

Leveling 841

Chapter 841

Yi Tianyun then focused on refining the Evil Spirit Necklace as the Heaven World would definitely need it in the future. While he was busy refining Evil Spirit Necklace, a lot of notifications suddenly popped up.

‘DING!’

‘Successfully formed an alliance with Flowers City Divine Nation!’

‘Reward: 15 billion Exp, 500.000 Cps, 1 million Mastery Point!’

‘DING!’

‘Successfully formed an alliance with Happy City Divine Nation!’

‘Reward: 14,5 billion Exp, 480.000 Cps, 950.000 Mastery Point!’

It has only been a few days after Yi Tianyun sent the cultivators from the Tower to inform the outside world about the alliance, and Yi Tianyun was already notified about the birth of the alliance with some of the Divine Nations in Ghost World! Every faction was welcome to join, giving a surge of Exp to Yi Tianyun!

This wouldn’t end anytime soon as the Ghost World had many factions, and more of them would join over time. Yi Tianyun expected that he would level up at least once from the accumulated Exp that he got from the faction joining the alliances by the end of it.

At the same time, 12 Golden Hairpin kept hunting the Evil Spirit Race outside the Tower, providing Exp for Yi Tianyun and powering themselves up even more. Their cultivation rose dramatically over time, and with their increased power, they became more confident taking on the Evil Spirit Race directly!

“It’s almost time to go back!” Yi Tianyun said as he missed Heavenly Clouds Empire. He used his Teleportation God Stone to take him to Heavenly Clouds Imperial City directly! He appeared in an instant and surprised some street vendors in the area.

In the conference hall of Heavenly Clouds Imperial City, so many people were gathering at the huge table in the middle. These people were cultivators with a high cultivation base, with the lowest being at Void Spirit Stage, while the highest was at Saint King Stage! But compared to the young-looking Void Spirit Cultivator, all the Saint King Stage experts were old men. Nobody knew how they could stay on Mortal World as the power restriction was pretty harsh!

Even so, the old man with the Saint King stage cultivation base was still able to live in Mortal World without getting kicked to Ghost World or Heaven World! Now, other cultivators in the room were paying their respect to the old cultivators as they knew that the old cultivators were the strongest cultivator among them!

But still, Shi Xueyun sat on the end of the table, oozing her majestic aura, worthy of the acting leader of Heavenly Clouds Empire!

“Today is the first time that everyone gathers here. Now, first of all, I am very grateful to you all for joining the Heavenly Clouds Empire’s alliance!” Shi Xueyun said respectfully, drawing all attention towards herself.

“This is natural. How could we ignore Heavenly Clouds Empire’s alliances!” a man said with a smile on his face.

“It’s natural to build a good relationship with the strongest Empire on Mortal World, but why did you call us today? Is there any pressing matter that requires the assistance of the alliance?” another asked curiously.

Everyone felt the same way. Although they agreed to join the Heavenly Clouds Empire’s Alliance, they weren’t expecting the Heavenly Clouds Empire to summon them right away. Furthermore, they felt slightly dishonoured as Yi Tianyun, the Emperor of Heavenly Clouds Empire, wasn’t present! They were in the same position as him, the Emperor of an Empire in Mortal World, so they couldn’t feel at ease while being led by a woman that was lower in terms of position than their own!

In particular, everyone started assessing Shi Xueyun and immediately realised that her cultivation wasn't as high as theirs! Her cultivation was still at Spirit King Stage, while half of the people here were already stronger than that!

These people didn't even stop to consider the matter of age whatsoever. It might be true that Shi Xueyun wasn't as powerful as them, but she was definitely far younger than any of them! Maybe she wouldn't have a chance to win against many of these cultivators, but she would find it far easier in the future!

"I am sorry that Heavenly Clouds Emperor couldn't come here today, but I will be here on his behalf to receive you here today!" Shi Xueyun said confidently.

"So, are you our manager for now?" a man asked as he stood up.

"Yes, Heavenly Clouds Empire was left in my hands until Heavenly Clouds Emperor returns." Shi Xueyun said confidently.

"The powerful Heavenly Clouds Empire was being led by a female? Are you perhaps his woman?" another cultivator asked rudely.

"Yes, I am one of his women, but I don't see any problem with that?!" Shi Xueyun was confused by all these questions.

"No, there is no problem at all! So, as the leader of the alliance is not here, you are responsible for directing us?" an Emperor asked.

"Yes, that is my responsibility here today. I also ask for the help of some ministers of Heavenly Clouds Empire to assist us today!" Shi Xueyun said indifferently. Most of the people that she called to assist today were women, but they were extremely capable of handling their own tasks. Yi Yuwei was one of them as she could organize everything!

But the cultivators in the room began to show doubt, disregarding Shi Xueyun as they thought Heavenly Clouds Empire was tricking them and disrespected them by sending a bunch of women to lead the alliance.

“What problem do you have with a woman leader?” Shi Xueyun coldly asked as she noticed the animosity in the air.

It was clear for anyone that Shi Xueyun wouldn't bow down her head, even though she was talking to the leader of the Empire that stood on the top of the Mortal World!

Chapter 842

Three women came forward after Shi Xueyun said that the minister of Heavenly Clouds Empire would help the alliance for today's meeting. Heavenly Clouds Empire was an Empire that was originally managed by women, so it was normal to see so many women taking the executive position. Furthermore, Shi Xueyun has already become the leader of a faction since a long time ago. Coupled with the fact that she had an amazing cultivation base and she was the closest person to Yi Tianyun, it was expected for her to take the helm of the Empire while Yi Tianyun was gone.

Now, it wasn't the case for the Great Emperors that gathered here today. They didn't like to be ordered around by a group of women as they wanted to follow Yi Tianyun! In their opinion, women weren't capable of leadership, and they truly believed that if this alliance was led by women, it would be reduced to a joke!

“I am not saying that women can't take control, but do you have the ability to manage so many Empires in this alliance? Don't get me wrong, but we want to ally ourselves with Heavenly Clouds Emperor. This alliance is worthless without him!” one of the Great Emperor said coldly.

“That is true. If Heavenly Clouds Emperor wasn't here, then we should listen to Old Ancestor Tian Zhong instead! He has the best cultivation base among us all.” Another emperor said coldly.

“I agree with that! Old Ancestor Tian Zhong has secluded himself for so long, but he used to be famous in the past! We should let the Tian Chang Empire lead the alliance!” Another emperor said excitedly. The Emperors on the table nodded their heads one by one as they agreed that Old Ancestor Tian Zhong should be the leader of the alliance. They knew that Yi Tianyun was strong and capable of destroying an Empire alone, but Old Ancestor Tian Zhong should be more suited in this case as he is a Saint King expert!

They knew that it wasn't normal for Old Ancestor Tian Zhong to stay in Mortal World as he was already Saint King Expert, but no one wanted to question him about it! Even so, Old Ancestor Tian Zhong just smiled through the entire ordeal, not muttering a single word.

Shi Xueyun glanced around coldly as she noticed that these people didn't come here to hear about the news she planned to convey but to seek power for their own faction! Heavenly Clouds Empire has worked hard to build the alliance. If the leadership of the alliance were handed to Old Ancestor Tian Zhong, it would just mean that these people could waltz through Heavenly Clouds Empire disrespectfully!

Furthermore, Shi Xueyun didn't even know who this Old Ancestor Tian Zhong really was. There was no way she would let this old man take advantage of the alliance!

"We already made it clear when we formed the alliance that Heavenly Clouds Empire would lead the alliance, and we wouldn't demand anything from any of you with that status, but in some critical situation, we would have you contribute to help the Mortal World! Did you already forget the agreement we had when the alliance was formed?" Shi Xueyun asked coldly.

"We will call you Empress any time, but we should adapt to the situation at hand, no? Old Ancestor Tian Zhong has the highest cultivation out of anyone in this hall, and he was highly respected as well. I don't see any problem with him becoming the leader of the alliance. If a critical situation ever arose in Mortal World, I believe that Old Ancestor Tian Zhong would be able to take care of it too!" one of the Great Emperors said with a smug look on his face.

"Yeah, I agree with that! Empress, you should adapt to the situation more! We just want to choose a strong person as the leader of the alliance! If you reject the offer right now, we wouldn't be happy about it either!" The Emperor said with a frown on his face. The other Emperors began to shout as they also felt the same way about the current situation.

Shi Xueyun couldn't help but think that this situation has been orchestrated from the beginning! These Emperors must have discussed everything beforehand. Shi Xueyun couldn't think of any other reason why everyone would have the same idea on their mind.

"This is enough! Heavenly Clouds Empire is the leader of the alliance, and it won't change! It was already agreed upon when you all joined the alliance, and now, you want to take back your own words? I don't mind if you want to make Old Ancestor Tian Zhong the Assisting Lord, but the Leader position is already absolute, and that is our Heavenly Clouds Great Emperor!" Shi Xueyun said confidently.

Everyone else still looked at Shi Xueyun coldly. They didn't expect the woman would go this far to defy them!

"Girl, don't be so angry! I had already retired from the Cultivation World for a long time, and I didn't know any problem or any difference that happened in Mortal World during that time. I am aware that no one really knows who I was, but now that I have already chosen to join in the fray once more, it was a natural decision to hand the Alliance Leader position to me! I will lead the alliance better than Heavenly Clouds Emperor would be! He was still young, and he would be inadequate to control and manage the entire Mortal World! Don't get me wrong, but I want to help out Heavenly Clouds Empire in the last bout of my life!" Old Ancestor Tian Zhong finally speaks after staying silent for so long.

His tone was endearing, but the content of his speech was the exact opposite! In the end, he just wanted to be the leader of the alliance! He said that he would assist Heavenly Clouds Great Emperor, but Shi Xueyun knew better. She now realised that none of the Emperor in this room took the alliance agreement to heart!

But as they still argued about having Old Ancestor Tian Zhong lead the alliance, a figure walked in from outside indifferently.

"Oh, there are so many guests today! What is going on here?" Yi Tianyun said as he came in. He knew the gist of the situation here, and he didn't really want to deal with it now, but he couldn't ignore the frustrated look on Shi Xueyun's face either.

Chapter 843

Shi Xueyun was excited as soon as she saw Yi Tianyun walk into the room. She planned to punish these people as she thought they had no intention of giving up Yi Tianyun's position as the Alliance Leader. However, she knew that it was no longer necessary as Yi Tianyun was already here! There was no way he would let Old Ancestor Tian Zhong take the Alliance Leader position.

"Heavenly Clouds Great Emperor!" the people around Shi Xueyun immediately stood up and bowed down as they saw their Emperor. But the other Emperors and the faction representatives looked at Yi Tianyun with a confused look on their faces. They supported Old Ancestor Tian Zhong as the Alliance Leader, but now they were startled and felt anxious as Yi Tianyun walked into the room.

Old Ancestor Tian Zhong himself didn't stand up or greet Yi Tianyun. "Are you the Heavenly Clouds Great Emperor? You are still too young to sit on a Great Emperor status at that age! It seems our generation is not as good as it used to be!" Old Ancestor Tian Zhong said as he looked at Yi Tianyun from top to bottom.

Yi Tianyun ignored Tian Zhong as he walked casually towards Shi Xueyun. He smiled towards Shi Xueyun and patted her head to calm her down. Tian Zhong himself immediately became angry as he felt that Yi Tianyun was ignoring him!

"I don't know what kind of deal you made behind my back, but the seat of Alliance Leader is mine! As for who I trusted to manage the Alliance is my own business!" Yi Tianyun coldly said as he sat down on the top of the highest chair. When they signed their agreement to join the Alliance, it clearly mentioned Yi Tianyun as de facto ruler of the Alliance. The agreement also stated Shi Xueyun would take over as the acting leader if Yi Tianyun weren't available at the time.

Now, it wasn't funny when the faction that already joined the Alliance decided to change the alliance leader on their own!

"Heavenly Clouds Great Emperor! We're well aware of the agreement, but that is when Old Ancestor Tian Zhong still secluded himself. Now that he is out of his seclusion, we think that it'd be appropriate for him to become the leader of the Alliance!" An Emperor voiced his opinion.

"Yes, we are thinking the same thing!" Another Emperor chimed in. Old Ancestor Tian Zhong showed a smile as if he had already won.

"Well, I don't mind it at all! If you wish so, then I will gladly kick you out of the Alliance. As per our agreement, you will have to give back everything I gave you. I will have your people abolish their cultivation as they already used what is mine!" Yi Tianyun said indifferently.

The faction representative immediately shouted back as they opposed Yi Tianyun's decision.

"That is impossible! We want the best for the Alliance, and we didn't do anything to spite the agreement we have! Why are you trying to punish us like this?" One of the Emperors shouted anxiously.

“We didn’t agree to be led by a bunch of women! It was clear that we are stronger than them!” another one chimed in as they opposed Yi Tianyun’s decision.

“I don’t want to say this twice! I don’t need your help to manage the Alliance, so I give you two options here, either obey me and shut up, or get out and give back everything that I ever gave to your faction!” Yi Tianyun said coldly. He was too lazy to reason with these people. He didn’t care about Old Ancestor Tian Zhong at all as he knew that the old man just wanted to reap as much benefit as he could from the Alliance!

“Young man, did you know what you are doing? As the Alliance Leader, you have to listen to others’ opinions! You still have a lot to learn! The position of the Alliance Leader isn’t for you at the moment!” Old Ancestor Tian Zhong said indifferently.

Old Ancestor Tian Zhong grew anxious about where the situation was heading, so he tried to tip it to his favour and demean Yi Tianyun as much as he could.

“I will not listen to most people’s opinion! My statement is absolute! If you don’t want to follow my order as you joined my Alliance, you are free to get out of this place!” Yi Tianyun said indifferently, but it was clear to everyone how charismatic Yi Tianyun can be.

“Heavenly Clouds Great Emperor! You are out of line! Even if you are young and have a good cultivation base, you aren’t qualified to flaunt that kind of attitude in front of Old Ancestor Tian Zhong!” one of the Emperors said as he was shocked to hear Yi Tianyun’s word.

“Don’t be too arrogant, Heavenly Clouds Great Emperor! Old Ancestor Tian Zhong said that out of concern for you. He was trying to nurture you!” another one chimed in.

“We will support Old Ancestor Tian Zhong as the Alliance Leader anyway, so if you disagree with our decision, you are the one that should leave the alliance!” Another one shouted angrily.

The last word that the alliance member spouted was too arrogant for Yi Tianyun’s liking, and thus Yi Tianyun immediately stood up!

“Leave!” Yi Tianyun shouted spitefully, a wave of violent energy spread throughout the room, exerting tremendous pressure on everyone in the room, including Old Ancestor Tian Zhong! The Emperor supporting Old Ancestor Tian Zhong immediately turned pale as they saw that Old Ancestor Tian Zhong couldn’t resist Yi Tianyun’s pressure!

They didn’t know how Heavenly Clouds Great Emperor could be this strong that not even a powerful Saint King Cultivator like Old Ancestor Tian Zhong could resist his power!

“We are done here!” Yi Tianyun added, and the terrifying pressure intensified immediately. The people in the room couldn’t even lift their heads from the floor as they couldn’t resist Yi Tianyun’s pressure at all! Surely, Old Ancestor Tian Zhong was no exception.

“It seems that you don’t want to follow me anymore, but it is okay! But how dare you use a mere Saint King expert like him to trample on my goodwill! Don’t you know I slaughtered many of these Peak Stage Saint King Cultivators in Heaven World and Ghost World without even trying?” Yi Tianyun said with a frown on his face.

The faction representative immediately trembled in fear as they realised that they had made a grave mistake!

Chapter 844

Yi Tianyun had no reservations against a Saint King Expert as they posed no threat for him. This was his honest opinion about Old Ancestor Tian Zhong that trembled in front of him right now. With Yi Tianyun’s current cultivation, Old Ancestor Tian Zhong was just like a child that he didn’t even have to feel vigilant about!

Now, the people who kneeled in front of him were the faction representatives that defied him, but some of the representatives that supported Yi Tianyun were also among them! It was unfortunate that everyone that stood with Old Ancestor Tian Zhong would be killed today! But one thing for sure was that the current situation was so humiliating for every representative in the room.

Yi Tianyun was too lazy to pay any attention to these people. He just wanted to end them immediately so that he didn’t have to be here anymore. But Yi Tianyun wasn’t a tyrant, so he had to deal with this affair as calmly and collected as he could be.

He knew that he had to maintain his dignity as the Heavenly Clouds Great Emperor. He had to manage the Empires as fair and just too as it was what was required from him. Then again, if he didn't have any management skills or subordinate with good management skills, the empire could collapse at any given time!

At the same time, Old Ancestor Tian Zhong was sweating profusely. He finally realised that he wasn't anything near Yi Tianyun's radar. He just gave himself a death sentence by defying Yi Tianyun and disrespecting him in his own home ground!

"Heavenly Clouds Great Emperor! We are mistaken. Please forgive us!" one of the Emperors said nervously.

"Yes, we would never do you wrong. We are just thinking about the future of the alliance, but it was clear that we are wrong!" another Emperor chimed in nervously. They were eager to admit their mistake and forsook Old Ancestor Tian Zhong as they no longer thought he was capable. They couldn't come up with any other way as they realised that whatever they did wouldn't make any difference in front of absolute power like Yi Tianyun!

"Let's resume the meeting. I want to listen more to what you have to say!" Yi Tianyun said as he turned his attention to Shi Xueyun and ignored the people on the ground.

"Heavenly Clouds Great Emperor, we already make a personal arrangement as you return!" Yi Yuwei said respectfully.

"I don't know much about the alliance so far, but I'm sure that you had handled everything here!" Yi Tianyun said as he nodded his head to Yi Yuwei and Shi Xueyun.

"That's right. I am going to talk about the Evil Spirit Race!" Shi Xueyun nodded as she smiled warmly. She began to explain what she had in mind about the current meeting and how she planned to organize the alliance. The faction representative could only listen to what she had to say, and to their surprise, her plan was perfect as reluctant as they were to admit it!

The Heavenly Clouds minister who stood beside Shi Xueyun just nodded their heads and smiled towards Yi Tianyun. These women were the most capable people that Yi Tianyun had in terms of management,

allowing him to leave Heavenly Clouds Empire in their hands to complete his other quests without any worry.

Meanwhile, the representatives that were suppressed on the ground kept their mouths shut as they thought that they would be spared if they let Shi Xueyun talk.

Old Ancestor Tian Zhong didn't even know what to do now. He was scared to death as he knew that he had made a grave mistake that wouldn't be easily forgiven. He never thought that he would be staring death right in the face like this right after coming out of his seclusion!

Soon enough, Shi Xueyun ended her explanation as she had already conveyed everything she needed. The other Emperors, however, still remained silent as they didn't know what to say. The only one who moved as soon as Shi Xueyun finished talking was just Yi Tianyun alone!

"Tianyun, what do you think of the plan that I come up with?" Shi Xueyun asked excitedly.

"It's perfect. You can handle it for me, right? If you are not here to manage the empire for me, I don't think Heavenly Clouds Empire is still standing today. In the future, Mortal World would depend on you to manage them!" Yi Tianyun said with a smile on his face.

Yi Tianyun surely was the Emperor of Heavenly Clouds Empire, but he didn't want to delve into politics.

"I understand, I will do my very best!" Shi Xueyun said with a beautiful smile on her face.

Yi Tianyun then turned his attention to the faction representatives that were still lying on the ground. They all showered Yi Tianyun with their apology as they were scared that Yi Tianyun would kill them now.

"I already gave you two choices earlier, but I will give you another two choices out of kindness. The first one is to vow yourself as my slave, or you can take the second choice, and that is death! You have to choose quickly as I am already losing my patience with you! I'll assume that you are picking the second option if you dawdle around!" Yi Tianyun said coldly.

The faction representatives were clearly shocked by Yi Tianyun's word! They still thought that Yi Tianyun would let them go. After all, almost all Great Emperors were here today. Now, they had to choose whether to become Yi Tianyun's slave or die here for ever disrespecting him!

They regretted what they did right now. They now realised that Yi Tianyun didn't care if all these Emperors died here right now as he had no problem killing them himself.

They also knew that they couldn't struggle against Yi Tianyun as they didn't have enough strength to fight him anyway!

Chapter 845

The Emperors were shocked by the option Yi Tianyun stated, but certainly, no one dared to complain as they knew that Yi Tianyun could decimate their Empire singlehandedly! Surely, they also understood where Yi Tianyun's anger was coming from. After all, he already spent so much resource to ensure the alliance's prosperity just to be trampled by others! Since they were the ones that insinuated this temper out of Yi Tianyun, they had to pay the price!

"I am willing to make a slave vow to you, Heavenly Clouds Emperor!" a great emperor stated his willingness as he didn't want to die.

"Me too, I am willing to do that as well!" one by one, the emperors began to state their willingness to become Yi Tianyun's slave, and thus Yi Tianyun relieved them from the pressure he exerted, allowing them to stand back up again. This was clearly humiliating as they were the leader of their own faction, but it was certainly better than dying!

But as some cast away their pride to become Yi Tianyun's slave, some still struggled and resisted Yi Tianyun's compassion.

"I don't want to become your slave! I'd rather die than become your slave! Kill me now and let the whole Mortal World know that you are a tyrant!" one emperor said in contempt.

Yi Tianyun sighed and turned the emperor into a bloody mess with just the pressure from his aura!

"A tyrant? Did you think I care what label you put me under? If you didn't mess with me in the first place, I would never do this kind of thing. I already gave you so many resources to form the alliance, but you dare bite me back? I don't care if I become a tyrant, it is still a lot better than to be disrespected by weaklings like you!" Yi Tianyun said indifferently. Yi Tianyun didn't care about his reputation as he hated ungrateful people the most!

It went without saying that what Yi Tianyun just did scare the rest of the emperor that was still trying to resist Yi Tianyun's option. Thus they immediately slumped down and stated their willingness to be Yi Tianyun's slave!

Even Old Ancestor Tian Zhong himself finally stated his willingness to be Yi Tianyun's slave as he found no other choice to escape death!

"No, I am not interested in having you as my slave!" Yi Tianyun said indifferently as soon as Old Ancestor Tian Zhong stated his willingness to be Yi Tianyun's slave!

"What? Why did you treat me differently?" Old Ancestor Tian Zhong said with a surprised and anxious look on his face.

"I am just not interested in having a prick like you as my slave! You will die soon!" Yi Tianyun said indifferently. Other emperors were startled by Yi Tianyun's decision as they knew that Tian Zhong was a Saint King Expert, making him worth more than anyone in the room.

"I am a Saint King Expert! I will surely be useful for you!" Old Ancestor Tian Zhong shouted nervously.

"A Saint King Expert? It is surely a great cultivation level, but you showed me your killing intent earlier. Because of that, you aren't qualified to be my slave!" Yi Tianyun said indifferently. Everyone in the room finally understood. Indeed, it was uncomfortable to have someone who bared their willingness to kill you by your side!

"Please, Emperor! I am willing to be your slave! I dare say that only a handful of people have a better cultivation base than me in the Mortal World. Please give me a chance!" Old Ancestor Tian Zhong said while trembling in fear.

“It seems you don’t know when to give up!” Yi Tianyun said as he sighed and clapped his hand. Suddenly, 2 Black Dragons and a Huge Snow Wolf King fell from the sky and stood beside Yi Tianyun!

Everyone immediately recognised that they were strong Divine Beasts with cultivation level at 6th Layer Saint King Stage at the lowest! These three Divine Beasts were surely stronger than Old Ancestor Tian Zhong! They were shocked to know that even Yi Tianyun’s pets were far stronger than a cultivator that they deemed the strongest among them!

“You don’t even hold a candle to my pet. Clearly, you aren’t that good!” Yi Tianyun said as he waved his hand, killing the old man with a blow from his aura.

Everyone gasped with wonder as they looked at the pet beside Yi Tianyun. It was such a wake-up slap in the face as the pets themselves were far stronger than any cultivator that they knew! They felt dumb for ever thinking that Old Ancestor Tian Zhong was the most powerful cultivator in Mortal World!

“Tell me now, what did Tian Zhong promise you?” Yi Tianyun asked the emperors that already vowed to become his slave.

“He said that he would give us rewards once he became the alliance’s leader. He said that he will share Heavenly Clouds Empire’s resources with us.” One of the emperors said solemnly.

“Very good! The old man was courageous, but now it doesn’t matter! I will give you all a mission that you have to complete! Destroy Tian Zhong Empire!” Yi Tianyun said with a smirk on his face.

“Yes, right away, emperor!” The emperors immediately got up and got ready to strike Tian Zhong Empire. Yi Tianyun rubbed his chin and immediately stroked Shi Xueyun’s hand gently with a smile on his face.

“The Alliance was just formed, but so many things already happened.” Yi Tianyun said casually.

“Yeah, I’ve already predicted this problem would arise eventually, and that is also my reason for gathering the alliance here now to discuss it together! I didn’t expect that they already had their own discussion beforehand! I was ashamed that you returned to see something like this, but I am confident that I will be able to solve this problem even without you!” Shi Xueyun said with a smile on her face.

"It's alright. No one would dare to defy you again later. You are the first palace's lord, and your existence would be feared later on!" Yi Tianyun said compassionately.

"Hey, I don't want you to fear me!" Shi Xueyun said with a frown on her face.

"I am afraid too, but it was because you are my woman!" Yi Tianyun said with a wink. He lifted Shi Xueyun's chin gently before kissing her passionately.

Chapter 846

Yi Tianyun had no intention to leave any time soon as he wanted to see Shi Xueyun and learn the situation that Mortal World was currently in. He wanted to see how far the unification of Mortal World has progressed as he knew that Heavenly Clouds Empire didn't dominate everything in the Mortal World!

Shi Xueyun began to explain everything to Yi Tianyun, but Yi Tianyun noticed that the situation wasn't that much different from his departure. After all, he formed the alliance to erase the Evil Spirit Race, not to colonise other Empires!

But as Yi Tianyun has already taken over the alliance now, the unification has changed its course as almost all members of the alliance had to swear a slave vow to Yi Tianyun! Basically, there was nothing in the Mortal World that wasn't part of Heavenly Clouds Empire!

Yi Tianyun wouldn't rule in tyranny, but to clear his quest, he had to dominate everything in Mortal World to prevent any slip up later in their war with the Evil Spirit Race!

"It is time to see what is happening to the sealed Demon!" Yi Tianyun said as he flew towards the White Lotus Mansion. He didn't use the Teleportation God Stone as he didn't think it would take that long of a time to reach the place.

Soon as he reached White Lotus Mansion, he saw that the faction was now booming as a result of the resources that he left behind in the past. Since he had already become some sort of guardian of White Lotus Mansion, people started flocking. But Yi Tianyun didn't have to bother meeting these new cultivators, and so, he immediately flashed towards the secret room where the seal was.

"You are here again, Young Man!" Heavenly Rock Suppressing Ancient Tablet welcomed Yi Tianyun as it noticed Yi Tianyun's aura. "I couldn't see your cultivation base now, did you already breakthrough to Divine King Stage?" the Tablet asked curiously.

"That is correct. I already broke through to Divine King Stage!" Yi Tianyun said casually.

"Really?" The Tablet said with a surprised tone in its voice. He didn't expect Yi Tianyun to break through the Divine King Stage in such a short amount of time! It was sure that it would take a hundred years for Yi Tianyun to reach Divine King Stage, but the fact that Yi Tianyun reached the Divine King stage only after a couple of years really was shocking!

"Now, I am here to assess the power of the demon! so I can prepare my next plan!" Yi Tianyun said casually.

"No problem, I can let your soul wander inside to let you feel his power up close! But you have to be careful as it could still attack your soul form!" the Tablet said warningly.

Yi Tianyun nodded and immediately reached for the Tablet as he gave permission for the Tablet to guide his soul. He entered the space inside the rock immediately, and he started to look around the dark, gloomy cavern while a cage was hung in the middle of it all with the Evil Spirit Race Old Ancestor inside.

It had eight arms that were nailed to the cage wall. Its body was also being nailed to the cage, preventing it from moving any parts of its body! But its aura still sent shivers down to Yi Tianyun's spine, sending a signal to Yi Tianyun that he still couldn't kill this Evil Spirit Race Old Ancestor.

Yi Tianyun observed everything one more time and realised that the nails that were used to keep the Evil Spirit Race Old Ancestor in place were Lower Grade Divine Tools! Each nail had a Divine Rune that connected together, creating a great strong array that suppressed the Spiritual Energy of the Evil Spirit Race Old Ancestor!

'Demon God Yue Long: 8th Layer Divine King Stage, has strong healing power and belongs to Evil Spirit Race Royal Bloodline! Super Healing Ability, Super Strong Soul, Super Physical Ability, it would be difficult to kill this cultivator under normal circumstances.

Weakness: Extremely Hot Fire or Destroy its soul!

Combat Power: 100 billion points. (Sealed State)'

Yi Tianyun was shocked to see the Evil Spirit Race Old Ancestor's Combat power reached 100 billion points while in its sealed state! Yi Tianyun was really impressed by Heaven Creating Divine King's power as he could suppress such a terrifying demon!

Trapping this demon was indeed the best choice as Yi Tianyun now knew that Evil Spirit Race Royal Bloodline had a strong physique that they were almost impossible to kill! But now that Yi Tianyun had already reached the 1st Layer Divine King Stage, he could still feel the oppressive aura from the demon, but it wasn't as bad as the last time he was there.

He knew that after levelling up a couple more levels, this Evil Spirit Race Old Ancestor wouldn't be a problem. This was why he decided to come here now, as he wanted to test out how far his power could take him against this demon. If he felt that he could kill this demon now, he would do it immediately!

"It's you again, brat!" Demon God Yue Long said as it woke up from its slumber. Yi Tianyun clearly heard the resentment in its voice. It has been sealed here for so long that it didn't know anything else that happened in the outside world.

"Yes, it is me!" Yi Tianyun said as he stood in front of the cage. Yi Tianyun now knew for sure that the demon in front of him was the strongest opponent that he had ever laid his eyes on. Not even the Demon Gods on Ancient Netherworld Divine Tower could compare to this demon!

"Die for me, will you?" Yue Long said as he summoned so many flames, trying to kill Yi Tianyun's soul.

"That's enough!" The Tablet's voice was heard after it deemed it was time for Yi Tianyun to return. But Yi Tianyun had another idea as he mustered his power, and his soul instantly became powerful, exuding a bright golden colour.

Yi Tianyun took the attack head-on, and a surge of power instantly rose inside the cavern. It was enough to kill a Saint King cultivator multiple times!

Chapter 847

"My power is still lacking." Yi Tianyun said as he sorted his clothes, but of course, his clothes didn't get rumpled as he was in the realm of souls. However, he knew that his soul would receive damage if he took the attack head-on.

Yue Long turned his gaze towards Yi Tianyun and was surprised for a little bit as he saw that his attack didn't do anything to the little human in front of him. He immediately realised that the human was at least Saint King Peak stage as there was no way anyone below that level of cultivation would be able to dodge his attack.

But after observing Yi Tianyun for some more, Yue Long knew that the human had already broken through to Divine King Stage, which was why his attack didn't do much!

"Brat, are you here to kill me? Then do it quickly! You know that your elder already tried to kill me in the past, but they've always failed no matter how many times they tried! I will eventually escape this prison they make for me, and I will devour the entire Three Realms!" Yue Long said with a smirk on his face.

Yi Tianyun stood outside of the cage without any change of expression. He knew that Yue Long wouldn't be able to do anything while being bound like this, but if by any chance he got a chance to devour a soul, his power would rise immediately! But Yi Tianyun had to admit that the place was perfect for suppressing Yue Long's power!

"Yes, I am certainly interested in that topic, but clearly, you have gotten insane from being trapped inside this place for too long!" Yi Tianyun smiled as he immediately left the prison. Yi Tianyun woke up in his body. "Let me in again!" Yi Tianyun said as he was a little bit annoyed that the Heavenly Rock Suppressing Ancient Tablet forced him out of the prison before he finished his business.

Yi Tianyun knew that it was best for him to deal with Yue Long now as it was prisoned and suppressed by the Heaven Creating Divine King's Divine Rune!

"It's too dangerous. There is no telling what that Demon God would do!" Heavenly Rock Suppressing Ancient Tablet said as it refused Yi Tianyun's request. Yi Tianyun didn't have complete control over the Heavenly Rock Suppressing Ancient Tablet, so the tablet still could make a decision in order to ensure Yi Tianyun's safety.

“Don’t worry, I will be fine! Otherwise, I wouldn’t do it in the first place! Besides, aren’t you suppressing that demon? if things go south, you can just drag me out!” Yi Tianyun said casually.

“Alright, but do take care! that demon was scheming something!” Heavenly Rock Suppressing Ancient Tablet finally relented to Yi Tianyun’s demand.

“Of course, I got it!” Yi Tianyun said as he nodded his head. The Heavenly Rock Suppressing Ancient Tablet immediately teleported Yi Tianyun back to the soul prison, but this time, it transferred Yi Tianyun as a whole, not only his soul but also his body, meaning any damage he took wouldn’t only damage his soul, but also his body!

“I thought that you’d run with your tail between your legs. It turns out you still have a bit of courage to come back!” Yue Long said with a smirk on his face. He was so happy that a human came to his prison one more time.

Yi Tianyun walked towards the cage and immediately stepped inside the cage without any hesitation. He immediately noticed a pressuring aura swirling inside the cage. Yi Tianyun knew that it was Yue Long’s aura. After all, the Divine Runes on the cage couldn’t contain all of his aura!

Yi Tianyun looked at the nail that bound Yue Long to the cage wall and noticed that it wasn’t bleeding anymore as Yue Long’s strong healing ability has long healed his hands that were nailed to the cage. As Yi Tianyun got closer to Yue Long, suddenly, power burst out of Yue Long, covering the entire cage with suffocating aura.

“This is not good!” Heavenly Rock Suppressing Ancient Tablet immediately noticed something was wrong and immediately tried to remove Yi Tianyun from the Soul Prison! But he couldn’t do that as he couldn’t penetrate the space within Yue Long’s control! This meant that Yi Tianyun was trapped inside the cage with Yue Long!

“How dare you tool spirit thinks that your kind could control me! Now, I didn’t expect to wait this long for food to finally arrive at my door. It was a perfect food too, as a young Divine King cultivator would be a luxurious meal after fasting for thousand years! After eating you, I will break free from this prison with ease!” Yue Long said with a big smile on his face.

The Heavenly Rock Suppressing Ancient Tablet didn't expect that Yue Long was still hiding such a terrifying power even while being suppressed every day! It seemed Yue Long was gradually becoming stronger during his time being imprisoned here.

"Is that all?" Yi Tianyun indifferently said as he stood inside the cage calmly. He had already expected as much from Yue Long. Otherwise, he wouldn't provoke Yue Long like this. Yi Tianyun was confident that he could take on Yue Long now, and he had no intention to change his mind anytime soon.

"You are quite courageous, but I have already seen a fair share of that kind of human! Did you know what happened to such people? They died and became my food at the end of the day! Even Heaven Creating Divine King couldn't deal with me alone, yet a brat like you come here thinking you can deal with me by yourself?" Yue Long said with a smirk on his face.

"But if you think you could be a hero of the Three Realms, then you have to be the most stupid person I have ever seen! Nonetheless, your stupidity would become my ticket out of here earlier than I anticipated!" Yue Long said as he licked his lips as he couldn't wait to devour Yi Tianyun any longer. Yue Long immediately opened his mouth and began to suck the air around him, creating a powerful suction that tried to engulf Yi Tianyun whole!

Chapter 848

Yue Long couldn't move his hands and feet, but he could still use his mouth to create a powerful suction that could pull a strong cultivator and eat them whole! This was all he could come up with as he couldn't remove any nails that nailed him down to the cage wall!

Yi Tianyun sighed as he stood still, letting Yue Long do whatever he wanted without even any sense of danger. Clearly, Yue Long's action was for naught as Yi Tianyun didn't even budge!

"Is that it?" Yi Tianyun said with an expression filled with boredom. The Heavenly Rock Suppressing Ancient Tablet that has been paying attention to Yi Tianyun was shocked by Yi Tianyun's confidence!

Yue Long himself was also surprised as he didn't understand why he couldn't pull Yi Tianyun and eat him whole. This was absolutely beyond his expectation as he expected Yi Tianyun should at least struggle to resist the pulling force that came from his suction. Furthermore, he thought that Yi Tianyun was only at the 1st Layer Divine King Stage, so he was confident that he would be able to eat him whole without any problem!

However, no one knew that Yi Tianyun had already used Heaven Shaking Divine Secret Art, a martial arts that created a powerful gravity that kept him in place, allowing him to be unaffected by the shenanigans that Yue Long was doing!

And so, after a while, Demon God Yue Long stopped and looked at Yi Tianyun coldly.

“No wonder you are confident to come inside once more. It turns out that you are more powerful than you let on. If I can get out of these nails, you will be a decent fight!” Yue Long said solemnly.

“You think I am an idiot? You think I would fight an 8th Layer Divine King expert head-on? Clearly, you are an idiot if that thought ever crosses your mind!” Yi Tianyun said tauntingly.

“How dare you belittle me!” Yue Long said furiously and started to pull his arms and feet from the nails, but the nails immediately emitted a bright light and began to pull back Yue Long’s limbs back to the cage wall. Yi Tianyun’s cheap taunt definitely worked on him. He felt humiliated as he knew for sure that he was far more powerful than Yi Tianyun!

“Wow, now that I see you up close, it’s clear to me that you are a fool!” Yi Tianyun said as he continued to taunt Yue Long. He then jumped and kicked Yue Long right in the chest! The force of his attack easily injured Yue Long’s chest and shook the wall behind him. If it weren’t a fortified wall, it would surely collapse from the force of Yi Tianyun’s attack.

Yue Long spat out blood as his internal organs were injured from the attack. But then again, his powerful healing ability quickly healed any damage he suffered.

“You moron! Keep hitting me, and see what happens! You useless piece of shit!” Yue Long said as he laughed out loud.

“You are quite tough, but I wouldn’t kill you so fast! I will torture you slowly that you’d beg me to finish you off at the end of it all!” Yi Tianyun said as he smirked tauntingly to Yue Long.

“How dare you!” Yue Long shouted agitatedly. He had no idea what Yi Tianyun would do, and neither did The Heavenly Rock Suppressing Ancient Tablet.

“Level up Heaven Swallowing Divine Secret Art!” Yi Tianyun said casually.

‘DING!’

‘Successfully used 5 Million Mastery Points to level up Heaven Swallowing Divine Secret Art to Middle-Grade Heaven Level!’

Yi Tianyun immediately held Yue Long’s head and started absorbing his Spiritual Energy that was immediately converted to Exp for Yi Tianyun. He hasn’t used this martial art for a long time as he has been fighting too many enemies and in a constant restrain of time before, but now that Yue Long was just a sitting duck, this martial arts would be the best.

Yi Tianyun wasn’t in any hurry, so he could use Heaven Swallowing Divine Secret Art to make sure that he got the most Exp out of Yue Long! There was no immediate danger in the three realms, and after he killed Yue Long, the Evil Spirit Race would lose all of their decent cultivator on the Mortal World, if not the Three Realms!

Even so, Yi Tianyun still had to destroy all the Evil Spirit Race from the Three Realms without leaving anyone behind! But for now, he had to slowly absorb Demon God Yue Long’s Spiritual Energy to get as much Exp as he could before killing Yue Long for good!

‘Received 1.5 Million Exp, 1.8 Million Exp, 2 Million Exp, ...’

Notification of the Exp he got kept popping one after another as Heaven Swallowing Divine Secret Art drained Yue Long of his spiritual energy! Although the amount of Exp he got was decent, Yi Tianyun still thought it was too slow. This was also one of the reasons why he didn’t use Heaven Swallowing Divine Secret Art for a while, as it took too much time to finish.

“What is this? what are you doing to me?” Yue Long agitatedly shouted as he found his energy was leaving his body rapidly. For a cultivator that used other cultivators’ energy to gain more strength, he felt terrified when someone used the same kind of technique on him!

The three great Divine Kings of the past couldn't even kill him, but this new Divine King could strip him of his power so easily that he found it hard to believe!

"Just hold on tight for me. You will be killed at the end of this!" Yi Tianyun calmly said as he kept absorbing Yue Long's Spiritual Energy and enhancing it with his Crazy Experience Mode!

'Received 64 Million Exp, 63.2 Million Exp, 65 Million Exp, ...'

With the effect of Crazy Exp Mode, he got 32 times more Exp than before! If he kept this up, levelling up wouldn't be a problem. Well, as long as Yue Long had enough energy to feed Yi Tianyun's Exp Bar that is.

Chapter 849

After activating the Crazy Exp Mode, Yi Tianyun gained so much more Exp than earlier. If he still had the Exp Card, he would be able to enhance the amount of Exp he got some more, but he couldn't waste it now. The best timing to use the Exp Card was when he was about to fight a horde of enemies, and using it for Yue Long alone wouldn't be ideal.

"Get the hell away from me!" Yue Long shouted as he shook his body to shake off Yi Tianyun's hand from his head, but he couldn't do much as his body was nailed to the Cage Wall. Yi Tianyun himself didn't have any intention to let go of Yue Long's head as he gained so much Exp with so little effort. Furthermore, Yi Tianyun knew that it'd be pointless no matter what Yue long did anyway.

"Come on, didn't you say that you want to devour me earlier? Why are you giving up this easily?" Yi Tianyun taunted once more as he noticed that Yue Long's outer layer energy shield was gone. The only chance for Yi Tianyun to let go of Yue Long was when Yue Long would set himself ablaze, but Yi Tianyun knew that the Demon God was too prideful to ever do something like that!

Yue Long still struggled, swaying his body around in an attempt to shake off Yi Tianyun's hand, but he could barely move, so the effort was pointless! Yue Long even tried to attack Yi Tianyun once again, but he couldn't do it as Yi Tianyun kept absorbing his Spiritual Energy.

Heavenly Rock Suppressing Ancient Tablet shuddered as it observed what Yi Tianyun did. In the back of his mind, he thought Yi Tianyun was far scarier than Demon God Yue Long! Now, Heavenly Rock Suppressing Ancient Tablet realised that Yi Tianyun truly had the power to kill Demon God Yue Long!

When Yi Tianyun killed Yue Long, then Heavenly Rock Suppressing Ancient Tablet's job on this site would be concluded too, and he'd have nothing left to do as a result.

Soon, Demon God Yue Long felt fear creeping up on him as he knew that he couldn't shake Yi Tianyun off his head. He knew that if Yi Tianyun kept absorbing his Spiritual Energy, he would become an empty husk eventually! Once he was in that state, killing him would be nothing but a simple task!

"Wait, human! I am willing to bargain with you! as long as you are willing to stop, I will leave the Three Realms and I will make sure that my homeland leave the Three Realms alone. In addition to that, I will also give you a lot of treasures!" Yue Long said in panic. He felt the fear of death for the first time in his life, and thus he chose to lower his head and begged for mercy.

"Did you think that I am a fool? Why would I trust any lie that you spouted out of that damned mouth of yours? I'm sure that The Three Realms would be doomed faster if I let you out! Needless to say, I am willing to compromise! If you make a slave vow to me right now and always obey my order in the future, I will let you live." Yi Tianyun said coldly.

Yue Long's face immediately turned pale. He didn't expect that Yi Tianyun would immediately see through his lie like that! Now, he had to make a slave vow to Yi Tianyun if he wanted to live.

"You can't kill me anyway! Even if on the off-chance you manage to kill me, my homeland will definitely avenge me! You will only hasten my homeland's full assault on the Three Realms if you kill me!" Yue Long said arrogantly. Yue Long refused to relent to Yi Tianyun's demand. He would rather die before becoming Yi Tianyun's slave! His begging earlier was just the Evil Spirit Race's way to deal with a desperate situation. If they failed to reach an agreement, they would threaten the other party to submission.

"Well, it doesn't matter to me! They are welcomed to come to the Three Realms as they like. Furthermore, I already dealt with some of the other Demon God that came after you. I believe their name is Demon God Suo Ge and Demon God Suo Te! Well, you will follow them soon enough!" Yi Tianyun said coldly.

"How dare you kill my disciple!" Demon God Yue Long shouted angrily.

“Oh, are they your disciple? No wonder they want to get into the Mortal World so bad. It turned out they were looking for you! Well, like I said earlier, there’s no need to be flustered. You will meet them again soon.” Yi Tianyun said sarcastically.

“If you want to kill me, then kill me already! The Three Great Divine King couldn’t even kill me, what makes you better than them?” Yue Long shouted angrily as he couldn’t contain his fury anymore.

“Well, sure! I will try to kill you soon!” Yi Tianyun said lazily as he kept absorbing Yue Long’s Spiritual Energy. He constantly received a ton of Exp from Yue Long and he had no intention to stop any time soon. With Crazy Exp Mode, it was like he was using X30 Exp Card which was good enough! He was indeed using 10.000 Cps per second with Crazy Exp Mode, but it was still better than buying a X30 Exp Card!

Demon God Yue Long couldn’t do anything in his current state, but he kept thinking of a plan to turn the whole situation around. He couldn’t just give up against some human like this!

He now really regretted getting trapped in this place. If he could rewind the time, he would never allow himself to get trapped like this!

Meanwhile, Yi Tianyun didn’t care about any mental turbulence that Yue Long might feel. All he cared about was levelling up now since he was convinced that he’d be able to do so once he absorbed all the Spiritual Energy that Yue Long had to offer.

He knew something was up when Demon God Yue Long calmed himself down and remained silent, like he was meditating, but none of it really mattered for Yi Tianyun!

Chapter 850

Yi Tianyun kept absorbing Yue Long’s Spiritual Energy without rest as he gained so much Exp from it. when he noticed that Yue Long’s spiritual Energy was starting to decrease, he contemplated for a bit, but he immediately decided to use the X150 Exp Card! His overall Exp gain immediately increased to X182 after the use of the Exp Card, but that was not all! He immediately opened the Crazy Shop and use the Shop Reset Card to reset the Exp Card price and Yi Tianyun immediately bought every single X5 Exp Card all the way to X50 Exp Card without hesitation.

Yi Tianyun couldn't buy the Exp Card above the X50 Exp Card as it was still too expensive even after the price was reset! Unless he sold out all of his Divine Tools, he wouldn't be able to buy the top tier Exp Card! Yi Tianyun indeed had a discount card on his possession, but he wanted to save it for some other time.

After buying the Exp Card, the total amount of his Exp Gain immediately skyrocketed to X277! Yi Tianyun thought that he wouldn't be able to find any enemy on Yue Long's level anytime soon, so it was best to make the best out of killing Yue Long now.

Yi Tianyun knew that it would be better use all those Exp Cards once the Evil Spirit Race sent out their remaining forces, but he had to level up as fast as he could right now to ensure his easy victory!.

"Received 550 Million Exp, 555 Million Exp, 540 Million Exp, ..." due to the effect of X277 Exp Gain, Yi Tianyun received an unprecedented amount of Exp from Yue Long! He was amazed that the amount of Exp he got was so high that it was the same as killing so many Saint King Expert!

'DING!'

'Congratulation to Player [Yi Tianyun] for successfully breakthrough to 2nd Layer Divine King Stage!'

Yi Tianyun finally levelled up! He gained so much Exp in a short amount of time! Seeing that Yue Long was still breathing albeit heavily, Yi Tianyun took it as an opportunity to level up his Heaven Swallowing Divine Secret Art!

"Level up the Heaven Swallowing Divine Secret Art!" Yi Tianyun shouted as he wanted to get even more Exp from Yue Long.

'DING!'

'Deducing 3.7 million Mastery Point to upgrade Heaven Swallowing Divine Secret Art!'

'Successfully levelled up Heaven Swallowing Divine Secret Art to High Grade Heaven Level!'

‘Received 11 billion Exp, 12 billion exp, 11 billion exp, ...’

The Exp that he got from Yue Long increased once more and this time it was on the billions! Due to the high absorption rate, it didn’t take long for Yue Long’s body to dry up. It happens gradually from his feet and quickly to his body. It was impossible for Yue Long to maintain his energy as Yi Tianyun absorbed it on a completely different level!

“It seems this method should be still viable in the future to level up quickly!” Yi Tianyun said with a smirk on his face as he felt satisfied with himself. The effect he received from levelling up the Heaven Swallowing Divine Secret Art to using his Crazy Exp Mode plus the Exp Card was absolutely fantastic! Although he couldn’t use this method while battling against many opponents, he could use this when he got to duel 1 or 2 opponents!

It was a shame that he couldn’t upgrade the Heaven Swallowing Divine Secret Art anymore, but at the very least, Yi Tianyun wouldn’t have to think about levelling it up again in the future! Meanwhile, Yue Long himself was dried up to skeleton while glaring at Yi Tianyun but not a word came out of his mouth, because at this point, he couldn’t even talk!

Heavenly Rock Suppressing Ancient Tablet kept observing, but it was shocked as it noticed that Yi Tianyun’s absorption speed increased all of a sudden. He noticed that Yi Tianyun kept absorbing Yue Long’s Spiritual Energy until Yue Long turned into skeleton, but Yi Tianyun showed no sign of stopping anytime soon!

“Why is his absorption getting stronger?” Heavenly Rock Suppressing Ancient Tablet muttered to himself.

Yue Long himself couldn’t recover his vitality. Even though he had a strong healing ability, it was all useless without any Spiritual Energy! When Yi Tianyun noticed that he couldn’t absorb anymore Spiritual Energy from Yue Long, he let go of Yue Long’s head and pulled out the Evil Spirit Divine Sword to end Yue Long.

“I am done, I will send you to hell now!” Yi Tianyun said as he began to charge the Evil Spirit Divine Sword with power and unleash it to Yue Long!

But Yi Tianyun was soon startled as he saw that the Sword energy that the Evil Spirit Divine Sword was absorbed into Yue Long's head, leaving him uninjured! Yue Long immediately recovered some of his Spiritual Energy as soon as he absorbed the Sword Energy!

"You have done eating me, and now you want to kill me? How dare you overestimate yourself! Even your Ancestor couldn't even do anything to me! What ability do you have to surpass them!" Demon God Yue Long said while laughing hard at Yi Tianyun failure.

"Well, I just need to investigate this anomaly myself!" Yi Tianyun said as he used Appraisal Eye to see what Yue Long had on his head to absorb the Sword Energy like that. He immediately found out the answer to Yue Long's secret power and it was a Divine Tool!

Heavenly Soul Divine Tool: High Grade Divine Tool which can protect the soul of the user and devour all attacks and absorb it into Spiritual Energy! Strong power is needed to cancel out this effect!
