

## Leveling Up 1041

### Chapter 1041: My Heart Can't Take This Explosion

One second ago, Luo Tian was crushed to the point of not looking like a human.

One second later, he exploded forth with an intense murderous aura.

Moreover, no one could see how Luo Tian left his position!

Many people were staring at Luo Tian, including Hai Yulong. But they didn't see how Luo Tian moved.

The reason was Luo Tian's speed was too fast!

Too fast for the naked eye to follow!

When Bai Yuan still had a smug smile on his face, a cold light slashed past that caused a hint of pain to come from his chest. His eyes widened in shock as he stared at Wolverine Luo Tian, who still had a cigar dangling from his mouth. He stuttered, "You, you, you, how, how..."

"Puff~!"

Before he could form a sentence, he sprayed out a mouthful of black blood.

Bai Yuan's body slowly turned cold, and the wounds on his body became bigger and longer. His chest had been split into three pieces, sliding to the ground.

Instant kill!

An instant kill that made everyone breathless!

The speed was too crazy!

Bai Yuan was an expert in the Martial Void realm. Even if he was careless and was hit by Luo Tian, his Martial Void defense was still there. But a gentle slash by Luo Tian had chopped his body into three pieces!

This...

The crowd's mind seemed to have short-circuited as they didn't know how to respond.

A lot of people in the crowd looked like they had just eaten a fly. It was very uncomfortable, but they couldn't pinpoint why it was so. They could only stare at Luo Tian, trying to comprehend what had just happened.

"He's dead!"

"Bai Yuan is dead!"

"He was killed!"

"My God! What just happened? I couldn't see it! He... he... How did he do that? He was so far away! It was faster than lightning! Isn't this too heaven defying?"

"A Four Elements ranker can kill an expert at the Martial Void realm? This is the first time I've seen this!"

The crowd instantly erupted with discussions.

Every single person was blown away by Luo Tian.

They couldn't figure out how he did it.

At this moment, Luo Tian didn't make another move but stared at Hai Yulong, who had an unsightly expression on his face. He then sneered, "There's no rush. You will be next."

He wasn't free right now because he had to check out what exploded out from Bai Yuan.

He wanted to know if Bai Yuan was a boss that would trigger a system reward.

"Ding!" The system gave off an alert.

"Congratulations to player Luo Tian for killing Bai Yuan. You have gained 60,000 experience points, 5000 yuan energy..."

"Congratulations to player Luo Tian for gaining the Dragon's Claw Skill. Do you wish to learn it?"

"Congratulations to player Luo Tian for gaining a tier three Royal Spirit Pill."

After a series of system alerts, the only good thing was the Dragon's Claw skill and nothing else good. This was possibly related to Bai Yuan not having any good things on him during the marriage alliance, so nothing good would explode from him.

Luo Tian didn't really care what Bai Yuan had on him because he was waiting to see if there would be a system reward.

"Ding!"

"Congratulations to player Luo Tian for gaining sin point +1."

"Your current sin points value is 89!"

"Damn it!"

“Why are you suddenly reminding me of my sin points? Big sister system, come and give me a system reward for killing a boss! Bai Yuan is considered a big boss, too, so you should at least give me something good, right?” Luo Tian started praying in his heart, not caring about what his current sin points were.

Luo Tian had never really paid much attention to his sin points.

The sin points were probably similar to the games he had played, where your name turns red after killing a lot of people. Luo Tian didn't really care too much about this because he had never cared about the consequences of killing people.

“Ding!”

“Congratulations to player Luo Tian for leveling up! You are currently at the Four Elements 9th rank!”

“Damn it, you are starting to scare me.”

Luo Tian frowned as he felt like he was mentally strained by the system alerts. He held his breath and said to himself, “Let's get it over with quickly. If there isn't any system reward, just go ahead and tell me instead of making me lose my mind.”

“Ding!”

“Congratulations to player Luo Tian for killing a boss, Bai Yuan. You have gained a system reward...”

Luo Tian screamed in excitement upon hearing this.

What kind of good stuff did he get from Bai Yuan's loot explosion?

To hell with all those!

The best stuff was the system rewards! His Heaven Sword and the permanent Hulk Transformation Card were both system rewards. Luo Tian was really looking forward to what he was going to be rewarded with!

“Congratulations to player Luo Tian for obtaining a Thor Transformation Card. This will last for ten minutes, and it is a one time use item.

Item: Thor Transformation Card

Attributes: Unique grade. The user can transform into Thor and possess the powers of lightning.

Description: Passive attribute – activates all lightning martial skills and is not limited by seals. All lightning martial skills learned by the user will go up by one level permanently.

There wasn’t anything special about the attributes of the Thor Transformation Card.

But Luo Tian almost orgasmed on the descriptions. “The three million volts martial skill Hino Bird Zap from God Enel can be used? And it will be leveled up to maybe ten million volts of electric damage? My God! This... Happiness came too early! My little heart cannot handle this! Hahaha...”

Luo Tian never imagined the system reward of the Thor Transformation Card would have so many benefits.

God Enel’s lightning skills were all very powerful, and they were all divine grade skills. Even though the God Enel Luo Tian previously met was just a clone of the original, he was still a God, and his abilities were all divine grade skills. Divine skills were still an awesome existence in the Ancient World!

“Wow!”

“So awesome!”

“Nothing can beat this right now!”

Luo Tian was too excited.

Ever since getting the skill from Divine Origin Celestial Venerable, who was a replica of God Enel, Luo Tian didn't know where to go to absorb lightning to level it up. Now, he suddenly received a free level up for it. And the most difficult part of unsealing the skill, which the system didn't even give him the option to, had been solved and was no longer a problem.

“Great!” Luo Tian shouted into the air all of a sudden.

Luo Tian had the urge to use it immediately when he stared at the Thor Transformation Card. He wanted to unseal his God Enel skill!

But he managed to hold in his temptation.

It was currently Wolverine's time to shine, and not yet Thor's turn. Thor was a powerhouse in the Realm of the Gods, and his hammer that summoned lightning wasn't just a few million volts of electricity.

Once he appears, he will become an existence that can annihilate all living beings here!

Moreover, Wolverine was enough to deal with Hai Yulong.

Luo Tian recovered his emotions and stared coldly at Hai Yulong with a playful smile.” Hai Yulong, right? The second young master of the Hai family, right? Come, come, show me how arrogant you can be!”

“It's your turn now!”

Chapter 1042: Kneel and Sing Conquered

After taking care of Bai Yuan, the next target was naturally Hai Yulong.

But Luo Tian didn't know what cultivation realm Hai Yulong had reached.

How strong was Wolverine, and what was the highest cultivation realm he could fight against?

Luo Tian didn't know.

But what Luo Tian was sure of was that using Wolverine's power, he could definitely beat Hai Yulong up until he could only crawl on the ground!

Most importantly, his skin had cracked apart, and his internal organs almost shattered when he was crushed by Bai Yuan's Dragon's Claw. But when his self-healing ability was activated, his injuries had almost finished repairing itself!

This meant that if someone could not instantly kill him, then his Wolverine identity was nearly invincible!

Bai Yuan was currently lying in a pool of blood.

The Bai family disciples had retreated to the side in shock. Their heads were lowered as they didn't dare to look at Bai Qi.

Out of the group, there was a small portion of them sneaking away.

As for those Bai family Elders who had long been hiding from the start of the fight, they had now come back. Each one of them had a different expression on their faces as they didn't dare to breathe loudly. Bai Qi didn't have time to bother with them as he was focused on Luo Tian.

Moreover, Bai Qi was forming an idea that he felt was perfect.

Hai Yulong's expression was a bit unsightly. Not because Luo Tian had killed Bai Yuan instantly but because Luo Tian's tone of voice irritated him. The anger inside him immediately surged up when he saw Luo Tian's smug and playful smile. "You dare to flaunt your power in front of me after killing an ant in

the Martial Void realm? Luo Tian, I admit that I underestimated you and underestimated the power of your transformation into an otherworldly being. But even so, you are not my match. Killing you is just as simple as pinching an ant to death...”

Before Hai Yulong could finish, Luo Tian interrupted aggressively, “Then what the fuck are you waiting for?! Come and pinch me to death! Don’t fucking spout any more bullshit, and come bite me!”

Killing me was as simple as pinching an ant to death?

Those words were all bullshit.

Luo Tian was already pissed off by him in Martial Mountain City.

It was just that he lacked the strength back then, and he didn’t want to expose himself to being able to transform into the Hulk. Otherwise, he would’ve smashed Hai Yulong into a pulp already and not have waited until now. Of course, if he knew that all these bad things would happen to Yi Yunmeng when she went back to the Misty Cloud City, he would’ve killed Hai Yulong back then, even if he had to expose his transformation ability. He didn’t give a shit if Hai Yulong was some super genius from the Misty Cloud Academy, or if he was the second young master of a king level force, or if he was the little brother of whatever Prince of the Hai family.

You only lived one life, so fuck them up if they piss you off!

It was never Luo Tian’s style to remain low profile.

What is yours is yours. What isn’t yours will never be yours.

Luo Tian seemed to have a clearer understanding of those words.

Hai Yulong’s expression scrunched up as the muscles at the corners of his eyes started twitching. He made some hand seals, and the yuan energy he was casting immediately pulled back into his body. The Heaven Seizing Mystic Art’s ability to crush one’s sea of consciousness and the restricting ability of the

Dragon Binding Mystic Art were both withdrawn. He then turned to stare at Luo Tian coldly and said, "Since you want to die so badly, then I can only send you on your way."

As his voice faded, he activated both the Heaven Seizing and Dragon Binding Mystic Arts.

The two formless powers smashed toward Luo Tian like a tidal wave.

Yi Yunmeng, who had just been released, flipped back onto her feet and exclaimed, "Watch out!"

Yang Qi also shouted, "Little Brother Luo, watch out!"

As their voices faded, the two of them bolted over almost at the same time.

At this moment, Luo Tian shouted back, "Don't come over! You two stand there and watch! Watch how I'm going to make him kneel down on the ground and act like a dead dog!"

Flames of anger were surging!

Upon thinking of the huge black spots on Yi Yunmeng's face, how Yang Qi was humiliated, and how Hai Yulong walked around looking down at everyone with that arrogant expression of his, Luo Tian was extremely pissed.

He then roared in his heart, "Wolverine, let me see your true powers!"

"Ommm~!"

He clenched his fists, and eight adamantium blades shot out from the back of his hands. Each blade was shimmering with a cold light.

"Blades?!"

“His hands grew blades?!”

“What is going on?”

“So Bai Yuan was cut into three lumps by those blades? How sharp are they?”

“This kid is really strange.”

“When he summoned an otherworldly creature, we all thought that he was a sorcerer. But the demonic beast was killed by Bai Yuan, and everyone thought he was going to die. He suddenly transformed and instantly killed Bai Yuan. Now, he is facing the Hai family’s second young master without any fear. Has he gone crazy, or has he gone crazy? Has the consequences of offending the Hai family ever crossed his mind?”

There were many discussions going on in the crowd.

Luo Tian didn’t care about them.

He didn’t care about the Hai family or the Kai family. The only thing he was thinking of was how to kill Hai Yulong.

But there was something Luo Tian was confused about.

According to his logic, Hai Yulong should be a humanoid boss. But he wasn’t a boss nor an elite monster because there wasn’t any glow coming from him. He looked just like an ordinary monster roaming around the map. How was this possible?

Bai Yuan was a boss. For Luo Tian, a Four Elements ranker, Hai Yulong’s cultivation realm should definitely place him in the category of a boss as well.

He couldn’t figure out what was going on.

Luo Tian didn't have time to think more about it. No matter if Hai Yulong was a boss or not, he was still going to beat him up and make him sing Conquered while kneeling. Luo Tian leaned forward when the two surging powers were about to smash into him.

He stomped his back leg.

"Boom~!"

An air current blasted back.

The Wolverine figure disappeared with a sonic boom.

No one could see his figure anymore.

When facing the Heaven Seizing and the Dragon Binding Mystic Arts, Luo Tian used his fastest speed to penetrate through both forces. Just like the Summoner spell Flash in the League of Legends, he appeared in front of Hai Yulong in the blink of an eye.

The corner of Luo Tian's mouth curved to reveal his signature Grim Reaper smile. "Is this all the power you have? You dare to act arrogant in front of me with this little bit of strength? You dare to touch my woman and my brother? Hai Yulong, what kind of fucking dog fart are you?"

"You enjoy acting arrogant, right?"

"Today, this daddy will teach what arrogance is!"

The speed of his words was very fast.

It was just like the shocking speed he had just displayed.

Hai Yulong was considered very fast, but when compared with Luo Tian's current speed, he was still many steps behind. He couldn't even react when Luo Tian finished speaking.

"Adamantium power!"

"Lacerate!"

"Speed of light!"

"Let's do this!"

Luo Tian started using his Crazy Luo's Formless Strikes and rained punches into Hai Yulong. Blood splashed everywhere as Hai Yulong could only retreat with a pale face. He was scared!

Luo Tian pressured him by walking closer before shouting, "Kneel down before me and sing Conquered!"

Chapter 1043: Abundance of Experience Points

Adamantium blades slashed out quickly.

Hai Yulong kept using his higher realm's oppressive pressure and his Heaven Seizing Mystical Art to crush Luo Tian's mind.

He wanted to use pure pressure to suppress Luo Tian.

However, he couldn't understand why it wasn't working.

He was an expert at the peak of the Martial Void realm, so how could his pressure not work on a lowly Four Elements ranker?

What the hell is going on?

Except, Hai Yulong didn't know what Wolverine stood for and how fierce he was. Most importantly, Wolverine didn't belong to this dimension, and somehow, it was also not bound by the laws of the Ancient World.

In other words, suppression with yuan energy or a higher realm was useless against him.

It was similar to giving an imaginary person who didn't really exist some profound questions to answer. No matter what you say, the non-existent person wouldn't answer.

Since he was merely the imagination of another person, the laws somehow didn't apply to him.

"You... you... What cultivation are you at now?!"

"Why... why... Why is my Heaven Seizing Mystical Art not working on you?" His chest was injured, but Hai Yulong didn't suffer any severe injuries. He was the second young master of the Hai family. The Hai family was very powerful, so someone with the status of the second young master naturally had some protective magic treasure on him.

Under Luo Tian's flurry of fierce attacks, his expression became even more unsightly, and his heart started beating faster.

He didn't know what to do when facing off against a person he had never encountered before.

Luo Tian ignored his questions and sneered, seeing his scared expression. "Heaven Seizing Mystical Art? What kind of bullshit martial skill is that? I have never heard of it at all. Can it even kill an ant? Do you think such a garbage martial skill can suppress this daddy?"

"Cheh~!"

"Why don't you take a good look and see who I am?!"

“I am the ancestor of your Hai family!”

Arrogance to the extreme!

His tone was cocky and domineering.

The attacks coming from his hand were extremely sharp. Both fists were swinging in a flurry, and the adamantium blade kept forcing Hai Yulong back step by step. There was no chance for Hai Yulong to fight back! This was the power of Wolverine!

Luo Tian was able to control Wolverine’s consciousness. If it was the Hulk, most likely, the cranky muscle head would have busted Hai Yulong’s balls by now.

“The guy’s speed is way too fast.”

“Do you see the steel blades growing out from the back of his hand? I have never seen a person like this before. What kind of background does the guy have? And that wooden thing hanging at the corner of his mouth. Did you see the occasional puff of smoke? This person is kind of terrifying.”

“So domineering!”

“I can sense an overpowering aura of ferocity coming from his body.”

There were many types of discussion in the crowd.

Luo Tian’s sudden burst of power shocked the people present.

It was the same with Yi Yunmeng and Yang Qi.

However, the gaze from those two was different from the start. They were pretty sure that the big green muscle head from the Martial Mountain Range was a being that Luo Tian transformed into. Even though they didn't have any concrete evidence, they had a feeling they were absolutely right about it.

If this was really true...

The two of them glanced at each other and unconsciously swallowed their saliva.

Almost at the same time, they were thinking to themselves, "Outsiders cannot know this secret, or else he will never know what peace is. No matter if it is the devil sects or the orthodox sects, they will send people to fight for him. But if one side cannot get their hands on him, then they would be better off destroying him. This was a common tactic that the two opposing sides often used.

"Master, show him what you're made of!"

"He must have attacked mistress."

"Just by looking at the mistress's face, I can tell that guy had a hand in poisoning her. You cannot let him off." Bai Xiong's face was exceptionally excited when he saw Luo Tian suppress Hai Yulong.

When Bai Lingling heard Bai Xiong's words, her eyes suddenly changed. There was a sour feeling coming from her heart that she couldn't comprehend. It was similar to drinking a jar of vinegar that tasted sour and weird at the same time.

Hai Yulong's two subordinates suddenly charged over.

One of them shouted, "Kid, you must be tired of living! You dare to touch Young Master Hai..."

The other subordinate shouted angrily, "Even if you are the Heavenly Emperor, you will have to die after offending the Hai Family in the Central Continent! You better be sensible, kneel down, and start kowtowing to Young Master Hai for your faults! Otherwise..."

“Otherwise your sister!”

Without letting him finish, Luo Tian made a move at the speed of lightning. His adamantium blades had already slashed out. Originally, he was already quite annoyed that he hadn't been able to kill Hai Yulong after so many attacks. Now, two blubbering idiots jumped out and made him even more annoyed.

The cultivation of those two wasn't low.

They were both students of the Misty Cloud Academy and their talent was in the upper ranks. Otherwise, they wouldn't be able to become lackeys of Hai Yulong.

However, one thing that stood out from them and Hai Yulong was that they didn't have any spiritual treasures for protection.

Luo Tian's sudden attack caught them off guard, and they were unable to react in time.

Moreover, Luo Tian's powers were stronger than they had imagined.

“Swish~, swish~...”

Two sets of blades slashed out.

“Puff~, puff~!”

Splatters of blood in the pattern of flowers were seen. The eyes of the two lackeys bulged out as they stared at Luo Tian in shock. Their bodies were already starting to cool down, as they never dreamed that Luo Tian would be strong to this degree.

Martial Void rankers were instantly killed!

They were Misty Cloud Academy students and the disciples of the Hai family!

Each one of the Misty Cloud Academy students was extremely strong. But in front of Wolverine, they were all similar to ants that had died in a mere instant.

“Ding!”

“Ding!”

The system gave off two alert tones.

Luo Tian took a quick glance at the alerts and jumped in joy. “So awesome! Those two weren’t elite monsters or a boss, yet they gave almost 70,000 experience points! If all the students in the Misty Cloud Academy gave that much experience, then I’m going to be floating on cloud nine!”

This was an abundance of experience points.

“You guys like to talk?”

“Now you’re dead, huh?”

“This daddy hates people flying around me, buzzing like a fly. I can only slap those kinds of people to death.” Luo Tian turned to stare at Hai Yulong with a playful smile. “It seems like you like to talk a lot, too, right?”

“Previously, they told me to kneel down and kowtow to you in apology. So, should I give you a chance?”

“Get down on your knees, apologize, and sing Conquered for me!”

Luo Tian kept walking closer as he spoke.

Hai Yulong's face turned red with anger as he stared fiercely at Luo Tian. He then shouted, "Do you know who I am?! You dare to tell me to kneel down?! Even if an Honorable Emperor expert saw me, they wouldn't dare to speak to me like this..."

"Stop speaking bullshit with this daddy!"

Luo Tian interrupted him and continued, "Are you kneeling or not?"

Hai Yulong was getting pissed off when Luo Tian kept interrupting his words. He then shouted in anger, "You want me, Hai Yulong, to kneel..."

"You're not kneeling?"

"Then you can go to hell!"

Chapter 1044: Invincible Physical Body

Luo Tian wasn't giving Hai Yulong any time to consider.

Whether Hai Yulong kneeled or not, he was still going to die!

Luo Tian had no intention of sparing him.

Even if Hai Yulong wasn't a boss, he still had to die. Mainly because of two reasons: Hai Yulong had messed with his woman and his brother. Luo Tian wasn't going to spare him because this was his bottom line. This was the principle he lived by!

Hai Yulong's expression darkened, "Then give it a try and see who is the one that's going to die!"

While saying that, his right hand pulled out something.

“Ommm~!”

“Ommm~!”

The ringing of ten thousand swords was suddenly heard. Right after that, the swords being held by all the sword cultivators in Towering Cloud City started shaking. It looked like they were either being summoned by a powerful sword intent, or the swords were shaking in fear.

Non-stop trembling!

“Whoosh~!”

“Whoosh~, whoosh~, whoosh~...”

Various types of swords all flew out from the crowd and hovered above Hai Yulong’s head. They were all under the control of his powerful sword intent and the power of a formless sword that he was currently holding in his hand.

“My sword! My sword!”

“Ahhhh~! Come back to me! Collect!”

“What’s going on? My sword is no longer under my control!”

“It’s sword intent!”

“It’s void sword intent!”

“My God! Hai Yulong brought out one of the three treasures of the Hai family, a divine artifact called the Void Divine Sword! It looks like his status in the Hai family is higher than I thought.”

The surrounding crowd was instantly shocked, and the expressions of a lot of them changed.

This included Yi Yunmeng.

Her expression instantly became tense. Before Luo Tian had reached Hai Yulong, she shouted, “Luo Tian! Don’t get close! The Void Divine Sword he has is too powerful! He can now control all sword intent hidden within everyone’s sword! You’re no longer his match, so quickly escape!”

Yang Qi had heard about the Void Divine Sword before, so he too shouted, “Little Brother Luo, listen to her and quickly leave!”

The Void Divine Sword was one of the supreme treasures of the Hai family.

A divine grade artifact.

Most importantly, it can summon all the swords within a hundred meter radius when it is brought out. It would then absorb the hidden sword intent from each sword and integrate it into its own sword body.

Sword intent was very difficult to cultivate in the Ancient World.

Even after a hundred years, a thousand years, or ten thousand years, a sword cultivator may not fully comprehend the mysteries of sword intent. And each person would have a varying understanding of what sword intent was.

Even though they may not fully comprehend what sword intent is, every sword cultivator’s sword will contain a tiny bit of intent. This is the cultivation comprehension left inside the sword. It is very subtle, but with over a thousand subtle sword intents fused together, then it would become something extremely powerful.

“Screeeeeeeech~!”

An ear-piercing, wiry sound was heard.

Hai Yulong moved his hand, and the one thousand plus swords hovering above him all pointed at Luo Tian.

“Whoosh~!”

“Whoosh~!”

“Whoosh~!”

The swords overlapped each other and formed a shape similar to a dragon.

Hai Yulong sneered with disdain and said to Luo Tian, “I originally didn’t want to use my Void Divine Sword, but an ant like you had managed to thoroughly annoy me. You want me to die? You want me to kneel? Humph~!”

“Damn dog thing! Why don’t you take a piss and take a good look at your reflection?! Who the hell do you think you are?!”

“You want me, Hai Yulong, to kneel before you?!”

“That kind of person hasn’t been born yet!”

The Void Divine Sword wasn’t his and actually belonged to his big brother.

It was a reward the family gave to his big brother.

But for some unknown reason, his big brother suddenly gave him the Void Divine Sword. This confused him greatly. One needs to understand that there were many people in the Hai family who wanted to

possess this sword. In the Central Continent or the entire Ancient World, the Void Divine Sword can be ranked in the top ten of all divine artifacts!

With this divine artifact in hand, Hai Yulong wouldn't be afraid even if he met a Great Diffusion expert.

Once the Void Divine Sword appears, it can summon all the sword intent in the area. The various sword intents would then come under the control of the void sword intent. Even if the holder has never comprehended sword intent before, they can still use sword intent through the formless void sword intent and kill their opponents with it.

Hai Yulong had been forced to the point of running out of options.

He was continuously suppressed by Luo Tian, which pissed him off to no end.

He could only bring out the Void Divine Sword.

With the appearance of the Void Divine Sword, Luo Tian was definitely going to die!

Luo Tian furrowed his brow when he felt the powerful void sword intent. Even the Heaven Sword inside his storage space was trembling. It wasn't trembling in fear but trembling in excitement! The Heaven Sword could feel the strength of the Void Divine Sword, so it wanted to go fight it!

But Luo Tian didn't bring out his Heaven Sword.

Hai Yulong's disdainful and arrogant expression came back once more. He looked at Luo Tian's surprised expression and said, "Now it's my turn to give you a chance. Luo Tian, kneel down, kowtow, and admit your faults. And sing that whatever Conquered song you were talking about. If you make me happy, I might spare that dog life of yours, hahaha..."

Laughter filled with overbearing arrogance.

With the Void Divine Sword in hand, Hai Yulong felt that he could kill the Heavenly Emperor if he was here.

This was the confidence that came with possessing a divine artifact.

“Sigh~... The Hai family is truly the Hai family. They allowed Hai Yulong, a Martial Void ranker, to carry it around. Aren’t they afraid the divine artifact would be snatched away by someone stronger?”

“Snatch? Are you joking? Who in the Central Continent would dare to snatch away something belonging to the Hai family?”

“That’s right. Even if he hung it around his neck and walked around with it, no one would dare make a move.”

“The Void Divine Sword is too strong. It looks like that kid Luo Tian is really going to die now.”

The corner of Luo Tian’s mouth curved into a sneer. He looked at the sky full of swords and said arrogantly, “Enough with your bullshit. Come! Let me experience that dog fart Void Divine Sword and void sword intent! Bring it on!”

“Let me have a good feel for it.”

“If it’s really that strong, then I will take it for my own use. If it fails, then I don’t want it anymore.”

Excitement.

An inexplicable sense of excitement.

Luo Tian was never afraid of having too many good things.

When he looked at Hai Yulong's empty right hand, Luo Tian thought there was nothing there. If it weren't for the surrounding crowd talking about the divine artifact he was holding and the sword intent it could control, Luo Tian really wouldn't know what was going on.

Luo Tian's hand starts to itch whenever he sees something good. The only thing he was thinking of right now was to explode Hai Yulong!

"Humph~!"

"Let's see how long you can act arrogant."

Hai Yulong's face darkened as he didn't want to talk nonsense with Luo Tian any longer. He glanced at the worried Yi Yunmeng and snorted, "Yi Yunmeng, open your eyes and watch how he will die under my sword!"

"Hai Yulong, you dare?!"

Yi Yunmeng's tone of voice was filled with killing intent at first, but it suddenly all disappeared. She then said, "I will agree to all conditions from the Hai family. The only thing I am asking is that you let him go. As long as you spare him, I will immediately return with you to the Hai family."

Hai Yulong was briefly stunned before he started laughing. "Hahaha... Hahaha... This is so unexpected! I really didn't expect that the Misty Cloud Academy's heaven's pride daughter, the King of Killers that the Yi family cultivated for 23 years, would suddenly go limp."

"So, you agree to all the conditions?"

Yi Yunmeng stepped forward and replied, "Yes!"

After the single response of yes, Hai Yulong's expression instantly changed as his rage of flames surged into the sky.

He was supposed to be happy, but he was enraged instead.

Through uncontrollable rage, Hai Yulong said, "You agreed to those conditions all for this piece of trash? For the sake of this man? What position do you put my big brother in? Yi Yunmeng, you are nothing but a cheap whore in my eyes! You don't deserve my big brother's love at all!"

"Kid, go to hell for me."

He was angry because Yi Yunmeng agreed to the Hai family's conditions because of Luo Tian.

One needs to understand that the conditions were so strict that a normal person would never agree to them. But Yi Yunmeng agreed to all of them just so Luo Tian's life would be spared. If it were any other person, Hai Yulong would have agreed to it on the spot. But since it was Luo Tian, then he absolutely couldn't agree to it!

In Hai Yulong's world, his big brother was his everything.

He could not tolerate any dishonor if it involved his big brother.

It was very clear to him that Yi Yunmeng was humiliating his big brother right now.

That's why he was so angry.

Yi Yunmeng also didn't expect her words to make Hai Yulong so furious. He was just like an enraged lion. She watched as the sky full of swords transformed into a dragon shape and flew straight for Luo Tian. Her heart sank as she screamed out, "Don't do it!"

At the same time, she charged forward.

Yang Qi also charged over.

Bai Xiong and Bai Lingling started doing the same thing.

The four of them almost moved at the same time.

They wanted to block the sea of swords filled with void sword intent for Luo Tian. He would be turned into meat paste if these one thousand plus swords pierced through him.

But Luo Tian took a stance and shouted, "None of you come over!"

"I can do it alone!"

"Isn't it just the void sword intent?!"

His eyes glared at the sneering Hai Yulong and said, "This daddy will let you see what an invincible physical body is!"

"Divine Explosion!"

"Ommm~!"

"Ommm~!"

A light filled with the power of the five elements appeared around Luo Tian's body. He leaned forward slightly, and his muscles rippled like a body of steel. It started emitting a dark crystalline light, just like when a certain character in One Piece unleashed their aura.

Luo Tian said once more, "Retreat. The further back, the better."

Yang Qi stopped. He looked at Luo Tian's firm and confident gaze and held back Yi Yunmeng. He then said, "Believe in him."

Bai Xiong was pulling Bai Lingling back and said, "Master can definitely do it."

The four of them stopped but didn't retreat.

They believed in Luo Tian, but the surrounding people were smirking.

"Invincible physical body?"

"Hahaha... Even an invincible physical body would become meat paste in front of the void sword intent."

"Is he trying to be funny? The Void Divine Sword is a divine artifact, a supreme treasure of the Hai family. He actually dared to say he had an invincible physical body. He is definitely trying to be funny!"

People in the crowd started mocking Luo Tian.

Hai Yulong had the same thoughts. He knew the power of the Void Divine Sword because he had witnessed the power of the void sword intent with his own eyes before. A Four Elements ranker could resist it? Even if Luo Tian's cultivation increased by a hundred times, he still wouldn't be able to withstand it!

Luo Tian's eyes became serious, and he clenched his fists. The muscles in his body tensed up, and he confidently took a step forward. He was bracing himself for the impact of this dragon made up of swords. He started sneering internally, "If you guys knew what abilities Wolverine had, you guys would definitely piss your pants in fear. Especially you, Hai Yulong..."

Chapter 1045 – Is He Still Human?

Apart from the strong attacks, Wolverine also had a strong defense.

To be more accurate, it is his regenerative healing ability.

It doesn't matter what kind of damage he receives; he can still heal from it.

When Bai Yuan used his Dragon's Claw to crush Luo Tian to the point of almost splitting apart, his regenerative healing kicked in to heal him. No one really noticed this because it had happened too quickly.

Upon seeing over a thousand swords in the shape of a dragon fly at him, Luo Tian showed no fear and charged straight into it.

Hai Yulong sneered with disdain, "Courting death."

"Void Divine Sword, Void Slash!"

Hai Yulong pointed the Void Divine Sword at Luo Tian and made a slashing motion at his head.

"Ka~, boom~!"

The sound of thunder and a bolt of lightning struck down. Space looked like it was tearing apart as a super strong void sword intent melded in with the sword dragon. The energy combined looked like it was trying to blow the surrounding space up.

"Master!"

"Luo Tian!"

"Little Brother Luo!"

Several yells were heard in the vicinity.

Their hearts felt like they had risen to their throats. Even if they rushed over now, there was really nothing they could do. There was no way they could resist Hai Yulong's move.

Luo Tian braced himself and shouted, "Come at me!"

"Swish~!"

"Swish~!"

Countless swords flew down like they were tearing space apart before piercing through Luo Tian's chest.

Strangely, the crowd was seeing sparks in the area of Luo Tian's chest. Sword wounds kept appearing; blood was flowing, but the wounds were also healing itself at the same time at extraordinary speeds. Only some of the swords were able to hurt Luo Tian, while a majority of them couldn't.

The swords that couldn't hurt him happened to either have a bent sword point or the blade snapped into pieces. They all clattered to the ground around Lou Tian.

Invincible physical body!

What was the definition of an invincible physical body? This was!

So what if he encountered a divine artifact?

It was useless dealing with Wolverine.

So what if you had a super void sword intent?

It was still useless!

Shock!

The surrounding crowd of people was instantly shocked. They could only stare blankly at Luo Tian as if they were looking at a God. They watched him walk step by step, on a layer of shattered swords toward Hai Yulong. They all had a single question on their mind, "Is he still human?"

Indeed, was he still a human being?

Can a normal human's body reach this potential?

Absolutely impossible!

How strong was the Void Divine Sword? It summoned out the void sword intent and crushed down on Luo Tian. But Luo Tian looked like he was completely fine. They couldn't see any injuries on his body at all.

An impossible matter was playing out right before their eyes.

Hai Yulong's strength was at the peak of the Martial Void realm. Even though he couldn't use the full power of the Void Divine Sword, it was enough to suppress and instantly kill a Four Elements martial artist.

But now, the crowd could only stare like idiots.

When Hai Yulong watched Luo Tian walk closer and closer, a sense of fear welled up in his heart. Seeing how Luo Tian was staring at him with an icy gaze, Hai Yulong felt he was not being stared at by a human but a God of Death who was about to take his life.

Therefore, he kept retreating and kept waving his Void Divine Sword. "Void Slash! Void Slash! Void Slash..."

Tyrannical sword intent came smashing down one right after another.

Sword intent slashed into Luo Tian, but his body only shook a little. The void sword intent looked like it couldn't harm him one bit. Luo Tian sneered, "So, this is your so-called void sword intent? Is that all the power it has?"

"Hai Yulong, garbage like you dare to act arrogant in front of me?"

"What qualifications do you have to act arrogant in front of me?"

Luo Tian looked up at the sky and watched the void sword intent slash at him. He swept out his right hand and directly smacked the sword intent away. "So weak! Simply weak to the max!"

"This daddy doesn't have time to keep playing with you."

In reality, his transformation time was almost up.

If he doesn't kill Hai Yulong soon, he will no longer have the chance.

Luo Tian didn't want to waste this transformation card.

His body leaned forward, and his brows were furrowed. He then shouted a single word, "Break!"

As his voice faded, Luo Tian's figure shot out at the speed of lightning, leaving only a blur of shadows behind him. His figure was seen piercing through the mouth of the sword dragon and coming out from the rear.

"Boom~!"

"Boom~!"

The dragon, made up of over a thousand swords, was originally floating in the air. But after being pierced through by Luo Tian, a majority of them were smashed flying all over. Even the formless void sword intent had been scattered from the strength of Wolverine's brunt attack.

The void sword intent was no match for Wolverine!

"Clang~! Clang~! Clang~!"

"Clang~! Clang~! Clang~!"

Sparks shot out as the swords flew all over the place.

Would there be any void sword intent left?

These swords had become a pile of scrap metal!

"Stab!"

Luo Tian's blurred shadow shouted out a single word of stab.

As his voice faded, muscles bulged out from his arm before the blade coming out from the back of his hand stabbed into Hai Yulong's waist area.

"Puff~! Puff~!"

Blood sprayed out.

Hai Yulong's face instantly paled. His body trembled, and fear filled his eyes. He was honestly scared from looking at Luo Tian right before his face. This was the first time in his life that he had become this scared!

Pain sensations shot out from his waist area, and his body swayed from the sudden feeling.

“You... You... You dare to kill me?” Hai Yulong was scared, but at the same time, his brain was telling him that he was from the Hai family. He was from a king level force in the Central Continent. No one is supposed to dare move against him!

He couldn't accept Luo Tian's arrogance, which disregarded the Hai family's existence.

Who wasn't afraid of the Hai family?

Yet, right before him, this creature didn't care.

Totally ignoring their Hai family!

Of course, Luo Tian naturally didn't know the ins and outs of the Hai family. He didn't know how terrifying the power that the Hai family represented was. But even if Luo Tian did know, this lunatic would still not have the slightest fear and would kill Hai Yulong without hesitation.

The reasons were very simple.

Hai Yulong's attitude pissed him off, hurt his woman, and made a move against his brother. Those factors were his bottom line. If you touch his bottom line, it doesn't matter if you are the Heavenly Emperor or King Yama of Hell. You will still end up dying one day!

Luo Tian made a thought, and the blade went back into the back of his hand. He then started giving Hai Yulong heavy slaps to the face.

“Pak~!”

“Pak~!”

“Pak~!”

His hand didn't stop, and the slaps didn't stop. In just a few seconds, dozens of slaps were thrown. The cold arrogance that seeped out of Hai Yulong's bones was slapped into nothing. That aura of superiority and that he was above all others was gone as well.

At this moment, he was like a dead dog in Luo Tian's hands with no temper at all.

“Those dozens of slaps are for attacking Yi Yunmeng.”

“You are nothing but a thing that is asking to be slapped.”

Luo Tian took a glance at the transformation card, seeing that only a dozen or so seconds were left. He didn't want to talk any more bullshit, so his right hand moved. The adamantium blades extended from the back of his hand and swept out, directly slashing toward Hai Yulong's throat.

Chapter 1046: I Want To F Over The Entire Hai Family

Peed!

He was peeing!

The crotch of his pants gradually turned wet before liquid dripped down his legs.

His body and legs were trembling. Hai Yulong became extremely regretful upon seeing the cold gleam of light on the back of Luo Tian's hand. If he had known how this was going to turn out, he wouldn't have messed with Luo Tian in the first place. He should have just kneeled down, and maybe he could still keep his life.

But now, he was very scared.

He was scared to the point of peeing his pants.

“Don’t...”

“I don’t want to die! I don’t want to die!” Hai Yulong wailed.

Fear clouded his mind. He didn’t dare to look Luo Tian in the eyes because it was like looking at the God of Death. Luo Tian had become a trauma burdening his heart.

“Go to hell.”

Luo Tian slashed out after saying that.

“Whoosh~!”

“Swish~!”

Luo Tian slashed only air!

Luo Tian’s eyes widened in surprise, and his heart sank. At this distance, Wolverine’s power shouldn’t have slashed empty air. Hai Yulong was already scared out of his mind, so he didn’t have the strength to escape from his grasp. The only possibility left was that someone had rescued him!

When his thoughts reached this point, Luo Tian’s heart tightened.

Anyone who can save Hai Yulong at this speed must be a powerhouse of all experts!

And most likely, an expert that even Wolverine cannot handle.

Luo Tian steadied himself and looked around. He then saw an old man dressed entirely in black standing on the roof of a building. He was holding onto Hai Yulong, who was still shaking in fear. Hai Yulong’s face

was pale, but the moment he found out that he hadn't died yet, his expression instantly turned ferocious. "Elder Long, kill him for me! Kill him! You have to kill him!"

The old man known as Elder Long stood on top of the building, staring at Luo Tian with a glint in his eyes.

Even though they were dozens of meters apart, the sharp gaze of the old man made Luo Tian feel very uncomfortable. An irritated feeling welled up inside Luo Tian just from the gaze of the old man.

This was an expert!

A true powerhouse expert!

An expert that would make your limbs go weak just from their gaze!

Luo Tian's heart sank.

At the same time, he was holding the Thor Transformation Card in his mind. If that old man in black charges at him, he would transform into Thor without any hesitation.

But the old man in black didn't make any moves and merely looked at Luo Tian.

When the old man in black didn't kill Luo Tian right away, Hai Yulong was extremely unhappy. He then shouted, "Long Jiu! The Hai family raised you so that you would listen to them! I am now ordering you to kill him! Kill him in the most brutal manner you can think of!"

He didn't want to see Luo Tian in front of him ever again.

Hai Yulong knew that Luo Tian had become a psychological shadow in his heart. If Luo Tian doesn't die, then the shadow will always remain in his heart. It might have a big impact on his cultivation, and he would never be able to break through to the next realm for his entire life!

If that were to happen, his status in the Hai family would plummet drastically.

His status in the Misty Cloud Academy would mirror that, too.

He didn't want those things to happen; therefore, Luo Tian had to die.

He didn't dare to make a move himself, nor was he capable of doing it. But for Long Jiu, killing Luo Tian would only take a blink of an eye.

Long Jiu didn't look at Hai Yulong and said, "I am only in charge of protecting you, and not for listening to your orders. If you want to kill him, you can do that yourself. But I must warn you that I will no longer care about your life and death."

Hai Yulong's expression changed as he glared at Long Jiu. "You... You damn old bastard! You dare to not listen to my commands?! Have you forgotten who I am?!"

Long Jiu wasn't angry and only responded, "If it weren't for your surname being Hai, you would be dead already. You have lost all face for the Hai family, yet you're still here acting like you're so tough. Isn't your face red yet? If I were you, I would immediately leave this place without saying another word."

Hai Yulong was even more furious after being lectured.

But he didn't dare to go down to fight because he was crazily afraid of Luo Tian.

However, his surname was Hai, and he was from the famous Hai family that everyone knew in the Central Continent. His bones had always been oozing with pride.

At this moment, Hai Yulong knew that Long Jiu wouldn't step in to help him kill Luo Tian. Since he wanted Luo Tian to die, he had to come up with another plan. His gaze turned cold while he smiled smugly, "Luo Tian, you want to save that bitch Yi Yunmeng, right?"

"Come to the Misty Cloud City!"

“Only I have the antidote to the Black Dragon-scorpion King Poison!”

“If you want to save her, then you have to come to the Misty Cloud City. Come to the Misty Academy. As long as you dare to come, I will definitely hand over the antidote to you. If you don’t dare to come, hahaha... then you are a fucking useless coward! Yi Yunmeng, I advise you not to fall in love with a gutless coward like him!”

Hai Yulong was trying to provoke Luo Tian.

He wanted Luo Tian to come to the Misty Cloud City, where his Hai family could cover the territory with a single hand.

This was his, Hai Yulong’s territory!

As long as Luo Tian dares to go, he has a thousand ways to kill him!

Hai Yulong started laughing, “Luo Tian, do you dare to?!”

“Hahaha...”

As his voice faded, Long Jiu gave Luo Tian one last glance before grabbing Hai Yulong, who was still wearing pissed-drenched pants, and disappearing off with a few jumps.

Around this time, Luo Tian’s body underwent a transformation with all sorts of cracking sounds.

Luo Tian had transformed back to his original appearance.

“Fuuu~...”

“Fuuu~...”

Luo Tian took two deep breaths before walking over to Yi Yunmeng. His heart immediately ached when he saw the large black spots on her face and the tear stains down her cheek.

Yi Yunmeng quickly picked up the cloak on the ground and covered herself in a panic while backing away. “Don’t look at me! Don’t look at me! Luo Tian, you mustn’t misunderstand me. I am only treating you like a little brother. I don’t like you like that. And don’t make a fool out of yourself by going to the Misty Cloud City or the Misty Cloud Academy for me. If you really did that, then I can only laugh at you for not having a brain. Hai Yulong obviously provoked you so that you would head to Misty Cloud City, making it easier for him to kill you there.”

Yi Yunmeng deliberately spoke in a cold tone.

She didn’t want Luo Tian to be burdened with even more things.

She was very clear about how strong the Hai family was, and especially how powerful the Hai family was in their own territory of Misty Cloud City. Practically half of Misty Cloud City was owned by the Hai family. Even the imperial family of the Central Continent was wary of the Hai family.

In Misty Cloud City, the Hai family could really do whatever they wanted to!

Luo Tian didn’t walk closer to her. He only looked at the silly queen under the black cloak while secretly clenching his fists. He then said to himself, “I will definitely find a way to detoxify the poison in your body. And I will definitely make Hai Yulong pay a huge price!”

Hatred surged in his heart.

Luo Tian was super irritated when Hai Yulong was rescued.

Even if he had more time with his Wolverine transformation, most likely, he was still not a match for Long Jiu.

His Wolverine transformation was enough to crush Hai Yulong, but it didn't mean he was an invincible existence. Experts in the Ancient World were as plentiful as the clouds in the sky. In the movies of his last life, there were plenty of powerful characters in their own worlds, but they were still not completely invincible.

Luo Tian kept staring at Yi Yunmeng without getting closer. He was afraid Yi Yunmeng would stop talking with him and run away.

After he stood there for a few seconds, Yi Yunmeng scoffed, "Luo Tian, I am not worth it for you to do anything for me. Continue to work harder, and I'm sure the whole world will tremble at the mention of your name. Also..."

Upon speaking to this point, Yi Yunmeng looked over at Bai Lingling. She grinned, "Take care of the people beside you, and cherish the time you have with them."

After saying that, Yi Yunmeng's figure blurred, and she landed somewhere in the crowd of people. She was gone in a blink of an eye.

The two girls from the Misty Cloud Academy quickly rushed after her.

The surrounding crowd was boiling with excitement.

"So fierce!"

"This was the most extraordinary battle I have ever watched in my entire life! This kid is really strong. When facing Hai Yulong and the Void Divine Sword, he looked like he wasn't putting either of them in his eyes. So fierce!"

"Bai Yuan was considered a peak expert in Towering Cloud City, but he was directly killed by him in seconds. He is so strong!"

Different types of discussions were heard in the crowd.

Most of them were centered around Luo Tian.

The Bai family disciples all dropped their weapons and knelt down. They didn't dare to make a sound after that.

The current head of the Ouyang family was hidden in the crowd. When he heard the news that his son had been killed by someone, he led all his Ouyang family elite disciples to rush over at the quickest time. Originally, he was well prepared to eat up the Bai family, but now he remained hiding in the crowd, not daring to show his face.

The disciples under him didn't make a sound either.

Simply put, Luo Tian wasn't even afraid of the Hai family, so why would he be afraid of a silver level force like the Ouyang family?

And since Bai Qi seemed to have recovered his cultivation, this was definitely not the right time for them to make a move.

Deng family – Deng Leigong was even more distraught.

He was shivering several times during the fight.

He was shocked by the power that erupted from Luo Tian's body. He kept asking himself that if he was in Bai Yuan's shoes, would he be able to resist Luo Tian's attack? Or would he also be instantly killed? He was really glad he didn't do anything stupid last night.

It was fortunate that Yi Yunmeng was around to help him avoid this disaster, or else...

He couldn't even imagine what kind of consequences they would have to suffer.

After Hai Yulong was rescued with piss soaking his pants, the person who was happiest with the outcome was Bai Qi.

Seeing how the crowd was still discussing the fight, Bai Qi shouted fiercely, "From today onwards, Luo Tian is my son-in-law! He is a member of my Bai family! Whoever dares to touch a single hair on him, I will kill their entire family!"

Luo Tian had been looking in the direction where Yi Yunmeng had disappeared, so he didn't really hear what Bai Qi had said to the crowd.

However, Bai Lingling's face turned red before saying shyly, "Father! What are you talking about? I don't even like him..."

When she said those words, she glanced at Luo Tian, who looked like he had lost his soul. She started feeling jealous and stomped her feet in anger.

Yang Qi smiled as he walked to Luo Tian's side. He patted Luo Tian's shoulder and said, "Little Brother Luo, congratulations! Hahaha... After today's battle, your name will resound throughout the Central Continent. I'm afraid that your name will appear on both the devil sect bounty list and the orthodox sect bounty list. You will need to be careful from here on out."

"Huh?"

Luo Tian pulled back his thoughts and asked Yang Qi, "Big Brother Yang, I want to know if the Hai family are the only ones with the antidote to Yi Yunmeng's Black Dragon-scorpion King Poison?"

Yang Qi froze momentarily, and his expression became serious. He then replied, "You aren't really thinking of going to Misty Cloud City, are you?"

Luo Tian nodded, "I want to fuck over the entire Hai family!"

Chapter 1047: The Overbearing Bai Qi

Towering Cloud City, the Bai family.

Inside the main hall of the Bai family, Bai Qi's gaze was murderous, and his aura was extremely aggressive.

Out of all the Elders in the Bai family, half of them were direct descendants of the Bai family. They were his brothers, or they were his closest relatives, the generation he would greet as uncles. Right now, none of them said a single word with their heads lowered. They didn't dare to look Bai Qi in the eye.

Suddenly, one of them raised his head and said cautiously, "Patriarch, we made mistakes because we were forced by Bai Yuan. But none of us has done anything wrong to the Bai family. Moreover, we never harmed the two kids, Bai Lingling and Bai Xiong. When Luo Tian stepped out, we all retreated and didn't make a move against him..."

"That's right."

"Right. We really haven't wronged the Bai family."

"We thought you would never come back. The Bai family cannot function without a leader, so we..."

When someone spoke out first, the others started chiming in.

Bai Qi glanced at them coldly and said, "Forget it; this matter is over. But you guys will still have to pay some price for your mistake."

"We are willing to accept our punishment."

"Right, we are willing to be punished."

Several Elders immediately agreed.

Bai Qi then said, "Your salaries will be reduced by half and assigned to the Bai family disciples. Do any of you have any objections?"

They had to be punished, or else how could he establish his authority as the Patriarch?

Of course, the degree of punishment had to be appropriate for the occasion. Otherwise, a punishment could become counterproductive. These Elders were the strongest experts of the Bai family. Without them, Bai Qi would have a difficult time supporting the family alone. However, even if they weren't here, the Bai family's elite disciples were still here, so the Bai family wouldn't fully collapse.

Reducing the salaries of the Elders and increasing the cultivation resources of the elite disciples was considered a very clever move.

The expressions on these Elders faintly changed.

Even though they were unwilling, none of them dared to speak up about it. Once they do speak up against it, that is considered challenging the punishment. At that time, they might cause outrage among the Bai family disciples. What might end up happening was that they wouldn't be able to stay in the family any longer.

"None, I don't have any objections."

"We don't have any objections."

Their tones were a bit softer and not as tough as before.

Bai Qi smiled faintly and said, "Good, then it's decided. There's one more thing – this time, the Bai family has four places to participate in the Misty Cloud Academy's disciple selection competition. Do you guys have any thoughts about it?"

"Of course, it's for Bai Lingling and Bai Xiong. And the other two slots will go to the other disciples of the Bai family."

"Bai Lingling and Bai Xiong are both quite talented, so I think there's a good chance that they'll be selected. The Bai family will be able to catch up with the Deng family, or maybe even surpass them."

Bai Qi nodded and said, "Even if you guys didn't mention it, the two slots would have gone to those two. Any thoughts on who the other two slots should go to?"

After asking that, Bai Qi glanced at a certain Elder.

That Elder's brows tightened as he couldn't comprehend the hidden meaning of Bai Qi's look. Therefore, he didn't speak up.

Another Elder said, "Bai Han is not bad; his cultivation and talent are at the top of the Bai family's disciples. He should be able to assist both Bai Lingling and Bai Xiong this time around."

"Bai Han is indeed not bad. But he still lacks the qualifications to participate in the Misty Cloud Academy's selection." Bai Qi immediately dismissed it without even thinking about it, and his eyes once again looked at that certain Elder.

In the Bai family, Bai Han's talent and cultivation were higher than Bai Lingling's. So, it was reasonable to say that he should be qualified to participate in the selection.

However, one important thing some of them missed out on was that Bai Han was the nephew of Bai Yuan.

Bai Qi wasn't planning to give the remaining two qualifying spots to any of the Bai family disciples.

Finally, that Elder comprehended the hidden meaning behind Bai Qi's glance and said, "Everyone, we seem to have forgotten someone who has done the Bai family a huge kindness. I think the qualification should be given to him."

Bai Qi pretended to show a serious expression and said, "Who is it?"

The Elder then replied, "It's Luo Tian. If he hadn't killed Bai Yuan, our Bai family right now might have had a different outcome. The Bai family might be caught in the crisis of fighting all four of the great families. I know that the Ouyang family secretly mobilized all the elites of their family to lurk around the Bai family after the marriage of Ouyang Ye and Bai Lingling. And if it were not for Luo Tian's appearance,

I'm afraid that there would be a river of blood running through the Bai family right now. In order to repay him, I think we should give him a qualification spot."

Bai Qi's mouth had an ever-so-faint curve from smiling.

He was the Patriarch of the Bai family. Technically, he had the power to decide anything that was related to the family.

But when it came to this matter, he preferred someone else to bring it up first. Only then would it look more legitimate when he supported it.

Before the other Elders could speak up, Bai Qi said, "Not bad. We should indeed give him a qualification spot. But, I feel that a single qualification is too little. Give him two spots and let him do what he wants with it. This can be considered the Bai family repaying him."

The qualifications for the Misty Cloud Academy selection were very precious.

There were only twenty spots total for the five great families of Towering Cloud City. If this were to be opened up to the outside world, a single qualification spot would be worth hundreds of thousands of xuan coins.

It was considered a great honor to participate in the selection.

One of the main reasons Bai Qi gave away two qualification spots to Luo Tian was that he didn't want the disciples of the Bai family Elders to get a chance to participate. He was trying to weaken the power of those Elders in secret.

Bai Yuan usurped his position, and his daughter was captured and almost married off to Ouyang Ye, who couldn't get his thing up. On the surface, Bai Qi acted like those things were in the past and all had been forgiven, but he was still furious inside. Being tricked by Bai Yuan? Those were all lies! In the face of huge benefits, even his most trusted confidant, Bai Shan, had betrayed him, not to mention these people!

But he was very clear that he couldn't touch these people. Otherwise, they could band up and overthrow him as the Patriarch. The only thing he could do was gradually weaken their influence.

The expressions of those Elders faintly changed as they all disagreed with the decision.

One qualification spot was enough, so why two? Why does the kid need so many qualification spots?

Wasn't it a bit too obvious that Bai Qi was trying to weaken them?

Moreover, Bai Qi had already announced to the public that Luo Tian was his son-in-law, which meant that Bai Qi was getting four spots for himself. This was practically being overbearing to the extreme!

Before they could object to it, Bai Qi stood up and said, "It seems that everyone has no objections. Then, this matter is settled. I will go and talk to Luo Tian about it. You all should head out and restore order to the Bai family as soon as possible. We should keep an eye out on the cultivation of the disciples as well. The Bai family just experienced a big shakeup, and the other four families are eyeing us like wolves. We need to quickly increase everyone's abilities."

After saying that, Bai Qi walked out of the main hall without looking back.

He left behind a group of stupefied Elders.

They were all dumbstruck!

But no one dared to stand out and could only harbor resentment in secret.

Bai family, another courtyard somewhere.

"Hahaha..."

“You, kid, are really domineering and arrogant! Even the Hai family’s Hai Yulong ended up pissing his pants because of you. Sigh~, if only I could see that scene. It must have been really fun to watch, hahaha...” Dongfang Shuo laughed happily.

Chapter 1048: How Many Women Do You Have?

Inside that courtyard, Dongfang Shuo and Yao Hai were both in high spirits.

They were exceptionally excited when they learned of what had happened.

Luo Tian felt unhappy when he saw blood stains on their bodies. But the Bai family was no longer the Bai family of yesterday. Otherwise, he would make those people who tortured those two pay the price.

“What are you guys so happy about?” Bai Qi walked into the courtyard with a smile on his face.

Behind him was Bai Lingling and Bai Xiong.

Bai Xiong hurried over to Luo Tian and greeted, “Master!”

Luo Tian responded with a smile and nodded.

Dongfang Shuo and Yao Hai stood up and smiled politely at Bai Qi.

“I’m sorry for the suffering you two had to endure. This Bai is guilty of it.” Bai Qi clasped his fists at them when he saw the blood stains on them.

Bai Qi then continued, “Those Bai family disciples who tortured you in the dungeon have all been secretly executed by me. I will definitely take responsibility for this matter. Both of you, please rest assured that I will definitely give you back justice.”

Dongfang Shuo replied with a smile, “Forget it. Those that captured us are mostly dead already. This is considered paying the price.”

The two of them were clear that if it weren't for Luo Tian, this matter wouldn't be over so easily.

Dongfang Shuo's loss of power in the Dongfang family was naturally very clear to Bai Qi. Even if he was killed here, the Dongfang family wouldn't send a single person over for an explanation.

As for Yao Hai, no one would care.

Luo Tian understood this, too, and said, "Let's put this matter to rest here."

Luo Tian then turned to Bai Lingling, "Oh right, the mission has been completed. You should keep your promise, right?"

He needed money badly.

He needed a large amount of xuan coins if he wanted to unseal all the skills he learned in the Tianxuan Continent. He also had to level up those skills so that he could kill his way to the Misty Cloud City and fuck over the entire Hai family.

Luo Tian wasn't embarrassed asking this right in front of Bai Qi.

Bai Lingling was feeling angry inside as she said to herself, "Humph~! I knew you were a money grub and haven't forgotten about the xuan coins."

When she was about to say what was on her mind, Bai Qi said, "I have heard about the mission she gave you. Little Brother Luo, you should know the Bai family has become very unstable after this upheaval. We might be swallowed up by the other families tomorrow."

"Therefore... can we change the 150,000 xuan coins to something else?"

"Right! I heard you wanted to go to the Misty Cloud City, right?"

“I have a qualification spot for the Misty Cloud Academy selection. You can participate instead of a Bai family disciple. If you agree to it, then the 150,000 xuan coins will be offset by it. What do you think?” Bai Qi smiled at Luo Tian after saying that.

He looked like a sneaky thief with that smile.

Luo Tian could feel that there was some plot involved.

Bai Qi knew how dangerous it was in the Misty Cloud City. And he seemed to have figured out Luo Tian’s character. Even if he isn’t given the Misty Cloud Academy selection spot, he would still go to the Misty Cloud City by himself. If this was the case, he might as well enter the Misty Cloud City as a student of the Misty Cloud Academy. That way, the Hai family wouldn’t dare to deal with him out in the open.

Bai Lingling was stunned, “Father, that’s the Bai family’s quota. How can you just give it to an outsider like that?”

Bai Xiong grinned, “Master, that means we can go there together.”

Dongfang Shuo and Yao Hai were dumbstruck by this. “Agree to it! A selection spot is much higher than 150,000 xuan coins! A spot in the black market would be worth at least 300,000!”

Luo Tian stared at Bai Qi while thinking of his strongest little brother, Lin Dong. He then extended two fingers and said, “Two spots!”

Bai Qi smiled and replied without a thought, “Deal!”

“What the hell?!”

“Why do I feel like I fell for your scheme?” Luo Tian was a bit depressed. Looking at Bai Qi’s expression, the old fox must have planned this out already. Xuan coins were important, but the quota was also important for him.

There is no doubt about it.

Bai Qi said with a smile, "What schemes are you talking about? You are my son-in-law, so why would I scheme against you? Luo Tian, you know I only have this one daughter. If you don't take care of her, I am not going to let you off."

"Father..." Bai Lingling's cheeks were red, and she stomped her feet.

Bai Qi smiled and said, "What's there to be embarrassed about? Father knows what's on your mind. Isn't it because this kid likes Yi Yunmeng? Misty Cloud Academy's heaven's pride daughter, the iceberg queen. Not to mention him, any straight man would like her. Even though she is currently poisoned, there will certainly be a day when that problem is resolved. She will be the elder, and you will be the junior. The strong have always been surrounded by wives and concubines. It's a very normal thing, so there's nothing to be embarrassed about."

Luo Tian was instantly dumbstruck.

Was this her biological father?

How did he manage to say such words?

Luo Tian was speechless, but he still spoke seriously. "Yi Yunmeng cannot be the eldest."

"What?"

"Kid, you want my daughter to be the eldest? That's even better! Hahaha..." Bai Qi started laughing. It was as if her daughter's marriage wasn't a big deal.

But he was clear that if he didn't grasp this opportunity for his daughter, Bai Lingling might miss out for the rest of her life.

He knew Bai Lingling liked Luo Tian.

Therefore, as a father, he couldn't let this good prospectus off.

There were black lines hanging across Luo Tian's forehead. He really couldn't understand how Bai Qi managed to be the head of the Bai family with this kind of character. He then glanced at Bai Lingling and said, "I already have women back in the Tianxuan Continent, and there's more than one of them. The reason I have come to the Ancient World is to look for an antidote for something called the Soul Poison to save my woman. Once I find that antidote, I am going back to the Tianxuan Continent."

"Good kid!"

"I knew you would have women in the Tianxuan Continent. I wasn't wrong about you! Hahaha..."

"It's not a big deal for an expert to have several women. It's very normal. I believe my daughter won't care too much about it." Bai Qi didn't feel the slightest bit surprised and acted like he was determined to push his daughter into Luo Tian's arms.

Bai Qi then said softly, "Can you tell me how many? So I can at least know what number she is."

"Nine of them." Luo Tian was counting An Chunchun in.

What a beast!

Bai Qi was stunned by the number but quickly became excited once more. He looked at his daughter, whose cheeks were as red as a red pepper, and said in a serious tone, "Yi Yunmeng will be ranked ten, and you will be eleventh."

"Old Eleven, you have to smarten up and listen to your big sisters, got it?"

Bai Lingling was so angry that tears were coming out of her eyes. She stomped her feet and looked at Luo Tian fiercely, "I, I, I'm not joining!"

Bai Qi started laughing, “Hahaha... Why are girls so shy? Hahaha...”

At this time, Dongfang Shuo’s brows furrowed as he asked Luo Tian, “Did you say Soul Poison?”

Chapter 1049: It’s Not Illegal To Spank Your Wife

Dongfang Shuo’s comment made Luo Tian tremble.

Luo Tian turned to him and asked, “Big Brother Dongfang, you’ve heard about the Soul Poison?”

This was the main reason he came to the Ancient World.

He was thinking of Li Xue’er every single day.

Dongfang Shuo looked at Luo Tian’s nervous expression and replied, “I know a little bit about it, but how could the Soul Poison appear in your Tianxuan Continent? It’s theoretically impossible for it to appear there because this kind of poison is rarely seen, even in the Ancient World. As for the method of remedying it, barely anyone here knows.”

Dongfang Shuo felt this was very strange.

Luo Tian didn’t know much about the Soul Poison.

The only thing he knew was the Soul King put the poison on Li Xue’er.

How did he do it, or what did the poison look like? Luo Tian had no clue.

But no matter how hard it was to find the antidote, Luo Tian couldn’t give up.

Luo Tian asked with some excitement, “Do you know anything about it? I will find an antidote no matter how difficult the task is!”

Dongfang Shuo replied, "I know very little about it. When my father was still alive, he spoke about the Soul Poison with another person. I wasn't really paying attention when they were chatting about it. The only thing I remember is that it is very difficult to remedy the poison."

Luo Tian quickly asked, "Who was the other person?"

"Do you think he knows the formula to make the antidote?"

"Big Brother Dongfang, quickly tell me, please."

Luo Tian finally had a glimpse of hope.

Luo Tian was like a headless fly in the Ancient World, scurrying around and searching everywhere. But he asked a lot of people, and they didn't know the antidote to the Soul Poison. Most of them hadn't even heard of the poison's name before.

The Tianxuan Continent was an origin world.

Even though it was a lower level realm, it was still able to give birth to powerful treasures.

Dongfang Shuo then said, "I don't know that person's name. I just know that he's from Misty Cloud Academy, and he's an alchemist. His age was over fifty years old, and he only showed up in the Dongfang family once. This happened when I was a child, so I don't know whether or not he's still in the Misty Cloud Academy anymore."

"Misty Cloud Academy?"

Luo Tian's mind tightened before turning to Bai Qi, "When is the Misty Cloud Academy's disciple selection going to start? I need to head there."

He didn't want to wait.

Luo Tian knew very well the only way to step foot into the Misty Cloud Academy was to become a student of theirs. Otherwise, he would be barred from entering the academy. In order to find that man, Luo Tian had to be strong enough to get in.

Bai Qi stuttered in surprise, “A, a, a, another three days before it starts.”

“Good! I will definitely become a student of the Misty Cloud Academy!” Luo Tian said with confidence.

Bai Qi laughed, “Hahaha... I believe in you! You will not let me down!”

As long as Luo Tian becomes a student of the Misty Cloud Academy, then the Bai family will truly have a foothold in Towering Cloud City, just like the Deng family. The other families can forget about having nefarious thoughts against his family then. Moreover, he truly believed Luo Tian could do it.

To be able to scare a peak Martial Void realm expert like Hai Yulong into imprinting a psychological shadow, Luo Tian had infinite potential!

For three days straight, Luo Tian stayed behind closed doors to cultivate.

He was leveling the proficiency of his skills and planning for various matters.

Yang Qi came by once during these three days. He came to say goodbye after knowing Luo Tian was going to the Misty Cloud Academy. He didn't try to dissuade Luo Tian and just gave him the Undying Medal of the Undying Old Man. As long as he encounters devil sect disciples going after him, he can take out the medal, and they will not dare to make a move against him anymore.

Luo Tian tried rejecting it, but Yang Qi insisted that he accept it.

Luo Tian had no choice except to take it.

Just before Yang Qi left, he asked Luo Tian if he was the big green muscle guy.

Luo Tian nodded in acknowledgment.

Yang Qi left with an excited smile.

Luo Tian held onto the medal carved with a hideous-looking face on it. He could feel a cold aura coming from the medal, like an evil energy coming from the depths of hell. He didn't think too much further and put it away in his spatial ring.

Three days later, Luo Tian left the courtyard.

Dongfang Shuo and Yao Hai followed behind him, "Luo Tian, you can definitely do it. Believe in yourself."

Luo Tian replied with a smile, "I can definitely do it."

When Luo Tian left, Dongfang Shuo exhaled and said, "After so many things happening, I can now say that I have seen the true face of the current Dongfang family. Since they have treated me like this, I won't be Dongfang Shuo if I don't show them what I'm capable of."

"Big Brother Yao, let's make some preparations before we head to the Misty Cloud City as well."

"Let's try to get to the Misty Cloud City before Luo Tian so we can celebrate with him there."

Yao Hai smiled, "Let's do it!"

During the time they were imprisoned in the Bai family, the two had formed a strong friendship.

Yao Hai didn't have anywhere to go, so the two of them ended up grouping together.

After packing up their things, Dongfang Shuo and Yao Hai left the city in the direction of Misty Cloud City. Dongfang Shuo was thinking about one thing, which was the Power of Blood Spirit. The Misty Cloud

City was the number one city in the Central Continent, and it had several large-scale auctions. There will surely be some high grade blood spirits available.

“Dongfang Xiong! You just wait until I come back!”

Luo Tian walked out of the Bai family.

Bai Lingling and Bai Xiong were waiting for him outside the Bai manor.

Upon seeing Luo Tian, Bai Xiong greeted him with a grin, “Master.”

Luo Tian replied with a smile, “Don’t call me master in the future. Just call me boss.”

The age difference between them wasn’t that large, so Luo Tian couldn’t handle the strangeness of being called master all the time.

Bai Lingling looked at Luo Tian in disdain, “Cheh~, what a scoundrel. You’re basically a gangster who likes others calling you boss.”

Luo Tian didn’t respond and just slapped Bai Lingling’s butt.

“Pak~!”

“Agggghh~!”

Luo Tian raised his voice, “What kind of attitude is that? Is your butt feeling itchy again? Why aren’t you calling me good big brother after seeing me? Did you forget what you promised me a few days ago? You have to call me good big brother for the rest of your life!”

Bai Lingling clenched her teeth in hatred and replied, “You dare to hit me?! You, you, you, smelly scoundrel, dare attack me?! Do you know where we are? This is the Bai family, my territory! You dare to smack me...”

Not letting her finish, Luo Tian slapped her butt again with unparalleled accuracy and said, “What’s wrong with me smacking you? Who’s going to do anything to me when I’m slapping my wife’s butt? Go get the Bai family to come out if you can. Is it against the law to slap my wife’s butt?”

“You...”

“You...”

Bai Lingling was so angry that smoke was coming out from her head. The two consecutive slaps on her butt were incredibly painful, but Luo Tian’s words made her both angry and happy. She was angry because Luo Tian smacked her butt in public and happy because Luo Tian called her his wife.

But there was more anger than joy.

Bai Lingling’s eyes flickered before shouting, “Other people are afraid of you, but I’m not afraid of you!”

Immediately after, her aura underwent a change.

Luo Tian was briefly stunned before saying, “Oh? Condensation Element realm?”

“Huh?”

“Bai Xiong, you made a breakthrough, too?”

Chapter 1050: Creating A Transcendent Force

In just three days, the two of them had made a breakthrough!

They were both in the Condensation Element 1st rank now.

This was a bit of a surprise to Luo Tian.

During these three days, the two of them had been in closed-door cultivation, preparing for the Misty Cloud Academy disciple selection competition with all their might. This was considered the most important selection in their lives for them, so they had to deal with it with all their might.

“Heh heh...” Bai Xiong chuckled.

“During our three-day seclusion, father got us some demonic beast inner cores. Otherwise, our cultivation wouldn’t have advanced this quickly. This is all for the selection competition. I heard that just in our Towering Cloud City, there will be more than thirty elite of the elites participating, and the talent potential of the weakest person is at the medium talent level. The thirty plus people from our southwestern territory aren’t that strong among the thousands of disciples that will be participating. So, I have no idea if any of us can advance in the competition.”

Bai Lingling glanced at Luo Tian and said, “We aren’t like someone who has some perverted transformation skill, high grade abilities, or divine artifacts. Big brother, don’t talk to him anymore, and let’s hurry to sign up!”

Bai Lingling’s tone clearly showed her jealousy.

Luo Tian’s cultivation was lower than hers, but his strength was many times greater than hers.

Bai Xiong then advised, “Master, let’s go and sign up now. The earlier it is, the more advantageous it will be for our ranking. Those who sign up and report in early will have a great advantage.”

Luo Tian asked in confusion, “There’s an advantage to signing up early? It can’t be that those who sign up early will fight those who sign up late, right? Eliminate those that have no confidence?”

Bai Xiong replied in surprise, “Master, how did you know? Those are exactly the competition rules, except they are only used in the second stage. In the first stage, those that sign up late will enter a brutal environment while those who sign up early can get to choose their trial’s environment.”

“But the rules may change every year, and the rules are different for each major city. Anyway, it is all up to the Misty Cloud Academy branch’s decision. We can only listen to them and do as we’re told. If you don’t obey them, they will just not let you participate!”

“When we get to the registration office later, we have to be more polite. My father has already prepared fifty thousand xuan coins for us.” Bai Xiong patted the bulging money pouch on his waist, which was going to be used to bribe the examiner.

This was a very normal method.

These 50,000 xuan coins were considered to be on the little side. Some families prepared 100,000 xuan coins as tribute, just in exchange for a good ranking number. This number could be one of the key factors determining a disciple’s results. This showed how important the ranking of someone signing up early versus someone signing up late!

Luo Tian nodded without saying anything.

Bai Lingling suddenly asked, “You asked for two spots from the Bai family, but each person can only participate once. Could it be that you have a clone or something?”

Luo Tian glared at her, “What kind of tone of voice is that? Why are you speaking to your husband like that? Do you want me to spank your butt until it blooms flowers? Do you think I won’t dare to do it because we’re on the main street? Did you forget what you promised me?”

“First, call me good big brother!”

Bai Lingling rolled her eyes at him and didn’t bother asking further.

Even though she wanted to know what Luo Tian was using that extra spot for, she couldn’t make herself call someone a good big brother out in public.

In a dozen or so minutes, the three of them arrived at the Towering Cloud City branch of the Misty Cloud Academy.

Before they had even arrived, they could hear the sound of discussions in the distance.

A majority of them were talking about the selection competition.

The gates were still closed, but the line was already quite long.

In addition to the disciples of the five great families, there were also disciples of some small sects. Their quotas were very small, but this was an opportunity for them to jump through the dragon gate. As long as their disciple becomes a student of the Misty Cloud Academy, they will rise to prominence in an instant and become a pivotal family in the Towering Cloud City.

“There’s so many people!”

“There are more onlookers than those participating.”

Bai Xiong sighed before saying, “Master, I will queue up first.”

He then ran off after saying that.

Bai Lingling looked at the group of people and said, “The strength of the disciples this year seems to be higher than last year’s. It looks like this year will be more difficult.”

The majority of the martial artists in the group were basically all in the Condensation Element realm or above.

Only a small minority were still in the Four Elements realm.

And there were a few martial artists whose cultivation had already reached the peak of the Condensation Element realm. This wasn’t the case in the previous years.

Luo Tian looked around like he was looking for something.

Bai Lingling asked, "Are you looking for someone?"

Luo Tian nodded, "Yeah."

Bai Lingling asked again, "You're really looking for someone? You didn't sell the fourth Bai family quota, did you? You miser, you must have sold it! A quota can be sold for hundreds of thousands of xuan coins. You are too much of a money grub!"

Luo Tian blatantly looked at Bai Lingling from head to toe before saying, "If I'm not a money grub, how am I supposed to afford to feed a noble young lady like you? There's also my ten wives thrown into the mix. In order to feed you all, I have to work hard by throwing my life on the line!"

"You..."

"Who are you calling your wife?!" Bai Lingling said angrily while her cheeks turned red.

Luo Tian smiled and said, "Of course, I'm talking about you. Your father has already betrothed you to me. Do you dare to run away from our marriage? Let me tell you upfront: I have a bad temper. If you dare to run away from our marriage, your butt will definitely bloom flowers."

Bai Lingling became angrier and glared at Luo Tian, "Like hell, I would marry you."

After saying that, she strode away to queue in line. She started scolding internally, "There's no way I'm going to marry a smelly scoundrel like you! No way am I marrying a money grub like you! There's no way! Absolutely no way!"

While saying this, a part of her wanted to immediately marry Luo Tian so that she would get the 10th position instead.

Luo Tian kept looking around before saying to himself, “How come he isn’t here yet? Could it be that the letter didn’t reach him?”

He had given the fourth spot to Lin Dong.

As long as Lin Dong was nurtured by the Misty Cloud Academy, his cultivation would definitely skyrocket even faster.

This was one of his strongest little brothers!

He will definitely become an existence at the peak of the martial dao.

Upon thinking of Lin Dong, Luo Tian’s heart started beating in excitement. “If I can really gather a legion of protagonists as my little brothers, then I would be able to sweep through all four directions. If I meet God, I will kill God. If I meet a goddess, I will directly snatch said goddess! Hahaha...”

Shortly after, a familiar figure finally appeared.

When that figure saw Luo Tian, he immediately ran over with a smile and greeted, “Boss!”

“Sigh~!”

“Let me hear you call me that again.” Luo Tian felt very content to be able to make Lin Dong call him the boss. He should be the first person ever to accomplish that, right? This feeling was simply too awesome! Hahaha... Wu Dong Qian Kun was one of his favorite novels, after all.

Lin Dong immediately greeted again, “Boss!”

Luo Tian patted Lin Dong’s shoulder and said, “Do you want to participate in the selection competition?”

The strongest little brother naturally had to be nurtured with the strongest resources!

Luo Tian began planning to create an army of the strongest little brothers. He wanted to establish his own power in the Ancient World. A force that surpassed that of the king level, a transcendent force!
