

Leveling Up And Becoming Undefeatable

Chapter 26 – Everyone Must Die

Chapter 26 – Everyone Must Die

Entering a death trap?

After hearing the System's alert, Luo Tian started smiling.

Amongst the hundreds of online novels, some were video game related. One of his favorite novels amongst the video game genre was The Legend of Mir. As someone born after the 80's, The Legend of Mir was the ultimate classic game. He was once a player in the Hall of Fame and was familiar with all the Wizard spells. He was obviously very clear about the usage of the System's reward – Magic Charm.

Magic Charm – a spell that Wizards can learn when they've reached level 13.

Upon using that spell on random monsters, they will then become his minions. But it can only be used on five monsters at a time and will only last for two hours. During this time, those minions you've charmed can kill other monsters and level up. The highest level they can get to is the 7th level, and their names would even turn dark blue.

After two hours, the minions will revert back to normal but they can be charmed again.

The personal skill levels of the minions under your control will increase as the minion levels up.

This was the explanation of the skill within The Legend of Mir.

Luo Tian never imagined the martial skill reward he would get at the Profound Pupil 7th rank would be Magic Charm. He thought that after being completely surrounded, death would be unavoidable. But now..."

He started smiling.

While smiling, he opened up the System to view the information.

Martial Skill: Magic Charm

Grade: 2nd grade

Proficiency: 0/1000

Consumption: 20 profound energy

Cool down time: 10 seconds

Skill description: This skill will allow you to recruit monsters as your own minion. The stronger the monster, the lower your success rate. Level 0 success rate is 10% (The success rate will also decrease for monsters higher level than the Player), Level 1 success rate is 15%, level 2 success rate is 20%, level 3 success rate is 25%... the final level 10 success rate is 75%.

Description two: One can recruit the minion for two hours. Two hours later, they will revert back to normal and cannot be recruited again.

Description three: When the skill fails, the monster will immediately attack. (Note: Every monster in the Legend of Mir is susceptible to Magic Charm. After successfully being recruited, the monster's name will become yellow and enter a passive stage and cannot auto attack by itself.)

“Shit!”

“Cannot be recruited again after the skill ends and will be attacked after failure? Isn't this something the System changed by itself?” Luo Tian complained in his heart.

“But...”

“Inside The Legend of Mir, the game would limit the levels the Player can control while this world didn't. It only had the problem of success rate. But this means as long as one had enough levels of charm, even a 10th rank demonic beast can be recruited!” Luo Tian's whole body started boiling.

Charm, everything relied on charm.

The charm of a twenty something year old virgin shouldn't be too bad right?

Looking off into the distance at the Furious Thunder Bull that looked like a tank, Luo Tian narrowed his eyes and excitedly laughed, “If that could successfully become my minion...”

He became excited secretly as his eyes flashed and he clenched his fists.

Around the same time...

Luo Lin had one hand holding onto Li Xue'er while the other hand pointed at Luo Tian. He then roared out: “What are you guys waiting for? Kill him for me!”

Those under the temptation of rewards weren't brave heroes but cannon fodder that didn't want their lives anymore!

As long as they participated, they would become a core disciple of the Luo family so who wouldn't join in?

Even if they were to deal with the 4th rank demonic beast Furious Thunder Bull, no one was going to back out. Everyone rushed towards Luo Tian like they didn't care about their own lives.

"This is bad!"

Still hiding off in a distance, Song Yanqun couldn't help start frowning. Recalling the words of his big brother Song Yannan, he clenched his teeth and said to himself: "Kiddo, I hope big brother didn't make a mistake in his decision with you!"

Immediately after...

Song Yanqun started roaring in laughter as his Profound Master 3rd rank power exploded forth. Like a flash of lightning, he landed right next to Luo Tian and looked towards Luo Lin with a smile. "Yo, the Luo family disciples are killing each other..."

"Song Yanqun?"

Shock flashed in Luo Lin's eyes as he softly asked: "Elder Song, what are you here for?"

Luo Lin was also secretly shocked as his body made a slight adjustment as a precaution.

He didn't recognize Song Yanqun and didn't know what his motives were so he had to be cautious. Luo Tian knew the saying that staying cautious can allow one to sail their vessel for all eternity.

Song Yanqun looked at Luo Tian and faintly smiled, "Don't be scared kid, I'm here to protect you."

"Protect me?"

"You want to protect him?"

Luo Tian and Luo Lin uttered those questions at the same time."

"That's right!"

“I’m here to protect this kid, what are you going to do about it?” Song Yanqun sneered. He then placed his hand on Luo Tian’s shoulder and said: “Kid, once I make my move, start running to the west while I hinder them.”

“Senior, I appreciate your kindness but there’s no need. I’m not leaving because I cannot leave!” Luo Tian honestly said.

“Elder Song, this is a matter for my Luo family so it’s best that you don’t interfere. Don’t offend the entire Luo family because of a piece of trash; you should be clear on the consequences of it.” Luo Lin’s eyes narrowed and his mouth revealed an arrogant smile before grabbing onto Li Xue’er’s hair and dragging it down.

“Aghh...” Li Xue’er screamed out.

Luo Lin the glared at Luo Tian with a cold smile, “Go ahead and run. The moment you step out, I’ll rip off her clothes. This girl is a virgin with snow white skin, a complete stunner of this mortal world. I will allow every single one of the Luo family disciples here to enjoy the taste of her, hahaha...”

There’s no way he was going to let Luo Tian get away. He was here to kill Luo Tian and couldn’t wait any longer!

Li Xue’er’s body was trembling and her face paled but she still yelled out: “Don’t bother with me big brother Luo Tian, quickly run away! Nothing will happen to me!”

“Shut your mouth you cheap slut.” Luo Lin forcefully pulled Li Xue’er’s hair and almost made her fall over.

Although she was undergoing this, Li Xue’er still yelled out again: “Big brother Luo Tian, just quickly run and don’t worry about me!”

“You dare to mess with master’s woman? This one will fight you to the death!” Feng Lei angrily roared and stood up. Just like King Kong, an aura of killing intent burst forth as he rushed out.

“Humph!”

“A servant of the Luo family dares to act wildly in front of me? You’re courting death!” Luo Lin’s eyes changed as he struck out with his palm.

“Break!”

Luo Lin’s palm strike caused Feng Lei to fly backwards five to six meters before landing heavily on the ground. A mouthful of blood then sprayed from his mouth.

The strength of a Profound Pupil 9th rank was too powerful; there was no way Feng Lei was his opponent!

Without waiting for Feng Lei to crawl back up, several Luo family disciples pounced towards him and started pummeling him right there.

Feng Lei's face was continuously pressed into the dirt as he struggled with all his might. His two eyes looked like they were going to spray out flames, "Boss, quickly run, quickly run now!"

Feng Lei's heart was relentless as his clenched jaws gave off cracking sounds. He was roaring inside his heart: "Why, why, why can I not cultivate? Why can't I protect the young master? Why...?"

"Rumble!"

A strange power erupted from his body that came from the depths of his dantian. On the back of his head, blood red hideous lines started appearing...

Song Yanqun frowned as he said in a low voice: "Luo Tian, a wise man does not fight when the odds are against him. Quickly run away now before it's too late."

The Furious Thunder Bull was about to arrive so if he Luo Tian didn't run now, there's no way he could protect him.

Luo Tian's eyes were now blood red. While he was looking at Li Xue'er and Feng Lei, an unprecedented amount of killing intent erupted from him.

He wasn't moving at all as he glared at the oncoming Furious Thunder Bull while his fists kept clenching on and off.

"Run!"

"Young master, quickly run away!"

"Big brother Luo Tian, quickly run!"

"Hahaha... this piece of trash must have been scared witless by young master Luo Lin. Look at his dumb expression right now, and he wants to be the Luo family's young master? That's like the world's biggest joke!"

"Hey trash, just quickly go die."

With all these insults and ridicule, Luo Tian's heart started calming down to the point where he couldn't hear anything.

Suddenly...

“Berserk!”

Luo Tian roared out as he speed was raised to its limit before rushing forth.

Everyone was surprised thinking Luo Tian was going to struggle with his life on the line. But when they saw him rushing off in a certain direction, they all started laughing.

“That piece of trash is rushing towards the Furious Thunder Bull... probably thinks he won’t live for long and decided to commit suicide.”

“Hahaha...”

Song Yanqun was surprised as well but followed after him without hesitation.

It was also at this time that Luo Ming’s shadow flashed next to Luo Lin, afraid that Song Yanqun would sneak attack Luo Lin.

Still around this time...

Another black shadow burst out of the dark forest and started laughing out loudly. “Hahaha, this kid Luo Tian knows what’s good for him and has decided to commit suicide. This Furious Thunder Bull was especially prepared for him!”

Zhou Hengran descended with an arrogant look as he watched Luo Tian rush towards the Furious Thunder Bull.

His goal was to have Luo Tian die. Once Luo Tian dies, the Luo family will fall into chaos and he would have achieved his objective.

All three hidden experts at the Profound Master realm had now appeared.

Song Yanqun’s heart became dejected as he said to himself: “Crap, looks like I won’t be able to protect this kid’s life.”

Luo Ming and Zhou Hengran both wanted Luo Tian to die and they were both experts at the Profound Master 3rd rank. Song Yanqun was not strong enough to deal with them two at the same time.

He might even be in danger himself.

If he escaped right now, no one would be able to catch up to him. But...

Watching Luo Tian still rushing towards the Furious Thunder Bull, Song Yanqun’s eyes tightened as he said to himself: “Kiddo, what on earth are you trying to do?”

“Magic Charm!”

Suddenly...

Upon reaching the minimum distance to cast Magic Charm, Luo Tian immediately cast the spell and the System showed his success rate of recruitment: 1%

He was still under the effects of Berserk where his attributes had been doubled.

Yet the success rate was still at the lowest point where it couldn't get any lower.

Upon casting the skill, the Furious Thunder Bull was enshrouded with a white light. In less than half a second, the light then disappeared.

“Recruitment failed!”

The Furious Thunder Bull pounced towards Luo Tian and he narrowly dodged. Once the cool down finished, he once again cast out Magic Charm.”

“Recruitment failed!”

He dodged again and tried recruiting again.

No one present knew what Luo Tian was trying to do while Song Yanqun had a forehead filled with sweat at the side. The Furious Thunder Bull was getting closer to Luo Tian with each attack and Luo Tian's situation was becoming more life-threatening by the second.

“Magic Charm...”

“Recruitment failed!”

“Magic Charm.”

“Recruitment failed!”

The Furious Thunder Bull had become enraged by Luo Tian's actions and was only three steps away from him at all times. Its long horns shimmered a cold light as its murderous aura burst out everywhere. If one was smashed by its horns, it still wouldn't be enough if they had a hundred lives at their disposal!

“Watch out young master!”

“Big brother Luo Tian!” Li Xue'er was so scared that she closed her eyes.

Song Yanqun frowned as he wanted to rush up to save him but it was too late. Even he was helpless when facing against a 4th rank demonic beast.

A complacent smile appeared on Luo Lin's face as he said in ridicule: "Damn piece of trash, you should've died a long time ago."

Zhou Hengran lightly smiled while clapping his hands and mumbling: "My mission has been accomplished!"

Luo Tian frowned as he didn't have much strength left to keep dodging. He stopped his breath and once again roared out to cast Magic Charm.

A white light once again enshrouded the Furious Thunder Bull and a crackling sound was heard.

The horns of the Furious Thunder Bull were less than half a meter from Luo Tian when it suddenly stopped.

The System made an alert.

"Ding!"

"Congratulations to Player Luo Tian for your successful recruitment!"

In that instant...

The Furious Thunder Bull then acted like a calf while rubbing against Luo Tian's arm. It then dropped to the ground and started rolling around playfully.

At this time...

Luo Tian turned around with a somber look at everyone present. He then coldly enunciated every single word: "Everyone, here, must, die!"

Chapter 27 – Myriad Thunder Roar

Chapter 27 – Myriad Thunder Roar

With mouths agape, everyone present stared in a dumbfounded manner.

How could this have happened?

The Furious Thunder Bull clearly was about to smash into Luo Tian and he was going to die the next second. But the Furious Thunder Bull suddenly stopped and started playing around Luo Tian's side. It was like a little puppy trying to please its owner... what the hell was going on?

Was this an illusion? Or did the Furious Thunder Bull lose its mind?

They cannot see the name above the Furious Thunder Bull or else everything would be clear to them.

Furious Thunder Bull (Luo Tian)!

That's the name that appears above the Furious Thunder Bull which meant it was Luo Tian's minion!

It was a super war pet that did whatever Luo Tian wanted it to do.

This was exactly the power behind Magic Charm, capable of recruiting demonic beasts as their own war pets!

Luo Tian made a thought and the Furious Thunder Bull stood up exploding forth its vicious aura of a demonic beast. Mixed with the vicious aura was its killing intent that was matchless in this area!

Luo Tian swept his glance past the crowd in disdain as he said in a dominating tone: "Those that don't want to die should scram now!"

This was considered charity.

The charity that Luo Tian was giving the Luo family.

He didn't want to completely wipe them out!

But...

Once Luo Tian said that, all the Luo family disciples revealed looks of disdain in their eyes.

There were many of them that actually stepped forward slowly and said in ridicule: "Luo Tian, your death is imminent yet you're still blabbing crap instead of looking at the present situation. If I were you, I'd just stab myself and finish it off quickly."

"What am I going to do if he commits suicide? Young master Luo Lin said that either punches or cuts would be rewarded with demonic beasts. Even if he dies, he should die by our hands."

"That's right, committing suicide is too easy of a way to let him off."

"Even if he commits suicide, this daddy will still stab him a few times. Don't think you can get out of this so easily by killing yourself!"

Luo Tian's lips curved as he figured this would be the outcome. He then lightly smiled and said: "You bunch of idiots that don't know the meaning of death. Since you guys want to die, then I can only fulfill your wishes."

Standing off at a distance, Luo Lin smiled arrogantly and yelled out: "Make the move!"

"Big brother Luo Tian, hurry up and run!"

"Run young master!"

"Shut up you cheap slut!" Luo Lin cursed as he once again yanked on Li Xue'er's hair.

Feng Lei managed to raise his head to yell out before four to five people once again stepped on him forcing him back into the mud. With his head covered in mud, the hideous looking lines at the back of his head started flaring up again.

Luo Tian's eyes tightened. Upon seeing Li Xue'er and Feng Lei's conditions, the fire in his heart couldn't help but rise up again causing him unable to endure anymore.

Song Yanqun had no clue why the Furious Thunder Bull had become like this but with so many Luo family disciples around including Luo Ming and Zhou Hengran, these two at the Profound Master realm; he wasn't their opponent so the only choice left was to run away.

Song Yanqun glanced at Luo Tian and didn't say anything.

Luo Tian had a sneer on his face when he said: "Elder Song, you should first withdraw because it's now the time for my performance."

As Luo Tian's voice faded...

Luo Tian stepped out and the Furious Thunder Bull followed by stepping out as well, causing a loud "boom" that shook the heavens.

"Die, you damn trash!"

Two Luo family disciples forcefully leapt out and shot forward.

A faint smile appeared on Luo Tian's lips, "Kill them!"

With that command in his mind, the Furious Thunder Bull glared at the two. Without allowing them to near Luo Tian, it waved one of its front legs through the air.

"Whoosh~ whoosh~"

Two gusts of powerful wind blasted forth.

“Poof, poof!”

The two Luo family disciples was sliced in half by that powerful wind and the familiar System alert sounded off in Luo Tian’s mind.

Everyone stared in a dumbfounded manner.

The Furious Thunder Bull was listening to Luo Tian’s commands?

What sort of martial skill was this?

At this moment, the crowd became chaotic and trace of fear was reflected in their eyes. No matter how strong they were, there’s no way they were the opponent of the Furious Thunder Bull.

Luo Lin’s expression secretly changed before yelling out: “Don’t attack the Furious Thunder Bull and concentrate on Luo Tian. He is only a single person and once he dies, the Furious Thunder Bull will no longer be controlled.”

It was like he was able to see through the Furious Thunder Bull’s condition.

Indeed...

What Luo Lin said was correct. Once Luo Tian dies, the Furious Thunder Bull will also die. It wasn’t that Luo Lin saw through everything but this was just his guess.

If he wasn’t able to stabilize the current situation, everyone will definitely erupt into chaos and by then, Luo Lin will no longer have his cannon fodder to deal with Luo Tian!

Once Luo Lin’s voice faded, there were some in the crowd that started fanning the flames.

“What young master Luo Lin says is correct. We should all concentrate on attacking that trash Luo Tian. Once he dies, the Furious Thunder Bull will also be finished.”

“As long as a single punch lands on Luo Tian, one can become a core disciple so what are you guys waiting for?”

“Kill him!”

For a short time, these people rushed forth without fearing death again when they thought of the prospect of becoming a core disciple.

Luo Tian’s eyes darkened as he roared out: “Since you guys want to die, then just go to hell for me!”

“Furious Thunder Bull, kill them for me!”

“Moo... moo... moo...”

The Furious Thunder Bull roared into the air before his nostrils sprayed out stuff that looked like flames. It reared back on his hind legs before slamming down like a mountain. A huge pressure rippled out to the surrounding dozens of meters like a cage. Those disciples at the Profound Pupil 3rd rank had their psyche shattered and started bleeding from all their orifices!

Even with this, everyone continued rushing forth with a grim expression like they wanted to eat Luo Tian alive.

Luo Tian lightly smiled, “A suicide squad huh?”

Seeing dozens of people rushing towards him, Luo Tian hunched his shoulders and showed a frightened expression, “I’m so scared!”

“Luo Tian, you’ll die no matter what today.” Luo Lin said in an arrogant manner.

“Shit!”

“Please let me go Elder Luo Lin, I’m truly very scared. I’m about to f*cking die of fright.” Luo Tian stood there motionless while the Furious Thunder Bull continued showing its aggressive manner. Luo Tian continued restraining it with his thoughts, and upon seeing the dozens of people nearing him, his lips coldly smiled: “It’s about time now!”

“Hahaha...”

“Do you guys see how scared that trash Luo Tian is?”

“Little sister Xue’er, can you see that big brother Luo Tian of yours? He is basically complete trash.” Luo Lin laughed arrogantly.

Tears swelled in Li Xue’er’s eyes before she once again yelled out: “Big brother Luo Tian, hurry and run!”

Her voice cracked and anyone will feel heartache from seeing this scene.

Luo Lin was in high spirits as his face was filled with pride. He then pointed at Luo Tian and cursed: “It’s possible to spare your life... Kneel down and kowtow loudly three times and call me grandpa three times, maybe then this daddy might actually spare you. Hahaha....”

Luo Ming was glaring at Luo Tian before whispering, “Young master, it’s best to be careful.”

Luo Tian gave him a bad feeling but he couldn't pinpoint why. It was especially those careless looking eyes that made him look calm without any fear at all.

"Hahaha... that piece of trash will definitely be killed by me."

"Here I come as well!"

"Go to hell!"

The crowd rose up to attack. All the Luo family disciples had a tinge of red on their face and excitement in their eyes. They were all filled with anticipation in their hearts because once Luo Tian died, that meant they would all become core disciples of the Luo family!

At the same time...

Luo Lin yanked on Li Xue'er's hair to raise her head and said with a grin: "Little sister Xue'er, let me show you how the trash Luo Tian dies. Hahaha..."

"No... no..." Li Xue'er forcefully shook her head as tears dripped down her worried face. She quickly turned around, "Luo Lin, didn't you always desire to possess my body? Let big brother Luo Tian go and I will comply with your request..."

Just for Luo Tian, she was willing to give up everything including her own body.

She was too stupid.

So stupid that others might feel their heartache because of it.

Luo Lin started laughing into the air. Upon staring at Li Xue'er's exquisite face, he then said: "Little sister Xue'er, no matter if he lives or dies, your body will still be mine. Tonight I will allow your body to know what it feels like to rise to the heavens, hahaha..."

Luo Tian's eyes sank as a murderous aura exuded from them. After clenching his fists, he roared out: "Furious Thunder Bull!"

"Moo..."

The Furious Thunder Bull roared into the air in reply as the formless pressure it exerted increased.

Luo Tian stamped his foot and leapt onto the back of the Furious Thunder Bull. He then roared out: "Myriad Thunder Roar, kill!!!!"

The clouds started surging while the heavens and the earth started changing. The pressure of the surrounding atmosphere started becoming unbearable.

Within several breaths, a large cloud filled with thunder and lightning appeared above the skies of the hunting grounds. The flashes of lightning could be clearly seen amongst the multiple layers of clouds causing the scene to look like Armageddon was about to arrive.

Suddenly...

A mist of lightning sprayed out of the Furious Thunder Bull's nostril. Its front legs heavily stomped on the ground and the powerful lightning energy rushed towards the clouds. Right after that, the nine heavens started shaking and an unrivaled power burst out from it. Thousands upon thousands of beasts lay on their belly as they whimpered in fear.

"Rumble..."

"Rumble..."

"Rumble..."

A myriad of thunder and lightning struck out in unison. Those Luo family disciples struck were instantly vaporized into powder as only their blood were left scattering like a rainstorm.

Terrifying, extremely terrifying!

And inside Luo Tian's mind, a continuous series of system alerts went off like 10,000 firecrackers being lit all at once.

"Ding, ding, ding..."

This feeling was simply too awesome!

Suddenly...

With so many deaths and so much experience, Luo Tian didn't even bother glancing at the results because he was pointing his right finger at Luo Lin off to the side. In a heavy tone: "You will be next!"

Chapter 28 – Motherf*cker, Who's Next?

Chapter 28 – Motherf*cker, Who's Next?

A whole swath of Luo family disciples had died from the Myriad Thunder Roar. They had all turned to powder while their blood showered onto the ground. This place was now like the bloody depths of hell that seeped into one's mind.

Myriad Thunder Roar was the Furious Thunder Bull's ultimate secret skill with unparalleled power.

Only demonic beasts that have cultivated a demon core are able to release such a terrifying power. Thus there's no doubt there's a demon core within the Furious Thunder Bull.

Luo Tian was sitting on the back of the bull with an evil smile. His eyes were filled with a playful look as he stared at Luo Lin unblinkingly.

Luo Lin had gone bonkers from fear.

Dozens of Luo family disciples had been instantly killed. This...

An expert at the Profound Grandmaster or even at the Profound Spirit realm weren't able to do something like this, which shows what a terrifying existence the Furious Thunder Bull was.

The scariest thing above all was this peerless Furious Thunder Bull was under the complete control of Luo Tian.

Looking at Luo Tian's playful stare made the fear in his heart rise up to unimaginable levels. Eventually, the fear overtook his state of mind causing him to unconsciously start trembling.

He was scared.

He was extremely scared. His face paled and his body shook uncontrollably.

It wasn't only him. Even Luo Ming and Zhou Hengran were extremely scared. They had never seen such a scene in their entire lives. This was just too terrifying.

But...

They all came to the same conclusion in their minds – Luo Tian cannot be left alive!

His ability to control a 4th rank demonic beast was too terrifying. Once he brings this 4th rank demonic beast back to the Jade Mountain City, who in the four major families can deal with him?

The Luo family will immediately rise to the top with this strength and ruling the entire Jade Mountain City would be easy as pie.

He cannot live. If he lives, then he'll become the Zhou family's nightmare!

Zhou Hengran's thoughts were playing through his mind before his eyes landed on Luo Tian and killing intent exuded from his body.

It was the same for Luo Ming as killing intent rose from him as well. Luo Tian cannot continue living! If he were to live, Luo Jianshan will have no hope and there will be no one capable of fighting with Luo Tian for the Patriarch's position. Luo Tian had to die, now!

Those two were like this while Song Yanqun was smiling to the point that he couldn't close his mouth. His mind was so shocked that he was in a complete mess. "Strong... too motherf*cking strong. It looks like big brother didn't make a mistake; this kid is truly not simple."

"B b boss is too powerful; boss is too domineering, hahaha...!" Feng Lei was still on the ground while he looked towards Luo Tian and started laughing out loud.

A flash appeared in Li Xue'er's eyes as she was beyond excited, "Big brother Luo Tian will always be the best!"

"Luo Lin!"

"Scram out here for this daddy!" Luo Tian roared out with a frown.

Around the same time...

The Furious Thunder Bull heavily stomped down a few times.

"Rumble, Rumble!"

The skies shook and the earth quaked. Trees were twisting back and forth while leaves showered onto the ground. The entire scene was just too shocking to behold.

Luo Lin swallowed a few times and unconsciously retreated backwards. He didn't dare to look Luo Tian in the eye and clenched his teeth, "Luo Luo Luo Tian, what do you want?"

"What do I want?" Luo Tian smiled with a look of interest, "This big brother doesn't want much, I only want your dog life!"

Luo Lin's mind trembled. He looked up at Luo Tian sitting on the Furious Thunder Bull and suddenly felt like he was a really small figure in this world. He was also filled with regret; regretting why he didn't kill Luo Tian when he had so many chances back then!

Hatred!

So much hatred!

It was at this time that Luo Ming took a step forward. He then coldly glanced at Zhou Hengran and said: "Elder Zhou, you and I have the same goal so why not work together?"

Zhou Hengran lightly smiled and also stepped forward. "Brother Luo's idea was exactly my intention. The villainous Luo Tian ignored the clan rules and killed his fellow disciples and deserves to be punished. Even an outsider like me cannot bear to continue watching this so how can we allow him to stay arrogant like this?"

Only over half the Luo family disciples had died so Zhou Hengran's mission wasn't good enough yet. Once Luo Tian dies, then everything would be perfect!

Luo Ming and Zhou Hengran are going to join forces?

Experts at the Profound Master 3rd rank joining hands – one could hinder the Furious Thunder Bull while the other instantly kills Luo Tian.

Luo Lin started laughing out loud and his face was restored to his arrogant and cold look. "Hahaha... you dog thing, you want to kill this daddy? Quit dreaming!"

"Why don't you take a piss and look at your reflection? You're still too immature to mess with this daddy!" Luo Lin arrogantly said.

With two experts at the Profound Master realm joining hands, what was there for him to be afraid of?

Looking down at Li Xue'er, Luo Lin smiled and said: "You thought your big brother Luo Tian could turn things around? Stop dreaming, trash will always be trash! Fighting against I, Luo Lin will only result in death, hahaha..."

In an instant...

Luo Ming and Zhou Hengran both stepped out and instantly appeared in front of Luo Tian.

"Brother Luo, you hinder the Furious Thunder Bull while I go kill this villain Luo Tian. This will be considered a present that I'm gifting the Luo family." Zhou Hengran said with a sneer.

Luo Ming lightly replied: "We'll do as you say."

"Yo yo!"

"So lively! If I, Song Yanqun don't participate in such a lively atmosphere, I would definitely regret this for the rest of my life." Song Yanqun's body blurred and landed right

next to the Furious Thunder Bull. He had a smile on his face before he looked at Luo Tian and gave him a thumbs up. “Kiddo, you’re very decisive and too awesome. I like it!”

With the appearance of Song Yanqun, Luo Ming and Zhou Hengran’s faces had a slight change.

The two glanced at each other before Zhou Hengran took several steps forward with a smile, “Elder Song, this is the Luo family’s internal issue so an outsider like you interfering isn’t quite appropriate, right?”

Song Yanqun raised his guards but still smiled, “It looks like Elder Zhou is also an outsider, right?”

“Uh...”

Zhou Hengran was speechless for a second but then replied with a smile: “It was brother Luo Ming who wanted my assistance so I could only generously help him.”

“Generously help?”

“I’m afraid you only wish to cut off the roots of the Luo family. Isn’t this Furious Thunder Bull lured by you to the Luo family’s hunting grounds?” Song Yanqun said in contempt.

Zhou Hengran’s eyes tightened before yelling: “Elder Song, those words of yours require evidence! The Zhou family and the Luo family have always had a good relationship, so why would I do something to harm the Luo family?”

While they were speaking...

Luo Ming was only several meters away from the Furious Thunder Bull.

Zhou Hengran frowned and suddenly roared out: “Brother Luo, make your move now!”

A trace of light flashed in Luo Ming’s eyes as his killing intent erupted out. With a flash of light, his sword was already drawn as he roared out: “Congealing Frost Sword!”

As the sword struck out, a chill spread through the surrounding area causing the temperature to rapidly decline.

“Watch out Luo Tian!” Yelled Song Yanqun in shock.

Luo Tian’s lips curved into a smile, “With that type of acting skill, you want to sneak attack this daddy?”

He had already seen through his actions. The moment Luo Ming acted; Luo Tian also made his move.

But...

Luo Ming's figure suddenly turned and his sword suddenly struck towards Song Yanqun. He was smiling as he yelled: "Die!"

Song Yanqun was secretly shocked but still lowered his fists in a heavy manner. His thick profound energy then exploded forth creating a cover around him.

"Heehee..."

Zhou Hengran laughed. The moment Luo Ming made his move; he also struck out as his goal was Luo Tian!

The coordination was too perfect causing others unable to defend against.

But...

This type of trick for someone like Luo Tian who had transmigrated was too childish.

"Sneak attacking this daddy? Such wishful thinking!"

"Furious Thunder Bull!" Luo Tian roared out.

"Moo~~~"

The Furious Thunder Bull angrily roared out as white mist sprayed from his nostrils. It then suddenly leaned its huge body back and stood up on its hind legs.

The visual impact of such a move was too powerful causing Zhou Hengran to temporarily lose sight of Luo Tian. He couldn't help but frown and panic a bit from the aggressive move by the Furious Thunder Bull.

It was nonetheless a 4th rank demonic beast and he wasn't its opponent at all.

He turned around about to jump away...

Luo Tian suddenly stood up on the back of the bull and madly dashed to the top of its head. Just when Zhou Hengran had turned around to jump away in panic, Luo Tian grinned and roared out: "Berserk!"

"Hum~~~"

A loud noise came from inside his body and the familiar burst of power exploded forth.

He had the advantage of height; his pair of fists were similar to a war hammer as it came crushing down towards the back of Zhou Hengran's head. Luo Tian roared out: "Die!"

Zhou Hengran never thought Luo Tian would have the guts to rush towards him.

Why would a mere Profound Pupil dare to leave the side of the Furious Thunder Bull and court his own death?

Unless that guy was crazy...

Luo Tian was exactly that crazy guy that didn't seem to care about his life. There's no way he was Zhou Hengran's opponent if they clashed head on. Even with the assistance of the Furious Thunder Bull, the odds of him winning weren't too high since the speed of the bull was simply too slow.

If he wanted to kill Zhou Hengran, the only way was a sneak attack!

His profound energy was surging while his fists were like hammers. It heavily crushed down causing fierce winds to billow out.

Zhou Hengran had a shocked expression as he twisted around in midair but still roared out in anger: "A mere Profound Pupil dares to..."

Before he could finish...

Luo Tian's fists came crashing down.

"Rumble~~"

The strike landed on his chest and almost cracked his bones apart. He was shocked yet still yelled out: "You mix breed dog, watch how this daddy..."

Before he could finish again, Luo Tian's other fist landed on Zhou Hengran's cheek.

"Poof..."

Two pieces of teeth flew out. Zhou Hengran erupted with rage and once again cursed out: "Brat, looks like you're tired of liv..."

Before he could finish, another punch landed.

"You motherf*cker, say this daddy one more time and I'll punch you again. You f*cking bitch, aren't you very awesome? Why don't you show how awesome you are to this daddy again?"

Landing on top of Zhou Hengran, Luo Tian's fists were punching out like a machine gun.

"Bang, bang, bang..."

Each punch was heavier than the next as they all landed on Zhou Hengran's face. In just a few seconds, Zhou Hengran's face was swollen like a pig's. His eyes were dim as all he could see were stars in the sky. He didn't have an ounce of strength left to retaliate.

When's he's ill, go for the kill!

Luo Tian knew this principle very well. Once Zhou Hengran gets the opportunity to recover, the person to die will be himself. That's why his fists weren't stopping until Zhou Hengran's skull cracked.

"Ding!"

"Congratulations to Player Luo Tian for killing Zhou Hengran. You have gained 1000 experience points, 100 profound energy..."

"Congratulations to Player Luo Tian for gaining a Royal Spirit Pill."

"Congratulations to Player Luo Tian for gaining an Azure Cloud Sword."

"Undefeated value +1..."

It isn't strange for this mini loot explosion because Zhou Hengran was considered an elite.

This was supposed to be a moment of happiness for Luo Tian but he didn't have time to pay attention to what items burst out of Zhou Hengran. He glanced over at Song Yanqun and it was fortunate that he was still alive and well. Luo Tian then used his mind to control the Furious Thunder Bull..."

"Moo..."

The Furious Thunder Bull suddenly attacked and slammed into Luo Ming.

Luo Ming's body flew off into the air as Luo Tian laughed while standing at a predetermined spot. He once again activated Berserk and rained out punches that heavily beat the shit out of Luo Ming flying towards him. He continued punching until he heard the "ding" sound from the System before stopping.

Blood was dripping from Luo Tian's knuckles as he stepped on Luo Ming's head. He fixed his hair before yelling: "F*cking hell, this daddy wants to know – who's next?!"

The expression of his eyes and the aura he gave off was a complete mess of domineering arrogance.

Li Xue'er was intoxicated with that look.

Suddenly...

Luo Tian's eyes changed as he glanced at Luo Lin who had pissed himself from fear. He slapped his thigh and said: "Your sister, I almost forgot about you!"

Chapter 29 – Luo Lin ***

Chapter 29 – Luo Lin ***

Luo Ming and Zhou Hengran were both killed by Luo Tian's barrage of punches. This was an ending that no one could have imagined.

What sort of motherf*cking experts at the Profound Master realm were they? They had completely lost face for their entire ancestry!

Was Luo Tian that powerful?

When comparing cultivation levels, there's no chance that Luo Tian could defeat either of them. The only results would him being tortured to death, but he managed to seize the right opportunity.

Zhou Hengran died because of his own carelessness.

He never imagined Luo Tian would dare to sneak attack him.

Thus he had died a horrible death; his head had been smashed into pulp.

Luo Ming died because he underestimated his enemy.

The Furious Thunder Bull's sneak attack caused him to be defenseless. As he was flying off from the impact, Luo Tian's sudden change in position didn't allow Luo Ming to catch a break and the barrage of random punches already started. The punches made him disoriented and after that... there was nothing after that.

There's an old saying that random punches can still kill an old master!

Those two died just like that. If Luo Tian was forced to clash with them head on, there's definitely no way he was their opponent.

Once those two experts at the Profound Master realm died, Luo Lin was in utter panic. Seeing how Zhou Hengran and Luo Ming were beaten to death, Luo Lin was so scared that he pissed his pants. The crotch area of his pants was wet, his lips were pale and he was trembling. Fear was seen in his eyes and he no longer had any expressions of arrogance.

There were still many surviving Luo family disciples in the area and their legs were trembling in fear while some fled in panic.

Luo Tian was too lazy to chase after them.

He didn't really want to become some mass murderer. After all, they were still Luo family disciples and he didn't want to be completely ruthless.

There was only one person as his goal – Luo Lin!

“Don't run, don't run, why are you all running away?”

“Come back Luo Sheng! Didn't you want to be a core disciple? Everyone come back, why are you guys running...?!”

Luo Lin was loudly crying out but no one bothered with him.

Luo Lin's heart was chilled from this scene and cursed out: “You bunch of dog things; keep in mind that once this daddy returns to the Luo household, you guys will be taken care of!”

Many fleeing disciples had dark expressions on their faces.

Luo Lin's father was the Acting Patriarch so upon return to the Luo family grounds; they will certainly no longer have any good days in the future.

For the meantime, many disciples stopped fleeing.

Luo Tian then coldly sneered and in a low tone: “If Luo Lin doesn't die, you guys will be played to death by him once everyone returns to the Luo family. But what if he dies?”

“The Ghostly Mountain Range is a place where demonic beasts freely roam around. There's always a chance that someone dies by the hands of these demonic beasts... don't you guys agree?”

While saying this, Luo Tian had a pondering smile on his face.

When the crowd heard this, their eyes seemed to be enlightened as they stared at Luo Lin.

Luo Lin's mind trembled and immediately said: "My father is the Luo family's Patriarch. As long as you guys kill Luo Tian for me, not only can you become the core disciple of the Luo family, every single person will be rewarded on their merits. You will all gain immense benefits and might even become Luo family Elders in the future."

The crowd hesitated and was uncertain how to act.

Luo Tian smiled and controlled the Furious Thunder Bull with his thoughts. The Furious Thunder Bull started roaring into the air waking everyone up. "Do you guys think it's easier to kill me or easier to kill him?"

"What young master Luo Tian said was correct – once Luo Lin returns to the Luo family, none of us will have a good ending."

"Fellow brothers, the villainous Luo Lin cannot be allowed to continue living."

"Kill him!"

"Kill him!"

The Furious Thunder Bull's Myriad Thunder Roar was powerful beyond match. They were already scared witless of it so how would they dare to send themselves to death against it?

Now when it came to Luo Lin, killing him would be a bit easier.

The crowd began to surround Luo Lin and glare at him with killing intent. This scenario was exactly like before except the target was now Luo Lin.

Luo Tian coldly sneered while staring at Luo Lin: "You wanna play with me? You're still too young!"

While restricting Li Xue'er, Luo Lin began to slowly edge backwards. Upon seeing all the Luo family disciples tighten their encirclement, he couldn't help but curse out: "Luo Tian you damn piece of trash! What kind of hero are you to bully me with large numbers?! If you dare to, fight this daddy one on one!"

Luo Tian laughed out condescendingly, "I never said I was a hero... one on one? Did your brains become shit?"

"Hahaha..."

"Little sister Xue'er, do you see it clearly? This is your so called big brother Luo Tian who's just a piece of cowardly trash." Luo Lin laughed like crazy while cursing.

With a glint in his eyes, Luo Lin shoved Li Xue'er in front of him and gripped her neck. "Luo Tian, tell them to all move back or else I'll break her neck!"

Li Xue'er was his last trump card.

The strength he used was a bit too much causing Li Xue'er's face to start turning red. But she still managed to cry out: "Big brother Luo Tian, ignore me and don't let him go. You mustn't allow him to return to the Luo family or else..."

"Shut up you slut!" Luo Lin roared out while applying more pressure.

Luo Tian's eyes sank. He hadn't made his move against Luo Lin yet because he was afraid of accidentally hurting Li Xue'er. And now that he was seeing her painful face, his heart felt extremely uncomfortable. With a calm face, he then asked: "What do you want Luo Lin?"

"Have them all move back first!" Luo Lin yelled out.

Luo Tian exhaled a breath before lightly saying: "Fellow clan brethren, could you all move back for now?"

"We cannot back off because he definitely cannot be allowed to return to the Jade Mountain City."

"That's right; we can't let him return because once he gets back, that will mean the end of us."

"It doesn't matter to us if that girl dies or not. Everyone, let's all attack at once so no matter how strong Luo Lin is, he won't be able to fend us all off."

"Well said!"

No one retreated while they actually took a step forward with a hideous expression.

Things had already been openly revealed so there's no way they will let Luo Lin go back to the Luo family alive. Once he gets back to the Luo family, the only path left for them was death.

Luo Lin started panicking even more and yelled out: "Luo Tian, if you don't make them retreat, don't blame me for being ruthless!"

"Motherf*cker!"

Luo Tian was not happy one bit. This feeling of being controlled by others was completely pissing him off. The Furious Thunder Bull stamped its forelegs causing a

loud “rumbling” noise. Luo Tian then stepped up and roared out: “Luo Lin, I advise you not to make a move or else you will die an extremely miserable death!”

“Hahaha...”

“Luo Tian, the more pissed off you are means the more you care about her.” Luo Lin then excitedly said: “I am commanding you right now to kill all these traitorous Luo family disciples. Not one will be spared!”

“If you don’t kill them, then I’ll kill her! Hahaha...”

“F*ck!”

The raging flame in Luo Tian’s heart couldn’t be suppressed anymore. He clenched his fists and his jaws as he looked at Li Xue’er’s red face.

He had no confidence!

With his Profound Pupil 7th rank strength on top of Berserk, there’s no way he could instakill Luo Lin.

Moreover, Luo Lin was using Li Xue’er as a shield in front of him. If he accidentally injured Li Xue’er in the process, he will most likely regret it for the rest of his life.

If he was given another half a second... just that extra half a second will allow him to end Luo Lin without a burial.

Strength!

It’s all about f*cking strength! He was still too weak so he couldn’t even protect his own woman so what the f*ck was he worth?

Luo Tian was roaring in anger internally. He was completely and utterly pissed off while looking at Luo Lin’s arrogant face.

Around this time...

Feng Lei who had been originally lying down all this time suddenly stood up. His body started exuding a red light filled with a bloody aura. His eyes were now blood red and an ancient looking beast appeared on his bald head. The hideous looking beast had a hammer in one hand and a giant nail in the other.

The current Feng Lei was too terrifying for those to behold.

He now looked like someone that had crawled out of a blood pool from hell. Even the Furious Thunder Bull lowered itself on the ground and started whimpering in fear.

The crowd was even more shocked as their legs started shaking in fear.

“Boss...”

Feng Lei then roared into the air as the bloody light brightened. His hands started moving strangely before it looked like he was about to hammer something with a heavy smash!

“Rumble...”

Out of nowhere, an illusory lightning shot out.

“Bang!”

After that loud noise, Luo Lin’s eyes rolled backward, his head started wobbling before fainting.

It was at this time...

Luo Tian roared out: “Berserk!”

“Hum...”

His body shot forth and just when he was a step away from Luo Lin, his pair of fists shot out: “Thunder Tiger Charge!”

His pair of fists struck out like a cannon.

Luo Lin was struck flying into the air before being stopped by a large tree with a “bang.” There was a huge dent in his chest as he sprayed out a fountain of blood. His arms twitched a few more times before he died.

The sweet alert tone in Luo Tian’s mind went off.

Luo Tian was super excited as he said to himself: “Explode!”

Chapter 30 – Continue Killing

Chapter 30 – Continue Killing

What’s the most exciting thing about playing a video game?

There’s no doubt that it’s the explosion of loot.

Luo Lin was considered a mini boss so some decent loot should explode forth. This made Luo Tian hiddenly excited as he started listening to the System’s alert.

“Ding!”

“Congratulations to Player Luo Tian for killing Luo Lin. You have gained 600 experience points, 60 profound energy...”

“Congratulations to Player Luo Tian for gaining a xuan stone. Will you consume it now?”

“Congratulations to Player Luo Tian for gaining 2 Energy Condensation Pills.”

Congratulations to Player Luo Tian for gaining 3 Healing Pills.”

“Undeclared value +1!”

These series of alert tones made Luo Tian tremble in excitement. And once he saw the two words “xuan stone,” his heart blossomed in elation. He immediately opened the System to take a look

Item: Xuan stone

Grade: Grade 3 xuan stone

Profound Energy: 15000/20000

Description: Profound energy will be recovered at 100 points every second after consumption.

“Holy mother of grail, 15,000 points of profound energy... isn't that too motherf*cking crazy?” Luo Tian was beyond ecstatic.

Profound energy was something extremely important to any martial cultivator.

Cultivation, breaking through, deploying martial skills, refining armors and weapons, refining pills, carving arrays... all these required the usage of profound energy. In more modern terminology, profound energy was basically one's blue mana bar that no one could get away from.

What kind of concept was 15,000 profound energy?

He could release his divine skill Berserk for 50 times. With 50 times the release, he can beat the shit out of an expert at the Profound Master realm.

“Good stuff, really good stuff. I never imagined Luo Lin to have such a loot explode out of him.” Luo Tian said out loud to himself. He then frowned when he remembered Luo Jianshan's reward for the contest winner. His lips curved into a smile before coldly saying: “You damn old dog, who would have thought you had already given the reward to your own son. No wonder Luo Lin was able to break through to the Profound Pupil

9th rank... so it was you behind it. Your chess move was a little too carefree. Wait until this daddy returns, we'll see how motherf*cking carefree you'll become!"

"Long live the boss!"

Feng Lei goofily yelled out while his blood red eyes were filled with excitement.

He had no clue how he made that previous move himself. Feng Lei only felt a power surge out of his dantian and when he threw out a punch, the power flowed out and knocked Luo Lin dizzy.

It was very powerful yet very strange, so no one understood how it came to be.

It contained a dizzying effect?!

Luo Tian couldn't understand how Feng Lei could suddenly release such a move, but he didn't bother continue pondering because the first time he laid eyes on Feng Lei, he already knew he wasn't that simple.

How can an ordinary baby survive in the Ghostly Mountain Range with demonic beasts everywhere for several days?

Feng Lei definitely has some mysterious background. His whole body was red and that ancient looking demonic beast on his bald head is most likely connected to all the blood essence he has been consuming.

The surrounding Luo family disciples were surprised with the strange transformation of Feng Lei. There was a hint of fear in their eyes as if they've already made Feng Lei an ominous person.

Luo Tian didn't care about the transformation. Feng Lei was his brother so no matter what happens, they were still brothers.

Luo Tian turned around and laughed towards Feng Lei: "Fatty Lei, you think you're so cool right now... haha."

Around this time...

Li Xue'er's taut nerves finally loosened up before she lightly smiled while looking at Luo Tian. Two small dimples were revealed from her smile, making her look very pretty.

That smile of hers almost hooked Luo Tian's soul right out of him. He couldn't help but praise inwardly: "That girl's smile can seriously take a person's life..."

Once Li Xue'er was done smiling, her eyes slowly closed as she collapsed in the direction of Luo Tian.

Luo Tian's countenance changed. If he didn't move away, Li Xue'er little pouty lips were going to land on him again. Those soft and smooth lips that brought a light fragrance with it...

Woa, that feeling in his memory was too awesome and he could barely calm himself down just thinking about it.

Luo Tian wanted to relive that experience but he held back at the last moment and grabbed onto her soft and limp body. He then said: "Hey girl, hey..."

At this time, Song Yanqun appeared in a flash. Upon seeing Li Xue'er, he then said: "Don't worry, she has only fainted and will be better after resting for a bit."

After saying that, he pulled out a small porcelain vial and poured out a Spirit Tranquility pill and pushed it into Li Xue'er's mouth. "She'll be fine after a bit."

"Thank you Elder Song." Said Luo Tian in a grateful manner.

Song Yanqun laughed, "Little brother Luo is too polite."

Immediately after, he pushed the small porcelain vial over and said: "There's still a few more Spirit Tranquility pills inside; consider this a greeting gift from me to little brother Luo."

He didn't give Luo Tian the chance to decline it and placed it in his hands.

He clearly saw Luo Tian's abilities which made him inwardly shocked. Luo Tian was someone the Song family cannot offend at all.

The Luo family will rise up because of him and there's no one that can stop it!

He was now in full admiration of Song Yannan's foresight or else the Song family would have missed this opportunity to interact with Luo Tian. Who knows what would happen in the future because of the missed chance.

"Little brother Luo, I'll be taking my leave now."

"When you return to the Jade Mountain City, you must swing by to play in my Song family. And whatever difficulty you encounter, our Song family will assist you with our utmost ability... no matter the difficulty." Said Song Yanqun in a serious manner, and he deliberately emphasized the four words "no matter the difficulty."

Luo Tian then said: "Of course I will. If you could thank the Song Patriarch for me. The help the Song family has given me has been imprinted in my heart. One day I will definitely repay the kindness."

If it weren't for the appearance of Song Yanqun, he would have probably died an early death. This kindness was something Luo Tian will definitely remember.

To those that treated him well, he will pay back 10 to 100 times. For those that treated him badly, he will pay them back 100 to 1000 times. This was the type of person Luo Tian was!

After a few more brief words, Song Yanqun disappeared into the midst of the forest. He wanted to immediately return to the Jade Mountain City to tell the Song family everything that had happened!

Once Song Yanqun left, the rest of the Luo family disciples looked at one another before finally resting their gaze on Luo Tian.

Their eyes were currently filled with fear.

They were afraid Luo Tian will kill them all to silence them since they were all witnesses to him killing Luo Lin.

Luo Tian's expression changed into a serious look before saying: "You have all seen my strength and seen the way I do things. There's some things that you should all understand and don't need to be said out loud."

"Fatty Lei, bring that space plaque filled with demonic beast heads over here."

Feng Lei didn't hesitate and passed the space plaque over.

Luo Tian then poured all the demonic beast heads out that bunched up into a small hill. He then smiled, "If you're a brother of I, Luo Tian's, then go ahead and split these demonic beast heads amongst yourselves. From now on, you are all I, Luo Tian's people. If I'm around, you guys will all be there with me as well."

A hint of excitement appeared in everyone's eyes.

After saying that, Luo Tian's tone changed and coldly said: "It's also okay if you aren't willing to be a brother to I, Luo Tian. You can leave and I won't make any moves to stop you. But if you spread what happened here, don't blame me for not treating you as fellow clan member!"

As his voice faded, he leapt up and landed on top of Luo Lin's head. The stomp directly shattered the head causing blood splatter to cover the grounds.

The eyes of everyone trembled.

Not long after...

One of the Luo family disciples went over and grabbed a demonic beast head. He then kneeled on one knee and cupped his hands to Luo Tian: “Thank you young master!”

After that, they all stepped forward to get a demonic beast head and all seriously yelled out: “Thank you young master!”

“Thank you young master, we will forever follow you from now on. If we ever break our words, may we be struck to death by thousands of thunderbolts!”

The scene was a bit shocking when they roared out in chorus.

They all looked very serious and Luo Tian could see in their eyes that they had all been subdued by him.

They would all be used by him to rebuild the Luo family!

“Good!”

“I, Luo Tian hereby promise that I will bring you and the Luo family back to its former glory!” Luo Tian enthusiastically shouted.

Once the demonic beast heads were split up, everyone then quickly dispersed.

Luo Tian looked towards the direction of the Jade Mountain City and felt the clouds surging in the area. He could sense there would be another bitter battle awaiting him at the city.

There was only one thing he could do at this point – breakthrough!

He had to quickly grow stronger.

There was still one day before the end of the hunting contest so within this one day’s time; he had to quickly make another breakthrough!

This world is a place where the strong dominates everything.

If one didn’t wish to be picked on, then they must become stronger.

Only when one becomes strong can they grasp their fate in their own hands. Most importantly, one had to become stronger in order to kill the boss. Upon thinking of the golden shiny body of Luo Jianshan, Luo Tian couldn’t help becoming excited. “Luo Jianshan, you just wait for this daddy!”

Immediately after...

Luo Tian held onto Li Xue'er and jumped onto the back of the Furious Thunder Bull before yelling out: "Continue killing!"
