

Leveling Up 1021

Chapter 1021: They Are All Experience Points

It was only a full hour later that the blood light disappeared.

The blood pool inside Lin Dong's body gradually disappeared as well.

His cultivation had stopped in a certain realm...

Condensation Element 6th rank!

In one hour, from a Spirit Martial 1st rank directly soaring to a Condensation Element 6th rank. What kind of concept was this?

Luo Tian couldn't understand what was going on.

"I have always thought that my breakthrough speed was the fastest, but... your sister! Leveling thirty-plus levels in an hour?! This is too fucking fierce! This is equal to a level one noob slaying a super godly boss!" Luo Tian said bitterly to himself.

The psychological impact was too much.

Rising all the way to the Condensation Element 6th rank in one hour was too terrifying.

But Luo Tian was also feeling excited. "If he doesn't show such an achievement, then he wouldn't be Lin Dong from Wu Dong Qian Kun. I've been right all along! This kid must be the main character Lin Dong from Wu Dong Qian Kun!"

"Hahaha, Lin Dong is my little brother. This daddy has struck it rich this time! Hahaha..."

Joy.

A joy that couldn't be described with words.

Luo Tian was probably even happier than Lin Dong.

Lin Dong no longer had a sickly-looking face, and his body was filled with yuan energy. Power was slowly swirling around him right now. He clenched his fists, and the sound of air bursting could be heard.

“Power! This is power!”

“Mother!”

“I can cultivate now!”

Lin Dong jumped into his mother's embrace, and those two started crying together.

A hard-earned achievement.

It had been a tough journey.

Even in his wildest dreams, Lin Dong never imagined that he could set foot on the path of martial arts once more. It was all thanks to one person.

Lin Dong then turned to Luo Tian and kneeled down heavily. To him, Luo Tian was the one who gave him a second life. He then said seriously, “Thank you, boss! Thank you! Without you, I, Lin Dong, would still be suffering and would still be a loser in the eyes of others!”

Auntie Zhang wiped the tear from the corner of her eyes and said, “Dong'er, from now on, you are his slave. Anything he says to you is an order. No matter how high your achievements will be in the future, you cannot forget him!”

Lin Dong replied, "Your son understands! Your son will be sure to remember it!"

Luo Tian quickly helped Lin Dong up and said with a smile, "Let's not talk about being a slave and stuff. You can call me boss from now on. I believe that one day, you will be an expert at the peak of the martial path. My vision won't be wrong!"

This was sure to happen.

A quiet night passed by.

Early the next morning, the Bai family.

The place was lively and filled with colorful decorations.

"Towering Cloud City's number one beauty, Bai Lingling, is getting married to Ouyang Ye, the young master of the Ouyang family."

"From now on, the Bai family and the Ouyang family will be in a relationship connected by marriage. The alliance of the two families will inevitably cause new conflict dynamics in Towering Cloud City."

"Out of the five great families of Towering Cloud City, the Deng family is the strongest. The Bai family and the Ouyang family are allied now. The Li and the Zhou family are also discussing an alliance. If the Deng family doesn't make any alliances soon, they will surely be eaten up."

"The Bai family is in turmoil, and Bai Yuan has taken charge of the Bai family. If he wants to stabilize the family, he has to find a force to rely on. And the Ouyang family is a pretty good choice for them."

"I think Bai Yuan is really smart. If he doesn't form an alliance during a critical time like this, the Bai family will end up being eaten by the other four great families."

"I heard that Ouyang Ye's lower area doesn't work anymore. The gorgeous flower Bai Lingling marrying over is basically being widowed right away! Hahaha... I think it's such a great pity."

“Her father was imprisoned in the Black Wind Cave, and she is willingly marrying into the Ouyang family as a pawn. In my opinion, this kind of woman is not a good thing at all!”

The restaurants and tea houses were filled with people discussing this matter.

The Bai family, inner courtyard.

Bai Lingling’s room.

Bai Lingling looked at herself in the mirror. She stared at the phoenix crown, and the phoenix robe laid in a neat pile. Her eyes were filled with hatred while her fists inside her sleeves were tightly clenched. Her nails had sunk into her flesh, but she couldn’t feel a trace of pain.

“Father, how are you right now?”

“Big brother, is Uncle Li going to help us?”

“Luo Tian... I... You...”

Ever since she returned home, she had only spoken a single sentence – I want to marry Ouyang Ye.

After that, she didn’t speak another word.

She had been sitting in her room, not sleeping all night. She was thinking and worrying, feeling like she was the loneliest person in the world. She wanted to cry but didn’t dare to. A single day was like being tortured for 10,000 days.

In the morning, her heart tightened when she saw the maid walk into the room with the phoenix crown and robe.

“Young miss, it’s getting late. Hurry up and get dressed. If the Patriarch finds out you’re still not changed, we will both be in trouble again.” The maid spoke gently.

Bai Lingling was unconcerned and didn’t respond. She just kept staring at herself in the mirror without looking away.

At this time, Bai Yuan led a few Elders into the room and said with a smile, “My good niece! Today is a joyous day for you and the Bai family. Hurry up, get dressed, and make yourself pretty. Tomorrow, you will be a member of the Ouyang family. The Bai family will be relying on you in the future, hahaha…”

“That’s right!”

“That’s right!”

Bai Lingling turned her head to look at Bai Yuan and said coldly, “I will marry Ouyang Ye as I promised you, but don’t forget what you promised me. I want my father to live, and I want him out of the Black Wind Cave.”

Bai Yuan flinched but smiled, “I will naturally take care of that. He is my brother; no matter how ruthless I am, I will not kill my own brother. Don’t worry. Once your marriage has been sealed, I will immediately go and release your father.”

Bai Lingling turned back around and said indifferently, “Help me wash up and get dressed.”

Bai Yuan’s mouth curved into a smile, “Right, now that’s a good girl!”

“Patriarch!”

“Patriarch, there are a lot of guests in the main hall. We should go there and welcome them.” One of the Elders advised him.

Bai Yuan gave the maid behind Bai Lingling a glance, and the maid nodded in response.

After that, Bai Yuan walked out of the room. He only took a few steps before suddenly returning to the room. His brows furrowed as he asked, "Lingling, you really haven't seen your big brother Bai Ying?"

Bai Lingling remained motionless and replied, "I haven't!"

Bai Yuan had some suspicions in his heart and said to himself, "This girl isn't scheming some plot, right?"

"Humph~!"

Even if you have schemed some type of plot, you won't be able to make any waves in front of me! In the worst-case scenario, I can just kill you off! Humph~!" Bai Yuan said ruthlessly to himself.

Before dawn, he had already sent people into the Martial Mountain Range to look for Bai Ying.

"The people from the Ouyang family have arrived!" An Elder rushed over to report.

Bai Yuan's face broke out into a smile before saying, "Hahaha, let's go! To the main hall! Today is a big day for me, Bai Yuan!"

Apart from the marriage alliance, he was going to announce himself as the new Patriarch of the Bai family.

Back then, he was only someone from the inner circle of the Bai family, and no one in Towering Cloud City recognized him. But now, he was going to use this opportunity to announce to Towering Cloud City that he would be the head of the Bai family in the future.

"There's so many people here!"

“A silver level force is truly a silver level force. The scene is unusually busy!”

There was suddenly an extra person in front of the Bai family’s estate.

The person was precisely Luo Tian. Upon seeing the endless stream of people going in and out of the Bai family, he exclaimed, “Wow, they are all going to be my experience points!”

Chapter 1022: In My Eyes, You Are Already Dead

“Hold up!”

A Bai family disciple suddenly stopped Luo Tian and said, “Please show me your invitation.”

“Invitation?”

Luo Tian blanked out briefly before looking at the people around him. None of them had shown an invitation. He then asked in confusion, “Why don’t they need to show their invitations, and I have to show one?”

“It’s very simple!”

“It is your cultivation and the clothes you are wearing. Just two things, and I can tell there might be something wrong with you. You need to show your invitation, or you will not be allowed in.” That Bai family disciple said in disdain.

Luo Tian’s cultivation was only in the Four Elements realm, which wasn’t very strong.

The clothes Luo Tian was wearing were very plain, and the chest of his clothing wasn’t embroidered with any symbol of a family or a force. It was obvious that he wasn’t someone from one of the five great families of Towering Cloud City. Therefore, he wasn’t qualified to go in.

Luo Tian smiled and replied, “I’m sorry, but I don’t have any.”

“Humph~!”

“I knew you didn’t have one! This is not a place for trash like you! Hurry up and scam out of here! Otherwise, I’ll break your dog legs!” shouted the Bai family disciple, revealing an air of superiority.

The Bai family and the Ouyang family were about to form an alliance.

The Bai family will be the strongest family in Towering Cloud City besides the Deng family, and the status of these disciples will naturally become one level higher. This was why the Bai family disciple was acting so arrogant.

Luo Tian revealed a grin and said, “I don’t have an invitation, but I do have a...”

“Have what?”

Before the Bai family disciple could finish talking, Luo Tian interrupted and said, “Have you seen a fist as big as a frying pan before?”

“Bang~!”

A punch was thrown, and it landed right on the mouth of that disciple.

“Boom~!”

That disciple flew into the courtyard, flying more than ten meters away before crashing into a fake rock decoration. His head was covered in blood, and he died on the spot.

“Ding!”

“Congratulations to player Luo Tian...”

The system gave off an alert.

Luo Tian rubbed his fist and smiled, “This is more useful than an invitation!”

“Murder!”

“Who has the guts to kill someone in the Bai family?!”

“Looks like he is courting death!”

Main hall.

Bai Yuan was delivering a passionate speech and was just about to announce himself as the new Patriarch of the Bai family when a disciple rushed in and said, “Reporting to the Patriarch! Someone is killing their way in here!”

“What?”

“Who’s got the guts to kill people in my Bai family?”

“It looks like someone is tired of living.”

“Good! Causing trouble on a celebratory day of my Bai family? Today is a perfect day to show how strong my Bai family is.”

Inside the main hall, several Bai family Elders stood up with killing intent.

Bai Yuan's brow furrowed as he slowly stood up. He walked outside and looked at Luo Tian standing in the courtyard. He then asked in a deep voice, "Little brother, when has my Bai family done anything to offend you?"

Luo Tian shook his head, "Offend me? I don't think they have."

Bai Yuan then said in anger, "Then why are you killing my Bai family's disciples?!"

Luo Tian replied with a smile, "There's really no big reason. I'm just annoyed by their looks, so I decided to kill them. Oh, right, I don't like the way you look either."

"Hahaha..."

"You look at the Bai family's Patriarch and feel annoyed, so you want to kill him for that?"

"Hahaha..."

"A kid at the Four Elements realm dares to be so arrogant? He really doesn't know the immensity of the heavens and earth!"

A youth suddenly walked out from the main hall.

It was Ouyang Ye!

His gaze instantly changed to surprise as he quickly walked over to Bai Yuan's side. He then said to Luo Tian, "You're actually still alive!"

Still alive after being surrounded by so many zombies?

How was this possible?

Ouyang Ye had never seen Luo Tian's real appearance. But based on Luo Tian's figure, he could instantly tell he was the same man who had joined them in the ancient cave.

When Luo Tian saw Ouyang Ye, killing intent that couldn't be suppressed exploded forth. He smiled coldly, "We meet again."

"Humph~!"

"You damn dog thing! You may have managed to survive with so many zombies surrounding you back then, but you won't be able to escape today even if you grew a pair of wings!" Ouyang Ye shouted in fury. Just thinking about how his weiner couldn't rise up anymore made the anger inside his heart explode like crazy.

"Someone come!"

"Kill him for me!" Ouyang Ye roared out to his subordinates

.

An old person walked over to Ouyang Ye's side and said softly, "Young master, this is the territory of the Bai family. Our Patriarch instructed that..."

Before he could finish, Ouyang Ye shouted, "Since I told you to kill him, then just kill him! Why are you blabbing so much bullshit?!"

The old person's expression instantly changed, and replied, "Order received!"

Bai Yuan then said, "Since Little Ye has a grudge against this kid, our Bai family cannot just sit back without doing anything. Just hand this kid to us. Little Ye, how do you want this kid to die?"

Ouyang Ye smiled coldly and said, "Cut off his weiner, then cripple his cultivation. I want to cut him up one piece at a time. I want to kill him in the most brutal manner possible!"

Was their animosity that great?

Bai Yuan smiled, "No problem."

"Bai Shan!"

"I will hand this over to you. Do exactly what Little Ye said and cripple his cultivation first."

"Order received!"

Bai Shan started walking forward.

Around this time, someone suddenly announced, "The bride has arrived!"

On the path to the inner courtyard, Bai Lingling was walking along with the support of two maids. She was wearing a phoenix crown on her head and dressed in a red phoenix robe. There was a trace of worry on her face, which accentuated her beauty and elicited a sense of heartache.

Everyone's gaze suddenly turned in her direction.

When her eyes, which were filled with uncertainty and expectation, glanced toward the courtyard, she suddenly bit her lips as tears streamed down her face.

Others may not know why she was crying, but Ouyang Ye was certainly clear about it.

"Agggghh~!"

Ouyang Ye's teeth were making cracking noises after clenching it so hard. He couldn't hold back anymore and rushed over, screaming, "You damn adulterous couple! I will fulfill your wishes today!"

Ouyang Ye had already arrived next to Bai Lingling's side after speaking. He then grabbed her throat and shouted, "You like him, right?!"

"And you like her, right?!"

"Good! Good! Good!"

"Bai Lingling, you are my Ouyang Ye's woman! You are mine now and will be mine forever. Even if you become a ghost, you are a woman belonging to me, Ouyang Ye! You want to be together with him?! You can quit dreaming about it this life!"

After saying that, Ouyang Ye looked at Luo Tian and smiled coldly, "You came for her, right? Hahaha... You want to be a hero and save a damsel in distress? You damn dog thing! This is not Martial Mountain! This is the Towering Cloud City! This is my Ouyang Ye's territory, where I can cover the entire sky with my hand!"

"Pak~!"

Ouyang Ye suddenly slapped Bai Lingling's face and sent her sprawling to the ground.

Ouyang Ye had a ferocious expression on his face as he laughed, "Hahaha... Did that feel good? Did it feel good to watch a woman you like get struck?"

Luo Tian's gaze darkened as killing intent surged out.

He looked at Ouyang Ye and enunciated each word, "From the moment you lured the zombies over to me, I promised that the next time I see you will be the day of your death. In my eyes, you are already a dead man walking."

Chapter 1023: The Might Of God Flame

When he was back in the ancient cave, Luo Tian swore that the next time he saw that bastard, Ouyang Ye, he would die!

This wasn't a game.

This place was a real world. There would be nothing else after dying.

When Luo Tian was playing online games in his previous life, what he hated the most was meeting people who would inexplicably attract a bunch of monsters and then lead them to you. You would then die by that group of monsters. For those kinds of people, the only way to deal with them was to memorize their player name and then hunt them down. Kill them until they end up back in the novice village! It's just that simple!

Since he would do those things inside games, then Luo Tian wasn't going to spare the person who did this in real life.

If it hadn't been for the Phoenix Bloodshed Bracelet back then, he would have really died inside the ancient cave. If he doesn't take this kind of revenge, then there's really no point in him living anymore.

Now, Ouyang Ye was touching his reverse scale once more!

It was Bai Lingling!

Upon seeing the blood coming out from the corner of Bai Lingling's mouth, he was determined to kill Ouyang Ye no matter what!

After Luo Tian's voice faded, Ouyang Ye started laughing out loud. "Me? A dead man walking? Hahaha... That's the funniest joke I've heard this year! Do you know who I am? Do you know where we are? I'm a dead man? You damn dog thing! Today, I will take your life in the most brutal method I can think of! I..."

Before he could finish speaking, Luo Tian had already made his move.

“Ding!”

“Target locked!”

The moment his system gave him the alert, Luo Tian acted without the slightest hesitation. His gaze tightened as he said, “Enough of your fucking bullshit. Just go straight to hell for me!”

“God Flame!”

“Kill!”

Luo Tian was shouting in his mind, “God Flame! If you don’t trigger instant kill, I’m going to scold all eighteen generations of your ancestors!”

There has never been a time he needed the instant kill effect like now!

Luo Tian was truly enraged.

When Ouyang Ye saw a ball of flame shooting out from Luo Tian’s palm, he merely furrowed his brow before sneering. “Damn dog thing! It looks like you still don’t know where you’re at and what identity I have! How dare you take a shot at me! You want to sneak attack me with your garbage cultivation and a small cluster of flames? Humph~!”

“Ouyang Lie, go kill him.”

The old man from before made his move after the command.

His eyes suddenly changed as he was able to sense that this flame was different from an ordinary flame attack. There was a trace of power that made even him afraid. He quickly performed a defensive body technique and blocked in front of Ouyang Ye instead of attacking Luo Tian. He then said in a low tone, “Be careful, young master.”

“Be careful?”

Ouyang Ye instantly became furious and scolded, “Ouyang Lie! What did you just say?! You’re telling me to be careful?! Careful of what?! Could it be that you’re afraid of a piece of trash in the Four Elements realm?! The Ouyang family has raised you for decades for nothing! You can’t even take care of a piece of trash!”

“Go and attack! Why the hell are you blocking in front of me?!”

“Do you think his garbage fire martial skill can’t hurt me?”

Ouyang Ye kept scolding in anger.

The angrier he got, the more pain he felt down in his crotch area. He wanted Luo Tian chopped into minced meat and his soul vaporized!

Ouyang Lie’s gaze tightened.

Even though he wasn’t happy about being scolded, he still didn’t attack.

Based on his experience all these years, this ball of flame wasn’t that simple!

As he had expected, the ball of flame was flying straight but suddenly swerved around him and went for Ouyang Ye behind him.

Everyone gasped in shock!

“What kind of martial skill is that?!”

“I have never seen such a martial skill before! It can actually turn by itself!”

“So what if it can swerve around? This low-level flame skill won’t be able to injure Young Master Ouyang. There’s no way a little flame like that can injure a Four Elements 9th ranker.”

“That’s right. The gap in their cultivation realm will determine the power of the martial skill. Even if that’s a grade nine martial skill, it won’t cause too much damage.”

“This kid really overestimates his own strength. He actually dares to attack the young master of the Ouyang family. That is practically courting his own death.”

The crowd around was all discussing this.

They all looked down at Luo Tian with disdainful expressions.

In their eyes, Luo Tian would turn into a corpse in a few seconds. Even if Ouyang Lie didn’t make a move, the Bai family would make a move. Today was the Bai family’s big day. Bai Yuan will definitely not let anyone ruin it. Even more so, he won’t let anyone hurt Ouyang Ye. If Ouyang Ye gets hurt, then the Ouyang family will definitely be furious. Most likely, the matter of forming an alliance by marriage would come to a stop. At that time, it would be impossible for Bai Yuan to make the Bai family stable.

At this moment, Bai Yuan’s brow furrowed as he said to himself, “I cannot allow anything to happen to Ouyang Ye.”

“Bai Shan!”

“Go and protect Ouyang Ye.”

“Got it!”

Bai Shan, a Condensation Element ranker, immediately charged out. His target wasn’t Luo Tian but the ball of flame.

His longsword struck out, creating over ten thousand sword lights. With the activation of his sword intent, a powerful burst similar to a Vajra Warrior crushed down.

“Vajra Sword Technique!”

“The strongest person in the Bai family to cultivate the Vajra Sword Technique.”

“Before the sword moves, the power of Vajra has already flown out. So strong! The power of his Vajra Sword Technique is really fierce!”

“That ball of flame is going to be crushed in an instant.”

“That kind of low-grade fire skill can’t withstand the impact of the Vajra Sword Technique.”

“Sigh~, that kid is screwed.”

“Hahaha...”

“Hahaha...”

Ouyang Ye had started laughing arrogantly. “Did you see that? The Towering Cloud City is my territory. I only need to move a finger if I want you dead. A piece of trash like you wants to sneak attack me?”

“Humph~! Quit dreaming!”

Luo Tian’s mouth curved into his signature Grim Reaper smile before saying, “You will be dying very soon.”

“Boom~!”

Bai Shan's sword qi shattered the flame into countless small sparks.

"Just like I had said. It couldn't handle the suppression by the Vajra Sword Technique."

"It's Bai Shan, after all. A Condensation Element 6th ranker isn't just for show. Even though he's not the strongest in the Bai family, his cultivation of the Vajra Sword Technique has reached the highest level when compared to others."

The crowd had a faint smile on their faces because they all knew this small ball of flame was going to be crushed by Bai Shan.

Ouyang Ye laughed even more after seeing this scene.

With one hand, he pulled Bai Lingling into his embrace and laughed ferociously. "Did you see that? A kid like him wants to kill me? Hahaha... Did shit somehow enter his brain? Who can kill me here within Towering Cloud City?"

Bai Lingling's eyes were filled with hatred. She then looked at Luo Tian's confident eyes and smiled, "You're going to die!"

"Die?"

"I will die?"

"You damn slut, you think I'm going to die?" Ouyang questioned in anger.

At this time, Bai Shan's face sank as he shouted, "Watch out!"

"Whoosh~, whoosh~, whoosh~..."

The small sparks converged together back to their original-sized fireball.

Reformed in an instant!

There was no loss of power, no loss of speed, and no loss of target.

Ouyang Ye's face changed as he quickly hid behind Bai Lingling. He then shouted rampantly, "If someone is going to die, then it will be her!"

Chapter 1024: If You Need To Pretend, Pretend To Be Awesome

A single God Flame was nothing short of astonishing!

Nothing can change it the moment the target has been locked down.

Not even Luo Tian could change it.

Even if Ouyang Ye hides in hell, God Flame will track him down and follow him down there!

This was why it was so strong!

When Ouyang Ye pushed Bai Lingling in front of him, Luo Tian smiled at her and said, "There's no need to be scared with me here."

Bai Lingling was filled with strength after hearing that sentence.

She revealed two faint dimples when she smiled. Her face didn't have the slightest fear as she nodded like a little obedient woman. She then said in a coquettish voice, "En~, I'm not scared."

At this time, God Flame mysteriously disappeared and reappeared behind Ouyang Ye.

“Watch out!”

“Young master!”

“Little Ye!”

“Damn it! Come on, instant kill!”

“Boom~!”

God Flame landed on Ouyang Ye’s back.

Ouyang Ye straightened his back with a ferocious look on his face. He glared at Luo Tian and said, “So what if it struck me? Do you think this little damage can kill me? I...”

Before he could finish speaking, Ouyang Ye’s body started trembling.

His face turned pale, and cracks appeared. The glow of flames could be seen through the cracks. The clothes he was wearing were suddenly incinerated, and his whole body started splitting piece by piece like a rice field that hadn’t been watered for a long time.

“Save, save, save, me...”

“I, I, I don’t want to die. I...”

He was scared.

In the last few seconds, pee started coming out of his little weiner.

He had pissed himself in fear in front of everyone!

Ouyang Lie hurriedly rushed over. Bai Yuan, Bai Shan, and several Elders of the Bai family also rushed over. Ouyang Ye's identity was too special. He was the only son of the Ouyang family's Patriarch. If he dies in the Bai family, then not to mention the alliance, most likely, the Bai family will be swallowed whole.

"Boom~!"

"Boom~!"

"Boom~!"

Ouyang Ye's body then exploded. His body turned into black ashes that floated down to the ground, becoming slimy and wet from his own urine.

Instant kill!

"Ding!"

"Congratulations to player Luo Tian for killing Ouyang Ye. You have gained 2400 experience points, 500 yuan energy..."

"Congratulations to player Luo Tian for gaining five Yuan Energy Pills."

"Ding!"

"Sin points +1."

The entire Bai family was so quiet that it was scary. One could probably hear a pin drop!

Everyone's eyes were looking at Luo Tian.

A breeze blew by, causing the ashes of Ouyang Ye that weren't wet to flutter into the atmosphere.

Luo Tian smiled, "Sheesh, it looks like he has really been vaporized into ashes."

Luo Tian's words broke the silence.

Ouyang Lie's rage made his voice tremble as he said, "Kid, I don't care who you are or why you have come here today. You will die right now!"

Bai Yuan was so angry that smoke was coming out from the top of his head. He glared at Luo Tian so hard that it looked like he wanted to swallow Luo Tian alive.

Ouyang Ye had died, and the marriage alliance was over.

The Bai family was going to be isolated.

More importantly, he only had to fend off the attacks of the Li and Zhou families in the past. But now that Ouyang Ye had died in the Bai family, Ouyang Leiting was going to be furious. The three families will join forces, and the Bai family will disappear forever in Towering Cloud City.

Bai Yuan made up his mind and didn't make a statement. He was afraid whatever sympathetic words he said would piss off the Ouyang family even more. He then said with respect, "Brother Lie, something bad happened to Little Ye in the Bai family, so let us take care of the kid. Don't worry, we will definitely satisfy you. I will kill him with ten times the cruelty and let him accompany Little Ye in burial."

"Bai Shan!"

"Go and slice off all the meat from his body. Don't let him die, though, because I want him to watch how he loses his body piece by piece."

Brutal!

Hatred!

Bai Yuan glared at Luo Tian and said, "Kid, you..."

"Your sister!"

"Enough of the bullshit with this daddy! Those who provoke me will die!" Luo Tian didn't wait for Bai Yuan to finish and scolded with an extremely arrogant tone. He glared at Bai Yuan with a sneer, "Bai Lingling was beaten. As the Patriarch, it's fine if you didn't reprimand the offender, but you didn't even show any concern for her. Even if we ignore that part, you kept siding and bowing to an outsider. Is the Ouyang family your ancestor? Bai Yuan, do you think you are qualified to be the head of the Bai family?"

When Luo Tian asked this question, the people of the Bai family instantly became quiet.

Luo Tian's words seem reasonable.

After all, Bai Lingling was a member of the Bai family. The marriage ceremony hadn't even started, and she was slapped within Towering Cloud City to the point of spitting out blood. The Patriarch didn't say a thing and kept siding with an outsider. Even if everyone knew Bai Lingling was merely a pawn, it still didn't sit right with the people here.

Bai Yuan sneered while stepping forward. "It looks like the reason why you're here today is to target me?"

Luo Tian smiled and replied, "Your guess is correct. Today, I am here to fuck over all eighteen generations of your ancestors."

"Master, I've already told you his eighteen generations of ancestors are also my eighteen generations of ancestors. Can you let the seventeen off or something? Just fucking him over is enough, right?"

At this moment, Bai Xiong, in disguise, came out of the crowd.

Bai Yuan's gaze darkened as he recognized Bai Xiong. He then said with some surprise, "You're not dead either?"

Bai Xiong wiped away his disguise and said with a smile, "Are you that surprised that I'm not dead yet? I'll tell you even more shocking news – your son Bai Ying is dead."

As his voice faded, Bai Xiong's gaze went cold as he stared at Bai Shan. "Uncle Bai Shan, I also have news for you. The Bai family disciples you left behind in Martial Mountain City are all dead. Oh, right, I forgot to introduce you guys to him."

"He is my master, and his name is Luo Tian."

Bai Yuan turned to look at Luo Tian.

Bai Shan also looked at Luo Tian.

They didn't know who Luo Tian was. They only felt that his name seemed familiar as if they had heard of it recently.

Bai Shan's eyes suddenly widened in surprise. He looked over Luo Tian once more and asked, "You're the kid Luo Tian, who wiped out the Heavenly Plume Sect, and the one Dongfang Shuo is protecting?"

He finally remembered, but...

Luo Tian alone could kill all the fifty or so elite Bai family disciples left behind in Martial Mountain City. Even if Bai Xiong and Bai Lingling were added in, they still weren't his elite disciples' match. This was an absolutely impossible matter!

Luo Tian merely smiled.

Since he was pretending, then he might as well go big or go home! He smiled and said, "I forgot to tell you all – apart from the Heavenly Plume Sect, the other twelve sect leaders of Martial Mountain City have all been killed by me. From today onwards, Martial Mountain City is my territory!"

"Also, your son died at my hands. What do you think about that? Does it feel good?"

"Good, good, good..." Bai Yuan repeated those words.

"If that's the case, then you really should go die!"

Furious!

Bai Yuan was so angry that his Martial Void power exploded out in ferocity!

Chapter 1025: Heaven Sword, Make The World Tremble Before You

The entire Bai family was once again shocked.

The courtyard was full of Towering Cloud City's most influential people, and every single one of them was filled with shock.

They were all staring at Luo Tian in shock.

Martial Mountain City was defeated by him!

This... How was it possible?

And it was defeated under the condition of having many of the Bai family's elites stationed there.

At this moment, Bai Yuan's eyes looked like they were spraying out flames. His son's death made his heart feel like it had been sliced apart with a knife. His teeth were clenched so tightly that cracking

sounds could be heard. His face darkened several shades before his murderous anger exploded out like crazy.

Just his aura alone forced the people nearby him to slide away. They all had unsightly looks on their faces.

Luo Tian's mind sank when he felt Bai Yuan's power aura smashing down on him. His sea of consciousness began to shake, "Damn oppressive pressure again! What this daddy hates the most are people using their pressure!"

But Luo Tian still smiled as he endured the oppressive pressure coming from Bai Yuan.

It was a happy and ferocious kind of smile.

The reason was that there was a change to Bai Yuan's body.

There was a golden glow coming from him now, which meant he had become a boss! A very powerful boss! There might even be a chance at a system reward after defeating this boss! Luo Tian instantly felt ecstatic because of this.

Explode him!

This guy had to be exploded!

This was the only thing Luo Tian wanted to do badly.

But Luo Tian understood that his own cultivation level was not a match for Bai Yuan at all. He needed some help!

Upon looking at the blazing sun overhead, Luo Tian said to himself, "It should be around this time, so why hasn't he shown up yet?"

It was going to be noon soon.

This was the time they decided on together, so he should be making an appearance any time now.

Luo Tian didn't flesh out the details, and he didn't have time to think about these things either.

Bai Yuan had started moving, but Bai Shan cut him off and said, "Patriarch, there's no need for you to deal with him personally. I am enough. I am partially responsible for Bai Ying's death, so let me be the one to make this kid regret ever coming to this world."

After saying that, Bai Shan's sword pierced over.

The crowd quickly retreated, and a large circle made of spectators appeared in the courtyard.

Bai Xiong stood beside Luo Tian and looked at a certain area with a faint frown. He then said, "Master, I will help you."

Luo Tian let out a breath and said, "No need. I happen to want to experience his Vajra Sword Technique."

"Master, you are not his match at your current cultivation." Bai Xiong said anxiously.

A Four Elements ranker could not fight with a Condensation Element ranker. The gap in strength between them was too large!

This was something even a three-year-old understood, yet Luo Tian insisted on fighting a one-on-one duel.

Was his brain not working?

Apart from wanting to experience Bai Shan's Vajra Sword Technique, Luo Tian wanted to find someone to practice with. He wanted to see how strong his Heaven Sword was, and he wanted to try out the upgraded and new Divine Explosion skill. There was no doubt that Bai Shan was a good choice!

Bai Xiong didn't know why, but he was clear that Luo Tian wouldn't change his mind once he decided on something.

"Okay, master, but you have to be careful." Bai Xiong advised. He then looked at Bai Shan and smiled coldly, "You traitor, my father treated you like a brother, yet you treated him like this. You just wait. My father is already on his way back. I'd like to see how you will face him when he gets here!"

Bai Shan replied coldly, "He wants to come out after entering the Black Wind Cave? Even if he does manage to come, so what? I forgot to tell you that the Dark Yin Crystal your sister gave me has been turned into powder. Even if he appears in front of me, I can make him kneel down and beg for forgiveness with a single blow of my sword!"

Bai Lingling's expression changed.

So did Bai Xiong's expression.

They had forgotten that without the Dark Yin Crystal, they couldn't detoxify the Scorching Sun Poison on their father's body.

The pair of siblings both turned to look at Luo Tian.

Luo Tian didn't look at them as his heart was slowly becoming calm and silent.

He was going all out in order to deal with Bai Shan.

When Bai Shan finished speaking, Luo Tian said, "Enough of the bullshit. Weren't you going to kill me? Come at me then."

He had regulated his psyche to the most optimal state.

Bai Shan's eyes turned colder as he harrumphed at the siblings. He then said, "I will take care of this trash first before I kill you two sinners!"

Before his voice faded, there was a burst of air from Bai Shan's feet. His legs were like ghosts as he charged at Luo Tian. The power of a Vajra Warrior had smashed into Luo Tian before Bai Shan even arrived. Apart from that, the power of a Condensation Element 6th ranker was smashing into him as well.

"Ommm~!"

Luo Tian's body sank down, "So this is the power of the Vajra, huh?"

His body trembled faintly.

The powerful force was weighing on his body, similar to a large ape standing on his shoulders. His body couldn't move for even half an inch.

"Fuuu~..." Luo Tian exhaled a breath of air.

"You wanted to experience my Vajra Sword Technique, right?"

"Now that you are being crushed by the power of a Vajra, why aren't you moving?"

"Humph~!"

"Acting arrogant in front of me? A piece of trash kid like you dares to act recklessly in the Bai family? A thing that doesn't know the immensity of the heavens and earth! Do you think you are still in your lower realm? Today, I shall let you see what the power of the Ancient World is!" Bai Shan scolded in a deep voice. His sword technique suddenly accelerated, manifesting dozens of sword light blossoms surrounding Luo Tian completely. He was planning on slicing off Luo Tian's flesh, piece by piece.

He wanted Luo Tian to experience the pain of being separated from his own flesh.

“He’s dead.”

“This kid is about to die.”

“I didn’t expect Bai Shan to use his full power right from the start. You can easily tell that he’s very angry.”

“Sigh~... This kid is treating this world like a lower realm. There are huge changes in the spatial laws here in the Ancient World. Even a normal martial artist in the Ancient World is a hundred times stronger than a peak expert in the lower realms. Yet, a person like him still wants to challenge Bai Shan?”

“A one-on-one fight? Isn’t he afraid others will laugh until their front teeth fall off?”

“Elder Bai, just finish him off.”

“Bai Shan, kill him.”

“This kid needs to die!”

The surrounding crowd had erupted in discussions. The Bai family disciples were acting like Luo Tian had slept with their moms and didn’t pay for it. They all looked at him with deep hatred, wishing they could personally fight him and tear him into pieces.

“Fuuu~...”

“Fuuu~...”

“Fuuu~...”

Luo Tian was breathing steadily.

His chest rose and fell with every breath.

He was trying to regulate his breathing, synchronizing it with his Heaven Sword.

At this moment, he entered a kind of selfless state and entered the sword-intent world where Heaven Sword was spiritually located. Standing at the peak of this sword-intent world was a sword that flashed with a cold and chilling light.

It was full of loneliness and solitude.

Because it was without a rival!

Only when you were invincible would you be lonely without a rival!

When Bai Shan’s sword was only a few centimeters away from Luo Tian, everyone felt that Luo Tian would definitely die. His eyes suddenly widened before saying, “Heaven Sword, it’s time for you to show off. Let the world tremble before your might!”

Chapter 1026: Heaven Sword’s Ferocity

When Heaven comes out, who can contend with it?

“I’ll use the Vajra Sword Technique to break your Vajra Sword Technique!”

In the blink of an eye, Luo Tian pulled out the Heaven Sword and used the Vajra Sword Technique. A particularly ferocious force burst out from the Heaven Sword.

“Schwing~...”

Sparks showered the area.

“Clang~, crack~!”

The sword in Bai Shan’s hand broke the moment the two swords met. Bai Shan suddenly sensed a strong force rushing into him from his sword, and then it went straight into his heart. His body also sank down as he felt a powerful force pressing down on his shoulders.

He was very familiar with this force!

The power of a Vajra!

Moreover, he could tell Luo Tian was using the Vajra Sword Technique the moment the sword came out.

The sword technique was something only direct descendants of the Bai family could cultivate. Disciples with other surnames and disciples from other families within the Towering Cloud City cannot learn it. So, how did Luo Tian manage to learn it?!

Before he could come to any conclusions, the webbing between his thumb and index finger trembled before his sword shattered.

A chill traveled through Bai Shan’s heart as he was being suppressed by the Vajra force released by the Heaven Sword. He immediately took explosive steps backward in horror as he asked, “Why do you know the Vajra Sword Technique?!”

Before Bai Shan could ask any more questions, Luo Tian had already started moving as he shouted, “Shoulder Dash!”

“Boom~!”

A blur of his figure was seen as he charged at Bai Shan.

“Vajra quakes the earth!”

“Violent Sword!”

Luo Tian wasn't giving Bai Shan a chance to stabilize his stance. With Shoulder Dash's speed, Heaven Sword stabbed out and created ear-piercing sword-ringing sounds.

Bai Shan's face instantly turned pale. He could only watch Heaven Sword pierce toward him, not knowing how he could dodge it.

The Heaven Sword was simply too strong!

Even if he was at the Condensation Element 6th rank, he was still shrouded in a ferocious sword intent where he felt like he was being crushed. The ephemeral feeling of being doomed if he moved was too strong. He detested the feeling, but there was nothing he could do about it.

“Die!”

“Swish~...”

The Heaven Sword had pierced into Bai Shan's chest.

“Puff~!” Blood sprayed out.

The crowd was stunned in disbelief, forgetting to even breathe. Luo Tian's sword move had shocked them too much!

“How did this happen?”

“Even if he has learned the Vajra Sword Technique, he still shouldn’t be Bai Shan’s match. Why do I suddenly feel that the roles have reversed and Bai Shan isn’t his match? Why couldn’t he dodge that sword strike? There’s no one in the Bai family who is more familiar with the Vajra Sword Technique than Bai Shan!”

“Something’s not right... Look! The sword in that kid’s hand!”

“Sword?”

“That sword... My God! That sword doesn’t look ordinary! It looks like an artifact above the spirit grade! How did he come to possess such a treasure?”

“It’s the sword that’s suppressing Bai Shan! The might of the sword is what’s powerful!”

Practically everyone was staring at the Heaven Sword Luo Tian was holding.

The light of greed was instantly seen in their eyes.

It was the same with Bai Yuan. His eyes narrowed when he stared at the Heaven Sword. He then said to himself, “What a good sword! A good sword! I have never seen such a good sword in my life! Ouyang Ye is already dead, so forming a marriage alliance with the Ouyang family is no longer possible. If I can get my hands on that sword, I don’t think I’ll be afraid even if I have to face off against Deng Leigong. Perhaps... perhaps... this is my chance! Heh heh...”

Many people were thinking of how to obtain Luo Tian’s Heaven Sword.

An innocent man can easily land himself in trouble due to his wealth.

Since such a good treasure had appeared in the hands of a Four Elements ranker without any forces backing him, then this was an excellent opportunity for many!

The Heaven Sword had fully displayed its power.

They all knew very well that by obtaining this sword, their strength could be raised by several small realms. So, who wouldn't want this kind of spiritual treasure?

Luo Tian didn't care about the kind of gazes the crowd had.

There was only Bai Shan in his eyes.

Bai Shan didn't die even with a sword pierced through his chest. Luo Tian leaned his body forward and shouted, "Ungrateful bastard! Go to hell!"

"Boom~!"

A strong force erupted from within him as he gripped the hilt of his sword with both hands and kept pushing Bai Shan backward.

Bai Shan was feeling intense pain but still smirked at Luo Tian, "Your sword is mine now, kid. It's you who will be dying."

Bai Shan's hands started moving.

Heaven Sword's blade had already penetrated through, and only the hilt was showing on the outside. Luo Tian was pushing Bai Shan's body back, but the current damage wasn't enough to take Bai Shan's life.

"Watch out, master!"

"Luo Tian..."

One of Bai Shan's hands was covered in flames, and the other was covered in ice. They blasted into Luo Tian's chest while he smiled coldly, "Kid, it's a complete waste for such a good sword to be in your hands. How can a piece of trash be qualified to have it?"

"Boom~!"

"Boom~!"

Bai Shan pushed his palms forward before stabilizing his stance.

Luo Tian didn't have time to react, his body instantly caving in from the impact. The pain made his body tremble as ice and fire ravaged his body. It felt like his internal organs were being destroyed!

Luo Tian clenched his teeth and didn't let go. He put more strength into his hands as he screamed, "Agggghhh~!"

Bai Shan was pushed back once more.

Blood kept pouring out of Bai Shan's chest as pain wracked his body.

Now was not the time to hesitate because whoever let go first would be the one who lost. The sword was already stabbed into him, so as long as he kills Luo Tian, the sword will belong to him. No one can snatch it away from him!

Upon thinking to this point, Bai Shan shouted fiercely, "You want to fight to the death with me?! Humph~! I would like to see how many times you can take on my Ice Flame Palm!"

"Ice Flame Palm!"

"Take this!"

“Boom~!”

“Boom~!”

The two palms smashed into Luo Tian’s chest, making him feel like his chest had been smashed apart. He sprayed out a mouthful of blood but didn’t let go. Instead, he laughed provokingly, “Bai Shan, is that all the power you have?! It’s too weak! It’s not even enough to tickle me!”

“Agggghhh~!”

The cooldown for Shoulder Dash was over, so Luo Tian immediately used it.

“Shoulder Dash!”

“Ice Flame Palm!”

“Shoulder Dash!”

“Ice Flame Palm!”

Blast after blast.

Shoulder smash after shoulder smash.

Luo Tian continuously sprayed out blood but also made Bai Shan continuously spray out blood as well. He had practically lost all feelings in his shoulder now, but neither of them would stop. Whoever stops first will be the one that dies. And Luo Tian couldn’t pull the Heaven Sword out since he just didn’t have the time and energy to.

But Luo Tian had actually been calculating and planning all this time.

Bai Shan's back was only about half a meter away from a wall.

This was Luo Tian's plan from the start!

Bai Shan's forehead was covered in sweat, and his face was extremely pale. But he still managed to glare at Luo Tian and sneer disdainfully, "Another palm strike, and you will be dead. I really want to see how long you can keep acting arrogantly!"

"Ice Flame Palm!"

"Shoulder Dash!"

The two of them used their martial skills almost at the same time.

"Bang~!"

Bai Shan's body crashed into the wall. Luo Tian exerted force into his hand and twisted Heaven Sword, easily grinding the wall. He then easily pulled out the Heaven Sword from the wall and Bai Shan's chest before staring at him with an icy gaze.

Chapter 1027: Three Versus Three Hundred

Fear clouded Bai Shan's heart in an instant.

He was scared!

He wasn't afraid of Luo Tian, but the sword in his hands!

What he didn't expect was that Luo Tian was fighting him so desperately because he wanted him to crash into the courtyard's wall and then pull out his sword.

Luo Tian's mouth curved into his signature Grim Reaper's smile, "Die."

There was a brief flash of light reflecting off Heaven Sword.

"Whoosh~"

The sword slashed out.

"Swish~!"

A line of blood appeared on Bai Shan's neck, and not a single drop of blood stained the sword's blade. It was still as clean, cold, and chilling as usual. It was full of sword intent that radiated a monarch's domineering aura. One that easily shocked all those who laid eyes on it. Luo Tian turned around and grinned, "Who else?"

At this time, Bai Shan's head had rolled off its body.

Blood from the main arterial veins immediately sprayed out.

Dead!

"Ding!"

"Congratulations to player Luo Tian for killing Bai Shan. You have gained 38,000 experience points, 1000 yuan energy..."

"Congratulations to player Luo Tian for gaining a tier three Imperial Pill."

"Congratulations to player Luo Tian for gaining..."

Several system alerts sounded off.

Luo Tian glanced at the attributes of the Imperial Pill before immediately tilting his head and swallowing it. At the same time, he took a few Yuan Energy Pills and some healing elixirs. The injuries on his body were quickly brought under control, and his face regained a little bit of rosiness. He then looked at the shocked crowd around him before he stared at the Bai Yuan and said, "What a weakling. So that's all there is to a Condensation Element 6th ranker?"

Luo Tian was actually feeling exhilarated inside.

"Heaven Sword is truly overpowered!"

"It can actually crush Bai Shan, a Condensation Element 6th rank, so easily! Too overpowered! Hahaha..."

When martial artists fought, it was extremely difficult for a lower realm person to kill the higher realm person, even when it was just a difference in a small realm.

Luo Tian had jumped seven small realms to kill off his opponent just by using Heaven Sword.

"Heaven Sword was written as one of the strongest weapons in the novel world. It is just as fierce in this foreign world as well! Hahaha..."

"This is absurd!"

"Presumptuous!"

"You think there's no one else in our Bai family?!"

"Patriarch, let me do it!"

“Let me...”

“Third Elder, why are you competing with me? Let me go!”

“Patriarch Bai, I know I shouldn’t be interfering with the matters of your Bai family, but this kid is simply too arrogant. I can’t keep watching without doing anything. Patriarch Bai, how about you hand this kid to me and let me take care of him?”

“Hey, Liu Yidao! I haven’t said anything yet, so when is it your turn to speak here?”

“Fuck you! You dare to snatch a prey from me? Are you even qualified to snatch anything from me?”

For a brief moment, many people were fighting with each other to be the person to deal with Luo Tian.

Everyone knew that the Heaven Sword in Luo Tian’s hand was an absolute spiritual treasure, and killing Luo Tian would mean they would get that spiritual treasure!

Those who were arguing with each other had the glow of greed in their eyes.

Bai Xiong said anxiously, “Master, they all want to snatch the treasure sword from your hands.”

Only now did it dawn on Luo Tian as he stared at Heaven Sword. He then smirked, “I was wondering why all of you guys were so eager to offer your services to the Bai family. So it’s because you guys want this sword, huh? Hahaha... You know that greed usually gets people killed, right?”

“That’s fine too!”

“Whoever here can kill Bai Yuan, I will immediately give this sword to them!”

The entire courtyard instantly became quiet.

Many were staring at Luo Tian, but some were staring at Bai Yuan.

“Kid, your words...”

Before that person could finish speaking, Luo Tian interrupted, “I am a person who is true to his word. If any of you can kill him, I will immediately give that person my sword. No doubts or hesitation. You guys want it, right? Then go kill Bai Yuan for me!”

He was directing fire at Bai Yuan.

Bai Yuan smiled without any fear. “You are very smart. You want to use that sword and make us fight among ourselves? Humph~! Kid, do you even know who I am? Do you really think our Bai family is finished just because you managed to kill Bai Shan?”

“All Bai family elite disciples, come out!”

“Order received!”

“Boom~, boom~, boom~...”

“Clang~, clang~, clang~...”

A loud but neat footsteps sound rang out on both sides of the courtyard.

In less than thirty seconds, three hundred elites showed up with killing intent and surrounded the courtyard.

Many guests within the courtyard were dumbstruck.

Their gaze hiddenly changed.

“Patriarch Bai, what do you mean by doing this?”

“We all came here to congratulate you.”

“What’s going on?”

Bai Yuan smiled and said, “Everyone, this Bai is very sorry, but I will need everyone to leave today. This Bai will personally visit each one of you another day to make amends. Please leave the Bai family, as we have an important matter to take care of.”

He was kicking out his guests!

These people were all the aristocrats of Towering Cloud City, so they all had a certain amount of power. Bai Yuan really didn’t want to offend them, but...

“You’re kicking us out, huh?”

A voice particularly penetrating was heard from the crowd.

Bai Yuan looked over with a cold expression and killing intent in his tone, “It’s fine if you don’t want to leave, but don’t blame this Bai for treating you impolitely!”

“Bai family disciples, listen to my command!”

“Except for this kid, Bai Xiong and Bai Lingling invite the rest of the crowd out of the manor! If they are not willing to leave, kill!”

Three hundred-plus Bai family disciples were already prepared.

They were prepared for a big battle but weren't expecting to fight Luo Tian instead of the other three big families.

Bai Yuan was feeling good about himself. As long as he got the sword in Luo Tian's hand, he would be strong enough to fight against the other biggest families. Even if Towering Cloud City's number one expert, Deng Leigong, came, he wouldn't be afraid!

"Bai Yuan, you want to swallow that treasure sword in that kid's hand all by yourself, huh?"

"Humph~!"

"Bai Yuan, you're a bit too scheming!"

Bai Yuan smiled and said, "This kid killed an Elder from my Bai family. The Bai family naturally needs to solve a problem in their own territory, so there is no need for you guys to worry about the Bai family's affairs. I think you should all leave as soon as possible. Otherwise, please don't blame this Bai for treating you impolitely!"

Even though they were unwilling, they didn't have a choice!

Who could resist three hundred-plus elite disciples from the Bai family?

People started leaving one after another.

Shortly after, there were only three people left in the courtyard.

They were Luo Tian, Bai Xiong, and Bai Lingling.

And they were facing three hundred-plus elites.

Luo Tian whispered, "Bai Xiong, where's the reinforcements from the Li family?"

Bai Xiong whispered back, "That old fox Li Zhanqun said that he will not show up unless my father shows up. He is not going to make a move until then and not let any of his Li family disciples move against the Bai family. Master, how is my father?"

No one was an idiot in this world.

As the head of the family, Li Zhanqun had to think about the benefits for the Li family. If Bai Qi was dead, then he would be helping for free and offending the Bai family at the same time. This was not a profitable transaction at all.

Bai Lingling also looked at Luo Tian and asked, "How come my father hasn't shown up yet? Could it be that..."

Luo Tian didn't reply and only swept his gaze past the three hundred plus elite disciples of the Bai family. He then grinned, "Do you guys want to experience a three versus three hundred person fight?"

This will definitely feel great!

Chapter 1028: Let Me Hear You Call Me Good Big Brother

Bai Qi was late.

Without seeing Bai Qi, the Li family wasn't going to help.

There were only three of them for now.

Luo Tian actually smiled when facing a courtyard filled with elite disciples of the Bai family.

This wasn't a nervous smile from fear but a smile filled with arrogance.

"What?"

"You want the three of us to go against the entire Bai family?"

"Have you lost your mind?" said Bai Lingling with a frown. She didn't know what Luo Tian was thinking, but she felt that Luo Tian's character was a little crazy. After what she had seen in the ancient cave and Martial Mountain City, she decided that Luo Tian definitely had a screw loose.

Bai Xiong was briefly stunned before grinning, "Okay! Master, this is going to be fun! Hahaha..."

"Big brother, did you lose your mind as well?" Bai Lingling rolled her eyes at Bai Xiong.

Bai Xiong scratched his head, "Uhh... Since no one is helping us, why not just have a good fight then? One's fate is in the grasp of our own hands, so let's use our fists to knock them all down!"

He was in a high-spirited mood!

Luo Tian praised, "What you've said is correct – we can change our own fate. Even the God of Fate cannot stop our destiny!"

Luo Tian immediately became annoyed the moment he spoke about the God of Fate.

If it weren't for Xin Er and An Chunchun, he would most likely have died before arriving in the Ancient World.

Luo Tian glanced at Bai Yuan with disdain before sweeping his gaze past all the elite disciples of the Bai family. Finally, he said, "To tell you the truth, Patriarch Bai Qi has already come out of the Black Wind Cave, and the Scorching Sun Poison in his body has been resolved. If you guys still remember the real patriarch of the family, then step back to the side. I promise that I won't move against you guys."

"But if you guys still want to treat us as enemies, then I can only treat you impolitely."

"I am only going to say it once, so remember my words."

Luo Tian was trying to give them a chance at living.

But what he didn't know was that his words were meaningless.

Just after Luo Tian finished speaking, Bai Yuan scoffed, "Hahaha... Kid, are you getting scared? You even dropped Bai Qi's name? No one has ever escaped from the Black Wind Cave. Even if Bai Qi manages to

come out, he won't be able to detoxify the Scorching Sun Poison in his body. Without a Dark Yin Crystal, he wouldn't be able to get rid of the poison for the rest of his life. The only Dark Yin Crystal was already destroyed by me, so he can only live a life as a cripple!"

The Bai family disciples decided to mock Luo Tian.

"You are definitely afraid of us."

"You want to scare us? Do you think we are three-year-olds? Kid, surrender and accept your death if you know what's good for you. Maybe we will give you an intact corpse. Otherwise... heh heh... I really want to see what a person looks like when they have all the flesh sliced off from their body."

"It will definitely look interesting, hahaha..."

"Hahaha..."

Luo Tian knew this was the likely outcome.

This was actually an outcome he was looking forward to.

If all these Bai family elites retreated, how was he going to level up?

Bai Lingling ignored all the mockery and asked Luo Tian in excitement, "My, my, my father's poison has really been resolved? It's all gone from his body?"

"Is it true?"

"It has to be, right?"

"You're not trying to trick them, right?"

Bai Lingling was excited and scared at the same time. She was afraid Luo Tian was only saying those words to scare Bai Yuan.

Luo Tian grinned, "What do you think?"

"I..."

"Can't you just tell me?" Bai Lingling said anxiously.

When Luo Tian saw her anxious look, he said, "Call me good big brother. If I am happy about it, I might tell you."

“You...”

Bai Lingling’s face turned red before she glared at Luo Tian, “You shameless, nasty, despicable... You are a scoundrel!”

“Oh?”

Luo Tian pretended to be hurt, “I only wanted you to call me good big brother. It’s fine if you don’t want to; I just won’t tell you anything.”

“You... you are too despicable!” Bai Lingling pouted. She looked especially pretty with rosy cheeks, making many of the elite disciples starstruck.

Luo Tian reverted to normal and said to the elite disciples, “I gave you guys a chance to live, but since you don’t want to listen, then don’t blame me for being vicious!”

As his voice faded, Luo Tian took a fierce step forward. He stared at Bai Yuan arrogantly and said, “No more bullshit now. Let’s start the fight. In Martial Mountain City, I promised your son that I would let you father and son pair have a reunion in hell. Now, it is time for me to fulfill that promise!”

The pain of losing his son struck him once more.

Bai Yuan's eyes were instantly filled with killing intent. His eyes darkened as he shouted, "Kill him for me! Kill! Kill! Kill!"

After shouting out kill three times, the Bai family disciples immediately surrounded them.

"If I were you, I would personally make a move!" Luo Tian stared at Bai Yuan, feeling like this guy was just like those villains in the movies where they would send their underlings to their deaths before they would make a move at the very end. This logic was completely stupid because Luo Tian would fight personally and not let his own brothers send themselves to their deaths. He would charge in first and instantly kill off his opponent. Luo Tian then double-checked the layout of the courtyard before saying, "Do you two remember how we killed the zombies in the ancient cave? There's a corner to the left over there we can use. Don't get separated, and don't move more than two meters away from me. Got it?"

In Luo Tian's world, the Bai family's elite disciples were his monsters.

Monsters in the shape of humans!

They might have their own intelligence, but they were still monsters.

Bai Xiong nodded, "Got it!"

Bai Lingling took off the phoenix crown and the red phoenix bridal gown. Revealed beneath was a tight-fitting outfit that accentuated her exquisite curves for all to see. With her long-toned legs added to the visual, all the Bai family disciples were making gulping sounds.

Luo Tian was also briefly dumbstruck before saying to himself, "Damn, son! I didn't know her body was that hot! It looks like I was wrong about her."

"What are you looking at?!" Bai Lingling glared at Luo Tian.

Luo Tian broke out into a grin, "Now, I really want to hear you call me good big brother, hahaha..."

At this time, the muscles in the corner of Bai Yuan's eyes were twitching. He then said coldly, "Whoever can kill this kid will get Bai Lingling. I will make her entertain you to the point that you don't want to play anymore!"

"My good niece, you will have a great life in the future! Hahaha..."

The eyes on those Bai family disciples were gleaming as they swallowed down their saliva.

They had been salivating over Bai Lingling for a long time now. So when they heard Bai Yuan say this as if it were only directed at them alone, they looked like they had been injected with chicken blood. Each one of them was exceptionally excited, and their combat strength skyrocketed like crazy.

Bai Lingling's expression changed when she turned to look at Luo Tian. She then pointed at Bai Yuan and said, "You just want to hear me call you good big brother, right? As long as you help me kill him, I'll call you good big brother every day for the rest of my life!"

Luo Tian gave a lewd chuckle and asked, "Are you sure about that?"

Bai Lingling immediately swore, "The heavens as my witness!"

"Okay!"

"You should be prepared to call me good big brother then, hahaha..."

"Kill!"

Chapter 1029: Luo Tian, You Bastard!

"Kill!"

"Kill!"

Luo Tian and Bai Yuan shouted almost simultaneously.

With this command, the Bai family disciples attacked by unleashing their strongest powers.

Every one of them wanted Bai Lingling.

They also wanted the Heaven Sword.

More importantly, they wanted to perform well in front of Bai Yuan because this would determine their future status in the Bai family. No one wanted to miss such a good opportunity. Even though they knew Luo Tian was able to kill Bai Shan, a Condensation Element ranker, they still weren't scared. The reason was that Luo Tian's group only had three people in total, while they had over three hundred. No matter if it was cultivation, the number of people, or their strength, the gap between the two groups was too large. They weren't on the same level at all.

Bai Lingling's body trembled slightly, and her lips turned a little white. It was natural for her to be scared from facing so many Bai family disciples at once.

At this moment, Luo Tian patted her shoulder and said with a smile, "Don't worry, I will handle the majority of the work!"

As his voice faded, Luo Tian's gaze was filled with killing intent as he shouted, "Follow me, and don't get separated!"

"Shoulder Dash!"

"Boom~!"

He was aiming for a particular corner of the courtyard.

“Bang~, bang~!” He knocked two Bai family disciples flying.

Seizing the perfect opportunity, Luo Tian leaped up with one hand covered in flames and one hand covered in frost. Two palms then heavily chopped down.

“Ice Flame Palm!”

“Puff~, puff~!”

The two disciples slammed to the ground and rolled around in pain.

Luo Tian’s felt flabbergasted, “What the fuck? They didn’t die? It looks like these Bai family elite disciples are all above the Four Elements 8th rank. With my current strength, there’s no way I can kill them off with just a few moves.”

“Since you guys aren’t dead yet...”

“You can go die now!”

As his body dropped down from gravity, he aimed at their chests and slammed down.

Their health bar bottomed out, and a system alert was heard.

“Ding!”

“Congratulations to player Luo Tian for killing Bai Yun. You have gained 1,800 experience points, 400 yuan energy...”

“Ding!”

“Congratulations to player Luo Tian for gaining sin points +1.”

“Ding!”

“Congratulations to player Luo Tian for killing Bai Wei. You have gained 1,800 experience points, 400 yuan energy...”

“Ding!”

“Congratulations to player Luo Tian for gaining sin points +1.”

Three moves to kill.

The Bai family disciples nearby Luo Tian became more ferocious as someone shouted, "Kill him! Kill him!"

They charged at the three with even more fervor.

The circle was getting smaller and smaller.

Luo Tian turned to look at Bai Lingling and Bai Xiong and noticed they were about to be overwhelmed by the Bai family disciples.

On the steps of the main hall, Bai Yuan had a cold smile on his face. When he saw Luo Tian panic, he said with disdain, "You want to fight with me based on your strength? You want to fuck over all 18 generations of my ancestors? You are simply overestimating your own strength. Go ahead and fuck them for me to see if you can!"

"Humph~!"

"You damn dog thing! You've ruined my plans, so today, I shall take your head and sacrifice it to my son's death!"

“Keep at it!”

“Kill him! Whoever kills him will not just get Bai Lingling; they will also immediately be promoted to become an Elder of the Bai family and enjoy all the privileges that come with it!” Bai Yuan upped the ante because he wanted to see Luo Tian’s group fall into desperation and despair.

Like his son Bai Ying, he loved to see the look on people’s faces when they were in despair. The unwillingness, fear, and the dread made him excited.

“An Elder’s position?”

“Hahaha...”

“That kid’s life belongs to me! You guys can forget about snatching it from me!”

“Kid, blame it on your head being too valuable! Hahaha...”

Originally, these disciples were already quite ferocious. But now, with the addition of the position of Elder, it made them go even crazier. One needs to know that the Ancient World is a place where cultivation resources are king. Whoever got more cultivation resources was likely to go higher and farther on the path of the martial dao!

Everyone wanted to be strong!

“What should we do? More and more people are crowding in!” Bai Lingling said anxiously.

Bai Xiong glanced at the surrounding people and said, “Master, escape first, and don’t bother with us!”

“Escape?”

Luo Tian’s mouth curved into a grin when he saw those Bai family disciples rushing at them. He then grabbed onto Bai Lingling’s shivering cold hand and said, “I will not leave. Don’t forget what I promised you two. I, Luo Tian, will never go back on my words to my friends.”

When Bai Lingling’s cold hand was suddenly grabbed by Luo Tian, she could feel a warmth flood into her. She was instantly no longer afraid. When she looked at Luo Tian’s back, she felt it looked like something great and powerful. This was someone she could rely on for the rest of her life.

She started feeling moved.

Luo Tian suddenly exerted strength and threw Bai Lingling out.

“Ahhhhhhh~!”

Bai Lingling was unprepared and instinctively screamed out in fear. The touching emotion in her heart instantly disappeared as she scolded, “Luo Tian, you damn bastard! Are you trying to scare me to death?!”

Luo Tian ignored her and said to Bai Xiong behind him, “Stay close!”

As his voice faded, the cooldown for Shoulder Dash was over.

Luo Tian slammed forth with his shoulder and managed to open up a narrow path. He then threw out a punch, “Mountain River Fist, level 3, Shattering Mountains and Rocks! Open up for me!”

His arms seemed to have doubled in size!

Green veins rippled, and thick yuan energy poured into his arms before rushing into his fists. The explosive punch from Luo Tian’s fists sent out a shockwave-like force!

“Bang~, bang~, bang~!”

The people in front were directly smashed flying. Their chests had caved in, and their hearts had been blown apart.

Instant kill!

“Ding!”

“Ding...”

Several alert tones sounded off in Luo Tian’s mind.

At this moment, Bai Lingling had dropped down from the sky. Luo Tian’s figure moved into position and caught her. One hand was holding onto her perky butt, while one arm was around her back and below her armpit. His hand had nothing to do, so he gave her breast a quick squeeze, commenting, “It’s really not that small.”

“Ahhhhh~!” Bai Lingling screamed.

“Damn smelly scoundrel! Let me go!”

“Okay!”

Luo Tian instantly released her.

“Plunk~!”

“Agggghh~!”

Bai Lingling landed on the floor, her little butt almost splitting open. She was grimacing in pain and stared at Luo Tian through clenched teeth. She looked like she wanted to join the Bai family disciples to kill Luo Tian. She could only glare at him rubbing her butt, “You... you...”

Luo Tian shrugged and looked at her with an innocent expression, “It was you who told me to let go.”

“You...”

Bai Lingling was so angry that smoke was coming out of her head.

As Bai Xiong caught up, Luo Tian looked over at that corner of the courtyard. He didn’t give Bai Lingling a chance to stand up; he just pulled her up by the hand and threw her into the air in one fluid motion once more.

“Luo Tian, you bastard! I hate you! I, I, I, hate you!” Bai Lingling looked like she was using some Lion’s roar ability while she almost cried from fear.

Luo Tian reminded Bai Xiong again, “Stay close!”

“Mountain River Fist!”

“Open up!”

“Bang~, bang~...”

“Just a few steps away! We’re almost there!”

Chapter 1030: Good Big Brother, I Don’t Want It

That corner was the perfect spot.

As long as he can stand there, the number of attackers Luo Tian has to deal with will be limited.

No one knew why their group of three were trying to rush to that corner.

Bai Yuan didn’t know.

The Bai family disciples definitely didn’t know.

“Ahhhhhhhhh~!”

“Scoundrel! Catch me!” Bai Lingling screamed while falling from the air.

Upon thinking of her poor butt, she just closed her eyes and accepted the reality.

Luo Tian accurately stood in the spot where she was going to land and said in an unhurried manner, “Are you going to keep calling me a smelly scoundrel? If you are, then I can only act like one.”

“Catch me!”

“Catch me, and I won’t scold you!” Bai Lingling had no choice since her current cultivation didn’t allow her to condense her qi to fly. She had lost her center of gravity and was unable to revert back to an upright position.

“You said it. Everyone here will be witnesses.”

After his voice faded, Luo Tian rubbed his hands and swallowed his saliva. He looked up and caught Bai Lingling in his arms. They were in the same position as before, so his free hand grabbed onto a white rabbit and squeezed. He fondled, squeezed, and then pinched the tip...

So awesome!

The feeling was simply too beautiful!

Bai Lingling's cheeks turned red, and her teeth cracked with being clenched so hard. Her breast had never been touched by a man before, yet it was touched twice today. It was even squeezed, kneaded, and pinched in front of so many people! This guy was a complete hooligan, rogue, and huge scoundrel!

"Smelly scoundrel! You damn smelly scoundrel! This young miss isn't going to spare you!" Bai Lingling blurted out.

"Huh?"

"Didn't you agree not to scold me? Now you're scolding me?"

Luo Tian pretended to be angry, so his free hand started squeezing that bouncy white rabbit. He then said viciously, "Go ahead, keep scolding me! Since you called me a scoundrel, then I will show you what a real scoundrel is!"

After saying that, his other hand started slapping Bai Lingling's tight little butt.

"Pak~!"

“Ahhhhh~!” Bai Lingling’s screamed in pain, tears really coming out this time.

Luo Tian shouted, “Are you going to scold me anymore?!”

Bai Lingling wasn’t the least submissive and said, “Damn scoundrel! Damn pervert! Don’t let this young miss find a chance, or else...”

“Pak~!”

Luo Tian gave her butt another slap.

“Ahhhh~!”

“Are you going to scold me anymore?!”

“Smelly...”

“Pak~!”

“Still scolding?!”

“You...”

“Pak~!”

“Scolding again?!”

Bai Lingling was crying after several hard slaps now.

With her cultivation, Luo Tian couldn't injure her, but the pain was still there.

The flesh on her little butt was quivering, and her legs were clenched tightly, which made it even more tempting.

The evil fire within Luo Tian had ignited. When he gave her butt another slap, he said, “Are you going to keep scolding? Keep scolding, and I will beat your ass until it blooms!”

Bai Lingling had always had a stubborn temperament that refused to compromise. Even with her father captured, she never gave in when facing Bai Yuan. But she had to give in now for the sake of her butt. She then said to herself, “Luo Tian, you just wait for this young miss!”

“I won’t! I won’t scold anymore!” Bai Lingling shouted while crying.

Luo Tian grinned, “Little brat, I refuse to believe that I can’t take care of you. Since you’re not going to scold me anymore, why not say, ‘Good big brother, please stop hitting my little butt.’”

Bai Lingling wanted to commit suicide right there.

She really didn’t know what went on through Luo Tian’s head.

Bai Yuan was completely confused, “What is he trying to do?”

Flirting at a time like this?

After grabbing her chest and smacking her butt, Bai Lingling was squirming all over in protest. Did this kid suddenly lose his mind?

Seeing Bai Lingling’s hesitation, Luo Tian snapped, “Are you saying it or not? If you don’t say it, your butt is going to bloom flowers!”

“I, I, I’ll say it...”

Bai Lingling hated the feeling of being spanked. She felt like she was already developing trauma from being slapped by Luo Tian repeatedly. So, she hurriedly said, "Good big brother, please stop hitting my little butt. I don't want it anymore..."

"So obedient!"

Luo Tian was satisfied and supported Bai Lingling to her feet. He then smiled pervertedly, "It sounds really nice when you call me good big brother."

Bai Lingling's eyes looked like they were about to spray out flames as she said viciously, "I'm going to kill you."

However, Luo Tian suddenly turned around to look at the surrounding Bai family disciples who were dumbfounded by the scene just now. He smiled and said, "The cooldown is over. Didn't you guys want to kill me? Come on, all of you! Do it together! Only then will it make this fight more exciting!"

When Luo Tian was smacking Bai Lingling's butt, each and every one of the surrounding Bai family disciples were watching with envy in their eyes. They wished that they were the ones smacking her butt in place of Luo Tian so no one attacked and stood there watching.

This gave Luo Tian a lot of time to let his skills finish their cooldown.

He had also bought some time for Bai Xiong.

When Bai Lingling saw how Luo Tian had suddenly become serious, she was planning on sneak attacking him with a palm strike. But she stopped her actions halfway because she couldn't bear to continue with it.

Just as Luo Tian finished speaking, he turned around and looked at her palms hanging in mid-air. He smiled cheaply and said, "Good little sister. You can't bear to hit your good big brother, right? I can tell just from looking at your face, hahaha..."

Bai Lingling froze from being too angered, "You..."

At the same time, the Bai family disciples were enraged by Luo Tian.

"Little Sister Ling'er, I will save you!"

"This kid deserves to be chopped into a thousand pieces! He dares to hit my Goddess?! Today, you and I are irreconcilable!"

"Kill him! After killing him, Bai Lingling will belong to us!"

"We will all take turns at night! I have always dreamed of having sex with her every night. And now, my dream is about to come true!"

“Kill!”

Luo Tian had managed to pull Bai Xiong to the corner of the courtyard by now.

Luo Tian’s eyes were exuding killing intent as he watched the Bai family disciples rush up one by one. He then reminded the siblings, “Don’t attack recklessly, and don’t leave the corner. Just leave all these people to me.”

“Master, can you do it alone?”

Smelly...” Bai Lingling swallowed the word scoundrel while rubbing her butt. Her tone immediately changed, “Smelly Luo Tian, you want to fight one versus three hundred?”

Luo Tian had a faint grin on his face, “That’s right!”

“I was exactly hoping for a one versus three hundred.”

Arrogant to a complete mess!

Every one of the elite disciples had a higher cultivation than him, yet he was still so arrogant?

One versus three hundred?

Bai Yuan's gaze turned even more disdainful as he said, "An idiot courting death!"

"Did you all hear that?"

"He wants one versus three hundred. If the three hundred plus of you cannot deal with him, then you all should just go kill yourselves."

Many of the Bai family disciples were exceptionally angry.

Their combat power soared!

Just when they were half a step away and about to jump Luo Tian, Luo Tian revealed a dark grin and shouted, "Come out, Fire Qilin!"
