

## Leveling 741

### Chapter 741

Yi Tianyun's attack this time was far more powerful than the previous one. The only thing different this time was Yi Tianyun directed the attack towards the Saint King cultivators on the scene! The light covered everyone from the enemy alliances, and everything just disappeared, leaving not even a scream behind!

Everyone was surprised as they realised this time, Yi Tianyun's light of death was stronger than before! They were trembling on their feet as they realized that they wouldn't survive if they were the target!

"The power of the stars is too strong!" an elder said from above the wall as he witnessed Yi Tianyun's strength.

"Yeah, I have never seen the stars being used for something like this before!" another elder said with a frown on his face.

"Thank god he isn't our enemy now! It's really fortunate for us to be able to ally ourselves with such a powerhouse!" another said excitedly.

.....

The look from Sealing Heaven Divine Nation's cultivators was filled with awe. Some people already knew that Yi Tianyun was the one who lighted up all ten stars, but some of them still didn't know about this information. But most of them definitely didn't know that the Ten Stars lighting up in the sky were Divine Tools!

'DING!'

'Successfully killed Yutian Holy King!'

'Reward: 8.3 billion Exp, 250.000 Cps, 30.000 Sps, ...'

‘DING!’

‘Successfully Killed Yutian Imperial Preceptor!’

‘Reward: 8 billion Exp, 240.000 Cps, 28.000 Sps, ...’

‘DING!’

‘Successfully ...’

‘DING!’

‘Congratulation to Player [Yi Tianyun] for breakingthrough to 3rd Layer Saint King Stage!’

Holy Kings and Imperial Preceptor were being killed without a chance of resisting! Not only the people watching, but even Yi Tianyun himself was also shocked by the scene in front of him. His Combat Power rose and reached 40 billion points. Even a Saint King Peak cultivator wouldn’t be able to withstand Yi Tianyun’s power!

But as the light faded, a few Holy Kings were still left standing! They had Divine Tools that shielded them from the light, but unfortunately, their Divine Tools were completely useless now as they broke after taking the attack head-on.

Shi Huotian was one of the survivors this time, and his eyes were full of horror! Even with the strongest treasure in their possession, they couldn’t even defend themselves completely as they still sustained injuries here and there.

“Well, I’m surprised that you can survive my attack!” Yi Tianyun indifferently said as he shook his head. He could’ve levelled up once more if these people died. Too bad they could defend themselves earlier!

It was no wonder that the world didn’t have any Divine King since the disappearance of the three divine kings of the past! It was thought to raise even one level of Saint King Stage! Without the help of the Exp

Card that he got from the roulette, he wouldn't even be able to level up once even after dealing with so many enemies!

"You are clearly cheating here! You are using the Divine Tools left by Sealing Heaven Divine Kings, aren't you? I bet that you can't deal with us with your own power!" Shi Huotian said tauntingly. He taunted Yi Tianyun as he thought that Yi Tianyun wouldn't be able to do anything without Sealing Heaven Divine King's power.

"Yes, come down here and fight us yourself! You are just a coward that hides behind the ancestor's treasures, aren't you?" another Divine Nation's leader shouted as he realised what Shi Huotian was trying to do.

"Don't listen to what they said! They're just afraid of the stars' power!" Suo Kaifeng said worriedly to Yi Tianyun. Suo Kaifeng himself didn't think that Yi Tianyun would be able to deal with several Saint King Experts at the same time, so he didn't want Yi Tianyun to respond to their provocation.

Yi Yuanlong also looked at Yi Tianyun with worry. He knew how easy it was to provoke a young man like Yi Tianyun as a young man his age often bit into the provocation without really thinking of the consequences. But, Shi Xueyun didn't say anything as she knew that there was no way Yi Tianyun would lose.

Yi Tianyun just smiled and jumped onto the battlefield, while the stars in the sky were immediately covered by the clouds. It was clear to everyone that Yi Tianyun was provoked and sealed the stars' power!

"Great! He is just another idiot! Albeit his ability is good, he's still too green to think rationally! We have to join forces and kill him quickly!" Shi Huotian said to the rest of the Divine Nations' leaders as he smirked triumphantly.

"Second Elder! Stop! Don't fall for their provocation!" Suo Kaifeng tried to persuade Yi Tianyun to listen to his word. He also jumped forward, preventing Yi Tianyun from advancing any further.

"I understand that you are worried, Family Lord! But I am stronger than them, that fact I can assure you. So, please! Don't worry about me!" Yi Tianyun said with confidence. Yi Tianyun wasn't a fool. He already

assessed the power of each Divine Nation's leader on the battlefield and reached the conclusion that he would be able to win!

He had to prove himself in front of everyone that he was a force to be reckoned with, whether with or without Sealing Heaven Divine King's inheritance!

## Chapter 742

Suo Kaifeng was nervous as he failed to dissuade Yi Tianyun from going down to the battlefield! If Yi Tianyun died here today, Sealing Heaven Divine Nation would be as good as finished, and that's not just of speech as the Sealing Heaven Divine Nation would be immediately destroyed by the other Divine Nation as soon as Yi Tianyun was killed!

The scene earlier still shocked everyone as it was possibly the strongest attack that anyone on Heaven World has ever seen. Even if Sealing Heaven Divine King's successor never appeared, no one would dare to stand against Sealing Heaven Divine Nation as the Stars' power was enough to destroy a Divine Nation by itself!

Although some Hidden Faction somewhere in Heaven World might have a stronger Divine Weapon or cultivators, it doesn't matter as no one would really want to make an enemy out of Yi Tianyun!

"Listen to me, Yi Tianyun! Don't go over there! They're not the people we can take lightly, and you should've known this! If you get overpowered, you will die!" Suo Kaifeng shouted desperately.

"That's a fact, kid! You better come down here and come at us with your own power instead of hiding behind Sealing Heaven Divine King's power! Be a man for once!" Shi Huotian said with a smirk on his face. He planned to provoke Yi Tianyun until the end as he thought it would be easier to deal with Yi Tianyun once he lost his cool.

"Family Lord, don't worry! I have my own plan!" Yi Tianyun said confidently. Suo Kaifeng saw the determination in Yi Tianyun's eyes and fell silent for a while as he started to believe Yi Tianyun might just be able to deal with the allied forces alone.

Suo Kaifeng then nodded his head and returned to the top of the wall, but once he got to the top of the wall, he felt a little bit disappointed at himself for letting Yi Tianyun go. Yi Tianyun's word really got to him, and he ended up letting him go!

This is all because of Yi Tianyun's high Command Point, which made his word turned into a command for those who believed in him. That was also why many disciples obeyed Yi Tianyun's word without any question!

"What happened, Family Lord? Why did you let him go alone?" An elder asked Suo Kaifeng in astonishment.

"He is our genius! If you let him die, how can we survive in the future!" another elder said surprisedly.

"Stop him, damn it! if I can fly, I will rush there and stop him myself!" A disciple said nervously.

Many disciples and elders felt that Yi Tianyun was clearly powerful but not powerful enough to deal with so many enemies at once! But the enemy, especially Shi Huotian, was very excited as he saw a ray of hope to win this battle!

"Good, kid! Act like a real man and come here!" Shi Huotian said to Yi Tianyun provocatively. The allied forces almost cheered up as they saw how easy it was to provoke Yi Tianyun.

A moment after, Yi Tianyun landed on the ground with the Evil Spirit Divine Sword in his hand. Yi Tianyun walked in with a calm demeanour without any concern showing. With a step forward, the allied forces were preparing themselves to attack Yi Tianyun!

"It seems that you are really confident in your power. But don't worry, you will not be the first cultivator I know who was so confident, only to die the next moment!" Yi Tianyun said indifferently. "In my opinion, cultivators tend to act around several circumstances. It is either their unwavering belief that they are a genius and surely can destroy everything on their path, a belief that they can do anything once they break through in cultivation, or the belief that they were so strong that they could kill anyone! And obviously, you are the last type!" Yi Tianyun said while shaking his head.

"Nonsense! It is as simple as to see who is right and wrong through a head-on battle!" Shi Huotian said coldly.

“Well, if that the case, good for you! Although it doesn’t matter what belief that you have once you stood in front of me!” Yi Tianyun said as he walked towards the edge of the barrier that was created to protect the wall earlier.

“What?” Shi Huotian was perplexed as he didn’t understand where Yi Tianyun’s confidence was coming from, but he suddenly felt extreme pressure coming out from Yi Tianyun!

“It is already too late!” Yi Tianyun said indifferently as he suddenly disappeared from his spot and appeared behind the enemy line! Yi Tianyun slashed the enemy gently, but the Evil Spirit Divine Sword still cut the enemy like butter! His first victim was the Imperial Preceptor of some Divine Nation and cut him in two with a single slash.

‘DING!’

‘Successfully killed Liu Yun’s Imperial Preceptor!’

‘Reward: 8.3 billion Exp, 200.000 Cps, 13.000 Sps, ...’

He continued his assault, killing one cultivator or more with a single slash of his sword. His speed was so fast that the allied forces couldn’t react. He killed Saint King Cultivators with ease that it was absurd!

In the end, only three people left standing!

“Wha...! Is this his real strength?” the people on top of the wall started to wonder.

“He is too strong! Even without the ancestor’s power, he would easily annihilate anyone!” another elder said with awe on his face.

They are just observers of this battle, but they felt immense joy to witness Yi Tianyun’s real power. Yi Tianyun’s reputation raised through the roof in an instant as everyone from Sealing Heaven Divine Nation immediately revered him.

“Well, look at that! I become popular because of you!” Yi Tianyun said with a smirk towards Shi Huotian. He knew that it was best for him to deal with the enemies by himself! If he relied on Sealing Heaven Divine Nation to deal with them and wait, it would take a long time with a risk of losing!

In the end, his choice to deal with the enemies himself was the best!

## Chapter 743

Yi Tianyun’s power shocked everyone. It was obvious that everyone realised that Yi Tianyun was already a force to be reckoned with even without Sealing Heaven Divine King’s inheritance! Yi Tianyun’s reputation rose once again. He had proved himself to be a capable cultivator. In fact, he was far stronger than any of the elders right now!

Everyone saw Yi Tianyun as the second elder without questioning that decision anymore. In fact, people wouldn’t mind if he got the position of the Great Elder for himself! In this cultivation world, strength equaled respect. Thus a person with stronger cultivation would be more respected!

But Yi Tianyun didn’t mind the second elder status. He wanted his father and grandfather to establish their position as the Great Elder and the Family Lord! Everyone who knew that Yi Tianyun was related by blood to the Great Elder and the new Family Lord felt a sense of awe. They now realised that the Sealing Heaven Divine Nation was in good hands as no one would dare to turn hostile against Yi Tianyun.

“Escape!” Shi Huotian shouted as he realised that it was meaningless to attack Sealing Heaven Divine Nation with Yi Tianyun present! But he felt desperate right now as he couldn’t see Yi Tianyun’s movement, meaning that Yi Tianyun was so much faster than himself!

The three remaining cultivators, including Shi Huotian began to flee in a different direction! They fled as fast as they could, but for Yi Tianyun, their speed was all useless!

Yi Tianyun swung the Evil Spirit Divine Sword towards the fleeing cultivators, and a wave of sword aura slashed through the air! Yi Tianyun’s expression was still filled with indifference as he really didn’t care about these people. If a cultivator were slashed in two by a normal weapon, they might live for a short while, but those who fell victim to the Evil Spirit Divine Sword would have their soul consumed! The black fire would burn their bodies away while the soul was being absorbed into the sword!

Because of this effect, it was impossible to completely resist it! Even if the sword failed to consume the victim's soul, the fire would still scorch the designated area!

"One!" Yi Tianyun said indifferently as the first one fell to the ground. Then, he quickly flashed towards the next cultivators that tried to escape.

"Please don't kill me! I surrender and willing to become Sealing Heaven Divine Nation's vassal!" the cultivator said nervously.

"Nah! There is no need!" Yi Tianyun coldly said as he slashed down the cultivator without showing any expression! He didn't care about those who already gave up as there was no point trusting one who easily defected to enemy when their life was in danger!

"That's two!" Yi Tianyun said indifferently.

Yi Tianyun disappeared again and reappeared in front of Shi Huotian. He was the only one left as everyone else was already dead!

"Where did you want to go to?" Yi Tianyun indifferently asked as he blocked Shi Huotian's path!

"Damn you!" Shi Huotian said as he was startled and fell to the ground. He didn't expect Yi Tianyun's power to exceed their combined power! When he saw Yi Tianyun killed Heavenly Silkworm Holy King so easily, he thought it was because of Sealing Heaven Divine King's inheritance.

He taunted Yi Tianyun to get out of Sealing Heaven Divine Nation's great array's range as he thought that Yi Tianyun wouldn't be as strong as he was inside Sealing Heaven Divine Nation!

"What are you going to say now?" Yi Tianyun asked indifferently.

"No, it shouldn't be this way! How can you be this powerful?! Are you the incarnation of Sealing Heaven Divine King?" Shi Huotian asked in panic and fear. He couldn't believe such a young cultivator would be this overwhelmingly strong!

“Incarnation of Sealing Heaven Divine King? How can I become his incarnation when he wasn’t even dead?” Yi Tianyun said indifferently.

“Sealing Heaven Divine King isn’t dead? How is that possible?!” Shi Huotian said surprisedly. He knew that the three great Divine Kings had disappeared for a long time, so it couldn’t be helped if he thought that they must have died somewhere!

In honesty, Yi Tianyun didn’t really know if the three Divine Kings were still alive or not, but he believed that such powerful cultivators wouldn’t die that easily!

“Well, it doesn’t matter if you believe me or not, but I want to thank you!” Yi Tianyun said as he raised his Evil Spirit Divine Sword.

“What? What are you thanking me for?” Shi Huotian curiously asked as he hoped that Yi Tianyun would let him go.

“Well, I thank you for bringing me so much food for my growth!” Yi Tianyun smiled coldly towards Shi Huotian!

Shi Huotian immediately shuddered from the killing intent that Yi Tianyun let out. He immediately stood back up and burned his blood essence to enhance his strength! Numerous silver light from Shi Huotian surrounded Yi Tianyun, leaving him with no path to escape!

The silver light condensed into the Heaven Holding Giant Sword that Shi Huotian was holding and he immediately slashed Yi Tianyun with it!

“Die, you bastard!” Shi Huotian shouted gloriously. He knew that he would be alive as long as Yi Tianyun was dead. Thus killing Yi Tianyun was his only chance to survive. But for Yi Tianyun, Shi Huotian’s attack was still not enough to worry him.

He blocked the attack with his Evil Spirit Divine Sword. Once the Heaven Holding Divine Sword collided with the Evil Spirit Divine Sword, the silver light was devoured, and a black light rose to the sky, covering the area with it. The day has turned into the night from the intensity of the black light!

Everyone was shocked by what was happening, but the black light gradually dissipated. Turning the night back into day. Everyone saw Yi Tianyun was still standing where he stood last time, but Shi Huotian was nowhere to be seen!

Chapter 744

‘DING!’

‘Successfully killed Shi Huotian!’

‘Reward: 10 billion Exp, 500.000 Cps, 50.000 Sps, Heavenly Stone Secret Art, Crystal Body Divine Art, Stone Heavenly Axe, Tianyu Stone, 20x Exp Card!’

‘DING!’

‘Congratulation to Player [Yi Tianyun] for successfully breakthrough to 4th Layer Saint King Stage!’

Yi Tianyun successfully breakthrough after killing Shi Huotian. Yi Tianyun was very well satisfied as he managed to level up three times from this battle alone! It was unfortunate that he only got a little Crazy Points as he didn’t have the Crazy Points card! The price of the Crazy Points Card in Crazy Shop was far already too expensive that it’d be inefficient if he purchased it.

“Is it over?” someone said on top of the wall. Everyone saw that Yi Tianyun was the only one standing on the battlefield. Shi Huotian was nowhere to be seen! Everyone was surprised that Yi Tianyun was really able to kill all of his enemies without leaving anyone behind!

Everyone’s heart beat so fast out of excitement as they thought of the future where Yi Tianyun would lead them to since Yi Tianyun had light ten Stars during his Bloodline test and so powerful that he easily mowed down several Divine Nations alone!

“He is too strong! His power is that of the Old Ancestor’s rank!” one elder said with awe in his eyes.

“It doesn’t matter! What matters right now is that our Sealing Heaven Divine Nation has conquered these Divine Nations, and we stand even stronger than before!” another Elder said excitedly.

“As expected of Family Lord! It was obvious the Second Elder is our secret weapon now. He actually hid such a cultivator from us all and successfully beat down the enemy’s effort to trample us!” a disciple said proudly.

Most of the disciples still didn’t know the truth about Yi Tianyun. As far as they knew, Yi Tianyun has always been one of Sealing Heaven Divine Nation’s cultivators! The ones who knew Yi Tianyun’s story were ashamed of themselves as they realised now that Yi Tianyun was the strongest person in the entire Faction!

People began to chant ‘Hero!’ as not everyone knew Yi Tianyun’s name, but surely, they still could praise Yi Tianyun for what he was, a Hero!

Yi Tianyun immediately looked up and frowned as he heard people started chanting the word Hero. He inspected his status and realised that his Reputation skyrocketed, and Sealing Heaven Divine Nation’s Favourability toward him was close to maximum!

‘DING!’

‘Successfully acquired a title [Saving a life is more meritorious than building a seven-floor Pagoda!]

‘Prestige Point increased by 3.000.’

After hearing the notification, Yi Tianyun was startled! He didn’t think what he did was considered as saving them as he was keen to do it for himself! But after he gave it another thought, he did end up saving these people as the enemy would surely slaughter them all if Yi Tianyun weren’t here!

But still, the enemy attacked Sealing Heaven Divine Nation because he lighted up ten stars in the first place! Nevertheless, it wouldn’t change anything! The enemy would attack Sealing Heaven Divine Nation in the end, whether or not Yi Tianyun was there.

The only difference would be the Great Elder and the Third Elder would still be there, munching down on Sealing Heaven Divine Nation’s resources!

“Well, it was a huge amount of Prestige Points from this battle alone!” Yi Tianyun said with surprise in his eyes. Yi Tianyun then flew to the top of the wall and observed the people that worshipped him. It was clear to him that almost all Sealing Heaven Divine Nation’s disciples considered him as a hero.

But Suo Kaifeng just helplessly sighed as he knew that no matter how much the disciples worshipped Yi Tianyun, he set on leaving!

“Can you perhaps consider staying a bit longer?” Suo Kaifeng asked curiously while still hoping that Yi Tianyun would really stay.

“Thank you very much for your consideration, Family Lord! I do consider staying, but I believe Sealing Heaven Divine Nation should be out of the wood now! Now, I wasn’t needed here! But if any of the Divine Nation still comes here to exact their revenge, I will return and help!” Yi Tianyun said with a smile on his face.

“If you say so.” Suo Kaifeng said with a sad frown on his face. Suo Kaifeng didn’t persuade Yi Tianyun any further as he knew that Yi Tianyun has his own mission to do.

“Family Lord, we shouldn’t ask Yi Tianyun to do things for us. After all, it is us that owed him!” Yi Yuanlong said as he looked at Yi Tianyun with a smile. “But, this will always be your home, so you are welcome to come back anytime you want!” Yi Yuanlong said to Yi Tianyun with a big smile on his face.

“Don’t worry, Grandfather! I will be back!” Yi Tianyun said with a smile. Then he turned his attention to Yi Xingchen and Jiao Linghe. “I will be gone for a while, but if there is anything I can help you with, I will come back anytime!” Yi Tianyun said as he hugged his mother and shook his father’s hands.

Jiao Linghe’s eyes were red as she tried her best to contain her emotion! She wanted to help Yi Tianyun on his mission, but she knew that she would just become dead weight to him! So, she let Yi Tianyun go!

After that, Yi Tianyun immediately left with Shi Xueyun. The disciples that were in a festive mood became puzzled as they saw Yi Tianyun, the one they hailed, was leaving!

“Our child has grown into a responsible young man! We don’t have to worry about anything! What we need to do now is to strengthen Sealing Heaven Divine Nation so that no one dares to threaten us in the future!” Yi Xingchen said confidently.

“Yes, you are right!” Jiao Linghe said with a sad frown on her face. She was still sad that Yi Tianyun had to leave before they could catch up with each other, but she knew that she had to show Yi Tianyun that she would do her best!

## Chapter 745

Yi Tianyun had killed 8 Divine Nations’ lords and their Imperial Preceptors without any difficulties! This news quickly spread throughout the Heavenly World and shocked everyone! The rest of the Divine Nations in Heaven World immediately made sure that they didn’t become Sealing Heaven Divine Nation’s enemy! Although the 8 Divine Nations that attacked Sealing Heaven Divine Nation wasn’t the best Divine Nations in Heaven World, but the thought of having that many people attack without any solid reason would catch any Divine Nation off guard!

For Yi Tianyun himself, he didn’t want to prolong this matter anymore. He knew that he could thoroughly purge the Divine Nations that tried to attack Sealing Heaven Divine Nation for extra treasures and experience, but he didn’t see the need to do that!

He knew that after killing the Divine Nations’ lords and imperial preceptors, the alliance of Divine Nations was practically over! If he attacked the shaken-up Divine Nations further, he would be seen as a villain and would negatively affect Sealing Heaven Divine Nation! They were teaming up against Sealing Heaven Divine Nation, which wasn’t something to be proud of. However, if Sealing Heaven Divine Nation thoroughly destroyed these Divine Nations, everyone else would think that the alliance might be right!

“I can finally relax a little now!” Yi Tianyun said as he relaxed on top of the blue phoenix.

“Aren’t you glad to finally see your parent after such a long time!?” Shi Xueyun said, comforting Yi Tianyun as she thought that Yi Tianyun was having a hard time leaving his parent.

“Yes, it won’t be easy to get used to the fact that I have my parent now, but I think time would change it in the future!” Yi Tianyun said with a smile on his face. He had never met his parent before this, so it was normal if it took some time to mend their relationship.

“Well, if anyone started to tell you’re wrong, believe in yourself! Because I will always believe in you, I will always stand by your side no matter what your choice is!” Shi Xueyun said as she leaned her head to Yi Tianyun’s shoulder.

Yi Tianyun was moved by Shi Xueyun’s words. He leaned closer and kissed her gently.

.....

‘DING!’

‘Successfully completed the Main Quest [Healing Thee Father!]

‘Reward: 500 Million Exp, 100.000 Cps, X2 Roulette Tickets.’

‘DING!’

‘Successfully took a new Main Quest [Find Mortal World’s Heaven Creating Divine King’s Palace and took control!]

‘Reward on completion: 20 billion Exp, 150.000 Cps.’

The new main quest presented itself, and now he knew what he needed to do first! It was in line with his intention to return to Mortal World too! He wanted to find the Heaven Ascending Divine Altar on Mortal World to make travel between worlds easier.

Logically speaking, Yi Tianyun should level himself up quickly to reach the Divine King stage so that he could prepare himself for the battle against the Demon. However, there was no enemy that he could take advantage of for the moment, and it’d be hard to find another source of Exp aside from killing other cultivators!

Yi Tianyun wouldn't make a new enemy for his own good. He was set on not making new enemies on purpose! He would only kill a cultivator if they wronged him. Otherwise, Yi Tianyun couldn't consider them an enemy!

Another way to gain Exp was to kill demon beasts, but finding a powerful demon beast would also take a lot of effort! The best way for now was to complete the quest that he had, and now, his Main Quest was the only quest he had and could complete!

"We are about to enter Mortal World now." Yi Tianyun said as he looked at Shi Xueyun at his side.

"Aren't you too strong to return to Mortal World now? Are you going to be okay?" Shi Xueyun asked worriedly. As far as she knew, a cultivator with high cultivation would be impossible to pass through the channel of world as the passage would give them a more difficult test to pass! Now, the passage from Heaven World to Mortal World was a waterfall! The passage was simple. The cultivation current of the waterfall would be stronger according to the level of one's cultivation!

"No, it would be like everyone else!" Yi Tianyun smiled and took Shi Xueyun directly to the bottom of the waterfall.

Some cultivators were surprised as soon as they saw a giant phoenix flying down with a young man and a beautiful woman on top of it.

"That brat is asking for trouble! He has the gall to fly here and try to cross over!" a cultivator that was standing near the waterfall said with a frown on his face.

"Yeah, that brat is too brave for his own good! That beautiful woman is there just for show, right?" another cultivator said while shaking his head.

"Well, it would be fun to see them drown! So, let's keep watching them from afar!" another cultivator smirked.

But complete to their surprise, Yi Tianyun just flew while holding Shi Xueyun in his hands through the waterfall! The water opened up and let him in without any obstruction!

“What the hell? What just happened?” the cultivator shouted as he couldn’t believe what he just saw. He immediately tried to fly, following Yi Tianyun’s action, but to his dismay, the pressure on the air brought him down immediately! Everyone looked at each other and shrugged as they really couldn’t think of how the young man flew through the waterfall like that!

The Guardian of the Passage title that Yi Tianyun had allowed him to freely use any passage created by the Divine Kings without any obstruction! In a short moment, Yi Tianyun has arrived at Mortal World with Shi Xueyun and immediately returned to Heavenly Clouds Empire!

Everyone immediately welcomed Yi Tianyun and Shi Xueyun, Shi Xueyun especially as everyone was worried that she wouldn’t return!

“Xueyun, Heavenly Clouds Empire couldn’t live without you! You are everyone’s empress!” Yi Tianyun said with a smile on his face.

“Tianyun, I swear I won’t leave again! This place is my home. Wherever you are will be my real home!” Shi Xueyun said with a tear on her face.

When everyone saw that Yi Tianyun and Shi Xueyun were holding hands together, they were quite surprised! “Great Emperor, when will the wedding date be?” someone asked curiously.

“Not until we unified all three realms!” Yi Tianyun answered with confidence and a slick smirk on his face.

## Chapter 746

Yi Tianyun’s word shocked everyone as it was such a far-fetched goal for them. Unifying the Mortal World itself was already a big goal for them, let alone unifying the three realms! Furthermore, they knew that there were so many Divine Nations in the Heaven World and Ghost World that it would be foolish for the people here in Mortal World to fight against them! There was another hurdle, which was the way to go to the other realms itself!

“Did you think it would be hard?” Yi Tianyun said as he looked at everyone’s expression.

“We don’t doubt the emperor’s strength, but we are certain that the preparation would take a lot of time and wouldn’t Palace Lord Shi have to wait for a long time for that?” one elder said meekly. She felt that it would take at the very least 10 years for Heavenly Clouds Empire to achieve the emperor’s goal, if not hundreds of years!

In the past, not even the great Divine Kings were able to unify the three realms, so Yi Tianyun’s goal seemed to be almost impossible to do right now!

“Don’t you worry about it! I just want to use the unification of the three realms as my betrothal gift to my empress! The thought of gifting her the unification of Mortal World seems to be lacking for me!” Yi Tianyun said solemnly.

Shi Xueyun was moved by Yi Tianyun’s word. She didn’t really want any betrothal gift from Yi Tianyun as she would be happy as long as she was with Yi Tianyun! The feeling of Yi Tianyun claiming her to be his empress alone made her happier than she could be at this moment! The thought of claiming someone in front of a large group meant the importance of that person in his heart!

But the thought of gifting the unification of the three realms as the betrothal gift to become the empress of the three realms obviously came off as a shock! It wouldn’t matter whether Yi Tianyun succeeded or not as the thought was the only thing that counted for Shi Xueyun! Nevertheless, Shi Xueyun believed that Yi Tianyun would succeed without a hiccup!

Yi Yuwei and the other girls were envious of Shi Xueyun as they wanted to be in her position too! But sadly, they could only watch from the side as it wasn’t up to them to decide who would stand beside Yi Tianyun! Even so, they were happy for Shi Xueyun and cheered for her to be able to always make Yi Tianyun happy! They already felt grateful that Yi Tianyun had given them a role on this faction!

“I know that many of you think that my goal is too far-fetched, but that is understandable! From today onward, I will create an alliance that would spread around the Mortal World’s empires, and of course, with our Heavenly Clouds Empire will be holding the helm of this alliance!” Yi Tianyun said confidently. Yi Tianyun didn’t pace himself too quick. He knew that to realise his goal, he must conquer the Mortal World first before planning on taking other realms!

“An alliance? We aren’t going to destroy the faction like before?” One of the disciples asked curiously. They’ve already witnessed Yi Tianyun destroying empires in the past that the thought of conquering the Mortal World peacefully didn’t cross their mind.

“No! while the past may seem to beg to differ, I am not a mass murderer! Unification of the Mortal World doesn’t require any extreme measures! We only have to prove that we are the strongest, and they will follow our instructions without any discomfort. If I try to rule by fear, they would only retaliate against me in the end!” Yi Tianyun said with a smile on his face.

“That is a great plan, Master! But what would you do if they don’t want to listen to your idea? Some factions can be pretty stubborn! Should we destroy them if they don’t want to cooperate with us?” Yi Yuwei asked curiously.

“No, we only have to persuade them by negotiation! We need an alliance that’s ruled by hope and trust! We don’t need to brew any vile mood from anyone! If push comes to shove, the only thing that we can do is offer them a lot of Martial Arts and Weapons to persuade them to agree to our terms.” Yi Tianyun said solemnly. Yi Tianyun threw out a few rings to the disciple on the front. “Use this to tempt them to join the alliance!”

“Is this really enough to tempt them to join our cause?” a disciple frowned. Mortal World had so many factions that they must persuade to join alliances with Heavenly Clouds Empire, but the emperor only handed out several storage rings!

“You just have to take a look at the content of those rings! Just make sure that you negotiate accordingly! For example, is it normal to persuade a 2nd grade faction with Heaven Level Martial Arts? This is certainly unheard of!” Yi Tianyun said calmly.

“Of course, my liege! We will do everything you said to perfection! But I have to ask, what do we have to do if that faction bears hostility toward us and attacks out of nowhere?” Yi Yuwei asked again calmly.

“If they return our negotiation with violence, then we have no choice but to subdue their faction with power too! Tell them that I don’t need their power constantly! They don’t have to obey my words, as long as they lend me their power when it matters! An alliance isn’t slavery. They can do as they please until the time comes where their power was needed to save the realms!” Yi Tianyun said commandingly.

Yi Tianyun’s goal to unify the three realms wasn’t for his own benefit. It was all for the sake of defeating the demon that was sealed once it broke its seal! He only needed their power in a battle against the demon!

From the memory that Yi Tianyun received from Sealing Heaven Divine King, he knew that the demon wasn't alone! He would need all capable cultivators to join in and repel the demon's invasion as best as they could!

Yi Tianyun wasn't still quite sure that the demon would truly invade the three realms, but there was no harm in preparing for the worst in advance! Defeating the sealed demon wasn't what really mattered right now, as the most dreadful thing was to stop and repel the possible Demon Race invasion!

"I know that some of you are still struggling to understand the concept of Alliance that I developed, but don't worry, I don't mind explaining it to you in private later!" Yi Tianyun said confidently!

All of this was necessary for Yi Tianyun to create an alliance that could stand against hardship in the future!

## Chapter 747

Yi Tianyun then explained about the Demon that would break out in 100 years to his men. They were startled that such a major event was happening under their noses, but there was no record about it! "Great Emperor! We should announce this information to the rest of the Mortal World!" An elder said worriedly. Others nodded along as they agreed to the elder's suggestion!

"How many people would believe us when we told them that such a dangerous creature lived in Mortal World?" Yi Tianyun asked with a frown on his face. Everyone was startled once again as they never thought of it that way. They believed in Yi Tianyun's word as he was their leader, but they realised now that Yi Tianyun's word was a little bit unbelievable from a stranger's perspective.

The problem for this matter was no record about this Demon had been passed down! Furthermore, how could Mortal World factions deal with something that the Divine Kings had a hard time dealing with! Mortal World Faction might be huge in quantity but lack quality as many Spirit King stage cultivators chose to go to Heaven World or Ghost World to find a better environment for them to cultivate.

Heaven's Top Mansion was the best example. In the past, Xuan Tian Spirit King was the backbone of this Mansion, and once he died, Heaven's Top Mansion had a hard time recovering! Meanwhile, Heaven World and Ghost World were a little bit different as they had a good environment to cultivate and good resources for their faction.

Most factions in Heaven World and Ghost World still had their old ancestor, meaning that they could actually do something. In that case, what could Mortal World Faction do against such an overwhelmingly strong monster?

Heavenly Clouds Empire's people started to think about it, and they certainly don't like their odds.

"That is why I gave you so many resources to persuade them to join the alliance! Once they joined the alliance, everything would be easy from then on." Yi Tianyun said indifferently. Everyone began to nod as they understood what their Emperor was saying. They didn't need to tell other factions about the Demon as it would be pointless anyway.

"Tianyun, I want to help the best I can too!" Shi Xueyun said as she looked Yi Tianyun in the eyes.

"No, I have said that you don't have to do anything! You are the empress, you already have so many things to worry about, and this is not something that you should do!" Yi Tianyun said with a smile on his face. He really meant it as Shi Xueyun would be busy managing the faction as a whole when Yi Tianyun wasn't there!

"Okay, I understand! I promise you I will help you manage the faction." Shi Xueyun said as she immediately went inside the palace to see what she could do to help. A group of Shi Xueyun's close attendants in the past immediately followed her after bowing their heads to Yi Tianyun. They didn't know their status now, but they surely would help Shi Xueyun if they could.

Now that Heavenly Clouds Empire was the most famous faction in the Mortal World, building an alliance with Heavenly Clouds Empire at the top should be no problem at all! No faction would question Heavenly Clouds Empire's authority as they would be scared to upset Yi Tianyun!

After trampling so many Empires in Mortal World, Yi Tianyun have made a name for himself! There was a reason why Yi Tianyun wanted to create this alliance so bad, as he wanted to use it to make sure that the three realms, especially Mortal World, could prepare for the invasion of the Demon to come.

"Great Emperor! Don't you know that you are literally paying for the safety of the entire Mortal World? In the end, the people in Mortal World might even abandon you when the time is near!" Jiu Lingyun said worriedly.

"It is fine by me. I just want to have the possibility of unity when the enemy comes. I don't mind if they choose to run away by then! it is better than getting killed foolishly by the Demon!" Yi Tianyun said with a smile on his face.

He intended to benefit everyone with the alliance, not just himself! He didn't need their gratitude as he only wanted his loved ones to be safe! He wanted everyone to be able to live without the possibility of dying at the hands of the Demon!

"Being able to do anything for the Emperor's sake was the greatest blessing for this little Jiu." Jiu Lingyun said as she bowed out of respect for Yi Tianyun.

"Well, go get busy now! Do your business like usual and increase your cultivation level! I want you to be able to protect yourself if by any chance I didn't get the chance to do so!" Yi Tianyun said as he smiled towards Jiu Lingyun.

Yi Tianyun then quickly headed towards Devil Cloud Island after bidding farewell to Shi Xueyun.

"It is quite unfortunate that an island like this was the first place that caught my eye in the past!" Yi Tianyun shook his head as he remembered when he had to deal with Xiao Wu and He Rongkun. He arrived at the island, and he saw that there was no longer magic clouds gathering on top of the island. It was completely normal right now.

But the only difference now was that the island was civilized. Yi Tianyun was quite surprised to see that the island had a small city and people running around doing their business here.

"It seems someone come over and choose to live here after I cleared the demon beast's nest!" Yi Tianyun said as he observed the small city.

Yi Tianyun began to wonder, where could the Heaven Creating Divine Palace be? Was it under the seabed?

Yi Tianyun immediately plunged into the sea around Devil Cloud Island. Although he was surprised to see a striving city on Devil Cloud Island, that was not what he was here for! He immediately used his Appraisal Eye to see inside the water clearly and explored the sea bed thoroughly.

Yi Tianyun was quite surprised that a lot of caves could be seen on the seabed that wasn't formed naturally! If he had to guess, it was the mark of the battle from thousand years ago! Many wreckages could be seen too, but Yi Tianyun doubted it was from thousand years ago as it should be buried by now!

"I think it should be around here! The trace of battle was so clear around here." Yi Tianyun said to himself as he continued to explore the seabed. Heaven Creating Divine King's Heaven Ascending Divine Altar was built with a concentration of Spiritual Energy. As Mortal World was located in the middle of the three realms, Heaven Ascending Divine Altar in Mortal World should be concentrated with Spiritual Energy!

That might be the reason why the Demon attacked the Heaven Ascending Divine Altar in Mortal World, as it would sever the connection between the other two Heaven Ascending Divine Altars to some degree! That was probably why the Heaven Ascending Divine Altar on both Demon World and Heaven World had been deactivated for so long!

Heaven Creating Divine King was the one who set up the Heaven Ascending Divine Altar like this. Certainly, he had his reasons! There was no way he would create something out of a whim! But Heaven Creating Divine King was a quick thinker. He might be building the altar specifically to counter the Demon as he could teleport through the realm with ease and summoned reinforcements very quickly!

"I don't know what happened to Heaven Ascending Divine Altar here, but can I reestablish the connection once again?" Yi Tianyun frowned as that doesn't seem to be the case. "Could it be because the altar was underwater that it lost its ability to connect with the other two altars?" he wondered.

After thinking for a while, Yi Tianyun didn't seem to reach any conclusion! It was unlikely that the altar was that weak! Why would Heaven Creating Divine King build an altar that was weak to seawater in the middle of the sea? But that might not be the case in the past too. These parts of the sea might be formed after a huge attack destroyed the land and drop the altar under the sea!

Yi Tianyun looked again and noticed a big cave that apparently had the same size as Heaven Ascending Divine Altar. Yi Tianyun knew that the altar had the same size from observing the Heaven Ascending

Divine Altar on Heaven World and Ghost World. Thus, the one on Mortal World should be the same size as well!

Yi Tianyun immediately knew that the cave was where the Heaven Ascending Divine Altar should have been in the past, but as he looked inside, he couldn't see the Heaven Ascending Divine Altar anywhere.

"What happened here? Where is Heaven Ascending Divine Altar? I don't see it anywhere!" Yi Tianyun said with a shock on his face. The only thing he saw there was a huge pitfall roughly the same size as the Heaven Ascending Divine Altar.

Yi Tianyun immediately swam around at an incredible speed. His Appraisal Eye covered a large amount of ground now, and he planned to utilise it to its utmost limit!

But no matter how far he went, he failed to see anything out of place aside from the lurking Demon Beast. He couldn't even find any trace of the Heaven Ascending Divine Altar anywhere!

"What is going on? Is it possible that the Heaven Ascending Divine Altar to be up and disappear just like that?" Yi Tianyun said with a frown on his face. He knew that there was still a possibility of the Heaven Ascending Divine Altar on this place being transferred elsewhere instead of completely destroyed without a trace.

But what baffled Yi Tianyun was because he knew that there is no such structure on Mortal World. If such a structure existed, the faction that controlled it would have reigned on top of the Mortal World as Heaven Ascending Divine Altar had a powerful Spiritual Energy that could haste the speed of cultivation better than anywhere else on Mortal World!

"This is a problem! No wonder that the quest gave quite a heavy amount of rewards! Finding the Heaven Ascending Divine Altar itself was already a massive hurdle!" Yi Tianyun said annoyedly.

The reward that he got from the quest corresponded with the quest's difficulty! With that said, the harder the quest would be, the better the reward from that quest! But now, the quest simply ordered Yi Tianyun to find Heaven Ascending Divine Altar, meaning that the difficulty of the quest depended solely on the possibility of Yi Tianyun finding the Heaven Ascending Divine Altar itself!

The amount of Exp that Yi Tianyun would get as he completed this quest was 30 billion points. The amount of Exp that he got from killing a Saint King Expert was roughly 10 million points, and at best around 100 million points! In other words, the quest would have the same amount of difficulty as killing three hundred Saint King Expert!

“It seems that Heaven Ascending Divine Altar is no longer around here! Now, I have two options to complete this quest. Either I spend my hard-earned Crazy Points to buy a Soul Guide or explore the area until I find some clues!” Yi Tianyun said as he frowned upon the thought of having to buy another Soul Guide.

He had bought it before, which meant that the price would increase! It would be such a waste to buy a Soul Guide when he didn’t have that many Crazy Points, to begin with!

“Well, I have to calm down for a moment! It’d be best to return to the city on Devil Cloud Island first. I may be able to find a clue about Heaven Ascending Divine Altar up there too!” Yi Tianyun said hopefully. He could ask the people in the city for any kind of information! Who knew if they had some kind of information about any places with similar characteristics as Heaven Ascending Divine Altar!

Yi Tianyun decided to save his points for now as it was best to search thoroughly before using an item hastily! He then quickly swam and resurfaced while trying to think of any place with the same characteristic as Heaven Ascending Divine Altar. But suddenly, Yi Tianyun heard a shout from the side.

“Hey, look! There is someone floating on the water there! Hurry, we have to save him!” a voice said worriedly. He immediately told his friend to steer the boat towards Yi Tianyun that floated on the surface while thinking.

Yi Tianyun just watched them silently and let the man approach him without doing anything! Yi Tianyun knew at that moment that a hunter like these guys might know something that he didn’t know about!

It was especially true for a Demon Beast hunter like them! A Demon Hunter must learn any information about the Demon Beast on the area as they knew that a simple slip-up could cost them their life!

## Chapter 749

Yi Tianyun was quickly hauled onto a boat. The cultivator who thought they were saving someone wasn’t strong per se. His cultivation was only at Core Condensation Stage, and several others cultivator

on the boat was also around the same stage if not lower. But one big man was clearly stronger than the other, at 1st Layer Spirit Core Stage!

But it was normal on Mortal World as having someone stronger than Void spirit Stage was very rare! And these cultivators at Devil Clouds Island were rogue cultivators! They belonged to Core Condensation Stage and didn't fear the Demon Beast that lurked around the island. Thus they could make a city on the island.

Furthermore, hunting Demon Beast was a good source of income as Demon Beast material always sold. But then again, Yi Tianyun was intrigued to infiltrate the city without revealing himself, which was why he let the cultivator save him.

"Thank you very much!" Yi Tianyun said gratefully. He wasn't really in danger, but it didn't matter right now. He was quite relieved that there were some good-natured people living on the island. He knew that not everyone would be nice. Nevertheless, it was good to see one.

"What are you doing there in the water? Is your ship attacked?" Lin Xiang asked while observing Yi Tianyun. They were quite far away from the Devil Cloud Island that it was really curious inducing to find someone floating on these waters.

"I swim, but thank you for rescuing me." Yi Tianyun said honestly. He was swimming in the sea to search for Heaven Ascending Divine Altar. The people in the boat clearly didn't believe Yi Tianyun's story as they knew that they were so far from the mainland that it was a death wish to swim here.

"Boss, why did you save someone so suspicious! This brat is not right in the head. How can anyone swim to such a dangerous place!" one of the crews said worriedly.

"Yeah, a likely scenario is that he was abandoned by whoever it is that he was with! I am sure that they were up to something unspeakable!" another crew said worriedly.

Although they were trying to talk among themselves, Yi Tianyun could hear them clearly. He only smirked and sat idly without saying anything. This was a normal reaction and behaviour as they were in the Demon Beasts' territory!

The boat that Yi Tianyun rode was quite special as it was made with a special material that could avoid the attention of the Demon Beast in the water, allowing them to travel safely.

“There is nothing to worry about. We are already done and ready to return. Saving a life is always a good thing anyway.” Lin Xiang said solemnly.

“Boss, have you forgotten the bad thing that happened in the past? The brat you saved the last time stole our hard-earned Demon Beast Materials! Just remembering that brat drives me crazy every time!” the crew said angrily.

“Okay, but not everyone is that bad! I have been saved before, and if they didn’t save me that time, I wouldn’t be here! Saving people doesn’t always lead to bad things!” Lin Xiang said solemnly.

“I am sorry for what my brothers are saying. I hope you can turn a blind eye to their rudeness!” Lin Xiang said as he walks towards Yi Tianyun.

“It is fine. I can understand your feelings.” Yi Tianyun smiled lightly.

“Well, if that’s the case, we are about to return to Devil Cloud Island! Get a rest! I will wake you up when we are there!” Lin Xiang said with a smile on his face.

Despite the word of assurance from Lin Xiang, the other two crews who were against saving Yi Tianyun earlier still watched him vigilantly.

“I don’t know what is going on here recently, but I haven’t been here for a long time. So, can you tell me what happened around here?” Yi Tianyun asked Lin Xiang.

“What do you want to know? I’ve been here for a long time and involved with the establishment of Devil Cloud City myself!” Lin Xiang asked curiously.

“I want to know what happened below the water around the island recently.” Yi Tianyun asked curiously. If Lin Xiang were here from the day the city was established, he should have known what happened.

“Below the water? Hmmm, I remember that roughly a year ago, a sudden surge happened in the water. We thought it was just a simple rainstorm, but we saw a palace was slowly moving inside the water towards the north! We were shocked by what we saw, but there is nothing we can do!” Lin Xiang said with a surprised tone.

“Some of our people tried to see whether we can use that palace for cultivation, but they were killed by the sea monster! So we have to abandon it and let it go.” Lin Xiang said solemnly. “The sea monster that protected that underwater palace was half man and half fish! We had never seen such Demon Beast before, but it was clearly more intelligent than normal Demon Beasts!” Lin Xiang said solemnly.

Yi Tianyun was quite surprised. He didn’t expect a group of monsters would make the Heaven Ascending Divine Altar their home. But more importantly, this was a new type of Demon Beast that was clearly different from the usual Demon Beast!

Nevertheless, the sea is a vast place, and people were bound to see something that they had never seen before!

“Any other noticeable things happened aside from that?” Yi Tianyun asked.

“Yeah, after that palace is gone, the magic clouds that surrounded Devil Cloud Island disappeared! But even when I first got here, that Magic Cloud was already so thin that it seemed like it was about to disappear anyway!” Lin Xiang said while shaking his head.

## Chapter 750

“A group of Sea Monsters came out of the palace and protected the palace as it was their own! I should have looked carefully for a nest! But I think they have gone far away from the island!” Yi Tianyun said to himself as he wondered where to find the Heaven Ascending Divine Palace. He wasn’t concerned about the Demon Beast as even they were no match for him, but it was a little bit unfortunate that he wasn’t at Divine King rank. Otherwise, he could search for the palace a lot faster and more efficient!

He wondered about what the Three Divine Kings had gone in the past in order to find the Demon’s remains. They searched the three realms up and down, and it still took them a few months to do so. In the end, they finally knew that it was impossible for them to thoroughly destroy the Demon’s

descendants as they realised there was no practical way to differentiate them from the normal cultivator.

They knew that the Evil Spirit Race was the descendant of the Demon, but there were too many of them, and they closely resembled a normal human! Many of them stayed at Ghost World as they realised that it was the best place for them to survive.

“Brother, are you a first-timer here on the island?” Lin Xiang said, snapping Yi Tianyun from his thought.

“I have been here before, but it was before the city was established.” Yi Tianyun said honestly. He indeed was here long ago to hunt Demon Beasts, and his word wasn’t a lie.

“Sure it was! This place has changed so much since then. The most important change is that the black cloud that surrounded the island was gone! Although the island no longer looked like a Devil nest, it’s hard to change the name that was inseparable to this place.” Lin Xiang said while nodding his head.

Yi Tianyun asked a few more questions, and Lin Xiang answered all of them honestly as he didn’t think Yi Tianyun was a bad guy. This saved Yi Tianyun a lot of time as he didn’t have to waste his time in the city trying to find the information he needed.

“Big brother, this brat actually comes here without knowing anything!” one of the crews said while shaking his head. They were a little less suspicious of Yi Tianyun, but they remained vigilant.

“Brat, I want to ask you something! How did you come here? Did your companion abandon you?” another crew asked.

“I told you already that I swam here and then got saved by your boss.” Yi Tianyun said indifferently before walking away. Yi Tianyun wanted to search for the palace now as he thought there was no need to go to the city anymore.

“We didn’t expect that you would lie to us even after we went through the trouble to save you! Well, once we are in the city, you’re no longer our trouble! So don’t expect us to babysit you!” one of the crews said with a frown on his face. He was slightly on guard because he didn’t believe Yi Tianyun’s words.

“Qian Liang!” Lin Xiang reprimanded the crew named Qian Liang while frowning.

Qian Liang immediately shut his mouth as he knew that Lin Xiang didn’t like his tone.

“I apologise for my brother’s word. We were once tricked, so pardon me if they can’t trust a stranger.” Lin Xiang said as he shook his head.

“It is fine! It is time for me to leave anyway.” Yi Tianyun said as he walked towards the side of the boat. But suddenly, the tide swept, followed by several Demon Beasts popping out of the sea! The Demon Beasts rammed the side of the boat, and one cultivator fell into the sea. Unfortunately, his cultivation was too low to fly, so he was helpless when he fell into the sea.

“Heaven Water Beast!” Lin Xiang shouted. He was startled by the sudden emergence of the Demon Beast. “Quick, we have to get out of here!” Lin Xiang shouted hurriedly. The three of them immediately tried to drive the boat away from the Demon Beast.

“Little friend, can you help us mend the sail! We will die here if we dawdle around for too long!” Lin Xiang said to Yi Tianyun.

“Heaven Water Beast? That’s an advanced-level Demon Beast. Apparently, this place indeed went through drastic change!” Yi Tianyun said as he observed the Demon Beast.

They soon saw another boat in their peripheral vision. However, they noticed that boat was turning around, probably because its passenger noticed the Heaven Water Beast that attacked Lin Xiang’s boat.

Heaven Water Beast Roared and rammed the boat continuously. Their attack was fast, and they clearly tried to throw off everyone into the sea!

“We are doomed!” Lin Xiang shouted in horror as he noticed an attack directed to the deck. “Quick, into the water! We can still fight them, and if we’re lucky, we may be able to catch them off-guard!” Lin Xiang ordered his crews as he realised that it was no use trying to get away when they were already surrounded.

“You don’t have to do that! Just stay here and let me deal with them!” Yi Tianyun said indifferently. Needless to say, everyone was surprised that a young man said that he’d deal with the Heaven Water Beast on his own. Qian Liang and other crews thought that Yi Tianyun was stupid and out of his mind!

But as soon as he said that, Yi Tianyun waved his hand, and a sound wave appeared, shocking the Heaven Water Beast and force them to retreat underwater.

At the same time, the sound wave spread to affected everything around and below the boat! After a while, a bunch of Demon Beasts floated to the surface. They were all dead, including the Heaven Water Beast that the people on the boat were so afraid of! Everyone was clearly shocked by what happened as they couldn’t tell what Yi Tianyun has done.

Moreover, in their mind, the Heaven Water Beast was not a Demon Beast that they could handle!

Lin Xiang was the most surprised one out of the three of them. He saw Yi Tianyun flicked his hands, and a giant palm appeared, shaking the sea! He began to wonder what kind of power that Yi Tianyun used!
