Chapter 1241: Teacher Sola Aoi, Begging For Instant Kill

He didn't want to waste any more words.

Just start right now!

But the Huang family ancestor was momentarily stunned before saying, "Here?"

Everyone stared at Luo Tian, feeling that he didn't understand the horror of an Honorable Emperor realm ranker.

A few sneers were heard coming from the sky.

"I thought the person who Ghost Servant failed to kill twice was some kind of big shot, but it turns out he's just an idiot. I really don't know how Ghost Servant could die in the hands of someone like him. Competing in this kind of place? I'm afraid half the slum area will be razed to the ground."

"I thought this kid was the one who released the dragon's roar just now, yet he doesn't even know this little bit of common sense? How could he have anything to do with the Azure Dragon's roar just now?"

"If you ask me, this Huangfu Jue is also a weirdo. He's treating such an idiotic trash as treasure. He is probably grasping at straws after being crushed by a big mountain like the Hai family's Crown Prince."

Honorable Emperor realm powerhouses were the peak of existence in the Ancient World.

Any casual move of theirs would result in an extremely terrifying power.

The destructive power was beyond the imagination of normal people.

If he made a move in this kind of place, the Huang family ancestor could flatten all the buildings within a radius of tens of kilometers to the ground.

Huangfu Jue looked at Luo Tian, still unable to tell what Luo Tian was thinking. He then suggested, "Why not go to the training field of Misty Cloud City? There are super arrays there condensed by ten powerhouses in the Honorable Emperor realm, so innocent people won't be hurt."

The Huang family ancestor only sneered in response.

Before others could comment on it, Luo Tian said, "There's no need for so much trouble. I have important things to do later, so I don't have time to waste. Let's fight here. I will be able to defuse his move, so innocent people won't be hurt."

Luo Tian was bragging to outer space by making it sound like nothing.

It was like he didn't put powerhouses in the Honorable Emperor realm in his eyes at all.

Luo Tian thought for half a second before saying again, "If any of you are afraid, you can move back further."

"Puff~!"

"Too arrogant!"

"Too presumptuous!"

"He's not putting our ancestor in his eyes at all!"

"Kid, you are way too arrogant!"

The Huang family disciples were all furious, wishing they could rush up and tear Luo Tian to pieces.

Arrogant to this extent...

Even the Huang family ancestor's face became unsightly. Finally, his facial expression revealed a cold rage that carried a strong killing intent. His brow tightened before saying, "Since you are in such a hurry to reincarnate, then I will fulfill your wish."

“Kid, you have made me very angry now.”

“Therefore, this one move of mine will make you turn to ashes so that you will never be able to be reborn!”

Luo Tian shifted into a fighting stance and said extremely calmly, “Stop flapping your jaws, and quickly come at me. I don’t have time to waste with you here. Remember the bet just now: Whoever violates it will be the grandson!”

“Ommm~!”

“Boom~!”

A wave of anger directly surged out from the Huang family ancestor’s body, causing ripples of energy to spread out in all directions.

Those Huang family martial artists were forced back instantly.

Liu Zhan was directly crushed to the point of having difficulty breathing.

Shi Kun and Yu Tianhai’s bodies sank down as they trembled.

Huangfu Jue's brow tightened before he advised, "Luo Tian, be careful. He's very angry."

He didn't know what Luo Tian was thinking.

But, at this time, he could only choose to believe him.

Also at this time, Luo Tian suddenly sent a voice transmission and said, "Dean, I can only withstand one move from him. After his one move is defused by me, he will definitely be even angrier and use a second move, regardless of losing face. At that time..."

Huangfu Jue's heart trembled briefly before he immediately replied, "Don't worry, his second move will definitely not touch you."

He couldn't think of any way Luo Tian could resist the Huang family ancestor.

Could he really do it?

Huangfu Jue even considered using his spacetime transfer ability to transfer Luo Tian to another place the moment the Huang family ancestor attacked.

Having received Huangfu Jue's promise gave Luo Tian peace of mind.

The people nearby immediately moved back.

Especially the Huang family martial artists, who all had fearful expressions on their faces. They weren't afraid of Luo Tian, but were worried about being injured by the aura bursting out from their ancestor's body.

The expressions of those powerhouses in the sky also changed slightly.

They also unconsciously backed up a bit.

Who was the Huang family ancestor?

An old monster who had cultivated for more than 10,000 years!

He was already famous thousands of years ago.

In Misty Cloud City, he was once the strongest, known as the man closest to Godhood.

He was in the top ten of the Central Continent's strongest existences.

The power of his one move was nearly world-destroying. Using it to deal with Luo Tian, who was in the Great Diffusion realm, was basically a meaningless challenge. After just one move, this world would lose an arrogant, conceited, and self-unaware person.

The Huang family disciples retreated.

Huangfu Jue didn't move.

Shi Kun and Yu Tianhai didn't move either.

Even Liu Zhan stood still in place.

At this time, they all chose to believe in Luo Tian.

The Huang family ancestor narrowed his eyes. Out of the corner of his narrowed eyes, he glanced at Huangfu Jue before saying to himself, "They all say your spacetime bloodline is powerful. Today, this old man wants to see how you can rescue this trash from my eyes. I also want to see if you, Huangfu Jue, are really as powerful as the rumors say."

In an instant, his mental energy stirred.

“Ommm~!”

A loud noise erupted from his body, and the sky suddenly pressed down. The natural aura of the world within a million kilometers suddenly retracted.

The power of heaven’s dao!

This was Heaven’s Chosen Power!

Huangfu Jue’s expression turned fierce as he looked at the Huang family ancestor and said, “Ancestor, it’s just a contest with a martial artist in the Great Diffusion realm. Is there a need to utilize Heaven’s Chosen Power?”

He was actually using Heaven’s Chosen Power?!

The Huang family ancestor smiled and replied, “I just love the feeling of absolute suppression. He’s the one who’s seeking his own death.”

He didn’t do this to kill Luo Tian.

His purpose was actually to test Huangfu Jue's strength.

Luo Tian smiled and said, "It's okay, I love to watch others fall from high places. That's more enjoyable!"

Still arrogant as ever.

The Huang family ancestor's anger surged out again. His right fist started moving while Heaven's Chosen Power gathered on it. He then said in a deep voice, "Kid, turn to ashes for me!"

"Heaven's Chosen Power!"

"Annihilation Fist, die!"

This move of his was deliberately not very fast. It could even be said to be very slow.

The reason being that all of the Huang family ancestor's focus was on Huangfu Jue. The slower it was, the more it could reveal a person's heart. And the slower it was, the more it was a torment to others.

However, the moment the Huang family ancestor made his move, a very ordinary ball of flame shot out from Luo Tian's palm. As ordinary as the fire used for cooking. But Luo Tian gave it a resounding name, "Heaven Exterminating Flame, come out for me!"

“What bullshit Heaven’s Chosen Power?! All of you lie down for this daddy!”

Level 2 God Flame!

Instant kill chance: Ten percent!

Could it trigger an instant kill without the Divine Explosion buff?

Under God Flame, even true gods were the same! There was a chance of instant kill!

This time...

Luo Tian was excited, and his heart skipped a beat. “Teacher Sola Aoi, please bless me with an instant kill!”

Chapter 1242: Unrivaled In Ferocity, Huangfu Jue

In the Ancient World, God Flame was restricted by the laws of the world.

But as long as it was in the Ancient World, even if a god descended, Luo Tian’s God Flame could still potentially trigger an instant kill.

But it was only a 10% probability.

If he could instantly kill the Huang family ancestor, then Luo Tian's name would resound throughout the entire Ancient World.

His level would probably increase by ten levels in an instant!

The treasures that would drop probably wouldn't fit into a single spatial ring.

One second felt like ten thousand years.

Luo Tian watched God Flame being released from his palm, and prayed, "Please let it succeed just this once."

Huangfu Jue's eyes turned fierce as he shifted his stance. He couldn't see anything powerful in the ball of flame.

The surrounding powerhouses were all momentarily stunned.

Suddenly, they all burst into laughter.

"Hahaha... I thought this kid had some kind of trump card he was relying on, but it turns out it's just a small fireball?"

“Using a small fireball to defuse the move of a powerhouse in the Honorable Emperor realm? Not only is he a piece of trash, he’s also brain-damaged.”

“Hahaha... he will soon turn into ashes.”

“I think the Huang family ancestor’s target isn’t Luo Tian, but Huangfu Jue. Look, he clearly isn’t putting that fireball in his eyes at all. His gaze has been fixed on Huangfu Jue all this time.”

Someone suddenly exclaimed, “He’s moving!”

“He’s making his move!”

Huangfu Jue made his move.

“He knows that Luo Tian won’t be able to defuse the Huang family ancestor’s move, but isn’t it a little too late for him to want to protect Luo Tian at this time?”

Huangfu Jue did indeed move.

His body moved slightly closer to Luo Tian.

The Huang family ancestor sneered in his heart and said to himself, "Huangfu Jue, today I'll see how strong your spacetime bloodline is."

His eyes turned serious.

The Heaven's Chosen Power in his body increased again while he completely ignored the small fireball that was flying toward him.

He just waved his sleeves and shouted, "Extinguish for me!"

Then, his Annihilation Fist smashed out.

"Puff~..."

It sounded like a quiet fart that escaped a person desperately trying to hold it in.

The Huang family ancestor's Annihilation Fist had no power at all.

It was as if it had been drained of power in an instant.

The Huang family ancestor's face darkened when he felt a brief moment of blacking out. Even though this blackout lasted for less than a tenth of a second, he could still clearly feel it. What just happened?

What the hell just happened?

His face instantly became unsightly.

Luo Tian had the same expression while he complained in his heart, "Teacher Sola Aoi, have you stopped loving me or something?"

At this moment, Luo Tian took a step forward and sneered, "You've lost."

The Huang family ancestor's face darkened some more as he roared, "What did you say?!"

With Huangfu Jue around, Luo Tian wasn't afraid at all. He sneered and said, "Huang family ancestor, you aren't going to renege on the bet, right? Whoever can't afford to lose will be the grandson. From today onwards, when you see this young master, you will have to avoid me. Otherwise, you'll be considered my grandson."

"Crack, crack..."

“Shatter, shatter...”

“Whoosh, whoosh...”

Space was distorting, and everything around was trembling.

The earth was groaning.

The Huang family ancestor’s formless rage erupted skyward. The domineering aura gathered into a primeval beast overlooking the earth. The beast roared to the sky, as if it was trying to swallow heaven and earth. It then rushed towards Luo Tian’s mind while howling, “Die for me!”

Luo Tian was nearly crushed to the point of vomiting blood!

The Black Tortoise Shield was activated.

The Azure Dragon coiled around his body.

The White Tiger guarded his mind.

And the Vermillion Bird hovered above his sea of consciousness.

Everything was in defensive mode.

The Angel of Judgment transformation card in Luo Tian's mind was jumping about as if it were about to be activated without Luo Tian's command.

Even with all these safeguards, Luo Tian still couldn't resist the suppression of the Huang family ancestor's Honorable Emperor realm.

After all, he was only at the Great Diffusion 1st rank.

The gap in cultivation realms was too large!

An insurmountable existence!

But before that ancient behemoth could collide into the front of Luo Tian, a figure blocked in front of him. Huangfu Jue moved his right hand and said with a smile, "Ancestor, you have indeed lost."

As soon as the voice was heard, Huangfu Jue flicked his sleeves.

Distorted ripples appeared in front of him, and the invisible ancient behemoth plunged headfirst into the distorted ripples. The powerful aura suddenly disappeared completely.

Spacetime transfer!

The Huang family ancestor's eyes widened slightly. He saw very clearly that the oppressive aura he released was directly transferred to another spacetime. His heart felt heavy as he thought to himself, "What a powerful spacetime transfer technique."

"I thought he could only transfer people, but I didn't expect he could even transfer the power I released. It seems that Huangfu Jue has already cultivated his spacetime bloodline to the highest realm!"

Luo Tian was also shocked by what he saw.

"Holy crap!"

"That move was too awesome! Too powerful!"

"It's just like Kakashi's move in the Naruto anime!"

"But Huangfu Jue's move seems to be much more powerful than Kakashi's..."

Luo Tian suddenly thought of something. In Naruto, Kakashi had to activate Sharingan in order to use the spacetime transfer technique. He also had Sharingan, but hadn't developed this move in the Tianxuan Continent. Could he cultivate it in the Ancient World?

This move was too awesome.

Luo Tian wished he could learn it immediately. Who would he be afraid of from then on?

"It definitely can be done!"

Luo Tian felt certain and became excited.

Huangfu Jue looked like a Confucian scholar with a scholarly aura all over him. He looked at the Huang family ancestor and said, "Ancestor, don't stoop to his level. It was just a joke just now. I hope you can give me some face and let it go."

This was giving the Huang family ancestor a way out.

Everyone around, even the lowest-level martial artists, could see it.

The Huang family ancestor had lost the bet.

He had lost completely.

His Annihilation Fist had been completely defused by Luo Tian. Defused in a flawless manner.

At that moment, the Huang family ancestor himself didn't even know what had happened. How did that ordinary flame defuse his Annihilation Fist? And it even carried an extremely thick Heaven's Chosen Power. This was absolutely impossible!

He couldn't understand it.

None of the powerhouses in the sky understood it.

However, none of them could laugh now.

Their faces were burning as if they had been slapped very hard. It was a very uncomfortable feeling!

The Huang family ancestor coldly harrumphed with an ugly expression on his face. He stared at Huangfu Jue before saying, "Since you, Huangfu Jue, have such a powerful disciple, then in my opinion, the matter of the alliance between the Misty Cloud Academy and the Huang family will be dissolved. From today onwards, the Huang family will have nothing to do with the Misty Cloud Academy. If anyone from

the Misty Cloud Academy dares to attack my Huang family disciples again, then the Huang family will go to war with your Misty Cloud Academy!”

After saying that, the Huang family ancestor flicked his sleeves heavily. He glanced at Luo Tian coldly as if saying, “I will remember you!”

He then immediately turned to leave.

Luo Tian stepped forward and said with a smile, “Ancestor, have a cup of tea before you leave. I said you have to avoid me in the future, but you don’t have to start now. Don’t go, hey, hey, don’t be so petty, okay? It’s just your Annihilation Fist was perfectly defused, so there’s no need to be so angry, right?”

Huangfu Jue’s tense body finally relaxed.

Shi Kun, Yu Tianhai, and Liu Zhan all collapsed limply on the ground. Three pairs of eyes stared at Luo Tian as they had almost died from fright just now.

Chapter 1243: This Big Bro Is Here

Sensational!

Tremendously sensational!

“The Huang family ancestor’s Annihilation Fist was defused by a nameless kid!”

“My heavens, who exactly is he?”

“I heard that the Misty Cloud Academy’s Huangfu Jue is protecting him, even at the risk of offending the Huang family ancestor. What is the kid’s background?”

“The Huang family and the Misty Cloud Academy have severed ties with each other.”

“I heard that Huangfu Jue plans to marry his daughter to this kid.”

All kinds of rumors were flying everywhere.

Less than half an hour after the Huang family ancestor left the slum area, the news of Luo Tian defusing his move spread throughout Misty Cloud City. Almost all the martial artists were discussing it, all wanting to know how he was able to do it.

At the same time, many people compared him to the Hai family’s Crown Prince.

“The Hai family’s Crown Prince can’t do it, right?”

“That’s not necessarily true. This kid is too arrogant and brazen. Huangfu Jue can protect him for a while, but can he protect him for a lifetime? There will always be times when he’s alone, and then he’ll be in danger. Besides, the Crown Prince is much more low-key. He knows what it means to be patient. Therefore, this kid is not qualified to be compared with the Crown Prince.”

“Who is the Hai family’s Crown Prince? The son of heaven, the person chosen by the Dao of Heaven. A peerless genius who has not been seen in the Ancient World for 10,000 years. If that kid were strong, he would have been famous in Misty Cloud City long ago. It can be seen that defusing the Huang family ancestor’s move was definitely due to luck.”

“Luck? Luck is also a kind of strength. Moreover, why don’t you rely on luck and face a super powerhouse in the Honorable Emperor realm?”

“I don’t think this kid is any worse than the Hai family’s Crown Prince.”

People in restaurants and tea houses were all discussing this matter.

But some of the large families and forces were mainly focused on the Azure Dragon, White Tiger, Black Tortoise, and Vermillion Bird’s howls, rather than Luo Tian resisting a move of the Huang family ancestor.

However, one particular family cared deeply about this matter.

The Hai family!

In the main hall, Hai Tongtian laughed loudly and was extremely happy. “The Huang family and the Misty Cloud Academy have broken their alliance. This is going to be very interesting. This is equivalent to the Misty Cloud Academy losing an arm! Huangfu Jue, I want to see what you’re going to use to fight me now!”

Originally, he was still afraid of the strategic alliance between the Misty Cloud Academy and the Huang family. It was because of this that it made it difficult for them to dominate Misty Cloud City.

Now that the alliance had collapsed, it meant that the Hai family no longer had to hold back.

Hai Fengtian then said, "This matter was caused by Huangfu Jue. When I get back, I will call a meeting of the elders. This time, I will make sure that Huangfu Jue can't even be the Vice Dean anymore, humph~!"

"The collapse of the alliance between the Misty Cloud Academy and the Huang family is an opportunity for our Hai family."

"Patriarch, some plans can be implemented ahead of schedule."

Several elders were also very happy.

Hai Tongtian nodded, "The first step of our Hai family is to dominate Misty Cloud City!"

"Speaking of which, we have to thank the one who summoned the Azure Dragon. If he hadn't released a roar of the Azure Dragon, the Huang family ancestor wouldn't have emerged from seclusion, and he wouldn't have met that trash Luo Tian."

Hai Tongtian frowned when he mentioned Luo Tian, and the joy on his face diminished by half.

He then said, "I didn't expect a mere Great Diffusion 1st ranker to defuse the Huang family ancestor's move. Luo Tian, I really underestimated you."

Hai Tongtian suddenly asked, "How is the investigation of the Azure Dragon, White Tiger, Black Tortoise, and Vermillion Bird? Why did the Four Divine Beasts family suddenly appear in Misty Cloud City? Could this matter also be caused by Luo Tian?"

"Or were the Four Divine Beasts released by him?"

Thinking in this direction, the joy on Hai Tongtian's face completely disappeared, and his brow was now furrowed.

"It's impossible for it to be him."

Hai Fengtian then continued, "I was present when this kid's talent was tested. His talent was zero grade. This kind of trash can't possibly summon the Four Divine Beasts. Even if the Four Divine Beasts were blind, they wouldn't choose trash with a shattered dantian."

"Elder Fengtian is right. Luo Tian does have some remarkable qualities, but the matter of the Four Divine Beasts definitely has nothing to do with him. We don't have to worry about this," another elder said.

How powerful were the Four Divine Beasts?

If they were in his body, then the talent test would not have revealed zero grade.

Hearing everyone say this, Hai Tongtian was somewhat relieved and said, "Regardless of whether this matter has anything to do with him, we must definitely not let him become a student of the Misty Cloud Academy. I will definitely not let Huangfu Jue get what he wants."

Hai Fengtian then said, "Big brother, don't worry. Even if Luo Tian passes the third round of the assessment, I won't let him enter the Misty Cloud Academy. At that time, our agreement with Huangfu Jue will become invalid, and then we can kill Luo Tian however we want."

Hai Tongtian smiled with satisfaction and thought to himself, "Luo Tian, what will you use to fight me?"

In another place.

Dongfang Xiong was sitting on a rocking chair, and a maid with top-notch looks and revealing clothes was feeding him grapes.

"Sweet!"

“So sweet!”

“Hahaha...” Dongfang Xiong laughed loudly.

At this moment, an old man walked in urgently from outside.

Dongfang Xiong had a displeased look on his face as he shouted coldly, “Don’t you know to knock on the door before coming in?”

The old man’s face darkened, but still said urgently, “Patriarch, I found out that Dongfang Shuo, that dog bastard, left the city at dawn and rushed towards Boundless City.”

“He’s not dead?!”

“What about the people we sent out?”

“What about Dongfang Hu?”

“Why hasn’t anyone come back to report to me?!” Dongfang Xiong asked in anger.

The old man replied, "They are all dead."

Dongfang Xiong stood up abruptly, his brow shook as he asked, "Who is so bold that they dare to touch the people of the Dongfang family?"

"It was Luo Tian," the old man replied.

Dongfang Xiong didn't know about the sensational event that was being discussed outside. He then asked, "Luo Tian? Is that the Luo Tian who offended the Hai family? I remember his cultivation was only in the Martial Void realm. How could he kill Dongfang Hu and the others?"

The old man replied, "Patriarch, don't you know yet?"

Dongfang Xiong asked, "Know what?"

The old man's eyes were momentarily stunned before answering, "Luo Tian defused the Huang family ancestor's Annihilation Fist with one move, and remained unharmed. And his current cultivation base is at the Great Diffusion 1st rank."

"Huh?"

Dongfang Xiong was shocked and couldn't believe what he heard. But he knew that the old man wouldn't dare to lie to him, so he asked, "Defusing a move from the Huang family ancestor? Does Luo Tian have three heads and six arms or something? How could he be so strong?"

"Hahaha..."

"That's good too! First, he offends the Hai family, and now he offends the Huang family. Even if he has a hundred lives now, he will not escape death!"

Dongfang Xiong then sneered in disdain, "So arrogant and conceited. What does he take the Misty Cloud City for?"

"Dongfang Shuo is also an idiot to be friends with such a brain-damaged person."

"Oh, right, where is that kid Luo Tian currently?"

At this moment in time, two people were standing at the main gate of the Dongfang manor.

A shout was suddenly heard...

Chapter 1244: Blank

The shout rippled out through the tranquility of the Dongfang Manor.

Right after that, another shout exploded in the sky above the Dongfang Mansion.

“Dongfang Xiong, get your ass out here!”

The voice was thunderous, full of anger and killing intent.

Dongfang Xiong’s brow tightened before he flew into the air and harrumphed coldly, “Who ate the heart of a bear and the gall of a leopard?! Someone dares to run wild in the Dongfang family?!”

The Dongfang Manor, a platinum power, was very large.

A large number of Dongfang family martial artists quickly emerged from the nearby area.

With Dongfang Xiong’s shout, those martial artists rushed over even more frantically.

All of them directly entered a state of level one alert.

“This daddy is your ancestor!” Luo Tian roared back.

He then leaped into the sky and stared at Dongfang Xiong, who was full of arrogance in the distance. He then said coldly, “Killing Yao Hai, and trying to kill Dongfang Shuo. Dongfang Xiong, did you ever think about the consequences of provoking me, Luo Tian?”

At this moment, Liu Zhan advised Luo Tian, "The Dongfang family disciples are swarming towards us. Luo Tian, if you want to kill them, do it quickly. Once we are surrounded, we will end up in a passive position. The Hai family's support will also rush over quickly, so a protracted battle is not good for us."

Off in the distance, Dongfang Xiong's body shook from laughing so hard.

"Hahaha... Luo Tian?"

"So you're that Luo Tian?"

"Hahaha... There's a road to heaven that you don't take, yet you decide to barge through the gates to hell. I didn't expect that my, Dongfang Xiong's luck, would be so good. You actually sent yourself to my door. Good, good, good... Luo Tian, today I will let you know the strength of the Dongfang family!"

He was very excited, very happy.

He was worried about how to find the slippery Dongfang Shuo and kill him to get some credit from the Hai family.

He would never have imagined that Luo Tian would appear here at this time.

Compared with the small fish Dongfang Shuo, Luo Tian was a much bigger fish. If he could kill Luo Tian, Hai Tongtian would definitely reward him greatly.

Dongfang Xiong was feeling excited as he said to himself, "The time for the Dongfang family to rise has come."

Dongfang Xiong immediately shouted in a deep voice, "Eight Generals of the Dongfang family, listen to my order! Kill him for me!"

"Hooh~!"

Eight figures flashed out from the void, all of them holding spears. The moment they received Dongfang Xiong's order, they split into eight directions.

Also at the same time, the martial artists of the Dongfang family surged out from all over the manor and surrounded Liu Zhan.

"Luo Tian, today is the date of your death!"

"You dare to come to the Dongfang family and act wildly rampant?! You are practically courting death!"

"What do you take my Dongfang family for?!"

“I want to see who can save you now!”

Cold shouts rang out around the area.

Luo Tian didn't speak and only listened to the jeering coming from all directions. He analyzed all possible paths before looking at Dongfang Xiong, who was full of complacency in the distance. Luo Tian grinned and sauntered over to the side of Liu Zhan. He then looked at the hundreds of elite disciples of the Dongfang family around and sneered, “I'll give you all a chance to live...”

Before Luo Tian could finish speaking, a leader pointed his sword and shouted, “Luo Tian, hand over your life!”

Luo Tian shook his head and muttered, “Forget it, looks like I talked too much.”

Immediately after that, Luo Tian's figure moved with his fists punching out. When facing the leader who was rushing over, he decided to just use pure raw strength to take him head-on.

“Bang~!”

“Boom~!”

That leader's sword hadn't even been thrust out yet when he was directly knocked down by Luo Tian with one single punch. He flew sideways onto the ground, cracking a piece of the floor tile before bouncing up from the ground. In this instant, Luo Tian's figure appeared high above him and aimed at his temple, directly hammering down with another punch.

"Boom~!"

The guy's head cracked open.

Instant kill!

"Ding!"

"Congratulations to player Luo Tian for killing..."

"Ding!"

"Sin points +1."

Several system alerts sounded off.

Luo Tian glanced at the amount of sin points he had before smiling and saying to himself, "Four hundred and thirty points? Last time, I killed a lot of Hai family disciples in First City. Let's see if I can reach a thousand points this time. At that time, I wonder what a thousand sin points can summon?"

A hundred points allowed him to summon the Archangel Lucifer.

What could a thousand points summon?

Luo Tian was somewhat excited when thinking of the future.

Moreover, he wasn't going to spare any members of the Dongfang family now.

All of them had to die because they had touched his bottom line!

Two moves to instantly kill.

The surroundings suddenly went silent as all eyes were fixed on Luo Tian. After a few seconds of silence, those martial artists with bloodshot eyes roared out, "Kill him! Avenge Dongfang Shang! Kill!"

At the same time, the eight generals of the Dongfang family split into eight directions.

The person in the lead shouted in a deep voice, "You all retreat!"

That person's gaze locked onto Luo Tian before his spear started moving. A thick energy aura was burning on his body, possessing immense power.

A dangerous aura spread out.

"Let's see if you can still resist with the eight generals taking action."

"Kill him!"

"Kill him, and our Dongfang family will become famous in Misty Cloud City!"

Liu Zhan then said softly, "Luo Tian, these eight people have synchronized minds. The moves they have cultivated are all the same, and they have been cultivating together since childhood. Once they exert their strength, their combined cultivation can increase by two times."

"The eight generals of the Dongfang family?"

Luo Tian glanced at them and sneered, "They will soon become the eight corpses of the Dongfang family!"

“Too arrogant!”

“Luo Tian, this is not the place where you can run rampant! Lie down for me!”

The eight people moved in unison.

Eight spears transformed the sky into a rain of spears. It enveloped everything without any blind spots. There was practically no place to dodge and nowhere to avoid it.

“Pear Blossom Spear Rain?!”

“Luo Tian, watch out!” Liu Zhan shouted.

His natal bow and arrow moved, ready to shoot an arrow.

Luo Tian shouted back, “You, retreat to the side!”

“Huh?”

Liu Zhan's expression shook. This Pear Blossom Spear Rain was a demigod-level technique. These eight generals had only cultivated this one technique in their entire lives, reaching the point of perfect mastery. Their attack power was incomparably powerful!

Even more deadly was the fact that they had cultivated this spear technique to the point where there were no blind spots at all.

Luo Tian smiled and said, "Defense?"

"That's not my style."

"Moreover, the best defense is..."

Electricity arced out of Luo Tian's fingertips with crackling sounds. Finally, his whole body seemed to turn into a super power plant as lightning covered it. He spread his arms out, and the lightning arc widened along with it.

"Crack, crack, pak~..."

"Crack, crack, pak~..."

The sound was harsh to the ears.

At the moment when the eight generals descended, Luo Tian finally finished his words by shouting. “The strongest defense is offense!”

“Lightning Beast Kiten!”

“Thirty million volts!”

“Blast them!”

God Enel’s super lightning power was released.

A huge lightning net formed around him.

The descending Pear Blossom Spear Rain was directly crushed into powder.

Not a single spear blossom fell.

After resisting the attacks of the so-called eight generals of the Dongfang family, Luo Tian grinned coldly before shouting, "Now it's my turn, right?!"

"Lightning Beast Kiten!"

"Tear them apart! Leave no one alive!"

"Boom~!"

Within the giant lightning net, a ferocious beast rushed out!

Chapter 1245: A River Of Blood

The lightning beast went on a rampage.

Before the eight generals of the Dongfang family could react, they were devoured by the lightning beast.

Instant kill!

Instant kill!

They were all instantly killed!

“Ding!”

“Ding!”

“Ding, ding, ding~...”

The system alerts went off like crazy!

With a thought from Luo Tian, he not only killed the eight generals of the Dongfang family, but also crushed all those Dongfang family martial artists who were just acting arrogant.

Since they didn't want a chance to live, then they should all die!

In this cruel world, if you don't kill them, they will turn around and kill you once they get their chance.

Being kind at this time was equivalent to making things difficult for yourself.

In just ten seconds, the surroundings became a mess with multiple charred black corpses.

The huge lightning field had shaken half of Misty Cloud City.

“What’s happening now?”

“What was that just now? A huge lightning-type demonic beast?”

“It’s from the direction of the Dongfang family. Dongfang Xiong is now someone of the Hai family, so who would dare to cause trouble for him? Moreover, it seems like the kind of hatred that doesn’t end until everyone is dead.”

At the Hai family.

Hai Tongtian raised his eyebrows as he said, “It’s that kid again?”

“Patriarch, should we send reinforcements?” An elder asked.

Hai Tongtian was silent for a moment before he waved his hand and said, “No need. If the Dongfang family, a platinum power, can’t even deal with one Luo Tian, then what’s the use of having such a useless dog? They will only lose face for us in the future.”

“Moreover...”

“Hai Xingyuan is staying in the Dongfang family right now.”

Hai Tongtian then looked out of a window and said, "Secretly transmit an order to Hai Xingyuan. If Dongfang Xiong can't resist, he doesn't need to take any action. Anyway, the Dongfang family is practically useless to us now. If it wasn't for the three top-talented martial artists he sent us last time, what qualifications would they have to become our subsidiary force?"

A guard responded, "Order received!"

Hai Tongtian sneered, "Dongfang Xiong, you can only fend for yourself. If you can kill Luo Tian, then congratulations, you will become a member of the Hai family. If you can't kill him, then I can only apologize."

"Luo Tian, you seem to be everywhere lately."

"I want to see how long you can keep jumping around for!"

"Once the third round of the assessment is over, you will lose Huangfu Jue's protection. At that time... hehe..."

Hai Tongtian wasn't in a hurry to eliminate Luo Tian.

Just because there was a preplanned arrangement for his death.

He didn't want a small platinum force like the Dongfang family to disrupt his plan. Moreover, his current focus was on how to form an alliance with the Huang family and to gradually isolate the Misty Cloud Academy. In this way, his plan to unify Misty Cloud City would be half realized.

In another place, the Misty Cloud Academy.

Huangfu Jue had a calm expression as he listened to Ren Xiaoyao's report. He then looked up at the sky before saying, "If the Hai family doesn't interfere, then Shi Kun won't appear either. Luo Tian should be allowed to vent. Yao Hai and Dongfang Shuo helped him when he first came to the Ancient World. If it weren't for these two, he might have already died in Martial Mountain City. Dongfang Xiong is only trying to please the Hai family, so how would he know that he would provoke such a devil?"

Ren Xiaoyao nodded and said, "I understand."

Huangfu Jue then asked, "What are those two from the Azure Dragon Clan doing now?"

Ren Xiaoyao shook his head and replied, "It is currently impossible to determine who they are. However, since Luo Tian released an Azure Dragon's roar, they seem to have disappeared out of thin air. All my people have lost their target."

Huangfu Jue was silent for a moment before lightly exhaling a breath of air. He then muttered, "I heard that the Dragon God's Forbidden Technique from the Azure Dragon clan was stolen. I hope Luo Tian has nothing to do with this matter; otherwise, he will face not only the Azure Dragon clan, but the entire Four Divine Beasts Continent."

Ren Xiaoyao's mind shook before saying excitedly, "What a good kid! He wouldn't have really learned the Dragon God's Forbidden Technique, right? Hahaha... That would be too awesome!"

When it came to the ability to sense the Azure Dragon, White Tiger, Black Tortoise, and Vermillion Bird, no one could surpass the people of the Four Divine Beast families.

When Luo Tian released the Four Divine Beast phantoms, they had sensed it.

Furthermore, they had already locked onto Luo Tian!

Dongfang family.

Corpses littered the ground!

Every time Luo Tian made a move, someone would meet their demise!

The originally arrogant martial artists looked at Luo Tian like they were looking at a ghost. They no longer dared to fight back anymore.

"Devil!"

“Devil!”

“He’s the devil!”

Luo Tian was covered in blood. The blood quickly congealed under the scorching sun, so his body looked like he was wearing blood-colored armor. He looked like a hellish devil crawling out of a pool of blood.

Dongfang Xiong was afraid now.

Several hundred martial artists couldn’t resist a Great Diffusion 1st ranker. No, it was now a Great Diffusion 2nd ranker!

The entire Dongfang family was in a mess!

The eight generals of the Dongfang family were dead.

More than half of their elders were also dead.

The remaining people were all crushed by Luo Tian’s extremely murderous killing intent, losing their will to fight and left in a state of extreme fear.

When Dongfang Xiong saw this situation, he immediately rushed to the most luxurious courtyard of the manor.

At this moment, Hai Xingyuan had a hot-bodied, scantily clad young woman in his left arm and a naked, beautiful woman in his right arm. These women were offered to him by Dongfang Xiong, allowing him to live a carefree life with wine and meat.

Dongfang Xiong staggered into the room.

Hai Xingyuan's face was filled with fury as he shouted, "Who allowed you to come in?!"

Dongfang Xiong knelt down and crawled forward, "My lord, my lord! Save me! Save me! Luo Tian, Luo Tian, he, he, he wants to kill me! Please save me!"

Hai Xingyuan received an order half an hour ago. Seeing Dongfang Xiong kneeling on the ground looking pitiful, he kicked him away and sneered, "Dongfang Xiong, you are someone in the Myriad Illusion realm. You can't even deal with a piece of trash in the Great Diffusion realm? What use are you to us?!"

Dongfang Xiong crawled back over on his knees, hugged Hai Xingyuan's thigh, and said, "My lord, that Luo Tian kid is a madman! He is simply a demon! A killing maniac! I, I, I... don't you know that he can even withstand the Huang family ancestor's Annihilation Fist? And Lord Ghost Servant was instantly killed by him with one move! I... I am only a Myriad Illusion 3rd ranker, so how could I possibly be his match?"

He was afraid.

Deathly afraid for his life.

Hai Xingyuan's expression changed immediately when he heard the name Ghost Servant. He had always felt that Ghost Servant's failure was the shame of the Hai family. His eyes glared at Dongfang Xiong before shouting coldly, "If you dare to mention the name Ghost Servant again, I will let you see King Yama ahead of time!"

Dongfang Xiong's expression darkened. He felt the killing intent released from Hai Xingyuan's body, but he didn't care and said, "That Luo Tian kid is too arrogant! He knew that you were here guarding the Dongfang family before he came. The reason why he wasn't afraid was that he was coming for you. Moreover, he also said that if he could kill Ghost Servant, he could kill anyone on the Poseidon rankings..."

"Presumptuous!"

Hai Xingyuan widened his eyes and released an invisible force from his body, causing the two beautiful women behind him to bleed from their seven orifices.

Chapter 1246: The Arrogant Luo Tian

Hai Xingyuan was Dongfang Xiong's life-saving straw.

He was going to cling to it with all he had!

Seeing Hai Xingyuan's anger, Dongfang Xiong was overjoyed. He then thought to himself, "Luo Tian, with Hai Xingyuan taking action, let's see if you're going to die or not today. You must know that he is an elder of the Hai family, and his cultivation is no less than Ghost Servant's. You may be able to kill Ghost Servant, but you are definitely not Hai Xingyuan's opponent."

Right after that, Hai Xingyuan coldly shouted, "You go out and fight him. When the time comes, I will kill him with one move."

Dongfang Xiong's expression darkened.

Before he could say anything, Hai Xingyuan said in disdain, "Since I've told you to go fight, just go fight. You don't have to have that look on your face. If the Hai family hadn't helped you in the first place, would you have the status you have now? I'm afraid it would be Dongfang Shuo sitting in this position, right?"

Dongfang Xiong's face immediately changed to a flattering look as he said, "I will never forget the Hai family's kindness to me. You tell me to go fight, so I will go fight, even if I have to die fighting."

Hai Xingyuan nodded, "Go; try to force Luo Tian to use up his moves as much as possible, especially that flame of his."

"Order received!"

Dongfang Xiong stepped out of the courtyard and flew into the air. He then shouted, "Luo Tian, hurry up and come to your death!"

Hai Xingyuan's mouth curved into a sneer while he narrowed his eyes and muttered, "Luo Tian, that flame of yours is indeed very special. It can instantly kill Ghost Servant Number Two, and it can also

resist the Huang family ancestor's Annihilation Fist. As long as you dare to use up that flame, the date of your death will be near."

When it came to Luo Tian, the Hai family knew more about him than any other people.

After Luo Tian instantly killed Ghost Servant and instantly killed the rank nine Essence Devouring Insect, the Hai family noticed the fireball he used. Even though they didn't know what kind of martial skill that flame was, it was listed as Luo Tian's strongest ability.

Dongfang Manor.

The Dongfang family troops were routed in a crushing defeat.

Blood flowed like a river.

It wasn't because Luo Tian was strong. He was only at the Great Diffusion 2nd rank. No matter how powerful he was, he couldn't be a match for the hundreds of disciples of a platinum force like the Dongfang family.

The reason why these martial artists of the Dongfang family were defeated was mainly because they were afraid. Fear from the depths of one's heart.

"He can instantly kill Ghost Servant."

“He can also instantly kill rank nine demonic beasts.”

“Just this morning, he perfectly neutralized the Honorable Emperor realm’s Huang family ancestor’s Annihilation Fist. He isn’t a human... he’s a demon...”

These voices were resounding in the hearts of those Dongfang family martial artists.

As Luo Tian instantly killed the eight generals of the Dongfang family, they became even more afraid, so their combat power continued to decline. Coupled with a patriarch like Dongfang Xiong, who only cared about protecting himself and didn’t care about the life or death of his subordinates, Luo Tian was able to beat them like dogs in the water, killing wherever he went.

His experience points rose rapidly.

His yuan energy points were also rapidly recovering.

More importantly, his sin points were constantly increasing!

Liu Zhan followed behind Luo Tian while watching his decisive killing. The admiration in his heart increased by another point.

At this time, Dongfang Xiong suddenly appeared. Liu Zhan immediately stepped forward to whisper, "It must be a trap of some sort for him to come out at this time. I heard that the Dongfang family has an elder from the Hai family stationed here. Since he dared to run out, that Hai family elder must be hiding in the shadows."

Luo Tian also understood the situation.

But he showed no hesitation because the death of Uncle Yao Hai filled him with anger.

This anger had been suppressed in his heart. Now that he was seeing Dongfang Xiong, he was immediately reminded of the scene of Yao Hai's death, and the anger in his heart burst out in an instant.

Luo Tian's eyes narrowed as he said, "Old Dog Dongfang, you're finally willing to come out?"

Dongfang Xiong glanced out of the corner of his eye at Hai Xingyuan in the courtyard below. Seeing that he hadn't left yet, his face hardened as he sneered, "Luo Tian, today I'm going to take your life, you damn dog thing!"

Luo Tian laughed, "So many people want my life, but in the end, they all died. Ghost Servant wanted my life, but he died. Hai Yulong wanted my life, but he also died. Dongfang Hu wanted my life, and he too died without a complete corpse."

"You also want my life?"

“Hahaha...”

Dongfang Xiong’s brow twitched before he roared out, “Raging Four Seas!”

A long, golden staff appeared in Dongfang Xiong’s hand. With a movement of the staff, it swept out horizontally, unleashing the full power of his Myriad Illusion realm.

Dongfang Xiong then shouted, “Go to hell for me!”

“The staff doesn’t look too bad! I want it!”

Looking at that staff, Luo Tian couldn’t help but think of the Sky Palace Divine Race in the Tianxuan Continent, and the Dragon clan’s sacred artifact, Dragon God’s Pillar. This staff was like a smaller version of it that exuded a bright glow, so it should be a good spiritual treasure.

Luo Tian furrowed his brow. Seeing the sky full of staff shadows smashing down, he roared out, “Divine Explosion!”

“Ommm~!”

His attributes doubled.

At that moment, the Azure Dragon, White Tiger, Vermilion Bird, and Black Tortoise became unsettled as if summoned by some kind of force.

They all became restless.

Also at this moment, the power within Luo Tian's body became even more formidable, a level stronger than the usual Divine Explosion.

Luo Tian didn't notice this.

He thought it was the power boost from breaking through to the Great Diffusion 2nd rank.

With Divine Explosion activated, Luo Tian's body became sturdier. With a flick of his right hand, Heaven Sword appeared. He stared at the sky full of staff shadows, almost obscuring the sight of Dongfang Xiong's figure. When a person reaches the Myriad Illusion realm, their cultivation would fuse and generate an unpredictable force of being real and illusive at the same time.

Their power, speed, and form would become elusive and even more powerful.

Seeing Luo Tian standing there in a daze, Dongfang Xiong laughed triumphantly, "I thought you were strong, but you're just a piece of trash! Hahaha... Luo Tian, prepare to die!"

The momentum of the staff shadows in the sky suddenly changed.

Each shadow of the staff became extremely thick, like a tangible entity, heavily smashing down from the sky.

“Crack~...”

“Crack~...”

“Crack~...”

The sound of space shattering was heard.

Luo Tian’s body lightly sank down as he was almost unable to withstand the pressure.

The difference in cultivation realms between them was too large.

This difference could not be compensated for by one’s martial skills.

Dongfang Xiong was at the Myriad Illusion 3rd rank, and with Hai Xingyuan backing him, he was not afraid at all. Therefore, he unleashed his full power without holding anything back.

Seeing Luo Tian's body sinking down, Dongfang Xiong became even more smug, "Hahaha... you damn dog thing, let's see where you can hide from this!"

"Hide?"

After saying that single word, Luo Tian smirked and continued, "In my world, there is no such thing as the word hide. So what if you're in the Myriad Illusion realm? Let me see how strong your power is!"

"Ommm~!"

A thunderous noise erupted in Luo Tian's body.

Luo Tian suddenly stopped moving. Facing the tens of thousands of staff striking from the sky, he clenched his teeth and asked internally, "Illusion Fairy, will this work for tempering my physical body?"

Illusion Fairy was momentarily stunned before exclaiming, "Are you out of your mind?!"

Luo Tian started laughing like crazy, "Hahaha..."

Dragon God's Forbidden Technique.

He had to raise his physical body to the great perfection realm before he could use it.

His current physical body wasn't even considered level one in strength.

Therefore, he wanted to temper his physical body!

Chapter 1247: Illusion Fairy Cries

Who would not be tempted to use a powerful-sounding skill like the Dragon God's Forbidden Technique?

The first level of the Dragon God's Forbidden Technique was Dragon Transformation!

Transform into a Dragon God, and suppress ten thousand miles out!

How awesome would that be?

Unfortunately, he was limited by his physical body, so he couldn't use it.

Facing Dongfang Xiong, who was at the Myriad Illusion 3rd rank, Luo Tian was confident that he could withstand his attacks. He completely relaxed his body as this was the most direct way to temper his physical body. The stronger his resistance to blows builds up, the stronger his physical body would become.

Illusion Fairy was stunned by Luo Tian's actions and quickly urged, "You'll lose your life if you do this! The power of a Myriad Illusion 3rd ranker is enough to instantly kill you! Luo Tian... Luo Tian, Luo Tian..."

Luo Tian acted as if he didn't hear her.

Illusion Fairy scolded anxiously, "You big bastard!"

"Hahaha..."

Luo Tian laughed wildly while staring at the staffs smashing down from the sky. He narrowed his eyes before shouting, "Come at me!"

Liu Zhan was dumbstruck, "Damn it! What are you trying to do now?!"

Within the void, the faces of Shi Kun and Yu Tianhai changed drastically. They both couldn't understand what Luo Tian wanted to do.

"Did he lose his mind?"

"What on earth is this kid thinking in that head of his?"

“He is definitely not thinking like a normal person.”

“Brother Shi, what do we do? Should we take action? Even though Dongfang Xiong is only in the Myriad Illusion realm, the power of this Raging Four Seas exceeds the power of the Myriad Illusion 3rd rank. Luo Tian’s martial skills are indeed very strong, but his physical body is very weak. This is also because his cultivation speed is too fast, so his physical body can’t keep up. He may not be able to withstand it.”

Yu Tianhai became worried.

Shi Kun looked at Luo Tian with his brow furrowed. The task that Huangfu Jue entrusted to them was to ensure Luo Tian’s safety, but now...

“Fuuu~...”

Shi Kun finally gave up and muttered, “He knows what he’s doing. I believe he has his reasons for doing this...”

Yu Tianhai stared at Shi Kun in a daze, “He has lost his mind, and you just so happen to lose your mind like him as well?”

Shi Kun shook his head and replied with a smile, “How many times has Luo Tian shocked us with his actions? This time, I maintain my belief in him.”

In another area.

Two young disciples with very ordinary appearances blended in with the disciples of the Dongfang family.

Within the crowd of disciples, the eyes of those two were focused on Luo Tian.

“What does he want to do?”

“Isn't he afraid of dying?”

“What should we do?”

“There is the aura of the Azure Dragon Ancestor in his body. If something goes wrong, I'm afraid we won't be able to explain it to the clan.”

The other person pondered for a few seconds before whispering back, “I choose to believe in him for now. Since the Azure Dragon Ancestor has chosen him, I believe he must have extraordinary qualities. He must have his reason for doing this. Wait and see, this young man is definitely not simple.”

The two were people of the Azure Dragon clan.

They had transformed into two ordinary-looking humans.

From the moment Luo Tian released the Azure Dragon phantom, they were one of the first ones to arrive. They witnessed the Azure Dragon, Vermilion Bird, White Tiger, and Black Tortoise entering his body. This scene would already be quite shocking to your average person.

But for the Four Divine Beasts families, especially a disciple of the Azure Dragon clan, the impact of the scene had already reached the level of shock that words could no longer describe.

Moreover, they could feel the aura of the Azure Dragon Ancestor from Luo Tian's body. This was something only martial artists with the Azure Dragon bloodline, the people of the Azure Dragon clan, could sense. It was a congenital sensing ability stemming from the same, connected bloodline.

Their purpose was similar to that of Shi Kun and the other two. But besides protecting Luo Tian, they also wanted to find out why the Azure Dragon Ancestor would choose him, and also simultaneously be possessed by the other three divine beasts. This was supposedly an impossible thing.

Ultimately, they chose to believe in Luo Tian and not take action.

Dongfang Xiong laughed smugly and arrogantly, "Hahaha... die!"

As soon as his voice fell, a giant staff smashed down like exploding thunder.

“Boom~!”

It smashed onto the top of Luo Tian’s head, making his body sink down and causing his internal organs to churn. His health bar rapidly decreased. Luo Tian clenched his teeth and shouted, “Dongfang Xiong, is that all your strength?! You’re not even as good as a three-year-old child!”

“Too weak!”

Dongfang Xiong’s expression darkened as he shouted back, “You’re clearly courting death!”

The overwhelming shadows of the staff struck down madly like successive lightning strikes.

“Boom~!”

“Boom~!”

“Boom, boom, boom~ ...”

Thousands of staff strikes per second.

Each staff contained tens of thousands of pounds of force, so even a steel plate would be reduced to slag.

Luo Tian's body was rapidly sinking downward, finally landing on the ground.

The entire ground started caving in, centered around his feet. It quickly cracked with a diameter of tens of meters.

Liu Zhan wanted to intervene several times, but Luo Tian waved him off.

In just a few minutes, Luo Tian endured countless staff strikes; his whole body ended up covered in blood. Fresh blood dripped from the top of his head and then into his eyes, dyeing them red. The blood flowed across his face, flowing to the corners of his mouth, and he ended up swallowing a mouthful.

His expression was particularly ferocious as he grinned and revealed his bloody teeth. He stared at Dongfang Xiong floating in mid-air and said, "Is that all your strength? Is it only this little bit? It's not even enough to tickle me, hahaha..."

Dongfang Xiong became furious at those words.

He had been bombarding Luo Tian continuously for so long, but still couldn't kill him.

This...

At this moment, he had forgotten everything.

He no longer remembered that Luo Tian was the one who instantly killed Ghost Servant, or the one who defused the Huang family ancestor's move. He now only had one thought, which was to kill Luo Tian with his staff strikes.

Another round of bombarding staff strikes.

However, Luo Tian could no longer feel the pain from this round of strikes. He seemed to have become numb to this kind of power, as if the defensive ability of his physical body had improved a little. He then asked internally, "Little Sister Illusion, is my physical body..."

Before he could finish asking, he heard Illusion Fairy faintly crying.

Luo Tian started panicking.

No problem could stump him, and he wasn't afraid of even the strongest opponents. But he was very afraid, extremely afraid of a girl's tears.

He immediately asked, "What's wrong? Don't cry, I was wrong! It's all my fault, okay?"

Illusion Fairy cried even harder, tears streaming down her face like pear blossoms in the rain. She then said through sobs, "It's all my fault. It's all my fault for telling you the key to cultivating the Dragon God's Forbidden Technique. I shouldn't have told you. If you die, what will I do?"

"Wuuu, wuuu..."

"Wuuu, wuuu, wuuu~..."

She wept bitterly.

Extremely sad.

Luo Tian's heart was about to break. "I promise you, I will never do this again in the future!"

"Boom~!"

Dongfang Xiong slammed down with another staff strike while arrogantly scolding, "Luo Tian, you stupid piece of trash..."

Before he could finish speaking, Luo Tian grabbed Dongfang Xiong's staff with one hand and looked up at him. His eyes turned to those like a demon crawling out of hell before he uttered, "Are you done hitting me? Now it's my turn."

The Heaven Sword instantly appeared. Luo Tian locked onto Dongfang Xiong's figure and shouted, "Buddha's Fury!"

"Sky Sealing Sword!"

"Die!"

Chapter 1248: Deadly Flames

Luo Tian just wanted to temper his physical body a bit.

He didn't expect to make Illusion Fairy cry.

The moment Dongfang Xiong slammed down with another staff strike, Luo Tian grabbed the golden staff without saying a word. His brow furrowed, and the power of the Four Divine Beasts bloodline in his body surged into his heart. Luo Tian's eyes narrowed before asking, "Have you had enough of hitting me?"

Right after that, his Vajra Sword Technique, which had evolved into a divine grade martial skill, was activated.

It was under the enhancement of Divine Explosion as well!

A huge illusory, violent Vajra Ape descended from the sky.

It sat on top of Dongfang Xiong, crushing him to the ground.

Immediately after, Heaven Sword exploded with a shocking sword aura. Luo Tian moved, and the thick power in his body that had surpassed his previous self propelled him and his sword forward.

“Swish~!”

The sword stab had shattered space.

It pierced through Dongfang Xiong, who was slowly getting up. Both the image of Luo Tian’s figure and the sword seemed to have pierced through Dongfang Xiong’s body.

“Ommm~!”

An explosion went off in Dongfang Xiong’s mind! The sky lost all color as if it had been sealed. The color in his eyes slowly lost its hue. At the same time, he patted his body and didn’t find any wounds.

He wasn’t bleeding, and he didn’t feel any pain in any part of his body.

Dongfang Xiong couldn't help but laugh out loud, "Hahaha... you can't even hurt a single hair on my body! Luo Tian, so that's all you've got?! Hahaha..."

Before the laughter faded, Luo Tian's mouth twitched slightly while he put away Heaven Sword. He then scanned the entire field with his gaze before saying, "Hai family elder, you can stop hiding. It's about time for you to come out, right?"

Those surviving disciples of the Dongfang family looked at Luo Tian in astonishment.

Dongfang Xiong was unscathed, yet he was going to challenge the Hai family's elder?

Wasn't that basically courting death?

Dongfang Xiong sneered, "I am more than enough to deal with a piece of trash like you."

Luo Tian turned his body slightly as a cold glint flashed in his eyes. He then coldly spat out a single word, "Explode!"

"Bang~!"

"Boom~!"

“Swish, swish, swish~...”

As soon as the word explode was uttered, Dongfang Xiong’s body had toppled over. More than a dozen wounds suddenly appeared on his body. Fresh blood spurted out of those wounds, and the health bar above his head suddenly dropped to the lowest point. It looked like he had suddenly been blown up on his last breath.

The scene was like the Spear of Vengeance Kalista’s skill in League of Legends.

Dongfang Xiong’s body was covered with sword wounds!

As Luo Tian exhaled, more parts of Dongfang Xiong’s body split apart.

The previous Sky Sealing sword move had slashed at Dongfang Xiong’s mind.

The reason he didn’t die immediately was that Dongfang Xiong’s nervous system hadn’t sensed it yet.

However, his face was turning pale now. He covered his throat with one hand, which was constantly spilling out black blood. Dongfang Xiong exclaimed in panic, “Lord Xingyuan, save me! Save me! I don’t want to die! I don’t want to die, ahhhh...”

The surrounding people were immediately dumbstruck.

How did he do that?

Suddenly, there was a faint trace of aura appearing in a certain direction. An aura that was rather special.

Luo Tian smiled while locking his gaze on one spot before saying, "You're finally willing to come out?"

Hai Xingyuan walked out of the courtyard, his face icy cold. His eyes were filled with intense killing intent as he coldly glanced at Dongfang Xiong, "What a piece of trash. He allowed you to hit him so many times, yet you still couldn't kill him. What a disgrace."

Dongfang Xiong scrambled over and said, "Save me, Lord Xingyuan! Quickly save me!"

Before he could get close, Hai Xingyuan kicked out fiercely, knocking Dongfang Xiong away. He crashed into a wall, his body twitched a few times, and his eyes rolled back before dying on the spot.

At the same time, an alert tone sounded off in Luo Tian's mind.

"Ding!"

“Congratulations to player Luo Tian for killing Dongfang Xiong. You have gained 38,000 experience points, 4000 yuan energy...”

“Congratulations to player Luo Tian for obtaining the Essence Staff.”

“Congratulations to player...”

“Ding!”

“Sin points +1.”

Dead!

Looted!

Luo Tian glanced at the Essence Staff that dropped, and his pupils suddenly shrank. He instantly felt a surge of excitement.

Item: Essence Staff

Grade: Sky

Description: Special item, one of the items to open the God Burial Tomb.

This was a super treasure left by Mount Hua's Ancestor for the God Burial Tomb!

This was precisely one of Luo Tian's purposes in coming to the Misty Cloud Academy. But he thought Mount Hua's Ancestor was lying to him, and that there was no God Burial Tomb. But now it seemed that this Misty Cloud Academy must have the God Burial Tomb because the quest items had appeared!

The system would never be wrong.

Luo Tian thought to himself, "It seems that I have to collect all the quest items first in order to open the God Burial Tomb. But where are the other quest items?"

At this moment, Luo Tian was too lazy to think about it anymore because there was still an elite-level monster waiting for him: Hai Xingyuan.

Luo Tian then said, "You even kill your own dogs, huh? Looks like your methods are truly quite ruthless."

Hai Xingyuan sneered, "Keeping a useless dog is a waste of food. Rather than letting it embarrass me, it's better to let it die."

Hai Xingyuan then stared at Luo Tian while his gaze turned serious, "Luo Tian, you are not bad. Really not bad. Unfortunately, you provoked the wrong people. And there seems to be something wrong with your head. If you hadn't provoked the Hai family, perhaps your future would be really bright. But now, you no longer have a future."

"Do you plan on killing me?" Luo Tian asked with interest.

Hai Xingyuan smiled and replied, "Kill you? Humph~! You are not qualified enough for me to take action."

Luo Tian then mocked, "You seem to be afraid of me."

"Afraid of you?"

Hai Xingyuan sneered, "If the patriarch hadn't told me to spare your life for a few more days, you would be a dead corpse lying on the ground right now."

Luo Tian continued, "So you're not killing me?"

Hai Xingyuan replied, "Not today, maybe a couple of days later..."

Luo Tian then said with a smile, "Since you won't kill me, then I will kill you. I can't leave myself with future troubles, right?"

After saying that, Luo Tian's right palm was raised slightly.

Hai Xingyuan immediately thought of Luo Tian's fireball, and his anus tightened. His eyes became gloomy as he harrumphed, "Just based on you?"

As his voice fell, Hai Xingyuan flew out like a rocket.

In an instant, he was already several kilometers away. A sneer rang out in the sky, "Luo Tian, you want to kill me with just you alone? If you have the guts, come and kill me now! Come on, you damn dog thing! If the patriarch hadn't said to spare your life for a few more days, you would have died long ago!"

Luo Tian only smiled and didn't move.

Liu Zhan watched Hai Xingyuan fly off before saying, "That person has already gone far away, let's leave too."

"But bro, you're really not ordinarily powerful! Even a Holy Spirit realm powerhouse like Hai Xingyuan is afraid of you! That's just too cool!"

“Hahaha...”

Luo Tian still didn't move from the spot.

Liu Zhan was momentarily stunned before saying, “Let's go, the Dongfang family has already been destroyed. The remaining people are not worth killing anymore.”

Luo Tian smiled and replied, “I want to kill him.”

Liu Zhan asked, “Who?”

Luo Tian replied, “The Hai family elder who just ran off.”

Liu Zhan was instantly shocked as he said, “He has already returned to the Hai family! You want to go to the Hai family or something? That's the most dangerous place in the Central Continent! You...”

Luo Tian then said, “I can kill him from here.”

A few minutes later, Hai Xingyuan had returned to the Hai family's main hall.

Hai Tongtian was waiting for him in the hall, along with several elders of the Hai family.

At this moment, a ball of flame descended from beyond the sky. Little did they know that it was going to be a life-reaping flame...

Chapter 1249: Death To Those Locked On

In the main hall, Hai Xingyuan reported, “Dongfang Xiong is dead, and the Dongfang family has been removed from Misty Cloud City.”

Hai Tongtian didn't seem very shocked and said, “Dongfang Xiong was originally a piece of trash. If his father hadn't begged me back then, I would never have let him become the head of the Dongfang family. It doesn't matter if he dies since this dog has no value to us anymore.”

“But...”

“It looks like Luo Tian's strength has improved a lot.”

“Oh, right, why hasn't Ghost Servant Number Eight returned from the Tianxuan Continent, where that kid Luo Tian came from?”

“It stands to reason that he should have returned by now.”

They wanted to investigate everything about Luo Tian thoroughly.

An elder then asked, "Should we send someone to look for him?"

Hai Tongtian replied, "No need. It doesn't matter if he comes back or not because Luo Tian will die anyway after the third round of assessment ends."

Around this time, an elder's attention was drawn to the sky outside the main hall and suddenly said with shock, "Patriarch, there's a ball of flame falling from the sky! And the target seems to be our main hall!"

"Huh?"

Hai Tongtian's expression changed slightly. He looked at the flame in the sky and asked, "What is that thing?"

The elder replied, "It looks a bit like the flame that Luo Tian casts out. But how can his skill be released for such a long distance? It's impossible. And among us..."

Suddenly, all the elders in the hall looked at Hai Xingyuan.

Hai Xingyuan's face darkened as he said, "Impossible! I had already left before he released this flame. Even if the martial skill he cultivates is a divine grade skill, it is impossible to release it from such a long distance. Even a powerhouse in the Honorable Emperor realm cannot do it, so how can a Great Diffusion 2nd ranker do it?"

He refused to believe it!

He wouldn't believe it even if he were to be beaten to death!

Hai Tongtian narrowed his eyes while watching the flame getting closer and closer. He then shouted, "Luo Tian, you damn mongrel! You keep challenging my bottom line!"

Hai Tongtian then shouted, "Elders, listen to my order!"

All the elders present immediately stood up and shouted, "Here!"

Hai Tongtian then said, "Blast that flame to pieces for me! I want to see what kind of flame this is that can instantly kill a powerhouse in the Holy Spirit realm! Today I will test how strong it is! Humph~! This old man refuses to believe in this nonsense!"

The six elders immediately walked out of the hall.

All six were in the Holy Spirit realm.

Looking at God Flame falling from the sky, they released their powers without saying a word.

All sorts of martial skills were flying upwards.

“Bang~!”

“Boom~!”

“Boom~!”

For a brief moment, the sky above the Hai family looked like fireworks going off with different colored lights and explosions.

These elders wanted to shatter God Flame with their powers.

But they didn't know God Flame was immune to any attacks, and no amount of power could block its path to its target.

Everyone's face darkened.

The six looked at Hai Tongtian.

Their expressions were very ugly. Six Holy Spirit realm powerhouses couldn't even stop one of Luo Tian's martial skills? If this matter were to spread out, the Hai family would lose face again.

Hai Tongtian's brow tightened. He stepped in front of Hai Xingyuan's body, staring at God Flame that was descending with a cold gaze. The aura on his body suddenly surged outward, and a cold chill was released. The surrounding temperature dropped sharply.

At the same time, Hai Tongtian moved his hands, and his five fingers formed into claws. The moment that God Flame came down, five lines of power visible to the naked eye appeared on his five fingertips. This was the power of ice.

He then grabbed the void in front of him and shouted, "Stop!"

The power of his peak Holy Spirit 9th rank was released.

He was actually using his awakened bloodline power! He was only short of using his heaven's chosen power as well.

God Flame trembled slightly before twisting and distorting under his claws.

It looked like it was trying to resist his Holy Spirit powers.

At the same time, Hai Tongtian's spiritual senses entered God Flame. He was saying to himself, "I want to see what kind of flame has such a powerful force!"

"Ommm~!"

The moment his spiritual senses entered inside God Flame, his mind buzzed, and his sea of consciousness roiled. The trace of spiritual sense that entered God Flame was then instantly killed, turning into ashes. It didn't even stay for one ten-thousandth of a second.

This terrifying, destructive power made Hai Tongtian feel frightened. "Even when facing a strong Honorable Emperor realm powerhouse, it is impossible to kill my spiritual senses in such a short time. What is this flame?!"

"Boom~!"

God Flame suddenly phased through the power of his claw, breaking free from Hai Tongtian's control.

"Patriarch, be careful!"

"Watch out!"

"Patriarch, watch out!"

Everyone was shocked and tried to rush over instantly.

Hai Tongtian's face turned pale in an instant. His body shivered as a chill rose in his heart. Watching the ball of flame collide into him, fear spread throughout his body.

But what shocked him was that he didn't feel any pain.

Not even a tiny bit of pain.

But Hai Xingyuan, who was behind him, suddenly screamed miserably, "Agggghhhh~!"

God Flame had smashed into his chest, causing his entire body to begin cracking like crazy. Rays of flame light shone out from the cracks, and his body looked like magma about to flow out from a volcano.

Hai Xingyuan was smoking all over as he screamed in fear, "Save me! Save me! Please save me!"

He was Hai Tongtian's cousin.

Hai Tongtian was furious upon turning around and seeing the situation. He released his ice bloodline power, pouring it into Hai Xingyuan's body. But it was useless, as if Hai Xingyuan was immune to any outside power.

“Step back!”

“Everyone, quickly step back!”

“Retreat!”

Hai Tongtian clenched his teeth so hard that cracking sounds could be heard. He stared at Hai Xingyuan, who was going through extreme pain, and said in a deep voice, “Xingyuan, go in peace. I will definitely avenge you. I will definitely make Luo Tian die in the cruelest manner possible!”

Hai Xingyuan suddenly roared to the sky, “Luo Tian, I will never let you go! Even if I become a ghost!”

“Boom~!”

His body exploded.

Pieces of him then combusted into ashes before not even leaving a dust particle behind.

Becoming a ghost?

Even his primordial spirit was burned away by God Flame. He couldn't even be air, let alone become a ghost. He turned into nothingness and disappeared forever.

Hai Tongtian was furious to the extreme.

“Ding!”

“Congratulations to player Luo Tian for killing Hai Xingyuan. You have gained 170,000 experience points, 18,000 yuan energy...”

“Congratulations to player Luo Tian for obtaining...”

Luo Tian smiled and said, “He’s dead.”

Liu Zhan was momentarily stunned before asking doubtfully, “Who’s dead?”

Luo Tian replied, "That Hai family elder who escaped from the Dongfang manor just now."

Liu Zhan was instantly dumbstruck. He stared at Luo Tian's back with wide eyes before looking in the direction of the Hai family manor, dozens of kilometers away. He couldn't come back to his senses for a long time before finally choking out two words, "Too perverted!"

Chapter 1250: Goddess, Spare My Life

Hai Xingyuan's death caused an uproar.

But except for a few people, no one knew that he was instantly killed by Luo Tian.

The Hai family was in a state of rage.

Hai Tongtian felt like he couldn't endure it any longer, as he couldn't wait to tear Luo Tian to pieces immediately.

Nighttime.

The Hai family manor was brightly lit.

Hai Tongtian sat in the chair reserved for the patriarch, not speaking for a long time. The anger accumulated in his heart became more and more fierce, and his face became more and more cold. He

had never taken Luo Tian seriously. His main purpose in getting rid of Luo Tian was to strike at Huangfu Jue's power base.

But now it was different.

Now, he only wanted Luo Tian to die.

This feeling was very strong.

Since Luo Tian appeared, his plans had been disrupted again and again. It was as if the Hai family had been plagued by disasters.

His son Hai Yulong died inexplicably.

His head was cut off.

Ghost Servant was killed by Luo Tian.

The Hai family sent out thousands of disciples, and more than half of them ended up killed or injured. The other half were basically unable to come out within the limited time frame due to Luo Tian's pursuit. So, his claim to monopolize a thousand places had become a complete joke.

Then, Hai Xingyuan died today.

Hai Tongtian didn't know what that flame was; he only knew that the flame was filled with a type of heaven-defying power. One that seemed capable of destroying even the heavens. From that moment on, a sense of fear rose in his heart.

For him, at the peak of the Holy Spirit realm, who was impacting the Honorable Emperor realm, it was likely that...

He wouldn't be able to make another breakthrough in his whole life because of this fear.

Unless he eliminates this fear... And the only way to eliminate this fear is to kill Luo Tian.

Hai Fengtian said, "Big brother, that kid won't live for more than a few more days. Tomorrow is the third round of assessment, and I will never let him pass. Please bear with it for a few days, and I will definitely capture him and bring him to you in person."

"Moreover, rejecting Luo Tian in front of Huangfu Jue will greatly suppress Huangfu Jue's morale. This will also allow the Hai family to redeem our shame."

The plan had been drawn up a few days ago.

Moreover, Hai Fengtian had already prepared everything at the Misty Cloud Academy.

Another elder said, "Huangfu Jue is willing to offend the Huang family ancestor because of Luo Tian. If we can make him unable to step down in front of all the people in Misty Cloud City, that will have an unprecedented impact on his influence. It will also let other families in Misty Cloud City see that whoever provokes the Hai family is equal to provoking the God of Death. Patriarch, please bear with it for now."

"Fengtian has arranged everything, so please endure for now."

"That kid won't live for long."

For the sake of the big picture, one must first know how to be patient.

Hai Tongtian knew this principle.

But whenever Hai Tongtian thought of the powerful force in God Flame, he couldn't help but feel a strong sense of wariness. He then said, "What kind of martial skill is that flame? We still haven't figured it out. Even if we successfully prevent Luo Tian from joining the Misty Cloud Academy, and our agreement with Huangfu Jue becomes invalid, can we be sure we can kill him?"

God Flame had a huge impact on him.

Everyone was frowning as they didn't know what to say for a while.

A short while later, an elder said, "Should we have a supreme elder leave seclusion?"

Everyone's expression turned solemn.

The Hai family had several supreme elders and an ancestor.

They were all super powerhouses in the Honorable Emperor realm, old monsters who had cultivated for thousands of years.

They were all cultivating in seclusion.

They were trying to break through the Great Perfection of the Honorable Emperor realm to enter the Realm of Gods!

They no longer meddled in worldly affairs.

Everyone was silent for a few seconds before Hai Tongtian shook his head and said, "If we can't even deal with a Great Diffusion ranker like Luo Tian, how can we conquer the Misty Cloud Academy and unify the Central Continent? How will the ancestor see me?"

"No way!"

“Absolutely not!”

Another elder then said, “I wonder how the eldest young master is doing? If he were here, let alone one Luo Tian, even ten thousand Luo Tians would not be his match.”

The eldest young master, the Hai family’s Crown Prince, Hai Huanglong. The son Hai Tongtian was most proud of!

Everyone’s eyes shook before they all looked at Hai Tongtian.

Hai Tongtian’s brow tightened as he muttered, “If Huanglong were here, killing Luo Tian would be like killing a chicken or a dog. But he is now at a critical moment of attacking the barrier to the Honorable Emperor realm. If we disturb him...”

At this time, he thought of Luo Tian’s God Flame again. He clenched his fist in secret and said, “If we fail to stop Luo Tian this time, then...”

At this moment, he made up his mind.

He didn’t have a way to deal with Luo Tian’s God Flame.

He was also very clear about his current situation, which was the development of fear toward it. If he faced Luo Tian's God Flame, the fear in his heart would deepen, which would cause unimaginable obstacles to his martial arts path.

No matter what, to deal with Luo Tian, he had to kill him with one blow!

With these words from Hai Tongtian, the elders all felt relieved.

At the same time, they were feeling annoyed in their hearts. The number one king level family in the Central Continent was being made to feel fearful and restless by a Great Diffusion realm ranker, Luo Tian. It was too embarrassing.

But once the Hai family's Crown Prince leaves seclusion, this world will no longer have a Luo Tian.

Once Luo Tian dies, the next one they were going to deal with would be Huangfu Jue!

Eventually, Hai Tongtian glanced at Hai Fengtian and said, "I'll leave the matter of the Misty Cloud Academy to you. You have all the rights to prevent Luo Tian from entering the academy. Even if you use the Poseidon Token, you must stop Luo Tian at all costs!"

Hai Fengtian nodded and replied, "I understand, big brother. Don't worry; I will definitely make Huangfu Jue embarrassed. And I will definitely prevent Luo Tian from entering the Misty Cloud Academy."

Hai Tongtian nodded before saying to another elder, "How is the communication with the Huang family going?"

That elder replied, "We are still in contact, but the conditions offered by the Huang family are too harsh."

Hai Tongtian then said, "Just agree to whatever conditions they have for now. First, we'll destroy the Misty Cloud Academy, then we will destroy the Huang family. Give them a few bones to taste how sweet it is, and then we'll completely wipe them out."

"Understood!"

In another place.

A simple and small courtyard of the Yi family.

Yi Yunmeng was pushing her younger brother while looking at the night sky and smiling occasionally.

Yi Qiancheng was speechless, looking at his big sister who seemed to have lost her mind, and said, "Sister, I think you're really lovesick."

"You dare to make fun of your older sister? Looks like you're asking for a beating," said Yi Yunmeng.

Yi Qiancheng shook his head and sighed, "Sigh~ For the sake of her sweetheart, she doesn't even want her younger brother anymore."

Yi Yunmeng's eyes suddenly narrowed as she said in a low voice, "Don't make a sound, someone's coming."

At this time, a slightly fat little chubby person with a wretched face was tiptoeing outside the small courtyard. He swallowed his saliva, and his adams apple could be seen moving. His heart was beating wildly while he muttered, "Goddess, Goddess, Iceberg Goddess, here I come."

Around this time, the cold blade of a sword was placed on his neck.

Liu Zhan's anus tightened as he immediately exclaimed, "Goddess, spare my life! I'm just here to deliver something!"
