Chapter 151 – The Boss Is Going Berserk

Lava Beast, a rank 6 demonic beast!

Luo Tian almost lost his life in order to kill it. And during the Gu refining process, he felt like it was more painful than death itself.

It was fortunate that the refining process had succeeded.

The body of the Lava Beast was like a mountain as it stood in the Dark Mountain Corpse City. Its pair of arms made of molten rocks continuously swiped out destroying all the undying guards within its area. The scene was similar to Ultraman fighting little weak monsters.

All the little monsters could do were run away with their tails tucked in since they had no ability to fight back.

The appearance of the Lava Beast caused the hundred plus demonic beasts to roar out in unison. Their roars shook their heavens and their fighting morale started increasing.

The 37,000 undying guards were thus being blocked by the hundred plus demonic beasts.

This scene was rather shocking to behold!

Luo Tian was quietly standing there with his eyes closed and his hand swaying in the air. He was currently like an orchestra conductor that had an intoxicated and excited look on his face.

Luo Tian was excited.

While Yin Shang was angry.

Yin Shang's eyes sank as he shouted: "Kill them for me!"

In an instant...

Hiding amidst the undying guards, the two great protectors Gui Jiang and Tai Bao rushed out. One was using a sword and the other a pole; their attacks were almost released at the same time.

"Watch out!"

"Kid, those two don't look ordinary!"

"Be careful..."

Gui Jiang and Tai Bao were undying guards at the Profound Spirit realm.

Moreover...

The Gu insects inside their brain were of rank 4, which was also called the eternal life Gu insect by Yin Shang!

Tang Jiu's eyes sank as the imperial qi from his body soared. His sword then struck out...

Luo Tian's mouth formed a grin as he said: "Ninth brother, let me handle it!"

Undying guards at the Profound Spirit realm?

The experience points shouldn't be little right? Even if it was very little, it's fine anyway because meat on a mosquito was still considered meat!

Even if it was a tiny little bit of experience, Luo Tian wasn't going to let it go. In order to level up, he had to slowly accumulate every bit of experience points no matter the amount.

"Hand over your life!"

"Die for me!"

Gui Jiang and Tai Bao both shouted at the same time.

The sword strike from Gui Jiang was filled with a vicious death aura that was visible to the naked eye.

The pole strike by Tai Bao created hundreds of illusory poles that looked completely real, and it managed to block off all directions of retreat for Luo Tian. The movement of those two was quite in sync. Add the fact that both were at the Profound Spirit realm, it allowed them to unleash a higher amount of power when they were working together.

"Humph!"

"Dark King, those two undying guards are definitely not ordinary."

"I believe that kid doesn't have the ability to resist it."

"He definitely can't resist it. There's no way a normal Profound Spirit 5th ranker can handle the attack by the both of them. Just look at that kid's smug look on his face; this daddy is already super annoyed by it. No matter how fast the reaction time of a Profound Spirit 5th rank is, there's no way he can handle their sudden attack."

Indeed...

Normal people at the Profound Spirit 5th rank would be unable to react at such a short time.

Not to mention...

Gui Jiang and Tai Bao had been hiding amidst the other undying guards waiting for the perfect time to initiate their sneak attack. Once they attack, it would definitely be their strongest strike that's capable of instantly killing their target.

And with their tacit cooperation...

The power behind it cannot be looked down on!

But... was Luo Tian a normal person at the Profound Spirit 5th rank?

One's reaction speed was related to their spiritual energy. Luo Tian's sea of consciousness had been increased by over ten thousand times ever since enduring the pain from that green divine Gu insect. This allowed Luo Tian to detect the aura of those two and their actions were fully within his grasp.

One could see that Gui Jiang and Tai Bao seem to be faster than Luo Tian who was about to react.

But Luo Tian's speed was not visible to the naked eye.

Because his speed was simply too fast!

The moment before the sword and pole descended, a faint sneer appeared on Luo Tian's face. It was like a smile from a grim reaper as he said: "With just this speed? So pathetic!"

As his voice faded...

A powerful aura burst out of him.

Luo Tian pulled out the Blood Devouring Wild Blade and the aura from his body felt like a volcanic eruption. This was his grim reaper like killing intent compounding with the killing intent from the world

of slaughter where tens of thousands had been slain. Luo Tian moved his hands as he shouted: “Ghost Slash!”

“Second form!”

“Motionless Hades Slash!”

Ghost Slash’s second level’s esoteric – Motionless Hades Slash!

After seven days of killing without rest, Ghost slash had been leveled up giving Luo Tian his current Motionless Hades Slash.

Within this instant...

An illusory phantom appeared behind Luo Tian.

A phantom that came from the depths of Hades!

A phantom that held one’s life and death in its hands!

In an instant, Gui Jiang and Tai Bao both felt like their hearts had been pulled out of their body. It was similar to seeing their own death flash before their eyes. This feeling was extremely mystifying because they were clearly alive yet they could feel their death.

This was the esoteric of the Motionless Hades Slash.

Not only was it a powerful sword skill, it was like a greeting card from hell!

“Die!”

With both hands holding onto the blade, Luo Tian heavily chopped down.

The speed was extremely fast.

Gui Jiang and Tai Bao's attack hadn't even landed yet and the Blood Devouring Wild Blade's greeting from hell had already reached its target.

Its momentum was too great and couldn't be blocked!

This death aura stemming from the depths of hell was truly terrifying. The blade qi was beyond brutal as it easily slashed through everything. Gui Jiang and Tai Bao's head had directly exploded from impact.

"Boom~!"

A violent tremor rocked the entire Dark Mountain Corpse City.

A blade qi with a length of dozens of meters split the earth apart. Wherever the blade qi swept past, not a single living entity was left behind!

"Ding!"

"Congratulations to player Luo Tian for killing Gui Jiang..."

"Ding!"

"Congratulations to player Luo Tian for killing Tai Bao..."

They're both dead! Instakilled!

Those people who had just commented on Luo Tian not being able to react in time had really ugly looks on their faces. The ugly looks were similar to someone who had just eaten a mouthful of shit.

Upon seeing Luo Tian's ferocious grin like a grim reaper, a sudden chill went straight into their minds. Their bodies unconsciously took a few steps back as fear started rising within them.

Luo Tian raised the one thousand eight hundred jin blade and pointed it at Yin Shang at the Dark King's Palace. He then shouted in an arrogant manner: "Yin Shang, the next one will be you!"

Extremely unbridled.

Absolutely arrogant.

Luo Tian's gaze and momentum portrayed that he was not putting Yin Shang, an expert at the Profound Spirit 9th rank in his eyes at all.

Yin Shang's face underwent a drastic change. His flames of anger started changing, the Gu insect on his head started changing, and his body also started changing. It started turning swollen looking completely transforming him into a big monster. The death aura black flames around him started burning more intensely, causing the surrounding evil sect people to suddenly pale before collapsing onto the ground without any signs of life.

Terror!

His aura made every person and every demonic beast in the Dark Mountain Corpse City enter a state of fear.

In an instant...

Yin Shang raised his head in to the air and started laughing in a ghastly manner: "Hahaha... hahaha..."

His laughter was like a ghost wailing that seeped deep into one's heart.

“You little insignificant human thing, you have now angered this King. I will rip you into tiny pieces, make all of you into food for my Gu insects, and then make sure none of you will be able to enter the reincarnation cycle ever again. Hahaha...” Yin Shang started laughing in a crazy manner.

Luo Tian’s mind turned grim as he cried out internally: “Oh shit! Yin Shang is about to go berserk!”

Chapter 152 – Death Is Nearing!

“Oh shit!”

“Already going berserk at his first appearance... this is too sick!”

Luo Tian’s eyes sank as he observed the golden glow around Yin Shang.

It was very normal to see a last boss going berserk in video games, but it usually happens when they’re at a low percent of health and would usually throw out some crazy powerful skill. To witness a boss immediately go berserk at the first appearance was something Luo Tian had never seen before!

This made Luo Tian quite surprised.

Bai Mei’s expression changed as he advised everyone: “Be careful everyone! Yin Shang’s current death aura is capable of killing people instantly. Do not let it invade your bodies or else even a God wouldn’t be able to save you.”

“This is really unimaginable.”

“He has actually refined himself to this stage, and is about to step into the rank 9 Gu insect realm.”

“Luo Tian, that Gu insect on his head has already reached an indestructible stage. In order to kill him, you have to find another weakness or else he’s unkillable.” Bai Mei was really anxious. When he looked at Yin Shang’s swollen appearance and the Gu insect’s powerful state, his heart started feeling pain as

he said to himself: “He is really our earth’s core race’s genius of ten thousand years. It’s unfortunate that he has embarked upon the wrong path... It’s really all my fault for not guiding him properly...”

Luo Tian noticed Bai Mei’s distressed expression so he said: “Old man, you shouldn’t regret the death of someone like him. If it weren’t for him, the earth’s core race wouldn’t have become such a sad state as it is right now.”

“Insolence!”

Luo Tian hadn’t finished his sentence yet and it already angered Yin Shang. The death aura coming from his body was like a swirling pillar soaring into the sky. He then shouted: “Who the hell do you think you are?! What kind of qualifications do you have to comment on this King’s faults?”

“I, am the number one person in all of the earth’s core race’s history!”

“It was I, that made our earth’s core race this strong! Old bastard, can you see everything around us? Did you see all the humans around me all begging for my assistance? Hahaha... they were begging me but once this King becomes unhappy, they all had to die! Hahaha...”

He had gone nuts.

Not only did Yin Shang go berserk, he had also fallen into a state of madness.

A boss like this was even more difficult to deal with.

The remaining evil sect members behind Yin Shang all had an extremely ugly look on their faces. They wanted to retort but realized they couldn’t even speak. They were completely crushed by the death aura coming from Yin Shang’s body!

Yin Shang laughed out madly a few more times before his expression turned even more ferocious. The death aura on his body was continuously surging into the sky and the air above the Dark Mountain Corpse City had turned ink black. The whole city was enshrouded so that nothing could be seen past the pitch black darkness.

Yin Shang started raising both hands into the air as he shouted: "You damn dog thing, you thought your demonic beast army was very strong right?"

"Destroy them for me!"

As his voice faded...

The death aura up in the air started churning.

In that instant...

The whole world seem to have entered a countdown to its final destruction.

Luo Tian's expression drastically changed as he shouted: "Everyone needs to be careful!"

"Hahaha..."

"Lightning of Death!"

"Destroy them all!"

Yin Shang started laughing madly.

The surging death aura was acting similar to a storm cloud. With Yin Shang's control, over a thousand black lightning made up of death aura started striking downwards!

"Boom~!"

“Boom~!”

Wherever the black lightning struck, the aftermath would be a deep hole.

Luo Tian’s undead demonic beasts were practically turned into ashes in a mere instance. The only one left resisting bitterly was the rank 6 Lava Beast, and it most likely wouldn’t last long either.

Only one move!

And over a hundred strong demonic beasts were annihilated!

Yin Shang’s strength had exceeded the scope of Luo Tian’s imagination.

Someone at the Profound Spirit 9th rank was simply too powerful!

Not to mention...

Yin Shang had been stuck in the Profound Spirit 9th rank for about a hundred years now so he was practically an invincible existence below the Profound King realm!

And that was only the beginning.

“Dark King, Dark King, Dark King...”

“Dark King, Dark King, Dark King...”

Every undying guard in the Dark Mountain Corpse City was chanting this. Their voices shook the heavens and everyone’s fighting morale had flown up to its highest peak.

At this moment...

Luo Tian's undead demonic beast army had perished. Those undying guards that had been pressured to the point of being unable to breathe now looked like they had revived. Their killing intent soared as they rushed towards Luo Tian with extra ferocity.

"Hahaha..."

"This King wants to see what you're going to fight me with now."

"A lowly human being like you wants to fight with me? You overestimate yourself! I will let you know the repercussions of going against me, hahaha..." Shouted Yin Shang in a fierce manner.

At the same time he was saying this...

The death aura from his body was still surging out.

It was like an endless source.

This was too f*cking shocking to comprehend!

Luo Tian was currently clenching his teeth tightly. Since they've arrived at this point, he had no other choices but to fight with everything on the line!

Suddenly...

Luo Tian's eyes turned grim as he shouted: "Ninth brother, let's do this!"

"Sister, protect the old man and yourself. Stay alive so that when we're back outside, we'll battle it out for a good three thousand rounds."

Qin Yue'er giggled charmingly and replied: "This one will be waiting for it."

Immediately after...

After some contemplation, Tang Jiu said: "I'm ready."

From deep within his imperial bloodline, a burst of imperial qi blasted the surrounding death aura away. Tang Jiu's sword started moving and his Profound Spirit realm aura was also released from his body. A shocking scene of lightning attributed sword qi was then seen!

In a blink of an eye...

Tang Jiu and Luo Tian glanced at each other before they both shot out almost at the same time.

"Humph!"

"Two insignificant insects trying to change a predetermined outcome?" Yin Shang said with cold disdain.

Yin Shang merely slighted them with his eyes as if they weren't even worth a full glance.

In his eyes, Luo Tian and Tang Jiu were like ants to him. They might even be considered trash below ants!

In an instant...

The two were switching positions left and right as a mirage of their figures superimposed over each other. Tang Jiu and Luo Tian's figure was so fast that no one could tell who was who. In just half a breath of time, they had already arrived in the air above the Dark King's Palace.

The Blood Devouring Wild Blade in Luo Tian's had streaked by as he shouted: "Level 2 Berserk!"

“Ommm~...”

With the explosion of four times the attributes, the killing intent coming from his body became even more intense.

“Ghost Slash!”

“Motionless Hades Slash!”

At the same time...

Tang Jiu combined his imperial qi with his sword qi creating over a thousand sword images. He then shouted: “Thunder’s Sword Shadow, kill!”

Yin Shang slightly glanced up and just merely waved his right hand.

The death aura flames from his body instantly surged out in front of him, forming a thick wall made of death aura.

“Boom~!”

“Boom~!”

Tang Jiu’s attack was the first to land because he wanted to give Luo Tian a better chance.

But...

Tang Jiu’s attack hitting the death aura wall was similar to a clay ox entering the sea; it was gone without causing any disturbance. In addition to that, the death aura had suddenly surged towards his sword in

attempts to attack him. Tang Jiu had to quickly disengage and jump back in order to be not invaded by the death aura.

Luo Tian's attack happen to land at this moment.

Seeing how Tang Jiu's attack was useless, Luo Tian's sea of consciousness quickly released a strong amount of his grim reaper's killing intent. He then shouted: "We'll see if your death aura is stronger or if my grim reaper's path of slaughter is stronger!"

"Boom~!"

The blade started chopping down.

The energy inside the Blood Devouring Wild Blade was acting like it wanted to slice the heavens apart!

The huge amount of blade qi started crushing down!

"Boom~!"

The blade smashed into Yin Shang's wall of death aura!

The wall of death aura trembled before slowly cracking. It was then similar to a window being shattered as shards of aura started clanging to the ground.

It broke!

Luo Tian became excited and just when he was about to say something like: "So that's all you've got..."

He realized Yin Shang's figure had completely disappeared.

Luo Tian's expression underwent a drastic change.

At this moment, a glimpse of death was felt in his mind!

Death was nearing!

Chapter 153 – I'm Going To Bombard Them Into...

Terrifying!

A terrifying amount of death aura crashing into his mind.

At this moment, Yin Shang had disappeared from Luo Tian's line of sight. Even his aura had disappeared along with him. More accurately speaking, Luo Tian was unable to follow Yin Shang with his eyes or senses because Yin Shang was simply too fast!

Suddenly...

Luo Tian frowned.

As if instantly tearing through the void, a thick black mass of death aura descended and smashed directly into Luo Tian's chest.

"Boom~!"

There was no time to react.

Luo Tian didn't have time to even put up an ounce of resistance. His pupils enlarged as his mind wanted to block but he was already sent flying by the strike!

The mass of death aura was continuously devouring the normal functions around his chest area.

His tendons, his blood vessels, and even his capillaries were filled with the death aura flames. The death aura was devouring everything at an insane speed and started spreading outwards. At this moment, Luo Tian could sense an extremely uncomfortable feeling of his impending doom.

Someone at the Profound Spirit 9th rank was simply too strong!

Who knows how many times stronger was Yin Shang's death aura flames attack was when compared to his undying guards.

The death aura flames started dissipating before Yin Shang appeared in the air. He had a cold expression on his face while his lips had a sneer of disdain. He then shouted: "So what if you're at the Profound Spirit 5th rank? In front of this King, you're not even comparable to a tiny ant!"

"Humph!"

"A useless thing that failed to appreciate my kindness!"

His tone was extremely cold while filled with disdain and pure arrogance.

"Bang~!"

Luo Tian fell down heavily as he destroyed a house in the process. He was now buried in rubble while the death aura on his chest was still continuously spreading about and invading his body like crazy. "No way, this is not doable. He's too strong and I'm not his opponent at all with my cultivation level..."

"What should I do?"

"How should I do it?"

When Luo Tian entered the Profound Spirit realm, he realized the difference in strength of each level was quite huge. Just a level higher is capable of crushing someone a level below.

With his Profound Spirit 5th rank strength and his level 2 Berserk that multiplied his attributes by four times, it still wasn't enough to get near Yin Shang.

How was he supposed to kill Yin Shang?!

"Cultivation level!"

"Strength!"

"The difference was too f*cking huge!" Luo Tian was feeling so much anger right now. He originally thought that with his Profound Spirit 5th rank strength, he would be capable of killing Yin Shang. He never expected that reality would be so different, and the words he had previously spoken had now become a complete joke.

A really funny joke!

"Brother Luo..."

"Little handsome brother..."

"Kiddo Luo..."

Tang Jiu and the other two felt their hearts had risen to their throats. Seeing the cloud of dust where Luo Tian had landed a few hundred meters away, they had no clue if Luo Tian was dead or alive.

"Hahaha..."

"Dark King, Dark King, Dark King..."

All the undying guards were stimulated by this and chanting broke out through the entire Dark Mountain Corpse City.

The evil sect members behind the Dark King looked on with shock on their faces, and several of them started flattering him. "Lord Dark King truly possesses divine might! That kid couldn't even handle a single move, hahaha..."

"Lord Dark King's powers are too strong."

"An insect at the Profound Spirit 5th rank dares to jump around in front the Lord Dark King? He's simply courting death, hahaha..."

Yin Shang had a smug look on his face as he said: "He dares to oppose this King? No matter if he's human, a demon, or a ghost, this king will disperse their soul so that they can never enter the cycle of reincarnation. Those that offend this King will only have one ending – death! Hahaha..."

"Dark King, Dark King, Dark King..."

All the undying guards and those evil sect members started chanting loudly.

Not too far away...

Qin Yue'er rushed over to the collapsed house like she had become crazy. There were tears in her eyes as she loudly shouted: "Didn't you say that you wouldn't die? Didn't you say that you would bring me away from here? Didn't you say you were going to battle it out with me for three thousand rounds? Didn't you say..."

"Get up!"

"Get up!"

“Luo Tian, get up!”

Qin Yue'er's cries were heart wrenching, where one could feel the extreme pain she was feeling.

Tang Jiu and Bai Mei followed behind her quickly.

“Hey kid, you can't have forgotten the things you've promised me right? Kid, you should get back up now.”

“Brother Luo, get up! Get up!”

The three of them were all crying out as they rushed over like they didn't care about their lives anymore.

“Hahaha...”

“Haha...”

The louder their cries were, the louder the undying guards and Yin Shang was laughing.

“You still went to get up after receiving the Dark King's blow? Quit dreaming!”

“That kid has already died and probably lost his soul as well, hahaha...”

“Those three idiots; did they think that by shouting louder would wake up a dead person?”

All kinds of ridiculing laughter and insults filled the city.

The three of them continued rushing towards the rubble where Luo Tian was buried, ignoring all the mocking being sent their way.

Yin Shang's lips started curving up as he ferociously laughed: "All guards listen to my command: Block their route and kill them all for me! Hahaha..."

"Roar~!"

All the undying guards roared out in unison while slamming their spears down.

Immediately after...

Countless undying guards quickly surrounded the three of them.

There were simply too many undying guards left. Even though Luo Tian's undead demonic beast army was able to kill off some of them, the amount was less than one percent. His undead demonic beast also hadn't made an appearance for that long before they were completely annihilated by Yin Shang's move.

There were still over 30,000 undying guards here and their morale had soared to the skies. The strength they were now exuding was a level higher than before!

For the time being...

Tang Jiu and the other two were stopped in their tracks. When they managed to kill an undying guard, another one would take its place causing them to be unable to advance.

Every time Qin Yue'er managed to break out of the enclosure, she would then be pushed back to her old position. Her whole body was now covered in wounds. Seeing the collapsed rubble not too far from her, Qin Yue'er once again screamed out: "Luo Tian, quickly get up! Get up!"

In the midst of dark nothingness...

His spiritual intent lightly trembled.

Right after...

A huge amount of killing intent surged out of his sea of consciousness. This was killing intent from a grim reaper's path of slaughter!

It started destroying the death aura engulfing his body.

"Boom~!"

Suddenly...

The collapsed rubbles started shaking before exploding outwards. Deep within the hole covered in debris, Luo Tian's entire body was covered in a deathly aura flames making him look especially terrifying to behold.

At this moment...

Everyone had stopped what they were doing and looked at him.

Luo Tian picked his ears and said in an impatient manner: "You guys are too noisy. It's so noisy that I can't even sleep a bit longer, and it's irritating the hell out of me."

As his voice faded...

Behind his back was a phantom image.

It was holding a huge scythe with a slight grin, and its eyes were filled with arrogance like it was looking down at the entire world.

A grim reaper!

Its appearance had caused the death aura invading Luo Tian to disappear without a trace. It was instantly crushed so fast that it didn't even have the chance to fight back!

Right after that...

Luo Tian looked up at Yin Shang on top of the Dark King's Palace and started smiling ferociously. He then shouted: "You motherf*cker, this daddy will definitely explode your corpse today! If this daddy can't make you go boom, I will go ahead and take your surname! 1 F*cking hell, I'm getting super pissed right now!"

After saying that...

Luo Tian glanced at Tang Jiu and said: "Ninth brother, I need you to resist for half an hour!"

"Half an hour is more than enough!"

Tang Jiu nodded seriously and asked in an uncertain manner: "That's fine, but why do you need half an hour?"

Luo Tian rose into the air and smiled ferociously as he roared out: "I'm going to turn this city into ruins and I'm going bombard all the undying guards into residual waste!"

Chapter 154 – Leveling Up At An Unbelievable Rate

Yin Shang's cultivation level was too high.

There was only one method to kill him – raise his own cultivation level!

This was a crazy idea and would be impossible to achieve for normal people.

Breaking through from the Profound Spirit 5th rank to the 9th rank in half an hour?

Did you slam your head into a door recently?

Or did this person escape from a mental asylum?

This was an impossible thing. If breaking through to higher levels were that easy, then there wouldn't be people in this world who have been unable to break into the Profound Master realm their whole lives.

But Luo Tian was different.

His way of leveling was completely different to the people of this world. He possessed the Undefeatable system, and leveling only required enough experience points. There was no such thing as bottlenecks or comprehending the secrets to the heaven or earth. His method was very simple – just keep killing!

Moreover...

The Dark Mountain Corpse City was a place with excellent conditions to his requirements.

There was close to 36,000 undying guards remaining right now, and each of them was Luo Tian's bundle of experience points. This was a considerable amount of experience! If Luo Tian was able to destroy them all, it's possible that he might be able to break into the Profound Spirit 9th rank. This was the crazy idea he had!

Bombard all 36,000 undying guards into residual waste!

Tang Jiu looked at Luo Tian in a serious manner.

Qin Yue'er was also looking at Luo Tian.

It was the same with Bai Mei.

Their gaze was very unique like they were sizing up a strange monster in front of them.

Finally, the three of them said in unison: "Damn lunatic!"

Tang Jiu chuckled excitedly before saying: "Fine, even if I have to die, I will give you half an hour."

He believed in Luo Tian unconditionally!

He was betting his life on Luo Tian.

The Great Tang dynasty's Ninth Prince, the Sea Cloud Sect's elite inner court disciple, had put his entire faith onto some rural villager?

There was no other reason for Tang Jiu to believe in him except for his name being Luo Tian.

Just that name was enough!

Qin Yue'er wiped the tear on the side of her eyes before giggling charmingly. "You bastard, this sister will also help you hold them off. If half an hour isn't enough, this sister will block them for an hour. It's only an hour and it's not considered lasting that long, hee hee..."

Somehow, that last sentence of hers didn't seem like she was talking about holding off the enemies for Luo Tian anymore.

That ambiguous and coquettish expression of hers was making Luo Tian unable to hold down his lust!

Bai Mei then cleared his throat before shouting: "These old bones of mine can resist for a short time so you guys fight to your heart's content!"

Immediately after...

The four of them started laughing.

Their laughter was filled with an abnormal excitement.

Luo Tian started moving through the air and landed amidst the densest area of undying guards. He then sent a spiritual transmission to the other three: "You guys must be careful. Once I break through to the Profound Spirit 6th rank, Yin Shang will definitely notice it and then come after me. You all need to keep yourselves safe as the priority and avoid going head on against him."

Tang Jiu smiled faintly and said: "Hey idol, go do your thing and we'll handle the rest!"

"Fine!"

Luo Tian didn't continue being long-winded since time was extremely precious to him right now.

His eyes then glanced over at Yin Shang standing high up in the Dark King's Palace. Luo Tian's thoughts became fierce as he mumbled: "You damn dog thing, just wait for this daddy to explode your corpse!"

Immediately after...

Luo Tian's arms tensed up as he shouted excitedly: "Level 2 Berserk!"

"Ommm~!"

Four times the attributes exploded forth.

"What's that kid doing?"

“Maybe he suffered some brain damage?”

“Was he beaten by Lord Dark King to the point of losing his mind? He’s trying to commit suicide?”

Yin Shang maintained his cold disdainful expression. His eyes merely flickered at Luo Tian’s direction as he sneered: “Let’s see what a little ant like you can do!”

“Myriad Thunder Roar!”

“Level 3!”

“Boom~!”

Above Luo Tian’s head were large swaths of storm clouds forming. Lightning started flashing through them creating loud booming sounds. Under the enhancement of four times the attributes, these storm clouds looked especially menacing.

“Bombard this place for me!”

“Boom~... boom~...”

Countless columns of lightning started descending like crazy within a hundred meters from him.

Only ashes would remain from wherever the lightning landed.

Level 3 Myriad Thunder Roar’s power was extremely strong. And when dealing with these undying creatures, it had a similar effect of adding oil to a fire.

“Ding!”

“Ding!”

“Ding!”

A crazy amount of systems alerts sounded off!

His experience points were soaring up into the sky! When Luo Tian looked at his experience bar, excitement showed on his face as he again shouted: “Myriad Thunder Roar!”

“Boom~!”

“Why is this kid going nuts? He can’t beat the Dark King so he’s taking it out on the little soldiers?”

“Hahaha... I’m gonna die of laughter! This kid is too damn funny!”

“Lord Dark King, I think the kid has lost his mind from your single punch. Could it be that he doesn’t realize an undying guard is basically just a Gu insect? Lord Dark King can create as many Gu insects as he wants.”

Yin Shang lightly smiled with an expression that all of this was a joke to him. He then coldly said: “He wants to kill my undying guards? If he likes it so much, then I’ll let him kill to his heart’s content!”

Yin Shang waved his arm.

His cold voice then penetrated every corner of the city: “Kill him for me!”

In an instant...

All the undying guards in the city rushed towards Luo Tian.

It was like a tide of bodies.

Luo Tian started laughing like crazy inside, "Hahaha... Yin Shang, this daddy thanks you for the gift! Hahaha..."

He didn't expect Yin Shang to have all the undying guards focus on him solely.

Wasn't that practically helping him level up faster?

Luo Tian almost couldn't close his mouth from laughing. He continued heading towards the densest area of undying guards and everywhere he went would become a field of lightning. Wherever the lightning field struck, one could say not even grass would regrow there. Things didn't even turn into ash because they were directly obliterated into nothingness!

In less than five minutes...

"Ding!"

"Congratulations to player Luo Tian for leveling up. Your current level is Profound Spirit 6th rank!"

"I've leveled up!"

Luo Tian was hiddenly excited as he said to himself: "I'm only three more levels to the Profound Spirit 9th rank. There's still about twenty five minutes left so I have to quickly make more breakthroughs. Just you wait Yin Shang; your time of death isn't too far off, hahaha..."

Once he leveled up...

The aura around Luo Tian was clearly different.

A Profound Spirit 6th ranker was obviously much stronger than a Profound Spirit 5th ranker.

“Oh?”

“How can the kid make a breakthrough while killing? His cultivation has reached the Profound Spirit 6th rank already... Could it be that he wants to make more breakthroughs in the middle of a battle? Isn't that asking for too much?”

“It was just a coincidence.”

“So what if he has reached the Profound Spirit 6th rank? He's still not qualified to carry the Dark King's shoes!”

“That's right; he just made a breakthrough out of sheer coincidence.”

Yin Shang narrowed his eyes. Looking at Luo Tian's actions, he kind of felt like things didn't seem right.

But he couldn't put his finger on what felt out of place.

Therefore...

At this moment, he didn't bother to get involved. These undying guards to him were merely low rank Gu insects so he didn't really care about their lives.

Ten minutes went by.

“Ding!”

“Congratulations to player Luo Tian for leveling up. Your current level is at the Profound Spirit 7th rank!”

“What the hell?!”

“What’s going on? Did that kid make another breakthrough?”

“He broke through two levels in ten plus minutes. His breakthroughs are like buying cabbages at the market stalls, he could buy as many as he wants?!”

Shock!

Incomparable shock!

Everyone’s gaze changed to one where they couldn’t believe what was happening.

What the hell was this kid? How could he make a breakthrough in such a short time?

They couldn’t understand at all!

But...

At this moment, Yin Shang thought back to the news where his corpse sea was annihilated at the Nineteenth Level of Hell. His brows started forming a frown as his eyes widen in anger. His body then exploded forth with incredible killing intent!

Tang Jiu’s face remained calm as he glanced at Qin Yue’er with a smile. “I’ll go ahead first!”

Chapter 155 – Try Playing This Daddy To Death

His secret was revealed!

There were less and less undying guards while Luo Tian’s cultivation level kept going higher.

It was very obvious now.

There was a relationship between the death of these undying guards and the breakthroughs Luo Tian was experiencing.

At this moment, Yin Shang's heart was actually quite shocked. Was there really such a method of making breakthroughs in this world? Could it be this kid wasn't human and was actually a descendant of the devil's race that has disappeared over ten thousand years ago?

Based on his own understanding, only the devil's race could increase their cultivation levels through brutal slaughtering.

But even if he was of the devil's race, he shouldn't be able to make such quick breakthroughs.

Luo Tian's leveling speed was simply too fast, to the point that it had become inconceivable. It was so fast that those evil sect members behind Yin Shang couldn't even say a word. They had a rather ugly look on their faces like someone had just slapped them a few times.

Yin Shang's eyes turned grim as he angrily shouted: "It doesn't matter who you are or what special identity you have! And it doesn't matter how you accomplished this heaven defying method of making breakthroughs! Today, you will still have to die here!"

Luo Tian moved through the air and spread his arms out. Another Myriad Thunder Roar was activated before he coldly sneered: "Are you afraid now? Are you scared that this daddy will reach the Profound Spirit 9th rank and beat the shit out of you? Hahaha..."

Luo Tian was actually worried right now.

Yin Shang's strength was at a terrifying level and he was afraid Tang Jiu and the others couldn't hold him off.

What he needed was time. He didn't need a lot but at this rate, wanting more time was like an extravagant wish.

In regards to this...

Luo Tian's voice was filled with provocation. What he was trying to do was to delay Yin Shang from making a move. Once he was able to step into the Profound Spirit 9th rank, that will be the time Yin Shang dies!

"Scared?"

"From childhood to this age, this King has never known what fear is!" Yin Shang coldly harrumphed.

Luo Tian activated Myriad Thunder Roar again and a bunch of system alerts sounded off. Seeing how his experience bar went up a big chunk again, he grinned and said: "So you're not scared that this daddy will reach the Profound Spirit 9th rank huh? You will see if I can play you to death by then!"

"Hahaha..."

"Just relying on a kid like you?"

Yin Shang started laughing out loud before suddenly pausing. He then smiled and shouted: "You really think I don't know that you're trying to stall for more time? It's useless!"

"Useless? If this daddy breaks through into the Profound Spirit 9th rank..."

"Everyone in your Dark Mountain Corpse City will have to die." Luo Tian continued provoking Yin Shang with a high-spirited voice filled with unbridled arrogance.

"Lord Dark King, just kill this kid."

“Right, just kill him now. We’ll see how long this kid can keep acting arrogant for.”

“This kid keeps challenging your might! A person like that deserves to die without a burial. Lord Dark King, you should make your move now.”

Several evil sect members were urging Yin Shang to take action. The expression on their faces was somewhat different from before.

Because they were scared!

Luo Tian immediately started laughing in ridicule: “Look, look at how scared they are. They’re scared that once I breakthrough to the Profound Spirit 9th rank, they will all be sent down to hell! Hahaha...”

Yin Shang turned to the side and grunted: “You guys shut your mouths!”

Immediately after...

Yin Shang coldly smiled as he watched Luo Tian continuously moving about and releasing his lightning skill. “Kiddo, you think this King doesn’t know you’re still trying to stall for more time? You’re still too green to play such a hand in front of this King!”

As his voice faded...

The death aura flames from Yin Shang surged out again. His arms were now slightly spread apart and his palms contained an especially thick death aura roiling about. His eyes locked onto Luo Tian as he coldly shouted: “Spectral Death!”

“Ommm~...”

“Whoosh~...”

Yin Shang's figure had suddenly disappeared.

Luo Tian frowned as he looked at his experience bar. There was still quite a distance before he would level up to the Profound Spirit 8th rank. He then glanced at Tang Jiu who had already disappeared from his spot. Luo Tian then said internally: "Ninth brother, it's all up to you now. You must stay safe!"

Suddenly...

Luo Tian no longer bothered with Yin Shang and increased his tempo in activating Myriad Thunder Roar like crazy.

The only thing he had to do was to level up!

He couldn't afford any distractions right now. Luo Tian knew exactly what he should be doing and what he shouldn't be doing. If he were to clash head on with Yin Shang right now, the four of them would most likely die in this place.

Because Luo Tian was very clear on the strength that Yin Shang possessed at the Profound Spirit 9th rank!

"Myriad Thunder Roar!"

"Myriad Thunder Roar!"

"Myriad..."

Luo Tian was bombarding the skill left and right. Wherever he swept by, only rubble and wreckage would remain. The Dark Mountain Corpse City had already lost its original grandeur and half the city was in ruins.

"You damn kid...!"

“Go to hell for me!”

Yin Shang’s cold gloomy voice was heard from the void.

In the middle of the air...

A figure flashed by and an earthen yellow aura rushed up.

“Boom~!”

One black and one yellow figure bounced apart.

Tang Jiu sprayed out a mouthful of blood. His face was pale, his whole body was in pain, but he still had an excited smile on his face. “If you want to go over there, you’ll need to pass through me first!”

Tang Jiu was acting as a barrier!

The moment Luo Tian broke through to the Profound Spirit 7th rank, he saw a glint of hope.

He had to fight on in order to gain more time for his idol. It was worth it even if he had to die!

Because of his imperial lineage, he had seen countless experts since he was young. There were Profound Kings, Profound Ancestors, and even the highest realm, a Profound Venerate! But all those experts were already old people over a hundred years old. The only thing he had towards those experts was respect and only that.

Tang Jiu had never truly admired any of them.

Ever since he met with Luo Tian, his whole view on life seem to have been flipped upside down.

Luo Tian had given him too many shocks. The heartfelt admiration he had for Luo Tian continued to increase until it reached the status of an idol! Tang Jiu had been completely subdued by Luo Tian's prowess!

A person like Luo Tian who went against the heavens with his abilities should be shining above a larger place. His brilliance should shine throughout the continent, or maybe even shine upon the entire human race. Luo Tian shouldn't die here. The moment Tang Jiu agreed to hold on for half an hour, he had already made up his mind to fulfill that promise to Luo Tian even if he had to die.

Tang Jiu was also holding onto a slight extravagant hope. If they managed to survive this, he would definitely bring Luo Tian to the Sea Cloud Sect. At that time, the words Sea Cloud Sect would resound throughout the entire continent because of Luo Tian!

"Just with you?"

Yin Shang coldly laughed before saying in ridicule: "You overestimate yourself!"

In an instant...

A powerful flame like death aura surged out before an even stronger energy rushed towards Tang Jiu. Yin Shang then said with disdain: "Since you wish to die, then this King will grant it to you!"

"Tyrant of Death!"

"Crush!"

The death aura was similar to a tyrant beast that directly caused sonic booms to the surrounding air.

Tang Jiu was frowning as he retrieved his sword. The imperial qi from his bloodline then started forming a shield made of light in front of him. His eyes widen in ferocity as he growled in a desperate manner: "If you have the guts, try playing this daddy to death!"

“Boom~!”

“Bang~!”

The two powers collided.

Tang Jiu instantly fell straight down before smashing a house into smithereens.

He was not Yin Shang’s opponent at all.

The difference in strength was too great!

Yin Shang coldly harrumphed before saying contemptuously: “Simply courting death!”

Right after that, he rushed towards Luo Tian again.

At this moment...

A figure rushed out of the rubble and back into the air. His face was filled with blood but he still had an excited smile on his face. “This daddy still hasn’t died yet!”

Chapter 156 – The Show Starts Now

“Haven’t died yet?”

“If you haven’t died yet, you can do that now!”

Yin Shang was truly angered now.

A little Profound Spirit 5th ranker was acting like a fly, buzzing around with arrogance and blocking him. This had really pissed him off.

Tang Jiu still hadn't died after his two attacks, so this made Yin Shang even more pissed.

Yin Shang's expression darkened.

The big insect on Yin Shang's head started moving strangely and the death aura around his hands were no longer black anymore. They were now of the seven colors of a rainbow.

A rainbow colored death aura?

At this moment, Bai Mei's expression underwent a drastic change as he screamed out: "Quickly run!"

He had no time to explain.

He also had no way of explaining this in a comprehensive manner. Bai Mei never imagined Yin Shang would actually be able to refine the undying Gu insect to such a high level. The rainbow death aura was the essence of that big Gu insect on Yin Shang's head, and this was the power only a rank 8 Gu insect could possess!

This attack was capable of turning a small city into ashes!

Tang Jiu faintly smiled as he started closing his eyes. He then said to himself: "For my idol, why would I fear death?"

He had given up resisting.

Because the profound energy and the imperial qi of his bloodline was exhausted at this time.

Being able to get up from the rubble was due to his last breath and a promise. Since he told Luo Tian he would do it, then he had to hold on for half an hour.

It wasn't that far from half an hour now.

As long as he blocked this attack, then the agreed upon time would be pretty much a done deal.

At this moment...

Qin Yue'er's expression turned serious as she looked at the half dead Tang Jiu floating in the air. She then looked at Luo Tian who was killing like crazy and probed the aura on his body. Qin Yue'er could only sigh and say to herself: "He's still at the Profound Spirit 7th rank."

"Little handsome brother, I hope that you will remember me after my death."

She then started smiling while staring at Luo Tian. Her smile was very beautiful and was just like a peach blossom in full bloom.

Immediately after...

The moment before Yin Shang released the rainbow death aura from his palm; Qin Yue'er stomped down with her right foot and soared into the air.

Tang Jiu was currently laughing.

He was laughing loudly with his eyes closed. He then shouted: "Idol, if there's truly a next life, I wish to become biological brothers with you! I will always be by your side whether in life or death! This elder brother will be leaving first!

"Hahaha..."

“Yin Shang, you damn abomination! You will also die soon, hahaha... Your death will definitely be more miserable than mine!”

Yin Shang’s expression darkened. The rainbow death aura in his palm then shot out like a ball of light.

The rainbow colored light illuminated the whole Dark Mountain Corpse City.

It was very pretty. This prettiness was like the moment before one’s death.

“BOOM~!”

Tang Jiu smiled as he received the attack.

His chest caved in and the force directly shattered the clothes on his back. His whole figure then shot off in a straight line into the distance.

“Boom~!”

Tang Jiu then smashed against the city wall that was dozens of meters tall.

The huge wall made of bluestone started cracking. Several seconds later, a section of the wall collapsed burying Tang Jiu’s body beneath it.

This energy was simply too powerful.

Words couldn’t describe how powerful this attack was. Tang Jiu didn’t resist nor did he have the power to resist. The moment Yin Shang’s attack landed on his chest and he started flying backwards from the force, the corner of his eyes glanced over at Luo Tian who was still desperately killing those undying guards. He could only lightly smile once, “Idol, this is the most I can do. The matters after this will be all up to you. If we are fated in our next life, let’s be brothers again!”

“Who else is there?”

“Who else dares to block this King?!”

Yin Shang’s anger rose to the sky while his cold voice echoed in every nook and cranny.

“Me!”

A frivolous sounding voice was heard. The voice wasn’t very loud but it was very clear and sounded like black-naped oriole.

A figure appeared at the position Tang Jiu was originally at.

With a sexy body, eye catching clothes and holding a sword, Qin Yue’er had a calm looking expression as she flicked her sword about. She pointed at Yin Shang who was floating in the air as she coldly smiled: “There’s still me here.”

“Good, good, good!”

“A mere piece of trash at the Profound Grandmaster realm dares to block this King’s path. Not bad, not bad at all.” Yin Shang’s anger couldn’t be suppressed anymore as he glared at the floating Qin Yue’er in a grim manner. He then coldly smiled and said: “This King will let you experience the meaning of death!”

In an instant...

Yin Shang’s brows quivered as he shouted: “Myriad Rainbow Illusions!”

“Go!”

Yin Shang’s palms started swimming through the air in a complicated fashion. The rainbow colored death aura then formed an actual rainbow above the Dark Mountain Corpse City. Yin Shang’s figure

deftly rose to above the rainbow as he looked at Qin Yue'er in a calm manner. He then fiercely grinned and said: "After all these years, my undying Gu insect has never had a sexual partner before. This King will allow you to be the first one, hahaha..."

As his voice faded...

Yin Shang's figure suddenly disappeared.

The moment he disappeared, the rainbow made of death aura also started moving.

Everything in front of Qin Yue'er started changing.

It became extremely erotic like delving into one's own fantasy. The special feeling she was experiencing made her smile and her cheeks blush. She then unconsciously threw away her sword and started touching her own breasts.

Her face was flushed red and her expression intoxicated.

The moment the rainbow made of death aura moved, Qin Yue'er's consciousness had already been controlled by Yin Shang.

"Hahaha..."

"Take it off, take it off, take off all the clothes you're wearing. Hahaha..." Yin Shang started laughing in a ferocious and perverted manner.

Qin Yue'er's hands were kneading both her breasts while her body's temperature felt like it was getting hotter. Her hands then involuntarily reached towards the buttons of her clothes intending to undo them.

The evil sect members inside the Dark King's Palace were staring with wide eyes and drool dripping down their mouths. This was the first time seeing a sexy fairy of the Sea Cloud Sect stripping off her clothes. They were getting extremely excited since this was simply too tantalizing.

At this moment...

Bai Mei frowned and used his will to send a message.

"Lady Qin, calm your mind and stop all thoughts. Then just leave everything to me."

Qin Yue'er's consciousness was being controlled but a portion of her mind was still clear. She immediately followed what Bai Mei had told her to do.

Bai Mei smiled calmly and said: "It's time for these old bones of mine to make a move."

Immediately after...

The robes on Bai Mei started fluttering without any wind around. His eyebrows tightened as he shouted: "Mind Cleansing Spell!"

His lips started moving at high speeds.

A variety of strange sounding words was heard as they rushed into Qin Yue'er's sea of consciousness.

At this moment...

Qin Yue'er's body shuddered as she started regaining a little control over her own consciousness. When she thought back to the previous scene, the anger in her heart started rising but she still didn't dare to make any rash movements.

"Mind Cleansing Spell?!"

“You undying old bastard, you still have some good stuff up your sleeves huh? I didn’t expect you to know the earth’s core race’s long lost Mind Cleansing Spell. It looks like there’s still plenty of things this King doesn’t know about you. But... heh heh... the things that this King cannot have, no one else can have either. So just go to hell for me!” Yin Shang was pissed as the spiritual intent he had inside Qin Yue’er’s sea of consciousness was gradually dispersed.

His expression showed his fury...

And he suddenly retrieved the intent from Qin Yue’er’s sea of consciousness.

Qin Yue’er’s sea of consciousness felt like it had been instantly drained, causing her to plummet down from the air. After smashing onto the ground, she scrambled to get back on her feet with a pale expression. She was prepared to rush back up again to resist Yin Shang’s next attack.

She had to stall as much time for Luo Tian as possible!

Right after...

Yin Shang flipped his right palm and a beam of rainbow colored death aura shot out. He coldly smiled and said: “You two can go ahead and die for me now!”

Also at this moment...

A system alert tone sounded off in Luo Tian’s mind.

“Ding!”

Chapter 157 – Is This All The Power You Have?

If he didn’t make a move now, they would all die!

Moreover...

Half an hour had passed and Luo Tian realized he had miscalculated.

Speaking more accurately, the moment Luo Tian rose to the Profound Spirit 8th rank, the experience bar he had was barely moving.

Killing undying guards originally gave him about 100 – 200 experience points but now they were giving him 10 – 20 experience points. This rate was unable to meet his needs of leveling up.

It was completely useless to keep killing them!

Seeing how Tang Jiu was smashed flying, Qin Yue'er dropping to the ground, and Bai Mei's safety unknown, Luo Tian couldn't just keep watching anymore.

Whatever the consequences...

The worst case was to fight with his life on the line!

He had the same words: If it's yours, then it's yours. If it's not yours, it will still never be yours even if your force it!

Thinking up to this, Luo Tian's lips curved into a smile. Looking at Yin Shang not too far away, he directly cursed out: "You ugly ass abomination, come and kill this daddy!"

His voice shook the skies.

And his words were rather harsh.

Everyone in the city was silent as they looked towards Luo Tian floating in midair and Yin Shang who was about to make a move. Their eyes were unmoving as they mostly glared at Luo Tian.

Qin Yue'er looked back with tears coming from her eyes. She then screamed out: "Don't bother with us and quickly go make another breakthrough!"

Bai Mei's mind sank as the only thing that could be heard inside his heart was: "Sigh..."

Suddenly...

Yin Shang stopped his actions and started laughing at Luo Tian. The longer he laughed, the stronger the expression of disdain on his face appeared. He then pointed at Luo Tian and said with ridicule: "Hahaha... Profound Spirit 8th rank! You're still only at the Profound Spirit 8th rank!"

"A Profound Spirit 8th rank is still a piece of trash in front of this daddy. Don't you know that this King is an invincible existence under the Profound King realm?"

"Hahaha..."

"Kid, if you had more time to break past the Profound Spirit 8th rank, this King would have to use a bit of effort in order to kill you. But now... heh heh... you're still considered a puny ant that's unable to cause any waves. Killing you to this King is as simple as stepping on an insignificant bug!"

Profound Spirit 8th rank!

It was still not worthy.

If Luo Tian's cultivation stepped into the Profound Spirit 9th rank, Yin Shang might be cautious of him. But with Luo Tian's Profound Spirit 8th rank cultivation, he didn't have to place him in his eyes. To him, Luo Tian was absolutely no threat at all!

The evil sect members behind Yin Shang also started laughing in ridicule.

“That almost scared me to death! I really thought that kid could breakthrough into the Profound Spirit 9th rank in half an hour, but it looks like everything had been a complete joke. Hahaha...”

“Lord Dark King is an invincible existence under the Profound King realm, and he’s only missing a small enlightenment away from stepping into it. Even if this kid breaks through into the Profound Spirit 9th rank, it’s still impossible for him to be Lord Dark King’s opponent. Lord Dark King is the mightiest!”

“Lord Dark King is the mightiest!”

In reality, there was cold sweat inside their hearts.

Luo Tian was too perverse. If they hadn’t seen this with their own eyes, who would believe he had broken through three times in half an hour? Who would believe that in eight days, Luo Tian went from the Profound Master 9th rank all the way to the Profound Spirit 8th rank? Who the hell would believe such a thing?!

He was truly truly truly too perverse. He was practically a godly existence!

Therefore these evil sect members were scared that Luo Tian would kill the Dark King and then move against them. Fortunately, this scenario will never appear now.

Because Luo Tian was going to die!

Someone at the Profound Spirit 8th rank was not an opponent for someone at the 9th rank. Not to mention this was the Dark Mountain Corpse City which was the closest place to hell; the death aura here was especially intense. Coupled with the city still having over ten thousand undying guards, there was absolutely no way Luo Tian would win!

Inside their hearts, Luo Tian was as good as dead!

Indeed...

Entering the Profound Spirit realm in such a sudden fashion and then wanting to kill people at a higher level was extremely difficult.

Luo Tian's current Profound Spirit 8th rank powers were not an opponent of someone at the Profound Spirit 9th rank!

However, Luo Tian was very clear that if he didn't make a move now, Qin Yue'er and Bai Mei will die very soon. If that was the case, so what if he broke through into the Profound Spirit 9th rank? So what if he was able to kill Yin Shang?

Moreover...

Qin Yue'er had promised Luo Tian that after they left the Dark Mountain Corpse City, they would battle three thousand rounds on the bed. Luo Tian was really looking forward to this as he said to himself: "It's about time to break my status as a virgin."

"Dark King, go kill him!"

"Dark King, you should use his head as sacrifice for the ceremony."

"Dark King, kill them all..."

Shouts came from all over the city because they were secretly afraid of Luo Tian.

Those undying guards were especially afraid and their hearts would shudder whenever they saw Luo Tian approaching. It was similar to watching the grim reaper arriving and the feeling was possibly worse than death.

Yin Shang coldly smiled as his hands started moving. The rainbow death aura started condensing on both his palms as he said with disdain: "It's really unfortunate, sigh... It's unfortunate that you will be dying soon. Be at ease as you become my container as I'll be bestowing you eternal life soon, hahaha..."

As his laugh faded...

Yin Shang's bipolar emotions suddenly turned into anger as he cursed out: "You damn dog thing, you dare to intrude on this daddy's territory?! You thought that learning a bit of Gu skills and you could annihilate my Dark Mountain Corpse City? You thought that joining up with the old undying bastard will be enough to take me down? You thought that by joining forces with two pieces of trash, you could kill me?"

"Quit dreaming!"

"This king will soon become the Unmoving Dark King possessing an undying body with eternal life! No one will be able to kill this king, hahaha..."

Luo Tian picked at his ears and said in an impatient manner: "You motherf*cker, can you stop droning on and on? You're just like an old woman nagging non-stop about useless crap. Could it be that you've been refining the Gu skill to the point of refining yourself into a transvestite?"

"So freaking awesome! Yin Dog, you're so modern that you can now go petition the government for gender neutral rights!"

Yin Shang's face turned purple and his body suddenly enlarged itself turning him into a giant. The Gu insect on his head opened its jaws and its mucus started dripping down onto Yin Shang's face. This image of them two was as disgusting as disgusting could get.

Yin Shang's expression then turned excited.

"Muhahaha..."

His laughter was like a ghost wailing that echoed through the whole city. The death aura within Yin Shang started surging out like the sea as he shouted: "This king will let you witness what an eternal kingdom is!"

“Surge forth!”

In an instant...

Thick amounts of black death aura dispersed above the city before it started roiling about. The big Gu insect growing out of Yin Shang’s head also started shaking as if it had merged together with the roiling death aura.

In just a few seconds, the thick death aura started turning multicolored like a rainbow.

The rainbow color shone down as if it was enshrouding the entire city. The faces of all the undying guards started turning excited as if they were high.

“Eternal kingdom!”

“Eternal kingdom!”

“Eternal kingdom!”

The chanting of over ten thousand people shook the skies.

Bai Mei clenched his fists and managed to spew out two words: “We’re screwed!”

At this instant...

Luo Tian circulated his profound energy and his full Profound Spirit 8th rank powers exploded forth. His whole body was exuding a terrifying amount of killing intent and behind him was a phantom holding onto a large scythe with a smile of death.

Luo Tian raised his middle finger before shouting in the sky: “Come at me!”

“Die for me!”

“Eternal Subjugation!”

Yin Shang made a move in the air, and the sky filled with rainbow colored death aura converged together into a huge mountain. It then started descending towards Luo Tian as its target!

“BOOM~!”

Luo Tian’s sea of consciousness violently shuddered. The space around his body felt like gravity had just been increased by a hundred thousand times. This was so uncomfortable that he was screaming inside like crazy!

“Crack~, crack~.”

Luo Tian’s body was continuously being pressed down because this energy was too heavy to resist.

“Boom~!”

The death aura mountain crushed down, directly smashing Luo Tian’s body into the ground. Apart from the Dark King’s Palace, the shock wave from it impacting the ground turned all the buildings in the city into debris.

It was unknown if Luo Tian was still alive or not!

Yin Shang then said with a smug expression: “Fighting with me? Simply courting your own death!”

“Is that all the power you have?”

A voice was heard amidst the cloud of dust in the surrounding. Luo Tian started patting all the dust off his clothes as he looked up at Yin Shang with a cold smile. He then shouted: "Level 3 Berserk!"

Chapter 158 – Luo Tian Goes Berserk

He hasn't died yet?!

Shock!

Everyone had shocked expressions on their faces.

This was something unimaginable!

What the f*ck was going on? Is Luo Tian even human?

Everyone had a strange look on their face as if their reality was distorted and their thoughts had been flipped upside down. Someone even suspected that Yin Shang didn't use his full strength. How could such a strong attack with immense energy fluctuations still not crush a Profound Spirit 8th ranker into pulp?

Not only did he not die...

The most important point was...

Luo Tian looked like he hadn't suffered any injuries at all. He was patting the dust off his clothes with a very casual expression on his face. He then directly ridiculed Yin Shang by saying: "Is that all the power you have? What a complete weakass!"

As his voice faded...

Luo Tian ferociously sneered and said: "Then it should be this daddy's turn!"

“Level 3 Berserk!”

“Boom~...”

A muffled explosion was heard inside Luo Tian’s body as his aura underwent a drastic change.

The phantom image of a grim reaper behind him became more real and was now eight times stronger than before!

Level 3 Berserk!

The power of eight times the base attributes!

The moment Luo Tian’s body exploded with eight times his base power, his whole body started turning red. He was similar to a person covered in magma right now. Luo Tian gave Yin Shang a ghastly stare as he shouted: “The strength of a Profound Spirit 8th ranker is beneath you, but what about now?!”

Eight times the attributes of a Profound Spirit 8th rank!

Yin Shang had an ugly look on his face as he sensed the aura coming from Luo Tian.

Those evil sect members behind him also had an ugly look on their faces like that had just eaten shit or something similar to it.

Luo Tian took one step forward.

“Psssttt~...”

The debris beneath that foot immediately started melting before evaporating and turning into tiny pieces of ash that drifted along a breeze.

Power!

Explosive power to the max!

Luo Tian's excitement was now in a complete mess. He clenched his fists while his heart was filled with unbridled madness. Looking how Yin Shang's face looked like he had just eaten shit, Luo Tian started reveling in that sensation. He then said: "What about it? Can't find any words to say now? Weren't you just extremely arrogant?"

"Weren't you showing off just now?"

"Weren't you just ridiculing this daddy's Profound Spirit 8th rank strength?"

"F*ck your grandpa! Why don't you act arrogant in front of this daddy now you damn abomination!"

Luo Tian took one step for every sentence he spoke, and each step would cause an energy wave visible to the naked eye to ripple out. They undying guards in a five meter radius from him would then faint from the shock of being hit with that energy.

This was very similar to the spiritual force aura often seen in the anime One Piece!

Yin Shang's expression became uglier and uglier. The oppressive pressure he was releasing no longer harmed Luo Tian in any way, and it was even resisted by Luo Tian in a very casual manner.

Was this still the strength of someone at the Profound Spirit 8th rank?

This was clearly something that f*cking surpassed the Profound Spirit 9th rank already!

“Lord Dark King, I just remembered there’s something important that I have to take care of in my sect. I will first take my leave.”

“I have a young infant at home that’s waiting for me to feed him milk so I’ll first take my leave as well.”

“There... there...’s oh yeah! Lord Dark King, my period is coming soon. There’s nothing I can do since you know it comes every month for women. I will bid my goodbye for now so take care. I believe you will kill that kid very soon.”

Those evil sect members all found excuses to leave the Dark King’s Palace.

Their actions completely pissed Yin Shang off. He turned around with his gloomy eyes and glared at those so called allies of his while coldly smiling. “You want to leave? Then go to hell for me!”

Yin Shang waved his right hand.

The rainbow colored death aura turned into several streams of light before penetrating all their bodies. The death aura then started devouring them and eventually turning their bodies into a dark mass. Their bodies then turned into powder scattering on the ground.

“What a bunch of two-faced scums!”

“Did you think that this king’s Dark Mountain Corpse City is a place where you come and go whenever you want?!”

Yin Shang screamed out in anger. He then turned to Luo Tian’s direction and smiled coldly: “Not bad. Your powers are quite strong but can you kill me? I possess a body of a rank 8 undying Gu insect that’s as strong as steel and no sword can penetrate. Did you think that with your current strength, you’ll be able to kill this king? Quit dreaming!”

“Kid, this king will give you a final chance.”

“Kneel down and kowtow, and this king will spare you. Otherwise...”

Luo Tian was getting impatient. His clenched fists tightened a bit more and Magma Fire appeared.

Under the stimulus of eight times the attributes, his fists were similar to mini volcanoes. Luo Tian looked at Yin Shang floating in the air with a smug expression so his fist bombarded out. He then shouted: “Bla bla bla, are you done speaking bullshit yet? Bla your sister you stupid b*tch!”

Luo Tian soared into the air with his right fist slamming forth.

His fist turned illusory before eventually disappearing.

The sound of space cracking was heard before the punch smashed a big hole in Yin Shang’s head. Luo Tian’s magma fist had aimed for the big Gu insect on Yin Shang’s head and managed to heavily slam onto the target.

“Bullseye!”

“Yes!”

Luo Tian chuckled excitedly. He didn’t think that under level 3 Berserk, his Magma Fire skill was able to break space apart. He also didn’t expect the control of his magma fist to become so flawless, which was how he could accurately smash into the target growing out of Yin Shang’s head.

For anyone succumbed to the Gu poison, their weakness would be the Gu insect inside their brain.

Yin Shang’s Gu insect was special because a portion of it had broken through his skull and was acting high and mighty along with the host.

It was extremely disgusting to see!

The magma exploded against the big Gu insect and Yin Shang's body obviously sank down into the ground a bit. There was a trace of shock on his face but it turned ferocious as he started laughing loudly. "Hahaha... hahaha..."

"Hey kid, you thought that'd I be like them?"

"I refined a rank 8 Gu insect within myself. This king has already said that your attack power isn't enough, hahaha..."

"You aren't capable of killing this king!"

Luo Tian's attack was very strong!

But Yin Shang's defense was even stronger!

Luo Tian had always thought the undying Gu insect was part of Yin Shang and didn't expect that Yin Shang was actually part of the insect instead. He had already turned himself into a big Gu insect in the shape of a human.

Watching Yin Shang's crazy laughter...

Luo Tian's right hand moved and the Blood Devouring Wild Blade appeared. His eyes locked onto Yin Shang while coldly smiling: "Still acting wildly arrogant huh? This daddy can't kill you huh? Fine, this daddy will demonstrate to you what is true unbridled power!"

Luo Tian's right foot shifted.

"Level 3 Berserk!"

He had once again activated Berserk. Luo Tian's aura seemed to be a level stronger than before because the Blood Devouring Wild Blade's killing intent was extremely intense. With its world of slaughter aura

combined with Luo Tian's grim reaper path of slaughter, those two created a resonance and fused together!

"It's useless!"

"An insignificant human being like you cannot kill this king. Even if you became stronger or had a stronger weapon, everything before this king's rank 8 Gu insect is nothing but trash! Hahaha..." Yin Shang was laughing fiercely fueled by his arrogance.

"Motherf*cker!"

Luo Tian directly cursed out. The anger in him was intensifying as he waved his blade and pointed it at Yin Shang's smug expression. "Your granny! You're so good at blocking huh? Fine, this daddy will let you keep blocking. Let's see if you can handle ten thousand blade strikes!"

Luo Tian goes berserk...!

Chapter 159 – Beating The Shit Out...

Luo Tian was enraged!

Yin Shang's smug look made him extremely annoyed.

With the strength of a Profound Spirit 8th rank and the addition of eight times the attributes, Magma Fire's attack still didn't have much effect on Yin Shang. This annoyed the crap out of him.

A rank 8 Gu insect was so amazing huh?

Being super arrogant because of your rank 8 Gu insect huh?

Fine!

If a single punch can't kill you, how about a hundred punches? Or a million punches?

This daddy refuses to believe you can keep blocking it!

Luo Tian's rage had reached the sky! His eyes coldly glared at Yin Shang as he shouted: "This daddy would like to see how many blade strikes you can take!"

Immediately after...

Luo Tian angrily shouted: "Level 3 Berserk!"

The aura on his body underwent a drastic change.

The Blood Devouring Wild Blade sliced through the air, and a red blade qi in the form of a crescent moon shot out. Its aura was beyond domineering!

Luo Tian had scrunched his brows as he said: "Ghost Slash..."

Also at this time...

Bai Mei hurriedly shouted out: "Kid, don't fall for his trap! Your attacks will be useless against him because you have to find where his weakness is at. Only then will he die or else before you even manage to kill him, you'd be tired to death already. Once your body is out of profound energy, the consequences..."

A rank 8 Gu insect's defense was too strong.

Yin Shang's expression turned grim as he swiped his right hand. A black death aura flame then shot out towards Bai Mei as he coldly harrumphed: "Old undying bastard, you're being too nose-y."

Luo Tian slashed with his blade and directly disintegrated the death aura.

Indeed...

A rank 8 Gu insect's defense was extremely strong and won't die unless some sort of weakness was found.

Luo Tian had trained in the refining Gu skill so he too was clear about this.

He originally wanted to find Yin Shang's weakness through battling him. But Yin Shang was acting super cocky and wildly arrogant, making Luo Tian extremely annoyed.

Luo Tian was still a passionate young teenager in this world.

He couldn't stand seeing people act so arrogantly in front of him. Whenever he sees people like that, Luo Tian only wanted to use one method to take care of them: Slap them to death! Let's see if you can still f*cking show off then!

Yin Shang was acting super smug with his rank 8 Gu insect because he thought Luo Tian wouldn't be able to kill him.

If that's the case...

Then Luo Tian will relentlessly kill! If one strike didn't work, he would strike ten thousand times. If ten thousand strikes didn't work, he will strike a million times. Luo Tian will not retreat until he beats the shit out of Yin Shang!

You think you're strong?

This daddy is stronger than you!

Acting arrogant? This daddy will act much more arrogant than you!

At this moment, Luo Tian started smiling as he said: "Don't worry old man, just watch how I beat the shit right out of him. Isn't it just a rank 8 Gu insect? Watch how this daddy beats it until it becomes a rank 8 stinking insect!"

As his voice faded...

Luo Tian swept the Blood Devouring Wild Blade and started spinning in place. He continuously poured power into his arms as he glanced at those smug lips on Yin Shang. He then shouted: "3600 Degree Motionless Hades Slash!"

The blade body of the Blood Devouring Wild Blade became much more menacing. A formless blade qi started materializing in the air filled with endless power of Hades before chopping down.

Within this instant...

Luo Tian glared at Yin Shang while waiting for the effects of his blade strike!

"BOOM~!"

The blade qi dispersed yet Yin Shang was still standing there proudly. His expression turned even more arrogant and smug as he laughed: "Hahaha... This king has already said that you cannot kill me. The blade strike was very strong but this king hasn't suffered any injuries, hahaha. Is this really all the power you've got? Kid, you can try chopping me again if you want. Hahaha..."

Yin Shang was showing off!

Showing off in an incomparably arrogant manner!

Yin Shang started laughing wildly causing the entire Dark Mountain Corpse City to shake.

Bai Mei's expression turned anxious as he once again said: "Kid, it's no use. It will still be useless if your attack went up another notch of power..."

"Useless?"

Luo Tian smiled.

He was different to the martial cultivators of this Tianxuan Continent because he was a transmigrator with the level up system. In his eyes, there was no such thing as a useless attack. Back then when his blade struck Yin Shang, there was indeed very little damage to the point that it could be ignored.

But...

The moment the blade qi landed, Luo Tian noticed a red -100 number that floated above Yin Shang's head.

At the same time...

Yin Shang's health bar had finally been revealed, showing his health to be one million points!

Since Luo Tian was able to break through the defense, then anything was possible!

Luo Tian made some calculations as he mumbled to himself: "100 points of damage for a single blade strike... then for one million health, a total of ten thousand blade strikes are needed. Good! This daddy will give him ten thousand blade strikes then!"

Yin Shang saw that Luo Tian was mumbling something incomprehensible so he thought Luo Tian was scared. He then started laughing in ridicule: "What's going on? Is that all the power you have kid? Your attack was not even enough to scratch an itch for me!"

"A lowly human being like you wants to fight with me? You are still far from enough, hahaha..."

“You just watch how this king will bring the entire earth’s core race out of this dark hole. The old couple and the six virgins will of course have to die. Oh right, there’s also that little girl from the Sea Cloud Sect. She will definitely become a sex slave of mine, hahaha...”

This was constant provocation.

This was deliberate mocking and angering Luo Tian.

Yin Shang was clear that the human body had a limited amount of profound energy. No matter how strong a Profound Spirit 8th ranker was, their profound energy will eventually be used up. Before Luo Tian is able to find his weakness, most likely he’d have already tired himself out. By that time, he would be the knife while Luo Tian would be the fish on the cutting board!

“Yin Shang, you should start counting for me!”

“That was just the first strike!”

“There’s still nine thousand nine hundred and ninety-nine blades left so carefully count it all out for this daddy.”

As Luo Tian’s voice faded...

Level 3 Berserk was activated and Luo Tian’s arms turned into a machine as it crazily chopped continuously. “Second blade, third blade, fourth blade...”

One slash came after another.

Each blade strike was chopped down with all Luo Tian’s strength.

The more he slashed out, the more Luo Tian became excited. His expression also became more crazy and ferocious.

Yin Shang was directly receiving those attacks before saying with extreme arrogance: “Hahaha... Kid, there’s no way you can kill me. This king has a rank 8 undying Gu insect and my defensive capabilities defy the heavens! Hahaha...”

“It’s over!”

“Everything is over!”

Bai Mei looked on sadly as Luo Tian attacked Yin Shang like crazy. His mind was at a loss as he mumbled to himself: “Why is this kid not listening to my advice? If he keeps up consuming his energy like this, he’ll definitely tire himself to death!”

Qin Yue’er went over to Bai Mei. She looked at Luo Tian in the air attacking like crazy and then looked at Yin Shang. She then said: “Did you notice his power output hasn’t weakened at all? And have you noticed Yin Shang’s expression seems to be slowly changing?”

“Six hundred and seventy eighth blade!

“Nine hundred and twentieth blade!”

“One thousand three hundred and forty-seventh blade!”

When Luo Tian’s blade chopped onto Yin Shang, a combo score that only he could see would appear above Yin Shang’s head.

When the blade number one thousand chopped down...

Yin Shang’s expression changed more noticeably.

Because a dark green liquid was oozing out of his head. His eyes turned to ones of fear as he shouted: “Impossible, impossible, absolutely impossible!”

“Five thousand eight hundredth blade!”

Yin Shang’s body was covered in a dark green liquid and the big Gu insect on his head was trembling.

Also at this moment...

Yin Shang’s shit had been beaten out of him. His pants had turned wet and runny as a disgusting stench filled the air. His expression was extremely scared as he managed to stutter out: “Stop, stop, stop hitting me.”

“Stop hitting you?”

“How am I supposed to make you explode with loot if this daddy stops hitting you? Wouldn’t all my preparation go to waste? How can this daddy finish his quest?!”

“The ten thousandth blade!”

Chapter 160 – Huge Explosion

There’s an old saying that: No matter how strong and how unruly they act, ignore the waves and only do what you are capable of.

But this kind of saying wasn’t something Luo Tian liked to practice. For him...

Even if you’re strong, this daddy is stronger than you!

Acting unruly? This daddy will act even more unruly than all eighteen generations of your ancestors!

So what if you're at the peak of the Profound Spirit 9th rank?

So what if you have a rank 8 undying Gu insect?

This daddy couldn't kill you back then when you were acting arrogant, but now I'm going to play you to death!

"Don't..."

"Don't do it..."

"I'm begging you to spare me! Everything here is yours! They're all yours! I just want you to spare my life!" Luo Tian's 9,999 blade slashes had forced Yin Shang to the point of lying on the ground. His face was pale, his body filled with injuries, and he was half a step into the gates of hell.

Yin Shang never imagined this.

Yin Shang had always thought his talent was considered perverse and he even refined his own fleshly body into a Gu insect. And he managed to cultivate himself to the highest rank 8 realm! He had always thought he was quite awesome but...

But when he placed himself in front of Luo Tian, he realized he wasn't such a big deal.

Moreover...

Yin Shang originally thought that he would stand there without moving to allow Luo Tian to fully consume his own profound energy. Once Luo Tian's profound energy was depleted, he would then retaliate to show off his awesome might. But he never imagined that Luo Tian's profound energy was like an endless ocean and didn't show any signs of drying up.

Luo Tian was simply too perverse; he cannot be considered human anymore!

Luo Tian raised the Wild Blade above his head and smiled ferociously. “Are you scared now?”

“Weren’t you very arrogant before?”

“Let me see how arrogant you were again. Weren’t you very awesome and unbridled? Where did that previous domineering aura go? Your granny! Now you look like a dead pig! This daddy will honestly tell you: It’s too late, now you can go to hell for me!”

“The ten thousandth combo!”

“Ghost Slash – Motionless Hades Slash!”

Luo Tian’s arms started moving as an excited expression appeared on his face. Seeing how Yin Shang only had a tiny bit of health left, he shouted: “Explode for me!”

The blade chopped down!

Yin Shang looked up at the huge blade image wailing in a ferocious yet mournful sound.

“Bang~!”

Yin Shang’s body was chopped in half!

Wherever the blade qi slashed past, a deep bottomless fissure would appear. An abundant amount of death aura would then rise out of the rift like it was stemming from the depths of hell. Anyone sensing it would be immediately put into a deep state of fear!

At this moment...

Luo Tian closed his eyes as he silently waited. There was an indescribable sense of nervousness coming from his heart.

“Ding!”

“Congratulations to player Luo Tian for killing Yin Shang. You have gained 100,000 experience points, 2000 profound energy...”

“Congratulations to player Luo Tian for gaining a rank 8 undying Gu insect.

“Congratulations to player Luo Tian for gaining an earth attribute demon core.”

“Congratulations to player Luo Tian for gaining the Eternal Kingdom skill. Would you like to cultivate it?”

“Congratulations to player Luo Tian for gaining...”

The system alerts were going off non-stop!

Luo Tian felt like flowers were blooming in his heart as he started laughing in a cheap manner.

“Hahaha... a rank 8 undying Gu insect, an earth attribute demon core, and the Eternal Kingdom martial skill, this was simply too awesome! You are too damn awesome system!

Luo Tian made a thought to check out all the loots the system gave him. He noticed the rank 8 undying Gu insect was much smaller when compared to it being on Yin Shang’s head. When the insect felt Luo Tian’s intent, it started baring its teeth at him in a ferocious manner.

Luo Tian’s eyes turned grim as his spiritual intent directly slapped out. He then shouted: “Motherf*cker, you better watch your attitude! I’m your new owner from here on out so if you don’t obediently listen to me, this daddy will directly slap you to death!”

“Hngg~ hngg~!”

The insect whined in an unwilling manner. When it felt Luo Tian's domineering aura washing over it, it immediately became obedient and not daring to move.

Luo Tian then said in a satisfied manner: "It's good that you know your place, and don't keep thinking you're so amazing. If you were really stronger than me, you wouldn't have had the shit beaten out of you. As long as you're obedient, I will make you enjoy the peaks of success once again."

The rank 8 undying Gu insect immediately revealed a fawning smile as it rubbed against Luo Tian's spiritual intent.

This thing kind of looked like a caterpillar. It was quite cute looking at certain angles and especially when it was trying to brown-nose someone.

Luo Tian started thinking to himself: "Since you're an insect and also a rank 8 one, then I'll just call you Ba Tiao (eight pieces) from now on. Shit man, I didn't know I had such great talent in giving things names, hahaha..."

Ba Tiao started moving about in obvious protest against the name.

But it was useless!

Because the system received Luo Tian's command and directly changed the insect's name to Ba Tiao.

Luo Tian then looked at the earth attributed demon core and said to himself happily: "I now have the second demon core in my hands and out of the five elements; I'm only missing the gold, wood, and water one. Once I get those three demon cores, the secrets of the ancient scroll will finally reveal itself."

One of the main reasons Luo Tian entered the Ghostly Mountain Range was to find those elemental attributed demon cores.

He never expected an earth attributed demon core would explode out of Yin Shang, so this was considered an unexpected harvest.

As for the Eternal Kingdom martial skill that Yin Shang cultivated, Luo Tian didn't hesitate and directly agreed to cultivate it as well.

"Ding!"

"Congratulations to player Luo Tian for cultivating Eternal Kingdom."

Martial Skill: Eternal Kingdom

Grade: 9

Proficiency: 0/4000

Consumption: 5000 profound energy

Cool down time: 10 minutes

Skill description: This martial skill grants the user an independent spatial dimension. At level 1, the independent spatial dimension has a range of five meters and the space can be maintained for two seconds. At level 2, the space range extends to eight meters and can maintain for five seconds... At the final great perfection level 10, the spatial dimension turns into an absolute domain. Inside the domain, the caster enters an invincible state and can be maintained for thirty seconds.

"l..."

"Motherf*cking hell!"

"This is too f*cking awesome!"

“Do you have to be this awesome? Absolute domain? Invincible state? So f*cking awesome! This is going against the heavens!” Luo Tian was dumbfounded when he looked at the description because the martial skill was so much of a cheat that it could go against the heaven’s will.

But...

A few seconds later, Luo Tian was lost in thought.

Level 1 proficiency requires 4000 points in order to rise to the next level, and each time the skill required 5000 profound energy to activate. Luo Tian then mumbled his calculations: “ $1 \times 3 = 3$, $2 \times 3 = 8$... ahhh screw it, that’s a lot of f*cking profound energy consumption. What year and how old would I be by the time I’ve leveled it up to the final great perfection stage?”

Luo Tian instantly became upset.

He sighed in his heart and said to himself: “Forget it; I can only slowly train the skill. As long as I don’t die, I will eventually reach the great perfection stage someday... sigh.”

“Old man, what did I just witness?”

“Can you tell me if this is real? This can’t be real right?”

Qin Yue’er was excited.

She was extremely excited! Seeing how Luo Tian was pounding Yin Shang to the ground, she started getting excited. Seeing how Yin Shang’s body was chopped into two, she was so excited that a tear leaked out of her eye.

Bai Mei stared with eyes wide and his mouth agape. He had even forgotten to breathe!

After a while...

He finally managed to catch his breath as he mumbled: "This is too inconceivable. This kid is simply..."

"Miss, are you sure he's a human and not some Immortal that has descended this realm?"

This was absolutely impossible to believe!

Qin Yue'er smiled like a blooming flower and said: "Old man, do you know why he's so strong?"

Bai Mei asked: "Why is that?"

Qin Yue'er ran towards Luo Tian while turning her head around with a bright smile.

"Because he is a man I, Qin Yue'er has set her eyes on!"
