

Leveling Up 1061

Chapter 1061: No Chance At All

Ao Sheng made exaggerated strokes with his brush and wrote Luo Tian's name into the roster of participants for the selection exam.

However, the string of numbers behind Luo Tian's name was very long. It was obvious that the number he received meant he was in last place. If Luo Tian manages to pass the first few rounds, he will face a cultivator with the strongest cultivation out of everyone in the final battle.

Naturally, Ao Sheng deliberately wrote down such a ranking.

When Luo Tian saw the number, he grinned, "54088 sounds like a homophone of I am your father. Hahaha... This number is really amusing."

Before Ao Sheng could respond, Luo Tian added, "Lord Ao, I am not talking about you. I just think the number is kind of funny, hahaha..."

Luo Tian had a playful smirk on his face when he said that.

Even though he was justifying himself, the meaning behind his words was telling Ao Sheng that he was his daddy!

Ao Sheng smiled, "That is your identity tablet, which means you are now qualified to participate in the selection exam."

Ao Sheng then swept his gaze across the plaza, cleared his voice, and said, "I will give you all three days to prepare. Three days later, everyone will gather back here. I will reveal the chosen venue for your exam. In Towering Cloud City, only ten participants can proceed to the second exam. I hope that all of you will give it your best and achieve good results."

After saying that, Ao Sheng looked at Luo Tian and said playfully, "Luo Tian, I hope you won't disappoint me."

His eyes were filled with naked killing intent.

Luo Tian gave him the same smile and said, "Don't worry, I won't disappoint. But I'm worried that I won't disappoint myself while you end up feeling disappointed."

"Humph~!" Ao Sheng sneered before flicking his sleeves and returning back inside the branch courtyard.

The yellow-robed old man followed him in.

At this time, the Bai family disciples were cheering in joy.

Who could accomplish breaking through into the Condensation Element realm in five hours?

Luo Tian had gained a lot of glory for the Bai family, but the disciples of the other four major families in Towering Cloud City were dejected. Luo Tian could deal with Martial Void experts before his breakthrough, so how would they be his match now? This meant that there were only nine slots left in the first round of the examination.

Luo Tian smiled when he turned around and saw all the Bai family members were happy.

Bai Lingling was also very excited. She had an impulse to run up and jump into Luo Tian's arms and hug him tightly, but she managed to hold back the urge. In each critical moment they encountered, Luo Tian was the one who pulled through, relying on himself. This kind of ability enthralled her.

The whole Bai family was happy, but Bai Qi was quite worried.

After glancing over at Luo Tian, he ordered, "Let's head back to the Bai family!"

Misty Cloud Academy branch, in a certain courtyard.

Ao Sheng kicked a stone table weighing thousands of jins and sent shattered pieces all over the place. His face was full of anger, and his mood was beyond pissed. "Damn dog thing! Embarrassing me in front of so many people? You Just wait and see how I will make you pay for it!"

He had been holding down the flames of rage while in the plaza.

His killing intent was flaring like crazy.

When he saw Luo Tian's arrogant expression, he wanted to kill him right then and there.

He had lost a huge bet in front of tens of thousands of people in Towering Cloud City. When he was mocking the Bai family and feeling his proudest moment, the kid walked out to win the bet. This was equivalent to giving him a few hard slaps to the face. This kind of feeling was truly unbearable!

But he didn't vent his rage and held it in.

It wasn't because he didn't want to move against Luo Tian; he just couldn't do it in front of so many people. Most importantly, he wanted to get his hands on the Heaven Sword. If he blatantly robbed it in front of so many people, this would definitely draw the investigation from the Misty Cloud Academy. At that time, not only would he not be able to get the Heaven Sword, but he would also be heavily punished by the academy.

The yellow-robed old man was astounded by Ao Sheng's actions because he had never seen him this angry before. He then said, "What are your thoughts on this? How are we going to explain to the Hai family by letting him participate in the examination? We can't afford to provoke the Hai family. If this matter is known to them, I'm afraid we might end up losing our lives."

This was the key point he was worried about.

They were clear on how sinister the methods of the Hai family could be.

Ao Sheng frowned before asking softly, "Do you know why I didn't kill him right away?"

The yellow-robed old man was briefly stunned. He did feel the killing intent coming from Ao Sheng back then, but it was eventually suppressed. So he replied, "Why did you hold back?"

Ao Sheng sneered, "Did you see how happy he was when I told him he was qualified to participate in the examination? Did you see how happy those people from the Bai family were? When a person is the most spirited and the most complacent, you then drop them down the abyss of despair. Do you think his heart would shatter into ashes? I think that kind of feeling would be the best!"

When the yellow-robed old man glanced at Ao Sheng's expression, an inexplicable fear welled up in his heart. He then said to himself, "What a pervert!"

Ao Sheng continued saying, "Doesn't he want to participate in the selection exam? Then, let him participate. Once he enters that place, do you think he can leave there alive? Heh heh... That place is my territory. I can take his life any time I want. Isn't that the equivalent of him never having participated in the examination? The Hai family will not blame us, and the Ephemeral Sword will still end up being yours."

This was the reason Ao Sheng was letting Luo Tian participate in the selection exam.

In order to control Luo Tian, he had to let him enter his territory. Once that happens, he can do whatever he wants!

The yellow-robed old man smiled, "Brother Ao, that's a pretty good move. But I heard that he managed to defeat the Hai family's second young master. You should know that apart from the Hai family's prince, the second young master is a disciple with the strongest talent and is already at the peak of the Martial Void realm. Can you really do it?"

Ao Sheng narrowed his eyes, "I naturally have a solution..."

At this time, Ao Sheng's gaze turned lustful when he thought of Bai Lingling's wonderful figure. He slurped back his drool and said, "The people of the Bai family are his weakness. Young Master Hai is too young; he doesn't understand that dealing with people like Luo Tian requires some unique means, heh heh..."

The moment he realized he had lost the bet, Ao Sheng was already forming a perfect plan.

Ao Sheng's gaze reverted back to normal as he said, "Brother Huang, come with me. I'm going to meet with the patriarchs of the other four great families."

Towering Cloud City, Bai family.

Bai Qi was somewhat worried.

In fact, a part of him was hoping Luo Tian would lose the bet today and give his Heaven Sword to Ao Sheng. This scenario would put the whole matter to rest. Even if Luo Tian wasn't qualified to participate in this year's examination, he would still have the chance to do so next year.

But now, Luo Tian had no chance whatsoever.

It wasn't just him; the other three participants representing the Bai family didn't stand a chance either.

He was very clear about the first round of the examination, the one that seemed the easiest to pass out of the entire exam. Ten would be selected out of the thirty or so. There was a 33% chance of passing. But now, this round had become the hardest of the entire exam because it was going to be in Ao Sheng's territory.

Chapter 1062: Seven Honorable Emperor Corpses

"Father, Luo Tian has won the bet, but why do you not look happy at all?"

"Didn't you see Ao Sheng's face? It looked uglier than someone who just ate shit. I almost laughed myself to death. When he saw Luo Tian appear, he couldn't even speak properly. That felt great! Hahaha..." Bai Lingling said happily. She had to ask her father this when she saw him looking sad and quiet in the main hall.

Bai Xiong chuckled, "It was definitely uglier than eating shit. I could even hear the loud and crisp sounds of his face being formlessly slapped. Before the boss came out, you should've seen how arrogant and domineering he looked, like he was the world's number one expert or something. When he saw the boss, his face instantly turned into a frosty eggplant! It was so funny!"

Ao Sheng indeed had an extremely ugly looking face, which was precisely what Bai Qi was worried about.

Even if someone thinks with their toes, would a Misty Cloud Academy examination officer endure it after being publicly humiliated? And they even had to fork over 800,000 xuan coins? How can matters of the world be solved that easily?

Ao Sheng definitely had plans for the future.

He will never spare Luo Tian and possibly won't let the Bai family off, either.

Luo Tian separated 400,000 xuan coins and gave them to Bai Qi, "Uncle Bai, thank you for everything you have done."

He found out that for him, Bai Qi even sold his favorite Golden Jade Cicada. Luo Tian was very grateful for his actions.

Luo Tian then said, "Don't worry about me and don't worry about the Bai family. I participated using the Bai family's identity, so I am a disciple of the Bai family. If anyone dares to touch the Bai family, I will fuck over all their ancestors."

Luo Tian said this very seriously without showing any expressions that might make others think he was merely bragging with arrogant words.

These were his true thoughts.

Ao Sheng admitted defeat so easily and didn't even frown when he took out so many xuan coins. This showed there was definitely something very fishy going on. Luo Tian was also able to sense killing intent from the way Ao Sheng looked at him.

But Luo Tian could only counter soldiers with generals and water with earth. Since one has decided to do something, one shouldn't have too many worries.

Luo Tian had to go to the Misty Cloud City and enter the Misty Cloud Academy.

He had to find an antidote for the Soul Poison and screw over the Hai family.

The more the Hai Family made things difficult for him, the more Luo Tian wanted to show them what he was made of. He was going to let the whole world know that Luo Tian had arrived!

Bai Qi looked at Luo Tian seriously. Luo Tian was in his early twenties and still had a somewhat tender face. He didn't know why Luo Tian was so confident. There was so much confidence that he even started trusting the kid. Was this the so-called being young and reckless?

Nope! Luo Tian was young and crazy, but he was definitely not reckless.

A brief moment later, Bai Qi sighed and smiled, "Do your best."

Luo Tian clenched his fists and replied, "I will."

There were three days of preparation time after registering their names.

Normally, the disciples participating in the examination would undergo closed-door seclusion training so that they could use these three days to make further breakthroughs.

Lin Dong, Bai Xiong, and Bai Lingling were all planning on doing this.

One must mention that Lin Dong was a complete cultivation pervert. He made another breakthrough that night of registration.

His cultivation speed was faster than someone riding on a rocket ship.

Luo Tian was even happier than Lin Dong.

Nighttime, the moon was bright, and the stars were sparse. Luo Tian was sitting on a rock mound in the courtyard.

He took out the Black Wind Sect Secret Scroll that exploded out from the elite Corpse Eating Rat in the Black Wind Cave.

During the day, he had been rummaging through the Bai family's library and hadn't found anything about the Black Wind Sect at all. It was as if it never existed. But where did the name Black Wind Cave come from then?

In addition to poring over books, Luo Tian asked older people about the Black Wind Sect, but no one knew about it.

He wanted to understand some information about the Black Wind Sect before checking the Black Wind Sect's Secret Scroll. After finding nothing after an entire day, he could only open the Black Wind Sect's Secret Scroll and study whatever was on it.

The secret scroll was made of sheepskin and looked very old. It looked like something that was at least hundreds of years old.

"The Secret History of the Black Wind Sect."

This was the first part of the secret scroll.

The words were the universal language of the Ancient World and weren't difficult to read.

"Black Wind Sect, the number one sect in the Canglan Continent 13,000 years ago..."

When he saw this sentence, Luo Tian was instantly dumbstruck. "How come it's the number one sect in the Canglan Continent? This is clearly the Central Continent. Could this be a branch of the main sect?"

The Ancient World was split into five continents.

Starting off with the Central Continent, where the Misty Cloud Academy, Abyss Academy, and the major king forces were in control. The western Eurasian Continent was controlled by the Holy See. The southern Buddhist holy land, the Sakyamuni Continent, was ruled by Buddhist believers. The northern Canglan Continent was ruled by the Canglan Dynasty. And the Four Beasts Continent, ruled by the four divine beasts. The five continents were not connected with each other, with a large ocean in between them. It was very difficult for normal people to cross, and only the super-strong existences were capable of crossing from one continent to another.

These were all things that Luo Tian only found out this morning after going through the books.

The Black Wind Sect should be a force from the northern Canglan Continent. Even if they had powerful members crossover, the forces from the Central Continent were unlikely to allow them to set up a branch here. How can anyone sleep soundly when there's something under their bed?

This was an impossible matter.

Luo Tian couldn't figure it out. "There's no way the Black Wind Sect can appear in the Central Continent. So, why are they here? They couldn't have just fallen out from the sky, right?"

Since he couldn't figure it out, Luo Tian didn't bother thinking about it anymore.

For these kinds of incomprehensible problems, Luo Tian had always thrown them to the back of his mind. This saved his brain's computing power and didn't waste any of his brain cells.

Continue reading!

The first part described the glorious history of the Black Wind Sect.

How awesome they were, how powerful they were, and how many famous figures came from their sect.

After reading it, Luo Tian couldn't help but sigh. "My goodness, I can't believe that they had seven Honorable Emperor level powerhouses. No wonder they were the number one power in the Canglan Continent. Is this the true foundation of a king level force?"

"Gulp~!"

Luo Tian swallowed his saliva, his heart skipping a beat. It looks like he had underestimated the king level forces in the past.

Seven Honorable Emperor level powerhouses can pretty much sweep across the entire world.

If the Hai family had seven Honorable Emperor powerhouses, then he would be a complete joke for saying he was going to fuck over the entire Hai family.

Luo Tian furrowed his brow and clenched his fists, “The more difficult it is, the more I like it. Isn’t it just Honorable Emperor level powerhouses? The more the merrier! That way, I can go crazy and explode them all! Heh heh...”

He was originally a lunatic to begin with.

The more exciting it was, the more he loved it.

After gaining a new understanding of the power behind a king level force, Luo Tian became even more motivated. The stronger the enemy was, the stronger he had to become in order to trample them to death!

The second part of the secret scroll described the geographic location of the Black Wind Sect, where the Black Wind Main Hall was, where the traps were, how powerful they were, etc.

What kind of people have been locked up in the Black Wind Sect’s dungeon, and how strong they were.

The second part of the scroll was all about those kinds of information.

Luo Tian casually glanced through the information but didn’t study it carefully. When he reached the third part of the scroll, his heart skipped a beat. “Mount Hua Progenitor, do you need to be this fucking strong?!”

“Your sister!”

“You almost scared me to death!”

“Holy fuck!”

The secret scroll described a certain person in detail. A person who had ascended from the Tianxuan Continent and entered the Ancient World.

An ultimate martial talent!

His talent surpassed all the super talented people.

Moreover, he was a heaven’s chosen one!

It was as if the heavens had given him the best of everything, making him a perfect and invincible existence.

The Black Wind Sect offended Mount Hua’s Progenitor, and the whole sect eventually fell into a nightmare. Back when Mount Hua’s Progenitor just entered the Ancient World, he was almost killed by the son of the Black Wind Sect’s sect leader. He was only able to escape by coincidence.

Three hundred years later, Mount Hua's Progenitor sought revenge and killed off all seven Honorable Emperor powerhouses by himself!

Awesome to a complete mess!

Most importantly, he used a three-foot sword to literally uproot the Black Wind Sect. It was like a mountain that was pulled out and sent flying into outer space. With his heaven's chosen powers, he used the seals that a sorcerer was proficient in to kill over 10,000 disciples in an instant.

In a single day, the Black Wind Sect, the number one force in the Canglan Continent, had disappeared, and no one knew where it went.

From that day on, Mount Hua's Progenitor's name resounded throughout the Ancient World.

But he never appeared ever again after wiping out the Black Wind Sect.

He, too, disappeared like the Black Wind Sect. No one knew where he went, and many people speculated that he had died as well. But Luo Tian knew where Mount Hua's Progenitor went, and that was to the God Realm, the highest dimension in the universe!

What an absolute demon!

Luo Tian had always thought the way he did things was kind of demonic, but when compared to Mount Hua's Progenitor, he was weak to the max.

"I didn't expect you to be this ridiculously strong."

"A single person fighting seven Honorable Emperor powerhouses? Isn't this a bit too fierce?" Luo Tian tried to imagine the battle but couldn't.

The third part of the scroll was the end, but there was a tiny sentence at the very bottom.

"Whoever opens Black Wind shall gain all the treasures of the Black Wind Sect, including the seven corpses of the seven Honorable Emperors!"

Luo Tian's eyes bulged out.

"Oh shit!"

Not to mention the many spiritual treasures inside a king level force like the Black Wind Sect, just the seven corpses of Honorable Emperors were enough to make anyone drool. Drool that could reach the ground and form a puddle. The corpse of an Honorable Emperor powerhouse still possessed a powerful energy after death, and this energy was definitely terrifying to the extreme.

As long as one absorbs this energy, they could quickly become a peak expert in the Ancient World and even possibly break through and become an Honorable Emperor themselves.

All martial artists had this knowledge.

“No wonder the power from the iron door was so strong!”

“An Honorable Emperor powerhouse! A peak expert of the Ancient World! If I can get my hands on a corpse, just the absorption of yuan energy would allow me to freely use it for the rest of my life!” Luo Tian muttered excitedly.

His blood was boiling at the thought.

In reality, Luo Tian was far from knowing what the corpses of Honorable Emperor powerhouses meant. If this news was released to the public, it would immediately set off a scramble. Not just within the Central Continent but a fight between all five continents of the Ancient World.

This news was too explosive.

Explosive to the point of heart palpitations!

Luo Tian rolled up the secret scroll and put it away in excitement. He looked up at the dark night sky and muttered to himself with a smile, “Should I get one to play with? Heh heh...”

At this time, Bai Lingling suddenly walked in and asked, "What are you mumbling about to yourself?"

Chapter 1063: The Urge To Roll Around On A Bed

Luo Tian was engrossed in his thoughts about the seven Honorable Emperor corpses. With the sudden voice behind him, he almost jumped up in fright. He turned around and saw Bai Lingling, subconsciously glaring at her. "What are you doing up in the middle of the night and not sleeping?"

As he was saying that, Luo Tian's gaze couldn't help but suddenly turn into a perverted gaze as he looked Bai Lingling up and down.

Bai Lingling was wearing a white dress and looked especially charming with the moonlight striking it. A light breeze blew through and swayed her white dress along with the two strands of hair at the side of her face. The scene was rather beautiful to look at and could easily make anyone smitten with her.

Luo Tian wasn't surprised that Bai Lingling had deliberately dolled herself up before coming to his courtyard.

She was most likely here to thank Luo Tian for the help he had provided to her and the Bai family.

Bai Yuan was killed, the Bai family's turmoil calmed down, and her father was rescued. All of this was done by Luo Tian. She never got the opportunity to properly thank him, so tonight, after a round of cultivation, she dressed up and came over.

Upon seeing Luo Tian's perverted gaze, Bai Lingling glared back at him and said, "This isn't your home, so why can't I be here? And right back at you – why are you muttering to yourself in the middle of the night? Are you doing something you can't let others know of?"

She only heard the part where Luo Tian was asking if he should get one to play with.

Luo Tian smiled pervertedly, "You should know what I'm thinking of, right? I was precisely thinking of you."

Bai Lingling's expression changed as she backed up half a step from Luo Tian.

Luo Tian deliberately stepped forward right up to her face. He then said with a smile, "The night is long and dull. You cannot sleep and I cannot sleep. Why don't we do something meaningful like a little bit of exercise?"

With Luo Tian being so close, she couldn't help but start blushing. Luo Tian was so close that she could even hear his breathing. Her breathing also increased because of it. She then asked without thinking, "What kind of exercise do you want to do?"

In these kinds of situations, a woman's brain would usually short-circuit.

Of course, women with high IQs were exempt.

Luo Tian moved a little closer and reached out with his right hand.

Bai Lingling's body shivered before she closed her eyes.

Luo Tian originally wanted to caress her cheek, but seeing that she was a little resistant, he instead grabbed a strand of her hair and pushed it away from her cheek. He then said with a smile, "Of course, it's an exercise that is full of love. Do you want to give it a try?"

Bai Lingling said with her eyes closed, "What kind of exercise is full of love?"

Luo Tian pressed his body against Bai Lingling before gently blowing in her ear. He then said softly, "An exercise full of love, is an exercise where you roll around a bed..."

Bai Lingling's cheeks turned bright red in embarrassment, reaching all the way to the base of her neck. An irresistible wave of heat then surged through her heart, causing a trace of nectar to ooze out of her lower part.

She was just a young girl experiencing the buds of love, so how could she resist Luo Tian's flirting?

She was already unsteady on her feet when the air was blown into her ear.

The smell of Luo Tian's masculine scent made her intoxicated. Most importantly, she had a good impression of Luo Tian in her heart. Even though he was always saying and doing bad things, she resisted on the surface but enjoyed the attention inside.

Her face was red, her figure faintly trembling, but Bai Lingling didn't run away and actually pressed herself closer to Luo Tian.

Luo Tian was originally just planning on teasing her, but now...

He could feel Bai Lingling's needs, and a powerful evil flame instantly burst out of his body. His crotch was full of murderous intent, and his pillar quickly poked out a tent shape in his pants like it was trying to hold up the sky.

Unbearable thirst!

Luo Tian held Bai Lingling's cheek and blew into her ear again. He then whispered, "Let me hear you call me good big brother once more."

The heat bursting out of Luo Tian's body made Bai Lingling even more entranced. At this moment, she was a little lost and confused, only wanting to lean up against Luo Tian's chest and be pampered by him. She obediently said to him, "Good big brother."

After saying that, Bai Lingling buried her head into Luo Tian's chest, not daring to look him in the eye. Her face was so red that it looked like red paper.

The simple sentence of good big brother had clearly signaled her thoughts.

“Gulp~!” Luo Tian swallowed his saliva as he felt the time was ripe.

Luo Tian wasn't one to hesitate. He was about to carry her in his arms and bring her back to his room. They would then battle it out for a hundred rounds!

But at this critical juncture...

“Hahaha...”

“Master! No, I mean boss!”

“Boss! Hahaha, my combo strikes have improved! I can now do eight strikes in a row! Hahaha...” Bai Xiong said with excitement. He just barged into the courtyard and didn't notice the delicate atmosphere.

“Damn bastard...” Luo Tian scolded him internally.

He was almost there! With Bai Xiong's sudden appearance, everything he had done so far was in vain!

This was too messed up!

Bai Lingling instantly woke up in a panic. She hurriedly backed up and kept a certain distance from Luo Tian, not daring to look him in the eye. She then scolded herself in disgust, "Bai Lingling! Are you in heat or something? He is a scumbag and a scoundrel! How could you like him? You almost lost it to him! You are so stupid!"

But another voice in her heart said, "Bai Xiong doesn't even look at the atmosphere before coming in here. He's always just running around without a clue. Doesn't he know I'm here? I was about to... about to..."

Her heart was pounding and her body was still burning hot. The nectar was still flowing out from her lower body because she needed to be nourished.

Bai Xiong finally saw Bai Lingling and was briefly stunned. "Little sister, why are you at the boss's place?"

After saying that, he ignored Bai Lingling and grinned at Luo Tian, "Boss, I can do eight consecutive strikes now, hahaha! I comprehended another level just today. It feels great!"

Bai Xiong didn't notice Luo Tian's ugly expression.

He didn't notice Luo Tian fiercely glaring at him.

The murderous aura coming from between Luo Tian's legs was about to burst through the sky. At such a critical moment, this brute suddenly dug a pit for him to fall into.

Luo Tian let out a breath before saying, "Got it. Got it. You comprehended how to do the eighth consecutive strike. But do you have to come and tell me at this hour? Don't you see that I have something important to discuss with your little sister?"

Bai Xiong was briefly stunned before he scratched his head and smiled. "I was too happy so I wanted to tell you immediately. Since you two have something to discuss, I will come back a bit later."

Luo Tian glared at him and shouted, "You dare to come back a bit later?! Don't you know that I have to sleep?!"

Luo Tian really wanted to give Bai Xiong a few slaps. His eyesight was really too poor to disturb him at a time like this.

Chapter 1064: I Won't Let You Off Lightly

"Oh!"

Bai Xiong had no clue what was going on.

He was a martial arts idiot.

He was wholeheartedly focused on cultivation and lacked the ability to analyze social situations.

Bai Xiong didn't understand that Luo Tian was giving him signals with his eyes to make him leave. He was completely confused and wondered what was wrong with his boss's eyes. Did sand get into his eyes?

Luo Tian had the urge to kill himself right now.

“Oh heavens, do you really need to be like this? You stirred up the evil fire within me but then brought an idiot over to ruin things! Aren’t you basically asking me to suffer?” Luo Tian complained internally.

The flame in his crotch hadn’t decreased and was actually increasing. His whole body was hot and bothered!

Bai Lingling was off to the side without saying anything.

She didn’t leave either.

It was very clear that she had the intention of waiting for Bai Xiong to leave.

For such a good opportunity, it would be screwed up if she missed out on it.

Bai Xiong scratched his head and looked at Luo Tian’s eyeballs that kept shifting outside of the courtyard. He then said, “I guess I will come back tomorrow.”

Luo Tian immediately smiled in delight, “Quickly go. Tomorrow, I will teach you the secrets of the ninth combo strike. You will be even more powerful then.”

Bai Xiong was instantly in joy like a little kid, “Boss, are you serious?”

Luo Tian nodded, “I swear to the heavens that if you quickly leave, I will teach you the secrets of the ninth combo strike. If you don’t leave soon, you don’t have to call me boss anymore because I don’t have a little brother like you.”

Bai Xiong was briefly stunned and immediately ran out like lightning. He ran like a rabbit being hunted down, really afraid that Luo Tian would not want him as a little brother anymore.

This would be worse than death for him!

“Fuu~...” Luo Tian let out a breath.

He then said to Bai Lingling on the side, “He’s finally gone. We can continue now...”

After saying that, Luo Tian walked over and leaned close to Bai Lingling. Just when he wanted to say something, another person came into the courtyard.

“Boss!”

Luo Tian was truly irritated at this point and was filled with murderous intent. He turned around and shouted, “You still haven’t left yet?! Then you...”

Lin Dong was stunned, and looked around him before saying, "Boss, I just came here."

"Fuuu~ ..."

Luo Tian was completely powerless. The evil fire in his body was extinguished like someone had poured a basin of ice water over it. The tent in his crotch area became flat ground, and he was drained of all energy. Luo Tian thought to himself, "If this happens to me a few more times, I think I'm going to become impotent."

Bai Lingling had also cooled down.

At first, it was Bai Xiong, a relative, so she wasn't very guarded. But now it was Lin Dong, an outsider, so her heat had completely cooled down.

She recovered her composure and said lightly, "You two chat. I will be leaving first."

Luo Tian sat on a stone pedestal and sighed. A delicious duck almost made it to his mouth but flew away in the end. It would be false to say that he wasn't angry. But what could he say? They were all his brothers. The only thing he could do was blame himself for not choosing his friends carefully.

When Bai Lingling wanted to leave, Luo Tian said, "Go call Bai Xiong over as well. I have something to discuss with you all. If it succeeds, our cultivation level will be raised by one small realm before our assessment."

Ao Sheng's admission of defeat made Luo Tian realize the future dangers they may encounter.

Even though he wasn't afraid, he still had to bear in mind that Bai Lingling, Bai Xiong, and Lin Dong would be dragged in.

It is imperative to improve their cultivation level a little more so that they are prepared for any emergencies.

Bai Lingling was briefly stunned before looking at Luo Tian seriously, "What kind of plan do you have?"

Luo Tian replied, "Go bring Bai Xiong over first. Remember, only tell him to come, and don't let your father know."

The fewer people who know about this, the better.

After all, these were the corpses of seven Honorable Emperors they were talking about. If this news gets out, Towering Cloud City will be turned upside down, and the entire continent will be thrown into great turmoil.

Bai Lingling looked at Luo Tian's serious expression and didn't ask any more questions. She immediately walked out to find Bai Xiong.

Lin Dong asked, "Boss, what's going on?"

Luo Tian replied, "Just wait until the other two come back and I will explain then."

Shortly after, Bai Lingling came back dragging Bai Xiong behind her.

Bai Xiong struggled, "The boss said I can't come back tonight or else he won't teach me the secret of the ninth combo strike! Stop dragging me!"

Luo Tian waved his hand and said, "Hurry over. I have something important to discuss with all of you."

With Luo Tian's permission, Bai Xiong was briefly stunned and said stupidly, "Boss really wants me here?"

Bai Lingling glared at Bai Xiong fiercely before walking away from him in a huff.

It took a lot of strength for her to drag Bai Xiong over, and she would never have spent so much effort if she hadn't wanted to know what Luo Tian wanted to discuss with them. At the same time, she secretly admires Luo Tian, "Bai Xiong doesn't listen to anyone except father, yet Luo Tian's words are like commands to him."

Luo Tian told them to sit down but didn't take out the secret scroll. He slowly said, "This time, a total of 34 disciples from Towering Cloud City are participating in the assessment. Only 10 people can advance to the next round, and I want you all to advance."

This was a must.

Bai Lingling said with shock, "The disciples of the other four great families have higher cultivation levels than us. It will be difficult for all of us to pass the first round together. Moreover, the other disciples will be in seclusion for the next three days, and they will have plenty of spiritual medicine to support them. Their cultivation realms will definitely increase a few levels. Our strength is at least two levels weaker than the four great families."

Indeed, the four families' disciples who were participating in the assessment were all more powerful than them, and the worst of them were still stronger than them.

It was very difficult for all of them to pass.

In addition, where was the exam? What was involved in the exam? They had no information on how to pass the exam.

Bai Lingling had no idea.

Bai Xiong had no idea. Lin Dong, who had broken through like crazy these few days had no idea either.

Luo Tian chuckled before saying, "The disciples of the four great families aren't that hard to deal with. The hardest one is Ao Sheng. I made him lose face in front of all the people of Towering Cloud City, so he wouldn't let me off. He's not going to spare you guys either."

"In other words..."

Since Luo Tian could think of the four great families, Ao Sheng would think of them as well and maybe use them to move against Luo Tian's group.

Bai Xiong saw that Luo Tian didn't continue speaking and asked, "Boss, in other words, what?"

Luo Tian only smiled and said, "Never mind."

Luo Tian said to himself, "I hope I'm worrying for nothing. If the four great families really unite against us, then the difficulty of everyone passing will go up."

Luo Tian didn't think about it anymore. If the four great families decide to court death, he would be happy to send them to the Western Paradise. He continued, "The cultivation of the disciples participating in the assessment in Towering Cloud City will definitely increase, but it will definitely not increase too much. If my calculations are correct, I can increase your cultivation within three days, and maybe get you guys some powerful spiritual treasures."

Spiritual treasures were very important, just like how Luo Tian had the Heaven Sword. A good artifact can allow the user's strength to go up by several levels.

Lin Dong said excitedly, "Boss, just tell us what method you have for us."

Luo Tian replied, "Enter the Black Wind Cave!"

"What?"

"Wha?"

"Huh?"

The three exclaimed in shock at the same time. They all grew up in Towering Cloud City and had heard a lot about the Black Wind Cave. They admired Luo Tian because he had survived the Black Wind Cave twice, but they still believed that the Black Wind Cave was the most dangerous place in Towering Cloud City. It might even be the most dangerous place within hundreds of thousands of miles.

Luo Tian did not hide it and said, "I went to the Black Wind Cave previously and discovered its secret. At the bottom of the Black Wind Cave, there is an underground ruin that should be a secret dimension."

"What?"

"Really?"

The three of them were shocked once more.

A secret dimension was a place that all gold level forces dreamed of. These otherworldly spaces were basically lands filled with treasures. There could be rare medicinal herbs or cultivation legacies. Anyone inside those secret worlds would see their cultivation speeds increase several times.

When they heard what Luo Tian had said, the three of them were so shocked that they couldn't even speak.

Luo Tian looked at their shocked expressions and wondered to himself, "Isn't it just a secret dimension? Do they need to be so shocked? If I tell them that there are seven Honorable Emperor corpses inside, would they die from shock?"

The three of them stared at Luo Tian without blinking.

Luo Tian frowned and continued, "However, I can only be sure that there is a secret dimension inside, and I can't be sure what else there will be. One thing for certain is that it will be very dangerous inside."

"Go!" Lin Dong said with further deliberation.

"If the secret dimension is discovered by others, it will no longer have anything to do with us. Even if it's dangerous there, we still have to go explore it."

Bai Lingling also said with determination, "I'm going too."

Bai Xiong immediately said, "Me too."

Unanimous consensus.

They didn't seem afraid of the Black Wind Cave at all.

In the face of great benefits, many things would be overlooked.

It was the same for Luo Tian. He had completely forgotten the great temptation the voice had on one's mind!

Luo Tian looked at the three of them, smiled lightly, and said, "Okay, let's go."

He wanted to nurture his own force, and these three will be the start.

What dangers are hidden behind the iron door of the Black Wind Sect? Luo Tian didn't know. The only thing he believed in was that fortune is fraught with danger, and there were no free lunches in the world. Everything you want has to be earned by yourself, snatched by your own effort!

Who knew what kind of sinister plans Ao Sheng had installed for them?

Under these unknown circumstances, the only thing you can do is make yourself stronger. Strong enough that you can ignore all schemes!

Half an hour later, four figures left the Bai family's main gate.

They kept this a secret from everyone in the Bai family, even Bai Qi.

The four left quietly and headed towards the Black Wind Cave.

However, they may have managed to hide this from the Bai family, but they couldn't hide it from the spies Ao Sheng had planted nearby.

Ten minutes later the four left the Bai manor.

Misty Cloud Academy's branch office.

Ao Sheng's face twitched as he sneered, "Trying to sneak away?"

“I would like to see where you can run to.”

“Luo Tian, no matter how high you can jump, you won’t be able to escape from the palm of my hand. Your life is mine, and so is the sword you possess.” Ao Sheng’s face revealed a cold murderous intent.

He then said to a man in black behind him, “Spread the news to the four great families and have them send their best people.”

Chapter 1065: You Aren’t Thinking Of Rolling On The Bed With Me, Right?

Late at night, the entrance to the Black Wind Cave.

A gust of eerie wind blew out of the black hole that was extremely painful to the skin. The wind whirled around the entrance and made a strange howling sound. It was like the ghosts of hell were crying to the living. The sound was so frightening that it made people’s hair stand on end.

“Are we really going inside?”

Bai Lingling, who was originally the most enthusiastic of them all, couldn’t help but shiver when she looked at the dark hole that was constantly emitting a cold aura. She then said in a soft voice, “Why don’t we go in during the daytime? It’s so dark right now, and it’s so dangerous inside...”

Luo Tian replied with a smile, “Don’t worry, I am here with you.”

Bai Xiong immediately smiled and said, "That's right! With the boss here, everything is not a problem anymore."

Lin Dong also looked like he was full of confidence, all because Luo Tian was present.

Luo Tian quietly let out a breath before saying, "Follow behind me later. It's a bit complicated inside and easy to get lost. When I tell you to stop, you must stop. In short, do whatever I tell you without question."

"Order received!"

"Of course!"

Right after that, the four entered the Black Wind Cave.

A few minutes later.

An Elder of the Ouyang family walked out of the darkness and muttered, "They entered the Black Wind Cave? Aren't they afraid of death?"

"Third Uncle, should we follow them in?"

“That’s the goddamn Black Wind Cave! Listen to the eerie sound of the wind blowing. Just hearing it makes my legs shake. They’re definitely going in to look for death and can forget about coming out alive. Who in Towering Cloud City doesn’t know that the Black Wind Cave has a 90% mortality rate?”

Ouyang Wu’s face was a bit unsightly.

It was the same for the several elite disciples of the Ouyang family behind him.

It wasn’t just the Ouyang family. The disciples of the other three families were there as well with unsightly expressions on their faces.

Upon receiving the order from Ao Sheng, they immediately rushed over here.

They all knew how strong Luo Tian was, so when they saw him standing at the entrance to the Black Wind Cave, none of them rushed toward his group. They all wanted to see what Luo Tian was trying to do here.

When they saw him enter the Black Wind Cave, their expressions all changed in unison. They were filled with a collective doubt, “Isn’t this kid afraid of dying?”

The Black Wind Cave was a forbidden ground strictly off-limits!

Ouyang Wu's face darkened as he didn't want to enter the Black Wind Cave either. But when faced with Ao Sheng and the conditions he had set, he could only furrow his brows and look toward a certain dark area. He smiled and asked, "Li Yucheng, what do you think?"

A man emerged from the darkness with a smile and replied, "Ouyang Wu, what do you make of this? I just came to see where they were going and didn't expect them to enter the Black Wind Cave. I don't see a need to follow them. Can they even come back out alive?"

Ouyang Wu chuckled before saying, "I was thinking the same thing."

Right after that, Ouyang Wu whispered to his nephew, "Tell Lord Ao about the situation here and see what he says."

No one dared to enter.

It was the same with the other two families.

After half an hour, the messenger returned.

The command given was a death order!

Ouyang Wu frowned as he cursed up a storm inside his heart. He had no other choice and could only shout, "Enter!"

At the same time, the people of the other three families followed.

“Brother Li, Brother Deng, Brother Zhou; Since we’ve all received the same order from Lord Ao, that means our goals are the same. Why don’t we form an alliance so that we can help each other in the Black Wind Cave? What do you think?” Ouyang Wu asked.

The three of them looked at each other before nodding, “We can do that.”

“Hahaha...”

“This is the first time our four great families have formed an alliance!”

“If none of the Bai family disciples participate in this year’s Misty Cloud Academy selection, the Bai family’s influence will definitely plummet. At that time, there will no longer be five great families in Towering Cloud City and only four great families.”

“Hahaha... I agree with what you’ve said!”

The four great families formed an alliance.

There were a total of 60 disciples who had entered the Black Wind Cave, each family contributing 15 people. The lowest cultivation of these 60 people was the Condensation Element 3rd rank, while the Elders of the four families were all in the Martial Void realm. The collective strength of these people was many times stronger than Luo Tian and his group of four.

Most importantly, Luo Tian and his group didn't know that they were being followed by 60 people. These 60 could be said to be the elite of the elite of the four great families in Towering Cloud City.

Who would dare to disobey Ao Sheng's words? He was the person who decided who could go further in the selection exam of the Misty Cloud Academy!

The Li family, who were old friends of the Bai family, had to send out their best troops as well. Even brothers can betray each other in the face of enormous benefits.

A small troop of 60 people entered the Black Wind Cave.

When the four families finally decided to enter the Black Wind Cave, Luo Tian and his group were already fast approaching the deepest part.

Luo Tian suddenly stopped at a certain corner before warning, "Guard your heart. No matter what kind of voice you hear, don't pay any attention to it. If you don't guard your heart, you will lose yourself very quickly. At that time, even I won't be able to save you."

"Do you guys understand?"

The three nodded in unison. After seeing how serious Luo Tian was, they didn't dare to lower their guard.

Luo Tian's heart fluttered as he became scared just from recalling the voice filled with temptation. He guarded his heart, and slowed down his breathing, before walking forward one step at a time.

"Hahaha... I knew you would come back."

"Who in the world can resist my temptation? Who can resist the temptation of the seven corpses of the powerful Honorable Emperors of the Black Wind Sect?"

The voice suddenly sounded off in Luo Tian's mind. It sounded like it knew what Luo Tian wanted.

Luo Tian dared not relax in the slightest. He looked at the three people behind him, all of them with brows furrowed. He then said to himself, "It looks like the voice can see through people's hearts and knows what each person is thinking."

It was easy to tell from the expressions of those three.

What surprised Luo Tian was that Lin Dong's expression was the calmest out of the three. It was as if the voice wasn't a big deal to him.

It wasn't because Lin Dong had a higher level of cultivation, but because he completely followed Luo Tian's words and guarded his heart. Regardless of any external sounds or temptations, there was only one goal in his heart: the pinnacle of martial arts, and repaying his gratitude to the boss.

In the meantime, Bai Lingling's cheeks flushed red, making her look especially adorable. She looked like someone falling in love for the very first time.

A surge of anxiety appeared in Luo Tian's heart. He walked over to Bai Lingling and gave her butt a big slap, before shouting, "What are you thinking of?! You're blushing like crazy! You're not thinking about rolling in bed with me, are you?!"

Luo Tian put a lot of strength into the slap.

Bai Lingling's little butt almost split open, and the pain was so bad that she almost broke into tears.

When she finally recovered, cold sweat broke out on her back. If it weren't for Luo Tian's slap, she really wouldn't have known what the consequences would be. Thinking about the images in her mind just now made her cheeks turn red like a tomato.

The images in her mind were too disturbing, causing Bai Lingling to feel ashamed about it. It was fortunate that no one knew, or else she would really have to find a hole and hide inside of it.

Chapter 1066: The Deadly Illusion Fairy

"Fuuu~..."

A narrow escape.

Luo Tian and the other three arrived at the iron door.

Lin Dong looked up at the mysterious runes on the cave wall and asked, "What kind of runes are these? I have never seen them before."

Bai Xiong's face was also full of confusion before saying, "They look very ancient like they have been here for thousands of years. Did someone come here a few thousand years ago and carve this? By the way, boss, why is there a big iron door here?"

"What's inside?"

Bai Lingling stared at the three characters on the iron door and muttered, "Black Wind Sect? What kind of sect is this? I've never heard of it before. Hey, you're not thinking of going in, are you? We've been walking all the way here and our yuan energy has been almost absorbed dry. We don't know what's behind the iron door, so shouldn't we take a break to restore some yuan energy first before going in?"

From the moment they entered the Black Wind Cave, the yuan energy in their dantian was disappearing little by little. It was as if it had been absorbed by some kind of powerful force.

It was the same for Luo Tian, except his yuan energy reserve was much larger than theirs.

Luo Tian glanced at the three of them and said, "The entrance is probably even more dangerous. Let's go in first. After we go in, don't go anywhere, and don't touch anything. Remember this firmly."

They didn't know, but Luo Tian knew very well what kind of terrifying existence the Black Wind Sect was.

If this really was the Black Wind Sect, then the tens of thousands of dead disciples of the Black Wind Sect would not be easy to deal with. There was something strange about the iron door and beyond it, so they absolutely had to be careful.

The three of them nodded.

Luo Tian brought out the item to open the iron door.

"Plop~ plop~!"

Essence blood was dripped onto the iron door.

"Clank~, clank~, clank~..."

The heavy iron door suddenly started moving, making loud clanking noises. This was followed by a strong light blinding one's eyes coming from the opening.

Luo Tian was not affected by it but the expressions of Lin Dong and the others instantly changed.

Bai Xiong was overjoyed as he exclaimed, “Yuan energy! It’s yuan energy! Such strong yuan energy! I’ve never imagined that an intense concentration of yuan energy could actually turn into light. Boss, am I dreaming? With such strong yuan energy, cultivating here for a day is equivalent to cultivating for a month outside!”

“Ommm~...”

Suddenly, a slight humming sound came from Lin Dong’s body, and his aura was obviously stronger by a bit.

Breakthrough!

Lin Dong wasn’t even prepared for it. He smiled and said, “The yuan energy is simply too abundant. My body absorbed it crazily by itself, and suddenly I broke through. I wasn’t even aware of it. This dimensional space is too good. No wonder the gold level forces would fight each other for decades just to obtain a space like this. Even a bronze level force could become a gold level force if they obtained such a space.”

“Damn!”

“Way too perverted!”

The three of them almost said this at the same time.

Lin Dong has already broken through once tonight. It's only been a short while, and he's broken through again. This speed is simply killing the average person!

Luo Tian was overjoyed with Lin Dong's breakthrough. He couldn't wait for him to reach the pinnacle of martial arts!

However, it was quite painful for Luo Tian when he watched the cultivation realm of those three increase while he couldn't absorb any yuan energy. It was like a beautiful naked woman was lying in bed in front of him, but he couldn't get his penis to go up. He could only stare at the naked woman blankly.

"Why don't the three of you stay here and restore your yuan energy? I'll go in first to explore the way." Luo Tian also wanted to level up after seeing their cultivation improve. His level was simply too low for the Ancient World.

In the face of Ao Sheng and the Hai family, he had to become stronger as soon as possible.

Since the yuan energy was so strong, this place was basically a treasure land for those three.

Luo Tian didn't want them to waste any time.

His way of leveling up was different from normal people's, so he had to walk his own path.

Bai Xiong asked, "Boss, the yuan energy is so strong here, so why don't you stay as well?"

Bai Lingling chimed in, "Even if you can't break through, it's good to absorb it to restore your yuan energy."

They only knew that Luo Tian could kill people and demonic beasts to increase his realm, but they didn't know that this was the only way for Luo Tian to level up. They could meditate and absorb yuan energy from heaven and earth to make their bodies stronger, and then break through the shackles of the cultivation path. Luo Tian couldn't do that at all.

Because his dantian was still shattered!

Luo Tian replied, "I've already restored my yuan energy. I'll go in first to explore the way, and come back to get you guys later."

Bai Xiong immediately said, "Since the boss is going, I'm going too."

Lin Dong also stood up.

Luo Tian pushed them back down and said, "You guys just stay here and cultivate. Don't worry about me or anything else. There are still two days left until the assessment exam. You must make a breakthrough quickly so that I can hold your thighs when the time comes. I have made the decision."

After saying that, Luo Tian revealed a gaze like he had just given a command.

The two of them didn't speak anymore.

Bai Lingling frowned and said with concern, "Be careful then."

Luo Tian then said, "If I don't come out by the appointed time, head back out by yourselves. Don't worry about me because I won't die inside."

Luo Tian then stepped into the bright light. His body was covered by the strong light so he immediately lost his sight.

The sky was blue, and the sound of flowing water was very clear.

The birds were flying in flocks, and the flowers gave off a fragrant smell. The place was like an immortal landscape, a paradise on earth.

The landscape in front was like the image of an opening scene for a major immortal sect inside an online game. Except there was no aura of any humans here!

There was not a single person in sight. Apart from the animals and their cries, there was nothing else.

Luo Tian looked at everything in front of him and was briefly stunned, “An immortal wonderland!”

“So this is the legendary Black Wind Sect?”

“The Black Wind Sect of the Canglan Continent?”

“Didn’t the secret scroll say that it was destroyed by Mount Hua’s progenitor? How can it still be so beautiful?” Luo Tian couldn’t figure it out as he walked up a flight of steps made of bluestone. Each step he took was made with extreme caution.

It was better to be safe than to be sorry.

He originally thought that this place would look like a purgatory on earth, full of ferocious beasts and wandering ghosts. But now, the scene made Luo Tian quite disappointed. He then scolded, “There isn’t even a damn demonic beast around. How am I supposed to level up now?”

Before he could scold some more, the environment instantly changed.

The blue sky turned blood red.

A nearby waterfall was no longer flowing with clear spring water but with thick viscous blood.

The immortal-like birds that were leisurely flying in the sky suddenly changed into skeletal monsters that suddenly swooped down at Luo Tian.

Things were changing quickly like crazy.

Huge demonic beasts appeared out of nowhere.

One by one, the dead suddenly appeared as well.

The whole immortal paradise suddenly turned into hell.

A woman in white fluttered down from the sky, smiling like a welcoming hostess. She was perfect from head to toe, just like an immortal fairy.

Luo Tian really liked what he saw!

The woman in white suddenly said, "Welcome to the world of illusions. I am Illusion Fairy. You will now experience everything that you have imagined. Are you ready?"

"Oh crap!"

After shouting those two words in anger, Luo Tian immediately ran away.

Chapter 1067: A Quest To Hook Up With The Illusion Fairy

There were a lot of demonic beasts and wandering spirits.

Those who walked on land, those who swam in water, and those who flew in the sky had all appeared.

This place suddenly became a monster kingdom.

Luo Tian didn't dare to stay and ran out frantically. He glanced at the person who called herself the Illusion Fairy that was still floating above his head, and thought to himself, "If I can get whatever I think of, what if I want a divine artifact? Or maybe a goddess will come to save me?"

"Teacher Sola Aoi..."

"That's right!"

"Teacher Sola Aoi, quickly show up wearing a bikini! Descend from the sky and show off your divine might! Kill all these monsters!" Luo Tian prayed in his heart. Since the things he thought of could come true, of course, he was going to dream of something good.

The Illusion Fairy seemed to instantly know what Luo Tian was thinking of and started giggling playfully. "It's useless. Only your first thought would come true. Didn't you say there were no demonic beasts here? Now there are, and you have to take them all on by yourself."

"What the fuck? Do you really need to play with me like that?" Luo Tian cursed.

"Ding!"

"Congratulations to player Luo Tian for triggering a quest!"

Quest: Clean up the illusionary space and hook up with the Illusion Fairy.

Grade: A+

Time Limit: One day

Completion Criteria: 80% favorability

Reward: 300,000 experience points, 50,000 yuan energy, and the Imperial Goddess Divine Art.

"I... Your sister!"

“You’re trying to play me to death, right?”

When Luo Tian heard the system alert, his heart skipped a beat. Triggering a quest at such a critical moment was similar to playing a theme song right before his death. But when he finished reading the quest, he was completely dumbstruck.

“What do you mean by hook up?”

“Hook up?”

“Big sister system, are you sure you haven’t made a mistake? Is it really hooking up with her? Do you have to be so blatant? Is this really okay?” Luo Tian’s expression was frozen in place.

This was the first time he had encountered a sexual-oriented quest. If it was to clean up the demonic beasts in this dimensional space, he could understand. But hooking up with the Illusion Fairy by making her favorability reach 80 points? What is going on? Could it be that the system wanted him to make the Illusion Fairy his wife?

Lost and confused!

But Luo Tian was never one to shy away from a challenge. For the sake of 300,000 experience points, he had to make the sacrifice. There was also the reward of the Imperial Goddess Divine Art skill. He could tell it was extraordinary just by looking at the name.

“Imperial Goddess, huh? I love the sound of the skill!” Luo Tian rejoiced in his heart.

He then made a thought, “Accept!”

“Ding!”

Congratulations to player Luo Tian for accepting the quest. The quest countdown has begun.”

After the system alert, a 24-hour countdown timer appeared in Luo Tian’s mind. Seconds immediately started slipping away.

Luo Tian looked up at the Illusion Fairy and smiled, “Hello, beautiful. How are you doing?”

The Illusion Fairy giggled before saying, “I’m doing fine but you won’t be doing too well soon. Look behind you.”

“Ding!”

“Favorability +1.”

Luo Tian was briefly stunned by the sudden alert. He then said to himself, "Damn, this works too? A simple greeting can increase your favorability, huh? I thought it was going to be difficult to increase your favorability, but it's actually so easy."

"Let's try again!"

Luo Tian ran off to a distance, then revealed a gentlemanly smile and said politely, "Hello, beautiful. How are you doing?"

He was only doing this as a test.

But the Illusion Fairy didn't smile and frowned instead. She then said somewhat unhappily, "Do you think it's fun to repeat your words?"

"Ding!"

"Favorability -10."

Luo Tian was instantly stunned. A greeting gave him one point of favorability, so he just wanted to see if there was a system bug that he could exploit. He didn't expect his favorability to go down by ten points, making him in the negative now!

This was too messed up!

Luo Tian wanted to cry but had no tears. His attempt had completely failed.

He was in no mood to do any more tests. He had to complete his original plan first before finding time to chat with the Illusion Fairy and talk about their life and ideals.

“Ding!”

“Do you want to confirm the purchase?”

“Yes!”

“Ding!”

“Do you want to confirm the purchase?”

“Yes!”

Luo Tian opened the Store System and used up most of the 400,000 xuan coins he had to purchase items to unseal his skills. He then quickly used it on the sealed up skills.

This was the money he won from Ao Sheng in the bet.

After giving Bai Qi 400,000, he still had 460,000 xuan coins left. He didn't keep any of them and used them all to buy the spiritual items to unseal his skills. In the face of the demonic beasts that were everywhere in the illusionary space, he could only quickly clear them away with his skills.

“Myriad Thunder Roar, unseal!”

“Ding!”

“Congratulations to player Luo Tian for gaining the new skill Purple Lightning Technique. Do you wish to learn it?”

“Yes!”

“Regeneration Skill, unseal!”

“Ding!”

“Congratulations to player Luo Tian for gaining the new skill Super Regeneration. Do you wish to learn it?”

“Yes!”

A total of four skills were unsealed.

A group attack skill, Purple Lightning Technique.

A healing skill, Super Regeneration Skill.

There were two more supportive skills; the Pill Alchemy skill and the Forging skill.

The 460,000 xuan coins could only buy him this many skill unseals. If he wanted to unseal more powerful attack skills, he needed more xuan coins. Luo Tian didn't know when he would get more, so his current abilities were good for now.

After learning all the skills, Luo Tian heavily exhaled and said, “I can pretty much start fighting now.”

With a dozen or so wandering spirits charging at him, Luo Tian furrowed his brow and made a thought, “Poisoning Skill.”

“Swish~, swish~, swish~”

The speed of his hand tossing out pills looked rather strange after casting the Poisoning Skill. The wandering spirits didn't slow down and still kept charging at him like crazy, but the red damage values floating above their heads showed that they were indeed taking damage. Their defenses were also greatly weakened after being poisoned.

After taking a quick look at the range of the Purple Lightning Technique, Luo Tian wasn't in a rush to cast it. After the demonic beasts entered the ideal attack range, he shouted in a deep voice, “Divine Explosion!”

“Ommm~!”

“Boom~!”

A powerful current of heat surged through Luo Tian's body, transforming into power. At that moment, he roared at the sky, “Purple Lightning, blow them up!”

Under Divine Explosion's enhancement, not only did Luo Tian's base attributes double, but the attributes of his skills also doubled as well.

This was the greatest difference between Divine Explosion and Berserk.

The first level of the Purple Lightning Technique wasn't very strong. But under the double power of Divine Explosion, the purple lightning bolt streaked through the sky before slamming down. More than ten demonic beasts in the lightning field were all struck by the purple lightning. Their bodies swayed, their health plummeted, and they fell one after another after managing to stand for a few seconds.

“Ding!”

“Ding!”

“Ding!”

After hearing the system alerts, Luo Tian looked at the experience he had gained. He smiled and said to himself, “I should be able to level up at least two times after clearing this place. Heh heh, let's see if you guys can break through faster outside, or if I can level up faster here by killing monsters.”

Chapter 1068: Get Ready To Become My Wife

With the group attack skill Purple Lightning Technique, combined with the Poisoning Skill, the combination of the two skills was simply awesome to the max!

In video games, this was similar to the cooperation between a mage and a priest.

Apart from being a mage and a priest, Luo Tian was also a berserker warrior.

He was a combination of three different professions in a single person, which is impossible in a video game. But this wasn't a game.

After dealing with the first wave of demonic beasts, Luo Tian smiled up at the somewhat stunned Illusion Fairy in the sky and said, "Beauty, I'm pretty strong, right?"

The Illusion Fairy pouted as she looked a bit shocked and a bit unhappy at the same time. She then grumbled, "The level of these demonic beasts is too low. If I had known, I would have brought out those perverted demonic beasts that are imprisoned in the Black Wind Dungeon. Humph~, humph~!"

"Don't celebrate too early. There are thousands of demonic beasts here, so let's see how you can clean them all up. It's impossible for you to do it with your strength. You'll probably be exhausted to death." Illusion Fairy put her hands on her waist and said with a somewhat smug look.

Whether it was cultivation, strength, or yuan energy, a Condensation Element 1st ranker wouldn't have enough yuan energy to sustain a drawn out fight.

Moreover, the Illusion Fairy saw that the skills that Luo Tian used were all very powerful. She assumed such skills require a lot of yuan energy as support. After a while, he wouldn't be able to sustain the output. That's why she was so sure that Luo Tian would not be able to last to the end.

Luo Tian revealed a look like he had been seen through. He forced out a smile and said, "Why don't we make a bet? If I manage to clean up all the monsters here, you will be my wife."

Luo Tian revealed a teasing smile after saying those words.

The Illusion Fairy immediately said with anger, "I'll take the bet. Do you think I'm afraid of you?"

Luo Tian was ecstatic inside and said to himself, "She fell for it!"

Luo Tian didn't show he was happy and actually showed a worried look before saying, "Okay then..."

The Illusion Fairy asked, "What if I win?"

Luo Tian replied, "That's easy. If you were to win, I would be your husband."

"Ah?"

"Huh?"

"You... Like I would want you!" Illusion Fairy blushed.

She then glared at Luo Tian with anger and said, "If I were to win, you will become my servant for all eternity!"

"Perfect timing. My Illusion Kingdom is missing a butler, and you aren't too bad, heehee~ ..."

Luo Tian smiled and said, "Okay, it's settled then."

Before Luo Tian even made the bet, he was already scheming against the Illusion Fairy.

Now, he was too lazy to think about anything else.

The Illusion Fairy made a thought, and the surrounding demonic beasts suddenly woke up. All of them were ferocious and fierce beyond words as their aura pressed down on Luo Tian. The atmosphere instantly became a dark and gloomy scene.

Illusion Fairy giggled, "Let's see how you're going to deal with so many demonic beasts, heehee~..."

These demonic beasts weren't considered very strong, most of them being in the third and fourth ranks. But they were still rather powerful for martial artists in the Condensation Element realm to deal with. One or two of them wasn't an issue, but with the present number Luo Tian was going against, even a martial artist of the Martial Void realm would not be able to resist.

A Martial Void ranker would be suppressed very quickly, actually.

However, Luo Tian considered himself an expert gamer in his previous life. He knew how to find the bugs in the system and how to take advantage of his environment. He wasn't the least bit flustered when facing so many demonic beasts. Instead, he started looking at the surrounding terrain.

He finally found a narrow gap that was flanked by huge rocks. This was probably the most favorable position in the entire landscape.

Luo Tian didn't even think and just ran over to stand in the middle of the narrow gap. His mouth curled into a smile when he saw the demonic beasts pouncing at him from both sides. He then said to the Illusion Fairy, "Wifey, watch how I will clean up this place."

Illusion Fairy frowned as she was angered by Luo Tian's flirtatious words. She then ordered sternly, "Beat this guy up for me, and we'll see if he can still smile so smugly, humph~!"

"Boom~!"

"Boom~!"

"..."

The ground and the mountains shook. All the demonic beasts in the illusionary space had mobilized and surrounded Luo Tian on both sides. But even though these demonic beasts were strong, their intelligence was still on the lower side. Only three demonic beasts could confront Luo Tian from the front and three from the back. Together with the birds from the sky, only ten demonic beasts at the most could attack Luo Tian at the same time.

It was going to be a difficult fight, but it wasn't a big issue.

“Fuuu~...”

Luo Tian let out a breath before looking at the cooldown time of his skills. “The cooldown for the Purple Lightning Technique is about three and a half minutes. Divine Explosion is ten minutes long. To quickly clean up these demonic beasts, I have to rely on efficiently using my martial skills.”

“Wooooo~...”

A murderous wail came from a wandering spirit before it rushed at Luo Tian.

Luo Tian shouted without hesitation, “Summon Shinsu!”

“Fire Qilin, kill it for me!”

“Ommm~...”

A spatial vortex appeared, and the Fire Qilin rushed out in ferocity. It immediately sprayed a thick stream of hellfire at the wandering spirit that had pounced on Luo Tian, causing half of its health bar to disappear. The wandering spirit instantly acted like a cripple and wailed on the ground.

“Whoosh~...”

After another spray of flame, the wailing spirit was killed off!

“The power of the Fire Qilin has increased a bit once more.”

In just ten hours, the power of the Fire Qilin had increased.

Most importantly, the Fire Qilin exuded the might of a divine beast, and its aura exerted an oppressive pressure on the surrounding demonic beasts. Even the expression of the Illusion Fairy floating in the sky showed a slight change. She looked at the Fire Qilin with envy and muttered, “You actually have such a powerful battle pet on you? Humph~! Then the more you have to become my servant.”

“Go!” Luo Tian ordered in excitement.

“Brother Qilin, you stand guard here. Just spray whoever dares to approach you!”

The Fire Qilin completely understood Luo Tian’s words and nodded vigorously. Its figure was as solid as a mountain and as hard as a rock. It stood behind Luo Tian like a Vajra Killing God. Any wandering spirit that neared would be sent tumbling backward.

Even though the Fire Qilin withstood the pressure on one side, Luo Tian still had to deal with whatever was left over.

The demonic beasts were filled with fear before the Fire Qilin. It was useless even when the Illusion Fairy threatened them repeatedly. However, a large portion of these demonic beasts rushed towards Luo Tian, causing him to bear a large portion of the pressure.

Luo Tian had long known that this would be the outcome.

The Illusion Fairy smiled proudly and said, "It's useless even if you have some powerful battle pet. There are thousands of demonic beasts here, and even the strongest peak Martial Void cultivators can't handle them. So, how can a little Condensation Element cultivator like you possibly resist them? Be a good servant to me, and I will promise to treat you well, heehee~."

Enormous pressure!

Luo Tian looked at the demonic beasts that were rushing toward him like a tide and then at the Illusionary Fairy floating in the sky. He smiled and said, "Get ready to become my wife."

"Magic Charm, activate!"

He was going to summon another five more battle pets.

Chapter 1069: You've Lost

After using that skill, his luck was pretty good because he succeeded on the first try.

The demonic beast in the front was charmed.

The demonic beast froze briefly, becoming confused as to what was happening. Luo Tian's mental energy had entered its mind, making it unable to resist the commands it was given.

"Attack them!" Luo Tian commanded through his thoughts.

Without any hesitation, the demonic beast turned around and pounced at the army of demonic beasts behind it.

The demonic beast formation erupted in chaos, instantly relieving the pressure Luo Tian was experiencing.

He also bought some time for the cooldown timer for his skills.

What Luo Tian needed the most right now was his skills to finish their cooldown.

"Huh?"

The Illusion Fairy was surprised by the turn of events and revealed an angry look. She stomped her feet angrily and harrumphed, "Humph~! Even if you've cultivated some weird martial skills, you still won't be able to resist my army of demonic beasts. Let's see how long you can hold on for!"

"Charge! Charge! Charge! Everyone charge at that guy!" Illusion Fairy ordered them in anger.

Luo Tian teased her with a smile, "Is this how you treat your future husband? That doesn't seem right, huh?"

"Heh heh..."

Luo Tian then glanced at the cooldown for his skills.

The cooldown for Divine Explosion, God Flame, Purple Lightning Technique, and Poisoning Skill was over. And the beast that he had charmed had been killed already. Luo Tian took a step forward, using a string of strange hand gestures, and released his Poisoning Skill.

"Swish~, swish~, swish~..."

The demonic beasts in the area were immediately poisoned, and bright red numbers appeared above their heads. The damage wasn't very high, but the terrifying thing about poison was that it continuously decreased the target's health.

Luo Tian wasn't in a rush to use his other skills just yet. Instead, he braced his body to wait. "Almost there... almost there... a little bit more. Let those demonic beasts gather tighter around me... a little more..."

He was calculating constantly in his mind.

The range of the Purple Lightning Technique's attack wasn't as large as Myriad Thunder Roar. It was about 20 steps or around 10 meters. Luo Tian wanted to make the best use of the Purple Lightning Technique's limited area of attack range, so he wanted as many demonic beasts to pack in near him as possible.

"Divine Explosion!"

"Boom~!"

The power exploded inside his body. Luo Tian then let out a roar of excitement, "Purple Lightning Technique, blow them up for me!"

"Crack~, boom~!"

There was a loud boom in the sky before purple lightning rained down within a ten-meter radius, with Luo Tian as the center. Through the release of his spiritual power, each purple lightning was extremely powerful. Its lethality was so strong that it was too easy to take care of these third and fourth ranked demonic beasts.

"Crack~, boom~!"

"Crack~, boom~!"

In a few seconds, the smell of barbeque meat drifted through the air, just like the smell of a roast pig.

The demonic beasts that were hit were all half-dead, swaying about with unrecognizable features. Their whole body turned black, and their hair had all burnt off.

Luo Tian instantly drew out the Heaven Sword and shouted, "Vajra Sword Technique, Frenzy Killing!"

"Swish~, swish~, swish~..."

The sword strikes were like lightning, piercing, and slashing in a blur.

"Ding!"

"Ding!"

"Ding!"

Each sword strike would result in a system alert.

In less than half a minute, all the half-dead demonic beasts were killed by Luo Tian. There were a large number of demonic beast corpses lying about. It was possible that because this was an illusionary space, the death of these demonic beasts made their corpses gradually disappear like one would see in a video game.

“Ding, ding, ding...”

The system alerts kept ringing without stopping.

Luo Tian started smiling with excitement.

The Illusion Fairy stamped her feet in anger and shouted again, “Charge! What are you waiting for? Charge at him!”

There was nothing else she could do except for that. She could only keep commanding them to charge. Charge until Luo Tian was defeated.

As long as those demonic beasts managed to get close to Luo Tian, it would no longer matter how powerful he was or what kind of tricks he had up his sleeves.

But Luo Tian didn't give those demonic beasts a chance.

After clearing the demonic beasts around him, Luo Tian turned around and used a Shoulder Dash to slide back to his original position near the Fire Qilin. He grinned and said to himself, "In my previous life, I wasn't only a professional gamer but also a tactician of games. The ability to utilize the terrain and class skills would determine a person's status inside a game."

After returning to the narrow gap, Luo Tian cast another Magic Charm.

This time, his luck wasn't that good.

Luo Tian wasn't worried even if he wasn't able to charm a demonic beast. While waiting for the skill cooldown to be over, he only needed to stay close to Fire Qilin and borrow its divine might to suppress the demonic beasts. This would cause their attack power to be greatly weakened, and Luo Tian could deal with them without any major issues. From time to time, he would need to take a medicinal pill or use Super Regeneration to heal his wounds quickly.

Moreover, the new Super Regeneration skill allowed him to heal himself and to heal Fire Qilin to maintain its health bar at a level he was comfortable with.

For a professional gamer like him, this fight was simply too easy.

"Humph~!"

"Humph~, humph~!"

Illusion Fairy was so angry that her face turned red while she stamped her feet. But there was nothing else she could do about it.

She never came down from the sky to participate in the fight.

Luo Tian didn't understand why that was the case. If she participated in the fight, Luo Tian would probably be killed in an instant. From the moment the Illusion Fairy appeared, Luo Tian felt a very terrifying aura coming from her.

He originally thought Illusion Fairy was a boss, but he threw that idea out once he found out there wasn't a golden glow around her feet.

Time slowly slipped away.

Six hours later.

"Ding!"

"Congratulations to player Luo Tian for leveling up. You are currently at the Condensation Element 2nd rank."

Level up!

Breaking through to the Condensation Element 2nd rank in six hours? Most likely, not many people could compare with this kind of speed.

Luo Tian looked around at the surrounding demonic beasts and smiled, "I should be able to break through one more time."

"Continue!"

"Level 1 Divine Explosion!"

"Boom~!"

"Purple Lightning Technique, blow them all up!"

The number of monsters in the illusionary space was decreasing, and the Illusion Fairy had become listless in anxiety. She almost burst into tears just thinking about the bet she made with Luo Tian. She started screaming in her heart, "I don't want to be his wife! I don't want to! I don't want to! Absolutely not!"

Upon seeing the anxious expression on the Illusion Fairy's face, Luo Tian naturally guessed what she was thinking. "Wifey, you won't be able to escape, hahaha..."

After that, he fought even crazier.

As the number of demonic beasts decreased, Luo Tian directly killed his way out of the narrow space with the Fire Qilin. He felt like he had vented his anger as he shouted, "It's my turn now, right?!"

Thirteen hours later, Luo Tian leveled up again. He had reached the Condensation Element 3rd rank, his speed perverted beyond words!

But compared to the king level Hai family, a Condensation Element 3rd ranker was similar to a drop of water in a vast ocean. Tiny to the max!

Level up!

Breakthrough!

He had to become stronger! He wanted to fuck over the entire Hai family!

Around twenty hours later, there were no more demonic beasts in the entire illusionary space. Luo Tian looked up at the Illusion Fairy in the sky and said, "You've lost."

Chapter 1070: Dual Cultivation Art, Awesome

"You have lost!"

After hearing those three words, Illusion Fairy's face immediately looked depressed.

She was completely silent.

She was floating in the air and just staring at Luo Tian, unknown what she was thinking about.

The first part of the quest to clear out all the demonic beasts from the illusionary space had been completed. Now, the quest was going to move on to the second part.

Luo Tian was a little nervous about it. He then said to himself, "Whether my favorability will succeed or not will depend on this move."

He didn't know what would happen.

He had to reach a favorability of 80 points with the Illusion Fairy in order to complete the quest. If he doesn't complete it in the required timeframe, losing experience points and yuan energy wouldn't be a big deal. The greatest loss would be losing the Imperial Goddess Divine Art.

Luo Tian cleared his voice and said, "You have lost, so shouldn't you keep your promise?"

Illusion Fairy had an unsightly look on her face while her fingers kept intertwining with each other. She was obviously angry, but she didn't know what to say. Her heart was in a complete mess. She was thinking if she hadn't agreed to the bet, she wouldn't have ended up in such a predicament right now.

She never expected that Luo Tian's martial skills would be so strange and bizarre. She also didn't expect that he could kill all the demonic beasts here by himself. Even a Martial Void realm expert couldn't do that.

These things were beyond her imagination.

The Illusion Fairy's face grew uglier by the second. When she looked at Luo Tian, she only felt disgusted. How was she going to stand being his wife?

Illusion Fairy said unhappily, "I did lose..."

Luo Tian deliberately interrupted her when she was about to speak further.

Luo Tian could guess what she was going to say next and immediately laughed, "Hahaha! I was only joking with you. You have lost, and according to our agreement, you are supposed to become my wife. But I am a person who doesn't like to force others into doing what they don't want to do. Especially beautiful women. You are so beautiful and charming, so how can I watch you suffer like that? Even if I have to die, I wouldn't want to see you unhappy."

"Therefore, you didn't lose. I didn't lose. It was a tie. Hahaha..."

Luo Tian was polite and sincere with his words, and his expression made him look upright. He was acting just like those virtuous male protagonists you would see in movies. Plus, a faint breeze blew by right on time, causing his hair to flutter slightly. This made him look like a righteous gentleman exuding an air of handsomeness.

Of course, underneath this virtuous surface was a scoundrel through and through.

In the situation where the Illusion Fairy was conflicted and hating herself, Luo Tian's words made her instantly reveal a playful smile. "Heehee~, it's a tie! It's a tie! You were the one that said it, so you can't go back on your word!"

Seeing how happy she was, Luo Tian replied, "Of course, I won't go back on my word."

Illusion Fairy suddenly felt that Luo Tian was very kind and looked at him with some embarrassment. She said softly, "You're so nice."

"Ding!"

"Favorability +100."

"A hundred points? With my original -9 points, that's 91 points of favorability. This means the quest is complete! Hahaha..."

Luo Tian was somewhat dumbstruck while his whole body was finally able to relax. He then said to himself, "It's good that I made the right bet, or else I wouldn't be able to finish the quest."

Everything moved in the direction of his plans.

If he forces the Illusion Fairy to become his wife, the result may be -10,000 points in favorability. Even if he dies, he will never be able to complete the quest. This means he will never have a chance to learn the Imperial Goddess Divine Art in the future.

This is a once-in-a-lifetime opportunity, and Luo Tian didn't want to miss out on it.

Moreover, if Illusion Fairy could help in the ruins of the Black Wind Sect, it would definitely make his life much easier. And Illusion Fairy's cultivation realm shouldn't be weak because she was able to fly in the air here.

At this time, the system gave off another alert.

"Ding!"

"Congratulations to player Luo Tian for completing the quest!"

"Ding!"

“Congratulations to player Luo Tian for gaining a system reward – 300,000 experience points, 50,000 yuan energy, and the Imperial Goddess Divine Art.”

His experience bar increased by a big chunk, and his yuan energy jumped by a lot. Luo Tian actually didn't really care about those because his attention was entirely on the Imperial Goddess Divine Art. The book gave off a mysterious aura like an adult magazine, exuding an endless temptation for the beholder. It was as if a charming girl was trying to seduce him.”

“Gulp~!”

Luo Tian couldn't help but swallow his saliva and rubbed his hands pervertedly. He then said to himself, “This martial skill will definitely be amazing, heh heh...”

“Learn!” Luo Tian made the thought.

“Ding!”

“Congratulations to player Luo Tian for learning the Imperial Goddess Divine Art.”

A new skill appeared on Luo Tian's skill page.

Martial Skill: Imperial Goddess Divine Art

Grade: Semi-divine

Cooldown: None

Proficiency: 0/10

Consumption: 0

Description: This is a dual cultivation method between man and woman. Each session can bring unexpected benefits to the cultivator. It could be power, endurance, or experience points. The longer the session, the better the benefits.

Description 2: With each level of proficiency, the number of dual cultivation participants can be increased by one person. There is no limit to the number of people participating at the great perfection stage.

Description 3: After every dual cultivation session, the woman will become infatuated with you by one point. Your compatibility with them will increase by one point. The level of their cultivation will increase slightly. And after being nourished by the user, the woman's charm will also increase by one point.

“Gulp~!”

“Gulp~!”

“Gulp~!”

Luo Tian swallowed back his drool several times. His evil fire flared up, and the blood inside his body was boiling with heat. “A martial skill that I have dreamed of... It can actually enhance my strength and give me experience points. So awesome! Where else can you find such an awesome martial skill?!”

“Awesome to the max!”

“My heart almost can’t handle the excitement!”

This was completely unexpected. Luo Tian thought that this martial skill would just enhance his combat skills in bed or maybe increase his stamina a bit. He never thought that this dual cultivation skill could increase his strength or let him gain experience points. How can there be such an amazing martial skill in this world?

Luo Tian was excited to the max!

Moreover, every level up in proficiency would allow him to do the awesome deed with one extra girl. And the girl would become stronger and prettier!

Luo Tian's heart was swelling in anticipation.

He had a lot of women back in the Tianxuan Continent. If all of them could come here, would he even need to go out and kill monsters to level up? He could just roll around with them in bed, and it would suffice!

You want to level up? But there are no monsters to kill?

No problem! This daddy will swing by a brothel, do some battles at night, and level up the next day!

"Gulp~!"

"Hahaha... Great! This is great!" Luo Tian's expression was really quite wretched at this moment. Just thinking about his free and leisurely days in the future made his heart pound in excitement. When he looked up and saw Illusion Fairy in the sky, staring at him with genuine curiosity, evil and perverted thoughts began to arise in Luo Tian's heart.
