

Leveling Up 1151

Chapter 1151: Soaring In Exhilaration (2 in 1)

At this time, Luo Tian truly needed the experience points.

He didn't expect that this Yin Wuliang actually possessed an aphrodisiac that could attract demonic beasts.

On the surface, Luo Tian remained expressionless. But he was actually laughing in excitement internally. "Once I break through to Martial Void 6th rank, I will immediately run up the city wall and take both of your lives!"

Experience points!

Luo Tian desperately needed them!

He was currently at the Martial Void 4th rank, only a little bit of experience away from reaching the 5th rank. But to get up the tens-of-meters-high city wall, he would have to reach at least the Martial Void 6th rank. Otherwise, it would be very difficult to make the leap.

Seeing Luo Tian standing in front, the disciples of the Bai family exchanged glances with each other. Then, their eyes were set with resolve as they stepped forward, standing behind Luo Tian. Each one of them stood as firm as a rock.

“If the boss isn’t afraid, what are we afraid of?”

“With Boss Luo Tian here, nothing is a problem.”

“What’s so scary about death? In eighteen years, I’ll be a hero again!”

“...”

Their core!

Luo Tian was their soul. From Towering Cloud City to Boundless City, Luo Tian had become the absolute backbone in their hearts. If he doesn’t fall, even if they encounter immense danger, they would still instantly lift their spirits.

Luo Tian was their pillar of strength. No matter what difficulties they faced, they were fearless with him around!

Luo Tian smiled as he felt satisfied by the actions of the many brothers of the Bai family. He then said, “One must not despair at any time. There’s still hope as long as you don’t die. So what if we’re blocked outside the city gate? So what if we face a vast horde of demonic beasts?”

“Even if we’re plunged into the eighteen levels of hell, we can’t ever give up.”

“All of you, remember this: You have already lost when you start to feel fear!”

Life is but a single journey.

If you fear it, you've already lost!

When facing despair or facing hardship, it's the same thing. You've lost if you feel fear.

The many brothers kept Luo Tian's words deeply in their hearts. In the future, these words would make them incredibly fierce and brave in battle, and ultimately, they would each become top-tier powerhouses of the Ancient World. But that's a story for another time.

However, Luo Tian didn't want them to take such risks at this moment in time.

Simply because they were too exhausted and their yuan energy was depleted. Rushing in like this was courting death, and seeking death was completely different from avoiding fear.

Luo Tian said, "Bai Xiong, Lin Dong, lead the Bai family disciples to move closer to the city wall. Without my order, no one is to take a single step forward. I want you all to rest well and recover even a trace of yuan energy if you can."

They needed to rest and recuperate.

Without the support of yuan energy, their bodies simply couldn't hold up their trained bodies.

Having them fight against the demonic beasts would only distract Luo Tian.

Moreover, Luo Tian wanted to gain all the experience from these demonic beasts alone. Otherwise, it would be difficult for him to make a breakthrough.

Right after that, Luo Tian said, "Ling'er, distribute all the pills I've refined these past few days. Have them quickly recover their yuan energy. In one night, I want them all to recover to their peak condition."

Bai Lingling was briefly stunned before saying, "Those pills are your personal supplies. If you don't have yuan energy..."

Bai Xiong also said, "Boss, we don't need the pills."

Lin Dong was also confused about the distribution.

Many Bai family disciples all spoke up, "Boss, we don't need the pills. Keep them for yourself."

They were all clear in their hearts that Luo Tian also needed yuan energy. Luo Tian needed the pills even more than they did if he was going to face the surging horde of demonic beasts.

Luo Tian's voice became serious as he said, "I'm not giving you pills just for the sake of recuperating. Tonight, I need you all to focus on recovering yuan energy because tomorrow, I want you to use up all that milk energy ever since you were born!"

Bai Lingling asked, "To do what?"

The corner of Luo Tian's mouth curled into a slight before he said, "To attack Boundless City!"

"Huh?"

"What?"

"Hahaha... I love that idea! Hahaha... I, Bai Xiong, am willing to be the vanguard! I will definitely twist off that dog thing Deng Wumu's head!" Bai Xiong said in excitement.

Lin Dong was also excited before saying to himself, "Following you always make people's blood boil."

None of them had anticipated Luo Tian's plan.

That being said, they only had about fifty people. Even if all of them were in the Martial Void realm, they still probably wouldn't be a match for Boundless City, let alone be able to conquer it. Moreover, the Boundless City Lord, Yin Wuliang, was a powerhouse in the Great Diffusion realm.

They weren't feeling confident in their hearts.

But it still came back to Luo Tian's words – if you're afraid, then you have already lost!

Luo Tian looked at everyone and said with a smile, "Don't worry. Tomorrow, I will definitely lead you to conquer Boundless City!"

He had already planned everything out.

Luo Tian turned around to look at the many Bai family disciples, then turned his head to look at the demonic beasts surging towards them not too far away. He then announced, "Do what I just said!"

As his voice faded, Luo Tian stomped his foot down and instantly disappeared into the darkness. He was going head-on at the incoming tide of demonic beasts.

Bai Lingling's heart tightened, and she said to herself, "You have to take care of yourself..."

On the city wall.

Deng Wumu didn't hear the words Luo Tian said to the Bai family. He only saw Luo Tian rush out alone and started sneering in disdain, "Luo Tian, even if you are strong and cultivate many divine grade martial skills, you can't be a match for these demonic beasts."

"Sigh~..."

"What a pity!"

"If it were during the day, I would be able to see you being ravaged by demonic beasts and crawling on the ground like a dead dog."

Not long after, Yin Wuliang returned to the city wall with his fifty-year-old vintage wine. He looked down at the Bai family disciples sitting around the base of the wall and asked, "Where's that kid Luo Tian? He wouldn't have abandoned the Bai family disciples and run off on his own, would he?"

Deng Wumu laughed, "He rushed off alone into the demonic beast horde. I believe he's already engaged in battle, and his chrysanthemum is likely already blasted open by those demonic beasts, hahaha..."

Yin Wuliang was briefly stunned before he burst into laughter, "There must be a problem with his brain! In this situation, instead of running away, he's going to fight the demonic beasts head-on. The demonic beasts within a thousand kilometers could number in the tens of thousands. Not even a peak Great Diffusion realm expert could deal with that, let alone him."

“But...”

Yin Wuliang glanced at the Bai family disciples below the city wall, who were meditating and recovering their yuan energy. He then sneered, “Since that kid has left, then we’ll kill off his brothers one by one...”

Deng Wumu was just about to nod in agreement when he thought of Bai Lingling, the number one beauty of Towering Cloud City. Wasn’t she the best gift for Yin Wuliang? Then, he gave a lewd smile before saying, “Uncle Wuliang, there’s a beauty among those Bai family disciples. She’s the number one beauty of Towering Cloud City. It wouldn’t be good to harm her in the dark. I also want to personally capture her and give her to you as your thirteenth concubine. This little beauty is an absolute temptress.”

Upon hearing this, Yin Wuliang immediately abandoned the idea of sneaking an attack on the Bai family disciples that night. He swallowed his saliva and leered, “Hahaha... Nephew Wumu, you’re such a thoughtful person!”

He then peered down to search around, but because it was too dark, he couldn’t see clearly.

Deng Wumu laughed, “Once tonight passes, there won’t even be a scrap of Luo Tian’s face left. This ragtag bunch of Bai family members can be taken down in minutes. Then, we’ll bring that beauty Bai Lingling to you so you can enjoy yourself, hahaha...”

“Hahaha...” Yin Wuliang laughed.

He then raised his wine cup and exclaimed, “Come, drink!”

Luo Tian's side.

He didn't have much yuan energy left in his body either.

The reason was that just this morning, it was time for the Ancient Tree to absorb his yuan energy, so the value instantly decreased by 100,000 points. He was now left with only a few tens of thousands of points of yuan energy.

But he felt it was enough for him.

"Boom~!"

"Roar~!"

"Roar~!"

There were demonic beasts everywhere there was space.

When they saw Luo Tian, they were like animals injected with chicken blood. The eyes of both males and females shone with brightness. Their bodies were incredibly hot, and that heat needed to be released through slaughter.

They became even more ferocious upon seeing a human.

Luo Tian stood in the middle of a path, gently taking a breath, "Fuuu~..."

The first to charge forward was an Iron-armored Wild Boar as large as a small mountain. Its two tusks were half an arm's length long, with a sharp snout and fur as thick as iron armor on its body. It pounced down fiercely with its most primal ferocity.

Luo Tian remained as still as he looked over. He then shouted internally, "Divine Explosion!"

"Ommm~!"

A ripple of power surged out from within his body.

In an instant, Luo Tian moved like lightning charging forward. All the power of his Martial Void 4th rank exploded out, directly smashing into the wild boar and knocking it over. He was now in the midst of the demonic beast army, basically being surrounded.

A storm cloud suddenly appeared in the dark sky!

A purple storm cloud!

Luo Tian shouted internally, "Purple Lightning Technique, smash them for me!"

"Crack~, boom~!"

"Crack~, boom~!"

"Crack~, boom~!"

Thick bolts of purple lightning rained down, turning everything it touched to ashes.

Demonic beasts below rank three were all instantly killed!

Those charging in the front were mostly rank one and two demonic beasts. The stronger ones were further back. Luo Tian's one move cleared out a large area of the demonic beasts, and the system alerts went crazy with notifications in his mind.

The only drawback was that the levels of these demonic beasts were too low.

That meant they didn't give him much experience!

After slaughtering a wave, the demonic beasts behind charged at him even more crazily.

Luo Tian didn't dodge or retreat. Gripping Heaven's Sword tightly, he slashed his way forward. Behind him, rivers of blood flowed, corpses piled up like mountains, his body dyed red, and the blood drying had solidified into a thick, blood-colored armor.

"Shoulder Dash!"

"Buddha's Fury!"

"Divine Explosion..."

"God Flame..."

"Lightning Beast Kiten, sixty million volts, breakthrough for me!"

An incomparably arrogant lightning beast charged in a straight line, blasting through all the demonic beasts in its path. Some were killed, and some were seriously injured. The powerful demonic beast army was utterly disrupted by Luo Tian alone!

Meanwhile, Yin Wuliang and Deng Wumu started feeling somewhat restless on the city wall.

Even though they didn't know what was happening down there, they were clear that Luo Tian was still alive.

They could hear him still fighting.

This made Yin Wuliang quite pissed off. "You damn dog thing, you're quite capable of fighting, huh? I want to see just how capable you are!"

"Send down my order!"

"Light ten barrels of Beast Soul Lure!"

"I want to attract the demonic beasts from within ten thousand kilometers! I'd like to see how long he can hold out for!"

Chapter 1152: Level Up Reward

They didn't expect Luo Tian to be still alive.

And they didn't know he was slaughtering with great enjoyment.

Fury ignited in Yin Wuliang's heart. How could he allow this to happen?

"Since you enjoy killing so much, then I'll let you kill to your heart's content! I'd like to see how long you can kill for and how many you can kill!" Yin Wuliang harrumphed.

He then commanded the hesitant guards who were preparing the Beast Soul Lure aphrodisiac, "What are you still waiting for?! Do as I say!"

"City Lord, ten barrels of Beast Soul Lure will likely attract the high-ranking demonic beasts from the Boundless Mountains. If that happens... that kid will die, but our Boundless City probably won't be able to withstand it either."

"Yes, yes, City Lord. Please reconsider."

At best, Boundless City was a place belonging to a gold level force.

Even though it had tens-of-meters-high walls, they would be like sand once a high-ranking demonic beast came. The walls would be instantly destroyed and unable to provide any defense whatsoever.

Deng Wumu's brows were furrowed slightly. Recalling the events that had occurred with Luo Tian in Towering Cloud City, a bad premonition arose in his heart. He then added, "Uncle Wuliang, there's no need to rush it. Attracting high-ranking demonic beasts would also be detrimental to us. Why not wait until daybreak tomorrow and catch him off guard?"

"Humph~!" Yin Wuliang snorted coldly.

He had an unhappy expression on his face as he asked, "Are you scared?"

Deng Wu Mu immediately replied, "Scared? What's there to be scared of? I'm just worrying about attracting powerful demonic beasts and causing unnecessary damage to your Boundless City."

"Then mind your own business!"

"I just want to see how long that kid can hold out for!" Yin Wuliang didn't change his decision. He wanted to see Luo Tian ravaged to death by those demonic beasts. Only through this cruel method could he vent the fury he was feeling in his heart.

Only then could he avenge his nephew Yin Feng, whom he regarded as a son!

Yin Wuliang then shouted, "Didn't you all hear me?! Do it now!"

The guards didn't dare to disobey and immediately lit the barrels of Beast Soul Lure aphrodisiac.

At the same time, their faces turned tense.

Smoke soared into the sky!

The white smoke rising from the city wall rapidly dissipated, spreading through the air at lightning speed. In less than a minute, it had spread for tens of thousands of kilometers.

At this time, the residents of Boundless City came out of their houses one after another.

“What’s going on?”

“There’s some smoke rising from the city wall. Is the Boundless City Lord lighting the Beast Soul Lure again to attract those demonic beasts?”

“Lighting ten barrels at once? What is he trying to do?”

“Is he trying to have those demonic beasts destroy our Boundless City?”

Some of the common people became nervous.

Some martial artists who were cultivating quickly approached the city wall to inquire about what was happening.

Below the city wall, Bai Lingling watched even more white smoke rise from the city wall. Her face grimaced as she said, "The Boundless City Lord is too sinister! Lighting so many Beast Soul Lures at once! Who knows what kind of demonic beasts he'll attract?!"

"And three days ago, Luo Tian was using some super powerful abilities to fight against that Soul Splitting King. The collision of powers must have startled some slumbering behemoths. If we happen to attract those powerful demonic beasts..."

"Not good!"

Bai Lingling's brow tightened as she said, "Luo Tian doesn't know what's happening here! I have to go tell him!"

She started feeling even more worried.

Just as she stepped forward to go look for Luo Tian, Lin Dong blocked her path. He then said, "Sister-in-law, the boss will definitely notice the increased amount of smoke. If you go look for him now, you'll only cause him unnecessary trouble. The boss can definitely handle it alone."

"Let's just do what the boss said. We have important things waiting for us tomorrow."

Bai Xiong also stepped forward and added, "Lin Dong is right, little sis. We can't let the boss get distracted. We've already given him enough to worry about as is. I believe the boss can definitely do it. Even if he encounters stronger demonic beasts, he'll be able to handle it. If we go over there to look for him, we'll actually be creating more trouble for him."

Bai Lingling stomped her foot anxiously before saying, "We should do something, anything, to help, right? Just watching him fight alone? That's a demonic beast army of thousands upon thousands. Just him alone..."

Bai Xiong fell silent.

Lin Dong also fell silent.

Luo Tian was indeed facing a demonic beast army of thousands. They should be doing something to help him, right?

After a few seconds of silence, Lin Dong's eyes flashed with a gleam. He then said, "The only thing we can do right now is to recover our stamina and yuan energy as quickly as possible. Tomorrow, we'll be able to share more of the burden for the boss."

After saying that, Lin Dong turned to look at the Bai family disciples and said, "The boss has bought us a single night's time. We can't let this night be wasted. We must recover our yuan energy within one night!"

Bai Xiong grabbed Bai Lingling's arm and said, "Little Sis, don't worry. The boss will definitely be alright!"

Worried!

Extremely worried!

In the pitch-black night sky, a series of palpitating roars came from the depths of the Boundless Mountain Range. These roars made the entire night uneasy and caused fear to appear in the eyes of those demonic beasts who had first charged over.

Those roars also caused panic among the residents of Boundless City.

At the same time, Yin Wuliang himself felt a wave of lingering fear for his frenzied actions earlier. But since things had already reached this point, his face didn't show a trace of regret. Instead, he smiled coldly and said, "Let's see how capable you are!"

On Luo Tian's side, he continuously slaughtered while his experience points soared rapidly.

But after killing a few more demonic beasts, he noticed some of the lower-ranking demonic beasts were trembling all over with flickering eyes. They were clearly afraid. Under the stimulation of the Beast Soul Lure aphrodisiac, they should be in a frenzy. So why were they afraid?

Luo Tian was very certain that these demonic beasts weren't afraid of him.

At this time, he heard several incredibly arrogant roars coming from the depths of the mountains. These were roars that only demonic beasts of rank six or higher could make. His heart tightened instantly as he said to himself, “Yin Wuliang, you damn dog thing! You’re really ruthless! You even dare to attract demonic beasts of rank six like this?! Aren’t you afraid that Boundless City won’t be able to handle demonic beasts of this caliber?!”

The anger in his heart was surging.

This was definitely pushing him to death!

Luo Tian’s eyes narrowed. He glanced at the experience bar, and a trace of arrogance appeared in his eyes. He then said, “You want me dead? Then let’s see who dies first!”

Luo Tian then stepped forward and shouted, “Purple Lightning Technique, destroy them!”

“Crack~, boom~!”

“Crack~, boom~!”

Within the lightning field, those rank three demonic beasts were blasted to pieces.

System alerts continuously rang out.

Suddenly, an especially loud level-up notification was heard.

“Ding!”

Chapter 1153: A Boss Appears

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently in the Martial Void 5th rank!”

It was time for another system reward!

“Ding!”

“Congratulations to player Luo Tian for triggering a system reward. You have received an Angel of Judgement transformation card!”

“Huh?”

“Angel of Judgement?”

Luo Tian was slightly stunned because the name was somewhat familiar!

At this time, Luo Tian was feeling a bit excited as he said to himself, "Could it be...? No way, really? It must be; it definitely is. If it is, then that's really too awesome, right? My little heart can hardly handle it!"

He thought of a character in a game!

If it was that character, then it would really...

He didn't dare to keep thinking about it because he was worried that his heart couldn't handle it.

He originally thought that the system's rewards would only be those superheroes from Hollywood movies, like the Hulk, Superman, Thor, and the like. But among those superheroes in Hollywood movies, there wasn't one called 'Angel of Judgement.' Without a doubt, this transformation character wasn't a superhero from the movies.

With his heart beating in anticipation, Luo Tian opened the system interface to check the transformation card he had just received. He was somewhat afraid to look. He squinted his eyes into a slit before slowly opening them. He gradually saw a golden card floating in his mind!

"A gold card?"

"I'll be damned..."

The gold decoration shimmered in his mind. Luo Tian's first impression was that this card was definitely different from the previous transformation cards.

Right after that, Luo Tian saw the character on the card and jumped up in joy. He burst out into loud laughter, "Hahaha... Hahaha...! Awesome! So awesome! Awesome to the max! I never thought I'd get the transformation card for Kayle, the Angel of Judgment from League of Legends! Does that mean I can transform into an angel? Does that mean I have the right to judge everything?"

Whether it's right or wrong, he could judge anything!

The most important point was that the Angel of Judgment had an ultimate move. This ultimate move is to be invincible within a few seconds! (Divine Judgment)

In the Ancient World, where a transformed character wasn't restricted by the laws of this plane, even a god couldn't kill him!

This kind of transformation card made Luo Tian's blood surge. It was as if he had ejaculated dozens of times at once! His blood was boiling while he laughed and said ferociously, "Boundless City Lord, you want to see this daddy die, right?"

"Just wait for me!"

"Just wash your ass clean and wait for me!"

“Kill!”

He was feeling slightly tired physically, but after leveling up, his yuan energy, his wounds, and all his stats were completely restored. Even the cooldown times for his martial skills were all instantly reset. The exception was the Hulk and Thor transformation cards, which still had a ten-day cooldown.

Transformation cards weren't martial skills, so they had no change from him leveling up!

Luo Tian smiled as he clenched his fists. A single stomp of his foot propelled him forward tens of meters as he enjoyed the power of Martial Void 5th ranker. He chuckled arrogantly before shouting, “Divine Explosion!”

“Ommm~!”

His attributes doubled.

He threw caution to the wind, only caring about charging into the places where the demonic beasts were clustered together. He was trying to attract all of those demonic beasts' so-called 'hatred,' before suddenly roaring, “Purple Lightning Technique, descend for me!”

“Boom~!”

“Boom~!”

“Boom~!”

Extremely intense purple lightning swept out, instantly killing all the rank three demonic beasts. Even a few rank four demonic beasts were blasted down to near death. At this moment, the Heaven Sword in Luo Tian’s hand revealed a cold gleam on its edge.

Sword qi like a rainbow.

With one slash, sword qi swept across the area, killing all the almost-dead demonic beasts.

The system was exploding with alerts.

“Ding!”

“Congratulations to player...”

“Ding!”

“Congratulations to player...”

“Ding!”

Alerts didn't stop.

This kind of awesome feeling was very hard to describe.

Aside from the exhilaration, Luo Tian's spatial ring was filled up with demonic beast materials at a rate almost visible to the naked eye. Even though these materials weren't worth much money, they were the best materials for him to improve his forging skills.

Furthermore, being strong wasn't enough to cultivate a force. One needs to have an industry for support.

This was an indispensable preparation for any force.

Since Luo Tian wanted to build a force surpassing that of a king level, he had to start small. These materials would be his first pot of gold for the Bai family's rise!

On the city wall, Yin Wuliang narrowed his eyes but was still unable to see too far away. But he could feel that Luo Tian was still not dead.

However, he wasn't too worried about it.

The reason was that he could feel that some behemoths in the depths of the Boundless Mountains had been enraged by the scent of the Beast Soul Lure. They were waking up and rushing towards Boundless City in a frenzy. They would surely tear Luo Tian to pieces when they encountered him on the way.

When people went crazy, they wouldn't consider any consequences.

Yin Wuliang was exactly this kind of madman.

He wanted Luo Tian dead. He wanted to see Luo Tian being ravaged like a dog under the feet of ten thousand demonic beasts.

Not only because Luo Tian had killed his nephew but also because Luo Tian made him extremely pissed off. As a graduate of the Misty Cloud Academy who had controlled Boundless City for decades, no one had dared to be arrogant in front of him. Luo Tian was the first!

Therefore, he wanted Luo Tian to die a miserable death.

Deng Wumu's face was very calm, but he was jumping for joy inside. He had never expected Yin Wuliang to be this kind of madman, actually lighting ten barrels of Beast Soul Lure. In this way, even if Luo Tian had the power to reach the heavens, he couldn't possibly be a match for a rank six demonic beast.

He will definitely die!

Once he dies, the matter of the Heavenly Soul Capturing Pill will no longer be exposed, and the Deng family will no longer have any worries.

As for how Luo Tian died or at whose hands, he didn't care at all.

Moreover, there was Boundless City!

This city was much more prosperous than Towering Cloud City. If a high-ranking demonic beast broke through and this city became a dead city, then it would be another place where the Deng family could rise to power. At that time, Boundless City would also be controlled by the Deng family. They could develop it, and after ten or twenty years, not only would they be a golden power, but a platinum force wouldn't be impossible.

Laughter!

Deng Wumu was blooming flowers with laughter internally.

Extremely excited about the prospects!

Looking at the pitch-black night and looking at the places where bolts of lightning struck, Deng Wumu revealed a sinister smile as he said to himself, "Luo Tian, oh Luo Tian. I really have to thank you! Hahaha... With your death today and Boundless City being destroyed, this place will belong to my Deng family's power! Hahaha..."

"Roar~!"

"Roar~!"

At the foot of the Boundless Mountain Range, a demonic beast even bigger than a mountain suddenly poked its enormous head out.

Rocks rolled down.

The surrounding lower-ranking demonic beasts all lay prostrate on the ground. They were so scared that they didn't even dare to breathe.

"Roar~!"

With an angry roar to the sky, a super powerful shockwave swept over like a hurricane and overturned all the demonic beasts in its path. At this moment, Luo Tian looked over, and his heart shook. He then said to himself, "It's here! A boss!"

Chapter 1154: Become My Battle Pet

It appeared!

A demonic beast, larger than a mountain, and emitting golden light.

Even though it wasn't blinding to the eyes, the golden light on its body made it a standard boss!

At the same time Luo Tian discovered it, Boundless City which was tens of kilometers away, also discovered it.

"Giant Stone Demon!"

"That demonic beast is at least rank six!"

"Heavens! A rank six demonic beast was actually attracted! Even an expert at the Great Diffusion realm would have trouble dealing with that kind of demonic beast."

“The City Lord is only at the initial stages of the Great Diffusion realm. Can he even fight it?”

Panic!

Panic rose and spread to the masses!

Their hatred towards the Boundless City Lord also grew in their hearts.

They had already been struggling under Yin Wuliang’s oppression for years, and now he had even attracted a rank six demonic beast over. Wasn’t he taking the lives of millions of people in Boundless City as a joke?

Even some of the branch powers of other forces became extremely dissatisfied with Yin Wuliang.

“What the hell is that Yin Wuliang up to?”

“If it weren’t for the fact that he was a graduate of the Misty Cloud Academy, this old man would have taught him a lesson long ago.”

“我说陈老，这次我们两个来无量城带哪些通过第一轮考核的弟子去云岚城参加第二轮的考核，我看这次我们一个也带不走，别说是带着他们，恐怕连我们直接也难离开这里啊。”

“I say, Old Chen, we came to Boundless City this time to take those disciples who passed the first round of testing to Misty Cloud City to participate in the second round of testing. I think we won’t be able to

take a single one with us this time. Let alone taking them, I'm afraid even we'll have difficulty leaving here."

"Sigh~!"

"We must have had eight lifetimes of bad luck to be assigned to this kind of hellhole. Let alone contribution points, it would be good if we could return to the Misty Cloud Academy alive without having our contribution points deducted."

Because the Misty Cloud Academy branch in Boundless City was slightly closer to Misty Cloud City, no teleportation array had been set up.

The two outer sect stewards had traveled quickly by horse here. They didn't expect that less than a day after arriving in Boundless City, this kind of thing would happen before they could even gather the disciples who had passed the first round of testing.

Their cultivation was only at the early stages of the Great Diffusion realm.

They knew very well the strength of a rank six demonic beast, and they were certain that they weren't its match at all.

And the most absurd thing was that they were afraid that they wouldn't be able to escape with their lives intact.

Ten barrels of Beast Soul Lure had already plunged Boundless City into a place of despair!

“We have to do something, right?”

“What can we do?”

“It’s too late to do anything now. Let’s just leave it up to fate.”

“We are, at least, outer sect stewards of the Misty Cloud Academy. We can’t abandon these civilians. Let’s do our best with the last bit of our strength. That way, we can be worthy of our status.”

“Since you, Old Chen, say so, then I can only risk my life to accompany you.”

The two elders walked out of the branch and hurried towards the north of the city.

At the same time in the Boundless City Lord’s mansion, the commanding guards were quickly gathering all available guards.

The army of guards then quickly rushed to the north of the city.

However, the city was in complete chaos. Burning, killing, looting, and cries for help. The city had turned into complete chaos!

On the city wall.

Cold sweat was emerging on Yin Wuliang's forehead. The development of events was increasingly exceeding the scope he could control. Servants kept reporting to him about the events happening in the city, and none of them were good news. This made him hate Luo Tian even more.

Now, it wasn't as simple as avenging his dead nephew and promising to help Deng Wumu kill Luo Tian.

All these developments had absolutely no impact on the Bai family disciples below the city wall, who were focused on restoring their stamina and their yuan energy.

They had wholeheartedly devoted themselves to it.

Under the urging of Lin Dong and Bai Xiong, this was their sole focus.

This was because a great battle would be waiting for them tomorrow morning.

In the distance, that Giant Stone Demon was getting closer, continuously sweeping its long stone arms out.

“Crack~, crack~, crack~!”

“Crack~, crack~, crack~!”

A mountain peak several thousand meters high was instantly cut in half. Boulders rolled down like an avalanche. The Giant Stone Demon casually grabbed a rock weighing tens of thousands of pounds before throwing it.

“Whoosh~!”

It soared through the air like a comet. Behind the boulder trailed a long string of flames, like the fire produced by breaking through the air with friction. This power was unimaginably strong, and the point of impact was precisely in front of Luo Tian.

Luo Tian’s eyes snapped open! At this moment, he didn’t think too much and took off running, not forgetting to curse out, “Fucking hell! It can even attack from a distance?!”

“Boom~!”

“Boom~!”

The boulder smashed down, creating a huge crater and scattering fragments of rock tens of thousands of feet high. Those fragments were like shrapnel from a bomb, flying out and instantly killing all the surrounding demonic beasts. A demonic beast that looked like it had hard steel armor on was turned into a pile of minced meat under those small shards of rock. It was instantly killed!

A single attack killed over a hundred demonic beasts.

“Holy shit!”

“You... you...”

Luo Tian started feeling angry.

These demonic beasts were all experience points and yuan energy! Luo Tian still needed them to level up to the Martial Void 6th rank. But now, a large area of them had been instantly killed by the Giant Stone Demon. Wasn't this basically cutting off his path to wealth?

How could he tolerate this?!

How could he not be angry?

It was like you found a great place to level up in a game. As a warrior, you are cleaving through enemies one at a time, killing them with great enjoyment. But then out of nowhere, a high-level mage suddenly appeared and cast an area-of-effect spell, killing a whole bunch of them.

You can only stand there staring blankly.

How could you tolerate this?

When he encountered something like this in a game, Luo Tian would always pretend that nothing had happened. But he would then sneakily follow them and kill them with a single strike!

This wasn't a game though.

And the Giant Stone Demon wasn't a player.

But if that thing kept doing this, Luo Tian wouldn't have any chance to break through to the Martial Void 6th rank.

Right at that moment, the Giant Stone Demon raised an even larger boulder. It threw it with both hands, drawing a perfect arc, and aimed it specifically at the places where the demonic beasts were densely packed.

“What the hell?!”

“He’s doing it again! My experience points! My yuan energy! Damn it, now I’m getting really angry!” Luo Tian couldn’t take it anymore. Looking at the corpses of the demonic beasts, he became incredibly furious, changed direction, and rushed towards the Giant Stone Demon with all his strength.

The Giant Stone Demon noticed Luo Tian.

Having been awakened by the Beast Soul Lure, it was even more enraged to see a human in the Martial Void realm daring to charge toward it.

It pounded its stone chest, roared at the sky, and caused a sound wave that echoed for thousands of miles.

It then bent its legs before jumping, soaring through the air and smashing toward Luo Tian like a living mountain.

A literal Mount Tai pressing down!

People were dumbstruck!

On the city wall, Yin Wuliang burst into loud laughter, “Hahaha... Hahaha... Luo Tian, prepare to turn into a pile of minced meat!”

Deng Wumu also smiled before saying, "You're dead this time."

Luo Tian was a major concern for the Deng family. With Luo Tian dead, the Deng family could finally rest easy!

At this moment in time, the guards on the entire city wall, as well as some martial artists, and the two outer sect stewards from the Misty Cloud Academy in the crowd, all tensed up. Under the body of a rank six demonic beast, the Giant Stone Demon, even those at the peak of the Great Diffusion realm probably wouldn't have a chance to survive.

Luo Tian didn't try to hide.

Looking at the overwhelming figure hurtling toward him, Luo Tian's gaze tightened as he shouted "Divine Explosion!"

Double the attributes were activated.

He then gave another shout, "Magic Charm, become my battle pet!"

Chapter 1155: Super Battle Pet

Once Magic Charm was cast, an electric net descended from the sky and wrapped the Giant Stone Demon up.

Could it succeed?!

To tell the truth, Luo Tian wasn't too sure.

But if it does succeed, this guy would be the most effective weapon for him to conquer Boundless City. At that time, no matter how high the city wall was, this guy could break it down with one move!

If it doesn't succeed...

"Gulp~!"

Luo Tian didn't want to think about it. He was only thinking about succeeding with one move and didn't leave himself any escape route. If he didn't succeed, then he would probably be crushed into meat paste. He could only pray, "Teacher Sola Aoi, please bless me!"

"Ommm~!"

"Crack~, crack~, crack~..."

After the electric net enveloped the Giant Stone Demon, the sound of electricity crackling could be heard.

During this time, the Giant Stone Demon's body was still flying over and about to smash down.

Seeing that it was about to smash down, Luo Tian's eyes froze, and his heart sank, "Damn it, I'm definitely dead now!"

Suddenly...

"Ding!"

"Congratulations to player Luo Tian for your successful summon!"

What a wonderful system notification sound this was!

If he hadn't heard that alert, Luo Tian would have instantly used Angel of Judgment Kayle's invincible ultimate move. He had to at least save his life first. Fortunately, he had endured well and hadn't used it. Otherwise, it would have been a big waste.

Luo Tian was very worried that the Giant Stone Demon wouldn't be able to stop itself, so he made a thought and ordered, "Clear out all the demonic beasts around you!"

"Roar~!"

The Giant Stone Demon wanted to resist the order, but Luo Tian's command had overtaken its brain. No matter how much it resisted, it was useless. Its body was beyond its control. As soon as Luo Tian's command was issued, it rolled over mid-air, and its two long stone arms suddenly lashed out. Its arms slammed down and overturned a large area of the surrounding demonic beasts. Immediately after, it stomped its feet heavily, sending those injured demonic beasts into the air. With a flick of its right arm, it instantly swatted those demonic beasts away.

"Ding!"

"Ding!"

"Ding, ding, ding..."

The system exploded with alerts. The cacophony of sounds was like eating the popular Stride brand chewing gum, where one couldn't stop with just one.

.

Luo Tian slumped down on the ground with a thud, cold sweat seeping from his forehead. He then said to himself with lingering fear, "Thankfully it succeeded! Otherwise, I really wouldn't know how to deal with him. Damn it... this guy is just too powerful!"

"I'm just not sure if..."

Luo Tian thought of the Blood Spirit that could unlock the Four Divine Beast Bloodline within him. Last time it didn't succeed because the Blood Spirit wasn't strong enough. This Giant Stone Demon was at the peak of rank six. He wondered if killing it would drop Blood Spirit, and if it dropped, could it unlock the seal on his Four Divine Beast Bloodline?

Yi Yunmeng needed the Four Divine Beast Bloodline.

Luo Tian had promised to get it for her.

He wanted to unlock the bloodline seal within him as soon as possible so that he could give her a big gift when he got to Misty Cloud City.

“Boom~!”

“Boom~!”

The Giant Stone Demon looked like it went crazy as it slaughtered the surrounding demonic beasts in waves. In a few minutes, the name floating above its head turned green. The battle pet had leveled up! Only Luo Tian could see this while others couldn't.

Boundless City.

Yin Wuliang was dumbstruck on the city wall.

His eyes were wide open like eggs, staring blankly at the Giant Stone Demon in the distance. He was utterly perplexed and said, "What the hell happened? Why didn't the Giant Stone Demon continue smashing down? It's actually killing all the surrounding demonic beasts. What is going on? Can anyone tell me what the hell is going on?"

Deng Wumu's expression also changed as he said to himself, "Could this be another martial skill Luo Tian has? Isn't the battle pet that he can summon a Fire Qilin? How can he take control of a different rank six demonic beast? Even a sorcerer couldn't do that, right?"

He didn't say it out loud.

He didn't dare to say it out loud.

Because once he says it, Yin Wuliang will definitely vent his anger at him. After all, it was because he hadn't provided enough information about Luo Tian to him. Moreover, his understanding of Luo Tian was limited to half a month ago. What else has happened in the past half a month?

Did Luo Tian have a fortuitous encounter?

He really didn't know but he wanted to find out.

"Hahaha..."

“If the rank six stone demon continues to kill like this, then Boundless City won’t be in too much danger.”

“What exactly is that kid’s background?”

“Why didn’t the Giant Stone Demon smash down just now? What exactly did the kid do?”

“Could it be that he can communicate with demonic beasts?”

All the guards and martial artists on the city wall didn’t know what Luo Tian had done just now.

Even the two stewards from the Misty Cloud Academy were stunned. They had seen all kinds of magical techniques before, but they had never seen such a bizarre one like this. It was completely incompatible with their common sense.

Chen Dongfeng looked into the distance and muttered to himself, “I wonder if this kid has participated in the Misty Cloud Academy’s assessment. If he has, then we really picked up a treasure by coming to Boundless City this time.”

“I heard just now that he came out of the Boundless Mountain Range, and is from a family that is running for their lives. Since they are a fleeing family, they definitely didn’t have time to participate in the first round of selection. I just don’t know what his talent is. If he reaches super grade, then he won’t

need to participate in any selection and can directly become a student of our Misty Cloud Academy. At that time, we'll be able to get a hundred contribution points! Hahaha..."

Chen Dongfeng also couldn't help but feel excited. A hundred contribution points were a very lucrative amount for them.

But upon looking at Yin Wuliang's furious expression, their hearts sank. One of them said, "Let's not be too happy yet. We don't even know if he's dead or alive. Maybe he's already been killed by the Giant Stone Demon. The Giant Stone Demon's actions are indeed abnormal, but no one can be sure that it's following that kid's orders, right?"

Both of them had a sinking feeling in their hearts.

"Old Chen, why don't we go down and take a look?"

As his voice faded, Yin Wuliang immediately raised his voice, "Without my order, no one is allowed to leave the city. Otherwise, don't blame me for being impolite."

Chen Dongfeng's eyes narrowed as he shouted angrily, "Yin Wuliang, don't be too presumptuous! Look at what you've turned Boundless City into! If it weren't for the sake of your teacher, we would have already..."

Yin Wuliang rudely interrupted him and shouted back, "Would have already what?! Do you think you two can hinder me?! Don't forget that this is my territory! Even if you're a dragon, you have to obediently coil up for me! Humph~!"

“Since you know my teacher’s identity, then shut your mouths! If you dare to say anything about leaving the city again, don’t blame me for being impolite!”

He didn’t give them even the slightest bit of face.

Chen Dongfeng’s face turned very ugly as his fists were clenched tightly. If someone hadn’t held him back, he would have already rushed up to have a showdown with Yin Wuliang.

Yin Wuliang stared into the distance and said, “I refuse to believe that ten barrels of Beast Soul Lure only attracted one rank six demonic beast...”

Chapter 1156: The Siege Begins

The potency of the Beast Soul Lure drug continued to spread, causing the demonic beast army to grow larger and larger.

The Giant Stone Demon attacked those demonic beasts, and those demonic beasts naturally attacked the Giant Stone Demon in response.

However, the attacks of the lower ranked demonic beasts, corresponding to ranks three and four, were completely useless to it. The Giant Stone Demon felt like it was being tickled.

Luo Tian was much more relaxed with the Giant Stone Demon helping him.

But he wasn't idle and had summoned the Fire Qilin. Killing demonic beasts was the best way to gain yuan energy. The Ancient Tree was a bottomless pit, and to nurture it, he had to prepare an unlimited amount of yuan energy.

Compared to before, the Fire Qilin's attack had improved a lot.

Its health had also increased.

Luo Tian was holding his Heaven Sword with the Fire Qilin on his left, and the Giant Stone Demon on his right. These two extremely strong battle pets roamed unhindered, like crabs, walking sideways in an extremely domineering manner. Everywhere they went, there were only corpses of demonic beasts.

But there were simply too many demonic beasts, too many for them to kill.

Luo Tian was excited but was also secretly worried.

These low ranking demonic beasts didn't pose a threat to him, but they could exhaust his stamina. Stamina wasn't something you could restore just by leveling up; it needed time to rest and food to fill your stomach to recover.

"This isn't a long-term solution."

Luo Tian instantly killed a rank three demonic beast, then moved his Heaven Sword to stab another demonic beast with low health. Looking at the increasing number of demonic beasts around him, this was the first time Luo Tian was getting apprehensive about having too many demonic beasts to kill.

“This won’t do!”

“I have to find a place to rest, or I’ll be exhausted to death.” Luo Tian said to himself.

He then locked onto a direction, and mentally commanded the Fire Qilin and the Giant Stone Demon, “Clear a path to the left for me.”

“Fwoosh~!”

“Roar~!”

The two super battle pets quickly cleared a path like an autumn wind sweeping away fallen leaves.

Luo Tian conserved his stamina, closely following behind.

Half an hour later.

Luo Tian arrived at a concave-shaped mountain pass that was surrounded by huge rocks. This was a perfect natural barrier.

“I have to restore my stamina as soon as possible.”

If he keeps fighting all night, his stamina won't be able to keep up. Then, he definitely wouldn't be able to unleash his full strength during tomorrow's siege.

“You two; attract all the demonic beasts here and keep killing them!”

After giving the command, Luo Tian walked to a corner and immediately sat down cross-legged. On the way to this mountain pass, he casually picked up a few pieces of bloody demonic beast meat. Not caring that it was raw, he ate it just like that, devouring the demonic beast's essence blood as well.

The demonic beast's essence blood had a very rich replenishment effect, and could quickly restore one's stamina.

His stamina was recovering, and his pets continued fighting.

His experience points and yuan energy were also slowly increasing.

Time slowly passed by.

A sliver of dawn appeared in the east, marking the beginning of a new day.

Boundless City was intact.

Not even a single demonic beast had approached the city because before they could even get close, they were dealt with by the two super battle pets.

This also bought Bai Lingling and the others enough time to restore their yuan energy.

The pills Luo Tian had refined also helped.

Over the course of one night, their stamina and yuan energy had mostly recovered.

On the city walls.

Yin Wuliang was becoming increasingly annoyed. He couldn't understand the situation. Ten barrels of Beast Soul Lure, yet not a single demonic beast had made its way to Boundless City. They were all crushed to death by two demonic beasts? Is that even possible?

The martial artists on the city walls, the guards, and even the common people in the city were gradually calming down. They were all discussing what had happened outside the city.

Who was protecting them?

They all knew that it definitely wasn't something the city lord of Boundless City did because they were well aware that it was he who ordered his people to light up the barrels of Beast Soul Lure. The city lord was basically playing with their lives.

In their hearts, they deeply resented this city lord.

The fiery red sun slowly rose.

The people's vision became clearer.

The potency of the Beast Soul Lure slowly dissipated, and the number of demonic beasts decreased.

Yin Wuliang stood on the city wall, constantly searching but couldn't find Luo Tian's figure. The corners of his mouth curved up into a sneer, "I thought you were very powerful. In the end, you still ended up dying, hahaha..."

Deng Wumu also happily laughed along.

All around the base of the mountain were the corpses of demonic beasts, but Luo Tian was nowhere to be seen.

He must be dead. There was no way he could still be alive.

He hadn't appeared since after midnight. Clearly, that meant he was no longer of this world.

Chen Dongfeng sighed before smiling bitterly, "A great talent is gone just like that. What a pity."

"Sigh~..."

"Old Chen, let's go. We haven't slept all night. Let's rest well today, and tomorrow we'll do what needs to be done."

"En~, let's go."

Someone on the city wall suddenly exclaimed, "Look, there's someone walking towards us!"

As soon as the voice faded, the people on the city wall fell silent, and everyone looked out.

Because the distance was too far away, they couldn't see who it was at all.

However, it was a single person with no demonic beasts or battle pets around.

Yin Wuliang sneered, "Just a passerby!"

In his heart, he was certain that there was no way Luo Tian could be alive. Even he, himself, wouldn't have been able to survive the night.

The figure got closer and closer.

In the light of the early morning sun, there was a red glow around the person's body, as if they were wearing a large red robe.

A surprised voice suddenly came from below the city wall, "It's him!"

Immediately after, all of the Bai family disciples stood up in unison. They were lined up in a row, their eyes filled with respect, admiration, and gratitude. At the same time, the fighting spirit within them began to slowly burn.

A new day had arrived! The siege was about to begin!

"He's not dead!"

“It’s Luo Tian!”

Deng Wumu almost couldn’t believe his eyes. He stretched his neck and poked his head out, looking at the figure on the road. Even in his dreams, he wanted this person eliminated because he was a major concern for the Deng family. He wished he could eat Luo Tian’s flesh and drink his blood. He was clenching his teeth so tightly that cracking sounds could be heard. “How could he still be alive?!”

Yin Wuliang was furious.

He felt as if he had suffered the greatest humiliation ever!

So many demonic beasts still couldn’t kill Luo Tian? How many lives did this kid have?

But Yin Wuliang’s expression also turned grim. He clenched his fists, his knuckles popping, and he coldly snorted loudly, “If I were you, I would have run as far as I could and never come back! I didn’t expect you to come back to die!”

Luo Tian walked to the city walls, not even glancing at Yin Wuliang. He then used his yuan energy to amplify his voice, “Yin Wuliang, you are too sinister! You have attracted countless demonic beasts for your own selfish desires, which is equivalent to abandoning the city’s people! You are not worthy to be the city lord!”

Yin Wuliang was briefly stunned before finding the situation amusing. He then said, "I'm not worthy to be the city lord? Could it be that you want to be the city lord instead?"

Luo Tian's lips curled into a smile before replying, "Exactly! From today onward, you are no longer the city lord of Boundless City!"

Yin Wuliang burst into laughter before saying, "Are you sleep-talking? You truly overestimate yourself..."

Before he could finish the sentence, Luo Tian shouted, "All Bai family disciples listen up! Prepare to attack the city!"

Chapter 1157: Shit Exploding Out

As soon as Luo Tian's words fell, the Bai family disciples' fighting spirit soared.

Bai Xiong grinned, "Boss, we've been waiting for this for a while."

Lin Dong frowned and couldn't help but ask in a low voice, "Boss, with our current cultivation, we can't climb up such a high city wall."

Indeed, to get up these tens of meters high city walls would be impossible unless they had reached the Martial Void 6th rank.

Luo Tian smiled lightly and replied, "You don't need to worry about that. Later, you'll walk into the city as if you're walking on a main road. Pay attention and try not to harm the innocent. We still need to establish ourselves in Boundless City."

If there was too much killing, it would inevitably arouse the resentment of the normal people.

To gain a foothold in a place, you must unite all forces.

At least, you have to make sure the lowest-level people are doing well.

Bai Xiong was somewhat startled by Luo Tian's words and asked, "Boss, what's your plan?"

Luo Tian replied mysteriously, "You'll find out very soon."

After saying that, Luo Tian looked up at the guards and some martial artists on the city walls. He then said, "Today, Yin Wuliang and Deng Wumu must die. I don't want to harm the innocent, so you should leave the city walls quickly. The city wall will turn into a pile of rubble."

"Don't become Yin Wuliang's cannon fodder."

"I, Luo Tian, mean what I say. Those two will definitely die today!"

"Hahaha..."

“Hahaha...”

“Pieces of trash like you guys want to attack my city?”

“Let alone attack the city; you pieces of trash can’t even get over the city walls! How are you supposed to attack?” Yin Wuliang laughed loudly as if he had heard an incredibly funny joke. It was simply an impossible matter for him.

Deng Wumu also sneered, “Luo Tian, who do you think you are? Killing whoever you want to kill? Why don’t you take a piss and look at yourself and see what kind of person you are? You escaped by hiding in a dog hole last night, and you dare to show your face today? Humph~! I think you are the one that won’t be living long in this world.”

Just as the two of them were speaking, there was a commotion on the city walls.

The reason there were a lot of people standing on the city walls was because Yin Wuliang had attracted the beast tide. They were standing here because they wanted to protect Boundless City, their home. After hearing Luo Tian’s declaration, they were muttering to themselves, full of doubt. Could Luo Tian, with just fifty-something people, conquer the near-impregnable Boundless City?

Moreover, they couldn’t even fly up the city walls. So, how would they get in to attack the city itself?

And how would they kill Yin Wuliang and Deng Wumu?

If they retreated from the city walls according to Luo Tian's advice, it would mean offending Yin Wuliang. Life wouldn't be easy in Boundless City after someone offends the city lord.

Just as everyone was considering what to do, Chen Dongfeng said loudly, "Why should we protect a city lord who treats our lives like dirt? I'm stepping down from the city walls. Kid, if you can kill him, I'll be the first to support you as the new city lord!"

After saying his piece, he took the lead and walked down.

With someone taking the lead, some martial artists immediately followed and went down.

No matter what, Luo Tian had saved Boundless City.

If it weren't for him, Boundless City would probably have already become a dead city. It wouldn't have been possible to resist such a large demonic beast army.

After that, more and more martial artists followed and walked down from atop the city walls.

Yin Wuliang's expression became even more unsightly. His eyes were cold as he harrumphed, "I don't need trash to help me defend the city. You, with just fifty-something people, want to defy the heavens? Luo Tian, I'll just stand here and see how you're going to break through my city!"

Yin Wuliang had lost the hearts of the people.

If it weren't for their fear of his status as the city lord, even the guards around him would have left.

Yin Wuliang's brutal methods made the people of Boundless City hate him.

Luo Tian smiled when he saw the situation on the wall.

Initially, Luo Tian only had a 40% certainty. If the entire populace resisted, he wouldn't even have a 10% certainty. But now, he was 80% certain he could take Boundless City. He looked up at the sky and muttered softly, "Uncle Bai Qi, please protect us."

"Boundless City will become our first base!"

"The Bai family will rise here!"

"I want the name of the Bai family to resound throughout the entire Central Continent within a month!"

"I want the name of the Bai family to eventually resound throughout the entire Ancient World!"

In an instant, Luo Tian sent out a mental command, "Attack for me!"

"Crack~!"

"Crack~, crack~, crack~..."

"Rumble~, rumble~, rumble~..."

The sound of rocks falling was heard.

The sound was deep and heavy as if a stone door weighing hundreds of thousands of pounds was slowly being pushed open. Immediately after, a huge rock was lifted into the air. At the instant Luo Tian's command was sent, a giant rock suddenly flew out in a perfect arc.

It was flying with extreme precision towards the city walls!

The giant rock was similar to a small mountain.

It tore through the air and pressed down with an extremely domineering aura.

At the same time, the Giant Stone Demon lowered its body before springing up from the ground, directly catapulting itself from tens of kilometers away. It flew towards the city walls together with that extremely huge rock.

A dark shadow pressed down on the city like a cloud blocking out the sun.

Yin Wuliang's eyes bulged out. Looking at the giant rock in the sky, his face turned pale before shouting, "Smash that rock in the sky! Quick, quick, quick..."

At this moment, the guards didn't listen to him and had actually scattered in all directions.

Facing a rank six demonic beast that even ordinary rank seven demonic beasts couldn't fight, who could stop such a large rock thrown with such force?

Upon seeing Yin Wuliang's ugly expression, the corners of Luo Tian's mouth curved up into his signature grim reaper smile. "Still acting tough?! Why don't you show this daddy how crazy you are?! I have put up with you all night, so if I don't smash the shit out of you today, my name is not Luo Tian!"

His voice started off loud and became even louder at the end.

He was extremely annoyed!

He couldn't enter the city, and he had to face the pursuit of demonic beasts. He was like a homeless dog for an entire night.

The anger in Luo Tian's heart was constantly accumulating.

He would go crazy if he didn't get a chance to vent it.

"Boom~!"

"Boom~!"

"Boom~!"

Rocks fell, and a portion of the city wall turned into ruins.

In that instant, Yin Wuliang unleashed his power at the Great Diffusion realm, narrowly escaping. But Deng Wumu wasn't so lucky. He was directly smashed into a pile of minced meat, with his shit exploding out all over the ground.

Both his eyes bulged out as he couldn't comprehend what happened.

Why did it turn out like this?

Yesterday, he imagined everything so beautifully. So, why did it turn out like this today?

Could Luo Tian fight against ten million demonic beasts by himself? Could he fight against a city with the strength of a gold level force?

Was he even human?

The moment the city walls collapsed, Luo Tian took the lead. He drew his Heaven Sword, pointed it forward, and shouted, "Kill him for me!!!"

At that same time, he raised his cultivation to its peak and rushed forward. He couldn't let Yin Wuliang escape!

He couldn't quell the hatred in his heart unless Yin Wuliang was dead!

Even more importantly, Yin Wuliang was a small boss!

Chapter 1158: A One-on-one Fight, Are You Scared?

Once the city wall was breached, the fifty-something Bai family disciples charged forward like fierce beasts.

Each and every one of them had a belly full of pent-up anger.

At this time, were they even just fifty people? They were practically like five thousand people! The killing intent that erupted from them soared straight into the sky!

With the Giant Stone Demon's unbridled rampage destroying everything, the Boundless City guards scattered in all directions like homeless dogs. With Yin Wuliang having disappeared to who knows where these Boundless City guards were even more like headless flies who had lost their will to fight.

In less than a quarter of an hour, they had fought their way into Boundless City!

At this time, Luo Tian stood high above, like a king surveying his domain. He then shouted, "Yin Wuliang, you damn dog thing! Get your ass out here for this daddy! Didn't you want to put me to death?! Get out here now and stop hiding!"

"Fucking hell!" Luo Tian cursed with a belly full of rage.

Luo Tian had been accumulating anger ever since he escaped from Towering Cloud City.

He was chased all the way and managed to reach Boundless City. Now, he was treated like this upon reaching a place he thought would be safe. It was fortunate that he possessed a leveling system. If he had been an ordinary cultivator, he would have died who knows how many times.

“Boom~!”

“Boom~!”

The Giant Stone Demon swept its long stone arm out, overturning a guard tower. Then, it beat its chest with both hands before roaring loudly. The surrounding guards couldn't withstand this deafening roar. Their eardrums were shattered, and blood poured out from their ears.

At this moment, a black shadow suddenly flew away at high speed.

Luo Tian took a good look before the corner of his mouth curved into a cold smile. He then shouted, “Damn bastard, let's see where else you can run to!”

The black shadow had a golden glow around it!

Who else could it be but Yin Wuliang?

Even in his dreams, Yin Wuliang never expected things to turn out like this in such a short amount of time. He shouldn't have provoked a jinx like Luo Tian, but it was too late to say anything now.

Now, the only option was to kill Luo Tian.

Only by killing him could he salvage everything. He would still be the city lord of Boundless City and still a gold level overlord of this region.

All of this was only possible by killing Luo Tian!

Upon thinking to this point, Yin Wuliang's body suddenly floated in mid-air. His face turned serious as he stared at Luo Tian before saying, "If you're a man, fight me one-on-one. If you don't dare to, then hehe... I'm guessing that you wouldn't dare. How could trash like you dare to fight me one-on-one?"

Yin Wuliang wasn't confident in fighting the Giant Stone Demon, but if it was a duel with Luo Tian, he was 100% certain he could kill him.

Luo Tian looked to be only around twenty years old. He should be young and vigorous, full of youthful energy. Therefore, he would definitely become angry after being provoked by such words and accept. Once he accepted the challenge... then... hehe...

In his heart, Yin Wuliang was sneering, "As long as you dare to accept, I'll immediately beat you until you can only crawl on the ground! I want to show the people of Boundless City what would happen if trash dares to compete with me for the position of city lord! Humph~!"

Before Luo Tian could respond, Bai Xiong said with disdain, "A one-on-one fight? Is your brain full of shit? What qualifications do you have to fight my boss one-on-one? Yin Wuliang, you're nothing more than a homeless dog now. With the status of a homeless dog, do you even have the qualifications to fight my boss one-on-one?"

This sounded very familiar.

These were the words he had said to Luo Tian yesterday.

He didn't expect that not even a day had passed and Bai Xiong would return those same words to him.

Yin Wuliang's face darkened as he sneered at Luo Tian with disdain, "What's wrong? You don't dare? I knew you wouldn't dare to. Trash like you who doesn't even dare to accept my challenge, and you still want to become the city lord of Boundless City? What a joke! Who would even submit to you?"

Yin Wuliang tried provoking Luo Tian again.

He refused to believe that Luo Tian wouldn't fall for it!

Lin Dong whispered, "Boss, he's trying to goad you into fighting him. Don't fall for it. His cultivation is the Great Diffusion realm, so you won't be his match. You can't fall for it, no matter what."

Bai Lingling also said, "Lin Dong is right. His cultivation is far above yours. He wants to fight you one-on-one because he wants to kill you. Once you die, the position of Boundless City's lord will remain his, and he will save face with everything that has happened. Please don't fall for it."

They were worried.

Any sensible person would know that this was a trap.

Luo Tian wasn't an idiot, so how could he not know?

He smiled before saying, "A one-on-one fight?"

Yin Wuliang replied with a sneer, "What's wrong? Are you scared? You don't dare to fight me?"

At that moment, the Giant Stone Demon suddenly went berserk. No one expected that it would suddenly roar, lift up a giant rock, and smash it down with lightning speed.

Even if Yin Wuliang reacted quickly, it was a little late to dodge. His face changed as he scolded, "Luo Tian, you despicable villain!"

"Boom~!"

The giant rock smashed down, and Yin Wuliang managed to dodge it by a hair's breadth. But the impact force still sent him flying out and colliding into a building. His body caved in, and he continuously spat out several mouthfuls of black blood. His face was incredibly pale, and he couldn't even get a word out due to the pain.

At that instant, Luo Tian took a step and flew out like an arrow released from a string. He instantly shot over dozens of meters, landing in front of Yin Wuliang. He smiled sinisterly before saying, "Despicable? I'm still far from being as despicable as you. But... since you proposed a one-on-one fight, then I'll accept!"

Sinister?

Despicable?

If Luo Tian had accepted the challenge from the start, he would truly have brain issues.

Of course, Luo Tian wasn't afraid of him. Even in a head-on confrontation, Luo Tian might not lose to him with his own unique cultivation and strength. But he was pissed, so he just wanted to trick him. Let Yin Wuliang know what it meant to use someone's own methods against them!

As his voice faded, Luo Tian attacked, sending a punch crashing down.

At this moment, Yin Wuliang looked over and revealed a cold smile, "Trash like you still want to kill me? Go to hell!"

His body suddenly shot out like a cannonball.

All his power at the Great Diffusion realm erupted!

The surrounding crowd were all shocked.

“He had been faking it!”

“Yin Wuliang is truly a sinister fellow.”

“That kid Luo Tian still fell for it. Yin Wuliang was just waiting for him to say he agreed to the one-on-one fight.”

“Sigh~...”

“If it’s like this, then Luo Tian will still lose in the end. Boundless City will probably...”

Many of the martial artists shook their heads and sighed.

Everyone knew that there was an insurmountable chasm between the Martial Void realm and the Great Diffusion realm. No matter how strong Luo Tian was, he couldn’t possibly be Yin Wuliang’s match.

Chen Dongfeng also furrowed his brows while saying, "This kid is still too young. To deal with this kind of person, he should have just used that Giant Stone Demon to smash Yin Wuliang to death. Why worry about saving face?"

However, Luo Tian had his own plans.

Just like what Yin Wuliang said: If he couldn't kill Yin Wuliang with his own strength, many people would not be convinced even if he became the city lord of Boundless City. If he wanted to be the lord of this city, he had to show some real strength.

Wasn't it just a one-on-one fight?

Then he'd let Yin Wuliang see what it meant to kill someone above your level!

The two powers collided together.

Luo Tian felt the thick power of the Great Diffusion realm, his whole body being forced to retreat dozens of steps back. The corners of his mouth slightly curved into a smile, "The cultivation of the Great Diffusion realm is truly quite strong!"

Chapter 1159: Defeated In One Strike

Previously, he relied on his transformation cards when dealing with those in the Great Diffusion realm.

Luo Tian had never used his own cultivation base.

The gap in levels was too large back then, so there was no other way.

Now, he was already at the peak of the Martial Void 5th rank, so he wanted to challenge himself.

In just one clash, the difference in strength was clearly not just a tiny bit but quite a large one. Luo Tian retreated dozens of steps, but Yin Wuliang didn't retreat a single step. A triumphant sneer appeared on Yin Wuliang's face as he laughed, "Hahaha... I told you that you were trash!"

"You want to be the city lord of Boundless City with this little strength?"

"Why don't you take a piss and look at yourself in the reflection and see what kind of person you are!"

Arrogant!

Smug!

Yin Wuliang was extremely excited. If Luo Tian were to use the Giant Stone Demon, then he would be breaking his word. That would be extremely unwise for a person wishing to become the city lord.

Yin Wuliang believed that Luo Tian wouldn't use the Giant Stone Demon!

As long as Luo Tian doesn't use the Giant Stone Demon, then no one in this Boundless City would be his opponent!

As long as Luo Tian was killed, everything would gradually calm down.

Bai Xiong scolded angrily, "Yin Wuliang, if you dare to say half a bad word about our boss again, I'll definitely not let you off!"

They were all unhappy that their boss was being insulted.

Luo Tian smiled in response and said, "Yin Wuliang, is that all the strength you have from your Great Diffusion realm cultivation?"

"It's far from enough!"

The move just now was only to test Yin Wuliang's strength.

It wasn't as strong as Luo Tian had imagined. He didn't even use yuan energy for defense; he relied solely on his physical body to withstand Yin Wuliang's move!

Yin Wuliang's expression turned fierce as he said with disdain, "Still daring to act arrogant? You truly don't know the immensity of heaven and earth! Then I shall send you to the afterlife with one move!"

Yin Wuliang's hands started moving, his robes fluttered, and a strong wind rose under his feet. The glow of yuan energy was seen encapsulating his whole body as it became brighter and brighter. Finally, his body was like a flame burning with yuan energy.

Chen Dongfeng's expression changed before blurting out, "That's the Burning Sky Palm! You must not collide with his palm attack! Otherwise, your body will turn to ashes! He has burned his yuan energy and converted it into super yuan energy. Your current physical body can't withstand it!"

Yin Wuliang sneered, "Old Chen, it looks like you do have some knowledge. You even know this is the Burning Sky Palm. That's right... This is indeed the Burning Sky Palm! I've already cultivated it to the ninth level. With my speed and the oppressive pressure of the Great Diffusion realm, how could trash like him be able to dodge it?"

"Luo Tian! I will give you a chance! Kneel down, kowtow, admit your mistake, and I'll leave you with a complete corpse!"

"Otherwise, I'll reduce you to ashes so that even your soul will be annihilated!"

The Burning Sky Palm was an extreme yang technique.

When the Burning Sky Palm is cultivated to the ninth level, it is similar to the arrival of a blazing sun. It can instantly evaporate anything it touches.

Bai Lingling's face showed how anxious she was feeling, but she didn't dare to speak. She knew very well that Luo Tian would never back down. He would definitely face Yin Wuliang head-on. No matter who tries to persuade him, it would be useless because he is Luo Tian!

The word 'retreat' didn't exist in his world.

If it weren't for them, Luo Tian probably would've gone on a killing spree back in Towering Cloud City.

He wouldn't have escaped to Boundless City at all!

She was currently very worried, but she didn't dare to say anything.

Bai Xiong and Lin Dong were the same; their fists were clenched, and their teeth were clenched while they stared at Luo Tian.

They watched Luo Tian's stance shift slightly before hearing him say, "Burning Sky Palm, huh?"

Yin Wuliang smiled, "That's right! Are you scared now? You still have a chance. Kneel down, kowtow, and admit your mistake, and I might just give you a complete corpse."

"Otherwise..."

Before he could finish speaking, Luo Tian suddenly roared, "Otherwise, your sister! I'll give you a chance! Kneel down, kowtow, and sing 'Conquered,' and maybe I'll let you live for one more second! But I am still going to turn you into ashes!"

"Courting death!"

Due to being enraged, Yin Wuliang's yuan energy burned even more fiercely. He then charged toward Luo Tian like a lightning flame.

Chen Dongfeng sighed to himself, not wanting to watch any further. "Sigh~... What a pity. He's still so young. How could a Martial Void ranker possibly be a match for a Great Diffusion ranker? Especially under a sky grade technique, the Burning Sky Palm?"

The surrounding martial artists also sighed one after another.

But the instant Yin Wuliang charged over, an intensely strong yang power erupted from Luo Tian's body. He then shouted internally, "Nine Yang Divine Magic, destroy everything with your extreme yang power!"

This was the first time Luo Tian was using the Nine Yang Divine Magic!

Since Yin Wuliang was cultivating an extreme yang technique, then he would use an extreme yang technique to defeat him.

He would make him lose convincingly.

And he would show the people of Boundless City what absolute crushing power looked like!

Yin Wuliang laughed wildly before saying, "Under my Burning Sky Palm, any supreme yang skill is just for show! You think you can use this kind of technique to deal with me? What a joke! Too funny!"

Luo Tian didn't respond.

He only had one thought in his mind, and that was to kill Yin Wuliang!

No sooner said than done, the two forces collide together. There was no dodging, no retreating. It was a completely direct palm-to-palm contact.

Yin Wuliang laughed wildly before saying, "Kid, turn to ashes! Hahaha... No one can escape my Burning Sky Palm!"

Before he could say more words, his palms began to burn.

It started burning like crazy!

The inside of his chest was churning like magma was splashing around. The feeling of burning from the inside out! His pupils trembled. Upon seeing Luo Tian's undamaged hands, he said in horror, "Impossible! Absolutely impossible! It can't be! This absolutely can't be..."

Luo Tian was unharmed while he was spontaneously combusting?!

What was going on?

Even Chen Dongfeng couldn't understand it.

How did it happen?

Everyone around couldn't understand what was going on. The Burning Sky Palm technique was extremely domineering. Below the Great Diffusion realm, no one was his opponent. Not only had Luo Tian resisted it, but he had also caused Yin Wuliang to spontaneously combust.

Could it be...

Could it be that the supreme yang technique Luo Tian cultivated was a higher grade than Yin Wuliang's?

No!

It definitely wasn't as simple as just being a higher grade.

Even if it was a higher grade, Luo Tian couldn't possibly be a match for Yin Wuliang, given the difference in cultivation realms. Unless the skill Luo Tian cultivated had already surpassed the divine grade and reached the divine magic grade?

A divine magic of supreme yang?

Did such a skill even exist on the Central Continent?

Even the two stewards from the Misty Cloud Academy couldn't think of any divine magic they knew of!

Luo Tian looked at Yin Wuliang's terrified eyes and said with a smile, "Go ahead and act crazy. Go ahead and laugh. Keep acting arrogant. What's wrong? Are you scared? Why aren't you fucking laughing?!"

His voice got louder and louder!

At the last word, Luo Tian almost roared it out.

Both arms moved as Luo Tian's pair of palms smashed into Yin Wuliang's chest. "You can't act arrogant anymore?! Then it's this daddy's turn to act arrogant! Die for me!"

Chapter 1160: The Ancient Tree Undergoes a Strange Transformation

Defeated in one strike!

Moreover, it was a complete and utter defeat!

They both used supreme yang techniques.

Luo Tian transcended the gap of five small realms, using his own strength to crush Yin Wuliang.

Yin Wuliang turned to ashes with a look of horror in his eyes.

At that moment, an alert sounded off in Luo Tian's mind.

"Ding!"

"Congratulations to player Luo Tian for killing the Boundless City Lord, Yin Wuliang. You have gained 230,000 experience points, 30,000 yuan energy..."

“Congratulations to player Luo Tian for obtaining 380,000 xuan coins!”

“Congratulations to player Luo Tian for obtaining the Burning Sky Palm. Would you like to learn it?”

“Ding!”

“Sin points +1.”

Just as Yin Wuliang turned to ashes, Luo Tian absorbed a ray of light in the void. It entered into his mind and was absorbed by the sprout of the Ancient Tree planted there. The scene was like a ray of sunlight being absorbed in Plants vs. Zombies.

When that thin ray of light was absorbed, Luo Tian could clearly feel the small sprout stretch slightly.

Just that slight movement allowed Luo Tian to feel that Pangu-like, world-creating power spread throughout his body. It was indescribably comfortable and indescribably shocking. Even though it was brief, that feeling couldn't be described with words.

“So strong!”

“So powerful!”

“It only stretched a tiny bit, not even half a centimeter, and it was able to unleash such an intense power. What kind of power would it unleash if it grew into a towering tree?”

Unimaginable!

Luo Tian was also puzzled while being shocked. "What exactly was that light? If absorbing that ray of light made it grow a tiny bit, what if I absorbed a little bit every time in the future?"

"Would it grow faster?"

At this exact moment, Illusion Fairy spoke up, "That small ray of light just now was the soul of Yin Wuliang. His soul was absorbed by the root, and that's why it grew a tiny bit. I also find it very strange. How can the Ancient Tree absorb other souls through your body? And it can even promote its own growth. This has never happened before."

"Hahaha..."

"That's because I'm handsome." Luo Tian said excitedly. He didn't expect the Ancient Tree to be able to absorb people's souls. Didn't this give him another reason to kill people? In the future, he definitely couldn't spare a single person who deserved to die.

Illusion Fairy rolled her eyes at Luo Tian before saying, "Don't be happy too soon. Haven't you noticed that killing ordinary martial artists didn't absorb their souls? It only absorbed a tiny bit of Yin Wuliang's soul. This shows that it only absorbs souls at or above the Great Diffusion realm. And in my opinion, it probably won't even absorb Great Diffusion realm souls in the future. This kind of soul does not have much energy, so the Ancient Tree will definitely be too lazy to absorb it."

It was like a bucket of cold water had been poured over Luo Tian's head.

Chilling to the core!

Luo Tian then said, somewhat unconvinced, "Little Sister Illusion, that's just your opinion. In my view, the Ancient Tree will absorb all Great Diffusion realm souls. And if it doesn't, I'll just defeat stronger opponents like Myriad Illusion, Holy Spirit, or even experts at the Honorable Emperor realm. I'll take them all down! You just wait and see!"

The mutation of the Ancient Divine Tree gave Luo Tian some clarity.

In half a month, it had finally grown a tiny bit.

This was considered an unexpected joy for Luo Tian.

However, it also increased his challenges.

After feeling the overwhelming power from that half-centimeter of growth, Luo Tian was determined to nurture the Ancient Tree to its full potential, no matter how difficult!

With Yin Wuliang's death, the guards of Boundless City immediately laid down their weapons.

At this time, the whole city seemed to have fallen silent. More and more people gathered around, all looking at Luo Tian. They stared intently at him and the Bai family disciples, who had fought a bloody battle.

Suddenly, Chen Dongfeng took the lead and walked out, clapping his hands and shouting, "City Lord, City Lord, City Lord..."

Gradually, more and more martial artists behind him chanted this.

"City Lord!"

"City Lord!"

"City Lord!"

The sound grew louder and louder, and more and more people were shouting. In the end, it spread throughout the entire city. Tens of millions of people were all chanting in unison, "City Lord, City Lord, City Lord..." The sound shook the heavens!

The Bai family disciples were smiling.

Bai Lingling, Bai Xiong, and Lin Dong were smiling.

Luo Tian was also smiling!

They had taken Boundless City and finally had a foothold!

All of this was very hard-won for them, who had been on the run for half a month. For the Bai family disciples, the person they were most grateful to in their hearts was Luo Tian. Without him, they might have already died under the Deng family's pursuit.

At this time, all of the Bai family members looked at Luo Tian, shouting louder than anyone else, "City Lord, City Lord, City Lord..."

Luo Tian looked around, recalling the people shouting his name when he became the supreme being of the Tianxuan Continent. This feeling was good, but the responsibility was even greater. He slightly pressed down with both hands, and the entire city fell silent, waiting for Luo Tian to speak.

Luo Tian said loudly, "From today onward, I, Luo Tian, am your new city lord!"

As soon as he finished speaking, everyone cheered.

Their voices were even louder than when previously chanting city lord.

Amidst the cheers of the masses, Luo Tian and his group arrived at the City Lord's Mansion.

The City Lord's Mansion was extremely magnificent and could be described as luxurious-looking.

It was built to be a hundred times more extravagant than the Heavenly Sword City's imperial palace. Luo Tian couldn't help but sigh, "Yin Wuliang really knows how to enjoy himself."

But Luo Tian wasn't Yin Wuliang. For him, it was enough as long as he had a bed and a room. Faced with such a luxurious City Lord's Mansion, he made a decision to turn this place into a martial arts training ground. All other useless things would be sold off.

He also had the intention of reforming the tax laws of Boundless City.

He was going to reduce them by half!

Next was to compensate for all the houses damaged during the city siege today and to have them repaired.

And then there were the city walls...

From morning to night, Luo Tian didn't even have time to eat a bite of food. A portion of Boundless City was currently in ruins, and he had to stabilize the hearts of the people in order to secure his position as the city lord. He also had to give the Bai family disciples a place to recuperate and plan their next move!

The full moon hung in the sky.

After Luo Tian finalized his last reform plan, he stretched his back before looking to the side. What entered his vision was a peerless face staring intently at him. It was Bai Lingling.

While Luo Tian was reviewing plans at his desk, she was resting her face on her hands, watching him intently.

Looking at Luo Tian's serious expression, Bai Lingling felt herself falling even deeper in love with this man. She was increasingly drawn in by the invisible charm emanating from him.

Seeing Luo Tian look over, Bai Lingling's expression quickly turned serious.

Luo Tian smiled and asked, "What are you looking at so intently, city lord's wife?"

A long night with no one around.

“How about we do something we love doing?”
