

Leveling 801

Chapter 801

Everyone was confused when Qin Jian was frozen solid as it seemed Yi Tianyun was using Immortal Fire instead of Netherworld Fire.

‘DING!’

‘Successfully killed Qin Jian!’

‘Reward: 360 Million Exp, 56.000 Cps, 5.000 SPs, Evil Spirit Race Blood, Axe of the Evil Spirit, Evil Spirit Bone, Soul of Evil Spirit Race!’

Yi Tianyun gained a lot of Evil Spirit-related stuff out of killing Qin Jian. But he didn’t seem interested for the moment and chose to take a look at them later. Everyone else in the vicinity was clearly still stunned as they didn’t expect someone like Qin Jian, who had a better Flame Imprint, would be defeated so easily!

“That is not the power of Immortal Fire! It wasn’t the Netherworld Fire either! It was the Heavenly Yin Fire! A fire so strong that only a select few can possess!” A cultivator shouted on the side. Everyone was even more surprised as they heard this claim. They have heard that if they got to the 8th Layer City, they would have a chance to make the power Heavenly Yin Fire their own, but clearly, this young man in front of them was already able to control it!

The people in the upper level of the Tower had much better resources than those living in any level below. That was why it was very rare to see anyone from the higher floor come down willingly!

At the same time, the Flame Imprint from Qin Jian’s arm was catapulted to Yi Tianyun’s arm, evolving Yi Tianyun’s flame imprint to the 5th Flame Imprint. As soon as his flame imprint has successfully levelled up, Yi Tianyun kicked Qin Jian’s ice sculpture to the ground, shattering it to pieces!

Yi Tianyun didn’t feel any mercy towards the Evil Spirit Race, and therefore, he wouldn’t leave any trace of the Evil Spirit Race behind! With Qin Jian died, Yi Tianyun successfully became the City Lord of the 4th Layer City! But now that he relinquished his right of becoming the City Lord of 3rd layer City, the role of

City Lord on 3rd layer city was vacant. Anyone who wanted that status could get it as soon as they were qualified and finished a certain assessment.

“You are too late! He is already dead!” Yi Tianyun said as he smiled at the guard that came to report back to Qin Jian. It was clear that the guard was scared of Yi Tianyun as he began to backpedal. Yi Tianyun instantly knew that the guard must be part of the Evil Spirit Race and let out his killing intent with a smile on his face. The guard immediately turned around and fled the scene as he wanted to get away from Yi Tianyun, but it was already too late!

Yi Tianyun flashed towards the fleeing guard and created a barrier that trapped the guards within. The spectators around immediately jumped aside as they didn’t want to get caught in whatever was going on. Yi Tianyun immediately threw a ball of flame and froze the guard just like what he did to Qin Jian earlier!

‘DING!’

‘Successfully killed the guard of 4th Layer City Palace!’

‘Reward: 31 million Exp, 16.000 Cps, 2.000 Sps, Evil Spirit Race’s blood.’

Killing these people was a good resource for Yi Tianyun as he got a good amount of Sin Points. It was obvious as the Evil Spirit Race has done a lot of awful things! But right now, the cultivators on 4th Layer City thought of Yi Tianyun as nothing but a cruel person since they didn’t know why he killed the guard out of the blue. They didn’t know anything about the Evil Spirit Race, so what Yi Tianyun did only seemed like a discrimination.

“Divine Envoy, you are as powerful as ever! No one else could match you in this realm.” Shopkeeper Ye said with a smile on his face. “It seems I was concerned for nothing!” Shopkeeper Ye said with a sigh of relief.

“Thanks, but are you here to destroy the Evil Spirit Race too?” Yi Tianyun asked curiously.

“Yes, we acquired the information about the Evil Spirit Race and found out that they have made the Ancient Netherworld Divine Tower! Now that the Phoenix Clan is in a stable condition, we plan to eradicate the Evil Spirit Race from the Ghost World!” Shopkeeper Ye answered enthusiastically.

The Phoenix Clan has always cared about their surrounding, and it was understandable that they would try to eliminate the Evil Spirit Race due to the danger they possessed. Yi Tianyun was obviously satisfied by the Phoenix race’s fast response!

Yi Tianyun also knew that the Evil Spirit Race was trying to control the Heavenly Netherworld Divine Nation to take control over Heavenly Netherworld Divine Tower. This place was the best cultivation spot in the Ghost World, if not across the three realms! That was why Yi Tianyun had to take over the Tower as soon as possible before the Evil Spirit Race found a way to take control over the Tower completely!

“I am done here! I am going ahead to 5th Layer City to challenge the next City Lord!” Yi Tianyun said casually to Shopkeeper Ye. Yi Tianyun wanted to get things done as soon as possible. If he could reach the 8th Layer City soon, he would have an equal footing with the Evil Spirit Race reigning over the Tower!

Once he reached the realms of Elder, these Evil Spirit Race wouldn’t be able to do everything the way they wanted anymore!

Chapter 802

Yi Tianyun quickly ascended to the 5th Layer City as he wanted to conquer the tower as soon as possible! Yi Tianyun knew that he got to control Ancient Netherworld Divine Tower as soon as possible as there was a chance the gate to another world could be opened in this exact place! If he was too late, more demons could come and devastated the Three realms with ease! Furthermore, he already promised himself to destroy the Evil Spirit Race, and it was aligned with his Quest!

When he came to the 5th Layer City, the number of cultivators inside was far smaller than the number of cultivators on the previous floor. The cultivation of these cultivators was also far higher than people on the previous floor as Yi Tianyun noticed that most of them were at Spirit King Stage!

“It’s the new kid! He is the new 4th Layer City’s City Lord after defeating the 3rd and the 4th City Lord consecutively! That kid must be thinking of challenging Master Su Changming! But does the city lord want to accept his challenge?” The cultivator wondered as he talked with another cultivator.

“Well, I guess we will have to wait to find out, hehe!” the other cultivator said enthusiastically.

There was no one waiting at the entrance of the stairs this time. It was obvious that the news about Yi Tianyun conquering each floor has reached this floor, so no one thought of receiving him this time.

“4th Layer City Lord, are you here to challenge Master Su Changmin?” One of them said with a big smile on his face. They clearly didn’t know Yi Tianyun’s name, but since Yi Tianyun was the 4th Layer City’s City Lord, they just called him by his title!

“Su Changmin? An Evil Spirit Race cultivator that named himself with a common surname in this world? Now that’s hilarious!” Yi Tianyun said while shaking his head. It was obvious that the Evil Spirit Race was trying hard to blend in with the people of this world!

“What are you talking about?” The cultivators asked as they were confused by Yi Tianyun’s word.

“Don’t you know those people that called themselves the City Lord or the elder of this place is actually Evil Spirit Race?” Yi Tianyun challengingly asked as he looked around the area. These people were at Spirit King Stage, so they should have heard about the Evil Spirit Race before.

“Well, we have heard about it before, but what is the problem?” one cultivator asked as he was confused.

“I have heard that the Evil Spirit Race was a race that could devour another cultivator to gain their power!” another cultivator chimed in.

“Since some of you already knew about them, then you should get the big picture already!” Yi Tianyun said casually.

"I don't think it matters right now! They have nothing to do with us anyway. They can eat any cultivator for all I care as long as they don't bother us!" another cultivator said indifferently.

"Yes, that is true! As long as we got along fine with them, they wouldn't do anything to us! Other people's lives have nothing to do with me!" Another cultivator said indifferently.

"Do you really think that you'll be alright as long as you leave them alone?" Yi Tianyun coldly said as he began to think that these cultivators didn't seem to get it even after what he said!

"Boy, are you sure your head is alright? Are you seriously thinking that you are some kind of saviour that comes here to save us? Don't you hear us? As long as we leave them alone, they wouldn't do anything to us!" another cultivator said annoyedly.

"Yeah, that's right! They are the master of this tower, and there is no merit in picking a fight with them! It's wiser to follow them than putting the odds against you!" the cultivator nodded as they agreed with that wise word. They looked at Yi Tianyun with disdain as they thought that nothing good would come from listening to Yi Tianyun!

But Yi Tianyun didn't really care about these people. Obviously, a human that tried to leech off the Evil Spirit Race was the enemy of humanity! But then again, there was no need for Yi Tianyun to save them here, as the enemy of humanity should perish as soon as the Evil Spirit Race that they adored so much disappeared from this world!

"Now, if someday the Evil Spirit Race successfully rules over the three realms and then one day they had the urge to devour a cultivator that may be your family in the future, will you still bow your head to serve them?" Yi Tianyun asked coldly.

"What are you talking about, you idiot? That is impossible! If by any chance it happens, I will serve them more devotedly as I am sure that they would treat us better that way!" the cultivator tried to mock Yi Tianyun.

"I will judge you!" Yi Tianyun said coldly, and an intense light immediately enveloped the cultivator. The cultivator in question tried to run away, but he was too slow, so the sharp light pierced the cultivator's heart, killing him in an instant!

Yi Tianyun was furious that the cultivator was so adamant about serving the Evil Spirit Race! Nothing good would come from letting this kind of people walk freely in this world! The cultivators even went as far as mocking those that tried to dethrone the Evil Spirit Race! This was why there was no need for Yi Tianyun to show mercy to this kind of people!

Evil Spirit Race should be exterminated, and nothing could compromise Yi Tianyun from achieving that goal! The evil deeds that the Evil Spirit Race has done were unforgivable, and killing them as quickly as possible was his way of showing mercy!

But then again, Yi Tianyun wasn't surprised to hear that some humans even went as low as sacrificing their own family to gain power and advantages over others! That kind of man would have no problem at all lowering their heads to the Evil Spirit Race as long as they gained benefit and status over others!

Fortunately, there weren't that many people who would stoop that low in the Three Realms. Otherwise, Yi Tianyun's hard work would amount to nothing!

Chapter 803

Yi Tianyun killed every cultivator that stood in his way, be it Evil Spirit Race people or not! He realized that most of the cultivators in this level were traitors that would gladly serve the Evil Spirit Race without hesitation to save their hide! So, there is no point in letting these people live!

"Run away!" the cultivators shouted in panic as they knew that Yi Tianyun would use his City Lord's title to kill anyone he deemed worthless. They didn't know for sure how strong Yi Tianyun was, but Yi Tianyun was definitely a lot stronger than them!

Yi Tianyun just looked at the fleeing cultivator coldly without the intention to go after them. Killing people that have lost their will to fight was a waste of time. Furthermore, none of the Evil Spirit Race cultivators was among them! After that, Yi Tianyun immediately walked towards the City Lord Palace as his goal was to kill the City Lord and ascend the level!

At the same time, 2 of the fleeing cultivators earlier didn't escape towards their faction, but instead, they ran towards the City Lord Palace!

"Master Su! We are in danger!" the cultivator said nervously.

“What happened?” Su Changmin curiously asked as he sat on his throne.

“The cultivator that killed the Qin Brothers has come to this city to challenge you, my lord!” the cultivators reported nervously. Su Changmin waved his hands to the guards and looked at the cultivators closely. Su Changmin’s appearance was far different compared to the ordinary Evil Spirit Race as he looked like a nerd with his thin body and nerdish look. Then again, the six Flame Imprint on his arms said otherwise!

“What did he tell you earlier? Did you have any information about him?” Su Changmin asked curiously.

“He said that you are part of the Evil Spirit Race, one of the worst races out there, and he promised to get rid of every single one of this race from this tower!” the cultivator answered nervously.

“We didn’t believe what he said as we know that Master Su is so kind and always rewards us for helping out in the city! If he comes here, we will protect you, my lord!” the other cultivator said confidently. They tried to assert their loyalty in front of Su Changmin as they deemed it necessary to get the rewards they wanted.

“It seems you are loyal to us, Evil Spirit Race! When our Evil Spirit Race dominates the three realms, do you still choose to stand with us against your own race?” Su Changmin asked curiously.

“Of course! It’s a given to serve the dominator! The three realms weren’t even that strong if compared to you, my lord!” the cultivator said confidently.

“Yes, my lord! We are willing to work hard to stand with you! We will do as you ordered!” the other cultivator said confidently. Clearly, they wanted to take advantage of this situation as they thought that joining the Evil Spirit Race would reap so much benefit.

“Interesting! Do you really want to abide by my order?” Su Changmin asked curiously.

“Yes, my lord! We’ve always wanted to join your cause for a long time ago! We promise you that we will never betray you!” the cultivator said at the same time.

“Trial!” Su Changmin shouted casually, and both of the cultivators were immediately enveloped inside the duel barrier. Suddenly, Su Changmin returned to his Evil Spirit Form and immediately grabbed one of the cultivators before devouring him completely! The other cultivator was too shocked to realise that he was in a dire situation as he trembled on the floor!

“Why!” The cultivator asked while trembling on the floor.

“I have no intention to make trashes like you to be my subordinate! Obviously, you are not worthy enough to entrust my back on! You betrayed your own race without any second thought. What would stop you from betraying us in the future?” Su Changmin said sinisterly.

The cultivator was too scared to reply, so he cried to his heart content as he felt regret beyond belief! He didn't expect Yi Tianyun's words to be the truth. He then tried to stand up and escape the duel barrier as he thought that he would be safe once he got out of the duel barrier!

But clearly, he was far too slow compared to Su Changmin's speed! Su Changmin intercepted him in an instant and stared at the cultivator coldly.

“I will let you live, but I need you to do something for me!” Su Changmin said coldly.

“Anything, my lord!” the cultivator said while keeping his head down, obviously scared of what would happen next.

“Drag that cultivator's name through the mud! Turn him into the enemy of your race!” Su Changmin said coldly.

“Alright, I will do as you told!” the cultivator nodded. He didn't care what would happen to Yi Tianyun as his life was what mattered the most!

“Then, get out of my palace!” Su Changmin coldly said as he was disgusted by the cultivator's existence itself.

The cultivator nodded and hurriedly ran out of the palace, but before long, the cultivator's body was thrown inside the palace once again, and this time he was dead!

"Wow, I am a bit surprised that you didn't consume this traitor!" a figure walked to the palace's door. It was Yi Tianyun who came here to challenge Su Changmin.

"I challenge you to a duel, worthless trash!" Yi Tianyun coldly said as he stared at Su Changmin.

Every Evil Spirit Race out there was all worthless. There is nothing more distasteful than sharing this realm with such a disgusting race!

Chapter 804

Yi Tianyun heard the conversation between Su Changmin and the two cultivators earlier. Yi Tianyun wasn't even angry at the two cultivators, he just felt pity towards them. It was obvious that people like them would sell out their own race to gain some leverage in life without a second thought, but they were clearly unfortunate to think that the Evil Spirit Race would want them in their ranks. It was like a dog wagging its tail in front of a starving crocodile!

"You want to challenge me? Are you qualified to do so?" Su Changmin said coldly.

"Well, it doesn't matter! Even if you refuse the match right now, you won't have any rights to decline again in one week!" Yi Tianyun said coldly. Su Changmin was a proud Evil Spirit Race that came from a strong family. He was at the 4th layer Saint King Stage and even had good control over the Netherworld's Fire. Su Changmin could be said a genius as he was still considered young in Evil Spirit Race's standard!

Su Changmin also has been taught the exclusive Evil Spirit Descend, Evil Spirit Swallow, and Evil Spirit Devouring the Sky martial arts with combat power reaching 4.5 billion points! It needed to be said as a normal Saint King Stage cultivator at Su Changmin level only had around 2 billion points combat power! Furthermore, Su Changmin didn't even have any weapons on him, and his clothes didn't even seem like it could enhance his power! Su Changmin was definitely a genius among the Evil Spirit Race!

The previous two City Lords definitely were nowhere near Su Changmin's level! The two could be compared to the Old Ancestor on Mortal World, which didn't even come close to Su Changmin's level as he was unrivalled in the Mortal World, but Yi Tianyun didn't really care about this fact!

"In a week, you will be crushed like a bug you are!" Su Changmin said coldly.

"Good, I sure hope that you can." Yi Tianyun said indifferently. He knew that a duel between two City Lords couldn't be avoided, so Yi Tianyun wasn't worried that Su Changmin would keep rejecting his challenge as it wasn't something that could be done! The only way for Su Changmin to avoid the duel would be leaving the Ancient Netherworld Divine Tower altogether as he would be teleported to complete the duel no matter where he was, as long as he was still inside the tower!

"That kid has the smell of Sealing Heaven Divine King's blood within him! I have to kill him no matter what! He is the enemy of our race!" Su Changmin said as he turned around. A dark figure appeared from the shadow in the corner of the room with six arms and a dark body. This figure obviously one of the Evil Spirit Race!

"That kid is a strange one. His cultivation is much more complicated than you think, and he might be much stronger than you!" Cang Yuheng said as he looked at Su Changmin coldly. "If you fight him, you may die! If he continued to climb the tower at his current rate, the elder would be worried for sure!" Cang Yuheng said with a frown on his face.

"This is impossible! There's no way that kid is that strong?" Su Changmin said as he refused to believe it!

"He is the one that destroyed the Heavenly Netherworld Divine Nation. Is this information enough to convince you?" Cang Yuheng said calmly. Su Changmin was surprised and immediately shook his head. Although they've spent their lives inside this Ancient Netherworld Divine Tower, it didn't mean that they were completely isolated from the information in the outside world.

The news that most people knew was that the Heavenly Netherworld Divine Nation was destroyed by the effort of the Phoenix Race, but if Yi Tianyun were really the one that did all of it, then he was far more powerful than what Su Changmin thought.

"That kid is definitely the main perpetrator that destroyed the Heavenly Netherworld Divine Nation!" Cang Yuheng said confidently.

Su Changmin frowned as the grudge against Yi Tianyun suddenly arose within him. The Evil Spirit Race has invested so much for the Heavenly Netherworld Divine Nation's prosperity and growth. One of their Old Ancestor-level cultivators was even dispatched there to watch over the development of that Divine Nation, but unfortunately, that cultivator was killed! Su Changmin knew that he was nowhere near the Old Ancestor's level, so he knew that he wouldn't win against Yi Tianyun!

"Now, our scout say that they spotted the Phoenix Race cultivator below. They heard the Phoenix Race cultivator called him their Divine Envoy. That is proof that the man earlier was the main perpetrator of that incident! There is no way the Phoenix Race would call a human their Divine Envoy without some special circumstance!" Cang Yuheng said indifferently. "So, are you still planning to fight him?" Cang Yuheng asked curiously.

"No, I shouldn't fight him! But how can I avoid his challenge? No matter what I do, the duel would commence in a week!" Su Changmin asked desperately. He was nervous as he knew that he had no way to win.

"That is true, but what if he died before the challenge started?" Cang Yuheng smiled evilly.

"Dying before the duel started? Who could kill that monster? Did the ancestor want to deal with him on their own?" Su Changmin asked curiously. If Yi Tianyun was really the one who destroyed Heavenly Netherworld Divine Nation, then the one that could stand against him was only the Ancestor-level cultivator!

"Why would you think only an ancestor can end his life? We can use something else to finish him off! In the meantime, do whatever you want to do, and we will take care of him for you!" Cang Yuheng said confidently with an evil smirk on his face.

Su Changmin just nodded as he left it all Cang Yuheng's hands!

Chapter 805

Yi Tianyun went down to the 4th Layer City immediately after leaving Su Changmin's palace. There was no need for him to wait in 5th Layer City, so he decided to go back to the city he had already conquered. Furthermore, he wanted to check on Bai Shuihuang and Fan Xuexuan! When he found out that both of

them were still stuck below, he made his way to the 3rd layer City and immediately saw a commotion at the City Lord Palace.

When Yi Tianyun got closer, he saw that Bai Shuihuang was the centre of that commotion and that she was showing off the new Flame Imprint on her arm, clearly, a sign that she had already received the City Lord Imprint. She couldn't become the 4th Layer City's City Lord, but she didn't have any issue conquering the 3rd Layer City!

Yi Tianyun knew that Bai Shuihuang had absolutely decimated the Evil Spirit Race in the 3rd Layer City, so she earned the qualification rather quickly! "She really is a cunning woman!" Yi Tianyun said to himself as he watched Bai Shuihuang's big smile from the crowd. The 3rd Layer City didn't have any Saint King Expert, so she'd obviously become the strongest here!

But nevertheless, this title of the 3rd City Lord does not reflect her real strength as she deserved the 4th City Lord status. There were two other Phoenix Race in the scene, it was Elder Ye, or rather known as Shopkeeper Ye, and Elder Lei, both were obviously strong elders to boot. But compared to Elder Ye that already received his 4th Flame Imprint, Elder Lei still had the 3rd Flame Imprint.

But according to the information that he got from Shopkeeper Ye earlier, they've been stuck on the 3rd Layer City for almost three months now as Qin Sheng rejected their challenge every time. When they realised that their challenge would never be answered, Elder Ye and Lord Bai decided to go to the 4th Layer City to challenge Qin Jian. That was when Yi Tianyun entered the tower and caught up to them.

"Congratulations for becoming the 3rd City Lord!" Yi Tianyun said with a smile on his face as he walked towards Bai Shuihuang.

"Thank you, but I didn't expect to meet you here! Did you receive any information regarding the Evil Spirit Race too?" Bai Shuihuang asked curiously.

"That is not the case. I came here to find the Holy King of Ancient Netherworld Divine Nation. I didn't expect to find the Evil Spirit Race was already taking over this place." Yi Tianyun said honestly.

"I guess that is to be expected. Anyway, we can't let these Evil Spirit Race wrap their hands around this tower any further." Bai Shuihuang said solemnly.

“That is what I’m planning to do, Lord Bai. I want to exterminate them from this tower, but it’s such a hassle to find them one by one. That is why I devised a plan to exterminate them in on fell swoop!” Yi Tianyun said with a frown on his face.

“Alright! I will trust you to do a good job!” Bai Shuihuang said with a smile on her face.

Yi Tianyun nodded his head and bid farewell with the Phoenix Race for now. Yi Tianyun planned to search for Fan Xuexuan, and he wondered if Fan Xuexuan was still stuck at the 2nd Layer City. But when Yi Tianyun searched for Fan Xuexuan and couldn’t find her on the 2nd Layer City, Yi Tianyun figured out that he should check the 1st Layer City. But as soon as he reached the stairs leading to the 1st Layer City, he saw a familiar figure that had a powerful Netherworld’s Fire!

It was Fan Xuexuan! She finally reached the 2nd Layer City! Maybe because she looked a little frail, people kept challenging her one after another and that was why she was late to reach the 2nd Layer City and also the reason why her Netherworld’s Fire became so strong! Even if it was just a 2nd Flame Imprint, her Netherworld’s Fire couldn’t be matched by the 3rd Flame Imprint!

It seemed people failed to notice that she was a strong Spirit Core Cultivator despite her frail look. But still, her goal to climb to the top was still just a dream. Her cultivation was too low to push beyond 3rd Layer City.

Yi Tianyun then noticed many cultivators frowned as they looked at Fan Xuexuan. Clearly, they’ve already heard about what Fan Xuexuan had done in the 1st Layer City! Obviously, they all acknowledged the fact that Fan Xuexuan had much better control over the Netherworld’s Fire than anyone they had seen.

It was to be expected as Fan Xuexuan was the descendant of Ancient Netherworld Divine King. It was natural for her to be able to control the Netherworld’s Fire better than anyone else at her cultivation level. After she reached the 2nd Layer City, she didn’t immediately go for a challenge, but instead, she meditated to control her power. She knew she wasn’t strong enough yet, so she couldn’t afford to be too hasty.

“It seems you’re not half bad!” Yi Tianyun praised as he approached Fan Xuexuan.

“Ahh, nice to see you again. But wow! How could you already receive the 5th Flame Imprint so quickly?” Fan Xuexuan said with a shocked expression as she saw the Flame imprint on Yi Tianyun’s hand. “Look at that! You even have the sign of the 4th Layer City Lord on your arm!” She said with the same expression. She didn’t think that Yi Tianyun had gone for that long, but he has made a rapid progress for such a short amount of time!

The goal here wasn’t just to climb the tower but also to fight many opponents to obtain the Flame Imprint, which granted access to the floor above! Considering how fast and how far Yi Tianyun has gotten was too great to be true!

“Well, I think I am still a little slow! Hadn’t the 5th Layer City’s City Lord refuse my challenge, I would’ve gotten the 6th Flame Imprint by now.” Yi Tianyun said with a smile on his face.

“You are a show-off!” Fan Xuexuan said with a pout on her face.

“Princess! Why did you come here!” At the same time, an old man came hurriedly to Fan Xuexuan’s side.

“Great Elder, why did you follow me here!” Fan Xuexuan said as she was surprised to see the old man that turned out to be her Great Elder. Yi Tianyun frowned as Fan Xuexuan turned out to be not just any ordinary cultivator!

Chapter 806

“Shouldn’t I come?” the Great Elder said as he tried to act calm in front of Fan Xuexuan. The Great Elder then told Fan Xuexuan to follow him as that wasn’t the best place to talk.

“Big Brother Yi, come with me!” Fan Xuexuan said as she held Yi Tianyun’s hand.

“This is your internal affair. I think it’s best for you if I just wait here.” Yi Tianyun said with a smile on his face. Fan Xuexuan tried to give Yi Tianyun her most convincing puppy eyes, but clearly, the Great Elder agreed with Yi Tianyun’s word.

“Missy, he is right!” the Great Elder said with a sigh, but he immediately noticed the 5th Flame Imprint on Yi Tianyun’s arm and the 4th City Lord imprint on his 4th Flame Imprint! The Great Elder was clearly surprised by this.

“His name is Yi Tianyun. He is the one that saved me before. He even got the 5th Flame Imprint rather quickly, even though he came here at the same time as me! Great Elder, Big Brother Yi promised me that he would eradicate the Evil Spirit Race from this place!” Fan Xuexuan said with a pout.

“Is this true, young man?” Fan Qingyun, the Great Elder, asked Yi Tianyun.

“It is true, Great Elder! Why won’t you trust me?” Fan Xuexuan said with a frown on his face.

Yi Tianyun sighed before nodding. He felt nothing bad would come out from the Great Elder knowing about him anyway. He then followed Fan Xuexuan as it seemed she would have it her way. The Great Elder then took them to a cultivation room and created a barrier that prevented anyone from entering the room and contained their voice inside the barrier.

“Why did you promise to help us? What do you want from us?” Fan Qingyun asked rudely. “if you want some kind of reward from us, I think we can work it out as long as it is a martial arts or treasure!” Fan Qingyun said solemnly. He didn’t know Yi Tianyun’s intention, and as far as he was concerned, no one would work for free!

“I am not really helping you! My goal is to get rid of Evil Spirit Race from the three realms. It just happened that my and Fan Xuexuan’s goal were aligned!” Yi Tianyun said solemnly. “In the first place, I’m here to find Ancient Netherworld Divine King’s Descendant and seek their cooperation to eliminate all Evil Spirit Race in the Ghost World!” Yi Tianyun said casually.

“What! Are you serious?” Fan Qingyun said as he was surprised by Yi Tianyun’s word. Yi Tianyun then explained some general knowledge that he already knew about the three realms and the Evil Spirit Race, including the existence of the Demon on the Mortal World.

“This is our ancient record! The Evil Spirit Race’s root was indeed starting from the Mortal World! Just who in the world are you? How did you get your hands on this information?” Fan Qingyun asked solemnly. Fan Qingyun didn’t deny the fact that he was the descendant of Ancient Netherworld Divine King. He knew that it was best to let the people that would help him in the future know about this information.

“I am the descendant of Heaven Creating Divine King and Sealing Heaven Divine King.” Yi Tianyun said calmly.

“You never cease to surprise me, don’t you?” Fan Qingyun said as he was shocked to hear Yi Tianyun’s identity. He wasn’t a descendant of one Divine King, but two of them!

“You are also the descendant of the Divine Kings, no wonder you want to exterminate all Evil Spirit Race, but you aren’t willing to disclose this information before. What’s with the sudden change of heart?” Fan Xuexuan said as he felt disappointed after knowing this now.

“There is no point in me sharing this information earlier as I didn’t know what your position in Ancient Netherworld Divine Nation was, so it wasn’t necessary at that point.” Yi Tianyun said honestly.

“How rude!” Fan Xuexuan said as she was angered by Yi Tianyun, who seemed to look down on her. She didn’t even want to look at Yi Tianyun anymore.

“What evidence do you have to back this fact up?” Fan Qingyun said as he gazed at Yi Tianyun. Although Fan Xuexuan said that he was trustworthy, Fan Qingyun couldn’t just trust him unconditionally.

“I can release the aura of Sealing Heaven Divine King, but can you sense it? I can also release the aura of Heaven Creating Divine King as long as you can sense it too!” Yi Tianyun said casually.

“No problem, we always had a good relationship with the two Divine Kings, so we have the understanding about the two Divine King’s aura so that we can recognize it once we meet with their descendant.” Fan Qingyun said confidently. Yi Tianyun nodded as he knew that Ancient Netherworld Divine Tower had been blessed by Heaven Creating Divine King and Sealing Heaven Divine king. Therefore their power could be sensed around the tower.

The Divine Rune on the Ancient Netherworld Divine Tower was created by Heaven Creating Divine King while the tower itself was made by Sealing Heaven Divine King! As for Ancient Netherworld Divine King, he was a cultivator that specialized in refining pills. Although it might be shocking to hear that the Divine King was an expert Pill Refiner, it was the truth! He had the strongest fire among the Divine Kings, and the pills that he made were exceptionally potent.

“Alright!” Yi Tianyun said as he released Heaven Creating Divine King’s aura. Fan Qingyun immediately nodded as he felt the familiar power. “Now I believe you, young master! I am sorry for ever throwing my suspicion in your direction.” Fan Qingyun said reverently. Fan Qingyun wasn’t just some weak cultivator, he was at the 3rd Layer Saint King Stage, but even if he was older than Yi Tianyun, he still showed his respect as it should be! Descendant of Heaven Creating Divine King was rare, plus Yi Tianyun also had Sealing Heaven Divine King’s blood in him!

“That’s alright! Now I want to know your plan to deal with the Evil Spirit Race!” Yi Tianyun asked curiously.

“We have a plan, but sadly we couldn’t act on it immediately! We couldn’t sneak in our people inside the tower as they would be found out immediately! We are in a big shock as we heard that the princess was entering the tower earlier as we were afraid that she would be taken in by the Evil Spirit Race immediately!” Fan Qingyun said honestly.

“I am sorry for being too late to introduce her properly. She is the princess of Ancient Netherworld Divine Nation, Princess Fan. Because of our Lord, Princess Fan’s father has committed suicide by coming here. Because of that, no one else in our family retained any control over the tower. She is our only hope to regain control over the tower once she masters the tower someday.” Fan Qingyun said solemnly.

“I didn’t expect she was such a prominent figure!” Yi Tianyun said as he looked over to Fan Xuexuan.

“Yes, in fact, before our Lord comes here, we are expecting some sort of signal to charge inside the tower to take it over, but the signal never come!” Fan Qingyun said solemnly.

Yi Tianyun nodded as he understood the current situation. But he never expected that the Holy King of Ancient Netherworld Divine Nation’s status would be unknown. He wasn’t sure whether the Lord was killed here on the tower and already consumed by the Evil Spirit Race, or he was still lying in wait for the right moment to strike!

Chapter 807

Yi Tianyun finally grasped the current situation now. Fan Xuexuan’s father, the Ancient Netherworld Divine Nation’s Holy King, Fan Tianchen, already snuck into the tower a few years ago and has been missing ever since. They were waiting for the signal from Fan Tianchen that never came. It was a pretty

simple signal, which was making one of the floors radiate light to the outside world by taking over that Floor first.

But clearly, the signal had never come. The Ancient Netherworld Divine Tower was like a huge country with 9 cities. Obviously, each city was armed with a weapon to attack the outside world, and this was what Fan Tianchen was aiming at as only City Lord could control the weapon!

This plan clearly had some risks to it as the Evil Spirit Race would be immediately notified if there was a situation on the said Floor, but that probably wouldn't happen if the Ancient Netherworld Divine Nation had already infiltrated the tower at that time. Now that Fan Tiancheng's whereabouts were unknown, Fan Xuexuan wanted to carry out the plan herself! Fortunately, they could conceal their Bloodline power from others. It was only thanks to the Appraisal Eye that Yi Tianyun was able to discern that she was the descendant of Ancient Netherworld Divine King.

But even so, not everyone from Ancient Netherworld Divine Nation could do this, so they wouldn't be able to stick around the tower without thorough preparation.

"I'm intrigued about this situation. I will help you find your father! I will check his whereabouts as soon as possible!" Yi Tianyun said curiously. Yi Tianyun knew that the City Lord had the power to find any cultivator he wanted inside their city, and that should be enough as it would give information for Yi Tianyun where to start searching.

"Thank you for your kindness, Big Brother Yi! Please find my father!" Fan Xuexuan said helplessly.

"But first, since you're here already, what are you planning to do?" Yi Tianyun asked curiously to Fan Qingyun.

"Our plan isn't that complicated either. We will pick up the pace and take over the City Lord position as soon as possible. We have to take the City Lord Position in a higher floor too, as we will be able to take the tower back if we can gain the City Lord power of the higher Floor!" Fan Qingyun said solemnly.

Yi Tianyun nodded as he understood what they were planning to do. "Well, if that is your plan, then it was already in full swing!" Yi Tianyun said casually. Yi Tianyun had already conquered the 3rd and 4th Floor, and in merely only one week, he would take over the 5th Floor as well! But Yi Tianyun knew that

he had to help take control of the tower completely, so Yi Tianyun immediately went back to the 1st Floor and opened the Divine General summoning command.

He didn't hesitate to use this command as he deemed it absolutely necessary to increase manpower in this situation. He immediately called for the 12 Golden Hairpins as he knew that they were the best option here right now. Although he had stronger generals, the 12 Golden Hairpin harbored a deep grudge against the Evil Spirit Race!

A flash of light enveloped the room, and the 12 Golden Hairpin appeared in front of Yi Tianyun. Yi Tianyun smirked as he realised that not even the highest grade of Divine Relic could stop the Divine General Summoning. It was a testament to how absurd Yi Tianyun's ability really was!

The 12 Golden Hairpin themselves were confused by this situation as they didn't understand how they found themselves at a completely different place all of a sudden. They were doing their duty like normal, but suddenly a flash of light enveloped them and took them away, furthermore, they felt something warm on their hands almost immediately, which was the materialization of Flame Imprint on their arms!

Yi Tianyun smirked as he had already calculated it all. He knew that the tower would also give the Flame Imprint to the 12 Golden Hairpin, but if he summoned them on the higher Floor, the tower would only teleport them back to the 1st Floor anyway as they wouldn't have the qualification to stay on the higher Floor. It was better to summon them on the 1st Floor as they wouldn't be as confused.

"Young master!" They shouted at the same time as they noticed Yi Tianyun in front of them. They immediately bowed as a sign of respect.

"Get up, don't be surprised! I summoned all of you here this way because I have work for you to do! Now, first thing first, you can't die in this place! You have to protect your life with the utmost care! Second, this tower was infested by the Evil Spirit Race, and I want you to get rid of them from each Floor! Now the last thing is that this place is the perfect environment to cultivate, I hope that you could become stronger as you exterminate the Evil Spirit Race in this place!" Yi Tianyun said solemnly.

Yi Tianyun immediately explained where they were and the rules of this place. The 12 Golden Hairpins were clearly surprised to hear Yi Tianyun's explanation, but they regained their composure almost immediately.

“Is there anything you want to ask?” Yi Tianyun asked.

“No, we understand it all, young master!” the 12 Golden Hairpins said in unison. They nodded their head and immediately scattered, challenging any cultivator to gain the Flame Imprint to make their way up the Floor. Soon enough, the bottom Floor was ruled by these 12 pretty girls. They might look harmless, but once the cultivator accepted their challenge, they knew would that their appearance was deceiving!

Yi Tianyun order is simple. The 12 Golden Hairpins were to exterminate any Evil Spirit Race that they spotted. If any human got in their way, they could also get rid of them to make things easier!

“Everything would become far easier!” Yi Tianyun said as he looked at the 12 Golden Hairpins before returning to the 5th Layer City. He now had to wait for Su Changmin to accept his challenge in one week. Other than that, he got nothing else to do.

Chapter 808

Yi Tianyun returned to 5th Layer City, but someone immediately greeted him as soon as he got there. “4th Layer Lord!” The cultivator greeted respectfully. Yi Tianyun just nodded and walked towards the inner city as he was too annoyed to pay attention to these people.

“4th Layer Lord! We, Rain Flower Nation are here to show you our utmost respect! Would you like to invite us as your guest this time around?” A cultivator said as she showed his respect to Yi Tianyun. She was wearing a black robe, and her face was actually beautiful for a cultivator’s standard. But still, Yi Tianyun wouldn’t trust anyone easily. He looked at the cultivator with cold, suspecting eyes.

The cultivator took a step back as she was afraid that Yi Tianyun would attack her.

“What did you want to tell me? I don’t have the time to deal with stuff I’m not interested in!” Yi Tianyun said coldly.

“I am sorry if we are offending you, my lord! Our Rain Flower Nation wants to invite 4th Layer Lord to cooperate! We would be happy if my lord can hear us out first!” the woman said while paying respect to Yi Tianyun.

"I am not interested!" Yi Tianyun said coldly before kept walking. He neither wanted nor needed to cooperate with anyone right now! If he really needed it, he would be the one recruiting the people he needed to join his cause before carrying out his conquer. For Yi Tianyun, it was better to just do everything alone.

In fact, Yi Tianyun reached the 5th Layer City all alone! It would only increase his burden if he cooperated with anyone else at this point. For now, cooperating with Ancient Netherworld Divine Nation that had the same goal as him was the best as they didn't burden him with any unnecessary stuff!

"4th City Lord! Don't worry! We know that you want to challenge the 5th City Lord, but without preparation, you won't win that easily!" Ruifeng asked in panic as she saw that Yi Tianyun had no intention to hear them out.

"So, what can you provide for me?" Yi Tianyun said indifferently.

"We will provide you many Medicinal Pills from the top site of 5th Layer City!" Ruifeng said hurriedly.

"Do you think I'm short on that?" Yi Tianyun said with a sigh.

"4th City Lord, we are sincerely want to cooperate with you. I know that your cultivation is strong, but we excel in Medicinal Pills! We have many strong 6th Grade Medicinal Pills, and we even have some special cultivation area that you can't get in even with your status as the 4th Layer City Lord!" Ruifeng said confidently. "This special cultivation area is special because there was the Martial Arts left by the Divine King inside, and those who are qualified should be able to get their hands on it!" Ruifeng explained confidently.

In order to win Yi Tianyun over, Ruifeng exhausted all possible means to make sure that Yi Tianyun would cooperate with them. Honestly, Ruifeng didn't lie! There was indeed a special cultivation area that required many requirements before someone could enter. This area was a much more efficient place to cultivate compared to other areas on the same floor!

This was the privilege given to those of genius bloodline to cultivate here on Ancient Netherworld Divine Tower! Ruifeng clearly waited for Yi Tianyun to accept her offer. She also believed that Yi Tianyun wouldn't reject such an offer as it would help them in the long run!

“Not interested!” Yi Tianyun said indifferently and went on his way. He didn’t need any Divine King’s Martial Arts as he already had the martial arts of Sealing Heaven Divine King and Heaven Creating Divine King! Ruifeng was clearly shocked when Yi Tianyun’s rejected her offer. She couldn’t believe that Yi Tianyun would reject such offers without hesitation!

“Please wait, 4th Layer City Lord! Please tell me what you need! We will try our best to grant your desire!” Ruifeng said desperately.

Yi Tianyun sighed and turned his attention towards Ruifeng once again. “I want to be the Tower Lord. Can you make me the Tower Lord?” Yi Tianyun said tauntingly.

Ruifeng immediately fell silent after hearing what Yi Tianyun wanted. Clearly, they couldn’t grant what Yi Tianyun wanted. If they could do it, then they wouldn’t need Yi Tianyun’s cooperation in the first place. “That is too difficult, my lord! Would you kindly reconsider?” Ruifeng asked worriedly.

“You know, I didn’t expect you to betray your own race just for your own sake!” Yi Tianyun said coldly towards Ruifeng.

“What? 4th Layer Lord, all we want is to cooperate with you and help us on growing our faction!” Ruifeng said confusedly. She didn’t understand what Yi Tianyun meant by what he said earlier.

Yi Tianyun looked at Ruifeng coldly, and Ruifeng couldn’t help take a step back out of fear.

“Tell me what information you had, and I will hear you out for now!” Yi Tianyun said with a sigh. He then told Ruifeng to follow him to a somewhat more private area. Once Yi Tianyun knew that they were safe from any prying ears, Ruifeng began to tell Yi Tianyun about the current situation and the information about the 6th Layer City Lord, Cang Yuheng, as much as they knew. Ruifeng even gave Yi Tianyun several Medicinal Pills and brought Yi Tianyun to the special cultivation area.

But Yi Tianyun immediately frowned as he saw the special cultivation area and the medicinal pills that Ruifeng gave. The special area was quite dangerous, and the Medicinal Pills were highly addictive! This special area and Medicinal Pills were trouble instead of blessing! From that alone, Yi Tianyun knew that something was fishy!

“What is this petty trick? Who told you to give me this?” Yi Tianyun coldly said as he didn’t think anyone would give him something like this if they wanted to get on his good side. It was clearly the Evil Spirit Race’s scheme to get rid of those that annoyed them. Fortunately, Yi Tianyun wasn’t stupid! He wouldn’t fall for something like this!

Chapter 809

“This is a nuisance!” Yi Tianyun shook his head as he walked towards Ruifeng. The girl herself didn’t know what was going on and so, she took Yi Tianyun to a restaurant and ordered a top-quality wine with a great meal of the day. The restaurant was close to the Special Cultivation area, and it was built on the convenience of the cultivator in the area as they would need wine and food!

Even if they didn’t need to eat, the desire for wine and good food didn’t go away that easily. So, for Yi Tianyun, this was not so bad in the meantime! As they were eating and enjoying the food, Ruifeng left the table, saying that she wanted to go to the bathroom, but she went out to the alley instead as a man was already waiting there.

“What are you doing here? This is not part of our plan! We can’t fail now. Remember that we have to finish the contract before the time limit!” The man said to Ruifeng coldly.

“I don’t know what to do anymore! He isn’t interested in the Special Cultivation Area and the Medicinal Pills. All he wants is to eat and drink in this place!” Ruifeng said frustratedly.

“Damn it! If we can’t force him, just keep him busy! We have to find other ways to convince him!” the man said frustratedly.

“I understand!” Ruifeng said as she nodded and returned to Yi Tianyun. The man looked at Ruifeng as she returned inside the restaurant before leaving too! Ruifeng took a seat and back to eating as if nothing happened.

“They’re trying to tempt me with all sort of things to avoid the duel with Su Changmin, huh? As I expected, Evil Spirit Race was too cowardly to do things right!” Yi Tianyun said as he shook his head. Clearly, the news about the destruction of Heavenly Netherworld Divine Nation barely reached this place, which explained why the Evil Spirit Race barely knew anything about Yi Tianyun!

But apparently, Su Changmin has already got the information about Yi Tianyun and the destruction of Heavenly Netherworld Divine Nation. Otherwise, he wouldn't try to avoid the duel with Yi Tianyun like this. Another day came, and Yi Tianyun was still wandering around 5th Layer City with Ruifeng on his side. He had to admit that the scenery around 5th Layer City was beautiful. Ancient Netherworld Divine King really created a magical palace here on Ancient Netherworld Divine Tower!

There was a lot of Medicinal Herb and Demon Beast here to help the people in the city grow. This abundance of life was not created by the tower, but instead, they were teleported inside as life couldn't be created no matter how powerful one was!

As time passed, suddenly Ruifeng was stopped by a man. She nodded her head and excused herself to Yi Tianyun by saying that she would catch up soon. They were clearly frustrated as they saw Yi Tianyun walking around the 5th Layer City instead of cultivating inside the Special Cultivation Area they had prepared in advance. They clearly became more desperate as the day of the duel between Yi Tianyun and Su Changmin was getting closer!

"Ruifeng, what is happening! You go to the restaurant on the first day and mountain hiking on the second day! Are you taking this seriously? The time of the duel is getting close!" The man said frustratedly.

In the City Palace, Lord Su Changmin kept pressuring Rain Flower Divine Nation to get their contract done, as he was desperate here.

"That brat wasn't interested in anything I suggested! It doesn't feel like he has the desire to do anything at all!" the Rain Flower Cultivator on the side said to Su Changmin as they kept observing Yi Tianyun from afar.

"If you can't make that brat enter the Special Cultivation Area before the last day! You all will die!" Su Changmin shouted desperately.

"I understand, my lord!" the Rain Flower Cultivator said while trembling in fear.

"Now, get out of my way! I am done with you!" Su Changmin shouted furiously. The Rain Flower Cultivator immediately rushed out of the palace as he was scared of Su Changmin's rage. "If they can't do anything to stop that brat, I will have to participate in the duel!" Su Changmin said as he wiped the

cold sweat on his face. He was scared as the brat he just said has destroyed the Heavenly Netherworld Divine Nation before. Thus, he knew that he wouldn't have the strength to fight him on his own.

There was no way someone who already won against an elder rank would lose to someone of Su Changmin's calibre! Of course, Su Changmin had the option to escape from the tower to avoid the brat, but the Old Ancestor would definitely search and execute him from dereliction of duty!

The Rain Flower Cultivator that rushed out of the City Palace earlier immediately made his way towards Ruifeng. He gave his ultimatum to Ruifeng to take Yi Tianyun to the Special Cultivation Area as soon as possible! He also told Ruifeng that Rain Flower Divine Nation would be destroyed if she failed to do so!

Ruifeng promised that she would complete the mission as soon as possible with worry in her eyes.

The next day, Yi Tianyun didn't go hiking or sightseeing, but instead, he walked around the city market to check out the unique merchandise sold in the city. Once again, the Rain Flower Cultivator that saw what Yi Tianyun did was frustrated as Yi Tianyun didn't seem to have the slightest intention to enter the Special Cultivation Area.

"4th Layer City Lord! Didn't you say that you would visit the Special Cultivation Area today? If you don't go in now, your time on the 5th Layer City would be cut short!" a man appeared out of nowhere and persuaded Yi Tianyun to enter the Special Cultivation Area.

"Oh well, I am thinking of visiting after I am done with the City Lord!" Yi Tianyun said casually, but he noticed how anxious the man was.

The man was shaken when he heard Yi Tianyun's answer as he immediately realized that he had failed his mission! "My lord! I am afraid that it can't be done! if you miss the timing, the Special Cultivation Area would be closed indefinitely!" The man lied out of desperation!

"If that's the case, then I guess I'll have to go when it's open next time! Maybe after I have become the new 5th Layer City Lord, wouldn't you agree?" Yi Tianyun said casually. He already knew that the man was a traitor of the Human Race, so he wanted to toy with them around his palm for as long as he could.

Yi Tianyun had given them the benefit of the doubt by saying he would enter the Special Cultivation Area when he became the 5th Layer City Lord. Surely, the value would be greater then. But these people still insistently suggested Yi Tianyun enter the Special Cultivation Area before he became the City Lord of the 5th Layer City! Clearly, these people's intention was to assassinate Yi Tianyun before he could challenge the City Lord!

No matter what these people were trying to do, it would be futile against Yi Tianyun! In fact, Ruifeng already knew that Yi Tianyun was aware of their intention, which was why she wanted to stop the man from being overly persistent as it would only make things worse, but she couldn't do it! They were all frozen from fear as Yi Tianyun looked at them menacingly.

"If you have nothing else to say, return to wherever you came from! I will enter the Special Cultivation Area when I want!" Yi Tianyun waved his hands effortlessly.

"I promise you that it won't take your precious time! Just go in for a little while!" The man kneeled down before Yi Tianyun. If they couldn't convince Yi Tianyun to enter the Special Cultivation Area, their Rain Flower Divine Nation would be destroyed!

At the same time, Su Changmin came out of nowhere and glared at them. "I trusted you to deal with him, but you can't even convince him to do what you want! You are a bunch of trash! Get out of my sight!" Su Changmin said furiously.

They were startled but immediately thanked Su Changmin before walking away, but before they could leave, a red barrier stopped them in their place! "Did I say that you could go?" Yi Tianyun said menacingly.

"4th Layer City Lord, what do you mean by this?" The men said as they noticed that they were being judged by Yi Tianyun.

"A group of Evil Spirit Race's dog, you thought I didn't know what you are planning? You have to pay for your insolence!" Yi Tianyun said coldly. The two people that Yi Tianyun stopped took his punch head-on. Their body shook, and their organs were smashed! Although there were no external injuries from Yi Tianyun's punch, their internal organs were smashed!

Their Flame Imprint was immediately absorbed into Yi Tianyun's Flame Imprint as a sign that they were already dead!

"How dare you say that Evil Spirit Race was trash! Don't think for a second that I am afraid of fighting you, you stupid human trash!" Su Changmin said furiously.

"Well then, if you really mean it, then let's have a fight right here, right now! Let us prove who is the real trash!" Yi Tianyun said tauntingly. Su Changmin immediately fell silent as cold sweat was dripping from his forehead. Why would he accept Yi Tianyun's challenge when he knew that he didn't have any chance to win?

"This brat sure has a big temper!" A tall, handsome cultivator made his appearance suddenly. He was none other than Cang Yuheng, the one behind this scheme to hinder the duel between Yi Tianyun Su Changmin. He wanted to trap Yi Tianyun with some addictive, but his plan clearly didn't work out so well!

"6th Layer City Lord?" Yi Tianyun looked at Cang Yuheng and saw the Flame Imprint on his arm. "Why are you here? Do you want to fight me too? Or do you want to judge this unsightly man here?" Yi Tianyun asked indifferently.

"Why would I do that? We had a misunderstanding from the beginning. Why don't we strike a deal instead?" Cang Yuheng said casually.

"Sure, let me hear what you have to say first." Yi Tianyun said nonchalantly.

"Alright! Let's talk somewhere else more private!" Cang Yuheng said casually.

"How important is this talk? Can't we just talk it out here?" Yi Tianyun said indifferently.

"No, we can't risk someone else hearing what we are talking about here! Are you afraid that we will team up and take you down?" Cang Yuheng said with a smirk on his face.

“Wow, where is that coming from? If you are so insistent that this is that important of a matter, then come on, let’s find somewhere private!” Yi Tianyun said indifferently.

“Alright, come on!” Cang Yuhen said politely. Yi Tianyun nodded and followed Cang Yuhen. Meanwhile, Su Changmin and Cang Yuhen were grinning at each other as they thought that Yi Tianyun was so easy to fool!

“This brat is too arrogant! Maybe because he has strong cultivation at such a young age, but even so, our strategy will work for sure this time!” Cang Yuhen said with a mind link to Su Changmin. Yi Tianyun couldn’t hear what they were talking about, so he followed Cang Yuhen and Su Changmin to the City Palace. As soon as he entered the palace, the area was immediately covered with 5 strong barriers, meaning that he challenged 5 people at the same time!

The duel didn’t have a strict rule, so a person could challenge as many people at the same time without any limitation! Suddenly, 5 Evil Spirit Race cultivators leaped towards Yi Tianyun, with their original appearance bared open! Meaning that they already released their 4 arms in the back!.

“Attacking in a group?” Yi Tianyun sighed as he looked at everyone in the room. In addition to Cang Yuhen and Su Changmin, there were three other cultivators that were equally as powerful as Cang Yuhen and Su Changmin. At least they were at 6th or 7th Layer Saint King Stage!

“Brat, I didn’t expect you to be this stupid! You are just like Big Brother Cang described, so proud and arrogant! You think that you are the most powerful person in this world, don’t you? I have never seen someone would willingly follow their enemies like this!” Su Changmin said while laughing comically. “This time, you will die with no one here to save you!” Su Changmin said excitedly.

The 5 Evil Spirit Race people immediately released the power of their Flame Imprint! The three new Evil Spirit Race wasn’t a City Lord, but they were a deacon of Evil Spirit Race, so they would play the support role here to make sure Su Changmin and Cang Yuhen win this battle! Ancient Netherworld Divine Tower allowed the existence of Deacon rank and elder rank cultivator to rule over the tower.

“You are correct! I am the strongest one here. Is there a problem with that?” Yi Tianyun said coldly. He already expected the Evil Spirit Race would swarm him as soon as they realised that they couldn’t fight him head-on, but then again, it was a good source of Experience Point for Yi Tianyun! He might even use his Exp Card here. After all he got to fight 5 Saint King stage cultivators!
