

## Leveling Up 1101

### Chapter 1101: Strike First

“We fight!”

Once Bai Qi said those words, Bai Kong, who was lying on the ground, quickly got up and questioned, “Bai Qi, what did you say?! Do you really want to destroy the Bai family?!”

All the other elders walked out to the courtyard and questioned Bai Qi, “Patriarch, are you really going to destroy the Bai family for this kid?”

“You need to think carefully.”

“Is this really your final decision?”

“You are treating the lives of the few hundred Bai family clansmen as a joke.”

The six elders spoke up one after another.

Bai Qi walked over to the six elders and said, “We don’t have a choice. We can only fight. Elders, please help me tide over this difficult time. I truly believe that our Bai family will be the ones to have the last laugh.”

“Hahaha...”

“The ones to have the last laugh?”

“Bai Qi, oh Bai Qi. If I had known this would have happened, I would’ve supported Bai Yuan with all my strength. If it were him being in charge, he would never have made such a decision. You are destroying the Bai family for an outsider. You are the sinner of the Bai family!” said Bai Kong with a pained expression.

Immediately after, Bai Kong said with all seriousness, “From today onward, I am leaving the Bai family. Whatever happens to the Bai family will have nothing to do with me.”

The other elders all declared they were leaving the Bai family.

They were all experts of the Bai family, so it was a huge loss for them to leave.

Even though Bai Qi was mentally prepared, he was still pained by this. He tried persuading, “Bai Kong, your father and my father and biological brothers. Can you really bear to leave the Bai family at this time? You should stay, and all the other elders should stay. We will definitely be able to get past this crisis!”

Bai Kong sneered, “I will say the same words – hand Luo Tian over to the four great families, and I will stay. Otherwise, I am not going to stay here and wait for my death. I, Bai Kong, wish to live a few extra years!”

Bai Xiong stepped forward and shouted, "Go on and scram if you want to leave! The Bai family doesn't need you types of gutless people! The four great families allied themselves and instantly made you cowards reveal your true form! What use are you guys to the Bai family?!"

Bai Qi tried to interrupt, "Bai Xiong!"

Bai Lingling added, "Father, what big brother said is right. They are only parasites who want to take up the resources of the Bai family but don't want to share the burden. The Bai family will eventually collapse under their management. Since they all want to leave, just let them leave. Don't keep any one of them behind."

"Hahaha..."

"Hahaha..."

"What a cold heart!" Bai Kong had an icy cold expression as he stared at Bai Xiong and Bai Lingling. He chuckled before waving his hand and saying, "Let's go!"

They didn't immediately leave from the main gate and started walking to their residence first.

At this moment, Bai Qi had a deep frown on his face. Since they had shredded all pretenses, then there was really no need to keep dwelling on it.

Since they were not being righteous, then there was no need to be polite to them.

“Hold on!” Bai Qi shouted.

He stopped the six people with a shout before saying, “Since you have already left the Bai family, I would like to ask you to immediately leave the Bai family manor now. As for the things in your residence, those were given to you by the Bai family, and everything you have was fostered by the Bai family. This can be considered a little interest that the Bai family will be collecting from you.”

“What?!”

“Bai Qi, you are too presumptuous!”

“Outrageous!”

“...”

The six were flaring up in anger.

Their eyes were spraying out flames, and they looked like they wanted to swallow Bai Qi whole.

Bai Qi didn't want them to return to their residence because they would take away items that belonged to the Bai family and most likely make this incident even bigger with the other family members. A large portion of the outer sect disciples were already planning to leave the Bai family. If the six elders spread the news of their departure, the Bai family would perish without the need for the allied army of the four great families.

The priority right now was to drive Bai Kong and the other five out of the Bai manor.

They cannot be allowed to take even a single elite disciple of the Bai family with them!

The elite disciples of the Bai family were the Bai family's foundation!

Bai Kong furrowed his brow and said, "Good, good, good! Bai Qi, what a good move on your end. Since that's the case, don't blame us for being impolite. We'll see what happens later on!"

Bai Kong looked at the elders around him and said softly, "Let's go."

At this time, Luo Tian walked over to Bai Qi and said, "Uncle Bai, we can't let them leave just like that. They will definitely be a calamity waiting to happen after they leave."

Bai Kong suddenly stopped and turned around to glare at Luo Tian with killing intent. He then scolded, "You damn dog thing! If it weren't for you, the Bai family wouldn't have ended up in such a mess like this! Whatever is happening to the Bai family is all thanks to you!"

The moment he decided to leave the Bai family, Bai Kong was already thinking of avenues of retreat.

But with Luo Tian's words, Bai Kong's heart sank. His hatred for Luo Tian had shot through the roof while saying to himself, "Luo Tian, I will definitely not spare you!"

Bai Qi naturally knew what Luo Tian was implying.

He also knew that once Bai Kong left the Bai family, there was a 100% chance that he would join one of the four great families. When that happens, the Bai family will come under even greater pressure when the battle starts. They will also be under public pressure from the Towering Cloud City citizens as well.

Bai Qi clenched his fists but eventually loosened them up. He said, "Let them leave."

He was unable to bring himself to attack.

Out of the six, three of them were people from his biological uncles. These were his cousins, so he couldn't bear to make a move against them.

Luo Tian didn't say anything more.

Everyone has their own concerns in their mind. Since Bai Qi had promised to let them go, it would be bad for Luo Tian to say anything more. After all, this was an internal matter of the Bai family, and it wasn't good for him to interfere.

Bai Kong's heart relaxed, and his mouth curved into a cold sneer. He glared at Luo Tian one more time before quickly leaving the Bai family.

After the six of them left, the main hall only had Bai Qi, Luo Tian, Bai Xiong, Bai Lingling, and Lin Dong remaining.

The large main hall looked empty and depressing.

Bai Qi frowned as he constantly tried to think of a way to get through this difficult time. However, no matter how hard he tried, he couldn't come up with a good solution. As for the "we fight" he mentioned earlier, it was just a response to choosing Luo Tian. He actually had no idea how they were going to fight this war.

More than ten minutes went by.

A disciple ran into the main hall and reported, "Reporting to the patriarch – your guess was correct. Bai Kong and the others went to the Deng family, and were received by Deng Leigong's eldest son."

Bai Qi smiled bitterly. Even though he was mentally prepared, he still couldn't help feeling pain in his heart.

Luo Tian then stood forward and said, “Uncle Bai, this is a chance for us. Use Bai Kong’s departure to paint a picture of betrayal as soon as possible. The Bai family must unite at such a critical juncture, and Bai Kong’s betrayal can be a catalyst to unite everyone’s heart.”

“Uncle Bai, you should personally attend to this matter because you are the Bai family’s patriarch.”

Bai Qi stood up and asked, “Even if we do this, how are we going to deal with the four great families?”

Luo Tian chuckled before saying, “Strike first!”

Chapter 1102: Night Raid, Part One

Bai Qi looked at Luo Tian, not understanding the reason.

Luo Tian didn’t bother explaining.

It won’t be that quick for the four great families to discuss the details of their alliance.

They needed time. And the moment they do come, the Bai family will definitely be destroyed.

When one forms an alliance, they will usually talk about benefits and how to divide them. This will slow down the formation of the alliance.

The destruction of the Bai family's stores was just one of the intimidation tactics the four great families were using against the Bai family. They wanted the people in the Bai family to experience fear and confusion. And it was pretty clear their tactics were working based on the departure of the six Bai family elders.

After seeing the desired effects from the first step, they won't be in too much of a rush to make a second move.

Without Bai Kong and the other five powerful elders, the strength of the Bai family had been greatly reduced. To the four great families, the Bai family were basically fish on a chopping board, to be slaughtered whenever they wanted.

With all these circumstances combined, the four great families were not in a rush to take action.

What Luo Tian wanted to do was to use this opportunity to defeat them one by one!

Luo Tian then said, "Uncle Bai, please listen to my commands from here on out. I promise that I will protect the Bai family with all my strength."

Since Bai Qi had chosen him, then Luo Tian felt that he didn't have a reason to hold back.

Even if he had to use the Thor Transformation Card, he would take it out without any hesitation.

It was simply due to being trusted!

Bai Qi didn't say anything extra as he felt Luo Tian was someone who could create miracles. He looked at Luo Tian in all seriousness and said, "Fine! I will listen to your commands!"

Bai Xiong walked over and asked, "Boss, what do you need me to do?"

Bai Lingling and Lin Dong also walked over and asked, "What should we do?"

Luo Tian looked at the sky and replied, "There's nothing we need to do right now. The only thing is to wait!"

The four were confused, unable to understand what was going on in Luo Tian's mind.

"Wait?"

"Time is very important to us right now. Waiting will only cause us further harm. Boss, what are we exactly waiting for?" asked Bai Xiong. He has always been a straightforward person, asking whenever he didn't know something.

Luo Tian replied, "We wait for nightfall!"

"Nightfall?"

“That’s right! I want to do a night raid!”

-----

The temporary headquarters of the four great families, Deng manor.

Deng family’s main hall.

It was very lively there with the patriarchs from all four great families and their elders.

With the addition of the six elders from the Bai family, the main hall had over thirty people. This was a stark contrast to the main hall of the Bai family.

“Hahaha...”

“Shit must have entered Bai Qi’s brain. I would really like to see how he’s going to protect that dog thing Luo Tian. This time, let’s see if he’s going to die or not.” Ouyang Lie said viciously.

They originally didn’t have a good plan just yet, but with Bai Kong and the other five joining, they had given them a lot of information about the Bai family.

Now, they were even more confident.

“Since they have six fewer experts, the Bai family has become a persimmon that we can pinch however we want. What kind of waves can Bai Qi and a few children cause? I refuse to believe Luo Tian has three heads and six arms, impervious to spears and blades.”

“The Bai family is easy to deal with, but that kid Luo Tian is too strange. He has learned a lot of weird martial skills. He can transform into another person, summon a fire qilin, and has a flame that can incinerate everything. I heard that inside the spatial world, he was able to transform into some demon with eight pitch-black wings. I have never heard of such a thing before. Who knows where that kid learned those abilities from.”

“That’s right!”

“We have to be careful when dealing with that kid. Inside the spatial world, even a person from the Hai family couldn’t kill him. We have to be very careful and not let him escape. As long as we can kill Luo Tian, it will be considered an explanation to Lord Ao and please the Hai family. Perhaps the Hai family might even reward us by making Towering Cloud City as their subordinate force. At that time, who would dare to touch us?”

“Hahaha, what you’ve said is right!”

Zhang Yaojie smiled and said, “The Bai family will definitely perish, and Bai Kong will be able to take over or establish a new Bai family. However, how will we split the Bai family’s assets once our alliance destroys them?”

Ouyang Lie's eyes flickered.

It wasn't just him because this was happening with the other patriarchs as well.

Ouyang Lie said, "Since it's called the alliance of the four great families, naturally, all four families will split it evenly."

Bai Kong was feeling annoyed, but he couldn't voice that out. He said to himself, "You guys are basically ignoring the six of us! Humph~!"

Deng Leigong's eyes darkened before exclaiming, "You want to split the Bai family's assets when we haven't even destroyed them yet? I think you guys are a bit overly optimistic. We should discuss this after we have destroyed them. The Bai family's assets won't be able to run away, right?"

Ouyang Lie immediately said, "Old Master Deng, your Deng family is wealthy and does not care about the Bai family's industries. But we are different. I think it is better to make things clear first so that we don't damage our relationship afterward."

Zhang Yaojie immediately chimed in, "I agree with Brother Ouyang. It's better to make things clear first, saving us from any unwanted confusion later."

Deng Leigong then said, "How do you guys want to split it then?"

Ouyang Lie chuckled before saying, "The Ouyang family only wants the forging shops of the Bai family and nothing else. You guys can decide on what to do with the rest."

"Screw that!"

"Ouyang Lie, aren't you a bit too greedy? Everyone knows the Bai family's forging shops are the most lucrative. If you get to swallow them all, what are we supposed to get?" said one of the Li family elders.

"That's right!"

"The forging stores definitely need to be split evenly. My Zhang family will settle for a few spiritual herb stores..."

Before he could finish speaking, others immediately jumped in, saying no.

It was just like how Luo Tian predicted. The four great families will quarrel over the division of assets and argue endlessly over every single thing.

This was the opportunity he was seeking.

The sky gradually darkened.

The lanterns of Towering Cloud City were lighting up, giving the whole city a red glow.

The main streets were busy with traffic, still as lively as ever.

There wasn't any tension after the four great families declared war on the Bai family. For ordinary people, the struggle among the five great families was already commonplace and would not have too much of an impact on their daily lives.

In the southern area, the Zhang family.

The Zhang family controlled several streets of property on the south side of the city.

This area wasn't as prosperous as the eastern part of the city, but the land they owned was very large.

The Zhang family had always wanted to jump out from the southern part of the city and get their hands on some businesses on the east side, the most prosperous part of Towering Cloud City.

Zhang Yaojie was returning from the Deng family's manor, his face full of displeasure. Along the way, he grumbled and said, "Humph! You guys say I have a lot of land, but every one of you is more prosperous than me! You guys want to give me the Bai family's most worthless businesses? Like hell, I would agree to that!"

Before he knew it, he was already back at the southern side of the city. The streets felt a little off, especially the pedestrians in the area.

An attendant behind Zhang Yaojie said, "Patriarch, something's not right with the atmosphere."

Zhang Yaojie looked around before slapping the face of his attendant. "Something's not right your mother! Don't you know it's normal for the south of the city to be deserted at night? Motherfucker, are you rubbing salt on my wound? You must be tired of living!"

Around this time, a person was standing there not too far from them.

Chapter 1103: Night Raid, Part Two

Zhang Yaojie had a few more glasses of wine at dinner.

He was reeking of alcohol, and his temper became even hotter.

After slapping his attendant and knocking him to the ground, Zhang Yaojie snorted and said, "Don't follow me anymore. I'm going to the Thousand Flowers Court to have a good time and let off some steam I've had to endure today. If they want me to send people against the Bai family tomorrow... humph~... they will see whether I'm even going to send a single disciple out!"

After saying that, he turned around and started walking off in a certain direction.

The Thousand Flowers Court was the most famous brothel in Towering Cloud City, and the girls there were the most beautiful. All the good ones will be taken if you go there late.

Zhang Yaojie could have walked there directly on the main street, but it was a little far for his taste. He knew of an alleyway that would quickly take him to Chengdong Street.

There was no hesitation as he quickly walked into a dark alley.

That attendant didn't dare to follow him.

Luo Tian, who was not far away, was a little stunned. He didn't expect that Zhang Yaojie wasn't going home. His heart sank as he said to himself, "Could it be that I've been found out?"

He didn't bother to overthink things and quickly followed.

Only after entering the dark alley did Luo Tian understand that he hadn't been made.

Zhang Yaojie was holding the wall when Luo Tian's figure walked over. He noticed a person and said with disdain, "What are you looking at? Have you never seen someone take a piss before? Or have you never seen such a large dick as mine before?"

Luo Tian didn't say a word; he only pretended to be scared and took a wide circle around him.

Who in the southern part of the city does not recognize him?

The patriarch of the Zhang family was a burly man with a beard and an air of dominance. He was known to be overbearing and stingy and often went to the brothel Thousand Flowers Court without paying.

Zhang Yaojie saw how scared Luo Tian was and sneered with disdain, "Damn country bumpkin, cheh~!"

Just when he turned around to focus on relieving himself, Luo Tian suddenly made his move. With lightning speed, he punched the back of Zhang Yaojie's head while commenting, "I've never seen such a small dick before."

"Bang~!"

Without any yuan energy as defense, Zhang Yaojie, the Martial Void 4th ranker, had no time to react. His forehead smashed into the wall in front of him before a throbbing pain assaulted his senses. There was a brief paralysis of the central nervous system in the back of his head, and he felt a bout of dizziness while his forehead simultaneously bled.

However, the abilities of a Martial Void ranker were not just for show.

Zhang Yaojie was a body refiner, and their family was famous for it. He had cultivated his body to a realm that was nearly indestructible compared with those of the same realm. Even without the protection of yuan energy, the defense of his body was extremely strong.

If it were any other martial artist, their head would have exploded on impact.

“Damnit! He’s still alive after that?!”

Luo Tian’s heart sank. When he didn’t hear a system alert, he attacked once more.

“Divine Explosion!”

“Ommm~!”

Power coursed through his body before he made another full strength attack.

He smashed his fist into the back of Zhang Yaojie’s head once more.

Blood splattered the area.

Zhang Yaojie was in so much pain that he sucked in a breath of cold air. He was enraged as he shouted, “You dare sneak attack me?! Do you know who I am?! I am Zhang Yaojie, the patriarch of the Zhang family! Since you dare to sneak attack me, I’m going to take your dog life!”

The second punch had actually brought him back to his senses. He turned around and noticed the man in front of him seemed kind of familiar. It was just that he couldn’t think of who it was.

“You...”

“You...”

Zhang Yaojie’s eyes finally darkened as he asked, “You’re Luo Tian?!”

“Boom~!”

It was as if a thunderclap had exploded in his mind as fear instantly took over him. He had witnessed with his own eyes how Luo Tian had beaten Hai Yulong to the point of crawling on the ground. And Luo Tian’s methods were extremely ruthless, so he was utterly scared right now.

He immediately said, “Brother Luo, I didn’t want to ally with them! Tomorrow, I will not send a single disciple! Don’t worry; what I, Zhang Yaojie, have said, I am good for! This whole matter was that old bastard Deng who forced me to do it!”

“And, and, the six elders from the Bai family have all taken refuge with the Deng family! Tomorrow, they will be the vanguard to deal with the Bai family!”

“Brother Luo, no, Big Brother Luo, Grandpa Luo, please spare me. From now on, I, Zhang Yaojie, will follow you. If you tell me to go east, I won’t dare to go west. If you tell me to smack Old Two, I will not smack Old Three...”

He was so scared that it was a great surprise to Luo Tian.

Luo Tian never imagined he could instill such a deep sense of fear into a person with a much higher cultivation base than his.

But even if Zhang Yaojie was kneeling there and begging him, Luo Tian wasn't going to spare him. The main reason was that there was a faint glow around Zhang Yaojie's feet. This clearly meant that Zhang Yaojie was an elite monster! How could he let such a chance slip by?

Luo Tian gave a satisfied smile, "At least you know what's good for you."

Zhang Yaojie finally relaxed, thinking Luo Tian was going to spare him. His mouth curved into a sneer as he said to himself, "Damn dog thing, you dare sneak attack me? You just wait. Even if they don't give me any benefits, I will bring all the family's disciples out tomorrow and..."

Luo Tian suddenly made another move.

"God Flame!"

"Ommm~!"

Instant kill wasn't triggered, but Zhang Yaojie's thoughts and actions were interrupted.

Luo Tian summoned Heaven Sword and grinned, "Let's see if your head is stronger or if my Heaven Sword is sharper."

He gave a horizontal slash and chopped off Zhang Yaojie's head.

"Ding!"

"Congratulations to player Luo Tian for killing Zhang Yaojie. You have gained 45,000 experience points, 4000 yuan energy..."

"Congratulations to player Luo Tian for gaining a Stone Fortress Body Technique."

"..."

"Sin points +1."

Once Zhang Yaojie's head was separated from his body, Luo Tian ran to the main street and shouted, "Murder! Murder! The Deng family's elder killed someone! Someone come!"

He immediately ran away after shouting that and hid in a dark area to watch.

In a brief moment, dozens of disciples from the Zhang family appeared. Everyone's face turned extremely ugly when they saw it was their patriarch. One of the elders angrily shouted, "Deng Leigong, you are too ruthless! The Zhang family are now sworn enemies with you!"

After his goal was accomplished, Luo Tian silently disappeared with a grin, "Next one."

He ran quickly to the west side of the city.

On his way there, Luo Tian was thinking about this Thousand Flowers Court that Zhang Yaojie was talking about. He felt that it was definitely an awesome place to visit and muttered to himself, "Should I go there first to level up a bit? That Ouyang Lie isn't easy to deal with. It would be much easier if I could break through to the Martial Void realm."

In the end, Luo Tian gave up that idea.

Just like in his previous life, when he walked by the Thousand Flowers Court and saw how those fresh and pretty girls waved their handkerchiefs at him, he lost his courage like a little virgin getting cold feet.

"Uh, let's take care of serious matters first. I only have one night to take care of it."

“The alliance between the four families was not stable. I am right in guessing that they must be arguing about the division of assets, so this is a perfect opportunity for me. Deng Leigong, you like forming alliances, huh?”

“Then this daddy will show you the complexities of an alliance!”

Chapter 1104: How About Accompanying Me Tonight?

Deep into the night, there were very few people on the streets.

This seemed like a very normal night without anything special going on.

There weren't strong winds, rain, or thunder and lightning. But there was a sense of impending doom on this quiet night.

Li family.

A middle-aged man with a pale face was spitting out several mouthfuls of black blood in succession. He then said in pain, “You, you, why?”

The middle-aged man was the current patriarch of the Li family.

He was just like Zhang Yaojie, an elite monster in Luo Tian's eyes.

The only difference was that Luo Tian had been injured trying to assassinate the Li family's patriarch. And his injuries weren't light. If he hadn't attacked this Li family patriarch in such a crazy frenzy that caused the guy to be in shock, most likely, he would have handed over his life this very night.

Everything calmed down now.

Luo Tian slowly walked over with a smile and said, "There's no major reason. I just simply want to kill you."

After saying that, Luo Tian didn't bother saying anything more. He slashed out with Heaven Sword and chopped off the Li family patriarch's head.

Luo Tian didn't hang around and quickly left the Li manor, disappearing into a dark alley.

"Puff~..."

After returning to the Bai family, Luo Tian couldn't hold it in anymore. The blood in his chest churned before he spat out a mouthful of blood.

"Fuuu~... fuuu~... The Martial Void realm is truly strong..."

Luo Tian suffered both outside and internal injuries.

After all, he was only in the Condensation Element realm. Even if he cultivated various powerful martial skills, he would not have been a match for these Martial Void rankers if he hadn't used them all. Luo Tian practically disregarded his life when fighting the Li family patriarch. It was because of this that he managed to subdue the guy and kill him.

"Luo Tian!" Bai Lingling rushed over.

Bai Lingling had been waiting for Luo Tian at the Bai family's main entrance ever since he disappeared into the night.

She had been anxious the entire time.

After seeing Luo Tian stumbling back and spitting out a mouthful of black blood, her heart sank. She didn't care that there were two Bai family disciples guarding the door and just pounced toward him. She supported Luo Tian in her arms and said anxiously, "Where have you been?! You scared me to death! Why did you go out without saying a word? Don't you know that I was very worried about you? Who hurt you so badly?"

It is a source of happiness when there is someone worried about you at home.

Luo Tian fell against Bai Lingling's twin peaks and said with a smile, "I'm fine. I will be good after some rest."

At this time, Bai Xiong, Lin Dong, and Bai Qi came out.

Bai Qi's gaze showed his surprise before he muttered out loud, "Little girl, you are really quick to take care of business. Sigh~, a grown daughter can't be kept unmarried for long."

Bai Lingling pouted and said, "Father, you're still making fun of me when Luo Tian is already injured in such a state."

Bai Xiong went over and shouted, "Boss, who beat you like this?! Tell me, and I will go take care of them!"

Bai Lingling rolled her eyes at him and said, "Since he isn't their match, how are you going to take care of them?"

"Uhhh..."

Bai Xiong scratched his head and said, "I'm just saying... heh heh..."

Luo Tian didn't say too much and said to Bai Qi, "I'm fine. There's no need to worry about me. I will be good once I return to my room and get some rest. It would be great if you could give me some medicinal pills that can replenish one's yuan energy."

Luo Tian had consumed a lot of yuan energy after making two assassination attempts tonight.

What he needed to do right now was to use Super Regeneration on himself. But since he didn't have much yuan energy left, he needed the pills to replenish it. Luo Tian then said to himself, "I need to practice my alchemy skills as soon as possible. It's fine when I'm in the Bai family, but if I'm in an unfamiliar place and can't replenish my yuan energy, I will be screwed big time."

Bai Qi replied, "I will immediately go have people to prepare some."

"Ling'er, help Luo Tian back to his room to rest."

"Xiong'er and Lin Dong, you two secretly monitor the activities of the four great families. Immediately report back if you notice any strange movements. Tonight is too eerily quiet. I'm worried that the four great families might sneak attack us." Bai Qi said in a worried tone.

Luo Tian chuckled to himself, "Sneak attack? When will they have time to sneak attack us?"

"The Zhang and Li family are most likely in a complete mess. They are probably discussing how to get revenge for their patriarchs, so there's no way they have time to sneak attack the Bai family."

But Luo Tian didn't tell them he had gotten rid of the patriarchs of the Zhang and Li family.

He had no plans of telling them.

The fewer people who know about this matter, the better. Once a hint of it leaks out, then everything that Luo Tian did tonight will be all for nothing. Every one of the four great families has over a hundred years of foundation, so they will not collapse just because they lost a patriarch.

Whether the four families can still form an alliance will depend on tomorrow.

“Got it!”

Bai Xiong and Lin Dong quickly disappeared into the night.

Bai Qi rushed off to their medicinal hall.

Bai Lingling supported Luo Tian and walked all the way to his courtyard. She then lectured, “From now on, I don’t want you to take such risks. If you really have to go out, you have to bring me along. Otherwise, you are not allowed to go out on your own.”

Luo Tian smiled, “Don’t worry, I won’t die.”

When the word “die” was said, Bai Lingling covered his mouth with her hand and said, “You’re not allowed to say that word. It’s inauspicious.”

Bai Lingling looked even more charming under the moonlight. Two strands of hair were fluttering against her face, and her white dress was swaying to a light breeze. Her beauty somehow made Luo Tian feel a sense of peace.

However, Luo Tian couldn't fully feel peaceful.

The main reason was that Bai Lingling's huge twin peaks were pushing up against his chest, and her two little raisins were tickling him. His lust grew, and the killing intent from his crotch surged. He gave a gentle smile before wrapping his arms around Bai Lingling and whispering, "How about you keep me company tonight?"

Bai Lingling half-heartedly fell into Luo Tian's arms.

When Luo Tian spoke, his breath blew on her ear, tickling her and making her heart flutter. A blush rose to her face as she broke free from Luo Tian's arms. She then said shyly, "As if I would want to..."

Usually, when girls say those words in such a manner, they usually mean the opposite.

Luo Tian revealed a wicked smile as he knew exactly what Bai Lingling meant. He then said to himself, "Last time, I was unconscious in the cave, so I couldn't experience the bliss of making love to her. Tonight, I must really savor the experience carefully!"

Most importantly, Luo Tian wanted to level up.

He needed large amounts of yuan energy in order to heal his injuries.

If that's the case, he might as well level up and completely restore all his yuan energy. There would be nothing to worry about once all his injuries were healed.

Another thing was that the Zhang and Li families were taken care of, but he had to think of a way to take care of the Ouyang family as well.

Luo Tian was going to break up the alliance of the four great families in one night. But even if the other three families do not send any troops in the morning, the Deng family will still attack the Bai family on all fronts. Otherwise, where will Old Man Deng put his face?

Therefore, he had to level up!

Chapter 1105: Close The Door When You're Doing Something

If it were in the past, Luo Tian would have to find a place with a lot of demonic beasts and then grind them like crazy in order to level up.

But there was no need for that now.

It should be said that he had found another way!

Bai Lingling didn't leave and actually took the lead in entering the bedroom. She tidied it up and then didn't know what to do next. She played with the hem of her clothes, her face turning even redder. When she thought about what had happened in the cave, her body began to heat up involuntarily.

The forbidden fruit was like a drug. Once you try it once, you cannot hold back and want to try it a second time.

Luo Tian made her change from a girl to a woman overnight. She enjoyed the feeling of being nourished by Luo Tian. When she looked in the mirror today, she discovered that she had become a little bit more beautiful. Obviously, it was all thanks to the allure of the forbidden fruit.

All of this was because of Luo Tian learning the Imperial Goddess Divine Art.

Even though Bai Lingling didn't know what cultivation method Luo Tian had learned that could allow people to break through from making love, she understood that both she and Luo Tian would receive endless benefits from it. She was the first woman to discover this secret, and she was sure there would be more women after her.

She wasn't a traditional woman. In the Ancient World, it was very common for experts to have multiple wives and concubines.

She didn't have any objections to such a practice.

Since this was the case, she figured why not take advantage of it when there was currently less competition?

Upon thinking of these things, Bai Lingling's heart started beating faster. Some honey had already leaked out onto the side of her legs. Her cheeks become even more rosy, making her look especially charming.

At this time, Luo Tian walked into the room and looked at Bai Lingling, who was lost in thought with a flushed face. He walked up to her and said with a smile, "So, do you want it or not?"

Bai Lingling glared at Luo Tian in anger and said, "Smelly scoundrel! Humph~!"

She wanted to leave after saying that. She didn't know where to go as long as she got away from him.

Luo Tian grinned and grabbed onto Bai Lingling before pulling her into his embrace. He then whispered, "Little Ling'er, where are you trying to run off to?"

With a gentle pull, Bai Lingling's soft, boneless body fell directly into Luo Tian's arms. Her body gave off a strange body fragrance, which made Luo Tian even more excited after inhaling it. Luo Tian put his arms around Bai Lingling's soft and thin waist before giving it a gentle push. Bai Lingling's body leaned back slightly, allowing Luo Tian to kiss her. His lips had completely encapsulated Bai Lingling's scorching red lips.

"Mmm~..."

"Mmm~..."

During the time at the cave, everything was under the control of Bai Lingling. She knew a little about the things between men and women but not a lot.

Therefore, she was just fumbling around in the cave, driven by her instincts.

But Luo Tian was taking the lead this time, and he was very skilled. His hot lips and dexterous tongue roamed around like a lively snake in her mouth. This gave her a feeling she had never experienced before, making her unable to help but moan out loud.

Bai Lingling adapted to Luo Tian's actions without any reservations.

Luo Tian became even more brazen, crazily sucking away as if he wanted to completely swallow Bai Lingling.

One hand slipped inside Bai Lingling's clothes, and in an instant, he grabbed one of her huge breasts. His hand couldn't hold the entire breast, and the elasticity sent Luo Tian into a stimulated shock.

Bai Lingling couldn't hold it back anymore and withdrew her tongue from Luo Tian's mouth before moaning, "Mmmm~, mmmm~, ahhh~, ahhh~..."

Those moans she was making sounded even better than those women who were from a certain island nation. It stimulated Luo Tian's senses, and his entire body boiled in excitement. His little brother down there was filled with killing intent as if it was trying to say that it could poke a hole in the sky!

Bai Lingling also sensed the masculine aura emanating from Luo Tian. Her body longed for it, too. She wanted that feeling of fullness going inside her lower body. She then whispered, "Should we go to the bed?"

"Heh heh... You little demoness, you can't handle it anymore, huh?"

Luo Tian picked Bai Lingling up in one go, walked over to the bed, and placed her onto the soft bed sheets. He took off his shirt and stared at Bai Lingling's incredibly hot body. He gulped hard before saying, "Little demoness, here I come!"

Right at this critical juncture...

"Cough~, cough~..."

Sounds of coughing came from the courtyard.

Luo Tian looked out with anger surging in his heart.

Bai Lingling's reaction was at a divine level speed. She jumped out of bed and quickly tidied her clothes, which had been messed up by Luo Tian grabbing her. She then whispered, "It's my dad bringing you the spiritual medicine."

"Uhhh, so it's father-in-law."

Luo Tian's expression changed because it was too late for him to put on some clothes.

Bai Qi glanced at the two of them and said, "Luo Tian, you are injured, so you need to rest more. There are some things you shouldn't be doing. Also, Ling'er, do you not see how late it is now?"

At this moment, Luo Tian and Bai Lingling were standing shoulder to shoulder.

One of Luo Tian's hands was caressing Bai Lingling's perky little butt. Just when she was about to speak to her father, Luo Tian reached into her pants, passed through a long gully, and directly reached her overgrown grassy area.

"Mmmm~..."

Bai Lingling's body trembled, her face looking surprised. If she didn't hold back, she would have screamed out loud.

Deep in the fragrant, overgrown grassy valley, the floodwaters began to rise. Her legs trembled slightly, and her body was about to give way. She hated Luo Tian with all her heart right now. How dare he do this right in front of her father?

But she enjoyed Luo Tian's actions because this was a sensation she had never felt before.

She couldn't help but want more of it!

She wanted to leave but was reluctant. Luo Tian's finger was now deep inside her valley, and she wanted more.

Bai Lingling replied, "Father, I know! I will go back soon!"

Luo Tian pretended nothing was happening and replied, "Uncle Bai, I got it."

Bai Qi glanced at the two of them and thought they were scared by his presence. He chuckled before saying, "This is a tier one Primary Spirit Pill, capable of instantly replenishing your yuan energy. I'm going to leave it on this table."

After saying that, Bai Qi gave her daughter one more glance before leaving.

After stepping out of the room, he closed the door and muttered, "You two aren't even afraid of others seeing you..."

After that, Bai Qi sighed, "A grown daughter cannot be kept unmarried for long."

A few seconds later, the sound of the courtyard door closing was heard. Bai Qi then announced, “No one is allowed to disturb Luo Tian’s rest tonight, or else they will answer to me.”

Luo Tian was so moved that he couldn’t help but exclaim, “What a good father-in-law!”

Immediately after, Luo Tian turned around to Bai Lingling, who couldn’t wait anymore. He then said with a grin, “Let the battle begin.”

Chapter 1106: Luo Tian In Danger

Big battle!

A crazy big battle!

There were no losers in this battle, only winners.

Moreover, the battle didn’t stop. One round after another was fought. Each time reaching the climax, putting the participants in a situation where they craved for more.

An unknown amount of system alerts went off.

“Ding!”

“Congratulations to player Luo Tian for gaining 5000 experience points, 500 yuan energy...”

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at the Condensation Element 8th rank!”

Right after that, Luo Tian’s injuries instantly recovered and his yuan energy was full again!

Luo Tian secretly sensed his body and felt that he had become a little stronger than before. He then said to himself in joy, “Nice! I’ve leveled up!”

After battling for half a night, he had leveled up.

This speed was different from the underground cave.

But Luo Tian was clear that the Imperial Goddess Divine Art would give him more experience when he had sex with a woman for the first time. And he had only comprehended the Guanyin sits on a lotus move, even though he had tried countless different postures during the battle.

Luo Tian had pretty much used up all 108 styles in his arsenal, but there weren’t any alerts saying he had comprehended a new move.

“Did the woman have to take the initiative in order for him to learn a new style?” Luo Tian muttered to himself. He looked at Bai Lingling, who had already fallen asleep due to fatigue. He then sent out his spiritual sense and discovered that her cultivation had strengthened a bit as well.

But Bai Lingling didn't make a breakthrough. Her cultivation was still at Condensation Element 6th rank. However, her strength had reached the peak of it.

“Fuuu~ ...”

“I've leveled up, so it's time for me to do something.”

Luo Tian put on his clothes and covered Bai Lingling with a quilt.

He then quietly left the room.

With a single light leap, he jumped onto the roof and then started leaping onto other roofs like a dragonfly touching upon a water's surface. He then disappeared into the darkness after making a few more jumps. Luo Tian was rushing towards the direction of the Ouyang family on the north side of the city.

On his way there, Luo Tian was still thinking about the Imperial Goddess Divine Art.

He seemed to have grasped a preliminary understanding after tonight's adventure.

He found the pattern of frequency of when he would gain experience points.

The Imperial Goddess Divine Art's functions could be automatically activated. Even though there was no proficiency level, Luo Tian felt that there was some intangible measurement where it would slowly improve like any of his martial skills.

Luo Tian felt different each time he did it, and his endurance seemed to be gradually rising as well.

He had a feeling that when he practiced the Imperial Goddess Divine Art to the state of great perfection, he would become an existence that could truly poke a hole through the heavens!

Luo Tian couldn't help but start feeling emotional. "What a great martial skill! It's so awesome! I want to enter the Misty Cloud Academy quickly, obtain the antidote to the Soul Poison, and then go to Heaven Chosen Mountain to become a sorcerer and refine the antidote. Then, I can bring Xue'er and the others to the Ancient World. At that time, I will level up once each day. I will soon be able to create a super powerful force that is superior to all the other forces in the Ancient World!"

"Also, the store inside the system sells some sexy lingerie. I will definitely buy a few when I get the chance. At that time... heh heh... I almost can't hold back anymore!"

But Luo Tian sighed when he remembered the price of those special items.

"Your sister!"

“I need to earn money! I need to level up! I need to poke a hole in the sky!”

Without knowing it., Luo Tian had already arrived at the front of the Ouyang residence

Two tired disciples in the Four Elements realm were guarding at the front gates. One of them was even leaning against the wall asleep, while the other was yawning and unsteady on his feet.

Luo Tian’s figure moved, and the shadow of his blade flashed in the moonlight. One of the guards instantly fell without being able to cry out.

The other guard wasn’t aware of what had just happened.

It wasn’t until Luo Tian’s ice-cold Heaven Sword was pressed against his throat that the guard suddenly woke up. He wanted to scream, but the Heaven Sword created a faint bloody line on his neck.

Luo Tian coldly said, “Go ahead and scream.”

That guard was trembling so much that he peed his pants. He then said, “Hero, please spare me! I am only responsible for guarding the residence! I don’t know anything! I really don’t know anything!”

Luo Tian glared at him and said, "I am only going to ask you once – where is Ouyang Lie's courtyard?"

"Don't tell me you don't even know this kind of information."

After saying that, Luo Tian shifted his Heaven Sword so that it could reflect the moonlight into the guard's eyes.

That guard didn't dare to hide it and quickly told Luo Tian the location.

After that, his throat was slit before he gradually lost his life.

Luo Tian wasn't planning on sparing anyone from the four great families. These people knew too much about him, and anyone who knew too much had to be eliminated. This was the plan he came up with while he was still in the spatial world.

Ten minutes later, Luo Tian effortlessly arrived at the location that was spoken by that guard.

It was a very luxurious-looking courtyard, and it was also the largest courtyard in the Ouyang manor. Luo Tian did not rush over immediately but observed the surrounding environment for a few minutes. He then said to himself confidently, "It should be Ouyang Lie's residence."

How can they live in the best courtyard if they aren't the patriarch?

Moreover, this was the center of the Ouyang manor.

Luo Tian gently landed on top of a stone table in the courtyard.

There was no sound in the courtyard, making it unnervingly quiet. This immediately gave Luo Tian a bad feeling. He could feel there was something wrong here, but he couldn't put his finger on it. He had never felt this way before when he visited the Li family.

“Since I'm already here, I can't leave empty-handed.”

Luo Tian calmed his nerves, concealed his own aura, and then carefully approached a room where faint snores could be heard.

“Fuuu~...”

The unknown foreboding feeling was growing stronger.

Luo Tian had now arrived in front of the bedroom door. He only had to push the door open to see Ouyang Lie.

But at this exact moment, he hesitated.

He didn't know why, but he felt a strong sense of crisis coming from within the bedroom. This special sense had been honed from all the battles he had experienced. But even though he knew it would be dangerous, he still had to go in because he had to break up the alliance of the four great families.

Only by killing the patriarchs of the three great families will they turn on each other and the Deng family.

At that time, it would be the Bai family and the other three great families against the Deng family.

Since Old Man Deng likes forming alliances, then Luo Tian would use it against him.

“Should I go in or not?”

Luo Tian hesitated for a brief moment. He really didn't have a choice, so his right hand gently pushed the door ajar. The quilt on the bed was moving up and down in rhythm with the snoring.

Luo Tian raised his Heaven Sword, stopped his breathing, and stabbed forth.

He had put in a lot of strength in the stab, but he felt the sword pierce nothing but air!

“Oh crap!” Luo Tian exclaimed to himself.

Before he could react, the entire Ouyang residence was lit up, and disciples poured in from all directions. Not only were there disciples from the Ouyang residence, but also from the Deng, Zhang, and Li families. They were all here!

This was a trap!

“Luo Tian, let’s see where you can escape to now. Hahaha...”

Chapter 1107: Bai Qi’s Choice (3 in 1)

Bai family.

Bai Qi wasn’t sleeping because he couldn’t fall asleep.

Tomorrow was the start of the battle.

He didn’t really want to go to sleep either.

Just a few minutes ago, a disciple came to report that the patriarchs of the Zhang and Li families had been assassinated.

When he was wondering what was going on, Bai Lingling rushed into the main hall and shouted, "Father! Luo Tian is gone!"

At this moment, Bai Qi immediately connected Luo Tian's disappearance with the death of the Zhang and Li family patriarchs. He immediately exclaimed, "Not good!"

"He has definitely gone to the Ouyang family."

"I just got the news that the Deng family had sent out several elders to the Ouyang family. If that's the case..."

"It's going to be a disaster!"

Bai Qi instantly stood up and shouted, "Someone come! Relay my command that all elite disciples of the Bai family shall immediately come with me to the Ouyang family!"

A disciple asked, "Patriarch, do we need to leave some people behind to guard the Bai family?"

Bai Qi replied, "No need. Everyone should head out together."

Bai Lingling thought of something and asked, "Father, are you saying Luo Tian went to the Ouyang family? And the Deng family already foresaw this, and there are many people waiting to ambush him?"

Bai Qi nodded, "I'm afraid so."

Bai Lingling didn't hesitate and turned around to run out of the main hall. She exerted her peak Condensation Element 6th rank strength and disappeared off into the dark in just a few leaps. She was naturally heading in the direction of the Ouyang family.

Bai Qi shouted Bai Lingling's name a few times with a frown, but she didn't return.

At this moment, Bai Qi became even more anxious. He shouted, "Quickly go! Why are you still standing here?! Also, go send someone to notify Bai Xiong and Lin Dong to quickly rush to the Ouyang family as well!"

Swords were drawn, and the situation was hanging by a thread.

Bai Qi's heart was beating quickly in anxiety. He looked at the dark night sky just prior to dawn and muttered, "It looks like the battle has been brought forward."

Ouyang family.

Luo Tian's expression changed as he said to himself, "I was too negligent and careless."

Luo Tian didn't expect the whole situation to go wrong after fighting a few battles in bed.

He thought that the Zhang and Li family wouldn't confront the Deng family that quickly. In reality, both families had rushed to the Deng family right after their patriarchs were killed.

Deng Leigong saw through the ploy and immediately came up with a countermeasure. He waited at the Ouyang residence for half the night before Luo Tian finally showed up.

"Hahaha..."

"Luo Tian, you're finally here! You've made me wait a long time!" Ouyang Lie walked out from a room in another courtyard. He had a smug smile on his face when he saw how surprised Luo Tian looked.

Ouyang Lie then said, "You never expected this, right? Hahaha... I didn't expect this either. Old Master Deng said that you would come to assassinate me, but I didn't believe him. Now, I have to believe him. Old Master Deng is simply like a divine strategist!"

"Luo Tian, you damn dog thing! Tell us if it was you that killed our patriarch?!"

"There's also our Li family's patriarch! Was he killed by you as well?!"

The Zhang and Li family disciples rushed into the courtyard with bloodshot eyes. They were covered in hatred and killing intent like they were going to swallow Luo Tian whole.

Since the situation had turned out this way, Luo Tian didn't bother hiding it. He walked out of the bedroom slowly and into the courtyard. He swept his gaze past all the ambushers present and smiled, "So what if I did? You four great families are allowed to plot against me, but I'm not allowed to assassinate your people?"

"Hahaha, it's good that you've admitted it. It's much easier to handle things from here on out."

At this moment, Deng Leigong walked out from a dark area with a crafty fox-like smile. When he stared at Luo Tian standing in the courtyard, he said to himself, "You're simply too young. There's no way you can fight with me based on your immature plans. If it weren't for that woman Yi Yunmeng protecting you, you would've already become a wandering spirit under my blade!"

The crowd split apart to allow Deng Leigong to walk through. Behind him were several Deng family elders and the six Bai family elders who defected.

This meant that a majority of the experts of Towering Cloud City were now present.

The elite disciples from all four great families were pretty much present as well.

This courtyard had basically become an absolute kill zone.

Luo Tian maintained his smile and said, "It looks like it will be very tough for me to leave here today."

Deng Leigong smiled, "It really wasn't easy to plan to kill you. Luo Tian, you should feel honored because, after so many years of living, I have never spent as much effort as I have today to kill a person. You are the first one."

Ouyang Lei shouted, "Today, I shall avenge my son! Even if you have a hundred lives, you won't be able to escape your death!"

"Someone come!"

"Take action now!"

Deng Leigong suddenly raised his hand and said, "Hold on."

Ouyang Lei said with surprise, "Old Master Deng, why are you talking so much nonsense with him? Just kill him already."

Deng Leigong stared at Luo Tian and said, "Luo Tian, you are really not bad. The martial skills you've cultivated are something this old man has never seen before. I can definitely say that I have never seen them before in both the lower and middle realms. Your potential is limitless. If you were to pledge your loyalty to me and swear to work for the Deng family for all eternity, I will let you live. This will be the only chance I'm giving you to keep your life!"

Ouyang Lie's expression underwent a drastic change.

The expression from the people of the Zhang and Li families also changed. They all turned to stare at Deng Leigong.

Ouyang Lie said gravely, "Old Master Deng, what do you mean by this? I thought we'd already talked about this beforehand. The words you've said to him aren't funny anymore. Luo Tian has to die today."

An elder from the Zhang family added, "What Patriarch Ouyang said is right. We have to take revenge for the death of our patriarch."

An elder from the Li family also chimed in, "That's right! We want vengeance!"

Deng Leigong narrowed his eyes and said, "The Deng family won't take any territory, businesses, or stores from the Bai family. They will all be split between your three families. I only want Luo Tian."

"Huh?"

"This..."

"Old Master Deng, are you sure of what you've said?"

The three elders who spoke up didn't even think about it.

What vengeance? What son got killed? What patriarch was killed? In front of huge benefits, everything else is but fleeting clouds.

The expressions of those three recovered, and there was even a hint of a smile on their faces.

They were very satisfied with those conditions.

Deng Leigong replied, "I am true to my words as long as you guys agree to give this kid to me."

The eldest son of Deng Leigong walked up to him and whispered, "Father, Luo Tian offended Lord Ao and the Hai family. Keeping someone like him in the Deng family will only attract trouble. He must absolutely not be kept."

Deng Leigong furrowed his brow and replied, "Don't worry, I have already made preparations for those issues."

This was natural. As an old fox, Deng Leigong had already planned things out. He was only waiting for Luo Tian's agreement.

Deng Leigong looked at Luo Tian and said, "What do you say? Have you thought it over? As long as you nod, no one in Towering Cloud City will dare to touch you. And what the Bai family cannot give you, the Deng family can. Don't you need Blood Spirits? There will be a large auction in Misty Cloud City in a few months, and there will be some high ranking Blood Spirits then. I will use everything the Deng family has to buy them for you. All I need is a nod from you."

The surrounding people were shocked. Has Old Master Deng lost his marbles?

Did he actually say such words out loud?

And he was going to buy some Blood Spirits for Luo Tian? Did water enter his brain?

Even the expressions of his sons and the family's elders underwent a change. They were all confused about what their old patriarch was trying to do.

Luo Tian was also shocked.

One has to mention that Deng Leigong's conditions were very tempting. And all those things he said were quite beneficial to Luo Tian.

But one should never judge a book by its cover.

Luo Tian showed a shocked expression and said, "Wow, what a tempting offer! Old Master Deng, you are really generous. But I know there's no such thing as a free lunch in this world. Just asking me to be your subordinate isn't enough, right?"

Deng Leigong smiled, "You are smart. What I like the most is making deals with smart people."

After saying that, Deng Leigong took out a tiny pill from his person and said, "If you are willing to swallow this pill, I will do everything I have said just now. And I can provide you with any cultivation resources the Deng family has in its possession!"

"Oh?"

Luo Tian looked at the unremarkable pill in Deng Leigong's hand.

He was pretty sure Deng Leigong was going to use this pill to control him. But who was he? How can he be controlled by a mere tiny pill?

But the moment Deng Leigong brought out that pill, Ouyang Lie was the only person who revealed a shocked expression on his face.

His body started trembling unconsciously!

Small beads of sweat appeared on Ouyang Lie's forehead while he stared at the pill. No one noticed it, but Luo Tian did. He secretly shuddered and thought to himself, "It seems like I underestimated this pill."

Deng Leigong asked, "What do you say? Luo Tian, you will immediately become the Deng family's head elder once you swallow this pill. Tonight, no one will dare to move against you."

Luo Tian replied with a smile, "How can I bear to reject such good conditions?"

"Of course I accept it!"

Luo Tian walked over with large strides after saying that.

Deng Leigong was a little surprised but sneered inwardly, "Who isn't afraid of death? I just didn't expect this kid to be so afraid of death. Humph~! Kid, you'll know how powerful this pill is once you swallow it. From now on, you'll become a dog by my side, hahaha..."

Ouyang Lie's body faintly shivered.

Deng Leigong noticed this and glared at him. Ouyang Lie was like an obedient dog and immediately stopped trembling.

Luo Tian walked over and took the pill from Deng Leigong. He held the pill up to observe it and then smelled it. He then said internally, "Sister Illusion, are you sure you're not mistaken?"

Illusion Fairy replied, "Why would I lie to you? If I say it is, then it definitely is. This pill contains the properties to control a person's nerves in the brain. If harnessed correctly, this property can become

one of the ingredients for making an antidote for Soul Poison. It's just that it's rather surprising to see this Heavenly Soul Capturing Pill in a place like this. It seems that this old man is quite a sinister individual. Once this pill is swallowed, even a powerful expert in the Holy Spirit realm cannot escape from being controlled by others."

"An incredibly powerful poisonous pill."

The moment Deng Leigong took out the Heavenly Soul Capturing Pill, Illusion Fairy suddenly spoke inside Luo Tian, asking him to take the pill.

Otherwise, Luo Tian wouldn't be dumb enough to walk over and grab it.

Luo Tian looked left, right, up, and down at the pill. What was most surprising to him was that the system was unable to identify it. Could it be that the level of this pill was too high, and it couldn't be identified with his current system level? But since Illusion Fairy said that this pill was useful, then it shouldn't be wrong.

Deng Leigong said with a smile, "Luo Tian, enough looking. It's just an ordinary medicinal pill. You can go ahead and swallow it now."

Luo Tian opened his mouth like he was about to swallow the pill, but a figure suddenly appeared at this moment.

It was Bai Qi!

Bai Qi shouted with a dark expression, "Don't swallow it!"

Deng Leigong's expression turned fierce as his gaze instantly shone with killing intent. He said to himself, "Ruining my plans?! Bai Qi, you must be tired of living!"

Bai Qi walked over to Luo Tian and said, "You can't swallow that pill, or else you will follow the footsteps of the former overlord of Towering Cloud City, Zhu Fengcheng. Deng Leigong, you are truly quite vicious. I never imagined that you would still have this type of pill in your possession. If you hadn't used such despicable means back then and convinced City Lord Zhu to take this pill, would you have the power you have right now? You took over everything in the Zhu family and didn't spare the old or young. What a devious move on your part!"

Deng Leigong became furious. His gaze became gloomy as he said, "Bai Qi, you will soon be a dead man. Luo Tian, a man who recognizes the reality of the situation, is a hero among men. Bai Qi will die soon, and his Bai family will be eradicated before dawn and forever be removed from the records of Towering Cloud City. As long as you swallow this pill, my promise just now will still stand."

"Luo Tian, I know you are a smart person. You definitely won't survive under these current circumstances. I think you are better off by obediently taking the pill." Deng Leigong had a smug sneer and looked like he had already won.

Luo Tian revealed a scared expression, quickly opening his mouth and bringing the pill close.

Deng Leigong started laughing loudly with a smug expression plastered on his face.

Bai Qi kept insisting, "Luo Tian, you can't eat it! You can't!"

Just when everyone thought Luo Tian was going to eat the pill, he stopped and put the pill away. "Old Master Deng, thank you very much for the Heavenly Soul Capturing Pill. I will gladly accept it."

Deng Leigong's expression looked like he had been struck by lightning.

He was frozen in place. He never imagined that Luo Tian would know the name of the pill, and what's more, he never imagined that he had just handed over a pill worth a million xuan coins.

He wanted to throw up blood this very instance.

He thought he was very intelligent, but he was viciously played by Luo Tian.

Deng Leigong's expression darkened as it turned ice cold. "Before you die, I want to know how you know the name of this pill. You have been in the Ancient World for a very short amount of time. No matter what kind of special encounters you have had, it's impossible for you to know about the Heavenly Soul Capturing Pill."

Luo Tian replied with a smile, "It was your mother who told me last night."

"Luo Tian! You are courting death!" shouted Deng Leigong.

Luo Tian wasn't afraid and shouted back arrogantly, "Come at me, motherfucker!"

In an instant, the atmosphere became tense, like a barrel of gunpowder about to explode.

Killing intent permeated the surrounding area.

Ouyang Lie spoke up and said, "Old Master Deng, there's no need to talk so much with these kinds of people. Let's just kill them all."

Deng Leigong smiled, "Patriarch Ouyang, what you've said is right. I seem to be too merciful in wanting to give him a chance at life. But since he doesn't want that chance, he shouldn't blame me for being ruthless."

"All Deng family disciples, listen up! Kill them!"

There was no room for compromise anymore.

The existence of the Heavenly Soul Capturing Pill must never be revealed.

The reason is that this was an evil and vicious pill concocted by a high priest from the devil sects. A pill that he bought at a high price. There were only two of them in total, and one was used decades ago. This was the only one left. Once it is discovered by the orthodox sects or someone from Misty Cloud Academy, he will definitely be hunted down.

Luo Tian had to be killed, and the Heavenly Soul Capturing Pill taken back.

Luo Tian softly said, "Uncle Bai, find a chance to escape. I can leave anytime on my own."

The courtyard was already similar to an impenetrable fortress.

A peak Martial Void expert might find it difficult to escape here. Even if Bai Qi could escape, Luo Tian definitely could not. Bai Qi gave a slight smile and said, "Luo Tian, I want to thank you. Even in this situation, you have not betrayed the Bai family. If I survive today, I will definitely betroth my daughter to you."

"Uhhh... Uncle Bai, didn't you already tell me that you were going to marry your daughter to me? Never mind, your daughter is already a person of mine anyway, hahaha..."

Bai Qi sighed, "A grown daughter cannot be kept unmarried for long..."

After saying that, Bai Qi grabbed Luo Tian and exploded forth with his Martial Void 6th rank powers. He then threw Luo Tian out with all his strength and shouted, "My good son-in-law, don't ever make my daughter sad!"

Bai Qi then said to himself, “Luo Tian, I believe you will not disappoint me. Your martial path cannot stop here. I believe you will eventually achieve the peak of martial arts one day, hahaha! If that does happen, I can still smile even when I am in the netherworld.”

This was Bai Qi’s choice!

He already knew that making such a choice meant he would die.

But if he doesn’t do this, Luo Tian will die here. Even though Luo Tian had learned a lot of strong martial skills, he knew about their time limitations. And he didn’t want Luo Tian to endanger his life here.

This was all for the Bai family and his daughter!

Bai Qi then laughed, “Old Fox Deng, come at me! Hahaha...”

The power of a Martial Void 6th ranker was terrifying in a small place like Towering Cloud City.

Luo Tian never expected that Bai Qi would suddenly grab him and throw him out. The roof of the courtyard was full of archers, and the courtyard was full of Martial Void realm experts. They were all standing there dumbstruck in this so-called impenetrable killing formation.

Just like Luo Tian, none of them reacted in time.

As Luo Tian was flying out, Deng Leigong revealed his most vicious expression, shouting in rage, “Bai Qi! Die for me!”

Bai Qi, who was wearing all white, pulled out his sword with a ringing sound. He then said, “Old Fox Deng, let me experience your Lei family’s Thunderbolt Sword Technique. I would love to see the power of a spirit level sword technique.”

As Bai Qi finished speaking, his body blurred into three figures.

From three different directions, the sword pierced straight for Deng Leigong.

A very powerful attack!

Deng Leigong was filled with rage, and he didn’t even give Bai Qi a glance. He furrowed his brow, “Experience the suppression of a Martial Void 9th ranker...”

“Suppress!”

“Ommm~!”

The natural suppression from a higher realm martial artist smashed down on everyone in the courtyard. Time seemed to have stopped as everyone's movement was frozen in place. Deng Leigong moved at lightning speed as his hands formed into a palm form, which was then slammed toward Bai Qi's chest.

"Soul Splitting Palm! Die for me!"

Chapter 1108: To The Boundless Mountains

There are times when a person has to make a choice in life.

Bai Qi chose to exchange his life with Luo Tian's life.

This was his choice.

He knew very well that even if Luo Tian did his best, he would still be unable to escape this trap set by the four great families. After all, his cultivation base was only at the Condensation Element realm. Even if Luo Tian could defeat some ordinary Martial Void realm experts, he would definitely be no match for the Deng family's late stage Martial Void experts.

There was even less need to speak of the cunning and treacherous Deng Leigong.

Deng Leigong had been at the peak of the Martial Void realm for more than ten years, which meant his cultivation was infinitely close to the Great Diffusion realm. He was also once a student of the Misty Cloud Academy, so his peak Martial Void cultivation was stronger than those of the average Great Diffusion rankers.

He was also different from Hai Yulong and Wu Sha. Just the fact that he wanted to use the insidious Heavenly Soul Capturing Pill revealed his character.

That's why Bai Qi made a choice to sacrifice himself.

The moment he was thrown through the air, Bai Qi transmitted his thoughts to Luo Tian, saying, "Bai Lingling and the others are waiting for you outside the northern city gate. From now on, you are the patriarch of the Bai family. I want you to lead the Bai family forward and, if possible, fulfill the dream I have never accomplished in my life – take them on the path to becoming a gold level force!"

Upon hearing those words, Luo Tian's heart tightened like it had fallen into an abyss.

In just a few seconds, sounds of fighting were heard from the courtyard while Bai Qi resisted with all he had.

Luo Tian knew that Bai Qi most likely wouldn't make it.

His eyes darkened and were filled with killing intent. He then shouted like an enraged lion, "Deng Leigong! You just wait for this daddy!"

After saying that, Luo Tian rushed toward the northern gates at full speed.

He didn't kill his way back because he had the same thoughts as Bai Qi. Even if he had used his Thor transformation card and his Superman card right after, he was still not the match for the four great families. They simply had too many people.

The combined total of both cards only gave him ten minutes of time. If he couldn't kill all the experts from all four great families at that time, he and the rest of the Bai family would die with Bai Qi.

Luo Tian wasn't afraid if it was just one person at the high levels of the Martial Void realm.

His character has always been to fight to the end.

He wouldn't stop until he turned the place upside down.

But he wasn't alone and had the entire Bai family to take care of. There were still around a hundred elite disciples, including Bai Lingling and the others who needed him.

Luo Tian acted decisively and didn't stay.

After rushing to the northern part of the city, the sky had already started to light up. All the Bai family members were waiting at the gates.

These people were the ones that were willing to follow Bai Qi. And all of them were the elites of the Bai family.

Bai Qi suddenly changed his mind when he saw Bai Lingling rush out to save Luo Tian at the Ouyang residence. He dismissed all the servants and outer sect disciples, then only brought along the most important items secretly. He then ordered all the elite disciples to wait at the northern city gates.

Around a hundred kilometers away was the Boundless Mountain Range. The terrain was dangerous there, so even if the four great families chased after them, they wouldn't dare to go too far in.

Bai Lingling was in joy when she saw Luo Tian. She ran over and looked behind him, asking anxiously, "Where is my father?"

Luo Tian furrowed his brow, looked at the disciples gathered, and said, "Let's all set out for the Boundless Mountains!"

Bai Xiong also asked anxiously, "Boss, where is my father?"

The disciples stood up and looked at Luo Tian, waiting for his response.

Luo Tian didn't hide it and replied, "Uncle Bai is dead."

"What?!"

"Father..."

“Patriarch!”

“How did it happen?!”

“It’s all because of you! Luo Tian, you are a scourge! If it weren’t for you, why would our patriarch die? Look at what you have done to the Bai family! From the moment you showed up, the Bai family hadn’t experienced any peace!”

“That’s right! It’s all because of you!”

“Tell us what’s the use for you to stay alive in this world?!”

“Six of the elders left, and our patriarch died. The Bai family only exists in name. This was all because of you!”

Around one-third of the disciples were blaming Luo Tian.

Luo Tian didn’t retort because he really didn’t know how to argue back.

As they said, it was precisely because of his appearance that the Bai family became what it is today. If it hadn't been for him, perhaps the Bai family would have remained peaceful and safe, not experiencing further waves after the coup. The six elders would not have left the Bai family, and Bai Qi would still be in the Black Wind Cave instead of dying in the hands of the allied four great families.

Things had changed because of him!

Luo Tian started blaming himself the moment Bai Qi exchanged life for life.

After hearing those voices, his heart turned gloomy as he asked himself, "Could it be that wherever I go, trouble follows?"

When Bai Lingling heard her father had died, she fainted and collapsed to the ground.

Bai Xiong's body trembled slightly, but he stood up tall quickly and said loudly, "If you guys dare to say another bad word against my boss, don't blame me for being impolite! If it weren't for my boss, I would have died in the mountains a long time ago. If it weren't for him, the Bai family would have long been controlled by Bai Yuan. If it weren't for him, none of the Bai family participants would have passed the Misty Cloud Academy exam. And if it weren't for him, the Bai family would be a pool of stagnant water, forever content with its own pleasures. How could such a family improve? The betrayal of the six elders can only show that they were gutless cowards. Such people are not worthy of becoming elders of the Bai family. Without my boss, the Bai family may be stable for a while, but it will eventually perish as well!"

Bai Xiong's words made those disciples who accused Luo Tian turn silent in thought.

What Bai Xiong stated were all facts.

If it weren't for Luo Tian, the Bai family today might still be peaceful, but what about the future? It is certain that they will gradually be swallowed up by the other four families. Passing the exam of the Misty Cloud Academy has brought a new ray of light to the Bai family, but the other four families simply will not give the Bai family a chance to rise. They were directly trying to smother them in the cradle.

"Damn it! Let's fight them with our lives! The Bai family is about to disappear, so what use is there for us to keep living?!"

"That's right! Let's fight them!"

"So what if we die? Let's avenge the patriarch's death!"

The fighting spirit of the disciples rose to its peak because they saw no hope. It was better to fight and die a quick death than to go on like this.

It was less than a month since Luo Tian arrived at the Bai family. He still considered himself an outsider, so there were some things that were inappropriate for him to say.

But now, he had no choice except to be blunt with them. He cleared his voice and said, "We will fight eventually, but not now. We need to live on. Live a better life than those from the four great families. I promised Uncle Bai that I would bring the Bai family to its peak. I will definitely do as I promised."

“I know a lot of you are still upset with me, but please believe in me. I will definitely bring you all through this alive!”

Lin Dong then asked, “Boss, what do you think we should do?”

Bai Xiong added, “Boss, we will follow your lead.”

Luo Tian stared at the mountain range, which looked like a ferocious beast, not too far away, and said, “To the Boundless Mountains!”

Chapter 1109: Kill Them All, Spare No One

Boundless Mountain Range.

It was one of the ten most dangerous forbidden grounds in the Central Continent.

It was extremely dangerous.

When Luo Tian’s voice faded, even Bai Xiong’s expression went taut.

Lin Dong’s face faintly paled before whispering, “Boss, the Boundless Mountains are much more dangerous than other mountain ranges. The demonic beasts there are exceptionally strong. I’m afraid with our cultivation bases, we won’t even be able to survive the outer periphery of the mountains. If that’s the case...”

Everyone's faces were ashen.

They all knew about the dangers of the Boundless Mountains.

The Boundless Mountains were a living hell to the martial artists of Towering Cloud City. Even experts at the peak of the Martial Void realm wouldn't go there.

Luo Tian learned about it after going through the Central Continent's basic information.

The Boundless Mountain Range was filled with demonic beasts.

Moreover, there was once a force called the Boundless Sect there. The entire sect was somehow demonized, becoming killing machines inside the mountain range. They had lost all awareness and killed whoever they saw. This might be the most dangerous aspect of the place.

But Luo Tian had no other choices.

Entering the mountains was the only way out for them. If the people from the four great families catch up, all the people here will die. It was better to enter the Boundless Mountains and take their chances there than to die at the hands of the people from the four great families.

As long as they cross a portion of the Boundless Mountains, they will be able to reach Boundless City. The Bai family can catch their breath there. More importantly, Boundless City was less than a thousand kilometers from Misty Cloud City. Since he had promised Bai Qi to bring the Bai family onto the path of becoming a gold level force, this was his only option.

They will start their rise in Misty Cloud City!

Luo Tian spoke in a calm tone, "The Boundless Mountains are indeed dangerous, but they are much better than the four great families from the city. If you stay, they will only completely wipe you out. So, I hope that everyone can enter the Boundless Mountains with me. Once we enter the mountain range, they will not dare to pursue us further."

"Naturally, I won't force any of you because I cannot absolutely guarantee your safety in the mountains. Those unwilling can leave, but those who stay must listen to my commands. Otherwise, you might as well leave the family now."

Luo Tian had to establish his authority.

"I have no intention of following you into the Boundless Mountains to die. I will leave the Bai family. The four great families won't kill me after I've left the Bai family, right?"

"I'm leaving too. The Boundless Mountains are too dangerous. I have never heard of anyone who has gone in and come out alive. Luo Tian, you're just a martial artist in the Condensation Element realm. What ability do you have to lead us through the Boundless Mountains? I have absolutely no trust in you."

"I will stay. I believe in Luo Tian."

“I’m staying too. My advice to those brothers who want to break away from the family is don’t think that once you leave the Bai family, the four great families will let you off. They will definitely kill you and not let any Bai family disciples off as a precaution.”

“I’m also staying.”

“I’m going to leave.”

Some were staying, and some were leaving.

Out of the 96 elite Bai family disciples, only 50 of them decided to stay.

This was actually a bit more than what Luo Tian estimated.

These people were staying because they admired the unimaginable strength that Luo Tian was about to display several times. They believed that he had a way out of this situation.

Luo Tian didn’t try to convince those who were leaving to stay behind. He actually felt the fewer people going into the Boundless Mountain Range, the better. The more people there were, the harder it would be for him to take care of them. Luo Tian looked at the disciples who were leaving and said, “It is best that you guys don’t go back into the city. While the people from the four great families aren’t hunting you down, you should leave Towering Cloud City as soon as possible. Otherwise, you guys will definitely die here.”

“Humph~!”

“Luo Tian, we are no longer members of the Bai family, so you should mind your own business. Go take care of yourself instead.”

“That’s right. Who do you think you are? I really don’t understand why so many people are following you to their death.”

“Let’s go, everyone! We can seek refuge with Elder Bai Kong. He will definitely accept me since I was his eldest disciple. Everyone can come with me.”

Luo Tian shook his head with a bitter smile.

He was too lazy to bother with it.

Luo Tian looked at the fifty disciples who remained. Including himself, Bai Xiong, Lin Dong, and Bai Lingling, there were a total of 54 people. Looking at each of their unfamiliar faces, Luo Tian clenched his fists and promised himself, “I will definitely bring you all to the top. Uncle Bai, please be rest assured. A gold level force is not my goal. My goal is to surpass a king level force, where the entire world will tremble at the mention of our name!”

“Set off for the Boundless Mountains!”

Bai Xiong waved his hand and shouted, "Let's go!"

Around this time, a loud shout came from somewhere in the city. "Luo Tian, you damn dog thing! Let's see where you can escape to!"

Luo Tian furrowed his brow as he said to himself, "Not good."

Bai Xiong looked at Luo Tian and asked, "Boss, what should we do?"

Lin Dong ran over, filled with fighting spirit.

Luo Tian replied without hesitation, "Full speed to the Boundless Mountains. They won't dare to chase us once we enter deeper."

Bai Xiong immediately relayed the command, "Full speed forward!"

The 46 disciples who had broken away from the Bai family were overjoyed to see that the leader was Bai Kong, the ex-second elder of the Bai family. The disciple in front immediately ran ahead like he was meeting his ancestor, shouting, "Master, master, master!"

There were five of the ex-Bai family elders beside Bai Kong, and his expression changed from those shouts.

He was the vanguard in chasing after Luo Tian. When he saw a group of Bai family disciples, some of whom were actually his own personal disciples, he uttered, "It looks like Luo Tian doesn't have everyone's support. Brother Deng, these people are mostly my personal disciples..."

Before he could finish speaking, Deng Huolei shouted, "Spare no one! Kill them all!"

The expressions of Bai Kong and the ex-Bai family elders around him instantly changed. "Brother Deng, they are my personal..."

Deng Huolei interrupted him again, calling out his full name, "Bai Kong! Can you guarantee that none of them is a spy for Luo Tian? Can you guarantee none of them have thoughts of avenging their patriarch? You should understand the principle where an ant hole can eventually break down a flood embankment, right?"

The face of the lead disciple instantly paled before he knelt down and said, "Elder Deng! We absolutely have no second thoughts! We have completely severed our ties with the Bai family! We are no longer members of the Bai family!"

Deng Huolei harrumphed, too lazy to even look at them. He then said, "Isn't your appearance here to help Luo Tian buy time to escape? Bai Kong, will you do it yourself, or do you want my men to do it? Luo Tian is right in front of us. If we let him get away today, neither you nor I will be able to bear that responsibility."

Deng Leigong was already raging.

If the news of the Heavenly Soul Capturing Pill is leaked, what he will be facing is all the orthodox sects of the world. The Deng family was not even comparable to an ant when facing off against these powerful sects.

Bai Kong revealed a painful expression before saying, "Kill!"

Deng Huolei smiled faintly and whispered, "At least you understand the big picture. Since you are unable to make a move yourself, I will do it for you. Deng family disciples, listen up! Kill them all and spare not a single one!"

"Brother Bai Kong, you go ahead and chase after Luo Tian. I will take care of these mongrels first before catching up. Remember to delay him and not let them escape."

"Once they escape into the Boundless Mountains, it will be difficult for us to catch them!"

Chapter 1110: It's About Time To Let Off Some Steam

Coincidentally, those disciples who had left the Bai family had indeed bought Luo Tian a little more time.

However, not too far away, the more than 50 people in Luo Tian's group paused to watch those who had once been their brothers and comrades-in-arms being slaughtered one after the other. Blood had stained the city gates red. Their hearts had a sinking feeling as they watched their former brothers die.

They didn't feel any anger when those people chose to leave the Bai family, but they were now full of rage due to the Deng family's cruelty.

Luo Tian frowned as he watched how Bai Kong and his group of men had almost caught up to them on horses. He immediately shouted, “Bai Xiong, lead the Bai family disciples forward quickly! Do not stop even for a moment!”

They were short on time.

This world was a place where strength determined everything.

Their group of people was mostly in the Four Elements cultivation realm. Only a small portion of them had reached the Condensation Element realm.

The cultivation of the six ex-Bai family elders was all in the high levels of the Condensation Element realm. Bai Kong was even a martial artist at the peak of the Condensation Element realm. As long as the six catch up to them and delay them long enough for the Deng family’s army to arrive, the deaths of all those disciples who had broken away from the Bai family will be in vain.

Bai Xiong immediately shouted, “Run! Quickly run!”

Luo Tian remained in the rear of the group.

He was supporting a young child of only twelve years old as they sprinted their way toward the Boundless Mountains.

Towering Cloud City and Boundless Mountains were more than 100 kilometers apart.

Back then, no one felt it was far away. But right now, it felt like it was way too far.

“Quickly run! Don’t be afraid of wasting your yuan energy! You can always absorb more yuan energy after using it up! If you lose your life, there will be nothing you can do to get it back!”

“Those six people behind us are just like mad dogs!”

“Those elders we had once respected are now trying to wipe us out. I have noted down today’s grudges. Don’t give me the chance, or else I will definitely kill my way back here. I will let them see what I’m capable of!”

Angry shouts could be heard from the group running for their lives.

They hated Bai Kong and the other five to the bones!

A short distance away, Bai Kong was wildly flicking his whip as he shouted to his comrades, “We can’t let the kid get away! Once he escapes into the Boundless Mountains, it will be hard for us to catch up! When he returns in the future, I’m afraid...”

They knew about Luo Tian’s character.

If they were to let him get away alive, he would definitely kill his way back when given the chance.

By that time, no one in Towering Cloud City will be able to stop his terrifying potential.

“Don’t worry, big brother! These pieces of trash are only in the Condensation Element realm. They are running for their lives, so they are using up all their yuan energy. The yuan energy they currently have in their dantians can’t possibly support them all the way to the Boundless Mountains. We’ll definitely be able to catch up. Even if they make it to the Boundless Mountains, how can they fight off demonic beasts without any yuan energy? They’ll definitely die inside, hahaha...”

“That’s right.”

“Luo Tian would be fine if he was on his own, but he’s bringing so much baggage with him. I really don’t know what he’s thinking. He still wants to bring along so many useless people with him at a time like this. There must be something wrong with his brain, hahaha...”

Indeed, Luo Tian could easily escape if he was by himself.

But there were fifty people in his group, and their cultivation was all on the weaker side.

They were definitely existences hindering him.

However, Luo Tian would not give up on them since he had promised Bai Qi, even if it meant dying. This was the responsibility of being a real man.

Bai Xiong lagged to the rear of the group and said anxiously, “Boss, Bai Kong, and the others are getting closer and closer. They are less than three kilometers away and will probably catch up to us within half an hour. We are still a few hours away from the Boundless Mountains, and some of our brothers are nearly out of yuan energy and can’t hold out for much longer. What should we do?”

Some of the disciples were already panting heavily with pale faces. After sprinting for dozens of kilometers, their yuan energy had been used up. Without the support of yuan energy, their speed had slowed considerably, and their bodies were quickly becoming exhausted.

This was the crux of their problem.

“Big Brother Luo Tian, you should run ahead. We can’t do it anymore.”

“We will stay behind and block Bai Kong, buying you some time. The Deng family’s army hasn’t caught up yet, and Bai Kong won’t be able to kill us all that fast. We can definitely buy you some time.”

“That’s right!”

“We are already at our limit. Instead of everyone dying here together, it’s better for those of us with some yuan energy left to stop them. At least that can buy some time.”

Many disciples who had used up all their yuan energy stopped, supporting themselves with their hands on their knees as they gasped for breath.

Luo Tian declared without hesitation, "From the moment you all made your choice, you had become my Luo Tian's brothers. I will never abandon my brothers. Even if we have to die, I will be the first one to die."

"Bai Xiong!"

Bai Xiong's heart shook before immediately responding, "Present!"

Luo Tian then said, "Let people with a little higher cultivation support those with lower cultivation. We can slow down our pace a bit. Tell the brothers who have pills that they should just take them. Pills are just external objects, so as long as they survive this disaster, I will definitely let them experience an endless supply of pills."

Bai Xiong responded, "Got it!"

Luo Tian put down the child and said, "Go follow Bai Xiong."

The child asked, "Big Brother Luo Tian, what about you?"

Luo Tian looked at the incoming Bai Kong and his group and said, "I have something to do first. Quickly go!"

If Bai Kong's group of six isn't taken care of first, it will be very difficult for Luo Tian and his group to escape.

Luo Tian was very clear that he had to take them down first!

Moreover, these six people betrayed the Bai family and then committed an unforgivable sin. As the current patriarch of the Bai family, Luo Tian had the right and obligation to kill them. This was the best gift for Bai Qi.

Luo Tian pulled out Heaven Sword.

One person and one sword stood at the center of the path.

Lin Dong saw this and quickly ran over.

Before he could get close, Luo Tian shouted, "Don't come over! I can do it alone!"

Lin Dong's face paled with anxiety. Those were six ex-Bai family elders with cultivation levels higher than Luo Tian's. They had cultivated for decades in the Ancient World and had plenty of combat experience. What's more, each of them was cunning and extremely difficult to deal with. He anxiously said, "Boss..."

Luo Tian looked at him and smiled, "Lin Dong, you will be the Bai family's patriarch if I die. You have to bring them away. I believe you can do it!"

"Go!"

Who was Lin Dong?

The main character of Wu Dong Qian Kun! Luo Tian was rest assured of his abilities!

If he were to die fighting the six elders, Lin Dong would bring the Bai family away and eventually make the Ancient World shake at the mention of his name. Just because he was Lin Dong!

Lin Dong frowned, then turned around and quickly caught up to the group.

"Clomp~, clomp~, clomp~, clomp~..." The sound of horse hooves got closer.

At this moment, the sky began to light up as dawn broke.

From afar, Luo Tian could already see Bai Kong leading at the front. His mouth curved in a faint sneer as he said, "It's about time for me to vent all the anger burning in my stomach!"

Bai Qi had died for him.

He was furious about it.

Those Bai family disciples who broke away were wiped out by Deng Huoli. This made him furious.

He was even more furious that Bai Kong had chased them down like a bunch of homeless dogs.

Now, he wanted Bai Kong and the others to pay!
