

Leveling Up 141

Chapter 141 – Luo Tian’s Madness

Upon hearing that voice, Luo Tian immediately opened his eyes and clenched his fists. He then started grinning: “Strength, I can feel that my strength has increased, hahaha...”

Just as he finished laughing...

Luo Tian’s stomach started gurgling, then a bile liquid started rushing up to his throat causing him to start vomiting.

A corpse of a green insect came flowing out as well.

Luo Tian was horrified with what he saw and voiced out: “So that’s the green insect that was inside my brain?”

“Fuuu~... fuuu~...”

The white browed elder had a pale face while gasping for air. He nodded and then asked: “I’ve managed to dispel the Gu on you, so what are you planning on doing next? With your current strength, there’s no way you are Yin Shang’s opponent.”

Someone at the peak Profound Spirit 9th rank was extremely strong, so how could Luo Tian with his Profound Grandmaster 1st rank take him on?

Luo Tian looked at the endless sea of corpses outside the house and smiled in excitement. “My plan is to kill all these people here before going back up to fight Yin Shang one on one!”

“That’s your brilliant plan?”

The old man almost vomited blood as he said: “You can duel Yin Shang just by killing these people? What the hell is going on in that brain of yours? If I had known, I would’ve saved this woman instead. Or

maybe saving this guy instead would've given us a chance since his cultivation level is at the Profound Spirit 5th rank."

"Profound Spirit 5th rank?"

Luo Tian was startled by this as he looked at the handsome guy standing in the room like a wooden statue. When Luo Tian encountered other men much better looking than himself, his impression of them would automatically be quite low. But this guy didn't look too hateful as he asked: "Was he also captured by Yin Shang?"

"He came down here with you, and a Gu insect was also planted into him while he was alive. If you hadn't appeared, most likely the green divine Gu insect would be planted into him instead and there would be no way to save him." The old man's tone of voice seems to show that he had recovered a bit of strength.

"A Profound Spirit 5th rank should be quite a good helper. Old man, can you save them both?" Luo Tian asked since there was also the big chested Qin Yue'er here. This sister wasn't bad, especially when he was about to die, she said that she'd accompany him to die together.

Very silly and very naive.

The white browed elder rolled his eyes at Luo Tian and said: "You think it's that easy to dispel Gu? Dispelling the Gu skill requires more spiritual energy than when one refines Gu. Even though the Gu insect in those two aren't as strong as yours, dispelling them will still require the dispeller to pay a huge price. Let's not mention that these two don't have any special spiritual intent in them, because dispelling Gu requires the cooperation of their intent for it to succeed. The dispeller would need to use up even more spiritual energy than normal because of this, and both may die if there were any accidents in the process."

"In order to dispel the green divine Gu insect in your body, my spiritual energy has been exhausted and won't recover for at least half a month. In half a month, I'm afraid they will most likely be devoured by the Gu insect by then. That's why... sigh... there's nothing I can do!"

When a Gu insect was planted within them, the insect would constantly devour the victim's will inside their brain.

Once one's will has been fully devoured, that's when the Gu insect would have complete control over the body. Then, you're pretty much a puppet at that point.

When dispelling Gu, time was the essence! The earlier the better!

It's not that the white browed elder didn't want to save them, but he was really powerless right now.

Luo Tian was in thought for a while before asking: "Can you teach me the dispelling Gu skill? I want to try saving them."

After all, there were two lives on the line so succeeding in saving them was the best outcome.

"You?"

"The dispelling Gu skill is a secret our earth's core race which cannot be passed onto others. It was already a huge taboo when my wife passed onto you the Refining Gu skill. If my ancestors knew what we've done, they'll probably curse me into eternal damnation!" The white browed elder responded by shaking his head.

These two Gu skills was the foundation of the earth's core races ability. If an outsider learned their skills, the earth's core race would not be able to survive in this world anymore!

Because no one would fear the earth's core race anymore!

Luo Tian didn't continue insisting and just lightly sighed. He then mumbled: "That's unfortunate. If I had two additional helpers, the chances of killing Yin Shang would definitely increase."

Immediately after...

Luo Tian left the house and looked at the sea of corpses shuffling about. It was as if there was an imaginary life bar over their heads because they were all experience points to him. With over a million

experience at stake, Luo Tian smiled and said: "This is definitely a paradise for gaining experience points!"

He excitedly laughed out once before walking towards the midst of the corpse sea.

The white browed elder watched as Luo Tian's back disappeared amongst the corpses. He then said to himself: "Should I pass the dispelling Gu skill to him? But this is forbidden in our earth's core race... Holy ancestors of the earth's core race, what should I do?"

After a while...

The white browed elder started frowning as he bitterly laughed: "The earth's core race is about to be wiped out so why am I bothering to guard its secrets?"

Back to where Luo Tian was.

"Level 2 Berserk!"

"Myriad Thunder Roar!"

"Boom~, boom~, boom~!"

In a radius of fifty meters, a hundred lightning strikes descended.

Wherever the lightning passed by, not a single entity survived.

These corpses had all been planted with the Gu insect but the process had not fully matured yet. That's why they wandered around aimlessly just like the zombies on TV.

Luo Tian wasn't going to encounter any resistance from them.

What he was planning on doing was to continuously activate his Myriad Thunder Roar.

With four times the attributes, the power of Myriad Thunder Roar had been significantly enhanced. Once those hundred lightning strikes landed, there would be seventy to eighty corpses toppling over. Luo Tian's mind would then have a series of alert tones that seem to be exploding in succession.

"Ding!"

"Ding!"

"Ding!"

The sound was ear deafening causing Luo Tian to become excited.

One hour later.

"Ding!"

"Congratulations to player Luo Tian for leveling up. You are now at the Profound Grandmaster 2nd rank."

Luo Tian started grinning and said: "I've leveled up!"

After leveling up, all his attributes were full once again. Luo Tian clenched his fists as he became even more excited when he sensed the changes in his mind and his sea of consciousness. A domineering aura exploded out from him as he said: "Motherf*cking hell! This sea of consciousness and mind of mine is way too strong! This daddy would like to see who can use their oppressive pressure on me in the future!"

Just like how the old man said, Luo Tian's will had increased by over ten thousand times!

His sea of consciousness was even larger than those at the Profound Spirit realm, and had truly reached the size of a sea.

Both the sea of consciousness and the mind were related to one's will. So once those two increased, Luo Tian's will would naturally increase as well.

"So the old man didn't lie to me, heh heh..."

"If he were to pass along that dispelling Gu skill to me, I should be able to save those two with my current powerful will." Luo Tian was thinking about this as he glanced back at the house off at a distance. He then shook his head, "I should really continue leveling up."

Dark King's Palace.

"Lord Dark King, there's a lot of loud booming noises coming from the Nineteenth Level of Hell. Would there be some sort of problems going on there?" A sturdy looking muscular guy holding onto a pair of hammers asked in a worried tone.

Yin Shang said in an unconcerned manner: "That old undying is probably training my green divine battle General. Causing such a loud ruckus must mean the training is coming along pretty well."

This was the world he ruled and no one was capable of causing any trouble here.

It was the same in the Dark Mountain Corpse City and the same for the Nineteenth Level Of Hell!

In addition...

Yin Shang was currently in a great mood because he had obtained what he considered as the most perfect container. As long as Luo Tian could refine the green divine Gu insect to its undying stage, Yin Shang could extract the undying bloodline of the Gu insect and transform himself into a true Undying Dark King!

The sturdy looking guy was still a bit worried as he said: "Lord Dark King, how about I go check up on them?"

Yin Shang waved his hand and said: "Just go if you want. You can take a look at how far the old fogey's training has gone along."

Chapter 142 – Courting One's Own Death

Nineteenth Level of Hell.

Inside the white browed elder's house.

The old man looked curiously at Luo Tian as his white brows scrunched up. He then mumbled to himself with a puzzled expression: "Impossible, simply impossible. No matter how much of a genius he is, there's no way he can break through two levels in a mere six hours."

Six hours, two levels!

Even the human race's number one genius Murong Wanjian wasn't able to accomplish this.

Not to mention Murong Wanjian, there wasn't a single human in the entire history of the continent capable of accomplishing this!

Cultivating and breaking through a single level was already extremely difficult. But this freak in front of him broke through two levels in six hours. Was he still even human?

Breaking through was like playing a game for him?

Or did his eyesight go bad and he's actually looking at a ghost?

Seeing how the old man was staring at him strangely for so long, Luo Tian started unconsciously taking steps backward before saying: "Old man, what are you doing? You know that I'm no homo right?"

"Cough~, cough~"

The white browed elder cleared his throat. He couldn't endure the curiosity anymore and asked: "Kid, how did you do it?"

"It's very simple."

"I accomplished it by killing them." Luo Tian chuckled and naturally wouldn't explain he had a gaming system inside him. This was something he would never tell anyone because such a secret was too huge.

The old man rolled his eyes at Luo Tian.

Luo Tian smiled and asked: "Do you have anything else old man? If there's nothing else, I still have to quickly make more breakthroughs."

There was still a lot of undying guards.

They were all experience points and profound energy!

Wasting time here was no difference than wasting your life away.

Luo Tian was feeling a surge of emotions. Ever since he transmigrated to this new world, he has never experienced such a refreshed feeling. And leveling at this place made him feel simply beyond amazing!

Looking outside at the sea of undying guards, Luo Tian was a little impatient to get back out there.

The old man exhaled softly before saying: "Of course I have my reasons for having you come back. I have decided to pass the dispelling Gu skill to you, but you have to promise that it can never be passed to a third person. This also includes the refining Gu skill!"

After saying that, the old man looked at Luo Tian in a serious manner.

Luo Tian was astonished by this and immediately became happy. He then said: "I hereby swear to the heavens that I will never pass the skill to another person."

Luo Tian then said to himself: "Even if I want to pass this skill to someone else, there's no way I can accomplish it anyways."

Luo Tian also wanted to pass his cultivation skills to the fatty, but whenever he tries to send it out through his intent, it would just disappear. The way he gained skills was different to how people of the Tianxuan Continent trained, so he was probably the only one in this world to cultivate like this.

According to the video game terminology, his skills were non tradable and cannot be dropped!

He can only use it himself.

"Good!"

"You must listen carefully to the following mantra..." The old man said in a serious manner out loud before saying inside his heart: "To all the ancestors of the earth's core race: In order to kill the villainous traitor Yin Shang, this disciple Bai Mei will have to be unfilial. This person before me is of moral character and is kind-hearted, and also a great benefactor of the earth's core race. I hope that the ancestors will understand why I'm doing this."

The old man known as Bai Mei prayed in his heart before glancing left and right. After ascertaining that no one was around, he then started narrating to Luo Tian about the skill.

Luo Tian listened carefully to every single word said.

Ten minutes later...

The system gave off an alert tone.

“Ding!”

“Congratulations to player Luo Tian for cultivating the Dispelling Gu skill!”

Luo Tian was secretly overjoyed. From here on out, he would be able to make better use of his refining Gu skill. Especially the one called Ecstasy Gu; he will definitely get proficient in that and make good use of it. Luo Tian’s thought had somehow started becoming perverted...

He was thinking how once he activated that specific Gu skill; wouldn’t his victim die from pleasure if he couldn’t stop it?

This...

Thinking about one’s manhood over exhausted until it shriveled up, Luo Tian felt a sudden chill on the back of his neck. Now that he had the dispelling Gu skill, such a thing would no longer need to be feared.

“Have you remembered everything clearly?” The old man asked.

Luo Tian nodded: “En!”

Bai Mei looked seriously at Luo Tian and asked with doubt: “You managed to remember everything even though I’ve only narrated it once? Apart from being fast at cultivation breakthroughs, could your comprehension speed also be extremely fast too? Are you even considered human?”

Luo Tian grinned and said: "There's nothing I can do about it. When one is born good looking like me, learning things naturally come faster as well. Old man, if you don't believe me, you can teach me a few more of your earth's core race's forbidden arts and see if I can memorize all of them."

"Screw you!"

"You damn kid, quit trying to trick me out of anymore martial skill mantras." Bai Mei no longer suspected Luo Tian upon seeing his current expression. His heart was filled with shock as he said to himself: "Sure enough, this kid is truly not ordinary. Maybe he can really save our earth's core race, and perhaps... he may really be the person mentioned in the prophecy!"

"I really wish this was true!"

Bai Mei started sighing in his heart.

"Okay then!"

"I've already passed the dispelling Gu skill to you so when do you plan on saving those two?" Asked the old man in a helpless manner.

It wouldn't be too difficult to save them with Luo Tian's current spiritual strength.

The old man thought Luo Tian would begin immediately but Luo Tian was lost in thought before asking: "Old man, do you know when Yin Shang will come down again to look for you?"

Bai Mei replied: "Seven days later will be when our earth's core race worships the heavens. Before the day of worship, he will definitely come down to take your three away. Why are you asking about this? And what does this have to do with saving those two?"

"The Gu insect inside them aren't as strong as yours, but you still shouldn't delay it for too long. The longer you drag it out, the harder it will be to remove it."

Luo Tian nodded: "I understand."

Immediately after...

Luo Tian quickly ran out of the house to continue killing in the corpse sea. A series of Myriad Thunder Roar descended and a whole bunch of corpses toppled over.

"Boom~..."

"Boom~..."

The whole Nineteenth Level of Hell was enveloped in the sounds of thunder.

Bai Mei was dumbfounded as he couldn't figure out what Luo Tian was doing. Watching Luo Tian's demon like figure, he started mumbling to himself: "What on earth is this kid up to? How come I can't figure it out at all?"

Apart from killing all these incomplete undying guards, Luo Tian also had to do something very important – raise the level of the dispelling Gu skill.

There's a certain danger involved when dispelling Gu.

And it was dangerous for both parties.

Since his dispelling Gu skill level was so low, Luo Tian didn't dare to save them yet. Only when he had enough confidence would he attempt it, or else he'd rather not even try.

The corpse sea was an environment that satisfied his needs. Each of these zombies here had a Gu insect inside their brains and was the ideal test subjects to practice the dispelling Gu skill. Before the next round of Myriad Thunder Roar's descended, Luo Tian's spiritual energy started moving to perform his dispelling Gu.

“Ding!”

“Failure!”

“Ding!”

“Success! Proficiency rate +2.”

There were successes and there were failures; the whole process was unpredictable.

Luo Tian was rather anxious in his heart because seven days was just too short. If he could dispel the Gu poison in those two, the chance of killing Yin Shang would increase quite a bit. That’s why Luo Tian was trying to save them.

Someone at the peak of the Profound Spirit 9th rank was simply too strong.

He needed the help of those two!

After a full night and day, Luo Tian didn’t stop his training or pause to rest.

He had finally leveled the dispelling Gu skill to level 3!

His rate of success had reached 60%, and he had reached a 100% success rate when dispelling rank 1 Gu insects!

The moment he leveled up, Luo Tian rushed towards the direction of the white browed elder’s house.

Off at a distance, Luo Tian observed the white browed elder lying on the ground covered in blood. Next to him was a large sturdy looking guy with a pair of hammers angrily screaming at the old man.

The corner of Luo Tian's eye twitched as killing intent was hiddenly building up within him. He then coldly harrumphed: "You're courting your own death!"

Chapter 143 – A Profound Grandmaster 5th Rank Dares To...

The sturdy looking guy was called Li Leidun.

He was one of the four great protectors under the Dark King, an expert at the Profound Grandmaster 5th rank.

The most interesting thing...

When he was alive, he willingly allowed Yin Shang to plant a Gu insect inside his body because he wanted to be immortal. Li Leidun then worked really hard on cultivating and rose from a Profound Master to a Profound Grandmaster expert. He also managed to become one of the four great protectors under the Dark King due to his diligence.

"You damn undying fagey, where did you hide him?" Li Leidun kicked Bai Mei's stomach again.

Bai Mei flew off several meters before spraying out a mouthful of blood. Bai Mei then started laughing ferociously: "Hahaha, you damn traitor of the earth's core race, your day of death will arrive soon. Hahaha..."

"Humph!"

"You damn old thing, a wise man will always move along with the changes of time. It's because of stubborn old bastards like you that have forced the earth's core race to hide in a deep hole where one can't see night or day. If it weren't for Lord Dark King not allowing me to kill you, you would have already died a few hundred years ago." Li Leidun said with extreme disdain.

Seeing the painful face on Bai Mei, Li Leidun then revealed an expression of pleasure.

He then started smiling smugly and shouted: "You damn old thing, my advice to you is to be a bit more sensible and don't court your own suffering! You should honestly tell me where that kid went or else... you should know how I do things."

Li Leidun was someone famous in the Dark Mountain Corpse City for being vicious.

He was the so called executioner of the Dark Mountain Corpse City. He was also the person that has killed the most fellow earth's core race out of everyone.

He had killed so much that...

Even his parents were killed by his own hands! Li Leidun was extremely cruel and practically inhuman!

Around this time...

An extremely cold voice filled with endless killing intent was heard behind Li Leidun's back: "Or else what would happen?"

Li Leidun didn't react to the circumstances and replied playfully: "I would twist your head off!"

"Huh?"

"Who is it?"

Li Leidun's eyes became grim as he turned around and stared off into the darkness.

A dark figure filled with killing intent and an aura of death started becoming clearer in the darkness. The figure started approaching closer one step at a time like he had just emerged from hell. With a faint smile like a grim reaper, he was very similar to a messenger from hell!

“The person that wants your life has arrived.” Bai Mei started smiling with excitement.

Li Leidun’s eyes narrowed. Seeing the person walk out of the darkness, his expression changed into one of disdain. “Just him alone?”

“A piece of trash like...”

“Huh?”

“It’s you! Shouldn’t you have been planted with the green divine Gu insect? How could...” Li Leidun’s expression underwent a drastic change. According to what Yin Shang had said, the green divine Gu insect couldn’t be removed by the victim and the only end result was having their will devoured without the possibility of getting rid of it their entire life. The only exception was if the person that performed the Gu poisoning removed it themselves, or else the green divine Gu insect can never be removed.

And once the Gu insect is removed, the victim usually died right after.

But not only had this guy not died, he was alive and kicking. The most important point was the lack of green light on his forehead, which meant the Gu poison had been completely dispelled.

In this entire world, the only person capable of dispelling the Gu poison was Bai Mei.

Li Leidun was completely enraged. He glared at Bai Mei and shouted: “You damn old bastard, you actually passed the earth’s core race’s non-transferable secret technique to an outsider? You are truly great, daring to go against our earth’s core race’s clan rules! You willingly broke the rules to pass it to an outsider instead of the Dark King; a person like you should not continue living in this world anymore. Therefore... go and die for me!”

Li Leidun’s hammers started moving while giving off an eye-catching black light.

His body moved, containing a thick death like power that smashed towards Bai Mei.

At this moment...

Luo Tian faintly said: "Hey, I'm still here."

"A piece of trash like you should scam aside for this daddy! This daddy will slowly play you to death later." Li Leidun didn't even bother looking at Luo Tian. In his eyes, Luo Tian was just a piece of trash that the Dark King had his eyes on. Luo Tian was merely lucky to be chosen.

He was quite unhappy with the favorable treatment Luo Tian had received.

Because he felt Luo Tian was not qualified to gain the green divine Gu insect and not qualified to gain the Dark King's generous bestowal.

He, himself was the only person capable of cultivating the undying Gu insect to the highest realm!

Li Leidun's heavy hammers were like thunder as it smashed downwards.

"Old bastard, go to hell!"

Li Leidun roared as his right hammer crushed down.

If this strike landed, anyone's head would directly explode from the impact.

But Bai Mei didn't move.

He was already seriously injured by Li Leidun's beating, so he was incapable of moving out of the way.

The moment he noticed Luo Tian's figure disappearing, Bai Mei had no intentions of moving away.

“Boom~!”

A loud sound was heard before a cloud of black dust was kicked up. Visibility was immediately diminished and one couldn't see if Bai Mei was dead or not.

But...

Li Leidun's mind sank because he could tell his hammer hadn't landed on its target. It was obstructed directly by something hard; the shock causing his arm to go numb. He almost lost his grip on the hammer which made him extremely pissed.

As the dust settled, a huge blade appeared before Li Leidun's eyes.

This huge blade looked like it had been pulled out of a pool of blood. The blade's body was giving off a blood red glow filled with killing intent, creating a murderous scene for the beholder.

Below the huge blade was a person.

His body looked frail and weak, but one could tell it was actually tougher than steel. His lips formed a faint smile that looked like a grim reaper about to reap a soul.

It was Luo Tian!

Li Leidun's eyes turned fierce as he coldly laughed: “You damn trash, you dare to act arrogant in front of me and block my, Li Leidun's heavy hammer? If it weren't for the Dark King stopping me from making a move, you would've died already. You dare to block my hammer? Good, then show this daddy how many more times you can block it!”

As his voice faded...

Li Leidun's left hammer directly smashed onto his right hammer being blocked. He then shouted: “Heavy Thunder Hammer!”

“Boom~!”

Fiery sparks splashed out, and the death aura flames seem to have exploded into the surrounding.

Luo Tian didn't move, and neither did the Blood Devouring Wild Blade in his hand.

Li Leidun was confused. A day ago, Luo Tian was just a trashy Profound Master 9th rank. A simple wave of his hammer could smash him apart, yet what was going on today?

“Heh heh...”

“You're done right? Now it should be my turn!”

Luo Tian started grinning in an excited manner. Seeing how a trace of panic had appeared in Li Leidun's eyes, he started saying in extreme disdain: “A mere Profound Grandmaster 5th rank dares to bluster in front of this daddy? This daddy will show you the true powers of a Profound Grandmaster 5th rank!”

After saying that, the power inside Luo Tian's body exploded out.

Below the two heavy hammers, Luo Tian's figure had instantly disappeared!

Li Leidun's eyes kept sweeping the area and his senses continuously probing for Luo Tian's aura, but realized his senses couldn't keep up with Luo Tian's speed! He then said to himself: “How did this trash manage to become so strong in just a day?”

Bai Mei was startled while still lying on the ground.

After being frozen for a while, Bai Mei's started mumbling with a shocked expression: “Profound Grandmaster 5th rank? This kid is an utter perverse existence! He broke through four levels in a day and a half? He isn't human at all; he's the most perverted being of all perverted talents!”

In the air...

The Blood Devouring Wild Blade started glowing blood red.

Luo Tian coldly harrumphed and said: "I'll let you experience the new martial skill I've recently cultivated!"

"Ghost Slash – Strike of the Shura!"

Chapter 144 – This Guy Is Super Weak

Ghost Slash!

Luo Tian couldn't remember the name of the martial skill the novel's main character had cultivated.

This was the martial skill the system rewarded him with when he broke through to the Profound Grandmaster realm after destroying a bunch of corpses with Myriad Thunder Roar.

This was a full set of blade skills.

There was the best blade skill that coordinated with the Blood Devouring Wild Blade.

At this moment, a huge phantom image of a Shura appeared behind Luo Tian's back. It looked extremely ferocious with its black hole like eyes glaring down at Li Leidun. The Shura's arms started moving before it descended while chopping down simultaneously.

"Ghost Slash!"

"Strike of the Shura!"

“Bang~!”

The blade hacked down.

Li Leidun roared into the air: “A mere trash like you wants to kill this daddy? You overestimate yourself!”

“Dual Hammers Shocking The Heavens!”

“Block!”

Li Leidun’s pair of hammers crisscrossed each other to block the strike.

Within an instant, the Wild Blade and the dual hammers clashed!

The dual hammers were shattered into pieces before scattering to the ground.

The blade qi of the Shura continued slicing down, directly cutting Li Leidun into two halves.

Instant kill!

“Ding!”

“Congratulations to player Luo Tian for killing Li Leidun. You have gained 2000 experience points, 200 profound energy...”

“Congratulations to player Luo Tian...”

“Shit man, the experience is so little!”

Luo Tian was a bit unhappy.

It was indeed quite a pitiful amount of experience from someone at the Profound Grandmaster 5th rank.

Luo Tian had leveled up to the Profound Grandmaster 5th rank. Since he killed someone at the same level, their experience automatically became very low. If he were now to kill some rank 3 demonic beasts, most likely his experience would only be in the double or triple units. This was a system rule just like any other video games so it cannot be changed.

Luo Tian complained inside a bit more before smiling excitedly. He then said to himself: "This Ghost Slash is quite awesome; a single chop can instakill Li Leidun. The overbearing aura of the Shura is simply cool to the max!"

The feeling of being possessed by a Shura made him beyond excited!

Strike of the Shura was only the first form of the Ghost Slash. The ones after were even stronger and reached a much higher realm. The power contained within those strikes was on a terrifying level of destruction!

"Ptui!"

"A Profound Grandmaster 5th rank dares to act arrogant in front of this daddy? Courting your own death!"

"What a motherf*cking dumbass!"

Luo Tian had a face filled with mockery as he spat on Li Leidun's corpse.

Bai Mei stood up and started staring at Luo Tian with a strange and serious gaze for a long time.

The gaze gave Luo Tian a shiver as he scratched his head and said: "Old man, I've told you before, I'm not into men."

Bai Mei still couldn't comprehend the situation. He pointed at Li Leidun's corpse and said in disbelief: "You instantly killed him with a single blade strike?"

"That's right."

"I didn't expect that this guy can't even handle being struck. I thought that he would be stronger than that You Hun guy and we'd at least exchange eight to ten moves. Who knew he was actually a piece of trash? What an utter embroidered pillow, all looks but absolutely useless." Luo Tian remarked in a casual manner. He was planning on using Li Leidun to train a bit but who knew that he was actually super weak and couldn't even handle one slash.

This was under the circumstances where Luo Tian hadn't even activated Berserk yet.

If he used Berserk, this guy's body would most likely turn into powder.

Bai Mei couldn't comprehend Luo Tian's words at all.

When he heard that Luo Tian had also killed You Hun prior, shock registered on his face. It took a while before Bai Mei could spit out the word: "Perverse!"

An existence that can instantly kill someone at the same level!

If this wasn't considered perverse, what else would be?

Moreover, Bai Mei could tell Luo Tian hadn't used his full strength yet. Since he could instantly kill someone under these conditions, Luo Tian was definitely a monster. This made Bai Mei's hope increase a little bit more as he said to himself: "Perhaps he can really do it!"

"Shit!"

“You’re the one that’s perverse; your whole family is perverse!” Luo Tian said in a joking manner.

In fact...

Luo Tian didn’t expect that he could instantly kill Li Leidun.

Ever since he broke into the Profound Grandmaster 5th rank, he felt that his strength had increased significantly. Then there was the extraordinarily powerful grade 8 martial skill Ghost Slash. It was the combination of those two that allowed him to instakill.

Bai Mei glared at Luo Tian a bit before his eyes became somber. He then said with worry: “Since you’ve killed Yin Shang’s most capable subordinate, I’m afraid he will no longer be merciful towards you. And since Li Leidun hasn’t reported back yet, Yin Shang could come here any moment.”

Luo Tian faintly frowned and said: “I had completely forgotten about that. I should’ve just pretended to be still under the effects of the Gu poison.”

“Humph, you can pretend to be controlled? You looked like you were very eager to kill him.”

“Damn it old man, it was all because I tried to save you. If I didn’t make a move, most likely you would’ve died under his hammers already.”

“You still didn’t have to kill him.”

“Uh...”

“I could easily tell you wanted to kill him because I have been observing you this past day. You’ve killed over ten thousand undying guards here and you’ve broken through five levels. It’s very obvious that your cultivation method is different from normal people.”

Bai Mei started thinking about the devils race that had flourished over ten thousand years ago and couldn't help asking: "Hey kid, you can't be someone from the devils race right? Only the devils race will go crazy killing like you, and make breakthroughs during the process."

Luo Tian revealed a mysterious smile and then a very cheap looking expression. "I'll let you keep guessing!"

Bai Mei then pretended to be angry: "Guess your sister!"

"Hahaha..."

"Hahaha..."

The both started laughing together.

Luo Tian went into the house and looked at both Qin Yue'er and the Ninth Prince. He then mumbled: "It's time to dispel the Gu poison on your two."

Since Li Leidun had died, Yin Shang will figure it out stuff sooner or later.

Therefore...

Luo Tian needed the Ninth Prince and Qin Yue'er's help even more.

After glancing at those two, Luo Tian eventually chose to start with the Ninth Prince first. After all, this was the first time he was dispelling the Gu poison from a live person. Luo Tian didn't have a strong confidence in its success so he chose the Ninth Prince first because he didn't know him.

If he died, he died.

Since I don't even know you, I might as well use you for training.

As for Qin Yue'er, she was completely different. After all, she was a super beauty; a super beauty that also had a pair of huge melons. It would be such a pity if she died. She also wanted to accompany him in death, so just that point alone was enough to make Luo Tian more cautious when saving her.

Not long after...

Luo Tian looked at the Ninth Prince in a serious manner as he said: "Hey brother, it'll be great if I succeeded. But if I fail, please don't blame me for it."

Immediately after...

Luo Tian activated his spiritual intent and an ommm~ sound came from within him. A powerful spiritual energy then exploded out. The intent inside Luo Tian sea of consciousness started moving as his right hand grasped onto the Ninth Prince's wrist. His spiritual intent then entered through the radial arterial through the wrist.

The difference in skill was huge between them. Watching from the side, Bai Mei was shocked again and repeatedly sighed internally. "Monster; he's a complete monster. Is this guy human, a devil, or a ghost?"

Luo Tian's intent successfully entered the Ninth Prince's mind.

A large Gu insect immediately pounced over at him.

Luo Tian's brows tightened; the most critical and most dangerous moment had arrived.

His intent then shouted: "Hey brother, whether we can remove the Gu insect from your body or not will depend on this move. Please cooperate with me if you can hear this – as long as we can kill the Gu insect, you will immediately be free."

As his voice faded...

Luo Tian suddenly roared out in his mind: “Level 2 Berserk!”

His spiritual intent was like an enraged ocean that crushed forth.

In just an instant, the large Gu insect that was just swaggering about was killed.

At this moment...

The system alert tone sounded off!

“Ding!”

Chapter 145 – A*shole, You’ve Finally Come

Why would there be an alert tone?

Luo Tian was slightly stunned by this and concentrated on the alerts.

“Ding!”

“Congratulations to player Luo Tian for dispelling the Ninth Prince Tan Jiu’s Gu poison. Your favorability has been increased by 1000 points.”

“Psh~!”

“What the hell does this daddy need another guy’s favorability for? Your sister you damn system, this daddy isn’t into men!” Luo Tian shouted while rolling his eyes. His heart actually felt some relief as he sighed, since this was considered a success in dispelling the poison. This was also considered as Luo Tian pulling the Ninth Prince out from the gates of hell.

Tang Jiu slowly opened his eyes and looked at Luo Tian. He then suddenly knelt down and seriously said: "Thank you!"

His true name was Tang Ming. But since he was ranked ninth out of all the princes, his name was also Tang Jiu. (Tang Nine)

When Luo Tian's spiritual intent entered Tang Jiu's body, he was able to sense it but couldn't reply because the Gu insect was controlling his will. He originally thought that he would die here and his whole future would be buried in this place.

His promising future...

Whether it was in the imperial city or the Sea Cloud Sect, his future was bright and successful.

Moreover...

Out of the dozen or so Princes, his strength was one of the highest and he was regarded highly by an Elder of the Sea Cloud Sect. He wasn't even thirty years old yet but had already stepped into the Profound Spirit 5th rank. This was a level that many people couldn't reach in their entire life. Another Elder had already predicted that he would step into the Profound King realm before he reached fifty years old.

But...

He never imagined his boat would capsize in the Dark King's Corpse City.

Everything Tang Jiu had would become ashes. He was unwilling to accept this. Not that he cared about his promising future; he was more unwilling to accept such a death. Dying at a place like this where no one cared much about, his death would be without any value at all.

When he heard Luo Tian's voice through his spiritual intent, Tang Jiu became excited. His desire to live then surged out.

It was like he grasped onto a life saving straw while floating in the middle of the ocean – he was able to coordinate perfectly with Luo Tian.

The moment he opened his eyes, he kneeled down without hesitation.

Luo Tian was the third person he had kneeled down to in his life.

The first time he kneeled was when his father ascended to the throne. The second time was when he kneeled to his master at the Sea Cloud Sect. Compared to the previous two, he felt that this time kneeling was the most serious out of them all. His heart was filled with gratitude and couldn't find any words to express his feeling. He was unable to express it so he finally chose those simple two simple but powerful words: Thank you.

But those two words was the first time he has ever said that in his thirty years of life!

Luo Tian quickly supported him up and casually said: "It's not a big deal."

After supporting him up, Luo Tian leapt off to the side and said: "You'll be throwing up a Gu insect corpse later so you should go outside to do it."

Tang Jiu didn't say anything and directly ran out.

Not long after, he came back with a pale expression. His mouth was wiped clean without any residue left.

Luo Tian smiled, "The real person that saved you is him. If it weren't for him teaching me the method, saving you would be out of my hands. Your body will feel very weak for now so you need to rest properly for the next few days. In a few days, I will need your assistance."

Tang Jiu gave Bai Mei a ninety degree bow, and Bai Mei smiled at him in return.

After that, Tang Jiu looked at Luo Tian and said: "Fine, all I need is a word from you and I'll be there."

“Good.”

“Go ahead and rest for now.”

Luo Tian lightly smiled. The more he looked at Tang Jiu, the more pleasing to the eye he was. He then said to himself: “It’s good that I didn’t wrongly save you.”

Afterwards...

Luo Tian didn’t take a break and went towards Qin Yue’er. He then lightly exhaled.

Bai Mei interrupted him and asked: “Hey kid, you’ve already consumed a lot of spiritual energy. Shouldn’t you rest for a bit first?”

Luo Tian had succeeded in a short time.

He didn’t even sweat at all and looked rather relaxed.

But this wasn’t the case.

Dispelling the Gu poison actually consumed more spiritual energy than refining Gu. Even if Luo Tian’s will power was increased by ten thousand times, the process still tired him out. Luo Tian didn’t take a break because he had no time to take one. Li Leidun’s death had given him a sense of urgency.

Yin Shang could come back down anytime.

Luo Tian had to seize every single second in order to level up.

A Profound Spirit 9th rank was simply too strong. So strong that Luo Tian had to do everything as if his life was on the line.

There were still a lot of undying guards left in the corpse sea. Even though the experience points had started to decrease, it was still quite a decent amount for his current circumstances.

Luo Tian shook his head and said: "There's no need, we don't have that much time left."

Immediately after...

Luo Tian's spiritual intent in his sea of consciousness started moving. This time, he also added killing intent to it because dispelling the Gu poison was no different than fighting. Since this was a battle, then he had to release the strongest force he could muster without reservation. He was going to kill with overwhelming strength!

Moreover, this was Qin Yue'er's turn.

She was the ultimate onesan beauty!

Even though she may not be a woman of his in the future, Luo Tian didn't want this world to be missing this beauty.

Upon grasping her wrist, Luo Tian sent his spiritual intent into Qin Yue'er's body and quickly arrived to her mind. He then said: "Hey sister, I'm here to save you. Don't let your will stray and you'll be free once we kill that Gu insect."

Just when Luo Tian wanted to start the process...

Qin Yue'er's flirty and charming voice said: "A*shole, I knew you wouldn't just leave me behind."

"Uh..."

“Hey sister, this is your spiritual intent?” Luo Tian was surprised because he didn’t expect Qin Yue’er would retain her original intent.

A light laugh was heard from Qin Yue’er before she said: “The moment you were captured by Yin Shang, I could see in your eyes that you wouldn’t give up so easily. How can a man I fancy die just like that? This sister’s vision is not as simple as I look! Since I suspected Yin Shang was going to plant a Gu insect into my brain, I know it is somehow related to one’s will. I didn’t bother thinking too much and immediately sealed a portion of my intent away.”

Just a mere look from Luo Tian and Qin Yue’er was able to form such a long conjecture!

Her intelligence was definitely higher than how large her breasts were!

Big brains and a big chest; and her intelligence had reached a terrifying level. This was the real Qin Yue’er.

Luo Tian was secretly shocked by this and said: “Sister, you should use your intent to cooperate with me then. We’ll kill that Gu insect together. You might experience some severe pain but you have to hold on. Don’t lower your guard or else everything will be all for naught.”

An ambiguous giggle came from Qin Yue’er. She then said in a sultry and delicate voice: “This sister will cooperate with you. Whatever you want to do, this sister will cooperate with you very well.”

“1...”

Hearing that tone from her, the evil fire from Luo Tian immediately started raging.

As his body started heating up, Luo Tian’s intent started running wild inside Qin Yue’er’s mind.

Those perverted intent of his was naturally known by Qin Yue’er from their connection.

Qin Yue'er giggled in a dainty manner and said: "You're so hateful; I didn't expect a kid like you to be so perverted. What's this 108 kamasutra positions? What's this doggy style? What's a cowgirl? This sister thought you were different from other men but you are just like them."

Luo Tian's mind sank as he realized all his lustful thoughts had been exposed. He then said to himself: "I could just die right now!"

Just when he wanted to explain himself, he realized there was no way to explain it.

Therefore...

Luo Tian directly asked: Sister, do you want to try it?"

He did his best and just threw it out there.

Anything else would be bullshit right now so he figured he might as well be direct.

Qin Yue'er didn't expect Luo Tian to be so direct. Her face turned red and her voice a bit shy as she replied: "Yes!"

F*cking awesome sauce!

Blood almost sprayed out of Luo Tian's nose. He thought that Qin Yue'er would at least yell at him a bit but didn't expect her to immediately agree. His blood was boiling and his whole body was filled with energy. Luo Tian quickly said: "Sister, I will immediately kill that Gu insect for you. Later... we can... heh heh..."

Luo Tian couldn't wait anymore!

Chapter 146 – This Kid Is A Myth...

It was surprisingly smooth when dispelling the Gu poison on Qin Yue'er.

Luo Tian wasn't sure whether he was stimulated by Qin Yue'er's hot body or his evil perverted thoughts. Whatever it was, it caused his spiritual intent to perform at its maximum potential! The process was so quick that it was already over before Luo Tian realized it.

"It's done!"

Qin Yue'er slowly opened her eyes with still a slight blush on her face. She looked at Luo Tian who was only half a meter away from her before she directly pounced over.

This was a hug that came out of nowhere!

Those twin towering mounds of hers smooshed itself onto Luo Tian's chest. There was only one word to describe his current feeling – awesome!

With those two huge mounds against his chest and a slight fragrant scent coming from Qin Yue'er's body, Luo Tian felt like his mind was bogged down in mush. Those hands of his were now suspended in midair unsure whether to embrace her or not.

Luo Tian didn't expect Qin Yue'er would be so forward.

"Just hold me."

Qin Yue'er said this in a coquettish tone before reaching out to grab Luo Tian's hands to wrap them around her lower waist.

With his arms wrapped tight around Qin Yue'er's small waist, Luo Tian could only feel its soft boneless like existence. At that moment, it felt like he was struck by electricity as the huge snake in his crotch immediately rose up. Luo Tian felt a roaring flame inside his body that was about to erupt out!

Sexual happiness...

Luo Tian had suddenly experienced sexual happiness.

This type of feeling was truly awesome!

Luo Tian's current mind was filled with perverted thoughts. All those videos from said small island started flashing through his mind – there were normal positions and high difficulty postures!

Qin Yue'er's arms were tightly wrapped around Luo Tian's neck. With her head resting on his shoulders, she could feel Luo Tian's impulsive little brother against her so she didn't continue teasing him. She then suddenly started bawling like crazy before giving Luo Tian's shoulder a bite.

She was now crying without saying a single word.

Tang Jiu was standing off to the side while watching her with a serious expression. He has never seen Qin Yue'er cry before and this was the very first time.

Luo Tian's mind that was filled with evil thoughts all disappeared at this moment. He was now gently patting Qin Yue'er's back as he tried comforting her: "It's fine now, everything is over. Don't cry anymore or else you won't look pretty."

"I was really scared!"

"I have never felt such fear in my entire life."

"Thank you, thank you very much. Wuuu~..." Said Qin Yue'er in-between sobbing. The current her was like a little girl's outburst of all their suffering. Anyone witnessing her current image would feel a slight heartache from it.

"His powers are truly very terrifying. Will we be able to survive this and escape?"

"We will escape this with our lives." Luo Tian replied.

“Really?”

“En.”

Those two were softly whispering this to each other, and Luo Tian looked like he was comforting a little child.

Qin Yue'er was a mature woman, but at times they would too exhibit a child like side to their demeanor.

After a short while...

The two of them stood apart while Qin Yue'er ran outside and started throwing up.

Luo Tian lightly smiled before becoming serious again. He walked up to Tang Jiu and said: “I still don't know what your name is.”

Tang Jiu became serious as well and replied: “Tang Jiu, the Great Tang's Ninth Imperial Prince.”

“Imperial clan?”

Luo Tian was slightly stunned by this before introducing himself as well: “Luo Tian, a nameless kid from Jade Mountain City. Greetings to the Ninth Prince.”

No wonder his favorability went up by 1000 points, it was because he saved an imperial prince.

Tang Jiu immediately went forward and said: “Benefactor, saying something like this makes us look like strangers. You were the one that saved me so no matter how high my status is, I dare not to accept such formal salutations from you. I'm a few years older than you so if you don't mind, you can just call me elder brother.”

Tang Jiu was a stubborn person who would never change his mind once he reached a conclusion.

Luo Tian had saved him so he has placed Luo Tian in the status of a benefactor. And a benefactor to him came first before anything else.

Luo Tian didn't want to act like strangers to him anyway and said: "Ninth brother, Yin Shang is an expert at the Profound Spirit 9th rank. The only way we can escape this place is by killing him. Since this underground place has a large number of undying guards assembled here, allowing them up to the surface will definitely threaten the safety of the Great Tang."

Tang Jiu nodded and said: "That's right, but it'll be rather difficult to kill him with our current cultivation levels. How about I fight with all I have while you escape with my personal belonging amidst the chaos to Heavenly Sword City. Then request my father to send out an expert at the Profound King realm here to take care of things."

A Profound Spirit 9th rank expert was extremely hard to deal with.

The moment Yin Shang used his death aura to fully engulf Tang Jiu in the main hall of the Dark Palace; he had no strength to fight back and was completely restrained.

"Deliver a message to the imperial city?"

Luo Tian's brows lightly shook.

Without waiting for Luo Tian's response, Bai Mei interrupted: "I'm afraid there won't be time. There's only six more days until the earth's core race worships the heavens. At that time, Yin Shang will definitely command all his undying guards to rush out of here. The Heavenly Sword City is over a million kilometers from this place so based on your cultivation level; you won't be able to make it there for at least half a month. After returning here, a full month would have passed by and most likely over a million people of the human race would've died already."

Tang Jiu frowned as he helplessly said: "Then what should we do?"

“What should we do?”

“Heh heh... just use the most direct method – beat the crap out of him.”

“Then we’ll just completely annihilate all his undying guards, and everything will be solved.” Said Luo Tian in an excited manner.

After he was finished, Bai Mei, Tang Jiu, and Qin Yue’er who had just entered the house from throwing up outside stared at Luo Tian with their mouths agape.

They continued staring at him with wide eyes and mouths agape without saying anything, just like how one would look when seeing a strange monster for their first time.

After a while...

Bai Mei was the first to say: “Truly a perverted existence.”

Tang Jiu recovered his senses and asked in a doubtful manner: “Can this really be done?”

Qin Yue’er gave an ambiguous smile and said: “Little handsome brother, are you sure that’s a good idea?”

Immediately after...

There was a slight change to Qin Yue’er’s eyes as she suddenly stammered: “Your cultivation...”

Luo Tian smiled a bit before saying: “You two should rest well and recover your strength. If you are able to make another breakthrough, that would be great. If you aren’t able to, you should at least restore your strength to its peak. The old man will then explain to you the weaknesses of Yin Shang and his undying guards.”

“The most time we have left is six days.”

“Six days later when Yin Shang worships the heavens, we will take his head as offerings to the heavens ourselves!”

Luo Tian was really excited when saying each sentence.

Tang Jiu was filled with confusion from Luo Tian’s words, but still asked: “What about you then?”

Luo Tian went to the doorway to look at the corpse sea before glancing back with a smile. “I will go level up first before I come back to tell you.”

“Huh?”

Tang Jiu was stunned by the response.

Watching Luo Tian’s disappearing back, the three of them were filled with confusion.

Qin Yue’er then asked with confusion: “Back then he was only at the Profound Master 9th rank, and now he’s at the Profound Grandmaster 5th rank. Senior brother, have you see someone make breakthroughs that fast before?”

Tang Jiu’s expression drastically changed as he said: “What?! He made so many breakthroughs in a short two days? Even if it was our human race’s number one genius Murong Wanjian, he still wouldn’t be able to accomplish something like that.”

Bai Mei was stroking his beard with a smile and said: “He’s a monster. There are many things about him you would not believe. I actually have no doubt right now that he can kill Yin Shang six days later. This kid is simply like a mythological existence.”

The three of them glanced at each other.

Their eyes then all turned in the direction that Luo Tian disappeared off to. At this moment, their confidence had become firmer.

They all believed in Luo Tian.

But Luo Tian didn't actually have much confidence.

He didn't have enough experience points and not enough time. Wanting to kill Yin Shang who was at the Profound Spirit 9th rank was extremely difficult!

But...

He had no other choices!

Chapter 147 – Tell That Mix-breed Dog...

Yin Shang was very strong.

The last boss of certain areas are naturally strong, something Luo Tian had experienced plenty of times in his past life involving video games.

A boss that's not strong is not even considered a boss!

The stronger the boss, the better the loot explosion it should be.

Yin Shang's whole body was shimmering with a golden glow. Luo Tian really wanted to see what kind of loots would explode from his corpse, and his impatience was even stronger than the feeling he had for Qin Yue'er!

That's why...

Luo Tian desperately cultivated.

Luo Tian was like a madman in the corpse sea. There was no night or day, only killing. He was continuously training all his skills and increasing their proficiency level.

Dealing with a strong enemy...

Luo Tian could only become stronger than his opponent, and then completely crush them.

He really enjoyed the feeling of completely crushing his opponents.

The corpse sea – a place with near endless amounts of undying guards.

This place was the best environment for Luo Tian to grind his levels.

Six days and six nights later...

Luo Tian didn't rest for a single minute, and his hands never stopped moving.

The endless amount of walking corpses had now become a sea of fallen corpses.

With so many corpses on the ground, it was now comparable to the amount of corpses in the world of slaughter.

There were so many that one couldn't see the end of them.

At a certain location in the Nineteenth Level of Hell, Luo Tian was the only person standing.

This madman had completely wiped out all the undying guards of the corpse sea!

A lunatic!

A pervert!

A monster!

There were no other descriptions for Luo Tian. Only a madman like him would continuously kill for six days and six nights without stopping. He was basically a killing machine that never grew tired.

Standing in the darkness, Luo Tian started clenching his fists. The power coursed through his body before giving an ear deafening boom. This feeling was simply too awesome, to the point that Luo Tian started roaring into the air. "Agggghhhh...!"

His heaven shaking roar shook the entire level for over tens of thousands of miles.

The anger in his heart was roaring out!

Within the darkness, Luo Tian was now holding onto a huge blade. He now looked like a Shura that had appeared in the dark.

His body was exuding an endless amount of killing intent.

This killing intent was even more terrifying than the known death aura.

Bai Mei, Tang Jiu, and Qin Yue'er were no longer excited from this sight because they had seen it too often.

According to them...

Luo Tian was a complete monster and wasn't considered human anymore.

From the words of Bai Mei, this kid was basically a mythological existence!

Profound Spirit realm!

Profound Spirit 5th rank to be exact!

In a short seven days, he went from a Profound Master 9th rank to a Profound Spirit 5th rank. This was something that has never happened in the billions of years of Tianxuan Continent's history. If one didn't witness this first hand, who would actually believe it to be real? Who was capable of actually doing this?

A nameless kid from a rural city – Luo Tian!

This was too f*cking crazy!

Luo Tian was currently relishing in the powers of a Profound Spirit 5th ranker. Looking at all the bodies lying around him, he started grinning: "This place is just too awesome. It would be even greater if these corpses could respawn, then this daddy will probably never leave this area until I break through to the Profound Sovereign realm."

Yin Shang's painstaking efforts for the past hundred years were gone just like that.

The Nineteenth Level of Hell was his place of manufacturing soldiers. This was his backup, an endless source of undying guards.

But...

Everything was gone now.

The worst thing about this was Yin Shang had no idea it had happened!

At this time...

Yin Shang was currently at the main hall of the Dark King's Palace entertaining some foreign guests. In his mind, he was thinking Bai Mei and how the training was coming along for his perfect container.

Even in his dreams, he would never have imagined his so called perfect container had entirely destroyed his soldier manufacturing factory!

"Bang~!"

"Bang~!"

Several loud sounds were heard.

At the entrance to the Nineteenth Level of Hell, two rows of elite undying guards had arrived.

The leader of the troops was one of the four great protectors – Kun Da!

The moment Kun Da stepped into the Nineteenth Level of Hell; he was able to sense a thick amount of killing intent. This killing intent angered him on the spot as he shouted: "Bai Mei, you damn old bastard! What the hell have you been doing?!"

"Huh?"

"Where are all the undying guards?"

Suddenly...

Kun Da's eyes tightened as he scanned the humongous square. Not a single undying guard was standing because they had all fallen to the ground. Each of them was lying there motionless with their heads busted apart.

They've died!

They were all dead!

Kun Da started to panic while his rage also rose into the sky. The whip in his hand was flicked into the air as he tried to release his pent up aggression.

"Pak~!"

"Bai Mei, you better scam out here for this daddy!"

"The Dark King wanted you to cultivate these undying guards yet you killed them all. What's an old bastard like you trying to do?" Kun Da's anger had reached the sky. The thorned whip in his hand was releasing death aura like black flames that created afterimages from its flicking path. As long as Bai Mei came out, he would be whipped apart by the energy of the death aura.

"Sigh..."

"Why are you singling me out?"

"I didn't do anything."

Bai Mei shook his head with sigh as he walked out of the house. Seeing how angry Kun Da was, he then said: "Little Da, I really didn't do anything. These undying guards have absolutely nothing to do with me. If you want to kill someone, you should go kill him."

Immediately after...

In the direction Bai Mei pointed at, Luo Tian started appearing in the darkness one step at a time.

Kun Da's sight turned to focus on the dark figure slowly appearing. His eyes turned grim as he shouted: "You damn bastard, you dare to destroy the Lord Dark King's soldier factory? Hand your life over to this daddy!"

A mirage of death whips flashed by.

In the middle of the air, the whip swiftly moved like an actual real live snake. It started growing longer and larger as it directly flicked towards Luo Tian.

Luo Tian had a grim look on his face. His lips formed a slight curve as he started smirking in a gloomy manner.

The death whip's mirage suddenly stopped when it was about three meters from Luo Tian.

It was blocked by a formless energy!

Luo Tian merely glanced up at it and focused some power.

"Boom~!"

The mirage of death whips were directly smashed apart.

Luo Tian then snorted in disdain: "So damn weak!"

Kun Da's expression changed as he shouted: "Who are you?!"

Luo Tian continued walking forward before stopping five meters in front of Kun Da. He then started grinning in a ferocious manner.

Kun Da's expression showed startlement as he stammered: "It's you? Aren't you..."

Once he noticed Luo Tian's head didn't have the green glow of the green diving Gu insect, his expression underwent a drastic change. He then shouted: "His Gu poison has been dispelled, kill him for me!"

"Just relying on you guys?!"

Tang Jiu released his imperial qi that directly dispelled the death aura coming from all the undying guards. He then slowly walked out and stood right at the front.

"Your Gu poison has been dispelled as well?"

"Heh heh... there's also this elder sister's." Said Qin Yue'er as she walked out as well.

Bai Mei spread his palms and showed an innocent expression. He then pointed at Luo Tian and said: "All of this has nothing to do with me; everything was done by him."

"These old bones of mine can't handle anything rough so if you need to beat someone up, beat him up. If you need to kill someone, kill him. I have no relationship to anything going on here." Bai Mei chuckled with an extremely cheap expression.

Kun Da's eyes turned ferocious as he shouted: "You will all have to die! Lord Dark King is the overlord of the Dark Mountain Corpse City; he is considered our God here! You will all have to die..."

Before Kun Da could say anything after the word die, Tang Jiu already made his move.

But...

Luo Tian blocked in front of him and said: "Ninth brother, please leave this to me."

Immediately after...

Luo Tian's grasped the air in front of him with his right hand.

The dark space in front looked like five fingers had ripped apart the void. The naked eye could visibly see that space was being tightly gripped in Luo Tian's hand. Luo Tian then roared out as that piece of space was flung out!

"Bang~!"

Kun Da's body turned into ash and a system alert tone sounded of inside Luo Tian's mind.

Bai Me, Tang Jiu, and Qin Yue'er all said in contempt: "Perverted!"

Luo Tian didn't bother with their comment as he directly started killing all the undying guards. The last undying guard was so scared that he had shit his pants in the process. Luo Tian then chuckled: "Tell your Dark King that this daddy will be coming for him soon!"

Chapter 148 – It Has Begun

The ceremony for worshipping the heavens was a big day for Yin Shang.

He had already sent Kun Da to bring back his most perfect container up here. Yin Shang wanted to see how well Bai Mei had trained him and to see if there was any advancement with the green divine Gu insect.

He never imagined he would receive the news of his troops being annihilated at the Nineteenth Level of Hell instead.

This made him extremely angry.

This anger was like a primal rage.

Utter fury!

Yin Shang was so angry that he started trembling. Even the insect on his head couldn't help but curl into a ball from fear.

"I will kill you all, one at a time!"

Shouted Yin Shang as his whole body was enveloped by flames made up of death aura. This terrifying energy that was surging out of him and made the experts from the evil sects to back away from him. Their faces turned pale and their expressions turned ugly.

Also at this time...

Luo Tian, Tang Jiu, Qin Yue'er, and Bai Mei came up to the surface and wasn't far from the Dark King's Palace.

The moment they appeared on the surface, Yin Shang was able to sense their presence. He eyes turned grim, his voice turned cold and disdainful as he roared: "You want to turn things around with just the four of you?! This King will use your heads as sacrifice to the heavens!"

"F*ck you!"

"If you have the guts, then come take it right now! This daddy wants to see if you can keep your life afterwards!" Luo Tian coldly roared out in response. With the momentum behind his Profound Spirit 5th rank, he wasn't afraid of Yin Shang at all. His aura might even be a bit stronger than Yin Shang's!

Of course...

Just a strong momentum wasn't very useful.

Yin Shang coldly smiled as his gaze turned to the direction of Luo Tian. His expression suddenly became stunned as a metaphorical boom sounded off in his heart. He never imagined that in just a few days, Luo Tian's strength had reached the Profound Spirit realm. What on earth happened to him this past seven days?

Yin Shang had a rather ugly look on his face right now. His gaze landed on Bai Mei's face that seem to have a faint casual smile on it. Yin Shang's expression turned grim as he said disdainfully: "You damn old fogley, you think that by raising his cultivation to the Profound Spirit 5th rank, he'll be able to deal with me?"

"Even ten more Profound Spirit 5th rankers can only dream of being my opponent! Also, do you know where you are right now?"

"This is the Dark Mountain Corpse City, a place where I'm the overlord of!"

Bai Mei maintained his innocent expression as he said: "I really didn't do anything but if you force this responsibility on me, we'll pretend that I did do it then. Yin Shang, you are the earth's core race's biggest sinner! You won't be able to escape your death today so I advise you to..."

Yin Shang impatiently interrupted Bai Mei's words and shouted: "You old bastard, this king is already bored of the conversation. Since you all want to die, then this King will fulfill your wish!"

"All undying guards listen to my command!"

"Kill them all for this king and I will bestow to you eternal life!"

In a mere instant...

A brief black light flashed in the eyes of all thirty-seven thousand undying guards. They then shouted in unison: "Dark King, Dark King, Dark King... Eternal life, eternal life, eternal life!"

"Kill them for me!"

“Kill!”

This was like an ocean tide; a high tide that ferociously surged forth trying to destroy its target.

The black tidal wave came crushing down towards Luo Tian and company!

“There seems to be a tad too much undying guards here.”

“How are we going to fight them?”

“Before we even reach the Dark King’s Palace, I’m afraid we’d be smothered to death already. Brother Luo, what do you think we should do?”

Tang Jiu revealed a deep frown as he watched the tide of undying guards charging over; his heart couldn’t help feel shaken up a bit by this.

Both Qin Yue’er and Bai Mei looked at Luo Tian.

There was simply too many of them.

These undying guards weren’t like the low leveled ones stumbling around in the Nineteenth Level of Hell. The cultivation levels these one had were at the Profound Master 5th rank or higher. The undying Gu insect inside their brains were also at least rank 2 or above. With tens of thousands of these undying guards together, their combat power had basically become extremely strong. Even if an expert at the Profound King realm was here would have their heart shaken up a bit.

Standing behind Yin Shang, some experts of the evil sects had their minds blown from the shocking scene they were witnessing. At the same time, they were imagining how great it would be if they too possessed such a large army at their disposal.

Indeed...

With so many undying guards here, those four would definitely tire themselves to death.

The amount of profound energy they possessed would not be enough for a long drawn out battle. In addition to that, these undying guards will not tire and do not feel pain. The only command in their mind right now was to kill those four, and they will either accomplish that or die trying!

Bai Mei's expression also started paling.

The three of them unconsciously looked towards Luo Tian for an answer.

Luo Tian actually had a sly and cheap expression on his face while he pulled out a dozen spatial plaques.

These spatial plaques were considered low quality items.

It was the most trashiest spatial storage device known, where one can buy a bunch at the market stalls for a few silver each. The three of them showed a puzzled expression upon seeing Luo Tian take out so many of them.

Yin Shang started laughing coldly at this sight. "You wish to squash this king's undying guards with all those spatial plaques? This king is really scared now, hahaha..."

"Hahaha..."

"I think shit must've entered the kid's brain."

"My guess is that he's been scared silly."

"Hey kid, we haven't even started yet. You might be even crying for your mommy in a little bit, hahaha..."

Endless words of ridicule were heard from the guards rushing over.

Luo Tian clearly heard everything they said but he still sneered in disdain. He then coldly said: "Laugh, just laugh to your fullest you motherf*ckers. This daddy will make each and every one of you start crying in just a bit."

The undying army had almost reached them.

Those four could already feel the powerful death aura starting to form an oppressive pressure against them.

At this time, Luo Tian was still pulling out spatial plaques and fiddling with them. What on earth was he trying to do?

Tang Jiu didn't ask.

With his imperial qi surging out of him, he was protecting one side of Luo Tian in a rather imposing manner.

On the other side of Luo Tian was Qin Yue'er. Her brows were frowning as her mental state was ready for battle. She was just like Tang Jiu, protecting one side of Luo Tian in a steadfast manner.

They didn't know what Luo Tian was doing but they believed that he must be doing something very important.

It was the same for Bai Mei.

Luo Tian had simply shocked them too much. Even if he were to continue doing other weird things, they would no longer feel that it was strange. Watching how Luo Tian was fiddling around with his spatial plaques, all they could feel in their hearts was that these undying guards would be screwed very soon...

Cold sweat appeared on Luo Tian's forehead as he bitterly complained internally: "F*cking hell! If I had known I would be doing this in the Ghostly Mountain Range, I would've bought myself a better spatial ring. Now look at me wasting my time with all these spatial plaques."

Tang Jiu and the other two weren't anxious but Luo Tian was.

Looking at the mass of black figures approaching, Luo Tian's heart was trembling. Trembling in excitement that is, as he mumbled to himself: "Look at how much experience points this is...!"

"Kill!"

"Kill!"

Suddenly...

Several undying guards ran out ahead of the pack.

Luo Tian didn't make any moves except for continuously pulling out more spatial plaques. In front of him was a huge pile of spatial plaques that looked like bamboo slips from the ancient times.

Tang Jiu and Qin Yue'er's bodies moved; their swords stabbed out before returning to their place.

The moment they returned to their original position, two corpses fell down from the air.

Their heads were partially sliced off and black water formed a puddle beneath them. In the black water was an insect that had become stiff.

Yin Shang's expression changed as he shouted: "Kill them for me!"

Also at the same time...

Luo Tian wiped the sweat off his forehead before smiling evilly. "I've finally finished preparing them!"

Chapter 149 – Demonic Beast Army VS Undying...

“Motherf*cking hell!”

“Next time, I definitely have to buy a damn spatial ring or else I’ll die from exhaustion.” Luo Tian complained to himself. He then looked at the tide of undying guards and revealed a cold evil smile before saying: “You guys back away, it’s now my turn to perform!”

Tang Jiu and the other two looked at the pile of spatial plaques in front of Luo Tian and couldn’t figure out what he was up to. But they still retreated off to the side while maintaining their vigilance.

Qin Yue’er giggled and asked: “What kind of earth shaking thing are you planning to do now?”

Luo Tian turned around to glance at her and said: “You will know very soon.”

Immediately after...

Luo Tian looked at Yin Shang on top of the Dark King’s Palace and shouted: “Yin Shang, you damn abomination! This daddy knows you’ve learned some crappy refining Gu skills, but I will show you what is considered the history’s strongest undying army!”

As his voice faded...

Luo Tian grabbed a spatial plaque and threw it into the air.

“Huh?”

“Does this kid really intend on smashing my undying guards with a piece of rotten wood?”

“Hahaha... this kid is a complete idiot!”

“A complete dumbass! Lord Dark King, is this some type of comedy performance before the heaven worshipping ceremony? It’s actually quite funny, hahaha...”

Behind the Dark King, over a dozen people from the evil sects started laughing and mocking Luo Tian.

The moment the spatial plaque was spinning in the air, Luo Tian’s lips curved in a ferocious smile. He then suddenly shouted: “Furious Dire Bear, crush them all for me!”

“Boom~!”

A loud noise was heard in the sky before a rank 4 Furious Dire Bear came smashing down onto the ground. Its two eyes contained glowing flames of the death aura; it was over a dozen meters tall; its limbs were extremely large; and its sharp bear claws sliced up the ground the moment it landed.

“Boom~...”

“Boom~...”

The Furious Dire Bear was just like a bulldozer smashing into the undying guards and causing them to fly off everywhere. In just a mere instant, the first wave of attackers had been blocked.

Unbridled recklessness!

Its pure dominance was a complete mess!

Those evil sect members who had just been mocking Luo Tian immediately shut their mouths with an ugly expression on their faces.

“A demonic beast?”

“It’s actually a rank 4 demonic beast that has been planted with an undying Gu insect. Dark King, didn’t you say that you were the only person in this world that can refine the Gu poison? This kid can somehow do it too, and he’s even able to combine the Gu insect with a demonic beast. The results seem to be much stronger than your undying guards.”

“That’s right; can the Gu insects you’ve given us be able to control demonic beasts as well?”

“How come I didn’t think of planting the undying Gu insects into demonic beasts? Once I capture a bunch of high ranking demonic beasts and bring the demonic beast army out, who would be able to stop them?”

“Hahaha, what a good idea, I’ll try it once I get back later. This kid’s mind is rather astute. It’s fortunate that he only caught a single rank 4 demonic beast or else...”

Before those evil sect members were able to finish discussing...

Luo Tian grabbed several more spatial plaques and threw them at another direction before fiercely shouting: “Iron Rock Turtle, Gale Wolf, One-eyed Tiger, go forth! Go and play them all to death for me, hahaha...”

“Boom~, boom~, boom~...”

A series of loud sounds were heard in the sky again.

Three rank 4 demonic beasts descended from the air; their bodies giving off a deathly aura that crushed down at their opponents.

Everyone present was dumbfounded.

Tang Jiu stared at Luo Tian’s back and felt like the image of him had become a giant. He unconsciously clenched his fists as he started becoming excited.

The image of Qin Yue'er who had started laughing was like flowers blooming. She then said with zeal: "Too good looking, simply too good looking! The guy this sister has the hots for is definitely not ordinary. Little handsome brother, this sister will love you to death, hahaha..."

Bai Mei was shocked. Luo Tian had already shocked him so many times that his heart capacity seems to have improved by leaps and bounds. He originally thought that there wouldn't be anything else Luo Tian could shock him with yet he had done it once again.

He never imagined that the undying Gu insects could be planted into demonic beasts either!

It wasn't only him, even the ancestors of the earth's core race never thought of it. If they had this idea ten thousand years ago, most likely the earth's core race would be now ruling the entire continent.

Because...

No matter what era one lived in, demonic beasts were still considered peerless existences!

After a while, a flash appeared in Bai Mei's eyes. He then laughed and said: "This kid... he is truly a perverse existence!"

Bai Mei couldn't really find anything more appropriate to describe Luo Tian apart from being perverse. To him, Luo Tian wasn't human anymore and had become a character of mythical proportions!

In the Dark King's Palace.

Those members of the evil sects had a really ugly expression on the faces like they had just swallowed a fly.

It was the same ugly looking expression on Yin Shang because he also didn't think of using the undying Gu insects on demonic beasts. He had been refining Gu insects for over a hundred years in a linear direction and never thought of changing it. Seeing how Luo Tian had brought out an army of demonic beasts, it had annoyed the crap out of him.

This annoyance was when people compared you to someone superior.

He had also considered himself the top genius of the earth's core race's history when it came to refining the Gu poison. He had never imagined that an outsider had used a few days to turn this top genius in the entire race's history, into a complete joke.

Yin Shang was extremely annoyed.

His brows formed a frown as he shouted: "Crush him with everything!"

At 37,000 strong, there were simply way too many undying guards. Upon hearing Yin Shang's command, they became even crazier while rushing forward. Only a small portion of them had originally rushed forth due to the space constraints but now everyone just poured in from all directions.

Yin Shang's voice was hoarse and low as he suppressed the rage inside him. "Gui Jiang, Tai Bao, you two go kill the humans first and ignore the demonic beasts."

"We obey!"

From an unknown location behind Yin Shang, two dark shadows suddenly shot off into the air and out of the palace.

The expression of those evil sect members underwent a visible change.

The aura that Gui Jiang and Tai Bao exuded was clearly different from the other undying guards. This demonstrated that their powers were extremely strong.

"Dark King, this kid is only playing around with rank 4 demonic beasts. No matter how strong they are, there's no way he can compare with all those undying guards of yours right? Just wait and see, I bet that kid won't have long to live."

"I agree with that too."

“A rank 4 demonic beast is rather capable, but it isn’t strong enough. Dealing with over thirty thousand undying guards is like filling in the gap of one’s teeth.”

There were simply too many undying guards.

Main streets and small alleyways were filled with them.

Waves upon waves of them rushed forth. The undead demonic beasts that Luo Tian sent out were now covered in attacks by the undying guards. Even though they didn’t feel any pain and were fighting back, they wouldn’t be able to tire out the army of Yin Shang’s undying guards.

The difference in quantity was too much.

But...

Luo Tian was still very calm. Seeing how the undying guards were swarming like ants, he started frowning and shouted: “Motherf*ckers, this daddy will first destroy your formation!”

He then pulled out ten spatial plaques.

And glanced at the surrounding area.

Luo Tian’s hand made a move and those spatial plaques were tossed out in multiple different directions.

“Boom~!”

“Boom~!”

“Boom~!”

Ten extremely loud roars were heard in the sky! Ten rank 5 demonic beasts then descended exploding forth with their ferocious powers!

Chapter 150 – Powerful To A Complete Mess

“What the f*ck?!”

“This is too crazy! Rank 5 demonic beasts have appeared!”

“This kid...”

Once the rank 5 demonic beasts appeared, the whole situation had suddenly changed. The unending waves of undying guards rushing towards Luo Tian were all defeated by the rank 5 demonic beasts. Their strength was simply too powerful so every time they struck; a large swath of guards would collapse.

Moreover, inside their brain was a small portion of Luo Tian’s spiritual will.

The spiritual will would tell them the weakness of the undying guards and how to kill them.

“Ding!”

“Ding!”

“Ding!”

If we use the words ear deafening to describe the scene at the corpse sea when Luo Tian used Myriad Thunder Roar, then the words we can use now was ears about to fall off. The amount of system alerts he was experiencing right now was just like hundreds of firecrackers being lit at the same time!

This feeling... was just too awesome!

This was a symphony of sounds filled with passion that made Luo Tian's blood boil with excitement!

Tang Jiu...

The Great Tang's Ninth Prince, and the Sea Cloud Sect's inner court disciple. What big scenes has he not seen? What big societal matters has he not experienced? But now he was completely subdued by Luo Tian's actions; the admiration in his heart was like the unending Jiulong River that will never cease flowing.

He was in complete admiration of Luo Tian.

Luo Tian had shocked him too many times these days.

After witnessing the events of these few days, Tang Jiu's thirty years of life seemed to have been living in vain. Luo Tian had subverted his view of the world as he said in his heart with zeal: "This is too extraordinary! I have to bring him back to Cloud Sea Sect so that other sects cannot snatch him away. With his talent, potential, and the speed of his breakthroughs, he might be able to step into the Profound King realm by twenty years old! A twenty year old at the Profound King realm? My heavens! The Sect Leader will definitely be ecstatic by it, hahaha..."

At this moment...

Tang Jiu was wildly happy and had already made up his mind. Once they killed Yin Shang, he was going to bring Luo Tian back to the Cloud Sea Sect. Whether it is by physical or psychological means, he was going to use any trick in the book to bring Luo Tian with him. Most likely Luo Tian will be able to shake the heavens with his appearance.

The influence of the Cloud Sea Sect would then rise to another level!

Qin Yue'er was smiling non-stop and her thoughts weren't along the lines of Tang Jiu. The only thing she was thinking of was when she could have Luo Tian's baby. The talent of the child they give birth to would definitely be heaven defying.

Who told his father to be so awesome that it became a complete mess?

Bai Mei was staring with wide eyes and his mouth agape. His heart tightened when he stared at Luo Tian's back, "This kid... has suffered a lot."

In the entire Dark Mountain Corpse City, Bai Mei was most likely the only one that understood how painful it was to refine the Gu insects. The failure rate of planting the Gu insects into demonic beasts was probably higher than normal, yet Luo Tian still managed to refine so many undead demonic beasts.

The pain he has suffered through must be unimaginable!

Luo Tian had prepared himself for all of this.

He had prepared everything just for this day. There's no such thing as a free lunch in this world so if you want to be stronger than others, one must expend more effort. It could be double, ten times, or even a hundred times the effort before one could succeed.

The Violet organization's power.

Murong Wanjian's power.

The pressure of these two mountains have almost crushed him to the point of being breathless.

Luo Tian was desperately working with all he had. There were times where he didn't even want to waste a single minute of his time.

Three years!

Three years later, that girl Xue'er was going to marry Murong Wanjian. Luo Tian was not going to allow that to happen. He will never allow a woman of his to marry another person. No matter whom they are, no matter how strong their background was, he will never allow it to happen!

In order to prevent this wedding that the entire human race was looking forward to, Luo Tian must possess absolute strength!

And he only had three years of time!

Three years of time is quite short, to the point that not much can be accomplished.

Luo Tian could only struggle with his life on the line, clench his teeth, and rush forward with all he had in order to level up. No matter how much pain he had to suffer, he wasn't going to make a single sound!

Dark Mountain Corpse City, a place that was filled to the brim with undying guards. Luo Tian already knew about this before he came.

Therefore...

In a short span of ten days, he kept refining the Gu insects and kept creating undead demonic beasts. During this period, he had failed from thousands to tens of thousands of times. All the medicinal pills and demon cores he possessed had been consumed to replenish his profound energy. Experiencing the exhaustion of his spiritual energy made his brain suffer immense pain but he still continued desperately training!

Ten rank 5 demonic beasts were released.

Luo Tian picked up some more spatial plaques before looking at Yin Shang on top of the Dark King's Place with a cold smile. "Yin Shang, this daddy will show you the power of my undead demonic beast army!"

“Go forth!”

“Kill them all for me!”

“Boom~!”

“Boom~!”

The whole Dark Mountain Corpse City was rocked by a tremor.

The air was vibrating and the tremor seemed capable of shaking all the way down to hell!

Twenty rank 5 demonic beasts then descended!

Yin Shang’s expression was getting uglier and uglier.

A total of thirty undead rank 5 demonic beasts were now blocking the attacks of the undying guards. But this wasn’t over yet because Luo Tian grabbed another pile of spatial plaques and threw it into another crowd of undying guards.

Another twenty rank 5 demonic beasts descended!

This wasn’t over yet...

Because another dozen or so rank 5 demonic beasts descended after that.

Luo Tian still continued his actions.

He was continuously throwing out more spatial plaques. These incomparably ferocious demonic beasts looked like they had rushed out from another dimension and overwhelmed the entire place with their pressure.

Inside the Dark Mountain Corpse City.

Houses were collapsing left and right, and corpses littered the streets. Luo Tian was floating in the air while continuously throwing spatial plaques at every corner of the city. More and more rank 5 demonic beasts rushed out with ferocious auras.

Shock!

Complete and utter shock to the point of not being able to be shocked anymore!

Everyone, including Yin Shang with the ugly look on his face could only watch Luo Tian in a motionless manner.

Their eyes were showing an expression like they were staring at a monster.

Their hearts were experiencing something like a tsunami smashing against it. This scene was absolutely inconceivable!

“So... powerful!”

It took a while before Tang Jiu could spit out those words, and now his heart was worshipping Luo Tian’s existence.”

The Cloud Sea Sect had countless geniuses yet he had never felt his admiration turn into worship. But today, he was going to start worshipping Luo Tian!

Qin Yue'er had stopped smiling because her face now had a look of obsession to it. The look she gave Luo Tian was just like the fan girls seeing the superstar of their dreams. It was like she was going to cast aside all self-respect and immediately rip off all his clothes right then and there.

At this moment...

Luo Tian was way too badass like he was the overlord over all heaven and earth.

His current momentum would make any woman go crazy for.

Luo Tian was equally excited himself as he watched his rank 5 demonic beasts steamrolling over everything. His experience was soaring which made him feel like he was high as a kite. He turned to look at Yin Shang in the Dark King's Palace and sneered: "There's still one more. This daddy will show you the definition of overwhelming power!"

A spatial plaque was tossed into the air.

Luo Tian then shouted: "Come on out my rank 6 demonic beast! Lava Beast!"

"Boom~!"

A humongous molten rock with glowing black eyes descended. Its body was like a small mountain over a hundred meters tall and its body exuding black flames of death. The moment it landed, its oppressive pressure immediately crushed down on everything in the area!

Strong!

Too motherf*cking strong!

Even a rank 6 demonic beast had made an appearance.

Yin Shang's face now looked like it had been stepped on thousands of times – it was distorted in anger and looked extremely ugly.
