

Leveling 881

Chapter 881

A light beam burst out of Yi Tianyun's palm and immediately smashed Army General Long Te's chest! The numerous black crystal fragment that Army General Long Te summoned were destroyed as the light beam destroyed them in its path!

In an instant, Yi Tianyun turned the situation around, all thanks to levelling up! The Divine King Cultivation Stage was hard to level up, but it did come with a blessing! One level up meant a lot as it multiplied Yi Tianyun's power by a lot! Yi Tianyun indeed was overpowered by General Long Te when he was at the 3rd Layer Divine King Stage, but that was no longer the case when he was at the 4th Layer Divine King stage!

This was also the reason Yi Tianyun dealt with the Saint King Stage cultivator first, as they would yield quite a sum of Exp and were easy to deal with! But it was true that General Long Te went to such lengths to get in Yi Tianyun's way!

If General Long Te didn't get in Yi Tianyun's way earlier, he would've levelled up faster than he currently was.

But it didn't really matter right now as he already levelled up thanks to the Alliance effort to exterminate the Evil Spirit Race! Now, Yi Tianyun's power easily exceeded General Long Te's! With the difference in Combat Power, there was no way Yi Tianyun would lose against General Long Te!

After the light faded, General Long Te fell to the ground with a blast. The black crystal that covered his body was shattered to pieces. General Long Te's condition was so miserable right now!

General Long Te's muscular body now shrank down to a thin old man! This, however, was not the effect of Yi Tianyun's attack. It was the price for losing his power and consuming the Black Blood! Now, General Long Te wouldn't even be able to recover his power again, at least not for a long time!

Yi Tianyun checked General Long Te with his Appraisal Eye, and sure enough, General Long Te's Combat Power was plummeting like crazy! Now, General Long Te would surely lose his cultivation base as it seemed his Combat Power was constantly dropping without showing any sign of stopping.

General Long Te could only dream of escaping now as he couldn't even walk with his thin, shrivelled legs. There was no way he could recover his power to regenerate his body like before now!

Absorbing his own arms to increase his power was equivalent to a normal cultivator burning their own blood essence! If you did something like that once, you will have a hard time recovering what they did!

The only thing left for them is dying with their cultivation base never breaking through to a higher level!

"You lose!" Yi Tianyun said as he approached General Long Te slowly.

"How can you still hide that much power?" General Long Te said as he tried to sit up but failed miserably. His condition was far worse than he anticipated, and there was no hope for him left.

"Hide my strength? I never did such a thing; I am just breaking through to a whole new level!" Yi Tianyun said with a smile on his face. "You have lost this battle. Unfortunately, you failed to invade the Three Realms!" Yi Tianyun said indifferently.

"Breakthrough?" General Long Te said with confusion clear in his eyes. He didn't understand what Yi Tianyun was talking about as he knew for sure that Yi Tianyun was still in the Divine King realm. It didn't matter if Yi Tianyun breakthrough or not, as General Long Te knew that he still had the upper hand in terms of Cultivation Level!

"Even if we're on the losing side today, our homeland will find out and send a stronger force to conquer the Three Realms! This is your death penalty!" General Long Te said with a scornful look on his face. General Long Te believed that his homeland would be immediately notified about his death, so they would plan accordingly next time.

"Why did you choose the Three Realms to take over? What is the difference between our Realm with yours? Why did you insist on invading our place?" Yi Tianyun asked with eyes full of curiosity. He really didn't understand what the Evil Spirit Race had in store for the Three Realms!

Obviously, the Evil Spirit Race's homeland was a much better place compared to the Three Realms as they could produce so many Saint King Experts. They even had so many Divine King Experts! Meanwhile, the Three Realms that couldn't even produce a new Divine King in a thousand years!

“Since you are as good as gone either way, I will tell you about our reason. We want your Realm’s core! Your Realm might be weak and insignificant, but your core was different! It was a little diamond covered by a bunch of trash! It was comparable to a core of a large realm!” General Long Te said with an eye full of greed.

Yi Tianyun immediately nodded as he understood what General Long Te was talking about. But he still didn’t understand all of Evil Spirit Race reasoning!

“So, you even risk your life for this treasure? Is it really worth it?” Yi Tianyun asked judgingly.

“You truly are an idiot! The weak will always become the Strong’s prey! Obviously, your Realm is too weak! We are here just to make sure that the core doesn’t fall to anyone else but us!” General Long Te said as he laughed out loud. He already knew that he would be dead soon, so he didn’t really care about making Yi Tianyun angry or not.

“You don’t have to worry about that. I will go to your homeland myself and kill them all!” Yi Tianyun said coldly.

“You are a joke! Your strength isn’t even worth mentioning compared to our forces!” General Long Te said as he continued to laugh incredulously.

“Your homeland is the one not worth mentioning! If I have to tell you, I cultivated my current cultivation level from zero in just 2 years’ time! If I have a decade, what level did you think I would be?” Yi Tianyun said coldly.

Yi Tianyun then grabbed General Long Te’s head to perform a soul search on him. He wanted to get more information about the Evil Spirit Race’s homeland as every piece of information was valuable!

But as Yi Tianyun started Soul Searching, General Long Te’s body suddenly shook profusely before exploding, bringing down any piece of information he had with him!

“Damn it!” Yi Tianyun said as he shook off the blood he got on his hands. Since General Long Te didn’t have any energy left in his body, the explosion was very lacklustre, so Yi Tianyun wasn’t affected by it.

Chapter 882

‘DING!’

‘Successfully killed Army General Long Te!’

‘Reward: 188 billion Exp, 20 million Cps, 1 million Sps, Evil Spirit Blood, Evil Spirit Soul, Evil Spirit Bone, Evil Spirit Divine Sword, Evil Spirit Armor, Evil Spirit Boots, X100 Exp Card.

‘DING!’

‘Successfully killed an elite enemy!’

‘Reward: 100 billion Exp, 5 million Cps, 5 Million Mastery Points, 2 enhanced version Gatcha!’

‘DING!’

‘Congratulation to Player Yi Tianyun for successfully breaking through to 5th Layer Divine King Stage Cultivation Base!’

‘DING!’

‘Congratulation to Player Yi Tianyun for successfully breaking through to 6th Layer Divine King Stage Cultivation Base!’

The notification blared as soon as General Long Te was dead! Furthermore, Yi Tianyun levelled up 2 times with just one kill! The amount of Exp he got was absurd! He almost got 300 billion for just killing General Long Te! Of course, it was partly because of his Exp Card and Crazy Exp Mode, but still, it was quite unprecedented. Then again, it was given as General Long Te’s cultivation base itself was off the chart!

But now, Yi Tianyun obviously needed even more Exp to level up, and after levelling up two times at the same time, the amount of required Exp to level up clearly increased by a lot!

“I have to get my hands on some more information!” Yi Tianyun said as he took the ring that General Long Te dropped after his death. Yi Tianyun quickly checked the content, but it didn’t give any information regarding the Evil Spirit Race’s homeland. It just contained a lot of Medicinal Pills, Materials, and weapons!

But Yi Tianyun still had many ways to find out about their homeland as there were still so many Evil Spirit Race cultivators around Spirit King Stage scattered around the Three Realms!

Meanwhile, the Evil Spirit Race cultivators that came with General Long Te were left dumbfounded after they saw that their infamous general was done in by some young human!

“Army General is dead?” a cultivator said in disbelief. They were too shocked to do anything and could only stare at the distance as they didn’t know what else to do.

“We won!” a human cultivator gloriously shouted as he saw that the enemy’s commander was dead! In a war, it was well known that once a leader had fallen, the war was basically over! Some of the Evil Spirit Race cultivators still struggled and fought back against the alliance army, but it was obvious that they were just desperate to save themselves!

“Yi Tianyun has won!” Shi Xueyun said excitedly. She had already dealt with so many Evil Spirit Race cultivators in this war that she was exhausted beyond belief, but hearing that Yi Tianyun emerged victorious, she couldn’t help but feel energetic once more! So many cultivators were left in tears as they heard that Yi Tianyun had won. It meant that their struggle has ended!

Yi Tianyun replaced his accessories with Longevity set as he wanted to recover his health back after going against General Long Te. At the same time, he swapped his Evil God suit back to Sword Saint Suit and crushed any Evil Spirit Race he saw with 10.000 Sacred Tools at his disposal. His Exp Bar quickly filled up as he killed so many Evil Spirit Race!

Yi Tianyun also replenished his soon expiring Exp Card effect as he kept buying as many Exp Card as he could from the Crazy Shop. After all, he could kill so many Saint King Experts in a short amount of time. Investing in Exp Card would be a very good idea right now!

After Yi Tianyun joined the battle on the ground level, everything resolved much faster! The Divine King from Evil Spirit Race couldn't withstand Yi Tianyun's power while they were already having a hard time against the Dragon King! But the Mysterious Old Man from the Ghost World was seriously injured as he was close to his limit.

The Mysterious Old Man finally died with a big smile on his face after hearing about their victory against the Evil Spirit Race invasion! He no longer had any regrets in this world!

Soon, Yi Tianyun finally massacred all Evil Spirit Race that swarmed the Three Realms, and right after he killed the last one, a pleasant sound was heard!

'DING!'

'Congratulation to Player Yi Tianyun for successfully breaking through to 8th Layer Divine King Stage Cultivation Base!'

Yes, Yi Tianyun levelled up 2 more times after the last time! He killed all the Divine King Experts plus so many Saint King Experts after defeating General Long Te! This was all thanks to the Exp Card that he constantly reused throughout the battle!

"It's finally over!" Yi Tianyun said as he killed the last Evil Spirit Race. He had no time to celebrate his victory against General Long Te before, but now that there was no Evil Spirit Race left, he finally could do so without any worry!

Meanwhile, the cultivators that served the Alliance were all overjoyed. They began to cry and hug each other in relief. They were overcome by joy and grief at the same time, both for surviving the war and losing so many cultivators!

The number of casualties wasn't very high, and it was all thanks to their preparation before the war, but the same couldn't be said for those that rejected the Alliance's offer! Nevertheless, the Alliance still mourned over this loss!

Yi Tianyun returned to Mortal World as soon as possible, and he noticed that many of the familiar faces had disappeared, but most of the people he knew were still alive and kicking! It was inevitable that some of the people he knew would become casualties of war!

“We are victorious!” Yi Tianyun said as he stood in front of the gathering soldiers of Mortal World’s Alliance on Heavenly Cloud City. The cultivators that finally noticed Yi Tianyun’s arrival wanted to welcome him and gave a salute immediately.

“You don’t have to. Just focus on healing your wound.” Yi Tianyun said with a big smile on his face. But he was stopped from saying anything else as Shi Xueyun rushed towards him and gave him a big hug!

“We have won!” Shi Xueyun said while hugging Yi Tianyun tightly. She then quickly removed her hands from Yi Tianyun as she was embarrassed by what she just did. But still, she cried with joy as she finally noticed that it was all over!

At the end of the day, the Three Realms entered a state of rest! Nevertheless, everyone agreed that Yi Tianyun was the protector of the Three Realms and, therefore, should rule the Three Realms himself!

Everyone was willing to obey Yi Tianyun’s order!

‘DING!’

‘Successfully completed an ultimate quest [Withstand the invasion, destroy the invader, and complete the unification of the Three Realms!]

‘Reward: 200 billion Exp, 10 million Cps, 10 million Sps, 10 million Sps, 10 million Mastery Points. Three Titles of the realm protector has merged into a new title ‘God of the Three Worlds!’

With the unification of the Three Realms, Yi Tianyun became a de facto ruler of the Three Realms! He also completed his ultimate quest and received a lot of rewards!

God of the Three Worlds: Damage X 20, command value increased by 200.000, Defence Power X 20, healing speed X 20, Speed X 20. All effect activates inside the Three Realms.

The title's effect was overpowered, but it only worked if Yi Tianyun was inside the Three Realms!

Chapter 883

Yi Tianyun checked his new title and had mixed feelings about it. He was happy that he got a new title that increased his power further on the Three Realms, but he was also annoyed by the fact that he would go against General Long Te a lot easier if he got this title in advance!

After the war, the Three Realms was recovering quite steadily. Everyone remembered both the battle and the darkness that threatened their lives from the outer world vividly! And so, they began to work hand in hand to rebuild their homes and city that was affected by the war. No one was idling around at this time as everyone had something to do to help the redevelopment of the Three Realms!

But everyone also knew that it was all Yi Tianyun's hard work as he easily handled so many Evil Spirit Race on his own. If it weren't for him, the Three Realms would certainly fall! Even so, the damage on each realm was varied from each other. The realm that suffered the most damage was definitely Heaven World, as so many Divine Nations chose to reject the Alliance's offer.

The cultivators of the Heaven World felt hatred for the Holy Kings that rejected the Alliance as their home was destroyed by the Evil Spirit Race since no one could save their city from the invasion! Furthermore, the Alliance didn't even sustain that much damage to their city as they worked hands in hands in the Alliance to prevent such a thing from happening!

Yi Tianyun's reputation reached its peak!

At the same time, on some planet on the outside star. Countless Evil Spirit Race was spreading through this world. On the largest planet, a king sat on his throne, overseeing the work of his servants. He just rested on his throne, waiting for any news of a certain invasion.

"I have a report for the King! Some news has come from the invasion of the little star. We have failed, my King!" a cultivator said as he kneeled in front of the throne.

"Well, the invasion plan has gone for so long that I am no longer excited about this stuff!" The King said indifferently.

“Of course, my King! We have attacked the little star three times in total, and we have failed every time so far. We assumed that the little star territory had already become a part of some great factions. Otherwise, they wouldn’t be able to stop our invasion! We will arrange so that new troops were sent to scout the Three Realms some more.” The expert said respectfully.

The experts looked at his Kings to check his expression, but the King still seemed calm! The expert suddenly trembled as he knew that the King would be more terrifying the calmer he got.

“Have you not investigated that place before?” The King asked calmly.

“Yes, I have, my liege! No faction has claimed that place as their own, but they might have conquered that place recently! But we will continue to investigate the area and send some more scouts!” the expert said nervously.

“I will give you one more chance! If you still fail to net a result for me, you will face a punishment!” The King said indifferently.

“Of course, my liege! I will get it done definitely! There will be no more mistakes made!” the experts said nervously.

The experts immediately got up and got to work. He had to make sure that there would be no more mistakes on the next attempt to conquer the Three Realms! If he failed again, his life would be taken by the King himself!

On the Three Realms, Yi Tianyun has started his most grand wedding! It took place on Heavenly Clouds Imperial City in Mortal World! The experts on the Three Realms have come together to congratulate Yi Tianyun while each cultivator put their own gift in the wedding box.

Now that Yi Tianyun has become the God of the Three Realms, he lifted the travelling ban across the realms. Yi Tianyun did this to make sure that everyone would be able to help and support each other now that every realm has been unified.

On this day, Heavenly Clouds Empire celebrated the wedding the whole day! Heavenly Clouds Imperial City was decorated beautifully. Many Phoenix and Dragon clans were dancing on the side, with their Dragon Form and Phoenix Form for everyone to see.

When the Emperor and the Empress walked into the altar, everyone cheered loudly! Yi Tianyun was the Emperor, and now, Shi Xueyun has become their new Empress! Many ladies were envious of Shi Xueyun's status for becoming Yi Tianyun's wife, but they knew that they didn't have any qualifications to become Yi Tianyun's wife!

Yi Yuwei and the other women in Heavenly Clouds Empire were no exception, but they knew that Yi Tianyun only loved Shi Xueyun from the very start! At most, they could only become Yi Tianyun's concubine as they couldn't take the title of the Empress from Shi Xueyun.

On the altar, Yi Tianyun took Shi Xueyun's hand and kissed it lightly. "You said that you would marry me, and the Three Realms would be your dowry, didn't you?" Yi Tianyun said with a smile on his face.

"Sssh, no need to be so grand now!" Shi Xueyun said as she leaned in closer towards Yi Tianyun as she was embarrassed by Yi Tianyun's word.

"I understand, but sometimes I want to show the world that you could have it all!" Yi Tianyun said as he waved his hands to the sky, creating colorful clouds that made the wedding even more beautiful.

Everyone cheered as the wedding finally began!

"Xueyun, would you marry me?" Yi Tianyun lightly said as he pulled Shi Xueyun closer.

"Yes!" Shi Xueyun said with a tear of joy.

"Then, I would gladly pronounce that Shi Xueyun is officially my wife!" Yi Tianyun said with a bright smile on his face.

Every influential cultivator of the Three Realms watched the ceremony intently. They blessed Yi Tianyun and Shi Xueyun as a husband and wife. No one else other than Yi Tianyun would be able to have such a grand privilege like this!

It was obvious that everyone would gather together to celebrate the wedding of the God of the Three Realms!

Chapter 884

The wedding was over, and the Three Realms were parading for three days straight! Everyone was happy with Yi Tianyun's marriage as they finally saw the woman fit to be on the God of the Three Worlds' side!

After the parade ended, Yi Tianyun got back to work! He turned so many Great Arrays around the Three World to work as a safety net against invasion like last time. Yi Tianyun also did the same thing in the outside realms. He used the rocks that floated around the empty space as an activation device for his Great Arrays!

This was all a precaution as he would leave the Three Realms to check out the outside world for a while. He realised that he still had ways to go after the war. After all, the outside world was a vast place. There was bound to be someone stronger than him eventually! Furthermore, he wasn't quite sure that he would be able to handle someone more powerful than General Long Te!

He already interrogated an Evil Spirit Race cultivator he could find during the war and discovered some interesting information. It was unfortunate that he couldn't get his hands on the information in General Long Te's possession, but the information from the cultivator alone was quite useful.

He found out that General Long Te was quite similar to a Deacon rank on a normal faction system. It was a little bit startling for Yi Tianyun as that meant there should be so many people stronger than General Long Te in the Evil Spirit Race itself! Deacon Rank was the lowest rank in a faction, after all!

If Evil Spirit Race were to attack again, it wouldn't be surprising if they sent a powerful individual. At the very least, one more capable than General Long Te! So, the only thing that Yi Tianyun needed right now was to make sure that he kept levelling up! He knew that it would be an arduous task to do if he stayed in the Three Realms as he couldn't level up fast enough!

He ought to go to the Outer World!

“I am almost done!” Yi Tianyun said as he set up a few more Great Arrays. He had to invite all factions’ leaders in the Three Realms for a big meeting! He had to share the information he knew with everyone and let them know about his plan to go to the Outside World!

When the meeting was held, Yi Tianyun didn’t wait for long before he expressed his intention. “I am going to leave the Three Realms and go to the Outside World!” Yi Tianyun said casually.

“What?” Everyone was shocked to hear Yi Tianyun’s words, but Shi Xueyun’s expression was as calm as ever. Shi Xueyun didn’t know about Yi Tianyun’s plan to go to the outside world, but she knew that she had to remain calm right now as Yi Tianyun’s wife.

“Alliance Lord, you shouldn’t go! We couldn’t do anything without you here!” One of the faction leaders shouted as he voiced his concern.

“Yeah, aside from The Dragon Lord, we can’t do anything if the Evil Spirit Race is to attack us once more!” Another lord said worriedly.

In fact, no one was willing to let Yi Tianyun go. He was their protector, and without him here, they felt vulnerable!

“I think you are worried that I would never return like the Three Great Divine Kings!” Yi Tianyun said, laying out what these people were most worried about in plain sight. They could manage their own territory, but the one thing that they were afraid of was if Yi Tianyun was gone and never returned!

The Three Great Divine Kings were gone and never returned, causing a desperate situation to arise after their long absence. If it weren’t for Yi Tianyun, the Three Realms would be in utter chaos right now. These people were afraid that the Evil Spirit Race would immediately come back to attack the Three Realms as soon as they learned that Yi Tianyun was no longer in the Three Realms.

“Not to worry, the Evil Spirit Race wouldn’t attack the Three Realms so soon after their defeat. It is not good for you to always rely on me. You should work hard to cultivate and make yourself stronger in the meantime. If you did, the Three Worlds would stabilize, and people from the outside world would have

a hard time invading us! But if the Three Realms happened to be in danger, I would return immediately!” Yi Tianyun said confidently.

Everyone was still not convinced by Yi Tianyun’s words. They didn’t know how soon Yi Tianyun would return. Besides, how would he find out if the Three Realms were in danger! But the thing was that nobody knew about Yi Tianyun’s Teleportation God Stone! He could use it to teleport to anywhere he wanted as long as he had marked it before.

Everyone remained quiet even though they weren’t convinced as they saw the determination in Yi Tianyun’s eyes. They knew that they couldn’t change Yi Tianyun’s mind.

“You all will protect the Three Realms while I am gone, but I promise you that the Three Realms won’t be invaded by any outside while I am gone!” Yi Tianyun said with a smile on his face. This was the most important thing that Yi Tianyun wanted to share with all the factions on the Three Realms. Plus, Yi Tianyun also informed them that the Alliance would be managed by Shi Xueyun as the supervisor.

After the meeting concluded, Yi Tianyun and Shi Xueyun were left in the hall. Everyone left them be as they knew how sad Shi Xueyun would be after hearing Yi Tianyun’s announcement. Yu Tianyun then pulled Shi Xueyun for a hug as she didn’t know what to say about Yi Tianyun’s plan.

“I will wait for you to come back!” Shi Xueyun said with sparkly eyes as she tried to hold back her tears.

“Silly girl, I will immediately come back as soon as you need me again! Whenever you miss me, I will immediately appear in front of you.” Yi Tianyun said as he patted Shi Xueyun’s head.

“Stop teasing me! But be sure to be careful out there. You don’t know what situation you will encounter out there! You must come back safe and sound for our child and me!” Shi Xueyun said as she rubbed her stomach. Pregnancy wasn’t a difficult thing to achieve with their innate ability. As long as two people had good innate ability and were compatible with each other, they wouldn’t have any problem conceiving a child!

Yi Tianyun stretched out his hands as he rubbed Shi Xueyun’s belly gently. “I knew. I will make sure to come back as soon as possible!” Yi Tianyun said lovingly. They didn’t say anything else besides pleasantries as they wanted to savour the moment together.

“You have to come back!” Shi Xueyun said as she looked at Yi Tianyun’s back as he headed towards the Outer World.

Chapter 885

Yi Tianyun immediately used the Floating Spirit Ship after he left the Three Realms as he took it for himself as the spoils of war after exterminating the invading Evil Spirit Race! He repaired it himself and got all the corpses out of the way. Even so, he couldn’t fix it all! Yi Tianyun didn’t have sufficient knowledge to repair this kind of ship, so he fixed it just enough to use it for a while.

After the Operator died, no one could start the Spirit Ship again, and that was why this huge ship was left unattended in the middle of the Three Realms!

“This ship sure is something else! Both in terms of how sturdy it is and its ability!” Yi Tianyun said as he entered the control room and saw how the Spirit Ship was operated! He saw 5 small array cores where the controller of the ship was supposed to steer the ship around. It was clear that 5 cultivators would be able to control the ship!

In addition to that, there was a huge Great Array outside of the control room. It was used to infuse energy to steer the ship itself! The Saint King Experts of the Evil Spirit Race piled on there earlier to channel their energy to the ship. It was like a last resort as it wouldn’t be good for the cultivator that shared their energy with the ship!

Yi Tianyun kept exploring the control room, and after a while, he finally found a secret door. He entered the secret room and saw a one-man array that was used to pilot the ship. Yi Tianyun then smirked as he knew that he hit the jackpot! This meant that one person could control the ship from this room!

He immediately took the helm and activated the Array to power up the ship. The ship immediately emitted a dazzling light and flew forward immediately! Yi Tianyun then piloted the ship to the best of his abilities, but he was surprised as soon as he hit a floating rock in space. Yi Tianyun was startled as he was surprised as a rock was suddenly right in front of the ship, but fortunately, the ship destroyed the rock without receiving any damage!

Yi Tianyun now realised why 5 people were required to pilot this ship. It was hard to pilot as it required precise control and manoeuvres. Whilst alone, Yi Tianyun had to control the ship as best as he could!

Yi Tianyun immediately steered the ship forward and left the Three Realms' vicinity to make his way to another realm. Yi Tianyun looked back at Three Realms, but all he could see was a pile of floating rocks! He couldn't even see the Three Realms anymore!

Obviously, the Three Realms were in a safe place, but since the Evil Spirit Race already knew about the Three Realms' coordination, it wouldn't be so safe anymore. Therefore, to make sure that the Three Realms are safe and sound once again, he ought to exterminate the Evil Spirit Race like the pest they were!

"I will be back soon!" Yi Tianyun said to himself, but as he looked ahead once more, he was startled as a huge rock suddenly came into view. Yi Tianyun quickly tried to dodge the rock, but still, the rock scraped the side of the ship! Fortunately, it still didn't damage the ship!

"This thing is really hard to control!" Yi Tianyun said as he wiped the cold sweat on his forehead. The ship was also demanding as it drained so much Spiritual Energy from Yi Tianyun! If it were a Saint King Expert in Yi Tianyun's place right now, they would already be exhausted as their Spiritual Energy was drained empty.

Despite how annoyed he was, Yi Tianyun still believed that the ship was a very cost-effective transportation. The ship was really fast as it traversed space at the speed of light! Furthermore, it provided protection from anything in outer space!

After a while, Yi Tianyun was finally getting used to piloting the ship. No wonder the Evil Spirit Race didn't use the ship to get away from the Three Realms, as they have lost their pilot! After getting used to controlling the ship, Yi Tianyun was finally able to observe the surrounding area. He noticed that outer space was completely lifeless! He could see many planets floating in space and noticed that some of them were bare without anything in it, while some of them had plants on the surface.

But Yi Tianyun still couldn't see any cultivators inside! Then again, it was understandable. Otherwise, General Long Te would've long conquered the planets before arriving at Three Realms! Still, Yi Tianyun knew that he wouldn't arrive at the Evil Spirit Race's homeland right away. He knew that it was a suicide mission right now! He ought to further improve himself. Thus, he ought to make a stop somewhere with dense Spiritual Energy first!

Yi Tianyun didn't know how long it would take for him to achieve his goal of exterminating the entire Evil Spirit Race, it might take 10 years or longer, but it didn't matter as long as he accomplished that goal!

Yi Tianyun was also well aware that the Evil Spirit Race might invade the Three Realms again, so he ought to make sure that he would keep tabs on the Three Realms from time to time. It would be a good way to gain so much Exp as he could kill a massive number of Evil Spirit Race cultivators if they did invade!

So, he ought to get into a place with decent Spiritual Energy as soon as he could to set up his base! Yi Tianyun then took out the God Star's Plate that he got from killing Demon God Suo Te. He took it out while setting up the defensive Great Array in the rock around the Three Realms before and noticed that it was a Space Map!

Army General Long Te also had a Star's Plate with him, but it wasn't as comprehensive as the one that Suo Te had!

A huge map appeared in front of Yi Tianyun, and it also marked where he was currently along with the marked coordinate of the Three Realms! Yi Tianyun looked around and noticed the homeland of the Evil Spirit Race in a different corner than the Evil Spirit Race!

The God Star's Plate was divided into a number of blocks. These blocks represented an area. But one thing that Yi Tianyun noticed was that the closer the planet was to the centre of each block, the stronger the Spiritual Energy would be, which meant that a stronger cultivator would be more likely to reside in such a place!

Now, Yi Tianyun had to fly toward one of the God Territories that was closest to his current position. He ought to do so to figure out his current situation.

Chapter 886

Yi Tianyun maneuvered the Evil Spirit Ship at high speed and never took a stop. He ought to get to God's Domain as soon as possible! He knew that he didn't have much time, so he couldn't afford to be distracted in his path!

"I am almost there!" Yi Tianyun said as he was finally in the vicinity of God's Domain. It was all thanks to the Evil Spirit Ship's speed, as Yi Tianyun would have wasted more time getting there without the Evil Spirit Ship.

He only used a month of his time on the ship to finally reach God's Doman. Had he flown on his own, it would take roughly 1 year! There were a lot of planets along the way, but Yi Tianyun noticed that their Spiritual Energy was too thin! Some of them even had less Spiritual Energy than the Three Realms!

Surely, Yi Tianyun wouldn't be able to grow fast enough to challenge the Evil Spirit Race homeland without the ship! Yi Tianyun checked the map again and finally found the God's Domain and the city inside it! He noticed that not all territories were a God Domain, but it was collectively referred to as Mortal Domain!

Yi Tianyun quickly flew out of the Evil Spirit Ship and placed it inside his Item Storage. It safely entered Yi Tianyun's storage system for future use without any hitch. Surely, the Evil Spirit Ship was a big item, but it didn't take that much space inside Yi Tianyun's Item Storage System. He could even use General Long Te's Storage Ring to store the Evil Spirit Ship, but Yi Tianyun knew that there was no safer place than his Item Storage System!

Yi Tianyun then flew towards the city that was supposed to be the entrance to God's Domains. Yi Tianyun immediately saw many cultivators flying around the vicinity, and most of them weren't even human! Yi Tianyun saw a Rock Race that looked like a bunch of rocks stacked together to create a similar outline to a human.

Still, Yi Tianyun saw many humans flying around. Yi Tianyun observed the people around him with his Appraisal Eye and noticed that some of them were at Divine King Stage Cultivation Base. But most of these powerful cultivators weren't from Human Race. It was from some other race that Yi Tianyun didn't know about.

Yi Tianyun even saw several small Spirit Ships around, and concluded the ship was the main transportation for this place.

"Did Heaven Creating Divine King come to this place too?" Yi Tianyun said to himself as it was the only natural thing for someone like Heaven Creating Divine King. Yi Tianyun didn't know about his whereabouts, so he didn't know why Heaven Creating Divine King never returned to the Three Realms.

There was a chance that they might be in trouble too, either trapped or busy with something else. There was no way the Three Great Divine King would disregard the Three Realms and abandon them forever.

“This place is amazing! So many people with a good cultivation base! Three Realms is nowhere close to this!” Yi Tianyun said to himself. Yi Tianyun looked around excitedly before walking again. But suddenly, he was stopped by a cultivator!

“Hey, are you going towards God Domain too?” A young cultivator suddenly asked Yi Tianyun. Yi Tianyun observed the young man with his Appraisal Eye and noticed that the young man wasn’t just an average cultivator either, as he was at the 2nd Layer Divine King Stage! He would surely become a king if he came to the Three Realms!

“Yes, I am! This path only leads to God’s Domain, right?” Yi Tianyun said with a smile on his face. Yi Tianyun thought that the Young Man wanted to tag along as travelling alone could be depressing. It was a common thing to tag along with others while travelling a long distance!

“My name is Lei Zhengyu. Can I tag along with you to God’s Domain? I already flew for quite a while, and it’s starting to get lonely.” Lei Zhengyu said with a smile on his face.

“Alright, I don’t mind! I’ve also flown quite far before I arrived here!” Yi Tianyun said while smiling, returning Lei Zhengyu’s politeness. Yi Tianyun then immediately introduced himself and chatted quite a bit with Lei Zhengyu to familiarise himself with him. Yi Tianyun learned that Lei Zhengyu came from a poor family. His cultivation was the strongest among his people, and he came here to strengthen his cultivation base further as it was hard for him to do so in his home.

Although Yi Tianyun also had almost the same kind of experience, Lei Zhengyu came from a place that wasn’t too far from God’s Domain. Clearly, as Lei Zhengyu thought that he was stronger compared to Yi Tianyun, Lei Zhengyu immediately led the way toward God’s Domain!

“Come on, let’s go to God’s Domain!” Lei Zhengyu said excitedly. Yi Tianyun nodded and followed Lei Zhengyu from behind. They immediately entered a passage that was supposed to be the entrance to God’s Domain! Yi Tianyun knows that God’s Domain didn’t have any other entrance, so it made a lot of sense if he saw so many people coming in and out of God’s Domain.

When Yi Tianyun entered the passage, he was hit by unknown energy that tingled his spine. Yi Tianyun then observed the surroundings with his Appraisal Eye, but he didn’t notice anything unusual. When they kept going, instead of seeing beautiful scenery, they were greeted by a hall!

Yi Tianyun clearly never expected such a thing! Yi Tianyun also looked around and noticed that every exit was guarded by a pair of guards.

“You all have to stand in line! If you resist, we will resort to violence!” one of the guards said coldly.

“A Divine King Cultivator for a guard?” Yi Tianyun said as he was shocked upon seeing the guard’s status with his Appraisal Eye.

It was clear that they could easily become a king in Three Realms, but instead of searching for another place to rule, these people chose to be a guard instead!

Chapter 887

Yi Tianyun also saw some Saint King Cultivator serving as a guard outside, but surely he never expected a Divine King Cultivator as a guard. This place was truly the peak of cultivation as everyone had a high cultivation base!

“Star Monarch Level, go to this place! Don’t go below what you are required!” A stronger cultivator appeared in the station. His cultivation was much stronger than anyone Yi Tianyun had ever seen. It was obvious that he was someone with a similar level of cultivation to General Long Te!

‘DING!’

‘Congratulation to Player Yi Tianyun for successfully entering a new realm [God Domain]!’

‘Deducting 50 million Cps to full level up!’

“What?” Yi Tianyun was surprised as the System suddenly deducted 50 million CPs on its own accord.

‘DING!’

‘successfully promoted the System!’

‘Changing the data of Major System, Combat Power System, Comprehensive Attribute, and Levelling up the Appraisal Eye!’

‘DING!’

‘System is back online. Change is successfully made!’

Many notifications suddenly appeared in front of Yi Tianyun, letting him know that the System was undergoing some sort of change. The one thing that Yi Tianyun noticed was that his cultivation was no longer Divine King! Divine King Stage was a cultivation system based on Mortal Domain, and it was no longer usable here in God Domain. He noticed that the System had changed the cultivation stage to Star Monarch, Nine Refinement, Earth Monarch, Heaven Monarch, God Monarch, Heavenly Venerable, Heavenly God, and God Emperor!

However, just like the previous Cultivation Stage, each stage consisted of ten layers.

Creator Artisan received some changes too. It changed into Divine Forging Master, Divine Alchemist, and Divine Rune Master! Each of them had 9th Layers to them, too, meaning that the Creator level wasn’t really the highest level one could achieve there.

All aspects of data began updating, and now, the data on the guards immediately changed as Yi Tianyun took a look with his newly upgraded Appraisal Eye.

Gu Yanlong: 2nd Layer Earth Monarch! Equipment: Lower Grade Divine Tool Equipment, Martial Arts: Dragon Transferring Secret Art (Rebirth Level). Combat Power: 20.000 Star Power.

Lei Zhengyu: 3rd Layer Star Monarch! Equipment: Lower-Grade Divine Tool, Martial Art: ... Combat Power: 1.300 Star Power.

Yi Tianyun then looked around to see the change that the System had made. The Combat Power now used Star Power as its unit. In addition, Weapon and Martial Arts’ grade were also changed!

A Heaven Level Martial Arts were changed into Rebirth Rank, and it seemed to be the most common rank in this place. Surely, there would be stronger Martial Arts, but the data was too large for Yi Tianyun to process all at once so, he just had to look out for it in the future.

‘DING!’

‘Congratulation to player Yi Tianyun for receiving the God Domain Gift Pack!’

Yi Tianyun was surprised when he received a gift pack out of nowhere, but it was understandable as the System deducted a whopping 50 million CPs from him suddenly! Yi Tianyun immediately opened the Gift Pack without any hesitation!

‘DING!’

‘Successfully opened the God Domain Entry Level Gift Pack!’

‘Reward: Basic Level God Domain Gacha, additional Draw Chance, X200 Exp Card, X50 CPs Card, X50 Mastery Card, X50 SPs Card, Nine Refinement Earth Monarch Gift Pack! (Required the 9th Layer Earth Monarch to open.).’

“Nice!” Yi Tianyun said happily. The content inside the gift pack was definitely worth more than 50 million CPs! Although the Crazy Mode wasn’t upgraded, at least the Appraisal Eye was! After all, Appraisal Eye was the most important thing for acquiring information.

Nevertheless, Yi Tianyun didn’t feel deceived this time as he could investigate the God Domain to receive so much new information that he could use later.

“Little Brother Yi, what are you doing? Don’t hold back the line and hurry!” Lei Zhengyu, who stood next to him, patted him on the shoulder and asked Yi Tianyun to get going. Yi Tianyun nodded and resumed walking while Lei Zhengyu followed close behind. He found out that out of so many people in this queue, none of them were human except for Lei ZHengyu beside him.

It was awkward, but he wasn't surprised! Human Race was a race that was compatible with almost every race, so it was easy for Human Race to marry other Races and conceive a child that was no longer categorized into a Human Race!

Yi Tianyun was still a little bit overwhelmed as he saw so many people at the Star Monarch level, and he couldn't compare them to the cultivators in the Three Realms. But it was a given as everything here was fairly new information for Yi Tianyun.

The place was also too crowded for Yi Tianyun's liking, but it was also a given as everyone from around Mortal Domain would come to God Domain to further their cultivation.

After waiting in line for a while, it was finally Yi Tianyun and Lei Zhengyu's turn to enter the God Domain. Gu Yanlong walked in front of Yi Tianyun and looked at him coldly.

"You are now inside the God Domain! This place is called Heavenly Edict Divine Territory. I will now give you the opportunity to join the Heavenly Edict Divine Territory. If you accept this opportunity, you have to follow Heavenly Edict Divine Territory's orders!" Gu Yanlong said coldly. "It doesn't matter where you came from or what others used to do to you, or even your status in your previous realms. Once you join Heavenly Edict Divine Territory, you have to obey our instruction or face the punishment of death!" Gu Yanlong said coldly.

Gu Yanlong exerted his aura a little bit to intimidate Yi Tianyun and Lei Zhengyu. His cultivation level was too strong that Lei Zhengyu was obviously shaken from fear. Yi Tianyun looked around and noticed that everyone else was also experiencing the same thing!

'DING!'

'Unlocking the God Domain Questline!'

'Receiving a new Main Quest, [Breakthrough to 9th Layer Earth Monarch!]'

'Reward in completion: 500 million Cps, 500 Million Sps, 500 Million Mastery Points.'

God Domain's first quest popped up! Yi Tianyun only had to breakthrough to 9th Layer Earth Monarch to complete it. It sure sounded easy, but wasn't this too fast?

Chapter 888

"My first Quest is to breakthrough to the 9th Layer Earth Monarch?" Yi Tianyun said as he was surprised by the difficulty of the quest! He was now at the 8th Layer Divine King stage, and he should reach Earth Monarch level pretty soon. But still, this was his Main Quest, meaning that he had to complete this quest before he could destroy the Evil Spirit Race's homeland.

Obviously, he would eventually get the quest to destroy the Evil Spirit Race homeland later. He already knew that his cultivation level was too low, and because of that, the system also made sure that he could build up more strength before he fought the Evil Spirit Race.

Meanwhile, the cultivators around Yi Tianyun were also shocked as they were surprised by the word Gu Yanlong had just said! They were kings or someone revered in their territory, but it seemed that they wouldn't get the same respect here! But of course, they believed that they'd stand on top of everyone once they obtained resources to cultivate from the God Domain.

Gu Yanlong has already seen through everyone's thoughts, which was the reason behind his cold attitude to everyone! "I know that you aren't convinced by my word, but there is no telling how many geniuses have come here from so many realms before, but there is only a few that could hold out to our rules!" Gu Yanlong said coldly.

"Your cultivation before coming here may be amazing, but I assure you that it was nothing special here in God's Domain! It doesn't mean anything here, so let me just say in advance that your path to breakthrough here will be life-threatening!" Gu Yanlong said confidently.

"Nevertheless, it was your own choice! You can either join us or turn around and return to your own realm! If you join us, you have to understand that you have to obey every command without question! There are a lot of people with cultivation than me, and those people won't hesitate to punish you harshly if you disobey the orders given to you!" Gu Yanlong added without any hesitation.

"Now, are you willing to join Heavenly Edict Divine Territory and swear to never betray Heavenly Edict Divine Territory?" Gu Yanlong asked confidently.

“But what if we want to join other God’s Domain?” One of them asked Gu Yanlong. It was an expected question as there was more than one God’s Domain in this universe. But the most important thing that God’s Domain had was their unequaled resources! Their resources was way better than any Mortal Domain out there!

Even so, God’s Domain had its own grade as well. For comparison purposes in the future, Heavenly Edict Divine Territory was actually a 1st Grade God’s Domain, which meant that it was the lowest grade out of all God’s Domain. God’s Domain had 5 grades to them, and a grade above Heavenly Edict Divine Territory would be a 2nd Grade God’s Domain.

“Obviously, there would be a precaution. If you join another God’s Domain with the same grade, you have to leave tributes of the same value with the resources that we have already given to you. But if you join a higher grade God’s Domain, you don’t have to do so, but you have to return the favour someday!” Gu Yanlong answered without hesitation.

“I know what you are thinking, but I suggest you at least cultivate until 5th Layer Earth Monarch before thinking of finding a higher grade God’s Domain. They wouldn’t look at you otherwise!” Gu Yanlong said coldly. Everyone immediately looked at each other as they didn’t expect that God’s Domain would have such rules.

“I will be helping you pick up a cultivation that would be easier for your talent to grow.” Gu Yanlong said without any expression on his face, but his words were somewhat warm-hearted!

“I am willing to join and swear my loyalty to Heavenly Edict Divine Territory!” one cultivator said quite loudly.

“Me too!” Another one joined in. Many of the cultivators here today choose to join Heavenly Edict Divine Territory. They didn’t mind Heavenly Edict Divine Territory rules, as the rules in the Mortal Domain were not that much different anyway.

Yi Tianyun was also willing to join Heavenly Edict Divine Territory as he believed that other God’s Domain would also have similar rules.

“I forgot to tell you, but you have to reach a certain level before you are able to join our Heavenly Edict Divine Territory. If your level of cultivation doesn’t meet the requirements, you will become an outer

disciple. You would be demanded to reach the required level first before you qualify to become our member! With that said, let me see your cultivation level!" Gu Yanlong said confidently.

They all nodded their head. This is an expected requirement as a weak cultivator was nothing but a deadweight. Gu Yanlong immediately walked towards the nearest cultivator and took them to the front as they would be undergoing an assessment.

As everyone walked up to form another queue, Lei Zhengyu was pushed back rudely.

"Human Race brat, stand back!" A Tree Race cultivator was the one pushing Lei Zhengyu back!

"Yes, a lower life form like you should stand at the back!" another Tree Race cultivator said as they cut the line.

"How dare you!" Lei Zhengyu said in anger as his fist started to release a little bit of lightning.

"What? Do you want to pick a fight?" The Tree Race cultivator said coldly. Yi Tianyun immediately reached out to Lei Zhengyu and stopped Lei Zhengyu before he could do anything stupid.

"Calm down!" Yi Tianyun said with a smile on his face.

"Oh, we have a wise Human over here. Now, find your own place, understand?" The Tree Race cultivator said coldly.

"Their place would be a slave market! The human race is nothing but goods anyway!" Another race chimed in.

"Little brother Yi, we can't let them look down on us like this." Lei Zhengyu said as he held his anger.

"You misunderstood me, brother! I didn't mean for you to lower yourself in front of a trash! What I meant is that you should throw out the trash that tries to cut your line!" Yi Tianyun said as he pulled the

Tree Race cultivator in front of him and kicked him towards the nearby wall, slamming him to the wall quite hard. The branches on the Tree Race cultivator that Yi Tianyun kicked were snapped horribly.

“Sometimes you don’t have to talk to people like this. After all, it’s a waste of time talking to a trash anyway!” Yi Tianyun said as he smiled at Lei Zhengyu, that was still at a loss for words.

Yi Tianyun couldn’t stand these people anymore! If they looked down upon the Human Race, they should be ready for retribution!

Chapter 889

Yi Tianyun’s word was quite merciless as he basically said that he would trample those who looked down on him! But it would be expected as the Tree Race cultivator was mocking Yi Tianyun’s race! Meanwhile, Lei Zhengyu was still dazed because of what Yi Tianyun just did. He thought that Yi Tianyun was that compromise and make peace-type of guy, but it turned out that wasn’t the case at all!

“A mere Human Race dared to do something like this? I will kill you myself!” Another Tree Race cultivator roared in anger and rushed towards Yi Tianyun. It was truly an embarrassing scene for these Tree Race as they were humiliated in front of so many people!

“That is enough!” Gu Yanlong said as he let out his aura, creating a terrifying air pressure to stop the fight. Nobody dared to move as they didn’t want to get into Gu Yanlong’s bad side.

“Aren’t you all an energetic bunch? If you want to duke it out, wait until the assessment is over! I don’t care how you solve your problems, but I wouldn’t like it if you mess up this assessment!” Gu Yanlong said coldly.

“I understand!” the Tree Race cultivator nodded slowly before turning his gaze towards Yi Tianyun in anger, but he didn’t do anything after that and walked back to their line.

Yi Tianyun didn’t care about these Tree Race cultivators. He just wanted to proceed with Lei Zhengyu! Gu Yanlong then looked at Yi Tianyun from top to bottom and smiled faintly. He didn’t say anything else and moved along.

“Brat, see me after these assessments are over! You hear me!” The Tree Race cultivator said as soon as Gu Yanlong left.

“Shu Xiong, let them be for now. I doubt they can even pass the assessment from the Heavenly Edict Divine Territory anyway!” The other Tree Race Cultivator said with a frown on his face. Surely, Heavenly Edict Divine Territory assessment wouldn’t be an easy one. Being at the Divine King stage didn’t guarantee that a cultivator would pass!

“Right! You fools won’t pass the assessment!” Shu Xiong said coldly. Other races also had the same look on their face as they all looked down on the Human Race. Yi Tianyun just looked at them coldly as he didn’t have the time to deal with these people right now. Either way, he wouldn’t be able to change these people’s minds by himself so quickly!

Gu Yanlong guided them until they finally reached a hall. A huge great array was built in the centre of the hall. A holy divine light was even illuminating the great array, soothing everyone that gazed at the light.

“The assessment is nothing special. If you stay here for more than two days, you can officially join Heavenly Edict Divine Territory! The light in the middle is nothing special either. It’s just an energy that comes from God’s Domain!” Gu Yanlong said as he stood beside the great array.

“Because this is your first time coming to God’s Domain, you have to undergo a special procedure to make sure that you can adapt to God’s Domain environment. After staying here for more than two days, your basic energy would transform into Star Energy.” Gu Yanlong said with a smile on his face.

“The longer you stay in this room, the more basic energy you can transform into Star Energy. It will be for your own good in the future to stay here as long as you can. If you fail this test, meaning that you got out before two days time has passed, you will be only eligible to become an outer disciple!” Gu Yanlong said solemnly.

Gu Yanlong explained in detail, informing all the newcomers about the assessment, but people didn’t really understand how hard it could be to stay in one room for only that long!

At the same time, Yi Tianyun thought of using his Appraisal Eye to see what the assessment was all about. Upon glancing at Lei Zhengyu, he was a little bit surprised as Lei Zhengyu’s data was already

converted into a Star Energy! He knew that they hadn't stayed that long for the data to change that rapidly, but Yi Tianyun didn't question it further.

"Sir Gu, what's the longest time a cultivator can handle here?" Yi Tianyun asked curiously.

"Look at that. A human brat is looking to break the record!" Shu Xiong mocks Yi Tianyun for asking such a question. The other race also looked at Yi Tianyun in disdain as they looked down upon the Human Race!

"The current record is 10 days. It was the current Heaven Monarch of Heavenly Edict Divine Territory, the heir to the next Territory Lord." Gu Yanlong said solemnly. "If you can break this record or get any close to this record, you will be immediately welcomed as a direct core disciple!" Gu Yanlong said confidently. It was a great temptation for anyone as becoming a direct disciple meant easier access to many resources.

Yi Tianyun nodded his head as he wanted to break this record. If he wanted to earn his chance to destroy the Evil Spirit Race, he ought to get everything as soon as possible! He didn't have to keep a low profile as it wouldn't reward him anything, especially in a place full of discrimination like this. If he wanted a favourable environment around here, he had to prove to everyone that he was extremely powerful!

"If there is no more question, you can start the assessment now. There is no time limit. After you go in there, you will immediately start the assessment, and you will be considered failed out as soon as you faint or choose to give up." Gu Yanlong said solemnly.

Everyone immediately prepared themselves as they wanted to stay for as long as they could.

"Two days. I hope that you don't faint so soon in there! But if you fail, I think I would have an easier time killing you later!" Shu Xiong said with a smirk on his face as he stood beside Yi Tianyun.

If Yi Tianyun failed to join Heavenly Edict Divine Territory, the difference in status would be greater than they were now. If he just became an outer disciple, Shu Xiong would be able to do anything to him as no one would care!

“Whatever, less talk, more action!” Yi Tianyun said as he was too lazy to give Shu Xiong the attention he wanted. Yi Tianyun then turned his attention to Lei Zhengyu. “Our Human Race has been ridiculed for too long. We have to stay inside for more than two days!” Yi Tianyun said confidently.

“That is a given, little brother Yi! I will let them know that Human Race wasn’t as weak as they thought!” Lei Zhengyu said confidently.

Chapter 890

The participant immediately stepped inside the Great Array and the light immediately illuminated them. As soon as they did, the cultivators immediately felt that their body was being boiled as their energy was being converted into the God’s Domain Energy. The cultivators that was still waiting for their turn to enter the Great Array could clearly see those who already entered the Great Array were writhing in pain.

The truth was the cultivator’s energy was being squeezed out and was slowly refilled. It was to squeeze out any Mortal Domain’s energy and replace it with the God’s Domain Energy before transforming their body. This roughly took two days to complete, which was why Gu Yanlong said that they had to stay inside for at least two days!

The entire process was painful as their energy was being forcefully drawn out of their body before shoving in a vicious energy into it! Still, these people were at Star Monarch, which was the top expert of their territory. Certainly this much pain wouldn’t deter such a strong cultivator!

Yi Tianyun and Lei Zhengyu looked at each other and went inside the Great Array. Yi Tianyun instantly felt the violent energy entering his body from the top of his head! Yi Tianyun quickly meditated and began stabilizing the violent energy inside his body so that he could convert the energy inside his body safely. His basic energy was a Spiritual Energy, so he still ought to convert it to Star Energy!

Yi Tianyun was reminded of the Evil Spirit Race’s energy in the past as their energy was much more violent! Now, Yi Tianyun realised that the Evil Spirit Race was using the Star Energy! No wonder the Evil Spirit Race was stronger than the Human Race as their Energy was far superior than the energy that the Human Race used!

Even though Yi Tianyun had the Crazy Levelling System, he still ought to adjust his physique to create a harmonious energy inside his body! Yi Tianyun has always been proud of his physique! He had the Dragon God Bloodline that was already upgraded to 8th Grade and now, his arms that were equal to Middle Grade Divine Tool Rank’s strength!

Therefore, Yi Tianyun thought of this assessment as nothing more than just a physical fitness test. If it just came down to perseverance, he would never lose to anyone! Now that his Crazy Mode couldn't help him complete this assessment, everything really depended on what he has gained over the years!

"Be sure to hold onto something!" Yi Tianyun said to Lei Zhengyun as he began to swallow the energy all around him using his Heaven Swallowing Divine Secret Art! Others tried to slowly transform their body to accommodate the God's Domain Energy, but not Yi Tianyun! He wanted to be stronger at a much faster rate to protect his loved ones!

In less than a day, people were starting to scream as they fainted in the Great Array area. These people had completed their Star Energy absorption, but failed to transform their body to accommodate it. Gu Yanlong didn't quickly drag them out of the Great Array area as there was no harm in them resting there. He just ought to wake them up and deliver the bad news.

"Not even a day!" Gu Yanlong shook his head as he felt that the current participants of the assessment were a little bit too weak. They even boasted that they would last for more than two days before, but it turned out to be nothing but an empty word!

"Team Leader Gu, are these the new recruits?" A cultivator came, and judging from the structure of their body, the cultivator was from the Tree Race! Gu Yanlong himself wasn't from the Tree Race. He was from the Dragon Clan and he already attained the captain rank on Heavenly Edict Divine Territory! It proved that he wasn't someone to mess with!

"Team Leader Shu Yuan! Aren't you in charge of monitoring the other entrance? Why are you roaming around right now?" Gu Yanlong asked as he wasn't truly a fan of being around Shu Yuan.

"I came over to take a look at the new recruits you're in charge of!" Shu Yuan said as he began to check out the participant inside the Great Array. "Those two are pretty good, there is no need to assess them further after this." Shu Yuan said as he saw two Tree Race cultivators among the participant.

He then looked around some more and saw Yi Tianyun and Lei Zhengyu on the side. His proud face immediately turned into a frown! "Team Leader Gu, why did you let a Human Race join the assessment?" Shu Yuan said annoyedly.

“Team Leader Shu Yuan, I am an official! There is no rule on Heavenly Edict Divine Territory that forbids me from allowing the Human Race to participate!” Gu Yanlong said indifferently.

“You have a point, but it was just a waste of time as they won’t even be able to stand inside the Great Array for more than one day! There is no meaning in putting trash into the fray! Even if by one slim chance, they manage to join Heavenly Edict Divine Territory, they will be nothing but an embarrassment later! I don’t want any Human Race joining our faction!” Shu Yuan said stubbornly.

“That is irrelevant, Team Leader Shu Yuan! What if your seedlings fail right now? Aren’t they just the same as another trash?” Gu Yanlong said indifferently.

“Are you saying that the seedlings of our Tree Race are trash? I have evaluated so many human race cultivators during my time here, but none of them turned out okay! They are just a waste of resources! Team Leader Gu, it was clear that your judgement is impaired!” Shu Yuan said stubbornly.

“But the thing is, I don’t think those two are bad! If you have no other business here, you’re welcome to return to your station now, Team Leader Shu Yuan!” Gu Yanlong said indifferently.

“Team Leader Gu, I have heard that you have a bad temper! Now, I will not return! I want to make a bet with you, if those two Human Race cultivators can last longer than my seedlings, then I lose and I will give a secret arts from my own resources to one of them, but if they can’t last longer than my seedlings, I win and you have to give two of your secret arts to my seedlings!” Shu Yuan said with a smirk on his face.

Gu Yanlong frowned as it was a sacred ritual to have a chance of choosing a Secret Arts from anyone! Each captain could only have one chance after a minimum ten years of service. It was their chance to join any Special Treasures Pavilion in Heavenly Edict Divine Territory. This Treasure could be a Martial Art, A weapon, or even any equipments, but the fact that all of them were special couldn’t be rebutted.

Now, the chance of choosing a Secret Art in the captain rank could either be used immediately or could be relinquished to any newcomers of their choosing!

“Why aren’t you saying anything? Are you afraid that you will lose? I know it! Even Team Leader Gu thought that Human Race are nothing but trash cultivators, right? There is no way they would win our little bet!” Shu Yuan said tauntingly.

“Shut up, it’s on then!” Gu Yanlong said as he turned his attention towards Yi Tianyun. He knew that there was something special about Yi Tianyun and smiled as he knew that Yi Tianyun could last longer than those Tree Race cultivators!
