

## Leveling 761

### Chapter 761

"It was a good offer, but it wasn't enough to satisfy me!" Yi Tianyun said with a smile on his face. Elder Bo and the rest of the Mermaid Clan was surprised that Yi Tianyun was considering the offer from Scarlet Monster Clan. They were clearly afraid that Water Jade Pearl to fall towards their hands!

"You can't be serious, right? There is no way you are thinking about handing over the Water Jade Pearl!" Elder Bo shouted at Yi Tianyun while the queen looked at Yi Tianyun with a disappointed gaze. Although Yi Tianyun has healed her earlier, it seemed the Human Greed knew no bounds.

"The princess trusted you, but you throw it so easily!" Hai Xiaopang said furiously. Lan Qingling, on the side, was confused as she didn't understand what Yi Tianyun had in mind.

"Shut up! If you open your damn mouth one more time, I wouldn't be so kind anymore!" The leader of Scarlet Monster Clan said to Elder Bo before turning his attention back to Yi Tianyun. "So, what do you want? As long as we can provide it, we can give it to you." The leader said with a smirk on his face. The other Scarlet Monster Clan member laughed as they found it easy to follow the human's greed.

"I am not a greedy person. With that said, all I want is all your life. So, do you agree to my term?" Yi Tianyun said casually. The Scarlet Monster Clan was surprised by Yi Tianyun's word, and the entire place was silent for a good while as the Mermaid Clan was also surprised by it.

"How dare you!" the Scarlet Monster Clan's leader shouted angrily. He didn't expect the human to mock him like this. The human clearly had no intention to give them the Water Jade Pearl from the beginning!

"I knew it! there is no way Big Brother Yi would betray us!" Lan Qingling said with a big smile on her face. The rest of the Mermaid Clan sighed with relief as they were glad Yi Tianyun wasn't betraying them. Yi Tianyun threw the Water Jade Pearl to Lan Qingling and talked casually. "This is yours. Keep it safe and don't give it to others so easily!" Yi Tianyun said with a smile on his face.

"Big Brother Yi, why didn't you escape like I told you? They're gonna kill you!" Lan Qingling said as she was still worried about Yi Tianyun's safety.

“Why would you say that? I can deal with these Scarlet Monster Clan, you know. If you listen to me, you don’t have to do anything from the beginning.” Yi Tianyun said with a sigh as he was annoyed by Lan Qingling.

The queen was speechless on the side as she, too, didn’t understand what Yi Tianyun’s point was. Was it really okay to underestimate the enemies right in front of their nose like what he was doing now?

“You bastard! How dare you look down on us, human! Let’s prove your word now!” The Scarlet Monster Clan that used magic shouted furiously. He then roared angrily, and many Red Demon Beast appeared out of nowhere. The Mermaid Clan’s guards that grouped up around the queen turned pale when they saw the amount of Demon Beast that has been summoned by the Scarlet Monster Clan.

“This is bad, your majesty!” The Guard said nervously.

“This is it? where are the others?” The Summoner of Scarlet Monster Clan shouted.

“There is nothing left. The other has been killed!” one of the Demon Beast talked nervously.

“Killed?” The Scarlet Monster Clan were all surprised by this revelation. “Did some other Clan aid the Mermaid Clan? How could they retaliate?” the Scarlet Monster Clan Leader said confusedly.

“There’s no need to brood over it that hard. I am the one that killed the rest of your soldiers! It was clear to me that your clan was a branch of Evil Spirit Race, and you were also the one that moved the Heaven Ascending Divine Altar away before I got the time to claim it!” Yi Tianyun said indifferently.

“What? You are the one that did all of this?” The Scarlet Monster Clan said with shock on their face.

“Don’t be so surprised! Who else did you think was responsible for that?” Yi Tianyun said before making a gun motion with his hands and pointed it out at the Scarlet Monster Clan. Then, a light was concentrated at Yi Tianyun’s fingertips and hit the Scarlet Monster Clan one by one, turning them into a mist of blood!

All of the Scarlet Monster Clan surrounding the whale and Mermaid Clan was killed so easily. The Mermaid Clan was surprised by what Yi Tianyun was capable of, especially Hai Xiaopang that was convinced that Yi Tianyun was only bragging the whole time.

From what they saw, Yi Tianyun was powerful as he could easily kill so many Scarlet Monster Clan's men like they were nothing. They thought that Yi Tianyun was lying about his power, but clearly, they were wrong!

"Your cultivation is so strong! How did you achieve that?" The queen said curiously.

"See, Big Brother Yi is really strong! No wonder I didn't sense any lie in his words earlier. I am sorry, I should have believed your word earlier, big brother Yi!" Lan Qingling said with an apologetic look on her face. With her ability to sense the truth from people, she never heard Yi Tianyun lying, but she couldn't believe it either. Well, it couldn't be helped since Yi Tianyun's word was too hard to believe without a proof.

Now that she already saw the proof, she felt really bad for not believing Yi Tianyun's word earlier. If she listened to Yi Tianyun's words earlier, they could've dealt with the Scarlet Monster Clan faster without so much of a hassle as now.

"Well, you are the only one I left alive. Now, what would you do?" Yi Tianyun coldly said to the only one Scarlet Monster Clan that he spared.

## Chapter 762

The Mermaid Clan didn't see the Scarlet Monster Clan that Yi Tianyun has spared. Nonetheless, it was an exceptional achievement! In Yi Tianyun's mind, he could just use this Scarlet Monster Clan to lead the way. There was no need for Lan Qingling to do it anymore as it would be too dangerous for her.

"Tell me the current situation of the Scarlet Monster Clan!" Yi Tianyun said coldly towards the sole survivor of the Scarlet Monster Clan. He didn't care whether Mermaid Clan was here or not at the moment as he didn't exactly hide his intention to go towards the Scarlet Monster Clan.

"Scarlet Monster Clan is now teaming up with Evil Spirit Race to rule the entire ocean and continuously snatch other races to sacrifice them to the Old Ancestor to make him stronger. After that, the Old

Ancestor is supposed to unify the Mortal World and then unify the other two worlds!” the survivor said nervously.

Everyone else was confused by this exchange as they didn’t expect the survivor to spill out their internal information so easily. Nevertheless, Yi Tianyun kept asking other questions without holding back.

In the end, Yi Tianyun was satisfied as he now completely understood the situation inside Scarlet Monster Clan. As he suspected, the one behind all this was indeed Evil Spirit Race, not the Scarlet Monster Clan! Scarlet Monster Clan was just an accomplice in all this.

The Heaven Ascending Divine Altar was probably moved because of an order from Evil Spirit Race! But Yi Tianyun still didn’t quite understand what the Evil Spirit Race wanted to do with it he thought there was no Saint King expert left in Mortal World.

“Hmm, I wondered what are they planning to do with it.” Yi Tianyun said with a cold look in his eyes, but Yi Tianyun did expect that there should be a Saint King cultivator among Evil Spirit Race. Otherwise, they wouldn’t bother to move the Heaven Ascending Divine Altar! “Is it possible that the Heaven Creating Divine King’s rules didn’t work in the ocean?” Yi Tianyun wondered.

If Yi Tianyun’s concern were proven, then the battle against the Evil Spirit Race would be rough! Furthermore, he knew that Evil Spirit Race power was different from the other race, meaning that even if they were in the Saint King Stage, they were more powerful than most races with the same level of cultivation! Nevertheless, Yi Tianyun couldn’t let them do as they please. He had to make sure that he foiled their plan early!

Thanks to the survivor that he captured, he knew what he had to do next. Even so, Yi Tianyun knew that he didn’t know every single thing on the Evil Spirit Race’s plan. There was no way they would share all their plans with the Scarlet Monster Clan!

“Evil Spirit Race and Heaven Ascending Divine Altar? Does it have something to do with the Demon in the past?” The Queen asked Yi Tianyun as she listened carefully to the question Yi Tianyun asked the survivor.

“Yes, they are connected with the Demon in some way. It seems the Evil Spirit Race infiltrated all races, and now, they have the Heaven Ascending Divine Altar that Heaven Creating Divine King left to his

descendant!” Yi Tianyun said with a frown on his face. “I suspect that the Old Ancestor that he was talking about was a Saint King Expert. Otherwise, the Heaven Ascending Divine Altar serves no purpose for them!” Yi Tianyun said coldly.

“A Saint King Stage expert?” The Mermaid Clan said with surprise clear on their face. They were clearly unnerved as they knew that not even their Old Ancestor had that high cultivation. The best they had was just a Void Spirit Expert, not even a Spirit King Expert!

“The Mermaid Clan used to be a companion of Heaven Creating Divine King. Therefore we are on the same team. I know that you aren’t as good as you are in the past, but I will be willing to give you as many resources as you need! With that in mind, I hope that you will find a place to settle down and inform other races regarding the possibility of war against the Demon again!” Yi Tianyun said solemnly.

“On the same team? I don’t even know your true identity!” The Queen said with a frown on her face.

“I am a descendant of Heaven Creating Divine King.” Yi Tianyun said straight-forwardly.

“The descendant of Heaven Creating Divine King? I am sorry for my rude behaviour, Young Master!” The Queen said as she kept her head down in respect. Everyone else immediately followed suit as they knew that Yi Tianyun was someone that they should respect dearly.

Yi Tianyun felt awkward as he didn’t mention this because he wanted them to treat him with respect, but he set that aside and immediately asked something to ease the situation. “Where is your Old Ancestor? Did they left for Ancestral Training?” Yi Tianyun asked with a smile on his face.

“Yes, Old Ancestor had said to us in the past that we have to obey the descendant of Heaven Creating Divine King and become their servant!” The Queen said with a nod of her head. They were convinced of Yi Tianyun’s status as he just saved them from the Scarlet Monster Clan, and his power was really amazing!

“I am amazed that such a story was still passed down here and felt slightly embarrassed of your word.” Yi Tianyun said with a smile on his face. He really wanted everyone to treat him normally instead of behaving like his servant.

Nevertheless, Yi Tianyun knew that he needed the Mermaid Clan's power to manage the ocean. However, he also knew that his relationship with the Mermaid Clan was still too shallow to expect loyalty from them.

## Chapter 763

After the matter was resolved, the Queen ordered the reorganisation of the Mermaid Clan and ordered the injured Mermaid to rest. "I didn't expect that you would become the young master of our Mermaid Clan!" Lan Qingling said with excitement in her eyes. "I never expected the one that saved me out in the wild would be the young master!" Lan Qingling added dreamily.

The ancestor of the Mermaid Clan was really loyal towards Heaven Creating Divine King. Thus they kept passing down the story about the past and foretold about the forthcoming of the Divine King's descendant! For some reason, the ancestor of Mermaid Clan knew that the mighty Descendant of Heaven Creating Divine King would come one day!

Water Jade Pearl was a gift from Heaven Creating Divine King, and that alone would justify the Mermaid Clan's loyalty towards the descendant of Heaven Creating Divine King! A middle-grade Divine Tool was a treasure that was so rare that they were convinced that the Water Jade pearl was the only Middle-Grade Divine Tool on Mortal World! But in reality, Heaven Creating Divine King was only helping create the Water Jade Pearl, and he wasn't its creator.

The Creator Rank of Blacksmithing was Sealing Heaven Divine King. Thus, Water Jade Pearl was Sealing Heaven Divine King's treasure! "Well, to be fair, I never thought it will end up this way either!" Yi Tianyun said as he smiled towards Lan Qingling.

"So, when will you go to the Scarlet Monster Clan's den?" Lan Qingling asked curiously.

"Soon." Yi Tianyun nodded. He knew that the Mermaid Clan was discussing a plan to join Yi Tianyun even though it wasn't necessary from his perspective. What Yi Tianyun needed from the Mermaid Clan was just the plan that allowed them to lead all the races in the ocean and how much resources they would need to do so.

His plan to unify the Heaven World and Ghost World could wait since he had to unify the Mortal World first! He at first thought that the Evil Spirit Race only infiltrated the races in Ghost World and Heaven World, but he finally knew that the Mortal World was no exception!

“Young Master! Do you want me to lead the way towards their base?” Lan Qingling asked excitedly.

“I don’t think that’s necessary.” Yi Tianyun said as he pointed his fingers towards the survivor of the Scarlet Monster Clan. Lan Qingling’s expectation was shattered as she realised that it was better to have the Scarlet Monster Clan themselves guiding him than having the Mermaid Clan did it.

The captured Scarlet Monster Clan was terrified as he could hear everything, but he could neither speak nor moved no matter how hard he tried!

“But I want to help you! Scarlet Monster Clan caught my parents! I want revenge too!” Lan Qingling said determinedly.

“I understand what you want, but with your current cultivation base, you won’t be of any help.” Yi Tianyun said honestly. With the Scarlet Monster Clan leading the way, Lan Qingling’s help was really not needed anymore. Lan Qingling was immediately deflated after hearing Yi Tianyun’s words as she never expected to be rejected so harshly.

“Your real enemy is not the Scarlet Monster Clan, but the Evil Spirit Race!” Yi Tianyun said as he reached out and patted Lan Qingling’s head. “I gave you some memories containing some Martial Arts. If you really want to get your revenge, you have to become stronger and raise your cultivation to some extent.” Yi Tianyun said solemnly.

“If you manage to pull it off, you will be the ruler of the ocean, and that way, you can find the Evil Spirit Race that lurks in the ocean and deal with them easily! I have given some memories that will teach you how to identify the Evil Spirit Race, and I hope you will share it with the Queen too.” Yi Tianyun added solemnly.

This is Yi Tianyun’s true feeling. He’d rather share the power after unifying the Realms with other races that were loyal to him instead of hoarding everything for himself. That way, he could rule the realms quite easily as he had eyes in every corner.

After absorbing the memory, Lan Qingling lightened up with determination! “I will make sure to live up to your expectation and make our Mermaid Clan the ruler of all ocean!” Lan Qingling said excitedly.

‘DING!’

‘Successfully placed Lan Qingling as a General!’

‘Reward: 5 million Exp, 100.000 Cps.’

Yi Tianyun smiled as this was an unexpected yet joyful turn of events, but knowing that Lan Qingling has become one of his generals, he would make sure to train her well in the future. After the situation calmed down, Yi Tianyun immediately left the Mermaid Clan and headed to the Scarlet Monster Clan’s base with the survivor that he spared earlier!

“You are dead as soon as you come near our base! There is no way you can take back the Heaven Ascending Divine Altar!” The survivor shouted nervously. “Our Old Ancestor will definitely kill you and eat you until there is nothing left! Heck, you may die even before we reach the front door as we have many exceptional individuals there!” he continued to shout at Yi Tianyun.

“Oh, powerful individuals? How about you tell me all about them?” Yi Tianyun said with a smile as a light flickered in his eyes. Although he could control the Scarlet Monster Clan member as he saw fit, he couldn’t tell what they had in mind.

“The Great Emperor of Water Dragon Empire was willing to work with us and want to use our power to gain the upper hand against Heavenly Clouds Empire! They sneaked out information while following our instructions, so no one knows what Water Dragon Empire was up to. At the end of the day, we would have to destroy a stupid human faction, and it’s not a big deal!” The Scarlet Monster Clan answered under Yi Tianyun’s eye of charm’s power.

After he answered Yi Tianyun’s question, Yi Tianyun freed him from his mind control. The Scarlet Monster Clan was visibly shaken by the fact that the human could easily obtain information from him like that!

## Chapter 764

“I am not surprised to see a human Empire was trying to control the sea and curb another faction too!” Yi Tianyun said coldly. He now knew that he had to destroy Water Dragon Empire as soon as possible

before they could pose a threat to Heavenly Clouds Empire. Although he knew that they wouldn't be a problem for him, it couldn't be said the same to his men.

He has already heard of Water Dragon Empire before, so he knew that they weren't particularly strong, nor were that weak in Mortal World's standard. They didn't seem ambitious and stayed under the radar for most of the time, which was why Yi Tianyun didn't show any interest in them before.

But now that he knew the Water Dragon Empire was working with Evil Spirit Race to destroy his faction, Yi Tianyun wouldn't let it slide! Even though the Evil Spirit Race has taken roots in Water Dragon Empire was another possibility, Yi Tianyun still had to destroy them!

"You are dead, you hear me? I won't spill anything else to you! I'd rather die than doing so!" The survivor said while trembling, visibly shaken by Yi Tianyun's ability to control him.

"Don't worry. I didn't plan to force any information out of you, anyway. You are obviously just a pawn, irrelevant in the eye of your leader. There is nothing much you can provide me now." Yi Tianyun said coldly. He knew that the survivor only held the common knowledge from their clan, not the vital information that he needed!

"No wonder this quest gave such amazing rewards. It sure doesn't seem like an easy one!" Yi Tianyun said to himself as he glanced at his main quest information. Following the survivor's lead, Yi Tianyun swam towards Heaven Ascending Divine Altar rather quickly. According to the Scarlet Monster Clan that he captured, Heaven Ascending Divine Altar was now their base, meaning that the Tool Spirit that held the control over the Heaven Ascending Divine Altar was being suppressed by the enemy. Otherwise, it wouldn't let anything other than the Descendant control the Divine Altar!

They soon arrived at the Abyss that Scarlet Monster Clan used to hide their base. Yi Tianyun realised that the area was difficult to find. If no one led the way for him, he doubted that he would find this abyss anytime soon!

'DING!'

'Tiger Imitating Empire has become an ally!'

‘Reward: 1 billion Exp, 100.000 Cps, 10.000 Sps, 100.000 Mastery Point.’

Yi Tianyun was surprised as the notification popped out when he was about to enter the abyss! It seemed that Shi Xueyun was working hard on the surface to persuade other forces across Mortal World to join their alliances. “I am not alone in this fight! I have my comrades that I can rely on, supporting me from behind the scene!” Yi Tianyun said while smiling to himself.

He then immediately swam down the abyss led by the survivor and concealed his aura. As long as it wasn’t a high-grade expert, it was impossible to discover his existence. As Yi Tianyun got deeper into the abyss, he finally saw the familiar Heaven Ascending Divine Altar on the ground covered with ice. However, the Scarlet Monster Clan didn’t seem to be fazed by the cold as they had the Water and Fire attribute on them!

Yi Tianyun saw many Scarlet Monster Clan’s guards standing vigilantly around every corner of Heaven Ascending Divine Altar. Although their base was located in such a remote area, their security was far from lax! Some of them even patrolled the parameter of Heaven Ascending Divine Altar itself!

“Who is that?” one of the guards shouted as the survivor approached the bottom of the abyss.

“You are the soldier that went after the Mermaid Clan’s Huge Sea Whale! Why are you back so soon?” The guard said as the soldier comes near the guard.

“I have something to report, and that is why I return immediately!” The soldier said, of course, being controlled by Yi Tianyun!

“Alright!” The guard said as he opened the gate that led to the Heavenly Ascending Divine Altar. But as soon as the gate opened, the soldier suddenly went crazy and attacked the guard, slashing him mercilessly!

“Soldier, what’s wrong with you!” one guard said as he was surprised by the soldier’s sudden aggression.

“You dumbass, he betrayed us! We have to stop him, quick! Ask for backup!” another guard said nervously.

The guard shouted worriedly as their cultivation was too low to stop the soldier on their own. But soon, someone came to stop the soldier from rampaging any further, and it was Scarlet Monster Clan with four arms! “Stop him, don’t just stand around frightened like that!” The Four-Armed elder said with a frown on his face.

“Please help me! I am not betraying you. Someone is controlling me!” The soldier said while still trying to attack the nearest guard. However, his word fell into deaf ears as his word was drowned by the scream of the guard he slashed.

Eventually, many Void Spirit Stage experts and even Spirit King Expert came out of Heaven Ascending Divine Altar to see what the ruckus was all about! Yi Tianyun was slightly surprised as he believed that the Scarlet Monster Clan was more skilled than other factions in Mortal World! But Yi Tianyun noticed that all the powerful experts that came out of Heaven Ascending Divine Altar had four arms! It was obvious to Yi Tianyun that they were connected with the Evil Spirit Race now!

They didn’t even try to hide it, unlike Yi Tianyun’s previous encounter with the Evil Spirit Race when he was dealing with Heavenly Netherworld Divine Nation! At the same time, Yi Tianyun disappeared from his spot and reappeared inside Heaven Ascending Divine Altar!

When he looked around, it was obvious that the place was controlled by Evil Spirit Race, but everything was still familiar to him as he had already been to the other two Heaven Ascending Divine Altars! There was one question that bothered him right now, which was regarding who had the ability to control Heaven Ascending Divine Altar! Yi Tianyun knew that he must take the control away from whoever it was as the controller had the privilege to suppress those inside Heaven Ascending Divine Altar!

## Chapter 765

Yi Tianyun sneaked inside and immediately headed towards the deeper part of Heaven Ascending Divine Altar as he was familiar with the layout of the place. Furthermore, he was so fast that he could easily walk past the guards that stood guard in various locations inside Heaven Ascending Divine Altar.

“I have to find out who is the one controlling this Heaven Ascending Divine Altar!” Yi Tianyun said to himself solemnly. He was curious as the person that controlled the place right now was able to seal the Tool Spirit inside and also controlled the environment inside too!

Yi Tianyun immediately rushed towards the control room, and the room wasn't guarded as basically no one would be able to enter without a certain level of cultivation! Once he arrived in front of the control room, Yi Tianyun slowed down and leaned into the wall, trying to overhear the voice inside.

"Hey, I think there's someone outside!" The Water Dragon Emperor frowned and stood up as soon as he thought he sense something.

"Don't worry. It must be your imagination! We have to talk about our plan!" an old man that sat across from the Emperor said casually. Yi Tianyun noticed that the old man looked like an ordinary old man! But the old man was accompanied by two guards that were at Spirit King stage level. It was safe to say that the old man was stronger than those guards!

"Sir Cang Ming, now Heavenly Clouds Empire has started to expand their influences rapidly! I am in a dire situation right now because if I am not joining his league, my empire would be sanctioned! It was clear that the Heavenly Clouds Empire wanted to rule the entire Mortal World! We have to make a move as soon as possible!" Water Dragon Emperor said solemnly.

"They are too arrogant now as they have so many weapons and demon beasts on their side! If we let them gain momentum, there would be no place left for our Water Dragon Empire at this rate!" Water Dragon Emperor said angrily.

Obviously, joining the league wouldn't be an option for Water Dragon Emperor as it would mean they would submit towards the league's leader, and in this case, Heavenly Clouds Empire!

Even though Yi Tianyun gave them resources for their cooperation and had no intention to intervene with their empire at all, his idea to form an alliance seemed to raise resentment among the existing empire in Mortal World.

"If they really want you to join their ranks, why don't you just join them? That way, it would be easier for us to wreak havoc among them later and take away their power!" Cang Min, the old man said with a grin on his face.

"But it would be hard to make a move as they will surely station their men in the palace! They will monitor our every move for sure!" Water Dragon Emperor said with a frown on his face.

“Well, that shouldn’t be a problem! Just mix their drink with some sleeping pills, and you can do whatever you want while they were out cold!” Cang Min said casually.

“Is there even such a thing as undetected poison? Why don’t you just come up with a poison that can control people instead?” Water Dragon Emperor asked curiously.

“It can be done too. Nothing is impossible for us. Take your time and find the right opportunity to assassinate their Emperor during your time there! Heavenly Clouds Empire was a new empire, so if you kill their Emperor, the faction will be in chaos!” Cang Min said casually.

“I will do that for sure! The Great Emperor of Heavenly Clouds Empire was too arrogant for his own good! He might be a little bit stronger than others, and with that knowledge, he goes on a killing spree across the continents!” Water Dragon Emperor said as some of his killing intent spilled out. In the past, he wanted to deal with the other empire himself and took over their faction to strengthen Water Dragon Empire, but Heavenly Clouds Empire beat him to it!

“But still, he is way too strong for Mortal World’s standard! I don’t even know how I can kill him. There’s a chance that he is at Spirit King Peak Stage too!” Water Dragon Emperor said with a frown back on his face.

“If you didn’t have the ability to do so, it was better for you to contemplate your action! If you can’t kill him in the end, I suggest you lure him into the ocean. That way, I can make sure to turn him into fish bait!” Cang Min said with a smirk on his face.

“That’s great! With sir Cang Min’s assurance, I could rest easy! I believe that it will be easy to lure him towards the ocean. He has so many trustees, and people often said that Heavenly Clouds Emperor was a kind man that wouldn’t abandon his comrades! If we can kidnap one of these trustees and bring them here, Heavenly Clouds Emperor would come charging in, I am sure of it!” Water Dragon Emperor said confidently.

“That’s a good plan, but I will leave the land to you. I can’t leave the ocean, so I can’t help you with anything on the land. That is why, once we drag Heavenly Clouds Empire from their throne, you will control the land while we will control the ocean!” Cang Min said with a smirk on his face.

"Great, that's settled then!" Water Dragon Emperor said excitedly. The thought of ruling the entire continent of Mortal World elated him!

"If there is no problem, I hope you can carry on everything we planned here immediately! Furthermore, did you already send people to destroy the Passage of Heaven World and Ghost World?" Cang Min asked solemnly.

"I have sent several people, but it wasn't an easy task, especially the Passage of Heaven World! There is an expert that guarded that passage! I hadn't received any report about their identity yet, but some of my men that I sent there were already dead!" Water Dragon Emperor said annoyedly.

"You have to understand that we have to destroy both of those passageways, no matter what!" Cang Min coldly said while releasing his aura. Water Dragon Emperor immediately felt immense pressure from Cang Min as he almost tripped from the intense aura.

"Right, I hear you loud and clear!" Water Dragon Emperor said with cold sweats on his head.

Yi Tianyun that was eavesdropping on their conversation was surprised to hear such shocking news himself! He knew that he had to make a move soon. Otherwise, Mortal World would be in a dire!

## Chapter 766

Yi Tianyun immediately knew that the both of them were already in contact even prior to this. It wasn't an alliance that was made recently, and they seemed to have planned this for quite a while! In particular, Yi Tianyun was surprised about their plan to kidnap Yi Tianyun's close ones in order to lure him out to the ocean!

Yi Tianyun was a reasonable person, but he wouldn't be so kind if his loved ones were endangered! Right now, Water Dragon Empire must be destroyed! It was the first thought that crossed Yi Tianyun's mind! Furthermore, Yi Tianyun didn't need a conniving empire like this in his alliance to keep the Mortal World safe!

"I have to be more vigilant with the Evil Spirit Race. I didn't expect them to thrive in Mortal World!" Yi Tianyun said to himself. Before he arrived here, he never really expected that Evil Spirit Race would thrive in Mortal World as they couldn't really develop their cultivation here. However, quite the

contrary, they thrived below the surface! Furthermore, Cang Min has reached the 7th Layer Saint King Stage, which was supposed to be impossible here on the Mortal World!

Yi Tianyun has already experienced firsthand that the ocean had no pressure limitation, unlike the land. Thanks to the Guardian status that Yi Tianyun got earlier, he wasn't affected by this pressure on land, but he was surprised as he realised now that the ocean had no pressure! That was also why Cang Min said that he couldn't leave the ocean, as he would be at the mercy of the pressure, forcing him to leave the Mortal World! The pressure was also the reason why he ordered the Water Dragon Empire to destroy the passageways as it would weaken the pressure here on Mortal World!

Once the pressure was weakened, the Evil Spirit Race would easily march out of the ocean towards the land, and if that time came, the Mortal World would surely fall into a great crisis! Heaven Creating Divine King went through the trouble to create this pressure limitation to make sure that a land with a limited resource like Mortal World was safer. Otherwise, Mortal World be at the mercy of countless experts that would try to dominate it!

"Don't worry, Sir Cang Min! I will carry out the task you gave me!" Water Dragon Emperor said with a smile on his face before walking out of the room. But as soon as he walked out, he looked up with a surprised look on his face and immediately fell unconscious on the ground!

"Water Dragon Emperor, what happened to you?" a guard said as he was at the Water Dragon Emperor's side as he fell. The guard looked disgusted at Water Dragon Emperor as even though they were allied with each other, the Scarlet Monster Clan's hatred towards humans was undeniable.

"Nothing happened! I just tripped. Now, excuse me! I have a task I must complete!" Water Dragon Emperor said with a smile as he turned around and left. As soon as Water Dragon Emperor left, Cang Min walked out of the room with a frown on his face.

"I felt someone was here just now." Cang Min said with a frown on his face, but as he saw no one outside, he didn't think much of it and walked away.

Yi Tianyun that used his Eye of Charm to control the Water Dragon Emperor, immediately undid his invisibility after Cang Min left. His attempt at controlling Cang Min failed as the old man's cultivation was stronger than he expected, but that wasn't the case for Water Dragon Emperor!

"I have to follow this old man!" Yi Tianyun said coldly. He then concealed his aura again and followed Cang Min carefully. As Yi Tianyun followed Cang Min closely, he arrived at the Core Control Area of Heaven ascending Divine Altar. This was the main room where all the Divine Runes that were supposed to control the Heaven Ascending Divine Altar and where the Tool Spirit was supposed to reside!

"Open the Door!" as Cang Min shouted, the thick door that separated the core control room from the rest of the room opened slowly. Yi Tianyun had a serious look on his face as he knew that he would see who controlled Heaven Ascending Divine Altar right now.

The door closed again after Cang Min entered the room, but Yi Tianyun didn't follow him inside as he knew that his cover would be blown if he went in. Besides, he could eavesdrop from outside anyway.

Yi Tianyun immediately activated his Appraisal Eye to see what was going on inside the room as the Divine Rune inside the room wouldn't be able to stop Appraisal Eye from peeking in. Yi Tianyun saw Cang Min walked towards another figure in the middle of the room, clearly the one who controlled Heaven Ascending Divine Altar!

"Cang Yun, how are you doing?" Cang Min asked solemnly. Cang Yun, the one that controlled Heaven Ascending Divine Altar, was also an Evil Spirit race, and it seemed this Cang Yun was one of the original Evil Spirit Race as he had 4 arms, which were jet black! He was also at 6th Layer Saint King Stage Cultivation, a little bit lower than Cang Min.

"I almost gain full control! I need to devour more Heaven Creating Divine King's Descendant to gain full control of this place! You have to fetch me more Heaven Creating Divine King's Descendant to fool this place into thinking that I am Heaven Creating Divine King's descendant!" Cang Yun said with a hoarse voice.

"Of course! But you should understand that it's not easy to find Heaven creating Divine King's descendant! They are only so many of them here in Mortal World. It may be another story on Ghost World! But rest assured, after the two passages have been destroyed, you wouldn't need Heaven Creating Divine King's descendant anymore! The control would weaken, and we would be able to leave the ocean!" Cang Min said solemnly.

"Sure, I will wait for the time to come! Had it not for the ancestor's blood, we would've been discovered by those wretched people! Heaven Creating Divine King, Sealing Heaven Divine King, and that damned Ancient Netherworld Divine King, I will make sure that all of their descendants died an excruciating death!" Cang Yun said furiously.

Yi Tianyun that eavesdropped on their conversation outside was surprised as now all pieces of the puzzle were in place!

## Chapter 767

Yi Tianyun has been thinking regarding how the Evil Spirit Race could control Heaven Ascending Divine Altar without the Descendant of Heaven Creating Divine King, and it turned out that the Evil Spirit Race has been killing all Heaven Creating Divine King's descendants that they could find and drink their blood to trick Heaven Ascending Divine Altar into thinking that the Evil Spirit Race was Heaven Creating Divine King's descendant!

But Yi Tianyun knew that it was possible as the Tool Spirit only assessed the bloodline of the person that wanted to control Heaven Ascending Divine Altar. Although Yi Tianyun has gained the inheritance, he wasn't Heaven Creating Divine King's descendant. Therefore the Tool Spirit will prioritize the descendant first!

After Evil Spirit Race took over the place, they remove the Tool Spirit, and everything has become so much easier. They could do whatever they want to Heaven Ascending Divine Altar as no one would contest them for it, especially here on Mortal World where no expert could defeat them if they filled the place with Sea Monster!

Their method to obtain Heaven Ascending Divine Altar was so cruel that Yi Tianyun couldn't help but feel disgusted that such a method existed! No wonder Heaven Creating Divine King tried his hardest to get rid of these people from the three realms!

The worst realm for Evil Spirit Race would probably be Heaven World as Sealing Heaven Divine King's treasure would easily exterminate them once they were discovered! But Yi Tianyun was a little bit curious regarding why the Ghost World's Heaven Ascending Divine Altar wasn't controlled by Evil Spirit Race when he was there. They must've tried to control it, but their attempt might've failed!

"This is good. I got all the information I need!" Yi Tianyun said coldly. He just wanted to find Heaven Ascending Divine Altar at first, but now, he wanted to destroy this Evil Spirit Race that ravaged this place! However, he wasn't in a hurry to make a move, so he decided to listen to their conversation a little longer.

“Yes, we have to exact our revenge against the Divine Kings for sure! The three realms will be ours soon!” Cang Min said while laughing maniacally. “Absorb the previous Blood Essence first! I will bring you two Heaven Creating Divine King’s descendants soon!” Cang Min said confidently.

“Okay, there is almost nothing left from the previous descendant. I am fine if you only manage to find one, but the more, the merrier!” Cang Yun said elatedly. “But if you want to bring them to me, then you should hurry up! That way, I can control this place completely!” Cang Yun said confidently.

“Great! Then I will be off!” Cang Min said as he waved his hand, and suddenly two people were thrown into the ground. One of them was a Mermaid Clan, and the other was Heavenly Monster Clan, another Race in the ocean. Yi Tianyun wanted to know the identity of Heaven Creating Divine King’s descendant in order to find out how to distinguish them, but he had to wait for now.

Heaven Creating Divine King had a good reputation here in the ocean, so it wasn’t unusual to see that he had a descendant here in the ocean. Furthermore, the Evil Spirit Race couldn’t leave the ocean, so they had no choice but to search for the descendant down in the ocean!

It would be rare to find a highly concentrated Heaven Creating Divine King’s bloodline, so just a minuscule of it would be great for Evil Spirit Race. It was disappointing that the Tool Spirit could be fooled by this method, but there was nothing Yi Tianyun could do about it.

“Don’t eat me!!” the captured Heavenly Monster Clan shouted while crying frightenedly.

“I am sure that the Queen would avenge us in the future, so do what you want!” The Mermaid Clan said coldly.

Just like the rest of her Clan, the captured Mermaid Clan wasn’t even the slightest bit afraid even when their life was in danger! No wonder that Heaven Creating Divine King and Sealing Heaven Divine King helped them by creating a Middle-Grade Divine Tool! It was such a great treasure that could leave the other Clan in envy!

“The Queen’s revenge? That opportunity is already gone! You see, your queen would be captured soon enough, and she would also become my meal! Her bloodline must be pretty strong, so there is no way we will leave her alone! But I imagine that your queen would be delicious!” Cang Yun said while laughing hysterically.

"That is impossible! The queen wouldn't be captured by the likes of you!" The young mermaid lady said furiously.

"You can't possibly see that for yourself since you would've already become my food by then!" Cang Yun said with delight. "I will eat you first because I prefer the spunky one! Your scream and rapidly beating heartbeat would be a feast to enjoy!" Cang Yun said while licking his lips in ecstasy.

"You are a coward!" The Young Mermaid Lady said while her face paled considerably.

"Yes, swear at me! Relent to your fear, for your meat would become more delicious that way!" Cang Yun said with a horrifying laugh.

"The Queen will definitely avenge me! You all will die at her hands!" The mermaid said while tearing up from fear.

"Don't worry. Her turn would come soon!" Cang Yun said as he took a step towards the young mermaid, but suddenly, a flash of light was coming from the side, and Cang Yun's arm suddenly got cut off! A figure appeared beside the young mermaid, looking down at Cang Yun with disgust in his eyes.

"Your time has come too!" Yi Tianyun coldly said as he released his suppressed killing intent!

## Chapter 768

The two men inside the room were shocked as it was so sudden! Cang Yun's arms were cut off from his body in a clean fashion that there was a delay before dark blood spurting out of the wound. The blood was harmful as the ground immediately started to corrode when the blood hit the ground!

But the bleeding immediately stopped, and his arms even started to regrow thanks to Cang Yun's regeneration. It was common for Saint King Expert to have the regeneration of that level, but it wasn't as fast as Cang Yun's regeneration!

“What? Who are you, and how did you get here!” Cang Min shouted with a frown on his face. He looked at the door, and it was still locked. Furthermore, that door would only open with Cang Yun’s permission! The situation was so strange as there was no other way in!

But Yi Tianyun just smirked as he wouldn’t reveal his card. In fact, he just teleported in, so there was no trace of trespassing! He knew that Cang Min and Cang Yun wouldn’t be able to guess that he came in with teleportation as there was little to none amount of expert that had such an ability! The Young Mermaid that Yi Tianyun saved was shocked when she realized that she was still alive! She thought that she would be killed and never expected that she would be saved by a human! Although she hated humans, she was truly grateful for being alive right now.

“You don’t need to know how I came in. The dead doesn’t have to know about anything other than their own repentance!” Yi Tianyun said while holding the Evil Spirit Divine Sword in his hand.

“How dare you!” Cang Min said as he summoned a hand on his back, which was the trait of Evil Spirit Race while his face transformed into that of a demon. He also set his aura loose, and the room was filled by the power of 7th Layer Saint King stage aura!

Cang Yun also did the same thing, but he still lost two arms as it was still in the middle of recovery. Nevertheless, he still transformed into a demon! Cang Yun activated a Divine Rune, and a great array that was right below them lighted up, summoning countless swords that encircled the room! Each sword contained at least 1st Layer Saint King stage aura, so it was quite powerful!

“I don’t know how you managed to get in, but you will be dead soon!” Cang Yun said furiously. He was really startled by Yi Tianyun’s arrival. Furthermore, he lost both of his arms too!

“We have to be careful here! He probably wasn’t some small fry if he comes all the way here without us noticing! we have to kill him quickly!” Cang Min said solemnly. He already suspected that Yi Tianyun managed to come in with some kind of special technique, so he had no intention to prolong the fight.

“I wouldn’t kill him so fast! I will eat him and savour every bite of it! Although he might be strong, he was a fool for coming here like this!” Cang Yun said with an evil grin on his face. He then pointed his finger towards Yi Tianyun, and countless swords that encircled the room earlier immediately flew towards Yi Tianyun!

The Mermaid looked pale as she really wanted to help the human, but unfortunately, she couldn't move her body! As for the Heavenly Monster Clan, he has long hidden in the corner due to fear! However, even with countless swords flying towards him, Yi Tianyun didn't budge and even smiled at Cang Yun. The Mermaid closed her eyes as she thought that Yi Tianyun would be stabbed countless times by the swords!

"What is going on?" Cang Yun said with a shocked tone, and that was when the Mermaid opened her eyes to see what happened. She saw that the countless swords were stopped on their track in the air, completely still!

"Do you think Heaven Ascending Divine Altar belongs to you? No, this place is mine!" Yi Tianyun said as he pointed his fingers towards Cang Yun, and the swords that surrounded Yi Tianyun turned around, setting their path towards Cang Yun.

"You are the descendant of Heaven Creating Divine King! No, you are The Descendant of Heaven Creating Divine King!" Cang Yun said confusedly, but it was already too late for him to react as countless swords were coming at him with unbelievable speed!

After the swords stopped, Yi Tianyun could see that Cang Yun was still alive, but his legs were blown away because of the attack. Cang Min wasn't in any better shape either, as he also suffered severe wounds that wouldn't be easy to regenerate.

He stepped in as he thought that Cang Yun wouldn't be able to handle the swords on his own, and his decision turned out to be right. Had it not for Cang Min, Cang Yun would've been dead by now! Each of the swords that the great array summoned was deadly, so it would be impossible for a Saint King Expert to hold it alone!

Heaven Creating Divine King was definitely a monster in terms of Divine Rune usage!

Now, Yi Tianyun has taken over the control of Heaven Ascending Divine Altar from Cang Yun. He conveyed his intention to the Tool Spirit when he came in. Although Cang Yun has the bloodline of the descendant of Heaven Creating Divine King, he wouldn't be able to nudge Yi Tianyun's priority inside the place! After all, he had a pure successor status!

“Well, you can ask those who knew about who I am later in hell! Your death would serve as my stepping stone, too! I will destroy the Scarlet Monster Clan and the remaining Evil Spirit Race that I can find! You are pollution here in the three realms. You are better off dead!” Yi Tianyun coldly said as he held Evil Spirit Divine Sword in his hand.

## Chapter 769

The two Evil Spirit Race experts were horrified as they immediately realised that the human’s cultivation was above their own. The human has already taken control over Heaven Ascending Divine Altar from Cang Yun, so they didn’t have any escape route as every door was closed shut! They knew that their situation was very dire right now!

“Human, don’t be rash! We can talk it out here! I can help you become the emperor of Mortal World! I can even help you rise in the throne, replacing the current Heavenly Clouds Emperor and make you the absolute monarch!” Cang Min shouted nervously. He didn’t want to die, so he attempted to tempt the human as he thought that all humans’ weakness was their greed.

“Replace Great Emperor of Heavenly Clouds Empire?” Yi Tianyun said curiously.

“Yes! As long as you are willing to spare our lives, you will become the strongest emperor in Mortal World! We can’t leave the water, but that will no longer be the case soon!” Cang Min said quickly.

“Do you even know who I am?” Yi Tianyun asked curiously.

“No, I have never seen you before!” Cang Min said nervously.

“I am the Great Emperor of Heavenly Clouds Empire!” Yi Tianyun said with a smirk on his face. He then swung his sword, and the Evil Spirit Souls came out of the sword! Cang Min frantically dodged Yi Tianyun’s attack, but Cang Yun wasn’t as lucky as he couldn’t react fast enough and was swallowed by the attack! Cang Yun started screaming as the Evil Spirit Souls tried to swallow his soul!

Even though Cang Min himself managed to survive the attack, he couldn’t completely dodge it as his lower body was damaged by the attack!

‘DING!’

'Successfully Killed Cang Yun!'

'Reward: 1.2 billion Exp, 150.000 Cps, 13.000 SPs, Evil Spirit Soul, Evil Spirit Bloodline, Evil Spirit Bone, X50 Exp Card, 1 million Exp Pill.'

Yi Tianyun was quite surprised when he noticed that he got quite a haul from killing Cang Yun, but there was no weapon among the reward! Either way, it was still good rewards overall from killing a single individual.

Yi Tianyun didn't think much of Cang Min either as he knew that Cang Min would also die soon. The injuries caused by Evil Spirit Divine Sword couldn't be healed with normal methods as it directly damaged the souls!

"How are you this strong? Are you not affected by the realm's law?" Cang Min said weakly.

"Are you deaf? Didn't I say that I am Heaven Creating Divine King's descendant? His law wasn't for me. It was for you evildoers!" Yi Tianyun said indifferently.

"I see. No wonder that you are the Heavenly Clouds Great Emperor. No wonder you are the strongest emperor in Mortal World! It turns out you're Heaven Creating Divine King's descendant!" Cang Min said as he laughed loudly. He found the situation comical as he was just talking about Heavenly Clouds Emperor with Sea Dragon Emperor just a while ago. Yet there the Heavenly Clouds Emperor was, coming by himself!

Heavenly Clouds Emperor that he painstakingly wanted to destroy was standing in front of him right now, but he simply couldn't do anything about it! He was also the last piece of the key to controlling the entire Heaven Ascending Divine Altar for Cang Yun, but it was clear that their plan has gone down the drain right now.

"Is that your last word?" Yi Tianyun asked indifferently.

“You think that you will have the last laugh? Did you know how much power did we have in the three realms? You don’t know what will happen to you later! Clearly, you will be dying by our hands in the end!” Cang Min said as he was still laughing hard.

Cang Min clearly didn’t ask for mercy now as he knew that there was no point in asking anyway. His attempt at negotiation earlier was merely to deceive Yi Tianyun. He didn’t have any intention to work with Yi Tianyun in the first place. He didn’t fear death as he was blinded by greed and anger. He wanted to kill all Heaven Creating Divine King’s descendants and ravaged the three realms!

“Why are you so attached to the three realms? Did you have nothing better to do?” Yi Tianyun asked coldly.

“How naïve! It’s because the three realms are the weakest, you idiot!” Cang Min said disgustedly.

Yi Tianyun thrust his sword down towards Cang Min’s chest so that he didn’t die instantly.

“The three realms may be weak, but don’t you worry about it, I will kill all the Evil Spirit Race from the three realms! After I reached Divine King Stage, your entire race’s struggle will be meaningless!” Yi Tianyun said coldly.

“Just you alone?” Cang Min asked with his dying breath. His eyes were still full of hatred as he struggled just to stay conscious, but he already lost a lot of blood, and there was a sword in his chest, making him hard to breathe as it was.

“Yes, me alone is enough! I will be the one that unifies the three realms!” Yi Tianyun coldly said before lifting his sword and stabbed Cang Min once more, killing him immediately!

‘DING!’

‘Successfully killed Cang Min!’

‘Reward: 5 billion Exp, 240.000 Cps, 15.000 Sps, Evil Spirit Soul, Evil Spirit Bloodline, Evil Spirit Bone, Evil Spirit Divine Sword, Evil Spirit Divine Armour, Evil Spirit Boots!’

Yi Tianyun got a whole set of Divine Tools as he killed Cang Min. but, Yi Tianyun didn't feel excited at all. His anger towards the Evil Spirit Race hasn't subsided yet since they've slaughtered so many people just for their own greed!

For now, Yi Tianyun knew that as far as the Demons were concerned, the three realms were no match for them, which was why they were trying hard to get their hands on it as they couldn't dominate any other realm!

## Chapter 770

After killing the two Evil Spirit Race, Yi Tianyun wasn't satisfied just yet. He couldn't help but remember when Cang Min said that there were so many of their comrades hiding in the three realms, and they wouldn't be discovered unless they themselves wanted to!

"Can I distinguish them if I level up the Appraisal Eye?" Yi Tianyun wondered. Appraisal Eye was the perfect solution for this as it always discovered something new any time it was levelled up. For example, Yi Tianyun knew that he couldn't investigate someone's bloodline right now unless it was that obvious. But what if the Appraisal Eye could give him the Bloodline data in detail once it was levelled up?

But even if he wanted to, he couldn't do that right now! The Appraisal Eye needed a lot of Crazy Points to level up, and he didn't have that much resource right now!

'DING!'

'Successfully complete Main Quest [Find Mortal World's Heaven Ascending Divine Altar and take control!].'

'Reward: 20 billion Exp, 150.000 Cps.'

'DING!'

'Congratulation to player [Yi Tianyun] for successfully breaking through to 5th Layer Saint King Stage!'

He levelled up after obtaining the reward from completing his main quest! He was a step closer towards the Divine King stage, but he knew that it was going to be a thorny path nonetheless! After all, he knew that some Evil Spirit Race out there must have reached the Divine King stage. There was no way he could deal with them that easily!

‘DING!’

‘Successfully received a new Main Quest, [Unify the Mortal World and Eradicate the Evil Spirit Race from Mortal World!’

‘Reward on completion: 40 billion Exp, 5 million Cps, 500.000 Sps, title [Mortal World King]’

“Great! This amount is just sweet!” Yi Tianyun said as he read his new main quest. He realised that the main quest was also in line with what he planned to do next! But his thought was immediately interrupted as the Tool Spirit suddenly appeared before him. It’s appearance was similar with the tool spirit that he met back in Ghost World.

“Master!” the Tool Spirit said respectfully towards Yi Tianyun.

“Did you know that you are being deceived by those guys earlier?” Yi Tianyun asked with a frown on his face.

“I saw that they have Heaven Creating Divine King’s bloodline with them, so it’s natural to give them some control of this palace!” the Tool Spirit said indifferently.

Yi Tianyun sighed hopelessly at the lack of emotion that the tool spirit showed. Although Heaven Ascending Divine Altar wasn’t a Divine Tool, it had a tool spirit that behaved the same way as the Divine Tool’s counterpart. But now, Yi Tianyun realised that they didn’t have the same dynamic thinking that the Tool Spirit from Divine Tool had.

It was clear that the Tool Spirit would grant access to anyone who met the requirement!

“Forget it! It was my fault for trying to figure out your logic. I believe not even Heaven Creating Divine King has any idea that the Evil Spirit Race has such skill in their arsenal!” Yi Tianyun said as he sighed and shook his head frustratedly.

It was indeed possible to absorb other Blood Essence, but it was limited to a certain threshold. People couldn’t just absorb too much Blood Essence as their cultivation could deteriorate from the excessive amount of Blood Essence, but it seemed the Evil Spirit Race didn’t have such limiter on them.

Each race had some unique trait that no other race had. The human race was an exception as they didn’t seem to have anything unique. However, they did have balance! A human race was balanced in all aspects, so if a human tried to hone a certain aspect they wanted, the result would be immediately seen!

For example, a Human Race could become a Forging Master, a Divine Rune Master, a Pill Refining Master, and so on. But the Mermaid Clan literally couldn’t imagine themselves become a blacksmith as all of them had a water attribute. A forging master needed fire the most, so Mermaid Clan couldn’t become one as their attribute would clash!

Evil Spirit Race was no exception. They should have traits that were unique only to them and those traits were easy to recognize. However, there was barely any info about the. So, Yi Tianyun still couldn’t recognize any of their traits yet!

“I am almost there!” Yi Tianyun said as he sighed once again. He then assumed control of the place and thoroughly explored the area to see if there was any of Evil Spirit Race left inside. He knew that a lot of enemies were still lurking inside as it has become Scarlet Monster Clan’s base!

His only thought right now was to purge this place from all the Scarlet Monster Clan as he could only assume that all of them were connected to Evil Spirit Race somehow! He couldn’t let Evil Spirit Race thrive again as now he knew that Evil Spirit Race was like a cockroach that had an absurdly strong will to live!

Yi Tianyun immediately activated the Great Array of Heaven Ascending Divine Altar, and the entire building began to light up in a dazzling light that penetrated Scarlet Monster Clan’s body, immediately killing them on the spot! They couldn’t respond to the attack as it was so sudden!

“What is happening?” the cultivators standing guards outside of Heaven Ascending Divine Altar said as they saw the dazzling light came from the building. Their eyes were filled with horror as they saw countless of their comrades were burned to death the moment they were impaled by the light!

“You are lucky that you are out of the attack range, but why aren’t you running yet?” Yi Tianyun asked curiously as he suddenly appeared in front of the guards outside of Heaven Ascending Divine Altar.
