

## Leveling 721

### Chapter 721

Yi Tianyun wasn't the Pill Refining Grandmaster yet and still an Advanced level Alchemist! However, that was not a problem for Yi Tianyun, as he could just level it up right now! "Increase mastery of Pill Refinement!" Yi Tianyun said, and immediately the Crazy Levelling System responded.

'DING!'

'Successfully levelled up Pill Refining Mastery!'

'Pill Refining Mastery is at Grandmaster Level. Next Rank requires 10 million Mastery point.'

The level up process was easy as he had so many Mastery Point lying around. Yi Tianyun got it every time he levelled up, but he didn't want to use it instantly as he wanted to see what he needed first in the future. Since he needed it for Pill Refining, he spent it to increase his Pill Refining Mastery!

Yi Tianyun smiled a little as he was now a Pill Refining Grandmaster and Divine Rune Grandmaster, but Pill Refining Grandmaster is a little bit different as it was divided into three stages. It was Qi Refinement Stage, Spirit Refinement Stage, Soul Refinement Stage!

These three levels made it hard to cultivate Pill Refinement mastery for ordinary people, but it wasn't a problem for Yi Tianyun!

"You are a Pill Refining Grandmaster?" an elder shouted as he couldn't believe what he was hearing. Yi Tianyun was too young to be a grandmaster. Was it even possible for someone this young to achieve such a thing?

"Yes, is there a problem?" Yi Tianyun said indifferently. "I don't like people to interrupt as I speak. I am talking to the Family Lord now, not you!" Yi Tianyun said to the elder, who was clearly on the side of Great Elder earlier.

Yi Tianyun's arrogance made everyone else furious, but there was nothing they could do about it. Suo Kaifeng was ignoring his people as he was too ashamed of their rudeness. He could justify Yi Tianyun's arrogance as his men were being rude!

"Those who don't like what they see here is free to walk out!" Suo Kaifeng said to the rest of the people in the room before he turned his attention to Yi Tianyun once again. "Are you really a Pill Refining Grandmaster?" he asked curiously.

Suo Kaifeng wasn't the only curious one as Jiao Linghe were also curious about it. She thought Yi Tianyun was too young to achieve that!

"Did you think I would endanger my father's life?" Yi Tianyun said indifferently.

Everyone was startled by Yi Tianyun's answer as it was simple and effective to shut everyone up! Yi Xingchen here was Yi Tianyun's father, and there was no way Yi Tianyun would lie about being a Pill Refining Grandmaster when his own father's life was on the line. Still, how was that even possible? Has Yi Tianyun begun cultivating inside his mother's womb?

Shi Xueyun was the only one who was still smiling as she has already seen Yi Tianyun's pill refining technique in the past. She also knew that Yi Tianyun had the right tools to do it, but she didn't know how Yi Tianyun achieved it even though she knew about it. She didn't want to ask too much as she trusted Yi Tianyun would tell her when he wanted to.

"I originally planned to observe the Pill Refinement process myself, but I didn't expect that Sealing Heaven Divine Nation didn't have any Pill Refinement Grandmaster here. If we go to Medicine Divine Valley, it would take a long time and surely spent too much effort. It'd be better if I do it on my own now as it would be more credible and safer!" Yi Tianyun said casually.

"Mother will always believe what you said." Jiao Linghe nodded as she decided to trust her son. Even if it was questionable as Yi Tianyun was too young, she would always believe her son! Yi Yuanlong also nodded as he decided to do the same.

Suo Kaifeng stared at Yi Tianyun for a moment and then immediately ordered the Fourth Elder to take the Heavenly God Grass from the faction warehouse. "Fourth Elder, fetch the Heavenly God Grass and bring it here."

“Yes, Family Lord!” the Fourth Elder said immediately and left to fetch the Heavenly God Grass. He returned shortly and gave it to Yi Tianyun. Jiao Linghe also handed her Blood Drinking Grass to Yi Tianyun. Thus, all the material needed to refine the antidote for Bloodthirsty Poison is already in Yi Tianyun’s hand.

Yi Tianyun then pulled out the furnace to refine the pill, which surprised Suo Kaifeng. “Alchemy Furnace of Sacred Tool Rank?” Suo Kaifeng said as he knew how precious a furnace like that was.

Other people also looked at Yi Tianyun in disbelief as they didn’t understand how Yi Tianyun got his hands on so many precious treasures that was worth more than a Divine Nation! The Sacred Tool Furnace itself was more precious than a Divine Tool Rank Weapon!

“I don’t believe that kid like that can refine a 6th grade Medicinal Pill. If he turns out to be only a 5th grade Alchemist, the ingredient would be wasted!” an elder frowned on the side.

“Yes, if he actually fails, how does he plan to take responsibility?” another elder said mockingly.

“Shut it, he will erase you if he hears you!” another person reprimanded them from badmouthing Yi Tianyun.

These elders saw the Alchemy Furnace, but they still didn’t believe Yi Tianyun would succeed. They never heard anyone who could become a Pill Refining Grandmaster at such a young age. Thus they believe Yi Tianyun might be just a 5th Grade Alchemist. A 5th Grade Alchemist could be considered Pill Refining Grandmaster, but it was still not enough to create the Antidote for Bloodthirsty Poison as it was a 6th grade Medicinal Pill!

Yi Tianyun ignored those elders even though he could hear them. He was just focused on the task at hand, which was to refine the antidote for his father. He immediately threw the Immortal Fire inside the furnace to start it off, and once again, Suo Kaifeng was surprised by the fire that Yi Tianyun used to refine the pill!

“Immortal Fire?” Suo Kaifeng said surprisedly. “I didn’t know the fire you used earlier on the Great Elder was the Immortal Fire, I know I have seen it somewhere, but this is remarkable!” Suo Kaifeng said excitedly.

He was so focused on the Great Elder's pained expression earlier that he failed to notice that the fire itself was the Immortal Fire! Now that Yi Tianyun used it to refine the antidote, he noticed it immediately! Immortal Fire was a super rare fire that was stronger than Phoenix Fire! The Alchemist who had this fire was said to become the best Alchemist in the world!

## Chapter 722

There are many Alchemists with Heavenly Flame among their ranks, but one with Immortal Fire was hard to find! Even Suo Kaifeng, who has lived for so long now, never truly saw any Alchemist with said fire!

With this new revelation from the Family Lord, others began to believe that Yi Tianyun really was a Pill Refining Grandmaster, capable of refining the antidote for Bloodthirsty Poison. With such amazing tools in Yi Tianyun's arsenal, no one in the hall was dumb enough to question Yi Tianyun anymore!

But then again, Yi Tianyun didn't really care about what they thought of him. He immediately threw all ingredients inside the furnace to see what happened. Everyone was dumbfounded by this scene as Yi Tianyun just threw everything at the same time! They believed that to make such a complicated and complex antidote, the Alchemist should have done the refining process slowly and carefully.

Everyone started to believe that the refining process has failed and the ingredients were wasted, thanks to Yi Tianyun's carelessness. All the ingredients were high-grade ingredients, too, meaning that they wouldn't be able to procure another one anytime soon! Even Jiao Linghe herself was dumbfounded as she never saw an alchemist did anything like this!

"This is awkward!" Shi Xueyun said since she didn't understand how Yi Tianyun worked, but she believed it was the best for the situation.

Everyone thought the furnace would explode soon and immediately got away from the hall as high-grade ingredients would definitely create a huge and powerful explosion!

"Idiot! What Pill Refining Grandmaster is this! If we only lose Spirit Grass, everyone would be fine, but this is too much!" an elder said with a frown on his face.

“Well, we gotta get away from here as soon as possible! The explosion wouldn’t be pretty!” another said as he was trying to get out of the hall.

“What a damn bullsh\*t! He is surely not an alchemist, let alone a Grandmaster! I am sure I will do a better job than him!” another elder said, clearly in contempt!

Everyone thought that Yi Tianyun’s pill refining technique was horrendous. Every advanced Alchemist would do a better job than Yi Tianyun! Most Alchemists would use a Spirit Medicine to stabilise the refining process, but instead of doing something to ease the refining process, Yi Tianyun just threw everything in without any consideration!

But Yi Tianyun wasn’t bothered at all. He paid no mind to those who doubted him. It’d be better for him to focus on finishing the refining process as the Immortal Fire could be a fickle if not controlled carefully. Nonetheless, Immortal Fire would decrease the refining process by a lot!

Although his skill was considered odd compared to other Alchemists, he didn’t make any mistake yet! The sizzling sound that everyone was hearing wasn’t the sign that the ingredient would explode. Instead, it was the sign that the ingredient condensed into one, extracting the essence and removing the impurities! Everything was stable, and Yi Tianyun knew that he would succeed!

Suo Kaifeng himself was standing beside Yi Tianyun with a frown on his face. He thought that everything would fail, but as he witnessed the refining process closely, he knew that the refining process was stable and everything was going perfectly smooth! But then again, he never saw any refining technique like this!

Suo Kaifeng finally saw the condensation of the ingredient, meaning that the antidote would be done soon! He couldn’t believe what he saw as he has never seen anything like this before! He expected the process would take quite a while as that was how it normally went when it came to refining such a difficult medicinal pill, but Yi Tianyun did it in a mere couple of hours!

“Impossible! How can you refine it so quickly?” Suo Kaifeng said with astonishment in his voice. Everyone else was shocked by the Family Lord’s word and began observing a little bit closer. They, too, were surprised upon realising that Yi Tianyun was almost done!

“There is no way he would succeed, right? It’s gotta be because the initial process was fairly easy, and it all comes down to the end process, right?” an elder said with uncertainty in his voice.

“That might be the case! It’s always difficult to assimilate the spiritual energy at the end. If the assimilation failed, everything would go down the drain!” another elder said unsurely.

Most of them still weren’t convinced by Yi Tianyun’s skill and still talked like Yi Tianyun would fail soon! It was a pity that their assumption was way off! With a slight movement of his fingers, the Immortal Fire on the furnace suddenly intensified, speeding the condensation process quickly.

“It is done!” Yi Tianyun confidently said as he waved his hands and opened the lid of the furnace. He then took two medicinal pills inside the furnace, meaning he successfully refined the antidote. The pill was glowing red in colour and kind of looked like a dragonfly. It was obviously stunning!

“6th Grade Medicinal Pills with Five Refinement Ranks?” Suo Kaifeng gasped as the pills’ quality was beyond his wildest imagination! Everyone was shocked by this revelation, too, as they doubted Yi Tianyun’s skill, but it turned out that he was really the Genius Alchemist all along!

With Five Refinement Ranks on the antidote, it meant that the effect would increase dramatically. At the very least, it would enhance the effect of the antidote by eight times! But the most shocking thing was that Yi Tianyun managed to create two of them!

Suo Kaifeng himself was excited to see this and saw Yi Tianyun with respect. He had been surprised by how strong Yi Tianyun was earlier, but now that he knew that Yi Tianyun also a Pill Refining Grandmaster, he couldn’t help but think that Yi Tianyun had to be the most genius person in the whole world!

“This is all I can do for now. So, is there anyone who still thinks these medicinal pills have no effect?” Yi Tianyun said coldly. He heard everything that everyone said earlier, but he decided to ignore it as he was concentrating on refining the medicinal pills. Now that he was done, he could see anyone eye to eye! If anyone wanted to complain about his ability and technique, they could complain straight to his face!

Everyone was still too shocked to say anything, but surely, they now believe that Yi Tianyun was truly the Pill Refining Grandmaster!

## Chapter 723

“You don’t have to worry about my alchemy!” Yi Tianyun said indifferently.

Suo Kaifeng looked at the two medicinal pills and confirmed that it was the right antidote as they expected. It really was hard for him to believe that such a young man was able to refine such a high-grade antidote, not only that, but he refined it way faster than it was supposed to be!

“For those who have no business here, please make way! My father has been waiting for too long, and I don’t plan to make him wait any longer!” Yi Tianyun said as he walked towards the Water Crystal Coffin where his father lied await. Pill Refining has always been a little bit too easy for him as it only demanded control over the fire. As he already had the perfect control over the Immortal Fire, he didn’t have to worry about failing!

“I have to say that your alchemy level is way higher than the people on Medicine Divine Valley!” Suo Kaifeng said as he shook his head. He really wanted Yi Tianyun to join Sealing Heaven Divine Nation right now as Yi Tianyun alone would be worth more than all of their elders combined!

“Mother, give the antidote to father now. If it doesn’t work, we still have another one!” Yi Tianyun said as he handed over one antidote to Jiao Linghe. She nodded and excitedly walked towards the Water Crystal Coffin and pushed it open! The coffin’s aura immediately seeped out as its cold aura started to freeze the air in the hall. It was to preserve whoever was put inside the coffin as the cold aura would slow down any type of aura inside.

This coffin was also commonly used for the Old Ancestor as it could extend their life indefinitely until they could use their last breath to defend their faction! There were so many Old Ancestors who did that and even set up the coffin seal to open only on their command!

Jiao Linghe immediately gave Yi Xingchen the antidote and used her Spiritual Energy to guide him to swallow the pill and assist him in absorbing the antidote. Soon enough, the antidote was absorbed successfully, and Jiao Linghe was waiting worriedly for the antidote to kick in.

Not long after, Yi Xingchen’s pale complexion returned rosy, indicating that the antidote was starting to work, and the process was quite fast as Yi Tianyun could feel that the Blood Essence on his father’s body was accumulating. This was the effect of his Five Refinement Ranks antidote. It was way more potent than the normal rank antidote that Suo Kaifeng would get in Medicine Divine Valley.

Jiao Linghe helped Yi Xingchen stabilised his Blood Essence as he still couldn't do so at the moment. Yi Yuanlong, on the side, looked nervous as he wanted to help his son, but he knew that the fewer people involved with the stabilisation process, the better it was for Yi Xingchen.

Moreover, Jiao Linghe could do it herself as her cultivation level was good. She was at 4th Layer Spirit King Stage, and she also knew him the best at the moment. For Sealing Heaven Divine Nation, Jiao Linghe was strong, but not enough as their goal was to have the elders reach the Saint King Stage rank. But as of now, most of the elders were stuck in Spirit King Stage as it was hard for them to cultivate in this stage.

Most of them were too busy minding their Bloodline so much that they didn't even care about their cultivation level! As long as they had the powerful Sealing Heaven Bloodline, they felt like they could win against anything! The Great Elder was the best example of this misleading idea that the Sealing Heaven Divine Nation adhered to right now.

This type of corruption was hard to punish as it didn't break any rule at all. It was just a habit that became an outspoken rule that every family member had to follow! Even the Evil Spirit Race had the same kind of rules for their blood kin, but maybe, Sealing Heaven Divine Nation took it to another level!

Yi Xingchen's condition immediately improved thanks to the antidote, and he eventually woke up as his eyelids started to move. Jiao Linghe and Yi Yuanlong were worried that there might be some change in Yi Xingchen's personality once he woke up, but there was no way to know until later.

"Father?" Yi Xingchen hurriedly said as the first one he saw was Yi Yuanlong. He tried to sit back up immediately, but the dizziness was still there due to prolonged rest inside the Water Crystal Coffin. He started to look around and realised that he was inside the Sealing Heaven Divine Nation and that the Family Lord was present. "Family Lord!" he said surprisedly. He didn't know what to say to such a respectful man as he knew that he once escaped from the faction with Jiao Linghe.

"You just woke up; take your time." Suo Kaifeng said with a kind smile on his face that took Yi Xingchen aback a little.

"Linghe, just how long did I sleep? Did I miss anything?" Yi Xingchen worriedly asked Jiao Linghe with a whisper. He was afraid that too much had changed, but he was most afraid of losing Jiao Linghe.

“Nothing is wrong, everything has been dealt with single-handedly by our son, and you have to rest and recover your strength back!” Jiao Linghe said as she looked at Yi Tianyun with happiness and excitement on her face.

“Our son?” Yi Xingchen said confusedly and looked at the young man that Jiao Linghe looked at. He was dumbfounded as he saw that the son that Jiao Linghe mentioned was already a young adult! “You are my son?” he asked Yi Tianyun curiously.

“Yes! This is your son, Yi Tianyun! He has grown up handsomely and helped us with our previous predicament.” Jiao Linghe said with a prideful look on her face. She wanted to say that they didn’t need the Sealing Heaven Divine King’s Bloodline to become a super genius as her son was the proof of it!

“Welcome back, Father.” Yi Tianyun said as he walked towards Yi Xingchen’s Water Crystal Coffin. Yi Tianyun felt a little bit complicated and awkward about this whole situation as he didn’t know what kind of man his father was and what his father would think of him.

“I am so sorry, my son!” Yi Xingchen said as he reached for Yi Tianyun and patted him on his shoulder. Yi Tianyun was a little bit surprised as he didn’t understand why his father’s first word was an apology like this.

The truth was, Yi Xingchen realised that he must’ve owed a lot of things to Yi Tianyun as he already missed the entirety of his son’s life! That was why the only thing that he could say to his son right away was an apology! Yi Tianyun immediately realised what his father meant by that apology and smiled kindly.

“It was nothing, father. It’s all in the past, and I didn’t blame you for what happened!” Yi Tianyun warmly said. Despite how he felt in the past, after knowing the whole ordeal his parent were facing, he realised it wasn’t their fault!

“Son, it must be hard for you too!” Yi Yuanlong said as he saddened by his son’s expression as soon as he woke up.

“Father ...” Yi Xingchen wanted to say something, but he was stopped by his guilt. He blamed himself for not being there for his son, and he also blamed himself for disappointing his father.

As neither of them said anything, Jiao Linghe then explained everything that happened earlier, all the way to Yi Xingchen's antidote. Yi Xingchen was shocked and stared at Yi Tianyun disbelievingly. He couldn't believe what his wife just told him as he didn't expect his son to become the super genius of the century!

"My son is that powerful?!" Yi Xingchen said, still with disbelief in his eyes.

## Chapter 724

Yi Xingchen was saved and therefore proved that Yi Tianyun's antidote was a top-notch Medicinal Pill! Yi Xingchen gradually recovered beyond anyone's expectation as he looked so weak earlier, but now, he was brimming with life! Yi Tianyun's antidote was equal to a Divine Tool Weapons, so this level of effect was bound to happen!

The Blood Essence contained within the antidote would dissolve into the patient's body steadily. It even boasted its effect to amplify the patient's blood essence in a blink of an eye. All the patient had to do now was cultivate since Yi Xingchen's cultivation should be regressing after spending such a long time inside the Water Crystal Coffin!

But Yi Tianyun predicted his father would be able to achieve his peak condition once again in just a year! Suo Kaifeng immediately rearranged Yi Tianyun and his family's accommodation in Sealing Heaven Divine Nation. Although there might be so many people who still felt bitter towards Yi Tianyun, Suo Kaifeng didn't care at all. It was not like those people could do anything against Yi Tianyun now that they have realised how powerful he was.

After a few days of rest, Suo Kaifeng invited Yi Tianyun to the hall once again. This time, Yi Xingchen already knew everything that happened to him and his son in the past, but he still had a hard time believing that his son was a powerful cultivator now and have exceeded even his power before all this happened!

And of course, in these few days, Yi Xingchen has talked and shared moments of his life and asked for the same thing about his son's life that they have developed quite a father and son bond that they never had before.

"Family Lord!" Yi Xingchen said as he arrived at the hall.

"You are finally here!" Suo Kaifeng said as he looked at Yi Xingchen and his family with a smile on his face. "I believe that you can already guess what I wanted to say. That reason is to ask you wholeheartedly to return to Sealing Heaven Divine Nation. I know that we have made a lot of mistakes, but this is how our ancestors had drilled it in our heads in the form of custom. Then again, I believe we could change. With that said, I ask your help to claim a better future for our faction!" Suo Kaifeng said respectfully to Yi Xingchen's Family.

"With all of our joined effort, I assure you that Sealing Heaven Divine Nation would change for the better. The future will be bright and Sealing Heaven Divine Nation would definitely depend on you in the future as their next Family Lord!" Suo Kaifeng said hopefully.

"Family Lord, what do you mean?" Yi Yuanlong said as he was surprised by Suo Kaifeng's word.

"I will pass the Family Lord title to you. That's what I've intended from the beginning. Great Elder and Third Elder are indeed great cultivators and ambitious, but you are clearly stronger than them! The only thing that holds you back is the lack of motivation to do better." Suo Kaifeng said with a smile on his face.

"I wished all of you have it in you to forgive Sealing Heaven Divine Nation and help improve the faction in the future! It's undeniable that I already saw what Yi Tianyun was capable of, and he can easily fill the empty elder's position with himself. This is an important factor as Sealing Heaven Divine Nation was clearly weak right now, and other factions may take a chance at us in the near future!" Suo Kaifeng said with a solemn face.

It was a very honest approach as Suo Kaifeng didn't want to go through a roundabout way to the people that he would trust the Sealing Heaven Divine Nation's future on.

"I am very sorry, Family Lord. But it all depends on my father's decision!" Yi Tianyun said as he looked at his father.

"Thank you, son. And Family Lord, I think I will return and do my best for Sealing Heaven Divine Nation in the future. Although I know that there are so many people inside Sealing Heaven Divine Nation who still opposed my return, I want Jiao Linghe to come with me too! I understand that I already owe Sealing Heaven Divine Nation so much, and I have to make up for it. I believe that those who opposed us would gradually change their mind in the future." Yi Xingchen said respectfully. "But there is another dilemma

that makes me hesitate. My son, Yi Tianyun, has his own faction on Mortal World, and it's hard for him to give up on it. Thus, I will not force my decision on him and let him choose what is best for him." Yi Xingchen said with a smile to his son.

Yi Tianyun smiled and looked at his father with pride. He already discussed this with his father earlier and came up with a decision. "I am very sorry, but I can't join Sealing Heaven Divine Nation at the moment, but I will definitely help Sealing Heaven Divine Nation in the future if they are in any form of trouble!" Yi Tianyun said confidently. Although the Sealing Heaven Divine Nation left a bad impression on him, his blood-related family is all here, so he couldn't ignore them!

Suo Kaifeng looked a bit disappointed, but he was a bit relieved when he heard that Yi Tianyun would definitely help. He didn't have any power to pressure Yi Tianyun to join, so he let Yi Tianyun do whatever he wants.

"But I want to inform you about a predicament that would definitely happen in the future that needs our joint effort to take care of!" Yi Tianyun said before he began explaining about the demon he encountered on Mortal World before he entered Heaven World. He also told them his prediction that the demon would definitely be able to break free in about 100 years' time!

"I've already read this before! The ancestor has a record about this Demonic Creature that they fought on Mortal World and successfully sealed it thousand years ago, but I didn't think it would survive that long!" Suo Kaifeng said with a surprised look on his face.

The ancestor grasped victory thanks to the presence of Divine King in the past, but now that they didn't have any Divine King, it would be hard to do the same thing!

"Yes, it was quite a peculiar case as the demon itself wasn't weakened by the passage of time. In fact, it actually got stronger! That is one of the reasons that I can't disband my faction in Mortal World as I have to make sure that it properly connected the three realms, and when the time comes, I hope that it would become the heart that would unify the three realms to fight against that demon!" Yi Tianyun said confidently.

Suo Kaifeng pondered about it a little bit and finally made his decision. "I didn't think I would last a hundred years with my current power, but I will surely preserve myself by any means necessary to that day! I will rise and fight the demon with all of the cultivators later with all other Old Ancestors!" Suo Kaifeng said confidently.

Sealing Heaven Divine Nation still had their Old Ancestor, although all of them were being preserved inside the Water Crystal Coffin. But when the time came, Suo Kaifeng was determined to wake them all up!

“Our current situation is a little bleak as there is no Divine King Cultivator in this world right now!” Suo Kaifeng said as he realised the main difference between the past and the present.

“I will try my best to dig out any information about the Divine King later.” Yi Tianyun said confidently.

“No, that’s not the problem right now. I didn’t think they still existed in the three realms! No one ever heard anything from them for hundreds of years!” Suo Kaifeng said as he shakes his head.

“Well, if that was the only problem, it would be solved as soon as I become the next Divine King!” Yi Tianyun said with a shrug on his shoulder. “Once I become a Divine King, I would smash this demon once and for all!” Yi Tianyun said confidently.

## Chapter 725

Yi Tianyun’s words shocked everyone in the hall. Suo Kaifeng laughed in response as he looked at Yi Tianyun. “Youth is really something, well, all I can say is I am looking forward to the day you become a Divine King!” Suo Kaifeng said with a smile on his face.

“I know it’s difficult to attain Divine King level, but I believe that you would achieve it in the future!” Yi Xingchen said, encouraging Yi Tianyun. Everyone else also followed suit, but they were not 100% sure that Yi Tianyun could achieve such a feat! It surely wasn’t impossible as Yi Tianyun’s cultivation was high enough. Still, Divine King was a demanding rank, and Yi Tianyun would have to achieve many requirements before he could attain it!

Yi Tianyun knew what everyone else was thinking, and he didn’t care. He already knew that Divine King was a difficult rank to attain from the beginning, but he knew that he could do it thanks to Crazy Levelling System!

Now, he had to think of where the Divine King disappeared as he never heard any information regarding their whereabouts! There were some cultivators who were stuck at Saint King Peak Stage without any

way to break through to the Divine King realm. They said that their cultivation was at a bottleneck for some reason, and they couldn't break through with their own power.

"Don't worry, Tianyun, I will always believe in you!" Shi Xueyun said as she walked towards Yi Tianyun and held his hands with a smile on her face. Yi Tianyun smiled, and all unnecessary thoughts that crossed his mind earlier disappeared. He knew that he need not concern himself with all that as of now. He needed to do whatever he could.

"Hundred years is not a long time. With that in mind, I will go back to Ghost World and check another faction that another Divine King created. I have to find a good amount of people to work together to defeat the demon when the time comes! Maybe I can win against the demon that has been sealed, but I have a hunch that it wouldn't be the only demon in this world!" Yi Tianyun said solemnly.

They looked at each other with anxiety in their eyes. When you think about a demon that even Divine Kings have a hard time dealing with, they knew that they wouldn't be able to hold a candle against them in the future!

"Son, you are taking a heavy responsibility here! Since you didn't want to stay in our faction, I suggest you take control over the Mortal World Faction first, but before you leave, I would like you to come with me to Ancestor's inheritance!" Suo Kaifeng said with a sigh.

"Family Lord?" Yi Yuanlong was shocked to hear Suo Kaifeng's words. He knew about the Ancestor's inheritance, and it was supposed to be the Family Lord's treasure and no one else! Would he really give it to Yi Tianyun, who had no intention to stay in Sealing Heaven Divine Nation?

"I know what you are thinking, but Yi Tianyun is the descendant of the Ancestor, and he has the right to the inheritance as any of us. I know that the Divine King Bloodline was getting scarcer over the year, but it was still better than nothing! As for others, we will not shackle them, and they were free to stay with whomever they want!" Suo Kaifeng said with a smile as he looked at Yi Tianyun.

"I understand, Family Lord! Besides, I know so many people would oppose me taking the elder's seat!" Yi Tianyun said as he smiled at Suo Kaifeng's generosity.

“Well, if that is your reason to reject my offer, you don’t have to worry! I will make sure that your position can’t be questioned forever! But as I already know that you have many other things to do, why don’t we go to the Ancestor’s inheritance right away?” Suo Kaifeng said casually.

“Sure, if that’s okay.” Yi Tianyun smiled. He didn’t have any intention to reject the offer as the Family Lord didn’t have any demands for it. He was also curious about the Sealing Heaven Bloodline as his own bloodline was thin to begin with. Maybe he could awaken the bloodline by accepting this inheritance!

With Suo Kaifeng leading the way, they went straight to the Summit of Sealed Heaven God Mountain. There were guards all around the corner of this mountain, which showed that this place was a sacred place for Sealing Heaven Divine Nation. These guards ranged around Void Spirit Stage cultivation base, and once they saw the Family Lord coming, they made way for him and showed their utmost respect!

“Family Lord!” a shout was heard from behind, and Yi Tianyun saw that it was a group of elite disciples. These people were the backbone of Sealing Heaven Divine Nation for the future.

“What happened?” Suo Kaifeng asked as he looked at them with curious eyes.

“Family Lord, are you going to the Sealed Heaven God Monument on top?” Fifth Elder asked as he walked towards Suo Kaifeng since he was the one leading the Elite Disciple group.

“Yes, is there a problem?” Suo Kaifeng asked curiously.

“None, Family Lord! I am heading there myself to give an inheritance to our elite disciple! So, who are you going to give an inheritance for, Family Lord?” the Fifth Elder asked curiously.

“I will give one to him.” Suo Kaifeng said as he pointed his finger at Yi Tianyun.

“What? That is impossible, Family Lord! He didn’t even join the Sealing Heaven Divine Nation yet! You know that only an elder or above deserved to receive it!” Fifth Elder said as he frowned at the Family Lord.

The elite disciple was confused by the Family Lord's choice, but they said nothing as it wasn't their place to say anything about it.

"I want to officially announce that he would become the second elder later, replacing the previous second elder that would take the Family Lord's position and Yi Xingchen as the Great Elder. Since you are asking right now, well, there you go!" Suo Kaifeng said with a frown on his face.

Family Lord's word shocked everyone at the scene! Not only the Second Elder's position, even the Family Lord and Great Elder's seat would be given to Yi Tianyun and his family! It could be said that Sealing Heaven Divine Nation would fall under the rule of Yi Tianyun's family! Thus no one inside the faction would be able to question anything their family's authority in the future!

They were a little bit worried about what would happen to the faction in the future!

## Chapter 726

Suo Kaifeng made a huge uproar. No one expected something like this to happen. If Yi family controlled the Sealing Heaven Divine Nation, would there still be a place for them here? Yi Tianyun was also surprised by Suo Kaifeng's word. He was bold enough to name Yi Yuanlong to become the next Family Lord and Yi Xingchen and Yi Tianyun as the next highest position elder!

Yi Xingchen might be once a Sealing Heaven Divine Nation disciple, but escaping the faction with his wife was something questionable nonetheless!

"Family Lord, this is absolute madness! I'd agree if the second elder becomes the next Family Lord, but Yi Xingchen and his son is nobody here! They contributed nothing, and they have no prestige in this faction! It will create chaos among the disciples and elders!" the fifth elder said confidently. He really thought that the Family Lord's wasn't on his right mind to suggest something like this!

Yi Tianyun already expected that the Fifth Elder wouldn't like the idea. Even Yi Xingchen also knew this would happen as he himself thought that he shouldn't become an elder. He still would stay in Sealing Heaven Divine Nation, but he expected to work his way up the ranking.

"It has been decided that Yi Xingchen would serve as an elder a long time ago. We've made this decision, and everyone agreed to it! This is only a change of circumstance! Had it not because of the former great

elder and third Elder's misdeeds, he would've become an elder by now, am I wrong? the former great elder and third elder only got to their position because of their deceit!" Suo Kaifeng said coldly.

The Fifth Elder immediately fell silent as he had no words to argue with that. Based on what Suo Kaifeng said, even if the former great elder and third elder were still alive, Yi Yuanlong would still become the next Family Lord, and Yi Xingchen would become an elder without any question!

And provided Yi Tianyun's strength, it would be no problem for him to become an elder!

Yi Tianyun looked at the fifth Elder and Suo Kaifeng. He knew what Suo Kaifeng was thinking and how frustrating it would be for the fifth elder, but at the end of the day, it was all about strength! Some people would spin the situation to achieve their goals, but no one would be stupid enough to reject a chance that was already right in front of them!

Everyone looked at each other, and they seemed to think that they had to make things right. Although they know that they weren't responsible for what the great elder and third elder did, their Great Elder and Third Elder's misdeed did make everything complicated!

"Even if that's the case, it still won't work!" a young man said as he stood in front of Yi Tianyun. "His cultivation might be strong, but you must have a good amount of Bloodline for you to receive the inheritance!" the young man said coldly.

This young man is Yi Feilong, the one with the title of Sealing Heaven Divine Nation number one genius after Yi Xingchen's disappearance. He seemed extremely furious to find out that his position was easily given to other people. From that look alone, Yi Tianyun knew that this young man should have a good relationship with the great elder and the third elder in the past!

Yi Tianyun observed Yi Feilong with his appraisal eye and noticed that his cultivation base was at the 7th Layer Void Spirit Stage. It clearly wasn't bad for a young man at his age, but compared to Yi Tianyun, he wasn't even worth mentioning! Yi Tianyun walked forward and slapped Yi Feilong in the face!

"Do you see the difference between us now?" Yi Tianyun said coldly. Hadn't his grandfather become the next Family Lord, he would have killed Yi Feilong, but he refrained from doing so.

“How dare you hit me! This is why I didn’t support you to become an elder in our faction. You are clearly too cruel and likes to pressure people unnecessarily!” Yi Feilong said coldly.

Yi Tianyun took another step and slapped Yi Feilong once more. Yi Feilong fell to the ground with his mouth full of blood.

“You still didn’t understand anything, did you? Are you going to talk to your enemy about cruelty? In this world full of martial artists, does anybody care about your reason? In this world, the one with power and strength would win, and the winner would always become the hero!” Yi Tianyun said coldly.

“I have power and strength, but I still have mercy and reasons behind my action! If I want to, I can kill anyone I want! Now, I don’t mind showing mercy to those who submit to me! It is simple mercy as I wouldn’t think of them as a threat! But all my enemies will be destroyed to dust!” Yi Tianyun said threateningly.

“Many people think they are great and all, but they’ve never really been on the real battlefield! How many places have you visited in your life? Did you ever enter a Dangerous Zone before? How many life and death situation have you been in before? But I guess you’ve never been in one, huh? I mean, why would you even go to such a place when you can cultivate freely without any intrusion here? But hear me out, if the enemy ever attacked Sealing Heaven Divine Nation, people like you won’t last long! Hadn’t my grandfather become the next Family Lord, I would do the faction a favour and kill you right here and now!” Yi Tianyun said menacingly.

Yi Tianyun’s word resonated powerfully among the rest of the disciples. They knew that they didn’t have any real enemies right now because the name Sealing Heaven Divine Nation protected them, but once the enemy learned their current power, there was no doubt that they would easily take Sealing Heaven Divine Nation down!

Many of these disciples didn’t have any royal blood like Yi Feilong, so they have been into a dangerous zone and enter a real battlefield to hone their cultivation and take a chance to get better equipment. They were silent as they began to contemplate Yi Tianyun’s every word.

They understood that they were complacent, and now they were like flowers inside a greenhouse that couldn’t withstand the wind and rain outside of their comfortable little house of protection. Once they ventured outside, the enemy would easily claim their life!

## Chapter 727

Almost everyone agreed with Yi Tianyun's word, especially Suo Kaifeng. The most important thing in this world was power and cultivation! With power, you could just do whatever you want!

The disciples knew that Yi Tianyun's word was the basic rules of how the world worked, but they never truly thought about it up until now.

"Now, with that in mind, why am I not qualified to get the inheritance myself? Even if my Bloodline is lacking or nonexistent at all, I can do whatever I want because I am much stronger than you!" Yi Tianyun said coldly to Yi Feilong. "If the enemy comes attacking your rear and started to pillage the inheritance, would you still able to hold them off by saying they didn't have an ample bloodline? Stop being stupid and get out of my way, weakling!" Yi Tianyun said coldly once again.

Yi Feilong fell silent as he didn't have anything else to say in this matter. Sealing Heaven Divine Nation surely was weaker than they were in the past!

"There you go! That is my reason to make him an elder. After all, even if his Bloodline is lacking, he still has Sealing Heaven Divine King's Bloodline on his blood. It's better to give him the inheritance than giving it to any outsider! We ought to keep the image of our Divine Nation strong. Otherwise, the enemy would start noticing that we aren't as strong as we boasted and start attacking. If that ever happens, I doubt that we will be able to defend ourselves against a stronger Divine Nation!" Suo Kaifeng said in a confident and calculated manner.

"Family Lord!" the disciples shouted as they were shocked to hear Suo Kaifeng's word. They didn't know what to say as they realized that it was their own shortcoming and their lifestyle up until now where they were too comfortable that made them too lazy to cultivate harder.

"Now, I would like to clarify! The truth is, I have my own empire, and I believe that my empire would turn into Divine Nation soon! I don't really care about Sealing Heaven Divine Nation, for I didn't see any need to get any resources or power from this faction. I don't really have any interest with the Sealing Heaven Divine King's inheritance either, for I already got the inheritance of Heaven Creating Divine King!" Yi Tianyun said indifferently.

Everyone was clearly surprised as they knew who Heaven Creating Divine King was. He was a powerful Divine King in the past, in fact, more powerful than Sealing Heaven Divine King! If Yi Tianyun had Heaven Creating Divine King's inheritance, he wouldn't need Sealing Heaven Divine King's inheritance at all!

Furthermore, they were shocked to hear that Yi Tianyun already had his own empire! Although an empire couldn't be compared to a Divine Nation, it was still an amazing feat to have an empire at such a young age!

They were beginning to feel ashamed of what they previously thought. It was even more frustrating for them as they knew that their age gap with Yi Tianyun wasn't that big, but it seemed Yi Tianyun had achieved way more, dwarfing any of their own achievement! It was clear that all of Yi Tianyun's previous action was intended for the sake of Yi Yuanlong and Yi Xingchen.

"The inheritance that I am about to receive is more like a compensation here. As for what kind of compensation it was is for you to think on your own!" Yi Tianyun said indifferently. Yi Tianyun and his father had to go through so much because of the previous Great Elder and Third Elder. Although Sealing Heaven Divine Nation has given him Heavenly Fragrant God Grass to heal his father, it wasn't enough!

Everyone there understood what Yi Tianyun was talking about and therefore couldn't say anything else. Even the Fifth Elder was silent as he knew that there is nothing wrong with Yi Tianyun's claim.

The fifth elder now understood that it would benefit Sealing Heaven Divine Nation in the long run if they gave Yi Tianyun an inheritance. Staying on good terms with such a strong cultivator was important, after all! Yi Tianyun could help them in the future, but he obviously wouldn't do that if he were treated poorly!

Suo Kaifeng resumed walking, and no one complained this time, but surely, some of them still felt animosity towards Yi Tianyun for he easily got the inheritance while his Bloodline was so lacking! They knew that with a lacklustre bloodline, the inheritance wouldn't be absorbed efficiently. Thus it would be such a waste to give to Yi Tianyun!

Soon enough, all of them arrived at the top of the mountain. There was a stone tablet on the side, engraved with a lot of Divine Rune.

"Bloodline Divine Tablet?!" Yi Tianyun said as he immediately knew what the Stone Tablet was for. It was to detect the concentration of Bloodline power!

“Wait a minute!” a voice came from behind, stopping them from walking towards the stone tablet. It was another group of disciples and a few elders. “Family Lord, what happened? Why are you up here?” the Sixth Elder said curiously.

“I am here to give the second elder his inheritance. Is there any problem with that?” Suo Kaifeng said indifferently.

“As a matter of fact, yes, my lord! I do have a problem with that! His Bloodline is lacking. Even if he received the inheritance, it wouldn’t be efficient on him as the inheritance wouldn’t be effective! You will waste the inheritance at this rate!” Sixth Elder said with a frown on his face.

“Did you think that slip through my mind? It doesn’t matter whether or not it would be effective or not; it would always be worth it in the end. Now stop complaining as I am still the Family Lord! Everything is up to my decision!” Suo Kaifeng said coldly.

It was clear that Family Lord was the one who had a say in every matter here. Therefore, it was useless to complain!

## Chapter 728

“No, Family Lord, we can’t do that! The inheritance is already scarce right now. We can’t keep this up for long. We have to save up and give the inheritance when it was absolutely necessary!” The Sixth Elder said nervously. Everyone else nodded as they shared the same opinion as the Sixth Elder. But the people from Fifth Elder’s group didn’t say anything as they were already on Yi Tianyun’s side.

Yi Tianyun smirked as he noticed that there was no need to do anything special to earn the loyalty of the people in Sealing Heaven Divine Nation as apparently his word alone could do the trick! But of course, there would be some people who were against the idea of Yi Tianyun staying there!

“It seems that you didn’t respect my decision as a Family Lord!” Suo Kaifeng menacingly said as he released his aura.

“No, that’s not what I mean, Family Lord! I just want you to reconsider it as the inheritance isn’t something that we could replenish. Once it’s exhausted, that’s it! I am just asking you to think about the future!” the sixth elder said while slamming his head on the ground.

“You don’t have to worry about such a thing. Just follow my word without question!” Suo Kaifeng said annoyed. All he could give Yi Tianyun to persuade him to stay and help Sealing Heaven Divine Nation was only this Inheritance Stone Tablet. This inheritance was uncertain as somebody could get something as high as a Divine Tool worth of martial arts, or it could be as useless as earth level martial arts!

“Let me test my bloodline concentration first. I am considering Sixth Elder’s thoughtfulness right now, and if my bloodline was really lacking and unqualified, I don’t mind giving up this inheritance!” Yi Tianyun said solemnly. He agreed with the sixth elder as the inheritance itself wasn’t really necessary for him right now. If the stone tablet were destroyed because it has lost all of the inheritance, it would be such a waste!

Everyone was surprised by Yi Tianyun’s word. They didn’t expect Yi Tianyun was such a thoughtful guy! He was willing to give up the Sealing Heaven Divine King’s inheritance if he wasn’t qualified! With that word alone, Sealing Heaven Divine Nation’s disciple’s favourability towards him rose exponentially.

He didn’t really care about Favourability points for so long as he didn’t have any intention to conquer Sealing Heaven Divine Nation, but it seems it still increased even though he didn’t really try these days.

“Thank you for the understanding, Second Elder!” Sixth Elder said with a smile on his face. He didn’t bear any ill intent towards Yi Tianyun. He simply wanted to preserve what was left of Sealing Heaven Divine King’s past glory as long as he could, and that was not wrong either! He didn’t have any problem with Yi Tianyun or even his father and grandfather leading Sealing Heaven Divine Nation as it was for the best right now.

“Alright, I understand your concern. Thus let the test begin!” Suo Kaifeng said with a slight frown on his face.

Those who still bore some kind of animosity towards Yi Tianyun shook their head as they thought that Yi Tianyun would fail to qualify and embarrass himself. They all knew that Yi Tianyun’s bloodline would be lacking as he was a victim of Bloodthirsty Poison in the past. Therefore, no matter how many times Yi Tianyun took the test, the result would always be the same!

However, there was still a trace of uneasiness in their heart as Yi Tianyun walked towards the stone tablet with a confident stride. Yi Tianyun himself smirked as soon as he arrived at the stone tablet. Who said that his bloodline was lacking? He already developed his bloodline significantly in the past years!

He got Dragon God Bloodline, Royal Phoenix Bloodline, and other bloodlines that he rarely used. As for Sealing Heaven Divine King's bloodline, he might have it before he got Crazy Levelling System, but it didn't really matter now.

Just how bad would it be even if he didn't have a shred of the Sealing Heaven Divine King's bloodline?

Immediately, Yi Tianyun put his hands on Bloodline Stone Tablet, and the stone tablet began to glow in a dazzling colour that towered to the sky! As the light towered into the sky, a star appeared in the air, and these stars were the measurement to see whether Yi Tianyun would be credible to have the inheritance or not.

As one star appeared, another came, then the third one! Everyone gasped as they saw that three stars light up! Everyone knew that you only needed to light up one star in order to receive the inheritance, but not only did Yi Tianyun pass the minimum requirement, he even went the extra mile and lit up three stars!

"He lit up three stars! Our son's bloodline isn't weak at all!" Jiao Linghe excitedly shouted as she cried along with her excitement.

"Yeah, he is surely potent!" Yi Xingchen said with a nod of his head. He knew that the Stone Tablet couldn't be tempered as it purely reacted to one's bloodline. Others were even more surprised as they saw the 4th stars now lit up after the third one!

There was a total of nine stars in the air, and it seemed Yi Tianyun would light up half of it!

"There is no way he would light up more than five, right?" the fifth elder said with awe on his face. In the past, the geniuses of Sealing Heaven Divine Nation has lit up to 5 stars as that was the case for Yi Xingchen and Yi Yuanlong. No one could light up more than that in more than a hundred years!

After a moment, the 5th stars light up! Now everyone realized that Yi Tianyun's bloodline was comparable to his father and grandfather! The sky shone brightly, but everyone still seemed to be too shocked to say anything. However, it was far from over! After the 5th star light up, the 6th star followed suit!

At this point, some of them even began to wipe their eyes and pinch their own cheek to see if this was a dream, but it wasn't the case at all!

Everyone began looking at Yi Tianyun with prideful eyes as if seeing the return of a god!

## Chapter 729

Yi Tianyun got six stars! It has been so many years since anyone got that much star. The only one who got six stars in the past and still alive now was barely breathing as it was the Old Ancestor that was now sleeping until he was needed again.

"This isn't a dream, is it?"

"No, I saw the same thing! Who said his bloodline was lacking? He totally has the best bloodline in the entire faction!"

.....

The Sealing Heaven Divine Nation's disciples immediately blew out the story about Yi Tianyun's six stars bloodline! They finally knew that Yi Tianyun really was a genius and a powerful cultivator too. Most disciples couldn't go to the summit of Sealing Heaven Mountain, but they still got the news thanks to the disciples who witnessed the phenomenal event.

Suo Kaifeng himself was shocked as he wanted to cover Yi Tianyun in case his bloodline really was lacking, but seeing what happened, it surely wouldn't be necessary! Most people now believed that Yi Tianyun was an absolute cultivator that couldn't be compared to anyone!

"He is one star away from perfection!" Suo Kaifeng said amazedly.

"That must be the effect of Bloodthirsty Poison! If he wasn't poisoned, he might attain the seven-star bloodline right now!" Jiao Linghe said with a frown on his face.

“He was poisoned?” Suo Kaifeng said with shock on his face. “Is that why the previous great elder poisoned him? Because they know Yi Tianyun would definitely threaten their status?” Suo Kaifeng said coldly. Now he felt hatred towards the previous Great Elder and Third Elder for what they have done.

“It’s possible. They might not be able to kill at that time, but poisoning is much easier!” Yi Yuanlong said coldly. He partly blamed himself for what happened in the past as he didn’t notice anything that the Great Elder and Third Elder had done to his son’s family. If only he caught on to their scheme, the situation wouldn’t be like this.

The feeling of guilt and disappointment would lead nowhere as the Great Elder and Third Elder have been eliminated. Yi Tianyun himself had lived for 20 years this year, so it was already too late to do anything significant to earn his favour! Yi Xingchen and Jiao Linghe proved themselves to be superior matrimony as their offspring was such a genius! Looking back at Sealing Heaven’s delusion to preserve the bloodline was all clearly a waste of effort!

“From now on, nobody is allowed to bring up our past mistake! It was an embarrassment and stupid. I thought the rest of you would have a hard time accepting Yi Tianyun, but that doesn’t seem to be a problem anymore!” Suo Kaifeng said while laughing out loud.

He now knew that it didn’t really matter to preserve the bloodline as it would always be there! But the crucial thing that everyone had to think of was their partner’s innate ability. If their partner had a strong innate ability, it might amplify the bloodline’s power.

Yi Tianyun himself smirked as he liked how things turned out. He knew that Royal Phoenix Bloodline and Dragon God Bloodline was the reason that his bloodline reading became this high. Although the Bloodline stone didn’t detect the Royal Phoenix and Dragon God Bloodline, it served as the foundation of the Sealing Heaven Bloodline hidden within him.

Yi Tianyun knew that he didn’t gain anything from his Sealing Heaven Bloodline yet as it hasn’t shown any effect, but he hoped that with the inheritance that he was about to receive, the bloodline could awaken and shows its worth.

But not long after, the seventh star lit up like a neon light! Everyone was out of their mind this time! The realisation that such genius almost got killed by two of their past elders were baffling, and they didn’t know what to say.

But that was not where it ended! People thought that seven-star was the reading limit, but an Eighth Star that people didn't know even existed before lit up! This has never happened in a thousand year before. Yi Tianyun might just be the person whose bloodline closely resembled that of the Sealing Heaven Divine King's!

People from another faction that happened to be at Sealing Heaven Divine Nation were surprised too! It was akin to a miracle, and that was not a good sign for the other factions. If a genius like this were allowed to develop, other Divine Nations could lose their position in the faction ranking!

If Yi Tianyun really were a genius like Sealing Heaven said he was, then Sealing Heaven Divine Nation would likely reenter the race to the summit!

"This person has to be killed before he becomes stronger!" The people from other Divine Nation said coldly. They have been spying inside Sealing Heaven Divine Nation for a long time, and now that they obtained the information that Sealing Heaven Divine Nation had such a genius, they couldn't stand still any longer!

But they didn't know that Yi Tianyun was already powerful to begin with!

Originally, they only wanted to keep an eye on Sealing Heaven Divine Nation, but Sealing Heaven Divine Nation kept falling off the rank, and now that it has already fallen far, they didn't want to see Sealing Heaven Divine Nation rose back in power!

## Chapter 730

When the Eighth Star lit up, everyone was shocked as it was completely beyond everyone's expectation that something so otherworldly would happen today! That was not the end as the ninth star started to light up as well!

If the great elder and the third elder were still alive, they would be terrified by this situation as showed how inferior they really were!

"Great Elder, may you never be born again!" the disciple said in awe as they looked at the eighth star that shone on the sky! The person before them was truly blessed by God! They genuinely hoped that Sealing Heaven Divine Nation would be reformed and step forward to become the strongest Divine Nation in Heaven World later!

Almost instantly, Yi Tianyun's favourability point skyrocketed. Instead of harboring hatred toward Yi Tianyun, most people from Sealing Heaven Divine Nation now worshiped him! Even though some of them were the Great Elder's direct disciples, after seeing something this spectacular, they know that the Great Elder was truly diabolical!

Nevertheless, some of them still didn't want to admit Yi Tianyun's greatness.

Regardless of that, Yi Tianyun successfully become the only one alive who could light up the most number of stars! Shi Xueyun stared at Yi Tianyun's back with a smile on her face. She would be lying if she said that the scene didn't surprise her, but compared to other things that Yi Tianyun had done before, this was a mild one!

"He actually lights up the ninth star! This is impossible! This is not the descendant of the bloodline. It might be fair to say that he is the reincarnation of Sealing Heaven Divine King himself!" a disciple said in awe as the ninth star lit up in the sky.

"You might be right! Is there any story about reincarnation in the past? This might be one of the so-called reincarnations, right?" another said with a gaze full of awe.

Everyone was shocked by the scene unfolding in front of their eyes. The stars brightly shone as if mocking everyone else's bloodline, but none of them felt hatred or any negative emotion towards Yi Tianyun right now.

They knew that the Divine Nation in Heaven World might have caught wind of this event as spying another faction wasn't something uncommon in Heaven World, but they knew that not all faction in Heaven World would know about this immediately. Even so, the thought of other Divine Nation knowing what was happening right now arose some worry.

Everyone was excited as Yi Tianyun seemed to be the second coming of Sealing Heaven Divine King himself! But when they thought that everything was over, the nine stars exploded, and a huge star appeared behind all of them. This star was so different from the other nine that it was apparent to a naked eye even from the foot of the mountain itself!

It was the tenth star!

This scene had never happened before as no one ever saw the outline of the tenth star! Yi Tianyun himself was excited as well! He has been building up his bloodline's strength with the power within his body to reap the best result of this test!

With every power he drew from within his body, the bloodline stone tablet shone more dazzlingly, resulting in another star lighting up in the sky! But as the tenth star light up in the sky, Yi Tianyun himself was shrouded with a dazzling light and disappeared from everyone's sight!

The people who have been watching the whole scene was left stunned as they saw Yi Tianyun disappeared. The light that shrouded the Bloodline Stone Tablet disappeared, and the ten stars that shone brightly in the sky immediately dimmed and covered by the cloud once again.

"Hey, what just happened? Where did he go? Why did he disappear all of a sudden?" the disciples were confused by what just happened. This was the first time they ever saw the tenth star. Therefore this was their first time seeing somebody disappeared from the site!

Suo Kaifeng, Yi Xingchen, and Yi Yuanlong began to panic as they didn't know what happened themselves! Yi Tianyun was the ray of hope that Sealing Heaven Divine Nation needed in such a long time. Moreover, Yi Tianyun was a family that they never had the chance to bond with either! Everything happened so suddenly that they really panicked beyond their mind!

"I am taking him here to gift him an inheritance, but it seems the ancestor might have something else in mind, but I really hoped that he would pass any trial that they gave him! Now, we have to pray for his safety as we can't afford to lose him! He was our beacon of hope, our guide to the future!" Suo Kaifeng said worriedly.

The elders and disciples on the site bowed their heads to show their utmost respect. They understood why Suo Kaifeng seemed to be worried and panicked as Yi Tianyun never even cultivated inside Sealing Heaven Divine Nation at all, so the ancestor might treat Yi Tianyun as an invader or worse!

At the same time, the Divine Nations across the Heaven World was in an uproar!

"The tenth star? Are you sure? Are you sure you're not seeing things?"

.....

“Quick! We need to have the information about the person that successfully lit up the tenth star! We have to know everything about that person!”

.....

“We have to know everything about that child! We can’t let this child live any longer. Otherwise, our future may be in danger!”

.....

All the leader of each Divine Nation was in a panic as they started to demand information about Yi Tianyun. They thought that the Bloodline Stone Tablet would end after the sixth or seventh star, but it lit up further into the tenth star!

Now, all Divine Nations were trying to come up with a way to get rid of Yi Tianyun from the world!
