Chapter 1191: Bloody Hell, Who's Next?! (2 in 1)

If he dares to use even half a point of strength again, Luo Tian will definitely go all out!

Ren Xiaoyao released his power.

“Boom~!”

“Clang~!”

A loud noise was heard, and his power was actually bounced back by the power on Hai Fengtian's body.

Ren Xiaoyao's face darkened as he uttered, “Heaven's chosen power!”

Hai Fengtian smiled and said, “It's good you have some discernment. Tang San, right? You can make your choice now.”

Tang San looked at Luo Tian in the air, his heart burning with anxiety.

Ren Xiaoyao was powerless against Hai Fengtian, who was using heaven's chosen power. He would not be a match even if he tried his best!

If Tang San chooses the Misty Cloud Academy again, Luo Tian will die!

Hai Fengtian was restraining Luo Tian to put pressure on Tang San, and also forcing Tang San to make a choice. He will not let go of such a supreme grade talented disciple. Even if the Misty Cloud Academy gets its hands on him, Hai Fengtian will try his best to eliminate him just because he would then become a hidden danger for the Hai family!

No other choice!

Luo Tian sneered in the air. Without waiting for Tang San to make a choice, he said, "The Hai family really has good methods. A Holy Spirit ranker oppressing a Martial Void ranker. You are really shameless. Today, I have seen how thick the Hai family's skin is."

After saying that, Luo Tian shouted, "Tang San, choose the Misty Cloud Academy!"

Hai Fengtian's brow furrowed before harrumphing, "Courting death!"

As his voice faded, Luo Tian made a thought and selected the Angel of Judgment card. As long as Hai Fengtian dares to make a move, he will immediately activate invincibility!

The moment Hai Fengtian made his move...

A burst of heaven's chosen power appeared, and Luo Tian suddenly fell from the air.

It was a safe landing!

The power that was holding his throat disappeared, and a force beneath his feet allowed him to land safely.

Luo Tian's expression changed.

Hai Fengtian's face became ugly. His eyes narrowed as he stared at a place at the door before saying, "Dean, you came here without saying a word."

At the door was a Confucian-looking scholar wearing ordinary clothes.

He looked like a weak scholar without any peculiarities. No one would have known that he was one of the top ten powerhouses in the Central Continent!

He was also a heaven's chosen, a sorcerer!

A super powerhouse in the Honorable Emperor realm!

Hai Fengtian was like a three-year-old child in front of him, who could be crushed with just a little effort.

It was because of his appearance that Hai Fengtian was stopped.

Even though Hai Fengtian didn't manage to kill Luo Tian, in Luo Tian's heart, he had already engraved the name Hai Fengtian in his heart. "You just wait... I will definitely kill you if I find a chance!"

The dean's name was Huangfu Jue.

He smiled while walking over, "Fengtian, why are you causing trouble for a junior?"

Hai Fengtian took back his power. With Huangfu Jue's appearance, he had no chance of winning. He hadn't become powerful enough to deal with the dean yet. He then stared at Luo Tian and said, "You should be very clear about the consequences of offending the Hai family. I'll give you another chance to choose."

Ren Xiaoyao's brow furrowed as he couldn't contain his anger anymore. He half roared out, "Hai Fengtian! If you dare to threaten him again, we will become irreconcilable enemies!"

Huangfu Jue waved his hand and said, "It's okay, let him choose."

Tang San first glanced at Luo Tian and saw Luo Tian nod at him. He then said, "I choose the Misty Cloud Academy, but you have to promise me to let my boss also become a specially recruited student."

“Hahaha...”

Tian Yihong couldn't help but laugh out in joy.

Ren Xiaoyao also had a happy look on his face.

Only Hai Fengtian and Hai Kui had extremely ugly faces. The three men with super grade talents behind Hai Kui showed contemptuous smiles. They all felt that Tang San was a fool, a person willingly being controlled by someone with a shattered dantian and a zero grade talent to make a choice for him.

Ren Xiaoyao said happily, “No problem!”

Hai Kui harrumphed coldly, “Do you know the consequences of making this choice?”

Hai Fengtian's gaze settled on Huangfu Jue before saying with a smile, “Dean, there is only one condition to become a specially recruited student, and that is to have super grade talent. If not, no one can become a specially recruited student. This is a rule that was set when the Misty Cloud Academy was built. You don't want to break it now, do you?”

Right after that, Hai Fengtian said, “Oh right!”

“He hasn’t tested his talent yet!”

“Let him go test it.”

Rules were rules!

They couldn’t be broken!

If a rule is broken for someone, then Huangfu Jue will face a lot of pressure. Even if he is the dean, he cannot open the back door for people.

There was nothing wrong with such a rule in the past.

But now, in this dangerous period, Huangfu Jue couldn’t take any wrong steps!

Hai Fengtian firmly grasped this point.

Luo Tian’s heart tightened as he cursed internally, “Fuck your sister!”

Seeing that Huangfu Jue didn't say anything, Hai Fengtian exerted a little force on his right palm, pushing Luo Tian to the side of the black testing stone. An invisible force then controlled Luo Tian's right hand by directly placing it on the black stone.

"Buzz~!"

A small buzzing sound like a mosquito was heard.

The black stone glowed a little bit.

"Zero talent!"

"Hahaha..." Hai Fengtian laughed loudly.

"Zero grade talent... I have never seen a zero grade talent before! I have finally opened my eyes today, hahaha... If such trash joins the Misty Cloud Academy, then the face of the academy will be completely lost!"

"He really has a zero grade talent?"

"He's a complete trash!"

“He really is a piece of trash.”

“...”

Many people whispered their discussions.

Luo Tian already said that he had a zero grade talent, but they didn't believe it. Now, they realized the black testing stone would not be wrong.

The expressions of Ren Xiaoyao and the others darkened.

Not because of Luo Tian's talent, but for Hai Fengtian's arrogant behavior.

He acted like this in front of the Dean and Vice Dean. In his eyes, there was no Misty Cloud Academy at all!

The three super grade talent martial artists behind Hai Kui laughed loudly.

“He's really trash with zero talent! I've seen trash before, but I haven't seen such trash to this extent! Hahaha... I think I'm going to die from laughing too much!”

“No wonder he needs someone else’s help. I wonder how many benefits he gave to Tang San in order to enter the academy with his help. A trash like him wouldn’t be wanted even by a bronze level force.”

“Who would want him? Let’s not talk about a bronze level force, I’m afraid even a beggar on the street is much stronger than him.”

The three people laughed without restraint.

They were acting this way because they all wanted to show off in front of Hai Fengtian!

From today onwards, they were disciples of the Hai family. So naturally, they had to perform well in front of this uncle whom the Hai family’s Crown Prince liked the most. They couldn’t find a chance at first, but they didn’t expect Luo Tian, this scapegoat, to appear. If they didn’t trample him hard at this time, then how could they perform in front of Hai Fengtian?

Humiliation!

Viciously being humiliated!

Luo Tian had said from the beginning that he had a zero grade talent. He never thought that Hai Fengtian would control his body and put him in such an embarrassing situation in front of so many people. This was undoubtedly a severe humiliation to him. Having a zero grade talent didn’t matter, but Luo Tian absolutely couldn’t tolerate being humiliated!

Luo Tian smiled lightly while looking at the three of them before saying, "You guys seem to be smiling very happily."

One of them looked at him with contempt and sneered, "What? Do you have any objections, you piece of trash with zero talent?"

The other two started laughing loudly.

"Hahaha..."

"Zero grade talent... I can't help but laugh when I think about this! It's too funny!"

The corner of Luo Tian's mouth curled up into a smile as he asked, "What grade is your talent?"

"Listen carefully, you piece of trash; we are all super grade talents!"

"Who would be the same as a piece of trash like you?"

"That's right!"

The three of them mocked Luo Tian.

Luo Tian nodded and said sarcastically, “Wow! Super grade talent! So strong!”

After saying that, Luo Tian’s tone suddenly became playful as he said, “You three can come at me together!”

“Huh?”

“What did he just say?”

“Fight with all of us?”

The three were somewhat shocked, thinking they had misheard. A piece of trash with zero talent was challenging them?

Are you kidding me?

The surrounding people were all stunned.

Ren Xiaoyao advised in a low voice, "Kid, don't be impulsive. You are not their opponent. Their cultivation is at the peak of the Martial Void realm. Plus, they have super grade talents. You can't even deal with one of them, let alone three. Come back here and don't mess around."

Those with super grade talents possess abilities beyond the norm.

Their abilities in combat skills, comprehension, and all aspects of yuan energy usage were very strong.

Whether it was cultivation or their talent, the three of them were far above Luo Tian's.

It was impossible for Luo Tian to be their match.

Many people thought Luo Tian was stupid.

Being humiliated once wasn't enough; he had to go and court his own death.

It was as if Luo Tian didn't hear Ren Xiaoyao's words. He looked at the three of them and sneered, "What? You guys don't dare?"

Arrogant!

Extremely arrogant!

Hai Fengtian's eyes turned cold before he commented, "A reckless thing that doesn't know when to give up!"

Luo Tian stared at Hai Fengtian and sneered, "If they don't dare, then scram aside for this daddy! Don't talk so much nonsense in front of me! I'm annoyed just from listening to it!"

Each word was enunciated.

Every word was wildly overbearing and arrogant! He didn't put Hai Fengtian in his eyes at all!

At this moment, Luo Tian was feeling extremely pissed off!

The consequences would be severe for those who provoke him.

Hai Fengtian narrowed his eyes, and the muscles in his eyes twitched slightly. He then said with contempt, "You want to die, right? Then I shall help you along!"

After he said that, one of the disciples immediately took a step forward and sneered, "To deal with trash like you, I can make you lie down and call me daddy with just one finger!"

Just when those words faded, Luo Tian had already moved while shouting internally, "Divine Explosion!"

"Ommm~!"

His power and speed increased.

All his base attributes increased.

His figure instantly appeared near the disciple before he punched out like a thunderbolt, "Bang~, bang~!"

Two punches landed on that disciple's chest.

Shoulder Dash and an uppercut smashed that disciple into the air. Luo Tian then stomped down and his figure flew into the air. He clasped his hands together like the Hulk's Battle Axe move and smashed down on that person's chest with all his strength!

"Bang~!"

That person was instantly blasted to the ground, causing the floor to cave in.

His body twitched a few times before dying.

Instant kill!

Luo Tian landed on the ground and shouted arrogantly, "Fucking hell, who's next?!"

Chapter 1192: Specialized in Treating Those Unconvinced

Is someone with a super grade talent really that amazing?

Is it really that amazing to have the Hai family as a backer?

Is Hai Fengtian, a Holy Spirit ranker, really that amazing?

So what?!

So what?!

The guy was still instantly killed. Completely crushed!

At this moment, everything in the area seemed to have been frozen in one place. It was so quiet that it was a little unnerving. No one would have thought it would be this kind of result. This kind of result subverted their common sense, and they couldn't react in their minds at all.

Very uncomfortable!

It was like swallowing a handful of flies!

In the entire special recruitment hall, only Tang San had a faint smile on his face. He had known the ending for a while. Luo Tian could kill the Earth Dragon King, a perverted level demonic beast from the dragon race, so dealing with these martial artists with super grade talents was just a matter of a few moves.

Even though Tang San had known the ending for a while, he was still impressed by Luo Tian's arrogance and domineering spirit. He couldn't help but exclaim in his heart, "The boss is truly the boss. He's really domineering enough, hahaha... Following him, my future days will definitely be quite exciting. I am really looking forward to it!"

Ren Xiaoyao was overjoyed, his heart felt like flowers were blossoming inside. He then said to himself, "What a good kid! I wasn't wrong about you! It seems that you are really..."

A short distance away, Zhang Dalang's face was ashen while his heart was in a dead silence. "My God! Even a martial artist with a super grade talent isn't his match! Then I... then I... what kind of person did I provoke?!"

Luo Tian swept his eyes across the entire hall before shouting, "Is a super grade talent that amazing?! I'm not convinced! I specialize in crushing the so-called super grade talents! Those who are not happy can fucking come at me!"

He was able to vent some anger in his heart.

Hai Fengtian's face twisted, becoming extremely ugly. His brow tightened before saying, "Do you know the consequences of killing a disciple of my Hai family?"

Luo Tian sneered back without the slightest fear, "What's the matter? Can't afford to lose? Who agreed to fight at the beginning? Now you're telling me about the consequences? Why didn't you say something earlier?"

A super grade talent martial artist fell just like that.

This was a considerable loss for the Hai family.

As long as a super grade talent martial artist was carefully cultivated, they would shine in a very short time.

Hai Fengtian's face changed again, becoming even more ugly. He then shouted, "I would like to see how well you can fight!"

Immediately after, Hai Fengtian shouted fiercely, "You two, go at him together and kill him! Your reward will be two portions of heaven's chosen power!"

Just as the remaining two super grade talent martial artists wanted to walk out, Hai Fengtian suddenly stopped them, “Hold on!”

He stretched out his hands and furrowed his brows. A fluorescent mote of power rose from his palm. The light then split apart before penetrating the backs of the two martial artists.

“Ommm~!”

“Ommm~!”

Two slightly loud humming sounds were heard.

The aura of the two martial artists suddenly changed, becoming much thicker than before. Their cultivation directly soared from the Martial Void realm to the Great Diffusion realm, causing their yuan energy and power to greatly improve.

“Full Moon Power?!”

Huangfu Jue’s eyes flickered. His eyes, which had always been calm, showed a trace of ripples. He then said, “Fengtian, this is just a competition between the younger generation. Why do you have to do this?”

Tian Yihong then asked Ren Xiaoyao with confusion, “Vice Dean, what exactly is this Full Moon Power?”

Ren Xiaoyao said while frowning, "The Full Moon Power is a result of absorbing the energy released by the moon. This power can instantly improve a person's cultivation within a certain period of time. A person's yuan energy and overall strength will become stronger than ordinary martial artists."

"I didn't expect Hai Fengtian to have the Full Moon Power."

Even he felt a bit puzzled.

Tian Yihong asked again, "Is this Full Moon Power unique to someone?"

Ren Xiaoyao replied, "The Hai family's Crown Prince, Hai Huanglong."

"Him..."

Tian Yihong's expression darkened.

He was also a well-known tutor of the Misty Cloud Academy, and his cultivation had also reached the peak of the Myriad Illusion realm. He had never even heard of the Full Moon Power, which shows how mysterious and powerful this power was. But he didn't expect that this power would actually be unique to the Hai family's Crown Prince.

Hai Fengtian smiled and said, "The Hai family's resources are several times that of the Misty Cloud Academy. Just two portions of Full Moon Power is a small matter. The people of the Hai family either don't fight, or they must win if they fight. Dean, you can also give him your unique power."

His words were full of disdain.

Moreover, the meaning of the words was very obvious. He was telling the surrounding newcomers that the Hai family was very powerful, and this Full Moon Power was a small matter!

Huangfu Jue looked at Luo Tian.

The corner of Luo Tian's mouth curled into a smile as he said, "What I enjoy the most is beating up people who have gotten a power that they think is great and making them crawl all over the ground in pain. I want everyone to know that I'm not convinced!"

"Humph~!"

After harrumphing, Hai Fengtian said coldly, "You still dare to be stubborn? Wait and see who will be crawling all over the ground later! Kid, I'll give you a chance to live. Crawl a full circle around this special recruitment hall and I will have them spare your life!"

As soon as he finished speaking, Luo Tian ridiculed, "I'll also give you a chance. You kneel down and kowtow to me to admit your mistake, and I will spare their two dog lives!"

Comparing arrogance?

This daddy is ten thousand times stronger than you!

Hai Fengtian's brow furrowed before he harrumphed, "You're courting death!"

Luo Tian sneered back, "Come and bite me then!"

He wasn't afraid at all!

Immediately after, Hai Fengtian said in a deep voice, "Don't kill him so quickly. Beat him until he crawls all over the ground so that everyone sees the consequences of provoking the Hai family."

"Don't worry, sir, we will definitely teach him a good lesson," said one of the super grade talent martial artists.

The other martial artist also said ingratiatingly, "Just sit back and watch the show."

If they were still at the Martial Void 9th rank, they wouldn't be confident against Luo Tian.

But their current cultivation was in the Great Diffusion realm! The gap between a Great Diffusion ranker and a Martial Void ranker was huge. An existence that can absolutely crush the other. Not to mention there were now two people working together, who were going to be extra careful in the fight.

They won't be giving Luo Tian any opportunities.

After saying that, the two walked out while rubbing their hands together. One of them stared at Luo Tian and sneered, "Stupid trash, today I will let you see my power."

Luo Tian also took a step forward.

This time, he didn't make the first move.

He was okay with fighting against martial artists in the Great Diffusion realm, but he had never tried fighting two at the same time.

This was definitely not a battle he could win without using a transformation card.

Ren Xiaoyao advised, "Little brother, you don't have to compete. The power you just showed is enough to prove everything. A martial artist with super grade talent is not your match."

Huangfu Jue added, “No one can force you, and no one will dare to.”

Those two were very clear that it would be impossible for Luo Tian, with his current cultivation, to be a match for two Great Diffusion opponents.

Moreover, Huangfu Jue had seen the scroll, so he knew who Luo Tian in front of him was. He wanted to protect this young man who made him feel hot blooded. This time, he must protect Luo Tian!

Chapter 1193: Even Illusion Fairy Is Excited

He was very clear about everything that happened in the scroll.

At that time, Luo Tian’s cultivation base was only in the Condensation Element realm. But now, in just one month, he had stepped into the Martial Void realm.

Huangfu Jue didn’t know what kind of special encounter Luo Tian had experienced.

But he was very clear that this kid was not simple!

Whether it was combat skills, the speed of breakthroughs, or even how he conducted himself, Luo Tian was a very good seed. If he can get him to join the Misty Cloud Academy, maybe he really can... perhaps... he really can...

Huangfu Jue’s heart fluttered.

No matter what, he was going to protect Luo Tian today. Even if he has to pay a great price!

Even at the risk of falling out with the Hai family!

Hai Fengtian was slightly startled. A person whom Huangfu Jue values was definitely not an ordinary person. The kid's dantian was shattered, and his talent was at zero grade, so he was basically trash. What was so special about him?

Or was Huangfu Jue just trying to embarrass the Hai family through the kid?

That must be it!

Hai Fengtian said with a faint smile, "Dean, he doesn't seem to be a student of the Misty Cloud Academy, right? You don't have the right to interfere with his choice. If he doesn't fight, then he can forget about walking out of this special recruitment hall today!"

Huangfu Jue's expression remained calm as he replied, "Hai Fengtian, you don't have that ability."

"I would also like to remind you that this is the Misty Cloud Academy and not the Hai family."

Huangfu Jue's voice wasn't very loud but his words were like ten thousand sharp arrows piercing into Hai Fengtian's body. A large area of cold sweat seeped from his back while he struggled to control himself. If he didn't have several strands of heaven's chosen power protecting him, he would probably be kneeling on the ground at this moment.

Huangfu Jue was very strong!

Extremely strong!

The kind of strength was something Hai Fengtian couldn't shake even if he cultivated for another ten thousand years!

Hai Fengtian's heart tightened before saying to himself, "Huangfu Jue will definitely be a major hidden danger for the Hai family. He must be eliminated, otherwise, it will be impossible for the Hai family to unify the Central Continent!"

He was feeling very uncomfortable but Hai Fengtian still said, "Kid, you were very arrogant previously so why don't you dare to now?"

"Hahaha..."

"You dare to say that a super talent is not that great? I think you are a piece of trash with a shattered dantian, desperately looking for a sense of existence!"

Huangfu Jue's brow furrowed as he was a bit angry. He then said in a deep voice, "Hai Fengtian!"

At this moment, Luo Tian took a step forward and smiled, "I said that I am unconvinced, but I didn't say I would refuse to fight. Hai Fengtian, since we're going to fight, let's throw in a bet. Isn't your Hai family very rich and have a lot of resources?"

Hai Fengtian smiled with interest, "How do you want to bet? What stakes do you have?"

Right after that, Hai Fengtian looked at Tang San and said with a smile, "I want him. I will only be satisfied with him as the stake. How about it? Kid, do you dare to bet?"

Tang San's talent was very outstanding.

Hai Fengtian didn't want the Misty Cloud Academy to have him.

He is very clear about this.

Before Luo Tian could speak, Tian Yihong became anxious and stepped forward to say, "You can't bet with him, little brother. This competition itself is unfair. You must not bet with him."

Ren Xiaoyao also said, "Elder Tian is right, you can't make a bet with him!"

Who was Tang San?

A martial artist with supreme talent and limitless potential!

If Luo Tian loses, then Tang San will belong to the Hai family.

Moreover, Tang San would definitely not refuse!

Luo Tian looked at Tang San, and Tang San smiled back in response. He then nodded and said, "Boss, no problem for me!"

Luo Tian's gaze shifted as he said with a smile, "My brother has a supreme talent and limitless potential. He will definitely reach the peak of the Honorable Emperor realm in the future. You know his value without me having to say it. Since you value him, shouldn't you also bring out something that matches it?"

"How about this... You probably won't be able to break through again in your lifetime, so why not bet on your useless life?"

If you're going to play, you might as well play a little crazy!

Play big!

Luo Tian's words were to provoke Hai Fengtian.

Since he was able to take out two portions of Full Moon Power, most likely he has even more good stuff on him.

Hai Fengtian was indeed provoked as his face had a very ugly expression on it. His teeth were making cracking sounds from being clenched. He then said in a deep voice, "Let's see if you can still be arrogant later."

After saying that, Hai Fengtian took out a black round bead from his spatial ring. He sneered with disdain, "This is the Basra Pearl from the Four Divine Beasts Continent, a priceless treasure that even the Azure Dragon Clan can't take out. This pearl can buy half a city!"

Ren Xiaoyao's eyes trembled!

Even Huangfu Jue's expression changed.

Hai Fengtian smiled triumphantly, "Dean, you know the value of this pearl the best."

The Basra Pearl, a forbidden item of the Dragon race!

An item with no availability on the market!

What was its purpose? No one can say for sure, but many Honorable Emperor realm powerhouses wanted to get their hands on it. No one knows how much power was inside the pearl!

Luo Tian's brow twitched.

He stared at the pearl in Hai Fengtian's hand, something he had never seen before. But Illusion Fairy suddenly said, "Good stuff! Very good stuff! Even the Azure Dragon Clan on the Four Divine Beasts Continent wants it!"

Something that is making Illusion Fairy excited?

Then one can imagine the value of this pearl!

How many good things does Illusion Fairy have?

Too many to count!

She had seven corpses of Honorable Emperor realm powerhouses, so what could be more valuable than that? But she was extremely excited about this pearl.

Luo Tian pretended to be clueless. He looked at Huangfu Jue and asked, "Is it really that valuable?"

Huangfu Jue didn't want Luo Tian to participate in this competition, but he didn't want to lie to him either. He nodded and said, "Yes, a priceless treasure. But this competition is unfair to you so I hope you would refuse."

Hai Fengtian laughed, "Are you betting or not? Kid, the decision is in your hands. Don't listen to what outsiders say; this is a once-in-a-lifetime opportunity!"

He was confident that Luo Tian would lose.

Otherwise, how could he take out something that Hai Huanglong had asked him to keep safe?

Hai Fengtian had been researching the use of this pearl for months without figuring it out. What exactly was it for? He had no idea.

Hai Huanglong had entrusted this pearl to him for safekeeping before going into seclusion and didn't say what its specific use was.

In order to save face for the Hai family, he took it out.

He didn't expect that even Huangfu Jue would be moved and tremble with desire, greatly satisfying the vanity in his heart.

Luo Tian then said, "You're so strong, what if I win and you don't give it to me? I can't do anything to you. I think I'll pass. I'll just listen to the Dean..."

Hai Fengtian became anxious.

He was determined to get Tang San and his supreme talent!

He immediately said, "I guarantee it in the name of the Hai family! I will honor my bet!"

Luo Tian then said, "How much is the Hai family's reputation worth? How will you guarantee it? I don't believe you."

Hai Fengtian replied, "Then what do you want?"

Luo Tian said, "I'll have the Dean be in control of Tang San, and you hand the pearl over to him as well. That way it's fair, and I won't have to worry about not getting the pearl."

Hai Fengtian said without hesitation, "Okay!"

Chapter 1194: Time's Up, Divine Explosion

He wasn't afraid of Huangfu Jue taking his things.

Because he knew very well that Huangfu Jue wouldn't dare!

Furthermore, Huangfu Jue knows very well who the owner of this pearl is.

The Hai family's Crown Prince!

He was a person chosen by heaven, so even Huangfu Jue wouldn't dare to mess around.

The Hai family's Crown Prince's power was unimaginably strong.

Moreover, he had already stated that he would not participate in the battle between the Hai family and the Misty Cloud Academy. If his things were taken away by Huangfu Jue, then the circumstances would be different. The Misty Cloud Academy's strength was inherently inferior to the Hai family. If you add a terrifying Hai family Crown Prince, they will be even more not a match!

Because of all these things, Hai Fengtian was not worried about the pearl being pocketed by Huangfu Jue.

He now only wanted to see Luo Tian struggling and crawling on the ground. He only wants to bring Tang San with his supreme talent back to the Hai family, or just destroy him directly. This would make the Misty Cloud Academy suffer a huge loss!

Huangfu Jue was frowning slightly.

He looked at Luo Tian. He seemed to know what Luo Tian was thinking, but he still muttered some doubts to himself. "Even if his Martial Void realm cultivation base is stronger than normal; even if he can instantly kill a super talent martial artist at the peak of the Martial Void realm; there is absolutely no chance of winning when facing two super talent martial artists in the Great Diffusion realm at the same time. Is he not afraid of losing? Is he not afraid of dying?"

Hai Fengtian agreed to the bet.

Luo Tian didn't look at Huangfu Jue anymore, but urged, "Then hand the pearl over to the Dean."

Hai Fengtian walked forward and reminded, "This Basra Pearl belongs to the Crown Prince."

Tang San also walked over to Huangfu Jue's side.

Everything was ready!

However, at this moment...

Two globs of glowing power rose from Hai Fengtian's palm once again. He patted them into the backs of the two super talent martial artists. Their auras became stronger again, and their cultivation base improved by another level.

A competition that was already unfair!

This makes it even more unfair!

It was already difficult to deal with one Great Diffusion realm martial artist.

Not only did Luo Tian have to deal with two, but they were also two Great Diffusion 2nd rank martial artists. The cultivation gap was something that could not be surpassed!

Huangfu Jue's brow furrowed at the sight of this.

Ren Xiaoyao said directly, "That's unfair! Hai Fengtian, do you have no shame?!"

Hai Fengtian sneered with disdain, "Ren Xiaoyao, you can give him some Full Moon Power too if you have the ability. I didn't say you couldn't. Go ahead and give it to him. But with you looking so poor, don't even mention Full Moon Power, you probably can't even take out ordinary power, right?"

"Hahaha..."

Tian Yihong said anxiously, "Dean..."

Huangfu Jue shook his head and said, "Since he has already made a choice, let him refuse it himself. It's useless for us to say more."

He could see in Luo Tian's eyes that Luo Tian didn't want to back away from this fight.

He felt it from the beginning.

Except, he didn't know where Luo Tian's confidence came from.

Hai Fengtian smiled triumphantly and said, "Show him what we're made of! Let him know how high the sky is and how thick the earth is!"

The crowd backed up.

A clearing was made inside the special recruitment hall.

The three of them stood in the center.

The two super talent martial artists looked at Luo Tian with disdainful sneers. One of them said, “Kid, just obediently accept your death!”

“Ommm~!”

A spirit grade longsword was drawn with a flick of the hand.

There was a harrumph before that person shouted, “Meteor Sword Technique!”

The other person also uses a sword, but he uses a two-handed short sword. His hands gently waved, flashing out several sword gleams similar to flowers. A cunning sneer appeared on the corner of his mouth as he said, “Double Illusion Strike!”

“That’s a sky grade sword skill!”

“Both of them are using sky grade techniques. This time...”

“That kid is definitely not their match!”

“How could he be a match for them? Did you think it was going to play out like before? He was just lucky previously. If he didn’t sneak attack his opponent, how could he defeat the other guy?”

“That’s right!”

“These two super talent martial artists are really lucky. Not only did they get a portion of the Full Moon Power to improve their cultivation, but they also got to show off in front of Elder Hai Fengtian. They will definitely rise rapidly in the Hai family in the future.”

“Sigh~, why can’t I encounter such good opportunities?”

The crowd whispered their discussion with each other.

Ren Xiaoyao said to Huangfu Jue, “Dean, his name is Luo Tian.”

He naturally knew what happened in the first round of the Towering Cloud City assessment scroll. He was just reminding Huangfu Jue.

Huangfu Jue nodded and replied, “I will save his life.”

Hearing this, Ren Xiaoyao’s heart relaxed, “Do you think he has any chance of winning?”

Huangfu Jue was silent for a moment before gently shaking his head. Throughout the battle, Luo Tian was suppressed and at a disadvantage, his life in constant danger. He couldn't see a single possibility of winning. The strength of the two super talent martial artists was simply too great.

The gap between the three was too large.

To the point that it was impossible to overcome!

Ren Xiaoyao exhaled a breath before muttering, "Let's hope for a miracle to happen."

Even Huangfu Jue, ranked among the top ten in the Central Continent, didn't have a high opinion of Luo Tian. Therefore, one can imagine how difficult this fight was for him.

As time went on, the cooperation between the two super talent martial artists became very tacit due to their talent and comprehension abilities.

One attacked the top part while the other ambushed the lower area.

The two people's attacks complemented each other very well! The series of moves left Luo Tian unable to counterattack, being completely suppressed!

Luo Tian kept dodging and retreating.

He thought to himself, "The cultivation gap is too big, so I'm being completely overwhelmed by them."

"I need time!"

"I need a bit more time!"

"I need the cooldown timer to be over!"

The cooldown for Divine Explosion wasn't over yet.

There was still a bit more to go.

Without Divine Explosion, it was almost impossible for Luo Tian to win. Even if he activates Divine Explosion, he has to combine it with other martial skills.

Even though he was constantly retreating, Luo Tian wasn't anxious and was surprisingly calm.

Hai Fengtian laughed triumphantly, “How about it? Still dare to be arrogant? Didn’t you say you specialize in treating all kinds of defiance? Why don’t you treat one for me to see now, hahaha... Beat him hard! Don’t give him a chance to breathe! Anyone who is arrogant in front of me will not have a good ending!”

Very smug.

Very arrogant.

Hai Fengtian laughed loudly as he watched Luo Tian being forced to dodge all over the place.

This competition didn’t have any suspense.

Luo Tian wouldn’t be able to hold on for long.

No more than two minutes!

This competition will not only raise the status of the Hai family in the Misty Cloud Academy but also snatch a supreme talent disciple for the Hai family. According to the Hai family’s rules, he will receive another batch of cultivation resources and miscellaneous rewards.

Hai Fengtian couldn’t help but feel excited thinking of this.

Luo Tian was finding it increasingly difficult to hold on.

He had already been wounded in several places.

Two sword wounds on his chest, and one sword wound on his thigh. All deep enough to see the bone, with blood flowing like crazy.

He couldn't hold on much longer!

The two martial artists looked at each other, and at the same time revealed a sneer. One of them then shouted, "Trash, go to hell!"

At that moment, Luo Tian grinned, "Time's up!"

He looked at them as supreme yang energy erupted from his body.

"Level One Divine Explosion, activate!"

"Nine Yang Divine Magic, activate!"

Chapter 1195: It's Time To Send You On Your Way

The cooldown timer was a major drawback!

This was something Luo Tian couldn't change.

Facing the constant suppression of the two super grade talent martial artists made Luo Tian annoyed. The annoyance was gradually climbing up to being pissed off. The moment the cooldown time ended, he was burning with rage.

"Now it's my turn!"

"Divine Explosion, activate!"

"Nine Yang Divine Magic, activate!"

Two powerful divine magic.

Martial skills that surpassed divine techniques to become magic techniques!

Luo Tian's body was filled with a powerful supreme yang energy. Every movement of his body would cause a dragged-out fiery flame behind him. His figure leaned forward, nearing one of the super talent disciples. His right fist punched out, about to collide with that disciple's short sword.

The expression of that martial artist suddenly changed.

He didn't expect Luo Tian, who had been suppressed, to suddenly exert this kind of strength.

However, the potential of super grade talent individuals doesn't come for no reason. Facing Luo Tian's sudden display of power, his reaction wasn't delayed even though he was a bit surprised. He raised his two short swords and coldly harrumphed, "Trash, you want to sneak attack me?!"

"Sneak attack?"

"You are not qualified for me to sneak attack!" Luo Tian sneered, while his right fist accurately struck the two swords.

"Hiss~, hiss~..."

Just like the sound of red-hot iron being placed into cold water.

It was a bit jarring to hear!

What shocked people was the two swords turned red.

One must know that these two swords were spirit weapons.

It was extremely difficult to forge a spirit weapon because it wasn't easy to melt the xuan iron used to forge any spirit artifact. However, in less than half a second, Luo Tian made those short swords red with his fist alone.

What is even more shocking is that molten iron was dripping to the ground from the short sword!

It melted!

The spirit weapon melted just like that! How high was the temperature of Luo Tian's fist?

This was striking a spirit weapon short sword, so what if someone's body was struck? What will be the consequences? Unimaginable!

"Nine Yang Divine Magic?!"

"This..."

“Wasn’t this martial skill comprehended by Daoist Nine Yang, Yang Dingtian? Since he founded the Boundless Sect and was killed by the experts of the devil sects, no one has ever practiced the Nine Yang Divine Magic again. How did he manage to cultivate it?”

“The matter is indeed a bit strange, but... it’s so satisfying to watch! Hahaha...”

“The Nine Yang Divine Magic is a supreme yang skill, where one punch can turn people into ashes. Naturally, this kind of spirit grade weapon cannot resist. What a good kid!”

Tian Yihong and Ren Xiaoyao had excited expressions on their faces.

Luo Tian’s sudden burst of power made them feel extremely good.

Moreover, looking at Hai Fengtian’s unsightly face made them even happier!

The heavy boulders resting on their hearts were swept away. They were worried about Luo Tian at the beginning, but they never thought that this emotion was completely unnecessary.

However, Huangfu Jue had a pensive expression on his face because the Basra Pearl in his hand was like a hot potato!

An item belonging to the Hai family’s Crown Prince.

Even if Luo Tian wins, the pearl will not be beneficial to him for his future. Huangfu Jue knew very well what kind of person the Crown Prince was. If Luo Tian takes his things, there is only one possible consequence – death!

Win, and the Hai family Crown Prince will not let Luo Tian go!

Lose, and Luo Tian may die. And the Misty Cloud Academy would lose two martial artists with unlimited potential at the same time.

At this moment, Huangfu Jue was re-evaluating matters in his mind.

Just like the last time he saw what happened in the assessment scroll, and still chose to give up on Luo Tian!

This time, his consideration time was longer than last time.

He looked at Luo Tian's quick counterattack in the arena, bringing his Martial Void 5th rank cultivation base to the peak of what's possible in the Martial Void realm. The palpitating power, and the fighting skills, were all incomparably brilliant!

Huangfu Jue frowned while staring at Luo Tian.

At this time, he finally made a decision.

Hai Fengtian's expression became uglier and uglier. Luo Tian's explosion of strength had exceeded his expectations. The two super talent martial artists, whether in cultivation or strength, were stronger than Luo Tian. But why was the battle so one-sided?

He couldn't figure it out!

Just because Luo Tian cultivated the Nine Yang Divine Magic?

Just this point alone?

Even if it was strong, it wasn't enough to match an opponent in the Great Diffusion realm!

"No way!"

"I definitely cannot let this trash win!" Hai Fengtian's eyes moved, glancing at the Basra Pearl in Huangfu Jue's hand. This pearl was very important to the Crown Prince and must not fall into the hands of others, otherwise he couldn't handle the consequences!

Furthermore, the Hai family couldn't lose.

Especially inside the Misty Cloud Academy, they couldn't lose even more.

They had finally undermined the Misty Cloud Academy to nothing. So if they were to lose at this time, the Hai family's face would be greatly lost!

Hai Fengtian's heart tightened as he said to himself, "Kid, no matter what, you won't win today!"

Within the made-up arena, Luo Tian used Divine Explosion and the Nine Yang Divine Magic to force those two to a point of desperation. The weapons in their hands had been melted, and the clothes on their bodies were left in tatters making them look like beggars on the streets.

The two were in an extremely embarrassed state!

They were being toyed with by Luo Tian to the point of not knowing left from right!

Their original arrogant, contemptuous expressions were completely gone.

What replaced it was incomprehension.

They had tried their best, but why couldn't they even beat this trash in the Martial Void 5th rank? Why is that?

It wasn't just them that couldn't understand it. Most of the people present couldn't understand why this was happening.

Luo Tian's figure suddenly stopped. The corner of his mouth curved to a grin as he said coldly, "I've played around enough. Now, it's time to send you two on your way!"

"Super grade talent?"

"Heh heh..."

"You're just two useless garbage!"

He made them sound completely worthless.

What super talent?

In this daddy's presence, even supreme talent people have to stay put properly! There is no good ending for being arrogant in front of me!

The expressions of the two martial artists distorted into anger. They were trying very hard to suppress the rage in their hearts from spewing out. One of them roared, "Don't be too arrogant, you piece of trash! You aren't in the Martial Void realm at all! Your cultivation must have reached the late stages of the Great Diffusion realm! Otherwise, how could trash like you be our match?!"

They were unconvinced!

But so what?

Luo Tian ridiculed them by saying, "You guessed right! I am at the peak of the Great Diffusion realm! Why didn't you realize it from the beginning? Now you're shouting about it but it's too late! Hahaha... If you have the ability, come and bite me!"

"You..."

"You, you, you... Elder Hai, he's cheating!"

"This is unfair!"

"This competition is unfair!" The two martial artists immediately shouted loudly.

Tian Yihong said with a smile, “When you two started the fight, your cultivations was higher than his so why didn’t you say it was unfair then? Now that you’re about to lose, you’re saying it’s unfair? If it’s unfair, go up and bite him. Didn’t he tell you to go up and bite him? If you have the ability, go bite him!”

“That’s right!”

“Why didn’t you say something in the beginning?”

“He is clearly at the Martial Void 5th rank. Now that they’ve been beaten like this, they are suddenly saying it’s unfair. How laughable!”

Chapter 1196: Hai Fengtian’s Sneak Attack

The expressions of the two martial artists were very ugly.

They both looked at Hai Fengtian but Hai Fengtian turned a blind eye.

His gaze remained fixed on Luo Tian.

At that moment, Luo Tian’s scorching aura surged while his fists started moving.

“Die!”

Also at the same time, Illusion Fairy shouted, “Be careful of Hai Fengtian!”

She had been paying attention to everything around her.

From the moment she entered Luo Tian’s body, she had become Luo Tian’s guardian angel!

She will never let anyone kill Luo Tian!

Absolutely not!

As soon as the Illusion Fairy’s voice faded, Luo Tian’s heart tightened. He smiled secretly in his heart, “I have already calculated that possibility!”

From the very beginning, Luo Tian had locked onto Hai Fengtian with God Flame.

This was why Luo Tian hadn’t used God Flame the entire fight.

His two fists were moving through the air, bombarding toward the heads of the two martial artists. Their distance was less than five meters away from Hai Fengtian. The distance was too short, short enough for anything to happen. If Hai Fengtian wanted to do something, it would be completed before Huangfu Jue could stop it.

Huangfu Jue’s current position was too far away.

Even though he was in the Honorable Emperor realm, Hai Fengtian was in the Holy Spirit 6th rank. Huangfu Jue wouldn't be fast enough to stop him if there was a sudden eruption of power.

Just because of the difference in the gap between each of them!

Hai Fengtian sneered, "Kid, you are too arrogant! Go to hell for me!"

The speed was fast, and the power fierce!

Unparalleled force!

The cultivation gap, the speed, the power, and the suppression of a higher realm; any aspect of this could undoubtedly make Luo Tian die!

Ren Xiaoyao's expression turned grim in shock. He never expected that Hai Fengtian would be so insidious, attacking Luo Tian at this time. Under such a circumstance, Luo Tian would undoubtedly die. He roared in a rage, "Hai Fengtian, how dare you?!"

Huangfu Jue's expression also morphed to show his shock. His figure was like a blur as he rushed out instantly. But...

The distance was too far!

Even if he could get there in an instant, he would still not be able to stop Hai Fengtian in time. He was feeling extremely anxious. The choice he made was to protect Luo Tian no matter what. The person he chose was Luo Tian, not the Hai family's Crown Prince!

But now, his heart sank and his rage erupted.

Extremely angry!

He had never felt such a strong feeling for many years. This strong feeling of wanting to murder and slaughter someone!

Luo Tian didn't care at all!

He was acting like he didn't see Hai Fengtian attacking.

Luo Tian's speed remained undiminished, and his targets remained unchanged to attack the two super talent martial artists. As for the approaching Hai Fengtian, Luo Tian's palm shot out a fireball. A very ordinary-looking cluster of flame shot out, and then he ignored Hai Fengtian.

"Die!"

“Die!”

One word was said by Luo Tian to the two martial artists.

The other word was said by Hai Fengtian to Luo Tian.

“Boom~!”

“Boom~!”

The two martial artists couldn't resist at all and were killed by Luo Tian's two punches.

The system's alert sounded off.

At this moment, Hai Fengtian's attack still hadn't landed. His expression and movements seemed to be frozen briefly. In this crucial second, he did not move at all!

After Luo Tian slammed down his fist, he jumped to the other side without a second thought. The Thor transformation card immediately floated in his mind. As long as Hai Fengtian dared to chase after him, Luo Tian would not hesitate to expose his identity to kill him!

He was trying his best not to expose his transformation cards because he didn't want people to capture him and study him like a guinea pig!

In the instant he jumped aside, he prayed in his heart, "Teacher Sola Aoi, Sister Ozawa, can you two please bless me with an instant kill?"

God Flame only had a 5% chance of activating instant kill.

Under the enhancement of Divine Explosion, it doubled to a 10% chance!

The success rate wasn't very high, but who can say for sure when it came to luck?

After Luo Tian jumped to the side and prayed, he didn't hear any system alerts. He was feeling a bit upset while saying to himself, "Is it really that difficult for an instant kill to trigger? Can't there be a joyous unexpected surprise now and then?"

Even though instant kill didn't trigger, Hai Fengtian's movement was briefly interrupted which caused him to have a brief moment of dizziness.

Hai Fengtian himself couldn't understand the situation. Looking at the ordinary small fireball hitting him, he didn't take it seriously at all. However, he never expected that his attack and his power would suddenly lose all effect in an instant. It was as if he was suddenly suppressed by a powerful force. This

power seemed to be stronger than the pressure of an Honorable Emperor powerhouse. What was going on?

His body recovered, yet he still wanted to chase after Luo Tian.

But by this time, Ren Xiaoyao and Huangfu Jue were standing in front of him.

Seeing the two of them, Hai Fengtian's heart sank, and he could only clench his teeth.

Huangfu Jue released the pressure of his Honorable Emperor realm cultivation, causing the entire special recruitment hall to shake. He harrumphed, "Hai Fengtian, don't be too presumptuous!"

The sound was like thunder, exploding in Hai Fengtian's mind and making him feel very uncomfortable.

He didn't even have time to put up a defense, directly spitting out a mouthful of black blood. His face paled, and he couldn't even speak due to the extreme discomfort.

"Oh shit!"

Luo Tian was feeling extremely shocked.

“To be able to seriously injure a Holy Spirit realm powerhouse with just the voice is too overpowered!” Luo Tian clamored with Huangfu Jue protecting him.

If he doesn't act arrogant at a time like this, when should he?

Luo Tian has never been someone who was afraid of trouble. He enjoyed beating a dog when it was down, and directly cursed, “Hai Fengtian, do you still have any face?! Is this how the people of your Hai family act?! Actually sneak attacking a junior like me! You're really giving your Hai family a lot of face!”

All of this happened very quickly.

As soon as Luo Tian's words faded, all the surrounding potential disciples started discussing amongst themselves.

This was an unfair competition in itself, and Hai Fengtian even launched a sneak attack on a junior. This Hai family didn't seem to be very good.

Hai Fengtian took several steps back, leaving the center of Huangfu Jue's pressure. He then said in a deep voice, “Kid, do you know the consequences of offending the Hai family?”

Luo Tian was not afraid at all, and sneered internally, “Consequences of offending the Hai family? I am the guy who is going to fuck over your entire Hai family!”

“Consequences?”

“Hahaha... I think I understand now. Your Hai family just can't afford to lose. Now that I've won, you're suddenly telling me about the consequences. Your Hai family is indeed awesome, a king level force while I'm just a Martial Void realm martial artist. But so what? If you have the ability, kill me now, otherwise, don't speak so much nonsense here!”

Arrogant!

Extremely arrogant!

He didn't give Hai Fengtian any face at all!

He made the Hai family look like they weren't worth a penny!

This actually helped Ren Xiaoyao, Tian Yihong, and the others vent their anger.

Satisfying to the max!

Ren Xiaoyao and Tian Yihong were smiling so much that their eyes turned to slits. They were giving Luo Tian a big thumbs up in their hearts!

Hai Fengtian's eyes were filled with intense killing intent. If Huangfu Jue wasn't here, Luo Tian would have died countless times already!

But just because Huangfu Jue was present, he didn't dare to make any moves.

Right after that, Hai Fengtian looked at Huangfu Jue and said, "You better return the Basra Pearl to me."

As soon as those words faded, Luo Tian immediately stepped forward and said, "The two super talent martial artists are already lying on the ground like dead dogs! There is no doubt that I won this competition! Hai Fengtian, are you serious that you can't afford to lose?!"

Chapter 1197: I Can Satisfy All Your Needs

Hai Fengtian didn't look at Luo Tian, but stared at Huangfu Jue and said, "This is the Crown Prince's property. If you anger him, you know the consequences. Even if you are the Dean of Misty Cloud Academy; even if you are one of the top ten powerhouses in the Central Continent, you still can't afford to offend the Crown Prince."

Very arrogant!

His tone of voice revealed a strong sense of invisible pressure.

The Hai family's Crown Prince!

The person chosen by heaven!

Everyone around was silent.

Everyone knew the outcome of this competition, but when faced with the words “Hai family’s Crown Prince,” no one dared to say anything more.

Hai Fengtian continued saying, “No one dares to touch the Crown Prince’s things. Huangfu Jue, you are the same. No one in this world would dare!”

Huangfu Jue looked over with a dark gaze, and said, “A bet is a bet. You have to admit defeat if you lose. It’s not me who is touching the Crown Prince’s things, but you who is touching his things.”

After saying that, he handed the Basra Pearl to Luo Tian. He looked at Luo Tian carefully, not knowing whether it was good or bad to hand it over to him. Obviously, the first person the Hai family’s Crown Prince would look for once he left seclusion would be Luo Tian.

At that time, most likely Luo Tian would be harmed because of the pearl.

He started worrying.

But if he didn’t hand it over, Luo Tian would definitely blame him based on his personality. This would also lose face for the Misty Cloud Academy.

At this moment, Luo Tian stepped forward and took the Basra Pearl from Huangfu Jue's hand. He then stared at Hai Fengtian with a cold smile, and said, "The Hai family's Crown Prince's property, right? I won it fair and square. If he's not happy about it, tell him to come find me!"

"Moreover, don't keep thinking the Hai family's Crown Prince is so awesome or something. What bullshit person chosen by heaven? I am heaven's ancestor, so I don't need to put him in my eyes! This is what I said, so you can tell him verbatim!"

Annoyed!

Every time he heard the four words "Hai family's Crown Prince," Luo Tian felt annoyed.

What person chosen by heaven?

What strongest chosen one?

Luo Tian was annoyed when he kept hearing those things!

Wasn't it just a guy with a bit higher talent, climbing a bit higher on Heaven's Chosen Mountain?

Luo Tian really didn't put him in his eyes.

Even the Lord of Fate will be stepped on by Luo Tian sooner or later, so why be afraid of a mere Hai family's Crown Prince?

His words made the entire hall suddenly quiet.

Quiet to the point of being a little scary!

Even Huangfu Jue couldn't help but look at Luo Tian, with a hint of doubt in his eyes.

Crazy arrogance! If you don't have the strength to back it up, then that's called courting death!

No one has ever dared to say the words Luo Tian had just said.

Huangfu Jue knew very well the strength of the Hai family's Crown Prince. Even if Luo Tian cultivated for another hundred years, he would not be a match. Therefore, he couldn't help but start feeling anxious on Luo Tian's behalf.

Ren Xiaoyao didn't care and laughed loudly while patting Luo Tian's shoulder, "Good kid!"

Hai Fengtian sneered, "You really are trash who doesn't know the immensity of heaven and earth. Just these words you've said are enough for you to die ten thousand times. Do you think you're so great after killing a few super grade talent trash? A megalomaniac like you won't live long!"

Hai Fengtian then stared at Huangfu Jue and said, "I will bring his words back, verbatim. Dean, I will also tell the Crown Prince about your choice today. Since you have made a choice, then your Misty Cloud Academy can just wait for the war to begin!"

After saying that, Hai Fengtian gave Luo Tian one last cold glance before turning around and leaving the special recruitment hall with Hai Kui.

The recruitment hall returned to its noisy state.

All the discussions revolved around Luo Tian's previous remarks.

"Isn't he being a little too arrogant?"

"The Hai family's Crown Prince is trying to break through to the Honorable Emperor realm right now. He will be the youngest Honorable Emperor powerhouse in hundreds of thousands of years in the Ancient World. Even the Ancient King could not reach that level in his younger years. For a piece of trash in the Martial Void realm with a shattered dantian to say such words is really... I don't know if he's crazy, or his head got slammed by a door when he was a baby."

"In order to easily deal with three super grade talent martial artists, he is indeed not ordinary. But with his current cultivation, fighting the Hai family's Crown Prince is like an ant fighting an elephant. This matter is completely impossible."

The recruitment hall was full of discussions.

Luo Tian merely smiled and turned a deaf ear.

At this time, Huangfu Jue looked at Luo Tian and said, "Come with me."

Luo Tian was a bit stunned.

Ren Xiaoyao said with a smile, "Since the Dean is asking you to go, hurry up and go. There must be good things waiting for you."

Luo Tian looked at Tang San.

Ren Xiaoyao added, "Don't worry, leave him to me. I will definitely take good care of him."

Luo Tian followed behind Huangfu Jue, one in front and one in back.

The two maintained a specific distance where Luo Tian did not surpass him, and Huangfu Jue did not walk too fast.

Huangfu Jue walked to a huge lake and stopped, standing with his hands behind his back. He looked at the quiet lake surface for a while before saying, "It doesn't matter if a person is a little crazy, but they must have the strength to back up their craziness."

The meaning behind the words was very simple, he was somewhat blaming Luo Tian for his previous remarks.

Luo Tian didn't say anything.

Huangfu Jue sighed and said, "Last time, I thought you would die at the hands of Ghost Servant. I didn't expect you to survive and grow this much. But with your current cultivation strength, you can't even withstand one move from the Crown Prince."

Luo Tian said very directly, "Dean, you didn't call me here to ridicule me, did you?"

"If that's the case, tomorrow, I can declare to the entire Misty Cloud City that what, I, Luo Tian said has nothing to do with the Misty Cloud Academy."

Luo Tian was annoyed. Everyone was afraid of the Hai family's Crown Prince, but he wasn't.

Huangfu Jue smiled bitterly and said, "If I wanted to ridicule you, I wouldn't have waited until now. And I wouldn't have made a move in the special recruitment hall."

Luo Tian then said, "Dean, just be direct. Say what you have to say, and don't beat around the bush. Everyone is an adult here so just say what's on your mind."

Luo Tian really didn't want to waste his brain on some matters.

Huangfu Jue's eyes turned serious as he said, "Do you want to surpass the Crown Prince?"

Luo Tian was momentarily stunned. The topic changed too quickly and he couldn't react to it. But for this question, he could answer without thinking and replied, "Of course, and I will definitely surpass him!"

What do you mean want?

He was going to surpass him.

Otherwise, how was he going to fuck over the Hai family?

After Yi Yunmeng was poisoned, this thought never disappeared from his heart.

Li Xue'er was poisoned, and even Yi Yunmeng was poisoned.

He had no way to deal with the Soul Poison as of yet, but he must take revenge for Yi Yunmeng's poisoning! Otherwise, his name would not be Luo Tian!

Huangfu Jue then asked, "Ambitious. If I give you ten years, can you surpass the Crown Prince?"

Ten years!

This was his limit, and it was also the limit that the Misty Cloud Academy could hold on for.

Luo Tian was stunned again, not fully knowing the meaning behind Huangfu Jue's words. He then said, "I can't guarantee it, but I will definitely try my best."

His cultivation was different from ordinary martial artists.

What he needed was not time, but experience points!

If there were enough experience points, let alone ten years, he could surpass the Crown Prince in just one day!

Huangfu Jue was not discouraged by Luo Tian's answer. He smiled slightly and said, "Good! I will give you all the resources you want, including traveling through other realms!"

Chapter 1198: Wow, So Big!

Luo Tian was a little dazed!

Travel through realms?

The first thing he thought of was not going to level up somewhere, but to bring Li Xue'er, An Chunchun, all his women, and his brothers from the Tianxuan Continent to the Ancient World. If he had the ability to travel through realms, he would have brought them here long ago.

Just as Luo Tian was in a daze, a girl who was only about fifteen or sixteen years old hopped over to them. She looked at Luo Tian, smiled a very cute smile, and revealed two shallow dimples. She looked like a girl next door and was very lovable.

The girl's appearance wasn't too outstanding, but her smile and her calm eyes were very comforting. One would unconsciously relax and be at peace.

"Father, Elder Tian Long asked to see you." The girl said to Huangfu Jue.

At this moment, Luo Tian was stunned again. Huangfu Jue's expression was cold and like a Confucian scholar, giving people the feeling that he wouldn't even fart if you hit him with a stick. But he somehow had such a lovely-looking daughter.

Huangfu Jue frowned and asked, "What does he want?"

The girl replied, "I don't know exactly, but Elder Tian Long said it was an urgent matter and asked you to go to the conference pavilion to discuss it immediately. On the way here, I heard Uncle Ren say that it seemed to be about..."

She didn't continue with her sentence but looked at Luo Tian.

Huangfu Jue also looked at Luo Tian, his brow furrowing even more before muttering to himself, "They moved so quickly."

After that, Huangfu Jue said to Luo Tian, "You go to the guardhouse and wait for me. I'll be right back. Remember to wait for me!"

He then turned around and left, walking very quickly and disappearing in just a few breaths.

Luo Tian could feel a strong aura from him; an aura of anger!

The girl saw her father walking away and suddenly stretched out her right hand, saying politely, "Huangfu Ya!"

Luo Tian also stretched out his right hand, about to shake hers...

In an instant, Huangfu Ya's right palm shifted to an attack. Her palm contained a strong force that caused her yuan energy to make crackling sounds. The palm strike went straight for Luo Tian's chest. The speed was too fast, and the sudden exertion of force left the receiver unable to react.

Luo Tian's pupils shrank before shouting internally, "Divine Explosion!"

"Ommm~!"

He lowered his body and advanced instead of retreating.

His body tilted to the side before his right shoulder smashed toward her.

"Whoosh~!"

Huangfu Ya's palm flew past Luo Tian's chest, and in this instant, the scent of fragrance emanating from her body spread out.

It was at this moment that Luo Tian's right shoulder landed, violently shoving her away.

The shove made contact with Huangfu Ya's chest, making Luo Tian instantly shocked. "Wow, so big!"

“Bang~!”

Huangfu Ya was knocked unsteady, causing her to stagger backward. She was feeling shocked while exclaiming, “Aiya~, ya~, aahhh~, ya~...”

“Plop~!”

She fell to the ground on her butt, landing on some gravel jutting out.

Huangfu Ya bounced up the instant she fell, rubbing her little butt with both hands. She then glared angrily at Luo Tian and shouted, “Why don’t you know how to cherish the fairer sex?! Why are you so ruthless?!”

Luo Tian replied, “I say, Miss, you were the one that sneak attacked me first. I already gave you enough face by not knocking you into the lake. Why are you still trying to blame me?”

The moment she made her move, Luo Tian saw from her eyes that there was no malice.

Otherwise, it wouldn’t have been as simple as bumping her with his shoulder.

Huangfu Ya stomped her feet in anger and said, “I just wanted to see if you were really that powerful! Three super grade talent martial artists were no match for you, so I wanted to see how strong you were!”

Even though she wasn't in the special recruitment hall, this kind of news could easily spread throughout the entire campus in less than ten minutes.

Originally, it was not her task to notify Huangfu Jue that there was a meeting. But when she saw Luo Tian with her father, she immediately rushed over to test Luo Tian's reaction. She didn't expect to be defeated by Luo Tian in one move, and even fell to the ground, making a fool of herself.

Luo Tian was speechless, "What are girls like you thinking in their heads? If I had struck you harder, you would have been seriously injured! Don't joke like this next time!"

"Humph~!"

"Do I need you to teach me?"

"Don't keep thinking you're that great just because you're a little better than a super talent martial artist. Wait until I cultivate for a while longer, I'll definitely defeat you." Huangfu Ya said unconvincingly. She was rubbing her butt, sucking in cool air from the pain while she spoke.

Her action was very comical.

There was no longer a trace of that quiet girl from next door. Instead, there was the explosive temper of a tomboy.

No matter which one, Luo Tian liked it very much.

Luo Tian smiled and asked with concern, "Does your butt still hurt? Do you want me to rub it for you?"

Before those words came out, Luo Tian was acting in good faith, with a clear conscience. It was definitely out of good intentions.

But saying you wanted to help a girl rub her little butt? This...

Huangfu Ya didn't hesitate and immediately said with contempt, "Pervert! Big pervert! Big Sister Meng was right, you are a big lecher! Humph~! Like I would want you to rub my butt!"

After saying that, she turned around and walked away with a limp. After a few steps, she stopped again and turned to say, "Don't say I didn't warn you. Even though you defeated three super grade talent martial artists, you still won't become a student of the Misty Cloud Academy. The Hai family won't let you go that easily. Be careful. Although my father is the Dean, the complex relationships within the Misty Cloud Academy are much more complicated than you think. If I were you, I would stay away from Misty Cloud City, the further the better."

After saying her final words, she walked away without looking back. But she started muttering to herself, "I really don't know what's so good about him. He's just a big pervert. I really don't know what Big Sister Meng likes about him. I think he's just a smelly scoundrel, hiss~, my butt, it hurts so much!"

Luo Tian didn't hear the words she muttered to herself but her previous warning to him made him stunned.

He immediately knew that Huangfu Jue had been called away to discuss his matter, so he was feeling a bit shocked. "It seems that I still underestimated the Hai family's ability. It's only been less than half an hour, and the Hai family has sent someone over."

"But can the Hai family interfere with the academy's decision?"

"If they can, then this Dean is a bit too weak, right?"

After all, Huangfu Jue's words to him just now were very clear: You are already a disciple of my Misty Cloud Academy, and I can give you all the cultivation resources you want. If it weren't for this, why would Huangfu Jue have made these promises to him?

Luo Tian knew some things were beyond his control.

He didn't know how messy the internal affairs of the Misty Cloud Academy were.

But there was one thing he knew, and that's no matter what, he had to become a student of the Misty Cloud Academy.

Not only for himself but also for Li Xue'er. Only by becoming a student of Misty Cloud Academy will he have the opportunity to become the strongest student and be qualified to go to Heaven's Chosen Mountain. It can be said that the Misty Cloud Academy was his stepping stone.

A very important stepping stone!

Chapter 1199: God Burial Tomb

"Big Brother, have some water!"

"Big Brother, let me massage your shoulders!"

"Big Brother, are you hungry? Let me bring you some Liquid Jade Fruit."

Zhang Dalang bustled about, attending to Luo Tian as if he were his ancestor.

There was not a trace of arrogance in his demeanor; instead, he had a fawning expression on his face. It was as if he were afraid that Luo Tian would do something to him.

"Big Brother, from now on, I'll be your most loyal little brother. If you tell me to go east, I'll never go south, west, or north." Zhang Dalang swore solemnly.

He had witnessed everything that happened in the special recruitment hall, and Luo Tian was far stronger than he was. If it weren't for Luo Tian's mercy previously, his life would be...

Moreover, even martial artists with super grade talents were crushed under Luo Tian's feet. He was bound to become a student of the Misty Cloud Academy. After performing so flawlessly in front of the Dean and Vice Dean, Luo Tian would undoubtedly receive special attention and training. By then, he wouldn't even have a chance to curry favor with him. Why not show his loyalty now while he still can?

Luo Tian asked, "Where did my brother go?"

He was a bit worried about Tang San's current situation.

After all, his close relationship with Tang San was very obvious to everyone. Would the Hai family secretly assassinate him because of it?

Tang San's talent was too exceptional.

Zhang Dalang immediately said, "Big Brother, don't worry. Brother Tang San has already been sent to a secret training base by the Vice Dean. No one knows about this place, not even the Hai family can find it. So, no need to worry."

Ren Xiaoyao had already thought of Luo Tian's worries.

He wasn't going to give the Hai family any chance.

Regarding the secret training base of the Misty Cloud Academy, this was the most secret thing in the academy.

Only five people in the entire academy know about it.

The secret training base was specially prepared for those super grade talent martial artists they had hand-chosen. After the training is over, their cultivation, strength, and all-around aspects will be unprecedentedly improved.

Luo Tian was relieved and thought of Bai Xiong and the others. He then asked, "Have you seen Chen Dongfeng come back yet?"

Zhang Dalang thought for a moment before asking, "Big Brother, are you talking about Steward Chen? Chen Dongfeng, who is in charge of admissions?"

Luo Tian nodded and replied, "Yes, it's him. Has he come back yet?"

Zhang Dalang shook his head and said, "I haven't seen him, so he probably hasn't come back yet. If he comes back, he should pass through the main gate. He's not a high-level instructor, and he doesn't have any status in the academy. It's impossible for him not to go through the main gate."

Luo Tian's heart sank while saying to himself, "Then where did they go? Could it be that something bad really happened on the road here?"

Anything was possible, especially in this critical period.

Luo Tian suddenly thought of something and asked, "One more question – Does the Misty Cloud Academy have a place called the God Burial Tomb?"

This was the place Mount Hua's Old Ancestor talked about.

The place where one of the three treasures left by him in the Ancient World.

One was in the Abyss Cave.

And one was in the Misty Cloud Academy. The treasure inside the academy was located in the God Burial Tomb.

Zhang Dalang thought for a moment, shook his head, and said, "Could it be a mistake? I've never heard of the academy having such a place."

"Huh?"

Luo Tian was momentarily stunned before saying to himself, "Mount Hua's Old Ancestor would definitely not lie to me, and has no need to lie to me."

Luo Tian then asked, "Could it be that you haven't been here long enough and don't know about it?"

Zhang Dalang immediately shook his head and said, "Definitely not. I've been in the Misty Cloud Academy since I was a child. I've been to all the places in the academy."

He then said in a low voice, "I've even been to some forbidden areas. There is definitely no place like the God Burial Tomb you mentioned."

"There is a Jade Maiden Valley, but there are no tombs in it."

"There aren't any tombs in the Tyrant King Mountain either."

"There are also a few other special places, but none have tombs. You must have made a mistake."

Zhang Dalang could be considered a Misty Cloud Academy expert.

He was extremely familiar with the Misty Cloud Academy, where even some instructors don't know as much as he does.

Luo Tian hid his frown, "Could it be that Mount Hua's Old Ancestor really lied to me? Damn it, is there a need to?"

“Forget it.”

“Let’s not worry about this matter for now. I’m just concerned about what Huangfu Jue and the others are discussing. I’ve been waiting for almost an hour, and the sun is about to set.” Luo Tian couldn’t help feeling a little anxious. He still had to find a way to inquire about the whereabouts of Bai Xiong and the others.

Immediately after, Luo Tian said, “Go and see how the Dean and the others are doing in their meeting.”

Zhang Dalang smiled and said, “I’ll go right away.”

In another area, a small but elegant bedroom.

“Big Sister Meng, I really don’t see what’s different about him. What’s so good about him? If I were him and knew you were in the Misty Cloud Academy, I definitely wouldn’t have gone to any special recruitment hall and would have come to find you immediately,” Huangfu Ya said angrily.

When the scene of her encountering Luo Tian appeared, the feeling of anger rose higher in her heart. Her little butt was still hurting, and she felt more and more upset.

“Once I break through to the Great Diffusion realm, I definitely won’t lose to him again. I’m not like those stupid super grade talent martial artists. I won’t lose.”

There was another person standing in the room.

Yi Yunmeng.

She also knew that Luo Tian had arrived at Misty Cloud City and that he had stirred up a mess in the special recruitment hall. Her heart fluttered with joy. She wanted to see him, but her current appearance was completely different from a few months ago. Even though Luo Tian had already seen her appearance with black spots all over her face, she still didn't have the courage to go see him.

Listening to Huangfu Ya's words, Yi Yunmeng smiled and said, "You still say there's nothing special about him? Look at you, you've been thinking about him all this time. I think you've been charmed by him, right?"

"Me?"

"Charmed by him?"

"No way!"

"I only want to defeat him and see if he dares to be arrogant again, humph~!" Huangfu Ya said angrily.

She clenched her pink fist tightly and said fiercely, "Don't let me see him next time, otherwise I'll make him suffer!"

"Oh, right!"

"Big Sister Meng, my dad said there's a way to heal the poison on your face. Why don't you let my dad help you with it?"

Huangfu Ya knew the reason why Yi Yunmeng didn't go to see Luo Tian. These days, she would hear the name Luo Tian no less than a hundred times from Yi Yunmeng's mouth every day.

Huangfu Ya knew better than anyone how much she missed Luo Tian.

But since Luo Tian arrived, she didn't dare to go see him. Huangfu Ya hadn't experienced this kind of pain before, but she knew it must be very uncomfortable.

Yi Yunmeng then said, "I can't let Uncle Huangfu waste his energy on me. What he's facing now is the entire Hai family and the Hai faction elders inside the Misty Cloud Academy. My face doesn't matter. It's better this way since I can drive away those annoying flies."

No one flattered her anymore.

No more men did this and that for her anymore. Since she was poisoned by the Black Dragon-scorpion King Poison, she had seen many things clearly.

Huangfu Ya muttered with a little pout, "But look at the place you live in now! Look at how the Yi family treats you! Don't you want to recover your appearance sooner? As long as you recover your appearance, everything from before will come back."

As long as she recovers her previous appearance, she will still be the Ice Queen Yi Yunmeng.

Everything will come back to her!

But she didn't, because she was actually looking forward to the day that Luo Tian finds a way to heal her instead!

Chapter 1200: Dragon God's Forbidden Technique, Dragon Transformation

A woman's heart is like a needle at the bottom of the sea. Even if you rack your brains, you won't know what she's thinking.

Yi Yunmeng has a very high IQ. But sometimes, especially when it has something to do with Luo Tian, her IQ basically goes into the negatives.

Yi Yunmeng was looking forward to the day that Luo Tian rose up.

She believes there will definitely be such a day!

Back at the guardhouse, Zhang Dalang hadn't come back for a long time.

Luo Tian was getting sleepy from waiting.

At this time, Illusion Fairy suddenly said, "Why don't you see what the Basra Pearl is used for?"

"Huh?"

Luo Tian was momentarily stunned. He hadn't seen the attributes of the pearl he had won from Hai Fengtian yet. He would have forgotten it if Illusion Fairy hadn't reminded him. He made a thought to take out the Basra Pearl, and the attributes were displayed inside his mind.

Luo Tian was immediately stunned!

"Wow! Is this too coincidental? Too heaven-defying?"

"Could it be that the hundred points of luck that An Chunchun gave me are still there? Otherwise, how could there be such a coincidental thing?"

Item: Basra Pearl

Attribute: Unlocks the Dragon God Forbidden Technique!

Very simple and to the point!

There was no extra description, but just this sentence was powerful enough. Luo Tian's little heart was beating wildly, his heartbeat accelerated, and he almost couldn't bear it anymore. Everything came too suddenly. Even Huangfu Jue didn't know the purpose of the Basra Pearl. He didn't expect it to be an item to unlock the Dragon God's Forbidden Technique!

Of course, if it weren't for the system, Luo Tian would not be able to see its attributes.

This was the benefit of having a system!

At the same time, a system alert went off.

"Ding!"

"Do you wish to unlock the first page of the Dragon God's Forbidden Technique?"

Luo Tian was not in a hurry to respond, but asked, "Little Sister Illusion Fairy, should I unlock the Dragon God's Forbidden Technique? Besides unlocking the Dragon God's Forbidden Technique, what else can this Basra Pearl do?"

Illusion Fairy shook her head and replied, "I don't know much about this Basra Pearl either. I only know that it is something guarded by the Azure Dragon Clan for generations. I have no clue how it ended up here. It seems that the Hai family's Crown Prince they are talking about is indeed not simple."

The Hai family's Crown Prince obtained something guarded by the Azure Dragon Clan. This also means that Hai Huanglong must have been to the Four Divine Beasts Continent and visited the Azure Dragon Clan. Otherwise, how could he have obtained it?

To be able to obtain the Basra Pearl from the strongest continent, the Azure Dragon Clan, which was the strongest dragon race, how powerful was he?!

Luo Tian's heart tightened before saying, "No matter how he obtained it, this pearl is mine now. You don't know its other uses, so I'll use it to unlock the Dragon God's Forbidden Technique!"

Illusion Fairy nodded and said, "Yes, I also want to see what kind of martial skill this Dragon God's Forbidden Technique is."

Luo Tian tried hiding his shock. What hasn't Illusion Fairy seen? She doesn't even know what kind of skills are hidden inside the Dragon God's Forbidden Technique?

Luo Tian then made a thought, "Unseal!"

As soon as the words faded, the Basra Pearl disappeared!

“Ding!”

A system alert sounded off.

“Congratulations to player Luo Tian for unlocking the first page of the Dragon God’s Forbidden Technique. You have obtained the first level of the martial skill Dragon God Art, Dragon Transformation!”

“Do you wish to learn it?”

In his mind, the Dragon God’s Forbidden Technique manual looked like usual without any change. It was still that ancient book he looted. But when the system alert went off, the Dragon God’s Forbidden Technique opened to the first page. And the first page was engraved with many small characters.

Luo Tian didn’t recognize any of these characters.

In addition to these words, there was also a drawing.

A divine dragon was soaring in the sky, and in the center of the dragon’s body was a person sitting like a Buddha. From the picture, Luo Tian could see that the drawing was trying to show that the person had transformed into this divine dragon. He didn’t recognize the words, but the picture could explain everything.

His heart pounded as he said to himself, “The first level of the Dragon God Art, Dragon Transformation? That means I can transform into a dragon god?”

“Holy shit!”

“Do you need to be that fierce?”

“Way too fierce, right? Transforming into a Dragon God, this... this...” Luo Tian couldn’t imagine it. Dragon God’s Forbidden Technique, what was a forbidden technique? This was a forbidden technique! Adding the two words Dragon God in front of the forbidden technique instantly increases the power of this forbidden technique by ten thousand times!

Martial Skill: First level of the Dragon God Art, Dragon Transformation!

Grade: ? ? ?

Cooldown: One day

Description: Transforming into a Dragon God is the first level of the Dragon God’s Forbidden Technique. The user possesses world-destroying power, but will also be counterattacked by the Dragon God, suffering the same amount of pain. This technique is a forbidden technique. Only the Dragon God can use it freely. Practitioners must be careful of the backlash and risk cultivating a Demonic Dragon Heart!

“What the hell?”

“A Sharingan-like martial skill?”

“Activating it also requires enduring pain?”

Luo Tian was taken aback, feeling a little unhappy. “Is this the kind of garbage guarded by the Azure Dragon Clan? Impossible, right? This was still the first page. The Dragon God’s Forbidden Technique has at least a dozen pages. Could it be that cultivating it to the later stages will directly result in being played to death by the Dragon God?”

Annoyed!

Illusion Fairy was silent for a bit before saying, “If your physical body is strong enough, I have a way to restrain the backlash from using the Dragon God’s Forbidden Technique.”

“Huh?”

Luo Tian was overjoyed and immediately asked, “What way?”

Illusion Fairy then said, "I can teach you a skill called the Star Shifting Technique, which can transfer the pain from your body to another place. But the prerequisite of that skill is that your physical body must be strong enough to withstand the Star Shifting Technique; otherwise, it's useless."

A strong physical body meant higher endurance.

How domineering and powerful would transforming into a Dragon God be?

The power one wielded would reach a terrifying realm!

At that time, crushing the Hai family's Crown Prince would be just a matter of thought.

Luo Tian started feeling excited just thinking of this. He then asked, "To what extent must the physical body be cultivated?"

Illusion Fairy replied, "At least a level nine physical body."

"It's not that high!"

"Give me a few days, and I will definitely achieve it. I'll cultivate a Great Perfection Realm physical body for you to see." Luo Tian didn't think that a level nine physical body was very strong at all, but instead thought it was a simple thing to accomplish.

Except, Illusion Fairy's next words were like a bucket of ice water, making him feel completely cold.

"Your current physical body is not even level one, so it is still a long way for you to reach a level nine physical body. The physical body cannot be improved overnight. It requires repeated tempering and also powerful external force as assistance."

Luo Tian's heart sank while he felt weak all over.

"Then, when will I be able to cultivate a level nine body?"

"Do you have any shortcuts for me?"

What is the use of the Dragon God Art if you can only look at it?

Illusion Fairy thought for a while before saying, "There is. You can use the power of the Heavenly Tribulation. This power can also quickly improve your physical body, but under the Heavenly Tribulation, you either live or you are completely destroyed. You have to think carefully because that's the only shortcut."

Luo Tian was dumbstruck.

This is basically trying to get me killed!

But for the Dragon God Art, and to be able to step on the Crown Prince, Luo Tian still resolutely said, "Okay!"

Illusion Fairy then muttered, "There is no Heavenly Tribulation here, and I can't summon the Heavenly Tribulation either. This kind of thing is not something you can have just because you want it. You need to be fated with it."

"I..."

Luo Tian was completely speechless.

Also at this time, Zhang Dalang was running back in a hurry.
