the Great Elder shouted as he swung his great axe once more.

"A god? Let me teach you the meaning of god here!" Yi Tianyun coldly said as he slammed the Evil Spirit Divine Sword to the ground. Suddenly, the Great Elder was surrounded by the Evil Spirits, and Yi Tianyun began to smirk as the effect he was waiting for finally occurred.

'DING!'

'Successfully triggers the Critical Attack, All damage amplified three times!'

The great elder was torn apart by the Evil Spirit that Yi Tianyun summoned. Even the dazzling light that came from the great elder's axe was swallowed without a trace! Everyone could sense the terrifying Evil Aura that came from Yi Tianyun's attack, but fortunately, they immediately stepped back before they got swallowed by the Evil Spirit too!

Everyone was clearly shocked by the power behind Yi Tianyun's attack. The Evil Spirit that Yi Tianyun has summoned could cover the entire palace with ease! This was the most terrifying attack they have ever seen. It was clearly above the Great Elder's league!

"Get off of me!" The great elder screamed as he struggled to get away from the Evil Spirit. He swung his Stars Divine Axe repeatedly, but the attack was immediately swallowed by the endless darkness that came in the form of Evil Spirit.

The great elder even bombarded the Evil Spirit with the strongest attack that he could muster, but it just opened a little path from the Evil Spirit that surrounded him, and it quickly surrounded him again.

In the meantime, Yi Tianyun's attack has even swallowed the entire room and even began to shroud the sky above them as if the Evil Spirit was trying to swallow the earth itself!

"Good lord! Even the sky was being swallowed!" The elder shouted, full of surprise as they evacuated themselves from the room. They were dazzled by the great elder's power just a moment ago, but now they were cowering from Yi Tianyun's power!

However, Yi Tianyun's attack didn't last long as the Evil Spirits were absorbed back to Evil Spirit Divine Sword. The light returned to the hall, and everything seems normal, as if nothing happened in the hall to begin with!

Only the great elder seemed different as he slumped on the ground with his face pale after taking on Yi Tianyun's attack. He was still alive, but it was clear to everyone that he could no longer fight as the great elder groaned in pain, just like the third elder on the side!

People kept thinking that Yi Tianyun wouldn't be able to defeat the great elder even though he might be stronger than the third elder, but that wasn't the case at all! Yi Tianyun's attack just now was clearly more powerful than the attack he launched toward the third elder. It was too much different than the last attack! But the thing that left the entire hall speechless was the fact that the great elder was defeated so easily!

The great elder and Yi Tianyun attacked at the same time, but the great elder's attack never reached Yi Tianyun at all! It was clear that Yi Tianyun's attack was much stronger than the great elder's attack. But

even so, everyone knew that Yi Tianyun didn't attack the great elder with the intention to kill as the great elder should be dead if Yi Tianyun wanted him to!

"Your so-called Star Power is good, but it wasn't enough to reach me. You two would be swallowed by the Evil Spirit slowly, and your soul would be corroded over time. I hope you would repent your sin in your next life!" Yi Tianyun said coldly.

He then put away the Evil Spirit Divine Sword and looked at everyone else indifferently. He wasn't just arrogant as he had the power to back it up! Everyone realised that Yi Tianyun never considered any of them as a threat as he was just toying with them in the first place!

Yi Tianyun easily defeated the great elder. Did that mean he was stronger than the great elder? If that was the case, then does it mean that Yi Tianyun already reached the Saint King Stage? If that was also true, then that meant Yi Xingchen had a son who already reached the Saint King Stage at such a young age!

Everyone was dumbfounded by these facts alone, and Jiao Linghe was no exception! Yi Yuanlong was even more dumbfounded by the fact that his grandson was even stronger than himself! It was clear that both Yi Yuanlong and Jiao Linghe didn't trust Yi Tianyun enough in the first place!

But everyone's attention shifted back to the third elder and the great elder who kept on screaming horrifiedly, unable to withstand the pain from having their soul devoured by the Evil Spirit. The Evil Spirit took its time devouring their soul. Clearly, Yi Tianyun controlled the Evil Spirit to do so as everyone knew that the Evil Spirit could just devour their soul in one go!

"Family Lord, save us!" the third elder shouted as he struggled to get up as his face was already petrified from the pain. Cold sweat already covered the floor below him as he kept trying to defend his soul from the Evil Spirit. He tried to crawl towards Suo Kaifeng as he couldn't withstand the pain any longer. Earlier, he only would do anything to stay alive, but now, even death would be a mercy!

"You agreed to a Death Duel. Thus I have no authority to decide what happens to you." Suo Kaifeng indifferently said as he concealed his emotion to the third elder. From the moment that the truth was out, Suo Kaifeng no longer cared about the third elder and the great elder as what they have done in the past was really abhorrent!

Surely, if Yi Yuanlong attacked these two, Yi Yuanlong would have to be punished as he attacked his own family, but as Yi Tianyun wasn't part of the faction, he could ask for a death duel to pursue justice!

Yi Tianyun looked at Suo Kaifeng and nodded at him. If Suo Kaifeng wanted these two to be killed instantly, Yi Tianyun would've done so, but as he realised Suo Kaifeng didn't care, Yi Tianyun wanted to torture these two a little more!

Yi Tianyun wasn't a dreadful person, but for these two who justified poisoning a man and even that man's child, Yi Tianyun didn't want to show any mercy!

## Chapter 718

Suo Kaifeng's indifference startled everyone else as it was questionable for the Family Lord to let his two best elders die. But then again, it was done in a fair Death Match. At the same time, people began to wonder whether the Sealing Heaven Divine Nation would take another hit now that two of their strongest elders were in this state.

The Great Elder had the potential to break through into the Saint King Stage, and now that he couldn't do that anymore, the Sealing Heaven Divine Nation would have to wait for a long time to have someone with the same potential.

"Family Lord, please save my father!" the Son of the Great Elder rushed towards Suo Kaifeng as he couldn't stand to watch his father anymore.

"Family Lord, please save the Great Elder. We are willing to pay the price for that!" numerous people from the Great Elder's family stepped forward to ask for mercy to the Great Elder. They kneeled in front of the Family Lord to beg for his mercy.

"It's not for me to decide, if you seriously want to ask for mercy for the Great Elder, ask Yi Xingchen's son!" Suo Kaifeng said with a frown on his face. He was not a fool. He knew that Yi Tianyun wasn't even serious yet. Thus he knew that he wouldn't be able to survive the confrontation either! The best he could do was show his utmost respect to Yi Tianyun so that the Sealing Heaven Divine Nation didn't become the teenager's enemy!

The Death Match has been approved by both sides. Thus everything that happened in the battle was up to the winning side to decide. Thus the Great Elder's family was surprised once again by the Family

Lord's decision and immediately rushed towards Yi Tianyun and bowed their head for Yi Tianyun to spare the Great Elder.

"I wonder what they were thinking when they poisoned my father and me. They knew full well what kind of poison it was, and they had it in them to proceed with their wicked scheme. Thankfully, my father is strong enough to withstand the effect of the poison for this long. As for me, I was lucky that I managed to cure the poisoning! Now, if I poisoned the Great Elder, would you give me mercy?" Yi Tianyun asked indifferently.

The Great Elder's Family was startled by Yi Tianyun's words as they knew that it meant the Great Elder wouldn't be given any mercy. The weight of the Great Elder's sin towards Yi Tianyun's family didn't earn him Yi Tianyun's mercy today!

"Please, have it in you to let the Great Elder go. We will be forever indebted to you, and we will give you all of our family treasures too. You can even make us your subordinate for the rest of our life!" the people from the Great Elder's family kept pleading for Yi Tianyun's mercy despite what Yi Tianyun has said earlier.

But for Yi Tianyun, their pleading means nothing.

"It was such a shame. I didn't have any intention to make any of you my subordinates! Maybe it was too late, but I never said that I was a good person either! Ever since their misdeed was out of the bag, they had no intention to repent for their sin. Worse, they tried to scam my grandfather for the resources to heal my father back to health. People like them are a waste of space and thus better to rid them from this world! I am doing the world a favour by doing this!" Yi Tianyun said indifferently.

Yi Tianyun turned his attention back to the two elders who were writhing on the floor, screaming in pain as the Evil Spirit kept gnawing on their soul. Their plead was too boring for Yi Tianyun to hear, and he didn't want to listen to any of them any longer. The same could be said to Jiao Linghe and Yi Yuanlong. They had no intention to persuade Yi Tianyun to show mercy for these two elders as they knew that what these two elders did in the past was unforgivable!

It was a normal occurrence in this world to reap what you sow. Thus if the others were kind enough to bring a gift, it was a courtesy to repay them somehow. But if the others gave you hatred, it was a great fulfilment to exact your revenge against them!

“Now, I will give you two a chance to kill yourself if you couldn’t endure any longer. That way, you will be able to preserve your last dignity and also gave the Sealing Heaven Divine Nation a little bit of respect that it needed!” Yi Tianyun said indifferently to Great Elder and the Third Elder.

They thought Yi Tianyun would be giving them mercy, but it turned out that he just offered them to commit suicide! It was either that or suffered until death by having their soul gnawed by the Evil Spirit!

“You are a cruel and wicked monster! May you never be reborn in this world!” the Great Elder said as he gritted his teeth and stood up, he pulled out a sword and ready to take his own life, but Yi Tianyun got to him before he could do it!

“There are too many people who already cursed me and died before they could see it happen. I wanted to let you die in dignity, but it seems even that was too good for you. I despise people like you!” Yi Tianyun said as he grabbed the Great Elder’s soul and pulled it out of the Great Elder’s body before he burned the soul with the Immortal Fire!

The Great Elder screamed horrifiedly as the pain intensified countless time than when his soul was gnawed by the Evil Spirit. The Great Elder screamed and tried to curse Yi Tianyun even more, but he couldn’t say anything but gibberish as he couldn’t withstand the pain.

The scene was terrifying as burning one’s soul meant that the person wouldn’t be able to enter the soul cycle. In other words, they would never be reborn again! The Third Elder, who wanted to do the same thing as the Great Elder, was discouraged. He immediately pulled out a long sword and stabbed himself right on the heart, killing himself immediately!

The Third Elder’s aura disappeared from the hall as his body slumped on the ground, unmoving. Suicide was terrifying, but it was better for him as the pain from having his soul gnawed by the Evil Spirit was unbearable.

Yi Tianyun himself didn’t care at all as the look of indifference was still evident on his face. It was his principle to kill all of his enemies, especially those who tried to took his life!

## Chapter 719

The Third Elder’s suicide pained many people, but they couldn’t voice their complaint. The Third Elder has agreed to a deathmatch, so his death was justified. They saw Yi Tianyun as an outsider whose life

didn't matter for Sealing Heaven Divine Nation, but the third Elder has done so much for them in the past, so they couldn't help but felt a little discontent.

Yi Tianyun didn't care about any of these people's feelings as it was normal to feel anger towards someone who killed their loved ones. If they wanted to take revenge towards Yi Tianyun, he would welcome them anytime.

"If you want to take revenge on what took place here, I will always welcome you anytime. But if you took this revenge towards my family, it wouldn't end well for your entire faction! If you want to see what will happen to you in collective masses, try me!" Yi Tianyun said indifferently. Although he showed no interest in the Sealing Heaven and his tone was indifferent, it still sent chill down people's spine!

"I beg you. Please give our master a rest!" Several disciples said as they bowed their head in front of Yi Tianyun as the Great Elder was still burning painfully on the side. They knew that they wouldn't be able to change the outcome of their master, but they couldn't want to see their master tortured like this.

"Give your master a rest? Didn't I already give him the opportunity to do so earlier? Not only did he reject the offer, he even had the audacity to curse me. Well, now he can freely curse me while I am standing here, listening." Yi Tianyun said coldly.

Yi Tianyun then walked towards Jiao Linghe and Shi Xueyun with a smile on his face. "Mother, Aunt, did I disappoint you with my choice?" Yi Tianyun asked curiously.

"Why did you still call me aunt?" Shi Xueyun said with a frown on her face.

"Oh yeah, it was a force of habit. I will pronounce you as my woman properly later!" Yi Tianyun said with a warm smile on his face.

"Please, stop embarrassing me." Shi Xueyun said as her face became bright red. Jiao Linghe on the side was smiling as she looked at her son. His power really surprised her. Still, she could see her own and Yi Xingchen's reflection on Yi Tianyun's personality. She was worried when Yi Tianyun had to fight against the Great Elder earlier, but it was just a false alarm as Yi Tianyun defeated the Great Elder with ease!

There was no doubt on her mind that Yi Tianyun was at least at Saint King Stage cultivation level!

The Elders and disciples of Sealing Heaven Divine Nation couldn't help but feel anger and embarrassment at the same time as their Great Elder was still tortured while the one responsible for such a thing was talking and laughing with his family. But their emotion was meaningless as they knew that they couldn't beat Yi Tianyun even if they all ganged up on him.

Yi Yuanlong sighed and approached Yi Tianyun. "Child, let the great elder rest now. It is enough." He said with a sad smile on his face. He was still part of Sealing Heaven Divine Nation, so he knew that everyone wouldn't like it to see the Great Elder being tortured like this.

"Since grandfather was the one who asked, I will do as you say." Yi Tianyun said as he snapped his fingers, and the great Elder was instantly burned, leaving no trace!

The entire hall became quiet as soon as the Great Elder died. The Great Elder's body also started to burn and only left a pile of ashes after a while. His soul was gone, and his body was burned to ashes. The Great Elder had nothing to leave behind.

Yi Tianyun didn't blame his grandfather as he understood that Yi Yuanlong couldn't help Yi Xingchen nor Jiao Linghe in the past due to the pressure from the faction. Furthermore, Yi Xingchen could get away from Sealing Heaven Divine Nation in the first place was due to Yi Yuanlong's interference.

"Family Lord, thank you very much for your support!" Yi Tianyun said calmly. He knew that if Suo Kaifeng interfered with the deathmatch earlier, Yi Tianyun would have a difficult choice to make.

"There is a reason for everything, and their action in the past was something unforgivable. The choice to conduct a death match was also a justified reason; thus, agreeing with one means that both sides are willing to give up their lives." Suo Kaifeng said calmly.

Everyone was startled by Family Lord's word. They thought Suo Kaifeng wouldn't agree with Yi Tianyun's way of doing things as he tortured the Great Elder and the Third Elder, but to their surprise, he didn't seem to mind. As a result, everyone began to rethink their feelings about all this. Clearly, they couldn't take the family lord's word immediately, as it really pained them seeing their Great Elder being tortured earlier.

Yi Tianyun nodded his head. He understood what Suo Kaifeng was thinking here. It would be better to give up the two elders if Yi Tianyun were willing to join the Sealing Heaven Divine Nation, or at least willing to fill in the gap!

“My family, you all have worked hard so far, and now we are hurting ourselves out of stubbornness to preserve our Bloodline. The power within our family is already weakened. Thus it no longer has a valid value! This is our mistake, and we should correct it for the future generation, so they didn’t make the same mistake that we did.” Suo Kaifeng said solemnly to all of his faction members.

“As for Yi Tianyun, you still have the blood of Sealing Heaven Divine King within you. If you are willing to come back to Sealing Heaven Divine Nation, I would be forever grateful, and I am sure your father would be happy too. To compensate for the past mistake that our Elder had done to you, I am willing to provide the Royal Phoenix Blood Essence and the Heavenly Fragrant God Grass!” Suo Kaifeng said solemnly to Yi Tianyun.

Everyone was surprised as the Family Lord was willing to compensate such valuable resources just to reel Yi Tianyun in to Sealing Heaven Divine Nation.

Yi Tianyun has already expected as much, for he already demonstrated his strength earlier that Suo Kaifeng knew that he must never let Yi Tianyun go. Sealing Heaven Divine Nation has fallen. They no longer had the prodigy who could propel the faction’s reputation back to compete with other factions.

Yi Yuanlong on the side also looked at Yi Tianyun as he hoped that Yi Tianyun and Yi Xingchen could return to Sealing Heaven Divine Nation. After all, this was their home. Although they’ve gone through a horrible experience in the past, the fact that Sealing Heaven Divine Nation was their home would never change!

## Chapter 720

Suo Kaifeng’s offer for Yi Tianyun raised dissatisfaction among the faction, but they knew that Sealing Heaven Divine Nation would gain more glory and recognition if Yi Tianyun joined them! He already possessed a terrifying power that easily surpassed two of their best elders, so he would easily become the great elder once he joined.

But it was frustrating for some part of them as Yi Tianyun was still a teenager. He wasn’t even 20 years old yet appearance-wise, but he had already reached Saint King Stage!

"I can't decide anything until my father wakes up." Yi Tianyun said indifferently. He didn't want to join Sealing Heaven Divine Nation as he didn't have a good impression of them. Moreover, he already had his hands full with Heavenly Cloud Empire, so he didn't think he could afford the time to join another faction.

But still, Yi Tianyun needed to know what his father would think about all this before he decided.

"For sure, we must wake him up no matter what!" Suo Kaifeng said as he walked towards the coffin and inspected Yi Xiangchen on his own. "This is indeed the Bloodthirsty Poison. In addition to its dreadful effect, it was also hard to detect!" he said with a frown on his face. He couldn't believe the great elder and the third elder could find such poison on their own and even had it in them to use it on Yi Xiangchen!

This poison will burn the Blood Essence inside the victim body so rapidly that they would be dead in a matter of days once the Bloodthirsty Poison circulated in their body, and a small drop of this poison would be enough to do the trick!

"The poison has been ingrained inside his body. I believe it was from the attacker's blade at that time. We don't even know about the poisoning until we safely reach the Desolate Bone Forest! The common antidote for Blood Essence ailments didn't work. I want to find a better antidote, but I couldn't as Yi Xingchen was no longer safe to be left behind alone." Jiao Linghe said coldly. She still hated the third elder and the great elder so much that their death wasn't quite enough for her.

They left Sealing Heaven Divine Nation to start a family, but they never thought the Sealing Heaven Divine Nation would treat them like a criminal and hunt them down. They even resorted to using such a vile poison against their own kin!

"They're not content with only poisoning Yi Xingchen that they even laid their hands on the newly born Yi Tianyun at that time! We are doing nothing wrong, and even we have done something wrong, we didn't deserve something like this!" Jiao Linghe said coldly.

Everyone was silent as everything Jiao Linghe had said wasn't wrong. The two elders were definitely too blinded by greed that their conscience allowed them to do that.

"This is my fault for my inability to manage my elders. But no matter, they are dead now, and it is time to heal Yi Xingchen back to health! But it was unfortunate that we didn't have any Blood Drinking Grass and Royal Phoenix Blood Essence with us. We only have the Heavenly Fragrant God Grass!" Suo Kaifeng said solemnly.

"I have got my hands on Blood Drinking Grass recently." Jiao Linghe said as she took out the Blood-Drinking Grass from her storage ring.

"We are in a predicament; Royal Phoenix Blood Essence is hard to get! In the underworld, it's worth Three High-Grade Sacred Tool, but I don't think we can get it soon. The only other option is to trade with the Phoenix Clan themselves, but the Royal Phoenix Blood Essence is so precious to them, and I don't know how much they would ask for that." Suo Kaifeng said with a frown on his face.

"If it's a Royal Phoenix Blood Essence, I have it on me." Yi Tianyun said casually while pulling out the Royal Phoenix Blood Essence from his storage ring, he used one before and saved another drop in case he needed it later, but he never expected to use it on his own father.

"It really is Royal Phoenix Blood Essence. How did you get it!?" Suo Kaifeng asked curiously with a surprised look on his face. Everyone else also showed the same expression as it really was valuable.

"I helped the Phoenix Clan in the past, and they give me the Royal Phoenix Blood Essence as a reward." Yi Tianyun said indifferently.

Everyone was confused as there was no way the Phoenix Clan would reward anyone with Royal Phoenix Blood Essence simply for helping them. Even if it were the truth, the Phoenix Clan must be in quite a situation to reward such a thing! Everyone began to think that Yi Tianyun must have a good relationship with the Phoenix Clan!

Jiao Linghe remembered the Blue Phoenix that Yi Tianyun summoned earlier and smiled to herself. The Blue Phoenix was the sign that her son had a good relationship with the Phoenix Clan, but she didn't need to tell anyone about it!

"Great! so we can start Pill Refining right away!" Yi Yuanlong said excitedly. He was surprised by his grandson's achievement, but Yi Xingchen still came first in his mind right now.

“Well, that is another problem! In order to refine the Detoxification Pill for Bloodthirsty Poison, we need an advanced level alchemist. However, considering we don’t have any reserved resources, we need a master level alchemist to make sure that the refining process is successful!” Suo Kaifeng said with a frown on his face.

The refining process couldn’t fail now as they only had one each of the material needed for the Detoxification Pill. If they fail, one of the material would be lost, and their chance to get their hands on the next one is slim!

“Hand all of the material to me. I will take it to Medicine Divine Valley and ask one of the Pill Refining Masters there to refine it for me. Any of you can come to make sure everything is done right.” Suo Kaifeng said solemnly.

“Wait a minute. Sealing Heaven Divine Nation didn’t have Pill Refining Grandmaster or a master?” Yi Tianyun asked dumbfoundedly. The question embarrassed everyone in the hall as they really didn’t have any pill refining master.

“Honestly, Pill Refining Master is hard to come by. They didn’t have a good cultivation level as they aren’t very strong! If you are so troubled about it, why don’t you refine it on your own!” Someone said in the midst of people without revealing themselves.

These people were the family of Great Elder. Obviously, they still bore some grudge against Yi Tianyun for torturing the great elder earlier!

Yi Tianyun was annoyed and flashed towards the man’s voice and slapped the man across the hall!

“If you have a problem with me, stand up and step forward! Stop talking behind my back, you coward! But alright. I’ll refine it on my own. I am a Pill Refining Grandmaster, after all!” Yi Tianyun said annoyedly.
