

## Leveling Up 1111

### Chapter 1111: What Kind of Dog Fart Formation Is This?

One man, one sword, standing proudly at the center of the path.

As a breeze blew by, the black robe Luo Tian was wearing would flutter in the same direction as the wind.

His eyes were trained at the front while his body was unmoving.

He was like a hawk eyeing its prey. His gaze was as calm as the surface of a lake, without a tiny ripple.

In front of him was a small herd of horses snorting, with six people filled with killing intent bearing down.

The sound of horse hooves galloping in a frenzy made this morning seem especially unsettling.

Killing intent mingled with this uneasy atmosphere.

“The kid is there!”

“Hahaha... Luo Tian, you piece of trash! Today, I will personally kill you!”

“Damn dog thing! You had this day coming!”

“If it weren’t for you, the Bai family wouldn’t have turned out like this! Luo Tian, you are the eternal sinner of the Bai family! It’s either you die, or I die today!”

The furious roars mixed with the sound of galloping hooves rapidly approached.

Luo Tian still stood there without moving.

It was as if he had heard nothing, and everything had nothing to do with him. The only difference was that his eyes were more vibrant, a flash of brilliance that made him seem even more calm in the face of his prey.

Closer and closer.

One hundred meters, eighty meters, fifty meters...

In an instant, the originally calm and unmoving Luo Tian suddenly moved. His actions were like lightning as he charged out. He was dragging Heaven Sword on the ground, causing it to leave a trail of sparks behind it. It was as if a kitchen knife had accidentally cut through an electrical wire.

Sparks of fire continued, making Bai Kong in the lead to sneer. He then said with disdain, “Today, I will see what kind of abilities you have! Sword Trap Formation!”

When Luo Tian was about a dozen meters away from Bai Kong, his body suddenly pressed down.

Heaven Sword was raised horizontally, sweeping at the legs of the horses.

Bai Kong shouted in surprise, "Up!"

The six of them moved.

They all jumped up at the same time, flew into the air, and drew their swords at the same time. Their swords converged in the air, touching each other, and the yuan energy they released merged together. This formed an invisible yuan energy net that pressed down towards Luo Tian.

Luo Tian didn't change his trajectory, still slashing out horizontally with his sword.

"Swish~, swish~, swish~..."

"Swish~, swish~, swish~..."

The six horses neighed in agony. Luo Tian used his sword to cut off the four limbs of each of the six horses with a single stroke. They slammed into the ground and bounced off the surface a few times. The bodies convulsed with the neighing sounds before their lives gradually slipped away.

At the same time Luo Tian chopped off the limbs of the horses, Bai Kong smiled smugly, "Trash will always be trash. Stupidly attacking our horses? So what if you manage to kill them? Can it hurt a single hair on us? As for you, you're about to meet King Yama!"

"Hahaha..."

"Big brother, we will surely achieve merit after helping Old Master Deng kill this kid. We might even be able to take control of the Bai family afterward. By then, the Bai family will definitely become stronger in our hands."

"We'll talk more after we kill the kid."

"Kill!"

"..."

The six swords formed a flower pattern before aiming for Luo Tian's chest and piercing forth.

Too fast!

Luo Tian had focused his strength on killing the six horses. He knew that killing their steeds would make it more difficult for them to chase after the Bai family disciples. This was considered buying time for Bai Xiong and the others.

That's why Luo Tian chose to kill the horses first.

Because of this, Luo Tian had no time to react to the attack from the six of them.

But he was not in the least bit afraid! Instead of using God Flame to interrupt their joint attack, Luo Tian took out the Heavenly Plume Shield and held it against his chest. A slight smile appeared at the corner of his mouth as he said, "You want to kill this daddy just with the six of you?"

"Bang~!"

"Boom~!"

"Ommm~..."

Six sword points landed on the Heavenly Plume Shield.

Luo Tian's body sank down. Even though the Heavenly Plume Shield was nearly indestructible, the powerful impact force was unavoidable. Luo Tian's body was almost pushed into the ground, and the internal organs in his chest cavity were violently shaken.

Very painful!

The rebound force from the Heavenly Plume Shield also knocked the six people back, albeit only slightly.

"Whoosh~, whoosh~, whoosh~..."

Six people flew out at the same time, flying ten meters away. The force of the backlash did not hurt them one bit. Bai Kong glanced at the pale face of Luo Tian and sneered, "It's that shield again? I already knew you would take that out."

"That just now was the combined attack by the six of us. Let's see if you can still avoid our next one!"

"Six Profound Kill!" shouted Bai Kong in a deep voice.

The six men fell into six different positions. With a finger pointing at their swords, an invisible ray of yuan energy was connecting their bodies to their blades.

The six of them were fellow apprentice brothers who trained in sword techniques together.

This sword formation technique was designed to target martial artists who used the sword. The power unleashed by the joint efforts of six people was extremely powerful. A Martial Void expert would find it difficult to deal with, let alone Luo Tian, who is only in the Condensation Element realm.

Luo Tian furrowed his brow as he looked around. He then said with a smile, "A sword formation?"

Bai Kong sneered in disdain, "Kid, at least you have some foresight. The six of us have been training in this sword formation for more than ten years. It was originally planned to be used on those peak Martial Void experts to create more opportunities for the Bai family. But because of you, this sword formation has never been used. Luo Tian, you should feel honored that this sword formation is being used on you for the first time. Hahaha, you can now die in content."

Luo Tian merely smiled without saying a word.

He locked his gaze onto one of them before saying, "Come then. Let me see the strength of your crappy sword formation."

"Humph~! Courting death."

"How dare you insult our spirit level Sword Trap Formation! Let us show you the might of this sword formation!"

"Kill!"

The six of them appeared to be breathing in synchronization, entering a state of oblivion.

One must mention that the power of the sword formation used by these six people was indeed very strong. The key point was that these six people had cultivated the sword formation to the point of near perfection. When using this formation on Luo Tian, they basically didn't put him in their eyes at all.

This trump card was the reason why they dared to catch up to Luo Tian and fight him.

However, just when they started up their formation, Luo Tian shouted internally, "Level 1 Divine Explosion, activate!"

"Ommm~!"

His body was bursting with power, causing a powerful aura to surge out from him.

Luo Tian stomped on the ground and shot forth like an arrow, and the soft explosion of the broken sound barrier was heard. Under the enhancement of Divine Explosion, his speed was faster than any of those six here.

Bai Kong immediately shouted, "Old Six, watch out!"

“Die!” shouted Luo Tian.

He then continued shouting internally, “Vajra Sword Technique!”

“Buddha’s Fury!”

“Bang~!”

A Vajra Ape descended from the sky and sat right on top of Bai Liu.

Luo Tian instantly thrust out his sword and pierced his throat.

Bai Liu was dead!

Luo Tian pulled back his sword and sneered, “What kind of dog fart formation was that? It couldn’t even take one hit from me!”

Chapter 1112: Damn It, Are You Really Pushing Me To A Dead End?

The Sword Trap Formation was broken by one sword strike.

In the world of martial arts, speed is the only thing that cannot be broken.

The weakness of this sword formation lies in the fact that it has no defense against a surprise attack on one of its members. The speed of the formation was also too slow, so any opponent faster than them could kill one of their formation participants. The other five aren't fast enough to come to the defense to protect one of their own.

Most importantly, Luo Tian had a lot of proficiency in arrays and formations back in the Tianxuan Continent. Just looking at their sword formation, he was able to see its weakness.

Luo Tian basically saw through everything with a glance when it came to such a low ranking sword formation.

Bai Liu ended up dying.

The sword formation was broken, so the yuan energy link between them instantly collapsed. The five of them panicked, and their coordination was instantly thrown off. This was the best time to utilize the saying, "When they're ill, go for the kill."

Chasing him down to kill? Luo Tian's rage was boiling.

He shouted into the air, "Uncle Bai, I will first send down these six traitors to you!"

Luo Tian immediately stored his sword and lowered his arms. While Divine Explosion was still activated, his figure charged forward. "Mountain River Fist, shattering mountains and rivers!"

A punch smashed forth, sending the nearest Bai Wu flying away.

“Shoulder Dash!”

“Whoosh~!”

Luo Tian’s body slid over, nearing the landing point of Bai Wu’s body. He then leaped up into the air, bending his knee, before falling down at an angle.

“Bang~!”

His knee landed on Bai Wu’s chest and cracked it. Bai Wu’s eyes bulged out before coughing up several mouthfuls of black blood. He could only glare at Luo Tian without the strength to say anything. The arrogant expression he previously had wasn’t there anymore, gradually replaced with a look of fear.

Trembling!

Eventually, he managed to mutter, “Cold, cold... Big Brother, I’m so cold...”

“Save, save, save me...”

Luo Tian slowly got up and turned to look at the enraged Bai Kong. He then stomped on Bai Wu's head, making it burst apart like a watermelon. "Those who provoke this daddy have never had a good ending. The moment you guys left the Bai family, it was fated that none of you would live long!"

Bai Kong's face was dark red as his rage had made him lose all reason. He howled out, "Luo Tian! I'm going to kill you!"

The other three followed right after Bai Kong.

Four swords were drawn, reflecting a cold light from the rising sun's rays. There were no palm or sword techniques involved, just pure immeasurable rage. The deaths of Old Five and Old Six made them furious. They only had one thought in their hearts – kill Luo Tian!

Luo Tian was also furious.

When those four charged at him, he didn't try to dodge or retreat. He just crazily ran forward to meet their attack.

"Ding!"

"Target locked!"

"God Flame, smash them!"

Luo Tian raised his palm and shot out a fireball that struck Bai Kong.

It was a pity that instant kill wasn't triggered.

Luo Tian didn't really care. In a split second, when Bai Kong was stunned, he threw a double heavy punch while saying, "You guys want to fight with this daddy? You aren't qualified!"

"Bang~, bang~!"

The punches landed on Bai Kong's chest, sending him stumbling backward. Luo Tian then shouted, "Wolf King's Claw!"

He grabbed onto Bai Kong's arms and pulled him back before sending out another two punches.

The moment Bai Kong was sent flying, Shoulder Dash was used before another two more punches.

Around this time, Luo Tian's back and the side of his abdomen had been stabbed.

However, this did not affect his speed or his attacks in the slightest. He just wanted to kill Bai Kong and not give him a chance to breathe. Bai Kong was stunned and did not have time to react at all. He was pretty much under Luo Tian's continuous combo attacks the entire time.

The only thing Bai Kong could do was shout, "Kill him! Quickly kill him!"

"Bang~, bang~..."

Another two punches smashed out.

Bai Kong staggered and fell on his back. Luo Tian took this chance and pounced over, sitting directly on Bai Kong's chest. A rainstorm of punches started landing on Bai Kong's face as he shouted, "Chasing this daddy? Trying to kill this daddy? Try chasing now! Try killing me now! Come! Come! Come at me!"

Just like a lunatic!

Each punch was heavier than the last, causing Bai Kong's eyes to only see stars. Blood sprayed out of his mouth in gushing bursts, making him unable to speak.

Luo Tian had lost his mind and didn't stop.

He kept pounding away like a lunatic.

Furious!

Extremely furious! Bai Qi was dead, and the Bai family was in a mess. He felt fully responsible for all of it. If he didn't vent this feeling out, he felt that he might really explode. That's why he kept punching and didn't care how many sword slashes his body was dealing with.

Bai Kong was covered in blood.

Luo Tian was also covered in blood.

"Bang~!"

The last punch landed on Bai Kong's windpipe and crushed it. Luo Tian ripped Bai Kong's head off and turned around with a crazy smile, "Those who provoke me will all die!"

"Lunatic!"

"He is an absolute lunatic!"

"He's not human!"

The remaining three were dumbstruck by what they were seeing. They had seen crazy before, but never crazy to this degree. Luo Tian fought like he didn't want his life; his actions weren't something a normal person would do.

The three of them trembled faintly.

They were stunned by Luo Tian's actions.

They no longer had the will to fight, quickly turning around in an attempt to run.

But Luo Tian wasn't going to give them a chance at escaping.

The moment they ran, Luo Tian threw Bai Kong's head at one of them before chasing that guy down. A single slash of his sword lopped off their head.

"Only two left."

"Buddha's Fury, restrict him!"

A powerful restraining force descended from the sky and trapped one of them.

Luo Tian slashed out, killing another person.

Right after that, Luo Tian quickly caught up to the last person and killed him.

Luo Tian had killed six people in less than two minutes!

Apart from Bai Kong, the other five were basically instant kills.

“Fuuu~... fuuu~...” Luo Tian sat down and crossed his legs before casting Super Regeneration on himself. The pain he was feeling eased slightly, and his countenance improved a bit. “Uncle Bai, this is just the beginning. I will definitely kill all four great families in Towering Cloud City and avenge you. May your spirit in heaven bless and guide us through this difficult time.”

Luo Tian slowly stood up with difficulty.

-----

“Elder, there are sounds of fighting up ahead. Bai Kong and the others should have caught up.”

“Hahaha...”

“No rush. Let them fight for a while, use up Luo Tian’s energy, and then we’ll swoop in and reap the benefits. Hahaha...”

“Even though Bai Kong’s group is not Luo Tian’s match, they should be able to hold him down with their cultivation base.”

Deng Huolei never spoke but perked up his ears to listen intently. After listening for a while, his face fell, and he immediately said, “Not good; the six in Bai Kong’s group might be all dead.”

“No way?”

“No matter how strong he is, Luo Tian can’t be that strong, right? The Sword Trap Formation used by Bai Kong and his group is not simple. Even if Luo Tian used his Fire Qilin, he shouldn’t have been their match. How could they have all died so quickly?”

No one there believed what they were hearing.

Only Deng Huolei reacted by clenching his legs and sharply whipping the horse beneath him, rushing to catch up to Luo Tian.

-----

Around this time, the sound of horse hooves galloping from afar was heard.

Luo Tian's face darkened, "Damn it, are you really trying to push me to a dead end?!"

Chapter 1113: This Grudge Will Be Avenged

Luo Tian was still injured and couldn't continue fighting.

Most importantly, Deng Huolei brought people who were much stronger than Bai Kong's group of six. And Deng Huolei himself was a powerful Martial Void realm expert. Luo Tian didn't want to use any of his transformation cards because they weren't qualified for him to use up such a precious trump card.

Therefore, Luo Tian didn't hesitate to run like crazy.

A little over ten minutes later.

Deng Huolei's expression was contorted as he looked at the mess of deformed corpses of Bai Kong and the other five.

Some of the others present had pale faces.

Some people even threw up after seeing Bai Kong's pulverized head.

“Such barbaric methods.”

“This Luo Tian is truly vicious, using such brutal methods.”

“Bai Kong and his group weren’t his match. Isn’t Luo Tian a little too strong?”

Deng Huolei dismounted to examine the scene.

Very soon after, he leaped back onto his horse and shouted, “The blood is still hot! They just died a short time ago, so that dog thing Luo Tian can’t have run far! We will chase after him!”

At this moment, an elder of the Ouyang family coughed softly and said, “Brother Huolei, the Boundless Mountain Range is just ahead. For Luo Tian and his group to enter there, they are basically courting their own death. There’s no need for us to chase after them, so let’s head back to the city. Luo Tian is a dead man anyway.”

An elder from the Zhang family added, “That’s right. Even if Luo Tian has three heads and six arms, they would at most live for three days in there. After that, they will crawl back to the city like dogs. There is only one way out of the Boundless Mountain Range, and the closest one is to Towering Cloud City. We just need to guard the northern gates and kill that kid when he comes back.”

“I agree. We really don’t need to chase after him. Let’s have him lose all hope and die in the Boundless Mountains Range.”

Except for Deng Huolei, none of the elders from the other three great families wanted to keep chasing.

The reason was very simple – the Boundless Mountain Range was a forbidden place even for ghosts and gods. There is only one result for Luo Tian and those martial artists in the Condensation Element realm going in there, and that's death.

Moreover, the Deng family only sent out Deng Huolei and a few disciples.

The other three families sent out several elders each and a bunch of elite disciples. Now that the Bai family was destroyed, it was time for them to split up the assets. Right now, it was best to bring all the people here back as a precaution to anything that might happen during the process.

These were the thoughts of the three great families before they started chasing after Luo Tian.

They weren't the Deng family.

Deng Leigong was only after Luo Tian because of the Heavenly Soul Capturing Pill. They had nothing to do with this matter, so naturally, they didn't want to continue chasing after him. If they ventured into the Boundless Mountain Range, they could accidentally die there.

Deng Huolei's eyes widened.

Old Master Deng gave him a death order – he had to catch up with Luo Tian and retrieve the Heavenly Soul Capturing Pill. Otherwise, he can forget about returning to the family.

In other words, if he doesn't catch up to Luo Tian and take the Heavenly Soul Capturing Pill back, he will die if he goes back.

Deng Huolei said sternly, "You all should know very well what kind of person Luo Tian is. Once you give him a chance to breathe and survive, he will definitely not spare any of you here. If we don't take out the roots, he will definitely become a major disaster in the future."

An elder of the Ouyang family smiled and replied, "What major disaster could there be? Even if that kid is strong, he won't be able to get out alive after entering the Boundless Mountains. Brother Huolei, save your worry. That kid is definitely a dead man walking."

"That's right. We should go back and split up the Bai family's assets. Our patriarch died because of this matter, so I need to return early to take charge of the situation."

"I need to head back as well."

"I am very tired after chasing for a whole night. If I have to keep chasing, I think these old bones of mine will probably shatter."

They had no intention of continuing chasing, only wanting to think about the Bai family's assets.

The Deng family was the strongest family out of all of them, so there's a chance they will swallow the majority of the Bai family's assets. They would have lost out big time if that were to happen after losing so many members of their family.

Deng Huolei could already tell these people weren't planning on helping him chase. He then sneered, "Good, good, good! Since you guys have already made up your mind, there's no need to try to force you. However, the division of the Bai family's assets is based on contribution. Taking down Luo Tian is a big contribution. Since you guys don't want it, then it will all be mine. You guys know that kid must be injured after fighting Bai Kong and the other five, right? I think I will catch up to him before he can reach the Boundless Mountains. At that time, it would be too easy to take care of Luo Tian, who is already injured. Hahaha..."

After throwing out that bait, he no longer cared what the three families weren't going to do. He shouted, "Where are the Deng family disciples?!"

The Deng family disciples mixed into the crowd all started shouting, "Here!"

Deng Huolei waved his sword and pointed forward with a shout, "Chase him down and kill him! Whoever is the first to catch up to Luo Tian will be rewarded with a thousand xuan coins!"

"Charge!"

"Clap~, clap~, clap~..."

The Deng family disciples charged out like they didn't care about their lives anymore. One thousand xuan coins was a very large number for them.

The remaining elders from the three great families looked at each other.

“No matter what, we can’t give Luo Tian a chance. That kid is quite vengeful. Once he survives, we will not have good days to live. How about we go chase as well?”

“Chase. We can’t let that kid live. We also can’t let the Deng family profit from this.”

Right after that, all members of the three great families chased after Deng Huolei.

In the distance, Deng Huolei sneered before saying to himself, “A bunch of old foxes. After we get rid of that dog Luo Tian, I will kill you guys one by one. That way, the Deng family will be the absolute overlords of Towering Cloud City, and we’ll see who dares to oppose us then!”

-----

“Fuuu~, fuuu~...”

Luo Tian was panting as he finally caught up with Bai Xiong and the others.

Bai Lingling had finally woken up. The edges of her eyes were red and swollen, showing that she had been crying.

Her heart started aching once more upon seeing Luo Tian covered in blood. She rushed over and asked, "What happened? Why are you injured so badly? Please don't scare me!"

Her heart was already in a lot of pain after losing her father. If something was to happen to Luo Tian as well, she might not have the strength to keep on living.

Luo Tian felt warmth in his heart as he replied, "I am fine."

Immediately after, Luo Tian asked, "Deng Huolei and his people are about to catch up to us. How far are we from the Boundless Mountains?"

Bai Xiong replied, "We still have about ten kilometers. I can already see the outline of the Boundless Mountains."

Luo Tian looked over and stared hard.

Sure enough, an outline of an immensely high mountain range appeared not far away. The huge mountain range gave off an air of unspeakable danger. Luo Tian's heart sank for an unknown reason. His intuition was basically telling him that this mountain range was definitely very dangerous.

But they had no other path to take. They could only enter the mountains!

This was their only path to survival!

Luo Tian felt like this was the first time he had been forced into such a corner. The anger he was feeling was beyond words. He clenched his fists and said to himself, "I am not human if I don't avenge this grudge!"

Chapter 1114: Dumbstruck

"Relay my command that everyone has to run at full speed! Even if the person's yuan energy is completely depleted, make them run! No matter what you have to do, you must get them to the Boundless Mountains within half an hour!" Luo Tian ordered.

Bai Xiong said in startlement, "Boss, there's no way we can do that in half an hour. There's basically no one here who has any yuan energy left. They have been all just running most of the way, and many cannot handle it anymore."

Lin Dong added, "That's right. I don't think they can do it even if given a full hour."

Luo Tian furrowed his brow. That half an hour included him blocking for the group to escape.

Based on Deng Huolei's speed, they will catch up in about twenty minutes.

At that time, encountering Bai family disciples with depleted yuan energy would be as easy as killing chickens.

Luo Tian suddenly jumped onto a boulder and shouted, “Brothers, let’s have a competition! Whoever can be the first to enter the Boundless Mountains will be the head elder of our Bai family! Whoever is the second to reach it will be the second elder! I am going to establish ten elder positions! These ten elders will not be chosen based on cultivation or achievements. As long as the first ten people reach the Boundless Mountains, I will give them the position of elder and the treatment that comes with it. This treatment will be twice that of the previous Bai family elders!”

When people heard that, their spirits instantly perked up.

“Big Brother Luo, is what you’ve said really true?”

“Are you sure you’re going to keep your word?”

“The first person to reach the Boundless Mountain Range will become the head elder? Is there really such a good thing?”

Luo Tian immediately added, “Uncle Bai handed the Bai family to me, so I am the patriarch. My words are commands. If I say someone is an elder, then he or she is an elder. You guys only need to run with all your might. I, Luo Tian, will never go back on my word!”

“Enough with the talking and start running!”

They couldn’t afford to waste even a second.

Since Bai Qi handed the Bai family to him, he had to bring them away safely!

He cannot allow any of them to die.

Luo Tian thought of an idiom from his previous life in the Three Kingdoms. It was called looking at plum blossoms to quench one's thirst. It was basically to console oneself with false hopes. This was the only move he could think of. As a martial artist, they all wanted more resources for their cultivation and a higher status in society. This was true no matter what time and place.

Moreover, the group didn't know Deng Huolei and his army of disciples were about to catch up, so they were acting like they were out of danger.

Everyone was shocked.

No one asked any further questions because they all ran out like a swarm of bees. Even the twelve-year-old child that Luo Tian had been carrying on his back just now ran like crazy, like he didn't care about his life any longer. That kid even managed to get to the front part of the group.

This showed that human potential was limitless. Even when they were tired to the point of being unable to move, they could still burst forth with hidden energy once they were stimulated by something.

Luo Tian sighed in relief after watching them run so quickly.

Bai Xiong had a look of shock on his face before looking at Luo Tian with even more admiration. "Boss is truly the boss. With this awesome move, let's not talk about half an hour; I think twenty minutes is enough for them."

Luo Tian rolled his eyes at Bai Xiong and said, "Why aren't you running? Do you think I will give you face just because you're my brother? If you aren't in the top ten, I won't give you an elder's position. You can forget about begging me, too."

"What are you two looking at?"

"Don't think that we have a good relationship, and I will let you two go through the backdoor. It won't be happening."

"You three, please don't lose face for me. If you guys aren't in the top ten, then I will be too ashamed to show my face in public," said Luo Tian.

Bai Xiong looked stunned.

The three of them glanced at each other before looking at the Bai family disciples slowly disappearing into the distance. They immediately started running and shouted, "Wait for us! I want to be an elder, too! Wait up!"

The three of them quickly disappeared into the distance.

Luo Tian sauntered in their direction without a sense of urgency.

He was going to heal himself once Super Regeneration's cooldown was over.

The sword injuries on his body had recovered about 70 – 80%. His yuan energy was still quite low, though.

“Hahaha...”

“There's a person up ahead! Let's quickly catch up!”

“That person looks a bit familiar...”

“That's Luo Tian!”

“It's really that kid. And do you guys see his body covered in blood? He's definitely seriously injured. Bai Kong and the others were elders of the Bai family, so they couldn't have gone down that easily. The kid is definitely injured.”

“Hahaha...”

“That kid's life is mine! I, Ouyang Niu, will be the one to take credit for it!”

He clamped his legs down and started whipping faster in order to get ahead.

The elders behind him didn't want to be left behind, so they started whipping their horses to catch up as well.

Only Deng Huolei didn't rush over. He narrowed his eyes like a wily old fox and sneered internally, "Even if Luo Tian is injured, he's an injured, enraged lion. You guys think it will be that easy to kill him? If it was, he wouldn't be called Luo Tian anymore."

When it came to the analysis of Luo Tian, the Deng family did a much better job than the other families.

This was the reason Deng Leigong wanted to control Luo Tian with the Heavenly Soul Capturing Pill.

Luo Tian was a very strong individual. When he encounters a powerful enemy, he is capable of exploding forth with hidden potential. One cannot let their guard down around him unless he is confirmed dead. This was Deng Leigong's advice to him before he led the hunt. As for him, he only wanted Luo Tian dead and the Heavenly Soul Capturing Pill back. Deng Huolei didn't care how Luo Tian dies or who manages to kill him.

"Luo Tian, hand your life over!"

"Pay back our patriarch's life!"

“Luo Tian, go to hell!”

Almost at the same time, the three elders of the Zhang, Li, and Ouyang families leaped from their horses. They were in the air like hungry tigers, pouncing on a helpless sheep, using their most powerful moves.

“Bang~!”

“Clang~!”

“Boom~!”

Luo Tian looked like he didn't have time to dodge and was immediately killed by three descending strikes.

“Hahaha...”

“Hahaha...”

“Hahaha...”

The three were laughing so much that they couldn't close their mouths. They were exceptionally excited, staring at Luo Tian's corpse. "I thought that Luo Tian was very strong, yet he was killed with just one attack. Humph~! What a piece of trash!"

"How can you call him trash? Calling him trash is an insult to all other trash. Lucky for him that he never fought with me in the past, or else I would beat him to the point of being only able to crawl on the ground."

"Looks like we will have to share the credit."

The three were extremely happy and chatting away because they had killed Luo Tian.

However, Deng Huolei was full of doubts as he said to himself, "How could this be? Something's not right. There's no way Luo Tian would die that easily. This person cannot be him."

But for the time being, he couldn't think of what exactly was wrong.

He hurried over and examined the corpse on the ground. There was no mistake that this was clearly Luo Tian's body.

Deng Huolei frowned. He kept feeling something was wrong while staring at Luo Tian's corpse, but he couldn't pinpoint what.

Suddenly, Deng Huolei's eyes widened as he shouted, "Not good! It's a clone!"

Chapter 1115: I Shall Grant You Your Wish

"A clone!" Deng Huolei shouted.

At this very moment, Luo Tian, who was hiding in the grass along the road, appeared. Under the enhancement of Divine Explosion and Heaven's Sword natural suppression, the blade swept out in a horizontal slash.

"Swish~, swish~, swish~..."

Out of the four elders, Deng Huolei was the only one who barely dodged in time and avoided the sword slash.

As for the other three, there was a tiny slit on their throats. They didn't feel any pain and only had shock in their eyes. Their brains couldn't comprehend seeing Luo Tian right in front of them. "You, you, you... aren't you dead?"

Luo Tian grinned while staring at Deng Huolei, "It looks like your Deng family has all my information. You guys even know that I have a clone ability."

Deng Huolei's face turned ugly. If he hadn't seen it with his own eyes, he would never have believed that there could be an exact duplicate of another person in this world. And it wasn't condensed from one's primordial spirit or with the power of their mind; it was a real duplicate that looked exactly like the real person.

This was a strange event recorded in the small town where Luo Tian first entered the Ancient World.

He didn't imagine it would be real.

"A, a, a, clone?"

"That was a clone?"

"How can there be a clone like that?"

Those three elders hadn't noticed the pain in their throats because they were staring at Luo Tian in shock.

Luo Tian sneered in disdain, "You should keep from talking anymore. You guys are already dead."

"Luo Tian, stop being so arrogant! You say that we're already dead? I would like to see who's the one that's going to..."

Before that elder could finish speaking, the slit on their throats grew wider, and blood sprayed out like crazy.

The three of them covered their throat with their hands, but the blood kept spraying out from the gaps. They were unsteady on their feet, and the three of them pointed at Luo Tian while trying to say, “You, you, you...”

They couldn’t finish their sentences. The three of them fell to the ground almost at the same time and then twitched a few times.

“Ding!”

“Congratulations to player Luo Tian for killing Ouyang Niu. You have gained 3,900 experience points, 380 yuan energy...”

“Sin points +1.”

“Ding!”

“Congratulations to player Luo Tian...”

System alerts came out one after another for those three elders.

Luo Tian looked at the remaining person, Deng Huolei. If he hadn’t yelled out it was Luo Tian’s clone, he would have died with the other three as well.

Deng Huolei looked at the three corpses on the ground before looking at Luo Tian coldly, "Luo Tian, you have nowhere to escape to now. Old Master Deng said that as long as you hand over the Heavenly Soul Capturing Pill, he can still spare your life and spare the remnants of the Bai family."

Luo Tian sneered, "Old Master Deng really thinks highly of me. But your old master is a bit too malicious, wanting to use poison to control me and trying to tell me how good it is for me. Don't worry; tell him that I will definitely spread the word about him buying poison pills from the devil sects. I will split it into eight volumes and have the story told all over the large cities. I will have him lose his reputation and be disgraced for his act."

This was what Deng Leigong feared the most.

If this were to happen, the Deng family would be immediately destroyed by the orthodox sects.

Even if Deng Leigong had a student relationship with the Misty Cloud Academy, he could still forget about escaping death.

As a student who had graduated from the Misty Cloud Academy, he dared to have a relationship with the devil sects. This was a crime that could be punished by nine familial executions!

Deng Huolei's expression turned even gloomier. He then shouted, "You're refusing a toast just to drink a forfeit?! Since that's the case, don't blame me for being impolite!"

Luo Tian grinned, "You've never been polite to begin with."

Before Luo Tian could say anymore, his expression changed as he sent out his spiritual senses to search for Deng Huolei.

In the blink of an eye, Deng Huolei's figure had disappeared!

"Three steps to my left..."

"That's not right..."

"Seven steps to my left!"

"That's not right either..."

"Damn it, what a shocking speed!"

The moment Luo Tian detected Deng Huolei's position, it had already changed to another place because the guy's speed was too fast. His spiritual senses couldn't catch up. This was the difference in one's cultivation realm. Once there's a large difference, there's pretty much no way to catch up.

Luo Tian furrowed his brow. Since he couldn't catch up, then there was no need to try anymore.

He closed his eyes and stopped using his spiritual senses. He then used his heart to sense the flow of the air and the killing intent that Deng Huolei's body was emitting.

"Die!" shouted Deng Huolei.

His sword had already pierced out at the center of Luo Tian's brow before his voice was heard.

Luo Tian would definitely die if the tip of the sword hit its mark.

"Fuuu~..." Luo Tian let out a soft exhale.

His eyes remained closed while he shifted his feet slightly and titled his body. The sword point went by him by five centimeters, slicing off a few strands of hair.

When Deng Huolei's figure went by, Luo Tian suddenly opened his eyes and thrust his right shoulder, smashing into Deng Huolei's shoulder.

"Mountain River Fist!"

“Bang~, bang~!”

He struck with both fists, sending Deng Huolei stumbling back.

“Wolf King’s Claws!”

“Bang~, bang~!”

Another two punches.

Then came Shoulder Dash, followed by two more punches, for a total of eight punches in quick succession. If this were anyone else, they would have been knocked senseless by Luo Tian’s punches by now. But Deng Huolei suddenly accelerated as soon as Luo Tian’s punches stopped coming and jumped away.

Luo Tian looked at the amount of health points above Deng Huolei’s head and cursed inwardly, “What a pervert!”

Deng Huolei’s speed was fast, and his defenses were extremely strong.

The eight combo strikes just now only caused less than 3,000 damage. Deng Huolei had 30,000 health points above his head, which was just one-tenth of the bar. Luo Tian had already been using his full strength, and this kind of opportunity only came once.

With Deng Huolei's cultivation, there was no way he would make this kind of mistake a second time.

"What strong consecutive strikes! Flawless! If my cultivation wasn't higher than his, I would never have been able to escape it." Deng Huolei said to himself while a sheen of sweat appeared on his back. If it hadn't been for the old master warning him not to be careless when dealing with Luo Tian, he wouldn't have gotten away that quickly.

He was focused 120% on Luo Tian right now, but even with that, he wasn't rest assured. He waved his hand and said, "Attack him. Whoever can capture Luo Tian will get a reward of 3000 xuan coins."

He wanted the disciples to exhaust Luo Tian.

Moreover, he knew Luo Tian still had some powerful martial skills he hadn't used yet.

Once Luo Tian uses up all his martial skills, then that's the time for him to make a move!

Luo Tian's gaze became fierce as he sneered, "The Deng family is indeed full of cunning and treacherous people. You want to use these lackeys to force me to use up all my martial skills, right? Deng Huolei, I shall grant you your wish."

"Summon Shinsu!"

“Fire Qilin, come out for me!”

“Since you want me to use up my martial skills, then I will let you see all you want!”

“Kill them!”

Chapter 1116: Let’s See You Survive This

Fire Qilin walked out from a portal, stepping on clouds of fire.

The oppressive aura it was releasing was something only a divine beast had.

“Fwoosh~!”

An early Condensation Element disciple was instantly killed.

This immediately made the crowd panic. The shock caused by Fire Qilin was too strong, and their minds and hearts trembled. They had no spirit to fight. They kept fleeing and hiding like rats on the streets.

Deng Huolei furrowed his brows before releasing his Martial Void 5th rank aura.

The formless aura of a Martial Void realm ranker instantly suppressed the divine beast's aura. Deng Huolei then shouted, "Everyone, don't be afraid! Focus your firepower on the Fire Qilin. It can't take that many hits, so kill it for me!"

"Don't forget what happened to the Fire Qilin in Towering Cloud City. It was killed in one move!" Deng Huolei urgently reminded them.

They were so scared that they had completely forgotten that the Fire Qilin was very easy to kill.

Deng Huolei's words managed to quickly calm quite a number of people. One of them shouted, "Brothers, don't be afraid! Elder Deng is right! When that kid summoned the Fire Qilin, an old man was able to kill it with one move! I was there and witnessed it myself! Kill the demonic beast of his, and we'll see what other martial skills he has left!"

In less than thirty seconds, the disciples who were previously panicking had calmed down and prepared to attack the Fire Qilin.

Deng Huolei looked at Luo Tian not far away and smiled to himself, "This is your first martial skill that makes me wary, and I know it will take a long time before you can use it again. Luo Tian, everything you can do is in the palm of my hands. Even if you manage to grow some wings, you can forget about escaping me today!"

Deng Huolei wasn't worried when he saw Luo Tian summon his Fire Qilin and was actually quite happy.

The main reason was that Luo Tian had used up his first powerful martial skill.

Once the Fire Qilin is killed, he won't be able to use this martial skill again for a while.

Everything was in the palm of his hands.

Upon seeing Deng Huolei's confident smirk, Luo Tian's heart briefly skipped a beat before he started smiling as well. He then said to himself, "You want to kill my Fire Qilin? Perhaps you guys would be able to do it before, but now... heh heh..."

Even though Summon Shinsu hadn't leveled up, his own cultivation had.

When Luo Tian levels up, Fire Qilin's health points also grow larger. It was no longer 1,000 points as it was at the beginning, but rather 5,000 points now. In addition, the disciples of these four great families were only in the Condensation Element realm, so their attacks were like tickling the Fire Qilin.

Therefore, Luo Tian wasn't one bit worried.

Back then, when Luo Tian was fighting Bai Yuan, the guy's cultivation base was much higher than his. That's the main reason he could instantly kill off Fire Qilin with one move.

Now, even if Deng Huolei made a move, he wouldn't be able to instantly kill the Fire Qilin.

"Heh heh, come! I would like to see which one of you isn't afraid of dying!"

Luo Tian patted Fire Qilin and smiled, “Good brother! Don’t hold back and spray them all to death. They actually dare to attack you? Don’t they know who you are? You’re a legendary divine beast, a Fire Qilin!”

“Awooo~!”

Fire Qilin howled into the air like it understood Luo Tian’s words.

It didn’t wait for any other commands from Luo Tian and charged into the crowd like it had gone crazy.

“Fwoosh~!”

“Fwoosh~!”

“Fwoosh~!”

Wherever it went, the place was burnt to a crisp.

Every time it sprayed out a flame, someone would fall to the ground with a blackened body. Even their souls were destroyed.

“Ding!”

“Ding!”

“Ding!”

In Luo Tian’s mind, there was a constant stream of system alerts. His experience bar, yuan energy, and his sin points were soaring. Luo Tian stood a short distance away and looked at Deng Huolei with a smile, “Elder Deng, are you having fun yet?”

Deng Huolei’s face was turning green from annoyance, but he still said in disdain, “Luo Tian, don’t be so arrogant. When that Fire Qilin dies, I would like to see what other tricks you have up your sleeve.”

Immediately after, Deng Huolei shouted in anger, “What are you guys afraid of?! Attack with all your might!”

“Elder Deng! Something’s not right!”

“This demonic beast is much stronger than when it appeared in the Bai family the last time! Look at it; we’ve attacked it so many times, but do you see any signs of injury? None at all. Could it be that Luo Tian has replaced the demonic beast with a stronger one?”

“That’s right! Our attacks seemed to be useless against it!”

The longer they fought, the more panic-stricken they became.

The attacks of the Fire Qilin were extremely strong. Someone’s life would end each time it made a move, so the sense of fear was rising once more in the hearts of these disciples.

Deng Huolei had already seen the discrepancies and had been trying to come up with a plan.

Seeing how the disciples from the four great families were getting less and less, Deng Huolei said to himself, “Not good! All the disciples will be wiped out if this continues!”

Their deaths meant nothing to Deng Huolei, but for now, he still needed these cannon fodders to force Luo Tian to use up his martial skills. Therefore, they are still useful for now. Moreover, the remnants of the Bai family were just ahead. If all these disciples were to die, it would be difficult for him to deal with forty to fifty elite disciples by himself.

Upon thinking up to this part, Deng Huolei’s eyes darkened. He released his Martial Void realm aura and shouted, “I would like to see how strong this demonic beast is!”

He flicked the sword in his hand and took a step forward, leaving a long afterimage of his figure behind him. The sound of air being torn apart and the humming of his sword made the crowd automatically part aside to make way for him.

“Whoosh~!”

A sword pierced forth, straight for Fire Qilin’s throat.

Luo Tian grinned, “I was exactly waiting for you to attack.”

Before Deng Huolei attacked, God Flame’s cooldown was already over. Luo Tian locked onto him with the skill and was waiting.

“Void Breaking Sword, destroy!”

With Deng Huolei’s shout, there was a whirlwind at the tip of the sword as it pierced toward Fire Qilin.

The Fire Qilin charged head-on at it without any fear.

Luo Tian immediately shouted, “God Flame!”

“Whoosh~!”

“Boom~!”

God Flame smashed into Deng Huolei, but instant kill hadn't been triggered.

Luo Tian expected this and shouted, "Fire Qilin, spray him to death!"

"Fwoosh~!"

"Fwoosh~!"

Two thick streams of flame were sprayed out, causing Deng Huolei's health bar to go down by almost half. Luo Tian then said to himself in shock, "Damn! The damage is still so great against a Martial Void realm martial artist! This Fire Qilin is truly an awesome existence!"

After Fire Qilin sprayed out flames, Luo Tian had already punched out, "Mountain River Fist!"

He then followed it up with a "Wolf King's Claws!"

When Luo Tian attacked, Fire Qilin kept up with his every step. The two of them worked together almost perfectly, without any flaws.

"Fwoosh~!"

“Fwoosh~!”

“Mountain River Fist!”

“Shoulder Dash!”

“Let’s see you survive this!”

Chapter 1117: Gold Level Deng Family

“Fwoosh~!”

“Fwoosh~!”

The jets of flames were like a water blaster.

Luo Tian did another combo.

However, this combo was different from the previous one because there was the addition of the Fire Qilin’s flame attack. Deng Huolei’s health bar was nearing the bottom; his face was completely blackened, and his clothes had been long burnt off.

He looked as miserable as miserable could be.

He no longer had that smug look of disdain he had in the beginning.

The expression had been replaced with fear.

Seeing how he had a sliver of health left, Luo Tian leaped up and shouted, "And you wanted to force me to use up all my martial skills?! You're too weak for that!"

"Die!"

A heavy punch landed on Deng Huolei's face.

"Agggghhh~!" Deng Huolei shouted with eyes full of rage.

His body flew off before smashing into a boulder on the side of the road.

"Bang~!"

Brain matter and blood splattered everywhere.

He was dead!

“Ding!”

The system gave off an alert, but Luo Tian didn't have time to bother with what kind of loot had exploded. Luo Tian swept his gaze past the area with heavy killing intent. He then ordered, “Do not spare anyone. Kill them all for me.”

Fire Qilin then charged into the crowd and started killing with arrogance.

“Run!”

“Run for your lives!”

“Luo Tian, I won't dare to fight you ever again! We were all forced to do this! It has nothing to do with us! It's all because of the Deng family! It was Deng Leigong who made us do this! And Old Master Deng should be bringing all his elites here soon! If you don't run now, you won't be able to escape afterward!”

The remaining disciples scattered and ran.

Running like crazy in order to escape.

Luo Tian didn't make a move personally, only allowing Fire Qilin to do the dirty work.

He was very clear that these people were the advance troops, and in the rear would be the main force commanded by Old Master Deng.

He could still deal with Deng Huolei. But if it was Deng Leigong, Towering Cloud City's number one expert? If he didn't use a transformation card, Luo Tian felt he had no chance at all. R

Luo Tian made a thought and had Fire Qilin return to his side.

He then turned around and started running toward the Boundless Mountains.

Demonic beasts roamed freely in the Boundless Mountains. If those Bai family disciples entered the mountains and encountered demonic beasts, then he would have delayed their enemies for nothing. He had to catch up to them as soon as possible.

Luo Tian ran like his life depended on it!

Off into the distance, there was a cloud of dust rising into the sky.

Hundreds of elite disciples from the four great families were riding warhorses.

The person in front was precisely Towering Cloud City's number one expert, Deng Leigong.

There was some blood oozing out from his chest area.

Not long ago, he was injured by Bai Qi at the Ouyang residence. He had underestimated Bai Qi's strength.

However, he didn't really care too much about this minor injury. After learning that Luo Tian had escaped through the north gate, he immediately gathered all the experienced people from the four great families to chase after him. He was worried that Deng Huolei would not be able to hold Luo Tian down.

Most importantly, he was very worried Luo Tian would keep living. Luo Tian would definitely become a future calamity if that were to happen, so he couldn't allow him to stay alive.

Half an hour later.

"Patriarch!"

"Elder... Elder Deng was killed by Luo Tian."

Those remaining disciples from the four great families were in a very wretched state. When they saw a large group of reinforcements, their expression looked like they had found their own father or something.

Deng Leigong furrowed his brow and shouted, "You bunch of useless trash!"

"Where is Luo Tian now?!"

One of the disciples replied, "I think he has already reached the Boundless Mountains."

"What?!"

Deng Leigong's mind sank. He was very clear about the kind of place the Boundless Mountain Range was. Once Luo Tian escapes into the mountains, being able to find him becomes extremely difficult. Moreover, the Boundless Mountain Range was too dangerous. He wouldn't even dare to guarantee that he would come out alive after going there.

The expressions of the people from the other three great families changed.

Ouyang Lie said cautiously, "Old Master Deng, that kid is courting his own death if he enters the Boundless Mountains. The demonic beasts there are too strong. It is one of the ten forbidden places in the Central Continent, so he is certain to die if he goes in. Not to mention that he is carrying so many burdens from the Bai family. In that case, the chances of him surviving is even less likely."

Ever since he saw Deng Leigong take out the Heavenly Soul Capturing Pill, Ouyang Lie has been especially afraid of him.

He was also very cautious of him.

Deng Leigong's eyebrows were tightly knitted. He knew the dangers and the chances of survival even without Ouyang Lie saying it. But his intuition kept telling him that Luo Tian would never die in the Boundless Mountains. Sooner or later, that kid would come back for revenge.

However, there's really no other choice for him to make. He could not possibly bring these people into the Boundless Mountains, and these people would not follow him voluntarily.

Deng Leigong's expression darkened as he only had one option to take. He shouted, "Return to the city!"

The people behind him instantly relaxed because they were afraid Deng Leigong was going to make them search for the Bai family in the mountains.

His eldest son beside him whispered, "Father, that kid has the Heavenly Soul Capturing Pill. If this gets out..."

Deng Leigong stared at the Boundless Mountains in the distance and gave a cold smile, saying, "Don't worry, if that kid doesn't die, he'll definitely come back for me. By then, I want him capable of coming but incapable of leaving!"

Towering Cloud City, Deng family's secret chamber.

Deng Leigong was frowning. Just prior, a disciple reported to him that Luo Tian was seen bringing the Bai family disciples into the Boundless Mountains.

His heart tightened upon learning this. When he returned home, the feeling that Luo Tian would definitely be back grew stronger. Once Luo Tian did come back, he had no idea what would happen.

However, a gleam of light flashed in Deng Leigong's eyes. He then said to himself, "He definitely doesn't dare to return to Towering Cloud City for the time being. With so many disciples to take care of, there is only one place he can go: across Boundless Mountains and into Boundless City. Luo Tian, you will definitely try to participate in the second round of selection for the Misty Cloud Academy!"

"If that's the case, you will definitely go to Boundless City."

Upon thinking up to this part, Deng Leigong smiled coldly and said, "Old Three, take 100,000 xuan coins and my personal letter to the Lord of Boundless City. He was once my junior brother, so I believe he would help out. As long as Luo Tian shows up, kill him. Don't say a word about the Heavenly Soul Capturing Pill."

There was another less known passageway to Boundless City.

However, this passage was more long-winded. But it would still be faster to go through the Boundless Mountain Range with a horse.

Deng Yuhuang replied, "Your child has received the order."

Deng Leigong continued, "Old Two, Old Four, Old Five; you three bring people to the Zhang, Li, and Ouyang families. Make them our subordinate forces. If they don't comply, you can stop being polite to them. I want to strengthen the Deng family and make us a gold level force. This way, I will have one more chip in my hand to play."

A gold level force can gain protection from a more powerful force because they will be interested in the benefits a subordinate gold force can bring. Once a powerful force does set its eyes on them, they might become a subordinate force to them. At that time, Luo Tian will have to think twice before he makes a move against the Deng family.

Even with these preparations, Deng Leigong was still not at ease because Luo Tian gave him an inexplicable feeling. "Eldest, I will head out for a bit. You will manage the Deng family while I'm gone."

"Father, where are you going?"

Deng Leigong's eyes narrowed when he replied, "The Mountain Sea Devil Sect."

Chapter 1118: The Powerful Hai Tongtian

Misty Cloud City, Hai family's main hall.

Hai Yulong was quietly standing to the side, not daring to make a sound.

Ao Sheng had shrunk his body down the best he could, not daring to even breathe loudly.

Sitting at the top was the Hai family's current patriarch, Hai Tongtian.

He was an expert at the Holy Spirit 8th rank!

He looked like an ordinary middle-aged man, with no expression on his face and no ripples in his eyes. It was as if he were air, completely non-existent.

But the tiny bit of aura escaping from his body was able to completely suppress everyone in the main hall.

Beside him was a scroll.

It was the scroll that Ao Sheng brought back from Towering Cloud City.

This scroll was something only the person who refined it could unfurl.

However, opening such a low-level scroll was not difficult for the Hai family. This was because the Hai family had three sorcerers whose heaven's chosen power was extremely strong, so it was very easy for them to lift the restriction from the scroll.

But Hai Tongtian never called for the Hai family's sorcerers out.

After a while, Hai Tongtian said calmly, "You have handled this matter very well. I am very pleased that you are putting the Hai family first."

Ao Sheng's heart relaxed, but cold sweat had already been dripping down his back. Hearing Hai Tongtian's words, he immediately replied respectfully, "It is my honor to be able to work for the Hai family."

Even though he was a steward of the Misty Cloud Academy, when meeting the Hai family's patriarch, a person right beneath an Honorable Emperor, Ao Sheng looked like he couldn't wait to lick the guy's toes.

Hai Tongtian's eyes were still calm as he said, "Take the scroll back and give it to the people who will be reviewing it. There is a message that I want you to pass along: I want Luo Tian and his group of people to pass, regardless of whether they have violated any rules or not. All of them must pass."

Ao Sheng immediately said, "Order received!"

He didn't ask and didn't dare to ask why Hai Tongtian was doing this.

The second round of the selection for the Misty Cloud Academy will be held in Misty Cloud City. Once Luo Tian arrives there, it will have a very negative impact on the Hai family if people find out that a disciple on the Poseidon leaderboard was killed by him. Moreover, Wu Sha was killed by a martial artist

who had a lower cultivation base and a shattered dantian where he couldn't even absorb the yuan energy from heaven and earth. This would be even more humiliating.

"You may go now," said Hai Tongtian.

He then waved his hand, and without touching the scroll on the table, the scroll flew out by itself and landed in front of Ao Sheng accurately.

This was telekinesis!

This was a power only those possessing pure yang energy could use.

Controlling everything with yuan energy where even the air could be manipulated. Ao Sheng was so shocked that he was trembling when he grabbed the scroll. He carefully retreated out of the main gate of the Hai family and realized his clothes were soaked through. Every minute in the Hai family's main hall felt more unbearable than dying.

But he still smiled walking out of the Hai family because, from that moment on, he was considered a member of the Hai family.

Immediately after, he walked towards the highest point of Misty Cloud City, where the Misty Cloud Academy was situated amongst the clouds.

Hai family main hall.

Hai Yulong was a little confused and asked, "Father, why do you want him to come to Misty Cloud City? Wouldn't it be better to kill him off as soon as possible? After he arrives in Misty Cloud City, people would find out that a disciple on the Hai family's Poseidon leaderboard was killed by him. This will definitely affect the reputation of the Hai family. How can our Hai family's reputation be ruined by a piece of trash..."

Before he could finish speaking, Hai Tongtian waved his hand and slapped out.

The invisible slap sent Hai Yulong tumbling. His face turned swollen red, and a trickle of blood seeped out at the corner of his mouth. He started shivering in fear!

Hai Tongtian's face turned gloomy as he said in a low voice, "Do you even have the qualifications to call him a piece of trash?! You can't even beat a piece of trash, so you're not even comparable to trash! The Hai family's reputation has long been ruined by you!"

"Someone come!"

Two people entered the main hall from the outside.

Hai Tongtian then said, "Take the Second Young Master away. Don't let him out until he breaks through to the Great Diffusion realm!"

Hai Yulong stood up from the ground and clenched his fists, "Father, please save that trash for me. I shall use Luo Tian's blood to wash away my shame. I will definitely accomplish it."

Hai Tongtian's eyes flickered, showing he was satisfied with his son's words. He then said, "I will give you all the necessary resources for your seclusion. Also, I will make sure he stays alive."

Hai Yulong immediately replied, "Thank you, father!"

He then followed the two guards out.

Once Hai Yulong left, an extra person appeared without anyone noticing.

Hai Tongtian looked at the darkening skies outside of the main hall and said, "Don't let Huang'er know about this. I don't want him to be distracted by his little brother's affairs. I want him to be the youngest Honorable Emperor expert in the Central Continent. Maybe even in the entire Ancient World."

"Order received!"

"Patriarch, do you want me to get rid of that kid?" asked a man wearing black robes.

His voice was very hoarse, sounding like it was coming from the depths of hell. There was also an evil aura emanating from his figure.

Hai Tongtian shook his head and said, "I am very curious to know what kind of person can use their Condensation Element cultivation to kill someone at the peak of the Martial Void realm. I want to know everything about him. Ghost Servant, help me gather all the details about him. If possible, go to the low level world where he is from. I think it's the Tianxuan Continent. Go investigate and find out what kind of person this Luo Tian is."

A voice replied from under the black robe, "Order received!"

As the voice faded, the black robe seemed to collapse into the ground and disappear.

Hai Tongtian continued staring at the darkening sky and muttered, "Luo Tian..."

The outer periphery of the Boundless Mountains.

"Achooo~!"

"Achooo~!"

"Achooo~!"

Luo Tian sneezed three times in a row, spraying out all his snot. He then cursed, "Fucking hell! Who the hell is scheming against this daddy?!"

"Boss!"

"I received news that someone saw the disciples of the four great families stop chasing after us. We can relax for a bit now." Bai Xiong said with a smile.

Luo Tian already knew this would happen.

The Boundless Mountain Range was too dangerous, so the people from the four great families didn't dare to enter.

If Deng Leigong forced his people to come in, their group would most likely end up dying.

Luo Tian immediately ordered, "Tell everyone to rest for a day. Tell our fellow brothers that they should still maintain their vigilance while restoring their yuan energy. We still have a long way to go."

Bai Lingling then asked, "Where are we going?"

Luo Tian stared at the high mountain range in the distance before saying with a heavy breath, "Boundless City!"

Bai Lingling replied in shock, "That would mean crossing the Boundless Mountain Range! Can we get through it with our strength?"

Luo Tian grinned and pulled Bai Lingling into his arms before saying, "I will take care of everything."

Chapter 1119: Hand Your Body Over To Me

No matter what, Luo Tian had to bring these people through.

As a man, he had to fulfill his promise.

He also had to bring them through and only had a little over a month to do it.

The Misty Cloud Academy's first selection exam was over. So, as soon as the scrolls have been reviewed, the second selection exam will be announced. As usual, the review should be completed in around a month. If he cannot leave the Boundless Mountain Range within a month, then he will miss the second round of the exam. If that were to happen, he would only be able to try again next year.

Luo Tian couldn't wait, not even for a moment.

He had to enter the Misty Cloud Academy as soon as possible and find the antidote to the Soul Poison.

Even though Illusion Fairy was very knowledgeable, she had very limited information she could provide to Luo Tian about the Soul Poison. She only knew a little about the antidote and that only sorcerers could create the antidote. She didn't know the rest.

That's why Luo Tian had to enter the Misty Cloud Academy and find the old man who was chatting about the Soul Poison with Dongfang Shuo's father. This was his only clue and perhaps his only hope.

If he couldn't even overcome this difficulty before him, what's the point of him trying further?

Luo Tian went around to give his regards to the injured brothers before checking the surrounding area out. Only after that did he take a rest.

This place was completely different from the Martial Mountain Range. The environment was much more hostile to humans.

Most importantly, there was a permanent foul smell in the air here. There were no paths in the mountains, and lots of trees and roots intertwined with each other like a tropical rainforest. There were also a lot of thorny flowers and plants that looked like they were poisonous.

Every step was difficult to take.

Very few people from Towering Cloud City would enter the Boundless Mountains. To the people of Towering Cloud City, the Boundless Mountains was a place that rarely anyone has explored. Although there were many more valuable spiritual herbs here than in the Martial Mountain, no one dared to come in to look for them here.

This was even more difficult for Luo Tian.

Bai Xiong suddenly rushed over and said, "Boss, we have two brothers growing red lumps on their bodies, and they are running fevers. I'm afraid they might die if we don't treat them soon."

Luo Tian's mind sank before he asked, "Are there any strange wounds on their bodies?"

"Wounds?"

Bai Xiong was momentarily lost for words, then his eyes widened as he asked, "They had two mosquito bite-like wounds on their calves. Are these considered wounds?"

Luo Tian immediately rushed over with furrowed brows.

Most insects in these rainforest-like environments were poisonous. Not to mention mosquitoes, a person might die even if they were bitten by an unremarkable ant. Even martial artists in the Condensation Element realm are no exception.

This was one of the many dangers of the Boundless Mountain Range.

Luo Tian arrived in time to see one of them foaming at the mouth, and it looked like they were one step away from dying. Without saying a word, Luo Tian immediately cast Super Regeneration. This healing skill was very useful in the Tianxuan Continent, but even after the upgrade, its effect wasn't as good. Perhaps this was a restriction due to the different laws of this world. *R*

But using Super Regeneration seemed to have pulled this disciple's soul back from the gates of hell.

His eyes slowly opened as he weakly said, "Thank you, Big Brother Luo."

Luo Tian patted his shoulder and said with a smile, "Don't worry; nothing bad will happen to you."

Once Super Regeneration's cooldown was over, Luo Tian used it on the other disciple.

However, this can only temporarily suppress the toxins in their bodies. Once the time is up, the toxins inside will come back even more fiercely. They are still in danger unless they find an antidote for the poison.

Not long after, a shout was heard from another part of the crowd.

"Someone has fainted!"

"Big Brother Luo, quickly come! He suddenly fainted for no reason!"

"Why would this happen?"

There was a commotion, and many people started crowding around to look.

Luo Tian ran over and noticed that the person's face was a bit dark and his eyes were unfocused. It looked like he was also poisoned.

Luo Tian cast Super Regeneration and managed to stabilize the poison for the time being.

“Old Three! Old Three! Big Brother Luo, quickly come! My third little brother also fainted!”

“Someone else has fainted here too!”

In less than half an hour, more than ten people had fainted. They all showed symptoms of being poisoned, but each symptom was different.

Luo Tian started feeling anxious.

They hadn't even entered the depths of the Boundless Mountains yet. They were just at the periphery, briefly stopping, yet so many people were poisoned already. If they were to go deeper into the mountains, what kind of difficulties would they encounter then?

This forbidden area known as the Boundless Mountain Range truly lives up to its name.

It was indeed extremely dangerous!

Luo Tian stood at high ground and said, "My fellow brothers, be careful when you guys are resting. Watch out, even if it looks like a harmless insect. Since these insects can survive in this jungle environment filled with toxic air, then they will definitely be poisonous. So please be extra careful."

Many people saw how Luo Tian had saved two injured people, so they were grateful for it. But Luo Tian's yuan energy was limited. He could do it a few times but there were fifty people here. If every one of them needed a heal, then he definitely wouldn't have enough yuan energy.

Immediately after, Luo Tian called Bai Xiong and Lin Dong aside and said, "This won't work. I have to go a little deeper into the mountain first and find some spiritual herbs that can counteract the poison. Otherwise, we'll die here before we even enter the depths of the mountain."

Lin Dong replied, "Boss, let me come with you."

Bai Xiong also said, "Me too!"

Luo Tian then said, "I called you two over because I have an important mission for the two of you."

“Are the four great families really not chasing after us? None of us are sure, so Bai Xiong, your task is to guard the entrance to the Boundless Mountain Range. Once you find any disciples from the four great families, immediately come back and tell everyone to change to a safer location. If it’s not possible to change locations, then retreat a little further into the depths of the mountain.”

“Lin Dong, your task is to protect everyone’s safety. Make sure you keep reminding them to be careful.”

“And...”

Luo Tian looked at Bai Lingling, who was busy wiping the wounds of the injured brothers, and continued, “Help me take care of Bai Lingling.”

Those two didn’t argue with Luo Tian.

Lin Dong said, “Boss, don’t worry. I will protect everyone’s safety.”

Bai Xiong slapped his chest and said, “I will take care of my task!”

Luo Tian smiled and said, “Good. I will be back as quickly as I can.”

He had to find the right spiritual herbs and concoct an antidote. Otherwise, they won’t be able to escape from the Boundless Mountain Range, let alone cross it to go to Boundless City.

The saying, with great power, comes great responsibility, was too true.

Luo Tian stomped on the ground and shuttled forward. He glanced at the light filtering through the gaps of the leaves and said to himself, "Uncle Bai, I will definitely lead them out of here. I definitely will!"

"Little Sister Illusion Fairy!"

"It's about time to help me, right? I need to find the detoxifying spiritual herbs and concoct an antidote."

Inside Luo Tian's body, Illusion Fairy replied, "Hand your body over to me!"

Chapter 1120: The Mischievous Illusion Fairy

"What?"

"That doesn't sound too good, right?"

Illusion Fairy demanded Luo Tian's body right from the start.

As a man, he was going to let a woman take over his body? Even though that woman was very pretty, letting her take over meant she was going to see through everything about him.

Luo Tian was still a bit resistant to that idea.

Back then, when Blood Devouring Wild Blade wanted to use his body, he didn't agree with it. This time, it was a woman asking.

This...

Luo Tian's thoughts were still racing around this subject when Illusion Fairy rolled her eyes at him and said, "Cheh~! I have no interest in your physical body. I am a woman. A very normal woman. Like I would want to have a man's body."

She thought that Luo Tian was worried about her taking over his body and not giving it back.

She could indeed do that, but she had no desire to do it. From the moment she emerged from the Black Wind Cave, she kept a close watch on Luo Tian along the way. She witnessed everything he went through, and she admired his character. If it were her, she would never bring so many disciples of the Bai family with her into such a dangerous mountain range.

Luo Tian disregarded his own danger and did his best to ensure the lives of every single one of his brothers. She admired this in her heart.

She also couldn't figure out why Luo Tian would do this.

He could clearly escape quickly by himself, but he decided to bring so much luggage with him.

Of course, it was all because Luo Tian was a man. This was something she couldn't understand. So, as a man, his promise is as heavy as a mountain.

Luo Tian was briefly stunned, knowing Illusion Fairy had misunderstood something.

After pondering for half a second, Luo Tian unclenched his fists and said, "Fine, I will hand over my body to you. Please treat it well. If my body doesn't work later, you won't have a good place to settle down in peace. Big Sister Illusion, please be merciful to it."

Illusion Fairy gave a mischievous giggle and said, "Don't worry, Little Tian Tian. I will treat it well."

Luo Tian didn't hear her words through her giggle and thought Little Tian Tian was Little Sweetie. He groaned inwardly as he didn't have a better way. Based on the Illusion Fairy's knowledge, she could quickly find the required medicinal herbs to make those antidotes.

Fifty Bai family brothers were waiting for him to return. He had to hurry it up.

"Let's start!"

Luo Tian made a thought, and his consciousness relaxed. His entire being seemed to have entered a transcendent state of calm.

Before Luo Tian was fully prepared, Illusion Fairy's consciousness easily entered Luo Tian's sea of consciousness. She encountered no hindrance and instantly took over Luo Tian's body. Luo Tian didn't expect the process to be so quick and easy. It was fortunate that Illusion Fairy had no malicious intents, or else his body would become a puppet of others.

Illusion Fairy narrowed her eyes and smiled, "Don't worry, I won't do anything to you."

Luo Tian only relaxed slightly as he replied internally, "That's good then."

Even though his body was controlled by Illusion Fairy, Luo Tian's consciousness was still there. It was as if Illusion Fairy, who had been lurking inside his body, had suddenly switched places with him. He could still clearly sense everything around him.

Just as Illusion Fairy finished speaking, Luo Tian suddenly shouted in his mind, "You, you, you, what are you doing?!"

Illusion Fairy was taking off his belt and then pulled down his pants. Illusion Fairy then lowered her head to stare.

Her eyebrows were knitted in surprise, and her expression was a little shocked. She stared at that sleeping rod and muttered to herself, "So this is the thing. Last night, I could feel something spewing out from there. The spiritual power was something I had never sensed before. So it was being spewed out by this thing, huh?"

Luo Tian had thoughts of committing suicide and said, "Are you even a woman?! Why do you keep staring at my little brother?! I'm really..."

He wanted to curse her out, but Illusion Fairy had taken over his body's control. He was also worried that before he could finish cursing her out, she would get angry and snip off his little brother. If that were to happen, then, then... Luo Tian didn't even want to imagine that scene.

Illusion Fairy was briefly stunned before asking, "Little brother? This is your tiny little brother?"

Anger!

Rage!

Aunty can endure, but uncle can't!

One can say anything about another person's little brother, but they cannot call it tiny! He couldn't endure Illusion Fairy calling his little brother "tiny." Luo Tian immediately shouted, "Little Sister Illusion, which one of your eyes sees it as tiny? Have you ever seen such a large rod before? If you keep saying those fighting words, I'm going to lose decorum with you."

Illusion Fairy replied, "It seems like from your tone, this thing is considered large already?"

Luo Tian immediately said, "Of course, it's large! This is where I get most of my confidence from! If it weren't large, how could it battle it out for ten thousand rounds? If you don't believe it, we can give it a try next time. I want to see if you can handle its thrusting power!"

Illusion Fairy pursed her lips as if she was in thought. She eventually said, "Sure, I'll give it a try. I'm not afraid of you. Don't cry when you can't make it bigger. It's obviously quite tiny, so let's see if you dare call it large ever again."

"I..."

Luo Tian's rage surged into the air. It's lucky for her that she doesn't have a body, or else he would push her down right now and let her experience his little brother's might.

The moment Illusion Fairy was born, she had been living in the Black Wind Sect's secret realm.

She knew a lot, except when it came to matters between men and women. She was a complete ignoramus on that subject. What kind of girl would pull down a man's pants and stare at their crotch? She was probably the first one in this world to do it like it was normal and discuss her observations.

Most importantly, she actually called it tiny. This...

What man could endure that?

Luo Tian was briefly stunned as he never imagined Illusion Fairy would actually agree to his nonsense. He started cackling evilly inside and said, "It was you who said it. Once you refine your fleshly body, we will give it a try."

"Humph~!"

Illusion Fairy replied with no fear, "Of course! You think I'm afraid of you?"

"You better remember what you've said today. Otherwise, you might try to go back on your words..."  
Luo Tian put on a serious expression on his face but was laughing like flowers were blooming inside. The special thing about the Imperial Goddess Divine Art was that it wanted the user to have sexual relationships with women possessing higher cultivation realms. The user would get greater experience points and yuan energy. Illusion Fairy's cultivation base was definitely at a perverted level, so when they start xoxoxo, wouldn't his experience soar into the sky?

Illusion Fairy had no idea what was really going on. Before Luo Tian could finish speaking, she interrupted, "Whoever goes back on their word is a little dog!"

Luo Tian immediately said, "It's a deal!"

Illusion Fairy pouted and said, "A deal it is! At that time, I want to see how powerful you are!"

Luo Tian said, "Whether it's powerful or not, large or tiny, you will eventually know. For now, we should take care of proper business."
