

Leveling 971

Chapter 971

Yi Tianyun easily killed all Three Evil Spirit Race's Heaven Monarch Cultivators. His power closely resembled that of the Slaughter God, but Yi Tianyun had to say that the Slaughter God General was much stronger than these Heaven Monarch Cultivators. Still, he already levelled up since that time, so he was supposed to be a lot stronger than when he was fighting those Slaughter God Divine Generals!

Yi Tianyun then quickly went to the other two worlds to repel the Evil Spirit Race there. Now that the enemy's strongest cultivator had been defeated, there was no way they could dominate the Three Realms!

'DING!'

'Congratulations to Player 'Yi Tianyun' for successfully breaking through to the 6th Layer Earth Monarch stage. You can skip to Heaven Monarch stage right now, do you want to skip to Heaven Monarch stage instead?'

"No, not right now!" Yi Tianyun said confidently. He wanted to kill all the Evil Spirit Race here first to make sure he got the most out of his Exp Cards. Furthermore, Yi Tianyun still thought that it was better to reach the Peak of Earth Monarch stage before breaking through to the Heaven Monarch stage.

The Evil Spirit Race was here to give him Exp, and from the looks of it, the Evil Spirit Race already seemed desperate! They knew that there was only Earth Monarch in Three Realms at best, but they still sent 3 Heaven Monarch Cultivators over!

Unfortunately for them, Yi Tianyun could easily kill a Heaven Monarch cultivator with barely any effort! A Peak Level Heaven Monarch or a God Monarch was probably the only one that could stand toe to toe against Yi Tianyun right now. But it would be impossible for the Evil Spirit Race to send such a strong cultivator to a Mortal Domain like this!

It would be a waste of resources, and Yi Tianyun also doubted that a cultivator of that calibre would obediently go to a Mortal Domain in the first place. Still, Yi Tianyun knew that the Evil Spirit Race would certainly feel the impact of losing three Heaven Monarch Cultivators soon. After all, reaching the Heaven Monarch stage wasn't an easy feat!

"I have to prepare for the worst. If it comes down to it, a God Monarch or Late-Stage Heaven Monarch might be coming next time." Yi Tianyun said to himself. The safer route would be transporting the Three Realms to a nearby God Domain, but it certainly would be a difficult thing to do as relocating a planet was no laughing matter!

He could transport the Three Realms' residents to a new planet, but it would mean leaving the Three Realms behind! Would Yi Tianyun leave his hometown just because he was threatened by others?

"Should I first destroy Evil Spirit Race's Ancestral Land as soon as possible?" Yi Tianyun frowned as he fell into deep thought. He was forced to make a decision. He even thought about relocating Three Realm's Core to some other planet, but did it count as transporting the planet itself?

Yi Tianyun thought that it would be the same as transporting the entire planet as everything lied within the core itself!

"Great, now I have to go and check the Core myself!" Yi Tianyun said as he flew back towards Heavenly Clouds Palace to see Shi Xueyun and comfort her that everything would be okay.

"Stop, don't hug me too tight, you're giving our child a hard time here!" Shi Xueyun said as she pushed Yi Tianyun away.

"You are pregnant with our child?" Yi Tianyun asked confusedly.

"Did you think I am pregnant with someone else?" Shi Xueyun said with a blank expression.

"Well, your stomach doesn't look too big. How far along are you?" Yi Tianyun asked curiously. But Yi Tianyun was right, as Shi Xueyun's pregnant belly wasn't that obvious!

"I have been pregnant for almost ten years! Our child is special. They didn't give their mother a hard time whatsoever." Shi Xueyun said with a smile on her face.

"A decade?" Yi Tianyun said with shock on his face as he had never heard of a baby taking a decade to be born!

“Yes, but I assure you that I can feel our child growing healthily inside. Nevertheless, he demanded a lot from my Spirit Power, and thus, I have consumed so much Spirit Medicine and Medicinal Pills to sate our child’s appetite.” Shi Xueyun said as she caressed her stomach lovingly.

“Is that so? Don’t worry, I already prepared a lot of Spirit Medicine and Medicinal Pills for you.” Yi Tianyun said as he took out a Storage Ring from his inside pocket and gave it to Shi Xueyun.

Shi Xueyun took it and immediately glanced inside. She found a lot of Spirit Medicine and Star Stone inside, which was shocking as she also saw that these were all High-Grade medicine! There were many things that she hadn’t seen too, which also piqued her curiosity.

“Isn’t this too much?” Shi Xueyun asked curiously.

“Of course not! I have some more for myself.” Yi Tianyun lightly smiled while caressing Shi Xueyun’s belly. “I will come home more often and bring you many more things that you need.” Yi Tianyun said happily.

“Hey, you should’ve shown your face sooner! It’s been ten years, and I thought you wouldn’t return at all!” She said with a frown on her face.

“Ten years? I thought it was only around 3 years?” Yi Tianyun said as he really thought that he was only away from Three Realms for that long.

“Why would I lie to you?” Shi Xueyun still had a frown on her face.

“Hmmm, it’s weird. I think the time inside the God Domain is slower than in the Mortal Domain. That is the reason our perception of time is so different.” Yi Tianyun said while rubbing his chin.

He piled up all the information about the God Domain that he got, and he now realised why people coveted the God Domain so much. In addition to the rich Star Power, the flow of time was also slower there, allowing cultivators to cultivate more efficiently as they didn’t grow old as fast!

Chapter 972

The passage of time between the Mortal Domain and God Domain was different, so it was no surprise that people often said that those who had stepped foot in a God Domain wouldn't return to their Mortal Domain anymore. With that in mind, Yi Tianyun deduced that the Three Great Divine Kings felt like they had been gone for only 100 years instead of a thousand!

It was not impossible if they thought that the Three Realms was still fine, so they took their time to cultivate the best they could. It was also possible that they were in trouble somewhere and couldn't make their way back to the Three Realms. After all, the God Domain was lurking with dangers, from Demon Beast to cruel cultivators.

In any case, he couldn't find anything about the Three Divine Kings in Heavenly Edict Divine Territory.

Yi Tianyun then told Shi Xueyun about his discovery, and Shi Xueyun was relieved as she realised that Yi Tianyun didn't abandon them. After the end of the war, a group of people assembled and discussed various things. Among them, Elder of Ancient Netherworld Divine Tower kept his head down as he didn't dare to look Yi Tianyun in the eye. He was worried that somehow, Yi Tianyun had heard what they had planned earlier.

Fan Hongde himself also felt partially responsible for his men's insolence thought. Yi Tianyun himself looked at Fan Hongde and the Elder of Ancient Netherworld Divine Tower with a puzzled look, but he didn't think much of it.

"The situation is resolved for now, but I believe the enemy would send stronger cultivators with more numbers, too, in the future." Yi Tianyun said solemnly. "These years, I roamed around the outside world and found that the world outside is far vaster than our world!" Yi Tianyun said while looking at everyone. He then told everyone about his adventures and the situation at the God Domain.

Everyone was in awe as they thought that a Divine King was the most powerful cultivator there was, but now they found out that Divine King was the base cultivation level for joining the God Domain's main force, and it was called Star Monarch at that! They felt like a frog in a well, a baby that barely saw the world!

Everyone remained silent as they realised that if the enemy from the outside attacked the Three Realms again, they would be trampled like an ant!

“Now, I already brought with me a few Martial Arts that are more advanced than Heaven-Level Martial Arts to help you speed up your cultivation!” Yi Tianyun said as he took out Lower Grade Rebirth-Level Martial Arts and put them on the table. Everyone looked at the book on the table complicatedly. As far as they knew, Heaven Level Martial Art was the best Martial Arts there was, but now they learned that that wasn’t the case!

Furthermore, they were also surprised that Yi Tianyun would be this generous. If a High-Grade Heaven Level Martial Art was worth more than a city, the Martial Arts that Yi Tianyun gave just now would be worth several times over!

No one realised that Yi Tianyun gave them junk Martial Arts, but it was true that it was precious here on Mortal World, even though they weren’t so precious in the God Domain as they were very common over there.

At this time, the Elders of Ancient Netherworld Divine Tower looked at each other and immediately kneeled down in front of Yi Tianyun. It was confusing as Yi Tianyun didn’t know what happened to them.

“Divine King Tianyun, forgive us for our sin! Since you haven’t come back for a long time, we are swayed by greed and tried to allure our Lord to unify the Three Realms! But we never have any intention to harm Heavenly Clouds Divine Nation! Now that we know Divine King Tianyun’s heart is warm and vast, our conscience is deeply guilty.” The Elders said with a sad look on their face.

They chose to blurt it all out to free them from their guilt. Yi Tianyun just stared at them as he wouldn’t know about it if the Elders didn’t say it themselves. But then again, it was brave of them to admit their sin.

“It is normal for you to think this way. After all, we have already experienced similar things in the past. I wouldn’t blame you for thinking like this. You haven’t done any harm, and thus, I believe you!” Yi Tianyun said indifferently.

“We absolutely wouldn’t do any harm towards you, my Lord! I swear to God!” The Elders profusely sweated as they worried about Yi Tianyun’s wrath.

“Alright, now get up!” Yi Tianyun said indifferently.

“Thank you very much, Divine King Tianyun!” The Elders said as they returned to their seat. The others didn’t come up with the same idea before as their Lord hadn’t reached the Divine King stage yet, but now they knew that there was absolutely no way that they would ever surpass Yi Tianyun.

‘DING!’

‘Successfully ascertain Three Realms’ Emperor Loyalty!’

‘Reward: 10 billion Exp, 500.000 Cps, 500.000 Mastery Points, 1.000 Command Points.’

Yi Tianyun now knew for sure that no one in the Three Realms would betray him. Nevertheless, it didn’t necessarily mean that they wouldn’t make any mistakes in the future. Now, even in the event of his death, Yi Tianyun knew that Heavenly Clouds Divine Nation wouldn’t fall over some war against another Divine Nation inside the Three Realms!

Nevertheless, Yi Tianyun was already here, and he should train the Three Realms’ residents and help them advance their cultivation as soon as possible! Yi Tianyun wanted to end the meeting as soon as possible and informed everyone about the God Domain as the final agenda. They ought to know about the outside world. Otherwise, they wouldn’t be able to grow.

After the meeting was concluded, Yi Tianyun immediately set out to find the Core. He wanted to see whether it was possible to relocate the Core to another planet or not. He flew to the center of the Mortal Realm as he knew that the Core was supposed to be under the Mortal Realm as the center realm of the Three Realms.

Still, it was puzzling to know that the center area such as Mortal Domain would receive the least Spirit Energy out of the Three Realms while the Core was in Mortal Domain. It was more the reason why Yi Tianyun wanted to see the Core of the Three Realms for himself!

He explored the center area and soon found out the Core’s location as it wasn’t that difficult for him. Yi Tianyun’s cultivation was so high that the scope of exploration that he could do was reaching another level!

Chapter 973

"I can feel it coming from below!" Yi Tianyun said as he immediately dove under while keeping his eyes peeled. He noticed a few Sea Beasts around him, and they also noticed him. Yi Tianyun released some of his aura, immediately sending the Sea Beast away in fear! Their instinct clearly warned them of Yi Tianyun!

Yi Tianyun took out the Sky Dawn Divine Spear and used it to dig. He easily dug more than a kilometer worth of soil in a short amount of time! Yi Tianyun deliberately held back because he could blow a hole through the Three Realms if he didn't do so!

His cultivation was at the 6th Layer Earth Monarch level. Among the Three Realms' cultivators, he was surely the most powerful existence they had ever seen.

He quickly dug around 100 km underground, but he still couldn't sense the Core of the Three Realms whatsoever. The Divine Temple of Life was 100 km deep underground, but the Core of the Three Realms was further than that! It was not until he dug around 1.000 km deep that he finally felt some strong energy fluctuations.

"I am coming for you~!" Yi Tianyun excitedly said as he kept digging deep underground. When he hit 1.100 Km deep, he hit a thick surface that felt like a thick iron, making his hands numb from the impact.

"What is this?" Yi Tianyun said as he was surprised that Sky Dawn Divine Spear failed to damage the thing in front of him. However, Yi Tianyun didn't mind it as much. It meant that something down there was more powerful than a middle grade Rebirth-Level Weapon!

Yi Tianyun knelt down and dug with his hand instead. He soon discovered a thick and flat rock layer that was engraved with massive Divine Rune.

"9th

Grade Defensive Divine Imprint, indestructible. Can only be damaged by Heavenly God cultivation base and above!" Yi Tianyun said as he read the description of the Divine Rune with his Appraisal Eye.

Yi Tianyun was surprised by this discovery as the 9th Grade Divine Imprint could only be created by a 9th Grade God Rune Master, and such a capable individual was scarce even in the God Domain. It was

unthinkable to find something like this in the Three Realms! A Heavenly God Cultivator was much stronger than Heaven Monarch and God Monarch Rank.

In general, the cultivation base in the God Domain consisted of Star Monarch as the lowest, followed by Earth Monarch, then Heaven Monarch, and then God Monarch. After God Monarch, there was the Heavenly Venerable Rank and then finally the Heavenly God Rank!

The Heavenly God Rank cultivator could be said to be the creator of life itself! It was shocking to see a Divine Rune of this calibre lying around the Three Realms!

“I sense another Core Fluctuation!” Yi Tianyun said as he sensed the Life Energy from the core below and from the top! This time, it was different from the first Life Energy that he had sensed before. Yi Tianyun was surprised once more as that meant there were Three Cores inside the Three Realms. Meaning that each Realm had its own core!

As far as he knew, a planet could only have one core, and there was no way a planet would have more than one! However, it was clear for Yi Tianyun right now that didn’t seem to be the case at all! But he couldn’t advance any further as he had no way to disarm the 9th Grade Defensive Divine Imprint in front of him. He also guessed that the other two Cores in each Realm should have the same kind of protection.

Since he hadn’t reached the Heavenly God Rank, there was no way he could advance further!

“No wonder the Evil Spirit Race wants to conquer this planet so much!” Yi Tianyun said as he knocked the seal below him. But Yi Tianyun also felt some kind of relief as he now realised that the Evil Spirit Race wouldn’t be able to use the Core either.

It was unlikely that the Evil Spirit Race would have a Heavenly God cultivator on their rank as Yi Tianyun predicted that they were similar to a 2nd Grade God Domain, while a Heavenly God level cultivator was only found at the 4th

Grade God Domain.

Even if Evil Spirit Race has allied themselves with a 4th Grade God Domain, sending a Heavenly God cultivator to a Mortal Domain was impossible! Then again, since a 9th Grade Divine Imprint existed in the Three Realms, there should be a prominently skilled figure in the past!

Yi Tianyun knew that no one would believe him if he said that the Three Realms had a 9th Grade Divine Imprint. There was no way a slum like the Three Realms would have such a grand treasure like this!

“Damn it, I can’t relocate the Core now!” Yi Tianyun said as he shook his head. He was planning to relocate the Core of the Three Realms away to make sure that the Evil Spirit Race would stop attacking the Three Realms!

But now, there was no way for him to do so! His plan was ruined because of this 9th Grade Divine Imprint, but then again, he couldn’t complain!

“Let me check the situation at hand first!” Yi Tianyun said as he began sweeping the soil from the Stone Tablet in front of him. He wanted to see what information he could get from this Divine Imprint.

“Three Realms Divine Imprint, People Imprint.” Yi Tianyun read the name of the Divine Imprint. He didn’t know what it meant and didn’t find any means to open it either. And thus, he began to meditate to see if he could reach some kind of revelation. But after a moment, he didn’t seem to be on the right path.

So, Yi Tianyun tried to explore the Divine Imprint with his Spiritual Sense. He wanted to see if he could somehow see deeper inside and use his teleportation Divine Ability to bypass the Divine Imprint protection.

But as he tried to explore deeper, he felt that his soul was being sucked in by a mighty force. He had no time to reach, and his consciousness disappeared immediately! Yi Tianyun completely blacked out!

.....

Yi Tianyun woke up and found himself inside a hut. The hut itself was completely furnished, but there was no precious Spirit Medicine or Divine Tool around him. It was just a well-furnished cabin!

“Where am I?” Yi Tianyun said as he got up from the bed he was in. But he soon found out that he was still in his Spirit form, which meant his body was still inside the crevices in front of the 9th Grade Divine Imprint earlier.

Yi Tianyun immediately rushed out of the hut and was shocked as he saw nothing but an ordinary small village outside. He saw many huts lying around the small road with many villagers came and went, greeting each other amiably. Yi Tianyun was completely perplexed by what he saw.

Chapter 974

Yi Tianyun couldn't believe what he saw. All of these villagers in front of him was a soul! It meant they weren't real people at all! But Yi Tianyun also saw children playing around in the nearby field, which made him confused, was everyone here a cultivator?

Yi Tianyun looked all around him and saw the beautiful nature. The sky was blue, and the farmland was almost golden in color. This place looked like a paradise!

"I have seen that person before!" Yi Tianyun said as he saw someone that seemed familiar. He believed that the person he saw was a cultivator who had died a long time ago. Yi Tianyun walked towards the familiar cultivator, but no one he passed greeted him. Everyone ignored him like the wind!

Yi Tianyun kept walking, and the further he walked, the village seemed to keep expanding as he walked. The more he walked, the more villagers he found. They all were farming peacefully, some were even hunting animals in the trees.

But he eventually saw something different. A group of villagers was in line like they were waiting for something. He reached out to the villagers and patted their shoulders to draw their attention. "What is happening here?" Yi Tianyun asked, but the villagers still ignored him.

The villagers themselves weren't unconscious as they were talking and laughing, but no matter what Yi Tianyun did, they still ignored him! No one responded to him. It was as if he was a ghost!

"This is strange!" Yi Tianyun said with a frown on his face. "Is it because I am not dead yet?" Yi Tianyun began to speculate. Yi Tianyun kept walking, and many villagers lined up along the way. They were full of joy as they chatted with each other with anticipation. These people didn't even do anything as they just stood in line, happily conversing with each other.

After a while, Yi Tianyun finally saw the end of the road, and it was a bridge with 'Forgotten Worries Bridge' engraved in stone above the bridge. Yi Tianyun observed for a while and saw many villagers disappear through the bridge and never return.

Yi Tianyun approached the bridge, and he saw a whirlpool in the middle of the bridge. Yi Tianyun knew that he would disappear if he came any closer to that whirlpool.

"Is this the River of Reincarnation?" Yi Tianyun said with surprise on his face. He never expected the Core of the Three Realms would be a Reincarnation Zone. Those who died in the outside world got sucked into the Core and lined up here to be reincarnated back into the world! He never expected to encounter something like this!

"No, the Core shouldn't have such function! The Core at Divine Temple of Life was nothing like this!" Yi Tianyun said with a frown on his face. He was confused by what happened right now as none of it made sense. He couldn't converse with anyone, and there was no Tool Spirit either to help him understand!

Yi Tianyun braced himself to walk into the Forgotten Worries Bridge, and once he stepped closer to the bridge, he felt like his consciousness was slowly fading, and it really scared Yi Tianyun! He backpedaled to safety as he didn't want to get sucked by the whirlpool.

"If I walk through this bridge, will my memory of this life disappear too?" Yi Tianyun said as he began to wonder. He knew that a reincarnator would always reborn into a newborn baby, and a newborn had no memory of their previous life, but Yi Tianyun didn't know how he could get back to the outside world.

Yi Tianyun turned around and saw many cultivators coming in line. They were all the cultivators that Yi Tianyun knew had died in the past. They were mixed in among the normal villagers, and they wouldn't cut in line. Yi Tianyun speculated that all the villagers here were cultivators too in the outside world, but here, they were treated the same way.

He looked around with everything he got this time, trying to find if there was something that seemed out of place for his clue to get out of this place. He saw a villager that farm happily and then somehow left behind his tools and joined the reincarnation line, which was really strange!

“Hey, there is a house there!” Yi Tianyun said as he noticed a house in front of the Forgotten Worries Bridge. The house itself was built in front of the whirlpool itself! Yi Tianyun quickly frowned as he knew that he would be sucked into the whirlpool if he walked over towards the house!

He wanted to fly over the whirlpool, but unfortunately, he couldn't do so right now! He could only walk, but it wasn't the safest option! He looked to the side of the bridge to see if he could swim around the whirlpool, but it didn't seem like the brightest idea either, as the river was all muddy.

He kept looking around for a while, but he felt like there was nothing else he could find right now, so Yi Tianyun decided to return to where he came before. This was the safest option right now as he really couldn't act too rash around here.

Soon, he reached the hut where he first woke up earlier and laid back down on the bed, and fell asleep. When he woke up once more, his surrounding was all wet, and it was obvious to him now that he was back in his body! Yi Tianyun meditated to calm his own nerve, and he now knew that he couldn't relocate the Core right now.

He didn't even know what secret the Core held!

“Whoever came up with such a plan is definitely a skilled individual!” Yi Tianyun said as he looked at the stone tablet once more and sighed. The only thing he could do right now was mark this place as a Teleportation Point and close the hole he dug.

Yi Tianyun also wanted to go to Heaven World after and check if there was another Core there! After all, he did feel an energy coming from two different Cores earlier.

.....

As soon as Yi Tianyun reached Heaven World, he immediately dug through the ground to reach the Core. The distance towards the Core seems to be similar to the Core of the Mortal World as Yi Tianyun dug around 1.000 Km before reaching a hard metal that Sky Dawn Divine Spear couldn't pierce through!

“Damn, the Heaven World Core also has the same kind of protection!” Yi Tianyun said as he sighed and began to wipe the soil out of the Stone Tablet to check if there was any information here. But as he read the Stone Tablet, Yi Tianyun was shocked!

“The Seal of Three Realms Divine Imprint: Heaven World!”

Chapter 975

Just like Mortal Realm, Yi Tianyun already had a hunch that Heaven Realm should have a Core of its own, but still it was surprising that the Three Realms had 3 Cores! Yi Tianyun could sense the 3 Core if he really put his mind into it, but the problem was, the Three Core only gave off weak wavelength, so it was not that easy to pick it up!

Yi Tianyun thought that the Core was small, but now he knew that wasn't the case at all! The Core was just sealed away, concealing its wavelength, making it hard to detect. Maybe, this was also the reason why Evil Spirit Race kept trying to invade the Three Realms, as they sensed something unusual in the Three Realms' Core.

But it was fortunate that the Evil Spirit Race didn't know that the Core was being protected by a 9th Grade God Divine Rune. Otherwise, they would've sent their main force from the get-go! Even if they couldn't unseal it right away, it was just a matter of time before they could!

“I didn't expect to run into this kind of problem. If I can't relocate it now, there would be a major problem in the future.” Yi Tianyun said as he shook his head. The thought of leaving the Three Realms with all his loved ones crossed Yi Tianyun's mind, and it was indeed very selfish of him, but Yi Tianyun really didn't care that much about anybody else.

Then again, he knew that it was foolish to abandon such a wonderful Core behind! Yi Tianyun then tried to meditate again and use his spirit to infiltrate the Core of Heaven Realm. Just like last time, he felt his consciousness was being sucked into the core and he found himself at the same village again.

“This is no different from last time!” Yi Tianyun said as he came out of the hut. He looked around and noticed that there was no change to the surrounding area. The hut he came from was exactly the same, and the people were also exactly the same, save it from a few that he couldn't see from where he was. This meant that the Three Realms shared the same reincarnation place and it didn't matter which Core Yi Tianyun entered from.

This was why Yi Tianyun choose to not go to the Ghost World as he already had a hunch that the Core of the Three Realms were connected with each other, but Yi Tianyun didn't really understand what this meant. Sure, this place proved that the Three Realms had their own Reincarnation Realm, but the Core itself had too little of impact in the Three Realms itself!

"Is there something I miss? It feels like I know too little about this whole situation!" Yi Tianyun frowned. He had a feeling that he ought to find out who sealed the Core and for what purpose? Furthermore, whose house was it that stood across the Forgotten Worry Bridge.

Nevertheless, Yi Tianyun knew that he wasn't strong enough to cross the Forgotten Worry Bridge without being sucked into the Reincarnation Whirlpool. But as Yi Tianyun shook his head and headed back to the hut to return to the world above, he heard the notification sound.

'DING!'

'Successfully take the Special Quest [Cross the Forgotten Worry Bridge, Figure out the Truth of the Three Realms!]

'Reward: 10 billion Exp, 10 billion CPs, 10 billion Mastery Point, 10 billion Sin Point.'

Yi Tianyun was shocked as he saw the amount of the quest reward! "What is this! So much rewards from just crossing the bridge? But I know that it must be difficult considering how hefty the reward is!" Yi Tianyun said with a frown on his face. This was not the first time that he got the reward of this calibre, and he already knew that the bigger the reward was, the harder it was to complete the quest.

"It seems that I have no choice but to go back and devise a plan!" Yi Tianyun said as he walked to the hut. He fell asleep and immediately woke up in his body. His position remained unchanged, and the Seal of the Core was still there. He placed the Teleportation God Stone waypoint in this place, so he could teleport to the Core of Heaven World if he needed to.

Yi Tianyun pondered what he should do next and contrary to what he thought earlier, Yi Tianyun chose to go to the Ghost World and checked out its Core too and set the Teleportation God Stone waypoint there too.

After he was done at the Ghost World, he shook his head. The problem surrounding the Three Realms' Core was bigger than he initially thought! He couldn't change this fact no matter how hard he thought, but then again, he didn't think that setting this problem aside was wise either.

He didn't have any immediate plans, but he knew that the Evil Spirit Race would definitely send out stronger force the next time they tried to invade! Yi Tianyun returned to Heavenly Clouds Divine Palace and sat on the chair inside his chamber.

"Tianyun, what are you thinking?" Shi Xueyun said as she came over and sat down beside Yi Tianyun.

Yi Tianyun sighed and told Shi Xueyun the outline of what happened right now.

"I didn't know the Three Realms has such a magical place! Although everything seems like a mess, you already thought of something, didn't you?" Shi Xueyun said as she leaned on Yi Tianyun's shoulder.

"I did think of something." Yi Tianyun said as he smiled gently at Shi Xueyun. Still, Yi Tianyun couldn't understand why the one that sealed the Core left the Three Realms. If the Core was that potent, abandoning it just like that clearly didn't make any sense!

Now, Yi Tianyun had to cultivate sooner than he thought! But he knew that he would be able to do so when the God Domain's War of Ascension finally began! Through this battle, he would be able to breakthrough quickly by battling the Cultivators there!

Aside from encountering a God Monarch cultivator or above, Yi Tianyun had nothing to worry about. Even if there was a God Monarch, he could just teleport out into safety

He gently held Shi Xueyun and said solemnly: "I will protect you..."

"I'm sure you will..." Shi Xueyun did not have the slightest doubt of Yi Tianyun's word. No matter what Yi Tianyun did, she would unconditionally support and would not question his decision. She believed that was the least she could do for him.

Chapter 976

Yi Tianyun stayed with Shi Xueyun for a while before he looked for Ye Qingxuan. He wanted to thank Ye Qingxuan for her hard work so far. If Yi Tianyun had to rank the people he loved according to their importance, Shi Xueyun would obviously be the first, and Ye Qingxuan would go second!

But the person that had helped him so much from the beginning was definitely Ye Qingxuan, the Spirit Race's saintess. She had helped the growth of Heavenly Clouds Divine Nation more than any other cultivator!

Soon, Yi Tianyun found Ye Qingxuan and she was actually busy with so many stuff. After the battle earlier was over, Heavenly Clouds Divine Nation had so much spoils of war and there were so many people injured too that she had to treat.

"Divine King Tianyun, may I help you?" Ye Qingxuan said as she noticed Yi Tianyun's presence. She hurriedly stood up and respectfully bowed down to Yi Tianyun.

"Hey, there's no need to be so formal! I am still the same teenager you saved a long time ago! Haven't we always been friends from a long time ago?" Yi Tianyun said with a smile on his face.

"Just a friend?" Ye Qingxuan said while biting her lips in resentment. Yi Tianyun just cleared his throat as he knew how Ye Qingxuan thought about him. She felt affection towards him, but he was so late to notice it. Still, it was better not to say anything at this point before the problem arose anew.

"How is the Spirit Race doing now? Regarding Life Crystal, how much time do we have left?" Yi Tianyun asked curiously.

"The Life Crystal is long gone! Now our Spirit Race is in a state where we can't conceive a child anymore. We already search up and down everywhere in the Three Realms, but we don't have any replacement for the Life Crystal. The God will kill us soon enough!" Ye Qingxuan said with a deep sigh.

They are desperate as their situation isn't getting any better. They didn't need to hide anymore, but without the Life Crystal, the Spirit Race was as good as extinct!

“Don’t worry, I have found a place! Take my hand and relax! Don’t resist the flow!” Yi Tianyun said as reached out for Ye Qingxuan’s hand.

Ye Qingxuan just nodded and took Yi Tianyun’s hand. Yi Tianyun immediately let Ye Qingxuan enter the Core inside his body. Ye Qingxuan immediately felt the strong Life Energy in this place as this was the first time she ever felt a Core up close.

“What is this? Where are we? And what’s with this overwhelmingly strong Life Energy?” Ye Qingxuan said surprisedly.

“This is my world, it’s inside my Core! Do you think the Spirit Race will like this place?” Yi Tianyun asked with a smile on his face.

“Yes! This place is definitely good! The strong Life Energy would flourish the vitality within our body! if Spirit Race lived here, our race would thrive!” Ye Qingxuan said with amazement. “But if this is the world within your body, does it mean we will always live inside you?” Ye Qingxuan wondered.

Yi Tianyun then brought her out to the outside world again before looking at her with smile on his face. “No, I will always be facing danger and I don’t know what it would bring to all of you if you all are inside of me! I am afraid I will accidentally hurt you!” Yi Tianyun said honestly. “This is only temporary, when I leave later, I will come back with a strong crystal that would be far more powerful than the Life Crystal!” Yi Tianyun said confidently. What he meant was definitely the Core of Divine Temple of life itself!

“If you say so, I will look forward to it!” Ye Qingxuan said excitedly. The Spirit Race was worried about their wellbeing, but if Yi Tianyun already had the answer to their problem, then they would definitely put their faith on him.

“Don’t worry, I won’t let you wait for too long! I am the Spirit King of the Spirit Race, and I will always solve the Spirit Race’s problem! The current problem drags for too long because none other than my own incompetence!” Yi Tianyun said with a sigh.

“Don’t say stuff like that, our King! If it weren’t for you, our Spirit Race would’ve long perished from this world! We are sorry that we aren’t able to find the solution ourselves, but we believe that you will lead us to glory!” Ye Qingxuan said with eyes full of gratitude.

Yi Tianyun smiled as he knew that none of this was a trivial matter. The Heavenly Clouds Divine Nation's Divine Rune were managed by the Spirit Race, and thus the Heavenly Clouds prosperity was on the hands of the Spirit Race themselves!

"Oh, yea! I almost forgot to tell you, My King! But do you have time later? In a few days, we are going to visit our Ancestral Land and we hope that you can accompany us as our Spirit King!" Ye Qingxuan said worriedly. She knew that Yi Tianyun didn't have any connection to their Ancestral Land, so Yi Tianyun didn't have any obligation to follow her there.

"Alright, I don't have any problem with that!" Yi Tianyun said as he agreed quickly. But Yi Tianyun was still confused by what Ye Qingxuan meant. "Didn't you used to live in the forest? Isn't that place your Ancestral Land?" Yi Tianyun asked curiously.

"That is true, but our real Ancestral Land is not there." Ye Qingxuan explained.

"Alright, then notify everyone and we will hasten our departure date." Yi Tianyun ordered with a smile on his face. Although he was still curious of where the Spirit Race Ancestor Land might be, he knew that he just had to see it for himself later.

The preparation for departure didn't take too long, and after two days, they were immediately on their way. They all said that the entire Spirit Race was connected to their Ancestral Land in some way. This was the first time Yi Tianyun had ever heard of it as he always thought that the forest was the Spirit Race's Ancestral Land, but that didn't seem to be true.

Ye Qingxuan and the Spirit Race Old Ancestor led the way and they soon arrived at Burning Heaven Divine Land, the Spirit Race's Ancestral Land.

Yi Tianyun was confused to see this Burning Heaven Divine Land himself as he knew that the place was a bit weird. There were so many pillars standing, like they were supporting the sky itself and there was nothing else around except for a vast meadow!

"Is this the Ancestral Land of the Spirit Race?" Yi Tianyun said with surprise on his face, but when he carefully inspected the Stone Pillar, he sensed the familiar power and Yi Tianyun knew for sure that it was the Three Realm's Core Power!

Chapter 977

The Stone Pillar itself wasn't that high, only around 10 meters high. He never really paid any attention to these pillars before, even though Yi Tianyun had already passed this place several times while exploring the Three Realms.

He had seen this area before, but Yi Tianyun didn't know that the place was the original Ancestral Land of the Spirit Race! Nevertheless, he didn't really explore this area thoroughly as he didn't see anything of interest. Either way, who would search around the meadow with only stone pillars around.

But he did sense the similar aura that came out of the Three Realms Divine Imprint! Perhaps, he couldn't sense it before because he wasn't as capable back then. However, now that his cultivation has already advanced further than anyone in the Three Realms ever did, he could sense it, albeit faintly.

If he had never gone to the Core of the Three Realms, perhaps he might never know that it was similar to the energy that the Stone Pillar gave off.

"This is Spirit Race Ancestral Land?" Yi Tianyun asked as he looked around. He didn't see any building except for this Stone Pillar.

"Yes, this is our Ancestral Land!" Ye Qingxuan said as she stroked the Stone Column with respect. "The story said that after our Ancestors died, they were buried here, but after they were buried, these Stone Pillars grew out of their grave! These Stone Pillars were also said to grow in constant height." Ye Qingxuan said with a frown on her face.

"Yes, that is how the story goes. I came here yearly, and the Stone Pillars definitely have gotten higher, at the very least for another half a meter. Their growth rate seems faster than it used to be, too!" The Spirit Race Old Ancestor said as he looked at the Stone Pillar with respect.

The Spirit Race seemed to be praying and worshipping these Stone Pillars to show their respect to their Ancestor, and they did it every year, it seemed.

"Alive Stone Pillars?" Yi Tianyun said as he observed the Stone Pillar with his Appraisal Eye to find some clue about them. However, the Appraisal Eye didn't show anything. There was a chance that the Appraisal Eye's level was too low to notice anything on these pillars.

The Spirit Race paid their homage, and the ceremony itself was relatively simple. But it didn't seem to end in one day as Yi Tianyun noticed that there was a campfire prepared on the side.

The Spirit Race didn't ask Yi Tianyun to do anything in particular, but it was already expected as they knew that Yi Tianyun wasn't a Spirit Race, to begin with. But nevertheless, Yi Tianyun behaved well as he knew that as their king, he couldn't offend their ancestors.

"Tianyun, why do you keep staring at our Ancestors' graves?" Ye Qingxuan asked as she noticed Yi Tianyun's behaviour.

"I can't help but think there's something odd about these Stone Pillars, I want to check it out so bad!" Yi Tianyun said honestly. He wanted to check it out now, and even if he wasn't allowed to do that now, he could just return here again in the near future.

"These Pillars grew from our Ancestors' Graves! Why is it weird? But you can touch and check it out if you want. There is no problem with that at all as we will also take turns to touch it later to ask for our Ancestors' blessing." Ye Qingxuan said with a smile on her face.

Yi Tianyun nodded as he understood that he could check the Stone Pillars if he wanted.

"Our King, please lead us to the Spiritual Place of the Ancestors!" Spirit Race Old Ancestor said as he signaled for Yi Tianyun to step forward. Yi Tianyun nodded and started walking towards the Stone Pillars.

The crowds followed Yi Tianyun's footsteps, and Yi Tianyun placed his hand on one of the Stone Pillars and channeled some of his Star Power inside. When his Star Power entered the Pillar, a humming sound was heard from inside the pillars before a dazzling light burst out of the pillars!

The Spirit Race was startled by this event, but they immediately bowed down as they thought that it was probably the miracle of their Ancestors! They looked at the Pillars in horror as they had never seen anything like this happen before. They've already touched the Stone Pillars in the past but never encountered anything like this. Even Ye Qingxuan herself looked at the pillars in surprise as she didn't expect something like this either.

At the same time, as Yi Tianyun used his Star Power to penetrate the Stone Pillar, his figure began to flash, and he disappeared from his spot immediately after.

“Spirit King disappeared, what happened here!” Ye Qingxuan said as she hurriedly rushed towards the Stone Pillar. But no matter how hard she looked around, she couldn’t find Yi Tianyun’s figure anywhere.

“He should be sent away by the Ancestors, but I never expected the Stone Pillars still have the power to do so!” Spirit Race Old Ancestor said with wonder in his eyes. It was puzzling as he had never encountered anything like this either!

.....

Yi Tianyun reappeared again in a strange space, he looked around, and there was nothing in the hall he was teleported into except for a huge chair in the very front,

“Is this the space inside the Stone Pillar?” Yi Tianyun wondered as he noticed the energy fluctuation inside this place. It seemed the story about the Pillars being a grave wasn’t true, as it turned out to be some kind of an entrance to enter this place. Yi Tianyun immediately walked over to the chair and sat down. He immediately felt a unique energy entering his body.

Yi Tianyun was surprised, but he immediately sensed that his soul began to move all around the place, and soon after, Yi Tianyun felt his consciousness connected to the Three Realms itself! First, he felt like he had all the Mortal World under his control before it quickly extended to Heaven World and Ghost World!

He could sense everything in every nook and cranny of the Three Realms! He was now like a God that had the Three Realms at the tip of his finger. He felt like he could manipulate everything in the Three Realms from there. He could kill any cultivator he wanted, overturn the sea, or better yet, turn the entire Three Realms into a Spirit Ship and move it away!

“This is the Control Room!” Yi Tianyun said as he was surprised by the feature inside this place. He has been thinking of relocating the Three Realms’ Core, and now he had the means to do it, and better yet, he could move the entire Three Realms itself!

Chapter 978

Yi Tianyun was surprised and elated by the situation as he had been worried about the problem the whole time and never expected to would find the answer to his problem right here! He could just sit here and control the Three Realms however he wanted!

“This saves me the trouble of relocating the Core. I can just relocate the Three Realms right now!” Yi Tianyun said as he immediately moved the Three Realms somewhere else. He didn’t know when the Evil Spirit Race would attack, and he didn’t see any problem relocating the Three Realms right now.

Yi Tianyun kept pumping the control room with Star Power, and Yi Tianyun could feel that the whole Three Realms were enveloped by a thick shield. He believed that the shield that surrounded the Three Realms right now was incredibly durable that not even a Heaven Monarch Cultivator would be able to destroy the shield now!

“How convenient! The Three Realms turns out to be an amazing Spirit Ship!” Yi Tianyun said with amazement. With a Spirit Ship of this scale, he could go anywhere in the universe without any problem! “I never expected the Ancestral Land of the Spirit Race would have a 9th Grade God Rune Master! I am really at a loss for words!” Yi Tianyun said to himself.

It was very likely that the Spirit Race was the descendant of the Creator themselves! Then again, it would explain the reason behind their powerful innate ability. Nevertheless, that didn’t matter right now, as he now had to think of where he should relocate the Three Realms first.

Many of the Cultivators in the Three Realms right now didn’t even know that the Three Realms was on the move. The Three Realms’ movement itself was very smooth, and the shield destroyed any space debris that came into contact with it. Therefore, the movement of the Three Realms was indistinctive from the inside.

“What am I supposed to do here? I can’t just leave things half-assed like this!” Yi Tianyun said with a frown on his face. Now that the Three Realms could move, it should be relatively safer, but it didn’t mean that Yi Tianyun could just ignore the Evil Spirit Race!

The Evil Spirit Race had caused so much grievance in the Three Realms, and Yi Tianyun couldn’t just let them be either!

.....

At the same time, inside the Evil Spirit Race Ancestral Land, the Evil Spirit Race was thrown into chaos as soon as they learned that the Heaven Monarch Cultivators they sent to some unknown land on the Mortal Domain were annihilated!

“What is happening? How could three Heaven Monarchs die in a Mortal Domain like that!” the people said to themselves with uneasiness.

“Our king, three of our Heaven Monarchs that we send to the Mortal Domain are dead!” A cultivator said as he reported to the Evil Spirit Race King. The cultivator still couldn’t believe this news as it was bizarre to have a Heaven Monarch cultivator killed in some random Mortal Domain. It was a shame to Evil Spirit Race as they couldn’t even handle a Mortal Domain!

“What is going on here? Is there any faction that backs up that place?” A Cultivator said on the side. Judging from his demeanor, he seemed to be some kind of elder. Everyone looked at each other as they didn’t know what to say. There was no way a faction would aid a Mortal Domain that easily, but there was a possibility that the place that they attacked was already occupied by another powerful God Domain!

“I didn’t expect to run into this kind of problem! If it’s really a powerful God Domain, it would be troublesome if they figure out our location!” Another cultivator said on the side.

The cultivators in the room murmured among themselves as they began to speculate the identity of the God Domain that helped the Mortal Domain they attacked.

“Enough!” The King said expressionlessly. The Elders who stood on his side bowed and took a step back.

“Send God Monarch Evil Flames out and two other Heaven Monarchs. Bring the Escape Heavenly God Talisman, too. If they still can’t beat the enemy there, escape and report back to me at once!” Evil Spirit King said coldly.

“Yes! Right away, My King!” The Elder on the King’s right side said and immediately left. The other cultivators looked at each other as they knew how grave their current situation was. It was obvious that their King was angry. They underestimated the Mortal Domain, and now they suffered a massive loss!

Losing three Heaven Monarch Cultivators at the same time would take a huge toll on the God Domain’s power! Now, the King even sent a God Monarch to take control of the situation! Obviously, the God Monarch cultivator would be much stronger than a Heaven Monarch cultivator. It was said that a God Monarch Cultivator could easily overpower 100 Heaven Monarch Cultivators without any issues!

“Go at once, I shall await for good news!” Evil Spirit King made his final word.

“Yes! Right away, My King!” The Elder on the King’s left side bowed and immediately left.

The Elders then found God Monarch Evil Flames and gave him the King’s order. God Monarch Evil Flames bowed and took several Heaven Monarch cultivators with him before taking off with a High-Grade Rebirth Level Spirit Ship towards the Three Realms!

With a God Monarch cultivator taking the helm, the Evil Spirit Race Spirit Ship was unbelievably fast!

“We have to reach the Mortal Domain in one month!” God Monarch Evil Flames said coldly. The Heaven Monarch cultivators just nodded their heads as they knew how dire the situation was. They should have taken control of the Mortal Domain, but their plan was thwarted several times instead! It was a shameful display for a God Domain to lose to a Mortal Domain!

Under the leadership of God Monarch Evil Flames, the Evil Spirit Race Spirit Ship arrived at Three Realms coordinate in one month!

“We have arrived at our destination. Are you all ready to fight?” God Monarch Evil Flames said coldly. They all nodded their head, but as soon as they opened the door of their Spirit Ship...

“What is this? Where is the planet? Are you all sure this is the correct coordinate?” God Monarch Evil Flames said annoyedly. They all felt dumb and stupid as they wondered if they went to the wrong coordinate.

Chapter 979

God Monarch Evil Flames and the rest of the Evil Spirit Race cultivators that he brought along with him were all confused! He was certain that he had input the correct coordinate, but now they only saw a bunch of rocks without any planet in sight.

“Is the planet gone? Did they teleport it somehow?” God Monarch Evil Flames said confusedly. They never expected the planet itself to disappear. They had seen a planet being blown out of existence but certainly not disappeared into thin air like this!

“What Expert would be capable of taking a whole planet away?” Heaven Monarch that stood next to God Monarch Evil Flames said carefully. God Monarch Evil Flames still frowned. He had a rough idea what kind of Expert was capable of doing so, but he didn’t dare to say it out loud.

“Damn it! We are so prepared to take control of that planet, but this turns out to be a complete waste of time!” God Monarch Evil Flames said as he smashed some rocks in front of the Spirit Ship into powder. The power he exerted was terrifying, and none of the Heaven Monarch Cultivators on the Spirit Ship dared to approach him.

After venting for a little while, God Monarch Evil Flames finally calmed down. “I don’t know where the planet has been relocated, but I will find it for sure!” God Monarch Evil Flames said coldly.

“God Monarch, but we shouldn’t do that!” A Heaven Monarch cultivator said behind God Monarch Evil Flames.

“Shut up! You don’t have to do anything if you don’t want to, I will handle everything!” God Monarch Evil Flames stared coldly at the Heaven Monarch Cultivator. This mission was given by Evil Spirit King, and he couldn’t simply return empty-handed! He just had to search in the nearby area first. If he couldn’t find any trace of that planet, he didn’t mind returning to Evil Spirit Race Ancestral Land!

The Heaven Monarch Cultivators on the ships swallowed their spit in horror as they were worried about the cultivator that relocated the planet away. Someone who was capable of doing such a thing must be at the very least God Monarch level! Furthermore, they also knew that God Monarch Evil Flames couldn’t do such a thing, so the cultivator that relocated the planet must be stronger than God Monarch Evil Flames, but they just remained silent as they didn’t want to incur God Monarch Evil Flames’ wrath!

“Right away, God Monarch!” The Heaven Monarch cultivators braced themselves and maneuvered the Spirit Ship to search for their target planet. They could only hope that they wouldn’t encounter the Expert that had relocated the planet, for they knew that their lives would be forfeited at that moment.

After a while,

“Damn it! I don’t believe that there is absolutely no clue left behind!” God Monarch Evil Flames said as he searched the surrounding area with the Spirit Ship. At the same time, Heavenly Edict Divine Territory was in chaos! The God Domain’s War of Ascension was coming close, but Yi Tianyun suddenly disappeared without anyone knowing where he went!

“Where did that brat go!? We have so little time now. If he couldn’t cultivate as efficiently as we planned, he wouldn’t be able to produce a decent result!” Nian Ciyu said as she gritted her teeth in frustration. The entire Heavenly Edict Divine Territory’s cultivators, who were free at the moment, were dispatched to search for Yi Tianyun! They couldn’t let their strongest disciple miss the War of Ascension!

The Elders of Heavenly Edict Divine Territory were thrown into panic. Although Yi Tianyun could just enter the next God Domain’s War of Ascension, they had already done so much so that he could participate in this War of Ascension! Heavenly Edict Divine Territory has been in decline, and they need to at least get a decent result in this War of Ascension to gain their fame back! They had to bring glory to Heavenly Edict Divine Territory no matter what!

After a while, everyone finally realised that Yi Tianyun wasn’t inside Heavenly Edict Divine Territory’s domain. They couldn’t do anything after they knew of this fact as there was no way they could search the entire universe to search for one person!

“Elder Nian, our token didn’t react to his token! He is obviously too far to detect!” One of the guards said as they came reporting to Nian Ciyu.

“Where is this brat running to? Fortunately, the token says that he is still alive!” Nian Ciyu said with a frown on her face. The Identity Token that was given to Yi Tianyun as he joined Heavenly Edict Divine Territory could convey a lot of information, but if the distance was too far, then the information couldn’t be accessed. Only if the holder died could the information be relayed back no matter how far the distance.

It wasn't especially created this way, but the token required some energy to relay information, but if there was too much distance between them, then the token couldn't transmit the information effectively. But, when the holder died, the token would explode, and the energy from the explosion would send the information inside the token with certainty!

"Yes, the token is still active, but he is just too far away from us right now." The Guards said worriedly. They were all exhausted as they had been running around all day to search for Yi Tianyun's whereabouts.

"Then we should wait for him to return on his own! Tell the other guards to stop looking!" Nian Ciyu ordered with a frown on her face.

"Alright! Thank you, Elder Nian!" The guards said as they left Nian Ciyu alone.

"I hope he will return before the time runs out! But why would he leave the Divine Temple of Life behind? It is a good place to cultivate for him! Is there any urgent matter that he needs to attend to?" Nian Ciyu wondered as she began to sigh exasperatedly.

Meanwhile, Yi Tianyun was busy piloting the Three Realms to a remote area. Fortunately, no cultivator had noticed such a huge Spirit Ship flying in space!

"The energy required to control this thing is too much! There is no way I would be able to do this if my cultivation base is not high enough!" Yi Tianyun said as he wiped the sweat on his forehead. He constantly channeled his Star Power to feed the Three Realms to move. Now, the only thing he ought to do was find some remote location to make sure that the Evil Spirit Race wouldn't be able to find the Three Realms again!

Yi Tianyun knew that the Evil Spirit Race would search for the Three Realms again as soon as they couldn't find the Three Realms where it used to be. He has been piloting the Three Realms for several months now.

"It should be safe for the time being around here!" Yi Tianyun said as he stopped the Three Realms. The other planets around here could serve as a cover for the Three Realms. In addition, he also wanted to place Invisible Great Arrays outside to alarm him if there was any enemy approaching the Three Realms.

Yi Tianyun immediately flew out of the control room to the outside world and set up his Great Array. He spent a lot of energy setting it up, but it was definitely worth it as it would be the first line of defense against any intruder who wanted to cause harm to the Three Realms.

“This is enough for my current cultivation! Now, I shouldn’t have to worry about the Three Realms for some time.” Yi Tianyun said as he sighed in relief.

Chapter 980

After Yi Tianyun placed a Great Array right outside the Three Realms, he could finally rest easy! He now could live a comfortable life with Shi Xueyun without having to worry about anything for the time being. His goal was to free the Three Realms from the Evil Spirit Race’s threat, and now that he did, there was not much left to do. Yi Tianyun already calculated that there was still at least half a year before God Domain’s War of Ascension, and he could teleport to Heavenly Edict Divine Territory anytime he wanted, so there was no need to hurry. Obviously, time in Mortal Domain was far more abundant, too. Ten years in Mortal Domain equaled 2 years in God Domain. So, he could stay for a year in Mortal Domain, and he should still have enough time to do his obligation for Heavenly Edict Divine Territory. Nevertheless, Yi Tianyun knew that cultivating on the God Domain was far more efficient than cultivating on Mortal Domain, so the time difference was really much appreciated as they could efficiently use their time to cultivate. After all, 2 years of cultivation on the God Domain was equal to 10 years of cultivation in the Mortal Domain! After staying in the Three Realms for a while, Yi Tianyun decided to fly towards one of the empty planets to prepare for the next Heavenly Tribulation. Yi Tianyun was about to reach the 6th Layer Earth Monarch Rank, and he knew that once he did so, the Tribulation Cloud would attack him once again. “Level Up to 6th Layer Earth Monarch!” Yi Tianyun said as he felt that he was completely alone inside the empty planet. ‘DING!’

‘Successfully level up to 6th Layer Earth Monarch, deducting Exp for the amount of requirement.’ A crackling sound immediately echoed from the sky, and Yi Tianyun was right! The Tribulation Cloud was floating forward towards Yi Tianyun! The sound of thunder was loud, and the flash of light was intense! “A 7th Grade Heavenly Tribulation this time, huh?” Yi Tianyun said as he smiled and rushed towards the Tribulation Clouds. He wanted to destroy it right away as he didn’t want to waste too much time there. Obviously, the Heavenly Tribulation didn’t mean much for Yi Tianyun right now. The Thunder from the Tribulation Clouds easily reached tens of millions of Star Power, but Yi Tianyun dodged everything they threw at him and rushed towards the Tribulation Clouds without care. He knew that it would be more dangerous the closer he got to the Tribulation Clouds, but it didn’t matter. Yi Tianyun concentrated his aura on his fist and punched the Tribulation clouds as hard as he could. The Tribulation Clouds were blown out from the impact, giving Yi Tianyun another boost for his physique and Star Power concentration on his body. Yi Tianyun could feel his power rise sharply, and he knew that it would become more difficult to cultivate from here. He would have to put more effort into getting enough Exp for his next cultivation level. But still, this was already within expectation, so there was no need for Yi Tianyun to panic. Yi Tianyun returned to Three Realms after his breakthrough. Since he brought a lot of

Martial Arts with him from the God Domain, the cultivators of the Three Realms were cultivating like crazy right now. Their vigor was revitalised, and they continued cultivating like they were some teens! When Yi Tianyun saw the situation at hand, he knew that the next time he came back from the God Domain, Three Realms would change drastically. He expected many cultivators would reach Divine King Stage by that time. Still, Divine King level seemed to be the cap here on Mortal Domain as a cultivator needed Star Power to reach higher realms. "Time to spin the roulette again!" Yi Tianyun said as he had 3 Roulette Tickets in his inventory. He received one after killing the first Heaven Monarch, another one after reaching the 5th Layer Earth Monarch, and the last one when he killed the Evil Spirit Race Heaven Monarchs! But there was no extra bonus like earlier. He opened the God Domain's Lottery Roulette, and the roulette began to spin. Yi Tianyun wished it would stop at Divine Ability, but he knew there was no point placing too much hope on this! The pointers eventually slowed down and somehow stopped at Divine Ability! Yi Tianyun was startled as he knew that his luck was never this good! But it definitely would be a big help to get another Divine Ability! A crystal box rolled out of the roulette, and Yi Tianyun excitedly opened the box! Eye of Charm Level 4 immediately popped out of the box as soon as Yi Tianyun opened the box. "Hey, I don't really need this one!" Yi Tianyun said with a frown on his face. Eye of Charm: Expert Level. Could Charm any cultivator within Heaven Monarch level. They would absolutely obey any command. Manipulates up to 2 Cultivators at a time. Next Level requires 1 billion Cps. (Note: Charm could fail if the targeted cultivator's spiritual force was much stronger than the user) "Well, it is still something! At least I don't need to spend too much Crazy Point to level this up!" Yi Tianyun said as he consoled himself. But still, he saved hundreds of millions of Crazy Points for getting the Eye of Charm Level 4. "Again!" Yi Tianyun said as the roulette board began to spin again. And it once again stopped at Divine Ability! "This is really my lucky day!" Yi Tianyun said excitedly. The Crystal Box rolled out again, and Yi Tianyun opened only to see Teleportation Level 5! Teleportation: Teleport to a point up to 500 miles away. Cooldown time: 10 minutes. Next Level requires: 1 billion Cps. Yi Tianyun sighed frustratedly once again. It is a good Divine Ability, but he didn't want something he already had! But at the very least, the maximum distance was improved by a lot! "At least I don't have to level it up myself!" Yi Tianyun said, trying to stay positive once again. He spun the roulette for the last time, and it stopped at Divine Ability again! Yi Tianyun quickly opened the Crystal Box, and Lucky Aura level 5 immediately popped out! "It keeps giving me something I already have!" Yi Tianyun said frustratedly. Getting Divine Ability was fine and all, but he looked forward to something new!
