

Leveling Up 1081

Chapter 1081: Fight If You Can't Hide

She originally could have avoided them, but due to her sneezing, she had exposed herself.

Since she was exposed, there was no need to hide anymore.

Bai Lingling stood up; the hint of coldness coming from her made her look even more beautiful than normal. Looking at the ten-plus disciples from the four great families, she sneered, "Who would have imagined that the four great families would form an alliance? It would be a complete joke if I told people in Towering Cloud City about how shameless you guys were to band together like this."

She sensed something was wrong as soon as she entered the spatial world.

The disciples of the four great families were searching everywhere for something. Thinking of what Luo Tian had said, she immediately knew who they were looking for.

She moved several dozen meters in a breath with her agile figure, trying to find Luo Tian and the others. But it seemed like the distance between them was much farther than she had anticipated. This was probably intentional on Ao Sheng's part, separating the four of them and keeping them at a great distance from each other. Just so that they couldn't group up that easily.

That way, the disciples from the four great families could destroy them one at a time.

How are you going to get away after offending the examiner in front of so many people?

"Humph~!"

"Bai Lingling, don't you know that this is a world of the strong? People will only remember those who pass the test, and no one will remember those who die here like you." Ouyang Feng stepped forward, his eyes full of hatred, while he stared at Bai Lingling.

He was Ouyang Ye's cousin.

In the Ouyang family, these two brothers had the closest relationship.

Ouyang Feng had always treated Ouyang Ye like his younger brother. But now that Ouyang Ye was dead, killing intent surged out of him when he looked at Bai Lingling.

“Hey... Brother Ouyang... Don’t look so scary.”

“She is, after all, the most beautiful woman in Towering Cloud City. Shouldn’t we give her some face just on this point alone?” A disciple of the Deng family smiled lewdly while his eyes were fixated on Bai Lingling’s breasts.

As soon as he said that, some disciples who were lusting after Bai Lingling’s beauty also spoke up.

“That’s right!”

“We should give her a chance.”

“Beautiful women should be treated more gently. What if we scare her to death by talking about fighting and killing?”

“Brother Deng, you usually have the most ideas. Go ahead and share some with us.”

That Deng family’s disciple took a step forward with a lewd smile on his face, “Little Sister Ling, you can see that Brother Ouyang wants to kill you really badly. You should know there’s no way you can escape from our encirclement, so don’t make any unnecessary resistance. You are basically fated for death today. But don’t say that we aren’t giving you a chance to live. As long as you can accompany us... heh heh... and serve each one of us well; I can guarantee that absolutely no one will hurt you. If anyone dares to try and kill you, I, Deng Jiarong, will be the first to not spare them.”

“My fellow brothers, what do you say?”

“Brother Jiarong, your idea is very good. I really like it, hahaha...”

“We have a total of 13 people here. If all of us enjoy ourselves, then naturally, we will let her off.”

“The number one beauty of Towering Cloud City. I’ve always dreamed of doing the deed with her, hahaha. Who would’ve imagined my chance would finally come? My dreams are about to turn into reality!”

In an instant, the gaze of the dozen or so disciples around all turned to greed. They were salivating like they were eager to pounce on their prey.

Bai Lingling’s expression changed. She looked at Deng Jiarong and said, “You want to be the first one?”

Deng Jiarong lit up in joy. He turned to his nearby fellow disciples and said, “It’s not my fault for being more handsome. The beauty is pointing me out as the first person, so I can only step forth first. Hahaha...”

“Brother Deng, I heard rumors that you are very strong in that aspect. Today, your younger brother shall see if you are stronger or I am stronger. Hahaha...”

“Don’t waste our time. Hurry up and get on with it!”

“Everyone, stop talking and get in line. One by one. Today, I’m going to show off my might, hahaha...”

Everyone quickly lined up.

Everyone’s faces were flushed, and their throats moved from swallowing their saliva.

Deng Jiarong was extremely excited, and the tent at his crotch area was already high and hard.

Bai Lingling was the number one beauty in Towering Cloud City, a goddess in all the men's hearts. Everyone has fantasized about getting it on with her. Now, that fantasy was about to come true, and just thinking about it made him ecstatic!

Bai Lingling stepped out of the bushes and put away her sword. She reached for the clasp of her clothes while a faint smile appeared on her face. The smile was full of endless charm that made a person's blood instantly boil.

Everyone became more excited.

Deng Jiarong swallowed a few mouthfuls of saliva in a row before rubbing his hands and saying excitedly, "Little beauty, here I come."

After saying that, he jumped at Bai Lingling like a wolf pouncing on a lamb.

Just as his body was about to descend, Bai Lingling's hand moved like lightning as she withdrew her sword. Her figure blurred as she then stabbed through Deng Jiarong's throat.

Blood sprayed, and a life was bleeding out just like that.

Bai Lingling's face showed a frosty expression. She didn't even look at Deng Jiarong, who was struggling on the ground with his hands covering his throat, trying to speak but unable to. Instead, she sneered, "Who's next?"

Cold and filled with killing intent.

The surroundings turned silent as they were dumbstruck at what happened.

From the beginning, they should have known something was wrong. How could the number one beauty of Towering Cloud City, who was usually so aloof, be so docile today, like a little lamb?

But they were so distracted by their own circumstances that they didn't think Bai Lingling would dare to attack them.

The sudden attack that took a life in one move left the twelve people in a straight line, a little stunned. They stared at her while their perverted flames suddenly extinguished. Ouyang Feng was the first to move, thrusting out a sword and shouting angrily, "Bitch! Give me back my little brother's life!"

In the beginning, some of those perverted people were stopping him. Now, no one made a move to stop him.

Bai Lingling, a woman covered in thorns, might take their lives at any time.

Bai Lingling's figure retreated. She didn't panic even though she was facing Ouyang Feng, who was a small realm above her. She took a few steps back and lowered her posture before rushing straight at him.

Kill!

If you can't hide, then you might as well fight!

Those were the words Luo Tian had told them.

Only when there is a fight will there be a sound, and when that happens, the four of them will all move toward the sound. This was Luo Tian's plan.

But will Bai Lingling be able to hold out until they arrive?

She hadn't considered it.

Were Bai Xiong and Lin Dong also surrounded by the disciples of the four great families as well?

In another area, Bai Xiong was covered in blood and gasping for air. Two disciples were lying in a pool of blood nearby. Bai Xiong laughed in rage and shouted, "You bunch of despicable little bastards! You want to kill this old bear? Come at me if you've got the guts!"

Chapter 1082: Bastard, You're Finally Here

Bai Lingling, Bai Xiong, and Lin Dong were surrounded, respectively, each suffering varying degrees of injuries.

Lin Dong had the lightest injuries because his reaction was the fastest.

As soon as he entered the spatial world, he sensed that something was wrong and reacted with lightning speed.

However, even if he was fast, he still fell into the trap that had been set up long ago. If it weren't for the continuous breakthroughs in the Black Wind Cave, he would have lost his life already. This trap was designed for Luo Tian. The disciples of the four great families never expected that the one who eventually fell into it was Lin Dong.

Three people were injured, and one was forced to use invisibility to run away like crazy.

This was embarrassing to the max!

It didn't really matter how much they had improved. There were simply too many people they were up against when dealing with the combined disciples of the four great families.

And while they were fighting, they were worried about each other.

Especially for Luo Tian, who was in an even more embarrassing situation. Wu Sha's overwhelming strength made him feel powerless, and he could only use invisibility to make an escape. He was completely not Wu Sha's match at all.

Moreover, Wu Sha was searching for Luo Tian like a mad dog on the loose.

Once discovered, Luo Tian will have no way of escaping.

Apart from using his transformation card, the only option to change the situation was to make further breakthroughs.

Become stronger and gain greater strength!

Since Luo Tian wanted to break through in a world without demonic beasts to kill, the only thing he could do was practice the Imperial Goddess Divine Art. There was no other way.

In a certain area of a forest, Luo Tian's timer for his invisibility skill had run out.

He suddenly stopped abruptly, hearing the sounds of fighting not too far from where he was. He was surprised and said to himself, "It must be one of the three. I will first meet up with them, get through the current predicament, and then make further plans."

This was the only thing he could do for now.

Luo Tian quickly rushed off in the direction of the fighting sounds.

Bai Lingling had been stabbed in the chest, and the blood had dyed half of her body red. Her face was pale, and her lips were like frost. Her vision was sometimes blurred and sometimes clear, which was caused by excessive blood loss.

“You guys are truly despicable bastards!”

“The disciples of the four great families of Towering Cloud City actually used war of attrition on me. And back then, I even thought highly of you guys.” Bai Lingling said coldly, supporting her sword with one hand and swaying a little. She almost couldn’t hold on any longer.

Bai Lingling was yelling internally, “Smelly scoundrel! When are you coming?! It looks like all three of them have been ambushed, or else they would’ve met up with me already.”

“I might be dying here today.”

Bai Lingling’s eyes darkened as she clenched her teeth. She then said to herself, “Even if I die, I won’t let anyone defile my body!”

The four great families joined up, and twelve disciples used war of attrition against her. Among the twelve, only Ouyang Feng, who was the first to attack, was slightly injured. The others only lost some yuan energy.

Their goal was simple – exhaust Bai Lingling’s yuan energy and then ravage her mercilessly.

Once the yuan energy of any martial artist is exhausted, they won’t be able to resist for long, even if they are very strong to begin with.

Bai Lingling’s yuan energy had bottomed out.

Her body was riddled with injuries, and her healing pills had already been used up. She was now in a desperate situation.

Even so, she didn’t give up.

It was Luo Tian who taught her not to give up easily in the face of any difficulties. In this world, where the strong devoured the weak, giving up meant death.

“Heh heh...”

“Bai Lingling, I’m going to see how long you can hold out for. Your yuan energy is already exhausted, so any one of us here can kill you. I advise you to be obedient and serve us well. If you manage to make us happy, we might even spare your life.”

“Bai Lingling, stop acting so high and mighty.”

“Who doesn’t know that your body is no longer pure? You gave it to that Luo kid a long time ago, right? Since you’re not even a virgin, why pretend to be innocent? You have nothing to lose from being played with by us.”

“That’s right!”

“You should behave yourself while we haven’t changed our minds yet, or else we will have to teach you a lesson.”

The twelve disciples all had lewd smiles on their faces.

Deng Jiarong became the sacrifice for not being prepared.

It was all useless, no matter how strong Bai Lingling was. She exhausted her yuan energy and could not use any more killing moves. In this way, they can do whatever they want with her. But sometimes, forcing themselves on someone didn’t feel as great as when that person voluntarily complied.

If Bai Lingling can act obediently, then the process would feel much better.

Bai Lingling spat at them angrily and said, "You are all just sinister and despicable people! You want me to serve you willingly?! Humph~! Come if you want to die! Your fate will be the same as Deng Jiarong's!"

Extremely furious!

When facing twelve men, Bai Lingling knew very well what the consequences would be if she were overpowered.

Bai Lingling shuddered upon thinking of it. "No... no... I can't let these animals defile my body. Absolutely not. Even if I die, I won't let them!"

Her body suddenly jerked up straight while she looked up at the sky and muttered, "Smelly scoundrel, see you in the next life."

Her right hand moved as she rested her sword across her neck.

"Not good!"

"She wants to commit suicide!"

"Damn it! Did we waste all this time just to get a corpse?"

“Motherfucker! Bai Lingling, kill yourself if you have the guts! Don’t think you can escape by dying! I will still defile you after death!”

There was some distance between them, so it would be too late to try and stop her.

They could only threaten her in various ways.

Bai Lingling’s heart shivered upon hearing those threats.

Her hands trembled as she really wanted to kill everyone in front of her. But she had reached the point of exhaustion, and there was no more yuan energy left in her dantian. Coupled with the sword wound in her chest, she was powerless to save the situation.

The only way to preserve her body was to die.

There was already a thin blood trail from a cut to her neck. Just when her sword was a millimeter away from cutting the vein in her neck, a voice was heard coming from behind her.

“Don’t be scared! I’m here now!”

The voice reached the depths of her heart!

Bai Lingling was startled before tears welled up in her eyes. She couldn't stop herself from crying.

She was just a woman. Although she was very strong-willed, her heart was actually quite weak.

She had always pretended to be strong. Pretending to be unafraid in any situation.

It was tiring to pretend like this all the time, but she had to keep up the act so that no one would see her scared side. This way, no one will get the upper hand against her.

But now, that voice instantly broke down her mental defenses. The fear that came from the bottom of her heart instantly took over her whole body. Bai Lingling began to cry, and tears flowed down her face like rain.

The twelve people opposite her were all stunned. What's going on?

At this time, Bai Lingling said in a tearful voice, "Bastard, you're finally here!"

Chapter 1083: Those Who Touch My Woman Shall Die

The person who arrived was precisely Luo Tian.

If he had been a second later, Bai Lingling would have died in front of him. If that were to happen, Luo Tian would never forgive himself.

Luo Tian's heart turned gloomy.

The rage of flames inside him exploded like someone had poured gasoline all over it.

His teeth were making cracking sounds from being clenched. His fists were also clenched to the point where his joints made cracking sounds. His aura became so oppressive that it made people want to back away from him.

"Ao Sheng, I will repay you ten times the injustice I have experienced today!"

"Wu Sha, I will definitely kill you soon!"

"Hai Yulong, you will die by my hands!"

"Hai family, you just wait for this daddy! This daddy will fuck you guys all over!"

Luo Tian swore to himself through clenched teeth.

This all happened because of the Hai family.

If it weren't for the Hai family's enormous powers, Ao Sheng would not have dared to treat him so unfairly. And Wu Sha would never have appeared in a place where he shouldn't have been.

In the face of these injustices and the enormous pressure, Luo Tian actually started smiling. "I will only become stronger having to face so many hardships. I will only become stronger when I have to deal with enemies much stronger than I am. You guys will all become my stepping stones. You guys better all wash your asses and wait for this daddy!"

Luo Tian's gaze darkened as he walked up to Bai Lingling, who was covered in tears, and hugged her. He then said gently, "I'm sorry for being late."

Bai Lingling was so moved that her heart was about to melt.

If there was no one else here, she would instantly kiss Luo Tian on the mouth. She would use her lips and her tongue full of saliva to block Luo Tian's mouth so that he couldn't say those reproachful words. She then whispered, "There's no need to say that."

In addition to wanting to be more tender, her spirit suddenly relaxed after a long period of tension. This caused her body to instantly relax like a building collapsing. Her vision gradually blurred, and she leaned gently against Luo Tian's hot chest and fell into a drowsy sleep. A wisp of a happy smile appeared on her face.

Luo Tian looked at the sword wound on her chest.

He quickly cast a Super Regeneration on her.

The wound slowly healed, and the bleeding stopped. But Bai Lingling's injuries were still very serious due to excessive blood loss.

Super Regeneration was currently on cooldown.

Ordinary healing pills weren't that effective, and it was also not the right time to treat Bai Lingling.

Luo Tian's eyes narrowed as he glared at the twelve people who had already surrounded him. He then said with a cold smile, "You guys dare touch my woman? You are all courting your own death!"

"Humph~! Luo Tian, you're the one courting death!"

"That's right! How can one of you be the match of so many of us?!"

"Don't think we're afraid of you just because you can defeat a Martial Void expert. We've studied your abilities thoroughly. Your martial skills are useless after a certain amount of time of usage. Heh heh, without that divine beast as your helper, I would like to see how long you can jump around for!"

The four great families did their research on Luo Tian.

From the day Luo Tian entered the Ancient World to everything he experienced was studied by the four great families. The conclusion was that Luo Tian's special martial skills required a certain amount of time before he could use them again.

After knowing this, they immediately came up with methods to deal with Luo Tian.

As long as Luo Tian dares to use some powerful martial skill, the first wave of people may die, but he won't be able to use it against the second wave of people. This way, dealing with Luo Tian will not be a problem.

Luo Tian was dumbstruck!

He didn't expect the people of the four great families to investigate him that thoroughly.

They found out his martial skills had a cooldown time, even though they didn't have a name for it. His heart sank, and his gaze was filled with intense killing intent. "These people have to die. All the people from the four great families have to die as well."

He didn't want his secret to spread to others.

No one could know!

Once it was revealed that his martial skills had a cooldown timer, this was equivalent to his enemies finding out his weakness. It is very likely he would suffer one way or another in the future because of it.

This was Luo Tian's oversight.

He never imagined people would study him that carefully.

This kind of thing never happened in the Tianxuan Continent, yet in just a few months, people in the Ancient World found out he could kill people or demonic beasts to make breakthroughs. He couldn't allow this to continue. Otherwise, people will one day find out that he has a different system of cultivating.

No matter if it was his closest brother or his dearest woman, he could not let them know he had a leveling system inside him.

Luo Tian's expression changed as he said coldly, "You guys have studied me quite thoroughly, huh? Since you know that my martial skills require a certain amount of time between uses, all of them can be used right now. Are you guys still my match, then?"

The expressions of the twelve changed.

One of them stuttered, "Don't, don't, Luo Tian, don't be so smug. Last night, the disciples of our four families secretly discussed that the first wave of people who encounter you will sacrifice themselves to

force you to use up your martial skills. Then, you won't be able to deal with the next batch of people. You will end up dead eventually!"

"That's right!"

"My fellow brothers, let's do this for our families!"

"For the family!"

"For the family!"

Twelve people started chanting loudly!

Luo Tian sneered and said, "For what dog's fart family? It looks like you guys are really united, huh? Then come! Come do it for your family! Which one of you dares to come and die first?!"

"Who is it?!"

"Which one of you motherfuckers dares to be the first to court death?!"

Luo Tian's loud voice shook the mentality of the surrounding people.

Who was going to be the first one to die?

There is no doubt that their cultivation was higher than Luo Tian's, but they knew very well that none of them were his match. This meant that the first one to go out would definitely be instantly killed by him.

The previous chant was nice and all, sacrificing themselves to force Luo Tian to use up his martial skills.

But when death was near, no one dared to be the first one to stand out.

Death meant there would be nothing afterward.

Some of them had entered the Ancient World from the lower realms, and they knew the importance of staying alive. At that moment, the twelve of them looked at each other, not saying a word, and no one took the lead.

No one really wanted to be the sacrificial victim.

Everyone was lost in their own thoughts.

With one arm holding Bai Lingling, Luo Tian sneered, "I knew you were all garbage. No one wants to be the first to stand out. Since you guys aren't making a move, then I will attack first."

"Those who touch my woman shall die!"

They all had to die!

Bai Lingling had been bullied to this state already. If Luo Tian doesn't kill them all, would he still be considered a man?

Luo Tian suddenly stood upright with a thunderous momentum.

Kill!

Chapter 1084: There Is Only One Outcome For Acting Arrogant In Front Of Me

When Luo Tian was enraged, his speed was like lightning, and his power was like a thunderstorm.

His figure blurred like a straight line as he rushed toward the person closest to him.

Fury boiling with surging killing intent.

Faced with the injustice of Ao Sheng, Wu Sha's ambush, and the joint attack of the four great families, the only thing Luo Tian could do in response was to kill!

Kill to suppress everything!

Kill to raze everything to the ground!

The moment he was about to reach that person, Luo Tian flipped his left hand and drew out Heaven Sword. He then slashed out, causing Heaven Sword to emit a burst of white light before slashing that person in two with its unparalleled sharpness.

"Puff~!"

The bright red blood spurted all over and covered Luo Tian's face. Under the stain of blood, Luo Tian looked even more ferocious, like a demon.

"Ding!"

"Congratulations to player Luo Tian for killing..."

The system gave off several alerts.

After looking at how many experience points he gained, Luo Tian glanced at his experience bar and determined that he wouldn't be able to level up even if he killed all the people in this spatial world. These people gave him too few experience points.

But even mosquitoes had a little meat on them.

Besides, Luo Tian was killing them because they deserved to die and not for the experience points.

After the sudden sneak attack, the remaining eleven woke up.

They immediately retreated dozens of steps back.

Ouyang Feng exclaimed, "If you don't kill him, he will kill us. What happened to Li Xiong will be our ending. But if we join forces, he may not be our match. Besides, his cultivation level is only at the Condensation Element 3rd rank, so what are you guys afraid of?"

"What Brother Ouyang said is correct!"

"We will die even faster if we're afraid."

"We just need to keep him occupied, and more brothers will come to our aid. I don't believe that thirty of us can't handle one person. Even a peak Martial Void expert can be exhausted to death by all of us."

Under the shadow of death, they really become united.

Luo Tian was a bit surprised by it.

Luo Tian thought that killing someone would immediately scare the rest away. He could then go find a place to heal Bai Lingling's wounds and see if he had a chance to experiment with the Imperial Goddess Divine Art to see the results.

But now, these people have become united as one.

This was now getting troublesome for him.

Bai Lingling's injuries were very serious and needed to be treated as soon as possible.

That was the first point.

The second point is that Wu Sha is still chasing him like a mad dog. Once he is held down here, Wu Sha will definitely find him. Luo Tian didn't know what realm that guy's cultivation was in, but his spiritual sense range must be very wide. Once he is discovered, he will not be able to leave even if he wants to.

Since he was out of options, Luo Tian exhaled and readied his Heaven Sword. The sword hummed with killing intent, exerting a powerful pressure that gradually spread out. Luo Tian then smiled coldly, "Come then! Let's see who is going to be the second person to die!"

“Don’t let him scare you.”

“He’s holding onto Bai Lingling, so his speed must have been reduced a lot.”

“Since he wants to protect Bai Lingling, let’s focus our attack on her. Let’s see how he’s going to protect her.”

“That’s right!”

“Bai Lingling is his weak point!”

“Use the same method that we used against Bai Lingling! I refuse to believe we can’t exhaust him to death!”

They quickly came up with a method to deal with Luo Tian.

Ouyang Feng shouted, “I will go first! I want to see how you’re going to kill me!”

Ouyang Feng’s cultivation was at the peak of the Condensation Element 4th rank.

He was stronger than Luo Tian by a small realm.

Based on strength and speed, a normal martial artist at the Condensation Element 3rd rank isn't his match.

But this was Luo Tian.

Looking at Ouyang Feng's arrogant expression, Luo Tian's mouth revealed his grim reaper smile before he said in disdain, "Acting arrogant in front of me? That's the behavior of a person seeking death!"

Luo Tian didn't move, waiting for Ouyang Feng to attack first.

Since they wanted to wear him out with a war of attrition, they will definitely fight him head on.

Therefore, Luo Tian wasn't worried Ouyang Feng would run away.

He was like an old hunter, waiting for prey to come to him. Looking at Ouyang Feng's arrogant expression, Luo Tian couldn't help but laugh, "He really isn't afraid of death."

At this moment, another disciple charged over with a shout, "I will be the second one! Luo Tian, let me see what kind of abilities you have!"

“Huh?”

Luo Tian was briefly stunned.

Was this a sped up version of a war of attrition?

Behind Ouyang Feng was another person, which meant that if Luo Tian focused on Ouyang Feng, he would inevitably be threatened by a second person, a third, a fourth, and then a fifth, and so on.

“Damn it!”

Luo Tian shouted, “You think this daddy has no way out if you guys do this?!”

Luo Tian pointed his sword and said, “Let’s see how many times you can die!”

Ouyang Feng had arrived.

“Armor-piercing Sword Technique!”

As he stabbed forth, Ouyang Feng's yuan energy in his dantian surged out. His sword started giving off a low hum as a powerful energy condensed at the tip. A power capable of piercing through armor was now stabbing toward Luo Tian.

This was the Armor-piercing Sword Technique.

As the name suggests, it was a sword technique that could break the opponent's defenses.

This was the sword technique that Ouyang Feng was famous for.

He had practiced this technique to a near-perfect level, causing the sword thrust to contain a powerful, oppressive pressure.

The most sinister part of this thrust was that it wasn't aimed at Luo Tian but at Bai Lingling in Luo Tian's arms.

Sinister to the extreme!

"Good sword technique!"

“Hahaha... Let’s see if he’s going to save himself or save Bai Lingling. If he chooses to save himself, then Bai Lingling will die under that sword strike. If he saves Bai Lingling, he will be seriously injured. Hahaha... Brother Ouyang’s sword strike is brilliantly thought out!”

Ouyang Feng also revealed a confident and arrogant smile. Seeing how Luo Tian was just standing there motionless, he thought Luo Tian was too stunned by his sword thrust. He couldn’t help but show a mocking expression and sneer, “Kid, are you scared? Hahaha... then go die for me!”

The oppressive sword stabbed forth, locking onto Bai Lingling.

Was he going to save Bai Lingling?

Or was he going to save himself?

Ouyang Feng loudly laughed, “Whatever you choose, you will still be injured! Hahaha...”

However, Luo Tian looked like he didn’t care. Even though Ouyang Feng had a smug expression on his face, Luo Tian knew he could easily interrupt his martial skill by using God Flame.

But Luo Tian didn’t use it. He felt that if he had to use God Flame against a Condensation Element 4th ranker, then he was simply weak to the max.

Luo Tian raised his left hand and said with a smile, “You should save yourself instead.”

“Left-handed sword, Buddha’s Fury!”

“Lie down!”

The Vajra Sword Technique emphasized ferocity and was usually used with both hands. But Luo Tian was using it with one hand, and it somehow was imbued with even more power than usual. A formless invisible Vajra seemed to have fallen from the sky and directly sat on Ouyang Feng’s face.

Chapter 1085: Who Wants To Be The Third One?

“Boom~!”

The invisible Vajra sat down with a loud thud.

Ouyang Feng’s body sank.

He almost shit his pants from being crushed while his two eyeballs bulge out. His face instantly turned pale as a result of that.

His body was restrained by a powerful force, not allowing him to move at all.

Ouyang Feng's expression showed he was shocked. "The Vajra Sword Technique doesn't have such a powerful force! You are only in the Condensation Element realm, so there's no way you can use the power of the Vajra Sword Technique to bind me! This is absolutely impossible! You're definitely not using the Vajra Sword Technique!"

Luo Tian grinned, "Naturally, this isn't one of the moves of the Vajra Sword Technique."

If it were just the normal Vajra Sword Technique, as Ouyang Feng said, Luo Tian's cultivation at the Condensation Element realm shouldn't be able to bind Ouyang Feng, who was at the peak of the Condensation Element 4th rank. However, just before he used the Vajra Sword Technique, he also enhanced himself with Divine Explosion.

The power he could exert instantly surged past his cultivation realm. Therefore, Ouyang Feng was easily suppressed.

It was more than enough.

The Vajra Sword Technique of Luo Tian didn't drop a Vajra Buddha Warrior, but an actual Vajra gorilla similar to King Kong. It was exactly the same violent gorilla talked about in the novel *Invincible Level Up*.

How could Ouyang Feng escape from such a large creature?

Ouyang Feng was completely restrained. Looking at the coldness in Luo Tian's eyes, he felt fear rise in his heart before he managed to shout, "The kid has already used a martial skill! What are you guys waiting for?! Hurry up and attack!"

At this moment, the disciples behind him no longer hesitated and charged at Luo Tian.

Ouyang Feng felt the tension inside him ebb away. He was worried that those people would abandon him and run away. Now that he saw all of those disciples charging at Luo Tian, he let out a sigh of relief before sneering arrogantly, "Damn dog thing! My advice to you is to obediently let me go. Otherwise, I will definitely pulverize your corpse into a pile of dust!"

Acting arrogant once more.

Luo Tian shook his head and smiled. He took a step forward and instantly appeared in front of Ouyang Feng. He then stepped on Ouyang Feng's head and said with a smile, "Who gave you the courage to be so arrogant in front of me? Your fate has been sealed, yet you still dare act so arrogantly? It looks like you really don't know how to write the word death."

Luo Tian exerted strength on his leg, pushing Ouyang Feng's head into the ground.

Ouyang Feng was in an embarrassed state, but he still shouted arrogantly, "I don't know how to write the word death?! It looks like you're the one who doesn't know! As long as you dare to kill me, I refuse to believe you can withstand the attack of ten Condensation Element martial artists all at once! Luo Tian, don't think that you are so great just because you have some special martial skills. In our eyes, you are just a dog of the Bai family!"

Luo Tian's brows furrowed, and a gust of wind burst forth from Heaven Sword. Before Ouyang Feng could finish speaking, the sword was directly plunged into Ouyang Feng's head. Blood spurted out, leaving him unable to say another word.

Dead.

Luo Tian calmed himself down, and the powerful invisible gorilla slowly disappeared. He then kicked Ouyang Feng's corpse to the side and sneered, "Who wants to be the third one?"

"You want to sacrifice your life to force me to use up my martial skills?"

"What a joke!"

"There is no need for me to use up my divine skills to deal with you guys. In my eyes, you guys are nothing but a group of garbage!"

"Bang~!"

Ouyang Feng's body crashed into the nearest disciple charging over. Blood splattered all over that person's face, making him horrified and instantly clearing his thoughts. He looked at Luo Tian with fear in his eyes and didn't dare to take another step forward to attack.

One needs to be ruthless when killing others.

Only when being ruthless would it have a deterrent effect.

Only then would the remaining ten people become scared.

If the first instant kill by Luo Tian was a sneak attack, then this time, it was an overwhelming victory based on the power he possessed. Ouyang Feng, whose cultivation realm was stronger than Luo Tian's, who had reached the peak of the Condensation Element 4th rank, had no ability to fight back.

It was just like an adult fighting with a child. They weren't on the same level at all.

Then what about the rest of them?

Are they all children in front of Luo Tian's eyes?

No one wanted to die.

When Luo Tian killed two people in a row, their fear of him grew even stronger. In addition, Luo Tian had dealt with Bai Yuan for the Bai family and Hai Yulong, a powerful Martial Void expert. Since those two experts weren't his match, why would they court death right now?

The remaining ten immediately stopped.

They slowly stepped back, trying to create a safe distance away from Luo Tian.

Luo Tian's heart relaxed as he said to himself, "It would be quite troublesome if they really attacked me together. Even if I don't get injured in the fight, Bai Lingling would most likely suffer some extra injuries."

After all, Luo Tian was only in the Condensation Element realm.

If he didn't use the transformation card, he wouldn't be a match against the ten of them.

After seeing their fear, Luo Tian laughed in arrogance. "What's going on? You don't dare to come now? You guys think you were very smart in trying to force me to use up my martial skills? Then let's see if you guys are qualified or not."

Everyone had an ugly look on their face because Luo Tian's words made them feel humiliated.

They weren't even qualified to force Luo Tian to use up his most powerful skills.

Strike while the iron is hot!

Bai Lingling's body was already a little cold due to the loss of blood. If she didn't receive treatment in time, she would definitely be in danger. Luo Tian didn't want to delay anymore.

Luo Tian's body suddenly moved as he charged at them. He slashed out with Heaven Sword while shouting, "Kill!"

His aura rose, and killing intent surged into the sky.

With the sudden shout, the ten people who were already scared almost lost their minds. They all fled in a panic, hating their parents for not giving birth to them with a few extra legs. Some crawled, some tumbled, and some were so scared that they peed their pants.

"Hahaha..." Luo Tian laughed.

He thought it was quite funny seeing how embarrassing the ten disciples looked while fleeing.

Luo Tian looked at Bai Lingling in his arms and said, "I will go find a place to heal you. Nothing bad will happen to you now."

Bai Lingling's injuries were quite serious, exceeding Luo Tian's original estimates.

If it weren't for him taking Bai Lingling's treatment as a priority, none of these people would be able to escape. They would all die under his sword!

The four great families allying with each other?

Ao Sheng making things difficult for him?

Wu Sha hunting him down?

Luo Tian's heart was filled with anger, but Bai Lingling's life was more important at this time.

"This damned spatial world only has mountains and forests, and I have no clue how big it is." Luo Tian said to himself with anxiety. There was no sun in this world and no special landmarks to help him determine which direction to go. He could only choose a direction based on his intuition and then quickly head in that direction.

He had to find a hidden place to treat Bai Lingling's injuries.

That wound in her chest would require her clothes to be stripped off for treatment.

Apart from that, Luo Tian wanted to find a hidden spot to study the Imperial Goddess Divine Art.

Chapter 1086: Those Who Harm My Brothers, Die

After half an hour of frantic searching, Luo Tian had combed through every nearby mountain. Apart from rocks, he found only more rocks. There weren't any caves or good hiding spots.

"What a piece of shit place!" Luo Tian cursed.

There were basically just mountains covered in rocks.

It was easy to be discovered in the forest, and it wouldn't be your normal danger if you were found in the process of healing someone.

Luo Tian wanted a cave, but he found nothing.

Right now, Bai Lingling's aura was becoming very weak. If she wasn't treated soon, she will not live for more than half an hour. Luo Tian frowned, glanced at the surroundings, and said to himself, "Do I really have to treat her injuries on top of this bare mountain? She's still a young, unwed girl. If someone sees her naked, how will she be able to show herself to others in the future? Besides, she is my woman. How can I show her naked body to others?"

"Also, if that killing star Wu Sha finds us, the consequences would be..."

At this moment, two figures suddenly fell from the sky.

"Bang~, bang~!"

Luo Tian retreated before examining the two. His expression instantly changed, “Bai Xiong! Lin Dong!”

Those two were seriously injured, with pale faces and blood seeping from their mouths. They were both unconscious, but after hearing Luo Tian’s voice, Lin Dong forced open his eyes and said anxiously, “B, b, boss, quickly, quickly run...”

“Humph~!”

“Run?”

“I would like to see where you can run to this time!”

As the voice faded, Wu Sha’s figure appeared. He then stepped on Lin Dong’s chest and exerted strength.

Lin Dong’s face scrunched up in pain before he sprayed out a mouthful of blood.

“Hahaha...”

“Luo Tian, let’s see how you act arrogant now!”

“Let’s see if you will live or die today!”

“Damn dog thing, you’re definitely dying today. Hahaha...”

A large group of disciples from the four great families rushed over from the base of the mountain. They all stood behind Wu Sha, staring at Luo Tian with smug expressions on their faces. They looked like they couldn’t wait to tear Luo Tian into a thousand pieces.

Luo Tian’s rage was blazing inside.

He was about to go berserk after seeing his brothers injured to such an extent.

Wu Sha then kicked Lin Dong away and said disdainfully, “These two trashes wasted a lot of my time. But if they were to blame anyone for their injuries, they would have to blame you. If it weren’t for you running away, I wouldn’t have found them by mistake.”

“Luo Tian, are you going to commit suicide, or do you want me to make the move?”

Wu Sha’s expression was full of disdain as he didn’t put Luo Tian in his eyes.

Wu Sha thought the first time Luo Tian escaped was because he was careless. But this time, he swore that it would not happen again.

Luo Tian's body was giving off a faint killing intent. His gaze shifted from Lin Dong's figure to Wu Sha's face before saying coldly, "Those who harm my brother will die!"

"Hahaha..."

"Hahaha..."

"Hahaha..."

Wu laughed out loud into the air like he had just heard a very funny joke. Looking at Luo Tian's serious and solemn expression, he said disdainfully, "I'm going to die? You think a piece of trash like you can kill me?"

"A kid that doesn't know the immensity of heaven and earth. You managed to escape the last time, so I want to see how you're going to escape this time."

Wu Sha suddenly moved, his figure turning into a blur as he moved as fast as a gale.

His powerful pressure and his powerful aura crashed down together, causing Luo Tian to feel like a mountain was weighing down on his mind. Luo Tian instantly couldn't move; his whole body and even his pores felt like they were being crushed.

Extremely unbearable!

The rage inside Luo Tian had reached a point where it couldn't be suppressed anymore.

With a thought, the Thor transformation card appeared in his mind.

The moment he was going to transform and kill Wu Sha, he suddenly changed his mind and used another skill.

“Penetration Skill, activate!”

“Boom~!”

Luo Tian and Bai Lingling penetrated through the rocky terrain and into the ground. He could only stare at Wu Sha's direction below and say one last thing to him, “I will definitely kill you soon!”

After saying that, their bodies disappeared into the rocky ground.

Wu Sha's attack hit nothing but air.

He started going crazy by smashing the spot where Luo Tian and Bai Lingling had disappeared down. The rocky pit was pulverized into powder as he yelled, "Luo Tian, scam out here! Scram out here!"

"Bang~, bang~, bang~..."

He was almost driven insane by Luo Tian's antics.

The first time was Invisibility.

This time, it was Penetration.

Wu Sha had never encountered these strange martial skills before.

He was about to go berserk!

The disciples of the four great families looked around in puzzlement. They were unable to understand why Luo Tian had drilled into the rocky ground without activating some type of underground escape array. Could it be that he had used the Underground Escape Technique? But he was only in the Condensation Element realm. Even if he had mastered the Underground Escape Technique, he would never be able to escape from Wu Sha's senses.

What's going on?

The Penetration Skill was an ability that could phase through all wood and stone material walls. It can also allow the user to penetrate into the ground and not let anyone detect their location within a certain time limit. Even if a God came by, they wouldn't be able to find Luo Tian's position.

Luo Tian's heart was aching.

He had wasted two skills on Wu Sha.

This was something he never imagined would happen.

But this was his choice because he would have to use the Thor transformation card if he didn't use his Penetration Skill. However, the value of the Thor transformation card was much higher than that of the Penetration skill.

Luo Tian was unwilling to use up the Thor transformation card because this spatial world had a surveillance camera function. Supposedly, the Misty Cloud Academy will know everything that goes on in this world. If they find out that he had such an ability, his life could be in danger. He didn't want to expose his secrets until he was strong enough to protect himself in the Ancient World.

Luo Tian didn't leave after penetrating through the ground and just hid in a certain area.

He was observing them.

Bai Xiong and Lin Dong were injured, but their lives weren't in danger.

Luo Tian wanted to see if Wu Sha was going to deal with them. If he does, Luo Tian will immediately use the Thor transformation card. He will no longer care about his abilities being found out and just rush out.

He wasn't going to let anyone kill his brothers, especially when he was right there.

"Boss, what should we do with these two half-dead Bai family disciples? One of them is Bai Qi's adopted son." One of the disciples asked cautiously.

Wu Sha had a face full of anger. His spiritual senses were spreading out further, but he still couldn't detect Luo Tian's aura. He was so pissed off that he just shouted, "I don't care about any Bai family! Just kill them!"

That disciple revealed his surprise but immediately replied, "Got it."

Luo Tian, who was hiding underground, had a change of expression. His calculations had gone wrong. At this time, Luo Tian couldn't be bothered anymore. The Thor transformation card appeared in his mind, flashing with a brilliant light.

Chapter 1087: Reverse Push Down

“Bai Xiong, every injustice has its perpetrator, and every debt has its debtor. Blame yourself for choosing the wrong person. You could follow anyone, but you chose to follow that lunatic Luo Tian. Now, you are going to lose your life for him.”

After speaking those words, that disciple was about to chop down at Bai Xiong’s head with his blade.

And Luo Tian was about to shout in his mind, “Activate...”

Before he could finish those words in his mind, Wu Sha stood up and said, “Hold up.”

That disciple stopped his actions in midair.

He didn’t want to kill Bai Xiong because he was a disciple from a second-rate family of Towering Cloud City. The disciples of the four great families didn’t want to do it, afraid the Bai family would go crazy and take revenge on them. That’s why he was forced to be the one to do the act.

He was actually very scared, so when he heard the words “hold up,” he immediately halted his chop.

If it were another person, Bai Xiong’s head might have been chopped off already.

Luo Tian’s heart relaxed, his body drenched in cold sweat.

Wu Sha recalled the words Luo Tian said before he disappeared. He could sense an extremely strong killing intent in Luo Tian's words, which gave him a tiny trace of fear.

Wu Sha then said, "Keep their dog lives for now. When that dog thing, Luo Tian, shows up, I will make him watch his brothers die in front of him. Let's see if he will run away again!"

He said this out loud, but he was actually leaving himself a path to survival.

He was given some information about Luo Tian before coming here.

He was pretty clear about how this mission was created. The second young master of the Hai family, who possessed the Ephemeral Sword, was still no match for Luo Tian. And Luo Tian had escaped twice under his own nose, showing how strong Luo Tian really was.

No matter how arrogant Wu Sha was, he knew Luo Tian wasn't simple.

"Make sure you understand that I don't want them two to die. If those two die before Luo Tian appears, you will all die as well!" Wu Sha said with killing intent. He didn't care how everything that happened in this spatial world would be recorded and sent to the Misty Cloud Academy. He was a person of the Hai family, whom even the Misty Cloud Academy wouldn't dare to touch!

The disciples of the four great families shuddered before immediately replying, "Order received!"

Wu Sha swept his gaze past them and said, "Everyone go out and search. Once you have located him, immediately report it back to me."

“Order received!”

The disciples of the four great families quickly dispersed.

Wu Sha didn't leave.

He sat down cross-legged.

The yuan energy inside this spatial world was so strong that even he, a person of the Hai family, a person in the top 1,000 positions of Poseidon, was greedily absorbing.

He started cultivating, and the yuan energy in his dantian was being replenished slowly.

Wu Sha said to himself, “Luo Tian, I want to see how big of a wave you can create!”

Luo Tian could finally relax a bit after hearing Wu Sha's words to the disciples of the four great families.

Bai Xiong and Lin Dong were safe for now since Wu Sha wasn't planning on killing them yet.

For now, he just needed to treat Bai Lingling and then find a way to deal with Wu Sha.

Luo Tian was traversing underground.

With his Penetration Skill, he could move through underground as if he was walking on a hard surface. There were no obstacles, no restrictions, except for complete darkness.

“This spatial world is actually this big?”

“It would be nice if I could find a cave to hide in.”

Luo Tian was in thought as he kept shuttling around.

Bai Lingling’s injuries had reached a point where immediate treatment was required.

She might die if she wasn’t treated soon.

Just when he was filled with anxiety, his body suddenly sank down.

“Ugh~!”

Luo Tian was in shock, feeling like he had just fallen into a deep hole. He tried to scramble to grab a hold of something since his cultivation didn't allow him to fly yet.

Fortunately, the hole wasn't deep. Luo Tian braced his legs as he felt an impact.

"Hahaha..."

"The heavens surely won't abandon a good person! I never expected that I would find a natural cave here!" Luo Tian was overjoyed and immediately knew he had entered an underground cavern. It was completely isolated from the outside world and was also an excellent place to hide.

Who would even know Luo Tian was hiding in an underground cavern?

There's no way Wu Sha would know!

Moreover, there was no way Wu Sha could find him, no matter how strong his spiritual senses were.

As for getting out? Luo Tian wasn't worried one bit.

Apart from having the Penetration Skill, Luo Tian had his trusty Heaven Sword. Not even iron or steel would be able to stop him, so these rocks definitely wouldn't hinder him.

Luo Tian then placed Bai Lingling on the ground. Seeing her pale white face, he frowned before tearing half the clothes on her chest. One of her snow-white breasts immediately popped out like a mountain reaching for the sky. And at the peak of that mountain was a red date.

Luo Tian didn't have any evil thoughts.

He examined the sword wound on her chest and noticed the surface had healed already, but he could guess her internals were most likely still damaged.

Luo Tian furrowed his brows as he muttered, "Super Regeneration."

A light green light surrounded his right hand before he placed it on Bai Lingling's wound.

"Ommm~!"

After using that skill, the internal wounds beneath Bai Lingling's skin healed up a bit.

A few minutes later, the cooldown was over, so Luo Tian used it again.

“Super Regeneration...”

“Super Regeneration...”

The proficiency level of Super Regeneration was still too low. Even though it had already been upgraded after being unsealed, it was still similar to an ordinary healing technique right now. It was fortunate that Luo Tian had unsealed this skill, or else, right now, all he would be doing was staring in helplessness.

“Super Regeneration!”

Luo Tian used it again, and his yuan energy dropped further.

Each time Super Regeneration was used, it consumed a few thousand yuan energy points. The yuan energy points of the Condensation Element realm were not a lot in the first place, so this kind of consumption would have exhausted a normal person’s supply many times already. Luo Tian had to eat quite a few pills to replenish his yuan energy.

Also, using Super Regeneration was mentally exhausting.

Both his yuan energy and mental energy were exhausted.

Right now, Luo Tian was worn out and looked like he had aged dozens of years.

Bai Lingling, whose head was being supported by Luo Tian, gradually opened her eyes.

In fact, she had woken up early on.

Because lying on Luo Tian's thigh was too comfortable, and she enjoyed being pampered by him, she kept her eyes closed. Her heart was moved to a complete mess upon seeing how gentle Luo Tian was treating her.

When she saw how exhausted Luo Tian looked, she stopped pretending and opened her eyes. "I, I, I feel much better now. You can stop using your healing ability."

Luo Tian smiled at her words before his body suddenly crumpled backward.

Too tired.

He was so tired that he couldn't stay upright.

Seeing Luo Tian like this, Bai Lingling quickly got up and held onto Luo Tian. Tears were swelling in her eyes as she said anxiously, "Hey! Don't scare me like that!"

Luo Tian's face was pale white.

Bai Lingling was getting more anxious by the second. She held Luo Tian's head and cried, "Smelly scoundrel, don't fall asleep! Don't scare me! Don't scare me! What do I need to do to help you?! Quickly tell me!"

Luo Tian spat out two words weakly, "Kiss me..."

Chapter 1088: Activation of the Imperial Goddess Divine Art

"Kiss me..."

Luo Tian fainted after saying those two words.

It had really fainted and not the pretend kind.

He was simply too tired because of the overuse of his mental energy from Super Regeneration. If he hadn't been so tired, he would've noticed that Bai Lingling was only pretending to be unconscious on his thigh. When Luo Tian saw Bai Lingling wake up, both mind and spirit were relieved, which led to him collapsing.

He used his last bit of strength to say two words before fainting.

Bai Lingling couldn't believe what he said, "What did you say?"

"Kiss?"

"Kiss what?"

At this moment, Luo Tian's head was resting on Bai Lingling's soft and supple breasts. It was unfortunate that he couldn't enjoy this feeling at all, or else he would be screaming "awesome" in his mind.

After freezing for a few seconds, Bai Lingling stared at the unconscious Luo Tian and said softly, "You want me to kiss you?"

"Kiss you? Can that help you?"

Bai Lingling didn't know but still kissed Luo Tian's lips without any hesitation. Their saliva gradually intermingled, a slightly sweet flavor shared between them.

This was Bai Lingling's first kiss!

She had never felt such a wonderful feeling before.

Slowly, Bai Lingling acted like she was possessed, greedily sucking and enjoying the sweet feeling deep in her heart. Unintentionally, her tongue suddenly slipped into Luo Tian's mouth, causing her body to suddenly shudder.

A moan then escaped from her mouth.

If we say the kiss had made her feel sweetness in her heart, then her tongue entering Luo Tian's mouth made every cell in her body feel a burning, excited feeling.

A thrilling and addictive feeling!

Bai Lingling's body gradually softened.

Originally, Luo Tian was leaning against her chest. But now, she had slowly lowered Luo Tian's body to the ground while she greedily sucked on his mouth. Two tongues intertwined as Bai Lingling was the one leading the way. Only when she was out of breath did she briefly stop to gasp for air.

Bai Lingling's lips were sticky with saliva, shining with a crystal-clear radiance. Her cheeks were flushed red, making her look incredibly charming and appealing. The twin peaks on her chest were rising and falling, looking like they were about to burst out from her shirt.

The fire inside Bai Lingling's body was growing.

Her body was boiling hot.

Nectar was flowing out from between her legs, and her expression was one that was eager for something.

She didn't forget to check Luo Tian for injuries. At first, Luo Tian was just mentally exhausted, and his face was pale and sickly. Now, his face had a rosy glow on it, but he was still unconscious.

Seeing how Luo Tian's condition had improved, Bai Lingling was overjoyed. Even though she didn't know if kissing him could really help him, she still wanted to do what Luo Tian asked of her.

At this time, Bai Lingling looked around and only saw darkness. It wasn't the forest environment of the spatial dimension anymore.

Her face slowly turned even redder. She took off her shirt and revealed her undergarment. Through her undergarments were two dots clearly poking through.

What the undergarment couldn't cover was her white, unblemished skin without any excess fat underneath it.

Bai Lingling's hands reached for the string around her neck, holding her undergarment. Her eyes stared at Luo Tian without blinking. She bit her lips before her fingers deftly untied the string and let her undergarment fall.

She was nervous and instinctively covered her chest.

After hesitating for several minutes, she let go of her hand, and her body was fully revealed. Her two twin peaks were much larger than expected, and the two reddish-brown dots gently bounced around. The green veins were clearly visible under her flawless white skin.

Bai Lingling slowly lay on Luo Tian's chest before her hot lips kissed him wildly again. At the same time, her hand reached into Luo Tian's shirt, her hot palm sliding all over his chest like an active snake.

Luo Tian's body reacted naturally, giving off a concentrated scent.

This scent made Bai Lingling even more intoxicated.

Upon feeling the muscles of Luo Tian's chest, Bai Lingling's body became even hotter. She sucked on Luo Tian's tongue more intensely, like she wanted to swallow him whole.

Bai Lingling then undid Luo Tian's shirt, revealing a body cast in bronze. Distinct definition outlined his muscles, and the scars from past battles made his body even more charming. Bai Lingling's body shuddered in response.

Her hands kept caressing Luo Tian's chest and stomach. Unintentionally, her arm suddenly touched something hard and straight, poking at her.

That thing was hot and pulsating. The moment she touched it, her body shuddered once more as a moan escaped her lips. The nectar coming from between her legs gushed out once more.

Bai Lingling looked down and noticed that thing was poking out from between Luo Tian's legs. It made a tent shape and looked like it was trying to burst through his pants.

The redness in Bai Lingling's face traveled all the way to her neck.

Looking at Luo Tian again, she noticed that his face had improved. She could clearly feel that the aura coming from him was getting stronger than before, and there were signs that his yuan energy was beginning to circulate.

Bai Lingling asked herself, "Can kissing him really make him get better? And... and... this is just the start. If I have sex with him... will he get better instantly?"

It was hard to fathom how Luo Tian was recovering.

At this moment, Bai Lingling had her own biological needs. She also wanted to taste the forbidden fruit.

Even though she was just a young eighteen-year-old girl, she knew a few things between men and women.

Moreover, she was in front of the man she liked, so she wasn't so reserved. After Luo Tian had saved her family, she made up her mind that she was going to marry him.

After going through these thoughts, Bai Lingling became even more bold.

With her rosy red cheeks and her large charming eyes, she looked at Luo Tian seriously and said, "In this life, I, Bai Lingling, will be your Luo Tian's woman. Until death do us part."

After saying that, she stood up and took off the clothing on her lower body.

She was now completely naked in front of Luo Tian.

The craziest thing of all was after taking off her clothes, she looked at the large rod standing proud and mighty before going over to sit on it.

Chapter 1089: Leveling Four Times, System Reward

Bai Lingling knew about the deeds between men and women, but she didn't know a lot.

She had no reservations in front of Luo Tian.

She gave away her most precious thing without any hesitation because she was in love with the unconscious Luo Tian. At this moment in time, she would give everything for Luo Tian, even if she had to suffer that tearing pain.

"Hiss~ ..."

“Ungh~...”

“Ahhh~...”

She didn't know it would hurt this much! Blood came out from her lower body after she experienced a tearing pain. The heart-wrenching pain made Bai Lingling pause slightly while her body trembled. Even her face had turned slightly pale.

Even if the pain was worse, she still had a faint look of happiness on her face.

That happiness made it look like there was no pain at all.

After stopping for a few seconds, the pain seemed to have gone away. She then started feeling a different sensation; her body had become lighter, and she was floating in a dream. A stream of nectar gushed out from below and covered Luo Tian's large rod.

Bai Lingling trembled, and a blush appeared on her face.

She came!

It felt like flying to her, light, dreamlike, an indescribable sweetness, feelings that were extremely hard to describe. Bai Lingling started getting excited as the thick nectar slid down the shaft of Luo Tian's large rod. She began slowly raising her body and letting it fall back down. Up and down, up and down...

Her speed wasn't fast because she still felt some slight pain.

But this slow motion was very comfortable for her. Comfort she couldn't describe with words. Her lower body was moving, and her breasts were swaying up and down with the same rhythm. Her face was flushed red, making her look even more charming than usual. She couldn't hold back when a soft moan escaped her mouth.

"En~, en~, ah~, ahhh~..."

She would bite her lips at times or moan out softly in pleasure.

It was like a beautiful and melodious song being played in this dark underground cave.

A spring scenery unfolded.

As for Luo Tian, he was still unconscious. The moment Bai Lingling kissed him, the Imperial Goddess Divine Art inside the system automatically began to operate. Bai Lingling had been unknowingly subjected to the influence of the Imperial Goddess Divine Art, being guided into a coordinated effort.

The Imperial Goddess Divine Art seems to be in control of both their actions.

The moment Bai Lingling sat down, the Imperial Goddess Divine Art alerted, "Guanyin sits on a lotus!" ¹

“Ding!”

“Congratulations to player Luo Tian for comprehending the first style of the Imperial Goddess Divine art – Guanyin sits on a lotus.”

“Ding!”

“Congratulations to player Luo Tian for gaining 100,000 experience points, 10,000 yuan energy...”

When Luo Tian’s little brother entered Bai Lingling’s body and pierced through the hymen membrane, system alerts went off.

“Ding!”

“Congratulations to player Luo Tian for gaining 300,000 experience points, 25,000 yuan energy...”

“Ding!”

“Congratulations to player Luo Tian for leveling up!”

He leveled up just like that!

Getting a reward for mastering a style and getting 300,000 experience points for piercing a woman's membrane. The speed of gaining experience points was something Luo Tian couldn't accomplish, even if he killed monsters until he died of exhaustion.

Too fast!

In less than a minute, he gained 400,000 experience points while enjoying himself. Could there be anything in this world more awesome than that?

But this was also due to Bai Lingling taking the initiative, creating a reversal where the woman pushed the man down.

The Imperial Goddess Divine Art was a bed-related divine art, an oddity where the user would gain extra experience points if the woman took the initiative.

Unfortunately, Luo Tian was still unconscious, so his body was enjoying the act while his consciousness knew nothing of it.

If he finds out about this, he would probably die of regret and swear to the heavens that he will never go unconscious that easily ever again.

While doing the act with Bai Lingling, system alerts kept going off in Luo Tian's mind.

"Ding!"

"Congratulations to player Luo Tian for gaining 10,000 experience points, 1,000 yuan energy..."

Alerts would appear in Luo Tian's mind sporadically.

The experience points weren't as much as in the beginning, but they were still considered heaven-defying. You can gain experience points by making love? So awesome!

Half an hour later.

"Ding!"

"Congratulations to player Luo Tian for leveling up!"

"Ding!"

“Congratulations to player Luo Tian for reaching Condensation Element 5th rank! You have gained a system reward, a Superman Transformation Card!”

After leveling twice, he received a transformation card.

Luo Tian was still unconscious, or else he would die from excitement. How awesome was a Superman transformation card?

Ten plus minutes later.

A hot current made of unknown energy coursed through Luo Tian’s body before directly shooting into Bai Lingling through his large rod.

“Ahhhhh~...”

Bai Lingling’s whole body trembled like she was convulsing. Her whole body turned red and rigid. The pleasure coming from her lower body made her speechless as the feeling was simply too intense and enjoyable.

Two streams of hot energy intertwined wildly.

They wrapped around each other with exuberant joy.

Bai Lingling's face turned extremely charming.

Luo Tian was still unconscious.

At this moment, a series of resounding alerts went off in Luo Tian's mind.

"Ding!"

"Congratulations to player Luo Tian for conquering your first woman in the Ancient World. You have gained 1,000,000 experience points, 100,000 yuan energy..."

"Ding!"

"Congratulations to player Luo Tian for leveling up!"

"Ding!"

"Congratulations to player Luo Tian for leveling up!"

After two alerts of leveling up, Luo Tian had reached the Condensation Element 7th rank!

In less than an hour, he had leveled up four times!

This kind of speed was simply perverted to the max!

Too fast!

The Imperial Goddess Divine Art was awesome to a complete mess!

If Luo Tian wakes up, he will definitely die of laughter. The reward from the illusionary space was truly not ordinary. In addition, there was a sss-rank quest from Illusion Fairy. If he manages to complete it, the system will reward him, and the Illusion Fairy will reward him, too.

Moreover, Bai Lingling was just a normal martial artist, yet making love to her allowed him to level up four times. What if he did it with a Saintess from some sect, an Honorable Emperor powerhouse, or even a Goddess? Wouldn't the experience points be off the charts?

This was too heaven-defying!

Ten minutes later, Bai Lingling reluctantly left Luo Tian's body in pain.

She gently bit on Luo Tian's shoulder before smiling sweetly and saying, "Smelly scoundrel, aren't you a bit too powerful? Humph~! Humph~!"

After resting for a few minutes, Bai Lingling helped Luo Tian put on his clothes.

Then she put on her own clothes.

When she saw how Luo Tian was currently snoring, her heart relaxed. She sat down cross-legged, planning on recovering her yuan energy. But at this instant, her body froze like a statue.

Chapter 1090: The Days Ahead Will Be Awesome

She froze like a statue, kind of like being struck by lightning.

Her eyes were full of shock as she couldn't understand what was going on.

"How can this be?"

"How did this happen?"

“I broke through?”

“I actually broke through? And... and... and...” Bai Lingling was so overwhelmed that she couldn’t even form her words correctly. She could feel her current cultivation was completely different from before. The yuan energy in her dantian was more abundant, and the power flowing through her body was much more powerful.

This wasn’t a single breakthrough either!

This didn’t seem like the power of a Condensation Element 3rd ranker!

Condensation Element 6th rank?! How is this possible?!

She was dumbstruck.

Bai Lingling pinched her thigh and felt a sharp pain. She then said to herself, “This is not a dream. I really broke through four small realms. I actually... actually broke through four times...”

“How did I do that?”

She still couldn’t believe this was real because it was simply too inconceivable. Something impossible had happened before her eyes.

She suddenly went to bite Luo Tian’s shoulder once more.

“Hiss~!”

“Ouch~!”

Luo Tian sat up in pain as he massaged his shoulder. He then shouted, “Who is it?! Who is so damn vicious?!”

He was now full of energy without any signs of exhaustion.

Moreover, the aura coming from him was stronger than before, completely different from an ordinary Condensation Element 7th ranker.

Bai Lingling immediately said, “I, I, I just broke through four small realms. Am I dreaming?”

Upon seeing her excited look, Luo Tian rolled his eyes at Bai Lingling and said, “Of course, you’re dreaming. How can you suddenly rise up by four small realms for no reason? I can’t even do that, so how could you?”

“Huh?!”

Luo Tian's expression suddenly changed. He could clearly feel that Bai Lingling's aura had increased quite a bit. His gaze turned serious as he stood up and said, "Damn! You're at the Condensation Element 6th rank! You... you... you..."

"Hold on!"

"What's that?"

Luo Tian's attention was attracted by a card flickering and floating in his mind.

"Super, Super, Superman..."

"Boom~!"

Luo Tian turned dumbstruck, like he had been struck by lightning. He was just like how Bai Lingling was a few minutes prior. Excitement surged in his heart, "A Superman transformation card! Hahaha... hahaha... This is too awesome!"

"Eh? Why would I suddenly have a Superman Transformation Card?"

"Hahaha... My levels! My levels went up four times!"

“This...”

“What, what, what is going on?” Luo Tian was utterly baffled.

But suddenly, his heart turned serious as he said to himself, “Could it be...”

Luo Tian quickly opened up the system’s skill page.

Skill: Imperial Goddess Divine Art

Grade: Divine

Cooldown: None

Consumption: None

Style: Guanyin Sits on a Lotus

Description: This skill...

It was similar to the first time he saw it, but Luo Tian immediately noticed that there was an extra style in the Imperial Goddess Divine Art. It was the familiar “Guanyin Sits on a Lotus.” Luo Tian’s heart was shocked, and his gaze shifted to Bai Lingling. She looked completely different from before, with a luster on her face, and her hair was a bit messy. Her clothes were also a bit messy, and it looked like someone hastily put on their clothes after being interrupted from doing the deed.

After being stared at by Luo Tian, Bai Lingling instantly became embarrassed. Her face turned red as she said tenderly, “Smelly scoundrel, what are you looking at?”

She then turned and walked a few steps away.

When she walked away, her body trembled a bit before she walked with a limp. It was as if she had twisted her ankle, and the distance between her legs was a bit far.

Luo Tian was shocked once more.

“Could it be...”

“Could it be...”

“Could it be that she had ravaged me?”

“My God...”

Luo Tian was completely stunned. He had been dreaming of a reverse push down for a long time. At the same time, he cursed in his heart, “Luo Tian, why the hell did you faint? Why did you faint during a reverse push down? This is the only time in your life that you were going to experience a reverse push down, and you missed it. You even fainted. How unlucky are you? Reverse push down? Guanyin sits on a lotus? Just thinking about the scene is...”

His intestines turned green with regret.

He just stood there like an idiot.

All he could picture in his mind was Bai Lingling sitting on top of him, her breasts bouncing, and her occasionally moaning out loud. Just imagining that scene was awesome to the extreme. But he was unconscious...”

What a pity!

Moreover, Luo Tian couldn't make Bai Lingling reenact that scene again.

After all, she was still wounded down there. Even if Bai Lingling was willing, Luo Tian would not agree to it. He didn't consider himself an animal. Even if he wanted it again, he would not do it right now.

He wasn't a woman, but he had been to sex education classes at school.

"Fuuu~..."

Luo Tian let out a heavy breath before saying, "From today onward, you are my woman. No matter who it is, even if it is the Gods and Buddhas from heaven, they can forget about bullying you. Whoever dares to touch a single hair on you will be uprooted by me!"

Bai Lingling was briefly stunned and moved by Luo Tian's words.

At this moment, she realized that Luo Tian had found out what happened between them. Her face turned red again as she didn't dare to look Luo Tian in the eye. She was so embarrassed that she wanted to find a hole and crawl into it.

Bai Lingling clenched the corners of her shirt and changed the subject, "You haven't told me why I can suddenly break through, and it was four times in a row!"

Luo Tian smiled and replied, "It's because of what you just did with me that you were able to easily break through four small realms. I also broke through four small realms, so my cultivation has reached the Condensation Element 7th rank now."

After saying that, Luo Tian thought to himself, "So the number of times I level up will be the same for the woman who does the deed with me?"

“Damn!”

“The Imperial Goddess Divine Art is a bit too awesome, right?”

“If this piece of news gets out, will all the women in the Ancient World try to kidnap and ravage me? I used to call those crazy gamers leveling machines, yet now I have actually become someone’s leveling machine.”

Luo Tian’s mouth curled up slightly, saying to himself, “I used to worry that my women wouldn’t be able to make further breakthroughs because of their limited potential. But now, I don’t have to worry anymore. Hehe, how can someone like me, who has extraordinary abilities, not have an army of women behind him?”

“Hahaha...”

“The days ahead are going to be awesome!”

“This big bro wants to see who would dare stop me! The Hai family sent an assassin to kill me? Humph~! You guys just wait and see!”

“Wu Sha! You dare hunt this daddy and hurt my brothers?! This daddy will look for you right now!”
