

## Leveling Up 1031

Chapter 1031: Sorcerer

Luo Tian made a thought, "Fire Qilin, come out!"

The Summon Shinsu skill was activated.

Luo Tian had canceled the first Fire Qilin back in Martial Mountain City.

The reason was very simple – he needed to improve his proficiency in Summon Shinsu. Luo Tian calculated everything perfectly; that's why he smacked Bai Lingling's butt and went on a nonsense flirty episode with her. This was all so that the cooldown for Summon Shinsu would be over.

The time was ripe now.

He was also in his ideal corner.

Everything was in position.

Facing those Bai family disciples who were rushing over, a black hole in the void suddenly appeared in front of Luo Tian. Droplets of power were converging inside the black hole, forming and combining into the Fire Qilin's body parts.

In just a brief moment, a mighty-looking Fire Qilin rushed out of the black hole.

A distinctive flame pattern was coursing through the surface of its body.

Its two sharp antlers were gleaming under the midday sun.

With the release of its divine aura, it wasn't able to create a physical suppression, but it could psychologically suppress all those before it. The Bai family disciples were gasping for air and could only stare at the Fire Qilin in a dumbstruck state.

“Smelly... Luo Tian, this guy seems to be a bit stronger than he was back in Martial Mountain City.” Bai Lingling commented in surprise.

Bai Xiong was stunned with excitement, “Hahaha... Master, you are too awesome! Every time I see this guy, I almost piss myself in fear! It’s fortunate that you’re my master because I will never dare to be your enemy in my entire life.”

The two had already seen Luo Tian summon the Fire Qilin in Martial Mountain City, but their gaze was still as shocked as ever.

Luo Tian was also dumbstruck.

He could sense that the Fire Qilin was indeed a little stronger than the first time. He then contemplated internally, “Could it be that this guy is also like me, who levels up by killing people and monsters? Or does this guy get stronger when my cultivation level gets stronger?”

Luo Tian didn’t have time to think about these things and made a thought, “Spray them to death!”

These Bai family disciples were all experience points. If he didn’t take the initiative, he wouldn’t be able to act once that guy Bai Qi showed up.

There was no way Bai Qi would stand by and watch all these Bai family elites die. Otherwise, the Bai family would only exist by name. Even if he became the Bai family’s Patriarch once more, it would all be useless. The death of three hundred elite disciples was no joke. What strength would he have to fight against the other great families at that time?

Kill as many as he can before Bai Qi gets here.

He already gave these people a chance. It’s not his fault if these people don’t cry until they see a coffin before them.

Since there’s a coffin before you guys, you might as well lie inside!

“Fwoosh~!”

“Fwoosh~!”

“Fwoosh~!”

The Fire Qilin continuously sprayed out flames. And wherever the flames went, a large swath of red damage values floated above the heads of the Bai family disciples. Luo Tian took a closer look at the numbers and jumped up in joy internally. “Sure enough, it has really gotten stronger. Although my Fire Qilin cannot instantly kill them, the damage output has significantly gotten higher. It would be great if it could really get stronger according to my cultivation level. I would basically be floating to cloud nine if that was the case!”

Off to the steps area, Bai Yuan and the Elders all had shocked expressions on their faces.

“A divine beast?”

“A summoning martial skill?”

“How is that possible?”

“What is this kid’s origin? Is he really a cripple from the lower realm of the Tianxuan Continent? This kind of powerful summoning skill is only known by the mysterious sorcerers of our Ancient World. How did he learn it? Could it be that he is affiliated with the sorcerers? If he is really a sorcerer, then our Bai family...”

In the Ancient World, a sorcerer’s identity was very noble.

It was a very distinguished status to have.

Not even one in a million martial artists are qualified to become a sorcerer.

This wasn't based on one's innate talent or their bloodline. And one couldn't just work hard in order to become a sorcerer.

There were rumors that said sorcerers were selected by the heavens!

That's right – only those chosen by the heavens were qualified to become a sorcerer. In the center of the Ancient World, there were no more than ten people who were sorcerers. The Misty Cloud City's Hai family had a sorcerer, and it is his existence that made the Hai family stand in the upper echelons of society for the past ten thousand years. A sorcerer was absolutely a hegemonic-level existence!

The Summoning Skill was one of the martial skills available to a sorcerer.

Through a seal or some kind of contractual power, a powerful creature would be summoned from another world over here so they could be used in a battle.

Summoning a powerful demonic beast from another world required a large amount of spiritual essence. But Luo Tian didn't seem to have lost any yuan energy, and his spirit fluctuation hadn't changed at all. He still looked as energetic as ever!

"Is he some sort of high-level sorcerer?"

"Oh my god! If he really is a sorcerer, then our Bai family has offended someone we cannot afford to offend!"

"Elder Brother Bai Yuan, he could be a sorcerer! Our Bai family... our Bai family... is going to be destroyed!"

The voices of those Elders were shaking.

Their eyes were filled with fear when they looked at Luo Tian and his Fire Qilin. This was fear that stemmed from the depths of their hearts.

But Luo Tian didn't notice these sudden changes.

He also didn't know there was such an occupation like a sorcerer in this world.

Your typical martial artist didn't know either because a Sorcerer was the most mysterious existence in this world.

Bai Yuan's expression darkened.

He was also feeling some fear in his heart.

If Luo Tian really was a sorcerer, then he and the entire Bai family would disappear from Towering Cloud City very soon. The Bai family will never appear in this city ever again!

He was unwilling!

After so many years of lying low and swallowing his anger, he was unwilling!

Now, he was only one step away from taking control of the Bai family. Only by killing Luo Tian would he get his hands on the Heaven Sword. With such a divine spiritual treasure, he could lead the Bai family to strengthen their foothold in Towering Cloud City once more. And if he was given a little more time, he might be able to become the overlord of Towering Cloud City!

He didn't want to give up all his years of hard work just because of Luo Tian.

He couldn't!

Moreover, his son was killed, and the alliance with the Ouyang family was destroyed. All of these things filled his heart with hatred, so he would never let Luo Tian live in this world! Never!

Bai Yuan's eyes shook as he shouted, "All disciples listen up! Whoever can kill Luo Tian will be the next Patriarch of the family!"

The reward had been increased again!

Most importantly, only some of these elite disciples of the Bai family knew about the existence of Sorcerers and how rare they were in this world. Even if they had heard about them, they didn't know that the Summon Skill was an ability that only Sorcerers could learn. So when they heard Bai Yuan's words, their hearts were shaken, and the fear they felt was thrown to the back of their minds under the enticement of the huge benefits.

At this moment, Bai Yuan made his move while the few Elders behind him retreated hastily.

Luo Tian furrowed his brows as he looked at the golden light coming through the crowd. The corner of his mouth curved up as he sneered, "You finally couldn't help yourself, huh? Mr. Boss!"

A lot of people were paying attention to the fight inside the Bai family's manor.

After Luo Tian took out the Heaven Sword, even more people started paying attention.

When he summoned out his Fire Qilin, the entire Towering Cloud City was boiling in excitement!

Chapter 1032: Watch How I'm Going to Humiliate You

"There's a sorcerer in the Bai family!"

"A sorcerer? How is that possible?"

"There are only around ten sorcerers in the Central Continent. Even if the Bai family burned incense continuously for eight generations, a sorcerer still wouldn't appear in their midst. What kind of joke are you trying to pull?"

“I’m not talking about the Bai family disciples, but that foreign guy who went to cause trouble at the Bai family manor. He used the Summoning Skill that only sorcerers know and summoned out a divine beast from another world. If he isn’t a sorcerer, then what is he?”

“Are you for real?”

“Oh my god! So there really are sorcerers in this world! I have always thought they were just a legend!”

“Let’s quickly go have a look! If we don’t go now, it will be too late to see!”

It was as if the news had grown wings or something. In less than half an hour from when Luo Tian summoned the Fire Qilin, the entire Towering Cloud City knew about it!

Furthermore, it was still spreading outward at a frantic pace.

The Abyss Academy, Towering Cloud City branch.

“A sorcerer?”

“How is it possible for one of them to appear in a place like this? In the Central Continent, there is a sorcerer in the Misty Cloud Academy and one in the Hai family of Misty Cloud City. There is also one in our Abyss Academy, while the other seven are all godly experts who lead an elusive life. How can one of them appear in a small place like Towering Cloud City?”

“That doesn’t seem right.”

“The people outside on the streets are saying that the sorcerer is a man in his twenties and that he came to Towering Cloud City not long ago. It doesn’t match the appearance of those long-established masters.”

After hearing those words, Yang Qi’s eyebrows formed a slight frown on his face. He was originally planning on going back to the Abyss Academy, but now... He looked over and said, “Let’s go and take a

look. If it's really a new sorcerer, then it will definitely set off a storm of snatching in the Central Continent. If our Abyss Academy can snatch him over, it will be much easier for us to fight against the Misty Cloud Academy with one more sorcerer on our side!"

Yan Qi and several of his junior brothers immediately hurried over to the Bai family.

In another area.

Misty Cloud Academy, Towering Cloud City's branch office.

"Senior Academy Sister, I just received news that a sorcerer has appeared in the Bai family. And I've also received news that Yang Qi from the Abyss Academy has already rushed over there. If it is really a new sorcerer and he can become a student of our Misty Cloud Academy, then the Abyss Academy would not have the qualifications to fight against us at all!"

A single sorcerer can change the power of a king-level force!

One can easily see how strong a sorcerer is in the Ancient World!

Under a black cloak, there was a face covered with black patches with an expression colder than ice. She looked over at the speaker and said, "You can go if you want. I'm not going."

The voice sounded a bit sad.

The figure was looking out the window at the blue sky, unknown what she was thinking about.

"Senior Academy Sister, this is your chance to make a comeback."

"As long as you can bring the sorcerer back to our school, even the Hai family won't dare to do anything to you. And the academy will definitely refine the antidote to the Black Dragon-scorpion King Poison for you. So, come along with us and take a look, Senior Academy Sister," said a petite and delicate girl.

Yi Yunmeng did not have a single bit of interest in the sorcerer.

There was only one thing on her mind, “Luo Tian, were you successful in fusing with the Power of Blood Spirit I gave you?”

Seeing how she didn’t respond, another junior academy sister of hers said, “Little Li, we should go ourselves. We can’t let the Abyss Academy pick up such a big bargain. I heard that the sorcerer was a young, handsome guy who had just come from Martial Mountain City. I also heard he was going to screw over the entire Bai family. Such a domineering and arrogant man is what I like the most, heehee~. I really hope that he can become a junior academy brother of ours, heehee~. Let’s hurry up and go!”

“En~.”

Suddenly, Yi Yunmeng’s eyes rippled with shock. “What did you say? He came from Martial Mountain City?”

“That’s right. Is there something wrong?”

“I think he came last night sometime.”

“Senior Academy Sister? Senior... how did she suddenly disappear? Where did she run off to?” complained that junior academy sister. She then turned to Little Li and said, “Let’s rush over ourselves.”

Towering Cloud City, City Lord’s Mansion.

There was a youth with a disdainful sneer hanging on his face. His eyes were filled with arrogance, and his body exuded an air of superiority. His eyes looked like he was equating all people before him as lowly creatures. “A sorcerer, huh?”

“That’s right.”

“I also just received the news confirming it is indeed a sorcerer. He was able to summon a very powerful, otherworldly demonic beast that breathed out fire. The three hundred-plus Bai family elite disciples have been unable to injure him in the slightest,” said the City Lord while bowing.

The City Lord’s eyes were filled with fear when he looked at the youth.

He didn’t dare to breathe loudly when he was near this youth.

Not because the youth was strong but because of the emblem on his clothing.

Misty Cloud Academy!

On top of that, the youth’s identity made him even more afraid to show the slightest disrespect.

Towering Cloud City’s Hai family!

This youth was precisely Hai Yulong.

After he found out that Yi Yunmeng had come to Towering Cloud City, which was close to Martial Mountain City, he left the academy to secretly follow her. He was monitoring Yi Yunmeng because his mission was not to allow Yi Yunmeng to do anything that would negatively affect his big brother.

Even if Yi Yunmeng was struck by the Black Dragon-scorpion King Poison and disfigured, she still could not make any wrong moves!

Yi Yunmeng was a woman belonging to his big brother.

Even if his big brother no longer wants her, she still belongs to her big brother. No one is allowed to touch her!

Because... His big brother is a Prince!

A person who will become an Honorable Emperor in the future! The strongest man in the Central Continent!

Hai Yulong sneered and said, "A sorcerer? Would a sorcerer appear in a place like this? You guys don't even know what a sorcerer is. How can a sorcerer appear that easily? Every sorcerer is a person chosen by the heavens, so how can they appear in a place where even a dog wouldn't take a shit? Do you think sorcerers are like cabbages that can appear randomly in the street market stalls?"

The City Lord shuddered as he bowed even lower. He immediately replied, "Yes. Yes. You are right..."

At this time, a student of the Misty Cloud Academy rushed in and said, "Sir Yulong, Yi Yunmeng has gone to the Bai family to meet that so-called sorcerer!"

"Huh?"

"She went there?"

The disdainful look in Hai Yulong's eyes intensified. "I've always thought that Yi Yunmeng was a special person. I didn't expect myself to be wrong. Does she really think a sorcerer would appear in a place like this? I really don't understand why big brother has laid his eyes on such a dumb girl... Uh, I meant such a dumb and ugly girl... hahaha."

"Yi Yunmeng, oh, Yi Yunmeng, how does it feel to have the Black Dragon-scorpion King's Poison? Hahaha... Iceberg Queen? You might as well be the Dark Face Queen! Hahaha..."

"You dare to offend me, Hai Yulong?"

"Even if you are the Heavenly Emperor, you will still be stomped on by me!"

His face was full of disdain when he said those words.

The disciple then asked, “Sir Yulong, are we going then?”

Hai Yulong barely made any consideration before saying, “Go! Of course, we’ll go! Last time in the Misty Cloud Academy, I didn’t have the time to embarrass Yi Yunmeng. Now that she has been struck by the Black Dragon-scorpion King Poison, I would like to see how she’s going to act arrogant in front of me!”

“Yi Yunmeng! Watch how I’m going to humiliate you today!”

Chapter 1033: The Awesome Divine Explosion

Towering Cloud City, the Bai family.

The crowd at the main gate was growing larger.

It even attracted the sound of countless vendors hawking their wares.

“Peanuts! Melon seeds! Roasted chicken thighs...”

“Front-row seats are up for sale to the highest bidder! This is the only time you will get to see a sorcerer! Don’t regret it if you miss out on it!”

It wasn’t just the main gate. Even the walls of the Bai family manor were crawling with people.

They all came to see Luo Tian.

They all thought of him as a legendary sorcerer, mysterious and powerful. A person that was chosen by the heavens!

Inside the courtyard, Bai Yuan was trying to hide his anxiety.

The Bai family was surrounded by more and more people, which was a bad thing for him.

If Luo Tian was really a sorcerer, then someone in the crowd would definitely make a move before he is able to kill him. Everyone wanted to recruit Luo Tian and was no longer focused on the Heaven Sword he had. Luo Tian's value was something even a divine artifact couldn't be exchanged for.

Luo Tian naturally didn't know what was going on.

He had no idea what a sorcerer was in this world.

What's more, he didn't know that it was because of him using Summon Shinsu that attracted so many people here. The five major clans of Towering Cloud City, Abyss Academy, Misty Cloud Academy, as well as other devil sect disciples were lurking in the crowd. All sorts of sects, clans, and experts were paying attention to him, too.

If Luo Tian knew, he would definitely use this to his advantage and have someone beat Bai Yuan to the ground. Then, when he was at his last drop of health, use a single slap to slap him to death!

Luo Tian had only entered the Ancient World for less than three months, so he didn't know the world was split into five large land masses. He also didn't know what kind of place the Central Continent was or the super mysterious sorcerers.

Upon seeing the walls of the courtyard filled with people, Luo Tian smiled and said, "Fire Qilin, my good brother. Make sure you explode these guys more violently. All these people seem to be here for my Heaven Sword. Let them see your explosive power so that they know what consequences will become of them if they dare to have thoughts about my sword."

After saying that with his mind, Luo Tian started using the Vajra Sword Technique. With the natural pressure coming from the Heaven Sword, Luo Tian manifested a sword qi that was visible to the naked eye. The beam shot out and killed five people who were on the edge of death.

"Ding!"

"Ding!"

“Ding!”

The system alerts sounded off, and his experience bar went up quite a bit.

He wasn't too far off from leveling up.

Bai Yuan's gaze darkened as he watched several disciples fall. He then said to himself, “It doesn't matter if he's a sorcerer or not. If I want to kill him, I have to do it soon before some expert comes. They will definitely use me as a stepping stone to curry favor with this brat!”

Many people were waiting.

They were waiting for an opportunity when Luo Tian's life was in danger, and his life hung in the balance. Only then would they make a move. This was the kindness of saving a person's life! This kind of favor was the greatest! Luo Tian would definitely pay them back with his body, and they would get a sorcerer to join their faction!

Bai Yuan had already thought about what was at stake.

If it weren't for Luo Tian killing his son or ruining his plans, he would also be like the others in trying to find an opportunity to recruit him.

But now, there was only killing intent in his heart!

He had to kill Luo Tian!

Bai Yuan kept moving through the crowd of disciples, gradually getting closer to Luo Tian. He also kept an eye on Luo Tian's expression and said to himself, “From the look on his face, it seems that he doesn't know that he is a sought-after sorcerer. This is even better for me!”

Bai Yuan suddenly made his move, and a sharp steel claw shot toward Luo Tian's throat. His eyes turned vicious as he muttered, "Die for me."

A power that had built up for a long time!

The full cultivation powers of a Martial Void 4th ranker exploded out.

Moreover, he used Dragon's Claw, the only spirit-grade martial skill of the Bai family.

"Roar~!"

An ear-piercing dragon's roar resounded in the void.

The giant claw contained an irresistible force!

It was especially fierce!

Luo Tian's face sank. The moment Bai Yuan focused his attention on him, Luo Tian also paid attention to Bai Yuan's movement. So the moment Bai Yuan tried to sneak attack him, he was already reacting to the attack. However, Luo Tian's cultivation was only in the Four Elements realm. Even though he reacted on time, he was still unable to keep up with Bai Yuan's attack speed.

The Martial Void realm cultivation was at a level that was too strong for him to handle right now.

But the moment Bai Yuan walked down the steps of the main hall, Luo Tian had already locked onto him with his God Flame.

This was one of his life-saving talismans!

"God Flame, blast him!"

Luo Tian immediately cast God Flame without any hesitation. He could only pray in his heart, "Big Sister Sola Aoi, please bless me and let it be an instant kill!"

"If you can trigger it, I will think about you for the rest of my life."

He had triggered the instant kill effect shortly before and ended Ouyang Ye's life.

Could he trigger the effect once more?

The chance of it was all up to probabilities, so no one can say for sure.

"Humph~!"

"It's that flame again? Do you think I'm Bai Shan?" Bai Yuan was very disdainful of it. He didn't try to avoid it and just had the steel claws clash with it.

"Boom~!"

The fireball scattered.

But it instantly reformed and smashed into Bai Yuan's chest.

Unfortunately, the instant kill effect wasn't triggered.

But the collision made Bai Yuan briefly stunned. He didn't know how the flames could reform and couldn't understand how it could force his Dragon's Claw to suddenly disappear. It was as if a powerful force had crushed his skill and then thrown it back at him.

"Damn it!"

“Big Sister Sola Aoi, do you not love me anymore?”

Luo Tian became depressed when the instant kill effect didn't trigger.

But since he wanted to kill a boss, standing there and staring would not kill Bai Yuan.

Wait for Bai Qi?

That old fox cannot be trusted.

As for Li Zhanqun? He was even more unreliable. Those old guys were all scheming foxes, so Luo Tian could only rely on himself.

Luo Tian suddenly shouted, “Divine Explosion!”

“Boom~!”

His whole body started glowing red.

His strength and speed instantly doubled. What surprised Luo Tian was that even the Fire Qilin, who was still attacking the Bai family disciples, had become twice as big, and its attack power had also doubled. Luo Tian was jumping for joy internally, “Hahaha... So this is Divine Explosion! It is much stronger than Berserk!”

Even his skills received a power boost!

Divine Explosion was truly quite fierce!

Luo Tian took a step forward. He gripped tightly onto the Heaven Sword after releasing the full power of Divine Explosion. "Buddha's Fury!"

"Chop!"

The strongest move of the Vajra Sword Technique.

The Heaven Sword chopped down, filled with the powerful force of Divine Explosion. It looked just like a Vajra Giant Buddha had descended from the sky, crushing down toward Bai Yuan.

"Boom~!"

"Boom~!"

"Boom~!"

Sand and stones were flying all over.

A huge gust of wind swept outward from the area. The courtyard was in a complete mess by Luo Tian's Buddha's Fury.

Domineering to the extreme!

"Ding!"

"Ding!"

"Ding!"

One by one, the Bai family's disciples were crushed into powder by this move. And the system alerts kept sounding off like crazy.

Luo Tian was also feeling a bit horrified, "The power of Divine Explosion is too fierce, hahaha!"

The elated feeling couldn't be stopped!

But Luo Tian didn't hear the alerts reporting the death of Bai Yuan's name.

Suddenly, a giant claw struck out like lightning.

Luo Tian's expression changed, "Oh crap!"

Chapter 1034: The Bossy Hai Yulong

A claw shot through all the dust!

God Flame was just used, so it was still on cooldown. There was no way to interrupt his skill this time!

Divine Explosion was still active, but the enhanced state still wasn't up to par.

Luo Tian's heart sank, but he wasn't anxious just yet. His heart had become calm when he watched the huge incoming dragon's claw.

The strongest move of the Vajra Sword Technique, Buddha's Fury, managed to decimate a large swath of Bai family disciples nearby. But it didn't injure Bai Yuan in the slightest, as the gap between their cultivation realms was too large.

The Martial Void realm and the Four Elements realm were simply too far apart!

Even though Bai Yuan wasn't injured, the attack still left him in a very sorry state. His hair was scattered, his clothes were slashed up by the sword qi and became shreds, and his face was covered in dirt. He looked just like a random beggar on the street.

This made him even more furious as his rage erupted like a volcano.

A claw shot out as he shouted, "Let's see what martial skills you're going to use to block my Dragon's Claw! Agggghhh~!"

The huge claw arrived in front of Luo Tian in the blink of an eye.

"He's in danger!"

"Should we make a move?"

"No rush. It's not even the most critical moment yet. If we're going to save him, it will have to be at a time when he is at his more dire straits. Only then will the favor be heavier, and he won't be able to refuse our request."

"It's him!"

"Hahaha, what a good kid! I wasn't wrong about him! Who would've imagined that he was a sorcerer? This time, I have to bring him back to the Abyss Academy, no matter what kind of methods! Even if I have to sell out my backdoor chrysanthemum, I have to pull this kid into the Abyss Academy." Yang Qi said in excitement.

The junior brothers around him instantly became depressed.

They really couldn't understand how Luo Tian would turn out to be a sorcerer.

This was an impossible matter!

One of the junior brothers asked, "Senior brother, his life is already in jeopardy. With his Four Elements cultivation realm, it's impossible for him to deal with Bai Yuan. If we don't make a move now, that kid will really be..."

Yang Qi smiled and replied, "What's the rush? The potential of this kid, Luo Tian, is definitely not this little. You guys just keep watching. I currently feel that even Bai Yuan is not his match. The kid gave me a feeling that he was really powerful, and this feeling appeared the first time I met him. And it is somehow becoming stronger and stronger now."

Yang Qi wasn't in a rush to make a move.

He wanted to see Luo Tian's full potential.

Based on his cultivation realm, Yang Qi could instantly kill Bai Yuan whenever he decides to make a move.

In another area, Yi Yunmeng had just arrived. She looked at Luo Tian in the courtyard and then at the Fire Qilin beside him. Her eyes were filled with shock as she said, "It's really him! Has he been hiding this from me? Does he need the Power of Blood Spirit to practice his sorcery? Does a sorcerer need Blood Spirits for training? How come I have never heard about this?"

Little Li was panting as she rushed over and complained, "Senior Academy Sister, please wait for me next time!"

"I asked you to come, and you said you were not interested. Now, you're suddenly even more anxious than us."

'Senior Academy Sister, could this kid be the one that saved you in the Martial Mountain Range?'

"Heehee~, I think I nailed it, or else why would Senior Academy Sister be in such a panic?"

"What's so good about this kid? He cannot even compare to the Hai family's Prince. If I was Senior Academy Sister, I wouldn't even give this kid a glance. He is not qualified to enter the eyes of Senior

Academy Sister. Even if he's a sorcerer, he's still too weak. Now the Hai family; they are the strongest family in the Misty Cloud City."

The two junior academy sisters were discussing this among themselves.

However, Yi Yunmeng acted as if they didn't exist. Her mind was all on Luo Tian. Seeing how Luo Tian was constantly retreating under the pressure of the giant claw and how his life was hanging by a thread, she felt a tightening feeling inside her heart.

She started circulating her yuan energy, prepared to help him at any moment.

At this time, Little Li whispered, "Senior Academy Sister, the second young master of the Hai family is here."

Hai Yulong had arrived!

Following behind him was the City Lord of Towering Cloud City.

Their appearance immediately caused a commotion.

Just based on the emblem on his clothes and his identity as a member of the Hai family was enough to cause a sensation. His appearance was enough for the whole Towering Cloud City to tremble!

With a single glance, Hai Yulong was able to lock his gaze onto Yi Yunmeng, who was wearing a black cloak. His mouth curved into a contemptuous sneer as he said, "Humph~! How does it feel to be struck by the Black Dragon-scorpion King Poison? It must feel great! You actually dared to threaten to kill me? Why don't you look at what status you have and what status your Yi family has? You want to move against me? You are still too fresh! If it weren't for my big brother being interested in you, you would be dead already!"

After he said that, a follower behind him pointed at Luo Tian in the Bai family's courtyard and exclaimed, "Second Young Master, it's him!"

Hai Yulong turned to look at the center of the Bai family's courtyard, and his eyes immediately darkened. Cold killing intent instantly burst forth from his body, causing the people around him to quickly back away with unsteady steps. Those people couldn't even breathe properly when they were close to him!

"Damn dog thing! You dare to appear before me?!"

Hai Yulong's gaze contained murderous intent before looking at Yi Yunmeng. "You bitch! I was wondering why you requested to come to Towering Cloud City. So it turns out it was because of him. Good! Yi Yunmeng, oh Yi Yunmeng! You don't want any face, but our Hai family still needs face. How can a woman like you be worthy of my big brother? What qualifications do you have to become a person of the Hai family? Humph~! Today, I will properly humiliate you in front of everyone!"

When he was speaking, Yi Yunmeng could sense the killing intent coming from Hai Yulong. She turned to focus her gaze on Hai Yulong, and killing intent surged out of her without restraint. It was as if she was telling him that if he dared to make a move on Luo Tian, she wouldn't let him off!

Hai Yulong naturally felt it and coldly shouted, "Yi Yunmeng, you damn bitch! You came to Towering Cloud City just for this kid, right?! You have wasted my big brother's devotion to you! I didn't expect you to turn out to be this kind of shitty good!"

"Sigh~, I almost forgot."

"I'm afraid that with your looks, even a beggar on the streets would think you are too ugly, hahaha. How are you enjoying the Black Dragon-scorpion King Poison? Hahaha..."

Yi Yunmeng's eyes were ice-cold as she replied, "Hai Yulong, open up your damn eyes and look clearly. He is a sorcerer. If you dare to kill him, don't blame me for not reminding you that even the Hai family behind you won't be able to protect you!"

There was an extremely short supply of sorcerers.

Every single one of them was considered chosen by the heavens.

Killing a sorcerer on any continent of the Ancient World would have a huge consequence.

Hai Yulong's face darkened. He understood the consequences of killing a sorcerer, but when he looked at how Luo Tian had been forced to a dead end by the giant claw, a grim smile appeared on his face. "There's no need for me to make a move on this piece of trash."

"You want to save him?"

"I cannot kill a sorcerer, but I can stop you!"

"Yi Yunmeng, go ahead and make your move!"

"Hahaha..."

Overbearing and arrogant!

He acted like he was in control of everything!

Hai Yulong then shouted fiercely, "If any of you dare to save him, that means you are going against my Hai family! You little mongrels from the Abyss Academy, you better weigh your own backing before you do anything!"

"Yi Yunmeng, you will definitely enjoy watching him die in front of you! Hahaha..."

Chapter 1035: Luo Tian Is Annoyed

Not only was he not letting Yi Yunmeng make a move, but he wasn't allowing anyone else from Towering Cloud City to interfere and help Luo Tian.

How arrogant and domineering was this?

But once Hai Yulong finished speaking, those forces hiding in the shadows immediately shrank back and lost all motivation to help Luo Tian. They were scared!

Who didn't know the Hai family from the Central Continent?

They were an existence at the peak of the King level forces.

And the Hai family had two super talented geniuses. Out of the two shiniest descendants, one of them was the youth right here – Hai Yulong!

Who would dare to mess with the Hai family in the Central Continent?

No one!

Even Yang Qi's face darkened with his brows furrowed. He then muttered, "When did he provoke the Hai family?"

"Eldest Senior Brother, we cannot help him."

"You should know the power of the Hai family better than us. The one in front of us is the second youngest master of the Hai family. If the Hai family really goes all out against our Abyss Academy, I'm afraid that... Moreover, even our dean may not agree with your actions."

"That's right, Eldest Senior Brother. The only one that can be blamed is the kid courting his own death."

Even the Abyss Academy didn't dare to make any reckless moves now.

So, one can easily tell how strong the Hai family was.

Yang Qi stared at Luo Tian in the courtyard with eyes full of hesitation. He couldn't decide what to do. On one side was the Hai family, while on the other side was the youngest sorcerer in the Ancient World. It was really hard for him to make up his mind.

Yi Yu

Hai Yulong's words didn't have the slightest binding effect on her.

However, she had been struck by the Black Dragon-scorpion King Poison. Her cultivation had been suppressed to the point of losing several realms, so she couldn't even deal with Hai Yulong right now. If she did make a move, Hai Yulong would be the first to stop her.

This was exactly what Hai Yulong wanted.

He wanted Yi Yunmeng to watch Luo Tian die.

He wanted her to watch Luo Tian being isolated and being crushed by Bai Yuan.

Yi Yunmeng's eyes were ice cold as her body released a chilling coldness. Her eyes were locked onto Luo Tian, watching him constantly retreating backward. She immediately made up her mind and said to herself, "No matter what, I won't let you die here!"

Hai Yulong then said with a playful grin, "Yi Yunmeng, do you want to save him? Come and beg me! If you beg me, I might just spare his life! If I wanted him dead, there wouldn't be a need for me to make a move personally! Hahaha..."

"Are you in despair?"

"Who do you think you are? You actually dared to say those words to me in Martial Mountain City?"

"In my eyes, you are nothing but a little bitch. A dog of the Yi family. You want to marry my brother and form an alliance with my Hai family? Humph~! You are not qualified!"

Extremely arrogant.

An expression like he had defeated Yi Yunmeng.

Hai Yulong smiled and said, "Come beg me. Kneel on the ground and beg me! If I am happy, he naturally does not have to die. If you dare to make a move... You are not my match with your current cultivation. I can instantly stop you, and you will have to watch him die in front of you with your own eyes, hahaha..."

Hai Yulong acted like everything was within his calculations.

No one in the area dared to help!

Hai Yulong wanted Luo Tian to die, especially right in front of Yi Yunmeng.

Originally, Luo Tian wasn't paying attention to the crowd. But now he found out about everything.

"So, it's Hai Yulong!"

Luo Tian continued saying to himself, "I thought that I would have to wait until the Misty Cloud Academy before I see him again. I didn't expect to see him so soon!"

"Enemies do often meet on narrow roads!"

"So he wants me to die this badly, huh?"

"Then you just wait for this daddy!"

At this time, Bai Yuan suddenly laughed out loud. “Hahaha... Hahaha... Kid, I didn’t expect that you have offended the Hai family! So what if you are a sorcerer? The Hai family wants you dead! Even if King Yama doesn’t want you, you still have to die!”

Bai Yuan was afraid someone would make a move to save Luo Tian.

Now, his fears were unwarranted.

Moreover, he found a way to stabilize the Bai family’s situation and his own position! He might be able to hug the thighs of the Hai family! If his hopes do come true, then the Bai family could become a subordinate force of the Hai family, and he would end up becoming the overlord of Towering Cloud City!

Bai Yuan couldn’t help feeling excited after thinking about this point.

The yuan energy in his body surged out with even more intensity, strengthening his giant dragon’s claw that was about to grasp onto Luo Tian’s throat. “Kid, just obediently accept your death!”

There were sounds of people sighing in the crowd.

“Sigh~, a sorcerer is going to fall just like that.”

“It’s such a pity. The kid can only blame himself for offending the Hai family.”

“That’s right. This kid might be the youngest sorcerer in the Central Continent or even the entire Ancient World.”

“He can offend anyone he wants, yet he goes and offends the Hai family. This is the equivalent of courting one’s own death.”

There were sounds of discussions all over.

Seeing how Luo Tian was being enveloped by a giant dragon's claws, they were sure he was going to die.

A hopeless situation!

In Luo Tian's mind, he was holding onto the Wolverine Transformation Card.

His back was against the wall, and there was no place for him to dodge.

At this moment, the Fire Qilin leaped over and stood in front of Luo Tian.

"Boom~!"

"Boom~!"

"Boom~!"

Several explosions were heard.

The Fire Qilin used its body to block the Dragon's Claw, and its body began to break apart piece by piece as a result. It looked like a piece of burning paper, and its fiery red skin slowly turned to ash. Flakes of ash drifted to the ground before disappearing into the air.

It was dead!

The Fire Qilin was instantly killed by the Dragon's Claw move!

It used its own body to block the powerful move by Bai Yuan.

Bai Yuan was instantly dumbstruck.

The surrounding crowd was also dumbstruck.

They looked at Luo Tian with a stunned expression, unable to comprehend what had happened.

“D... d... dead?”

“A summoned demonic beast actually... actually died? This...”

“What’s going on? How did a demonic beast summoned by a sorcerer die so easily?”

Hai Yulong’s face suddenly changed before he started laughing out loud. He pointed at Luo Tian, who was looking quite miserable against the wall, and laughed, “Hahaha... Hahaha... Hahaha... A sorcerer? A sorcerer? Hahaha... I’m going to laugh myself to death! A sorcerer? Hahaha...”

“Dog’s fart!”

“Don’t you guys know that the demonic beast summoned by a sorcerer cannot die?”

“I told you guys! How can a loser like him be a sorcerer? How can he be chosen by the heavens? Then wouldn’t I be God? Hahaha... I’m going to die of laughter! I haven’t laughed this hard in my entire life! What was your name again? Luo Tian?”

“Hahaha... You are a complete idiot!” Hai Yulong mocked while laughing his ass off.

Originally, he was worried that Luo Tian was a sorcerer. Even if he let Bai Yuan kill Luo Tian, he would still be implicated in some way. But now that he found out Luo Tian wasn’t a sorcerer at all, and the demonic beast he summoned was defeated so easily, most likely it was just a martial skill of his!

Without the involvement of the complicated relationship, Hai Yulong became even more wild and overbearing!

Luo Tian started frowning. He didn't know what a sorcerer was, but seeing Hai Yulong laughing like that made him annoyed as hell.

Chapter 1036: Nothing Left

Annoyed to the point of being pissed!

In his mind, he was about to use his Wolverine Transformation Card.

Right now, God Flame, Divine Explosion, and Summon Shinsu are all in their cooldown period.

His Hulk Transformation Card was also under cooldown.

The only thing left in his arsenal was the Wolverine Transformation Card.

But can he kill Hai Yulong within that five minute period?

Luo Tian wasn't confident because there were too many people present.

Once he cannot kill him, then the person dying will absolutely be himself. Time was too short, and Luo Tian wasn't confident. If the surrounding crowd of people weren't present, he was certain he could kill Hai Yulong within the five minutes given!

How awesome was Wolverine?!

If he couldn't even kill Hai Yulong, then Wolverine would be a useless character that shouldn't have been created.

After weighing his options, Luo Tian decided not to use the transformation card just yet.

He will save it as a last resort.

He wasn't going to use it unless he was on the brink of death!

Moreover, he would most likely be treated as a mutant if he used his transformation card in front of all the people from Towering Cloud City. This might even cause others to suspect that it was he who transformed into Hulk as well. Remember, Hulk was worth tens of thousands of xuan coins in bounty.

Once this secret is revealed, he will be forced to face death constantly.

"Let's wait a bit first." Luo Tian brought out the Heavenly Plume Shield.

Bai Yuan's eyes turned to slits when he started laughing. "I was almost tricked by you! Using illusions to confuse this old man? I almost thought that you were a sorcerer. It's good that you aren't one. Now, I can fight without any restraints! Hahaha..."

He was laughing just like Hai Yulong.

The experts hiding in the crowd instantly lost their spirit.

"Cheh~, and here I thought he was really a chosen one by the heavens. I didn't expect him to be an imposter."

"I almost got harmed by making a move! I would have offended the Hai family in the process! It is fortunate I held back, or else I would have fallen for the pit this kid dug!"

"How can it be that easy to become a sorcerer? If he can become a sorcerer, then everyone in Towering Cloud City can become one, too!"

"Hahaha..."

Many people started laughing in mockery.

People were no longer interested in Luo Tian.

They no longer harbored the thought that Luo Tian could be a sorcerer. There were some who were willing to take the risk of offending the Hai family to save Luo Tian. Now, those thoughts had disappeared into thin air. No one was stupid enough to save an ordinary martial artist to offend the Hai family, right?

Wasn't that equivalent to courting one's own death?

"Eldest Senior Brother, it's fortunate we didn't make a move, or else we would have suffered a big loss."

"I'm surprised this kid would have such an ability. Could it be something he used to trick us into helping him? What a brilliant move. It's fortunate that we didn't fall for it."

"Eldest Senior Brother? Eldest... Senior Brother... where, where, where are you going?!"

At this time, there was one person who made a move.

Yi Yunmeng also made her move.

Within the courtyard, Bai Yuan grinned when he saw how Luo Tian had nowhere else to go. He raised his right arm and a sharp claw made of energy shot out. "Kid, I want to see who will help you block this now! Hahaha... Go to hell for me!"

Dragon's Claw smashed forth toward Luo Tian once more.

This time, the energy within it was much stronger than the previous.

Luo Tian furrowed his brow from the incoming attack.

At this moment, Bai Xiong ran out and shouted, “Bai Yuan! If you dare touch my master, I will fuck you over!”

Bai Lingling followed suit, wanting to block in front of Luo Tian.

She was the one who got Luo Tian involved in the Bai family’s affairs. If she hadn’t asked for his help, Luo Tian definitely wouldn’t have gotten into such a deadly situation.

Luo Tian shouted at them, “Don’t you two come over!”

His shout made Bai Xiong and Bai Lingling freeze. Luo Tian didn’t want anyone to die for him. There’s no way the siblings could block a single move from Bai Yuan. His Fire Qilin had more than a thousand health points, which meant Bai Yuan’s attacks were definitely very strong.

But having low health points was also the Fire Qilin’s weakness.

It had a high attack but weak defense and low health points. Once someone finds out about this weakness, they would directly kill off the Fire Qilin first. Then, his summoned battle pet wouldn’t be of much use for the rest of the fight.

But this was the health point of a level 1 Fire Qilin. It wouldn’t be that weak once it reaches level 2.

“Master!”

“Smelly scoundrel...”

When those two stopped and watched how Luo Tian was at a dead end, they felt like a boulder was weighing on their chest.

Luo Tian lifted up the Heavenly Plume Shield and said, “Since I told you not to come over, don’t come over. There’s no need to worry about me.”

“Hahaha...”

“There’s no need to be in a rush, my good niece. I will kill him first to avenge my son’s death. Then it will be yours and your brother’s turn.” Bai Yuan said excitedly as he watched his claw about to reach Luo Tian’s chest.

In the blink of an eye, Luo Tian strengthened his grip on the Heavenly Plume Shield and hid behind it.

“Ommm~!”

“Boom~!”

“Boom~!”

Luo Tian’s body sank down while his back pressed against the wall. The wall instantly collapsed by the power colliding into his body.

“Puff~!”

Blood churned in Luo Tian’s chest before he sprayed out a mouthful of blood because he couldn’t hold it in.

His internal organs felt like they had been flipped upside down. Even if the Heavenly Plume Shield managed to resist most of the power, Luo Tian couldn’t handle the impact of the energy. After all, the cultivation gap between them was too large. Bai Yuan was a genuine expert in the Martial Void realm.

But Bai Yuan’s face was also red right now. The recoil force forced him to stagger backward continuously and almost made him fall down.

His expression darkened when he stared at the shield Luo Tian was holding. He then said, "Another spiritual treasure. I didn't expect you to have so many treasures on you. That means today, you have to die no matter what."

After saying that, Bai Yuan released all of his Martial Void powers before sending out a palm strike.

Luo Tian shouted, "Come again, you motherfucker! Do you think this daddy is afraid of you?!"

He was trying to wait out his cooldown timer!

So he could only stall for time!

"Boom~!"

"Boom~!"

A palm had chopped down while Luo Tian's legs were already entrenched in the ground. Now, he was pushed deeper so that nearly his upper body was inside the ground. He managed to resist and sprayed out a few mouthfuls of blood in the meantime. He could only gasp for air while staring at Bai Yuan, who was grinning hideously.

"Hahaha... What's wrong? Is this all the strength you have? So weak! You want to kill this old man just with your ability? Come and try!" shouted Bai Yuan.

One must mention that the Heavenly Plume Shield was pretty strong.

The first rebound of power caused over a thousand points of damage.

Bai Yuan had suffered considerable internal injuries after attacking several times in a row. Now, his attacks had been weakened quite a bit from the previous few times.

“Come!”

“Come at me, you ungrateful thing!” roared Luo Tian while counting down the timer internally. “Just a little bit more. A little bit more will be enough. Once I get the opportunity, I will definitely make it so that you cannot stand up anymore.”

Bai Yuan was also furious.

His eyes darkened before saying viciously, “I want to see if your body is as powerful as your mouth!”

“Dragon King’s Claws!”

“Go to hell for me!”

Chapter 1037: Undying Medal

The strongest move of the Dragon’s Claw skill.

When this move was released, the Bai family disciples all had terrified looks on their faces before quickly retreating.

Bai Xiong widened his eyes before shouting, “Master! It’s dangerous! Quickly dodge!”

Bai Lingling’s face instantly paled, forgetting to even breathe. She could only stand there stunned with her eyes closed because she didn’t dare to keep watching.

Bai Yuan’s strongest attack!

Dodge?

There was nowhere for Luo Tian to dodge!

He couldn't even if he wanted to. He couldn't even move, so where could he run to?

It was too late.

Luo Tian clenched his teeth and said to himself, "If you don't manage to kill me with this move, I will definitely kill you right after!"

"Agggghh~!"

"Come!"

Luo Tian's eyes quivered as his body erupted with overbearing killing intent. He then pressed his arms against the Heavenly Plume Shield with all his might.

"Bang~!"

A huge claw descended from the sky, possessing an extremely domineering power. It was just like a huge dragon swooping down, trying to extend its claw to grab at Luo Tian.

Power that couldn't be resisted!

"Boom~!"

"Boom~!"

A ripple of power bounced outward and created a gust of wind. Several Bai family subordinates with lower cultivation bases were sent tumbling like a ragdoll.

"Clang~!"

It was as loud as thunder!

The sound of impact smashed into the Heavenly Plume Shield!

Luo Tian's body sank downward once more. Now, half of his body had sunk into the ground. All the bones in his body felt like they were going to break at any second. The pain was so unbearable that words couldn't even describe it! But Luo Tian still clenched his teeth and held on desperately.

He quickly took several healing pills.

If he didn't take any pills right now, his health was going to reach zero!

"Ommm~!"

"Bang~!"

The recoil power from the Heavenly Plume Shield shot out.

This was a piece of the Heaven's Destiny Set!

The strongest piece of the set was precisely the Heavenly Plume Shield.

The recoil force that shot out directly sent Bai Yuan flying! He then smashed heavily on the ground before spraying out a mouthful of blood. However, compared to Luo Tian, Bai Yuan's injuries were much lighter.

"Puff~!"

Bai Yuan climbed back up from the ground with a slightly pale face. He started smiling when he saw how half of Luo Tian's body was now embedded into the ground. "That shield of yours is really surprisingly sturdy."

"But no matter how good of a shield you have, you won't escape death today."

Bai Yuan walked toward Luo Tian one step at a time as he spoke.

Luo Tian was silently calculating the distance in his mind.

The cooldown for all of his skills had finally ended!

God Flame and Divine Explosion can be used!

Moreover, Bai Yuan wouldn't think Luo Tian would attack at a time like this. It was the perfect opportunity for a sneak attack!

Luo Tian intentionally showed a look of fear as he watched Bai Yuan get closer. But he was laughing internally, "Just a little bit more... A little bit more, and you will have a family reunion in hell with your son."

Just when Bai Yuan was about to enter the ideal distance from Luo Tian, a figure suddenly appeared blocking in front of him.

"That's enough!"

It was Yang Qi!

He landed inside the courtyard.

Yang Qi didn't interfere when everyone thought Luo Tian was a sorcerer because he thought that Luo Tian probably didn't need his help. But now that circumstances had changed, he stepped forward because he treated Luo Tian as a friend.

This was a real friend!

The courtyard and surroundings instantly became quiet.

Bai Yuan looked at the emblem on Yang Qi's clothing, and his eyes narrowed. He then glanced over at Hai Yulong, who was standing in midair and not too far away.

He didn't dare to offend Yang Qi because he was from the Abyss Academy.

"Why did Eldest Senior Brother..."

"Eldest Senior Brother, you..."

Yang Qi's junior brothers all exclaimed out of nervousness. They didn't follow him out because they knew they couldn't afford to offend the Hai family for Luo Tian. And now that Luo Tian wasn't a sorcerer, they definitely shouldn't offend the Hai family at all!

They couldn't understand why Yang Qi would do this!

At the same time, they were sneering internally when they looked at Yang Qi. They knew that Yang Qi would most likely be punished for what he was doing right now once he returned to the Abyss Academy.

Yang Qi cupped his hands and said, "Second Young Master, this person has already been beaten to this point. Your anger toward him should have already been vented, right? Second Young Master, can you give me some face, be magnanimous, and let him go? This Yang will be extremely grateful to you. If you have any matters in the future for me, this Yang will definitely do his best to take care of it!"

Yang Qi was a somewhat well-known Abyss Academy student.

When it came to the bounty list of the orthodox sects, his bounty was in the top fifty.

He was considered an influential person with some fame!

An influential person's favor was very valuable, no matter if it was in the Misty Cloud Academy or the Abyss Academy.

Anyone else would immediately agree to his request.

But Hai Yulong was the Hai family's second young master.

He was the pride of the heavens!

His aspirations were higher than the sky!

Hai Yulong looked at Yang Qi in disdain and said, "Give you some face? Why should I give you any face? Who do you think you are? I suggest that you scam off to the side. If you dare to jump out once more, don't blame me for treating you impolitely!"

Hai Yulong wasn't giving him any face.

Moreover, his tone became even more arrogant.

Yang Qi still had a faint smile and said, "It's fine if you don't give me any face, but Second Young Master, can you give my master some face? My old man's face should be worth something, right?"

After saying that, Yang Qi brought out a small, exquisite-looking jade medal. On the medal was the word Undying carved on it.

“Undying Medal?”

“The Undying Old Man’s symbol. With this medal, the Undying Old Man will perform a favor for you.”

“I didn’t expect him to be the disciple of the Undying Old Man. If you didn’t know, the Undying Old Man’s status in the Abyss Academy is only second to the several deans they have. This medal is very hard to come by. I can’t imagine that he would take out the Undying Medal for a kid that is already half dead.”

Those Abyss Academy disciples were all dumbstruck.

They knew better than anyone here what this medal could do.

They had always dreamed of getting one.

They didn’t expect Yang Qi to take it out for the sake of protecting Luo Tian’s life!

In their hearts, Yang Qi was a complete idiot!

Luo Tian was moved when he heard the discussions from the surroundings. He then said, “Big Brother Yang, you don’t need to do that. I am fine!”

What is a friend?

What is brotherhood?

It wasn’t the people who surrounded you when you were doing well, but those who stood out for you when you were in trouble. Those are the kinds of people worth being called a friend and a brother worth making. These were brothers for whom you can put your life on the line!

From this moment onward, Luo Tian will treat Yang Qi as a brother!

There was surprise in Hai Yulong's eyes since he naturally knew what the Undying Medal could do. There was also a brief flash of light in his eyes because he wanted the medal. But the hesitation was only for half a second when he instantly said arrogantly, "You want to bring out a crappy medal to stop me?"

"The people that I, Hai Yulong, want to kill... Even if the Heavenly Emperor descended this moment, he still won't be able to stop me!"

"Go and scam to the side for me!"

"Otherwise... heh heh... I will kill you as well!"

Not giving even a little tiny bit of face!

Yang Qi's expression changed. It was fine to not give him any face, but not giving his master any face? This completely pissed him off! He then coldly sneered, "Oh? Is that right? Then I would like to experience the Hai family's Heaven Seizing Mystical Skill!"

Hai Yulong's eyes revealed his rage, "Since you wish to court death, then you cannot blame me for it."

Suddenly, a cold voice harrumphed, "Hai Yulong, are you done making a scene?"

A figure descended like an immortal fairy.

Her body was filled with a cold, icy aura.

Chapter 1038: Undying Seal Technique

After that shout, the icy cold Yi Yunmeng descended from the sky.

Her eyes were locked onto Hai Yulong, revealing cold killing intent.

“The silly queen!” Luo Tian smiled faintly.

He knew Yi Yunmeng was in the crowd but didn’t expect her to step out.

For some reason, Luo Tian felt that the aura coming from her body was a little different from before. It was as if she wasn’t as powerful as before, as if her cultivation realm had become lower. He then said to himself, “Can someone drop levels in the Ancient World?”

“Damn!”

“Then is this daddy in trouble?!”

These were all speculations from Luo Tian.

But very quickly, Hai Yulong confirmed his speculation.

Hai Yulong chuckled coldly with killing intent when he stared at Yi Yunmeng hiding underneath a black cloak. “Bitch, I knew you were going to step out! You want to help your little lover, right? Humph~!”

“I am telling you right now! Even if my big brother doesn’t want you anymore, you are still a woman that belongs to him! No one can dream about touching you!”

“You want to oppose me with your current cultivation realm? Do you think you’re still the same person from a few days ago?”

“Hahaha...”

As he was speaking, he floated over to the courtyard and stared at Luo Tian, Yang Qi, and Yi Yunmeng. He then sneered in disdain, “A bunch of trash!”

Contempt!

Complete and utter contempt!

Just because he was Hai Yulong, he displayed his contempt toward them.

Because he was a member of the Hai family!

Because he was a super genius rarely seen in a thousand years and was only second to the Prince of the Hai family!

Yang Qi narrowed his eyes and exclaimed, "Hai Yulong!"

"Damn dog thing! Is my name something you can call out?!"

Hai Yulong's eyes darkened before a powerful, oppressive pressure slammed into Yang Qi's mind.

"Ommm~!"

Yang Qi's body sank down and trembled faintly. He felt like a big mountain was sitting on top of his body, making it extremely uncomfortable. Sweat instantly burst from his forehead while he clenched his teeth. His expression turned unsightly.

At the same time, the yuan energy inside him was in turmoil, trying to circulate.

"You wanted to experience the Hai family's Heaven Seizing Mystical Art, right?"

"Have fun with it!"

"A piece of trash like you can only tremble before the Heaven Seizing Mystical Art!" Hai Yulong sneered.

His powers completely crushed Yang Qi, all because of the Heaven Seizing Mystical Art.

Hai Yulong was invincible among people in the same cultivation realm.

Yang Qi's expression turned fierce as he guarded his heart. An evil power suddenly surged out from his sea of consciousness, causing a black mist to slowly rise out from his body. His body also stopped trembling at this point.

"Undying Seal Technique?"

"I didn't expect the Undying Old Man would pass along the Undying Seal Technique to him. This is really unexpected!"

"The Abyss Academy's Undying Seal Technique?"

"My heavens! The Hai family's Heaven Seizing Mystical Art versus the Undying Seal Technique! This is going to be a good show!"

"What good show? The Undying Seal Technique is strong, but it's still half a grade weaker when compared to the Heaven Seizing Mystical Art. And who is Hai Yulong? He's the second young master of the Hai family! This isn't the only mystical art that he has learned. The guy from the Abyss Academy is indeed very strong, but he is still a bit worse when compared to the second young master of the Hai family."

"Has Senior Brother Yang gone crazy?"

"Does he want to offend the Hai family by fighting with Hai Yulong?"

"Senior Brother Chen, what should we do? Are we going to help Senior Brother Yang?"

"Help?"

“Humph~! He wants to die, but I don’t want to. Publicly offending the Hai family? When we get back, let’s see how the Law Enforcement Court punishes him. If you guys want to court death, then go help him. I’m not going out there.”

“Then we... we won’t go out either.”

“This is his own personal matter and has nothing to do with us. All this for a fake sorcerer? I think there’s really something wrong with Senior Brother Yang’s head.”

This discussion was coming from somewhere in the crowd of people.

Luo Tian could tell Yang Qi wasn’t a match for Hai Yulong.

The situation looked like two people were competing with their yuan energy, and it was unknown who would come out on top. But Hai Yulong’s expression looked very relaxed as if he didn’t feel any pressure from the Undying Seal Technique that Yang Qi was using. He actually sneered and said, “Is this all the power you have? Undying Seal Technique? I think it should have the name changed to Dumbass Seal Technique. This kind of crappy ability dares to compare itself to my Heaven Seizing Mystic Art?”

Yang Qi’s palms were filled with sweat as he glanced at Yi Yunmeng and said, “Go help Little Brother Luo by taking him away!”

Yi Yunmeng knew about Yang Qi’s existence as someone that Luo Tian had recognized as a friend in a short amount of time. Despite going against the academy’s unspoken rules, he still stood up for Luo Tian even though knowing Luo Tian wasn’t a sorcerer.

She admired him due to this.

Yi Yunmeng didn’t say anything unnecessary and asked, “Can you do it alone?”

She was already by Luo Tian’s side when she asked this.

Yang Qi smiled, "Don't worry about me. You guys leave first. No matter how arrogant Hai Yulong is, he won't dare to do anything too overboard. I am the disciple of the Undying Old Man, so he won't dare to kill me."

Being able to take out the Undying Medal was proof of his identity.

The Undying Old Man had an extremely high cultivation, so whoever saw the Undying Medal needed to weigh the consequences of their actions.

Yi Yunmeng nodded, "Be careful then. Hai Yulong is a lunatic."

After saying that, she wrapped her arms around Luo Tian's armpits and pulled him out from the ground.

At this moment, Hai Yulong's expression underwent an instant change. "Bitch! You really dared to save him?! You must be tired of living!"

Hai Yulong's right hand moved, and a powerful yuan energy exploded out, "Dragon Binding!"

"Boom~!"

"Ommm~!"

Yuan energy, which resembled a dragon, shot out from the center of his palm. After a dragon's roar was heard, the air around it looked like it was being vacuumed up.

"That's another mystic art!"

"The Hai family is truly the Hai family. They can randomly pull out mystic arts from their arsenal."

“I’ve heard a rumor that the Dragon Binding Mystic Art is capable of binding a dragon. And it can suppress the opponents’ yuan energy and their cultivation.”

Yi Yunmeng’s eyes turned colder as she pierced out with her sword.

“Profound Sky Sword Technique!”

“Slash!”

Her sword kept slashing out, chopping at the dragon’s head. However, her cultivation was subjected to strong suppression due to her poison lowering her cultivation. It was clear that she was straining herself just to fight against Hai Yulong’s Dragon Binding Mystic Art.

She slashed out dozens of strikes but was continuously forced backward.

“Bind her!”

Hai Yulong’s brow furrowed, and his yuan energy increased several levels. The speed of the dragon made of yuan energy instantly wrapped itself around Yi Yunmeng.

“Ommm~!”

Something similar to a long rope was now restricting Yi Yunmeng.

“Hahaha...”

“Yi Yunmeng, how does it feel to be tied up?” Hai Yulong started laughing out loud. “The Iceberg Queen? The Misty Cloud Academy’s heaven’s pride daughter? In my eyes, you are nothing but trash! If it weren’t for my big brother having eyes on you, you would have died in the Misty Cloud City already! Yet, you want to kill me?”

“Cheh~!”

He fought Yang Qi and Yi Yunmeng at the same time and crushed them!

This was Hai Yulong’s true power!

Strong to a complete mess!

Hai Yulong then looked at the stunned Bai Yuan and said, “Why are you still standing there? Go and kill him!”

Chapter 1039: Wolverine, Transform

The two of them were crushed to the point that they couldn’t move now!

Luo Tian was seriously injured. His kneecaps and his leg bones were shattered, and he was currently in excruciating pain.

With Yang Qi, Yi Yunmeng, and Hai Yulong joining in, Bai Yuan automatically retreated to the side, not daring to speak.

He didn’t have the status to make a peep here.

But he was watching the scene carefully. So when Hai Yulong spoke to him, Bai Yuan immediately stepped forward and respectfully replied, “Order received!”

“Young Master Hai, just watch how I will kill him in the most brutal way possible. He killed my son and so many people in the Bai family. Therefore, today, I shall sacrifice his head to all the dead spirits of the Bai family.”

Hai Yulong smiled with satisfaction while his yuan energy continued to suppress Yi Yunmeng and Yang Qi. He then looked at Yi Yunmeng and said with a smile, “Bitch, I know you like him. It’s very painful to watch someone you like die, right?”

“Oh wait!”

“Didn’t he confess to you last time?”

But back then, you were still a high and mighty goddess, the Iceberg Queen. But now... I would really like to see if he will still like you. Hahaha...”

After saying that, Hai Yulong said to Bai Yuan, “Kill him slowly. I want him to see what the Iceberg Queen looks like now.”

At this time, Luo Tian, who was trembling and unsteady on his feet, suddenly looked at Yi Yunmeng and muttered, “She likes me? Wasn’t she just treating me as a... She likes me? Hahaha! She likes me!”

Luo Tian was so happy that he looked like a child who had just gotten some candy.

He almost jumped about in joy.

Yi Yunmeng’s expression darkened as she scolded, “Hai Yulong! You dare?!”

Hai Yulong smiled excitedly, “What would I, Hai Yulong, not dare to do?!”

“Hahaha...”

“Everyone here; open your eyes and see the so-called number one beauty of the Misty Cloud City, the heaven’s pride daughter of the Misty Cloud Academy, looks like!”

As his voice faded, Yi Yunmeng started trembling, and fear rose inside her.

She unconsciously looked at Luo Tian at the corner of her eye. She didn't want Luo Tian to see how ugly she had become, or else she would have met him when he was at the Heavenly Spirit Pavilion. She started struggling like crazy when she saw Hai Yulong approach her one step at a time.

But the Dragon Biding Mystic Art was too powerful.

Even if her cultivation had recovered, she still wouldn't be able to get free after being bound.

Unless Hai Yulong's yuan energy is depleted, she can forget about getting free.

Nearby, Yang Qi was struggling with all his might. He was in the same position, being bound by the Heaven Seizing Mystic Art.

"Heh heh..."

"Are you scared now?"

Hai Yulong had now reached in front of Yi Yunmeng.

Yi Yunmeng glared at him in anger, "Kill me if you have the guts! Hai Yulong, I will not spare you if I were ever given the chance!"

Hai Yulong pretended to be scared and grinned, "Oh no! I am so scared! Come! Come kill me! Looking at your slutty expression, I have confirmed you like that piece of trash. Otherwise, why would you be so scared right now?"

Hai Yulong suddenly slapped forth!

"Pak~!"

“It is your good fortune that my big brother has his eyes on you, but you actually like a piece of trash? What the fuck do you see my Hai family as? Who the hell do you think my brother is? My big brother may not kill you, but that doesn’t mean I won’t kill you!”

After being slapped, a handprint was seen on Yi Yunmeng’s cheek while blood seeped out from the corner of her mouth.

Yi Yunmeng’s cloak that covered her head had also fallen behind, revealing her face.

“Waaaaaa~!”

“Agggggghhhh~!”

Loud screams were heard in the crowd.

The gaze of the crowd instantly changed to shock. They were staring at Yi Yunmeng like they were looking at a monster.

“A monster!”

“Monster! She has become a monster!”

“She’s the number one beauty of the Misty Cloud City? How can this be? My god! She used to be a goddess in my heart! Now, I would rather look at a pig than give her another glance!”

“Hahaha...”

“Hahaha...”

Hai Yulong was laughing with joy when he heard the discussions among the crowd. “The number one beauty has turned into the number one ugliest woman! Hahaha... Luo Tian, do you still like her now? Hahaha...”

Luo Tian’s gaze changed when he saw huge black spots covering Yi Yunmeng’s face. There was even hair growing out of them. It went from her face all the way down to her neck. It was so horrifying that she no longer resembled a human being!

Luo Tian’s heart ached.

He was also instantly furious.

Utterly enraged!

Seeing how Yi Yunmeng was frozen there, Luo Tian asked, “My silly queen, what happened to you? Your face... how did your face become like that?”

Tears streamed down Yi Yunmeng’s eyes to the point that she couldn’t even speak.

Seeing her cry, Hai Yulong started laughing even happier.

Luo Tian glared at Hai Yulong and shouted, “Laugh at your mom, you motherfucker!”

Hai Yulong’s eyes glared in anger, “Damn dog thing! What did you just say?!”

Luo Tian’s eyes were now bloodshot as he enunciated, “I said to laugh at your mom, you motherfucker! Did you hear that one clearly now?”

He then ignored Hai Yulong after scolding him.

The aura coming from Luo Tian had now changed.

An eerie killing intent continuously surged out from him. Even Hai Yulong was slightly flustered by it, but he quickly recovered. He immediately shouted, "Kid, it looks like you are really tired of living!"

"What are you standing there for?! Go kill him!"

"Yi Yunmeng, watch him die in front of you! Hahaha..."

Yi Yunmeng continued struggling.

She was already unsteady on her feet, so her struggle caused her to fall to the ground. She still continued struggling while shouting, "Run! Quickly run!"

She was half crying and half shouting for Luo Tian to escape.

She had always hated crying, but somehow, she really wanted to cry her eyes out right now.

When she saw Bai Yuan get closer to Luo Tian, her heart started aching, and she blamed herself, "Why? Why? Heavens, why are you doing this to me? Why do all the people I like have to die?"

"My little brother became a cripple."

"My father's life and death is unknown. My mother died out in the wild. Why are those things happening to me?"

"Was I really born on the unlucky date of the Lonely Fiend Star?"

"Agggghhh~!" Yi Yunmeng roared in her heart.

She felt helpless.

She started hating herself.

“Bai Yuan! Touch him if you dare!”

A sudden shout was heard.

A white figure landed beside Luo Tian.

It was Bai Qi!

All the Bai family members were shocked.

Bai Yuan’s expression changed as he stuttered, “Your cultivation... your cultivation... How did you get rid of the Scorching Sun Poison in your body? I already shattered the Dark Yin Crystal, so how come...”

Bai Qi didn’t even look at him. Instead, he looked at Hai Yulong, cupped his hands together, and said, “Young Master Hai, this is my Bai family’s business. Even if your Hai family is a king level force, you shouldn’t be meddling in someone’s family affairs, right?”

He finally appeared!

If he didn’t show up, Luo Tian was going to die soon.

Luo Tian had saved his life, and he, Bai Qi, was a man who kept his grievances and gratitude clear.

If he didn’t make an appearance at a time like this, then he wouldn’t be Bai Qi anymore.

“Father!”

“Father!”

Bai Xiong and Bai Lingling both exclaimed in surprise.

Hai Yulong glanced sideways at Bai Qi and sneered disdainfully, “Oh? Another person who isn’t afraid of dying has come forward?”

As his voice faded, Hai Yulong slapped through the void. “Who do you think you are? Do you understand that you don’t even have the qualifications to talk to me? You are nothing but an ant in my eyes!”

“Pak~!”

“Bang~!”

Bai Qi was sent tumbling. A single slap made him unable to climb back up onto his feet. Eventually, he sprayed out a large mouthful of blood.

Bai Xiong and Bai Lingling instantly rushed over to him. Bai Lingling then supported him up, asking anxiously, “Father, are you okay?!”

Bai Xiong roared into the air before exploding with the Bear King’s aura. “Agghhh~! I’m going to fight it out with you!”

Luo Tian quickly shouted, “Bai Xiong, don’t be reckless! Stand down!”

Hai Yulong sneered, “Another ant.”

A slapping motion was sent through the void. With a surge of yuan energy, Bai Xiong was smashed into the ground and fainted.

Hai Yulong swept his eyes across the crowd and said arrogantly, "Who else is not convinced? If you aren't convinced, step forward so that I, Hai Yulong, can beat you until you are convinced!"

Arrogant!

Unbridled arrogance!

He was overwhelming the entire crowd.

The surroundings turned quiet. No one spoke up or dared to step out.

Whether it was the disciples from the Abyssal Academy or the female disciples from the Misty Cloud Academy who had followed Yi Yunmeng here, no one dared to make a single sound. They were scared because they couldn't afford to offend Hai Yulong, and even more so, they couldn't afford to offend the Hai Family!

"It looks like no one here is unconvinced?"

Hai Yulong was enjoying this feeling of looking down at everything. He was feeling so great that he stared at Luo Tian and said, "Kid, what qualifications do you have to compete with my big brother? A toad like you wants to eat swan meat? Why don't you take a piss on the ground and take a look at your reflection?!"

Luo Tian didn't say anything and only walked over to Bai Xiong and carried him in his arms.

He then brought Bai Xiong back to Bai Qi's side.

Bai Qi looked at Luo Tian's expression and tried pulling on his sleeve. "Luo Tian, don't go. You're not his match."

Luo Tian smiled and said, "Don't worry."

He then looked at Yi Yunmeng and said, "I'm sorry, my silly queen. It's all because of me that you have become like this. Don't worry; I will pay him back a thousand times the pain that he has caused you."

Luo Tian then looked at Yang Qi.

Luo Tian smiled and said, "Big Brother Yang, thank you. From today onward, you are my Luo Tian's big brother. I, Luo Tian, will remember your kindness for my entire life. If there is one day in the future that you need me, I will definitely throw my life on the line to help you!"

It sounded like Luo Tian was leaving his last words.

Yi Yunmeng was dumbstruck.

Yang Qi was dumbstruck.

When the two of them watched Luo Tian walk towards Hai Yulong, they started panicking and shouted, "Luo Tian, don't do anything stupid! You're not his match! Quickly run!"

Bai Yuan harrumphed and said, "Kid, you could have offended anyone you want, yet you decided to offend Young Master Hai. This is even more terrifying than offending the King of Hell! Since you have said your last words, you can go and die now!"

Luo Tian didn't even look at the Bai Yuan as he shouted, "Scram out of my way!"

"Wolverine, transform!"

Chapter 1040: Killing Boss Bai Yuan

When you can't endure anymore, what else are you worried about?

Are you really that worried you will be turned into a lab rat?

Treated like a monster?

All those worries no longer existed inside Luo Tian.

There was only one thing on his mind right now, and that was to crush the overly rampant Hai Yulong like a dead dog! It was the only thing he wanted to do right now!

Therefore, he didn't hesitate to use the Wolverine Transformation Card stored in his system. A beard suddenly appeared on his face, muscles bulged out, a big cigar dangled from the corner of his mouth, and a worn out leather jacket covered his upper body.

The craziest thing of all was that Luo Tian could feel the super unbreakable adamantium claws on the back of his hands!

He only had to make a thought, and four adamantium blades would appear!

In just a few seconds, Luo Tian had become Wolverine from the X-Men!

The surrounding people were all dumbstruck as they couldn't understand what had just happened. They could only stare at Luo Tian like they were staring at a monster. They couldn't understand how a youthful looking person would suddenly become an uncle!

And what the hell was that brown thing sticking out from his mouth?

They had never seen the strange clothes he was wearing!

At this time, Yang Qi's expression underwent a drastic change. "He... What... Could it be..."

His thoughts were in chaos, but his eyes instantly became filled with excitement.

Yi Yunmeng was the same. She stared at Luo Tian with shock as she furrowed her brow, "What kind of martial skill is he using? How can he change into a completely different person? Could it be that the green monster wearing the tattered pants in the Martial Mountain Range was him?"

Those two immediately thought of the Hulk!

But they weren't sure because this uncle-looking Wolverine still looked like a normal human being. In contrast, that green muscle head was like a monster with explosive power that ran around in a reckless manner.

Hai Yulong looked surprised but started laughing like crazy. "Hahaha... Hahaha... Luo Tian, I think you should go and join the circus! Your transformation is really too funny! I can't help but burst out in laughter after seeing you!"

"It is such a big loss if you don't join a circus."

"But what's the use in transforming into a loser? I am seriously suspecting that you are really a clown in disguise!"

Hai Yulong's expression was still as arrogant as before.

Contempt was oozing out from his face.

The reason was that he couldn't feel an ounce of danger coming from Wolverine's aura. There wasn't even the fluctuation of yuan energy. Therefore, he was sure this Wolverine was a piece of trash that couldn't threaten him.

Luo Tian took a puff of his cigar, "Whoosh~..."

"Fuuu~ ..."

He then spat out a puff of smoke and said to himself, "That felt great! I haven't had this kind of feeling in a long time!"

"Fortunately, the transformation wasn't like the Hulk, where I lost all control of my own body. I would be screwed if that were to really happen."

His consciousness wasn't hindered after transforming into Wolverine.

That meant Luo Tian could control everything about his new body.

After clenching both fists, Luo Tian could feel the power of his body combined with his adamantium bones. He then stared at Hai Yulong and sneered, "Is that right? Then I will let you have a taste of my power and let you tremble before it for the rest of your life!"

Luo Tian clenched his fists, and his muscles instantly hardened like steel. The aura of pure physical power exploded out from his body.

Hai Yulong still had a look of disdain on his face as he didn't put Luo Tian in his eyes.

At this time, Bai Yuan's eyes glimmered. This was the ideal time for him to kiss some butt and hug a thigh. As long as he can form a relationship with the Hai family, who cares if Bai Qi is here and has regained his cultivation? Bai Qi and the entire Towering Cloud City will be his!

Upon thinking up to this point, Bai Yuan's gaze turned fierce. He charged forward to intercept Luo Tian while shouting, "You damn dog thing! You want to hurt Young Master Hai?! In your dreams!"

"Dragon's Claw!"

"Dragon King's Claws!"

"Crush him!"

As his voice faded, Bai Yuan unleashed his strongest move. This was the only chance for him to perform in front of Hai Yulong, so he had to go all out. He also wanted to kill Luo Tian to avenge his son's death, so his anger and his prospects were intertwined. His power instantly became more ferocious!

However, Luo Tian didn't even glance at him.

Even though Bai Yuan was a boss and one that could possibly trigger a system reward, Luo Tian didn't put him in his eyes any longer. This type of low-level boss couldn't satisfy him anymore.

What he wanted was Hai Yulong.

Luo Tian didn't block when Bai Yuan's Dragon King's Claws reached him.

He didn't reduce his speed and kept charging in Hai Yulong's location.

"Bang~!"

"Boom~!"

"Boom~!"

A giant claw made up of the power of the five elements smashed down. Luo Tian's body sank into the ground, and his legs felt like they had turned to lead. Countless fine cracks appeared all over his body, making it look like he was about to shatter apart.

Bai Yuan was exceptionally excited when he saw this. He then started to curry favor with Hai Yulong, "Young Master Hai, just leave this piece of trash to me. How can I let you personally make a move? Just watch how I will crush him into a puddle of blood with my Dragon King's Claws without leaving any slag behind."

Hai Yulong smiled with satisfaction while looking at Luo Tian's pained expression. He turned to look at Yi Yunmeng and laughed, "How is it? It must feel great to watch the man you like being crushed, right? Hahaha..."

"How can such a piece of trash be qualified to compete with my big brother?"

"Yi Yunmeng, just watch him die in misery! Hahaha..."

Yi Yunmeng was extremely worried when she saw Luo Tian's skin was covered in cracks. She kept trying to struggle free, but the Dragon Binding Mystic Art was too powerful. It was useless with her current cultivation realm. She could only watch how Luo Tian's face was contorted in pain.

At this time, her face was covered in tears as she sobbed uncontrollably.

"Master!"

"Luo Tian!"

"Little Brother Luo..."

Several people in the area cried out.

Bai Yuan started laughing happily, "Hahaha... You damn dog thing, just slowly die in pain after being hit with my Dragon King's Claws! You never imagined you would die in this way, right? Hahaha..."

He was very happy because killing Luo Tian allowed him to suck up to Hai Yulong and avenge his son.

This can be considered venting all the anger inside him.

From now on, there was no need to worry about Bai Qi or the other four major families in Towering Cloud City. In the future, the entire Towering Cloud City will belong to him!

Bai Yuan could already see his glorious future.

But what he didn't notice was that Luo Tian had suddenly disappeared.

At this moment, a figure resembling a hungry wolf flickered in front of him. There was a flash of metallic light before four streaks of power capable of ripping space apart slashed through his chest.

Dead!
