

## Leveling 981

### Chapter 981

Lucky Aura: 100 times luckier than usual! It will definitely help you in a pinch! Consumes 100.000 Crazy Points per second.

Yi Tianyun frowned as using Lucky Aura seemed nothing but a bad idea right now. 100.000 Crazy Points per second wasn't a laughing matter. Nevertheless, while 100.000 Crazy Points definitely could buy a lot of things in the past, Yi Tianyun knew that 100.000 Crazy Points wasn't really that valuable right now.

"100 times luckier than normal is certainly worth the cost, but I have to use it wisely." Yi Tianyun said while clicking his tongue. He knew that Lucky Aura was a helpful Divine Ability, and it has never let him down in the past.

"My ticket is gone, but I really want to spend some Crazy Points to draw the next one!" Yi Tianyun said as he spun the roulette once more. He spent millions of Crazy Points to get one more spin, but it was certainly worth it. Getting Crazy Points wasn't that hard after all.

"It's almost time to go back! I wonder if Elder Nian will be mad at me." Yi Tianyun said as he shook his head. He knew that he was at fault here as he left without saying anything to anyone from Heavenly Edict Divine Territory.

Yi Tianyun went to Lei Zhengyu first as he was still in Three Realms after Yi Tianyun summoned him earlier. It was natural that he wouldn't leave without Yi Tianyun's instruction.

"Brother Lei, it is time for us to return!" Yi Tianyun said as he found Lei Zhenyu was teaching some cultivator from Heavenly Clouds Divine Nation.

"Already? But still, I didn't expect Boss Yi to even show your hometown to me! I never thought you trust me that much!" Lei Zhengyu said with a big grin on his face.

"We are all Humans, I trust you out there, and I would trust you here too!" Yi Tianyun said as he patted Lei Zhengyu's shoulder. "Still, you have my gratitude for helping me fend off those Evil Spirit Race! If you have something you need from me, you can ask me anytime." Yi Tianyun said gratefully.

“I’ll gladly take you up on that offer, Boss Yi! But how do we return? Do we use a Spirit Ship, or should we fly there on our own?” Lei Zhegyu asked curiously.

“We don’t have to use such a roundabout way, just wait here for a while!” Yi Tianyun said with a smile on his face. Yi Tianyun then went to Shi Xueyun and bid her farewell for now.

“Xueyun, I am leaving you here for another while. Don’t worry, the Three Realms are now safe from the Evil Spirit Race! They would never find their way here again for the time being. Even if they find the Three Realms again, I believe by that time, I would have the power to finally exterminate all of them!” Yi Tianyun said confidently.

“I believe in you!” Shi Xueyun said while rubbing her belly. “As long as our child is born safely, I don’t mind!” Shi Xueyun said with a smile on her face.

“That’s correct!” Yi Tianyun said as he hugged her tightly. He didn’t say anything else, but he knew that his responsibility definitely added up. Not only did he have to protect the Three Realms, but he also ought to protect his family too!

After the farewell, Yi Tianyun teleported to Heavenly Edict Divine Territory and summoned Lei Zhengyu again. Yi Tianyun then gave a lot of treasure to Lei Zhengyu for his help and as a form of reward. After all, Lei Zhengyu was his Divine General, and he would feel bad leaving his Divine General with nothing after everything he had done! Besides, he ought to strengthen his Divine General further.

Lei Zhengyu just accepted Yi Tianyun’s gift as he couldn’t reject it after seeing how sincere Yi Tianyun was. After Lei Zhengyu left, Yi Tianyun’s ID Token suddenly shook, and a few strong messages popped up in his mind.

“Please come back, Heavenly Edict Divine Territory will help you solve all your problems!”

“God Domain’s War of Ascension is about to begin! Stop running around and return!”

“If you return to Heavenly Edict Divine Territory, find Elder Nian right away!”

.....

Yi Tianyun received all kinds of information, but he knew Heavenly Edict Divine Territory was thrown into chaos as soon as he left. They counted on Yi Tianyun to give them the opportunity to etch their name on the War of Ascension's Hall of fame, after all. After witnessing what happened in the Divine Temple of Life, everyone believed that Yi Tianyun would certainly produce a better result than Xiao Murong!

"They must be still looking for me!" Yi Tianyun shook his head and immediately went to Nian Ciyu's office.

"Where the hell have you been!" Nian Ciyu said as she frowned after seeing Yi Tianyun had returned.

"Calm down, Elder Nian! I am back, aren't I?" Yi Tianyun said as he smiled at Nian Ciyu.

"Where the hell you've been? You know Heavenly Edict Divine Territory wouldn't be able to survive in War of Ascension without you, right?" Nian Ciyu said coldly.

"I went back to my hometown. I have some urgent business over there earlier." Yi Tianyun said honestly.

"So? What are you doing over there? Whatever your problem is, I believe our people would help you!" Nian Ciyu said with a frown on her face.

"Evil Spirit Race is my problem. Can you help me deal with them?" Yi Tianyun said honestly.

"Evil Spirit Race?" Nian Ciyu's expression suddenly turned cold. "Where are they? I will help you deal with them right now!" Nian Ciyu said coldly.

"Evil Spirit Race is a 2nd Grade God Domain, and they might have the power to reach 3rd Grade God Domain, too! Won't Heavenly Edict Divine Territory face grave danger if you help me?" Yi Tianyun said curiously.

“Yes, but everyone has their fair share of grief because of Evil Spirit Race! Especially those that come from the Mortal Domain!” Nian Ciyu said coldly. “Our Faction may be weaker than them, but if we band together, I believe that the Evil Spirit Race wouldn’t have the opportunity to fight back!” Nian Ciyu said excitedly.

Nevertheless, Yi Tianyun could only shake his head as he knew what she was trying to say. Still, Yi Tianyun was quite confused. If there was a 3rd Layer God Domain, why didn’t an Advanced level God Domain exist?

## Chapter 982

“If so many cultivators are troubled by the Evil Spirit Race’s action, why not join forces and get rid of them once and for all?” Yi Tianyun wondered. “Or better yet, you can ask a more powerful God Domain faction to get rid of them!” Yi Tianyun wondered. It was just confusing as he knew getting rid of the Evil Spirit Race was the solution.

“The reason is relatively simple, the place that the Evil Spirit Race mainly invaded is the Mortal Domain, and their territory is relatively far from any other faction too. You see, no law in God Domain stated that we must punish any God Domain that committed inhumane crimes, so joining forces is not really a thing here.” Nian Ciyu said helplessly. “Besides, the higher-grade God Domain didn’t care about the Mortal Domain at all.” Nian Ciyu said with an exhausted sigh.

This was the reality! Although it might sound cruel, it was the truth! The higher-grade God Domains wouldn’t care as long as their business was left alone.

“Well, many high-grade God Domains were even more atrocious than the Evil Spirit Race! It’s a given that they wouldn’t care about the Evil Spirit Race as they thought that what the Evil Spirit Race did was a mere child play.” Nian Ciyu said while shaking her head. Yi Tianyun thought about it and realised that it made perfect sense. Evil Spirit Race was only one race out of thousands in the universe!

There were bound to be other races that would commit more repulsive behaviours than the Evil Spirit Race! In the God Domain’s world, the strong were always respected! It was the hard truth!

“It seems we have to take care of the Evil Spirit Race ourselves!” Yi Tianyun said with an exasperated sigh.

“Take me with you, I will help you destroy them!” Nian Ciyu said as she took out her Spirit Ship. She was ready to go wherever Yi Tianyun wanted.

“No! Did you think I wouldn’t be able to defeat them on my own?” Yi Tianyun said as he smiled at Nian Ciyu. He had already killed so many Evil Spirit Race cultivators before that Yi Tianyun didn’t think he would lose to them!

“I think you should have no problem, but you would be struggling if a powerful Heaven Monarch or even a God Monarch appeared! But the Evil Spirit Race won’t make a move on the Human Race for no reason, will they?” Nian Ciyu said as she wondered what the Evil Spirit Race might do to Yi Tianyun in the past. Nian Ciyu was confident in her own skill as she could handle one of the Slaughter God Divine Generals on her own back in the Slaughter God Tower.

Even so, Yi Tianyun was way more powerful than she might be, which was also why Yi Tianyun didn’t want her to come as she might hinder Yi Tianyun’s movement there!

“It doesn’t matter for now. I will attend the God Domain’s war of Ascension, and this problem with the Evil Spirit Race should be dealt with later!” Yi Tianyun said solemnly. For now, all he ought to focus on was levelling up his cultivation base.

“You still have time to test for the Bone Age. Most of the participants are already there, you may be the only one left!” Nian Ciyu said as she remembered that Yi Tianyun still had to participate in the War of Ascension.

“Is there a test to participate?” Yi Tianyun said confusedly.

“Yes, they have to see how long you’ve already lived in this universe to determine whether you can participate or not. I believe the limit is around 1.000 years! If you have lived more than that, you’re not allowed to participate in the War of Ascension, but joining as one of their disciples shouldn’t be a problem.

“1.000 years? Do I look like a 1.000 years old to you?” Yi Tianyun said weirdly.

“Well, others might think that you are an old man considering that your power is extraordinary!” Nian Ciyu said teasingly.

“This is tough.” Yi Tianyun said with a smile on his face. “But the flow of time in God Domain and Mortal Domain is quite different. How do they calculate one’s age?” Yi Tianyun wondered.

“It is calculated based on the time of the place the test is taken. But now that you haven’t shown yourself on the test site for so long, people are starting to think that you are avoiding it!” Nian Ciyu said without so much thought.

Nian Ciyu then told Yi Tianyun to follow him, and she brought Yi Tianyun to the test site. Yi Tianyun noticed that the test site didn’t seem like anything special, just a place to gather around.

“The cultivators are lining up to take the bone age test. This place is no longer just Heavenly Edict Divine Territory, but already considered God Domain’s War of Ascension’s territory.” Nian Ciyu said, explaining the place to Yi Tianyun. Every God Domain that participated in the War of Ascension had to set aside some of their lands as the test area.

The executor of the War of Ascension would come to each God Domain that participated and conducted the test themselves. This way, there was no way for the God Domain participant could cheat their way inside the War of Ascension. This way, the participants who were deemed too old to join the War of Ascension would be selected as a disciple if they had already passed the requirements set by the executor.

Once they were selected as the disciple, they would become subject to severe punishment as they had already cheated the War of Ascension rules. Nevertheless, this was also the reason why the God Domain spent money to hire a strong cultivator to participate on their behalf in the War of Ascension.

Yi Tianyun looked around and didn’t see anyone he knew among the participants. Eventually, he did see some familiar faces, which were Xiao Murong and Yuan Tianyou, and other inner palace disciples.

Nian Ciyu’s arrival attracted people’s attention as they thought that Nian Ciyu was their goddess! They looked at Nian Ciyu full of admiration and respect. Yi Tianyun’s existence was completely ignored as only a few people knew about Yi Tianyun’s identity. Still, they showed no sign of hiding their jealousy as they didn’t like someone like Yi Tianyun to stand by their goddess’ side.

“Who is that man that stands next to Elder Nian? Why is he being escorted by Elder Nian herself?”

“It’s that rumored genius! I believe his name is Yi Tianyun, the outside world thinks that he is an old monster that easily lived for more than 3.000 years old!”

“3.000 years old? Isn’t that just an exaggeration? If that is really the case, he wouldn’t be able to join the War of Ascension, would he?”

“I am not too sure about it, I heard that he has been hiding for quite some time as soon as Elder Nian ordered him to take the test.”

One by one, the cultivators in the area gloated over Yi Tianyun as they thought that he would certainly fail and would be taken in as the disciples!

## Chapter 983

Yi Tianyun just shrugged his shoulders despite all the stares directed at him. These cultivators were really weak compared to his standard, and he sure hoped that the rest wouldn’t be as bad as them!

“Why would they think I’m an old man?” Yi Tianyun said as he shook his head.

“Well, it was obvious. If you are a human, there is no explanation of your power other than you being really old.” Nian Ciyu said with a shrug. But it was the truth as cultivating to the higher cultivation base would prove to be difficult with the Human Race’s innate ability, and the Human Race could only reach a higher plane of cultivation base with time!

Still, if that was the case with Yi Tianyun, then his participation in God Domain’s War of Ascension would be revoked, and he would be punished severely.

“It’s true, but it is a pity that they would be disappointed once they find out.” Yi Tianyun said as he laughed to himself. He didn’t say much after that as he walked towards the line. He stood right behind Xiao Murong, and Xiao Murong immediately turned around to look at Yi Tianyun with a frown on his face.

“Where have you been? You’ve been gone for so long! I told you to wait for me at the bottom, but you ran off somewhere instead! You are a strange person, you know that?” Xiao Murong looked at Yi Tianyun strangely.

“I have my personal issue, so I have to deal with it on my own! But now I am ready to participate in God Domain’s War of Ascension!” Yi Tianyun said casually.

“Well, this time, my ranking would certainly be higher than you!” Xiao Murong said coldly.

“Of course, the Territory Lord would be pleased with your accomplishment.” Yi Tianyun shrugged as he didn’t really care about the ranking. He didn’t care whether he would be number 1 or 100 as long as he could participate in God Domain’s War of Ascension.

“You cocky shit! Just you wait!” Xiao Murong said angrily. She was clearly irritated that Yi Tianyun didn’t take her seriously. Yuan Tianyou, on the side, just shrugged his shoulders and walked towards Xiao Murong.

“Miss Mu, don’t let him bother you. He might be an old monster and get disqualified from the War of Ascension for all we know. But, if you act like this, you might be the one who gets booted out!” Yuan Tianyou tried to comfort Xiao Murong.

Yuan Tianyou was a little bit on edge as he was supposed to be the number one disciple of Heavenly Edict Divine Territory, but now his spot was taken by Yi Tianyun. Yi Tianyun attracted everyone’s attention and left Yuan Tianyou with nothing. He was even more dumbfounded to find Yi Tianyun even managed to get to the bottom of the Divine Temple of Life!

Yet again, Yi Tianyun set another record! It was something that even Yuan Tianyou never imagined to happen! Yuan Tianyou couldn’t figure out how Yi Tianyun could do all this, but there was a chance that Yi Tianyun might be an old monster!

It wasn’t only Yuan Tianyou himself. Other geniuses on Heavenly Edict Divine Territory were also jealous of Yi Tianyun, and as good as they tried to hide it, they actually wanted to know how Yi Tianyun did it! They hoped that Yi Tianyun would be caught after the test!

“Get off of me! Just take care of yourself!” Xiao Murong coldly said as she disregarded Yuan Tianyou. Xiao Murong was already done with her Bone Age test, and there was no need for her to be here anymore. She could just rest as she waited for the War of Ascension to commence.

Yuan Tianyou was embarrassed as Xiao Murong ignored her like trash!

“Damn you Xiao Murong! Wait until my rank is higher than you, I will make your entire Mu family kneel in front of my feet!” Yuan Tianyou said to himself.

“Look at Yuan Tianyou, Xiao Murong ignores him like a trash!”

“Well, Xiao Murong is a genius! Someone like Yuan Tianyou is not even on her radar!”

“That is true! She is already 500 years old, and she has already reached the 7th Layer Earth Monarch stage! It is incredible!”

Almost no one that stood behind Yuan Tianyou as Xiao Murong was definitely better than him.

A cultivator within 1.000 years old had already gathered there as they wanted to see who would participate in the War of Ascension today. They also wanted to see the geniuses that stood before them!

Yi Tianyun just smirked as he listened to the chatter around him. He shook his head with a smile on his face as none of it was important for Yi Tianyun.

“Your bone age is 476 years, Qualified! NEXT!” The tester said as the cultivator left. From the looks of it, the cultivator only needed to put their hands on the crystal in front of the tester, and their age would be revealed immediately! It didn’t even require any energy to activate; instead, the crystal itself emitted energy that shrouded the cultivator’s body as soon as their hand touched it!

The next cultivator then stepped up as it was their turn. They also immediately left after their age was shown.

“Bone age is 576, Qualified! Next!” the tester said in monotone. He didn’t even bat an eye as if there was nothing exciting for him to see.

Finally, it was time for Yi Tianyun and Nian Ciyu to step forward. Everyone immediately focused their attention on Yi Tianyun’s direction.

“It seems everyone can’t wait to see your age!” Nian Ciyu said as she smirked teasingly. Yi Tianyun just shook his head as he walked forward. Everyone was eagerly waiting for this moment as the queue on the sides and everyone else watching from afar stared anticipatngly at Yi Tianyun. Everyone wanted to see Yi Tianyun get booted out.

The tester didn’t say anything as he just stood there, waiting for the participants to put their hands on the crystal. He didn’t know who Yi Tianyun was and didn’t care either.

Yi Tianyun then signalled the tester that he was ready to take the test.

Everyone looked at him expectantly, obviously expecting him to fail!

Yi Tianyun put his hand on the Crystal ball, and the energy that the crystal transmitted shrouded Yi Tianyun, immediately reading Yi Tianyun’s age! But the tester was immediately stunned in surprise as he saw Yi Tianyun’s age.

“Bone age 29?” The tester said in disbelief as he had never seen someone this young participating in the God Domain’s War of Ascension test. Everyone who watched the test fell silent as they were shocked beyond surprise!

## Chapter 984

The cultivators who heard that Yi Tianyun was still 29 years old were speechless! They thought that Yi Tianyun would definitely be an old cultivator that had already reached at least a thousand years old, but the truth was really baffling! The tester himself was also shocked. Even Nian Ciyu also couldn’t believe her ears!

Nian Ciyu herself also thought that Yi Tianyun would definitely have at least a hundred years in his experience, but Yi Tianyun wasn't even 50! She knew that Yi Tianyun came from a Mortal Domain, so Yi Tianyun's cultivation should be slower than anyone in the God Domain!

Xiao Murong was a relatively good example of a God Domain cultivator. She was a genius cultivator, but her age was still in the hundreds for someone who had reached the 7th Layer Earth Monarch stage! Furthermore, she also had support from an influential family that could provide her with everything she needed to advance farther than anyone else!

But the test just showed Yi Tianyun's age to be 29 years old! It was certainly the fastest cultivation speed that anyone could ever imagine reaching the Earth Monarch level!

The tester then took out a new crystal from his storage ring as he prepared to redo the test again. Obviously, the tester thought that there was something wrong with the crystal as there was no way someone at the Earth Monarch stage would only be 29 years old!

"The tester thought that there was something wrong with the crystal, but it was expected! There was no way an Earth Monarch cultivator would be 29 years old!"

"Yes, I thought so too! The crystal must be broken! It's probably at its limit already. After all, it has already tested so many cultivators before that brat!"

"There's just no way!"

Everyone shook their head as they couldn't believe Yi Tianyun was really only 29 years old. If this is true, then the entire Cultivation World would be in chaos! The tester was mainly skeptical of Yi Tianyun's age because Yi Tianyun's cultivation level had already reached the 6th Layer Earth Monarch stage. If he had a lower cultivation level, the tester wouldn't even bat an eye!

Meanwhile, Yi Tianyun didn't even show the slightest change of emotion as he didn't really care at all.

The tester set up the new crystal and ordered Yi Tianyun to put his hands on the crystal again. The aura from the crystal shrouded Yi Tianyun like last time, and the tester was baffled once again and took another crystal from his storage ring as he still couldn't believe Yi Tianyun's age!

“This is not right!” The tester said as he changed the crystal on the table with a new one. But nevertheless, the result was the same! “You are really 29 years old?” the tester asked with a baffled look on his face.

All the cultivators around Yi Tianyun were stunned by the words that came out of the tester’s mouth. It seemed no matter how many times the tester tried, Yi Tianyun’s age would still be 29 years old!

This is impossible!

“Is he really 29 years old?” the cultivator still doubted Yi Tianyun’s age. The crystal testing device doesn’t seem to be the problem, but Yi Tianyun himself was really 29 years old! Explore the labyrinthine roots of this substance at [Nøv€lβjn](#)

“It seems he is really 29 years old! But could he just be an old monster who took that brat body with Body Possession?”

“Body possession? There is no way a soul of an old monster cultivator would be able to cultivate a 29-year-old body to Earth Monarch stage! It would take hundreds of years for them to reach Earth Monarch stage!”

“Yeah, there is no way Body possession is the case here!”

“But still, the crystal couldn’t test the soul, and so, there is no way to find out if it was Body Possession or not!”

The cultivators soon speculated the truth behind Yi Tianyun’s age. They tried to justify it by thinking that Yi Tianyun was really an old monster who took over a poor brat’s body with Body Possession as they still couldn’t admit that Yi Tianyun was really a terrifying genius!

“You guys are all spewing bullshit! You have to admit that he is a genius cultivator! You can’t look down on us human race like this! It was obvious that he wasn’t some old monster who took over a boy’s body with Body Possession!” A Human cultivator said as he supported Yi Tianyun as a fellow Human Race cultivator.

All the Human Race cultivators stood behind Yi Tianyun as they found hope in Yi Tianyun. If a Human Race like Yi Tianyun could participate in God Domain's War of Ascension, then they might have the same chance, too, someday!

The other cultivators couldn't refute it as Body Possession couldn't be done easily, and Body Possession itself would leave a mark! The soul itself would need many years to get used to its new body, and thus, cultivation would be off the table for a while!

"So, do you really think that he used his own ability to reach such a stage?"

"This is nonsense! He comes from the Mortal Domain, it's not possible!"

The cultivators kept on wondering and discussing Yi Tianyun's circumstances among themselves as they couldn't believe that Yi Tianyun reached the stage he was currently in with his own ability. But in the end, they couldn't refute that Yi Tianyun really had a staggering cultivation level!

Yi Tianyun just smiled the whole time as he knew that a commotion would be made in his Bone Age Test.

"They are too predictable!" Yi Tianyun said as he casually waited for the tester's verdict. He knew that in the God Domain cultivator's perspective, Yi Tianyun was like a baby bird that hatched a few minutes ago in terms of age.

"Tester, do you still need to test me again?" Yi Tianyun asked the tester with a smile on his face.

"No, it seems you are really a 29-year-old cultivator with the 6th Layer Earth Monarch cultivation level! This is really something else!" The tester said to himself. The tester also looked into Yi Tianyun's background, and it was even more baffling as they saw that Yi Tianyun was a Human Race and a cultivator that comes from Mortal Domain!

If Yi Tianyun came from some 4th Grade God Domain, the tester might not be as surprised by Yi Tianyun's achievement, but the fact that Yi Tianyun was a Human race and Mortal Domain Cultivator really changed the whole situation!

## Chapter 985

Everyone kept their mouth shut as they were all shocked by Yi Tianyuns age! They immediately wondered what exactly Yi Tianyun had done in the Mortal Domain to reach such a high cultivation level with such a little amount of time.

Xiao Murong believed that she was the prodigy of the God Domain, and no one was as talented as she was, but Yi Tianyun came from the Mortal Domain, yet he was an even better cultivator than Xiao Murong! Everybody couldnt believe their eyes and kept saying that Yi Tianyun must be some old legend that used Body Possession to take over a young body.

Still, the reason that made the most sense was the Body Possession route, as there was just no other explanation behind Yi Tianyuns overwhelmingly fast cultivation speed! Even so, Body Possession wasnt violating the rules of God Domains War of Ascension!

I wondered about Body Possession too, but did you really understand the principles of Body Possession? Nian Ciyu asked curiously. Experts of Body Possession needed to find an excellent physique thats compatible with your cultivation method, and the cultivation level of that body cant be low either. Nian Ciyu explained. If you force to possess someones body, the result would be a big explosion! There is no way a weak body would be able to handle such a strong soul! Nian Ciyu said solemnly.

Well, thats all I can say about the Body Possession technique, so it doesnt really make sense that Yi Tianyun was someone who had done a Body Possession in the past! Nian Ciyu said as she turned around towards the spectator.

But it was already expected of Nian Ciyu as she knew that accusing someone of using Body Possession was very rude! It was also the reason why Nian Ciyu and the other cultivators at Slaughter God Tower approved disposing of the Slaughter God Tower, as it was an extremely disgusting technique.

If the soul was weak, the Body Possession user ought to slowly cultivate the soul, so it was hard to use Body Possession on a very young person. If it werent the case, then everyone would want to use the Body Possession technique to get a new younger body!

The tester was definitely not a fool, and he immediately realised that there was no way for Yi Tianyun to use Body Possession, which led him to believe that Yi Tianyun was a genuine genius!

Meanwhile, the other cultivators just bowed their heads as they acknowledged Nian Ciyus opinion. If they thought about it carefully, it was unreasonable for them to accuse Yi Tianyun like that. They had to acknowledge Yi Tianyun as a super genius cultivator! But surely, their pride still held them back as they felt bad for losing in cultivation with a Human Race cultivator.

Yi Tianyun shook his head. He knew many people hoped for the worst for him, but he was already used to it. Yi Tianyun came to God Domain knowing full well that people might discriminate against him, so this kind of treatment wasnt really a surprise. Still, it was sad to see people get jealous over others accomplishments.

Yi Tianyun didnt say anything but just turned around and left. He knew that the test was already over, and there was nothing he needed or wanted to do in this area. Meanwhile, Yuan Tianyou just clenched his fist as he was frustrated that Yi Tianyun beat him once again! But now he realised that there was no way for him to catch up with Yi Tianyun with normal means.

Tch! Why its always him! He hogs all the spotlight for himself! Yuan Tianyou said frustratedly, but he knew there was nothing he could do.

Nian Ciyu turned his attention to the spectators once again. Good Cultivator! This is your chance to show your worth in God Domains War of Ascension! If you can reach the top 100, you will receive many rewards that you wouldnt believe would be given to you! So, you all better prepare yourself before the time for battle comes! Nian Ciyu said solemnly.

Understood, Elder! The cultivator shouted vigorously. They immediately left the test area to prepare themselves to enter the War of Ascension!

Everyone now knew that Yi Tianyun had already topped Xiao Murong. He didnt even need to do anything spectacular! In terms of age, Xiao Murong could be considered an old hag compared to Yi Tianyun!

Thanks for Elder Nians help there! Yi Tianyun said gratefully. Although he didnt mind the discrimination that much, he still felt grateful for those who supported him!

You dont need to thank me, I am just stating the truth! If your age is more than a hundred years old, Body Possession may be a possible conclusion. But since youre still below 30 years old, there is no way someone can possess somebody with barely any cultivation!

Yi Tianyun revealed his situation to Nian Ciyu, and she was surprised once again. She only knew that Yi Tianyun was at the 4th Layer Earth Monarch, but now, Yi Tianyun had already reached the 6th Layer Earth Monarch stage! Was it really possible to even cultivate that fast?

This is fun! But I still want to refine my cultivation first! Yi Tianyun said solemnly.

Whatever! I dont think I am qualified to teach you anything else right now. In fact, I dont think any elders on Heavenly Edict Divine Territory could handle teaching you anything, But still, make sure that you prepared well and enter the War of Ascension at the same time as everyone else. Nian Ciyu said solemnly.

Alright, I get it! Yi Tianyun said solemnly.

But Nian Ciyu still couldnt put her mind at ease. She was worried that Yi Tianyun might disappear again like before, and Heavenly Edict Divine Territory would be in a predicament!

Still, there was not much time left, and Nian Ciyu could only hope that Yi Tianyun wouldnt let Heavenly Edict Divine Territory down!

.

The departure time was finally here. Yi Tianyun and the other participants rode a huge Spirit Ship to reach the destination. Yi Tianyun observed the participants inside the Spirit Ship, but none of these people seemed like a threat. The weakest cultivator there was at the 2nd Layer Earth Monarch stage, while the strongest was at the 7th Layer Earth Monarch, and with that information, Yi Tianyun wasnt intimidated at all!

After arriving at the planet where the War of Ascension would be held, Yi Tianyun sat in a corner and started to meditate.

God Domains War of Ascension! I am looking forward to taking care of you all! Yi Tianyun smiled excitedly.

## Chapter 986

“Tell me your secret! There is no way you are this strong while only 29 years old at age!” a familiar voice was directed in Yi Tianyun’s direction. It was none other than Xiao Murong! Although her appearance was like a little girl, she had already lived for a couple of hundred years!

She was spoiled as she grew inside the God Domain, and she couldn’t stand the fact that someone was much better than her!

“There is no secret to my age, feel free to ask the tester if you aren’t satisfied with the result!” Yi Tianyun lazily said as he didn’t care what Xiao Murong thought of him.

“Then you are saying that you are stronger than me and much younger than me at the same time?” Xiao Murong said irritatedly. Xiao Murong raised her voice a little bit, attracting the cultivators all around them.

“Why did you ask me? I just practiced a lot and got a breakthrough! Perhaps, this is just my innate ability!” Yi Tianyun said while shrugging his shoulders. It was an incredulous remark as everyone looked at Yi Tianyun weirdly. It was like saying a mouse was so powerful that it could win against a lion! A Human Race with an innate ability to cultivate faster than anyone else? It had to be a joke!

“Don’t you dare make a fool out of me!” Xiao Murong said angrily.

Other cultivators didn’t say anything and just spectated on the side, waiting for Yi Tianyun to tell his secret. Still, they believed that Yi Tianyun wouldn’t tell his secret. After all, it would be a game changer in the cultivation world!

Yuan Tianyou saw the scene himself. He observed both Xiao Murong and Yi Tianyun carefully as he wanted to improve his cultivation speed himself. He had been chasing after Xiao Murong for so long, but Xiao Murong just ignored him like dirt on the sideline! But now that someone stronger than Xiao Murong appeared, he hoped that they would fight and, if possible, weaken themselves!

The jealousy inside Yuan Tianyou's heart knew no bounds as right now, he knows that no one would care about what he thinks. Although he looked calm on the outside, he was raging deep down.

That was why Yuan Tianyou wanted both Yi Tianyun and Xiao Murong to fight each other so they would be useless in the War of Ascension! But things didn't seem to turn in his favour as Xiao Murong started to meditate beside Yi Tianyun.

.....

"Hey, it seems we have reached our destination!" A cultivator shouted as he pointed his finger to the distance. The Spirit Ship had been sailing for half a year, and a planet was finally seen in the distance. Everyone opened their eyes and took a look outside the Spirit Ship, and they saw huge floating land masses instead of a planet!

This was the battlefield for the War of Ascension!

Yi Tianyun opened his eyes and also saw the vast land in front of him. It wasn't in a planet shape, but it was a flat land mass!

At the same time, Yi Tianyun also saw many other Spirit Ships closing in towards the destination. It seemed the other God Domain had also gathered here.

Soon, their Spirit Ship landed very accurately outside of a temple. The temple itself looked empty as there wasn't even a guard standing in front of it.

"You all go inside!" Nian Ciyu shouted as she led the cultivator from Heavenly Edict Divine Territory inside the temple. Some elders also accompanied her on this trip to observe the battle later. The Territory Lord himself would also observe this war, but obviously, he would be observing somewhere else.

Nian Ciyu and the elders divided the cultivator into groups so the situation could be somewhat controlled. They began to group up and stand together orderly before waiting for Nian Ciyu's next order.

“You are participating in God Domain’s War of Ascension! Some of you have already participated in this war before, and I hope you can be a leader and guide your junior brothers! This God Domain’s War of Ascension is a new starting point for you. If you can secure a good result, your future will definitely be a bright one. I hope you can throw your prejudice aside and concentrate on getting a better result for this God Domain’s War of Ascension!” Nian Ciyu said solemnly.

“Your enemy is other God Domains! so I don’t want to see you attacking your own teammates later, and if you did something like that, I would surely punish you myself!” Nian Ciyu said coldly.

Everyone looked at each other as they saw how serious Nian Ciyu was, but they knew that if they attacked their own teammates, it wouldn’t give them any benefit at all as their ranking wouldn’t rise!

Everyone couldn’t help but look in Yi Tianyun and Xiao Murong’s direction as they knew that if they worked together with Yi Tianyun and Xiao Murong, their chance of success would increase! Even if they couldn’t reach the top 100 in the War of Ascension, they believed that they would receive rewards from their respective groups.

“Now, you have to rely on your own skill to achieve the best result. I am looking forward to seeing what you’re capable of. Certainly, you will be rewarded once the war is over!” Nian Ciyu said expectantly.  
“Now, we will give you several Medicinal Pills for your own use.” Nian Ciyu said as she began to distribute several Recovery Medicinal Pills and Cure Medicinal Pills for the cultivators to consume during the war.

After she distributed all the Medicinal Pills, Nian Ciyu and the Elders were ready to leave as they couldn’t stay here during the war.

“Work hard, and we will observe you from out there!” Nian Ciyu said as she passed Yi Tianyun and Xiao Murong. Yi Tianyun just nodded his head as he understood what he ought to do.

Nian Ciyu and the Elders then left with the Spirit Ship, and right after they left, the temple gates were immediately imbued with an energy barrier, trapping them inside.

## Chapter 987

The participants were locked inside the temple and couldn’t go out. They all looked out from the gate and saw the battlefield outside. Yi Tianyun stood at the gate and didn’t see anything outside, but he

noticed that the battlefield was clearly different from any other planet! This place didn't have any Spiritual Pressure, and it didn't have any Dangerous Zone either. From a distance, it was like a barren plane without anything significant in it.

In addition to that, Yi Tianyun didn't see any other temple in the distance, but he knew that there must be other temples out there! There had to be hundreds of temples in total and tens of thousands or even hundreds of thousands of participants.

Nevertheless, the God Domain's War of Ascension only ranked the top 100 cultivators! The 2nd Grade God Domain only took the best of the best. They wouldn't take those who weren't worth their time and effort to cultivate. Although it might seem condescending for the 2nd

Grade God Domain to do so, it was the most efficient way to make sure that they got the most promising cultivator!

This was also the biggest reason why most God Domain didn't show any interest in Mortal Domain, as they were too weak for their standard.

"This is God Domain's War of Ascension, if I get to the top spot, what reward would I get?" Yi Tianyun said as he kept peeking outside the gate. He pitied everyone here as it seemed their world was dictated by the strong, but nevertheless, it was the truth of the Cultivation World!

For now, Yi Tianyun just had to wait for the War of Ascension to commence.

"It seems we have to wait for a while until all participants are here! When it's time, we will be given a Token that represents our life! If we lose our Token, then we are done!" A cultivator explained the War of Ascension rules.

"So, what would they see in us for us to have a better chance to reach the top 100?" one of the cultivators asked.

"It's hard to say as it would change every time, but there will be no change in the first stage of the war. At the very least, they would cull half of the participants immediately!" the cultivator earlier added.

“More than half in the first stage? Isn’t it too excessive?” Another cultivator asked worriedly. But as he said, the elimination number was too high!

“Well, the first stage is collecting Tokens! Those who collect a certain number of Tokens would be eligible to advance. But I am not sure how many Tokens we need to advance!” The Explainer said with a shrug. “In short, if you lose your Token, you will be teleported back here immediately, but you won’t be able to fight anymore.” He said confidently.

This old senior cultivator then explained everything he knew about the War of Ascension. He had already participated more than once, and so he knew about the War of Ascension more than anyone there. He was already prepared to explain everything he knew about the War of Ascension. He knew that no one would explain these rules anyway.

“Now, we will have better odds if we stay together as a team!” Sikong Ma, the man who kept explaining the War of Ascension rules earlier, added. “So, would you like to team up with us? We are on the same side here.” Sikong Ma asked Yi Tianyun.

“I am sorry, but I only work alone!” Yi Tianyun said apologetically. He didn’t understand these people’s way of thinking as they had to get as many Tokens as they could in the end. However, if they worked as a team, they would need a huge amount of Token to advance, which was terrible! Although it wasn’t that bad, how would they split the Token? It probably went according to what the leader said anyway.

Sikong Ma’s face sank, and his eyes turned cold.

“You really are one arrogant brat! Brother Sikong went out of his way and invited you to our team, but you didn’t even appreciate that!” One of the cultivators behind Sikong Ma shouted.

“Yeah, Elder Nian already told us to unite, but are you seriously refusing to do so?” another cultivator said provocatively. They tried to make Yi Tianyun feel bad to make him join the team. They knew how powerful Yi Tianyun was, so they wouldn’t miss the chance to recruit Yi Tianyun!

“Stop, he is a genius! He has his own means, and if he doesn’t want to be with us, there is nothing we can do! But what about you, Xiao Murong? Do you want to be on our team? I have a lot of experience, and I will be able to help you reach a high rank!” Sikong Ma asked Xiao Murong to join his team. If Yi

Tianyun, the best pick among the participants from Heavenly Edict Divine Territory, rejected his offer, it was a given to choose the second best pick, Xiao Murong!

"I am not interested!" Xiao Murong said as she turned around disinterestedly. She rejected Sikong Ma's offer without any second thought! Sikong Ma's face was burning from embarrassment as he was rejected two times successively!

"Can't you consider for a while, Xiao Murong? There are three people in my team who know about the rules of War of Ascension very well, so we will be able to get an excellent result for sure!" Sikong Ma said as he tried to persuade Xiao Murong to join his team.

"What the hell are you talking about? You can't even reach the top 100 for a long time! Why would I team up with a failure!" Xiao Murong said disgustedly.

Yi Tianyun immediately laughed out loud as Xiao Murong's degrading words were the truth! Sikong Ma kept spouting useless bullshit from earlier, and Yi Tianyun himself was already getting tired of hearing it! If Sikong Ma was really reliable, he shouldn't be here!

If a strong cultivator participated in the War of Ascension, they would certainly produce a good result during their first time!

That was why everyone didn't dare to say anything back to Xiao Murong!

Yi Tianyun stopped after a while, but he couldn't help but smile as he saw the ugly face of Sikong Ma's henchmen. Sikong Ma was just spewing bullshit, but still, it was a good thing to unite in one team!

## Chapter 988

Senior Brother Si Ma, I will team up with you! Yuan Tianyou said as he stood up and walked towards Sikong Ma.

You are welcome to join, brother Yuan! You are the Core Palaces number 1 genius. We will definitely need your strength on our team! Sikong Ma said with a big smile on his face. Yuan Tianyou seemed really excited upon hearing Sikong Ma's words.

Now, Sikong Ma was very excited with how things turned out, as he could distribute the Tokens they gathered later however he liked. Yi Tianyun just shook his head and turned his attention somewhere else. He couldn't care less about what these people were about to do! The weak tend to group up, after all.

The tester came again as they began handing the Token over to the participants. Line up! You will be given one token each! the tester said uninterestedly. After handing over one Token to each participant, the tester disappeared. Yi Tianyun also got his token, and he carefully observed the situation. He observed the Token and saw Heavenly Edict was engraved on the Token, which meant it was the mark of which camp they belonged to.

He knew that among the War of Ascensions rules, one of them stated that a token from the same camp would be considered one piece no matter how many Tokens were taken from the same camp! Nevertheless, it didn't mean one group wouldn't attack their own team and use their Token to barter with another camp later. Then again, it didn't matter much for him as he would traverse the land to collect as many tokens as possible.

Suddenly, there was a terrifying pressure in the air that forced everyone down. It was as if the gravity itself had increased 10 folds. At the same time, a murderous aura could be felt coming from outside, stimulating everyone's fighting instinct. But still, the murderous aura that Yi Tianyun felt right now was still much weaker than the one he felt on the Slaughter God Tower.

It didn't take long before the front gate was opened up high, and a more intense murderous aura came from the battlefield, signalling to everyone that it was time for them to fight!

Lets go! Sikong Ma shouted as he quickly rushed outside. Yi Tianyun himself was also among those who rushed out of the gate too. Everyone immediately felt that the battlefield was so much different than the temple they were in just a moment ago. The sky was covered by a thick layer of barrier, which meant they couldn't escape the battlefield by flying out to outer space.

Furthermore, the murderous aura that they felt after leaving the temple was more intense than they anticipated. It was like hell! They also saw a temple on their side along with many people rushing out of its gate! Now they finally see other cultivators who got what they need, another Token!

However, everyone didnt attack immediately. Each of them was thinking as they knew that they couldnt just join the fray without a plan. They knew the rules of the War of Ascension now as the rules were carved into the Token. They didnt have to listen to their seniors anymore.

The rules of this level were pretty simple as all they ought to do was obtain two tokens and immediately traverse a dangerous land and reach the final destination. So, it wouldnt matter if a cultivator got 100 tokens as they wouldnt pass the assessment if they failed to reach the designated location. This was also the reason why they couldnt attack right away, as they had to be very careful here.

Now, the truth that half of the participants would be disqualified here today was revealed, and Sikong Mas word was proven legit! Many of them could get their hands on more than 2 tokens, but 2 tokens were all they needed! Which meant that there was no point in a pointless fight!

Yi Tianyun observed the other camps and saw their status thanks to the Appraisal Eye. He saw several 6th Layer Earth Monarch and 7th Layer Earth Monarch among the cultivators. However, he didnt see anyone with higher cultivation than that.

I shouldnt rush this. Yi Tianyun said as he smiled and flew into the air. They could still fly in the air, but no one would do that unless they were pretty confident in their skill. Furthermore, flying would make him a vulnerable target as everyone would have a clear vision of where he was, but Yi Tianyun didnt care about that!

He flew towards a nearby forest and disappeared from everyones view. But as soon as he stepped into the forest, Yi Tianyun could feel chill from all directions, and that was when he realised that the forest was lurking with dangers.

Suddenly, numerous thorns were shot through the ground towards Yi Tianyuns direction, but Yi Tianyun stepped aside, dodging the thorns easily. A huge demon beast suddenly appeared with thorns all over his body, rushing towards Yi Tianyun with angry roars. The numerous thorns on his body were flung toward Yi Tianyun with each step it took.

The demon beasts cultivation was at the 2nd Layer Earth Monarch, and from the looks of it, it wasnt any ordinary demon beast. Yi Tianyun flashed in the air and reappeared behind the demon beast, completely ignoring all the thorns on the demon beast.

Shaking Heaven Body Secret Art! Yi Tianyun shouted as he discharged a shockwave to the demon beasts back, pressing it down to the ground.

A feisty one! There's no need to be on edge all the time, you know. Yi Tianyun said as he grabbed the demon beast's neck. But the demon beast immediately struggled to break free.

You still want to resist, huh? Yi Tianyun said as he pressed the demon beast harder to the ground. The pressure he applied to the demon beast was so intense that the demon beast would be turned into mincemeat if he went any harder!

The demon beast began to screech in pain as it couldn't withstand Yi Tianyun's power.

Now you catch on, huh? Yi Tianyun said as he sat on the demon beast's back. He then put the demon beast on his pet bar, capturing it to become his pet!

DING!

Successfully captured a giant hedgehog!

Reward: 30 billion Exp, 10,000 Pet Mastery Points.

It was easy to get exp in this place!

## Chapter 989

There was no doubt that the other cultivators would consider this monster as some sort of nightmare, but for Yi Tianyun, it was a perfect demon beast to be tamed for his pet! Now, he could use this pet as his companion, and it would be more convenient than cooperating with other cultivators.

"I just easily tame an Earth Monarch Demon Beast, increasing my power seems so easy now!" Yi Tianyun said with a smile on his face. The demon beast sure had a relatively low cultivation base, but nevertheless, it is a good demon beast with good innate ability.

“This place is really unsafe, no wonder the participants have to be at Earth Monarch level. Any lower than that would easily be killed by the environment.” Yi Tianyun shook his head. Nevertheless, he knew that the cultivators who participated in the War of Ascension wouldn’t die as they would be teleported back to safety as soon as they lost their token.

‘Aaaaaaaaaaaaaahhh!’

Suddenly, Yi Tianyun heard a terrified scream not too far away. There was no doubt on his mind that someone had been attacked by the demon beast. Still, Yi Tianyun didn’t care about their well-being, so Yi Tianyun ignored the scream and ordered his new pet to lead him out of the forest.

Not long after, he immediately felt another fluctuation in his surroundings. He quickly returned his new pet to the pet bar, and 6 cultivators immediately surrounded him from all directions.

“It turns out to be a Heavenly Edict Divine Territory cultivator, and he came alone too!” Chen Hao said with a big grin on his face.

“Boss, it seems we can earn one token at least! This kid seems to be stupid, or maybe he was abandoned by his team!” A cultivator said excitedly. The other cultivators were also excited as they thought that they would secure one token soon, thinking that they could easily beat Yi Tianyun.

“Boy, can you just hand us over your token, or would you rather resist and try to fight us yourself?” Chen Hao said with a smile on his face. (f)ree

“Well, I didn’t expect you to come and give me a token so soon, so I will gladly accept your token!” Yi Tianyun said with a grin on his face.

“You arrogant brat!” Chen Hao said annoyed. He pulled out a long sword, and he flashed forward, slashing at Yi Tianyun as he planned to kill Yi Tianyun in one blow. Yi Tianyun just intercepted Chen Hao and slammed Chen Hao’s body with his shoulder.

Chen Hao was slammed into the trees, breaking several giant trees that he collided into.

'DING!'

'Successfully killed Chen Hao!'

'Reward: 370 billion Exp, 10 million Cps, 500.000 Sps, ...'

With the Crazy Exp Mode activated, the amount of Exp he got was great, but this was just the appetizer!

"Boss Chen!" The other cultivator shouted as their complexion turned pale. They didn't expect their boss would be done in so easily, and they could certainly feel that their boss was no longer breathing! Then they turned their attention back to Yi Tianyun, but they couldn't help but shake in fear. They obviously realised that they had no chance against Yi Tianyun!

"Now, it's your turn!" Yi Tianyun said with a smile on his face as he rushed towards the nearest cultivator along with the other two cultivators and slammed them with his shoulder, just like what he did to Chen Hao.

The remaining two cultivators were petrified as their fear had already taken over all their reasoning. But as they fell to the ground, they immediately groveled and begged for mercy. "My lord, please show mercy! Let us go, you have killed several of our companions. You already have enough tokens to pass!" one of the two begged.

They knew that there was nothing they could do against Yi Tianyun, so the only thing left was to beg for mercy. Obviously, they still wanted to stay in the War of Ascension, but they didn't know that they would run into an unbelievable expert right off the start!

But suddenly, the token on their hands flashed, and messages were transmitted into their minds.

'Those who collect 15 tokens in the first level will be rewarded with a middle-rank reincarnation level Martial Art! Those who collect 30 tokens will be rewarded with a middle-rank reincarnation level weapon! Those who collect 60 tokens will be rewarded with a top-grade reincarnation level Martial Art! And those who collect 90 tokens will be rewarded with a top-grade reincarnation level weapon!'

When they received the news, the two cultivators were petrified once more! They now realised that their pleas would be ignored! Their tokens would be taken by the enemy, and it was natural that Yi Tianyun would kill them too!

“Please, have mercy! We will help you collect more tokens! As your helper, you only need to spare us a piece so that we could advance later!” The two of them begged Yi Tianyun once more.

Yi Tianyun looked at them calmly, but before he could say another word, the two cultivators leaped and attacked him with daggers in their arms. Yi Tianyun sighed and kicked them both with his tremendous power.

“I know you guys are suspicious, but even if killing you won’t do me any good, it doesn’t matter much to me! You are already doomed as soon as you pick a fight with me!” Yi Tianyun said with a shrug. He stretched out his hand, and all the tokens on the dead bodies were immediately drawn toward him. The same thing also happens to their storage ring too. Yi Tianyun wanted to cultivate, but there was no reason for him to leave their resource here.

After their tokens were taken, they were immediately teleported back to their temple, but they were still dead! Obviously, if they prioritised their lives, they should just throw their tokens away!

Yi Tianyun then kept walking. Meanwhile, a horrified look painted the faces of all cultivators who saw the whole ordeal from the forest. They planned to ambush the 6 cultivators earlier, but as soon as they saw how powerful Yi Tianyun was, they were petrified and chose to stay inside the forest without making any sound.

Of course, Yi Tianyun knew of their existence, but he just ignored them. He wanted to see if there was any other cultivator who was brave enough to stop him in his path as he didn’t have to worry about tokens at all now.

Sure enough, many groups of cultivators appeared and stopped Yi Tianyun on his track, only to die at his hands before their tokens and storage rings were seized by Yi Tianyun. These people were elated as they saw Yi Tianyun as easy prey since he was all alone! Little did they know that they were the ones who would meet their doom!

This makes the fifth group! Yi Tianyun said as he looked at the 30 Tokens he had right now. He didn't particularly search for tokens, but people kept going after him, expecting that he was just some abandoned puppy! Yi Tianyun truly took advantage of being alone!

Being alone was definitely the reason why the cultivators kept attacking him, but then again, being alone had its own disadvantages, and that was information! Yi Tianyun could never know how many people had been disqualified or what others were doing as he didn't really have the time to look around.

However, Yi Tianyun wasn't worried at all as the opponent kept coming. Therefore, he didn't have to search for them himself. At the same time, while countless skirmishes took place around the land, a large group of people were observing everything that happened during the War of Ascension!

Nian Ciyu and the Elders were among them! This also included Yu Yanglong and the Territory Lord himself! There are other experts, too, obviously from other God Domains, sitting on the edge, observing their own cultivators. In the sky, the War of Ascensions rank was displayed, listing the participant that had the most tokens.

1st place: Tian Qing with 278 tokens.

2nd place: Yun Lei with 170 tokens.

3rd place: .

Of course, Yi Tianyun was also on the leaderboard, but his number was low compared to other top rankers. Nevertheless, the leaderboard kept shifting as so many groups were still in battle.

The Elders kept their eyes on their disciples' names as they anticipated their disciples to get into the top 100.

Yi Tianyun and Xiao Murong's rank is still too low! They still have too few of a token to compete in the top rank! One of the Heavenly Edict Divine Territory Elders said with a frown on his face. They expected both their genius disciples to reach the top 100. On the contrary, Yuan Tianyou's ranking was slightly higher than these geniuses!

Yuan Tianyous performance isnt bad! He gets a lot of tokens thanks to Sikong Mas leadership! The elders nodded their heads as they liked what they saw. Although it was a little bit unexpected, it was a good result nonetheless.

Still, many of our disciples are getting disqualified! Yu Yanglong said with a frown on his face.

Well, they probably get ambushed and lose! One of the elders said, as his eyes were glued on the leaderboard instead of properly observing the battlefield! Sikong Ma formed a group, allowing him to minimise his losses as long as he didnt attack a stronger group than his.

Heavenly Edict Territory Lord, I heard you have a good foreign aid this time! But I didnt think their rank is that high! Nine Territory Lord smiled beside Heavenly Edict Territory Lord, obviously trying to unnerve Heavenly Edict Territory Lord.

Heavenly Edict Territory Lord just looked at Nine Territory Lord unamusedly. He knew that the news about him using foreign aid in this War of Ascension must have been spread, but nevertheless, it wasnt something that he had to be ashamed about.

Thank you for your concern, Nine Territory Lord, but its just the beginning. The ranking can always change. Heavenly Edict Territory Lord responded with a smile on his face.

That is true, but with such a rough start, it would be difficult for them to advance later. Nine Territory Lord said with a prideful look on his face. Obviously, his participants were doing better than Heavenly Edict Divine Territorys participants.

Usually, Heavenly Edict Divine Territory and Nine Divine Territorys relationship was neutral, but in a situation like this, they couldnt help but want to brag about their disciples achievements.

Its typical of Heavenly Edict Divine Territory! Well, if I also use a foreign aid this time, I wonder if I can raise our overall ranking. Fire Jade Territory Lord said with a smirk on his face, clearly in cahoots with Nine Territory Lord.

Heavenly Edict Territory Lord knew that he couldnt express his disgust, but there was nothing he could do to change the topic of the conversation as he was at the bottom of the barrel right now. The God Domain that housed the first rank cultivator didnt say anything as they were obviously trying to keep their composure.

Nevertheless, they are overjoyed on the inside.

Heavenly Edict Divine Territory surely wasn't one of the joyful God Domains this time, as their effort to borrow foreign aid didn't even pay off.

This is fine! We are climbing up steadily. After a while, we would be able to reach the top too! After all, we still have enough time! Nian Ciyu said optimistically.

Well, shall we wait and see? Nine Territory Lord said sardonically. They didn't have any high expectations for Heavenly Edict Divine Territory as they never produced any decent results since a long time ago!

Nian Ciyu could only hope that Yi Tianyun somehow climbed through the rank! She believed that Yi Tianyun would surely have the power to do so!

I will leave Heavenly Edict Divine Territory's fate to you! Nian Ciyu said as she prayed for Yi Tianyun's success. As if Yi Tianyun heard Nian Ciyu's prayer, the number of tokens he had kept increasing as time went by!

Not long after Nian Ciyu prayed for Yi Tianyun's success, Yi Tianyun had already gathered 56 tokens! It was shocking as Yi Tianyun got a lot of Tokens alone in so little time! Nian Ciyu immediately stood up as she couldn't believe what she was seeing.

Elder Nian, what's wrong? Heavenly Edict Territory Lord asked.

Look at that! Nian Ciyu said as she pointed at Yi Tianyun's name. Nine Territory Lord couldn't help but follow Nian Ciyu's fingertip and saw that Yi Tianyun, the cultivator under Heavenly Edict Divine Territory's banner, rose in the ranking quickly! It was surprising as Yi Tianyun was close to the bottom the last time he saw him, but suddenly rose to the top 100!

Although Yi Tianyun was still around the bottom 100, it was already a great achievement!

How is this possible? He isn't even the foreign aid! Nine Territory Lord said as he looked closely. He knew that Heavenly Edict Divine Territory's foreign aid name was Xiao Murong, and he saw that Xiao Murong's rank still didn't rise that quickly!

Nevertheless, the Elders of Heavenly Edict Divine Territory were in uproar as they finally saw a glimmer of hope for Heavenly Edict Divine Territory to win this War of Ascension!

Thank you! Nian Ciyu said with a smile on her face. She knew that Yi Tianyun couldn't hear her, but she was relieved nonetheless.
