Chapter 811

Yi Tianyun just stayed calm and let them laugh all they wanted. "You are an arrogant bastard! This time you will die miserably!" Cang Yuhen said with a smirk on his face. "You destroyed our Heavenly Netherworld Divine Nation, but you have the Phoenix Clan on your side back then. Now that you are alone, there is no way you can win!" Cang Yuhen said proudly.

Yi Tianyun was startled by the information in Cang Yuhen's possession. Did Evil Spirit Race have an informant outside of the tower? But nevertheless, the information that Cang Yuhen had was a little bit off. Although Phoenix Race did help Yi Tianyun destroy Heavenly Netherworld Divine Nation, they just helped in the aftermath of the destruction! The one that killed their Holy King, Imperial Preceptor, and even the Old Ancestor was Yi Tianyun alone!

Cang Yuhen ordered the other 4 to attack, and the 5 of them held their arms to the air. The Netherworld's Fire that came out of their Flame Imprint immediately condensed together and converged into a thick Heavenly Yin Fire! The temperature inside the room immediately dropped as Heavenly Yin Fire's cold properties permeated throughout the room.

The cultivator outside of the City Palace was immediately alerted as they noticed a thick ice was forming on the City Palace's gate. They tried to get inside, but they couldn't even get close as it was too cold. Of course, some of them have the ability to resist the cold, but they chose to stay and observe the situation further as they felt a strong, menacing aura from inside the City Palace!

"What happened here? I don't think this aura comes from Master Su!" A cultivator said outside of the City Palace.

"Yes, this aura is too strong to be Master Su's!" Another cultivator said as they were quite sure that Su Changmin wouldn't have such a strong aura! Their curiosity really took a turn as they really wanted to know what happened inside the City Palace, but they couldn't go in!

Inside the City Palace, the energy from 5 Evil Spirit Race cultivators condensed and formed an airtight flame network! They thought that Yi Tianyun wouldn't be able to escape their attack as they had completely surrounded every corner of the room.

“It is true that I am arrogant, but honestly, ganging up on me with only 5 people? Aren’t you the arrogant one here?” Yi Tianyun nonchalantly said as he wasn’t worried at all! Their combination attack was comparable to the Saint King Peak Stage’s attack, but surely he already defeated such an opponent with the same intensity of attack in the past.

“You are crazy! The people we sent outside were powerful, but don’t you dare think that we would be weaker inside this tower! This place is ours, and you will not be able to get past this point!” Su Changmin said coldly.

“We will give you two choices now! The first one is to join us and become our slave! We wouldn’t rough you up too much, don’t worry! After all, you are a powerful individual, and we wouldn’t want you to die just like that! Although you already killed so many of our comrades, we will give you a better position later once we conquer the three realms! Or, you can choose to die here by our hands!” Cang Yuhen said coldly.

“So, which one do you choose!” Su Changmin said with a smirk on his face. Both of them were too confident that they would definitely win against Yi Tianyun here, so they had no reservations in front of Yi Tianyun whatsoever!

“You want me to become your slave? Is your brain the same size as a dog’s or something?” Yi Tianyun said tauntingly. He clearly wasn’t worried at all!

“Well, you just have to choose! I will give you three seconds to consider your option! If you don’t choose anything by that time, we will attack you immediately! Don’t you dare say I didn’t give you a chance later! But honestly, I want you to reject our offer!” Cang Yuhen said with a smirk on his face.

Cang Yuhen was confident in his power. He trusted the power that Ancient Netherworld Divine Tower had bestowed him. He thought that Yi Tianyun wouldn’t be able to withstand his power that was empowered by Ancient Netherworld Divine Tower!

“One!” Cang Yuhen began counting, while the other 4 Evil Spirit Race were snickering as they looked at Yi Tianyun mockingly.

“Two!” Cang Yuhen said while slightly raising his voice. Yi Tianyun just smiled as he let Cang Yuhen count all he liked.

“I have decided! I will take the third choice! That is killing all of you!” Yi Tianyun said with a smile on his face, and immediately he disappeared from their sight. Yi Tianyun teleported behind Cang Yuheng and pulled out the strongest sword in his arsenal, the Evil Spirit Divine Sword! He even equipped the Desolate Ancient Set, increasing his Combat Power beyond these cultivators’ expectations.

“Ahh!” the Cultivators were startled as they lost Yi Tianyun from their line of sight. But suddenly, Yi Tianyun appeared behind one of the Evil Spirit Race cultivators and started attacking. Yi Tianyun thought it was too fast to kill Cang Yuheng and thought he should start with the mobs first!

Even if the cultivators were shrouded with intense Heavenly Yin Fire, it wasn’t enough to withstand Yi Tianyun’s attack! As Yi Tianyun swung his sword, he cut the first Evil Spirit Race cultivator in half! At the same time, the Immortal Fire immediately consumed the Evil Spirit Race’s corpse. As the Immortal Fire was intensified by the Desolate Ancient Set, the Evil Spirit Race’s corpse turned into dust in a matter of seconds!

‘DING!’

‘Successfully killed Mi Ersi, Evil Spirit Race Saint King cultivator!’

‘Reward: 27.6 Billion Exp, 1.200.000 Cps, 20.000 Sps.’

Yi Tianyun used his X32 Exp Card, X100 Exp Card, and 8 X10 Exp Card! Combined with his Crazy Exp Mode, he had a combined X221 Exp per kill! It was to be expected that Yi Tianyun would get a huge amount of exp!

Chapter 812

A strong Evil Spirit Race cultivator was killed in an instant! The large formation that they used to restrict Yi Tianyun’s movement immediately became insignificant as the Heavenly Yin Fire network shrank down in size. Everyone was horrified as they couldn’t even see Yi Tianyun’s movement!

The next moment, Yi Tianyun’s figure swiftly passed across the room. His Desolate Ancient Set gave off a faint yellow light as he glided through the room. Although the cultivators in the room were at Saint King Stage, they couldn’t tell what Yi Tianyun’s cultivation level was. Yi Tianyun’s Cultivation base was at the

7th Layer Saint King Stage, not that much different compared to their cultivation level, but what they felt was more powerful than an Early-Stage Divine King!

Then they saw a black flame burst forth as another Evil Spirit Race cultivator was killed and quickly turned to ashes by the effect of the immortal fire!

'DING!'

'Successfully killed an Evil Spirit Race cultivator, Mitre!'

'Reward: 2.7 billion Exp, 430.000 Cps, 20.000 Sps, Evil Spirit Sword, Evil Spirit Blood, Evil Spirit Soul, X50 Exp Card!'

Yi Tianyun was satisfied by the amount of Exp that he got from the kill. This was what he needed the most right now, but it was a pity that there were too few Saint King Stage Evil Spirit Race in the room. He would get so much more Exp if only there were a little more Saint King Stage experts here!

"I got another Exp Card. Well, it wouldn't hurt to use it right away!" Yi Tianyun said excitedly.

'DING!'

'X50 Exp Card activated, total Exp Multiplier right now is X262!'

Yi Tianyun didn't hesitate at all. He used another Exp Card that he just got. He couldn't buy another one as right now, the price for a X50 Exp Card inside the Crazy Shop was more than 4 million Crazy Points! He would've already bought another one if it were cheaper!

He immediately rushed towards another Evil Spirit Race as their Heavenly Yin Fire could be considered obsolete right now!

"We have to escape, quickly!" Cang Yuhen shouted frightenedly. His arrogance from earlier disappeared without a trace as he realised how powerless they were against Yi Tianyun! It was a mistake to challenge

Yi Tianyun with only 5 of them! In front of an absolute powerhouse, their tricks and plan were all for naught! But it was already too late! They were too late to respond to Yi Tianyun's attack, and another Evil Spirit Race cultivator was killed!

'DING!'

'Successfully killed Evil Spirit Race Cultivator, Mihui Er!'

'Reward: 31.5 billion Exp, 410.000 Cps, 13.000 Sps, Blood of Evil Spirit Race, Evil Spirit Soul, Evil Spirit Bones, Evil Spirit Armour!'

'DING!'

'Congratulation to Player [Yi Tianyun] for successfully breakthrough to 8th Layer Saint King Stage!'

Yi Tianyun levelled up again! The exp that he got from these Evil Spirit Race cultivators was astronomical! But still, levelling up was supposed to be this easy. The hard part came after he couldn't find any other high levelled cultivator that he could kill! It would be pretty hard to level up to if he couldn't get his hand on another Exp Card! He would need to kill dozens of Saint King Expert just to level up without the help of Exp Card!

Even so, it was still much faster than a standard cultivator, but it was still too slow for his liking! Without the help of Exp Card, Yi Tianyun really couldn't be satisfied by the amount of Exp he got from killing these Saint King Stage cultivators!

After he levelled up to 8th Layer Saint King Stage, Yi Tianyun's combat power crushed these Evil Spirit Race cultivator's existence! He then easily caught up to Su Changmin and Cang Yuhen that tried to escape the City Palace and kicked them down to the ground, rendering them unable to escape! The kick was really powerful as they couldn't help but vomited so much blood from the impact!

"What is this? Didn't you say that you were very powerful earlier? Come on, get up and entertain me some more!" Yi Tianyun said as he walked casually in front of Su Changmin and Cang Yuhen!

The two of them were horrified by Yi Tianyun's power, and now, they didn't know what to do to get away from Yi Tianyun! They overestimated their power in front of Yi Tianyun, and now it was clear that their power was nowhere near Yi Tianyun's level! After all, Yi Tianyun already destroyed Heavenly Netherworld Divine Nation! They thought that the Phoenix Race must have played a huge role in destroying the Divine Nation, but it turned out Yi Tianyun alone was enough!

"Our estimation was wrong, and it turned into this disaster! But don't be so full of yourself. Even if your cultivation is strong, you won't be able to get rid of Evil Spirit Race from the three realms! Hell, on the higher layer of this tower, only death awaits you! You will become our food at the end of the day!" Cang Yuhen said spitefully.

Although he was in complete shock and fear, he wouldn't beg for mercy! This was their discipline of life. It was better to die than surrender to their enemies!

"Great, then I am looking forward to fight your old ancestor! Let me see how fast I can destroy them!" Yi Tianyun walked closer to Su Changmin and Cang Yuhen. But when he walked close enough, Su Changming and Cang Yuhen suddenly shone brightly! The spiritual energy around them began to go wild as they were about to explode! They didn't want to die in Yi Tianyun's hand and chose to blow themselves up to maintain their dignity!

But unfortunately for them, it took too long! Before they could blow themselves up, Yi Tianyun's sword had already cut their body! The Spiritual Energy that had gone haywire around them immediately stabilized while they felt that they could no longer move their body!

The next thing that they felt was extremely excruciating pain from being burned alive by Yi Tianyun's Immortal Fire!

"No!!" both of them screamed as they tried to endure the pain, but it was all for naught as they turned into dust almost immediately. Their death was no different than the other 3 Evil Spirit Race that Yi Tianyun killed before them. None of their trace was left behind!

Chapter 813

'DING!'

'Successfully killed Evil Spirit Race Cultivator, Mi Sula!'

'Reward: 26.2 Billion Exp, 400.000 Cps, 18.000 Sps, Evil Spirit Soul, Evil Spirit Blood, Evil Spirit Bone!'

'DING!'

'Successfully killed Evil Spirit Race Cultivator, Mi Teli!'

'Rewards: 27.5 Billion Exp, 460.000 Cps, 20.000 Sps, Evil Spirit Soul, Evil Spirit Blood, Evil Spirit Bone, X50 Exp Card!'

After killing the Evil Spirit Race, Yi Tianyun noticed that the name of the Evil Spirit Race cultivators that he killed was completely different from their name in public. It was obvious that the Evil Spirit Race had a different name that they used in public. However, their name wasn't something Yi Tianyun needed to concern himself with as they were just a pile of Exp regardless of their name! Yi Tianyun wouldn't let them kill themselves as he still needed their Exp. Yi Tianyun has been using his Appraisal Eye from the get-go, so he got the notification that Su Changming and Cang Yuhen were about to self-destruct!

"There is a lot of Exp here! I am halfway to 9th Layer Saint King Stage!" Yi Tianyun excitedly said as he was satisfied by the amount of Exp. He was truly happy that he got to come to Ancient Netherworld Divine Tower before doing anything else! If he exterminated the entire Evil Spirit Race from the tower, getting to Divine King Stage wasn't even a dream! His Crazy Levelling System was truly impeccable as it allowed him to become a Divine King with minimum effort compared to other cultivators that need to have absolute cultivation and talent to reach Divine King Stage!

The Evil Spirit Race's body immediately turned into ash, while their Flame Imprint was catapulted toward Yi Tianyun and enhanced his own Flame Imprint! He did not only get his 6th Flame Imprint but also got the 7th Flame Imprint as well! Which meant that he had already reached the level of Deacon! Originally, he wanted to climb the tower floor by floor, but who knew that the Evil Spirit Race would help him leap through the floor like it was nothing!

"I guess the Evil Spirit Race would be cautious in the future, knowing that their rank easily fell apart in my presence!" Yi Tianyun said with a smirk on his face. Since Cang Yuhen that he fought earlier, was the City Lord of 6th Layer City, Yi Tianyun didn't feel the need to go to 6th Layer City anymore, so he planned to skip ahead to the 7th Layer City next! But the Evil Spirit Race in the top would be cautious as they lost contact with 5 of their men in a matter of minutes!

“Well, no matter what kind of trick they use, I will break them all!” Yi Tianyun said while smirking expectantly. He walked out of the palace as soon as the barrier disappeared. The cultivator outside immediately poured inside to see what just happened, but they were startled as they only saw Yi Tianyun alone! There was no one else inside the palace except for Yi Tianyun!

“Look at his arm!” one of the cultivators said as he saw the amount of Flame Imprint on Yi Tianyun’s arm.

“7th Flame Imprint? It is a deacon rank! Did he just challenge a deacon?” a cultivator said as he was startled by Yi Tianyun’s Flame Imprint.

“How could this be? He just entered Ancient Netherworld Divine Tower a few weeks ago! Isn’t this too fast?!” another cultivator said with a shocked expression.

They really couldn’t believe how fast Yi Tianyun did everything on his own. An Elder rank was the strongest existence in the tower right now, there is no Tower Lord right now, but it was a mystery to everyone too why no one took the position of Tower Lord from the Elder Rank! However, Yi Tianyun knew why no one assumed the Tower Lord’s seat this whole time, and it was because none of the Elder Rank had the qualification to take it for themselves! The Tower Lord of Ancient Netherworld Divine Tower must have a pure Bloodline of Ancient Netherworld Divine King!

Yi Tianyun didn’t bother paying attention to these cultivators and just walked away indifferently. Some of the cultivators who watched him leave looked at him with awe, while others looked at him complicatedly. They watched Yi Tianyun climb the tower towards the 6th Layer City! Once Yi Tianyun was out of sight, they immediately cheered as the position of 5th Layer City Lord was now vacant! Surely, everyone in the city wanted to take it for themselves!

After Yi Tianyun reached the deacon rank, the position of 4th Layer City Lord and 5th Layer City Lord immediately became vacant. Surely, fierce competition of the said layer ensued!

Soon enough, Yi Tianyun reached 7th Layer City as he skipped the 6th Layer City, but when he arrived at 7th Layer City, he immediately heard someone. “He already killed 3 of our Deacon!” the cultivator said coldly.

“Yes, he killed 3 Deacons and 2 City Lords! But they are a bunch of trash anyway! Our cultivator that can’t even stand up against some human is just a waste of space!” another cultivator said coldly. Yi Tianyun immediately used his Appraisal Eye to look for these cultivators and found that they were close by. Yi Tianyun noticed that these Evil Spirit Race cultivators didn’t even bother hiding their unsightly appearance as their 6 arms were out in the open for anyone to see!

Yi Tianyun also noticed that they had the Ancient Netherworld Divine King’s Bloodline on their bodies, but it wasn’t very apparent.

They finally noticed Yi Tianyun on the end of the stairs and smirked evilly.

“Brat, you are very brave coming here after killing our people!” The Evil Spirit Race cultivator said menacingly. Their cultivation was very diverse as the lowest was at Spirit King Stage cultivation while the highest seemed to reach the 3rd Layer Saint King Stage cultivation.

But Yi Tianyun was too lazy to pay any mind to them right now. The 7th Layer City was so extravagant that it could no longer be called a city! The buildings were a bunch of luxurious houses, but even so, the smell of thick blood swirled across the area! There was no doubt that the Evil Spirit Race killed and ate the body of the cultivator from any race that came to this floor!

Suddenly, a flash of light appeared in the distance, and something dropped from the light into a mountain. But after a closer inspection, Yi Tianyun realised that it wasn’t just any ordinary mountain, it was a mountain made from cultivator corpse! Yi Tianyun was startled as he finally realised that the cultivators’ corpses had been teleported to this place!

Yi Tianyun now realised that the Evil Spirit Race cultivator in this place has been using this floor to eat any corpse that was dumped into this place!

Chapter 814

The mountain wasn’t made out of the soil but from corpses! Because of the cold temperature in this place, the corpses didn’t rot as fast! The decomposition of the corpse has turned slower than what they could think of! Meanwhile, the place was swarmed by Evil Spirit Race, picking up corpses for them to feed on!

Yi Tianyun activated his Appraisal Eye to the full extent this time around and tried to look around the area. He has confirmed that there was only the Evil Spirit Race in this place, so it went without saying that Yi Tianyun was the only human in the entire area! Yi Tianyun speculated that the cultivators from other races besides Evil Spirit Race would be killed immediately after coming to this level!

There was no way the Evil Spirit Race would let anyone else become a new deacon or elder of Ancient Netherworld Divine Tower! It was unfortunate for the Cultivators that thought they could gain much more benefit as soon as they reached 7th Layer City! But it was unfortunate too for the entirety of the realms knowing that the dead was teleported to this place!

Upon closer inspection, Yi Tianyun noticed that the corpses were only around Void Spirit Rank to Spirit King Rank, so where were the other stronger cultivators' corpses? He didn't really know about it for sure, but he betted those corpses would be in the 8th Layer City!

8th Layer City should be the home of the Evil Spirit Race old ancestor. It was a common thing to know that they would receive abundant resources to cultivate! In Evil Spirit Race's case, those resources were corpses of the stronger cultivators. The cultivation of the Evil Spirit Race in 7th Layer City ranged from Spirit King Stage to Saint King Stage, but they weren't that powerful!

The corpses of the Spirit King Cultivator would be wasted for these guys, so they gave them to the Old Ancestors instead! Yi Tianyun couldn't help but compliment the Evil Spirit Race a little as no faction on Ghost World, or even Heaven World had this many Saint King Stage experts!

This place has been taken over by the Evil Spirit Race for a long time, so it couldn't be helped if this place had become their home, their paradise! No wonder the Evil Spirit Race didn't strive in the outside world if they had this kind of place. They could consume as many cultivators that they wanted here, speeding up their cultivation even more. It was reasonable for them to stay here to cultivate rather than go outside to create havoc.

"Wouldn't they be free to go out whenever they want then?" Yi Tianyun wondered, but still, the situation here on 7th Layer City was too shocking for him. This Ancient Netherworld Divine Tower has really fallen. It was such an unfortunate place where many desperate cultivators tried their hardest, but in the end, they would end up as these Evil Spirit Race's food.

Yi Tianyun threw a crystal over his head, and it emitted a dim light. This crystal was a recording crystal that recorded the situation around it. It could be said that it was a perfect item to record evidence in

this place. He believed that once this footage was shown to the outside world, the entire Ancient Netherworld Divine Tower would be a mess!

“What are you doing, kid? Do you seriously think you can get away from this place alive?” The Evil Spirit Race cultivator immediately surrounded Yi Tianyun. They were not the deacons of Evil Spirit Race, but it wasn’t clear whether they were more powerful than the deacons. But still, they were nowhere near Yi Tianyun’s level.

“Do you think you can stop me?” Yi Tianyun said coldly. The tower’s rule was still applied to this floor, meaning that they couldn’t carelessly make a move here. If they attacked Yi Tianyun first, he would be free to retaliate, and it would yield a good result for Yi Tianyun.

“You sure are an annoying brat! You think you can kill the five of us now? are you seriously thinking that you are invincible here?” The cultivator said coldly.

“You know there are so many of you arrogant humans before, but in the end, they turned into our fodder! You won’t be any different, kid!” another cultivator said while licking his lips disgustingly. Yi Tianyun kept recording everything that happened here without a care about what these people would do.

But suddenly a loud voice was heard from the city, coming towards them. The 5 Evil Spirit Race cultivators who surrounded Yi Tianyun immediately looked towards the city. Several cultivators appeared, and the 5 cultivators earlier immediately formed a passage to let them through.

These people were the deacons here in 7th Layer City! Their cultivation was truly one of the best in the entire tower. The strongest among them was at Saint King Peak Stage cultivation! It was incredible for a cultivator to achieve this rank! But Yi Tianyun pondered for a moment that if the Deacons of the 7th Layer City was at Saint King Peak Stage, wouldn’t they be stronger on the higher floor?

These cultivators had a strong physique aside from their huge bodies, and they also had 8 arms! This was the first time for Yi Tianyun to see the Evil Spirit Race with so many arms. With every step they took, the ground began to shake. The Ancient Netherworld Divine Tower was a powerful Divine Tool, but these behemoths could make it vibrate with their power!

Yi Tianyun was clearly stunned and a little shocked that they were able to achieve such a thing, but that was not all! There was one person in the middle of the group that was clearly different than the other. Yi Tianyun immediately observed him with his appraisal eye to see what kind of person he would be fighting against!

'Demon God, Mi Ge: 1st Layer Divine King Stage cultivation base! Each of the 8 arms has a grip force of 10,000 pounds! Has an extremely Rich Ancient Netherworld Divine King Bloodline. Far superior to anyone at the same level.

Martial Arts: Violent Evil Spirit, Evil Spirit Dash!

Weakness: None.

Combat Power: 51.5 Billion points under normal circumstances.

It was crazy! His combat power has reached 51.5 billion! Seriously, Divine King cultivation base was such a powerful existence! It was the highest combat power that Yi Tianyun ever saw from his enemies!

Chapter 815

1st Layer Divine King stage, Demon God Mi Ge! It was not a surprise that the Evil Spirit Race finally reached a Divine King Stage! There was just so much resource here for them to grow! The cultivator who has worked hard to develop their cultivation just basically became food for Evil Spirit Race! The only option for these cultivators was to get out of Ancient Netherworld Divine Tower before they reached the 6th Layer City. However, since the tower provided so much resource, the thought of leaving never crossed their mind as they didn't know that the Evil Spirit Race awaited them at the higher level!

Once they reached the 6th Layer City, it would be impossible for them to leave! Furthermore, if they persisted in their pursuit to achieve greatness in the tower, death was the only thing that awaited them once they reached 7th Layer City!

"Divine King Stage expert? Do you wish to fight me?" Yi Tianyun said indifferently as Demon God Mi Ge walked towards him slowly. This Demon God Mige seemed pretty young, unlike the old man that he encountered when he destroyed Heavenly Netherworld Divine Nation in the past! But Yi Tianyun knew that Mi Ge wasn't actually young. His vitality simply improved so significantly once he reached Divine King cultivation,.

“Human Race Young Expert! You’ve reached 7th Layer City in such a short period of time. It was truly amazing! I haven’t seen a human that reached 7th Layer City like you before, especially since you are so young!” Mi Ge said with a voice full of majesty. Yi Tianyun felt a little bit of pressure from Mi Ge’s voice, but it wasn’t really something that he needed to be cautious of, while the other Evil Spirit Race has been kneeling behind Mi Ge, worshipping him like some kind of God!

“So, is it your turn to fight me?” Yi Tianyun said coldly as his eyes were filled with killing intent. He was excited to find out just how strong a Divine King could be. More importantly, Yi Tianyun would get so much stuff from killing a Divine King! It could be his Elite Kill after so long!

“Young Human! You are truly too arrogant for your own good! But it’s already over for you!” Demon God Mi Ge said as he saw that Yi Tianyun was too eager to fight. But it was probably right in Mi Ge’s eyes as he would have noticed that Yi Tianyun was only at Saint King Stage, and a Saint King Stage cultivator wouldn’t stand a chance against a Divine King Expert!

“Okay, surely you think all humans are beneath you, considering you devour anyone that comes your way except your own race!” Yi Tianyun said coldly.

“How dare you speak like that to Elder Mi Ge!” one of the deacons shouted angrily.

“If you’re trying to talk your way out, then don’t bother! I already knew that you’ve been devouring our race. You are disgusting, and it shall not change! If you want to fight, then I am down for a fight!” Yi Tianyun said confidently. “I almost forgot that you have to disguise yourself in order to survive, but it was natural. Nobody would want such a disgusting thing anywhere near them!” Yi Tianyun said tauntingly.

“Impudent bastard!” Mi Ge said furiously as he immediately released his aura, and terrifying power immediately put pressure on the ground, trying to knock Yi Tianyun to the ground! But Yi Tianyun still felt at ease as Mi Ge’s power didn’t affect him whatsoever! He knew that Mi Ge’s power was monstrous, but still, it didn’t affect him.

Evil God Suit and Desert Ancient Set was too strong, so facing against Divine King cultivator wasn’t a big deal for Yi Tianyun right now. Furthermore, Mi Ge was only 1st Layer Divine King Stage cultivation. It might be another story if Mi Ge was at the 4th Layer Divine King Stage or higher.

“Is this all you got?” Yi Tianyun indifferently asked as he stood motionless, not affected by Mi Ge’s power whatsoever.

The Evil Spirit Race stared at him with wide eyes as they couldn’t believe what they were seeing. They already bowed down and worshipped Mi Ge, but they couldn’t stand back up because of Mi Ge’s sheer pressure! But a young brat like Yi Tianyun wasn’t even affected by Mi Ge’s power!

“You sure are something else! Do you know why I didn’t kill you right away? That is because I don’t need to! Here in Ancient Netherworld Divine Tower, I can further enhance my monstrous power with the tower’s power, so killing you too fast wouldn’t be entertaining enough for me!” Mi Ge said as he released more power now.

“So, you want to dominate me? You aren’t the first to plan something like that. Do you plan to turn me into your slave? Forcing me to help you destroy the human race outside? This is what I call a no-brain cultivator!” Yi Tianyun said as he shook his head.

“Wow, it seems that I don’t have to say anything else. Although your cooperation would be a pleasant surprise, that’s not too shabby either! You will become my food now!” Demon God Mi Ge said as a flash of light appeared on his hand, and a huge demon staff materialised the next moment. Although it was a huge weapon, it was still at Lower Grade Divine Tool!

Mi Ge slammed his staff on the ground and shouted Judgement for everyone to hear. In an instant, a huge barrier appeared, containing Yi Tianyun and Mi Ge in it. The evil Spirit Race on the side immediately got away from the barrier as they didn’t want to get caught inside the barrier.

“Young Human, I will give you a chance to attack me before you die in fear after that!” Mi Ge said as he looked down on Yi Tianyun. He had such a huge body that Yi Tianyun was like a small child in front of him. he wanted to force Yi Tianyun to submit and make him despair over absolute power!

“Die in fear? I have never killed people in fear, nor will I die in fear!” Yi Tianyun said indifferently. “Evil God Transformation!” Yi Tianyun said coldly, and soon after, Yi Tianyun’s figure began to distort and suddenly got huge while the surrounding area became inky black! This Inky Black stuff was the Evil Flame Aura that was enough to burn anything it touched! But more importantly, Yi Tianyun’s figure was now the same height as Mi Ge!

Chapter 816

Not only did Yi Tianyun get bigger in size, but he was also able to perform a long-range attack! Although becoming larger didn't mean his combat effectiveness increased, his combat power certainly grew stronger! Now, the only thing that Yi Tianyun needed to do was to dominate the entire area!

"Prepare yourself!" Yi Tianyun said as he finally made his move. The Evil Spirit Sword that he held became larger, matching his current huge body now! Yi Tianyun rushed forward and swung his sword at Mi Ge! A black light burst out of Yi Tianyun's dark eyes that enveloped the earth and the sky! "Slash of the Evil Spirit Flames!" Yi Tianyun roared, and an unquenchable fire immediately erupted like a volcano. At the same time, the Desert Ancient Set began to glow yellow faintly. It was the effect of the set, multiplying Yi Tianyun's combat power significantly!

Yi Tianyun's combat power began to increase exponentially until it stopped at 88 Billion points! This was the strongest attack that Yi Tianyun had ever thrown. After all, there was no opponent strong enough for him to do his best like this! When he got to the 1st Layer Saint King stage, his combat power reached 40 billion points, and now that he was at the 8th Layer Saint King stage, he easily surpassed it and essentially doubled his combat power!

This was something that no cultivator could hope to achieve, for the average combat power of Saint King Peak stage was at 30 billion points! Yi Tianyun hasn't reached the Saint King Peak stage just yet, but his combat power has easily reached 90 billion points! It is the result of his Evil God Suit and Desert Ancient Set's effect! Yi Tianyun easily surpassed Mi Ge's combat power with all these effects!

Mi Ge himself remained vigilant all the time. Although he sensed that Yi Tianyun's cultivation was much lower than his, he sensed danger from Yi Tianyun's attack, like he would die if he tried to block the attack!

"Earth and Sky Shatter!" Mi Ge waved the staff on his hand forward, and the space in front of him immediately suddenly vibrated and started to contort to block Yi Tianyun's attack! Mi Ge didn't use a weapon on each hand as the staff was all he needed! His combat power has risen from 50 billion points to 80 billion points!

Yi Tianyun's attack hit the distorted space in front of Mi Ge's earlier, and an instant explosion occurred, but the space vibration that Mi Ge used to defend himself began to crack, and that was not all! A glass-shattering sound could be heard from the barrier as the barrier wasn't omnipotent!

The Evil Spirit Cultivator that was closer to the barrier began to feel the burst of energy that came from Yi Tianyun and Mi Ge's technique colliding with each other. Some even couldn't withstand the pressure and dropped dead on the spot! The cultivators that realised that they were still in the line of fire began to back off from the barrier as far as they could.

"This power is too scary! That human sure is strong!" A cultivator began to speak when they recovered from their shocked state. They thought that their Old Ancestor, Mi Ge, would suppress Yi Tianyun and crush him with absolute power, but it turned out the Human was as powerful as Mi Ge himself!

After the explosion occurred, the two figures were seen standing in the middle of it all! Yi Tianyun didn't have a single scratch on him while Demon God Mi Ge was severely wounded! Some part of his limbs has turned into ash, while some others have a trace of severe burn on them! It was obvious that Yi Tianyun came out on top from the last exchange!

All cultivators in the vicinity were shocked. The god that they worshipped just lost to a young human and was in such a miserable state now!

"You haven't broken through Divine King stage yet, but how could you be so strong?" Mi Ge asked while keeping his cool as he tried to endure the pain that he got from Yi Tianyun's attack. Yi Tianyun's transformation and attack took less than a second. If Mi Ge weren't prepared, he would have died instantly!

"You are spewing so much nonsense!" Yi Tianyun said as he swung his sword forward one more time, intending to end this duel once and for all. Another explosion shuddered the city as Immortal Fire fell from the sky and filled the area.

"Ancient Netherworld Divine King's power!" Mi Ge roared as a faint blue light from the sky enveloped his body and healing his injuries. At the same time, his power rapidly increased, and a layer of fire covered his body like an armour.

A Phantom Shadow in a human form appeared behind Mi Ge. It was odd to see an Evil Spirit Cultivator like Mi Ge had a Human Phantom Shadow instead of an Evil Spirit Race form. But still, this was the power of Divine King! The flame that condensed around Mi Ge was most likely the power that he got from Ancient Netherworld Divine King's bloodline, not the Evil Spirit Race's original power!

Undoubtedly, the Ancient Netherworld Divine King would leave behind his Martial Arts and Techniques, but it was unfortunate that the Evil Spirit Race got their hands on them before a good descendant could claim it!

Now, Mi Ge's combat power began to rise and reach 93 billion points! Simply summoning a Phantom Shadow increased Mi Ge's combat power close to 10 billion points! No wonder the Evil Spirit Race dared to claim the Ancient Netherworld Divine Tower for themselves!

Chapter 817

"Foolish Human! Do you think you can win against me? You are too naive! I will let you taste the power of Ancient Netherworld Divine King's bloodline!" Mi Ge shouted as he brandished the staff in his hand. The phantom shadow behind him mimicked his move and immediately swept over the sky, the chilling flame that Mi Ge used was trying to freeze everything in the area!

Mi Ge's combat power under the Ancient Netherworld Divine Tower's blessing and Ancient Netherworld Divine King's bloodline easily reached 98 billion points! His power was clearly outstanding! Compared to his earlier attack, this one was clearly much more powerful!

Yi Tianyun narrowed his eyes and then threw a black ball in front of himself that quickly enveloped his body and formed a thick shield!

"What is that?" Mi Ge said as he was startled by the ominous shield that Yi Tianyun used, but nonetheless, he didn't stop his attack! Once Mi Ge's attack hit Yi Tianyun's shield, it dispersed, and the shield that enveloped Yi Tianyun's body didn't budge at all. Not even a crack could be seen in that pitch-black ball! Mi Ge was clearly shaken as his powerful attack didn't even make a dent on that shield!

But as Yi Tianyun knew that Mi Ge wasn't in a position to attack, he immediately countered Mi Ge! The Evil Spirit Sword in his hand emitted a cold light, and Yi Tianyun quickly rushed towards Mi Ge with his sword pointed at his heart!

"Moon Flash!" Yi Tianyun shouted as a dragon emerged from his sword and enveloped it. This was the power that he got as he activated Dragon God's Bloodline. It went without saying that his Combat Power rose once more as he activated the Dragon God's Bloodline power!

It was so fast that everyone couldn't see what happened, not even Mi Ge had the chance to react to Yi Tianyun's attack!

"How could you have that black ball?" Mi Ge asked as he recognised it as the Divine Tools that was supposed to belong to the Evil Spirit Race, and it should be in Mortal World right now.

"Think for yourself! If this divine tool is in my possession, what do you think happened to its previous owner?" Yi Tianyun said playfully. It was such a no-brainer question as Heaven Devouring Divine Treasure was the treasure of Evil Spirit Race on Mortal World! There was no way they would let a human take it, so there was no doubt the Evil Spirit Race that safeguarded this Divine Tool was no longer in this world!

"How dare you!" Mi Ge's body twitched as Yi Tianyun pulled out his sword from Mi Ge's body. Mi Ge's body split in two, and a fountain of blood splattered all around over Mi Ge's split body!

'DING!'

'Successfully killed Demon God Mi Ge!'

'Reward: 91 billion Exp, 2.5 million Cps, 250.000 Sps, Evil Spirit Staff, Evil Spirit Bracelet, Evil Spirit Ring, Evil Spirit Bone, Evil Spirit Soul, Evil Spirit Blood!'

'DING!'

'Congratulation to player [Yi Tianyun] for successfully breakthrough to 9th Layer Saint King Stage!'

He got so much Experience from killing Mi Ge! Before he killed Mi Ge, Yi Tianyun activated a X100 Exp Card and X50 Exp Card, plus the effect of x32 Exp that he got from his Crazy Levelling Mode, he got X182 Exp from killing Mi Ge alone! It was unfortunate that Mi Ge wasn't an Elite Enemy. If he were, Yi Tianyun would've gotten a better reward now!

Yi Tianyun knew that he would get a lot of Exp from killing Mi Ge, and that was why he exchanged his Crazy Points with the Exp Card earlier. Now, Yi Tianyun even got useful information that Heaven

Devouring Divine Treasure was capable of withstanding a Divine King's attack! He now knew that he didn't have to try his hardest to kill a Divine King. Even if his combat power wasn't as high as a Divine King that he would fight, it didn't necessarily mean that he would lose against a Divine King later on!

What happened earlier was the perfect example as Yi Tianyun's combat power wasn't higher than Mi Ge, but it was close! He used the Heaven Devouring Divine Treasure to block Mi Ge's attack and perform a counter-attack immediately, resulting in Yi Tianyun's effortless victory! It was fortunate for Yi Tianyun that he had so many equipments that could enhance his power, and the Crazy Damage Mode that also did the same thing. Otherwise, it would be impossible to fight against Mi Ge!

"Master Mi Ge lost!" The Evil Spirit cultivators on the side were all dumbfounded by the scene unfolding in front of them! They never imagined the god that they worshipped would die by a human's hands! The Flame Imprint on Mi Ge's body was immediately catapulted towards Yi Tianyun, and he successfully gained the 8th Flame Imprint!

He hasn't been at the 7th Layer City for long, but he was already qualified to enter the 8th Layer City. Yi Tianyun was truly terrifying!

"Judgement!" Yi Tianyun shouted, and the 5 Deacons in front of him were immediately enveloped by the barrier. They were startled and tried to escape, but it was impossible for them to escape the tower's barrier.

"I will take out the trash, now die!" Yi Tianyun shouted as he raised the Evil Spirit Sword above his head and swung it down towards the 5 Deacons. The 5 deacons couldn't react to Yi Tianyun's attack and were swallowed by the attack, killing them instantly.

'DING!'

'Successfully killed Evil Spirit Cultivator, Mir!'

'Reward: 23.6 billion Exp, 250.000 Cps, 15.000 Sps, Evil Spirit Blood, Evil Spirit Soul, Evil Spirit Bone, Evil Spirit Sword, X50 Exp Card!'

'DING!'

'Successfully killed Evil Spirit Cultivator, Mitte!'

'Reward: 24.6 billion Exp, 280.000 Cps, ...'

'DING!'

'Successfully killed ...'

The 5 deacons turned into Yi Tianyun's Exp! With this much Exp, Yi Tianyun once again levelled up!

'DING!'

'Congratulation to player [Yi Tianyun] for successfully breakthrough to Saint King Peak Stage!'

Chapter 818

Yi Tianyun levelled up two times in a short period of time! He was only one step away from becoming a Divine King himself! This was why he used the Exp Card without hesitation. There was just too much Experience in that place, and he obviously had no intention to just let it go to waste! The 5 Deacons that he fought just now were all at a high Saint King Stage cultivation! It was the perfect Exp source for him right now!

It was such a hassle to level up once he got to the Saint King stage as the exp requirement increased by several folds.

"I am one step away from becoming a Divine King!" Yi Tianyun said excitedly to himself. If he kept moving forward, he would breakthrough to Divine King Stage in no time! Yi Tianyun was certain that he wouldn't have any problem handling the Demon that was sealed in the Mortal World once he reached Divine King Stage as he still had Crazy Damage mode that would multiply his power!

"I need 500 billion exp to level up to Divine King!" Yi Tianyun said as he saw how much Exp he needed to level up. It was surely an impressive leap as he only needed 100 billion Exp to level up to Saint King Peak stage!

The requirement to reach the Divine King stage sure was high! It reminded him of the normal cultivators that were prone to get stuck at this stage as they just seemingly couldn't breakthrough to the Divine King stage. Yi Tianyun, however, knew how much exp he required to level up, so he wouldn't get stuck here, but the problem was obtaining that much Exp. Thus, Yi Tianyun thought that he had to go slow from now on.

"Judgment!" Yi Tianyun said as the barrier enveloped the surrounding Evil Spirit Race cultivator. Another 5 Saint King level cultivators were enveloped in the barrier, and Yi Tianyun immediately got rid of them without any hesitation. The 5 of them turned into Yi Tianyun's Exp. The 5 of them gave around 100 billion of Exp in one go! the rest of the Evil Spirit Race cultivator immediately fled the scene as they were afraid to be Yi Tianyun's next victim. Then again, Yi Tianyun wouldn't be able to continue anyway as he didn't have the right to duel anyone anymore according to the Tower's rule!

It was such a shame that he was only be able to Judge 10 people at most with his current City Lord status! He had to wait a month before he could judge the same number of people once again! He could also use one of these Flame Imprints to increase his Judgement limit, but it was such a waste to use his Flame imprint like that!

"He is terrifying! He has the cultivation level of a Divine King!" The Evil Spirit Race cultivator shouted as they ran away from Yi Tianyun.

"Of course, you dimwit! If that weren't the case, there is no way he would be able to kill Old Ancestor Mi Ge!" another cultivator shouted annoyedly.

"Didn't you see the Divine Tool that he used earlier? It seems to be the same as our Heaven Devour Divine Treasure, right? Why does he have our Divine Treasure on him?" Another said as they seemed to notice the Divine Tool that Yi Tianyun used to block Mi Ge's attack earlier.

"Heaven Devouring Divine Treasure should be on the hand of our Old Ancestor in Mortal World! We haven't been able to contact them in a while as it was difficult to get to Mortal World from here, so that Divine Tool might just be stolen from them!" another said unsurely. Several of the cultivators that weren't escaping from the scene leisurely analysed Yi Tianyun as they knew that Yi Tianyun had reached the limit of his judgement!

They didn't think that Yi Tianyun could defy the Tower's rule as he would be kicked out and banned from entering the Tower ever again! Of course, their thought aligned with Yi Tianyun's as he had no plan to attack them illegally either. The power of the Ancient Netherworld Divine King sure was strong. Unless he had breakthrough to Divine King stage, he wouldn't dare to break the rule of the Tower.

He glanced at everyone and sighed before walking towards the 8th Layer City stairs. If he couldn't do anything in this place, then he didn't have to stick around for too long. He just wanted to kill the Evil Spirit Race in this Tower, so he must keep going. He could kill all of these Evil Spirit Race that was swarming the Tower all at once if he became the Tower Lord, and Yi Tianyun was planning to be one!

Becoming the Tower Lord meant he could change the rule of the Tower to his will. Once he did, he could even kick out as many people as he wanted without any repercussion. Adding it with his power to detect the Evil Spirit Race, Yi Tianyun was sure that the Evil Spirit Race would be exterminated from the Tower once he became the Tower Lord.

The moment Yi Tianyun stepped into the 8th Layer City, he felt a terrifying aura come from above. The smell of blood that came from above was even more intense than the one from 7th Layer City! Even so, the pressure he felt when he climbed the stairs to 8th Layer City wasn't wasn't any different than walking up a normal flight of stairs at all!

But it was so strange for Yi Tianyun as he didn't see any blood on the entrance of 8th Layer City. It looked so clean and beautiful! What awaited him at the 8th Layer City was a beautiful garden without any corpse or bloodstain at all! But sure enough, several murderous eyes were already observing him from close by.

Yi Tianyun looked around and saw a large blood pool in the distance, and two powerful Evil Spirit Race were soaked in them while looking in Yi Tianyun's direction. It seemed the thick smell of blood came from this blood pool. Yi Tianyun didn't even know just how much Blood Essence would this Evil Spirit Race need to produce such a strong blood stench!

Yi Tianyun could smell the Blood Essence of the Phoenix Clan, and the Blood Essence of the Dragon Tribe mixed in with the smell of other Blood Essences from that pool. Yi Tianyun observed the two Evil Spirit Race with Appraisal Eye and found that these two cultivators were at 2nd Layer Divine King Stage and 3rd Layer Divine King stage respectively! Surely, Mi Ge was part of these groups, and since he was the weakest, he had to deal with the problem below!

But why did these people choose to stay here instead of going out? Wouldn't they dominate the entire Ghost World easily if they wanted to? Yi Tianyun was really curious about this and started wondering whether these people couldn't get out instead of wouldn't get out? It was one of the possibilities. Ancient Netherworld Divine Tower was a strong force to begin with. It may impede their freedom to go out of the Tower and trapped them here!

In addition to the two of them, Yi Tianyun also saw several beauties standing on the side of the pool, wiping the two Divine King cultivators like a slave. But Yi Tianyun was a little bit confused as he noticed that the women serving them were human!

Chapter 819

In fact, there were a lot of cultivators here serving them. They were from various races, and it was obvious that these cultivators were slaves! It was clear that these cultivators opted to become slaves instead of dying at the Evil Spirit Race's hands! Yi Tianyun didn't say much about this as everyone was free to choose their own fate. But if they chose to stand on the wrong side, Yi Tianyun wouldn't care about them anymore!

These cultivators hadn't attained the 8th Flame Imprint just yet. In fact, some of them only had one Flame Imprint! It was clearly the privilege of serving an Elder Rank as they were allowed to come up here without much hassle! This place had a system that was closely similar to the Palace on the Divine Nation as anyone could come to the Palace if the Emperor desired it!

It was certainly true for these Elders' case. There was just no way for these cultivators to reach 8th Layer City without having the appropriate Flame Imprint. Yi Tianyun looked around, but he didn't see any other Evil Spirit Race around. But it was nothing strange as the cultivator had to kill a bunch of cultivators with the 7th Layer Imprint in order to come to 8th Layer City. As the Evil Spirit Race on 7th Layer City didn't kill each other, the number of Elder on 8th Layer City remained fixed, which was the three Divine Kings!

From the looks of it, there was no way for the Evil Spirit Race to become an Elder without a Divine King cultivation base. Even if they had enough Flame Imprint to get up to 8th Layer City, they wouldn't be acknowledged as an Elder before they reached the Divine King stage!

"Mi Ge, that idiot! He was too negligent, and because of that, things become troublesome!" Demon God Suo Te said with disdain. He didn't feel the slightest emotion by the death of one of his companions whatsoever! These Evil Spirit Race cultivators might think that the weak didn't deserve any sympathy. If they are dead, then that was all they were worth!

“Heaven Devouring Divine treasure? That Divine Tool has a good ability. It seems that you came from the Mortal World, meaning that you had killed the Old Guys from the Mortal World!” Demon God Suo Ge said with a smirk on his face. He was the strongest cultivator that Yi Tianyun has ever laid his eyes upon, being at the 3rd Layer Divine King stage!

Their combat power was basically off the chart as Suo Te’s combat power at 68 billion points even in such an unprepared state, 10 billion points higher than when Mi Ge first appeared before Yi Tianyun. It seemed that the power gap became higher than 1 billion points even with only one level difference once a Cultivator reached the Divine King stage! The same could be said with Suo Ge as his combat power was around 80 billion points!

If he went with this logic, did that make a Divine King Peak Stage cultivator have more than 120 billion Combat points?

Yi Tianyun couldn’t imagine just how much power that would be. It could be said that they could destroy heaven and earth itself with the power of their fists! But even so, it wasn’t something that Yi Tianyun cared about right now, and so, he started walking towards the Blood Pool without any fear in his heart, demanding respect from the slaved cultivator!

“That Mi Ge is so useless! Hey, boy! Did you think you deserve to challenge us after killing Mi Ge?” Suo Ge said as he looked at Yi Tianyun indifferently.

“What if I do?” Yi Tianyun said as he looked at them coldly.

“It seems that the three realms have gotten complacent! Do you really think you are invincible, boy?!” Suo Ge said as he stood up from the pool of blood.

“Did you have the ability to prove otherwise now? Did you think I didn’t notice? The Tower has trapped you here! The only thing you can do is consume the blood of Ancient Netherworld Divine King’s Descendant in order to earn the qualification to become the Tower Lord. Otherwise, you couldn’t get out and would be forced to spend your life in captivity like a dog waiting to die!” Yi Tianyun said scornfully.

“Now, I will tell you one thing! Even if you devour the Ancient Netherworld Divine King’s Bloodline, you won’t be able to get out of here! You will be trapped here your whole life! Your race is an idiot race that

comes here hoping to cultivate faster only to be trapped here like a dog in a cage!” Yi Tianyun said tauntingly. This was the only rational reason why these Evil Spirit Race didn’t choose to go out of Ancient Netherworld Divine Tower. Otherwise these people would’ve already dominated the three realms!

The problem right now was that the Evil Spirit Race didn’t try to hide here in Ancient Netherworld Divine Tower. They devoured any cultivator that caught their attention, and this was how they could cultivate faster than the Evil Spirit Race on the outside world.

Yi Tianyun didn’t really understand how they first thought that entering Ancient Netherworld Divine Tower was a good idea. The Ancient Netherworld Divine Nation clearly gave them a bit of a fight, but in front of a Divine King’s power, Ancient Netherworld Divine Nation doesn’t stand a chance of winning! Yi Tianyun frowned for a bit as the people who knew about the existence of the Evil Spirit Race inside the Ancient Netherworld Divine Tower must’ve made a huge mistake in the past.

They should’ve prevented people from entering so that the Evil Spirit Race would starve, but instead, they kept feeding the Evil Spirit Race bloodline resources by sending people to take back the Tower!

“It seems that you know a lot, brat! Sometimes it is good to turn a blind eye to some things. Now I have to deal with you myself!” Suo Ge said as his expression turned solemn as he looked at Yi Tianyun full of killing intent!

“I have no doubt that you can kill me! Since that was the case, why don’t you challenge me to a duel, like your companion Demon God Mi Ge did below! I will be very happy to indulge you!” Yi Tianyun said mockingly. Yi Tianyun knew that two Divine Kings at once would be hard to deal with even for him, but if he only had to deal with one, he was still confident in winning!

“Duel you? Why would I do that? Did you know that the greatest pleasure in punishing na?ve people like you is to let them die slowly?” Suo Ge said as he waved his hand. Then Suo Te immediately stood up. At the same time, both Divine King cultivators slapped their eight arms together, and a ray of light quickly enveloped Yi Tianyun’s body!

Yi Tianyun tried to attack, but he was met with a powerful sealing barrier!

“Teleport!” Yi Tianyun said faintly before he disappeared without a trace.

The two Divine Kings then sat back down on their blood pond leisurely before looking at each other and laughed heartily. "Let him know what it feels like to be sealed!" Suo Ge said while laughing out loud.

Chapter 820

Yi Tianyun felt that he was teleported to some strange place. He wanted to escape but decided not to as he wanted to see where he was first. But as soon as he arrived, he felt a terrifying power from the sky and immediately pulled out his Evil Spirit Divine Sword to repel anything that came his way! Sure enough, Yi Tianyun made a good decision as the terrifying power blew out in front of him. This power was no less than a 1st Layer Divine King stage attack!

It was too sudden, and it almost caused fatal damage to Yi Tianyun, but thankfully he reacted in time and kept the damage to a minimum! As he felt another attack was coming, Yi Tianyun swiftly threw his Heaven Devouring Divine Treasure and hid himself inside its barrier. At the same time, another Divine Thunder hit the barrier, a crack was formed on the barrier, but thankfully it was able to withstand the attack!

As the Divine Thunder couldn't attack Yi Tianyun, it lost its objective. Heaven Devouring Divine treasure was really a convenient Divine Tool as it could deceive a Divine Sense. It was thanks to the fact that Heaven Devouring Divine Treasure fooled the Divine Thunder that Yi Tianyun didn't receive any more damage! Yi Tianyun quickly pulled out the Longevity Necklace and began recovering his injuries.

Yi Tianyun looked all around him and saw that the sky was full of Dark Clouds. Yi Tianyun knew that all of them was a Divine Thunder, ready to strike as soon as it detected an intruder!

"This area seems to be dedicated for the sake of eliminating the Evil Spirit Race!" Yi Tianyun said as he saw the big pit on the ground where he blocked the Divine Thunder earlier. No wonder those Evil Spirit Race earlier was laughing as they thought it would be hilarious to see Yi Tianyun die because of his Ancestor's legacy!

Even though Yi Tianyun didn't have any relationship with Ancient Netherworld Divine King, he was still one of the three original Divine King that protected the Three Realms. But still, Yi Tianyun continued to look around and finally saw a man in the corner that was fully covered by a Divine Rune, meditating with so many Divine Tools all around him.

As he meditated, he constantly withstood the Divine Thunder that was directed at him. The man used a Divine Tool to block the Divine Thunder with minimum injuries. Even so, the injuries couldn't be

completely avoided! Now Yi Tianyun realised why there were so many Divine Tools all around the man. It was because all of them were already on their limit after blocking the Divine Thunder for too many times!

“Is this man Fan Xuexuan’s father? The Heavenly Netherworld Divine Nation’s Holy King?” Yi Tianyun wondered as he observed the man. He noticed that the man was covered in blood due to the injuries he sustained from blocking the Divine Thunder. Now, the man was holding a Divine Tool that would help him draw a Divine Rune to resist the Divine Thunder!

Yi Tianyun wasn’t sure if the man really was Fan Xuexuan’s father. After all, he never saw any cultivator that resembled Fan Xuexuan on his way to 8th Layer City, but now the man was very likely to be Fan Xuexuan’s father as he was a human, not Evil Spirit Race!

Yi Tianyun quickly flew over towards the man and helped him by extending the Heaven Devouring Divine Treasure’s barrier to protect him from the Divine Thunder! Even so, the Heaven Devouring Divine Treasure consumed a lot of Spiritual Energy. If Yi Tianyun weren’t careful, he wouldn’t be able to hold Heaven Devouring Divine Treasure for long. The longest Yi Tianyun would be able to maintain the barrier would be 10 days, 15 days at the most!

The man noticed Yi Tianyun, but he was too weak to have a small talk, so he just remained silent as he tried to maintain his meditation. Yi Tianyun observed him closely, and the detailed data from Appraisal Eye immediately appeared in front of him.

Fan Hongde: Saint King Peak Stage cultivation base, have the Ancient Netherworld Divine King’s Bloodline!

The fact that the man was Fan Xuexuan’s father and the descendant of Ancient Netherworld Divine King wasn’t necessary as Yi Tianyun didn’t have any intention to fight the man anyway.

“I’m not your enemy!” Yi Tianyun said as he noticed the man was trying to free himself from the barrier. But as another Divine Thunder struck above the man and the barrier was protecting him from it, Fan Hongde stopped resisting.

“Now, hurry up and recover!” Yi Tianyun said as he signaled Fan Hongde to keep meditating. Fan Hongde looked at Yi Tianyun for a second, then nodded his head as he kept on meditating to recover his

body. It was very fortunate as Fan Hongde would be dead if Yi Tianyun were even slightly late to find him! Yi Tianyun didn't just leave Fan Hongde to his own device as he used the Longevity Set to help Fan Hongde recover faster.

Fan Hongde's eyelids twitched as it seemed the man was enduring his pain, but he didn't open his eyes and continued to recover from his injuries. As time passed, Fan Hongde opened his eyes as he has recovered a little bit from his injuries.

"Thank you very much, friend. Because of your help, I managed to hold on for much longer! It seems you are also thrown here, to this Heavenly Thunder Space!" Fan Hongde said gratefully.

"Heavenly Thunder Space? I am sorry if I am a little bit nosy, but are you the Heavenly Netherworld Divine Nation's Holy King?" Yi Tianyun asked with a smile on his face.

"Friend, where did you learn that information?" Fan Hongde asked as he was startled by Yi Tianyun's word. He didn't deny the fact that he was the Holy King, but it didn't really matter right now as they were trapped inside Heavenly Thunder Space. If it weren't for Yi Tianyun, Fan Hongde would have died!

He just couldn't bring himself to think that Yi Tianyun would be an Evil Spirit Race's minion that was tasked to information out of him as it would be impossible to get out of this place!

"I learn it from your daughter, Fan Xuexuan! She asked me to find you, but I never expected that you would be trapped in here!" Yi Tianyun said as he smiled at Fan Hongde!
