

Leveling Up 1201

Chapter 1201: A Gamble With One In Nine Chances At Survival

“Something bad happened!”

“Big Brother, hurry up and escape! The people from the Hai family aren’t letting you off!”

“Quickly escape!”

Zhang Dalang hurried back while shouting and looking anxious.

Luo Tian came out of the guardhouse, setting aside the matter of the Dragon God’s Forbidden Technique. His brow faintly tightened while he looked at Zhang Dalang and asked, “What happened? Why won’t they let me off?”

Zhang Dalang was breathing like a cow, holding onto the wall, and gasping for air. He then said, “You took the Crown Prince’s property, and you also killed three super grade talent martial artists who signed a contract with the Hai family. What’s more, you made Hai Fengtian, the Crown Prince’s favorite uncle, lose face. The Hai family has placed all of this on your head. This time, the highest level of the Misty Cloud Academy, which is the Elder Council, severely reprimanded the Dean and Vice Dean. Dean Huangfu’s position is in jeopardy!”

The severity of the matter exceeded Luo Tian’s expectations.

He knew that the power within the Misty Cloud Academy was very complicated, but he didn't expect that even Huangfu Jue couldn't handle it.

"The Hai family's power is really not simple!"

Luo Tian's heart sank as his understanding of the Hai family's strength was renewed. He then asked, "What happened in the end?"

He wanted to know the result.

He also wanted to see if the words Huangfu Jue said to him by the lake could be realized!

Zhang Dalang said, "Your special recruitment qualification has been cancelled, the Dean has been demoted to become the Vice Dean, and the Dean of Misty Cloud Academy is temporarily taken over by Elder Tian Long. Vice Dean Ren has been demoted to an ordinary teacher and is not allowed to interfere in the management and training of super grade talent martial artists!"

"What?!"

Luo Tian's brow tightened, "What did they do wrong? Why do they have to accept this kind of punishment when they haven't done anything wrong?"

They didn't make any mistakes, but they have to suffer this kind of punishment?

The Hai family was that domineering?

Moreover, how could Huangfu Jue accept it lying down?

Luo Tian couldn't understand any of this.

Zhang Dalang then said, "I don't know, but all of this should be related to you. The Dean and the Vice Dean didn't resist at all and completely accepted the sanctions of the Elder Council. They did make one request at the end, but I haven't found out what this request is yet."

To be able to find out these things in such a short time, it showed that Zhang Dalang had some tricks up his sleeve.

"Hai family!" Luo Tian clenched his fists while spitting out those two words!

Zhang Dalang hurriedly said, "Big Brother, you should leave Misty Cloud City now. The Hai family will definitely not let you go. You made the Hai family lose face, so they will definitely make you disappear. Also, I heard that you had a feud with the Hai family in Towering Cloud City and injured Hai Yulong. This way, the Hai family will be even less likely to let you off."

"Wait a minute, we can't do that. The Hai family's power is all over the Central Continent. You'd better leave the Central Continent altogether in order to be safe." Zhang Dalang hurriedly added.

Luo Tian did not speak, but the corner of his mouth was slightly raised to reveal a cold smile.

At this moment, Ren Xiaoyao's figure silently landed in the guardhouse. He coughed lightly and said, "Luo Tian, come over here."

Luo Tian was shocked. The cultivation base of the Holy Spirit Realm 6th rank was terrifying. He didn't even know when Ren Xiaoyao had come.

Zhang Dalang immediately shut his mouth and retreated to the side.

Luo Tian walked into the guardhouse, and Ren Xiaoyao instructed, "Don't let anyone else approach."

Zhang Dalang nodded and said, "Yes, sir!"

Inside, Ren Xiaoyao was silent for a full ten minutes before he frowned and said, "Two paths: First, I will send you away from Misty Cloud City, away from the Central Continent. This way, you will be very safe, and the Hai family will definitely not look for you again."

"And the other path..."

Speaking up to this point, Ren Xiaoyao was silent for another half minute before continuing, "This path may be a dead end. It is full of danger for you. You will not only have to face the Hai family, but also the entire Misty Cloud Academy. Maybe even other king level forces within the Misty Cloud City."

It was like being enemies with the whole world!

Luo Tian said calmly, "Just say it directly."

Luo Tian had no interest in the first path.

He was not a person who liked to run away from problems!

If you aren't happy, just fight it out!

Ren Xiaoyao looked at him and said, "Your special recruit qualifications were cancelled. The second path is that if you want to become a student of the Misty Cloud Academy, you must pass the next two rounds of assessment. In the second round of assessment, the Hai family will send thousands of martial artists to join, and many are assassins on the Poseidon ranking. In addition to this, you will also have to face the experts of other king level forces. This is a path with one in nine chances at survival. Even if you pass the assessment and become a student of the Misty Cloud Academy, it is not the end. You must become the strongest student of the Misty Cloud Academy within three years. Only in this way will you be qualified to climb Heaven's Chosen Mountain and become a Heaven's Chosen One. At that time, the Dean will have other arrangements for you."

The Hai family and other king level forces of Misty Cloud City!

Many super perverted, talented students of Misty Cloud Academy!

And the super complicated relationships between each other.

There are probably lurking devil sect experts in the Misty Cloud Academy as well. All of these were his potential dangers.

Just as Ren Xiaoyao said, only one in nine chances of survival!

Before Luo Tian could answer, Ren Xiaoyao said again, "If I were you, I would choose the first path. This is human nature, and I will respect your choice."

"Nope, I will be choosing the second path." Luo Tian replied without hesitation.

"My purpose in coming to Misty Cloud City was to become a student of the Misty Cloud Academy. Then, become the strongest student and climb Heaven's Chosen Mountain, standing at the very top of it!"

And fuck over the Hai family!

Become a sorcerer and refine the antidote to the Soul Poison. And help Illusion Fairy refine a physical body.

These were all the things that Luo Tian needed to do.

The only way he could achieve all of this was by becoming a heaven's chosen one!

Ren Xiaoyao's expression abruptly changed, and a trace of surprise appeared in his eyes. He said heavily, "The Dean really didn't misjudge you. He said from the beginning that you would choose the second path. He was right. Don't worry, the Hai family's high-level members, including the Crown Prince, will definitely not touch you within three years. This is the Hai family's promise to us."

Luo Tian immediately analyzed the conditions they had proposed and said, "This is the condition you proposed?"

Ren Xiaoyao replied, "Yes, Dean Huangfu was demoted, and I became an ordinary teacher with not much power. All of this is for you. There's no need for you to feel too much burden either. We believe in you; you can definitely do it!"

All the bets were placed on Luo Tian.

The risks they took weren't just your typical big risk.

When Huangfu Jue made this decision, a sense of fear arose in his own heart.

But this may have been his only choice. Otherwise, the Misty Cloud Academy may cease to exist in less than ten years, and the Hai family will control the entire Central Continent!

Luo Tian's heart tightened as he muttered to himself, "Their bet is a bit too big."

It would be a lie to say there was no pressure.

However, this pressure could be considered one of his motivations. Luo Tian hiddenly clenched his fists under his sleeves and said, "Don't worry, I will definitely make the Hai family pay the price."

Ren Xiaoyao smiled and said, "You go back first. Sign up tomorrow, and enter the second round of assessments the day after tomorrow."

Luo Tian left.

Ren Xiaoyao stared in the direction where Luo Tian disappeared off to. At some point, Huangfu Jue appeared silently in the guardhouse and muttered, "We may have gambled too big this time."

Chapter 1202: If Someone Sends You Experience Points, Just Accept It

Huangfu Jue and Ren Xiaoyao had exchanged their management rights of the Misty Cloud Academy to ensure Luo Tian's safety for three years!

But that was only to restrain the Hai family's high ranking members and the Hai family's Crown Prince from taking action.

There were many experts in the Hai family. Setting aside those high ranking members, Luo Tian's situation was still quite dangerous.

It was already nighttime when Luo Tian returned to the backyard of the Dongfang Restaurant.

He walked into the simple courtyard and noticed there were no lights on, making it pitch black. Luo Tian then muttered, "It seems that Uncle Dongfang hasn't come back yet."

But at this moment, a sharp arrow shot out that was locked onto Luo Tian's vital point.

The arrow was covered in an earthen-yellow glow, augmented with an earth-type yuan energy. If it struck its mark, Luo Tian would be seriously injured, even if he didn't die.

"Watch out!"

A muffled voice struggling to yell out the warning came from a dark corner of the courtyard.

It was Dongfang Shuo's voice!

"Courting death!"

His voice hadn't even faded when a person next to him kicked out, striking Dongfang Shuo's chest with a loud "bang~!"

Dongfang Shuo spat out a large mouthful of black blood from the impact.

The arrow whistled through the air with unparalleled sharpness.

Luo Tian's brow furrowed in surprise, but he wasn't too flustered. He took out the Divine Void Mirror and instantly summoned a clone. His real body then jumped to the side while hiding his aura.

"Swish~!"

An arrow pierced a vital point of Luo Tian's clone.

"Hahaha..."

"Just a piece of trash in the Martial Void realm. He was taken care of with just one arrow! What trash!"

"Light the torches!"

"Let me see what that kid looks like, since he was able to make the Dongfang Restaurant like this. The steward here is really trash, unable to deal with trash in the Martial Void realm." The man said very proudly.

Dongfang Shuo's heart ached as if he were the one dying!

The torches were lit, and the courtyard became bright.

At this moment, a small dagger was quietly placed on the neck of the man who had just spoken. A menacing face was revealed as it said, "If I'm a piece of trash, then what does that make you?"

"Gh, gh, ghost!" The man screamed miserably.

The expressions of the many disciples also changed in an instant. They looked at the corpse lying on the ground, and then looked at the person behind the man. They were completely identical! How could this be? He was clearly shot to death with an arrow, so how could he be...

The man was so frightened that his legs were shaking. He looked down at the dagger on his neck, and said fearfully, "Let's talk nicely, let's talk nicely! Don't do anything impulsively! I am an inner disciple of the Dongfang family, the direct disciple of the Dongfang family's head! Killing me will not do you any good!"

Luo Tian smiled and said, "Dongfang Xiong's direct disciple, huh? That's great. You give me a message to Dongfang Xiong, just say that Luo Tian has arrived. If he dares to touch Dongfang Shuo again, I will make him regret coming into this world."

The man's heart felt relieved as he immediately said, "Okay, okay, I will definitely convey your words."

Just when he wanted to leave, Luo Tian said coldly, "I didn't say I would let you pass along the message alive..."

As soon as his words faded, there was a flick of the dagger infused with the glow of yuan energy. The man's carotid artery was slit, causing blood to gush out and splatter all over the ground.

The surrounding martial disciples saw this, their faces horrified.

They were all frightened to the point of fleeing.

But how would Luo Tian allow them to leave so easily?

"I was worried about my lack of yuan energy, so you guys came just in time." Luo Tian snorted coldly.

He had a stomach full of fire after dealing with the Hai family's arrogance in the Misty Cloud Academy. He was worried that he had nowhere to vent it.

Since these ignorant people came to deliver experience and sin points, how could he let them go?

"Swish~!"

“Swish~, swish~...”

“Swish~!”

His figure was like a ghost, jumping back and forth in the night.

Divine Explosion activated!

Nine Yang Divine Magic activated!

He used all his strength to kill on each attack. He killed them with one blow and never gave them a chance to counterattack. He had to be ruthless when dealing with enemies!

In just ten seconds, there were six more corpses in the courtyard, and the courtyard instantly became quiet.

Dongfang Shuo held up a torch and looked at Luo Tian, tears streaming down his face. He had been trying to hold it back, but he couldn't in the end. He looked at Luo Tian excitedly and said, “You saved me again!”

The cultivation base of the person Luo Tian killed just now was in the Great Diffusion realm.

But that guy was still instantly killed by Luo Tian. The strength of the surrounding martial artists was also not low, but Luo Tian dealt with them like chopping cabbage and radishes, easily killing them all. Luo Tian's growth had exceeded his imagination!

He felt happy for Luo Tian!

Luo Tian quickly stepped forward and said, "Uncle Dongfang, why are you talking about saving or not saving? You are my uncle, hahah."

"Oh, right, where's Uncle Yao Hai?"

Dongfang Shuo went to find Yao Hai. Dongfang Shuo came back, but where was Yao Hai?

Dongfang Shuo was covered in injuries, and his face was somewhat pale.

Luo Tian frowned and asked, "Who beat you like this? Is it the Dongfang family? That Dongfang Xiong who snatched your position as the family head?"

"His granny!"

Luo Tian was instantly enraged, about to rush out of the courtyard.

Dongfang Shuo quickly grabbed onto Luo Tian and said, "Don't go! The current Dongfang family is no longer the Dongfang family it used to be. The current Dongfang family is already a subsidiary force of the Hai family. In addition to the experts of the Dongfang family, there is also a powerhouse of the Holy Spirit realm protecting the Dongfang family."

The Hai family was moving very quickly!

They were rapidly expanding their power!

They had never paid any attention to platinum level forces before, but this time, the Hai family had taken in the Dongfang family. The most critical point was sending a Holy Spirit realm expert to oversee things.

"Holy Spirit realm?"

Luo Tian didn't care in the slightest and shouted, "So what?! After beating you up like this, there's no way I'll let them go!"

No matter who it was, no matter how strong they were, if they crossed his bottom line, he would even dare to rip out the beard of the Heavenly Emperor!

However, Dongfang Shuo firmly held onto Luo Tian, preventing him from taking risks with the Dongfang family. He then said, "Luo Tian, I know your potential. You must learn how to hide yourself right now. Don't expose your powerful potential because of me. I'm just half a cripple now, a cripple who can't even withstand one move from Dongfang Xiong."

Dongfang Shuo smiled bitterly after saying that.

Over the years, the gap between him and Dongfang Xiong has become worlds apart!

Luo Tian's expression sank as he hiddenly clenched his fists. He could feel the pain, helplessness, and powerlessness in Dongfang Shuo's eyes. That feeling was really uncomfortable, just like how he felt with the Hai family's Crown Prince. It was like a mountain that was firmly pressing on one's heart.

Even though Luo Tian had never met the guy, his existence was like an invisible pressure, making it difficult for him to breathe. I was just like Murong Wanjian back then!

Dongfang Shuo then said, "We cannot stay at this place any longer. I've transferred Yao Hai to another place, and I'm here just waiting for you to come back. I didn't expect Dongfang Xiong to send people to ambush me. Follow me to another residence first because I have important things to tell you."

Chapter 1203: Utterly Enraged

Midnight.

Dongfang Shuo brought Luo Tian to a small courtyard in the slums that looked like a garbage dump.

A simple, small room.

On a bed board inside the room lay a dying middle-aged man.

It was Yao Hai!

Luo Tian stepped forward, his heart tightened while he continuously cast Super Regeneration.

However, Yao Hai's condition did not improve that much. Only his face became slightly rosier, and the pain he was feeling wasn't as intense as before. Yao Hai slowly opened his eyes. When he saw Luo Tian, he smiled excitedly, albeit with great effort.

It was full of joy!

"I knew you would definitely come. I knew I could wait for you to come."

"Heh heh heh..." Yao Hai laughed a few times.

"Cough~, cough~, cough~..."

After those few coughs, he coughed up a large mouthful of black blood. Luo Tian cast another Super Regeneration before taking out some healing pills, but Yao Hai refused them.

Yao Hai smiled and said, "Don't waste those pills on me; it's useless. My heart meridian is broken, and I won't live much longer. This last breath is just to see you one last time before I die."

Luo Tian clenched his teeth so hard that he almost cracked them!

The hatred surging out of him had never been so strong!

He was basically roaring inside his heart.

"Who did this?!" Luo Tian heavily spat out those three words, while killing intent started spreading out.

Dense killing intent fluctuated within a radius of several thousand meters. Some people walking nearby couldn't even breathe and felt extremely uncomfortable.

Yao Hai then said, "Luo Tian, thank you. Thank you for avenging my family, and thank you for letting me live this long. Being able to know you is the happiest thing in my life, but... cough~ cough~... but I can no longer continue walking with you. With my talent and strength, I'm not worthy to walk with you. Going on would only be a burden to you."

"Uncle Yao Hai..."

Luo Tian didn't know what to say as the hatred in his heart soared to another level.

The Grim Reaper's killing intent in his mind was acting like it was trying to break out of his sea of consciousness.

Yao Hai smiled faintly and said, "Luo Tian, you must live well. You must stand at the peak of this world."

After speaking to this point, Yao Hai's voice suddenly became serious as he said, "Bai Xiong and the others have been captured!"

"Ommm~!"

Luo Tian's mind suddenly seemed about to explode. His expression tightened as he exclaimed, "What?!"

"Sure enough..."

There was no trace of Bai Xiong and the others at the Misty Cloud Academy, which meant something had happened to them on the way.

Yao Hai had seen Bai Xiong in Towering Cloud City back then, so naturally, he recognized him!

Yao Hai continued, "He was captured by Dongfang Xiong and was given to the Hai family as a gift. This is the reason why the Hai family absorbed the Dongfang family as an affiliated force and sent a Holy Spirit realm powerhouse to protect them. This was to prevent the Misty Cloud Academy from sending people to investigate them."

In addition to Bai Xiong and the other two, there were also the two Misty Cloud Academy stewards!

Chen Dongfeng and Old Xu must be dead, or else Dongfang Xiong wouldn't be afraid of the Misty Cloud Academy investigating.

The Dongfang family was just a platinum level force. Even if they had ten thousand guts, they wouldn't dare to provoke the Misty Cloud Academy.

Luo Tian then asked, "Have their identities been exposed?"

This was the point that Luo Tian was most worried about.

If their identities were exposed, the Hai family would definitely not spare them. Even if their cultivations were all super grade talents, and Lin Dong's was a supreme talent, the Hai family would still choose to eliminate them at the root!

Yao Hai shook his head and said, "I don't know anything about this. But I did overhear the conversation between Dongfang Xiong and that Holy Spirit Realm expert. Bai Xiong and the other two will participate in the second round of assessment, and they will do so under completely new identities."

“It seems like they want Bai Xiong and the others to enter the academy’s secret training ground for super grade talent martial artists.”

This was an absolute secret of the Misty Cloud Academy.

The Hai family has always wanted to know, but they have failed to find out.

The training ground for super grade talent martial artists was the most powerful place of the Misty Cloud Academy. Once super grade talent students go through the training, their talents will be amplified and stimulated infinitely, and their cultivation will improve at an extremely terrifying pace. This was a place that the Hai family was wary of, and also a place that the Hai family wanted to obtain!

“Hai family...”

“Hai family...”

“It’s the Hai family again!”

“Those motherfuckers are everywhere!” Luo Tian cursed out with a frown.

A cold glint flashed in his eyes before his killing intent soared. His fists were clenched, and his joints made cracking sounds. Ever since the Hai family appeared in Luo Tian's world, he has always been in an awful mood.

Yao Hai grabbed Luo Tian's sleeve and said, "Luo Tian, listen to me. Before reaching the Honorable Emperor realm, you absolutely cannot provoke the Hai family. And don't avenge me either. My life has been worth it. Remember...remember...don't avenge me...don't..."

Before he could finish speaking, Yao Hai's ruddy complexion suddenly turned deathly pale. His body slowly turned cold. Only his hand was still gripping Luo Tian's sleeve tightly, as if he was telling Luo Tian not to avenge him!

"Uncle Yao Hai!"

"Uncle Yao Hai!"

"Yao Hai! Yao Hai..."

Luo Tian's heart was aching.

He still remembered when he first came to the Ancient World, Yao Hai had given him a second chance to test his talent, and then gave him a Stealth Pill to escape a calamity. Luo Tian remembered these bits and pieces in his heart. He would never forget the kindness shown in his life!

As for hatred, it was naturally the same.

“If I don’t avenge this, I swear I’m not human!”

“Dongfang Xiong, you just wait for me!” Luo Tian nearly roared out.

The baleful aura erupting from his body was extremely dense, even causing Dongfang Shuo to shiver uncontrollably.

Dongfang Shuo then said, “Luo Tian, remember Yao Hai’s words. Before reaching the Honorable Emperor realm, don’t provoke the Hai family. As for us, you don’t need to avenge us. Don’t let us affect your plans.”

He was worried about Luo Tian acting rashly.

Luo Tian was only at the Martial Void 5th rank; his strength was still very low.

Even if the Dongfang family didn’t have the Hai family’s Holy Spirit realm powerhouse standing guard, he still wouldn’t be a match for Dongfang Xiong. How can a platinum level force be that easy to deal with?

Right now, Luo Tian could still deal with martial artists in the early stages of the Great Diffusion realm. But once he encounters experts in the third or fourth rank of the Great Diffusion realm, he would

definitely feel strained. Without using a transformation card, he was definitely not a match for any late stage Great Diffusion martial artists.

Luo Tian restrained his aura and said, “Uncle Dongfang, don’t worry. I won’t act recklessly.”

Luo Tian also knew that he was no match for the Dongfang family.

But Yao Hai’s revenge must be settled!

Soon, he would make Dongfang Xiong regret coming into this world.

Very soon!

Luo Tian said to himself, “Wash your ass and wait for me!”

“Hai family! You want to take all one thousand places this time, right?”

“Just you wait and see!”

“I won’t let you get a single place!” Luo Tian clenched his fists beneath his sleeves.

Looking at Yao Hai on the bed board, he said silently in his heart, "Uncle Yao Hai, have a good journey. I won't let you die in vain. The day after tomorrow, I will use the heads of those Hai family disciples to pay tribute to you!"

"I, Luo Tian, swear to the heavens!"

Killing intent!

Never has his killing intent been this intense.

He had never been this angry before.

"Provoking this daddy?!"

"This daddy will truly fuck over all eighteen generations of your family!" Luo Tian's killing intent surged.

He then said to himself, "Hai family, you just wait for me..."

Chapter 1204: A Storm Is Brewing

The night was spent in sadness.

The next morning, Luo Tian arrived early at the entrance of the Misty Cloud Academy.

Ren Xiaoyao was also early, waiting for him at the academy gate.

Today was the last day of registration for the second round of assessment, and all those who passed the first round of assessment had come. With the addition of more than a thousand new disciples suddenly added by the Hai family, the academy gate was now crowded and noisy.

The registration line was very long.

Luo Tian clicked his tongue and muttered to himself, "I thought I came early, but I didn't expect everyone to be earlier than me!"

Ren Xiaoyao smiled faintly and said, "Follow me."

The two walked towards the front of the line.

Ren Xiaoyao came to the registration place and said with a smile, "Little Zhu, this is Luo Tian."

The young man called Little Zhu acted as if he hadn't seen Ren Xiaoyao and said coldly, "Go line up!"

Ren Xiaoyao was momentarily stunned before continuing, "His name was reported by Dean Huangfu yesterday; you just need to register it."

"Go line up!"

Each word was spoken heavily, and he still didn't look up at Ren Xiaoyao.

There was a trace of contempt on his face.

Ren Xiaoyao was the Vice Dean yesterday, and even if he was demoted, he was still a mentor and an old-timer in the academy. This guy didn't even give him this little bit of face?

Not only was he not giving face, but he was also showing disgust.

Ren Xiaoyao hid his frown and said with a smile, "I didn't expect you to become a member of the Hai family as well. But he was personally reported by Dean Huangfu, you..."

Zhu Dacheng rudely interrupted Ren Xiaoyao and sneered, "Dean Huangfu reported the name, right? Then go find Vice Dean Huangfu to register him."

The tone of voice was extremely arrogant.

After saying that, he suddenly said, “Tsk~, does he think he’s still the Vice Dean? Why doesn’t he take a look at what his position is now? Just an ordinary teacher, and he wants to show off in front of me? Humph~!”

Utter disdain!

He didn’t put Ren Xiaoyao in his eyes at all.

Ren Xiaoyao frowned again, revealing a displeased expression.

At this time, Tian Yihong hurried over from the other side and shouted angrily, “Zhu Dacheng, why are you talking to him like that?! Back then, you were brought into the Misty Cloud Academy by Vice Dean Ren! Have you forgotten it after only a few years?! Such an ungrateful thing!”

Zhu Dacheng sneered, “Did I need him to bring me in? I relied on my own strength. Tian Yihong, you better pay attention to your words, and don’t associate me with this old thing. What good life can you have from following him?”

Luo Tian couldn’t stand it anymore.

This wasn’t just making things difficult, but purely insulting now.

Moreover, when Zhu Dacheng was speaking, he kept staring at Luo Tian coldly.

He was obviously just targeting Luo Tian!

Right after that, Luo Tian pulled on Ren Xiaoyao's clothes and said, "Elder Ren, let's go line up."

Tian Yihong was fuming.

Luo Tian then said, "Elder Tian, why should we bother with what a dog says?"

Zhu Dacheng's eyes widened like a cat getting its tail stepped on. He suddenly jumped up and shouted, "Kid, who are you calling a dog?!"

Luo Tian was not afraid at all. With Tian Yihong and Ren Xiaoyao, two great experts, here, did he need to fear Zhu Dacheng? He smiled and replied, "Whoever answers is the one I'm calling a dog."

"You are courting death!"

Zhu Dacheng looked like he wanted to slap Luo Tian right that instant.

But before he could attack, Ren Xiaoyao's Holy Spirit 6th rank pressure came crashing down like a heavy thunder. Zhu Dacheng was instantly crushed to the ground, his face pale and his expression pained.

Tian Yihong said contemptuously, "You ungrateful thing."

Right after that, the three of them walked towards the back of the line.

Just after they left the registration office, several people in the crowd wearing the clothing of a Hai family disciple had a gloomy expression on their faces. One of them said in a low voice, "That kid is Luo Tian."

"Have you remembered his appearance?"

"This is the first task the Hai family has given us. If we can't even solve this Martial Void realm trash, then what qualifications do we have to stay in the Hai family?"

"Just him? Hehehe ...just wait and see. I can kill him with one finger."

"Don't underestimate him. He can kill super grade talent martial artists, so he is not simple. And the cultivation techniques he uses are very strange, some of which we have never even seen before. When we enter the assessment ground later, we will slowly play him to death."

Each Hai family disciple had Luo Tian's appearance imprinted in their minds!

This was their first task for the second round of assessment.

A task that must be completed!

Apart from the Hai family, there were also other people who were paying attention to Luo Tian.

Luo Tian was at the end of the line, looking around, trying to find Bai Xiong, Lin Dong, and Bai Lingling. But there were simply too many people around, so he couldn't find them after searching for a long time.

Even though Luo Tian couldn't find them, Lin Dong and the other two found Luo Tian!

However, their appearance now was different from before, and their aura was also different.

Also, the names they were going by were different.

It was like they had completely changed into another person.

In addition to this, their bodies were also different from before.

Bai Lingling tried really hard to control herself, tears welling up in her eyes.

Lin Dong said in a low voice, "Control yourself, and don't let the boss find us. Otherwise, he will be in even more danger."

Bai Xiong looked at Luo Tian's figure in the distance and clenched his fists under his sleeves. He then said to himself, "Boss, we're in the wrong, but don't worry, we will definitely not let you down."

Registration finally ended after a whole day.

Luo Tian successfully registered and received a wooden identity plaque.

At evening time, the Misty Cloud Academy's open athletic field was filled with people.

There were as many as 50,000!

These people were all the most outstanding martial artists among the younger generation on the Central Continent, except for those with super grade talents.

Luo Tian didn't recognize any of these martial artists except for Liu Zhan, whom he had a brief encounter with yesterday.

“The three people you mentioned aren’t here. They are on the list for the second round, but they didn’t come. If it’s really as you said, then they may have been disguised by the Hai family, and it is very likely that they have been controlled by the Hai family.” Tian Yihong walked to Luo Tian and said in a low voice.

Luo Tian’s heart sank as he said to Tian Yihong, “Thank you, Elder Tian.”

Tian Yihong hesitated for a moment but finally said, “Luo Tian, I don’t know how good your relationship is with them, but many things in this world can change in an instant. Don’t trust anyone in the assessment venue, no one!”

Even though it wasn’t very polite to say that, he was doing it for Luo Tian’s sake.

Among the more than 50,000 martial artists, how many were from the Hai family?

No one knew for sure!

Luo Tian didn’t know them or recognize them, but the people from the Hai family recognized him, so he could be in danger at any time.

Moreover, since the Hai family can put disguises on Lin Dong and the others, they can naturally make people disguise themselves as Lin Dong and the other two!

Chapter 1205: I'm Here To Pursue The Ice Queen

Sometime in the evening, the Acting Dean, Elder Tian Long, walked onto a high platform.

He was an old man with white hair and eyes that made him look unfathomable. Luo Tian glanced at him from afar and felt that the old man was looking back at him and seeing through everything. Before that gaze, Luo Tian felt like he was naked, a very uncomfortable feeling.

Tian Long cleared his throat lightly before saying, "First of all, congratulations to you all for passing the first round of assessments. Secondly, I wish you all good results in the second round of assessments."

Immediately after, Tian Long turned his gaze towards the eight directions on the athletic field. There were eight people dressed as child-servants standing in those eight directions. He then said, "Open the channel!"

The eight child-servants nodded.

Right after that, they sat down cross-legged, and a ripple-like energy appeared on the right side of the eight people. The energy was slowly turning and twisting, and finally morphed into a large spatial teleportation portal. It was a teleportation portal that could allow dozens of people to pass through at once.

Eight doors materialized and opened up.

Tian Long then said, "The teleportation portal will take you to a mountain range full of demonic beasts. As long as you cross the mountain range and walk out from the other end, you will pass the assessment. The time limit is ten days!"

"It is a real world inside; therefore, dying will be permanent death. I hope you can all work together to pass the assessment."

"Alright, let's start heading in!"

The second round of assessments was completely different from the first round!

If there were many restrictions in the first round, then the second round had no restrictions at all.

Which meant you could do whatever you wanted inside. Anything you wanted!

Including killing others!

The corners of Luo Tian's mouth curled up as he said to himself, "Hai family, here comes this daddy!"

The crowd lined up in order and entered the teleportation portals one by one.

Many martial artists had already started shouting loudly.

“I am at the Martial Void 8th rank, and have a top grade talent! Does anyone want to team up to break through the obstacles with me?!”

“I cultivate a spirit grade healing technique! My healing power is plenty sufficient, so please take me in!”

“Great Diffusion 1st rank! Super strong combat power! Brothers who want to team up can come towards me!”

“I’m a girl and can warm your bed! Experts, please carry me!”

The scene was just like an online game.

Luo Tian was a little stunned watching because the scene was too familiar.

He started walking towards several teams recruiting, but before he could reach them, someone from the group would shout, “We’re full! We’re full!”

Or Luo Tian would hear them shout, “We don’t accept trash below the Martial Void 6th rank!”

“Scam! Scram! Scram! We don’t accept trash!”

Luo Tian didn't really want to join any team; it was the familiar atmosphere that made him want to feel once more. When he saw their contemptuous expressions, he only smiled faintly before turning a deaf ear to the discussions behind his back.

At this time, a person standing behind Luo Tian said weakly, "Do you want to team up?"

It was the voice of a girl.

The voice sounded very pleasant.

However, Luo Tian didn't hesitate to reply, "I prefer to be alone."

The moment he turned around, he started regretting a bit when he saw the girl in front of him. He paused for a bit before saying, "It's you?"

It was Huangfu Ya.

Huangfu Ya pouted, while behind her was a group of young martial artists begging to team up with her. All their cultivations were not low.

"Humph~!"

“I gave you a chance, but you didn’t know how to cherish it. How dare you reject this lady? Kid, don’t beg me when you get inside, humph~!” Huangfu Ya said angrily.

Luo Tian was a little puzzled.

Huangfu Ya’s talent was definitely at the super grade!

However, she’s deciding to participate in the second round of assessments?

This...

Huangfu Ya raised her fist at Luo Tian, as if she saw through what Luo Tian was thinking. “Don’t think too much, this young lady just wants to train herself. The yuan energy in this spatial world is several times richer than outside. When this lady breaks through to the Great Diffusion realm, I will definitely beat you down, humph~!”

Luo Tian smiled bitterly.

This was definitely the act of someone looking for trouble!

Moreover, wasn’t she afraid of the people from the Hai family because of her identity?

What is really going on in a woman's mind?

Luo Tian naturally wouldn't understand.

Besides the excuse of training, Huangfu Ya was entrusted by Yi Yunmeng to protect Luo Tian!

Huangfu Ya was Huangfu Jue's only daughter. Even if the Hai family wanted to deal with Huangfu Jue, they wouldn't dare to mess around too much, let alone do anything to Huangfu Ya. Once they angered someone ranked in the top ten of the Central Continent, the consequences would be unimaginable!

It was precisely because of this that Huangfu Jue did not stop Huangfu Ya.

Her little thoughts naturally couldn't escape her father.

"Ya Ya, that kid is just trash, so why team up with him? I'll protect you, I'll make sure you pass safely."

"Am I very familiar with you? Who do you think you are, saying others are trash? Can you beat three super grade talent martial artists? If you can't, then please shut your mouth, humph~!" Huangfu Ya made an imperial family disciple feel ashamed.

She was like two completely different people towards Luo Tian and towards other people.

At this moment, a man walked to Luo Tian's side and said with a smile, "Looks like she is interested in you."

"Huh?"

Luo Tian turned to the side and saw who it was, "It's you!"

The man was Liu Zhan, whom Luo Tian had a brief encounter with at the special recruitment hall.

Liu Zhan smiled and extended his right hand, "Hello, I'm Liu Zhan!"

Luo Tian shook it and said, "Luo Tian!"

Liu Zhan then said, "It's a bit of a pity yesterday. I left too early, otherwise I would have been able to see you crushing those three arrogant super grade talent martial artists to the ground, hahaha..."

The words Luo Tian spoke to him yesterday had woken him up.

Everything had to be earned by oneself.

Even if the obstacles before you are difficult, how do you know you can't do it if you don't try?

Isn't it just the Hai family, a king level force?

Luo Tian smiled and said, "Brother Liu is joking. With Brother Liu's cultivation, dealing with the three of them is just a matter of thought. It's just that their talents are slightly better, but talent can't determine everything."

Liu Zhan smiled, feeling that Luo Tian was very much to his liking. He then changed the topic and joked, "If the Dean's daughter took a fancy to me, I definitely wouldn't participate in this assessment. I'm not that bored, hahaha..."

"If I were you, I definitely wouldn't have refused just now. Look at her hot figure. You didn't even know that she is one of the top ten beauties in the Misty Cloud Academy, right? The people pursuing her can circle the academy hundreds of times! Only you would refuse. If I were invited, it would definitely feel very awesome."

Luo Tian had a few black lines hanging on his forehead. He originally thought that Liu Zhan was a reserved person, but after hearing him say those things, he realized that he was completely wrong.

"I didn't expect Brother Liu to know so much about the beauties of the Misty Cloud Academy."

“Of course I know them! Let me tell you a little secret...”

Liu Zhan became mysterious and said in a low voice, “The purpose of my coming to the Misty Cloud Academy is to pursue the Ice Queen Yi Yunmeng.”

“Huh?”

Luo Tian was shocked as he stared at Liu Zhan.

Liu Zhan saw Luo Tian’s especially stunned expression and asked, “Do you know her or something?”

Chapter 1206: The Second Ghost Servant Moves Out

Luo Tian didn’t respond.

Liu Zhan said again, “You definitely don’t know her. How could she possibly know a guy like you?”

Luo Tian smiled and replied, “I heard that she was poisoned by a Hai family’s sorcerer and her face was completely ruined.”

Liu Zhan was a bit surprised, but still smiled with a lecherous expression, “Looks like Brother Luo is a like-minded person. You even know that the Ice Queen’s face was ruined, hahaha... Actually, it wasn’t ruined, but poisoned. As long as I become the strongest student, and then represent Misty Cloud Academy to climb Heaven’s Chosen Mountain, become a heaven’s chosen sorcerer, and then detoxify

her and restore her peerless appearance, she will definitely love me to death! At that time... wow... this young master will definitely be the happiest man in the world..."

"Huh?"

"Hey! Hey! Hey..."

"Brother Luo, where are you walking off so quickly?"

"I haven't finished talking yet."

While Liu Zhan was immersed in his fantasies, Luo Tian couldn't listen anymore.

However, what Liu Zhan said was also what he had planned to do.

It's a very painful thing for a girl's face to be ruined.

Moreover, half of Misty Cloud City already knew that he had crushed three super grade talent martial artists in the special recruitment hall. Yi Yunmeng couldn't possibly not know, yet she still didn't appear. She must be hiding from him.

Thinking of the black spots on her face made the hatred of the Hai family intensify in his heart.

“Big grudges and small hatred...”

“All of them added together is enough to make this daddy fuck you guys over a thousand times!” Luo Tian said to himself.

Liu Zhan chased after Luo Tian and said, “No matter what the Ice Queen turns into, she will always be a goddess in my heart.”

Luo Tian then asked, “Have you seen her before?”

Liu Zhan grinned and said, “This is my first time coming to Misty Cloud City.”

Liu Zhan then added, “Even though it’s my first time coming here, it doesn’t stop me from making her my Ice Goddess. Aren’t I here at Misty Cloud City now? In two more rounds, I’ll be a student of the Misty Cloud Academy. Then, I’ll naturally be able to see her. I’ll definitely show my most perfect side, and she’ll definitely be mesmerized by my handsomeness. Wow, just thinking about it makes me feel excited!”

“Eh?”

“Why is he walking away again?”

“Brother Luo, wait for me! I still have something important to tell you!”

Liu Zhan quickly chased after Luo Tian. When he was about to talk about Yi Yunmeng again, he saw the teleportation portal in front of him and asked seriously, "Brother Luo, how about the two of us team up?"

"With me?"

Luo Tian was a bit surprised and said, "You know that I have offended the Hai family, and the Hai family will definitely not let me go. Becoming allies with me will definitely not benefit you. If you can't pass the second round and can't see your Ice Goddess, don't blame me."

Although Luo Tian said it half jokingly, he didn't want to implicate anyone, including Huangfu Ya.

Except, Luo Tian didn't know how thick Liu Zhan's skin was.

Liu Zhan then said with a sense of righteousness, "It is precisely because the Hai family wants to deal with you that I want to form a team with you. With me here, I will protect you. You don't have to worry. I have finally found a like-minded person, someone who speaks my common language, so how can I easily let it go?"

Luo Tian was almost moved by that speech!

As soon as Liu Zhan finished saying those righteous words, he immediately added, "By the way, do you want to know some secret and interesting things about the Ice Queen?"

“Like what day her period comes?”

Luo Tian responded angrily, “Get lost!”

Liu Zhan didn't take it seriously and continued, “A woman's heart is very easy to conquer when they're having their period. Her stomach hurts, and you carefully take care of her, then won't she just love you to death? Hey, hey... why are you walking away again?!”

At this time, Luo Tian's figure had already been swallowed by the ripples of the spatial teleportation portal.

Liu Zhan quickly chased after him.

After all the prospective disciples on the athletic field entered the teleportation portal, Ren Xiaoyao, Tian Yihong, and others also left one after another.

At this time, the teleportation array should have closed.

But it didn't!

An old man appeared from the void beside Elder Tian Long and said something softly.

Tianlong frowned, then his expression relaxed before he breathed a sigh of relief. He then said, "Zhu Dacheng, go and take a few mentors to enter the dimension to maintain order. Remember not to cause any large-scale killings."

Zhu Dacheng's face lit up with joy, and he immediately said, "This disciple obeys!"

At this moment, a team of mentors that had been prepared for a long time walked out of the darkness.

One of them was wearing a black robe, so his face could not be seen clearly.

However, he was radiating a strong, dark aura, not trying to hide it at all.

Tian Long's gaze landed on that person, his expression showing his surprise. He wanted to stop that person, but in the end, he didn't say anything. He closed his eyes briefly before looking up at the night sky. He breathed out a heavy sigh and said to himself, "Hai Tongtian, this is the second time you have sent Ghost Servant to deal with the same person. Kid, I hope your death can calm the Hai family's anger."

Immediately after, his figure disappeared from the high platform with a flash.

Zhu Dacheng led eight people to enter through the eight teleportation portals respectively.

“Damn trash! Your death is at hand!” Zhu Dacheng snorted coldly.

Being called a dog by Luo Tian during the day made him extremely pissed off. He had been struggling for so long and finally found an opportunity to curry favor with the Hai family. This time, he wanted to take the lead to kill Luo Tian, so that he could make a contribution to the Hai family and truly become a member of the family!

Thinking about how he was going to be a true member of the Hai family, Zhu Dacheng couldn't help but smile happily in his heart.

“Ommm~!”

“Ommm~!”

“Ommm, ommm!”

The teleportation portals closed one by one.

The huge athletic field was empty.

A moment later, a figure landed on the field.

Immediately after, two more figures followed and landed.

“Hai Tongtian is too arrogant!”

“Elder Tian Long is really something. He knows that it’s Ghost Servant, but still lets him in. Which side is he on?”

Huangfu Jue then said, “Without being in the Dean’s position, you don’t know the difficulties a Dean has to deal with. Tian Long has no choice and has his own difficulties.”

“Please don’t tell me that nonsense.”

“While the rules of the teleportation portal haven’t completely disappeared, quickly open it. Otherwise, that kid will definitely die if he encounters Ghost Servant. I heard that the one being sent out this time is Ghost Servant Number Two, and his cultivation is already at the Holy Spirit 5th rank,” said an old man.

Huangfu Jue did not say anything.

He stretched out his hands and curled his fingers into claws. He aimed at the original location of the teleportation array and started pulling within the void. His robes rustled, veins bulged out on his

forehead, and suddenly, a rich heaven's chosen power surged from his body before coursing into the palms of his hands.

"Crack~..."

"Crack~..."

"Crack~..."

Cracks started appearing in space.

Signs that spatial laws were being broken!

This kind of power was extremely terrifying!

Under his hands, the disappeared teleportation portal re-emerged.

Even though it wasn't as strong as before, it was enough for a teleport!

The two old men hid their auras and entered it.

In that instant, Huangfu Jue relaxed his hands, and the teleportation array disappeared into nothingness. There were beads of sweat on his forehead to show how exhausted he was. Even if he was a super powerhouse in the Honorable Emperor realm, breaking the laws of space still required him to pay a great price.

Huangfu Jue breathed a sigh of relief and said to himself, "Everything now depends on what fate has in store for you."

Chapter 1207: The Time For Me To Dominate Has Come

Inside another spatial dimension, the participants from the eight different entrances arrived at the same world.

Each exit was about ten kilometers apart.

Each exit also happened to be located at the entrance to a large mountain range.

Once Luo Tian entered the spatial world, he quickly darted into the thick forest of trees without stopping, disappearing in the blink of an eye.

But there was a person following him closely behind.

It was Liu Zhan!

“What are you running so fast for?”

“Even if the people of the Hai family are bold, they wouldn’t dare to attack you at the periphery of the mountain range. After all, there are so many people here. Openly attacking would inevitably give them a bad image. When they do attack, they will attack in the depths of the mountain range, so why are you running so urgently?” Liu Zhan asked in confusion.

Luo Tian suddenly stopped on a treetop, and said very seriously, “You know my situation without me having to elaborate on it. The primary task of the thousands of talented disciples of the Hai family in this assessment is to eliminate me. Following me will only cause trouble for you, so you better stay away from me.”

Those were his sincere words.

Even though it was difficult to escape the encirclement and suppression of thousands of disciples of the Hai family by himself, Luo Tian still didn’t want to implicate anyone.

Liu Zhan rolled his eyes at Luo Tian and spoke like a big brother, “Don’t worry. I, Liu Zhan, have formed an alliance with you. Not to mention the Hai family, even if the experts of the entire continent wanted to eliminate you, I won’t leave.”

“I, Liu Zhan, will not easily give up on a friend!”

“Besides...”

Liu Zhan raised his eyebrows slightly and smiled cheekily. "I heard that Huangfu Ya and the Ice Goddess have an unusual relationship. If possible, could you ask Huangfu Ya to introduce me to her?"

"Hee hee~..."

"As long as you agree, I can help you with anything."

Whenever Yi Yunmeng was mentioned, Liu Zhan would have a lecherous look on his face. And Luo Tian couldn't help but want to kick him whenever he saw that face.

However, when he heard Liu Zhan's words, his heart felt slightly stunned. He then asked, "Is Huangfu Ya very familiar with Yi Yunmeng?"

Liu Zhan smiled and said, "That's for sure. They are both beauties in the top ten of the Misty Cloud Academy, so how could they not know each other? Huangfu Ya definitely knows Yi Yunmeng. If she could introduce me, I would be willing to do anything for her."

The corner of Luo Tian's mouth gently curved up into a smile. He raised his head and looked at the white moonlight shining through the leaves, and thought to himself, "Silly Queen, how are you doing right now?"

Immediately after, Luo Tian said disdainfully, "Don't expect me to introduce you to her. You should stay away from me."

After saying that, Luo Tian jumped up several feet, his feet lightly tapping on a leaf as light as a swallow. Then, he jumped to another leaf, flashing quickly through the forest like a ghost without leaving any sound.

Liu Zhan muttered to himself, "Damn it, you won't even help with this little thing? You have a strong personality. I like it, hahaha... Brother Luo, wait for me!"

In another area.

Hai family disciple, Zeng Yan!

He was an assassin on the Poseidon rankings.

He entered the assessment venue's mountain range to eliminate Luo Tian.

Behind him stood a row of disciples wearing the Hai family's clothing. One of them said, "We have already found the traces of that kid Luo Tian. He is in the southeast leading to the first peak. There is another person beside him, Liu Zhan, with a top grade talent. He was warned by the Hai family before, but no one expected him to be unafraid of death and still participate in the assessment."

Zeng Yan sneered, "Just two pieces of trash."

He didn't put them in his eyes at all!

He was at the peak of the Great Diffusion 2nd rank, and his talent was very close to the super grade. More importantly, he had cultivated a sky grade cultivation technique that was extremely powerful with a high lethality rate!

With his cultivation technique alone, he was able to squeeze into the top 800 of the Poseidon rankings!

“Continue to track them!”

“When they enter the depths of the assessment’s mountain range, that will be the date of their death!” Zeng Yan sneered.

He then said to himself, “One thousand killer points; it must be mine!”

“Order received!”

“Young Master Zeng, please be assured. Our people have been following right behind them.”

“Once they enter the depths of the mountain range, they will report it to us immediately!”

The Hai family disciples didn’t take the assessment to heart.

Their primary goal was Luo Tian!

In another area.

Huangfu Ya said, "Have you found out his whereabouts?"

A man wearing fashionable clothing said somewhat unwillingly, "He went southeast. Ya Ya, he doesn't pay any attention to you, so why do you have to care about that trash? Thousands of Hai family disciples are encircling him, and there are also many super assassins from the Poseidon rankings. He is now a jinx; whoever gets near him will be unlucky. Offending the Hai family is no joke..."

Before he could finish speaking, Huangfu Ya's figure disappeared.

She didn't pay any attention to the guy at all.

The man's eyes narrowed, revealing his displeasure. The muscles in the corners of his eyes were twitching as he said coldly, "Little slut, don't let me catch you off guard. Otherwise, I will definitely give you a good time. Still putting on a high and mighty appearance in front of me? Why don't you look at what kind of identity you have now? Do you still think your father is still the dean?"

"And there's that trash Luo Tian!"

“You better die in the hands of the Hai family! Otherwise, if you fall into my hands, I will definitely let you taste my, Huang Tianyu’s, methods!”

Behind him, a man asked, “Seventh Prince, what do we do now?”

“What do we do?”

“Chase after them! If something happens to her, I’ll make all of you guys suffer!” Huang Tianyu scolded angrily.

Dawn, a whole night of running.

Luo Tian had entered the depths of the assessment venue’s mountain range.

The dangerous aura of demonic beasts permeated the surroundings, making people feel apprehensive.

After stepping into the depths of the mountain range, Luo Tian’s speed had slowed down.

Liu Zhan was puzzled again.

He initially thought that Luo Tian wanted to rush to the exit in one breath, so he wouldn't have to worry about the Hai family disciples managing to surround him. But why was he slowing down now?

Liu Zhan then asked, "As soon as you stepped into the depths of the mountain range, you seemed to have slowed down quite a bit. Brother Luo, what medicine are you selling in your gourd?"

Luo Tian didn't reply. He furrowed his brow and released his spiritual sense.

Before he could detect it, Liu Zhan said, "Three kilometers behind us are six Hai family disciples at the Martial Void 8th rank, all with top grade talents. In addition to these eight people, there is also a Great Diffusion 1st rank martial artist hiding nearby. His talent is also top grade."

"Huh?"

Luo Tian was a bit surprised. Before he could sense it, Liu Zhan had detected their position.

Liu Zhan rolled his eyes at Luo Tian but suddenly stared at him in shock. His pupils grew larger while he asked, "Shit! You aren't thinking of getting rid of them, are you?!"

Luo Tian's mouth curled up to a smile as he replied, "I don't like being chased."

Liu Zhan was shocked. “You entered the depths of the mountain range so quickly because you already knew that they wouldn’t attack on the periphery of the mountain range. Since they would definitely attack in the depths of the mountain range, you just wanted them to attack sooner?”

“Correct! Unfortunately, there is no reward.” Luo Tian smiled at him.

He then said to himself, “The time for me to dominate them has come!”

Chapter 1208: Too Vulgar (2 in 1)

“No!”

“No! Absolutely not!”

Liu Zhan immediately grabbed Luo Tian’s leg, clamping onto his thighs. He acted like a discarded woman with eyes and expression completely the same.

“Do you know how many people the Hai family has sent out?”

“There are thousands of disciples on the surface, and tons of assassins from the Poseidon rankings in the dark. Once you turn around and kill them, more Hai family disciples will definitely surround you. Even if you are strong, you can’t be a match for thousands of people.” Liu Zhan said analytically.

Indeed, killing people took time.

Moreover, these martial artists from the Hai family who were tracking him were just the advance force. There were still a large number of Hai family disciples behind them. Once Luo Tian turns around to kill them, those Hai family disciples would inevitably swarm over, and he would definitely not be able to escape by then.

But to Luo Tian, so what?

Yao Hai was dead.

Huangfu Jue's abdication, the humiliation Ren Xiaoyao suffered during registration, and the unfair treatment he received were all because of the Hai family. Since the Hai family sent out so many disciples to hunt him down, why couldn't he fight back?

Luo Tian then said, "Brother Liu, can you please let go of my leg first?"

"I'm not letting go!" Liu Zhan said decisively.

Luo Tian shook his legs a few times, but couldn't shake Liu Zhan off at all. He then said, "If you let go, I will introduce Huangfu Ya to you."

"Haha, you're the one who said it!"

Liu Zhan immediately let go of Luo Tian's thigh.

Black lines appeared on Luo Tian's forehead. Were there only beautiful women in this guy's brain?

The moment his leg was freed, Luo Tian's figure shot out in a straight line like an arrow.

"Whoosh~!"

"Whoosh, whoosh..."

The sound of air being torn apart was heard.

"Boom~!"

Luo Tian couldn't react in time as he was smashed backward.

Had even a second gone by?!

Luo Tian grabbed the ground with one hand as his body slid back. Two long grooves appeared on the ground caused by his feet. There was a handprint on his chest, and his internal organs felt displaced. Luo Tian masked his surprise as he said to himself, "What great speed and power!"

He slid backward for dozens of meters before stopping.

The moment Luo Tian's figure stopped, a young man walked out from the darkness. The Hai family's logo was embroidered on the chest of his clothes. He glanced coldly at Luo Tian in the distance and sneered, "A piece of trash like you wants to hunt down my Hai family's disciples?"

"You overestimate yourself!"

Luo Tian didn't reply, but glared at Liu Zhan, who was still immersed in the beautiful dream of Luo Tian saying that he would introduce him to Huangfu Ya. The guy was drooling, completely unaware of what had just happened. Luo Tian almost felt like committing suicide.

He really wanted to give him a few kicks before shouting, "Liu Zhan!"

"Huh?"

"Wha?"

"Is Huangfu Ya here?" Liu Zhan immediately fiddled with his hair, posing in a posture that he thought was very handsome. When he looked over and found that it wasn't Huangfu Ya, his expression immediately turned cold. He then scolded angrily, "Who the hell are you?!"

Luo Tian shouted angrily, "My dumbass actually believed that you could sense everything around you! You didn't even notice that person so close to us! I've really been screwed by a dog!"

Liu Zhan glanced at the Hai family disciple and said directly, "You injured him?"

The Hai family disciple smiled coldly and replied, "He will soon die by my hands..."

"Whoosh~!"

Liu Zhan's figure disappeared.

In an instant, he had jumped up and clamped the Hai family disciple's neck with his leg and took him down to the ground. His fists were like a rainstorm as he cursed, "You fucking bastard, want to injure my friend?! A scumbag like you wants to injure my friend?! Do you know who he is?! He is the most important person in my life! Uh... no, he should be the second most important person! Only he can introduce me to Huangfu Ya! Only Huangfu Ya can introduce me to Yi Yunmeng! Injuring him is equal to destroying the possibility of knowing my goddess! Tell me, do you deserve to die?!"

"Bang~!"

"Bang~!"

"Bang, bang, bang~!"

Punches like a rainstorm.

That Hai family disciple couldn't even fight back. His body was slowly being bombarded into the soil, sinking to his waist while bleeding from all seven orifices. He wanted to beg for mercy, but was tightly clamped by Liu Zhan's leg. He could no longer make any sounds, not even a scream.

Luo Tian was stunned!

"Holy shit!"

He knew Liu Zhan's talent after seeing the results in the special recruitment hall. He just didn't expect the power Liu Zhan exploded with to be so terrifying. The Hai family disciple's cultivation was at the peak of the Martial Void 9th rank, but he was completely crushed. The burst of punches made no room for resistance!

Dead!

Wasn't Liu Zhan's power a little too perverted?

"Do you think you deserve to die?!"

“Do you deserve death?!”

“Do, you, deserve, to, die, or, not?!”

“Splat~!”

He stomped down hard, and the body of the Hai family disciple was buried in the ground. Only a clump of hair, like weeds, remained showing above ground. This was basically giving him a dirt burial!

After killing the guy, Liu Zhan spat a mouthful of phlegm on the top of the person’s head. “Injuring my friend is equal to disrespecting me! And those who disrespect me have only one ending, and that is death!”

After that, Liu Zhan patted his hands to get rid of the dust on his palms.

He then walked over to Luo Tian as if nothing had happened. He had a cheap expression on his face as he asked, “Brother Luo, were you serious about introducing Huangfu Ya to me?”

“Heh heh...”

“The Ice Queen is my goddess, but I won’t refuse Huangfu Ya either.”

Liu Zhan wished that Luo Tian would immediately take him to Huangfu Ya's side, and after the introduction, leave him and Huangfu Ya to talk about sweet nothings. How wonderful would that be?

Luo Tian sighed and replied, "I'm really not that familiar with Huangfu Ya."

"Cheh~!"

"Brother, that's not very nice of you."

"If you're not familiar with her, would she have taken the initiative to look for you?"

"Is it because you don't want to introduce me to her?"

"Brother Luo, Big Brother Luo, please help me!" Liu Zhan looked like he wanted to kneel on the ground and beg.

Luo Tian was really speechless.

He noticed Liu Zhan's combat power was terrifyingly high.

But whenever this guy talked about beauties, he would turn into a moronic idiot!

Luo Tian ignored him and quickly walked towards the depths of the mountain range.

He didn't go back to find the other Hai family members who were tracking him. He also didn't stay in one spot for too long because it was detrimental to his plans.

Seeing Luo Tian walking away, Liu Zhan muttered while looking at Luo Tian's back, "From the moment you rejected Huangfu Ya, I knew that you were destined to be my, Liu Zhan's, brother!"

Liu Zhan immediately rushed out to follow.

Outside the assessment's spatial world.

The Hai family.

A secret room was filled with more than a thousand life lamps.

Suddenly, one of the life lamps went out!

An old man guarding the life lamps opened his eyes to look over, then closed them expressionlessly.

He didn't care about a single lamp being extinguished. Among these life lamps, the flames from several lamps were particularly strong. As long as these strong lamps didn't go out, he didn't need to worry and didn't need to report anything.

One life lamp represented one Hai family disciple.

Before they entered the assessment, their life lamps were secretly lit!

This allowed the family to instantly know when the Hai family disciple died inside the assessment.

They could also change the mission immediately!

Within the assessment's mountain range.

Zeng Yan smiled contemptuously and said, "A Martial Void 9th ranker dares to show off? Courting death!"

At this time, a martial artist stepped forward and said, "Young Master Zeng, that kid has entered the mountainside of the first peak. There are some rank three and four demonic beasts in that area. This will be a very good opportunity for us. As long as the demonic beasts keep them occupied, we can take them by surprise and kill them!"

"Moreover, hundreds of Hai family disciples have already rushed over. If we don't hurry up, I'm afraid..."

Zeng Yan's brow tightened before he said with a smile, "Pass my order down, it's time to close the net!"

"Order received!"

Halfway up a mountain.

Liu Zhan sent a half-dead rank three demonic beast to Luo Tian and said, "This is the seventeenth demonic beast!"

"Boom~!"

Luo Tian slammed his right fist down like a hammer, instantly killing the demonic beast.

Liu Zhan quickly rushed to another demonic beast. With just a few consecutive moves, he beat it half to death before sending it to Luo Tian. "That's the eighteenth one. There are eighty-two demonic beasts left out of one hundred demonic beasts. You won't lie to me this time, will you?"

Luo Tian killed it again with one move before saying, "Brother Liu, I didn't say anything. If you want to know Huangfu Ya, you should really go do it yourself. I'm really not that close to her."

"Humph~!"

"I knew it! You just don't want to introduce me!"

"But I have a lot of patience, and..." Liu Zhan's eyes looked about before saying, "Huangfu Ya will definitely come to you again. As long as I follow you, I can get to know her, even if you don't introduce me!"

This was his firm decision.

Luo Tian was really perplexed but didn't speak anymore. Anyway, there was a person here providing him with free experience points. Where else could he find such a good laborer?

Liu Zhan suddenly slammed a demonic beast to Luo Tian's side and said with a smile, "They can't endure anymore!"

Luo Tian naturally noticed it too and said softly, "Remember what I told you just now."

Liu Zhan smiled and replied, "I got it."

"Huangfu Ya will show up as long as I follow you. And those people from the Hai family have annoyed the crap out of me for being too arrogant."

The two of them then pretended that they hadn't noticed anything.

The encirclement was getting smaller and smaller.

Eventually, in the darkness, Zeng Yan shouted sharply, "Do it!"

"Whoosh~!"

"Whoosh~!"

"Whoosh~!"

Three large nets covered the sky.

There were pretty much no gaps between the nets because it was so precise!

Luo Tian didn't move.

Liu Zhan grabbed a demonic beast's corpse from an unknown place and threw it up.

"Whirrr~..."

The corpse thrown up into the air knocked away the three giant nets. His figure then quickly dove into the dark jungle of trees.

"Bang~!"

"Agghhhh~!"

A body flew out and landed at Luo Tian's feet.

Luo Tian furrowed his brow while heavily stomping down with his right foot.

"Bang~!"

The person's head burst apart!

"Ding!"

"Congratulations to player Luo Tian for killing..."

"Ding!"

"Sin points +1!"

"Whoosh~!"

Another body flew out from the darkness, and Luo Tian instantly killed that person with a single move.

The experience points weren't much, but the yuan energy was stacking up quite well.

The most important thing was his sin points!

There were thousands of Hai family disciples in the second round of assessment. Luo Tian was hoping to summon Lord Lucifer again to sweep them all away!

Chapter 1209: One Fist, One Sword

A body flew out.

Luo Tian leaped into the air, his fist like a heavy cannon!

“Boom~!”

Smashed to death!

“Ding!”

A system alert instantly sounded off.

The entire forest turned into a symphony of death! Luo Tian, the Grim Reaper, was dancing about and dominating everything.

The Hai family disciples lying in ambush were pulled out by Liu Zhan one by one. And then all of them were instantly killed by Luo Tian.

Their cultivation base was among the lower levels of the Hai family disciples, but they were all above the Marital Void 5th rank.

Not too far away, Zeng Yan was standing there without any panic. He had no signs of fear upon seeing his subordinates being killed one by one. On the contrary, his eyes narrowed slightly with just a hint of surprise.

“Star Elusion!”

“Ommm~...”

His figure was like a ghost, disappearing in place.

Even the few subordinates around him didn't notice when Zeng Yan disappeared.

The moment he disappeared, Liu Zhan's brow tightened, and he immediately warned, “One person's aura is gone. He should have used some kind of stealth technique, so be extra careful.”

His perception was very strong.

From the beginning, he had paid attention to everything around him, and everyone's aura could not escape his perception!

Luo Tian nodded and said, “You should also be careful because his target may not necessarily be me.”

Liu Zhan laughed and said, "As long as he dares to attack me, I'll let him know how powerful this young master is."

While saying that, two more disciples were smashed flying before Luo Tian finished them off.

The cooperation between the two was surprisingly good.

"Die!"

The single word was spat out from the void.

In a blink of an eye, a sword flew from the sky and pierced vertically towards the top of Luo Tian's head. If the sword lands on its intended mark, even the gods would find it hard to escape death.

Liu Zhan's eyes became fierce!

It was too late to stop it!

The attack was too fast!

The speed of someone at the peak of the Great Diffusion 2nd rank was astonishingly fast.

The gap in one's realm could not be changed. Sensing a murderous intent coming from above, Luo Tian shouted internally, "Divine Explosion!"

"Boom~!"

His attributes instantly changed.

Luo Tian looked up and summoned Heaven Sword before shouting, "Buddha's Fury!"

"Boom~!"

A huge Vajra Ape phantom was summoned, wanting to sit down with its butt and trapping Zeng Yan. However, at the same time as Luo Tian released this move, a sneer appeared on the corner of Zeng Yan's mouth.

"Star Elusion!"

His figure disappeared along with his aura.

It was as if he were no longer in this world.

Buddha's Fury hit nothing but air!

This was the first time it hit nothing. Luo Tian released his spiritual senses, trying to detect Zeng Yan's aura, but he couldn't sense it at all.

"Humph~!"

"You want to detect my aura? Stupid trash, prepare to die!" An arrogant voice echoed in the void.

The voice was filled with contempt!

It sounded like the person was playing with Luo Tian in the palm of his hand.

Luo Tian looked in all directions, still carefully trying to sense everything around him. The cultivation technique Zeng Yan used was similar to any kind of stealth ability, but he had the advantage in cultivation base, so Luo Tian couldn't sense his position. However, he would eventually appear, and once he appeared, his aura would be exposed.

Zeng Yan was waiting.

Luo Tian was also waiting.

The two seemed to be competing with each other.

Zeng Yan's arrogant voice rang out again, "Luo Tian, this will be your burial place. After offending the Hai family, it's useless even if you escape to the ends of the earth. Yet, you still have thoughts of entering the Misty Cloud Academy? Stop dreaming, hahaha..."

"Ants are just ants; they can only be ants forever. Don't think that just because Huangfu Jue thinks highly of you, you are great. The more he thinks highly of you, the more you deserve to die."

Zeng Yan babbled on endlessly!

Luo Tian was a little annoyed listening to it and said, "Can you stop with the yapping? Don't you want me to die? Come on out then."

Zeng Yan laughed wildly before saying, "What's wrong? Can't wait to die? I haven't had enough fun yet!"

This was a type of psychological battle!

Suddenly, Liu Zhan nodded.

Luo Tian grinned, opened his defense up wide, and said, “You don’t want to come out, huh?”

“Then this daddy will make the move!”

Zeng Yan sneered, “Even with you two combined, you won’t be able to sense my location...”

Before he could finish speaking, an arrow came piercing through the air!

The arrow had a faint red glow to it!

Yuan energy with an attribute!

Bloodline power!

This...

The power of an inherent bloodline that appeared under extreme stimuli. Zeng Yan's expression showed his surprise as he thought to himself, "I didn't expect the kid, surnamed Liu, to actually reveal his bloodline power. And it happens to be an attributed bloodline that modifies yuan energy..."

Zeng Yan was forced to move away by the arrow.

If he didn't move, he would definitely be injured!

The Star Elusion Technique was a superb stealth technique, but it couldn't avoid an attack!

Zeng Yan's face instantly turned annoyed while his figure exploded forward. He saw Luo Tian's wide open stance, so his long sword was like a rainbow infused with intense yuan energy. The sound of wind being sliced apart was heard as his sword pierced towards Luo Tian's brow like lightning.

Luo Tian's pupils contracted slightly, but the corners of his mouth curled up to a smile.

He had a confident smile on his face.

"Smiling?"

"Let's see if you can still smile later." Zeng Yan said coldly.

The power infused into his sword became even more intense.

Luo Tian stored Heaven Sword as he didn't plan on using it. His arms started moving as Divine Explosion still had some time left. He then shouted internally, "Nine Yang...!"

"Haaaaa~!"

Luo Tian's whole body turned scorching hot as he locked onto the long sword in Zeng Yan's hand. A nearly insane thought appeared in his mind, "Hehe... Nine Yang Divine Magic, huh? Let's see how badass the power of a divine magic really is!"

Liu Zhan had a horrified expression on his face.

"Don't do it!"

"You're nuts!"

He had seen through Luo Tian's thoughts.

“That’s a spirit grade weapon! Even if your fists are stronger, and the temperature is high, it’s still impossible to go head-on with a spirit grade weapon! His cultivation power is also at the peak of the Great Diffusion 2nd rank...”

“Shit, man!”

“Fuck it!”

“Just pretend I didn’t say anything!” Liu Zhan shut his mouth because he could see that Luo Tian wasn’t even listening to him at all.

Hearing Liu Zhan say that, Zeng Yan started laughing!

“Hahaha...”

“Do you think I’m like those two super grade talent trash in the special recruitment hall? They just used Elder Hai Fengtian’s Full Moon Power to temporarily increase their cultivation to the Great Diffusion realm. But I am a true Great Diffusion 2nd ranker!” Zeng Yan smiled as he watched Luo Tian rush over.

It was a triumphant smile.

He slightly changed the direction of his sword while thinking to himself, “Let me pierce your arm for fun!”

“Drip, drip, sizzle~ ...”

“Drip, drip, sizzle~ ...”

Luo Tian’s entire arm turned red.

Just like the Magma Fire he cultivated in the Tianxuan Continent, his arm became magma!

But the power of the Nine Yang Divine Magic was tens of thousands of times greater than the great perfection state of Magma Fire. Luo Tian’s arms were basically furnaces right now!

Facing Zeng Yan’s long sword, Luo Tian punched it without any hesitation.

“Melt for me!”

Chapter 1210: Bloodline Awakener (2 in 1)

Fist against a sword!

This was something only Luo Tian could do.

No matter how hard a person's fist was, it cannot be harder than a sword, especially a spirit grade one.

Zeng Yan laughed triumphantly and said, "What an idiot! An idiot who uses his fist in an attempt to go against my longsword!"

"Break for me!"

As the voice faded, one fist and one sword collided together.

"Hiss~!"

For half a second, time seemed to have frozen in place. No one was moving.

Half a second later, the sword in Zeng Yan's hand suddenly turned red.

"Blub, blub, blub~..."

"Blub, blub, blub~..."

Bubbles appeared on the sword's blade because it was melting!

A spirit grade sword was melting!

In just about one second, the blade of the sword had softened.

At that moment, Luo Tian braced his back foot while pushing his right arm, roaring out, “Break for me!”

“Plop, plop, plop~...”

“Plop, plop, plop~...”

A portion of the sword melted into molten iron and dripped to the ground. Luo Tian opened his fist and twisted the remaining blade into a ball. At that instant, Luo Tian got up close to Zeng Yan and revealed his signature Grim Reaper smile before punching out.

“Bang~!”

Zeng Yan was smashed flying.

Liu Zhan had already started moving.

Before Zeng Yan could use Star Elusion, a bow and arrow appeared in Liu Zhan's hand, and an arrow was shot out. It directly nailed Zeng Yan's body in mid-air and into a big tree. Liu Zhan smiled, "Let's see how a mouse likes you can still burrow into a hole now!"

"Agggghh~!" Zeng Yan let out a painful scream.

Right after that, Zeng Yan's eyes turned fierce as he grabbed the arrow impaled through his chest. He was going to pull it out and use his Star Elusion Technique to escape!

But Luo Tian wasn't going to give him that chance.

The moment Liu Zhan shot out his arrow, Luo Tian had summoned Heaven Sword. At a distance of around ten meters, Luo Tian leapt over and slashed out while shouting, "Die!"

Zeng Yan's eyes widened in anger as he roared to the sky, "It won't be long until you will accompany me down there! Hahaha..."

"Bang~!"

An arrow shot into the air from Zeng Yan's sleeve!

A firework exploded in mid-air.

A Cloud-Piercing Arrow?!

Right after Zeng Yan fired the signal arrow, his body was split in half, and he died!

“Ding!”

“Congratulations to player Luo Tian for killing Zeng Yan. You have gained 3099 experience points, 1000 yuan energy...”

“Congratulations to player Luo Tian for gaining the Star Elusion Technique. Do you wish to learn it?”

“...”

“Ding!”

“Sin points +1!”

Around the same time, in a secret chamber of the Hai family, Zeng Yan’s life lamp went out.

The old man half opened his eyes, and his heart tightened slightly. His spiritual sense shot out to the life lamp that had just been extinguished. An image of the assessment's mountain range appeared in his mind, and in the image, Luo Tian and Liu Zhan were seen leaving quickly.

Due to the Cloud-Piercing Arrow, the surrounding Hai family disciples were like sharks smelling blood, pouring towards the location like crazy.

Luo Tian didn't want to leave!

He wanted to kill to his heart's content in the second round of assessment!

Didn't the Hai family want to take all one thousand places?

Then this daddy shall kill all the disciples of your Hai family in the second round and see how you're going to take all one thousand places! However, that guy Liu Zhan had grabbed Luo Tian and run away like crazy.

He was running as if he were caught peeking at a girl taking a bath, wishing he had a few more extra legs to help him run faster.

They ran for two hours, exceeding a hundred kilometers!

Liu Zhan finally put Luo Tian down, plopped his ass on the ground, and panted out the words, “Are you really nuts in the head? I know the Hai family pisses you off, but you can’t act like this. The signal has already been sent out, so if you don’t leave, thousands of Hai family disciples will surround you. Can you escape at that time?”

“If it weren’t for this young master’s speed, you would have become a dead man by now!”

“Quickly, thank me!”

“Actually, no need to thank me. Be more practical and introduce Huangfu Ya to me!” Speaking of Huangfu Ya, Liu Zhan’s expression suddenly became lewd, completely like a different person.

Luo Tian shook his head with a smile, “I think you’ll die at the hands of a woman sooner or later.”

“Wrong!”

“This young master will die on a woman’s body, and definitely not in her hands.” Liu Zhan corrected him.

He then looked at Luo Tian seriously with both eyes and said, “What cultivation technique are you practicing?”

“You can suddenly explode with super strength or something.”

“And then both of your arms turned crimson red. That super high temperature can actually melt a spirit grade weapon! Isn’t that a bit too perverted?”

Luo Tian smiled and replied, “Have you been charmed by this big brother’s handsome cultivation technique?”

“It’s a pity that this big bro only likes women!”

The power erupted by the combination of the two divine skills was naturally super strong!

Berserk plus Nine Yang.

The power that burst forth and melted the spirit grade weapon was indeed very unusual, but... Luo Tian’s heart sank slightly, “My level is too low. If I didn’t have the Nine Yang Divine Magic, I wouldn’t be able to kill Zeng Yan, who’s at the Great Diffusion 2nd rank...”

Luo Tian suddenly looked at Liu Zhan and asked curiously, “Where’s your bow and arrow?”

If Liu Zhan hadn’t nailed Zeng Yan to the tree with an arrow at the beginning, Luo Tian might not have been able to kill him.

“Zeng Yan said you were a bloodline awakener?”

“And it’s an attributed bloodline? It gives certain attributes to your yuan energy? And what exactly is a bloodline awakener?” It was the first time Luo Tian had heard of a bloodline awakener in the Ancient World, and Liu Zhan was much stronger than he imagined because of it.

His perception was particularly shocking.

Luo Tian couldn’t sense Zeng Yan’s position at all, but Liu Zhan was able to sense it. And if his arrow hadn’t forced Zeng Yan to show his true self, it would have been impossible to kill him.

Liu Zhan smiled lewdly and said, “You must be fascinated by this young master’s abilities, right? It’s a pity, this young master is only interested in beautiful women, and has no interest in men.”

Luo Tian’s words had been returned to him.

Luo Tian then muttered, “Huangfu Ya...”

Liu Zhan’s expression immediately changed as he said, “My bloodline is a bow and arrow with super-strong perception. It awakened a month ago; otherwise, I wouldn’t dare to come to Misty Cloud City. I thought my Perception Bow and Arrow bloodline could increase my talent to super grade, but I didn’t expect it to be just top grade!”

“Huh?”

“An inherited bow and arrow bloodline?”

“Bow and arrows also have bloodlines?” Luo Tian was stunned.

Liu Zhan smiled and replied, “You don’t know this, do you? The Ancient World is categorized as a middle plane, so bow and arrow bloodlines are nothing strange. There are also stone bloodlines and tree bloodlines. There are many types of them.”

This was the difference between a middle plane and a lower plane.

Luo Tian then asked, “Were you born in the Ancient World?”

Liu Zhan looked at Luo Tian curiously and said, “Aren’t you?”

Luo Tian shook his head.

Liu Zhan immediately stared at Luo Tian like he was looking at a monster and asked, “You entered the Ancient World from a lower plane?”

Luo Tian nodded, "Yes."

Liu Zhan suddenly looked up at the sky and then sighed before saying, "You are really an idiot. It's so awesome to be a supreme expert in the lower plane. You can do whatever you want, like having as many beauties as you want. Such an awesome lifestyle! Yet you actually ran to the Ancient World to suffer. I really don't know what to say about you. If it were me, I would definitely not enter the Ancient World. I would definitely travel to every corner of my world and bring all the beautiful and amazing girls from each race back to my bedroom. And then... slurp~..."

Liu Zhan swallowed a large mouthful of saliva before continuing with excitement, "Just thinking about it makes people excited! It's really a pity... If only I were born in the lower plane, not only could I cultivate origin power and become a supreme expert, but I could also have all the beauties in the entire world. Sigh~..."

In his eyes, Luo Tian had suddenly become a huge fool!

Indeed, his thoughts were once what Luo Tian dreamed about.

Except that he entered the Ancient World out of necessity.

Luo Tian shook his head and smiled bitterly before asking, "How does the bloodline of a martial artist entering the Ancient World from a lower plane awaken?"

"You have no chance!"

Liu Zhan said bluntly, "Your talent is at zero grade, not even seen once in ten thousand years. Your bloodline must be suppressed by something, so don't even think about awakening it in this life. I advise you to give up on this idea and think carefully about how to pass the second round of assessment instead."

"This young master is really suffering from following you!"

Luo Tian was momentarily stunned before saying to himself, "It seems that I have to merge the Blood Spirit of the Earth Dragon King as soon as possible to unlock the seal."

Immediately after, Luo Tian stared at Liu Zhan.

Before Luo Tian could speak, Liu Zhan said, "Don't look at me like that. The decision made by this young master will never be changed. Since I said I would form an alliance with you, I will definitely not abandon you. If I'm gone, how would you get through this assessment?"

"What's more..."

"Why hasn't Huangfu Ya appeared yet?"

This was the key point for him!

“Ah choo~!”

“Ah choo~!”

“Ah choo~!”

Huangfu Ya sneezed three times in a row. Her body shook with each sneeze, and the two huge peaks on her chest trembled back and forth. “Who is cursing this lady? Don’t let this lady know, otherwise I will definitely strip off your clothes and let a horny demonic beast enjoy themselves!”

She rushed all the way to the southeast of the first peak.

Along the way, all she saw were Hai family disciples.

She couldn’t help but start worrying about Luo Tian. “Kid, don’t die before I find you. I promised Sister Meng to protect you. If you die now, how can I explain it to Sister Meng?”

“I don’t even know where the hell you’ve run off to.”

Immediately after, Huangfu Ya stopped and shouted fiercely, “Huang Tianyu, have you found out Luo Tian’s whereabouts yet?!”

“If you can’t do it, then don’t say those big words in the first place! And don’t follow this lady anymore!”

Huang Tianyu replied with a smile, “Ya Ya, you also saw the signal arrow released by the Hai family just now, right? That means that trash Luo Tian...no, that kid must have appeared somewhere. But I don’t know where he has run off to now. Don’t worry, I have bribed a Hai family disciple, and we will receive news soon.”

Under that smile, Huang Tianyu was extremely angry, “You little slut, I’ve been so good to you, but you go off looking for that trash that deserves to die. Just you wait; after that trash is eliminated by the Hai family, then I’ll...hehe...”

“It’s been so long already. The Hai family has used thousands of people to deal with a piece of trash, and they still haven’t taken care of him. What a bunch of trash!”

After resting for a quarter of an hour, Luo Tian looked at the sky and said, “Let’s go.”

“You cannot leave!”

Suddenly, a person appeared standing on a big tree above their heads. It was Zhu Dacheng!
