Chapter 1091: This Daddy Is Coming Out

Inside the spatial world, groups of three to five were conducting a grid search.

Three days have gone by, and pretty much every corner of the spatial world has been combed through, but they still can't even find Luo Tian's shadow.

Wu Sha wasn't in a hurry. He sat at the original position cross-legged to cultivate.

As for the disciples of the four great families, they were rather restless. They had come here to take an assessment, yet now they had to waste time searching for a Luo Tian whom they couldn't find. They also couldn't cultivate when there was an abundance of spiritual energy here, so this was undoubtedly a huge loss for them.

"I'm telling you guys, we've been searching for three days already, and the results will still be the same if we continue. That kid Luo Tian has already escaped this spatial world with some secret method. We are basically wasting our time. Why don't we have a duel? The winner stays, and the loser gets out. Wouldn't that be better? The winners can then continue on with the second assessment."

The Deng family was the leader of Towering Cloud City's five great families.

The person who just spoke was Deng Haitong, the leader of the four disciples from the Deng family.

His cultivation realm was also one of the highest among all of them.

Deng Haitong's words immediately elicited responses from the other disciples.

"What Brother Deng said is correct. We are wasting our time here. It would be better if we fought and the losers left early. I don't want to stay in this damn place for another minute."

"We don't even know that guy with the surname Wu, so why should we listen to him? He told us to find Luo Tian, so we did it without complaint? Do we look like we're lackeys? We've been searching for Luo Tian for three days already. He's either dead somewhere, or he has gone out. We've done what our patriarchs have asked us to do. Now, it's time for us to fight to determine the winners. You know there's only ten places, right?"

"That's right!"

"Let's fight!"

Searching every day for three consecutive days, and the results were the same – they couldn't find Luo Tian.

But Wu Sha didn't tell them to stop. He would keep telling them to head back out and search.

This made them all very unhappy.

In front of Wu Sha, they didn't dare to complain out loud. But in private, they had shared a lot of complaints with each other. After all, they came to take an assessment. If they pass the first round, they will get to go on to the second round. In this examination site, they couldn't wait to select ten people quickly.

"I agree with having duels, but should we let Wu Sha know first? His cultivation is much higher than ours. If we make him angry, I'm afraid every one of us here..." One of the disciples said cautiously.

The aura coming from Wu Sha was terrifying and made them all fearful.

If it weren't for that, none of them here would have listened to his commands.

Everyone thought deeply about this, not saying anything for a while.

At this moment, a large rock was fracturing.

"Crack~, crack~, crack~..."

There were loud bangs coming from deep underground as if a wild beast was pounding the ground. The ground trembled, looking like a small earthquake.

All the disciples had looks of surprise on their faces.

“What’s going on? This spatial world has earthquakes?”

“Everyone, look! That large rock is fracturing by itself!”

“What the hell is going on?”

“Is a demonic beast trying to come out from the ground?”

“Could it be a spiritual treasure created by heaven and earth? I heard that sorcerers use scrolls to create special spaces that not only contain rich yuan energy but also have the potential to grow spiritual treasures from heaven and earth. Such spiritual treasures are all worth sky-high prices!”

“Right! I think I’ve heard of this before, too!”

“I’ve heard that many sorcerers deliberately refine special dimensions to cultivate spiritual treasures.”

“Could this spatial world really give birth to a spiritual treasure?”

A glimmer of light flashed in everyone’s eyes. In an instant, they all moved closer to the large fracturing rock. Their eyes were opened wide as they focused their gaze toward that rock.

“Crack~, crack~, crack~...”

Several pieces of debris fell from the rock.

The shaking from the depths of the earth was getting stronger and stronger, and the frequency of the shaking was also getting faster. At first, they thought it was a wild beast crashing into the ground. But now, it felt like thunder and lightning were coming from deep underground, where it could be felt from all over the spatial world.

On a mountainside, Wu Sha frowned before opening his eyes.

After feeling the slight tremor from the ground, his mouth curved into a cold smile before he said, “I didn’t expect that you were hiding underground.”

He then stood up and shouted, “Bring those two Bai family disciples over. Luo Tian is about to appear, so I’m going to let him see his brother die in front of him. Let’s see where else he can run to after that!”

As his voice faded, Wu Sha’s figure shot off in a beam of light. He instantly landed on a treetop before tapping it like a dragonfly skimming water. His figure jumped off and disappeared in just a few breaths of time.

Those disciples didn’t delay, quickly pushing Bai Xiong and Lin Dong along after Wu Sha.

Bai Xiong had an anxious look in his eyes as he said, "Why hasn't the boss left this world yet? What is he still doing here? That demon's cultivation is too strong, and the aura coming from him is something even a Martial Void expert cannot withstand. Boss is no match for him at all!"

Lin Dong was also anxious, saying, "It's all our fault. If we were stronger, we wouldn't have been captured by Wu Sha, and the boss wouldn't have had to risk his life for us. If we can get out alive, I will do my best to cultivate so that this will never happen again."

They were both very worried because they thought Luo Tian should have left this world and not come back to save them.

Wu Sha's cultivation was simply too high.

During these three days, they were constantly only about ten meters away from Wu Sha. Therefore, they could clearly feel the aura coming from him while he was cultivating. They felt that since Martial Void experts couldn't handle him, how could Luo Tian handle it when he was only in the Condensation Element realm?

This guy was much stronger than Hai Yulong, so how could Luo Tian fight him?

This was the main reason they were so worried.

But apart from being worried, they also felt a sense of gratitude.

Inside the spatial world, many disciples were rushing toward that large fracturing rock.

They all thought some spiritual treasure was about to be born.

Each one of them was swallowing their saliva, waiting in anticipation. It was similar to how a bunch of guys were watching a girl doing a strip tease, waiting for an opportune moment to pounce on her.

“Soon!”

“It’s coming!”

“It’s about to come out!”

“Hahaha, I’m getting excited just thinking about it! The heavens are treating us quite well, letting us see the birth of a spiritual treasure. This is something I haven’t seen my entire life, so my horizon will definitely widen.”

Underneath the ground, Luo Tian’s forehead was covered in sweat. He never expected the cave they were staying in to be this deep. It was fortunate that he had his Heaven Sword, or else they both might be trapped here for a while. Upon seeing the light shining through the gap, he wiped the sweat from his forehead and said to Bai Lingling behind him, “Step back a little. I’m going to use one powerful move to smash an opening.”

Chapter 1092: It's Time For A Bloodbath

When a woman is in a relationship, their heart will undergo a big transformation.

They would start listening to their partner and do everything in their partner's best interest.

She used to be a young miss of a large family with people obeying her every word. Now, a single word from Luo Tian and she obediently nodded her head with a faint "en~" sound. She retreated to the side and stared at Luo Tian with love.

Of course, this was mainly due to Luo Tian being very powerful in "that" certain area.

She was still thinking back to that experience.

Apart from Luo Tian's powerful organ, there was also the Imperial Goddess Divine Art secretly assisting as well.

When Luo Tian burst out with a hot white stream of heat, Bai Lingling's body had already been branded by the Imperial Goddess Divine Art. This brand made Bai Lingling even more obsessed with Luo Tian, a hidden attribute of the Imperial Goddess Divine Art.

In other words, when a woman who dislikes Luo Tian does the deed with him, she will be unable to help herself and start falling in love with him.

The power of the Imperial Goddess Divine Art lies in the fact that Luo Tian's charm value will continue to increase.

Seeing that Bai Lingling had retreated to a safe position, Luo Tian circulated his yuan energy. He put away Heaven Sword, lowered his fists, and shouted in his heart, "Ten thousand yuan of energy, activate!"

"Ommm~!"

A wave of heat surged out from his body, and ten thousand points of yuan energy disappeared.

Immediately afterward, the yuan energy transformed into power that flowed into Luo Tian's arms. His veins bulged, and his muscles swelled up, almost ripping his sleeves into tatters. The masculine aura coming from him became even more prominent.

Bai Lingling became intoxicated from staring.

"Mountain River Fist!"

"Break for me!"

Luo Tian punched out with both fists.

“Boom~!”

“Boom~!”

“Boom~!”

The large rock instantly shattered into countless pieces, shooting outward. The thunderous explosion sounded like a bomb had gone off.

“Agggghh~!”

“My eyes! It hurts!”

“My hand! My hand is broken! Someone come help me!”

“My penis! My penis has been struck!”

The sky turned gray due to all the dust, and more than a dozen people were wailing and crying out in pain while they rolled on the ground. These guys were completely clueless, thinking a treasure of heaven and earth was about to be born. Who would think it would be Luo Tian smashing his way out?

And these unfortunate guys were the closest ones.

Luo Tian's cultivation was no longer at the Condensation Element 3rd rank, so his Mountain River Fists were several levels stronger.

His fists were basically a bomb that blew up the rock, so those close by were injured by the explosion.

"Ding!"

"Congratulations to player Luo Tian for killing..."

"Huh?"

Luo Tian was briefly stunned by receiving experience points. "What's going on? Did those flying chunks of rock kill someone? Hahaha, I wonder who it was. That guy is a bit too lucky, right?"

Luo Tian then stretched out his right hand to Bai Lingling and said, "Let's go and save Bai Xiong and Lin Dong."

Bai Lingling was a bit shy but still reached for Luo Tian's hand. Upon feeling the heat of his palm, her body involuntarily trembled.

Luo Tian could feel Bai Lingling's body shake, so he chuckled, "We're already husband and wife, so what's there to be shy about?"

Luo Tian then leaped out of the hole with Bai Lingling.

When the dust settled and the view cleared, Luo Tian looked down from above and saw some people rolling on the ground in pain and some people lying in a pool of blood. He then said in surprise, "Did they know that I was going to come out from here?"

Bai Lingling was shocked as she said, "We're surrounded."

The disciples finally saw two people jump out from the hole.

"It's Luo Tian!"

"It's that kid Luo Tian!"

"He didn't escape from this world and was hiding underground!"

"Humph~! You damn dog thing finally came out? Let's see where else you can hide!"

In just a few seconds, twenty plus disciples spread themselves out and quickly surrounded Luo Tian and Bai Lingling.

Bai Lingling's expression turned serious. She glued her back to Luo Tian's back and asked, "What should we do? We've been surrounded."

Luo Tian smiled calmly and replied, "It's not that we're surrounded; they're the ones that have been surrounded by us. Ling'er, all the people who bullied you last time are here. I'll make every one of them kneel down and apologize to you."

Confidence at the max!

His Condensation Element 7th rank cultivation was the highest here!

Why would he be afraid of them?

In the past, he would have been a little apprehensive when facing them. He would have needed to rely on his divine grade martial skills to kill these disciples of the four great families. Now, Luo Tian didn't really need to activate any skills at all. Even if these people attacked him together, he didn't feel an ounce of fear. In his eyes, these people were all experience points!

And yuan energy!

Don't forget sin points as well!

"Humph~!"

"Luo Tian, don't act so arrogant! This time next year will be the anniversary of your death! Brothers, let's kill him together. Then, we can fight each other and decide the winners." Deng Haitong said impatiently.

If Luo Tian hadn't appeared, he was going to urge everyone to fight anyway.

The disciples all chanted in unison, "Kill him! Kill him!"

"Kill that damn dog thing!"

"He made us suffer for three days searching for him! Motherfucker! Because of you, I haven't gotten a chance to sleep! Let's see where you can run off to now!"

The encirclement quickly shrunk.

Luo Tian sneered at them before saying, "Ling'er, take care of yourself."

Bai Lingling nodded, "I'm already at the Condensation Element 6th rank, so it's not a problem to protect myself. You don't have to worry about me."

"Heh heh..." Luo Tian chuckled sinisterly before disappearing from his position.

"Target, Deng Haitong."

Luo Tian moved at lightning speed, so no one was able to react. His figure appeared in front of Deng Haitong with a sinister expression and full of killing intent. Deng Haitong instantly trembled uncontrollably.

He didn't have time to react and could only utter, "You..."

Before he could finish speaking, Luo Tian swung his right fist with a shout, "Mountain River Fist!"

"Bang~!"

The punch pierced through Deng Haitong's chest.

Completely punched through!

Deng Haitong sprayed out a mouthful of blood. He could only stare at Luo Tian with disbelief before stuttering, “How, how, how, your, your, your cultivation, impossible...”

Even in his dreams, he never imagined the Condensation Element 3rd ranker Luo Tian, now had a higher cultivation realm than him!

He had no strength to fight back when facing the current Luo Tian.

Luo Tian’s mouth curved up into a smile, “There are many impossible things happening in this world. Do you think a bunch of garbage like you guys can kill me? You truly don’t know the immensity of heaven and earth. All of you guys should just kneel down and sing Conquered!”

Luo Tian pulled back his fist and then kicked Deng Haitong flying.

“Ding!”

“Congratulations to player Luo Tian for killing Deng Haitong. You have gained 390 experience points, 90 yuan energy...”

“Sin points, +1.”

Chapter 1093: I Won’t Be Running Away

These people had to die.

Those who injured his brothers and women had to die.

One more important thing was that they knew something that they shouldn't – Luo Tian's martial skills had cooldowns.

Apart from them, the people of the four great families also had to pay a very heavy price. Luo Tian didn't want his secret to be known by anyone. This was not the Tianxuan Continent, where he was the supreme expert. It didn't matter if people there knew his secret because he could control everything there.

But it was completely different in the Ancient World, where experts were as plentiful as clouds.

His Hulk character was already well known in the Central Continent, landing him in the devil sect and orthodox sect bounty list. He would attract even more trouble if his strange secrets were revealed to more scrutinizing eyes.

Luo Tian just wanted to find the antidote to the Soul Poison in peace.

He also just wanted to quietly destroy the Hai family and then return to the Tianxuan Continent with the antidote to save Xue'er. Maybe he will have a large number of children with his wives and enjoy the rest of his life in happiness.

Of course, he wasn't afraid of trouble either.

Deng Haitong was instantly killed, causing everyone's expressions to change.

"His cultivation... I can't sense his cultivation realm. I'm already at the Condensation Element 6th rank, so how come I can't sense his cultivation? How is this possible? Could it be that his cultivation has exceeded mine? That's impossible, right? Three days ago, he was still in the Condensation Element 3rd rank. Is it even possible to make so many breakthroughs in three days?"

"Look at Bai Lingling! Her cultivation is stronger than three days ago, too!"

"She's in the Condensation Element 6th rank!"

"Impossible! How can her cultivation reach the Condensation Element 6th rank already?!"

The disciples of the four great families, who were originally filled with killing intent for Luo Tian, now had fear on their faces. In the past, they thought they had an advantage over Luo Tian because of their higher cultivation.

But now, their cultivation advantage has vanished into smoke!

Luo Tian's mouth curved up to his grim reaper smile before saying, "What's going on? Didn't you guys want to kill me? Why have you all suddenly turned into wooden statues? Come on, come and kill me."

“You guys don’t dare to now?”

“If you guys don’t make a move, then I will.”

Luo Tian suddenly moved, his body leaving a blur of afterimages. His anger erupted as he shouted in a deep voice, “You bastards! Each one of you wanted to kill me, my brothers, and my woman! Even if the Heavenly Emperor came today, you guys can forget about escaping death!”

As his voice faded, Luo Tian pulled out his Heaven Sword, “Vajra Sword Technique.”

“Buddha’s Fury.”

“Die for me!”

“Boom~!”

The Heaven Sword exploded with ferocity, slashing a person in half with a single strike. A system alert was then heard.

“Luo Tian, don’t be so cocky! Don’t forget, there is someone in this spatial world who is stronger than you! Once he appears, you will immediately become a dead dog! My advice to you is that...”

Before he could finish speaking, Luo Tian appeared before him with a smile. “Wu Sha, right? What I’m scared of is him not making an appearance.”

Luo Tian slashed with his sword, instantly killing that disciple.

The system gave him another alert.

“Ding!”

“Congratulations to player Luo Tian for killing...”

“Ding!”

“Sin points +1.”

“Ding!”

“Ding!”

“Ding!”

Luo Tian didn't stop, causing system alerts to sound off one after another. His heart was filled with rage after being hunted down for three days. Now that he had the chance, he was going to pay them back principal and interest!

So what if the four great families allied with each other?

So what if Ao Sheng deliberately made things difficult for him?

So what if the Hai family sent a killer after him?

Luo Tian only had one word for all those injustices – kill!

He was going to use his sword to cut a path for himself. If the heavens were unfair to him, he would kill the heavens. If the controller of fate was unfair to him, he would find an opportunity one day to fuck him or her over.

The disciples from the four great families were depleting very quickly.

Suddenly, a cold killing intent shot out from the forest like an arrow.

Luo Tian's body sagged.

When facing killing intent in the shape of an arrow, Luo Tian raised Heaven Sword and slashed down with a shout, "Grim Reaper's killing intent, break!"

His Grim Reaper's killing intent inside his sea of consciousness stirred.

Luo Tian's body seemed to have been possessed by a grim reaper.

The arrow killing intent was then slashed apart.

"Clang~, clang~, clang~"

The sound of bells ringing came from the collision.

While slashing the killing intent arrow, Luo Tian was forced back several steps until his back hit a large tree. Only then did his body stop moving backward. He then said to himself, "I didn't expect Wu Sha's cultivation to improve so much in just three days!"

Compared to three days ago, Wu Sha's cultivation had clearly strengthened quite a bit.

"Whoosh~!"

"Ommm~!"

The sound of the wind cutting through the forest was heard. As a leaf fluttered down, a foot stepped on it for leverage before pushing off and landing a little more than ten meters away from Luo Tian.

There was a look of surprise in Wu Sha's eyes when he looked at Luo Tian, but the rage he was feeling quickly suppressed it. He then sneered, "Luo Tian, you have finally appeared. You have made me wait for a long time."

Blood was roiling in Luo Tian's chest, but he still stepped forward and said, "You have made me wait a long time, too."

Wu Sha glanced around at the messy surroundings and then looked at the aura coming from Luo Tian. He was surprised once more and commented, "I can't believe that you were able to break through four times in three days. That kind of speed is really quite shocking. But it's a pity that you offended the second young master. Otherwise, you and I may have become friends, and I could bring you into the Hai family. After obtaining the Hai family's cultivation resources, I believe your cultivation level would improve even more quickly. But it's such a pity that you did something that you should never have done – offending the Hai family! This is the dumbest thing you can ever do."

“Therefore, you have to die.”

It was kind of terrifying for someone like Luo Tian to break through four times in three days.

But in Wu Sha’s eyes, killing Luo Tian was the same difficulty as three days ago, as easy as pinching an ant to death.

A Condensation Element 7th ranker was still a feeble existence in his eyes!

However, Wu Sha was extremely serious this time because he wasn’t going to let his prey escape a third time.

Wu Sha suddenly made his move, his figure like a sword slicing over. The sound of air breaking apart was heard, while the remaining disciples revealed a playful expression on their faces.

One of them commented, “Luo Tian, let’s see how arrogant you can be now. With Wu Sha here, your existence is nothing more than prey!”

Luo Tian furrowed his brows as he retreated backward. He sent his spiritual senses outward to detect Wu Sha’s aura before saying to himself, “He’s too fast! I can’t sense his location!”

“But this time, I won’t be running away!”

“Divine Explosion, activate!”

Chapter 1094: Lord Lucifer, Descend Upon Me (3 in 1)

There was no way to avoid this anymore.

If it didn't work this time, Luo Tian no longer had a chance to level up again.

In addition to Wu Sha's powerful oppressive pressure, he couldn't even detect Wu Sha's figure. The gap in the cultivation realms between them was so large that it was like heaven and earth.

As Wu Sha had said, he could completely ignore the threat of a person at the Condensation Element 7th rank.

But Luo Tian was a person who didn't admit defeat that easily.

Even in the face of powerful enemies, he would never admit defeat. Back then, when he was suppressed by the laws of fate on the Tianxuan Continent, he did not bow his head at all. So, in the face of Wu Sha, who was even stronger than Hai Yulong, Luo Tian still refused to admit defeat.

“Divine Explosion!”

“Ommm~!”

When Divine Explosion was activated, all his attributes doubled, and even the damage of his martial skills doubled.

Under the enhancement of Divine Explosion, Luo Tian’s spiritual senses finally detect Wu Sha’s figure. He could only say in shock to himself, “Holy shit! So fast!”

Luo Tian quickly retreated.

At the same time, a system alert tone went off.

“Ding!”

“Target locked!”

“Good!” Luo Tian smiled in joy.

Once he saw Wu Sha’s figure, he immediately locked onto him with God Flame.

Luo Tian stabilized himself and stood still. He raised the Heaven Sword to a suitable stance, causing it to make ringing sounds. He was waiting for Wu Sha to get closer.

“Ten steps, nine steps, eight steps, almost there...”

“God Flame!”

“I’m relying on you!”

Under the enhancement of Divine Explosion, the attributes of God Flame also doubled.

In theory, the chance of a God Flame killing an enemy in this situation was 10%, which was twice than before. This kind of success rate was considered quite high already. It would be incredibly awesome if he could actually instantly kill Wu Sha, but Luo Tian wasn’t going to put all his eggs in one basket.

What will he do if the instant kill effect isn’t triggered?

He had already made all the preparations. Otherwise, he wouldn’t have let Wu Sha get so close to him in the first place.

“That should be close enough.”

Wu Sha made a sudden burst of speed as he punched toward Luo Tian’s head. He harrumphed, “Damn dog thing! Let’s see where you can run off to this time!”

“Explosive Punch!”

“Shatter into ten thousand pieces! Hahaha...”

As the fist approached, a powerful force could be sensed coming from it. If anyone was punched by this, most likely, their body would be blown up into many tiny pieces.

The surrounding disciples from the four great families became excited.

“Explosive Punch?”

“Isn’t that a spirit grade martial skill? Hahaha... Boss Wu is truly Boss Wu. Once he makes a move, it’s already a spirit grade ability. Even if Luo Tian has ten thousand lives, they will all be blown into powder. Let’s see if he can act arrogant then!”

“I’ve heard that Explosive Punch is a very violent fist art, where anyone struck would explode into chunks of meat. Do we need to move back a bit?”

“Yeah, let’s back up.”

“Hahaha, Luo Tian, you are going to die!”

“Boss!”

“Boss!”

“Hubby!”

Bai Xiong and Lin Dong were struggling to get free, but their hands and feet were bound. It was useless, however hard they tried. They watched as Wu Sha’s fist was only half a meter away from Luo Tian. At such a close distance, it was impossible to dodge the Explosive Punch.

With the close distance and their cultivation gap, Luo Tian had no chance.

Luo Tian was definitely going to be blown into bits and pieces!

However, Luo Tian was calm and collected, not the slightest bit flustered. He watched Wu Sha appear from the void and smiled confidently, “I’ve been waiting for you.”

“God Flame!”

“Blast him!”

He raised his palm, and a ball of fire shot out.

“Humph~!”

“How can such a weak fire injure me? This attack can’t even harm a hair on me!” Wu Sha sneered. He didn’t even try to dodge because he was certain this fireball couldn’t harm him at all.

“Are you sure?” Luo Tian grinned.

In a blink of an eye, Explosive Punch met God Flame.

“Boom~!”

“Boom~!”

There were two loud explosions before a powerful energy rippled outward.

Luo Tian tensed up and prayed internally, “Please let the instant kill trigger!”

There was no system alert after, so this meant God Flame's instant kill ability didn't trigger. In other words, God Flame had only interrupted Wu Sha's Explosive Punch.

Since he had already prepared for this, Luo Tian immediately started his next move after sending out God Flame. Two fists struck out, "Mountain River Fist, level three!"

"The weight of a mountain!"

"Boom~!"

"Bang~, bang~"

The two punches landed on Wu Sha's chest. When Wu Sha's martial skill was interrupted, he was momentarily stunned, and he couldn't react fast enough. He was still trying to figure out what just happened and how it could happen.

Even though his cultivation was much higher than that of Luo Tian's, he still didn't have time to react because he was so confused.

Pain shot through his chest, and his figure was sent several steps backward.

Wu Sha frowned because as he was sent backward, both of his arms were caught in claw-like grips.

“Wolf King’s Claw!”

“Get back here!”

The cooldown for Mountain River Fist was over, so Luo Tian used another one. “The weight of a mountain! Rupture him!”

The two punches accurately slammed into the same position as before, causing Wu Sha’s chest to sink in and him to scream out in pain. He then roared loudly, “Luo Tian! You damn dog...”

Before Wu Sha could finish his sentence, Luo Tian ignored him and said internally, “Shoulder Dash!”

“Whoosh~!”

His figure slid in a straight line right back to in front of Wu Sha. Luo Tian then grinned ferociously before saying, “You want to leave when it’s not even over yet? Lie down for me!”

“Mountain River Fist!”

“Bang~, bang~!”

Two more punches were thrown, still hitting the same location. Wu Sha’s chest bones were shattered, and trickles of blood seeped out, staining his clothes. Even Wu Sha, with his high cultivation, was unable to withstand the three consecutive Mountain River Fists in the same spot.

“That’s the eighth combo strike! Hahaha, Boss is too strong! Even when dealing with such a terrifying opponent like Wu Sha, the boss was able to hit him eight consecutive times. Too strong!”

“Huh? It looks like it’s not over yet.”

Bai Xiong’s eyes were filled with worship and excitement. When he watched Luo Tian do those combo strikes, it seemed like he was the one doing them.

Just as Bai Xiong said, it wasn’t over yet.

When they’re ill, you go for the kill. This saying was something Luo Tian practiced on an everyday basis.

Wu Sha was now a little disoriented by his attacks, so Luo Tian had to do everything possible to kill him. If he were to give Wu Sha the chance to fight back, he would be the one who ends up dying.

After using Mountain River Fist, Luo Tian lowered his right hand and summoned out Heaven Sword. Under the enhancement of Divine Explosion, he shouted, “Vajra Sword Technique!”

“Buddha’s Fury!”

“Restrain him!”

“Roar~!”

An invisible Vajra Ape descended. With Divine Explosion magnifying its powers, it roared with the strength like it could rip anything apart. Its butt directly landed on Wu Sha’s head, instantly restraining his movement.

Luo Tian gripped the handle of his sword with both hands before swinging it with all his Vajra power-infused might.

“Die for me!”

“Whoosh~!”

The Heaven Sword cut through the atmosphere with the full might and ferocity it possessed, slashing straight for the center of Wu Sha’s brow.

“Boom~!”

“The ninth combo, finishing blow!”

Luo Tian’s face was a bit pale after slashing out with his sword. The depletion of his yuan energy was too fast due to his constant use of martial skills, so his body couldn’t withstand the repeated drain.

After slashing down, Luo Tian then suddenly retreated a few steps back.

There was dust all over the area, blurring one’s vision and making it difficult to see what had happened to Wu Sha.

But Luo Tian was clear the guy wasn’t dead yet because his system didn’t give him an alert message.

Just this alone spoke volumes.

Luo Tian had a bad feeling, “Not good...”

If he hadn’t depleted his yuan energy so quickly, causing his body to be unable to withstand it, he would have given that fucker another few more punches. But since his body was in a state of exhaustion, he wouldn’t be able to bring out the full power of his Mountain River Fist anyway.

Luo Tian had to rest for a bit, even if it was just for a few seconds.

But a few seconds for a martial artist in the Ancient World was a long time.

“Hahaha...”

“Boss is mighty!”

“Boss is domineering!”

“So what if he’s Wu Sha? He was still crushed by my boss! Hahaha... Let’s see if the four great families dare to compete for supremacy! I want to see Ao Sheng’s face when he sees us coming out of the spatial world. It will probably be uglier than him eating shit. I can’t wait to see it!”

“Hahaha...”

Bai Xiong and Lin Dong were in joy.

It was the same for Bai Lingling.

After personally seeing Wu Sha being crushed by Luo Tian with their own eyes and him being slashed by Luo Tian's sword, they felt that there was no way for Wu Sha to avoid that strike. Since the sword in Luo Tian's hands had such an incredibly powerful murderous aura, they felt it could definitely kill Wu Sha.

The disciples of the four great families had ugly expressions on their faces.

There were even some people slowly backing away, afraid that Luo Tian would start killing them.

At this time, Luo Tian furrowed his brow and said, "Ling'er, back up. The further away, the better."

Bai Lingling was a bit confused and asked, "Why? Isn't that person..."

Before she could finish her sentence, the dust dispersed, and Wu Sha was seen standing in the same place as before. His face was distorted like a hideous demon, with blood flowing lightly from the center of his eyebrows to the side of his cheek.

This made him look even more ferocious and intimidating.

"Hahaha..."

"Hahaha..."

After laughing, Wu Sha said in a sinister voice, "I really can't believe it. You, a low-level martial artist at the Condensation Element realm, can actually explode forth with such great strength. You can even do consecutive strikes. The connection of those strikes was simply perfect without any flaws. Even the high-level combat masters of the Hai family can't do it. I can't believe you can do it, especially with the low grade martial skills of yours."

In the process of speaking, he was slowly walking forward away from the dust cloud.

There was a faint golden glow seen from the wound between his brow. It looked like some type of gold material reflecting the sun's light.

The moment Heaven Sword made contact, Luo Tian felt his hand go numb. It didn't feel like he had slashed a person's skull but a thick steel plate. At that time, Luo Tian didn't think too much about it. But now, his heart sank as he said to himself, "This guy's skull is not normal..."

Wu Sha was neither fast nor slow, just strolling forward until stopping ten meters away from Luo Tian. He then licked the blood from the side of his mouth before revealing a sinister grin. "I haven't tasted fresh blood in a very long time. Who would've thought that I would be injured in such a place like this? If I didn't cultivate the Myriad Golden Mantra, perhaps I would have died under your sword strike. It's such a pity..."

"Luo Tian, it's such a pity you were missing just a little bit. Otherwise, you would have made history today. And your name would appear in the Poseidon leaderboard."

"But you have lost that opportunity."

As his voice faded, Wu Sha completely changed. His body surged with raging flames, and his eyes turned bloodshot. He now looked like a demonic beast that had gone berserk.

Accurately speaking, Wu Sha was indeed in berserk mode.

From time to time, his body would glimmer with golden light, which was due to him cultivating the Myriad Golden Mantra.

His body's defenses had reached a terrifying level!

"The Myriad Golden Mantra is a sky grade martial skill."

"I spent a million xuan coins on the black market to buy it. I have cultivated it for three years now, and it's the strongest trump card I have in my arsenal. I had planned on using this on the next Poseidon ranking tournament, but I never thought I would be using it now on a piece of trash like you. This can also be considered an honor for you."

After saying that, Wu Sha's figure disappeared.

He was nowhere to be seen, and even his aura had disappeared.

At this moment, the timer for Divine Explosion was over and went into cooldown.

God Flame was also on cooldown and couldn't be used.

These were Luo Tian's two strongest skills. Now that they were both in cooldown, what was he going to use?

He was almost in a desperate situation.

Luo Tian moved his left arm and shouted, "Heavenly Plume Shield, come out!"

"Ommm~!"

A shield appeared in Luo Tian's hand.

At the same time, Wu Sha's figure appeared as he shouted, "Even if you have the Heavenly Emperor's shield, I will still smash you into powder! Luo Tian, you have completely angered me! Go to hell!"

"Explosive Punch!"

“Flaming Exploding Fist!”

Wu Sha’s right fist seemed to turn into a large ball of flame as it smashed into Luo Tian.

Luo Tian frowned before quickly blocking with the Heavenly Plume Shield.

“Ommm~!”

“Boom~!”

The impact sent Luo Tian flying more than ten meters away. He crashed into a large boulder, cracking it into dozens of small pieces. His body was partially embedded into the boulder, and his face pale while he sprayed out several mouthfuls of blood. The bones in the arm used for holding the shield were broken in several places.

Luo Tian’s arms were trembling, and the intense pain made him gasp for air.

The power of that punch was too strong!

If it weren’t for the Heavenly Plume Shield absorbing most of Wu Sha’s power, Luo Tian would have been a corpse by now.

The Heavenly Plume Shield had the ability to rebound the attacker's power.

However, the rebounding force didn't cause much harm to Wu Sha. He was still standing tall with a cold sneer on his face. He then said, "I never imagined you would have so many good things in your possession. A sword that is close to a divine grade weapon, and a shield at the sky grade. But, those things will all be mine soon."

"Hahaha..."

His punch sent Luo Tian flying, and Luo Tian had no ability to counterattack. He was doubled over on the ground, gasping for air. Seeing how disheveled Luo Tian looked, Wu Sha felt an indescribable excitement. The smile on his face and his expression became more arrogant. However, the flames of rage around his body didn't disappear.

It was still burning strong!

"Boss!"

"Boss..."

Bai Lingling dashed to Luo Tian like a lunatic.

But the disciples of the four great families instantly blocked her path.

One of them chuckled pervertedly, “Big beauty, where do you think you are going? You want to go help your lover? Hahaha... Quit dreaming. He’s about to die, and you are about to be our plaything! Hahaha...”

“You will not have good days ahead of you from following Luo Tian. You do see what is happening to him, right?”

“He dares to oppose the Misty Cloud Academy and the Hai family, the two most powerful forces of the Central Continent. You should know his fate even without having to think about it.”

“Hahaha...”

“Bai Lingling, just become our plaything already. Hahaha...”

The disciples of the four great families couldn’t handle Luo Tian, but they could easily handle Bai Lingling, who was only at the Condensation Element 6th rank. What’s more, Bai Lingling was anxious to save Luo Tian. When she saw that Luo Tian was injured, her thoughts were in a mess, causing her strength to become half of what it normally was.

In less than ten moves, she was captured by the disciples of the four great families.

“Hahaha...”

“Do you guys see how beautiful her small face is? I haven’t seen her for three days, and she’s somehow even more beautiful and charming. I can’t help but fall in love with her!”

“Luo Tian, weren’t you very arrogant just now?”

“Today, I shall do your woman in front of you! Hahaha... You wanted us to sing Conquered? I will make her blow on my flute first, hahaha...”

“Rip~!”

The clothing around Bai Lingling’s shoulder was ripped off, revealing her snow white skin.

“You animal!”

“Don’t touch my sister!”

“Agggghhh~! You animals! I will not spare any of you!” Bai Xiong roared in anger. He kept struggling but couldn’t get free. The veins on his forehead popped out, and his muscles became larger. His body was starting to resemble a bear now.

Lin Dong was struggling with all his might as well, but they were so tightly bound that they couldn't get free.

At this time, Wu Sha didn't go over to kill Luo Tian immediately. He had a playful smile as he chuckled, "Luo Tian, does it feel good to watch your woman being violated in front of you? Hahaha... After your woman is played with, she will die. You two brothers will also die."

"Hahaha..."

"The so-called silver force, the Bai family in Towering Cloud City, will also disappear from this world forever because you offended the Hai family. The Hai family's authority is sacred and inviolable on the Central Continent. Hahaha..."

Wu Sha couldn't help laughing when he saw Luo Tian's face turn green.

At this moment, two transformation cards were floating in Luo Tian's mind.

But he suddenly changed his mind and didn't use them. There was another option that was more entertaining than those transformation cards. Luo Tian stood up straight, looked in Bai Lingling's direction, and then yelled out, "Fire Qilin, come out!"

Luo Tian then sneered, "Wu Sha, not to mention your Hai family; even if the Heavenly Emperor provokes me, I will fuck him over."

“The strongest force in the Central Continent? The king level Hai family? Heh heh...”

Luo Tian smiled coldly and continued, “I will fuck over the entire Hai family, so you will definitely meet them in hell later. Hahaha...”

Wu Sha was somewhat dumbstruck.

He didn't bother with the Fire Qilin, who was currently slaughtering the disciples of the four great families.

The reason was that he had some knowledge that Luo Tian was able to summon the Fire Qilin due to a special martial skill of his and not because he was a sorcerer. He also had knowledge that the Fire Qilin may seem powerful on the surface, but it was a beast that he could instantly kill whenever he wanted.

Therefore, he wasn't in a rush to take care of the Fire Qilin. Wu Sha looked at Luo Tian with disdain mixed with curiosity, “I really don't understand where you get your courage from. A person that is about to die still says they are going to fuck over the Hai family? I really don't understand you at all.”

“Luo Tian, are you unable to comprehend that you're about to die?”

“Do you somehow think that your Fire Qilin can kill me? If it were back then, perhaps I would be frightened by it. But now, I know your Fire Qilin is only a low-grade beast that a single move of mine can send down to King Yama.”

Wu Sha was really confused about the situation. But when he saw Luo Tian with a confident smile, he couldn't help feeling a bad premonition in his heart.

This feeling was indescribable.

It was as if he could feel a sense of danger.

Luo Tian smiled and said, "The person who's about to die isn't me but you. You may not know it right now, but you will know it very soon."

"Presumptuous!"

Wu Sha's expression turned serious as his figure became a blur of afterimages.

Luo Tian's body suddenly started glowing red, and the sky darkened while also turning blood red. Luo Tian looked up at the sky with devotion in his eyes and said, "Lord Lucifer, please descend upon me!"

Chapter 1095: I Will Not Die

In just a few minutes, the Fire Qilin had killed ten disciples from the four great families.

Since Luo Tian had become stronger, the Fire Qilin he summoned also became stronger.

But even though the Fire Qilin may have become stronger, its health points were still its greatest weakness. It would be very difficult for it to survive a full power attack from Wu Sha. Because Wu Sha had known about the Fire Qilin beforehand, he didn't put the Fire Qilin in his eyes.

It was precisely this that inadvertently created an opportunity for Luo Tian.

His sin points had reached 100!

The system started flashing red.

Without any hesitation, Luo Tian made a confirmation and started enduring five times the pain. This pain could very well be fatal, but so what? If he doesn't kill Wu Sha, then how is he going to continue walking his martial path? Luo Tian has never cared too much about his own body when it came to facing a formidable enemy.

The only thing he wanted to achieve was to kill his opponent.

"Lord Lucifer, descend upon me!"

After roaring those words, the sky and earth seemed to have changed color. Everything started shaking as if the end of the world was nearing. Luo Tian's body started undergoing a crazy transformation, where his body grew larger, and his scapula bones started squirming.

“Boom~!”

“Boom~!”

After those loud explosive sounds, eight large black wings burst out from his back.

Black feathers were fluttering in the sky like black snow. The surrounding environment suddenly turned into a state of deathly stillness.

Luo Tian’s body had changed to one similar to the Archangel Lucifer.

“Fuuu~, fuuu~, fuuu~...”

His breathing sounded like thunder while his gaze could pierce straight through a person. Luo Tian seemed to have instantly taken control of everything around him. Surprisingly, his thoughts were still clear as he sensed the power flowing through his body. His gaze was like laser beams, locking Wu Sha down in place. Luo Tian then said arrogantly, “So, who’s going to die now?”

As his voice faded, his Lucifer body disappeared.

In less than half a breath of time, Luo Tian appeared in front of Wu Sha, flipped his right hand, and threw a vicious slap.

“Bang~!”

Wu Sha’s expression was shocked beyond words upon watching Lucifer appear.

He had never seen such a creature in his life, nor did he know which world this Lucifer creature came from. The only thing he knew was that Lucifer’s aura had completely suppressed him.

Originally, Luo Tian was still a long distance from Wu Sha when it came to cultivation.

The gap was so large that Wu Sha was an existence that could completely ignore Luo Tian.

But now, it was a complete reversal. Luo Tian had transformed into Lucifer, and the cultivation power that burst out of his body was far beyond Wu Sha’s reach. Wu Sha couldn’t even see how Luo Tian had appeared in front of him or when he slapped out.

His face was stinging with pain.

Wu Sha’s heart tightened as his body flew into the air from the slap. He clenched his fists and exclaimed, “No matter what you say or do, the essence of all things will still remain the same. Your cultivation level is only at the Condensation Element 7th rank and cannot be changed. You must have cultivated some

kind of evil martial skill. And this martial skill, like all the other ones you have learned, has a time limit. As long as I can survive this period of time without being killed by you, then I can slaughter you however I want!”

Wu Sha saw through everything while in midair. A flash of golden light appeared around his body, and the yuan energy in his dantian surged. His entire body was instantly filled with a strong aura of power. For the past three days, he had been absorbing yuan energy in the spatial world. The yuan energy in his dantian became dense and vigorous because of that. At this time, he released all of this yuan energy, pouring it into his Myriad Golden Mantra.

A sky grade martial skill!

This martial skill consumed a lot of yuan energy.

Propelled by the powerful yuan energy, the Myriad Golden Mantra was able to unleash the strongest defense. Wu Sha’s entire body turned golden as if he had become a golden statue. In addition to that, there was an invisible golden energy shield outside his body.

“Hahaha...”

“Luo Tian, I have already cultivated the Myriad Golden Mantra to the eighth stage. Even if your martial skills are powerful, you will never be able to break through my defenses. As soon as your martial skill runs out of time, that will be the time for me to counterattack.” Wu Sha laughed arrogantly.

After all, he was Wu Sha, someone ranked in the top 1000 of the Hai family.

How could he enter such a ranking without adequate strength?

Strength alone wasn't enough; one also needed intelligence.

Combining all the information he had received, he quickly saw through everything and knew that Luo Tian's martial skills had a time limit. Of course, this was also his guess, and he wasn't absolutely sure. But he had no other choice and could only follow through with his plan.

However, Luo Tian only smiled at those words. And with his Lucifer transformation, that smile turned into a smile full of killing intent that seemed to look down on living beings. Seeing Wu Sha's golden body, Luo Tian couldn't help but think of League of Legends Zhonya's Hourglass ability, which made her invulnerable briefly. But after being golden for a bit, the champion would become a meat on a chopping block and still had to die!

The League of Legends champion was invulnerable, but this world wasn't a game and not the League of Legends. Even if Wu Sha was invulnerable, he would still have to lie down in front of Archangel Lucifer!

Luo Tian sneered, "I really want to see if your golden body has made you an invincible existence or not!"

His figure moved, and a pressure from the dark sky suddenly pressed down. It looked like the whole spatial world was under Luo Tian's control. Not only that, but the environment outside the spatial world was churning. The whole world seemed to be trembling before Lucifer!

“Power of Darkness!”

“Suppress him!”

Luo Tian opened his right hand, and the eight wings on his back opened up. A black ball of energy rose up from the palm of his hand, distorting the space around it. He flipped his right hand and then slapped down on the ground.

“Boom~!”

“Boom~!”

“Boom~!”

A black beam of energy shot out, similar to a nuclear bomb explosion.

This energy continued to ripple outward, enveloping the entire spatial world.

In fact, the transformation into Lucifer only gave Luo Tian five times his base power.

Luo Tian's cultivation base was only at the Condensation Element 7th rank, so even if it is multiplied by five, it was still not very high. It's like if the starting point is one, even if it's multiplied by five, the result will still just be five. Therefore, the power he could display was still limited due to his low cultivation base.

But this darkness-powered palm strike managed to shatter half of Wu Sha's golden body!

Wu Sha's face suddenly turned pale upon feeling this powerful energy. If he hadn't cultivated the Myriad Golden Mantra, he would have turned into a pile of powder already. He exclaimed to himself in shock, "This Luo Tian is really extraordinary! No wonder Young Master Yulong was no match for him!"

"If I can manage to kill him today, Young Master Yulong might promote me!"

Immediately after, Wu Sha looked over and laughed arrogantly, "Hahaha, you cannot kill me! With my Myriad Golden Mantra, even a peak expert at the Great Diffusion realm cannot destroy my body. As for a puny Condensation Element trash like you? There's no way I would die!"

Chapter 1096: Explode For Me

He won't die?

The defense value of the Myriad Golden Mantra had reached a terrifying level.

This powerful palm strike by Luo Tian only managed to break half of Wu Sha's golden body. However, the ruined half recovered in just about a second. This was the benefit of having a large amount of yuan energy.

The Myriad Golden Mantra consumes a lot of yuan energy, but it can quickly recover as long as the user has enough of it. Just like what Wu Sha said, even a Great Diffusion expert would have trouble dealing with him.

This was Wu Sha's most powerful support!

Seeing how Luo Tian was frowning, Wu Sha started laughing loudly. "Hahaha... Luo Tian, your time is almost up. I will have thousands of ways to take care of you then. I want you to know how cruel I, Wu Sha, can become! Hahaha..."

"A little piece of trash like you wants to fight me? You also want to fight the Hai family, who are comparable to the heavens? Why don't you take a piss and look at your own reflection? What kind of crap do you think you are?"

"You want to treat yourself like some special existence? You are nothing but a piece of trash who doesn't know the immensity of the heavens and earth!"

Wu Sha was very smug.

Extremely smug.

Luo Tian's palm strike was very powerful, but it didn't injure him and only damaged the golden body. This made Wu Sha fearless and unconcerned. His dantian was still full of yuan energy, so he wasn't afraid. From his knowledge and instinct, he believed Luo Tian's transformation into this unknown creature would have a time limit like all his other martial skills.

This instinct was honed by many years of experience. So, he believed he wasn't wrong.

In fact, Wu Sha was correct, and the timer was already halfway through. There was only around 30 seconds left.

Luo Tian looked at the smug Wu Sha and wondered what that guy was thinking.

Wu Sha looked at Luo Tian's frozen expression and became even more arrogant.

The disciples of the four great families, who had originally planned to escape, all stopped and mocked, "Luo Tian, let's see if you're going to die now. Let's see how long you can stay arrogant. When the time is up, you will definitely die on the spot."

"Your brothers and your woman will also die alongside you."

"Motherfucker! You killed so many of my brothers! I will definitely not spare you!"

"Hahaha... Acting arrogant? Keep acting arrogant! Weren't you very arrogant just now? Why have you become a dead dog now?"

The mocking voices never stopped.

In the face of these voices, Luo Tian didn't speak a word.

He stared at Wu Sha without moving, similar to a statue.

It looked like he was frozen in shock.

Bai Xiong anxiously shouted, "Boss! Don't worry about us! Quickly escape!"

Lin Dong added, "Boss! Quickly run!"

They both thought he had no way to kill Wu Sha.

After all, Wu Sha's cultivation base was too strong. He had also cultivated the Myriad Golden Mantra, which was a sky grade martial skill that had extremely strong defense. Even a Great Diffusion expert may not have withstood Luo Tian's previous blow, yet Wu Sha was completely unharmed.

Moreover, they believed that Luo Tian's transformation into Lucifer had a limited time. Once the time was up, he would return to his original form. At that time, he would not be a match for Wu Sha at all. If Luo Tian chooses to escape at this time, he may still have time to do so because Wu Sha wouldn't dare to chase after him.

“Ten seconds!”

At this time, Luo Tian suddenly spoke.

Wu Sha was momentarily stunned before asking in confusion, “Ten seconds? What ten seconds?”

Luo Tian’s mouth curved into a faint smile and replied, “Ten seconds is the amount of time you have left to live. Now, there’s only nine seconds.”

As his voice faded, Luo Tian’s body suddenly blurred. Something similar to a black hole had appeared in the palm of his hand, surging with endless dark power. He then slapped his palm in a downward motion.

“Boom~!”

“Boom~!”

The sky quickly darkened, and thousands of lightning streaked through the clouds.

The scene quickly turned terrifying to behold.

However, just like before, Luo Tian's attack only managed to break half of Wu Sha's golden body. The damage was exactly the same as his first strike, and nothing else had changed.

Wu Sha started laughing like crazy, "Hahaha... Luo Tian, did shit get into your brain? Such an attack can't even hurt a single hair on my body! Trash, stop wasting my time. You can't kill me."

Before Wu Sha could finish speaking, Luo Tian's second palm descended.

"Boom~!"

"Boom~!"

After another series of explosions, an energy beam shot out and caused Wu Sha's body to sink down slightly. His golden body was damaged but quickly recovered. However, compared to the first strike, the recovery speed of his golden body wasn't as fast.

Luo Tian's two attacks were probes! The recovery of the Myriad Golden Mantra indeed took some time. Even though it was very short, it still took time.

This was the weakness.

Wu Sha's expression showed he was slightly surprised. He was well aware of the weaknesses of the Myriad Golden Mantra, but this would require encountering a powerful expert above the Great Diffusion realm. Otherwise, even the strongest attack could not harm him.

But the attacks that Luo Tian made were too terrifying.

Wu Sha pretended to be calm and laughed arrogantly, "Luo Tian, do you still not understand? Your attacks are useless against me. My Myriad Golden Mantra makes me invincible! Hahaha..."

At this time, the disciples from the four great families ran over and shouted, "Boss Wu is mighty! Boss Wu is migh..."

"The third palm!"

"Boom~!"

"Boom~!"

There was no delay between strikes. The third palm smashed down, causing Wu Sha's face to instantly pale a bit. A slight tremor went through his body because the third palm strike had actually caused him a bit of damage.

Wu Sha still pretended to be calm by laughing loudly.

The disciples of the four great families kept shouting in a frenzy.

In their eyes, there was no way Luo Tian could kill Wu Sha.

“The fourth palm strike!”

“Boom~!”

“The fifth palm strike!”

“Boom~!”

“The sixth... the seventh...”

One palm followed by another.

By the seventh palm, Wu Sha no longer showed an arrogant expression since he couldn't even smile anymore. Instead, blood was spraying out from his mouth. His eyes were filled with fear as he released his last bit of yuan energy before glaring at Luo Tian, “Luo Tian! You are unable to kill me!”

Luo Tian grinned, "Still so stubborn?"

"The eighth palm strike!"

"Boom~!"

The palm sent Wu Sha flying for dozens of meters.

Luo Tian coldly stared at Wu Sha and asked, "Are you still being stubborn?"

Wu Sha leaned against a boulder and looked at Luo Tian in confusion. "Why? Since you knew the weakness of my Myriad Golden Mantra, why didn't you finish me off immediately? Why wait for so long?"

He couldn't understand why Luo Tian dragged it out for so long.

Luo Tian had a sinister smile as he replied, "Because I wanted you to know that I could've gotten rid of you in the first ten seconds. The reason why I didn't do it was because I wanted to see that desperate expression you have on your face right now."

Wu Sha's eyes darkened as the rage inside him erupted. But it was all useless. His body couldn't handle any more injuries.

He coldly stared at Luo Tian and said, "Luo Tian, it won't be long before you will die as well."

"Enough of the bullshit! Explode for me!"

Chapter 1097: Passing the First Round

"There's no need to trouble you with whether I die or not."

"You can go straight to hell now."

"The ninth palm strike!"

As the palm descended, Wu Sha didn't try to dodge.

He also didn't have the strength to dodge. He just stared at Luo Tian with a mocking expression before laughing, "No one has survived on the Central Continent after offending the Hai family. You will soon come to hell to keep me company, hahaha..."

"Boom~!"

“Boom~!”

Brain matter splattered all over before Wu Sha’s body turned into a puddle of water.

Wu Sha had died!

“Ding!”

“Congratulations to player Luo Tian for killing Wu Sha. You have gained 200,000 experience points, 18,000 yuan energy...”

“Congratulations to player Luo Tian for gaining the Myriad Golden Mantra. Do you wish to learn it?”

“Ding!”

“Sin points +1. Your current total sin points is 1!”

Luo Tian’s sin points started from zero once more.

At this moment, the eight black wings behind him started shrinking before disappearing. Luo Tian also returned to his normal self. The powerful energy coursing through his body had been drained, making him feel really uncomfortable. It was as if a stunning beauty was pulled out of his arms before disappearing before his eyes.

After hearing the last alert, Luo Tian was briefly stunned as he said to himself, "If I don't use my sin points to transform into Lucifer and just keep saving them to a thousand or even ten thousand points, I wonder what kind of transformation I would get? And one minute is simply too short, and more and more people know my martial skills have a time limit."

Wu Sha was only guessing, but he guessed right.

Moreover, all of his information will eventually appear before the Hai family. Most likely, he wouldn't be able to hide the fact that it was he who transformed into Hulk back in the mountains. He will be exposed to the public and put in a situation where it will become more dangerous as each day goes by.

Luo Tian felt a looming crisis.

"I need to get stronger quickly."

This was his only path to survival.

Moreover, Wu Sha's words made his heart tighten. Once Wu Sha dies, the Hai family will definitely send an even more powerful assassin.

Luo Tian embarrassed the second young master of the Hai family badly in public, which would definitely have a great impact on the Hai family's reputation. They generated a mission and sent a killer who was ranked in the Poseidon rankings but was still unsuccessful in taking down Luo Tian. This matter will spread throughout Misty Cloud City and make the Hai family even more furious.

Most likely, before this spatial world scroll is even delivered to the Misty Cloud Academy, the Hai family would have already sent a powerful assassin to eliminate Luo Tian.

Wu Sha said those words not to threaten Luo Tian.

The Hai family was an absolute overlord-level presence in the Central Continent. Among the few king level forces around, the Hai family was the strongest!

Deal with the Hai family?

Fuck the Hai family over?

This was like a distant dream that would never come true.

But Luo Tian was a person who never admitted defeat. The Hai family treated a woman like Yi Yunmeng with such terrifying poison. And it was a woman he liked too, so there was no way he was going to swallow this insult. He wouldn't be called Luo Tian if he didn't kill Hai Yulong and fuck over the entire Hai family!

With Wu Sha's death, Luo Tian reverted back to his normal body.

The disciples of the four great families were all dumbstruck.

Not all of them immediately escaped.

Only some of them broke their identity tokens, causing them to disappear from the spatial world. Shattering one's identity token meant they had given up on the exam.

Luo Tian swept his gaze around and said coldly, "The four great families allying with each other against us? None of you can dream of escaping. I would like to see what other tricks you four families can show me."

Luo Tian then said, "Ling'er, go help untie Bai Xiong and Lin Dong. I am going to make these people pay the price of what they've done these past few days."

These remaining people had to die because they knew too much.

Moreover, Luo Tian never held back when there was someone who deserved to die. Also, for the Lucifer transformation's sake, these people had to die. In the past, Luo Tian thought the sin points were useless, but it ended up helping him a lot today. If it weren't for the sin points, he would have to waste a transformation card, which would be one less thing for him to rely on.

"Hahaha..."

“Boss is mighty!”

Bai Xiong yelled while full of admiration for Luo Tian.

He felt that Luo Tian was simply too powerful.

Lin Dong said in seriousness, “Boss is really strong. If we want to follow him, we need to cultivate like crazy. Otherwise, what qualifications would we have to follow in his footsteps?”

After hearing Lin Dong’s words, Bai Xiong’s excited expression instantly turned serious. He furrowed his brow and said, “Starting today, I, Old Bear, will definitely train harder!”

As they watched Luo Tian’s figure disappear into the forest, they both said, “Boss, I will definitely follow in your footsteps. I will follow you all the way.”

The main reason was that following Luo Tian was too much fun.

Bai Lingling looked at Luo Tian’s back and smiled. Her cheeks went red when she thought about what had happened in the underground cave. She felt a little shy when saying to herself, “In the future... maybe if I just follow him and roll around in bed, I will be able to make further breakthroughs. Hold on, Bai Lingling, you’re supposed to count on yourself! But, but, hubby is really strong, and that makes me want to rely on him.”

In just a short hour, she broke through four times.

How can one not be attracted to it?

Seeing how Bai Lingling's face was red, Bai Xiong asked, "Little sis, what are you thinking about? Why is your face so red? Are you running a fever?"

Bai Lingling misheard Bai Xiong and glared at him, "You're the one in heat!"

Bai Xiong scratched his head and muttered, "I'm not hot or have a fever. What is little sis talking about?"

Half an hour later, the remaining disciples from the four great families were taken care of.

Only the disciples of other smaller families from Towering Cloud City were left because Luo Tian had spared them. After all, they were also forced by others to act.

Around the time when Luo Tian finished off all the disciples from the four great families and went back, the spatial world underwent some unknown changes.

The ground and everything around started shaking.

Luo Tian frowned and wondered out loud, "What the hell is going on now?"

Bai Xiong laughed, "Boss, we have passed the first round of the exam. Once this spatial world reaches only ten people, it will start to disappear, and we will be transported out. Hahaha..."

"We passed the exam!"

"We finally passed the first round of the exam!"

"Boss is mighty!"

The four of them had passed the first round of exams. But this was just one of several rounds, and it just happened to be the easiest one, too.

Luo Tian was quite happy to be able to pass. As he walked through the portal, he said to himself, "Silly Queen, I'm one step closer to you. Xue'er, I'm also one step closer to finding the antidote to the Soul Poison. Just wait a little longer. I will definitely find it as soon as possible."

Chapter 1098: All-out War (3 in 1)

Outside the spatial world, Ao Sheng's face was uglier than a pig's liver.

His eyes looked like they wanted to eat Luo Tian alive, and killing intent surged out of him as he shouted, "You, you, you..."

While glaring at Luo Tian, Ao Sheng couldn't say anything else but the word "you" a few times.

The rage inside him was practically erupting like a volcano, but he didn't dare to make a move against Luo Tian. The main reason is that if Wu Sha, who was ranked #990 in the Poseidon rankings, couldn't deal with Luo Tian, could he?

Definitely not!

Ao Sheng had a feeling he was not a match for Luo Tian.

When he saw Luo Tian come out of the spatial world with an arrogant smirk, he held down the deep-seated hatred he had for him.

It took a while for Ao Sheng to suppress the hatred in his heart. He then finally smiled and said, "Luo Tian, congratulations to you!"

Luo Tian replied with a smile, "It was all thanks to you, Lord Ao. If you hadn't made us go in late, how could we have beaten this round of the exam? Lord Ao, you are really too kind to us. Hahaha..."

Ao Sheng's face twisted into anger.

His gaze darkened as he whispered, "Did you really kill Wu Sha?"

Luo Tian pretended he didn't know anything and replied, "Who is Wu Sha? I have never heard of that name. Is he or she a disciple of the four great families? Or a disciple of a smaller family in Towering Cloud City? Lord Ao, I really haven't heard of this person you are asking of."

"You..."

Ao Sheng narrowed his eyes. He had never recorded Wu Sha's name in the participant roster because he didn't want to be involved that much on paper. The Hai family was the Hai family, while the Misty Cloud Academy was the Misty Cloud Academy. Both behemoths had their own rules, and Wu Sha was sent to kill Luo Tian.

Once Luo Tian dies, Wu Sha will quickly leave the spatial world and not delay the assessment of the Misty Cloud Academy.

What Ao Sheng never expected was this current outcome.

When he heard some of the disciples from the four great families, who had escaped first and narrated the details, he still refused to believe Luo Tian had the ability to kill Wu Sha. To him, this was an impossible matter. No matter how strong Luo Tian was, he could not be a match for Wu Sha.

One needs to know the Poseidon ranks were only for the strongest Hai family members.

The one thousand Hai family disciples in the rankings were all beyond strong.

Even though Ao Sheng refused to believe it, he still had to accept the details within the spatial world. No one else had come out from the spatial world, which meant Wu Sha had indeed died in there.

The words from those disciples were true. Wu Sha was killed by Luo Tian. He was killed by Luo Tian, who had transformed into some demonic entity.

Luo Tian said foolishly, "What's going on? Lord Ao, why are you asking about this Wu Sha? I really don't know this person, so why are you asking me about him or her?"

Ao Sheng knew Luo Tian was pretending to be dumb but didn't want to publicly declare Wu Sha's identity. Otherwise, his position in the Misty Cloud Academy could be affected. He furrowed his brow and reprimanded in a low voice, "Luo Tian, don't be too smug. You and I both know what his identity is. You should know the consequences of killing him. Even if you somehow manage to become an Honorable Emperor powerhouse, you still won't be able to escape death on the Central Continent!"

After saying that, Ao Sheng flicked his sleeves, furled up the scroll, and went back into his courtyard.

Bai Xiong walked over and asked, "Boss, what did that old thing talk to you about?"

Luo Tian replied, "Nothing much. He was just saying some congratulatory words, haha..."

Seeing Ao Sheng's back disappear, Luo Tian clenched his fists inside his sleeves. He then said to himself, "I won't be able to escape death? I really want to see who will be trying to escape death later on. Motherfuckers, I have to die after offending the Hai family? For those that offend me, they won't be able to escape death even if the Heavenly Emperor comes to help them out!"

Luo Tian didn't tell the truth because he didn't want Bai Xiong to worry about it.

This was a matter for him alone to deal with.

He wanted to use his own ways to take care of this.

After being treated so unfairly by Ao Sheng and now being threatened by him, Ao Sheng's name was already on Luo Tian's death list.

Apart from Ao Sheng hating Luo Tian to the bones, the people of the four great families were also glaring at Luo Tian with hatred.

The disciples of the four great families were considered completely wiped out because not a single one of them passed the first round of the assessment!

Moreover, most of them had died inside. The only surviving ones were the disciples who made the decision to crush their identity tokens right from the start were spared. There was no doubt that all of

them died at Luo Tian's hands. The eyes of the patriarchs of the four great families were bloodshot because of this. They wanted to chop up Luo Tian and dice his meat into minced meat!

Bai Qi had a rosy complexion on his face as he walked over with a big smile. He stopped at Luo Tian's side and said, "Good son-in-law! You really didn't let me down, hahaha... So what if you suffered a lot of injustice? So what if the people from the four great families allied themselves against you? They were still routed by you! What a funny joke!"

"Hahaha..."

The elders and disciples of the Bai family all sighed in relief.

It felt like they had vented their anger upon seeing Luo Tian and the other three. They all walked closer and stood behind Luo Tian. They stared back at the people from the four great families, who were all staring at Luo Tian with a predatory gaze.

Everyone was on guard at this moment.

"Humph~!" Deng Leigong gave a deep harrumph.

Even though Yi Yunmeng warned him not to make things difficult for Luo Tian, he felt that Yi Yunmeng no longer had the high status she had before after the incident with Hai Yulong.

Misty Cloud Academy's number one iceberg beauty had become the number one ugly girl.

Since that was the case, then there was really nothing for him to worry about. After harrumphing, Deng Leigong said, "Bai Qi, even if all four of your family members passed the first round of the assessment, so what? We don't know how your people passed the assessment, but their actions are clearly recorded in the scroll. With such heavy bloodshed, I doubt your four family members will be able to pass the review of the Misty Cloud Academy. You just wait and see!"

He used to be a student of the Misty Cloud Academy, so he knew the first round would be reviewed by the academy.

Since so many disciples from the four great families were either dead or injured, there was no way Luo Tian could pass the first round.

Bai Qi's eyes showed some startlement as he forgot about this momentarily. But he didn't want morale to fall at this time, so he sneered, "Deng Leigong, even if what you say is true, so what? Even if my family members fail the first round, it is still enough to show that the four families joined forces against us but were still defeated by the Bai family. Hahaha... Besides, just because you say they can't pass the first round, does it really mean they can't? Are you the examiner? Deng Leigong, you're getting old. Do you think your standing is still the same as before? And you know everything about how the Misty Cloud Academy works? Humph~! You really must think you are still something special!"

Bai Qi was not giving him any face at all.

He made Deng Leigong, the Towering Cloud City's number one expert and the patriarch of the number one family like he wasn't even worth a penny.

Deng Leigong was so angry that his face turned red. The aura from his body instantly surged out as he glared at Bai Qi, "Presumptuous!"

Bai Qi showed no fear and said, "I like being presumptuous, so what can you do about it? If you dare to make a move against me here, that means you are not giving the Misty Cloud Academy any face. I would really like to see what you can do to me."

Those words were arrogant and domineering!

This made Luo Tian look at him differently.

The patriarchs from the other three great families immediately came over to dissuade him. "Old Man Deng, this is not the place to fight. There are many people from Towering Cloud City present, so we can't look like a joke in front of them."

"That's right!"

"Old Man Deng, the Bai family won't be able to jump around for long."

When those patriarchs spoke, they were all glancing at Luo Tian.

They weren't too afraid of him before, but now, they were quite wary of him, especially after what happened inside the spatial world and his breaking through four small realms in just a few days. This kind of cultivation speed was inconceivable to them. If they hadn't known about Luo Tian's cultivation realm prior to entering the spatial world, they would never have believed it, no matter what anyone says.

Deng Leigong gave another heavy harrumph and flicked his sleeves. He then loudly proclaimed, "Bai Qi, since you are implying that even after our four families formed an alliance, we are no match for your Bai family... Today, I will represent my Deng family, the Ouyang family, the Zhang family, and the Li family in declaring war against your Bai family. I would really like to see how strong your Bai family is!"

"I agree."

"I also agree."

"I... also agree."

Even Bai Qi himself did not expect this outcome. He had thought that the Bai family would showcase their prowess and the entire family would celebrate for trampling on the other four great families. He never expected that Deng Leigong would suddenly declare war on the Bai family.

And it wasn't just one family but all four of the strongest families in Towering Cloud City!

Bai Qi's heart instantly felt as if it had fallen into an abyss. His face looked a bit unsightly as he stared at Deng Leigong and asked solemnly, "Deng Leigong, are you sure you want to do this?"

Deng Leigong replied with a smile, "I am definitely sure I want to do this. Didn't you say that the joint alliance of all four of our families couldn't deal with your Bai family? That's why I really want to see exactly how strong your Bai family is! Humph~!"

"Bai Qi, we will start now."

"Us four families will join forces to suppress your disciples, your allies, and your businesses in Towering Cloud City. We will spare no effort until the Bai family is completely eradicated!"

After saying that, Deng Leigong turned around sharply and looked at the people of Towering Cloud City, especially the members of the second-rate clans. "From today onwards, anyone who dares to help the Bai family is opposing me, Deng Leigong, and opposing the four great families. The outcome of that will be death!"

The crowd was shocked upon hearing this, and no one dared to say a word.

Those smaller families either nodded or bowed, not daring to make a sound in case it was considered a form of defiance.

In an instant, the Bai family had been isolated in Towering Cloud City.

Bai Qi's expression darkened.

At this moment, it wasn't just Bai Qi, but all the Bai family disciples and elders had unsightly looks on their faces. None of them imagined Deng Leigong would form an alliance with the other three great families and declare war on their Bai family. This had completely caught them off guard!

At best, the Bai family's strength was comparable to the Ouyang, Li, and Zhang families. However, after the coup by Bai Yuan, the Bai family's strength suffered a big setback. They were now weaker than the Ouyang family, not to mention the Deng family, which was like a juggernaut.

The Bai family was not their match!

Bai Qi was so angry that he couldn't even speak.

This move was extremely brilliant.

The Bai family had four disciples who passed the first round of the assessment, while the other four great families had no one. So, it would be best to suppress the Bai family as soon as possible. The Bai family's influence in Towering Cloud City will definitely increase rapidly, but this will take some time.

Deng Leigong wasn't going to give the Bai family any time to grow.

This was a sudden declaration of war!

Thus, the Bai family was instantly plunged into a crisis.

Bai Qi had an ugly look on his face as he felt the enormous pressure on him. This kind of pressure was something he had never felt before, not even when Bai Yuan tried to take over. He was completely suppressed by Deng Leigong.

Luo Tian watched this play out and walked forward with a sneer. He stared at Deng Leigong and the other three patriarchs and said, "Declaring war, huh? Exactly the way I like it. That will save me from going to one family at a time. All of you came at me together."

"That's right!"

"Since you guys declared war, then let's start right away!"

"This daddy would like to see what the joint alliance of the four great families can do. Inside the spatial world, your disciples all died in front of me. So, if you want to take revenge, then come at me together."

"Let's fight!"

Luo Tian was incredibly arrogant.

His domineering momentum was blocking Deng Leigong's momentum!

Bai Xiong also shouted, "Let's fight!"

Lin Dong added, "I had an unpleasant experience inside the spatial world. Since the four great families are so sinister, we should just fight right now!"

The momentum was flipped, and the people from the four great families were being suppressed by just three people.

The main reason was that Luo Tian had exploded with a terrifying power within the spatial world. In the eyes of the four great families, Luo Tian was an alien who had cultivated countless powerful martial skills. No one could say for sure if he would suddenly bring out an even more powerful ability.

As for Luo Tian, he just wanted to start the fight right away because he needed experience points, yuan energy, and those very useful sin points!

However, Deng Leigong smiled with narrowed eyes, "No need to be in a rush. We will fight eventually. Bai Qi, you just wait and see."

After saying that, Deng Leigong waved his hand and said, "Head back and prepare!"

“Luo Tian, you are only one person. I want to see what qualifications you have to protect the Bai family and how you’re going to contend with all four of our families at the same time.”

“Let’s go!”

The people from the four great families quickly left.

The declaration of war wasn’t a joke.

They needed some time to come up with a plan to deal with Luo Tian.

Luo Tian was their biggest problem. If he wasn’t present, they would’ve started fighting right then and there.

Just because of Luo Tian’s existence, they had to hold back and couldn’t move recklessly.

In reality, if the war broke out right then and there, the Bai family would most likely be defeated, and everyone would die. The Bai family would be disbanded by the four great families in a single day, and their status as a great family would be removed from Towering Cloud City. Allowing the four great families to go back and discuss a countermeasure had actually given the Bai family a chance to catch their breath.

Bai Qi looked at Luo Tian, feeling that they had gambled too big.

Luo Tian looked at Bai Qi and said, "Uncle Bai, let us return first."

Bai Qi immediately proclaimed, "Let's return home!"

The branch of the Misty Cloud Academy.

Ao Sheng was anxiously pacing back and forth with the scroll in his hands. He didn't know whether to hand it over or not. Once he handed it over, Misty Cloud Academy would discover that he had broken the rules by allowing Wu Sha to enter the assessment location. This was considered a serious violation.

If he doesn't hand it over, how is he going to explain this to the Misty Cloud Academy?

This was an examination ground that a sorcerer had refined, so he had to hand it over.

Once handed over, he will definitely be punished. Moreover, the Hai family will definitely be unhappy with his performance. He didn't know what to do because this would result in him losing favor with both factions. "Luo Tian, you son of a bitch! You really deserve to die!"

"What number 990?! What Wu Sha?! You couldn't even get rid of a piece of trash in the Condensation Element realm, yet you dare to tell others you are on the Poseidon rankings!"

“What a piece of trash!”

The old man in the yellow robe saw how anxious Ao Sheng was, so he said, “Brother Ao, I think it’s best to report this to the Hai family first and let them decide. After all, we’ve done what we were told to do. It’s not our fault that Wu Sha couldn’t kill Luo Tian.”

“Moreover, even if the senior leaders of the Misty Cloud Academy see what happened in the scroll, they may not necessarily offend the Hai family for an unknown kid like Luo Tian. And the Misty Cloud Academy has leaders from the Hai family, too, so maybe they will take care of it.”

Ao Sheng’s eyes shook before a glint appeared in them. He said with a smile, “Thank you for the advice, Brother Huang. I will immediately head back to Misty Cloud City and notify the Hai family so they can decide what to do. I can also pass along some updated information on that dog thing Luo Tian.”

By doing this, he would be less likely to be punished.

The old man in the yellow robe replied, “That would be best.”

“Oh, right... Brother Ao, the Deng family has already allied with the other three families and declared war on the Bai family. I’m afraid after one night’s preparation, they will start fighting the next day. There’s no way the Bai family can resist them, so that kid Luo Tian might die under the combined attack of all four great families.”

“Will this affect the plans of the Hai family?”

They didn't care if the five great families fought each other. It wouldn't affect them one bit, even if a lot of people died because of it.

However, they were worried Luo Tian's death would make the Hai family unhappy.

Ao Sheng thought for a bit before saying, "This matter isn't our concern. Even if the Bai family has four disciples who have passed the assessment, their lives have nothing to do with us. They have only passed the first round of the assessment, so the Misty Cloud Academy has no obligations to protect them."

The old man in the yellow robe nodded, "So we will just let them fight?"

Ao Sheng smiled and replied, "Let them fight to their heart's content. What does that have to do with us?"

Bai family.

The main hall was filled with a heavy atmosphere.

No one expected something like this to happen.

It wasn't easy for the Bai family to reach what they have today. It took them nearly a hundred years before they became a silver level force. They were considered to have a stable foundation in Towering Cloud City. But now, they had to face the combined pressure from all four great families.

Moreover, it won't be long until the army of the four great families attacks them. What was the Bai family going to use to stop them?

"Reporting!" A disciple suddenly ran into the main hall.

"Speak!"

With sweat dripping down his face, that disciple said, "Reporting to the patriarch – the Bai family's pharmacy, blacksmith stores, restaurants, and two-thirds of various shops have all been wrecked by a group of martial artists at the Condensation Element realm. Basically, they cannot open for business now."

No one spoke in the main hall after that.

Another disciple suddenly ran in.

"Something bad has happened!"

“Something bad has happened!”

“Patriarch! Over half the outer sect disciples want to leave the Bai family! Most of them are saying they don’t want to die with the Bai family. What should we do? We don’t have the manpower to stop them from leaving.”

Bai Qi’s expression changed as he muttered, “It’s started already?”

One of the elders stood up and said, “This is just the beginning. It will definitely get more turbulent later on. Patriarch, we are not the four great family’s match. How about we compromise with them? There has to be a way for us to appease them.”

While saying those words, his gaze unconsciously landed on Luo Tian’s figure.

Chapter 1099: Bai Xiong’s Sneak Attack

The person who spoke was once the Bai family’s Third Elder.

Because of Bai Yuan’s death, he naturally became the Second Elder. In the Bai family, he was the most powerful elder apart from Bai Qi.

His words immediately elicited responses from several other elders.

“What the Second Elder said is right. Whoever caused this problem should be the one to fix it. We cannot afford to provoke any of the four great families in Towering Cloud City, let alone all four of them at once.”

“In just one afternoon, a majority of our shops have been suppressed. Once the four families fully unite, tomorrow will be a devastating blow for us. Patriarch, you should remember how the Wu family of Towering Cloud City perished, right?”

“Once an all-out war is declared, no one will rest until one side is dead.”

“Our Bai family cannot afford this risk.”

Another elder also took the opportunity to say, “Why would the four great families declare war on us? It’s because some people are too aggressive and arrogant. A mere Condensation Element ranker dares to cause a huge wave. This is not the countryside; this is Towering Cloud City, a city full of silver level forces. How can this place be as simple as he thinks?”

“Patriarch, I implore you to have that person come out and resolve this problem themselves. I believe that as long as we hand over the culprit who killed the disciples of the four great families, the Bai family can be spared. This will not be a great loss for our Bai family. We will still be able to keep the three passing first round places. If the four great families are still not satisfied, I think we can give up those three places to them...”

“Presumptuous!”

Bai Qi stood up and slammed his palm down, directly smashing the antique chair he was sitting on into pieces. His eyes were practically spraying out flames of rage as he shouted at that elder, “It wasn’t easy for them to pass the first round! You say to give up, and we have to give up?!”

The Second Elder, Bai Kong, stepped forth and said, "Patriarch, what the Sixth Elder said is for the good of the Bai family, and his words are not without reason. Not a single disciple from the four great families had passed the first round, so they had completely lost all face. If we can settle this war, so what if we have to give up those four places? This could save hundreds of lives of the Bai family members."

"Patriarch, what the Second Elder said makes sense."

"Patriarch, our Bai family is no match for the four great families. If we don't give up, our Bai family will definitely perish."

All six elders suddenly stood up.

Bai Qi's eyes were tightly knitted.

In the main hall, Bai Xiong was so angry that smoke was coming out of his head.

If it weren't for Luo Tian holding him down, he would have rushed over and started giving those old fogeys a few slaps.

From beginning to end, Luo Tian didn't say a word.

He was waiting.

Waiting for Bai Qi to make a decision.

No matter what decision Bai Qi makes, he will not make a sound.

The main reason is that he owed the Bai family a favor, and this favor must be repaid. But the moment Bai Qi decides to hand him over, he will no longer have any ties with the Bai family. Even if the Bai family is destroyed, he will not help one bit.

When the Second Elder saw how Bai Qi wasn't speaking and all the other elders were standing on his side, he felt like the tide was in his favor.

His gaze turned more ruthless.

Bai Kong suddenly glared at Luo Tian and shouted coldly, "Luo Tian, you were the one that caused this problem! Shouldn't you be the one to take care of it? The four great families are obviously targeting you, and you should know that yourself. I hope that you don't drag the Bai family down with you. You were crazy enough to offend the Hai family and the Misty Cloud Academy, so the Bai family will eventually be dragged to its death by you. My advice for you is to obediently scam out of the Bai family, or else don't blame us for being impolite!"

Once he finished speaking, Luo Tian let go of his hand.

Bai Xiong sprang to his feet and erupted with his full strength. The aura coming from his body was similar to an angry black bear. His five fingers formed a claw shape before he slammed it horizontally with a shout, "I will be impolite to all eighteen generations of your ancestors!"

"Boom~!"

"Ommm~!"

His strength was extremely strong after being enraged.

Bai Kong didn't have time to react, nor was he on guard. He never imagined Bai Xiong would suddenly make a move against him.

At this moment, his face was ruthlessly slapped by Bai Xiong. His body stumbled backward before tumbling over. His cheeks turned red and swollen, and his hair bun scattered, leaving him in a wretched state.

"Bai Xiong!"

"How dare you?! You actually sneak attacked the Second Elder?! You..." One of the elders blocked in front of Bai Kong and rebuked Bai Xiong.

Bai Xiong glared at the speaker and shouted, "Is he even qualified to be the Bai family's Second Elder?! He should go eat shit instead! You guys are nothing but a bunch of old cowards! When Bai Yuan rebelled, you guys forgot about familial ties and sought out personal gains. When Bai Yuan was in a lurch, you guys all ran away faster than rabbits being startled. At that moment, I found out all of you old guys were a bunch of cowards who feared death and cravenly clinging to life. My father spared your dog lives despite the past offenses. Now, you guys want to mess with my boss? You guys must be tired of living!"

These people were first bought off by Bai Yuan.

But when Bai Yuan was in danger, they were the ones that ran away the fastest.

Now that there was an incoming war with the four great families, their first choice was to stick their heads back into their turtle shells.

The expressions of those elders instantly changed.

Bai Qi softly shouted, "Xiong'er, you're not allowed to be presumptuous."

Bai Lingling stood forth and said, "What big brother said is right. They only know how to hide when there is trouble. Isn't it just a war? Then let's fight! I would love to see what abilities the four great families have. Inside the spatial world, we are able to beat them all into oblivion. We can do that, too, in Towering Cloud City. What's there to be afraid of? As a martial artist, you have already lost if you become scared!"

Lin Dong cupped his hands and added, "Patriarch, I, Lin Dong, am willing to be the vanguard. I will not rest until I die!"

The voices of those three reverberated in the main hall.

Luo Tian still hadn't spoken.

The Second Elder, who was in an embarrassing state, got up from the ground with an extremely ugly look on his face. His eyes were full of killing intent. If Bai Qi wasn't present, he would have immediately killed Bai Xiong on the spot. He didn't know where to put his old face now after being knocked down by a junior.

How was he supposed to live in the Bai family now?

Bai Kong no longer cared as his gaze turned cold. He then forcefully said, "Patriarch, if you don't hand Luo Tian over to the four great families today, I, Bai Kong, will break away from the Bai family. I don't want to die because of a son of a bitch like him!"

As his voice faded, the entire main hall turned silent.

The other five elders were in thought for a few seconds before they started standing forward, "Patriarch, please agree to the Second Elder's request. Otherwise, we will all leave the Bai family!"

Forcing a decision by threats!

At this moment, Luo Tian started laughing, “Hahaha...”

Chapter 1100: Fight!

Laughter.

Loud uproarious laughter.

Everyone turned to Luo Tian, unable to figure out why he was laughing.

The Second Elder coldly stared at Luo Tian and said with disdain, “You damn mongrel. If it weren’t for you, the Bai family wouldn’t be pushed into such a dire situation. You can still laugh at a time like this? Is it really that funny for the Bai family to be destroyed?”

Bai Kong turned around and said, “Patriarch, please make a decision immediately!”

The six elders – apart from Bai Qi, they were the strongest people in the Bai family.

If they were to leave, the Bai family’s strength would instantly decrease by one third. How were they going to resist the allied forces of the four great families?

It would be impossible!

Bai Qi was very clear that on one side were the Bai family's six elders. On the other side was Luo Tian.

This was a very difficult choice to make.

He was the patriarch of the Bai family, and any decision he made must be for the benefit of the family. He couldn't allow the foundation built by his ancestors to be destroyed by his own hands. The decision was very difficult, and he repeatedly looked at Luo Tian.

Luo Tian's expression was very calm, without any emotions.

Even when those elders spoke so bluntly, he remained unmoved, as if it were none of his business.

Bai Qi could see the sincerity in Luo Tian's eyes. He knew Luo Tian was waiting for his decision, which made it even more difficult.

After laughing out loud, Luo Tian looked at Bai Qi and said, "Uncle Bai, if you are having a hard time making a decision, you should just hand me over to the four great families."

Luo Tian could understand Bai Qi's position and the pressure he was dealing with.

Even if he were the one in Bai Qi's shoes, he would also be acting like him.

After all, the fates of a few hundred Bai family members were at stake.

Luo Tian was also clear that even if Bai Qi chose him and gave up the six elders, he wasn't confident that he could lead the Bai family out of this disaster. The foundation of the four great families combined was stronger than he had imagined.

When Luo Tian was dealing with the younger generation elites inside the spatial world, he had a pretty easy time. But when dealing with the older elite disciples out here who had cultivated for several decades, he wasn't very confident.

Since Bai Qi was having a hard time deciding, Luo Tian might as well decide for him.

This could be considered paying back the Bai family's favor.

He no longer had to worry too much and just go on a killing spree.

No more worries or concerns!

Bai Xiong's expression darkened as he went over to Luo Tian's side. "Boss, what kind of nonsense are you saying? And father, don't listen to his nonsense. You can't hand him over to them just like that."

Bai Lingling said anxiously, “Father, if you hand Luo Tian over, I, I, I will never forgive you for the rest of my life!”

Lin Dong looked the calmest as he said, “Patriarch, the four great families didn’t immediately fight with us at the Misty Cloud Academy branch because they were afraid of Luo Tian. If you do hand him over, I believe they will immediately try to kill the boss by all means. Then they will attack the Bai family next. Deng Leigong already declared an all-out war, so just the death of the boss won’t satisfy his appetite.”

“Humph~! What do you kids know?”

“Deng Leigong declared war on us because of Luo Tian. As long as we hand him over, his anger will naturally be extinguished, and the four great families will no longer deal with the Bai family. If they were to destroy us after we appease them, then the reputation of the four great families in Towering Cloud City would be greatly weakened. That’s more of a loss than a gain for them.” One of the elders said analytically.

Lin Dong replied, “History is written by the strong. The people of Towering Cloud City will only remember the four great families and not the cowardly Bai family.”

Bai Kong’s gaze darkened. The anger in his heart had been burning for a while now, and he had no place to vent. So when he heard Lin Dong say that the Bai family was cowardly, his figure moved, and the vigorous yuan energy within his dantian surged. An earthly yellow light appeared around his palm as he smashed toward Lin Dong’s chest, “You damn dog thing! You dare to criticize the Bai family?! Who do you think you are?! The Bai family is an existence where an outsider like you has zero qualifications to criticize!”

This was a very ruthless ability he was using.

Once a person is struck by it, they would either die or be half-dead.

When Bai Xiong sneak attacked him, he couldn't fight back because he was Bai Qi's adopted son. He wasn't Bai Qi's match, so he couldn't make a move.

It was the same with Bai Lingling.

As for Luo Tian, he had some concerns about him, so he didn't dare to make a move. Therefore, he could only choose Lin Dong!

If an outsider like Lin Dong dies, no one would really pursue it. And his actions would pressure Bai Qi to make a decision quickly.

Bai Kong was attacking out of the blue, which was also considered a sneak attack.

Lin Dong also wasn't vigilant in the main hall and didn't expect the Second Elder to suddenly attack.

Lin Dong's expression instantly changed.

Just when Bai Kong thought his attack would land, he furrowed his brow because someone had unknowingly appeared in front of Lin Dong. It was Luo Tian!

The moment Bai Kong's figure moved, Luo Tian had followed his trajectory.

He couldn't allow anyone to bully his brother.

"Humph~!"

"Damn dog thing! You're the one asking for it! Die for me!" Bai Kong shouted smugly. He was already at the peak of the Condensation Element realm, a tiny bit away from entering the Martial Void realm. He refused to believe a Condensation Element 7th ranker like Luo Tian could resist a full force strike from him.

In an instant, Bai Kong increased the yuan energy coming from his dantian, causing the power around his palm to increase greatly.

Luo Tian frowned but didn't say a word. The moment Bai Kong's palm was about to land, he lowered his stance and shouted internally, "Divine Explosion!"

"Ommm~!"

His power doubled, and a wave of energy rippled out from him.

Luo Tian's hand formed a fist as he shouted, "Mountain River Fist, Severing Mountains and Rivers!"

The energy surrounding his fist was spinning in a vortex shape similar to a drill before colliding with the center of Bai Kong's palm.

"Bang~!"

"Boom~!"

The two different energies violently clashed together.

Luo Tian's body faintly shook before he retreated with several explosive steps. The blood in his chest roiled, and the scent of blood started coming up. Just before he was to spray out blood, he forcefully swallowed it back down. He then complained to himself, "Even when Divine Explosion doubled my power, it still couldn't make up the difference in realms."

Luo Tian only took several steps back, but Bai Kong was sent flying out of the main hall. After landing in the courtyard, he rolled several times like a ragdoll. It seemed like his luck wasn't very good because the moment he was about to stop, his mouth opened up in pain, wide enough to taste a pile of dog shit someone didn't clean up on the ground.

He looked even more miserable than before!

“Hahaha... hahaha... He ate dog shit! It’s really dog shit!” Bai Xiong held his stomach and laughed.

Bai Lingling said with disdain, “Who told you to sneak attack? You think any random person can successfully sneak attack others?”

Lin Dong was filled with gratitude as he asked, “Boss, are you okay?”

Luo Tian waved his hand and replied, “Not a problem.”

The Second Elder was beaten to the point where he couldn’t climb back up on his feet. He could only glare at Luo Tian like he wanted to eat him alive.

At this time, several elders shouted, “Presumptuous!”

“How dare you?!”

“Completely lawless!”

“Patriarch, I say we just kill him for his offenses!”

At this moment, Bai Qi walked out of the main hall and looked at Bai Kong. He cleared his voice before exclaiming, "We fight!"
