

Leveling Up 1121

Chapter 1121: Big Sister Illusion, Please Support Me

Illusion Fairy didn't dwell on the large or tiny issue anymore.

Everything was still empty talk for now.

If she wanted to refine her physical body, she needed Luo Tian's help. Luo Tian had to climb Heaven Chosen Mountain to obtain Heaven Chosen's Power in order to become a sorcerer and then help her. What they could do with each other was still a distant matter.

But Illusion Fairy didn't want to wait too long.

She discovered that the outside world was simply too exciting!

People and matters, food and clothing, everything attracted her. She wanted to refine her physical body sooner so that she could enjoy herself in this world and make up for everything she had missed out on.

So when Luo Tian needed her help, she offered to control Luo Tian's body.

She wanted to speed up Luo Tian's progress!

Ever since the Illusionary space, she found out that Luo Tian could kill demonic beasts to make breakthroughs. What Luo Tian needed now was to make more breakthroughs. Otherwise, whatever happened in Towering Cloud City could happen again. She didn't want Luo Tian's life to be threatened by such encounters in the future.

What Luo Tian didn't know was that after Illusion Fairy chose Luo Tian, she couldn't choose another person to help her.

If Luo Tian ends up dying, she, too, will disappear.

This was the limitation placed on her by the laws of this world.

She felt that she had gambled too big this time. Luo Tian had gotten in near-fatal danger several times already, and each time, she would shake in anxiety.

Now, she wanted Luo Tian to raise his cultivation like crazy!

"Fuuu~..." The Illusion Fairy version of Luo Tian let out a soft breath.

With a thought, a unique and powerful aura burst out from his body. This energy contained the power that was capable of crushing everything. Within thousands of kilometers in all directions, the roars of demonic beasts that could be heard from time to time had now ceased. Not even a gasp of breath could be heard. Even the small insects had curled up in a ball, trembling, as if they had encountered an enemy that was too powerful to even look at.

Luo Tian couldn't help saying, "What a powerful energy! What is she trying to do?"

“Whoosh~!”

Illusion Fairy shot out like an arrow. She lifted her hand, and a sword appeared.

It was the Heaven Sword.

Now that she had become Luo Tian, she could easily summon out Heaven Sword.

“Not a bad sword.” Illusion Fairy praised.

Her speed became faster and faster, her aura growing more and more fierce. It seemed like a hurricane and formed behind her. With a stretch of her hand, blood would spray wherever Heaven Sword’s path went by. Her actions and demeanor looked very beautiful! R

Rank three demonic beasts... instantly killed!

Rank four demonic beasts... instantly killed!

Rank five demonic beasts... instantly killed!

Rank six demonic beasts... instantly killed!

Wherever the blade swept, there was only death.

It didn't matter if you were a demonic beast the size of a mountain or a demonic beast soaring through the sky. As long as you are touched by the edge of Heaven Sword, you will die!

There was no need for a second move!

“Ding!”

“Ding!”

“Ding!”

Luo Tian's mind felt like firecrackers were going off with all those system alerts. They were so loud that it made his mind numb. Luo Tian had not had this feeling in a very long time. He was extremely shocked as he watched his experience bar shoot up like crazy.

“Holy shit! So awesome!”

Too awesome.

How could there be such an awesome person in this world?

Luo Tian was dumbstruck.

In less than a minute, he had gained over a hundred thousand experience points.

His experience bar was moving at a speed visible to the naked eye. Luo Tian was practically scared out of his wits. If he had known that Illusion Fairy would be so powerful, he would have let her take control of his body long ago.

Why would he need to fear the four great families?

Why would he have to be so miserable after being hunted down?

There would be no way this was to happen if Illusion Fairy was in control!

Experience points kept coming in.

Illusion Fairy seemed to be unsatisfied with the speed. She raised her speed further, and two jets of air appeared behind her. Those two streams of air acted like sword qi, causing every place she ran by to be destroyed.

“Illusionary Divine Power, activate!”

Illusion Fairy furrowed her brows as her body suddenly came to a halt. She was not satisfied with the way the sword qi hurricane had killed those demonic beasts. Therefore, she released a power that Luo Tian had never seen before.

Divine power!

Power that belonged to the Gods!

An energy shockwave visible to the naked eye spread out from her as the center, directly covering a thousand kilometers in a ring of pulsating energy. Within this circular area of the power wave, none of the demonic beasts could move because they were completely suppressed.

Illusion Fairy then shouted, “Explode!”

“Bang~! Bang~! Bang~...”

“Boom~! Boom~! Boom~...”

Those demonic beasts that couldn't move started exploding by themselves without any ability to resist. Even those super strong demonic beasts with inner cores were the same, dying like ants without the slightest ability to fight back.

“Boom~!”

“Boom~!”

“Boom~!”

In an area of a thousand kilometers, this part of the mountain range turned into a bloody mist.

The mist slowly scattered onto the vegetation of the jungle.

The bodies of these demonic beasts were reduced to powder, and only their blood remained. This meant that Luo Tian received no loot except for experience points and yuan energy. The raw materials of the demonic beasts did not explode as loot.

That was more than enough!

“Ding, ding, ding...”

“Congratulations to player...”

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at the Condensation Element 9th rank.”

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at the Martial Void 1st rank.”

He had broken through in less than a second.

Luo Tian almost went crazy from getting nearly a million experience points so quickly. He considered himself a person who had seen a lot of big scenes in life, but now his scalp was tingling. The speed of leveling up was too terrifying. He suddenly wanted to hug the thighs of Illusion Fairy and say, “Big Sister Illusion, please take care of me!”

This speed was too awesome.

“Martial Void realm!”

Illusion Fairy pouted and said in dissatisfaction, “There are too few demonic beasts. Let me go somewhere with more of them.”

“Little Tian Tian!”

“Present! I’m here, Big Sister Illusion! What orders do you have for me?” Luo Tian replied respectfully, no longer caring that Illusion Fairy had called him Little Sweetie.

Illusion Fairy said, “I can use another Illusionary Divine Power. After using it twice, my power will be exhausted. From then on out, I’m afraid you will be on your own.”

She couldn’t control Luo Tian’s body indefinitely.

She had been restricted by the laws of this world.

Moreover, using Illusionary Divine Power exceeded what Luo Tian’s body could handle. And using it too much might draw the attention of beings on a higher plane. At that time, she would have harmed Luo Tian instead of helping him.

Luo Tian immediately said, “Well, if your body can’t take it, then don’t overexert yourself for my sake. If possible, you should pass on the Illusionary Divine Power to me so that I can level up with it. Then I can go to Heaven Chosen Mountain faster, become a Chosen One, become a sorcerer, and help you refine a physical body. What do you say?”

Chapter 1122: Ancient Tree

What wishful thinking!

But Illusion Fairy didn’t buy it at all and said, “Don’t even think about my Illusionary Divine Power. You can’t cultivate it either unless you’re someone from the Realm of the Gods. Even if you were given it, you still couldn’t use it. Forcefully using it will only make your body explode, and it would also attract the attention of the powerhouses from the Realm of the Gods. Once they find out that someone who isn’t from the Realm of the Gods is using divine power, they will erase you from this world!”

Every type of power was restricted by a law.

Divine power was the same.

In the Realm of the Gods, divine power was a very normal thing.

But in the Ancient World, a middle realm, this kind of power shouldn’t exist. It would be fine if Illusion Fairy used it. If it were other people, the powerhouses from the Realm of Gods would definitely sense it.

Luo Tian signed internally before saying, “Fine, I will forget about it.”

If he could learn this divine power and make all the demonic beasts in a thousand-kilometer radius, explode, his leveling speed would be as fast as riding on a rocket ship.

But after hearing what Illusion Fairy said, Luo Tian immediately gave up on the idea.

Illusion Fairy then said, "You won't be able to cultivate divine power, but I can pass to you another type of power."

"Really?"

Luo Tian was elated and immediately asked, "How strong is it?"

Illusion Fairy replied, "Even though it's not as strong as divine power, it can still make all the demonic beasts within ten kilometers from you explode. Of course, it won't work on stronger demonic beasts. As long as they are at the same level as you or lower, they will die. The demonic beasts stronger than you will not suffer even a little bit of damage because your power won't be able to enter their bodies. This power is also useless against humans and those demonic beasts who have transformed into a humanoid body."

A powerful tool for leveling up!

Luo Tian immediately said without thought, "Good! Ten kilometers is enough! It's enough for me to level up quickly!"

Ten kilometers wasn't far when compared to a thousand kilometers. But the leveling speed would still be quite awesome to make all the demonic beasts in a ten-kilometer radius instantly die in this mountain range.

Illusion Fairy exhaled, looking a bit tired. "This power is called the Power of Antiquity. I will plant an Ancient Tree in your mind, which requires yuan energy to nourish. Once it matures, you can use the Power of Antiquity to cause all demonic beasts in a ten-kilometer radius to explode."

Illusion Fairy furrowed her brow, and a seed-like energy rose up from her sea of consciousness. The seed then flew into Luo Tian's head and gradually disappeared.

Luo Tian could immediately feel the presence of the Ancient Tree. He could feel the seed start to grow roots in his mind, and his yuan energy instantly dropped by a hundred thousand points.

It could give birth to the Power of Antiquity, which can instantly kill demonic beasts within a 10-kilometer radius. Luo Tian didn't care about the 100,000 yuan energy points and wouldn't mind using it all up to nourish the tree so that it could quickly mature. ǎ

Illusion Fairy knew what Luo Tian was thinking and said, "The Ancient Tree needs a lot of yuan energy to nourish. It needs 100,000 points of yuan energy every three days. You only have around 400,000 points of yuan energy in your body right now, which is not even enough for half a month. Once the Ancient Tree does not have yuan energy to nourish it, it will start withering. If it does not have nourishment for more than ten days, it will die completely. Therefore, cultivating the Ancient Tree is a very difficult process. You have to think clearly. You are the only one who can take care of the seed, and I cannot help you."

It was very clear that this Ancient Tree was a thing that consumed a lot of resources!

Once Luo Tian enters a city, he would have no more demonic beasts to hunt. He can only spend money to buy pills to replenish his yuan energy. The depletion of yuan energy was too fast, which an average person simply cannot afford. So, cultivating this Ancient Tree was impossible for a normal person.

Luo Tian nodded and said, "How long do I need to nurture it before the Ancient Tree fully matures?"

Illusion Fairy replied, "It really depends on you. No one really knows. From the moment the seed is planted, everything depends on you. As far as I know, tens of thousands of years ago, a powerful being in the Honorable Emperor realm was consumed to death by this Ancient Tree. Even his spiritual essence was devoured by it."

In the Ancient World, the Ancient Tree was considered a ferocious item.

Even powerhouses at the peak of the Honorable Emperor realm wouldn't dare to mess with it.

Luo Tian shuddered when he heard this.

An Honorable Emperor powerhouse was devoured by it?!

Isn't that a bit too terrifying?

But... So what?

“Just because others cannot do something doesn’t mean I, Luo Tian, can’t. I refuse to believe that I can’t nurture this Ancient Tree. I got it. I will definitely nurture a towering tree to the point that it can bear fruit.” Luo Tian said with determination.

Illusion Fairy was a little skeptical. She knew the sacrifices needed to nurture the Ancient Tree until it became a towering large tree.

Nurturing it to the point of bearing fruit would require even greater costs.

But if it does start to bear fruit, then no one in the Ancient World would be Luo Tian’s opponent. This was because the Power of Antiquity was the strongest power in the Ancient World, nearly able to compete with divine power!

Strangely enough, Illusion Fairy started feeling a sense of anticipation.

Half an hour later.

“Ding!”

“Congratulations to player Luo Tian for leveling up! You are currently at the Martial Void 2nd rank!”

The system alerted that he had leveled up again.

In less than an hour, Luo Tian broke through three times to become a Martial Void ranker.

And when he leveled up to become a Martial Void ranker, the system rewarded him with a special ability.

“Fuuu~ ... fuuu~ ...”

Illusion Fairy’s face was pale white.

She was not very satisfied with her battle results. She wanted to give Luo Tian more experience, but those powerful demonic beasts ran very fast. Even if it was 1,000 kilometers, they would quickly escape the area. The second time, she did not manage to kill many high-level demonic beasts.

But for Luo Tian, this was more than enough.

Martial Void 2nd rank. Even if he had to fight Deng Leigong now, he wouldn’t be afraid.

“I can only help you with this much. You will have to count on yourself from now on.”

“Fuuu~, Fuuu~...” Illusion Fairy could barely catch her breath.

Before Luo Tian could say anything, she withdrew her consciousness from Luo Tian’s body. Luo Tian was now back in control.

Luo Tian didn’t know what kind of pain Illusion Fairy was going through, but he could feel how weak she was according to her aura. He was filled with gratitude as he said, “Thank you. You have helped me out a lot.”

“I will walk the rest of the path on my own. I will definitely do a good job of it!”

“I will do my best to quickly refine a physical body for you.”

Illusion Fairy smiled, “Of course, you have to. Don’t forget we have a bet going.”

“Hahaha... I will definitely win! At that time, I will make it so that you can’t even get out of bed!”

Chapter 1123: Shocking The Misty Cloud Academy

An hour later.

Under Illusion Fairy's guidance, Luo Tian quickly found all the spiritual herbs to counteract the poison afflicting the Bai family disciples.

He quickly went back to them.

After leaving them for two hours, Luo Tian was a bit worried about them.

"Big Brother Luo Tian is back!"

"Boss Luo!"

"Patriarch Luo!"

The Bai family disciples all stood up to greet him. A majority were restoring their yuan energy, but they still stood up at the sight of Luo Tian. This showed their respect for him. Luo Tian made small talk with them and had them sit back down.

Bai Lingling ran over to Luo Tian anxiously and said, "There were six others who fainted after you left. And... we couldn't help one of them, and he died..."

Luo Tian's expression sank while his heart lurched.

He could feel his heartache since these brothers had followed him into danger, yet he couldn't protect them.

Bai Lingling looked at Luo Tian's expression and knew he was blaming himself. She then said, "Don't be too upset. We haven't even entered the Boundless Mountains yet, so who would know a mosquito would be that poisonous? We were all too careless."

"However, if we don't find an antidote soon, I'm afraid all those poisoned will eventually die. One of them was even contagious, but he has been isolated now."

While she was speaking, Bai Lingling's body swayed, and her face turned pale. Her voice grew softer, and her body eventually lost strength before she fell over.

Luo Tian immediately grabbed her to stop her from collapsing. He noticed her lips were black, and her body seemed stiff. She had clearly been poisoned at an unknown time. She had been forcing herself to hold on because she wanted to help Luo Tian share the burden.

Just because she was Luo Tian's woman!

The Bai family disciples all rushed over.

"Senior Sister Bai!"

"Senior Sister Bai!"

“Little Sis! How is my sister doing?!”

Bai Xiong rushed up like a bear about to explode. With his father gone, he would hate himself to death if his younger sister were to die as well. Bai Xiong didn't say anything after, but he felt worse than anyone else. He hated himself for not being strong enough to protect his family.

If he were stronger, his father wouldn't have had to die.

Luo Tian laid Bai Lingling on the ground and said, “She will be fine.”

After that, Luo Tian announced, “Everyone will be fine soon. I have already found the herbs for the antidote and will go concoct some pills now.”

“Lin Dong and Bai Xiong, you two take care of the poisoned disciples.”

Lin Dong and Bai Xiong both replied, “Got it!”

Luo Tian walked to a quiet place, calmed his emotions, and brought out a cauldron.

When he was on the Tianxuan Continent, his alchemy skills were close to the great perfection realm.

But in the Ancient World, he had to start from the beginning. However, his experience with refining herbs didn't have to start from the beginning, and that was the most valuable part.

Moreover, the alchemy he practices is the same as that practiced by the protagonist Xiao Yan in Battle Through the Heavens. In the ancient world, its buff effects were still there. Otherwise, it wouldn't be a support skill rewarded by the system.

System rewards given to Luo Tian were different from the ones in the original novels. They are and can become much stronger.

However, there was an adverse effect on the martial skills he learned due to the current world's laws. Just like Super Regeneration, where it couldn't display the same effects as it did in the Tianxuan Continent.

His eyebrows were scrunched as he activated his yuan energy to fuel the cauldron's fire. Spiritual herbs were tossed in one after another. Luo Tian threw himself into the process, his thoughts changing the intensity of the fire. His hands were incredibly fast, and each time, he tossed in the correct herb at the right time. Each antidote pill was related to a person's life, so Luo Tian dared not be careless.

A few minutes later.

"Ding!"

"Congratulations on successfully concocting an Antidote Pill!"

“Proficiency +1.”

“Ding!”

“Congratulations on successfully concocting an Antidote Pill!”

“Proficiency +1.”

System alerts would sound off here and there.

The success rate was surprisingly high, with eight successes after ten attempts. However, these antidote pills were all tier one. But it was still sufficient to counter the bites of these poisonous insects. After each antidote pill was refined, Luo Tian would immediately send someone to deliver it to a poisoned disciple.

He would remind them to deliver it to the disciple who needed it the most.

After taking the antidote pills, the faces of those poisoned brothers would turn rosy before they woke up.

Half an hour later, those poisoned brothers recovered and were able to get on their feet.

Bai Lingling also woke up, but Luo Tian didn't stop and kept concocting more antidote pills.

He was going to refine more since he had such good success rates, raising the level of his alchemy skill.

The Ancient Tree inside him needed a lot of yuan energy. When he was inside a city, there were no demonic beasts for him to kill, and he couldn't sit down and absorb yuan energy from heaven and earth. The only method to restore his yuan energy was to take pills.

Luo Tian had already come up with a solution when the Ancient Tree had taken root in his mind.

He had to quickly raise the level of his alchemy skill.

Another half an hour went by.

Luo Tian used up all the herbs he could use to concoct antidote pills. He then stood up with a pale face. Whether it was concocting pills, engraving arrays, or using Super Regeneration, they all needed to use up his mental energy. Luo Tian looked exhausted after concocting pills for nearly an hour.

Bai Lingling went over to support him. She had always wanted to ask Luo Tian about it but didn't want to interrupt him while he was refining and concocting pills. "When did you learn alchemy? And the antidote pills that you have concocted seem to be much better than the ones sold in the markets. The results are very obvious."

Luo Tian scraped her nose with a smile and replied, “Do you know who I am? I’m your husband! What kind of skills do I not know?”

Internally, Luo Tian said to himself, “This is Xiao Yan’s awesome alchemy skills I’m using! If the pills I concoct are the same as those on the streets, then I should go die or something!”

Bai Xiong said in admiration, “Boss is mighty! Boss is domineering! If it weren’t for you, I’m afraid none of us will be continuing forward. Hahaha...”

Lin Dong didn’t say anything, but his eyes were a mixture of shock and determination.

Ever since Luo Tian returned from the jungle, he could sense that Luo Tian was suddenly exuding the aura of a Martial Void ranker. He thought it was really strange but didn’t ask him about it. All because Luo Tian was his boss.

How could he be the boss if he wasn’t stronger than the rest?

Many Bai family disciples expressed their admiration and followed Bai Xiong in saying, “Boss is mighty! Boss is domineering! Hahaha...”

They all started laughing in unison.

Seeing so many brothers laughing together, Luo Tian broke out into a grin.

The first step into the Boundless Mountains was finally taken.

It was very difficult, but they still did it.

Bai Xiong asked, "Boss, what should we do now?"

Luo Tian stared at the majestic Boundless Mountain and replied, "Enter the mountain. We shall conquer the Boundless Mountains with our martial ability!"

"Let's go!"

"Let's conquer it!"

Luo Tian then led the Bai family disciples toward the Boundless Mountain Range.

Misty Cloud City, over ten thousand kilometers away from them.

Misty Cloud Academy's Examination Department.

An elder who was reviewing the case suddenly stood up, holding a scroll in his hands. His hands trembled uncontrollably as he spoke excitedly, "This is extraordinary! Extraordinary! This child is extraordinary!"

Chapter 1124: This Kid Is A Treasure

"How did he go into the ground of the spatial world?"

"That's impossible! Absolutely impossible!"

"I refined this scroll, so I understand it the most. This spatial world does have a loophole, but it's impossible for him to know it's the underground cave. And how did he go through the ground to it?"

"That's not the strangest thing. Did you guys notice that after the kid went into the underground cave, his cultivation went up by four small realms in just three days? What happened there?"

No one could figure it out.

This was the loophole during refining the scroll, where no one could monitor or know what went on in the underground cave.

If these people could see it, they would definitely be more shocked. Luo Tian had become the main lead in an adult video, so how could these examiners spread this information?

Inside a secret chamber was the Misty Cloud Academy's dean, two sorcerers, and two elders.

The five of them carefully examined the scroll in the secret chamber. After watching it, each one of them was beyond dumbstruck.

"All those things are trivial and can be explained by him learning some strange martial skills. But he can summon a demonic beast covered in flames, and the level of that demonic beast doesn't seem low. The aura coming from it should be the aura of a divine beast. That means the kid is capable of summoning a divine beast! In order for a person to summon a creature from a foreign world, only sorcerers, who are heaven's chosen, can do it. How did he do it? Don't say he's heaven's chosen because that's impossible. In the Central Continent or the entire Ancient World, there isn't such a young sorcerer. How can we not know about it if a young sorcerer appeared in the Central Continent? This kid... I'm so confused. What kind of background does he have?"

"Not only did he summon a divine beast from the void, but he can transform into a demonic being with eight black wings. Have you ever seen a creature like that before? This is definitely not a creature from the Ancient World. This guy looks like he crawled out of hell, giving off an aura of death. Just looking into his eyes actually fills me with fear."

From reaching the underground cave, leveling four times in three days, summoning a fire qilin, and transforming into an unknown demon, they all felt Luo Tian was too fierce. They had lived in the Ancient World for nearly a thousand years, but they were still confused and shocked. They wanted to drag Luo Tian here right now so they could ask him what was going on.

The five of them were silent in their own thoughts.

These five people were the five with the highest authority in the Misty Cloud Academy.

They were the peak experts of the Central Continent.

They were contemplating with brows furrowed. They all wanted to figure out what was going on.

Eventually, an old man in a red robe said, "Let's stop wasting time thinking here. The urgent task at hand is to hurry and bring that kid here. If the Abyss Academy finds him first, they will destroy him even if they can't have him. By then, these problems that are confounding us will never be solved."

"That's right!"

"There's also that assassin. It is clearly someone from the Hai family and possibly a disciple from the Poseidon ranking. The Hai family will definitely not spare him after failing this time. They will definitely send another expert to kill him. We have to protect that kid before they do. This kid is definitely a rare commodity."

There was an old man with white eyebrows sitting at the top, wearing simple clothing that made him look like a janitor. His eyes twitched slightly, expression full of excitement. He then said, "Yun Tian, I don't care what you use; you must bring this kid to me."

"Dean, I will take care of this matter. Heh heh..."

Not many people knew about this.

The exam scroll was strictly confidential.

In their minds, no one apart from them five knew what happened inside the scroll. The scroll will soon be secretly destroyed so that no one will find out about Luo Tian's great potential.

What they were most worried about now was Luo Tian's strength being revealed.

In their minds, Luo Tian had become a precious treasure!

But the Misty Cloud Academy's action of sealing all information about the scroll drew the attention of the Hai family.

When the dean made the decision, the Hai family found out about it in less than half an hour.

Hai Tongtian furrowed his brow and said to himself, "It seems like the kid is really not ordinary. Old Ghost Xiaoyao, you want to obtain him? Then I will make sure that you don't get him, heh heh..."

"Ghost Servant!"

"I want you to immediately head to the Tianxuan Continent."

“If he has any relatives, bring them all back here. If they cannot be used by me, then they can all die!”

A black powder-like substance instantly condensed behind Hai Tongtian. A person in a black robe started laughing sinisterly before saying, “As you command.”

The Hai family had made their move!

Boundless Mountain Range.

After a day of rest, the Bai family disciples had recovered over half of their yuan energy. After taking the antidote pills made by Luo Tian, they no longer feared the bites of the poisonous insects in this environment.

Luo Tian walked in the front, constantly using his spiritual senses to check the surroundings.

He, Lin Dong, and Bai Xiong were in charge of keeping watch and clearing the path.

Bai Lingling led a small group of people to collect spiritual herbs nearby. The Bai family didn't bring a lot of things with them, so they had to start from scratch if they wanted to make a comeback. Every king level force started at the bottom.

“Don’t let even one stalk off. It doesn’t matter if it’s useful to us or not,” said Bai Lingling busily. After half a day of gathering, she now had thousands of spiritual herbs in her hands, and there was no shortage of grade three and grade four ones among them.

These can be refined to concoct tier three, four, or even five medicinal pills.

“Don’t worry, Eldest Miss. We will definitely do our best to follow Boss Luo’s instructions.”

“That’s certainly the case. One stalk of the spiritual herb is worth one contribution point. This is much simpler than getting contribution points from the old Bai family. This morning, I collected more than 50 spiritual herbs, meaning that I already have more than 50 contribution points. Boss Luo, what can I get for 50 contribution points?”

That disciple joked loudly toward Luo Tian’s direction.

Luo Tian smiled and turned to that person, “If you manage to get a hundred contribution points, I will exchange it for a tier three spiritual pill. This pill can let you absorb yuan energy three times faster than normal. If your talent is not too bad, I believe you would break through in a very short time.”

“Are you for real?!”

“One hundred contribution points can be exchanged for a tier three pill?!”

“This, this, this is too easy, right?”

“Wuuu~...”

“Hey, why are you crying?”

“I’m crying because I’m happy! I like to cry, so what’s that got to do with you?!”

“Damn it, you’re making me want to cry as well! Boss Luo, you are too good to us. My, Chen Zhong’s life is yours now!”

Chapter 1125: The Fallen Boundless Sect

Luo Tian needed spiritual herbs, but he only had a pair of hands. No matter how fast he was, he couldn’t gather them all by himself.

Moreover, he was responsible for leading the way and protecting all of them. Therefore, he had no time to gather the needed spiritual herbs.

But the disciples of the Bai family had time, and they needed something to do.

Now, they can gather spiritual herbs and gain contribution points. This was considered a very good thing for them. They wanted to clean out the entire Boundless Mountain Range of spiritual herbs if they could.

Having said that, the Boundless Mountain Range was rarely entered by anyone, and even experienced medicinal herb farmers wouldn't dare to enter unless forced to do so. Therefore, the area was very rich in spiritual herbs, including many high grade ones.

"Boss, I want to go gather spiritual herbs too," said Bai Xiong while scratching his head. His eyes were filled with envy as he watched a large group of Bai family brothers, all busy collecting spiritual herbs. Thinking about the events of these past few days, he couldn't wait to become strong quickly.

On the other side was Lin Dong. He didn't say anything, but he was jealous to death inside.

Spiritual medicine was the greatest support for a cultivator.

A good spiritual medicine can help a person quickly break through. The kind of pill Luo Tian just mentioned was the Sun Spirit Pill, which can enable a person to crazily absorb the yuan energy of the heavens and earth for a brief period of time. This process will allow the user to break through more easily.

But neither of them had contribution points.

Luo Tian smiled, "You guys just stay honest and clear the path. Don't you see all the thorns and bushes all over the mountain? If no one clears the path, when do you think we can get out of the Boundless Mountains? Of course... I will give you guys some contribution points based on your performance."

Bai Xiong chuckled, "Boss, you're the one that said it."

Luo Tian replied, "Of course, I'm true to my words."

At this moment, Lin Dong had run ahead of them.

The machete in his hand was slashing out quickly, and a path was being cleared.

Bai Xiong rushed over and exclaimed, "Damn, Lin Dong! Aren't you a bit too crafty?"

Luo Tian smiled when he saw those two going crazy. He wasn't too worried because Illusion Fairy had cleaned up a lot of demonic beasts yesterday. There shouldn't be any left within a few kilometers.

But Luo Tian still reminded the group, "The brothers gathering herbs need to make sure they don't stray too far off. Don't get lost just for a stalk of spiritual herbs. Bai Lingling, please keep an eye on the surroundings. This is the Boundless Mountains, so a powerful demonic beast could jump out all of a sudden."

Bai Lingling nodded, "En~, I know."

Luo Tian looked at Bai Lingling and noticed her eyes were still a bit red. She hadn't smiled in the past two days. Luo Tian could tell by her eyes that it was full of hatred and yearning for her father's vengeance.

Luo Tian's heart tightened before he sighed to himself. "Don't worry, I will take care of that despicable bastard Deng Leigong one day. At that time, I will definitely deliver his head to Uncle Bai's grave."

They cleared a path during the day into the depths of the Boundless Mountain Range.

At night, they would stop to rest. Luo Tian wouldn't rest but concoct medicine from the spiritual herbs gathered during that day.

His alchemy skills soared due to this.

Time flew by quickly. In the blink of an eye, it was five days later.

It only took them one day to leave the area that Illusion Fairy had cleared of demonic beasts. After that, their speed had decreased considerably. Luo Tian didn't dare to rush ahead quickly and only proceeded cautiously. During those four days, Luo Tian tried to avoid all the powerful demonic beasts. When he couldn't avoid them, he would find ways to lure them away.

If their group encountered a rank five demonic beast, Luo Tian would select some disciples and attack it together.

He wanted to use those demonic beasts as training dummies.

At the same time, Luo Tian was giving pointers on the side. Being able to link their attacks as a combo and control their consumption of yuan energy would result in their martial arts reaching a state of perfection.

When they encountered a rank four demonic beast, Bai Lingling would be the first to attack it. She was training her martial skills, and her combo strikes like she didn't care for her life.

Compared to previous days, her abilities had improved, and she no longer looked like a naive noble lady who lived in Towering Cloud City.

She would be injured each time but would still charge ahead first on the next encounters.

Apart from her, Bai Xiong, Lin Dong, and some Bai family disciples trained the same way. Under Luo Tian's directions, these people underwent a qualitative leap in their combat skills. They were completely different from before.

Each day, someone would make a breakthrough.

Each day, someone would improve their consecutive strikes by one.

Each day, someone's understanding of yuan energy usage would improve.

Everything was developing in the right direction.

Since Luo Tian promised Bai Qi, he would do it with all his strength. Either don't do it, or do it with all your strength. A gold level force? His goal was to surpass a king level force and become the strongest force in all of the Ancient World's history!

Once three days went by, the seed of the Ancient Tree in Luo Tian's mind automatically devoured another 100,000 of his yuan energy. It was still the same small bud as it was at the beginning, without the slightest change. Luo Tian was completely at a loss as to what to do with the Ancient Tree, and could only wait for it to grow slowly. As for when it would grow into a towering tree and allow him to use the Power of Antiquity, Luo Tian had no idea.

But he believed he would see it one day.

Luo Tian and his group of Bai family disciples were deep into the heart of the Boundless Mountains after five days.

From time to time, the sound of demonic beasts howling like ghosts could be heard in the dark jungle.

The sound made everyone tremble in fear.

When Lin Dong chopped down at a bush, a ray of strong light suddenly shone onto the group, revealing another world that looked like an untouched paradise.

"Boss! Quickly come look!" Lin Dong shouted in shock.

The surrounding people were attracted by the sudden light, stretching their necks and trying to peer through.

Everything in front of them looked like that of a lost civilization. It was extremely large, larger than Towering Cloud City, with magnificent pavilions and buildings of every kind. It was domineering in every way, showing the glory of its past.

Luo Tian was dumbstruck by what he was seeing.

It was similar to watching Jurassic Park, the Lost World, in his previous life.

Bai Lingling suddenly said, "Could this be the Boundless Sect I've heard of in legends?"

Someone in the crowd immediately said, "Are you talking about the Boundless Sect, which was once very close to becoming a king level force?"

"Could it be that they really exist?"

"I thought they were only a legend."

“I never imagined it was really in the Boundless Mountain Range, and it’s much bigger than I thought. Look at how magnificent and domineering these buildings are!”

“Rumors say that the Boundless Sect offended a powerful devil sect, who then sent a sorcerer over that directly caused their downfall. That sorcerer extracted the souls of many of its disciples, condemning them to eternal suffering and damnation.”

“Boss, are we going in?”

Chapter 1126: Haunted by Resentful Spirits

Luo Tian only knew the brief information he read about the Boundless Sect.

They were destroyed because they had offended a woman from a devil sect.

Their entire sect was massacred.

Moreover, the souls of those killed were stripped away. They could only remain in the barren mountains forever, never able to enter hell and the cycle of reincarnation. The means were extremely cruel.

On the other hand, this sorcerer was a bit too terrifying, where they could destroy an entire sect like this.

Luo Tian hid his shock as he felt an eerie feeling upon looking at the grandest building in the distance. It made him feel like they were very close to walking into hell. He then said, "Lin Dong, have everyone stationed here for now. No one is to go any further without my order."

"Bai Xiong, we will go in first to scout the way."

Lin Dong nodded, "Boss, be careful. I have this feeling that something's not right in there."

"En~!"

"If anything bad happens to us, don't bother with us and bring our brothers away. Run as far as you can," advised Luo Tian. It would be better with as few people as possible if they encountered any danger. He couldn't take care of too many people.

Lin Dong looked at Luo Tian in seriousness before nodding, "I know what to do."

Right after that, Luo Tian brought Bai Xiong to the steps that led up to the Boundless Sect.

Bai Lingling said with concern, "Please be careful."

Luo Tian turned around to smile at her and say, "Don't worry, nothing will happen to me."

"Sigh~... She isn't concerned about a big brother like me. No wonder father keeps saying a grown daughter can't be kept unmarried," Bai Xiong grinned.

Upon thinking of his father, Bai Xiong's eyes darkened as he promised himself, "Deng Leigong, I will come back to kill you and avenge my father one day."

Luo Tian looked at Bai Xiong and patted his shoulder, "Don't think too much. We will eventually have our payback. We will return it back to the Deng family ten times or even a hundred times."

The two of them slowly walked up the stairs.

With each step Luo Tian took, he felt his heart become heavier, like something was weighing down on it.

Bai Xiong looked carefree without any signs of discomfort.

Luo Tian didn't say anything to him.

Just as he was thinking of how the Boundless Sect disciples had their souls ripped out, Luo Tian's hair stood on end as he wondered to himself, "This world doesn't have ghosts, right?"

After walking for half an hour, those two had completely disappeared from Bai Lingling's sight.

They were only about 100 meters from the mountain gate, but Luo Tian was exhausted to the point of being covered in sweat. He felt as if he had just climbed out of the sea. What's more, his shoulders felt heavier and heavier.

Bai Xiong asked, "Boss, are you feeling unwell? Why are you covered in sweat?"

They walked up the same set of stairs, but the expressions of those two were completely different.

Moreover, Luo Tian's cultivation was higher than Bai Xiong's, so how could he be tired to this degree?

Luo Tian replied, "Do you feel like there's something heavy on your shoulders and steps are getting tired? I feel like someone has put a mountain on top of me."

It wasn't just a plain mountain but one filled with lead! Luo Tian really couldn't hold on anymore and sat down on a step. The force of his sitting down had actually shattered the step!

Bai Xiong originally didn't believe Luo Tian's words, but now he did. His expression changed as he asked, "Boss, could it be that you've been possessed?"

"Gulp~!"

When Bai Xiong said this, Luo Tian's heart tightened even more.

He looked around and didn't see anything unusual about his surroundings. He had been on guard the whole way with his spiritual senses, but he didn't sense the presence of any living creatures and didn't detect any danger.

What's going on?

Luo Tian grew more uneasy before asking internally, "Little Sister Illusion Fairy, do you know what's going on?"

A short while later, Illusion Fairy replied with a sigh, "This is a place of extreme yin energy. I don't know what happened here, but there are countless resentful spirits. There are over a thousand of them weighing down on your shoulders, their weight comparable to a huge mountain of lead."

"Why are they only weighing you down and not Bai Xiong? I have no clue."

Luo Tian's expression changed as he cursed, "For fuck's sake..."

"Over a thousand resentful spirits on my shoulder? Isn't this the music that plays before I get crushed to death?"

Most importantly, Luo Tian couldn't see them at all. They could be pissing and shitting on him right now, and he wouldn't know it. This was actually what pissed him off the most.

“Damn it! Come out if you have the guts! I guarantee that I won’t beat you guys to death!” shouted Luo Tian.

He then looked up and around and only saw the blue sky and the bright sun. There was nothing else.

Bai Xiong looked around and asked, “Boss, who are you talking to?”

Luo Tian looked like a mentally ill person right now.

“Come out!”

“Who do you think you are by weighing down this daddy?!”

“Come out for this daddy!” Luo Tian shouted in anger.

The weight was getting so heavy that he could barely stand up straight. He then asked, “Did a lot more of those things attach themselves to me?”

Illusion Fairy replied, “Around double the amount. Your voice attracted a lot of resentful spirits, but I think something weird is going on. I can sense these resentful spirits have the ability to attack, but none

of them are harming you. Also, the expressions on some of their faces look like they want you to do something for them.”

Illusion Fairy went quiet from contemplation, as she could see what Luo Tian could not.

Luo Tian stopped cursing under his breath. He then exhaled a big breath before saying calmly, “Do you guys need me to help you with something?”

“If you do, please leave my body and send a representative to talk to me. If you cannot reveal a physical form, then talk to the illusion goddess within me. She can convey everything you have to say.”

As his voice faded, Luo Tian’s body instantly lightened. He felt like he was weightless, and that feeling was extremely comfortable.

“Sure enough, they want something from us.”

Luo Tian had a sinking feeling before asking, “Can you converse with them?”

Illusion Fairy was silent for a bit before saying, “They are telling you not to enter the sect. Once you enter through the mountain gates, evil spirits will attack. They are stopping us here because they don’t want to watch us die.”

Luo Tian looked at the mountain gates not too far away, feeling a formless energy beckoning him over.

Illusion Fairy suddenly said, "If you can help them break free, they will give you all the treasures left behind by the Boundless Sect and agree to any other conditions you have."

At this time, a system alert sounded off in Luo Tian's mind.

Has a quest been triggered?

Chapter 1127: Divine Sea Realm Boss

A sudden system alert sounded off.

"Ding!"

"Congratulations to player Luo Tian for triggering a quest – Save the souls of all these Boundless Sect disciples."

"Quest Grade: S"

"Quest Time Limit: Ten days"

"Quest Reward: 1.5 million experience points, 100,000 yuan energy, and a random permanent transformation card."

A quest had been triggered!

It was an S-rank quest but came with ordinary rewards. However, Luo Tian still coveted the permanent transformation cards. He needed these transformation cards because each of them was considered his protection. Having a few more of these cards would be equivalent to having a few more lives.

After thinking for a while, Luo Tian made his decision, "Accept!"

"Ding!"

"Congratulations to player Luo Tian for accepting the quest. The quest timer will start now..."

An image of a countdown timer appeared in Luo Tian's mind. He only had ten days, but he had no clue how to help the souls of these Boundless Sect disciples. He immediately asked Illusion Fairy, "Tell them I agree to help them. Also, ask them how I am supposed to help them escape their condition?"

Briefly after, Illusion Fairy replied, "They said at the peak of the Boundless Sect is the Boundless Main Hall. Inside the hall is a Soul Splitting Sword. As long as the Soul Splitting Sword is shattered, their souls can escape the restrictions and enter the cycle of reincarnation."

Luo Tian looked up and saw a large building among the clouds. He then said to himself, "Is it really that simple? Shatter a sword and complete the quest? That kind of quest would be C-rank at most, so how can an S-rank quest be like that?"

He then said to Illusion Fairy, "It shouldn't be as simple as shattering a sword, right? If it really were that simple, they could've done it themselves. Why would they need my help? Tell them to speak the truth, or else we will immediately leave."

Luo Tian just wanted to force them to tell him the things they may have concealed since he understood an S-rank quest wouldn't be that easy to complete.

He wasn't an idiot and wouldn't want to go in and lose his life without even knowing why.

Almost half a minute later, Illusion Fairy said with anger, "These spirits are too hateful to hide the truth! It's good that you asked, or else we would've fallen into their trap. Let's leave this place and not go any further."

Illusion Fairy was clearly angry. Not because of them hiding the truth, but because there was a huge hidden threat inside the Boundless Sect.

Luo Tian didn't turn to leave. He already knew an S-rank quest wouldn't be simple, so he asked, "What did they say? What kind of expert is hiding in there?"

Illusion Fairy replied, "Let's not talk about the powerful sorcerer's spiritual body protecting the sword. There are actually powerhouses in the Great Diffusion realm and the Myriad Illusion realm inside! How can a Martial Void ranker like you deal with them?"

"Moreover, I used up my power a few days ago, so I can no longer help you now. Otherwise, I can make this sect disappear into ashes!"

Upon speaking to this point, Illusion Fairy felt a little regret.

If she had saved her Illusionary Divine power to use here, then everything would have been easily solved.

Luo Tian frowned as he muttered, "Great Diffusion realm? Myriad Illusion realm? The gap is too large. I can still take on someone in the Martial Void realm, but the Great Diffusion realm exceeds what I can handle. Unless I use a transformation... But each card can only last five minutes, so I can only kill one expert during that time. There's also that spiritual body of a sorcerer in the main hall. He should be the powerful boss I need to face, so how am I supposed to deal with them all?"

Luo Tian then asked, "Then what cultivation base does that spiritual body in the Boundless Main Hall have?"

Illusion Fairy replied, "Are you really thinking of going there? You better not do this favor for them. Going in there is guaranteed death, so don't do anything stupid."

She was getting anxious, afraid that Luo Tian really wanted to go there.

Since Illusion Fairy was afraid, then it clearly showed how dangerous it was.

Luo Tian grinned, "Just tell me first."

Illusion Fairy then said, "They said that the sorcerer's spiritual body was at the peak of the Myriad Illusion realm around ten thousand years ago. Spiritual bodies can still cultivate, albeit very slowly. But given ten thousand years of time, most likely it would have reached the Divine Sea realm by now. With your cultivation base, not to mention getting close, you won't be able to even handle a single thought from it. Please don't do anything stupid. It's not worth it for these random, unrelated souls."

She worriedly advised Luo Tian once more.

"Sure enough, it's a Divine Sea realm boss."

Luo Tian's gaze trembled.

It wasn't in fear but in excitement!

Luo Tian then started wondering to himself, "What kind of loot would explode from a Divine Sea boss?"

Behind him were around fifty young Bai family disciples who were crying out for resources. These people would be the future pillars of the Bai family, so he had to quickly improve their cultivation. Only by improving their strength could they have an impact against the higher powers.

"I want to go in!" Luo Tian decided without hesitation.

Illusion Fairy immediately shouted, "Have you lost your mind?!"

"Do you even know what it means to go against a Divine Sea spiritual body?!"

"You, you, you... What the hell is that brain of yours thinking?! It is not worth it to do this for these resentful spirits! You have no relations with them, so why are you endangering your life for them?! Is it really worth it?!"

Indeed, Luo Tian had no relations with these resentful spirits. But he wasn't really doing it for them; he was doing it for himself. This was for the future Bai family, to help them build a solid foundation.

One cannot seek out an S-rank quest and can only randomly encounter one!

Luo Tian couldn't let this opportunity go!

But Luo Tian didn't lose his mind, nor was he an idiot.

He believed in the system!

Since the system allowed him to trigger this quest, this meant there had to be a way to accomplish it. There was no doubt that it was doable; it was just that Luo Tian hadn't yet found the way yet. All quests would have an exploitable bug.

Inside video games, there could be bugs with the map or sometimes with the bosses themselves.

Once a person finds the bug, they can complete the quest quite easily.

Just when Luo Tian wanted to say he was still going to go, Illusion Fairy said, "I've told them everything you've just said. You can't see it, but they are so grateful that they are all kneeling on the ground right now. And..." There was a slight pause, but she continued, "There is a small white flower to your left in that patch of grassy area. Eat that Specter Flower, and you will be able to hear and see them. They have something to tell you."

Luo Tian immediately followed the directions.

After swallowing the Specter Flower, a strange light flashed in his eyes.

In front of him appeared a large white expanse of resentful spirits, just like the ghosts one would see in a movie. Their bodies floated in midair, each one with grotesque-looking faces. Except, their eyes had a look of gratitude in them. The majority of them were kneeling and kowtowing to Luo Tian.

Chapter 1128: Game Bug

Luo Tian jumped in fright at the sudden sight of these resentful spirits.

The number of them here had exceeded his imagination.

Moreover, the cultivation base of each one of these resentful spirits was stronger than him. He couldn't tell what realm they were in.

These resentful spirits were similar to a spiritual body, where they could make cultivation breakthroughs. The only issue was that it took them a long time.

But one cannot imagine what it's like being restricted to one place for ten thousand years. So, even though their cultivation speed was very slow, there were still many resentful spirits reaching terrifying realms of strength.

They were one squad of very powerful spirits!

This was Luo Tian's first impression.

Moreover, the strongest point of this squad was that no one could see them. Once they attacked, it was nearly impossible to block!

The resentful spirit in the lead walked over and said respectfully, "Kind-hearted person, thank you for helping us. As long as you help us break free from the Soul Splitting Sword, we will use all our strength to help you with one thing."

"That's right! That's right!"

“We, resentful spirits, cannot enter the cycle of reincarnation and are forever oppressed by the Soul Splitting Sword. For these 13,876 years, we have suffered more than any typical ghost would. This feeling is worse than being killed.”

“Kind-hearted person, you have to help us!”

Many resentful spirits voiced out, but their voices were a bit creepy, so it could make anyone feel their hair stand on end.

Based on their words, Luo Tian asked, “So you guys are saying you are basically all immortal or something?”

“Right.”

“We will never fully die in a sense and will never disappear.”

“This is the curse that a sorcerer placed on our souls. He wanted us to suffer in this state forever.”

“...”

“So strong!”

Luo Tian's heart shook, "Now, this is what I call a truly immortal army! Isn't this a bit too overpowered?!"

Immediately after, Luo Tian asked skeptically, "Since you guys have undying bodies, why not go and shatter that Soul Splitting Sword yourselves? I'm only a Martial Void ranker, yet you guys want me to help you break that sword? That sorcerer's spiritual body might have reached the Divine Sea realm cultivation, so how am I his match?"

The resentful spirit in the lead replied, "You don't understand. Although we have immortal bodies, we are imprisoned and can only move within a five kilometer radius of the Boundless Sect. We also want to break that Soul Splitting Sword ourselves, but before we can even get close to the main hall, the Soul Splitting Sword emits a soul-destroying force that completely obliterates us. We've tried countless times, and the result is always the same." ✕ A NŌŦEŠ

Even an immortal body has a time when it can die.

Luo Tian started thinking. If he wanted to figure out where the bug was, he had to analyze every word these resentful spirits were saying.

Before Luo Tian could speak, that resentful spirit said, "We are resentful spirits, where normal attacks are useless against us. But there is one type of attack where touching us will cause our demise, and that is the power of a sorcerer."

"That spiritual body inside the main hall may not be a sorcerer, but it still has a trace of heaven's chosen power due to it being an existence that came from a sorcerer. We are afraid of that power, so we do not dare to get close."

Luo Tian remained in thought.

All the resentful spirits stared at Luo Tian, afraid he was going to leave.

But even if Luo Tian chose to leave, they wouldn't blame him. They understood the task was simply too difficult to take on.

Luo Tian's cultivation base was too low. If they hadn't clung to him, most likely, Luo Tian would be dead inside already.

The resentful spirits inside the Boundless Sect were very malicious. Any humans or demonic beasts straying in will be killed by them.

This was why there weren't any demonic beasts in this area.

"Second Elder, I think we should forget it. This little brother's cultivation base is too low. He won't even be able to deal with the Great Diffusion realm spirits, let alone a spiritual body at the Divine Sea realm."

"That's right. Him agreeing to help us has already made me very happy. During the past ten thousand years, he's the first person to want to help us."

“Sigh~, perhaps this is our fate.”

“It was all because of that demonic woman. If it weren’t for her, our Boundless Sect wouldn’t have ended up like this.”

“There’s also that devil sect’s sorcerer...”

Many resentful spirits griped about their situation.

They really didn’t have much hope in Luo Tian and were only trying to protect him when they clung to him.

They were overjoyed when Luo Tian agreed to help them. But they knew very well that it was impossible for him to shatter the Soul Splitting Sword with his cultivation. Even if they all combined their strength, they would still not be a match for a Divine Sea ranker.

A while later, a brief glint appeared in Luo Tian’s eyes as he looked up.

More than half the resentful spirits had now wandered off, except for the one in the lead. He was staying around Luo Tian as a form of politeness, or else he would have left too.

Seeing that there was a glint in Luo Tian's eyes, that resentful spirit's mind shook.

Luo Tian looked at him and asked, "You guys said that you cannot get close to the Boundless Main Hall?"

That resentful spirit nodded, "The Boundless Main Hall is protected by the Soul Splitting Sword, and we will be killed if we get too close. It doesn't matter if it's one of us or a dozen of us; we will turn into powder. Even though we aren't afraid of death, we still want to enter the cycle of reincarnation and have a second chance at life. If our resentful spirit bodies get destroyed, we will lose the chance at reincarnation."

Everyone is afraid of death, even resentful spirits.

They, too, yearn to enter the reincarnation cycle.

Luo Tian smiled, "You guys are saying that once I pass the sect gates, I will encounter very powerful and malicious resentful spirits?"

"That's right. What about it?"

Luo Tian then asked, "How is your cultivation compared to theirs?"

The resentful spirit replied, "We are about the same, but we are basically unable to kill each other because we have immortal bodies. But living humans can definitely kill them, except your cultivation is too low. You won't be able to even get close before dying."

"Sure enough..." Luo Tian smiled in excitement.

"That should be where the quest bug is, right?"

"Heh heh... I feel like I'm a fucking genius!" Luo Tian praised himself in excitement.

As a professional gamer, one not only has to be good in games and good in control. They also had to be good at analyzing everything within the game.

Luo Tian looked at them and said, "I have a plan that can help you guys!"

The look in the resentful spirit's eyes became agitated. From the moment he first saw Luo Tian, he felt that Luo Tian was not ordinary. The reason he didn't leave was because he still had a glimmer of hope in his heart. Hearing Luo Tian say this, his voice trembled as he asked, "Tell us. As long as you can help us shatter the Soul Splitting Sword, we can do anything you need."

Luo Tian smiled and said, "I want you guys to send me directly to the Boundless Main Hall. If you guys can do that, I will help you shatter that Soul Splitting Sword!"

Chapter 1129: I'm About To Be Mesmerized By You

This was the loophole, the bug!

Inside were resentful spirits in the Great Diffusion and the Myriad Illusion realms.

Luo Tian was clearly not their match.

There was no need to even think about fighting!

But if he can make it to the Boundless Main Hall, perhaps he can find a way to complete the quest.

Can he explode the Divine Sea realm guy by using a transformation card?

Moreover, the Boundless Main Hall should only have a single boss.

There shouldn't be a second monster because none of the resentful spirits can get close to the main hall. Even those malicious resentful spirits were the same. That's why if Luo Tian can get to the Boundless Main Hall, there's a high chance he could complete the quest!

That resentful spirit was briefly stunned, not believing what he heard. He then said, "Little Brother, there's a Divine Sea spiritual body in the Boundless Main Hall. He might even have a trace of heaven chosen's power. This is a genuine power that only sorcerers have. Are you sure you can beat him? If you can't, we won't blame you because the task is truly too difficult."

A Martial Void 2nd ranker dealing with a Divine Sea spiritual body?

And it was a spiritual body that had a trace of heaven chosen's power, something only sorcerers had.

Even a lunatic would know this was impossible.

An absolutely impossible matter to accomplish!

Illusion Fairy then said, "What he said is right. Even if they can send you to the Boundless Main Hall, you still won't be able to deal with it. Your cultivation is too low. You can't even block a single strike from a Divine Sea expert, so how are you going to shatter that Soul Splitting Sword?"

Luo Tian smiled mysteriously, "Don't worry about it. I have my ways. As long as they are able to send me to the Boundless Main Hall, I will be able to complete the task."

"Are you sure you're not joking?" The resentful spirit said in disbelief.

"Of course not!" replied Luo Tian decisively.

That resentful spirit became lost in thought.

Many resentful spirits started coming back behind him.

“Second Elder, we have tried all sorts of methods. Only this little brother has agreed to help us these past 13,000 years. Maybe he is sent by the heavens to save us. Why not just give it a try?”

“Try your head! He’s in the Martial Void realm, so there’s no way he will be that spiritual body’s match once he enters the Boundless Main Hall. Little Brother, it’s best that you leave early.”

“I don’t want to keep living like this. I think we should let him try.”

“That’s right. Let’s give it a try.”

They had really suffered enough.

To them, Luo Tian was a life saving straw that was floating in the ocean. They knew that they would sink into the ocean if they tried to grab that straw, but they still wanted to give it a try.

The lead resentful spirit looked at Luo Tian and said, “Little Brother, whether you are doing it out of the kindness of your heart or other intentions, I just want to remind you that the spiritual body inside the Boundless Main Hall might be a Divine Sea expert. And he will most likely have a trace of heaven’s chosen power. The moment you enter, you won’t be able to resist even a spiritual attack by him. Are you sure you want to go there?”

He was seriously giving Luo Tian one last chance to change his mind.

After asking that, his heart tightened nervously waiting for Luo Tian's response.

Luo Tian replied without hesitation, "I am sure."

The resentful spirit felt excitement when he heard the response. A trace of hope had appeared in his heart. He stood up and turned to the other resentful spirits, "After more than ten thousand years of torture, we will go fight it out with them today!"

"Fight them!"

"Fight it out! I am going to go all out!"

"I've had enough!"

"I will not rest until I flip this place upside down!"

Their fighting spirit surged!

Thousands of resentful spirits acted like their blood was boiling.

Luo Tian smiled upon seeing their reactions.

Illusion Fairy then asked, "Are you really that confident in dealing with that Divine Sea spiritual body?"

Luo Tian replied truthfully, "Nope."

Illusion Fairy was briefly stunned before saying, "Then why are you agreeing to them? Are you nuts?"

Luo Tian smiled, "If I don't give it a try, how would I know I can't do it? Life is all about living to the fullest. Isn't it just a Divine Sea expert? What's there to be scared of?"

He was really not afraid, even though the transformation card might not be the Divine Sea expert's match.

None of the transformation cards he had on hand made him invincible, but Luo Tian wanted to give it a try anyway.

He was doing it for himself, the brothers from the Bai family, and the deceased Bai Qi. He had no way out and could only keep moving forward. Luo Tian had never been a person to give himself a way out. After transmigrating and beating the Tianxuan Continent stage, he felt like he had already lived a very vibrant life.

In this Ancient World filled with powerful experts, he was going to live an even more exciting life!

He was going to beat whatever was thrown at him!

Illusion Fairy was quiet in thought before grumbling, "You are really hard to figure out. I can't read you at all. But... you have managed to mesmerize me, heehee~..."

Luo Tian merely smiled in response.

During this entire time, Bai Xiong had been at the side without saying a word.

He watched Luo Tian talking to air the entire time but didn't think Luo Tian had lost his mind. He just waited quietly, assuming that Luo Tian had discovered something.

Luo Tian turned to Bai Xiong and said, "You go back first to where Lin Dong is. I have something important to do. Tell them to wait for ten days. If I don't come out from here in ten days, you guys should leave. Remember, no matter what, do not come in here to look for me."

Bai Xiong was dumbstruck but didn't ask and only nodded. "I will remember that. Boss, you have to be careful."

Even though he wanted to know what happened and who Luo Tian was speaking to, Bai Xiong didn't ask. The reason was that Luo Tian wasn't ordinary in his heart and was an existence similar to a God!

Bai Xiong quickly left.

Upon seeing Bai Xiong run off, Luo Tian said to the resentful spirit, "In that direction, I have around fifty brothers camping there. Can you send some resentful spirits to protect them? I am worried they will suffer attacks from demonic beasts. If I do not come out, don't let them enter the mountain gates. This is the only small request I have."

Luo Tian didn't want anything bad to happen to the Bai family disciples.

If he doesn't return in ten days, Bai Xiong and the others would definitely rush in here without a doubt. At that time, most likely...

The resentful spirit nodded, "I will go take care of it. Don't worry, they will be safe there."

Half an hour of preparation later.

Luo Tian pulled out his Heaven Sword and brought three thousand plus resentful spirits forth with a shout, "Kill!"

In another area.

Towering Cloud City, Deng family.

Deng Leigong was kneeling on the ground while trembling. His face was pale, and his eyes were filled with fear. He was so scared that he felt like it was worse than death.

In front of him was an old man in a black robe.

There was an emblem sewn on the black robe. Misty Cloud City's strongest king level force, the Hai family!

The one known as Ghost Servant was here!

Chapter 1130: Let's Have One Big Explosion (3 in 1)

"Entering the Boundless Mountain Range?"

"Very interesting..."

Those two words were said in an icy tone beneath the black robes.

When Deng Leigong heard that icy tone, he shivered once more. He then said in a manner even more respectful than speaking to his father, "My Lord, that kid will definitely die in there. He is only in the Condensation Element realm, so there's no way he can survive."

Those words were self-serving since he didn't want the word of the Heavenly Soul Capturing Pill to be leaked.

If the black-robed elder chases after Luo Tian and kills him, finds the Heavenly Soul Capturing Pill on him, and investigates the matter, it would be difficult to escape the implication.

Therefore, he didn't want anyone to find out his secret.

It was no exception, even when he had to face the powerful black-robed elder that made him tremble just being near him.

Even though he had a feeling Luo Tian wouldn't die that easily, he still didn't want others to track Luo Tian down.

Ghost Servant paused for a short while before saying, "The Boundless Mountain Range is the most dangerous forbidden area in the Central Continent. Even an expert at the Myriad Illusion realm will have a hard time leaving with their life. It looks like that kid really isn't going to live long."

After thinking a while longer, Ghost Servant looked out into the sky and said, "Looks like I really have to swing by the Tianxuan Continent."

“But...”

A glint of light suddenly appeared in Ghost Servant’s eyes as he stared at Deng Leigong, “I still want to enter the mountain to take a look. What if he does manage to stay alive there? He is someone the Owner wants me to find...”

Deng Leigong’s face turned pale in fear. Not because of that black-robed person’s words but because of the gaze he was being stared at. It felt like he had been seen through, so he immediately kneeled on the ground and said, “Yes, yes, yes! My Lord’s words are right! Maybe that kid is lucky enough to stay alive.”

When Deng Leigong raised his head, he realized Ghost Servant was no longer there.

“Fuuu~ ...”

Deng Leigong could finally relax, his entire body instantly sagging. He sat on the ground half-paralyzed, with large beads of sweat rolling down his forehead. “Too scary. I never imagined... I never imagined that the Hai family would suddenly send out Hai Tongtian’s personal bodyguard, the Netherworld Ghost Servant.”

He knew a little about the Hai family.

When he was still a student at Misty Cloud Academy, he desperately wanted to join the Hai family. So, he did a detailed investigation of everything about the Hai family. Hai Tongtian had a total of eight personal bodyguards, and their cultivation, strength, and even appearance were all the same.

There were rumors that the eight personal bodyguards were all the same person.

Some say the eight personal bodyguards are the strongest in the Hai family, and they were all refined by Hai Batian in order to protect the current patriarch. Hai Batian was the strongest person in the Central Continent and the number one sorcerer who was infinitely close to being a God.

Those eight bodyguards only listened to the commands of Hai Tongtian.

Out of the eight bodyguards, what ranking did Ghost Servant have? Deng Leigong had no idea.

But Deng Leigong knew the way the Hai family did things, and he knew what it meant for Ghost Servant to be sent out. After hearing what Ghost Servant had just said, he couldn't help but chuckle, "Cutting the grass and removing the roots. Luo Tian, you damn dog thing. Not only are you going to die, but so are your relatives in the lower planes and anyone else who is even remotely related to you. Hahaha... That's good, too, because it saves me from having to worry about you. As for the Heavenly Soul Capturing Pill..."

Upon thinking about this point, Deng Leigong's brows unconsciously knitted together.

He then muttered, "I hope the Mountain Sea Devil Sect can protect me. Otherwise, the five million xuan coins will be wasted."

He went to the Mountain Sea Devil Sect and offered five million xuan coins in order to get their protection.

This was his first precautionary step.

Whether it's Luo Tian, who would kill his way back here one day, or someone who discovers the secret of his Heavenly Soul Capturing Pill. As long as he brings up the Mountain Sea Devil Sect as his backer, no one will dare to touch him. Even the Hai family has to think carefully about it.

Boundless Mountain Range, Boundless Sect.

Inner sect.

"Let go of that resentful spirit! Let me do it!" Luo Tian shouted while stabbing out his Heaven Sword.

"Boom~!"

"Ding!"

"Congratulations to player Luo Tian for killing a Resentful Spirit. You have gained 50,000 experience points, 3000 yuan energy..."

Very rich in experience points.

Most of these resentful spirits were in the Great Diffusion realm, which was several small realms higher than his own. It is only natural that one would gain a lot more experience points when killing monsters beyond their level. Luo Tian's experience bar went up by a big chunk after killing for half a day, making him feel extremely great.

Moreover, he barely had to make a move the entire time.

These friendly, resentful spirits were too awesome!

In no time at all, he took care of those malicious resentful spirits. Whenever Luo Tian sees one with only a little health left, he immediately pounces on it, killing it instantly. With experience points and yuan energy stacked on, he would then pounce on another malicious resentful spirit with very little health left.

"Don't move!"

"Let me do it!"

In front of him, five resentful spirits had captured a malicious resentful spirit, holding it like those ancient times when a prisoner was torn in five directions by horses. Luo Tian jumped into the air and then came down, stabbing it with his sword.

“Ding!”

“Congratulations to player Luo Tian...”

He easily took away fifty thousand experience points.

The Second Elder and other resentful spirits had no idea what Luo Tian was doing.

Along the way, they couldn't understand why Luo Tian had to kill all these malicious resentful spirits personally since there was no need to do so. They just needed to open a passage to the Boundless Main Hall, and he would rush in there. Seeing him running here and there, killing those malicious resentful spirits, was a waste of time.

They had no clue that Luo Tian was celebrating internally. Whenever he heard a system alert, he would laugh to himself, “Great! Awesome! Hahaha...”

“Let me do it! Let me do it!”

In mid-sentence, he would jump at a malicious resentful spirit and kill it.

On the first day, Luo Tian led this army of resentful spirits to cleanse the malicious resentful spirits on the martial arts training grounds of the inner courtyard.

Luo Tian's experience bar reached a little over 80%.

On the second day, Luo Tian brought his army to continue killing.

He had easily leveled up to the Martial Void 3rd rank, and his experience bar was 40% full. Even though the experience points were lesser afterward, it was still quite awesome to level up in a single day.

After two days, a portion of the inner sect grounds was cleaned out.

During the nights, the Second Elder said the cultivation of those malicious resentful spirits would surge, so they could only hide at that time.

After these two days of contact, Luo Tian's heart became more and more determined. He felt that it would be awesome to have such an army by his side to help him clear out demonic beasts. This was like his previous life, where those rich tycoons would spend money to hire a large group of gamers to help them level up. They only had to give the monster the final blow to reap all the experience points. Who could match that kind of speed when leveling up?

After thinking of his previous life, Luo Tian couldn't help wondering, "I wonder if Earth has undergone any changes. Perhaps I would be able to go back there one day. I kind of miss it now."

In reality, he was just missing those island action movies he used to watch. There were also those beautiful girls wearing short skirts and tight t-shirts to show off their figures. And the girls wearing bikinis strutting around on the beach. Just thinking about it made him excited.

“If I ever get the chance, I will definitely go back!” Luo Tian fantasized.

A quiet night went by.

The morning of the third day.

The Second Elder walked over to Luo Tian and said, “Next is the Mountain God Pavilion. This is the place where we might encounter the Third Elder, Feng Juechan. His soul was cursed, turning him into a malicious resentful spirit. He is very powerful, so you should hide the moment we encounter him. Your current cultivation base cannot withstand a single blow of his.”

“Uhhh...”

Luo Tian was faintly stunned before saying to himself, “So I’m going to encounter a mini-boss?”

He immediately replied, “Don’t worry, Second Elder. I will take care of myself.”

The Second Elder had a request in his eyes as he said, "If it's possible, I hope that we don't kill him. He's my junior brother. He will never work for that spiritual body willingly, so it would be best that we find a way to remove the curse."

Luo Tian then said, "Since you've said that out loud, I won't make any reckless moves. But how are we supposed to remove his curse? And if we can't purify the curse, what should we do?"

The Second Elder was mindful of their sect's brotherhood, so he paused in thought. Eventually, he said, "If we can't purify him, then it will be up to you on what we do."

"En~!"

"I know what to do." Luo Tian replied, but said to himself, "I will definitely kill him if I can. If I can't, then we'll talk later."

How plentiful was the experience from a mini-boss?

Something good might even explode from the guy, so how can one bear to not kill?

Whoever says they won't kill must have shit for brains.

He came here for the experience points, or else why the hell would he be in such a dangerous place?

The army set off toward the Mountain God Pavilion.

The moment they stepped into the territory of the Mountain God Pavilion, a loud shout came out from a building. "Where did these dogs come from?! You dare to provoke my Mountain God Pavilion?! Are you guys trying to court death?!"

The Second Elder stepped forward with a heavy heart and said, "Third Junior Brother, it's not too late to turn back. We have found someone that can save us."

"Humph~! Old Bastard, who is your Third Junior Brother?!"

"How can a dog like you be qualified to be my fellow disciple? My soul already belongs to the Soul Splitting King, and I am his most loyal servant. Today, since you dare to bring people into the territory of my Mountain God Pavilion, I will make sure none of you ever return." Feng Juechan said coldly.

The Second Elder sighed before saying, "Let's kill him."

Luo Tian was briefly dumbstruck before asking in confusion, "This is considered purifying him?"

The Second Elder nodded, "That's right. Since he won't listen to my persuasion, then it's no longer up to me."

Luo Tian was floored by the response.

Saying a few fucking words was considered purification? Is it because their level was too high, and I can't understand it?

His testicles were aching.

But this was fine too. To Luo Tian, being unable to purify him was a good thing because he didn't want the chance of getting experience points slip by. And this was a mini-boss we're talking about.

Immediately after, there was a deep shout before dark resentful spirits appeared out of thin air in the square outside the Mountain God Pavilion. They were all extremely ferocious-looking. Unlike the Second Elder and the others, these dark resentful spirits gave off an aura that had a trace of darkness.

The Second Elder raised his arm and shouted, "Kill!"

A huge battle instantly broke out.

The moment the Second Elder shouted kill, Luo Tian quickly retreated backward.

Any of these resentful spirits in front of him could take his little life. The lowest of these resentful spirits were at the peak of the Martial Void realm, and most were in the Great Diffusion realm. In this chaotic situation, it is best for him to hide on the sidelines and take advantage of the confusion.

“Boom~!”

“Boom~!”

“Boom~!”

Deafening sounds of collision kept going off.

The sound of fighting filled the air.

They all looked like they had gone berserk with their fighting.

No one was holding back their strength.

The main reason is that they couldn't really kill each other in this battle. They can feel pain though, and there were plenty of resentful spirits writhing in pain once they went down. And the pain that they can endure was already a hundred times that of ordinary people.

Just a small cut inflicted pain beyond words.

Because these were spiritual bodies, they wouldn't completely die.

But Luo Tian's attack somehow managed to kill them.

When Luo Tian saw a dark resentful spirit on the ground, he pounced over like a rabid dog and grinned, "Heh heh, you can die for me."

Heaven Sword slashed down.

"Ding!"

"Ding!"

"Ding!"

The system alerts kept going off, and Luo Tian's experience bar started soaring again. Hearing this joyful tone and seeing a bunch of dark resentful spirits on the ground, he started laughing, "Hahaha, time to harvest these points!"

With Heaven Sword in his hand, he slashed down whenever he saw a dark resentful spirit on the verge of death.

He would run after slashing them, faster than anyone had seen!

Luo Tian suddenly saw the sky darken and shouted to himself, "Not good!"

"Wahaha..."

A powerful killing intent exploded from the Mountain God Pavilion.

The Second Elder shouted, "Little Brother Luo! Watch out! His target is you!"

"Oh fuck!" Luo Tian's heart tightened as he cursed out.

He looked all around, but he couldn't see any movements. However, he felt like he was being stared at by a pair of eyes as if he was completely naked. This feeling was very uncomfortable.

"Die for me!"

A shout suddenly came from the Mountain God Pavilion, and a dark shadow rushed out like lightning.

At the same time, the Second Elder made his move. However, he was held back by several dark resentful spirits, so his reaction time wasn't fast enough. He exclaimed in anxiety, "Oh no, he's going to die!"

Feng Juechan's cultivation was at the peak of the Myriad Illusion 3rd rank.

Killing Luo Tian, who was only in the Martial Void realm, was simply too easy.

Moreover, he was using a killing move the moment he came out, not giving Luo Tian any chance of surviving.

"Watch out!"

"Be on guard!"

Several shouts came from the crowd.

At this moment, their hearts tightened, and they even forgot to fight. If Luo Tian were to die, they wouldn't be able to enter the Boundless Main Hall even if they killed their way there.

The power released by the Soul Splitting Sword can instantly kill them all, reducing their sliver of a chance to enter the cycle of reincarnation to nothing.

Luo Tian's reaction wasn't that fast. No matter how fast he was, would his speed catch up to an expert in the Myriad Illusion realm?

However, maybe it was his good character, or maybe it was those god-like reflexes during the time when he was a gamer in his previous life, but he had already locked onto Feng Juechan the moment his dark shadow flashed out from the Mountain God Pavilion. God Flame shot out purely on reflex.

A fireball shot out from the center of his palm.

An unremarkable flame, just like a small ball of fire.

The Second Elder's heart sank as he couldn't reach Luo Tian in time.

The friendly resentful spirits all felt their hearts die.

The only chance they were looking forward to in the past ten thousand years was about to be crushed.

Some of the resentful spirits started scolding, "I knew that kid couldn't be counted on! What can he do with his low cultivation base? Yet somehow, we stupidly followed him here to fight these dark resentful spirits. And who knows what he's up to, always trying to be the one to kill these dark resentful spirits."

"Sigh~, he doesn't even know the immensity of heaven and earth."

"He's going to die, and our hope will be extinguished."

"We shouldn't have followed him to mess around. He's just a kid. What kind of plan would he have to go against the Soul Splitting King? He can't even block a single move from Feng Juechan."

"It's good for him to die here, or else his reckless behavior might drag others down with him in the future."

At the same time, Feng Juechan looked at the flame and sneered, "Old Bastard, is this the person you said would save our souls? Hahaha... How dare such a piece of trash attack me! He's just courting his own death!"

Luo Tian didn't move, his mind already had a transformation card ready.

If God Flame's instant kill ability isn't triggered, he will immediately use the transformation card. He didn't have any other abilities that could block Feng Juechan, who was in the Myriad Illusion realm. The Second Elder had already slowed down, thinking he had failed. If he didn't use the transformation card, he still wouldn't be able to block the next attack after interrupting the first one.

In the blink of an eye, Feng Juechan flicked his sleeves at God Flame with disdain on his face. “You want to injure me with this kind of fire marital skill? What a joke!”

However, God Flame wasn’t swept away.

The moment he flicked his arm, the flame went past it and smashed into his chest.

Feng Juechan was a bit surprised, but his face still had disdain on it. Even if he was hit, the damage wouldn’t be able to even hurt a hair on him. All because his cultivation was much higher than Luo Tian’s. No matter how strong the martial skill is, there still is a large gap in cultivation bases between them.

What he didn’t know was that his thoughts were wrong.

Wrong to the point of losing his pants.

Feng Juechan harrumphed before saying, “What can a little ball of flame do to me...”

Before he could finish speaking, God Flame drilled inside his body.

His body started cracking apart with lava-like fire dripping out.

A glint flashed in Luo Tian's eyes. He was originally very nervous but was now arrogantly shouting, "Your sister! Let's see how arrogant you are! Keep acting arrogant for this daddy, you son of a bitch!"

His voice was full of vigor.

Seeing Feng Juechan's body crack apart, Luo Tian instantly knew that God Flame's instant kill ability had been triggered.

Feng Juechan's eyes were filled with terror as he howled, "Impossible! Absolutely impossible! I have an undying body! The Soul Splitting King gave me an immortal body! I will not die! I will never die..."

His expression was no longer filled with disdain and was replaced with fear.

Before he could finish speaking, Feng Juechan's body blew up.

"Boom~!"

His body became powder without leaving any residue behind.

An unremarkable flame was able to instantly kill Feng Juechan, a Myriad Illusion ranker. If the Second Elder hadn't seen it with his own eyes, he would never have believed it. The shocked, resentful spirits were so dumbstruck that they couldn't even say a word.

Luo Tian didn't pay attention to their expression and was saying internally with anticipation, "Explode! Explode! Give me a big loot explosion!"

"Ding!"
