Chapter 931

Everyone outside immediately felt the terrifying power that Yi Tianyun released, the power that rivaled a Heaven Monarch cultivator's! They were eager to see what was really happening inside the Slaughter God Array as it seemed something exciting was happening.

"Did someone start a fight inside? Who is it? This is definitely a Heaven Monarch Level power!" A Heaven Monarch cultivator said on the side. They couldn't see what happen inside the Slaughter God Array as the Murderous Aura that could was visible to the naked eyes hindered their vision, but none of them thought that powerful aura came from Yi Tianyun. After all, there was no way an Earth Monarch cultivator would have that much power!

"I hope you're alright in there!" Nian Ciyu said as she gazed at the Slaughter God Array. She was confident that Yi Tianyun should be fine, but now that a Heaven Monarch level aura was detected inside, she became worried that something did happen to Yi Tianyun! After all, a Heaven Monarch cultivator could easily kill an Earth Monarch cultivator.

No one noticed that the powerful aura they felt actually came from Yi Tianyun all along. Since, they couldn't see what happened inside the Slaughter God Array, they had no choice but to guess.

"I didn't expect to fail! This is truly the power of a Heaven Monarch Level!" The Slaughter God Divine General said as he kept absorbing the murderous aura from the surrounding to heal his injuries. As long as the core of his soul was fine, it wouldn't matter if he got injured or not.

"Brat, how can you have such power?" Slaughter God Divine General asked frustratedly. He knew that only Star Monarch cultivators were allowed to enter the Slaughter God Array, so how could a cultivator of this calibre enter?

"You don't have to know about that! You just need to know that you will be dead soon enough!" Yi Tianyun said coldly. "It seemed this Slaughter God Array was built for your reincarnation! Others thought that it was a place of opportunity, but it never occurred to anyone that they were just handing their body over to someone like you!" Yi Tianyun said as he already realised the true nature of the Slaughter God Array.

He already noticed that the Slaughter God Tower itself didn't have any meaning for those in the outside world! It was merely an altar of sacrifices for the Slaughter God Divine General! It was fortunate that Nian Ciyu couldn't complete the assessment, otherwise she would fall into the Body Possession of this Divine General!

Now, Yi Tianyun could just teleport right outside of the Slaughter God Array and leave this Slaughter God Divine General alone as he assumed that the Slaughter God Divine General wouldn't be able to leave this place without a body to possess, but it didn't exactly solve the root of the problem as that Slaughter God Divine General could just possess some other cultivator that came in later!

"You know too much, brat!" The Slaughter God Divine General shouted and a thick murderous aura covered his presence like a thick armor on a body! His combat power rose exponentially to 1.7 million star power! This was higher than Yi Tianyun's combat power even after the bonus from Crazy Damage Mode and Ancient Desolate Set!

But Yi Tianyun already expected as much as this was a place created specifically for the enemy. Yi Tianyun couldn't imagine what would happen if the enemy was at his prime, it wouldn't be an issue to reach 2.5 million Star Power!

Especially if he had to face the Slaughter God himself, then it would be a whole different story!

"Being a smart-aleck is not necessarily good, you know! Still, your body is an excellent vessel for my soul! Your body can withstand an absurd amount of Murderous Aura, which is a perfect vessel for my cultivation method!" Slaughter God Divine General said excitedly.

The Slaughter God Divine General began to walk towards Yi Tianyun and every step he took stirred the murderous aura all around him, further reinforcing his aura. His combat power kept increasing as he walked, but it wasn't as significant as before.

"Are you the one who built this Slaughter God Tower? Is this the birthplace of Body Possession? Is there any other place that serves the same purpose as this place?" Yi Tianyun asked curiously, not showing a shred of fear to the Slaughter God Divine General at all!

"You must be very curious about this, but it would serve you no purpose even if you know!" Slaughter God Divine General said, followed with a smirk. He talked as if Yi Tianyun would be killed soon. He

released his power and his aura covered the area, creating a birdcage that blocked all exits, basically trapping Yi Tianyun with him.

“Well, I don’t think so!” Yi Tianyun said as he raised the Sky Dawn Divine Spear into the air. “You will die soon, so your information still has some value.” Yi Tianyun said indifferently.

“I don’t know how you sneak in here with your powerful cultivation, but there is nothing you can do here! This is my territory and I have a complete control over it! Your resistance is futile!” Slaughter God Divine General shouted as he waved his body and it became several times larger than normal. Now he had a huge red blood axe on his hand, which was actually a High-Grade Rebirth Level weapon.

His combat power rose once again and now it reached 2 million Star Power!

“Your power isn’t bad, but it is useless in front of me!” Yi Tianyun said indifferently. “Level up Crazy Mode!” Yi Tianyun shouted with a grin on his face.

Chapter 932

‘DING!’

‘Successfully level up Crazy Mode!’

‘Crazy Mode effect increased to X64 of the normal value! Consumes 100.000 CPs per minute.’

‘Next level up requires 10 billion CPs.’

The effect scaled really good! It doubled the previous effect of X32 and made it to X64! Yi Tianyun’s Combat Power would increase dramatically with this! Yi Tianyun assumed that the next level up would increase the effect of Crazy Mode into X128! If it were really the case than Yi Tianyun would be the strongest in the end!

‘DING!’

‘New Side Quest [Kill the Slaughter God Divine General! Destroy Slaughter God Tower!]

‘Reward: 100 billion Exp, 5 million CPs, 5 million Mastery Points, 5 million SPs.’

A quest suddenly popped up without any warning, but it was in line with his current goal, which was to destroy the tower so that no other cultivator would fall into the Slaughter God’s traps. Yi Tianyun himself approached the Slaughter God Divine General, and as they were close enough, the Slaughter God Divine General attacked Yi Tianyun with his axe immediately!

The High-Grade Rebirth Level Axe that the Slaughter God Divine General used was swung brutally towards Yi Tianyun, absorbing all the Murderous Aura behind it, resulting in more power on the attack.

“Slaughter God Chop!” Slaughter God Divine General shouted. He didn’t swing the axe with all his might as he was afraid he would destroy the body that he planned to possess. Still, he believed that his attack should be enough to crush his opponent’s fighting spirit!

“If you attack me halfheartedly like this, I am afraid things would end immediately with your loss!” Yi Tianyun said as with a light smile on his face. Slaughter God Divine General didn’t care about what Yi Tianyun said as he thought that Yi Tianyun was only bluffing to buy time!

“I will never lose to the likes of you!” Slaughter God Divine General said arrogantly.

“Activate Crazy Damage Mode!” Yi Tianyun said to himself. In an instant, his power rose exponentially! He had the terrifying Crazy Mode that enhanced his combat power by 64 times and combined with the Desolate Ancient Set that enhanced his combat power by 3 times, he got an overall enhancement of his combat power by 67 times!

The Sky Dawn Divine Spear shuddered as the tip of the spear began to glow brightly! It was the Spear’s sure critical hit ability that further boosted Yi Tianyun’s combat power!

With a simple gesture, Yi Tianyun’s combat power reached 3 million Star Power!

The bright light from the tip of the Sky Dawn Divine Spear actually swept away all the murderous aura around Yi Tianyun, creating a field where the murderous aura couldn't enter!

The Slaughter God Divine General was obviously surprised as he didn't want to get caught with the terrifying power that Yi Tianyun showed, but it was all too late! The Slaughter God Divine General had charged too close toward Yi Tianyun, leaving him with not enough time to react!

Their energy collided and the whole space was caught in a turbulence! It was so violent that the cultivators outside of the Slaughter God Array subconsciously raised their shield to protect themselves from the incoming attack!

But then again, it wasn't an attack that was meant for them! The attack that they braced themselves up to take never came towards them to begin with. The Star Monarch and Earth Monarch cultivators who weren't even able to react to the terrifying energy were stunned and couldn't even come up with a word to describe their fear. Meanwhile, the Heaven Monarch Cultivators were forced to take a several step back as they were overwhelmed by the intensity of the aura.

"It does seem like someone is fighting inside the array!" A Heaven Monarch cultivator said as he looked at the Slaughter God Array cautiously. However, they still couldn't see anything amidst the thick red murderous aura that blocked their vision.

"That is impossible! How could someone fight inside the Slaughter God Array with such an intense Murderous Aura inside?" another cultivator express their disbelief.

At the same time, Yi Tianyun easily overpowered the Slaughter God Divine General. It was nothing difficult ,too! Especially since the Slaughter God Divine General was only at the 1st Layer Heaven Monarch level and not even in his peak condition at all! Furthermore, Yi Tianyun's Crazy Damage Mode that increased his combat power by 64 times might be an overkill!

'DING!'

'Successfully killed Slaughter God Divine General!'

‘Reward: 320 billion Exp, 15 million Cps, 1 million Sps, Slaughter God Secret Art, Slaughter God Great Array, Slaughter God Axe, Slaughter God Ring, Slaughter God Soul!’

‘DING!’

‘Successfully killed an elite enemy!’

‘Reward: 50 billion Exp, 2 million Cps, 2 million Mastery Point, 1x God Domain Lottery Roulette Ticket!’

Yi Tianyun was satisfied with the reward he got this time, but it was unfortunate that he didn’t have any Exp Card on him anymore. Otherwise, he would be able to level up a couple of times with this amount of Exp!

“Wow, I didn’t expect killing a Heaven Monarch cultivator would yield this much Exp!” Yi Tianyun excitedly said despite his frustration that he couldn’t use any Exp Card to boost his Exp gain.

But before he could check for the rewards that he got from the battle, a blood arrow was shot through the air towards Yi Tianyun’s head! He blocked the incoming arrow using his Sky Dawn Divine Spear with a staggering reaction speed!

Yi Tianyun also immediately noticed that the arrow immediately turned into a red murderous aura! With that revelation, there was no doubt in his mind that he got another Divine General that he should fight! But it was to be expected as he knew from earlier notification that there were more than one Divine General.

“I just killed one, but another immediately shows up!” Yi Tianyun said annoyedly. But as soon as he saw that the new Divine general had another High-Grade Rebirth Rank weapon, Yi Tianyun just smirked as he thought that the Slaughter Gods were so rich that they had so many Rebirth Level weapons!

Then again, everything they brought will eventually belong to Yi Tianyun!

“To think that one of the Slaughter God Divine Generals would be killed here. It seems that you aren’t an average cultivator! I didn’t know how you entered this place, but your life shall end in my hands!” Divine General Sha Yue coldly said as he stared at Yi Tianyun. 3 blood arrows immediately materialised once he stood with a firing stance!

“Kill me? so, you don’t want to possess my body like your friend earlier?” Yi Tianyun asked with a smile on his face.

“Your body is indeed a very good vessel to possess, but if it’s not possible, then it is better to kill you right now!” Divine General Sha Yue said coldly. He knew that it would be impossible for him to possess Yi Tianyun’s body as he witnessed that Yi Tianyun could kill a Divine General on his own.

He couldn’t let Yi Tianyun escape as no one would enter the Slaughter God Array if their intention was exposed! If nobody entered the Great Array, their Body Possession Technique would amount to nothing, and they wouldn’t be able to fulfill their goal!

The Slaughter God Array itself was one big conspiracy!

“So, did you think you have a better chance to deal with me than your partner?” Yi Tianyun casually asked as he observed Divine General Sha Yue with Appraisal Eye.

Divine General Sha Yue: 1st Layer Heaven Monarch. Specialist of bow and arrow, powerful enough to kill enemies from thousands of miles away! Combat Power: 250.000 Star Power. Weakness: Fiery Hot Fire!

Divine General Sha Yue’s cultivation base was at the same level as the previous Divine General, which wasn’t particularly that high in Yi Tianyun’s standard. It seemed the Divine Generals couldn’t breakthrough from their current cultivation level because they didn’t have a real corporeal body.

But Divine General Sha Yue immediately launched the three blood arrows on his hand as his answer! However, the arrows’ trajectory suddenly changed. Instead of immediately flying toward Yi Tianyun, they began swinging back and forth in quick succession, creating a huge net made from the Murderous Aura! It seemed Divine General Sha Yue wanted to capture Yi Tianyun first instead of killing him immediately!

Yi Tianyun just smiled and waved his Sky Dawn Divine Spear in the air before it suddenly struck something on his back! The Sky Dawn Divine Spear struck another Blood Arrow that suddenly appeared behind Yi Tianyun!

“Well, you insidious people really love playing dirty! While it seemed like you were attacking from the front, it was just a camouflage for your real attack!” Yi Tianyun said with a smirk on his face. He detected the sneaky arrow with his Spiritual Sense, and with the help of Appraisal Eye, he could detect any anomaly in his surrounding.

“Everything is fair in a war. Didn’t your master teach you about this?” Divine General Sha Yue coldly said as he stared at Yi Tianyun. One thing for sure was he didn’t expect Yi Tianyun to see through his surprise attack, let alone block it!

“I do like that proverb very much!” Yi Tianyun said as he disappeared from his spot. Divine General Sha Yue was startled as he didn’t know how Yi Tianyun suddenly disappeared from his field of view! But the next moment, he felt a chilling sensation from the back of his head! But at that moment, he already noticed it too late! Sky Dawn Divine Spear pierced through his head, nailing his entire soul to the ground!

‘DING!’

‘Successfully killed Divine General Sha Yue!’

‘Reward: 320 billion Exp, 15 million CPs, 1 million SPs, Slaughter God Secret Art, Slaughter God Great Array, Slaughter God Bow, Slaughter God Bracelet, Slaughter God Soul.’

‘DING!’

‘Successfully killed an elite enemy!’

‘Reward: 50 billion Exp, 2 million CPs, 1x God Domain Lottery Roulette Ticket.’

The reward wasn't that much different compared to the reward of killing the previous Divine General, but the amount of Exp he got was not bad nonetheless! Even so, it was still not enough for his next breakthrough! He needed 2 trillion to breakthrough to the 2nd Layer Earth Monarch level!

It definitely would take a long time for him to get such a huge amount of Exp, but it didn't really matter for now as he already attained the strength to fight a Heaven Monarch cultivator!

Still, Yi Tianyun's cultivation was truly remarkable as a normal cultivator would face various problems to breakthrough to the next level, yet he easily got to Earth Monarch cultivation base within a few months!

"Hey, this is not bad for my cultivation!" Yi Tianyun said to himself before he looked around. "Is there any other Divine General who wants to fight me? You better hurry up before I take my leave!" Yi Tianyun shouted to provoke the Slaughter God Divine Generals!

He wanted to force all of them out so that he could finish this Slaughter God Array quickly, but no one answered him at all! The other Divine Generals might be too scared to come out as they saw two of their colleagues die so easily.

"Well, if there is no more enemy, then it is better for me to destroy this Great Array!" Yi Tianyun said casually. Yi Tianyun then looked around as he must find the Array Core first if he wanted to destroy this Great Array. He immediately activated his Heavenly Eyes to find the Array Core more easily.

This Heavenly Eyes was such a convenient skill when it came to finding an Array Core as it could detect the lines which represented the Divine Runes that constituted the entire Great Array. If he followed these lines, he would get to the Array Core easily! It made him wonder, what kind of existence did the Spirit Race come from? He didn't see any Spirit Race in the God Domain yet, but he did see them in the Three Realms. Their Innate Ability, the Heavenly Eyes, was a truly remarkable Innate Ability that any God Domain cultivator would love to have, as its ability to discern the great runes of the God Domain was really convenient!

It was really confusing!

"This revelation just makes me eager to find the Life Crystal much sooner! The Three Realms doesn't have any Life Crystals, but that's not necessarily the case for God's Domain!" Yi Tianyun said as he remembered his promise to find the Life Crystal for the Spirit Race!

For now, Yi Tianyun knew that he ought to finish the task at hand! Destroying this Array Core came first!

Chapter 934

The Slaughter God Array was a big place, and thus, locating an Array Core would be quite arduous. Even if he did find it, destroying it was entirely another matter.

“As expected of a God Domain’s Great Array, it’s really tough! I can only chip it a little bit at a time!” Yi Tianyun said as he pointed his Sky Dawn Divine Spear at the Array Core. His violent aura that came out from the tip of the spear hit the Array Core constantly, but it was hard to even scratch it.

But Yi Tianyun noticed that a small crack slowly built up on the Array Core, and now, the only thing that stood between him and the destruction of the Array Core was time!

“Do I have to level up the God Rune Master to destroy this Array Core faster?” Yi Tianyun wondered. Yi Tianyun was at 1st Grade God Rune Master right now. He already inspected the Divine Runes in this place, and they were at the 3rd Grade God Rune Master level, which meant his current mastery wasn’t enough!

‘DING!’

‘Successfully deduct 10 million Mastery points to level up to 2nd Grade God Rune Master!’

‘Next level up requires 100 million Mastery points.’

Yi Tianyun upgraded his God Rune Master to 2nd Grade just because he could, but it was clear that it helped him chip down the Array Core faster, which was a good thing for Yi Tianyun as he wanted to save as much time as possible!

This was a remarkable feat as the Array Core was made especially durable. After all, if it broke, the Slaughter God Array is basically gone! Nevertheless, it would still take time before it was completely destroyed. It was a 3rd Grade Divine Edict Mark, while Yi Tianyun was still at 2nd Grade God Rune Master!

The God Domain called such a rune as Divine Edict Mark, not a Divine Rune anymore.

Meanwhile, the cultivator outside all felt energy fluctuation from inside the Slaughter God Array. They didn't know what caused such fluctuation, but they assumed that the fight inside the Slaughter God Array must've been over already.

As time went by, eventually, the cultivators chose to meditate around the lounge area as they knew that it was still unsafe to enter the Slaughter God Array. Even so, cultivating inside the Slaughter God Palace itself was good enough.

The Heaven Monarch cultivator that made a bet with Nian Ciyu earlier glanced at Nian Ciyu from time to time as he sensed that he was so close to winning! He thought that there was no way Yi Tianyun could survive the energy fluctuation that they felt earlier!

Nian Ciyu herself constantly frowned as she was worried that Yi Tianyun couldn't withstand the Slaughter God Array! If Yi Tianyun died inside the Slaughter God Array, she only had herself to blame. After all, she was the one who brought Yi Tianyun here!

She knew that Yi Tianyun was the future main force of Heavenly Edict Divine Territory, but if he died here, then the Heavenly Edict Divine Territory's dream of a better standing would be all gone!

Nevertheless, it has only been 6 months since Yi Tianyun entered the Slaughter God Array. She still had some time to spare as she didn't think that Yi Tianyun was dead just yet! The only thing she could do right now was wait!

The time passed quickly, and after a week, a sudden explosion was heard from inside the Slaughter God Array, drawing everyone's attention inside the Slaughter God Palace! They immediately noticed that the Murderous Aura inside the Slaughter God Array began to dissipate and drifted around the Slaughter God Tower.

All of them were surprised as something like this had never happened before! But after the Murderous Aura was completely gone, a familiar figure appeared before them all!

“Hey, we all meet again!” Yi Tianyun said casually. It took him a week to destroy the Array Core. It just went to show how durable the Array Core was!

‘DING!’

‘Successfully destroys 3rd Grade Divine Edict Mark!’

‘Reward: 5 billion Exp, 1 million Mastery points.’

The reward from breaking a Divine Edict Mark was quite a lot! But still, it wasn’t worthwhile to rely on this method to level up.

Meanwhile, the other cultivators who saw Yi Tianyun were still shocked to see that Yi Tianyun was still alive.

“Cultivation Deviation! He definitely has fallen into Cultivation Deviation!” a Heaven Monarch cultivator shouted as he didn’t want to lose the bet! If it turned out that Yi Tianyun had fallen into Cultivation Deviation, he would win!

“Cultivation Deviation? Who are you talking about?” Yi Tianyun asked as he turned around and looked around. There was no one else nearby, so who did the cultivator mean?

Everyone was surprised once again as they knew that those who had fallen into cultivation deviation wouldn’t be able to speak.

“You! Are you okay?” the Heaven Monarch cultivator said as he was surprised.

“Why wouldn’t I be?” Yi Tianyun confusedly asked as he walked toward Nian Ciyu.

“Am I dreaming? We won!” Nian Ciyu smiled happily. Her happiness wasn’t because of winning the bet but due to Yi Tianyun’s safe return!

Meanwhile, the Heaven Monarch cultivator had a big frown on his face as he was forced to take out a Mid-Grade Rebirth Level Treasure! It was really frustrating as he thought he would get a Mid-Grade Rebirth Level Treasure, but he lost one instead!

Nian Ciyu immediately took it and handed it over to Yi Tianyun! "Take this, it's yours!" Nian Ciyu said with a smile on her face.

"Mine? Why? What is this for?" Yi Tianyun was taken aback. He already knew what was going on, as it was clear that they were gambling on his survivability. But then again, he wouldn't refuse a Rebirth Level Treasure like this.

"Hey, the murderous aura is gone! Has the Great Array been destroyed?" A cultivator said as he walked towards where the Slaughter God Array used to stand. The rest of the cultivators were shocked once again as they indeed felt that the Slaughter God Array had already lost its Murderous Aura. The only viable reason why such a thing happened would be the destruction of the Great Array itself!

"Yes, I destroyed the Great Array! Is there any problem with it?" Yi Tianyun said as he didn't deny what he did, but then again, he didn't care about these people's opinions.

"You destroyed it?" the cultivators shouted as they were startled by Yi Tianyun's answer. They all knew how difficult it would be to destroy a Great Array! It was an unbelievable feat to do such a thing! They didn't believe Yi Tianyun could do such a thing, but then again, there was no other explanation to answer all the questions they had right now.

Chapter 935

Yi Tianyun destroyed the Slaughter God Array and that revelation shocked everyone on the Slaughter God Tower to the core!

"You destroyed the Great Array that helps our cultivation?" A cultivator reacted and immediately shouted at Yi Tianyun. In fact, more and more cultivators started shouting as they believed what Yi Tianyun did has caused them a great loss!

Yi Tianyun easily became the public enemy as everyone felt blindsided by his action. They have been cultivating here for a long time and now, they couldn't do that anymore as Yi Tianyun destroyed the Slaughter God Array!

“Each and every single one of you... your unreasonable envy and anger towards me is the undeniable proof of how miserable you are! This Slaughter God Tower is nothing but the Divine General of Slaughter God’s medium to use their Body Possession technique! Once they control your body, does your cultivation still matter?” Yi Tianyun said coldly.

Once again, the cultivators were shocked to hear Yi Tianyun’s word. They immediately looked at the 8 names on top of the wall and one by one they began speculating the truth behind Yi Tianyun’s word.

“Your life means nothing to me, but the Divine General of the Slaughter God went through all the trouble to pick up a fight with me, so I am free to destroy this place!” Yi Tianyun said casually. It also served as a challenge to those who wish to stand against him. Then again, they would just become a fodder for his Experience Points if they chose to stop him.

He knew that destroying the Slaughter God Tower would be arduous, but it didn’t matter for him right now. Furthermore, if these Heaven Monarch cultivators did choose to help him, destroying the Slaughter God Tower would be a lot easier.

“I didn’t expect you to find out the secret of this place, but this makes thing easier! The Slaughter God Tower will be overturned!” Nian Ciyu said surprisedly. She wondered whether she would fall victim to the Body Possession as well if she pushed herself back when she was doing the Slaughter God Array assessment in the past.

“Well, I didn’t want to stand out, actually, but the situation calls for it! Now, can you help me destroy this tower?” Yi Tianyun asked.

Some cultivators who believed Yi Tianyun immediately took his side as they were disgusted and angry upon hearing his previous word. They thought that the Slaughter God Tower was a loathsome place that tried to take advantage of their power! And once they heard that Yi Tianyun wanted help to destroy the tower, they immediately rallied behind him.

“Yes, we will help you! We have to destroy this detestable place!!” the cultivators all agreed under one voice.

And so, the cultivators inside the Slaughter God Tower began smashing the walls and destroying everything inside the Slaughter God Tower. The entire tower began to shake due to the damage caused by the cultivators, but suddenly, the murderous aura enveloped the entire tower! The tower gate immediately closed and trapped everyone inside.

The crowd immediately turned their attention towards the gate and found that there were 5 Heavenly Monarch cultivators standing at the gate, looking down on them.

“I didn’t expect them to come out these soon, but why only 5 of them? Where are the other 3?” Yi Tianyun said as he observed each Heavenly Monarch cultivator who blocked the gate with his Appraisal Eye. He noticed that the strongest of them was at the 5th layer Heaven Monarch stage, while the weakest is at the 2nd Layer Heaven Monarch stage!

Possessing a person’s body through a Body Possession meant that the Divine General’s cultivation level would change according to the body they possessed, so they had to cultivate again. It was reasonable to think that the Divine Generals couldn’t cultivate the body fast enough to regain their peak strength.

“You don’t have to know where our other brothers are! This is the first time in history that someone actually kill a Divine General! You will pay for this!” Divine General Sha Long said as he looked at Yi Tianyun coldly. The murderous aura from all directions immediately shrouded the 5 Divine Generals’ body.

“You don’t have to dirty your hands, brother! I will take care of them myself! I didn’t expect our plan would get ahead of schedule like this!” Divine General Sha Chen said with a big smile on his face. There wasn’t a slight sadness on his face even though his companion has just died earlier.

After listening to their conversation, people immediately realised that these cultivators already made a certain degree of preparation according to their plan from a long time ago, and now they had to improvise just because of Yi Tianyun! Although they didn’t mind fighting these people, they had to admit that the pressure coming off from them was quite intense!

“Do you think you can deal with us with only five people?” A Heaven Monarch said coldly. They had a dozen Heaven Monarch on their side and it should be enough to defeat merely 5 Heaven Monarchs. They knew that the Earth Monarch and Star Monarch cultivators wouldn’t stand a chance against these people and that was why they didn’t force them to join the fight.

This was a basic rule in God Domain, a Heaven Monarch battle was only for other Heaven Monarch! It was basically useless to ask for help from other cultivator below that stage!

“Oh, did you think a garbage like you can overpower us with your sheer number? We kill Heaven Monarch cultivators like you for fun! Furthermore, this is our territory, you wouldn’t be able to overpower us in here no matter what you do! You will become the ground fertilizer here!” Divine General Sha Long said coldly.

It hit Yi Tianyun as he immediately snapped. Was those who died inside the Slaughter God Array buried underground instead of disappear? But it made sense! The murderous aura usually wouldn’t generate without a pile of bodies and considering how intense the Murderous Aura here was, it only made sense that the bodies were piled up underground!

This Murderous Aura was great for the Divine General Slaughter God as it increased their power tremendously, but it wasn’t good for normal cultivators!

This place was surely a big conspiracy!

Chapter 936

The Murderous Aura inside the Slaughter God Tower was getting more intense, almost enveloping everything inside and trapping everyone. If the concentration of the Murderous Aura kept building up like this, it would be hard for Yi Tianyun’s side to fight! They would be distracted as they ought to balance their aura to make sure that they wouldn’t fall to Cultivation Deviation!

If that happens, Yi Tianyun’s side would lose as the Heaven Monarch would lose the battle! Nevertheless, they had to win this battle as they couldn’t escape the Slaughter God Tower without getting past this Divine General.

The Heaven Monarch looked at each other in dismay as neither of them has ever worked together before. Although they have numbers, they didn’t have any understanding of each other’s power to work together efficiently.

“It’s time for you all to die!” The Divine Generals shouted with a smirk on their face. the Murderous Aura covered them entirely, absorbing them into the Murderous Aura itself! It just went to show that Yi Tianyun and the cultivators around him were on their world!

“Be careful and stay next to me!” Nian Ciyu said hurriedly as she grabbed Yi Tianyun and dragged him to her side. She already took out a High-Grade Rebirth level long whip with and she was ready to go all-out from the get-go to the point that her aura vaporated any Murderous Aura around her!

Her cultivation level wasn't that high, she was only at the 2nd Layer Heaven Monarch level. But in terms of her age, this level of cultivation was more than amazing! Otherwise, the Elders on Heavenly Edict Divine Territory wouldn't treat her respectfully.

“Don't be too nervous, Elder! These are just a few small fries bundled together!” Yi Tianyun said calmly beside her. Unlike the others, he was completely composed.

Still, Yi Tianyun didn't have anything to worry. He could just teleport out if things turned south.

Although he had a feeling that he wouldn't be able to teleport out so easily, he might be able to do so if he just levelled up his teleportation divine ability. Even though it was a Divine Ability, it didn't necessarily mean that it was omnipotent, but it sure had its own merits!

“What are you talking about? Are you still pretending to be a big deal right now? The situation is urgent as it is right now! We can never know what the enemy is thinking and what the enemy's real power is!” Nian Ciyu said as she glared at Yi Tianyun. “We only come here for your cultivation, but I didn't expect us to encounter such a troublesome situation right now! this is the worst!” She said annoyedly.

She felt bitter about the situation as she couldn't contact anyone outside for help her since the Communication Jade Pendant was disabled by the Slaughter God Tower! This was also the reason why the Divine Generals seemed so composed as they knew that no one outside was coming to help.

Yi Tianyun walked away from Nian Ciyu towards the Divine General. He was confident about his own strength, and for now, dealing with 2 3rd Layer Heaven Monarch cultivators wouldn't be a problem for him.

But then again, there was no way Nian Ciyu would believe that!

At the same time, a scream was heard not too far away. Everyone immediately looked towards the sound source, but they couldn't see anything due to the thick murderous aura that blocked their vision.

"Damn it! I can't see anything in this thick fog! Don't stray away from me! it will be troublesome if I lose you!" Nian Ciyu said as he dragged Yi Tianyun back and fled towards the side of the wall. Nian Ciyu knew that she wouldn't be able to escape the Slaughter God Tower, but at the very least the wall would protect her back, so she didn't have to worry about attack coming from behind.

Yi Tianyun frowned as he could just show Nian Ciyu that the Divine Generals were not that big of a deal instead of doing something unnecessary like this. He followed Nian Ciyu just to protect her. Otherwise, Yi Tianyun would've already rushed towards the nearest Divine General!

As for the other people in here, Yi Tianyun doesn't really care that much, they weren't his responsibility anyway!

"Danger!" Nian Ciyu said as she looked around with her cold eyes. She could feel the impending danger, so she knew that someone tried to approach her! Yi Tianyun admired her decision as it was clear that she did have a good sense of crisis. In fact, Yi Tianyun already saw a Divine General coming closer towards them. Yi Tianyun didn't say anything as the Divine General was only at 3rd Layer Heaven Monarch Stage and he could deal with the Divine General on his own.

This Divine General was clearly targeting Nian Ciyu and Yi Tianyun and it was Divine General Tian Chen himself! He held a High-Grade Rebirth Level dagger on his hand, ready to stab Nian Ciyu and Yi Tianyun with it!

"Did you think hiding in the corner will save you?" Divine General Sha Chen shouted from the side. "How could he kill Old Ninth and Old Ten? Did he have some special treasure on him?" He said curiously. He just couldn't believe that Yi Tianyun managed to deal with an expert of his calibre with his current cultivation level. He could observe the Great Array, but he couldn't see clearly earlier!

This was why he thought that Yi Tianyun must've had some sort of special treasure on him that could suppress the soul of the Divine Generals. Otherwise there was no way Yi Tianyun could kill a Heaven Monarch! Divine General Sha Chen clicked his tongue before he blended with the surrounding once again.

Shortly after, he reappeared on top of Nian Ciyu and immediately plunged down, ready to strike Nian Ciyu down, but his effort was foiled as Nian Ciyu sensed the danger coming from above and immediately slammed her whip on top of her head, causing an attack that stopped Divine General Sha Chen completely! Her attack was precise and powerful, clearly much stronger than the other Heaven Monarch cultivators around here.

Divine General Sha Chen himself didn't expect to be stopped like that. Annoyed by Nian Ciyu, he immediately stepped aside, but as he dodged Nian Ciyu attack, another attack came from below and pierced his body in the air as he didn't have any means to dodge the attack.

"Where are you going?" Yi Tianyun said as he smirked at Divine General Sha Chen with his Sky Dawn Divine Spear in hand. Yi Tianyun was glad that Divine General Sha Chen was completely focused on Nian Ciyu as he could easily kill Divine General Sha Chen with one attack without any chance for the Divine General to evade his attack!

Chapter 937

Divine General Sha Chen took a fatal blow from Yi Tianyun but he didn't die immediately! Nian Ciyu, who was right beside Yi Tianyun, was surprised as she didn't expect Yi Tianyun to attack the enemy too! But the most shocking part was that Yi Tianyun's attack itself was powerful enough to fatally injure a Heaven Monarch!

"How dare you!" Divine General Sha Chen shouted as he twisted his body, trying to close his wound.

"Well, well! It seems that my weak attack can kill you in one blow! I can't believe how weak you are!" Yi Tianyun said slyly before swinging his Sky Dawn Divine Spear in his hand, creating a violent power that was blasted towards Divine General Sha Chen! With no means to escape the attack, Divine General Sha Chen screamed before taking Yi Tianyun's attack head on!

'DING!'

'Successfully killed Divine General Sha Chen!'

'Reward: 450 billion Exp, 15 million Cps, 1 million Sps, Slaughter God Secret Art, Slaughter God Great Array, Slaughter God Dagger, Slaughter God Necklace, Slaughter God Soul.'

‘DING!’

‘Successfully killed an Elite Enemy!’

‘Reward: 50 billion Exp, 2 million Cps, 5 million Mastery Point, God Domain Lottery Ticket.’

Their cultivation level is far apart and that is the reason why Yi Tianyun still got the extra reward from killing an elite enemy. But the only thing that matter from that rewards is the God Domain Lottery Ticket!

The murderous aura immediately enveloped Yi Tianyun, but he absorbed it and stored it inside the Item Storage! Since the Murderous Aura could be used to cultivate, it could be stored inside the Crazy Levelling System’s storage for later usage.

But Yi Tianyun was a little curious as he still had the bloody bead that he condensed from the murderous aura earlier. He wondered if he could further reinforce the bead by condensing more murderous aura.

“What? Divine General Sha Chen has been killed!” the other Divine Generals turned their attention towards where Divine General Sha Chen went earlier. They were shocked as it should be impossible for them to lose in terms of strength inside the Slaughter God Tower! This is their territory that gave them power! None should be able to overpower them here!

Their attention was immediately focused on Yi Tianyun as they saw that Yi Tianyun was the one who killed Divine General Sha Chen earlier. At first, they thought that Yi Tianyun was relying on a treasure, but now it seemed the young man was relying on his own strength!

“Impossible! How can a brat be so powerful!? I can sense his aura but it wasn’t supposed to be strong enough to kill any of us! He is just an Earth Monarch cultivator!” the Divine Generals shouted as they couldn’t believe one of them just lost to an Earth Monarch cultivator!

Nian Ciyu herself was also surprised as she saw Yi Tianyun’s attack up close. She couldn’t see what Yi Tianyun did, but she could feel the tremendous power behind the attack! She couldn’t believe that Yi Tianyun could fool a Heaven Monarch’s sense as she knew that Heaven Monarch was sharp and

sensitive to their surrounding, so she thought that Yi Tianyun's attack could be considered as a high level sneak attack!

At this time, she remembered that Yi Tianyun already told her not to worry about the current situation!

"Your cultivation level has reached Heaven Monarch?" Nian Ciyu asked. She sensed that Yi Tianyun's cultivation was at Earth Monarch level, but there was no way an Earth Monarch could have such a dominating power like this!

"Why did you think I already broke through to Heaven Monarch stage?" Yi Tianyun asked with a frown on his face.

"What? So, you only broke through to Earth Monarch?" Nian Ciyu asked for confirmation. If Yi Tianyun really was just at Earth Monarch right now, then it meant that he overpowered a Heaven Monarch with only the strength of an Earth Monarch!

"Let's discuss this topic another time, there are two Divine Generals eyeing us right now!" Yi Tianyun said as he pointed towards the two Divine Generals who were slowly walking up towards them. These two Divine Generals were each at the 3rd Layer Heaven Monarch stage and 4th Layer Heaven Monarch stage. They weren't the strongest among them, but they were fully prepared to attack Nian Ciyu and Yi Tianyun this time.

They were embarrassed by their companion's death. Originally they only wanted to devour these cultivators slowly, but now that one of their companion has died, they had to bring down the perpetrator quickly!

"We have to kill him first! Let's show him what happened if he messes with us! We can't let him do as he pleased any longer!" one of the Divine Generals shouted.

Yi Tianyun knew that he had to be cautious here as his opponents were quite skilled. He also noticed that the Murderous Aura was getting wilder as the Divine Generals got upset. The 2 Divine Generals who walked towards Yi Tianyun and Nian Ciyu immediately got bigger and turned into a giant. Their entire body was red as their body merged with the Murderous Aura.

Those Divine General used their Slaughter God Secret Art! Their combat power immediately increased as their bodies swelled and were strengthened by the Murderous Aura. The 3rd Layer Heaven Monarch Divine General Combat Power stopped at 3.7 million Star Power, while the 4th Layer Heaven Monarch Divine General Combat Power stopped at 4.3 million Star Power!

These Divine Generals' attack power was surely higher than the previous Divine Generals that Yi Tianyun has fought!

Everyone inside the Tower could feel the terrifying pressure that the Divine Generals gave off, including Nian Ciyu herself as her body started shaking from the intensity of the aura.

The power that these Divine General let off was surely stronger than everyone present at the moment!

Chapter 938

Their companion had just died so easily, so they couldn't just watch from their seat any longer! They no longer cared about Yi Tianyun's body anymore as they could just find another body that wasn't so problematic!

"You go get him from that side, I will come at him from the other side! We have to kill him quickly!" The two Divine Generals planned their attack to bring Yi Tianyun down.

"He isn't that big of a deal, is he? Well, his offensive power is pretty good, but it's still weaker than our current power!" the other Divine General said with a puzzled look on his face.

"Didn't you hear what the boss said earlier?" the Divine General said as he was confused by his partner's word. Divine General Sha Long was their boss, the head of the ten Divine General who naturally led them into battle. Divine General Sha Long was the one who shouted that Yi Tianyun had to be eliminated quickly earlier.

Meanwhile, Divine General Sha Long was dealing with the other Heaven Monarch cultivators as some of them had reached 6th

and 7th Layer of Heaven Monarch cultivation stage! So, he had to make sure that they wouldn't become a problem later on.

Although they were in a very advantageous position inside the tower, Divine General Sha Long knew that they couldn't control all the variables! Furthermore, if they used the Murderous Aura too much, they could fall into Cultivation Deviation themselves! Although they used the Murderous Aura as a weapon, they weren't actually immune to the effect of the Murderous Aura!

Meanwhile, Nian Ciyu felt pressured in front of two Slaughter God Divine Generals! She could feel the dominating power from the two Divine Generals to the point that she didn't think she could do much against such strong cultivators like them! But then again, there was nothing she could do except fight the enemy back!

"Are you ready?" Nian Ciyu said as she gripped her long whip confidently. She showed no fear even though she realised that she had no chance of winning. At the same time, she took a Medicinal Pill and prepared herself for a fight! But regardless of the outcome, she had to fight!

"You don't have to do anything, just let me handle it!" Yi Tianyun said as he stopped Nian Ciyu from consuming the Medicinal Pill on her hand.

"I am your Elder, it is my duty to ensure your safety!" Nian Ciyu said as she turned her head towards Yi Tianyun.

"An Elder is a teacher! Furthermore, if you are injured, Heavenly Edict Territory Lord would be very upset! Afterall, Heavenly Edict Divine Territory will be yours in the future!" Yi Tianyun said as he smiled towards Nian Ciyu.

"Well, can't have you face these enemy alone! I will be right by your side!" Nian Ciyu said as she was a little bit startled by Yi Tianyun's words. She remained stubborn even after what Yi Tianyun said as she didn't think he would be able to win alone.

"Of course! You will be here to help me!" Yi Tianyun said with a smile on his face. He didn't say anything else as he knew that Nian Ciyu has made her resolve. However, it didn't matter now as he was already browsing his shop.

"Buy the Evil Demon God Suit!" Yi Tianyun said as he interacted with his system.

‘DING!’

‘Successfully redeem Evil Demon God Suit for 50 million Sin Points!’

Evil Demon God Suit: Level requirement: 80. Can turn into Evil Demon God anytime the suit was equipped. Increase combat power by 200 times, defense power by 200 times, speed by 50 times! After turning into Evil Demon God, all attack will turn into long range attack that would cover a thousand miles. Increase Crit Chance by 50%! Consume 100.000 Cps per minute!

He now had enough Sin Points to redeem the Evil God Suit and it was common sense to redeem such a strong suit!

“Equip Evil Demon God Suit!” Yi Tianyun said, and the system was immediately put to work. His body was immediately covered with a thin layer of armor that had an intricate texture. The armor itself also radiated an unparalleled evil aura that started to erode the ground.

Nian Ciyu suddenly felt there was a sudden change within Yi Tianyun, as if Yi Tianyun has suddenly become even more powerful than he already was earlier!

“Turn into Evil Demon God!” Yi Tianyun said as his body was immediately covered with a black light! A dark power surged into the sky, piercing through the murderous aura that enveloped the tower itself!

The Murderous Aura itself was immediately blown far away after coming into contact with the black aura that came from Yi Tianyun’s transformation, clearing the area from the suffocating murderous aura, clearing the view for Yi Tianyun’s terrifying new transformation!

The black light also had the effect of burning everything it came into contact with, and so, anything it touched turned into ashes immediately, including the murderous aura itself!

Yi Tianyun’s body didn’t swell this time unlike when he used his other suits. Instead, his eyes now became magical-looking and gave off a foreboding vibe to his aura, plus a curving horns on his forehead!

The two big Slaughter God Divine Generals that were rushing towards Yi Tianyun suddenly felt stiff as they feel a foreboding sense that they were about to lose their lives! They stopped moving and took a step back to get away from Yi Tianyun. They felt that an encroaching evil was all around Yi Tianyun right now.

They felt that they would die as soon as they stepped any closer towards Yi Tianyun!

Chapter 939

“Whoa, The Evil Demon God Suit is pretty good!” Yi Tianyun said as he was quite impressed by the power the Evil Demon God Suit gave while Nian Ciyu was shocked! She felt the powerful trembling aura coming from Yi Tianyun, and it was way stronger than before!

This time, the power that wafted off from Yi Tianyun made the air hard to breathe, and it felt like the surrounding area was engulfed in flames that burned everything slowly! She didn’t have a problem breathing, but she was still pressured by Yi Tianyun’s power.

“Is he really a Human?” Nian Ciyu said to herself as she couldn’t believe a human, furthermore, an Earth Monarch cultivator to have this kind of power.

The two Slaughter God Divine Generals hiding inside the murderous aura were trembling from the pressure of Yi Tianyun’s power. Other cultivators were no exception, albeit they were an ally to Yi Tianyun for now. They felt the surge of completely unknown power from afar, and the pressure stopped them on their track!

“What is this? How did that brat get that much power?” Divine General Sha Long said as he was shocked by Yi Tianyun’s power. “We must work together! Support each other and defeat him as a team!” Divine General Sha Long ordered. He must stay cautious here as he knew that he couldn’t defeat a cultivator with such a tremendous power alone.

He knew that he had already made a mistake by letting his companion die one by one earlier, and now he had to make a decisive order to make sure that anyone wouldn’t judge him as incompetent.

“Disintegration!” Yi Tianyun said as he slowly pushed his hand forward. Suddenly, the area in front of Yi Tianyun’s palm was caught in a pillar of black fire, burning everything in its surrounding.

It caught two Divine Generals on its track, completely burning them with a black flame that couldn't be extinguished! Nevertheless, if one took a closer look at this black flame, they would be surprised even more as the black flame had both properties of Yin and Yang flames.

The two Divine Generals screamed in pain as they tried to extinguish the flame by rolling around the ground to no avail.

But that was not all! A figure rushed towards the Divine Generals and blasted the Divine Generals' heads, popping them like a watermelon!

'DING!'

'Successfully killed Divine General Sha Luo!'

'Reward: 550 billion Exp, 18 million CPs, 1 million SPs, Slaughter God Secret Art, Slaughter God Great Array, Slaughter God Sword, Slaughter God Bracelet, Slaughter God Soul.'

'DING!'

'Successfully killed an elite enemy!'

'Reward: 50 billion Exp, 2 million CPs, 5 million mastery points, 1x God Domain Lottery ticket.'

Yi Tianyun obtained his reward as he killed the enemy. He was so fast that his movement was akin to teleportation! This was the effect of the enhanced speed from the suit! With X50 Speed effect from Evil Demon God Suit, Yi Tianyun could easily kill the enemy!

"Now, it's your turn!" Yi Tianyun said as he appeared beside another Divine General and speared the enemy with his Sky Dawn Divine Spear. Because of his overwhelming speed, the enemy couldn't react to Yi Tianyun's attack!

‘DING!’

‘Successfully killed Divine General Sha Tian!’

‘Reward: 650 billion Exp, 19 million Cps, 1 million SPs, Slaughter God Secret Art, Slaughter God Great Array, Slaughter God Stick, Slaughter God Ring, Slaughter God Soul!’

‘DING!’

‘Successfully killed an elite enemy!’

‘Reward: 50 billion Exp, 2 million CPs, 5 million mastery points, 1x God Domain Lottery Ticket.’

Yi Tianyun killed two Divine Generals in an instant! He then quickly returned to Nian Ciyu’s side while still holding his Sky Dawn Divine Spear. Yi Tianyun didn’t receive any injury. In fact, he didn’t even seem out of breath! He really crushed his opponent one-sidedly!

“It is done!” Yi Tianyun said casually.

Nian Ciyu was shocked! She was really amazed by Yi Tianyun’s incredible power! Even Divine General Sha Long, who saw everything from the sideline, couldn’t believe his eyes! The companions who have always been beside him were killed so easily!

“This is absurd!” Divine General Sha Long shouted as he couldn’t believe his eyes. Their ability to hide inside the Murderous Aura was their greatest advantage, but it seemed Yi Tianyun could detect them just fine!

The remaining two Divine Generals’ complexion turned pale! They both were the strongest Divine General, while Divine General Sha Long was the leader of the Divine General himself! He often boasted that he was the strongest Divine General as he could easily kill other Heaven Monarch cultivators despite himself being a 4th Layer Heaven Monarch cultivator himself. The Slaughter God cultivation technique gave them an edge against their opponents, and thus they were confident that they would win as long as they were inside the murderous aura that became the Slaughter God’s signature!

“What should we do now, boss? I don’t think I can deal with that kind of power right now!” Divine General Sha Feng said with a frown on his face. He was angry as his companion was killed, but he knew that he shouldn’t be too hasty.

“It seems I’ve underestimated him too much! I didn’t expect our brothers would be killed so easily like this! At the hand of a brat too!” Divine General Sha Long as he held the long sword in his hand tightly. He glared at Yi Tianyun coldly, fuelling himself with killing intent as he was more furious than ever!

Chapter 940

Yi Tianyun leisurely waited for Divine General Sha Long to attack as he was too lazy to rush towards them. After all, he still had to protect Nian Ciyu on his side and he didn’t want to even give the enemy slightest chance of using a cheap trick like taking Nian Ciyu as a hostage or something similar.

“Can you see the surrounding area we are in now?” Nian Ciyu asked curiously.

“I can, but I can’t see the whole area!” Yi Tianyun said casually. Nian Ciyu was relieved, she didn’t know how Yi Tianyun could become so strong, but she knew that she didn’t have to worry about their safety any longer. With Yi Tianyun’s sensory ability that could detect the enemy that was hiding inside the murderous aura, that eliminated the chance of surprise attack from the enemy.

But Nian Ciyu also felt ashamed of herself as she couldn’t be the one that protected them from the enemy! She gnashed her teeth as she thought that Yi Tianyun might rely on her more if only she was a little bit stronger.

Suddenly, the Murderous Aura started to spin quickly and disperse. He immediately focused his attention towards the thick murderous aura and saw three huge Phantom Shadows rushing behind the Murderous Aura. It was a Giant Eagle, a Giant Rock Golem, and A Giant Python! This Phantom Shadow was made by the Heaven Monarch cultivator on the side as they no longer wanted to stay inside the Murderous Aura any longer!

It was clear that the Divine Generals had no intention to hide their aura anymore. Divine General Sha Long and Divine General Sha Feng themselves ceased on hiding inside the Murderous Aura and instead focused their energy on the offensive!

“Well, I thought that I would be the only one who would deal with these people!” Yi Tianyun said as he smirked at the desperate enemy. The Heaven Monarch on the side didn’t want to reveal their identity earlier, and they barely did anything to defeat the Divine Generals, but it seemed they wanted to do something now.

The Murderous Aura couldn’t cover the phantom shadows as they stirred the air around them and creating a vortex where the Murderous Aura couldn’t get close. They had to do this as they didn’t want their disciple to fall into Cultivation Deviation.

“I didn’t expect to encounter the Three God Domain Races here, but it doesn’t matter! The situation require us to make a move!” Nian Ciyu said as the Heaven Monarch started to reveal themselves. One of them was at 7th Layer Heaven Monarch cultivation, a lot stronger than General Sha Long!

But it wasn’t something that Yi Tianyun wanted! He wanted to kill these two remaining Divine General by himself as he wanted the Exp! He knew that these two remaining Divine General were the strongest out of all the Divine Generals!

Furthermore, it was profitable to kill them even if he didn’t get the Exp! the Divine General gave a lot of Rebirth Level Treasures upon their death and it was worth his time to get such a high-grade treasure!

Divine General Sha Long frowned as now they were heavily outnumbered! Now that the Heaven Monarch cultivators on the other side has showed their true identity, he could no longer do as he pleased!

“Well, it seems I have to use my ace card now! Even if it was such a waste of energy to use it right now, at least you all will die!” Divine General Sha Long said coldly as he put his hands on the ground and lines made of blood quickly spreaded all around the Slaughter God Tower!

Everyone could feel something ominous from Sha Long’s technique, and thus the Heaven Monarch cultivators quickly rushed towards Sha Long to stop him.

“Kill those two! Don’t let them do as they please!” The Heaven Monarch cultivator shouted.

But Divine General Sha Feng didn't have any intention to let them stop Divine General Sha Long! He pulled out a giant sword and immediately swung it, preventing anyone from getting any closer to Divine General Sha Long.

The Heaven Monarch cultivators attacked Divine General Sha Feng, but their attacks couldn't heavily injure him as it seems Divine General Sha Feng's defensive capabilities was quite high. However, it was clear that Divine General Sha Feng was being pushed back!

It was still very surprising that Divine General Sha Feng could hold back three Heaven Monarch cultivators at the same time even though his cultivation was much lower than these Heaven Monarch cultivators! This was the blessing of Slaughter God Tower! The Murderous Aura also strengthened them further, increasing their combat capabilities!

Divine General Sha Long was still focused on controlling the bloody marks that seemed to be directly connected with the tower! The Slaughter God Tower began to shake and it seemed something bad would emerge soon enough from the bloody marks that Divine General Sha Long created.

But a figure flashed over and knocked Divine General Sha Long over, preventing him from finishing his technique. The Slaughter God Tower shook once again before stopping and the Murderous Aura also stopped oozing from the ground.

"I don't know what you are about to do, but it's definitely not a good thing!" Yi Tianyun said as he brandished his Sky Dawn Divine Spear on Divine General Sha Long's neck. Yi Tianyun didn't watch the situation unfold from afar, but he had calculated what he had to do next without alarming the Heaven Monarch cultivators on his side.

Yi Tianyun couldn't let Divine General Sha Long finish what he was about to do as Yi Tianyun wasn't sure he could deal with it later. Yi Tianyun wasn't as strong as he wanted just yet, and so he ought to avoid unnecessary fight.

Divine General Sha Long glared at Yi Tianyun and slammed his feet before getting away from Yi Tianyun. The ground shook and numerous zombie with red eyes emerged from the ground! These zombies were the cultivators that died inside the Slaughter God Great Array! Their cultivation wasn't high, but there was too many of them.

“Play with them! Stop bothering me!” Divine General Sha Long shouted before he disappeared into the Murderous Aura once again.

Yi Tianyun smirked as he just saw these zombies as an Exp bag! Divine General Sha Long wasn’t distracting Yi Tianyun, but giving him a big gift instead!

“I am here too!” Nian Ciyu shouted before smashing the zombies with her whip! Yi Tianyun looked at her and just sighed as he couldn’t stop Nian Ciyu even if he wanted to anyway.

“I will help you kill these parasites!” Nian Ciyu said solemnly as she looked at Yi Tianyun.

Yi Tianyun didn’t know how to answer to Nian Ciyu’s word, so he just nodded his head and let Nian Ciyu do whatever she wanted.
