Chapter 1231: Leaving After Showing Off (2in1)

“Dongfang Shuo, today is the date of your death!”

“You could’ve made friends with anyone, yet you had to make friends with Luo Tian. Don’t you know that he is the person whom the Hai family has labeled to kill?”

“Dongfang Shuo, you can only blame yourself for being born into the wrong family.”

“It was Patriarch Dongfang Xiong who ordered me to eliminate you. If you’re going to start casting blame in the underworld, you should blame him and not me.”

In a simple, small courtyard, there were six martial artists in the Great Diffusion realm.

Dongfang Shuo was lying on the ground, half dead with a smile on his face. He then shouted to the sky, “Dongfang Xiong, the date of your death won’t be too far away! Luo Tian will definitely avenge me, hahaha...”

“Hahaha...”

He laughed like crazy for a while before suddenly jumping up from the ground. His eyes narrowed before he shouted coldly, “Come on, kill me! Hahaha... You all wait. Luo Tian will definitely avenge me! None of you will live much longer!”

Hatred!

So much hatred!

He hated himself for being useless, and hated that he couldn't take back everything that belonged to him.

At the same time, he was also grateful. He was grateful for having met Luo Tian.

Yao Hai's death had aroused Luo Tian's anger. As long as Luo Tian raised his cultivation base, he would definitely not let Dongfang Xiong go. Moreover, he had already heard that Luo Tian's performance in the second round of the assessment was very outstanding. He believed that joining the Misty Cloud Academy was only a matter of time, so he was relieved.

As long as Luo Tian became a student of the Misty Cloud Academy, the Hai family and the Dongfang family would not dare to overtly touch him.

And when Luo Tian grew stronger, he would definitely avenge him!

The leader of the group sneered, "Luo Tian? He can't even protect himself. Do you think the Hai family will let him enter the Misty Cloud Academy that easily? Quit dreaming. The Hai family will never let him join the Misty Cloud Academy. Once he doesn't become a student of the academy, the Hai family will have ten thousand ways to kill him. What waves can a mere trash with a shattered dantian make?"

"That's right!"

“Others are afraid of him, but I’m not afraid of him.”

“He’s just a little bastard in the Martial Void realm. Don’t let me meet him; otherwise, I’ll beat him so badly that his own mother won’t recognize him!”

Several martial artists from the Dongfang family talked and laughed with disdain.

The man who was the leader stepped forward and said coldly, “Dongfang Shuo, I will send that trash Luo Tian to the underworld soon. At that time, you two can reunite down there, hahaha...”

“Now go to hell for me!”

As soon as his voice faded, the man’s figure moved as he chopped down with a large blade towards Dongfang Shuo’s forehead.

At that moment, Dongfang Shuo roared to the sky, “Luo Tian, you must avenge me!”

“Agghhh~!” Dongfang Shuo roared like crazy.

He then closed his eyes while clenching his fists tightly. He clenched them so hard that his nails sank into his flesh, and bright red blood dripped from his fingers.

But a flash of white light erupted, followed by a bone-chilling aura of killing intent that instantly froze the surrounding air.

Silence.

It was unusually quiet. So quiet that it made one feel a chill in their heart.

A short while later, Dongfang Shuo slowly opened his eyes. He stared at the man in front of him, with a large blade still raised mid-air. The man's eyes were bulging while his pupils were dilated. A thin, blood-colored line appeared on his throat, with droplets of blood seeping from that line.

“Brother Ma, what’s wrong?”

“Brother Ma, it’s time to send him on his way.”

“Let’s not waste any more time. After we finish off Dongfang Shuo, we’ll go to the Southern Sky Restaurant for a big meal.”

Several people spoke out.

The man didn't respond. Dongfang Shuo only saw that the blood on his throat was increasing.

A gust of wind blew past.

The man's head fell off his neck, causing blood to spurt out like a fountain.

The remaining five were instantly shocked.

They had no idea what had just happened.

Dongfang Shuo laughed, "Hahaha... Hahaha... He's here! He's here! Luo Tian is here!"

Even though he didn't see Luo Tian, he unknowingly felt sure that it was Luo Tian.

Before he could speak more, a figure landed beside him, filled with killing intent. That kind of killing intent directly pierced one's heart, causing people to involuntarily feel fear. The Grim Reaper's killing intent had become much more powerful after being in the Ancient World for so long.

After Luo Tian landed, he commented, "None of you will leave alive."

After saying that, he no longer looked at them and started casting Super Rebirth on Dongfang Shuo. Yao Hai had died, so he couldn't let Dongfang Shuo die as well. These two people had shown great kindness to him, something Luo Tian would never forget in his life.

Dongfang Shuo said, "I'm fine. I'm not going to die anytime soon."

At this time, a martial artist in the Great Diffusion realm straightened his face and pointed a giant warhorse blade at Luo Tian's face before saying, "You are Luo Tian, right? I want to see what abilities a trash like you has. Others may be afraid of you, but I'm not."

"Grand Emperor Eight Blades."

"Grand Emperor Slash!"

His figure moved with a strong, domineering aura.

The warhorse blade in his hand had a touch of crimson yuan energy, which was where the domineering aura diffused out from.

Luo Tian looked over while his right hand started moving.

“Nine Yang Divine Magic!”

Before the man could slash down, Luo Tian leaned forward and burst forward, his palm directly pressing against the man’s chest. He then shouted in a deep voice, “Explode!”

An intense amount of yang power shot into the man’s body.

His whole body instantly combusted.

His mind was quickly swallowed by this raging fire.

His body cracked from the inside out, making it look like magma was flowing out from his internals.

“Hot!”

“Agggghh~... It’s burning! It’s burning! It’s burning me to death!” The man grabbed his body like crazy, trying to tear off pieces of his flesh. Upon seeing his own flesh and blood, his face instantly paled. He was so scared that he started peeing his pants.

“Agggghh~! No! Don’t! I don’t want to die!”

“Bang~!”

His body cracked apart, and pieces of him turned into ashes.

“Ding!”

“Congratulations to player Luo Tian...”

System alerts sounded off.

The remaining four were dumbstruck.

A martial artist in the Great Diffusion realm was instantly killed with one move?

“Didn’t they say he was only in the Martial Void realm? His current cultivation is at least in the Myriad Illusion realm, right?”

“Motherfuckers, we’ve been tricked!”

“Run!”

The four had no other thoughts and just wanted to escape.

When they rushed to the gate of the courtyard, they didn't know that a small, fat man had appeared and was leaning against the door. The fat man smiled and said, “What's going on? You want to leave after acting tough? This granddaddy hasn't agreed to it yet, and you want to leave?”

“Who the fuck are you?!”

“If you don't want to die, scam to the side!”

“Get lost!”

The four people yelled out at the same time.

Liu Zhan frowned as he glanced at Luo Tian, who was still in the courtyard.

Luo Tian said coldly, “Kill!”

Liu Zhan's mouth curved up, and his figure moved. He summoned out his natal bow and arrow, knocked the arrow, and drew the bow in one go. Four arrows shot out, carrying the power of his awakened bloodline. The four were smashed back into the courtyard!

"Bang~!"

"Bang~!"

"Bang, bang!"

The four fell from mid-air and landed at Luo Tian's feet.

Luo Tian stepped on a man's head, his eyes like a devil's as he said, "Go back and tell Dongfang Xiong: You killed Uncle Yao Hai last time, and injured Uncle Dongfang this time. Both times will be settled eventually. Tell him to wash his ass clean and wait for me!"

The martial artist on the ground immediately said, "I will definitely report it! I will definitely tell him! Luo Tian, spare my life! I don't dare to anymore! Dongfang Xiong told us to come! We never wanted to do anything to Young Master Dongfang Shuo in the first place!"

After saying that, he was about to get up from the ground because Luo Tian's foot had loosened slightly. But the moment his body went up a bit, his head was violently stepped on and smashed into pieces. Luo Tian then shouted in a gloomy manner, "I didn't tell you to go back to report while alive!"

After that, the other three were all killed instantly.

System alerts went off.

Luo Tian was extremely angry.

Killing Yao Hai had already touched his bottom line, so he didn't expect Dongfang Xiong to come again.

This was equivalent to touching his reverse scale.

"Dongfang Xiong! You will have to die today!" Luo Tian's voice carried an icy killing intent.

Liu Zhan was somewhat frightened by it. Even when facing Ghost Servant at First City, Luo Tian didn't exhibit such grim killing intent.

Dongfang Shuo immediately grabbed Luo Tian and said, "Luo Tian, you can't. I know you have become stronger now, but the Dongfang family now belongs to the Hai family. If you kill Dongfang Xiong, you will provoke the Hai family even more. The Hai family will not let you go. My matters are tiny in the overall scheme of things. Don't let yourself fall into a passive position because of me."

He didn't want to implicate Luo Tian.

Back when he thought he was going to die, he hoped that Luo Tian would avenge him. But now that he had survived, he couldn't let Luo Tian take risks for him.

The cooldown time of Super Rebirth was over, so Luo Tian used it on Dongfang Shuo again. He then said, "Uncle Dongfang, you should leave the city overnight and go to Boundless City. That place is my territory now, so you can help me manage it."

"You don't have to worry about other things. I have my own plans."

Luo Tian had endured for a long time, and he didn't want to endure it any longer.

Without giving Dongfang Shuo a chance to refuse, he said to Liu Zhan, "Liu Zhan, send Uncle Dongfang out of the city."

Liu Zhan glanced at Luo Tian and felt that he was different from usual. He had never seen him so serious. He then said to Dongfang Shuo, "No one can change his mind when he has decided on something. You should leave first. Nothing bad will happen to us."

Dongfang Shuo looked at Luo Tian. At this time, he really hated himself because he felt like he was a burden to others.

"Fine."

“Luo Tian, you must take care of yourself. You must be extra careful of the Hai family,” said Dongfang Shuo.

He refused Liu Zhan’s escort by saying, “I can leave the city by myself.”

Luo Tian then said, “Uncle Dongfang, you must go to Boundless City. That is the only capital I have for now, so I need you to expand the strength of the city.”

Dongfang Shuo smiled and nodded, “I understand.”

After Dongfang Shuo left, Luo Tian was like a furious demon. His fists were cracking from being clenched as he shouted, “Dongfang Xiong, you must really be tired of living!”

That guy repeatedly challenged his bottom line.

“So be it! You have now completely angered me!” Luo Tian said coldly.

Liu Zhan asked, “What do you want to do?”

Luo Tian replied, “I need you to protect me. I want to unlock the bloodline seal in my body, and then it will be Dongfang Xiong’s death date!”

He had to increase his strength a little more.

After all, he was only in the Great Diffusion 1st rank. There was a high possibility that the Hai family's powerhouses would be stationed in the Dongfang family. He had to take down the Dongfang family in one go to eliminate all future troubles!

Chapter 1232: Great Perfection Blood Spirit Power

"Unseal a bloodline?"

Liu Zhan was a bit confused.

However, he didn't think too much about it. As far as he was concerned, Luo Tian was originally a person you could not fully comprehend. He could come up with something incomprehensible at any time, so he didn't want to understand Luo Tian anymore.

Liu Zhan immediately opened up his yuan energy and aura completely, enveloping the surrounding area for several kilometers.

All the flow of auras in the surrounding area was within his perception. If a particularly strong martial artist entered the area, he would be aware of that person immediately.

Luo Tian sat down cross-legged before exhaling a breath of air. He then glanced at Liu Zhan before saying, "No matter what happens, don't get too close to me. Remember: Even if I encounter life-threatening danger, don't try to save me."

He had an inexplicable feeling that the seal of the Four Divine Beasts bloodline was not so easy to unlock.

Liu Zhan looked at Luo Tian's serious expression and nodded before saying, "Don't worry; your life is harder than iron. Many people will die, but you won't die no matter what."

Momentarily, Liu Zhan realized that Luo Tian's expression was a bit too serious. His heart tightened slightly as he became extra cautious.

Dongfang Xiong had repeatedly touched Luo Tian's bottom line.

If he didn't kill Dongfang Xiong, he wouldn't be able to forgive himself.

But he also knew that for a platinum force family to be able to stand in Misty Cloud City for so many years, they must have the strength to back it up. It was still doable for him to deal with ordinary experts in the Great Diffusion realm, but if he encountered experts at higher cultivation realms, he had no chance of winning.

Another thing: The Dongfang family was now relying on the Hai family. According to Dongfang Shuo, there was a powerhouse from the Hai family stationed in the Dongfang family.

If he wanted to uproot the Dongfang family in one go, he had to have absolute power and not give Dongfang Xiong any chance at a comeback!

Therefore, Luo Tian thought of unlocking the seal of the Four Divine Beasts bloodline. In the assessment grounds, his heart was moved when he saw the bloodline awakening power of Liu Zhan and Huangfu Ya. If the bloodlines of the Four Divine Beasts could be awakened, then...

His own power would definitely be greatly enhanced.

“Fuuu... fuuu...”

Luo Tian exhaled a few breaths in a row, slowly calming his heart and the anger he was feeling. Then, his heart and mind became one as he quickly entered a state of selflessness. He then waved his right hand and summoned the Melting Heaven Divine Cauldron.

With a wave of his left hand, a drop of the Earth Dragon King’s blood spirit floated above the Melting Heaven Divine Cauldron.

Right after that, another drop of the Essence Devouring Insect’s blood spirit also appeared.

If he wanted to unlock the seal of the Four Divine Beasts bloodline, he had to use a high grade blood spirit power. One in the eighth grade and one in the ninth grade was Luo Tian’s way of being cautious!

“Fall!” Luo Tian gave a low shout.

With his spiritual sense, he saw two drops of blood spirit falling into the Melting Heaven Divine Cauldron.

“Ommm~!”

“Ommm~!”

“Ommm~!”

The sound of frying beans with bouts of explosion erupted inside the cauldron. Rich and powerful yuan energy was flashing about with bursts of dazzling light. Luo Tian’s spiritual senses had entered the cauldron, carefully observing every change in the two drops of blood spirit.

“Damn it!”

Liu Zhan was shocked by everything he was seeing. He then thought to himself, “Two drops of high-grade blood spirit... What exactly does he want to do with them? Could it be that he wants to fuse those two drops of blood spirit into one? This... this... this is a little too crazy, right?”

Indeed, Luo Tian wanted to fuse those two drops of blood spirit power into one drop.

“Boom~!”

“Boom~!”

The sound inside the cauldron became more and more intense.

The fluctuation of the surrounding yuan energy also became turbulent. The dark night sky seemed to be pressing down, and the surroundings seemed particularly oppressive. Even Liu Zhan was shocked into having cold sweat. Luo Tian was already soaked all over at this moment.

Fusing two types of blood spirit was a very long process.

During this process, there was no room for even the slightest distraction. The pure yuan energy in Luo Tian's body had to be expended continuously, providing the driving force for the operation of the Melting Heaven Divine Cauldron.

Yuan energy was like water being pumped out from Luo Tian's body like crazy.

Half an hour went by.

The cauldron was still in operation, and the two drops of blood spirit were grinding against each other but refused to fuse together.

Two hours passed.

The impurities within the two drops of blood spirit were removed by Luo Tian's mental energy, and they became exceptionally pure.

In the third hour, the two drops of blood spirit finally began to slowly fuse together.

A little bit at a time, at a very slow pace.

During this time, even the slightest mistake would lead to total failure. Not only would he be wasting two drops of blood spirit, but there was even a possibility of there being a backlash from the blood spirits, causing unnecessary harm to his body.

Luo Tian was extremely careful.

At this time, it was as if he were the only one left in the whole world.

He completely merged into the process.

In the fourth hour, Luo Tian's eyes suddenly opened as he roared, "Divine Explosion!"

“Boom~!”

A loud noise similar to a thunderstrike exploded inside Luo Tian’s body, and the Melting Heaven Divine Cauldron suddenly looked like it had lost control. Under the enhancement of Divine Explosion, the two blood spirits finally merged under Luo Tian’s mental pressure. In that instant, a burst of red light erupted inside the Melting Heaven Divine Cauldron as if it were about to explode.

“Success!”

“Boom~!”

“Ding!”

“Congratulations to player Luo Tian for fusing the two Blood Spirit Powers.”

Item: Blood Spirit

Grade: Great perfection.

“I’ve succeeded!”

Luo Tian exhaled a large breath while his eyes stared at the extremely pure essence blood in the cauldron. After he used Divine Explosion, the essence blood fused successfully, and the power of Divine Explosion was integrated inside it.

Liu Zhan also breathed a sigh of relief. He looked like he was even more uncomfortable than Luo Tian. He had hardly breathed for several hours, and his heart was constantly in his throat. Seeing Luo Tian smile, he also exhaled a deep breath before saying, "It's really fucking crazy! Only you could think of this kind of thing, and you actually succeeded! I have to admire you."

"However, I'm going to get a heart disease sooner or later from hanging around you. My little heart almost couldn't handle it just now!"

Liu Zhan withdrew his aura as sweat rolled down his forehead. He walked to Luo Tian's side and said, "Bro, don't play around like that anymore. Do you know that if two drops of blood spirit power explode, I'm afraid this entire slum will be razed to the ground? It's okay if you die, but this young master is still a virgin. I don't want to die."

Luo Tian didn't get up and replied, "Only the first step has been completed. The next step is the most critical. This time will be longer, and we must not let anyone get close. Otherwise..."

Upon speaking to this part, Luo Tian paused slightly before continuing, "We really might be blasted into the sky."

Liu Zhan's anus tightened immediately after hearing that. He stared at Luo Tian and said, "It's my bad luck to have known you! I was so scared that I almost peed my pants a few hours ago, and now you're telling me that was just the first step?! And the second step is even more dangerous?! You're definitely trying to kill me!"

“How about you not unlock whatever seal and just take these drops of essence blood to an auction. I believe you can auction it off for a sky-high price and hire a few Honorable Emperor realm powerhouses as your bodyguards. You would still have plenty of money left over!”

Chapter 1233: Something Serious About To Happen

The two drops of blood spirit power fused into one drop.

And it was the highest level of blood spirit power at the great perfection state.

It was somehow even more powerful than an ordinary great perfection blood spirit power.

The reason is that it had two attributes.

The Earth Dragon King’s powerful physique, and the Essence Devouring Insect’s devil powers.

The two fused perfectly together.

If Luo Tian took it out for an auction, it would cause a sensation throughout the entire continent. Just as Liu Zhan said, it could be auctioned off for a sky-high price, and he could definitely hire a few powerhouses in the Honorable Emperor realm as bodyguards. But compared to the sky-high riches, what Luo Tian needed more at this time was to unlock the seal of the Four Divine Beasts bloodline.

He had a feeling that once the seal of the Four Divine Beasts bloodline was unlocked, the power in his body would be enhanced at an unprecedented rate.

“Fuuu~...”

Luo Tian exhaled and said, “I’m starting.”

Liu Zhan stopped talking and walked to the door to the courtyard. He then spread his aura to the farthest distance while making his breathing lighter.

Even though he said he didn’t want to, he was curious to see what kind of bloodline was hidden in Luo Tian’s body and why it was necessary to use the blood spirit power of demonic beasts to unlock it.

Everything was ready.

Luo Tian had adjusted his body to his best state.

Immediately after, he opened his mouth and swallowed the great perfection blood spirit.

Unlocking the seal of the Four Divine Beasts bloodline was different from unlocking other skills. It required the fused blood spirits to enter his body first, then be digested in his body for the fusion process. Only then could he break through the seal on his bloodline.

This was actually a very painful process.

If we say that it was very dangerous to fuse the two drops of blood spirit at the beginning, then the current danger level has increased by more than ten thousand times.

As the single drop of blood spirit entered his body, Luo Tian's body suddenly sank down as if a mountain was pressing down on him.

"Swoosh~..."

"Swoosh~..."

The clothes on Luo Tian's body directly evaporated, and he was left in only a pair of underwear. His body was crimson red, as if his body was having a hard time dealing with a high level Divine Explosion. Luo Tian's brow tightened as he thought to himself, "So painful!"

Liu Zhan was instantly frightened by the scene. He wanted to go forward and ask what was happening, but he held back after remembering Luo Tian's words. He then thought to himself, "Luo Tian, nothing bad can happen to you. Otherwise, it will be so boring for me to be alone in the Misty Cloud Academy."

Not far from their courtyard, Yu Tianhai and Shi Kun's expressions had changed.

The two of them were shocked and sweating on behalf of Luo Tian.

They didn't dare to speak at this time, worried that any sound would affect him.

They also didn't want to speak. What Luo Tian had shown them had shocked them to the point of being speechless.

"So painful!"

"So much pain! It hurts so badly!"

His blood vessels felt like they were bursting apart, and it also felt like billions of ants were crawling inside those blood vessels. This feeling made living worse than death. Luo Tian could only clench his teeth. If he couldn't handle this process, the fusion would fail.

"I cannot fail!"

"Absolutely not!"

"The Hai family's Crown Prince is attacking the Honorable Emperor realm. Sooner or later, I will have a battle with him. Therefore, I cannot fail!"

“He is considered the Son of Heaven, possessing everything. What about me? I have nothing. If I fail in this place, what do I have in my possession to fight him with?”

“If I can’t even get past the Hai family’s Crown Prince, how can I protect the people I want to protect? How can I screw over the Hai family?”

The Hai family’s Crown Prince was like a giant mountain pressing down on Luo Tian’s heart.

From the day the Hai family provoked him, Luo Tian had decided to screw them over.

All this time, the Hai family’s assassinations had kept coming, and the Hai family kept making things difficult for him. Not only himself, but even the people around him were all implicated. Now, he didn’t even know where Lin Dong, Bai Lingling, and the others were. If he fell down in this place, he would really have no qualifications to fight the Hai family.

“Fuuu~...”

His determination grew stronger.

The severe pain he was feeling also increased like crazy.

Luo Tian clenched his teeth and carried on with his life on the line.

One hour!

Two hours!

Three hours!

The dark sky slowly turned bright like the white underside of a fish's belly.

He still hadn't unsealed it.

Luo Tian was sitting in the courtyard while the tiles under his butt had shattered into powder. The soil around him was dry and cracked, with cracks as deep as half a meter. The muscles all over his body were trembling, and every pore seemed to have been reborn.

Liu Zhan looked at Luo Tian, and his heart sank again.

He thought he had been cultivating very hard. In order to enter the Misty Cloud Academy, he felt like he had been cultivating with his life on the line. But compared with Luo Tian, all of his efforts seem like nothing.

At this moment, he was completely subdued by Luo Tian.

Suddenly, a trace of interference occurred within his aura.

“Ommm~!”

Liu Zhan frowned as he turned and locked his eyes in a certain direction. He summoned his natal bow and arrow in a flash, and said to himself, “Even if I risk my life today, I won’t let anyone step into this courtyard.”

In less than five seconds, an old man looking a hundred years old landed.

His eyes stared at Liu Zhan while saying coldly, “I’m only here for Luo Tian’s life, so you’d better get out of my way.”

The old man’s name was Dongfang Hu, and his cultivation base was at the Great Diffusion 5th rank.

He came to check on why the six people he sent to kill Dongfang Shuo hadn’t returned. He could see the corpses in the courtyard, and Luo Tian sitting cross-legged in the courtyard with a weak aura and his whole body red. To him, Luo Tian looked like he had been poisoned by some kind of strange poison.

Before Dongfang Hu could say anything more, several old people dressed in the Dongfang family’s clothes landed beside him. One of them frowned while staring at Luo Tian, before sneering, “Brother Hu,

this is a once-in-a-lifetime opportunity. This little bastard Luo Tian must be in seclusion or attacking a higher realm. Now, even martial artists in the Martial Spirit realm can easily kill him. Once he dies, we can get a large number of benefits from the Hai family.”

“Hahaha...”

“Our luck is really too good!”

The five people smiled excitedly.

Liu Zhan’s eyes turned cold as he said, “You want to enter this courtyard? You’ll have to step over my dead body first.”

As soon as his voice faded, an arrow shot out.

“Humph~!”

“You’re just a piece of trash in the Great Diffusion 1st rank. How dare you be presumptuous in front of us? I think you’re tired of living!”

In an instant, the five moved at the same time.

They didn't care about bullying the weak or fairness at all. They just wanted to kill Liu Zhan in an instant, then quickly finish off Luo Tian before going to the Hai family to claim credit. This might be a good opportunity for them to move up the ladder!

Liu Zhan didn't retreat, exerting his bloodline power to the peak.

But he was only in the Great Diffusion 1st rank. It was okay to deal with one old guy, but to fight five at the same time?

He was not their match at all.

Also at this time, Shi Kun's face darkened in the void as he said, "There is a powerful person approaching. It seems that the heaven-defying aura released from Luo Tian has been noticed. There's going to be a big problem now."

"Brother Yu, please go and inform Brother Huangfu and have him come to support us immediately."

"I will hold down the fort for the time being!"

Yu Tianhai's eyebrows tightened as he said, "Hold down the fort? Brother Shi, the cultivation base of the person coming is much higher than ours. I'm afraid it is a powerhouse in the Honorable Emperor realm. How can you hold on? You'll only be courting death if you stay. You go find Brother Huangfu, and I'll hold on here."

No matter what, even if they had to die, they felt that they must not let anyone disturb Luo Tian!

Chapter 1234: Azure Dragon Ancestor?

No one left.

Shi Kun didn't, Yu Tianhai didn't, and Liu Zhan definitely didn't either.

The two who were secretly protecting Luo Tian were very clear that if either of them left, the remaining person wouldn't last even a breath of time.

Moreover, there was quite a distance from here to the Misty Cloud Academy, so there simply wasn't enough time to go and call Huangfu Jue for assistance.

So, they both decided to stay.

However, Shi Kun and Yu Tianhai did not show themselves, continuing to lurk in the dark.

Front gate.

Liu Zhan's chubby body was firmly blocking the doorway. He stretched out his hands and grabbed the door frame with a grin. He then smiled, revealing his bloody teeth, "I will definitely not let you in. As a

man, no... as a very handsome man, what one promises a friend must be done. Therefore... Dongfang family's mongrel, if you have the ability, step over my dead body! Hahaha..."

Laughter!

Loud arrogant laughter!

Liu Zhan was like a madman.

Dongfang Hu sneered, "I've seen people who aren't afraid of death, but I've never seen someone as stupid as you to die like this. How many days have you known Luo Tian for? You treat him as a brother and friend, but what does he treat you as? Liu Zhan, I advise you to be sensible and get out of here."

"Ptui~!" Liu Zhan spat a mouthful of blood at Dongfang Hu's face.

He then said with a smile, "Trying to sow discord? Damn mongrel, do you think this will make me leave?"

Dongfang Hu's face was covered in blood, causing him to clench his teeth. He then harrumphed, "Go to hell for me then!"

Killing intent soared.

The five of them moved again, attacking at the same time.

Hands, feet, and chest.

Five swords moved out at the same time, penetrating all five locations.

“Aggghhh~!” Liu Zhan let out a scream.

His body didn’t move, standing there like a rock and blocking the path.

He promised to help guard Luo Tian, so he would do it even at the cost of his life.

This was Liu Zhan’s character.

His promise was more important than heaven.

Moreover, he was very clear that Luo Tian was now at a critical juncture. Any disturbance or disruption to his mind could lead to failure and serious injuries. It’s just that he didn’t know what kind of seal Luo Tian was trying to unlock.

The only thing Liu Zhan knew was that it had to be a very powerful force.

Liu Zhan's face instantly paled as he said to himself, "My little ancestor, I'm really going to die because of you! Can you please hurry up?! This young master really can't hold on any longer!"

Liu Zhan was showing unimaginable tenacity when facing the fierce attacks of five high-ranking martial artists in the Great Diffusion realm.

He was truly using his life to block them!

"You're still not dead?"

"I want to see how long you can last!"

The fire in Dongfang Hu's heart was provoked by Liu Zhan. It had been almost an hour, and they still couldn't take him down. He was only in the Great Diffusion 1st rank! If this news were to spread, how would they be able to show their face in Misty Cloud City?

"One sword claims a life."

Dongfang Hu moved into a stance, and a tiger's head burst forth from his chest and landed on the tip of his sword. A domineering tiger-shaped sword qi slashed out, directly locking onto Liu Zhan's life gate. (Above the navel)

Upon seeing this move, Liu Zhan clenched his teeth while his heart sank. He glanced at Luo Tian, who was still breaking through, and said with a faint smile, "Luo Tian, I'm sorry. I can't accompany you to the end. After I die, be sure to burn a few more paper beauties for me."

"We're brothers after all. That way, I can die in peace."

After saying that, Liu Zhan's face darkened before he smiled ferociously, "Come on! Come and kill this young master!"

He then started laughing arrogantly.

Even if he died, he was going to die in the most handsome and domineering manner.

Dongfang Hu's eyes narrowed as he said, "Damn dog thing, you can go to hell now."

"Life gate, tear it!"

With a sword thrust, the tiger-shaped sword energy charged out, opening its bloody mouth and biting towards Liu Zhan's life gate.

Liu Zhan couldn't block it, so he didn't bother putting up any resistance.

He was seriously injured all over. If he weren't injured, he might be able to resist this move. But now, he could only laugh loudly to the sky, "Eighteen years later, I can become a hero once more! Hahahah..."

The moment the tiger head sword qi was one centimeter away from Liu Zhan's life gate, Luo Tian suddenly roared, "Azure Dragon, unlock!"

"Boom~!"

There was a loud explosion in the sky, and the surrounding air suddenly contracted as if it had been sucked dry.

Heaven and earth yuan energy went crazy.

The space around the courtyard became distorted and unstable, as if it couldn't bear a certain power.

As a result of his shout, a ferocious phantom of the Azure Dragon rushed out from the left side of his body. It was shimmering with blue light and ferocious scales, more than ten zhang high. Seeing the moment the Tiger Head Sword Qi fell, the Azure Dragon didn't move, but breathed out slightly. Also at this instant, a dragon's roar soared into the sky and directly exploded in the sky above Misty Cloud City, echoing for a long time and not dissipating. The powerhouses of the entire Misty Cloud City were awakened by it.

It was just breathing out. But for Dongfang Hu, it was similar to the wrath of thunder.

The Tiger Head Sword Qi was instantly shattered into nothingness.

The skin on Dongfang Hu's cheeks rolled, and the clothes on his body were torn apart by the strong wind. He couldn't open his eyes and could only let out a pig-like howl, "No... No... No... Don't... Don't!"

"Agggghh~!"

His body was blown apart.

Flesh and blood splattered all over the ground.

Dongfang Hu, who was in the Great Diffusion 5th rank, was killed by a breath from the Azure Dragon phantom.

Holy fuck!

Powerful to the point where words couldn't describe it!

Liu Zhan was also dumbstruck.

It wasn't just him. The remaining elders of the Dongfang family were filled with terror while staring at a living dragon in the courtyard. It felt like they were being crushed to death by it! They were so scared that they even forgot to run away!

"Dragon!"

"A dragon!"

"An Azure Dragon... Oh my god!" Liu Zhan's eyes shone. He was so envious to the point of kneeling on the ground. He was so excited that he completely forgot that he was seriously injured! He just stared at the huge Azure Dragon phantom!

Shocked!

Extremely shocked!

Shi Kun and Yu Tianhai, who were lurking in the void, were also shocked.

"What is that?"

“A dragon of the Azure Dragon Clan? How could it appear on him?”

“Could it be that he has cultivated some powerful martial skill? So he used the blood spirit power to activate this skill?”

“Damn it!”

“How many secrets is this kid hiding? This is too awesome!”

Even the two of them couldn't help but be shocked.

They had seen many magical things before, but they had never seen a dragon.

One needs to understand that within the Ancient World, there were only legends of dragons living in the Four Divine Beasts Continent. They were considered behemoths that only existed in myths, huge and incomparably powerful.

Dragons have never appeared in the Central Continent.

Now, they were seeing an Azure Dragon on Luo Tian's left side, acting like a guard and protecting him. It looked majestic and incomparably fierce, not allowing anyone to approach.

At this moment, Luo Tian had not awakened yet, and his eyes were still closed. His face still had a painful expression on it.

The seal had not been completely unlocked and was still in progress.

In the Misty Cloud Academy.

Two young men who looked only in their early twenties looked at each other before staring up at the sky. One of them was full of questions as he whispered, "Did an Azure Dragon Ancestor get born into this world?"

Chapter 1235: Bloodline Unsealed, Fierce!

"Who is it?"

"Who exactly is it?"

"Did an expert from the Azure Dragon Clan enter Misty Cloud City?"

"What's going on?"

“Investigate! Immediately investigate it! Such a big thing happened, and you all don’t know?” Hai Tongtian’s face was full of anger. He was extremely dissatisfied with the intelligence agency of the Hai family.

Even if the Hai family was strong, they weren’t as strong as the Azure Dragon Clan from the Four Divine Beasts Continent.

If experts from the Four Divine Beasts Continent came to help the Misty Cloud Academy at this critical moment, then his Hai family could forget about controlling the Misty Cloud Academy forever.

Huang family.

The ancestor of the Huang family walked out of a secret chamber and flew into the void.

Misty Cloud Academy.

Huangfu Jue, Tian Long, and Ren Xiaoyao all flew into the void in unison. They were searching for the location where the dragon’s roar came from just now.

Huangfu Jue thought to himself, “Did the people of the Azure Dragon Clan already take action? Luo Tian, nothing bad can happen to you...”

Neither Shi Kun nor Yu Tianhai came back.

Huangfu Jue increasingly felt that something bad may have happened.

The Yi Family, in a simple, small courtyard.

Yi Yunmeng was pushing her younger brother Yi Qiancheng in a wheelchair, and suddenly stopped to look up at the sky.

Yi Qiancheng joked, "Big Sis, you aren't thinking it's connected to Luo Tian again, right?"

Yi Yunmeng was silent for a moment before replying, "Qiancheng, I'm going out for a while. It's cold here, so don't stay outside."

After saying that, Yi Yunmeng's figure flickered, and she disappeared in the blink of an eye.

Yi Qiancheng was dumbfounded. This was the first time his sister had left him alone in the middle of the courtyard. He muttered, "Could it really be Luo Tian? Otherwise, why would my sister be so anxious? If it's really... damn... can't be, right? Is Luo Tian that strong?"

"I really have to meet this future brother-in-law sometime soon."

"However..."

Yi Qiancheng couldn't help but think of the fact that his dantian was shattered. His body had become worse and worse over the years, and now he could only sit in a wheelchair and become a disabled person. A sense of bitterness surged in his heart.

More and more experts with powerful auras continued to rush over through the void.

Moreover, they didn't hide their auras.

Liu Zhan could feel those approaching auras, and his mind shook. His heart became even more anxious, "My little ancestor, please hurry it up! Don't you know that that dragon's roar has attracted many peerless powerhouses who haven't been seen in a hundred years? Are you trying to turn Misty Cloud City upside down or something?"

Even though those powerhouses hadn't found this place right away, being discovered was only a matter of time.

The few remaining elders of the Dongfang family at the doorway looked at each other.

One of them narrowed his eyes and said in a low voice, "That Azure Dragon has completely lost its aura. Luo Tian looks like he is still attempting to break through something. In my opinion, this is a chance for us to stand out."

Evil springs from one's true self!

Moreover, they were very clear that if they could kill Luo Tian right here, what they would get in return would exceed their imagination.

This was their only chance.

When opportunity comes and they don't seize it, they might regret it for the rest of their lives.

Any martial artist with ambition would take the risk!

The four nodded to each other with just a glance before unleashing their strongest cultivations at the same time. Taking advantage of the moment when Liu Zhan was stunned, three figures rushed into the courtyard like lightning.

Liu Zhan revealed a horrified expression as he shouted, "Stop!"

He panicked.

He didn't expect they would dare to sneak attack Luo Tian again.

Moreover, they hadn't stopped for even a moment after entering the courtyard. The four thrust out their swords, and the leader shouted, "Luo Tian, hand your life over!"

“After dawn, our names will resound through the heavens, hahaha...”

“Go to hell for me!”

Liu Zhan tried his best to rush over, but he was seriously injured. Even walking was a problem for him, so he couldn't stop them at this time.

He was extremely anxious.

“Not good. Luo Tian doesn't know what's happening around him. If he is disturbed, he will definitely die.” Shi Kun started moving through the void, no longer caring about the consequences.

He then thought to himself, “Luo Tian, nothing bad can happen to you. Otherwise, we will...”

Yu Tianhai was feeling the same thing. The two stepped out of the darkness and were about to stop the four attackers when the aura on Luo Tian's body surged with another primeval, bestial, intense change.

“White Tiger, come out for me!”

“Roar~!”

On Luo Tian's right side, a giant black and white tiger more than ten meters tall rushed out. It had the Chinese word "King" on its forehead. It then started roaring ferociously to one side.

"Agggghhh~!"

The sound wave made one person bleed from all seven orifices before dying on the spot.

The other three didn't stop to look and continued with their attacks.

The expression on Luo Tian's face showed that the pain he was feeling had increased by another level. He then shouted through clenched teeth, "Black Tortoise Xuanwu, come out for me!"

"Awooooo~!"

A giant black tortoise appeared and stood in front of Luo Tian.

A sword pierced toward his body, but the blade instantly turned into powder and dissipated into nothingness. The person who stabbed the Black Tortoise's body had his mind broken, and his sea of consciousness collapsed. His body swayed slightly for a bit before he too died on the spot.

An instant kill!

“Luo Tian...”

“I refuse to believe that you’re unkillable!”

The other two still killed their way over regardless of what had happened to their comrades.

At this time, they had no choice but to attack. If they managed to kill Luo Tian, they would instantly become famous!

“Kill, kill, kill!”

Luo Tian’s face turned paler, and his body trembled. He could hardly endure anymore because his physical body had reached its limit.

Even Illusion Fairy started feeling afraid.

His physical body couldn’t handle it anymore!

But the fourth part of his bloodline was only a little bit away from being unlocked. Just a little bit more to go!

Luo Tian clenched his fists as his pupils shook. His eyes were bloodshot, making him look like a devil. He then roared into the sky, "Divine Explosion!"

"Ommm~!"

His attributes increased.

The endurance of his physical body also increased.

Luo Tian then shouted once more, "Vermilion Bird, come out for me!!"

"Shreeeeee~!"

After a desolate shriek, a pair of fire-colored wings soared into the sky. A huge Vermilion Bird was now hovering over Luo Tian's head. When seeing the other two people, the Vermilion Bird gently flicked its giant tail feathers.

The two of them were instantly burned to ashes.

A long sword was less than half a centimeter away from Luo Tian's throat when its wielder died.

Extremely shocking!

Azure Dragon on the left, a White Tiger on the right. A Black Tortoise in the front, and a Vermilion Bird above!

They had all appeared!

The seal on the Four Divine Beasts bloodline was finally unlocked!

However, this was just the unlocking of the seal.

What Luo Tian wanted was a complete awakening of the bloodline!

To be able to fully control the power of the Four Divine Beasts!

"The last step!"

Luo Tian exhaled heavily before suddenly standing up.

As soon as he stood up, the phantoms of the Four Divine Beasts also stood up, instantly becoming even more majestic and fierce than before.

Luo Tian roared out, "Fuse with my body!"

"Gather!"

This was the critical step.

The Four Divine Beasts bloodline was not separate; they were one.

Only by summoning the Four Divine Beasts and fusing them together could it be considered a true success!

Moreover, Luo Tian knew there were at least ten powerhouses in the Honorable Emperor realm approaching this place within a hundred kilometers. If they saw this scene, he probably wouldn't live for more than half an hour!

Chapter 1236: A Large Group Of Powerhouses Approaching

The Four Divine Beasts were absorbed into Luo Tian's body.

At this moment, his body was like an ancient battlefield.

The Azure Dragon roared, the White Tiger howled, the Black Tortoise rampaged, and the Vermillion Bird soared.

The scene was too shocking.

The moment they tried to charge out was the most difficult time for Luo Tian.

They wanted to escape Luo Tian's control, constantly going crazy and trying to break free from their shackles.

After a full night of fusion, Luo Tian's physical body was on the verge of collapse, while his mental strength had fallen into extreme fatigue. At this time, the Four Divine Beasts were going crazy inside his body, so he was about to lose hold of them.

Suddenly, a force surged out from his mind.

A sharp glint flashed in Luo Tian's eyes before he roared in his heart, "All of you, calm down! Otherwise, I'm going to beat the crap out of you!"

The Ancient Tree was extremely annoyed by the Four Divine Beasts.

Suddenly, it exploded with a powerful force.

The Four Divine Beasts trembled together.

Luo Tian could clearly feel that they were afraid of the Ancient Tree's power.

"Damn it, looks like my life finally is saved."

He finally relaxed a bit.

Taking advantage of this opportunity, he frantically used his will to fuse the four giant beasts into one.

A few minutes passed.

Luo Tian opened his eyes and said with excitement, "It's done!"

"Hahaha..."

"The fusion was a success!"

Luo Tian felt an indescribable excitement, but he also felt some fear.

The night was too dangerous; several times, he had half a foot past the gate of hell when he was about to lose control of the bloodline power. Fortunately, he clenched his teeth and persevered through everything. Just now, if the Ancient Tree had not burst out with power to calm down the Four Divine Beasts, he would have ultimately failed.

“Fuuu~...”

“Fuuu~...”

Luo Tian clenched his fists while carefully feeling the power in his body. The corner of his mouth curved up into a smile, “What a wild and domineering power! So awesome!”

An incredible feeling that was hard to describe.

This kind of powerful energy contained in the bloodline made Luo Tian feel excited.

The danger encountered tonight was worth it!

Even if he had to take such risks ten more times, Luo Tian would definitely not frown. He would definitely fuse the blood spirit power again to unlock the bloodline seal of the Four Divine Beasts. He could now clearly feel the Azure Dragon on his left arm, the White Tiger on his right, the Black Tortoise defending in front, and the Vermilion Bird observing everything from behind.

The Four Divine Beasts guarded Luo Tian's front, back, left, and right like the Four Heavenly Kings.

This feeling was like breaking through dozens of times in a row because his power had risen to a height that even he himself could not imagine.

However, Luo Tian was a little unhappy because he unsealed the bloodline but didn't awaken it.

How powerful was the bloodline of the Four Divine Beasts? Once the bloodline was awakened, what would actually happen?

Furthermore, if Luo Tian had awakened the bloodline of the Four Divine Beasts right now, his physical body would definitely not be able to handle it. His body would probably explode from the power flowing from within the bloodline. Therefore, it was considered a lucky thing for him that he didn't awaken it.

Luo Tian stood up and shouted, "Awesome!"

From top to bottom, every pore and cell was full of explosive power. This feeling was simply too awesome!

A night of fatigue, the exhaustion of the physical body, and the lack of mental power disappeared instantly.

Liu Zhan was covered in blood. Seeing Luo Tian speaking, he came up laboriously and commented, "You're enjoying yourself while this young master almost lost his life for you."

Luo Tian smiled slightly and replied, "Fatty Liu, this big bro will remember everything you did today."

While speaking, Luo Tian cast a Super Regeneration on him.

"Ommm~!"

The Super Regeneration power covered Liu Zhan from head to toe. In a few seconds, his external wounds had rapidly healed, the effects visible to the naked eye. It was just like the Regeneration skill in the Tianxuan Continent.

Liu Zhan was visibly shocked as he looked down at his body, "Damn, I'm all healed! Your healing skill is too powerful! Even divine grade skills can't beat yours."

Luo Tian was momentarily stunned.

His Regeneration skill belonged to a secret technique from the Tianxuan Continent, and it was not considered a high-level healing skill in the Ancient World. In the past, each cast could only heal a little, but now it was able to restore someone all at once.

Could it be that something had changed?

Luo Tian quickly opened his system interface and went to the skill section. He stared at his martial skills and was completely dumbfounded.

Martial Skill: Super Regeneration

Grade: Divine

Martial Skill: Mountain River Fist

Grade: Divine

Martial Skill: Shoulder Dash

Grade: Divine

Martial Skill: Vajra Sword Technique

Grade: Divine

All his martial skills had changed!

Martial Skill: Pill Alchemy

Grade: Divine

Martial Skill: Forging

Grade: Divine

They were all divine grade skills!

Unimaginably powerful!

Luo Tian was scared stiff. He had some psychological preparation for a few martial skills to become divine grade, but all of the martial skills he practiced were upgraded to the divine grade. What kind of rhythm was this? Fierce!

Fierce to a complete mess!

Luo Tian almost peed himself!

One needs to know that the gap between the ordinary grades and a divine grade was huge. Sometimes, a divine grade skill could completely turn things around.

The worst martial skills that Luo Tian cultivated had all become divine grade skills, which meant that the power that these garbage skills could explode with had reached an extremely terrifying level.

Luo Tian immediately became excited after thinking about the Four Divine Beasts bloodline. His blood was boiling as he said to himself, "It must be the change brought by unlocking the seal on the Four Divine Beasts bloodline. This is way too cool! Hahaha..."

In reality, Luo Tian didn't know that it was all because of a coincidence.

He had fused with a great perfection blood spirit power.

Moreover, the two times he used Divine Explosion had been integrated into the Four Divine Beasts bloodline. It produced a second coincidence where his martial skill had completely transformed, which meant that even the system couldn't control. Otherwise, Luo Tian would have definitely heard the system alert.

It was worth mentioning that two Divine Explosions stimulated the most powerful energy within the Four Divine Beasts bloodline.

Once Luo Tian activates his bloodline, the power brought by the Four Divine Beasts bloodline would appear exponentially. This was the power of Divine Explosion!

Liu Zhan stared at Luo Tian's excited and idiotic appearance, and his expression turned serious. He then said to himself, "It seems like he was successful, but what kind of seal did he unlock?"

Azure Dragon, White Tiger, Vermilion Bird, Black Tortoise, these all belong to the Four Divine Beasts Continent.

Logically, it was impossible for him to have these in his body.

Immediately after, Liu Zhan asked suspiciously: "Did you unlock the seal of some kind of martial skill just now?"

A martial skill was the only thing he could think of.

Moreover, Luo Tian himself was a mysterious character. The martial skills he practiced included ones where he could transform, so it was reasonable for him to practice some kind of martial skill related to the Four Divine Beasts.

Luo Tian was momentarily stunned before saying, "A martial skill?"

"Uhhh..."

"It can be regarded as a martial skill, and the seal for it has been completely unlocked."

Liu Zhan stared at Luo Tian with disdain before saying with a tone of unhappiness, "Being with you is too damaging to my self-esteem."

Luo Tian looked at the brightening sky and said, "A good show is about to begin. Open your eyes and get ready to welcome our guests!"

A large group of powerhouses was approaching.

Chapter 1237: You Will All Die Today

Auras of powerhouses converged from all around.

All of them had auras above the Holy Spirit realm.

Among them were even some powerhouses in the Honorable Emperor realm.

Many of them were abnormally strong individuals who had been in seclusion for hundreds of years, striving to break through to the Great Perfection realm.

“What’s going on?”

“The auras are all gone?”

“Could it be that they hid themselves?”

“Just now, the dragon’s roar, the tiger’s roar, the tortoise’s low growl, and the bird’s screech all came from one place. Could it be that all four families of the Four Divine Beasts have come to Misty Cloud City?”

“I’m sure it came from this slum area. Search carefully and don’t let any corner off. I refuse to believe they can burrow into the ground and disappear from our senses.”

Because of the sudden disappearance of the auras, these powerhouses instantly lost their direction.

However, they all knew that the auras of the Four Divine Beasts were released in this slum area, so they must still be in this area.

The strangest thing to them was that the auras disappeared, and not even a trace remained.

Even powerhouses in the Honorable Emperor realm couldn't find them.

Luo Tian and Liu Zhan were eating porridge in the courtyard. They had been exhausted all night, and their stomachs were growling in protest. Eating something at this time couldn't be more comfortable.

Liu Zhan took a look at Luo Tian every time he took a bite, feeling that Luo Tian was becoming more and more mysterious. He then asked in a low voice, "Brother, what kind of cultivation technique are you practicing? Do you know that those four guys ran out and instantly killed those Great Diffusion martial artists from the Dongfang family? Those guys were too fierce! Too powerful! Or... are you a spy sent by the Four Divine Beasts Continent? You have an ulterior motive for infiltrating the Misty Cloud Academy, right?"

"Pfft~ ..."

Luo Tian laughed out loud before asking, "What do you think?"

Instantly killing a Great Diffusion 5th ranker also surprised Luo Tian.

When he instantly killed Dongfang Hu, he was in a selfless state and didn't know what was happening outside.

Liu Zhan rolled his eyes at Luo Tian and wore a disgusted expression as he said, “No matter what your purpose is, I, Liu Zhan, am yours for life. Hehe... I’m following you.”

Luo Tian’s whole body broke out in goosebumps when he heard this. He felt a chill in his heart and wanted to kick Liu Zhan flying.

He didn’t plan to reveal the matter of his Four Divine Beasts bloodline.

If he did, Liu Zhan would probably be even more shocked.

Since he said that he was cultivating some kind of Four Divine Beasts Divine Art, that was easier for others to digest.

But Luo Tian was somewhat worried, “I don’t know if I can fool those powerhouses lurking around.”

“Who cares!”

“If they find out, they find out. Anyway, the bloodline seal has been unlocked. When I awaken the Four Divine Beasts bloodline, I want to see who can stop me? The Hai family’s Crown Prince? I’ll just knock him down!” Luo Tian thought to himself.

“Eat quickly.”

“We have some serious business to take care of after we finish eating.” Luo Tian urged him before he, too, lowered his head to eat.

Liu Zhan replied with a smile, “Order received!”

But just at this moment, the gate of the courtyard was kicked open.

Luo Tian’s expression turned fierce while a faint flash of light appeared in his eyes.

Two martial artists with cultivations in the Great Diffusion realm rushed in. They glanced at the bodies on the ground, and one of them immediately asked, “What happened here? Have any members of the Four Divine Beasts clans come here?”

Liu Zhan immediately became furious and wanted to scold them, but Luo Tian held him down and replied, “We didn’t see anyone.”

“People from the Dongfang family?”

One of the martial artists examined a corpse, looked at the symbol on the chest, and then looked over at them. He stared at Luo Tian, who was the one who responded, and asked coldly, “What are your names?”

Liu Zhan didn't pay attention at first, but when he saw the symbol on that martial artist's chest, he whispered to Luo Tian, "They are martial artists from the Huang family."

The Huang family of Misty Cloud City.

A king level force.

In Misty Cloud City, the Huang family's strength could rank in the top five. Before the Hai family rose to prominence, the Huang family was second only to the Misty Cloud Academy.

Luo Tian still had a faint smile on his face as he said, "We don't seem to have any obligation to tell you our names, do we?"

"Presumptuous!"

"Kid, do you know who we are?" One of the martial artists asked with an extremely arrogant expression.

He stared coldly at Luo Tian with disdain in his eyes before continuing, "If I were you, I would obediently answer the question. Otherwise..."

Luo Tian sneered, "You are not me, and you can't become me. Actually, you don't even have the qualifications to carry my shoes."

"Brother Gou, I think he is sincerely looking for death," said the other martial artist.

Liu Zhan couldn't bother with them anymore and roared angrily while pointing at the warrior who spoke just now, "Who the hell are you to say someone is looking for death?! Do you believe I can kill you right now?!"

The two martial artists from the Huang family were surprised by the response.

A look of contempt instantly appeared in both of their eyes. One of them coldly harrumphed, "A piece of trash at the Great Diffusion 1st rank dares to mention the word death in front of me? Kid, today I will let you know how the word death is spelled!"

In an instant, one of the Huang family martial artists moved; his entire cultivation erupted in an explosive manner.

The dense aura, accompanied by his footsteps, pressed down on Liu Zhan like a mountain.

Luo Tian didn't move.

Liu Zhan cracked his neck before saying, “Motherfucker, I’ve been holding back my anger all night! If I can’t take care of a little bastard like you today, how am I supposed to hustle in life later?!”

He wanted to fight back when he was besieged by Dongfang Hu and the other four, but there were too many of them, so he had no chance at all.

That anger had been building up all night inside him.

Now that a Huang family martial artist came charging over, the suppressed anger in his heart instantly erupted.

In the blink of an eye, Liu Zhan summoned his natal bow and arrow. Before that person could react, Liu Zhan shouted, “Heaven’s Mystery Arrow!”

“Whoosh~...”

The arrow shot out, piercing through the air.

The martial artist was momentarily stunned. His eyes narrowed in malice as he exclaimed, “A bloodline awakener?”

“But so what?!”

“Even if you are a bloodline awakener, your cultivation is too low! This kind of arrow simply can’t stop me!” The Huang family martial artist harrumphed. He didn’t take the arrow seriously at all and shifted his body half a step to the left.

At this moment, Liu Zhan smiled coldly like his trick had succeeded. He then said, “I knew you would dodge that way.”

Liu Zhan immediately shouted, “Explode for me!”

The moment the Huang family martial artist’s foot stepped down, a super powerful force sprang up under his feet. It was as if he had stepped on a landmine where yuan energy blasted him into the sky. He had suddenly become Liu Zhan’s live target in the air.

“Whoosh, whoosh, whoosh~...”

“Go ahead and be arrogant again, you damn bastard! So what if you’re a martial artist under the Huang family?! Is that such a big deal?” Liu Zhan scolded imposingly and domineeringly.

At this time, another martial artist disappeared.

“Sneak attack?”

Luo Tian gently put down his chopsticks, shifted his stance, and said, "Mountain River Fist!"

"Bang~!"

Something similar to an energy shockwave burst out from his fist, blasting away the martial artist planning to ambush Liu Zhan in the shadows.

"Boom~!"

The martial artist crashed into the door frame of the courtyard. He then stabilized himself before staring coldly at Luo Tian and saying fiercely, "You damn dog things! You're all going to die today!"

After shouting that, a cloud-piercing arrow shot into the sky. The eyes of those experts hiding in the void and searching suddenly narrowed, before they all rushed toward the small courtyard where Luo Tian was.

Chapter 1238: White Tiger, Mountain River Fist

"Something happened!"

"A courtyard on the west side!"

"Everyone, move over there immediately!"

The martial artists sent out by the Huang family saw the cloud-piercing arrow blooming in the sky and quickly approached Luo Tian's small courtyard.

Immediately after, the powerhouses nearby were also attracted by this cloud-piercing arrow.

Ripples appeared in the sky, and the space began to constantly fluctuate.

Their aura was so strong that even the void couldn't withstand their presence.

Liu Zhan's expression changed drastically as he cried out, "Shit, they sent out a signal! What do we do now?!"

Luo Tian wasn't surprised or panicked. He sat back down and said slowly, "Don't panic; let's finish our breakfast first."

Liu Zhan looked at Luo Tian's calm expression and asked anxiously, "Why aren't you nervous? The two martial artists just now were disciples of the Huang family, a king-level force. The Huang family's strength in Misty Cloud City is second only to the Misty Cloud Academy and the Hai family. Moreover, there are many strong powerhouses all around us, and now they've all been attracted here. What are we going to do?!"

Luo Tian wasn't in a panic, but Liu Zhan was super anxious.

They had already offended the Hai family, and now they had offended another king-level force, the Huang family. How were they supposed to survive in the future?

Luo Tian smiled and replied, "What's coming will come; there's no use in being anxious."

"Besides..."

Luo Tian didn't continue speaking the rest of the words.

Liu Zhan didn't realize that he had unlocked the seal on his bloodline. Even with his bow and arrow bloodline perception, Liu Zhan couldn't sense it. So, other people probably wouldn't know either. They all thought he was cultivating some kind of Four Divine Beasts Divine Art. Since that was the case, there was no need to leave.

Moreover, Luo Tian also wanted everyone to know that he was cultivating some kind of powerful technique, rather than know he had the Four Divine Beasts bloodline.

It would be safer for him this way.

After all, having the Four Divine Beasts bloodline in one's body in the Central Continent was too heaven-defying. Even in the Four Divine Beasts Continent, it was an impossible thing. If such news leaked out, he would be thrust into an extremely dangerous situation.

This was obviously not what Luo Tian wanted to see.

Liu Zhan was speechless. He sat down on his butt and half-laughed and half-cried, "I've narrowly escaped death a few times following you, but this time... sigh~... it seems like I won't be able to lose my virginity. How tragic..."

"Boom~!"

"Boom~!"

"Boom~!"

Several thunderous explosions were heard outside the courtyard.

A domineering voice, like a great bell, penetrated inside, "Who dares to hurt my Huang family disciples?!"

Right after that, a half-dead martial artist pointed at Luo Tian in the courtyard and said, "Third Elder, it's him! It's him! That kid is the one who injured us!"

"Outrageous!"

A burly old man with red eyebrows and red hair stepped into the courtyard, directly stomping a thick bluestone tile into powder. His eyes turned fierce, his fiery temper surged up, and without asking anything, he slapped down at Luo Tian, "Great Compassion Palm!"

Luo Tian furrowed his brow.

The Azure Dragon on his left side was eager to make a move.

Luo Tian forcefully suppressed it as they couldn't be revealed outside of his body at this time.

Liu Zhan clenched his teeth and stood in front of Luo Tian. He then shouted, "I was the one who hurt your Huang family disciples! It has nothing to do with anyone else!"

Immediately after, Liu Zhan whispered behind him, "Luo Tian, quickly run away."

Luo Tian glanced at Liu Zhan and suddenly felt that this Fatty Liu was somewhat cute. He smiled before glancing at the red-haired old man and said, "It's so annoying even when I just want to eat some breakfast. Motherfucking hell..."

As soon as his voice faded, Luo Tian shouted internally, "Divine Explosion!"

"Boom~!"

A loud explosion erupted inside his body.

Luo Tian's figure moved instantly in front of Liu Zhan. His yuan energy flowed like crazy as he poured it into his right arm.

Also at this moment, the White Tiger divine beast roared out internally.

Power similar to a raging ocean surged towards Luo Tian's fist as he shouted, "Mountain River Fist!"

The Great Compassion Palm against the Mountain River Fist.

The red-haired old man widened his eyes and said disdainfully, "Courting death!"

The Great Compassion Palm was a demigod-level technique.

This palm strike of his contained extremely thick and pure yuan energy. One palm could split a giant mountain! The Great Compassion Palm was his most powerful skill! Using a low grade skill against it? This was simply an insult to him!

Therefore, the power surrounding Huang Shanzong's palm became even more intense. He wanted to shock this ignorant kid, who didn't know the immensity of heaven and earth, into powder.

Liu Zhan was instantly dumbstruck.

"Have you lost your mind?!"

The Huang family's martial artists who walked into the courtyard all showed disdainful sneers.

"This kid dares to compete in power with our Third Elder? He's going to turn into dust in an instant!"

"He's simply courting death."

"Doesn't this trash know that no one within the Myriad Illusion realm is stronger than the Third Elder? Water must've entered his brain if he wants to fight head-on with our Third Elder."

"Hahaha... Kid, you're going to see King Yama soon!"

Various mocking and sneering words come from the group of Huang family disciples.

Those powerhouses who had come over stopped for a bit to watch what was going on in the courtyard.

No one thought Luo Tian could withstand it.

Even Shi Kun and Yu Tianhai had the same opinion, but those two didn't step forward immediately.

“Boom~!”

With a loud explosion, the two forces collided. At the moment the fist and palm touched, the energy collision scattered in all directions. Lines of power visible to the naked eye overturned all the stone piers and stone tables in the courtyard, causing it to collapse directly.

The entire slum area was shaken by it.

“Thump, thump...”

Huang Shanzong retreated six steps in a row, each footprint about ten centimeters deep. He only stopped when his last foot stepped on the stone under the eaves. His face was crimson, his chest was churning with blood and energy. A pungent bloody smell surged up to his throat.

“Gulp~!”

Huang Shanzong clenched his teeth and forcibly swallowed the blood back down. He stared at Luo Tian, who had retreated ten steps in shock. He thought to himself, "I have never experienced that kind of power before! It seems like it can penetrate through everything! It is too thick and intense to estimate! If this kid's cultivation was higher by a little bit, I'm afraid my life..."

He didn't dare to continue down his path of thoughts because that feeling of having one's mind and consciousness shaken was too uncomfortable.

This confrontation seemed like Huang Shanzong had the upper hand, only because he was in the Myriad Illusion realm.

The gap between the two people's cultivation was too large.

If they were in the same realm, Huang Shanzong would definitely not be Luo Tian's match.

Luo Tian's face grimaced slightly as his chest was churning with blood and energy. He then said to himself, "The power of the Myriad Illusion realm is indeed extraordinary. Even if I use the White Tiger's power, it can only resist him somewhat, but I am still unable to hurt him. It seems that I still have to find a chance to level up some more."

"Humph~!" Huang Shanzong snorted.

"Try taking another palm from me!"

He couldn't let the kid in front of him live; otherwise, he would be a hidden danger to the Huang family sooner or later.

Huang Shanzong firmed his heart and awakened his bloodline power. A lion was roaring in his body while his power ignited. The aura on his body became exceptionally arrogant and domineering, and the power surrounding his palm was more than three times stronger than the previous one.

Chapter 1239: Purple Super Boss

"Fuck!" Luo Tian cursed internally.

His temper flared.

"You want to fight, huh?"

"Do you think this daddy is afraid of you?!" Luo Tian's eyes turned fierce.

Just now, he only used the lowest-level martial skill among all his skills, the Mountain River Fist. This time, he was going to use his divine magic, the Nine Yang Divine Magic!

His fists started moving while extreme yang burst forth.

At this moment, it was as if the rising sun from the east had been absorbed into Luo Tian's body. The temperature of the entire courtyard suddenly increased to a terrifying level.

The weeds in the courtyard quickly withered and turned yellow.

The wet ground dried up and cracked.

The bluestone tiles under Luo Tian's feet started evaporating into rising white steam.

Hot!

Incredibly hot!

Those Huang family martial artists were covered in sweat. At first, they thought that Luo Tian would be shaken into powder by Huang Shanzong, but Luo Tian was only at a slight disadvantage. They were formlessly slapped in the face by Luo Tian. Now, when they saw Luo Tian release this extreme yang power, their expressions turned terrified.

"Who exactly is he?"

"Third Elder, kill him!"

"Let's see how long this kid can act arrogant for!"

Liu Zhan had a horrified look on his face. He had seen Luo Tian use the Nine Yang Divine Magic in the assessment venue, but compared with the current power, it was nothing to write home about. In just a few days, the power of his martial skills had increased several times, no... it should be dozens of times! How was this possible?

Huang Shanzong's face darkened as his killing intent became even stronger, "This kid cannot be kept alive!"

Luo Tian smiled coldly and suddenly roared out, "Come at me!"

Huang Shanzong furrowed his brow before his figure charged over with a single shout, "Die!"

At that exact moment, two figures descended at the same time.

"Brother Shanzong, stay your hand!"

"Bang, bang..."

With those two muffled impact sounds, a gust of wind swept up in the courtyard.

Huang Shanzong was instantly suppressed by the two of them.

It was Shi Kun and Yu Tianhai!

They regretted not coming out just now for that previous palm strike. If they didn't come out to stop it now and something bad happened to Luo Tian, not to mention not having the face to see Huangfu Jue, they themselves would regret it for the rest of their lives.

They had seen the four divine beasts very clearly.

They used to think that Luo Tian was still some distance away from the Hai family's Crown Prince, but now that feeling was completely gone.

After a period of observation, they discovered that Luo Tian was too mysterious. He kept giving them surprises. He even managed to bring out the four divine beasts, so how heaven-defying was that?

They absolutely adored Luo Tian!

If they had daughters, they would definitely force them to marry Luo Tian in order to tie him down!

To them, Luo Tian was now a priceless treasure. And this treasure had to belong to the Misty Cloud Academy. No one could take it away, and no one could harm it. Therefore, regardless of the Huang family's strength, they rushed out from the void and suppressed Huang Shanzong.

Huang Shanzong's expression drastically changed.

His cultivation was not as high as Shi Kun and Yu Tianhai, but he was not afraid at all. He shouted coldly, "Are you two going to interfere with my Huang family's affairs?!"

Shi Kun waved his hand and said with a smile, "Brother Shanzong, there is a misunderstanding here. This kid is a member of our Misty Cloud Academy. Please give me some face."

The Hai family had risen too strongly and expanded too rapidly. Huangfu Jue had visited the current head of the Huang family half a month ago to discuss the matter of an alliance. The matter of the alliance had not been settled yet, though, so at this juncture, Shi Kun couldn't mess around. Otherwise, with his cultivation and identity, he could directly make Huang Shanzong kneel down.

Huang Shanzong's tone was full of disrespect, but Shi Kun could only endure it for now.

"Face?!"

"Humph~!"

"Is the Misty Cloud Academy that great?"

“After injuring my Huang family disciples, we would still take the culprits’ lives even if they were members of the Hai family, let alone the disciples of the Misty Cloud Academy. The Huang family has not fallen to the point where anyone can bully us!”

While he said those words, an old man with his hands behind his back walked into the courtyard from outside.

The Huang family’s ancestor!

A super strong powerhouse in the Honorable Emperor realm!

Many Huang family disciples quickly knelt down and said in unison, “Greetings, Ancestor.”

Shi Kun and Yu Tianhai’s expressions darkened.

Before they could even say anything, the Huang family ancestor looked at them two coldly before an invisible, thick Honorable Emperor pressure smashed down on them.

“Bang~!”

“Bang~!”

Shi Kun and Yu Tianhai were instantly crushed down into a kneeling position on the ground.

Their cultivations were in the Holy Spirit realm, but facing the Huang family ancestor in the Honorable Emperor realm, they were like chickens without any ability to resist.

Luo Tian was clenching his fists under his sleeves.

He felt an extremely dangerous aura coming from the Huang family ancestor.

Moreover, what was flashing under that guy's feet was not golden light, but strong purple light.

An existence beyond a super boss!

This old guy was a purple super boss, capable of dropping boss items that surpassed divine artifacts! Luo Tian's heart was palpitating while his thoughts raced.

"Ding!"

"Target locked!"

God Flame had locked onto its target.

If the Huang family ancestor dared to use oppressive force to make him kneel, he would not hesitate to blast it out.

He would not kneel to the heavens, nor the earth. Luo Tian would not kneel to anyone except his parents.

God Flame was readied just in case.

Even though the Huang family ancestor was a purple super boss, his name was not red to the system. This meant that he would not actively attack Luo Tian at the moment.

“Ancestor, this is really a misunderstanding,” Shi Kun said with difficulty while kneeling on the ground.

The Huang family ancestor didn’t even look at him and only furrowed his brow.

“Puff~!”

Shi Kun directly spat out a mouthful of black blood and could no longer say half a word.

Yu Tianhai then said, "Ancestor..."

Before he could finish speaking, Yu Tianhai also spat out a mouthful of black blood, his face turning ashen gray.

The Huang family ancestor said coldly, "Did I allow you two to speak?"

At this moment, a man dressed like a Confucian scholar walked out of the void. He had a faint smile on his face as he said, "Ancestor, there is no need to be angry with the younger generation. I think there must be a misunderstanding somewhere."

Huangfu Jue had arrived!

In that instant, Huangfu Jue flicked his sleeves slightly, and a surge of invisible Honorable Emperor energy lifted Shi Kun and Yu Tianhai up from their kneeling position.

"One of the top ten powerhouses in the Central Continent is indeed extraordinary."

"But Huangfu Jue, you are also a junior in my eyes. How dare you, as a junior, be so disrespectful when you see a senior?!" The Huang family ancestor's voice grew colder and colder.

At the same time, he was feeling a bit shocked while saying to himself, "Just a piece of trash at the first level of the Great Diffusion realm could make Shi Kun and Yu Tianhai, the two protectors of the Misty Cloud Academy, come out and speak for him. Even Huangfu Jue himself had been dispatched here at the risk of angering him. It seemed that this kid must be related to the Four Divine Beasts from the dragon's roar, tiger's roar, black tortoise's roar, and vermilion bird's screech just now."

"If that's the case, then it means Huangfu Jue has found a trump card to compete against the Hai family's Crown Prince this time."

"However, that's going to depend on whether this kid can survive until then!"

The Huang family ancestor's name above his head suddenly turned red!

Killing intent!

Chapter 1240: Challenging The Huang Family's Ancestor

In online games, monsters with red names will actively attack.

And these types of monsters were at least elite levels or higher.

The purple super boss's name suddenly turned blood red, which meant he was going to attack Luo Tian.

Luo Tian's expression instantly changed.

No matter how powerful the Four Divine Beasts bloodline was, he couldn't possibly be the Huang family ancestor's opponent right now. The Honorable Emperor realm was the peak of the Ancient World, and Luo Tian was only at the Great Diffusion 1st rank. How was he supposed to resist?

At this moment, Luo Tian made a thought, and the Angel of Judgment transformation card appeared in his mind. Kayle had an invincibility skill in his arsenal. Even though the duration of this skill wasn't that long, he believed that Huangfu Jue would definitely block the Huang family ancestor as long as he could survive for a few seconds.

At the same time, Luo Tian mobilized God Flame so that it was ready to launch it at any time.

A precarious situation!

Extreme danger!

It was like inviting the God of Death for a dance!

This feeling was very uncomfortable.

But even when thrust into such a situation, Luo Tian had nothing to fear. Instead, his heart was surprisingly calm. He smiled coldly, stared at the Huang family ancestor, and said, "The Huang family is indeed the Huang family. From the lowest martial artists to the ancestors high above, all of them are wildly arrogant and rampant. But..."

Speaking up to this part, Luo Tian paused to sneer disdainfully.

The Huang family ancestor's eyes narrowed as he asked, "But what?"

Luo Tian replied with a smile, "But the skin on your face is thicker than that of others. I estimate that it's thicker than the walls of Misty Cloud City."

"Kid, you're courting death!"

"Daring to insult our ancestor?! You must be tired of living!"

"Ancestor, hand him over to me, I will definitely make him regret coming into this world!"

"Presumptuous!"

The Huang family martial artists were all furious, wishing they could skin Luo Tian alive.

Daring to say that the ancestor had a thick face?

This was probably the first person in hundreds of years who dared to say that to the ancestor!

Liu Zhan's heart was ashen as he really didn't know what went on in Luo Tian's mind.

Huangfu Jue's expression also changed before he immediately said with a smile, "Ancestor, he is just a child, so no need to be so serious with him. Children are usually innocent and naive."

Luo Tian then said, "Dean, you really don't need to do this."

"Isn't he just an ancestor of the Huang family? What's so great about that?"

"A person who has been cultivating for thousands of years, yet he brings so many people with higher cultivation bases to crush a Great Diffusion 1st ranker like me. So tell me, do you feel that his face is rather thick?"

"A disciple loses, so an elder goes up. The elder loses to me as well, so the ancestor comes up. Is it that all of you have grown from young to old and taught to be shameless?"

The voice wasn't loud, but everyone present heard it very clearly.

Everyone was dumbstruck, including Huangfu Jue.

He had no clue what Luo Tian was thinking. The Huang family ancestor's cultivation was not below him, and he was also a person in the top ten in the Central Continent. Moreover, he had been cultivating for tens of thousands of years already, so the amount of yuan energy he had absorbed made him an unparalleled existence.

The corner of the Huang family ancestor's eye twitched slightly before he sneered, "In the world of martial artists, the strong are always respected, and the weak must have the consciousness of the weak. In this world, whoever has the hardest fist is the law, and whoever can rise the highest will be above everything."

"I have to say that your talent and potential aren't bad. If nothing goes wrong, you might be able to step into the Holy Spirit realm within a hundred years. But unfortunately, you no longer have that chance because you will die here today."

The voice grew colder and colder toward the end.

The Huang family ancestor stared at Luo Tian as if he were staring at an ant. That contemptuous and disdainful look made Luo Tian extremely annoyed.

Luo Tian then said with a smile, "Since that's the case, do you dare to make a bet with me?"

The Huang family ancestor asked with interest, "What do you want to bet? And how do we bet?"

He wasn't in a hurry to kill Luo Tian.

Moreover, Huangfu Jue was next to Luo Tian. If he were to attack, Huangfu Jue would definitely stop him with all his might. This would then put him in a passive position. Furthermore, he wasn't entirely confident he would come out ahead.

Huangfu Jue's spacetime bloodline was simply too powerful.

He had no way to resist it.

This was one of the main things he feared.

Luo Tian pretended to think for a moment, glanced at Huang Shanzong, and then said, "Just now, he competed in power with me. It seemed like he had the upper hand, but everyone with discerning eyes knew that he lost. How about this: I'll give you a chance to take revenge."

"We'll compete with one palm strike. If I manage to survive it, you have to avoid me any time you see me in the future."

Huangfu Jue's eyes shook as he immediately chided, "Luo Tian, don't talk nonsense!"

Huangfu Jue was actually quite anxious. The Huang family ancestor wouldn't dare to do anything to Luo Tian with him present. Even if the Huang family ancestor did make a move, he had the confidence to rescue Luo Tian at the first moment.

But what Luo Tian was saying was beyond his control.

“Hahaha...”

“Brain damage! He definitely has brain damage! Daring to compete in power with our ancestor? This kid definitely has something majorly problematic with his brain!”

“No one would do such a thing even if they’re courting their own death.”

“Has he been scared shitless by the ancestor?”

A wave of mocking voices was heard.

Liu Zhan grabbed Luo Tian’s arm and said in a low voice, “Are you crazy?! Do you know what realm his cultivation has reached?! Don’t talk about comparing power, you can’t even withstand a single thought from him! Hurry up and listen to the dean’s words!”

Shi Kun’s expression also changed as he lectured, “Luo Tian, don’t act recklessly!”

The Huang family ancestor was indeed very powerful.

The surrounding area was also filled with the Huang family experts.

But it would be very difficult for them to eliminate Luo Tian in front of Huangfu Jue and the others.

The Huang family ancestor laughed loudly, "For thousands of years, no one has ever challenged me. Even the Hai family's Crown Prince has to show me respect when he sees me. You, a little Great Diffusion ranker, dares to be presumptuous in front of me?"

"Huangfu Jue, it's not that I don't want to spare his life... he's simply courting his own death!"

Before Huangfu Jue could speak, the Huang family ancestor shouted, "Alright, I promise you! As long as you can withstand one move from me, I will avoid you in the future. Unfortunately, you will soon be going to hell."

Luo Tian also quickly said, "Everyone heard it, right?"

He swept his gaze across the area, including the powerhouse floating in the sky. Luo Tian then said loudly, "Everyone, please be my witness! Today, not only will I be able to withstand his move, but I will also be able to diffuse his move!"

"Boom~!"

Luo Tian's words were like a heavy bomb that blew up the pot.

Arrogant?

Arrogant to the max!

But was this still considered being arrogant?

How was this any different from courting death?

Everyone showed disdainful sneers, feeling that Luo Tian was overestimating himself.

A Great Diffusion ranker fighting against an Honorable Emperor powerhouse? And he wanted to diffuse a move? This guy's brain must be fried!

Yu Tianhai wanted to stop Luo Tian, but Huangfu Jue stopped him.

Even if he stood out to apologize to the Huang family ancestor at this time, it would be useless. The Huang family ancestor would never let it go.

Now, he could only watch Luo Tian do his thing.

Looking at Luo Tian's confident eyes, Huangfu Jue thought to himself, "Luo Tian, what other secrets are you still hiding?"

Luo Tian extended his right hand and said with a faint smile, "Let's start."
