

Leveling 911

Chapter 911

Selecting Secret Art Token was generally a reward for captain-rank cultivators or higher. They had to prove themselves for quite a long time before they could get it. For example, Gu Yanlong got his Selecting Secret Art Token every ten years, but it was a gift, not a reward that he exchanged with his contributions.

There were so many Martial Arts and Treasure in this place that even Heaven Monarch cultivators could use! It went without saying that everyone would make it their priority to get their hands on these Treasures!

So, with that said, people began to wonder about Yi Tianyun's background as he had the Selecting Secret Art Token with him! But as they thought about it for a while, they couldn't think of any elders or captains that were from the Human Race, and so they determined that Yi Tianyun just exchanged his contribution points to redeem those said Selecting Secret Art Tokens.

The cultivators then sighed in relief as they thought that they had nothing to worry about. The only thing that they feared was if Yi Tianyun had an influential backing that could get them in trouble!

'DING!'

'New Side Quest! To Pass the Test of the Decisive Stage! Complete the Advanced Level Difficulty!'

'Reward: 150 Billion Exp, 5 Million CPs, 5 Million Mastery Points!'

The reward was enticing, and thus Yi Tianyun knew that he had to clear the Advanced Level Difficulty no matter what.

"A quest! I thought that there would be no quest for this." Yi Tianyun said with a smirk on his face. He was excited that he could get a reward from the system and the reward from the assessment itself after he was done with it. He needed a level up now more than ever, but there was only so much exp he could get, so a reward like this was always welcomed!

However, his knowledge of God's Domain was still too little, and thus he didn't know how to gain experience effectively around here. For now, his goal was to get to Earth Monarch as soon as he could.

"Are you two ready?" Dongfeng said as he looked at both of the competitors intently. Yi Tianyun nodded and threw three Selecting Secret Art Tokens into the air. The three of them instantly disappeared, following divine light that shrouded Yi Tianyun, and he immediately meditated to enter the assessment.

"Please choose the treasure you want." A Spirit suddenly appeared and asked what kind of treasure that Yi Tianyun desired. Yi Tianyun looked to the side and saw a selection of Rebirth-Level treasures that he could choose. He saw Three Rebirth Level Weapons and Two Rebirth Level Martial Arts, and that was it! Apparently, the amount of treasure wasn't replenished after the cultivator passed the assessment and took them out.

Yi Tianyun wasn't impressed as this amount was too small for him to choose from, but there was nothing he could do to fix the situation.

At the same time, Chen Baihan also threw out his token, and he was also shrouded by the divine light instantly.

"I want that Heaven Pagoda Divine Spear!" Chen Baihan said to the Spirit as he glanced his eyes to the spear he mentioned. He was eager to get the spear as he always wanted it for himself. The Spirit nodded as it recognised Chen Baihan's choice.

It wouldn't matter even if Yi Tianyun chose the same thing, as the assessment itself would judge who was worthy of getting it in the end! If Yi Tianyun performed better than Chen Baihan, he would instantly get it, but Yi Tianyun didn't want the spear!

Yi Tianyun checked out the two Martial Arts, the Heavenly Edict Divine Art and Crazy Heaven Secret Art. Both of these Martial Arts were one of the top martial arts of Heavenly Edict Divine Territory. So, the assessment's difficulty would certainly be harder than Chen Baihan's choice. There was even a rumour stating that the cultivator who got their hand on these Martial Arts would have the opportunity to become a candidate for Territory Lord, meaning their status would be elevated and had the same opportunity with Nian Ciyu!

But it was just a rumour as no one ever acquired these two Martial Arts, hence why they were still there.

“I want Crazy Heaven Secret Art!” Yi Tianyun pointed his hand towards the Martial Art he mentioned. Everyone immediately laughed once they overheard Yi Tianyun’s choice as it was completely ridiculous to choose something as difficult as Crazy Heaven Secret Art!

“Did this brat get hit in the head when he was a child? He chose Crazy Heaven Secret Art! Is he already announcing his loss?” a cultivator said on the side, mocking Yi Tianyun openly.

“Yeah, I thought he would choose Heaven Pagoda Divine Spear as it was the easiest out of all the treasures left, but he chose the hardest one to get! He is clearly a fool!” Another cultivator chimed in.

“Well, it seems Chen Baihan will get a slave for cheap this time!” Another cultivator said mockingly. They all mocked Yi Tianyun for his choice as they thought that it was impossible for Yi Tianyun to pass the assessment now. They thought that there was no way Yi Tianyun would be able to stay longer than Chen Baihan, and thus, Chen Baihan would win!

“Idiot! I am looking forward to you serving me while kneeling down!” Chen Baihan said while laughing heartily.

Yi Tianyun shrugged and ignored Chen Baihan. Yi Tianyun started the assessment, ignoring everyone else. Chen Baihan also did the same thing, and they both immediately entered the assessment. Dongfeng on the side quickly turned the hourglass upside down and the sand slowly fell, indicating the time. This hourglass could last for a few days, but nevertheless, the one who woke up first would be the loser!

“A stupid Human! This is not fun. The winner is already decided from the start!” Dongfeng mockingly said as he shook his head.

At the same time, a woman stood in the crowd and looked at Yi Tianyun intensely.

“You are brave for choosing Crazy Heaven Secret Art!” The woman said with a smile on her face.

“Come over and place your bet! The current odds are The Human Win 10/1, Chen Baihan Win 2/1, and draw 20/1!” a cultivator shouted as he opened the betting pit. These people smelled money from this occasion and immediately jumped at the opportunity!

“I bet on Chen Baihan for 500 Star Stone!” a cultivator shouted.

“I also bet on Chen Baihan for 1.000 Star Stone!” Another cultivator shouted.

“This is great! I bet on Chen Baihan for 1.500 Star Stone!” another said excitedly. The whole crowd began shouting their bet, but all of them were betting on Chen Baihan, and none of them wanted to bet on Yi Tianyun whatsoever!

Zhuang Jia, the cultivator who initiated the bet, was stunned by how the situation unfolded. Once Yi Tianyun lost, he would also lose everything he had! Nevertheless, he was still optimistic that he would rake a lot of money from this bet.

“I bet on the human for 10.000 Star Stone!” A young lady came over and handed over a Storage Ring to Zhuang Jia. Everyone was shocked as it seemed like she was just throwing away her money.

“Thank you very much!” Zhuang Jia said with a smile on his face. “Come on, guys, take the young lady as an example and start betting on the human!” Zhuang Jia said enthusiastically. He started this bet to make a profit, and so he sincerely hoped that Yi Tianyun could turn over the situation and do the impossible!

“Are you a fool! If he chose Heaven Pagoda Divine Spear, he might still have a chance to win, but now that he already chose Crazy Heaven Secret Art, there was no way he could win anymore!” A cultivator shouted as he thought that the woman must be a fool.

“I do what I want to my own money! Furthermore, he is a brave cultivator who dares to choose the Crazy Heaven Secret Art!” The young lady said coldly.

“Well, we will not bet on him as there’s no way in hell he’d win!” The other cultivator among the crowd shouted confidently. These cultivators surely had their reason for saying that it was impossible for Yi Tianyun to win. After all, Heaven Pagoda Divine Spear required 5.000 Selecting Secret Art Tokens to redeem, while Crazy Heaven Secret Art required 15.000 Selecting Secret Art Token to redeem. Of

course, this was a normal method, while the assessment only called for 3 Selecting Secret Art Tokens to use.

But still, the difficulty of getting each of these items should be clear by those requirements. Zhuang Jia scratched his head awkwardly as he didn't think that the bet would go this one-sided way like this. Clearly, these people only thought about their own victory instead of making the occasion fairly interesting.

When the crowds were busy betting outside, Yi Tianyun had already begun his assessment. A violent roar echoed, and a cultivator carrying a bunch of weapons appeared!

Berserker: The Illusion of Crazy Heaven Secret Art. Star Monarch Peak Cultivation Base. Weakness: None. Combat Power: 5.800 Star Points.

The assessment of High-Grade Rebirth Level Martial Arts forced its participant to fight an illusion with a high combat power! 5.800 Star Points combat power was clearly far higher than any cultivator of the same rank. However, this illusion was made fairly to assess Yi Tianyun as Yi Tianyun himself was at the 8th Layer Star Monarch Cultivation rank! It was fair to say that if it was an Earth Monarch Cultivation rank cultivator who took this assessment, the illusion power would increase dramatically.

"This is too weak!" Yi Tianyun said as he shook his head. Yi Tianyun was the only cultivator who could say this for sure as he could just use the Crazy Damage Mode to end this battle quickly.

"Crazy Cloud!" The illusion shouted and slammed the High-Grade Divine Tool on his hand to the ground, increasing his Combat Power instantly! It was 5.800 Star Points earlier, and now it increased to 13.000 Star Points!

Yi Tianyun was surprised as he saw the sudden increase of the illusion's power! He never thought that an illusion could boost its own power by almost 3 times the normal value!

"Interesting, but it is a pity that your opponent right now is me!" Yi Tianyun said as he slammed his feet to the ground. "Shaking Heaven Body Secret Art!" Yi Tianyun shouted as he used his Martial Art. He also activated the Dragon God Bloodline to create perfect harmony with his martial arts, unleashing a powerful wave of energy that rammed into the illusion like tofu!

'DING!'

'Successfully killed Berserker!'

'Reward: 1.4 billion Exp, 300.000 Cps.'

"I got Exp for this?" Yi Tianyun said as he was surprised that he still got a reward after defeating an illusion. Furthermore, the reward was good too! But as he admired the reward he got, two more Berserkers appeared. Their cultivation base hasn't changed, but their weapons were different this time.

"Let the party begin!" Yi Tianyun shouted as he fired another powerful shockwave towards the two Berserkers and destroyed them instantly!

'DING!'

'Successfully killed a Berserker!'

'Reward: 4.8 Billion Points, 1.5 million Cps.'

'DING!'

'Successfully killed a Berserker!'

'Reward: 4.8 billion points, 1.5 million Cps.'

This time Yi Tianyun used the Crazy Exp Mode and used the 5X CP Card! The amount of reward he got now was satisfying! If this assessment continued for a little bit longer, he would be able to level up no problem!

"Keep them coming!" Yi Tianyun shouted excitedly. He wants to at least level up twice in this assessment and ultimately got closer to the Earth Monarch level cultivation rank quicker!

The assessment seemed to hear Yi Tianyun's word, and immediately three Berserkers appeared in front of Yi Tianyun! Yi Tianyun laughed excitedly. He didn't know how long it would take for the assessment to finish, but it wasn't a big deal as long as he could level up once or twice!

Chapter 913

While Yi Tianyun fought fiercely to clear the assessment, everyone else was betting to their heart's content. Some Human Cultivators did place their bet on Yi Tianyun despite the small amount when they saw Yi Tianyun was competing against Chen Baihan in order to show their unity!

They knew that it was hard to win against Chen Baihan. As Star Stones could be used for many things, including exchanging it for contribution points, so they couldn't afford to lose too much!

As the rule stated, Rebirth Level Treasure could only be exchanged with the Contribution and Selecting Secret Art Token Star Stone exchange system, but it use. Exchanging Star Stone into Contribution was indeed possible, but it was not worth the effort as 1 contribution required 100 Star Stone, and it would be hellish to exchange that much Star Stone just for 1 chance of Rebirth Level Assessment!

The Selecting Secret Art Token itself could be called the ultimate currency, not Star Stone!

"I don't know how long Chen Baihan can last this time. I remember that he could last for two days the last time, but he still failed! What a pity." A cultivator said on the side.

"Well, we never knew the end of it. We don't know how many enemies there are inside the assessment, so the only thing we can do is basically persevere till the end!" Another cultivator said wisely.

"It doesn't matter! Chen Baihan will win against that kid! I don't understand why that kid didn't keep his head down earlier! He was basically suicidal!" Another cultivator said while shaking his head. Then all of the cultivators who had placed their bet looked toward Zhuang Jia with a huge smile on their faces as they would get a nice reward after this was over.

Zhuang Jia himself felt as if he was being stared at like some wounded prey. He had a hard time breathing from everyone's gaze!

It didn't take long before the light that shrouded Yi Tianyun's body disappeared, and Yi Tianyun slowly opened his eyes again.

"We won! Zhuang Jia, give us our money!" The cultivator shouted as they immediately flocked towards Zhuang Jia to get their share. Zhuang Jia himself was immediately overwhelmed and felt bitter as he ought to use his own saving to pay these people. He originally wanted to make a profit, but he would just lose all his savings judging from how things went!

People thought that Yi Tianyun had lost, but suddenly the Crazy Heaven Secret Art from the wall burst into a ray of light that immediately went straight into Yi Tianyun's head, transferring all of its content to Yi Tianyun's memory.

'DING!'

'Do you want to accept new Martial Art Crazy Heaven Secret Art?'

"Accept!" Yi Tianyun said casually.

'DING!'

'Successfully learned 3rd layer Crazy Heaven Secret Art!'

"Only 3rd Layer? How cheap! Why didn't it give the complete edition?" Yi Tianyun said as he shook his head out of disappointment. But still, even the 3rd Layer of Crazy Heaven Secret Art was powerful enough to topple the hierarchy of at least Earth Monarch cultivators!

All cultivators who were demanding their money from Zhuang Jia suddenly fell silent as they were shocked by the scene in front of them. They were dumbfounded that Yi Tianyun actually succeeded! The Crazy Heaven Secret Art reacted to him with its content surging into Yi Tianyun's head!

Crazy Heaven Secret Art was a special Martial Art as only a part of it would be given if the assessment was cleared, while the rest would stay on the assessment wall.

“Well, it’s not entirely disappointing. I have levelled up and also got a new Martial Art. This is not entirely disappointing, I just need to calm down a little.” Yi Tianyun said to himself. He has breakthrough to 9th Layer Star Monarch, it was unfortunate that he couldn’t get it into the Peak Level, but there was nothing he could do as the assessment ended too quickly.

But one thing for sure was that the Berserkers he fought during the assessment were truly horrifying for any normal cultivator! They would immediately lose if they had no way to boost their power!

“Well, it seems I won! Although I came out first, I got my prize just fine! Meanwhile, he is still stuck inside the assessment, waiting to fail eventually!” Yi Tianyun said with a big smirk on his face as he looked at Dongfeng on the side.

Dongfeng himself knew that he couldn’t enforce the rule of the duel on Yi Tianyun just because he didn’t last longer than Chen Baihan. After all, the assessment was over not because he failed, but because he had already won the treasure he wanted! Even if he wanted to object to Yi Tianyun’s victory, nobody would back him up as it was complete and utter bullshit! Anyone knew that winning the treasure was pretty much the point of the assessment!

“Hey, we won! Our Human Race came out victorious! Zhuang Jia, give us our money!” The human race cultivators said as they immediately flocked towards Zhuang Jia to get their prize money. They were excited as they won big money.

“One by one, please, no need to hurry!” Zhuang Jia said as he smiled and counted the winner’s share. Zhuang Jia was the happiest man there as he finally won big himself! The amount of money he got from the bettor against Yi Tianyun was crazy! The amount of money that the human race cultivators won was already big, but it was pale in comparison to the amount Zhuang Jia won!

“Lady, here is your 10.000 Star Stone price!” Zhuang Jia said as he handed a Storage Ring full of Star Stone to the lady.

She took the storage ring and immediately looked at Yi Tianyun with a smile on her face. “You are truly interesting. It is remarkable!” she said to herself.

Yi Tianyun looked at her too and used his appraisal eye to check the lady’s information, and he was quite surprised upon seeing that the lady turned out to be Nian Ciyu herself!

Chapter 914

Yi Tianyun immediately knew the lady's identity thanks to the power of his Appraisal eye. The Appraisal Eye would easily reveal the cultivator's information as long as the cultivator wasn't someone that far out-leveled Yi Tianyun! At the very least, the identity of the cultivator would be shown. But one thing that Yi Tianyun immediately noticed was that Nian Ciyu was currently using a mask as she didn't come here with her own real face.

If she came with her real face, how come none of these people realised that they were in front of Nian Ciyu. Yi Tianyun realised that Nian Ciyu must've come here to investigate the one who topped her name in the welcoming ceremony wall herself!

After exchanging gaze, Nian Ciyu didn't stop by to talk at Yi Tianyun. She didn't say anything before she turned around and left! She didn't want to disclose her identity to Yi Tianyun, but little did she know that Yi Tianyun already saw through her identity from the first time he looked at her.

Yi Tianyun shook his hand and turned his attention somewhere else. He didn't really care about Nian Ciyu right now as she didn't mean anything to Yi Tianyun right now. He noticed that Chen Baihan still meditated on the ground, meaning that he was still undergoing the assessment.

"I will stay here for a while. Does any of you want to stay here too?" Yi Tianyun looked at the crowds and asked with a smile on his face. Dongfeng and the others who were completely in Chen Baihan's side were looking at each other awkwardly. They knew that Chen Baihan was meditating like a fool right now. If he failed to get his hand on the Heaven Pagoda Divine Spear, then it would truly be an embarrassing moment in his life!

The Human Race cultivators that bet on Yi Tianyun earlier were looking at Chen Baihan like a clown as he didn't know that Yi Tianyun had already passed. They knew how much Chen Baihan wanted Yi Tianyun to lose and thus enslaved Yi Tianyun for his own benefit!

Yi Tianyun now had nothing to do, and thus he sat down and started to meditate himself. Of course, he didn't forget to let others resume their own assessment if they wanted to. The cultivators immediately started to wonder if there was something wrong with Crazy Heaven Secret Art at all as they didn't believe a human race could get their hand on the Crazy Heaven Secret Art without any effort!

Some cultivators decided to make their own attempt to get the Crazy Heaven Secret Art themselves, but they immediately failed as the difficulty was extremely hard! The cultivators kept failing as they didn't believe Yi Tianyun could get it! But they kept failing like there was no tomorrow! They didn't know who Yi Tianyun was, and thus they were blinded by the chance to get their hands on the Crazy Heaven Secret Art!

Time passed by quickly, and before anyone realised it, three days had passed. The light that shrouded Chen Baihan finally disappeared, meaning that he had finished his assessment. Chen Baihan finally opened his eyes slowly.

The looks on his face said it all. He obviously failed again this time!

When he turned around to look at Yi Tianyun, he saw that Yi Tianyun was already sitting on the edge of the wall. "Haa, you lost! You last briefer than me!" Chen Baihan said loudly.

Everyone immediately looked at Chen Baihan with pity on their eyes as it was truly embarrassing.

"Brother Chen, he didn't lose!" Dongfeng said as he patted Chen Baihan's shoulder.

"He didn't lose? What do you mean? I woke up, and he already sat there looking aloof. Clearly, he was awake this entire time, right?" Chen Baihan asked confusedly, but he immediately shook his head before turning his attention to Yi Tianyun again. "Do a handstand for me, slave!" Chen Baihan commanded like Yi Tianyun was already lose.

"Now that's big coming from a loser like you," Yi Tianyun said with a teasing look on his face.

"What are you talking about, you rat! What tricks are you playing? Now, just hurry up and do a handstand for me!" Chen Baihan shouted furiously.

"I am not playing any games! You should ask them what happened yourself!" Yi Tianyun said with a big smile on his face.

“Brother Chen, stop! He won already! He successfully got the Crazy Heaven Secret Art, and it took him less than two hours!” Dongfeng said as he couldn’t bear the shame anymore.

“What! He got the Crazy Heaven Secret Art? This is impossible!” Chen Baihan said as he didn’t believe what Dongfeng said.

“There is nothing impossible here! Just think about it. No one truly affirms your victory anyway! Now, it is time to keep your part of the bargain! Hand over everything you have to me and kneel down while barking like a dog!” Yi Tianyun said with a smirk on his face.

Chen Baihan’s complexion turned pale immediately. He looked around, and from the expression on everyone’s face, he immediately knew that Yi Tianyun really won! Chen Baihan couldn’t believe it, but he couldn’t deny it with all the proofs right in front of him!

“Come on, do it now! Are you going back on your words?” Yi Tianyun said indifferently. He obviously couldn’t fulfill Yi Tianyun’s request as it was a fate worse than death in his mind.

“I don’t believe you! Fight me right now and show me the Crazy Heaven Secret Art! I’ll believe you when I see it!” Chen Baihan said loudly frustratedly. Everyone was startled by Chen Baihan’s provocation. They knew that Chen Baihan wanted to beat Yi Tianyun himself right now. After all, there was no way Yi Tianyun would be able to use the Crazy Heaven Secret Art as soon as he received it!

Dongfeng didn’t say anything as he knew what Chen Baihan was doing. He wanted to see what Yi Tianyun would do. Besides, he refused to think highly of a mere human rat!

“Just ignore him! His cultivation is way stronger than yours. Why would you fight a losing battle anyway!” an onlooker said casually.

“We all saw it anyway. We can testify for you!” another cultivator shouted as he was willing to help Yi Tianyun.

“Shut up, all of you!” Chen Baihan said discontently,

"I accept your duel request." Yi Tianyun said with a small smirk on his face.

Chapter 915

Everyone was surprised when Yi Tianyun accepted the duel as the participants' lives would be on the line during the duel, while a spar would be a mere light competition! They didn't know whether Yi Tianyun was dumb for not knowing the difference or just too arrogant for his own good.

"Alright! Now make a vow in front of everyone so they would bear witness that you agreed to the life and death duel! I hope you will not regret this decision in the afterlife!" Chen Baihan said as he laughed pleasedly.

"Don't! Ignore his provocation!" Someone from the crowd immediately shouted to prevent Yi Tianyun from saying anything impulsively. Although Yi Tianyun already cleared the assessment, a duel was a different thing! Passing the assessment didn't necessarily mean that he could win easily!

"I accept the duel of life and death! If I die in this duel, I will not hold the other party responsible!" Yi Tianyun said confidently.

"I also accept the duel of life and death! If I die in this duel, I will not hold the other party responsible!" Chen Baihan said immediately.

A ray of light immediately illuminated both of the duelists and the area around them. Life and death duel would immediately be carried out in this place, and the ray of light served as a barrier. Some people would report this duel to the elders for sure, but it wouldn't matter in the end.

Everyone shook their head as they were convinced that Yi Tianyun would definitely lose the duel! They judged that Yi Tianyun had made an unwise decision by accepting this duel.

"I think Chen Baihan wouldn't show any mercy against that kid. It was unfortunate as his potential would be boundless in the future now that he already got the Crazy Heaven Secret Art, but it would be cut short immediately!" a cultivator said from the crowd.

"Yes, it was truly unfortunate!" Another cultivator chimed in. They all felt pity for Yi Tianyun and Heavenly Edict Divine Territory for losing a promising young cultivator with an outstanding achievement.

“You want to know what Crazy Heaven Secret Art looks like, right?” Yi Tianyun said as he ignored the crowds’ pessimistic view.

“Yes, let me see the power of Crazy Heaven Secret Art with my own eyes!” Chen Baihan said with a smirk on his face. He had already taken out a high-grade Divine Tool from his storage and was ready for battle.

“You will have a taste of it soon!” Yi Tianyun said as he activated the Dragon God Bloodline, and immediately, a powerful aura wafted through the air mesmerizingly. He stepped forward, and the Desolate Ancient Set immediately activated its effect, which increased Yi Tianyun’s speed tremendously!

Yi Tianyun appeared in front of Chen Baihan in an instant and immediately punched Chen Baihan’s chest! This punch held 26.000 Star Power, and Yi Tianyun didn’t even use the Crazy Damage Mode to achieve this power.

“Crazy Heaven Secret Art, 1st layer!” Yi Tianyun said as a tornado gusted in front of his fist, spinning Chen Baihan and dragging him from the ground. At this moment, Yi Tianyun’s combat power increased once again, and he reached 53.000 Star Power!

Chen Baihan failed to react to Yi Tianyun’s attack, and he was smashed hard to the ground with his chest broken as a result!

Chen Baihan immediately vomited blood as his internal organs were all a mess! Still, Yi Tianyun held back his power a little bit. If he didn’t hold back, Chen Baihan would’ve already died!

“You’re already down with one punch?” Yi Tianyun said mockingly to Chen Baihan. That statement alone already told everyone that Chen Baihan was too weak!

2nd Layer Earth Monarch was completely crushed by a cultivator that hasn’t even breakthrough to Earth Monarch level just yet! Now, Yi Tianyun realised that he would be able to face Army General Long Te easily!

The crowd fell silent as they were shocked by Yi Tianyun's might. Chen Baihan was pulverised with a single punch! Crazy Heaven Secret Art was truly terrifying!

"I admit my defeat!" Chen Baihan weakly said as he couldn't even move a muscle. His entire body was in pain, and the only thing he could do right now was beg for mercy! After all, he didn't want to die!

"Admitting your defeat? Man, this is a battle of life and death!" Yi Tianyun said as he waved his fist around, ready to give Chen Baihan the second experience of Crazy Heaven Secret Art.

"Please! I surrender! I will call you master from now on!" Chen Baihan cried out as he was scared of dying!

"Shut up! I don't want a weak slave like you!" Yi Tianyun said as he walked closer to Chen Baihan.

"Stop!" A voice came from the crowd, and when Yi Tianyun looked at the source of the voice, he noticed a man glaring down at him. "Stop whatever you are about to do, or you will have to face me next!" the man said coldly.

"You are finally here! Save me, please!" Chen Baihan shouted erratically.

But Yi Tianyun didn't care at all! He immediately drove his fist towards Chen Baihan's head, smashing his head to the ground so hard that everyone was pretty sure it turned to mush!

"Han'er!" The man screamed painfully!

'DING!'

'Successfully killed Chen Baihan!'

'Reward: 192 billion Exp, 5.5 Million CPs, 150.000 SPs, Heavenly Flow Secret Art, Fleeting Cloud Spear, Burst Sword, ...'

The reward was amazing, but it was obvious for Yi Tianyun as he was on an entirely different level now!

“You actually killed my son! You just made a huge mistake there!” The man from earlier was furious as he looked at Yi Tianyun, full of killing intent.

“I made a mistake? He agreed to the duel, so there’s no mistake according to the rules of Heavenly Edict Divine Territory! You can’t blame me for killing him!” Yi Tianyun said coldly to the man, not showing a shred of fear at all!

Chapter 916

Chen Baihan’s father himself wasn’t that strong either compared to his son. His cultivation base was at the 4th Layer Earth Monarch level, only two levels apart from his son! However, while the 2nd Layer Earth Monarch level had around 20.000 Star Power, the 4th Layer Earth Monarch had around 40.000 Star Power! There was actually a huge difference in power despite the small gap!

However, it was only a rough estimation. There were still many things that had to be considered, like the Martial Arts, weapons, and skills at their disposal! A High-Grade Rebirth Level Martial Arts, like Crazy Heaven Secret Art was a good example as it easily doubled Yi Tianyun’s power without much effort, and Yi Tianyun wasn’t even using its full potential!

This is a High-Grade Rebirth Level Martial Art! It went without saying that it easily overpowered all other Martial Arts with a weaker grade!

‘DING!’

‘Successfully completed side quest ‘Through the assessment of the Selection! Complete the Advance Level difficulty selection.’

‘Reward: 150 billion Exp, 5 million CPs, 5 million Mastery Points.’

Yi Tianyun got a lot of rewards! He would be able to breakthrough in no time! The reward from killing an Earth Monarch cultivator was better, but Yi Tianyun couldn’t feel disappointed by his side quest reward.

Chen Li, Chen Baihan's father rushed toward Yi Tianyun while yelling profanity. He didn't attack Yi Tianyun right away as he knew he couldn't break the rules! If he attacked Yi Tianyun, it would be considered as fighting among the Heavenly Edict Divine Territory member, and he would be punished severely!

"I want to challenge you to a duel! Fight me!" Chen Li shouted. He looked at the remains of his son, and he immediately got even more furious as he saw that Chen Baihan was barely recognisable. Although the duel vow stated that Chen Baihan wouldn't hold Yi Tianyun accountable for his death, it was all bullshit!

Chen Li still held Yi Tianyun accountable for Chen Baihan's death! The vow clearly meant nothing to Chen Li! Even so, there was no rule stating that Chen Li couldn't issue another Duel for himself!

The entire crowd started murmuring as they were surprised that Chen Li would go this far to avenge his son. After all, people knew that he was on 4th Layer Earth Monarch grade, far too powerful for a human that hasn't even hit the Earth Monarch Level.

But Chen Li didn't care! He realised that his son was caught off-guard, but he would come prepared this time! He had to kill Yi Tianyun to avenge his son. That is the only thing Chen Li could think about right now!

"Sure! I already killed the small one. Now I am ready to kill the big one! Still, before you made your vow, are you ready to be humiliated by someone with a lower cultivation base?" Yi Tianyun said mockingly.

"Just accept the duel!" Chen Li shouted furiously.

"No, I am not interested!" Yi Tianyun said as he reached out for Chen Baihan's token to take Chen Baihan's contribution for himself. Yi Tianyun got 500 Contribution Points from Chen Baihan's Token, and he cast the token aside immediately. There should be a few treasures inside Chen Baihan's token, but Yi Tianyun didn't really care about it. The only thing that he needed right now was the Contribution Points alone.

"Hey, I got 500 contribution points!" Yi Tianyun casually said while ignoring Chen Li. Yi Tianyun then walked towards the middle area as he wanted to see if he could get some treasure from there too. He

couldn't take another assessment in the Advanced Area as each cultivator could only get one treasure in each area!

"Only a man who will stand before me!" Chen Li shouted furiously.

"I am a man. What do you want?" Yi Tianyun asked indifferently.

"Only a man would fight me right now!" Chen Li shouted furiously.

"You are a funny guy! Our cultivation base is too far apart, and you still talk like you are a man? Disgusting creature! Look at yourself in the mirror. Look how embarrassing you are right now!" Yi Tianyun said with a condescending look on his face.

"You better not leave Heavenly Edict Divine Territory's area! If you walk out of Heavenly Edict Divine Territory's area, I will kill you and throw your remains to pigs!" Chen Li shouted furiously.

Although Chen Li couldn't fight Yi Tianyun here, it would be legal as long as Yi Tianyun wasn't inside Heavenly Edict Divine Territory's Area. Furthermore, he could just order the Savage Hunters on God's Domain to hunt Yi Tianyun down later.

"How dare you threaten me with your miserable life! I don't want to fight you because you still have to bury your son! But now, you are pushing my patience to the edge! If you want to die so badly, then fine! I will accept your pathetic duel!" Yi Tianyun said angrily. Yi Tianyun wasn't pleased with any kind of threat from anyone, and thus he was determined to kill Chen Li.

"Then make your vow!" Chen Li shouted furiously. He then chanted his vow like what Chen Baihan did earlier, and Yi Tianyun followed immediately.

Chen Li immediately roared, and Heaven Breaking Bloodline immediately displayed its power! A 'Broken' word appeared on Chen Li's forehead, and his Combat Power immediately skyrocketed from 40.000 Star Power to 80.000 Star Power!

However, that wasn't all as he pulled out two more gloves from his token and immediately put them on before rushing towards Yi Tianyun.

"God Breaking Fist!" Chen Li shouted as he showed an incredible killing intent. He also used his Low-Grade Rebirth Level Martial Art, so his combat power increased further and reached 100.000 Star Power!

He just lost his son, and thus he refused to let his opponent, the one who killed his son, have a chance!

Meanwhile, the crowds began to murmur as they didn't understand why Yi Tianyun accepted the duel this time. Was it just arrogance? Or was he confident that he could beat Chen Li?

Chapter 917

Chen Li's power rose far beyond what Yi Tianyun showed earlier, so everyone began to think that Yi Tianyun wouldn't have any chance of winning this time.

Yi Tianyun raised his head as he noticed that Chen Li reached 100.000 Star power. It was enough to destroy the Three Realms to pieces!

As for Yi Tianyun, he wouldn't be able to reach this height using any normal means. His combat power's basic value was only 7.000 Star Power. He could increase it with his 8X Combat Power, but it would only reach 56.000 Star Power! This was the gap in their Cultivation level. It couldn't be easily mitigated with the High-Grade Rebirth Level Martial Art like what Yi Tianyun had right now!

The crowds didn't think Yi Tianyun could win because Chen Li's power was far beyond Yi Tianyun's raw power! Then again, they still didn't know the extent of Yi Tianyun's power!

"Crazy Damage Mode, activate!" Yi Tianyun said casually, and in an instant, the 32x Combat Power effect activated, and Yi Tianyun's combat power instantly rose through the roof! It reached 224.000 Star Points easily!

The terrifying aura that wafted through the air was prominent! Chen Li instantly felt that he wasn't facing a Star Monarch Aura but a Peak Level Earth Monarch Aura!

“Now you die!” Yi Tianyun said as he immediately punched Chen Li from afar! Chen Li was blasted by the force of Yi Tianyun’s punch and couldn’t defend himself! The impact of Yi Tianyun’s fist was unblockable! Chen Li squirmed on the ground as he received blows after blows from Yi Tianyun!

“Go to hell and reunite with your son! I hope you both won’t be a douchebag anymore in your next life!” Yi Tianyun said as he slammed Chen Li once more to the ground. Yi Tianyun kept attacking and stomped Chen Li to the ground to top it off!

Blood splattered on the ground where Chen Li fell. The amount of damage that he received from Yi Tianyun was unimaginable!

‘DING!’

‘Successfully killed Chen Li!’

‘Reward: 25 billion Exp, 6.5 million Cps, 300.000 Sps, Breaking Divine Secret Art, Heaven Breaking Gloves, Heaven Breaking Bloodline.’

Yi Tianyun even got Heaven Breaking Bloodline from Chen Li this time, but he didn’t use it immediately. After all, Yi Tianyun didn’t have any interest in using a disgusting bloodline from the start!

However, he did get a lot of Exp and items from killing this father and son combo. Should he give the Heaven Breaking Bloodline to one of his Divine General? Or should he just absorb it and use it to strengthen his Dragon God Bloodline?

But he couldn’t just do it without any planning as it could be disastrous for him. He could accidentally delete Dragon God Bloodline if he just merged it with another bloodline without thinking. After all, the stronger bloodline would persist while the weaker one would be absorbed!

The Dragon God Bloodline was at rank 13th on the God’s Domain Bloodline Leaderboard. It was still higher than Heaven Breaking Bloodline. As for Phoenix Bloodline, it was ranked 14th, right below Dragon God Bloodline! It was unexpected that the strongest bloodline in the Three Realms wasn’t even in the top 10 on God’s Domain!

In the meantime, the crowd fell silent once again as they couldn't believe what they just witnessed! No one here thought that Yi Tianyun would kill Chen Li so easily! Even Dongfeng was watching in horror. He did cross the line and ridicule Yi Tianyun earlier. Was it his turn next?

"He can't be a Star Monarch cultivator! Is he hiding his real cultivation base?" the crowds murmured among themselves.

"No, I can clearly feel his Star Monarch Aura. There is no way I was wrong about it!" another cultivator said confidently.

They all started to think that Yi Tianyun was hiding his true power, that he was setting a trap for those who bully the weak! Otherwise, there was no way he could easily kill a cultivator that was clearly a lot stronger than himself!

Meanwhile, Yi Tianyun was ignoring all of them as he deemed it unimportant. He kept walking towards the middle area to get his Mid Grade Rebirth Level Treasure! He has cleared the High-Grade Rebirth Level's assessment, so there was no reason for him to stay there.

Yi Tianyun entered the assessment area immediately, and the people from the area were surprised that Yi Tianyun still wanted to take another assessment after killing Two Earth Monarch cultivators! They began to speculate about Yi Tianyun's identity as there was no way Yi Tianyun was a real Human Race cultivator!

"He is the new Human Race cultivator that joined the Core Palace!" A cultivator said to confirm Yi Tianyun's identity. Everyone who saw Yi Tianyun was in awe as they couldn't believe how powerful Yi Tianyun really was!

The story about Yi Tianyun breaking the record everywhere began to spread! From breaking the record of the God's Domain Assessment and Welcoming Ceremony, breaking both Nian Ciyu's record!

Had they heard it earlier, they wouldn't believe it at all! But now that they have seen how powerful Yi Tianyun was, they couldn't deny those rumours anymore! The story about Yi Tianyun's prowess that attracted 2 Elders at once didn't even sound impossible anymore.

“If Chen Baihan were still alive, he wouldn’t dare to provoke such a strong person like this!” Dongfeng said as he shivered in fear.

Yi Tianyun’s feat alone could overwhelm anyone that heard it! There was no way anyone could win against a genius like Yi Tianyun without having overwhelming advantages!

Chapter 918

The cultivators that witnessed everything were shaking as they saw how terrifying Yi Tianyun’s power was! They didn’t believe it at first, but they could no longer deny Yi Tianyun’s strength as the proof was right in front of their eyes.

It couldn’t be helped if they had a hard time believing that Yi Tianyun could kill 2 Earth Monarch Cultivators right after he got the Crazy Heaven Secret Art!

“What the hell happened here?” a familiar face showed up, and it was Zhou Runjie, who clearly didn’t like Yi Tianyun judging from his attitude earlier.

“Senior Brother Zhou!” Dongfeng said as he saw Zhou Runjie walk towards the center. “Senior Brother Zhou, is that human really the one who was recently accepted into the Core Palace after setting a new record?” Dongfeng nervously asked as he pointed his finger towards Yi Tianyun, who was already at the entrance of the Mid-level area.

“Yes, that is him! He broke two records, and he was indeed the new addition to the Core Palace! I don’t know what he is doing, but I didn’t expect him to choose the Mid Level Area, spineless creep!” Zhou Runjie said scornfully. He didn’t know that Yi Tianyun had already passed the Advanced-Level Area assessment as he wasn’t there to witness it earlier.

“Senior Brother Zhou, he actually got the Crazy Heaven Secret Art and killed two Earth Monarch cultivators after that! He killed Chen Baihan and Chen Li!” Dongfeng said nervously. Zhou Runjie was instantly stunned after hearing Dongfeng’s word. He didn’t know what to say at this point as he didn’t expect Yi Tianyun to be that strong!

Zhou Runjie couldn’t even process what he had just heard as it was too much to take in! Now, Zhou Runjie’s chance of actually fighting Yi Tianyun was as good as gone since he wouldn’t stand a chance against Yi Tianyun if even Chen Li couldn’t beat Yi Tianyun!

“How could a Human be so strong! This is impossible!” Zhou Runjie said in disbelief. Furthermore, Yi Tianyun also got the Crazy Heaven Secret Art which was notorious for being the most difficult item to obtain! It was the most valuable treasure in the Advanced Level Area. It was even harder to get than the Heavenly Edict Divine Art!

Heavenly Edict Divine Art required 13.000 Secret Art Tokens to redeem, while Crazy Heaven Secret Art required 15.000! That was enough to compare how far the difference between the two really was! It was because of this difference, too, that Yi Tianyun chose Crazy Heaven Secret Art instead of Heavenly Edict Divine Art. He thought that the more expensive it was, the better!

Yi Tianyun immediately meditated as he had already found a treasure that he wanted from the Mid Level Area, and he didn't want to waste more time here.

It was shocking for everyone on the scene as Yi Tianyun easily cleared the Mid Level Area without any trouble at all. Yi Tianyun got the Sky Dawn Divine Spear, a Middle-Grade Rebirth Level long Spear that actually had decent power. He gently swung the spear to test out its power and smirked in satisfaction.

Yi Tianyun then walked towards the Low-Level Area as he wanted to take his final treasure from this place. This was his chance to get a Rebirth Level Treasure, and thus Yi Tianyun wouldn't miss any of it!

Although he already used up all of his Selecting Secret Art Token, he still had thousands of contribution points that he could exchange for the Selecting Secret Art Token. In fact, Yi Tianyun also used Chen Li's contribution point for the assessment on the Mid Level Area earlier! He didn't have enough Selecting Secret Art Token to take the assessment earlier, and thus he put the contribution that he got after killing Chen Li to good use.

“Is killing really the easiest way to gain wealth in this place, after all?” Yi Tianyun said as he sighed dejectedly. He didn't like to kill people, but everyone seemed to be asking for trouble! If they didn't provoke Yi Tianyun, then he wouldn't kill them! He wouldn't even resort to violence at all!

He would just mind his own business and complete his quest quietly without hindering anybody else. Yi Tianyun squinted his eyes as he saw Zhou Runjie not too far from the Mid Level Area gate. Zhou Runjie was immediately drenched in a cold sweat and took a step back as he was afraid that Yi Tianyun would fight him too!

But Yi Tianyun was too lazy to mind Zhou Runjie, so he walked away towards the Low-Level Area and immediately entered another assessment after choosing the treasure he wanted.

The cultivators who were in the Secret Art Palace were shocked as they had never seen anyone who managed to get each treasure from each area without any problem on their first try! No one ever managed to pull this off. In fact, no one even bothered to try!

Only after half an hour did Yi Tianyun awake from his meditation, and he got another treasure in Low-Level Area! It was a Low-Grade Rebirth Level Weapon nonetheless.

“Sweet! I finally leveled up!” Yi Tianyun said as he finally reached Star Monarch Peak Grade after the final assessment. Yi Tianyun immediately turned around and left the Secret Art Palace as he didn’t have anything else to do in this place.

“Young Master Yi, wait a moment! I have a message for you from Elder Yu, he said that they would await you at Heavenly Edict Divine Star!” A middle-aged man came over and stopped Yi Tianyun.

“Alright, I will follow your lead.” Yi Tianyun said as he motioned for the middle-aged man to lead the way to Heavenly Edict Divine Star. He knew that he would have to visit Heavenly Edict Divine Star sooner or later as it was the Imperial City of Heavenly Edict Divine Territory!

But compared to the usual Imperial City on Mortal Domain, the Imperial City on God Domain was invitational only! Those who weren’t invited wouldn’t be able to enter in the first place.

Only the deacons and the elders could come and go as they pleased there! But it seemed Yi Tianyun would get the invitation faster than he should be as he was the disciple of two elders at the same time! Indeed, he had other grand feats he managed to accomplish too, but that was for another time! For now, Yi Tianyun chose to follow the deacon that would guide him to the Imperial City first.

Meanwhile, the other cultivators at Secret Art Palace began talking about Yi Tianyun as they saw Yi Tianyun was being led towards Heavenly Edict Divine Star, which propelled Yi Tianyun’s reputation to the maximum!

It wouldn't take long for the majority of Heavenly Edict Divine Territory cultivators to hear about Yi Tianyun's feat and spread it to the other God Domain! It couldn't be helped as almost everyone thought all of Yi Tianyun's feat were impossible to pull off!

People immediately doubted that anyone could break Yi Tianyun's record as even accomplishing what Yi Tianyun did was deemed impossible in the first place.

"I don't think I want him as an enemy!" Dongfeng said as he looked at Yi Tianyun before leaving. What used to be mockery turned into fear in a quick second! He knew that if he ever provoked Yi Tianyun, he wouldn't live for long after!

Chapter 919

Yi Tianyun followed the Deacon to the Teleport Array that would transport them to Heavenly Edict Divine Star. Each palace had its own teleportation Great Array connected with Heavenly Edict Divine Star, so Yi Tianyun didn't have to walk too far to get there. But clearly, the Teleportation Great Array itself wasn't eligible for public use, except for special occasions.

However, there were some planets that still didn't have this Teleportation Array as a lot of these planets haven't been developed yet. God Domain was a big place, so it was a given that many of these areas hadn't been explored yet.

Although it was called Heavenly Edict Divine Territory, the area itself wasn't really bordered whatsoever, so people just had to figure out that they were inside Heavenly Edict Divine Territory. There was no clear sign of the territory border itself! It would take too much effort to create a definitive border for the God Domain as it would take a lot of time and resources to do so.

"This is the Imperial City of a God Domain?!" Yi Tianyun said as he noticed the flow of Star Power in Heavenly Edict Divine Star was different than the flow of Star Power in the other areas of God Domain that he had visited. It was much more intense and constant!

Yi Tianyun used his Appraisal Eye to check the difference between the Imperial City and the other areas, and he immediately noticed that a huge Star Stone Vein was below the ground, creating a huge flow of Star Power on the surface.

Yi Tianyun also noticed that around the Teleportation Great Array, there were a lot of 5th grade Spirit Grass blooming! This was quite a spectacle as it was a huge treasure on Mortal Domain, but that didn't

seem to be the case here on God Domain. It looked like the Spirit Grass was just decorative flowers here.

“Show me your Token!” A guard intercepted them and asked for their ID Token. The Deacon immediately handed over his Token and signaled for Yi Tianyun to do the same. Yi Tianyun took out his Token and handed it to the guard. The guard immediately inspected Yi Tianyun’s Token while Yi Tianyun inspected them with his Appraisal Eye himself! He noticed that the guards were at the 2nd Layer Earth Monarch level, which was amazing considering their position as a guard!

“You may enter!” The guard said as they returned the Token respectively and cleared them to enter the city. No matter who the cultivator was, they had to show their Token for inspection to enter the Imperial City, but this was not an absolute rule as the Territory Lord didn’t have to show his Token, which was also the case for several high ranking elders.

This law was made to prevent counterfeiting or disguise as this kind of problem had occurred in the past! Meanwhile, Token couldn’t be faked! The guard would immediately notice something was wrong if the Token showed discrepancies!

As Yi Tianyun followed the Deacon and walked through a luxurious hall, Yi Tianyun saw that the Star Stone was used as decoration everywhere, and he also saw many guards were patrolling the vicinity even though there weren’t that many cultivators coming.

Usually, for a place this big, it would be obvious that the Palace Lord would also stay here, and surely, the maid would also be here to serve their masters. Palace Lord would be in the same status as the Elders, but they had more privileges as they also led a Palace of their own.

This was the exception that was stated earlier. Although the Imperial City had strict rules, the Territory Lord and the Palace Lord were the exceptions! Other cultivators could only come here if they were invited and called by the Territory Lord or the Palace Lord!

The Deacon that guided Yi Tianyun himself was simply there to guide Yi Tianyun to the Territory Lord. Otherwise, he wouldn’t be here either.

After passing through several corridors, they finally arrived at a special passageway where two 4th Layer Earth Monarch guards stood guard on each side of the passage.

“I bring Young Master Yi that Elder Yu asked.” the Deacon hurriedly introduced Yi Tianyun to the two guards.

“Show me your token!” The guard asked for Yi Tianyun’s Token. Yi Tianyun handed over his Token for inspection, and the guards immediately nodded before giving it back to Yi Tianyun. “You may go in!” The Guards said solemnly.

“This is where we part ways, young master Yi! You can meet Elder Yu at the end of the passageway. My job here is done!” the Deacon said respectfully. Yi Tianyun nodded as he knew that only the invited person could enter. Yi Tianyun then immediately walked inside. He saw many divine runes that served as the defensive mechanism of this place. It would surely activate if anyone harbored any hostility here!

Yi Tianyun doubted that the Territory Lord would actually experience an assassination here, but there was nothing wrong with being a little bit cautious. But still, the security here was a little bit excessive, in Yi Tianyun’s opinion.

After passing the long passageway, Yi Tianyun finally saw the light again along with a middle-aged man sitting on the throne in the middle of the room. Yi Tianyun turned his attention to the side and saw several other cultivators. Their attention was solely focused on Yi Tianyun as he just came out of the passageway.

Yi Tianyun even saw Nian Ciyu and Gu Yurong among the cultivators. Yi Tianyun raised his head and immediately assessed the Territory Lord in the middle!

Heavenly Edict Territory Lord: Heaven Monarch Peak Stage, with Heavenly Edict Divine Power and Heavenly Feather Bloodline. Ranked 10th on the entire God Domain! Martial Art: Heavenly Edict Divine Art, Crazy Heaven Secret Art, Heavenly Edict Tyrant Body. No Weakness was detected. Combat Power: 1.2 million Star Points.

Yi Tianyun blinked several times as he noticed how far apart their cultivation was. He had never seen anyone with a combat power that high before! Yi Tianyun really had to pick up his pace!

Chapter 920

“Pleasure to be here, Territory Lord!” Yi Tianyun said respectfully. He knew that the Territory Lord was the strongest cultivator here on Heavenly Edict Divine Territory. He had to mind his attitude around him as he couldn’t disrespect such a strong figure like this without any good reason.

“Are you Yi Tianyun?” Heavenly Edict Territory Lord said as he assessed Yi Tianyun from top to bottom.

“Yes, that is me, Territory Lord!” Yi Tianyun said honestly.

“You are so young! It is amazing for such a young cultivator to be that strong!” Heavenly Edict Territory Lord said with a smile on his face. “I received a news that not only did get your hands on the Crazy Heaven Secret Art but also received 2 more treasures from each lower-level Rebirth Grade area. You also killed a 4th Layer Earth Monarch after that, too, right? Aren’t you a little troublemaker?” Territory Lord said with a smile on his face.

Everyone else in the room looked at each other with surprise as they didn’t know about this information beforehand. Crazy Heaven Secret Art, other treasures in Rebirth Grade level, and also killing a 4th Layer Earth Monarch on top of that? It was a really impressive feat for someone that just joined the God Domain!

“Little Yi, your cultivation is at 8th Layer Star Monarch, right? How can you kill a 4th Layer Earth Monarch with that kind of cultivation base?” Yu Yanglong asked as he was surprised to hear Yi Tianyun’s new achievement. He didn’t know that he was about to teach a super genius!

“Well, they underestimated me too much! I just got lucky that I could overpower them before things got messy!” Yi Tianyun said modestly.

“You got a lousy enemy! They are too complacent to underestimate a person of your stature! But still, your cultivation isn’t even 8th Layer Star Monarch, but you are already at Star Monarch Peak Level! Even then, the cultivation base is still too far apart! Your ability must be quite impressive! It is hard to believe that you are originated from Mortal Domain!” Heavenly Edict Territory Lord said with a slight hint of amazement in his voice.

Yu Yanglong and the people who knew of Yi Tianyun beforehand were startled by Heavenly Edict Territory Lord’s word! They knew Yi Tianyun was an 8th Layer Star Monarch Cultivator, but now he

suddenly got to Star Monarch Peak grade? As an elder, Yu Yanglong rarely made an error in his judgement, but he knew that the Territory Lord wouldn't mistake things like this at all!

Basically, they couldn't believe that Yi Tianyun have breakthrough twice in only a week worth of time!

"I can assure Territory Lord that I am indeed from Mortal Domain, and I only joined God Domain under Heavenly Edict Divine Territory's banner!" Yi Tianyun said confidently. Many people could testify to Yi Tianyun's statement as many of them saw Yi Tianyun in the first assessment when they came to God Domain's territory, which was the process of converting the Spiritual Energy inside their body into Star Energy!

"I am sure no one doubts it, but it's just incredible! I never expected a super genius would be born on Mortal Domain! Just take a look at Elder Nian over there!" Heavenly Edict Territory Lord said as he looked over to the Beautiful Young Lady on the side, which was Nian Ciyu herself.

Nian Ciyu smiled as she looked over at Yi Tianyun. She already reverted her appearance, completely different than when Yi Tianyun saw her earlier. Her appearance right now was like a fairy, glowing with the smallest hint of light! But the thing that made Yi Tianyun a little bit surprised was that she had already received the Elder title, and maybe, she would even receive the title of the next Territory Lord!

No one would truly think at the first time meeting Nian Ciyu that she also came from Mortal Domain, but she clearly wasn't a Human Race, but the more powerful Heavenly Feather Bloodline! In short, she was from the same race as the Heavenly Edict Territory Lord himself! But Yi Tianyun was truly a Human Race, which was why the people in God Domain still found it hard to believe!

"Well, it doesn't matter! The two elders have informed me about you, about your feat of breaking Elder Nian's personal record!" Heavenly Edict Territory Lord said with a smile on his face.

"He did well, my lord! I didn't hold anything against him for breaking my records! I am happy that Heavenly Edict Divine Territory gets a genius like him as an addition." Nian Ciyu said as she smiled warmly.

Yi Tianyun smiled as he looked down to the ground. He knew that Nian Ciyu wasn't exactly telling the truth as he already knew that Nian Ciyu secretly went and looked for him earlier. Yi Tianyun wasn't quite

sure how Nian Ciyu truly was in terms of personality, but he believed that Nian Ciyu wasn't as straightforward and modest as she let on.

"Elder Nian sure is broad-minded! But now, let's move on to the main topic! Have you heard about God Domain's War Of Ascension?" The Territory Lord asked Yi Tianyun.

"God Domain's War of Ascension? I have heard some rumours about it, Territory Lord!" Yi Tianyun said honestly. He had already heard that most 1st Grade God Domains would select their elite cultivators for a major battle that would be judged by the 2nd Grade God Domain. The winner of this battle would be chosen to join the 2nd Grade God Domain! It was a battle to select new disciples and sort out the best disciple for the God Domain!

Mainly, the 1st Grade Domain received many cultivators from the Mortal Domain, and through the process of selection, the best out of these cultivators would certainly be selected to join the higher grade God Domain, which was the 2nd Grade God Domain! The 2nd Grade God Domain was surely more prestigious than the 1st Grade God Domain as they would have a higher Star Energy density, much more powerful Bloodline, and Martial Arts!

The 1st Grade God Domain was there to provide a fresh Bloodline for the 2nd Grade God Domain! If the 1st Grade God Domain provided a good cultivator, the 2nd Grade God Domain would surely give them the rewards worthy of their trouble.

"If you already knew about it, then things should be easier to explain! The God Domain's War of Ascension would be held 5 years from now! Now there aren't that many candidates from our God Domain, but at the very least, you two are our hopes now!" Heavenly Edict Territory Lord said as he pointed to Yi Tianyun and Gu Yurong.

"Mastering the Demon Fire is already impressive enough, and thus we are focusing our resources on both of you! While the two elders would personally teach you two, Elder Nian would be there to offer some pointers too! You have to quickly breakthrough to Earth Monarch Rank! If you fail to reach the Earth Monarch Rank, you can't participate in the God Domain's War of Ascension!" Territory Lord said solemnly.

Yi Tianyun immediately nodded his head as he now had a goal and that was to partake in the God Domain's War of Ascension! The minimum cultivation base was the 1st Layer Earth Monarch, which was right around the corner for Yi Tianyun right now!
