Chapter 311 – Mother!

The auction continued onwards.

Southern Mountain Sect's Wu Lieyang was viciously cheated by Luo Tian and suffered a huge loss of vitality. He no longer had the power to bid for the other items being auctioned off.

But...

He didn't leave and just kept glaring at Luo Tian.

Wu Lieyang's hatred for Luo Tian was surging about like a stormy sea. Once the auction was over, he would directly send Luo Tian straight to hell.

Luo Tian had a very pleased expression on his face and didn't even glance over at Wu Lieyang.

Idiot; a super idiot!

With 60 million easily dropping into his hands, the Profound Burst Pill was simply too great!

The auction of a new batch of Profound Burst Pills started.

Because there were five pills in the batch, the competition over it was even more intense.

It was eventually won by a woman wearing a veil inside private room number three, at the price of 90 million. The woman was very tall and the large clothing she wore hid her body very well. But under Luo Tian's devilish eyes, he could tell her figure was at an unrivaled level!

Right after...

Another batch of Profound Burst Pills was being auctioned off.

This time, there was even more at 10 pills.

Everyone started crazily bidding once again.

Surprisingly, it was won by the mysterious woman inside private room number three again. The final selling price went all the way to 210 million!

Cheng Danian didn't expose the winner's name like before and only revealed a respectful look.

This made all the audience start guessing the background of the people inside private room number three. If the Dao Shang Alliance was giving them so much face, then their background would definitely not be simple.

Sixteen Profound Burst Pills had been successfully auctioned off. With one of them being used as a test, the total came to seventeen.

Luo Tian had taken out a total of twenty of them.

There were three pills that Cheng Danian didn't bring to the auction because he had left them for himself. He was going to purchase them from Luo Tian at the average price of the auction. He didn't discuss this with Luo Tian yet because the new and improved Profound Burst Pill was too enticing for him to give up.

Adding to the fact that Xie Long made a sudden breakthrough, this made Cheng Danian want to leave even more pills for himself.

As for the issue with the money, he would definitely pay up without a problem.

Luo Tian didn't bother thinking about this discrepancy because he didn't have the time to. This was because he had caught a trace of cold killing intent inside the auction house. When he looked over in the

direction of Xuan Yuanyi and Feng Lei, Luo Tian noticed several staff workers had silently appeared near them.

Luo Tian's heart turned grim, "They were discovered!"

Immediately after...

He sent a silent spiritual transmission to Feng Lei and Xuan Yuanyi: "Fatty, Yuanyi, be careful of the people beside you. They have already discovered you so don't make any rash movements and pretend you haven't noticed anything."

"The next item to be auctioned will definitely be An Chunchun's mother."

"Xuan Yuanyi, your main focus is to protect Tang Tang and Qin Yue'er up on the stage. Those two are in danger as well so don't stray too far. My spiritual voice transmission cannot extend that far so their safety will be handed over to you."

Xuan Yuanyi didn't move and merely nodded his head.

"Fatty!"

"An Chunchun is definitely here as well so you need to figure out a way to find her. Once her mother appears, she will definitely lose control of her emotions. Your mission is to take her away and stay away from this place. Just leave everything else here to me."

Feng Lei faintly frowned but still nodded.

Luo Tian didn't dare to use his spiritual senses too openly to look for An Chunchun's aura. This venue had Profound Ancestor and Venerate experts participating, and Luo Tian wasn't their opponent. In case his senses were discovered, then it basically meant he had revealed his own location.

Once he was exposed, those people hiding in the background will definitely make their move!

Each step Luo Tian took had to be well thought out.

Looking at Tang Tang and Qin Yue'er's naive looks, Luo Tian couldn't help start worrying.

Suddenly...

The porcelain looking doll next to Blindman Liu suddenly moved as she whispered: "Uncle Blindman, I can sense big brother Luo Tian's aura. The person that had purchased the spatial ring and the Seven-star gems previously is big brother Luo Tian."

Blindman Liu's mind became faintly serious and didn't say a word.

He was the first to notice the staff workers near him weren't the original ones. And the two that were standing closest to them had an aura like they were ready to move at any given moment. One can easily guess that their identities had been discovered.

Blindman Liu secretly grabbed An Chunchun closer as he said to himself: "No matter what, nothing can happen to her."

"Hahaha..."

"It's finally my turn to make an appearance."

Qi Fu left his room with a rosy glow on his face. When he stepped onto the stage, it was just the right moment to come face-to-face with Cheng Danian.

"What a good move, Manager Cheng. A mere little medicinal pill was able to give you so much achievement. But if you want to surpass me with that, I'm afraid it's impossible." Qi Fu revealed a crafty-

looking smile with disdain in his eyes. He then said internally: "You want to fight with me just by yourself? This daddy can fight you to the point of losing your life!"

Cheng Danian responded with the same expression and said: "Manager Qi, what kind of price do you think your demon fox clan woman can achieve? At most, it will be 200 million. My monetary achievements today have completely suppressed yours. Don't think that having the backing of the Vice President and you can do whatever you want. And don't think that no one knows what you have done to the demon fox clan. Heaven is watching over the actions of humans, so be careful of losing your little life. Hahaha..."

Cheng Danian laughed out loud a few times before leaving the stage.

Qi Fu glared at the disappearing back of Cheng Danian. His eyes contained a cold chill as he harrumphed: "We shall see what happens. It's people like you that don't understand what this world wants and what the rich people want."

For this specific auction...

Many rich and powerful people had their eyes closed and hadn't opened them at all.

They were uninterested in the items that the martial cultivators were excited over.

The people in several private rooms were the same. They didn't make a move and just waited for the demon fox clan woman to make her appearance.

All these people had prominent statuses with wealth that could rival a nation!

Qi Fu walked across the stage. With his large body and chubby face, the smile he was showing made him similar to a smiling Buddha. "It's now time for our auction's finale, which is also the time everyone is anticipating."

"A demon fox clan woman!"

“Each woman was born with flexible bones and peerless looks. Just like in the legends, spending a night with her will allow you to truly know what being a man is. You will finally know what real climaxing means and what is considered heaven. In this entire world, only the demon fox clan women can give you the feeling that no other women can give.”

“Gulp~!”

“Gulp~!”

Those people that hadn't opened their eyes all this time slightly opened them now as they cleared their throats.

It was as if their eyes had started glowing.

Inside the private rooms, many people started making noises as they stood up.

Qi Fu faintly smiled and said: “Apart from the demon fox clan woman today, I also have a mysterious gift. This mysterious gift is the actual finale and will definitely broaden everyone's horizon, hahaha...”

“Down below...”

“Is a demon fox clan woman that's the definition of charming; more beautiful than a fairy; more seductive than a succubus; and capable of moving the hearts of any man in this world.”

Qi Fu took a step back and went to the side to press a switch.

The middle of the stage slowly opened up and a glass box covered in a black gauze rose up.

Qi Fu stepped forward and swept his gaze past the crowd. He smiled excitedly as his right hand yanked the black gauze away.

At this moment...

An Chunchun's eyes widened. Tears started streaming down uncontrollably as she shouted: "Mother...!"

Oh crap!

Chapter 312 – Prelude To A Fierce Auction

"Mother...!"

A sudden voice out of nowhere.

The voice was rather loud.

But the noise inside the auction venue was louder and An Chunchun's sudden cry wasn't noticed by many people.

Of course...

This didn't escape the staff workers that had appeared around Blindman Liu.

Blindman Liu's countenance dramatically changed. He quickly covered An Chunchun's mouth and whispered: "Be good Chunchun and don't make a sound. Your big brother Luo Tian will save your mother so you need to believe in him. You cannot make any rash moves. Do you remember the things you promised me before we came in here?"

An Chunchun tried hard to hold herself back as painful tears streamed down. She sobbed softly and said: "I, I, I believe in big brother Luo Tian. Uncle Blindman, Chunchun was bad. Chunchun didn't endure it, but..."

"But when I saw mother locked inside the cage, and her neck was locked by an iron chain, Chunchun couldn't help start crying."

After saying that...

An Chunchun jumped into Blindman Liu's embrace and bit onto his clothes. She didn't make any more noises but was still crying in a heart-wrenching manner. Blindman Liu hiddenly clenched his fists while cracking sounds was heard from clenching his jaws so hard.

At this moment...

His heart was in pain.

The pain was caused by An Chunchun's crying.

Inside his body, the heart of the ancient huge devil started trembling.

Luo Tian's gaze immediately changed. Others didn't hear it but he did. His heart tightened as he said internally: "Oh crap!"

He then immediately tried sending a spiritual transmission to Feng Lei.

And then realized Feng Lei wasn't at his seat anymore and had arrived near Blindman Liu at an unknown time. Feng Lei's gaze was like a ferocious beast as he stared at the back of the head of those two staff workers. Those two had already slumped over in their seats and became corpses. The moment An Chunchun yelled out "mother," everyone's gaze was focused on the stage. It was at this moment that Feng Lei made a move, catching those two by surprise.

It was an instant kill!

Also at the same time...

Xuan Yuanyi had left his seat. Nearby his position was also two staff workers slumped over.

He was slowly moving forward.

The powerful aura of the demon race was fluctuating at the rhythm of his breathing. His gaze was focused on Qin Yue'er and Tang Tang on the stage before signaling them with his eyes.

Qin Yue'er was the first to see Xuan Yuanyi so she gently shoved Tang Tang. She then whispered: "Xuan Yuanyi is here so Luo Tian must be here as well. Don't you think Xuan Yuanyi's gaze is a little strange? Do you know what he's trying to tell us?"

Tang Tang followed Qin Yue'er's gaze and pondered for a moment before saying: "He is trying to tell us to leave."

Qin Yue'er finally realized that.

Right after...

The two pretended to leave the stage in a casual manner.

At this moment, Qi Fu turned around with a big smile and said: "Imperial Princess, Miss Qin Yue'er, since you've come here already, why are you in such a rush to leave? The show has just begun..."

The moment he said that two staff workers blocked the girls' path.

Qin Yue'er and Tang Tang's countenance dramatically changed.

Their identities had been exposed.

Qi Fu maintained his smile as he said: "Don't worry, I won't hurt you two. Hurting women isn't how I, Qi Fu do things. But you if you two start becoming disobedient, then don't blame me for being ruthless in dealing with you. Heh heh..."

After saying that...

Qi Fu's gaze changed as he arrived next to the demon fox clan woman.

This woman was very beautiful!

So beautiful that words couldn't describe her anymore.

There was not a single blemish on her body, and she looked even more charming than the Goddesses of the nine heavens. Her seductive eyes gave off a lingering effect and her gaze could steal one's soul away. She had a hot figure, her body looked like it was soft and flexible, and she had long white slender legs that looked incomparably smooth.

Her breasts were large and appeared very firm to the touch.

Her butt was curvaceous and filled with elasticity, giving one the feeling of endless temptations!

"Gulp~!"

"Gulp~!"

Countless people were wiping their drool and many men had tents popping up in their pants.

It was the same with Luo Tian as she was simply too beautiful. The saying of toppling countries and kingdoms with her looks does not do her justice anymore. Luo Tian's imagination had been flipped upside down, "How can a person be so beautiful to such an extent?"

“Gulp~!”

Luo Tian couldn't help swallowing a few times as well. Evil desire started rising inside him before he started reprimanding himself: “You beast! She's An Chunchun's mother! How can you have such evil thoughts of her?”

“F*uck!”

“If this daddy didn't have those evil thoughts, then I wouldn't be called a man.”

“As long as you were a straight man, her seductive looks would easily capture your heart. Her beauty was similar to a deadly poison that made people fall for her uncontrollably.”

Luo Tian's sea of consciousness started moving.

His mind started calming down as he strived to stop having stray thoughts.

Looking at the woman inside the glass box, Luo Tian's heart skipped a beat.

Her eyes looked lifeless.

She looked lifeless because she had lost all hope.

Contained in her hopeless gaze was a trace of longing for someone. She was longing for and missing her daughter.

Around her neck and her feet were connecting chains that was covered in mysterious looking runes. It must be a specially processed restriction seal to stop her from escaping and committing suicide.

“Motherf*ckers!”

“This is too inhumane!” Rage was surging inside Luo Tian’s heart.

Qi Fu looked at all the men swallowing and wiping their drool and said with a smile: “Today, she will belong to one of you here. The highest bidder shall get her. Everyone can be reassured that she won’t escape and doesn’t have the ability to commit suicide.”

“Her neck and her legs have been locked up by our Dao Shang Alliance’s custom-made restriction seal called the Soul Locking Chain. And the controlling mechanism will be handed to the highest bidder. Therefore, everyone can be rest assured since the scenario of the demon fox clan woman escaping or killing herself will never happen to you.”

“Hurry up!”

“Enough of the nonsense chatter! This daddy can’t wait any longer!”

“Tonight, this daddy will definitely show her an earthshaking good time! Hahaha...”

“Hurry up and start the bidding!”

Those men dressed in luxurious clothing were excited to the point like they had just taken some Viagra.

Qi Fu smiled smugly before clearing his throat and saying: “Don’t worry everyone, this demon fox clan woman is merely the side dish. Apart from her, we have a mysterious gift as a finale. I believe everyone would go even crazier later.”

A mysterious gift?!

Those words gave off a silent alarm inside Luo Tian’s mind.

He immediately thought of An Chunchun!

Qi Fu did everything possible to capture An Chunchun. This time...

Luo Tian's mind turned grim and immediately sent a transmission to Feng Lei: "Find a time to make your move. You cannot allow An Chunchun to land in his hands. Remember: Immediately run to the imperial palace once you leave this venue and don't look back!"

Feng Lei's gaze turned serious.

The back of his head started glowing blood red.

The blood red glow slowly spread throughout his body and his strength continuously surged. The terrifying entity inside his body was licking its lips, and a metallic scent of blood started rising from Feng Lei's body. Hidden underneath his sleeves were arms that had already materialized blood red scales...

Xuan Yuanyi had stopped at a rather intriguing spot. A single person and sword then seemed to merge into one!

Qi Fu chuckled like mad a few times as his eyes looked at a certain area. His gaze changed as he looked back at the crowd and shouted: "We shall now start the bidding! Hahaha..."

Chapter 313 – Scram If You Can't Afford To Play

As Qi Fu's voice faded...

The venue turned silent momentarily.

But in less than a second...

"60 million!"

"I bid 70 million!"

“80 million! I will fight it out with whoever competes with me!”

“Who the hell do you think you are? 90 million! This beautiful demon fox clan woman is definitely mine!”

“100 million!”

The bid price continuously climbed higher.

Those people that hadn't made any moves the entire time were now bidding like crazy. The faces of those people in the front row had all turned red in fervor. It was the same for those sitting in the private rooms, and each bid added on would be at least 10 million higher.

The Dao Shang auction house had never seen this type of crazy bidding before.

Qi Fu was very excited.

He then started scorning Cheng Danian internally: “Competing with me? You're still too immature for it! Wanting to suppress me in contributions is impossible! Cheng Danian, you have no idea what these people want. Martial cultivators have money, but the truly wealthy on this continent are these tycoons here.”

And this time, there were still some people that hadn't made their moves yet.

They were waiting for the arrival of the mysterious gift.

Within the venue, these people already knew from the beginning what the mysterious gift was. They were looking forward to “her” more than the demon fox clan woman!

“140 million!”

“145 million!”

“Competing with me, Great Tang’s King Skywheel? This daddy bids 150 million! Come on, fight it out with me!”

Suddenly...

A chubby person inside a private room dressed in the clothes of a Prince stood out. He had an angry expression as if saying that if you dare compete with this daddy, you won’t be able to leave Heavenly Sword City alive.

The Great Tang’s King Skywheel – Tang Qiuyan!

It was Tang Zhanlong, the current emperor’s biological uncle!

When everyone saw him, they unconsciously gasped.

Rumors say that even if you combine all the women in the imperial palace, it still couldn’t compare with the number of women in his manor. He was someone that collects women of all races over the world. He had once won the auction of a demon fox clan woman but in less than two days, he hadn’t even gotten a chance to touch the hands of that woman yet she had already committed suicide.

There’s no way he was giving up this time!

180 million!

The intense voices of people bidding had lessened quite a bit.

At this time...

On another viewing platform of a private room, a gentlemanly noble appeared while waving his fan. He then said with a faint smile: "King Skywheel has truly spent a large sum of money, but this one also wishes to get close with her. I'm sorry but I bid 200 million!"

Noble Tianyu had appeared!

"Shit!"

"Why is he here? Isn't he in Heavenly Plume City?"

"Rumors say he has the bloodline of the Golden Eagle from the outer territories. The bloodlines powers and the talent he possesses are very close to Murong Wanjian. Who knew he would show up here as well and even offer 200 million for a demon fox clan woman?"

"Heavenly Plume City's wealth is not any weaker than the Great Tang Dynasty. And since Noble Tianyu is the junior city leader, most likely his financial strength is a step greater than King Skywheel's."

Tang Qiuyan frowned. He looked at Noble Tianyu at the corner of his eyes before grunting: "What's the use of a little thing like you buying her? You should be cultivating like a good little boy. What's the use of having a woman? A woman like this will only make your cultivation stall without any progress so you might as well let this uncle take her."

Noble Tianyu gently waved his fan before saying with a smile: "Murong Wanjian has the young phoenix Li Xue'er. Rumors say Li Xue'er's appearance is as beautiful as a fairy. But no matter how beautiful the young phoenix is, can she be more beautiful than this demon fox clan woman? Murong Wanjian's eyes look down on everything. In his eyes, no woman in this world can compare to Li Xue'er. But if my woman was more beautiful and charming than his, wouldn't that be considered as me suppressing Murong Wanjian on one aspect? That's why I'm really sorry for doing this, King Skywheel."

Madman!

Wasting 200 million just so that he could suppress Murong Wanjian on a single aspect.

But...

What kind of suppression was this anyway?

Once Noble Tianyu makes a move, King Skywheel wouldn't have a chance to win anymore.

In regards to this, Tang Qiuyan's expression dimmed. He heavily harrumphed before going back into his room in annoyance.

Qi Fu smiled excitedly and said: "Noble Tianyu offered 200 million, so is there anyone that's going to bid higher? A demon fox clan woman will make you a man amongst men. She will allow you to experience what true happiness is!"

"200 million!"

"It actually reached the auction price of 200 million!"

"What a shocking price!"

An Chunchun watched as her own mother was being auctioned off like a piece of item. Those people bidding had perverted looks on their faces and she knew none of them were good people. Seeing how her mother being locked inside a cage like she was already dead inside, tears started streaming down An Chunchun's face like crazy.

She was very sad.

Extremely sad.

She kept trying to tell herself: “Don’t cry! Don’t cry! Big brother Luo Tian will definitely save mother. Big brother Luo Tian will definitely accomplish it. Big brother Luo Tian and I made a pinky promise so he will definitely help Chunchun rescue mother...”

Inside the auction house.

Everyone was discussing in low whispers and no one had made another bid for the time being.

The price of 200 million had reached Qi Fu’s expected range. He was in great joy as he started saying: “200 million going once, 200 million twice, 200 million going the third...”

Just when Qi Fu lifted up the wooden mallet about to strike down...

A person off at a distance in the audience suddenly raised his sign out of the blue and shouted: “300 million!”

“Boom~!”

Everyone’s gaze immediately turned towards that person who raised his sign. This included King Skywheel who had walked back out of his private room.

“It’s him again.”

“It’s that person again.”

“My heavens! He actually offered 300 million! Does he even have that amount of money?”

“Fighting it out with Noble Tianyu? Isn’t that practically courting his own death? Didn’t he see that even King Skywheel had to retreat from the bidding?!”

“300 million! He’s treating this like a game! This daddy would rather die than believe he can take out 300 million!”

Wu Lieyang started laughing out loud in ridicule before shouting: “Hey bumpkin! Do you even know how much money 300 million is? You actually dare to offer that amount. It looks like I don’t even need to make a move against you today and you will still end up dying! Hahaha...”

Noble Tianyu’s countenance sank as he had a rather ugly look on his face.

Everyone knew he was Heavenly Plume City’s Noble Tianyu. Even the Great Tang’s King Skywheel had to give him some face. This completely annoyed him when a country bumpkin didn’t give him any face at all.

Noble Tianyu faintly smiled and said: “300 million isn’t a small amount so can you really take that out? Do you want to think about it again? I really believe you should think about it because it won’t end well for you if you want to compete with me.”

His voice sounded calm.

But...

His word choice clearly showed how aggressive he was!

He was basically saying: I am Heavenly Plume City’s Noble Tianyu. If you dare compete with me, this daddy will guarantee you will get more than what you’ve bargained for!

Luo Tian coldly sneered and didn’t bother to look at Noble Tianyu. He then said coldly: “There’s really no need to think about it. If you’re unhappy about it, raise the price. What this daddy has is money. You bunch of poor wretches acting all annoyed when someone raises the price. You should just all scam if you can’t afford to play! What a boring bunch!”

“You...!”

Noble Tianyu's expression turned fierce as he shouted: "Fine! 310 million!"

Luo Tian didn't bother with any nonsense and directly called out a bid: "400 million."

"Waaa..."

The entire venue started boiling in excitement.

Even the demon fox clan woman inside the glass box turned to look at Luo Tian.

Qi Fu started smiling. He was smiling so happily that his eyes turned into thin slits as he said internally: "I finally know who you are!"

Chapter 314 – You Guys Can Forget About Escaping

"400 million!"

Once Luo Tian shouted that number, the entire auction house was in an uproar.

Noble Tianyu's expression looked like someone gave him a fierce slap.

He only increased the price by 10 million yet Luo Tian directly raised it by 90 million. Luo Tian was practically not putting him in his eyes by bidding such a large difference in money! Just like how Luo Tian put it – scam if you can't afford to play!

Noble Tianyu's countenance sank. When he recalled how Wu Lieyang's single medicinal pill was scammed into paying 60 million, his eyesight landed on Qi Fu standing on the stage. He then said: "Manager Qi, he wouldn't be some hidden staff your Dao Shang Alliance planted, right?"

He was calling this into question!

Just as his voice faded, everyone started clamoring about it.

“He’s definitely an insider staff.”

“Why would someone with a 400 million fortune sit together with us?”

“Is the Dao Shang Alliance really that shameless?”

“If you don’t want to auction it, then don’t. Why do you have to be so shameless about it? Does your mother even know that you’re doing something like this?”

Qi Fu didn’t get angry by this and nodded towards a darkly lit area. A person’s figure faintly disappeared and Qi Fu started saying with a smile: “Noble Tianyu and all my honored guests, my Dao Shang Alliance would never do something like this. I do not know that person and he is definitely not someone belonging to my Dao Shang Alliance. I can guarantee this with my head.”

While saying this...

Qi Fu’s gaze never left Luo Tian’s figure.

His eyes were narrowed slits as he glared at Luo Tian before saying internally: “Damn kid, you’ll be dead very soon. Hahaha...”

Qi Fu had found everyone he wanted.

He was just waiting for the perfect time to harvest them!

Noble Tianyu’s expression faintly changed. He closed his fan and said with a cold smile: “Fine. I would really like to see how he’s going to take out 400 million.”

Luo Tian turned towards Noble Tianyu and said with a cold smile: “Whether this daddy can take out 400 million or not has nothing to do with you. You damn poor wretch, scam off to the side if you can’t afford to play. Stop being a motherf*cking fly and buzzing around my face. Be careful or my slap might just squash you to death!”

Wild and unrestrained arrogance.

Luo Tian was not putting Noble Tianyu in his eyes at all.

His words instantly made Noble Tianyu furious. His face turned gloomy and his eyes viciously glared at Luo Tian. He then lowly harrumphed: “A mere Profound King 5th ranker dares to act arrogant in front of me? You must be feeling that you’ve lived for too long.”

Luo Tian started chuckling arrogantly. He then pointed at Noble Tianyu’s nose and scolded: “This daddy loves being arrogant! What are you going to do about it? Do you have the ability to come down and bite me? If you don’t dare, just shut your trap and stop acting arrogant in front of this daddy!”

A series of disdainful comments!

This had thoroughly enraged Noble Tianyu!

Qi Fu’s expression hiddenly changed as he said internally: “Not good!”

Just around this time...

A pair of golden wings suddenly materialized behind Noble Tianyu and the screech of an eagle having come from the nine heavens was heard. He then shouted: “Damn kid, hand your life over!”

His rage had reached the skies!

Ever since Noble Tianyu was born, no one has ever dared spoken such words to him before. No one has ever dared to show him contempt, disdain, nor ridicule him. Him, who has always been above others, was extremely irritated like he had just suffered the greatest insult of his life!

Luo Tian was internally ecstatic as he said to himself: "Heh heh, he has finally been angered! You are delusional in wanting to compare yourself to Murong Wanjian if you can be angered so easily. What a laughable joke! Just this level of patience means you are weak to the max!"

After Noble Tianyu was angered, Luo Tian had an extremely smug look on his face.

There was only one thing Luo Tian wanted to do...

And that was to create chaos in this auction venue!

If everything goes well, Feng Lei can bring An Chunchun away during the chaos and he could purchase An Chunchun's mother at 400 million gold!

Of course...

This was just the first step in Luo Tian's plan.

It would be great if everything went well. But if things didn't go well...

"Quickly run!"

"Aren't the people of Dao Shang Alliance going to deal with this?"

"Looking at the golden wings, anyone can tell it's indeed true that Noble Tianyu has the Golden Eagle bloodline from the outer territories. That kid is definitely going to die this time."

Luo Tian exposed a fearful look as he shouted: "Murder! Someone wants to murder me! Didn't the Dao Shang Alliance say they were going to protect the safety of their guests? He's planning to kill me so shouldn't you guys take action to stop it?!"

As he was saying this...

Luo Tian suddenly shouted internally: "Nine Dragons and Elephants!"

"Boom~!"

An ancient dragon and a demonic elephant's powers appeared, instantly surging inside Luo Tian's body. The next instant, Luo Tian shouted: "Level 4 Berserk!"

"Boom~!"

Under sixteen times the attributes, the powers of Nine Dragons and Elephants became even more fierce!

Luo Tian released his aura and the energy forced the people around him to slide away. Sounds of a dragon roaring and the stomps of an ancient demonic elephant would occasionally be heard coming from him.

For a brief moment...

Luo Tian's right fist started moving as his foot stomped down to launch himself forward. He also loudly shouted once again: "Murder! Noble dog's fart wants to kill people! Everyone run! If you don't run, you might end up dying...!"

His words created even more chaos.

With the tyrannical aura Luo Tian was releasing in addition to the grim reaper's killing intent, everyone in the area started trembling in fear. In a moment's notice, some people started escaping frantically from the auction house.

When facing such a powerful force, the crowd felt that staying here would get them inadvertently involved and they might even end up losing their lives.

When Noble Tianyu saw that Luo Tian was rushing towards him, a cold smile appeared on his face as he said: "A Profound King 5th ranker wants to fight with me? Why don't you take a good look at my strength? I am in the Profound Ancestor realm kid, so you can just go straight to hell for me!"

The Golden Eagle bloodline of the outer territories surged out.

The screech of an eagle enshrouded the entire auction house.

Suddenly...

Luo Tian didn't strike.

The moment Noble Tianyu struck towards him with a palm strike, Luo Tian had instantly veered off course before the strike could get near. Luo Tian was heading towards the back of four Dao Shang Alliance staff that was behind Feng Lei.

While he was still shuttling through the air to his destination, Luo Tian continued shouting: "Murder! Noble dog's fart is trying to kill people!"

The moment he landed, the energy inside him exploded out as he made four continuous punches.

"Bang~, bang~, bang~, bang~!"

Those four punches were incomparably fast!

The four staff workers toppled over with a cry. Luo Tian then shouted: "Fatty, quickly take them away! Quick!"

Feng Lei didn't dare to delay. He immediately picked up An Chunchun beside Blindman Liu and shouted: "Let's go!"

Blindman Liu started moving as he said: "Blood baldy, you leave first. I will bring up the rear."

The moment Luo Tian landed, he had instantly killed four Dao Shang Alliance staff workers. The surrounding people became panicked and the entire venue became even more chaotic. Screams and shouts were heard now when they saw someone had actually died here.

At this moment...

The entire venue was finally like a big mess of porridge with random crap thrown in.

Noble Tianyu who was in the air was stunned and a bit low-spirited as he said: "Did I accidentally hit them?"

Also at this time...

Xuan Yuanyi's Great Fault Divine Sword made its move. In a blink of an eye, sword intent became a thick pressure as it shot forth. His figure followed right behind it as he instantly killed the two staff workers near Tang Tang and Qin Yue'er.

Xuan Yuanyi then shouted: "Quickly run!"

Qi Fu watched the chaotic auction house but was neither panicking nor made any attempts to quell it. He just stared coldly at Luo Tian amidst the crowd and loudly said: "You guys can forget about escaping!"

Chapter 315 – One Big Fight

Chaos!

Complete chaos!

The more chaotic the better!

According to Luo Tian, this was the effect he had desired.

He could now accurately determine that the ultimate goal of this time's auction was An Chunchun. Luo Tian could not allow her safety to be jeopardized once again.

Luo Tian felt somewhat concerned as he watched Feng Lei mingle into the panicking crowd while holding An Chunchun. But when he looked at Qi Fu who didn't show any signs of being flustered and even had a smug smile on his face, Luo Tian knew something bad was going to happen.

Luo Tian's figure moved and instantly landed next to Qi Fu. He then smiled and asked: "General Manager Qi, can you hand the person over to me now?"

As he was saying this...

Luo Tian glanced at An Chunchun's mother inside the glass box with the corner of his eyes. His heart started palpitating like it wanted to jump out of his chest. This kind of feeling really felt like his soul was about to be stolen by her because she was simply too beautiful and charming!

Qi Fu faintly smiled and responded: "The rule of the auction house is the highest bidder gets the item. Since you have offered the highest price, the item would naturally be yours. But... there's an exception to it today because you, Luo Tian have broken a rule of our Dao Shang Alliance!"

Luo Tian's expression hiddenly changed as he said: "It looks like General Manager Qi has found out my real identity. That's fine too since I'm too lazy to keep pretending. I don't care who you are and what you've done to the demon fox clan in the past. Today, I have purchased the woman and will hand over

the money. But if you dare to make any moves against An Chunchun, I will turn a fat pig like you into a dead pig!”

His tone of voice at the end turned extremely gloomy.

Luo Tian’s grim reaper killing intent was surging out so his words had a greater impact on people. His voice was similar to sounds coming from the depths of hell.

Qi Fu hiddenly shivered as a sense of fear inexplicably appeared. This made him irritated as he countenance turned cold and a sneer appeared on his lips. “It was I that sent people to annihilate the demon fox clan. It was also me that sent people to capture this woman. That little girl doesn’t belong to you. Today, none of you shall dream of escaping this place.”

When he finished his words...

The sound of a heavy strike was suddenly heard amidst the panicking crowd.

Feng Lei was dearly holding onto An Chunchun and using his body to protect her’s. His large body had been struck flying by a powerful force as it landed right back onto the stage. An Chunchun, who was in his embrace had directly fainted by the shocking force.

“You’re courting death!”

Rage of flames exploded from Luo Tian’s heart! His right hand started moving towards Qi Fu in the form of a punch while the Nine Dragons and Elephant powers surged out.

Qi Fu’s brows quivered as he gently took half a step back. He was coldly sneering: “Just based on you? A piece of trash like you wants to show off in front of me? I’m not the trash like Nangong Hao. Even the Great Tang’s Emperor won’t be able to save you if you offended me.”

As his figure gently retreated, a curved blade appeared to block Luo Tian’s attack.

A dark figure filled with killing intent had descended!

His frosty looking eyes, his cold countenance, and a faint cold sneer on his face. He then said: "You've finally appeared!"

Skynet assassin!

One of the strongest cultivators at the Profound Venerate 1st rank!

A simple move of his had completely blocked Luo Tian's strike.

It was a very relaxed block!

The difference between them two was simply too huge!

Li Wenzong was standing at the balcony of his private room. He then said with an excited smile: "A good show is about to start."

Luo Tian retreated heavily. He could sense the assassin's thick killing intent and see his expression, so he unconsciously blurted out: "An assassin? The Dao Shang Alliance is really awesome! To think they had actually invited an assassin at the Profound Venerate realm here, hahaha..."

The assassin in black clothing smiled, "My employer isn't the Dao Shang Alliance. He has paid 3000 top quality xuan stones to have me cut off your head."

Qi Fu then said with a smile: "An enemy of my enemy is a friend. It can't get better than having a powerful Profound Venerate expert deal with you. Luo Tian, I would really like to thank you for sending the little girl directly to me. Hahaha..."

Qi Fu's expression then changed as he said: "Quickly send her over to private room number one!"

“We obey!”

Two staff workers then rushed over to the stage.

Feng Lei suddenly stood up and shouted: “You guys can try touching her!”

“Bang~!”

“Clang~!”

A huge sword flew over and stabbed into the stage while Xuan Yuanyi’s figure followed right behind. There was blood on the corner of his mouth, several wounds on his chest and his expression somewhat pale. He then looked over at Luo Tian with a faint smile and said: “Boss, this looks a bit tricky to deal with.”

Also at this time...

Amidst the panicking crowd, two middle-aged men in the Dao Shang Alliance uniform stepped out. The two of them almost looked identical to each other and they both had a cold sneer on the faces as they stared at Feng Lei.

In another area.

A person with a 3 meter long sword sticking past his shoulder was seen. One hand was holding onto Tang Tang while his other hand was holding Qin Yue’er. He then threw them both onto the stage and coldly sneered: “They couldn’t even fight back!”

“Here’s another one!”

“Bang~!”

Blindman Liu had been thrown over as well.

Immediately after...

A dwarf-like figure that was only about 1 meter tall appeared. He was agile like a monkey while holding onto a staff that dharma monks usually used.

Qi Fu started smiling in a smug manner before saying: "I already said that none of you can escape, hahaha... Your every move was under my surveillance all along. There's no such thing as not getting what my Dao Shang Alliance wants."

"Boss!"

"Boss!"

"Dragon head, we..."

The three of them had slightly pale faces and had suffered from different types of injuries. They were feeling quite bad when they saw the look of Luo Tian's expression.

They weren't able to accomplish what they were told!

This made them very uncomfortable.

But what those three didn't know was that the people who blocked them had the strength that surpassed them by a huge gap. It was to the point that it was impossible for those three to beat them.

Luo Tian narrowed his eyes at Qi Fu and asked: "So, you really have to do this?"

It was a rather calm question.

Qi Fu's pudgy face smiled brilliantly before saying haughtily: "Why can't I do this? Do you really think someone can save you today? Even if Tang Zhanlong comes, no one can change the outcome."

"You all will die right here!"

On the viewing platform of the private rooms...

Li Wenzong shouted: "Kill him!"

Noble Tianyu was coldly smiling at everything while waving his fan. He then said while looking at the stage: "Manager Qi, I am the second highest bidder so does that mean once he dies, she will be purchased by me?"

Qi Fu replied with a smile: "That's of course!"

The people inside several private rooms hadn't left yet. The orc Prince Ke Lei had an angry expression on his face right now.

Their orc race members would often be captured by humans to become slaves. Seeing how the demon fox clan member was being auctioned off, rage naturally flared up inside his heart.

In addition...

The woman that bought the batch of fifteen Profound Burst Pills didn't leave either. Her face was covered by a veil and one couldn't tell what expression she was making. But her body was currently releasing an aura that was out of the ordinary.

An aura completely different from a human's.

Luo Tian's mouth curved up as he coldly smiled.

At the same time...

Feng Lei stood up while wiping the blood from his mouth.

Xuan Yuanyi raised his right hand and the huge Great Fault Divine Sword not too far away flew back into his grasp.

The half-dead Blindman Liu climbed to his feet by using his erhu as support. Below the surface of his skin was the ancient huge devil that was eager to take action.

The four of them looked at each other and started smiling.

Chapter 316 – Smashing A Profound Venerate Expert

According to Luo Tian's plans...

Feng Lei would bring An Chunchun away from the auction venue.

Xuan Yuanyi would bring Tang Tang and Qin Yue'er away.

He would have successfully won the bid for An Chunchun's mother and then have brought her away. Thus, the S-rank quest would be completed!

This plan would only happen if things went smoothly to the point that it cannot get any smoother.

Of course...

An S-rank quest that can be easily completed like that wouldn't be considered an S-rank quest anymore.

Luo Tian naturally understood this so he knew he had to solve this by force from the very beginning. Seeing the excited look on Feng Lei's face, Luo Tian also started smiling. He then muttered: "Since you want it this way, then I don't have a choice."

"As long as I don't die today, your Dao Shang Auction House shall be disassembled by me."

Luo Tian was smiling.

Qi Fu also started smiling before saying with ridicule: "You guys wish to change the situation around based on yourselves? Aren't you overestimating your own abilities a bit? Do you even know where you're currently at? This is the Dao Shang Alliance's auction house. Even if Tang Zhanlong was here today, he wouldn't even dare to say those kinds of words."

"A mere Profound King ranker actually dares to say those kinds of words in front of me..."

"Simply courting death!"

The last sentence was said in a loud and harsh manner.

Qi Fu's brows furrowed as he shouted: "Kill them all for me!"

"Hold on!"

Cheng Danian coldly harrumphed as he instantly descended onto the stage. He then glared at Qi Fu and said: "Qi Fu, what do you think you're doing? Why did you call out our Dao Shang Alliance's Four Killers? What do you plan on doing?"

Qi Fu sneered and coldly glanced at Cheng Danian. He then said: "It's best that you don't interfere with my affairs or else this daddy will kill you as well."

He didn't give Cheng Danian any face.

Cheng Danian showed no fear and coldly replied: “Do you think the Dao Shang Alliance is your home? Killing me as well? I would really like to see if you have the guts or not. Do you even know who he is? You really need to reconsider your actions if you wish to kill him.”

Qi Fu coldly sneered, “It doesn’t matter who he is because everyone must die today!”

Cheng Danian’s eyes widened as he shouted: “He’s the one that improved on the Profound Burst Pill! He’s also the one that forged the Jiao Dragon xuan weapons! He is our Dao Shang Alliance’s very important guest. He can bring our Dao Shang Alliance endless benefits. If you wish to kill him, you will need to thoroughly think things through. If this matter was known to our President, you should be very clear on the consequences of it.”

“Huh?”

“What?”

“It’s him?”

Sounds of surprise were heard from the private rooms.

Qi Fu’s expression also secretly changed as he looked at Luo Tian. This was actually beyond his expectation.

But...

In an instant, Qi Fu’s mouth curved into a cold smile again as he said smugly: “I’ve said it already – it doesn’t matter who he is because he will still have to die today. I previously said that you should not interfere in my matters or else I will have you killed as well.”

“But I have changed my mind now.”

“You need to die as well today. Once you die, no one will tell the President. If no one tells him, he would naturally not know about it. Hahaha...”

As his voice faded...

Qi Fu’s gaze turned grim, “Make your move now!”

In an instant...

Luo Tian, Feng Lei, Xuan Yuanyi, and Blindman Liu’s figures all disappeared into the air.

There wasn’t a single trace of their aura!

Qi Fu’s countenance hiddenly changed. When he looked at the still unconscious An Chunchun on the ground, he frowned and shouted: “They haven’t left yet. They are still around here somewhere so everyone be careful!”

Cheng Danian had realized this as well.

At this moment...

Cheng Danian’s eyes widened and his body started trembling. He was shouting internally: “Stealth Pill! It’s the Stealth Pill! He actually concocted a Stealth Pill where one’s aura becomes untraceable in the environment. I cannot sense them at all! He has improved on another medicinal pill! My heavens, this kid is truly incredible!”

He then made up his mind.

He had to help Luo Tian!

There were still some people who hadn’t left the auction venue and shock was seen on their faces.

“This is too inconceivable!”

“Simply too incredible!”

On the viewing platform of a private room, the orc race member Ke Lei started laughing and shouted:
“What a good kid!”

The tall woman with a veil over her face faintly smiled and said: “What a peculiar medicinal pill. I wonder if he has anymore?”

Li Wenzong’s face paled. No matter what, he couldn’t allow Luo Tian to leave this venue! If he manages to escape and news of this leaks, everything he has worked for would be ruined! Hiring an assassin, secretly killing the Prince Consort and the Princess; all these crimes will lead to his death even if he had the status of an in-law to the Emperor.

For a brief moment...

The atmosphere of the venue seemed unusually oppressive.

Qi Fu swept his eyes everywhere before shouting: “Find them! You bunch of trashes, hurry up and find them for me!”

Cheng Danian started laughing out loud, “The strength of the Dao Shang’s Four Killers aren’t enough. Even adding on this assassin from Skynet isn’t enough, hahaha! Little brother Luo Tian, can I represent you in selling this medicinal pill in the future? I will definitely make the selling price higher than the improved Profound Burst Pill, hahaha...”

Turning near invisible amidst everyone!

It took Luo Tian dozens of trials and error in order to improve the Stealth Pill.

There wasn't that much difference compared to the Profound Burst Pill.

Unless one was an expert at the Profound Saint realm, no one would be able to sense their aura.

But...

They couldn't take any actions resembling an attack because the Stealth Pill will instantly lose its effectiveness.

The effects of a single Stealth Pill will last ten minutes.

The past nine odd minutes, Luo Tian and the other three didn't do a thing except for surrounding that Skynet assassin. They were waiting; waiting for their enemies to become agitated. They were waiting for them to become impatient while losing their focus.

This assassin's strength was at the Profound Venerate realm!

If they couldn't kill this guy in one strike, then their chances of winning their imminent fight would be close to nil.

They had to kill him first!

"Tick tock tick tock~..."

Time flowed on one second at a time.

Qi Fu's panic had turned to agitation. He kept shouting: "You bunch of useless trash! You can't even sense these Profound King wastrels? I'm really questioning what's the use in grooming you all?!"

"Luo Tian, you damn dog thing! Come out if you have the guts!"

Immediately after...

Qi Fu looked at An Chunchun on the ground and an evil smile appeared on his face. He then said ferociously: "You guys aren't coming out huh? Fine! This daddy is going to see how much longer you can hide for!"

Upon saying that, he strode over to the side of An Chunchun.

The demon fox clan woman inside the glass case had already cried herself to the point of being unable to speak. The moment she saw An Chunchun, her heart felt like it was about to shatter. She was screaming and wailing but the glass box was soundproof so her voice couldn't be heard from the outside.

"Don't!"

"Please don't!"

"Don't harm my daughter! Don't..."

The demon fox clan woman kept crying in pain as tears streamed down her face.

Feng Lei was shaken.

It was the same for Xuan Yuanyi.

Luo Tian then shouted: "Now!"

Suddenly...

The four of them had already circulated their powers to the peak. The four of them then exerted their strength at the same time and heavily smashed out!

“Bang~!”

“Bang~!”

“Bang~!”

“Bang~!”

Four thunderous sounds of impact had squarely smashed onto the Skynet assassin’s body. The assassin was unable to block these four separate streams of forces smashing into him. Even though he released his Profound Venerate realm powers, Luo Tian and company had used the Profound Burst Pill on top of the Stealth Pill.

Their powers had become fierce to the extreme!

“Die!”

Chapter 317 – Explode For me!

The four of them attacked at the same time!

The most powerful four forms of attack! No matter how strong the Skynet assassin was, his Profound Venerate realm powers couldn’t block them all at the same time.

Because...

It was too sudden, and the attack struck only after such a long time. His defense was relaxed momentarily since his mission target Luo Tian, should hold the most hatred for Qi Fu and not him. He never imagined the four of them would attack him at the same time.

“Boom~!”

Four heavy attacks smashed out!

The Skynet assassin was smashed flying. Also at this moment, Luo Tian shouted: “When they’re ill, go for the kill! Don’t give him any chance to make a comeback!”

As his voice faded...

Luo Tian didn’t chase after him but had suddenly arrived next to An Chunchun. His figure slid over and blocked Qi Fu’s action. With a ferocious smile, Luo Tian struck a heavy punch straight towards Qi Fu’s large belly. He then shouted: “Touching my people? You’re courting death!”

Everything happened too quickly.

Qi Fu’s gaze turned serious as he sent his palms outwards.

His palm strike was meant to block Luo Tian’s fist.

Just when Qi Fu wanted to show his smugness, a cold flash appeared in Luo Tian’s eyes as he shouted: “Level 4 Berserk!”

“Boom~!”

The force within his fist instantly multiplied by 16 times!

A powerful energy wave directly passed through Qi Fu’s palms causing them to become numb. He couldn’t block the punch at all as it smashed right into his stomach.

“Puff~...”

He spat out a mouthful of blood.

Right after...

His body was sent tumbling and he only came to a stop after smashing into a pillar. His hair became scattered, his face pale, and his entire image was embarrassing to the point of looking like a stray dog. His eyes turned bloodshot as he shouted: “The Stealth Pill has lost its effect! Quickly kill them for me! Kill them!”

His teeth almost broke from clenching so hard.

The raging flames Qi Fu was feeling almost looked like they were going to spray out of his eyes.

Luo Tian’s single punch had sent Qi Fu flying. He didn’t stop and shouted: “Shadewind Steps, level 4!”

“Whoosh~!”

There wasn’t even an afterimage as he instantly appeared beside the Skynet assassin. Luo Tian directly sat his butt on that person and scolded: “It was you motherf*cker that wanted to kill this daddy right? Go head! Kill! Stand up and show this daddy how you go about killing!”

His punches rained down like a storm.

It was smashing down like crazy and didn’t give that Skynet assassin any chance to counterattack. Each punch landing contained the tempestuous might of the Nine Dragons and Elephant enhancement along with level 4 Berserk. Several hundred punches were sent out in under second! This kind of speed was something that the naked eye could not perceive.

This was extremely fierce!

“Boom~!”

“Boom~!”

The loud dull sounds of continuous impact rang out in the venue, causing shock to ripple through the hearts of people that hadn't left yet.

A trace of fear appeared in Wu Lieyang's eyes.

The previously smug expression on Noble Tianyu was gone and was replaced by a look of embarrassment.

Profound Venerate ranker!

Was beaten to this point! This...

They understood that they wouldn't be able to accomplish this. If the same people were given to them along with the same medicinal pills, they felt that they still wouldn't be able to achieve this current outcome. Luo Tian's moves lacked any sense of propriety and were similar to hoodlum fighting on the streets. Luo Tian only had one point in his mind: When you're ill, I'm going for the kill!

The Profound Venerate expert was still a human being.

He too would fall prey to being deceived.

The moment the four of them attacked him at the same time, he had fallen prey.

Therefore...

Luo Tian didn't give the assassin any chance of recovering. The power of his fists coupled with the killing intent from his sea of consciousness continuously smashed out. This assassin's face had become a bloody pulp and no longer looked human, but Luo Tian didn't dare to stop!

Because the assassin wasn't dead yet!

If his hands paused and the assassin counterattacks, the person dying will be Luo Tian!

No matter how strong a Profound King ranker was, there's no way they are an opponent of an expert at the Profound Venerate realm.

This was an irrefutable fact.

Luo Tian was very clear on this so he didn't dare to stop or take a breather. The strength within his punches maintained their peak powers. The Nine Dragons and Elephant skill along with level 4 Berserk were continuously being activated, and his profound energy was depleting at a crazy rate.

"You want to kill this daddy huh?!"

"Go ahead and kill!"

"Your employer must be here, right? Don't let me find out who they are or else I will definitely f*ck all eighteen generations of theirs!"

"Boom~!"

"Boom~!"

"Boom~!"

Li Wenzong had an incomparably ugly look on his face.

Seeing how Luo Tian was crazily attacking the assassin, every punch seemed to be landing on his mind causing an uncomfortable feeling.

At this time...

Li Wenzong realized he had provoked a person that he shouldn't have provoked. His heart was sincerely hoping that Qi Fu could kill Luo Tian as he started praying in his mind.

The assassin's head had almost been smashed open but he still hadn't died yet.

Whether it be attack power or defensive power, an expert at the Profound Venerate realm was especially strong in both properties.

They were all existences that have cultivated for over a hundred years and for some, even several centuries.

In the eyes of Luo Tian, those experts at the Profound Venerate realm had a health bar of over 8 million points. And each punch of his could only do about a few hundred points of damage. Seeing how the guy's health bar was getting close to the end, Luo Tian started becoming ecstatic.

Also around this time...

Those so called Dao Shang Four Killers started to attack Luo Tian.

Xuan Yuanyi was the first to strike with his sword. He was aiming for the person with the 3 meter long sword as he stabbed out.

"You're just a defeated opponent!"

"Courting your own death!"

They eyes of Ju Sha, the one holding that 3 meter long sword had turned gloomy. His long sword created an illusory crescent moon clearly visible to the naked eye. The huge sword qi shot out and Ju Sha followed right behind that crescent moon with a cold sneer on his face. He then shouted: "Die for me!"

"Fuuu~..."

Xuan Yuanyi suddenly closed his eyes as he breathed out.

The Great Fault Sword started vibrating.

The rust on the blade started flaking off and drifting to the ground, revealing the mysterious runes engraved beneath it. The entire blade of the sword was actually covered in runes. A fluorescent light then started lighting up the runes and an incomparably strong energy started surging out of the Great Fault Divine Sword.

Sword spirit!

This was the power of a sword spirit!

This energy was entering Xuan Yuanyi through the chains. At this moment, Xuan Yuanyi suddenly opened his eyes. A sword light flashed inside his pupils and his entire persona seemed to have become a sword itself as he instantly shot forth.

The Great Fault Divine Sword started moving.

"Break for me!"

"BOOM~!"

The sword swept out horizontally, bringing with it an inexhaustible amount of force!

“BOOM~!”

“Clang~!”

Cracks appeared on the 3 meter long sword before it shattered into pieces. It couldn't withstand the power of the sword spirit and Xuan Yuanyi when they entered the state of man and sword as one. At this moment, Ju Sha seemed to have seen an unimaginable power as his pupils dilated from extreme fear.

His entire person had been smashed flying as well.

Also at this time...

Feng Lei looked like he was covered in blood. The blood red scales had covered his whole body and even his head was covered as well. The red tattoo behind his head had disappeared and entered inside of his body. Feng Lei's body was now giving off an overbearing aura – the power of an ancestral demon!

He reached out to grab a person before leaping into the air. Holding that person as if holding a battle axe, he then dropped down from above.

The other twin was in the process of disappearing underground but his head and half his body was still showing. Feng Lei then gave a hoarse shout: “Die!”

Also at this moment...

Blindman Liu had sent that dwarf-like person flying. On his back was a pair of wings – the miniature version wings of the ancient huge devil to be precise. With a faint trace of the ancient powers, that dwarf was smashed flying out as well.

Dumbfounded!

Completely shocking!

Also at the same time...

Luo Tian suddenly jumped up into the air. His pair of fists was like a raging storm as he smashed down, "Explode for me!"

Chapter 318 – A Terrifying Opponent

In terms of value, it may not reach as high as the Profound Burst Pill. But its effects were definitely better than the Profound Burst Pill.

Sneak attack! This was the ideal medicinal pill for taking one's life!

Luo Tian and them were very lucky to win.

This was a bit unfair for that Skynet assassin.

But...

In a world for where people walked down the martial path, survival of the fittest was the law and fairness did not exist!

Moreover, the Skynet assassin was in the Profound Venerate realm. If they had fought under a fair environment, even ten more Luo Tian's would not be the assassin's opponent.

Luo Tian leaped high into the air.

His right fist was wrapped in a thick flame as he heavily smashed down.

“Bang~!”

“Boom~!”

The entire auction venue shook as the sound of explosion rocked the hearts of those still in the area. That assassin’s head had been directly smashed open into pulp. His body convulsed a few more times before it stopped moving. At this moment, the system gave Luo Tian an alert tone.

Luo Tian frowned but showed an arrogant smile. He then said: “He’s finally dead. If he didn’t die soon, this daddy would have died from exhaustion.”

In that brief several minutes...

Luo Tian’s fist had punched out at least several tens of thousands of times. This speed had over drafted his energy and caused his arms to become numb and the skin on his fists to split open. If he really hadn’t killed the assassin at this point, most likely there would be no way for Luo Tian to kill him with his remaining strength.

Moreover, he had consumed a huge amount of profound energy.

The continuous use of Nine Dragons and Elephants under level 4 Berserk wasn’t your average large consumption. His profound energy bar was almost bottoming out!

It was also fortunate for Luo Tian...

If he weren’t at the Profound King 5th rank, it would be impossible for him to have such a high number of profound energy.

“Ding!”

“Congratulations to player Luo Tian for killing Skynet’s Number 18 Assassin. You have gained 1,000,000 experience points, 200,000 profound energy...”

“Congratulations to player Luo Tian for gaining 1000 top grade xuan stones.”

“Congratulations to player Luo Tian for gaining the Eight Nether Blades. Will you be cultivating this?”

A series of alert tones came one after another.

Luo Tian didn't pay attention to the rest because just the 1000 top grade xuan stones had already made him shocked beyond words. He then muttered: “Motherf*cking hell, this guy actually carried so many top grade xuan stones on his person? What a rich guy!”

This was the deposit he received from Li Wenzong.

Who would've expected that the assassin hadn't even gotten a chance to spend it yet and they were given to Luo Tian from the loot explosion.

This was something the assassin would have never imagined even in death.

Luo Tian was internally ecstatic as he said to himself: “This is the perfect timing since I've depleted too much profound energy. The absorption rate of xuan stones were much faster than demon cores so let me first use up 100 for now.”

Xuan stones...

Were a special type of ore that absorbed the energy from heaven and earth.

These ores have been absorbing that energy for several tens of thousands of years.

Once released, there would be a strong and steady supply of profound energy that demon cores couldn't compare with. The rate that demon cores released profound energy was slower while xuan stones could supply the user at a very quick rate.

One hundred top grade xuan stones were thus consumed by Luo Tian and his profound energy points quickly soared.

Luo Tian grinned as he turned to face Qi Fu. He then said with a smile: "Now who's going to die here?"

"Hahaha..."

"What a great performance!"

"Little brother, I am rooting for you! This fatty has captured so many different races to auction off so I'm pretty unhappy with him. It gives me such a good feeling that you're beating them all up, hahaha..." Ke Lei started laughing like crazy.

His laughter contained an explosive power. The auction venue was shaking and seemed like it was even more powerful than Luo Tian's previous fatal punch. One could see how strong this guy's cultivation level was since a simple laughter by him could create such a large shock.

The veiled woman was faintly smiling, "I believe this is the first time in history that a Profound King 5th ranker using the Profound Burst Pill can kill an expert at the Profound Venerate realm. You are truly not ordinary. If you have any free time, my Southern Elven Forest welcomes you for a visit."

Her voice was melodious to one's ear and made them wish to hear it more.

Southern Elven Forest?!

Then this woman is from the elf race?

Those people that hadn't left yet showed shocked expressions once again. It finally dawned on them how she was able to bring out so much money to buy those Profound Burst Pills. Apart from the dragon race and gnome race ten thousand years ago, the elves would be the race with the next strongest financial resources.

After developing for so many years, the elf race should have prospered to the point of being greater than they were ten thousand years ago. In the southern territories, their position was an unshakeable existence.

A Profound King 5th ranker had killed an expert at the Profound Venerate realm.

This was practically a fairy tale!

If people hadn't seen this for themselves, most likely no one would believe this would be possible.

Wu Lieyang had an incomparable ugly look on his face, and it was the same for the two Elders behind him. At this moment, they had no desire to stay at the auction venue and wanted to immediately return to their Sect.

Luo Tian was someone they couldn't afford to provoke.

Noble Tianyu had the same thought.

It was like someone had given an invisible slap to the face. Recalling how Luo Tian had suddenly veered off course and didn't attack him directly, he then muttered to himself: "If he came directly at me, would I have been able to block his attack?"

He had always believed that he was number one below Murong Wanjian, but it looks like that position wasn't his.

Luo Tian politely smiled at Ke Lei and the elven woman. He then walked over to Qi Fu who was still wailing below a pillar. Luo Tian lowered himself and said with a smile: "You can give me the controlling mechanism now, right?"

In order to open the glass box, one must possess the controlling mechanism that Qi Fu had. It was very similar to a remote control.

This was created by a Mechanical Master.

One cannot open the glass box without the controller. If someone forcefully opened it, the runed chains around An Chunchun's mother might activate and may result in an explosion. Luo Tian didn't dare to take any chances since a person's life was on the line.

This was also related to his S-rank quest.

If she dies, then the quest would naturally be considered a failure!

The painful wail of Qi Fu paused as he smiled ferociously at Luo Tian. His expression turned arrogant as he said smugly: "Do you think you guys can leave this place? I've already said that all of you shall die here. Did you really think that our Dao Shang Alliance only has these four incompetent killers?"

"Let me tell you: Our Dao Shang Alliance is so strong that it's beyond your imagination! Hahaha..."

Qi Fu's expression turned fierce as he shouted: "Protector Long, it's time for you to make an appearance!"

"Whoosh~!"

The curtains of private room number one fluttered and a figure landed on the stage.

Cheng Danian's countenance turned grim as he calmly said: "Long Tian... Left Protector Long, why are you here? That means Vice President..."

Before he could finish his words...

Long Tian extended his right finger and a bright light flashed, directly shooting something straight for Cheng Danian's head. He then said calmly: "So meddlesome."

"Bang~!"

Cheng Danian didn't have time to react before a type of energy caused his head to explode. His body wavered for a few seconds before crumpling to the ground.

How powerful was this?!

Luo Tian's expression hiddenly changed. Fear rose from his heart as he looked over at this elderly person whom he couldn't sense any hints of aura from. He then shouted: "Fatty, Xuan Yuanyi, Blindman Liu, don't make any reckless moves!"

Luo Tian hadn't finished the rest of his sentence yet...

Feng Lei immediately consumed a Stealth Pill.

His figure disappeared.

At the same time, Xuan Yuanyi and Blindman Liu disappeared right after.

Luo Tian's expression turned to shock as he shouted: "Don't take any reckless actions!"

Long Tian's hazy looking eyes faintly looked up before he coldly said: "Die..."

Chapter 319 – Level 5 Berserk

"No!!!"

Luo Tian screamed out hysterically.

Qi Fu's gaze was incomparably ferocious as he started laughing like mad. "Kill them all! Kill them all! Hahaha..."

The moment Long Tian appeared, a huge sense of oppression rose up in Luo Tian's mind.

This kind of feeling wasn't your typical suppression.

It was an uncanny feeling that he had towards Long Tian.

It was like Long Tian had no aura coming from his person so people couldn't feel he was there. This demonstrated how powerful he was!

That Skynet assassin was an expert at the Profound Venerate realm and the aura coming from his body was ice cold killing intent. At least Luo Tian was able to sense this. But this Long Tian had no auras whatsoever and was able to instantly kill Cheng Danian who was at the Profound Ancestor realm. This showed his cultivation had already reached a very terrifying realm!

It is highly possible he was at the Profound Saint realm!

Powerless!

Filled with a sense of powerlessness!

Luo Tian screamed with all his might, but it was too late.

Long Tian's eyes turned serious. His figure disappeared and the sounds of three continuous palm strikes were heard.

"Bang~! Bang~! Bang~!"

Three figures were sent flying.

Feng Lei, Xuan Yuanyi, and Blindman Liu's bodies flew out in a straight line. They flew for several hundred meters before crashing into the stands for seating. The three of them created an "i" pattern from overturning the seats and their life and death were unknown!

Long Tian had a faint sneer as he said in a bored manner: "They couldn't even take a single blow."

Qi Fu stood back with a smug expression as he said to Long Tian: "Protector Long, this is the little girl that the Vice President wanted. I will have to trouble you in bringing her over."

Qi Fu pointed at An Chunchun who was still unconscious on the stage.

Luo Tian moved and instantly blocked in front of An Chunchun. He then shouted: "You cannot touch her!"

Long Tian had no expression on his face. His fist became a palm strike as he struck towards Luo Tian's chest.

In an instant...

Luo Tian made a thought and the Seven Star Armor appeared on him. His body suddenly exploded out with a faint holy light.

Upon receiving the palm strike, Luo Tian felt incomparable pain on his chest. His body was forced back but he stomped down heavily to stay upright. Beneath each step he took was the powder of the marble floor and his deeply embedded footprints. Even under the protection of the Seven Star Armor, Luo Tian's internal organs had suffered severe shock. His figure had retreated backward for a full five meters!

But...

He didn't die!

Long Tian looked over and was a bit surprised. His eyes narrowed before revealing an interested cold smile. He then said: "A magical armor? The grade doesn't seem low and should be at least at the earth grade, right?"

Luo Tian's internals felt like they had been slapped upside down and was extremely uncomfortable. He endured as hard as he could as he stood upright and said: "Can you spare her? I am willing to offer double my bid – 800 million!"

"I will purchase both their lives!"

Long Tian was too strong.

Strong to the point that no one could contend with.

The distance between their cultivation levels was so far apart that Luo Tian could only dream of reaching Long Tian's stage.

Qi Fu started laughing smugly before saying: "You are rather wealthy! You are even more indulging than the Skywheel King to spend 800 million to buy two playthings. Luo Tian, I will definitely be accepting your 800 million. But you can forget about taking those two playthings away because you are going to die here today!"

Luo Tian clenched his teeth and shouted: "They are not playthings! They too are people!"

"Hahaha..."

Qi Fu laughed for a bit before saying: "The demon fox clan has always been playthings for our human race. They were naturally born with great beauty so that they can please the human race. They exist to allow us, men, to truly understand what is heaven. They are the best playthings in bed that will make you the most comfortable."

“You understand what a plaything is right?”

“Her demon fox clan will forever be playthings in each successive generation, hahaha...”

The more he spoke, the more ferocious Qi Fu’s expression became.

The word “playthings” kept sounding off inside Luo Tian’s mind. And upon seeing Qi Fu’s overly smug expression, he then roared inside his mind: “I will f*ck all your ancestors up!”

“Nine Dragons and Elephants, level 2!”

“Level 4 Berserk!”

“Activate for me!”

“Roar~!”

Power surged inside Luo Tian’s body and he started turning red. The power inside him was about to exceed the limits of his fleshly body as an intense aura fluctuated from him. At this moment, Luo Tian disregarded everything and decided to level up Berserk.

“Will you be leveling it?”

“Yes!”

“Ding!”

“Congratulations to player Luo Tian for leveling the divine skill Berserk. The current level of Berserk is 5 and can release 32 times your base attributes!”

“Boom~, boom~...”

Luo Tian’s body almost couldn’t handle it anymore but the endless rage from his heart forced him to hold on. His eyes were bloodshot giving him incomparably fierce expression. His fists were clenched and lowered as he shouted: “Level 5 Berserk!”

“Boom~!”

A sound like muffled thunder exploded inside Luo Tian’s body.

His originally red skin now looked like smoldering hot plates. Flames were burning on top of his head; flames from the combustion of energy!

At this moment...

The unconscious An Chunchun slowly awakened. When she Luo Tian completely red like he was burning on a stove, she cried out: “Big brother Luo Tian! Don’t do this! Quickly run and don’t bother with me or my mother anymore! Quickly run...”

She was dumbstruck.

She didn’t know what she could do to help Luo Tian at this time.

That’s when she thought of dying.

She didn’t want Luo Tian to be in so much pain. Seeing how Luo Tian was at the edge of going insane with a painful expression, she felt really uncomfortable. An Chunchun didn’t know how to put the uncomfortable feeling into words and could only start crying.

Level 5 Berserk!

Releasing the power of 32 times the base attributes!

With the addition of Nine Dragons and Elephants, Luo Tian's fleshly body felt like it was about to burst open.

There's no way his fleshly body can endure such a powerful force!

But...

He had no other choice. Seeing An Chunchun waking up, Luo Tian smiled at her and said: "I promised you that I will definitely rescue your mother. We pinky promised so don't worry, I will definitely rescue her!"

In the Ghostly Mountain Range and in Jade Mountain City's Luo Manor.

In the northern city and the imperial palace.

An Chunchun's cute smile was playing inside Luo Tian's mind.

"Big brother Luo Tian, we pinky promised."

"Big brother Luo Tian, Chunchun will also marry you when she grows up."

"Big brother Luo Tian, don't ever leave me okay?"

"Big brother Luo Tian, Chunchun won't be naughty anymore."

"..."

Luo Tian was hearing all these words again in his mind and it made his heart feel warmth. Even if he loses his life in the process, he had to bring An Chunchun and her mother away from this place. All because they had pinky promised!

Long Tian was trying to hide his shocked expression.

The aura that exploded from Luo Tian had almost reached the Profound Venerate realm!

What kind of martial skill did he learn?

It was way too strong!

However, this wasn't over yet. Luo Tian then consumed a Profound Burst Pill and his Profound King 5th rank cultivation immediately rose to the 7th rank. His strength had almost doubled. At this moment, Luo Tian was really putting his life on the line!

Luo Tian clenched his fists.

A series of explosions was heard from the air around him.

“Boom~!”

“Boom~!”

Luo Tian started smiling in a gloomy manner which made him look like a crazy demon!

Chapter 320 – The Strongest Showdown

A terrifying atmosphere!

The power exuding from Luo Tian's body had made the people in the auction venue enter a state of panic.

Wu Lieyang didn't dare to stay any longer. His legs were shaking in fear and needed the two Elders to support him to leave this place.

As for Noble Tianyu who had been floating in midair all this time had already disappeared at an unknown time.

Luo Tian!

Noble Tianyu wasn't his opponent.

When Luo Tian's aura exploded out, his cheeks were burning hot and in pain from the formless slap that was given to him.

"Hahaha..."

"You have the guts and the strength. Kid, I'm beginning to like you more and more."

"Long Tian, he is merely a martial cultivator at the Profound King realm. You're not really going to make a move, right? If you sealed your strength to the peak of the Profound King realm... wait no... the peak of the Profound Ancestor realm, I bet you still won't be his opponent. Do you want to give it a try?"

Said Ke Lei with an anxious frown.

He was anxious on behalf of Luo Tian!

The elven woman was the same. The power Luo Tian exploded forth with was too shocking so she felt that this human shouldn't be dying here.

There were some hidden changes to the elven woman as a rainbow colored holy light appeared in her palm.

Also at this time...

Ke Lei was clenching a huge battle hammer in his right hand.

Qi Fu was scared to the point of pissing his pants.

His face was ashen white and the crotch area of his pants had become damp. Seeing how Luo Tian's whole body had turned red and the power he exploded forth with, even his mind was shaking from the effects. This was the second time in his whole life that true fear started rising from within his heart.

The second time ever since he has become the Dao Shang Alliance's General Manager.

The first time was when he met the President!

This was an abnormal atmospherical suppression. Based on his own cultivation level, it had surpassed Luo Tian's by a few levels. But right now, he had no way of resisting the oppressive pressure that Luo Tian was currently giving off!

Qi Fu's whole body was shaking at this point so he hurriedly urged: "Kill him. Quickly kill him, Protector Long. Kill him..."

Fear!

Incomparable fear!

Extreme fear had entered his heart as he was hoping Long Tian could immediately rip Luo Tian into shreds right now.

Long Tian's brows faintly scrunched up as he said: "You are strong; very strong. If you were given more time, you might be able to touch upon the highest Profound Saint realm. Unfortunate... it's truly unfortunate that you must die today."

"I don't want to kill you."

"But you must die!"

A trace of regret was mixed with his icy cold expression.

Luo Tian coldly smiled and said: "There's no need to pretend to be all high and mighty since you're not something good yourself. Do you think by saying those few words, I will be grateful to you? In my eyes, you're the one that's going to die my last boss!"

The moment Long Tian appeared...

A flash of light was seen in Luo Tian's eyes.

Boss!

This guy was without a doubt, a boss!

A peak Profound Venerate expert that was able to see through the Stealth Pill's effects. His powers were infinitely close to the Profound Saint realm!

Long Tian's cultivation to Luo Tian was heaven defyingly large!

This fully fulfilled the criteria of it being an S-rank quest. If the quest didn't have such a difficulty level, then it wasn't qualified to be called an S-rank quest to begin with.

Long Tian's expression turned colder as he harrumphed: "Do you really think you're my opponent based on your current strength? In my eyes, you are merely an ant. Even if you can release such a strong power, you are still nothing more than an ant. It's very easy for me to pinch you to death!"

Luo Tian didn't bother to spout any further nonsense with him and directly scolded: "Then f*cking come at me!"

"Courting death!"

Long Tian's eyes widened as flames of anger rose in his heart. His figure suddenly disappeared and reappeared. The strongest powers at the Profound Venerate realm was released as a palm strike smashed towards Luo Tian's chest.

"Humph!"

"Is this all the power you've got?"

Luo Tian didn't move and allowed Long Tian's palm strike to land. The Seven Star Armor still had remnants of the Seven Star Sovereign's aura. How powerful was the Seven Star Sovereign? And Luo Tian's defensive properties had been boosted by 32 times. At this time, the palm strike only made his body tremble a bit!

Long Tian's expression became shocked!

Also at this moment...

Luo Tian's right arm moved and the Blood Devouring Wild Blade appeared. He then slashed out horizontally.

The blade's aura was like an inferno!

The blade had slashed the space in front of Luo Tian apart, breaking through the void and directly slashing at Long Tian's body.

Long Tian's right hand started moving and an earthen yellow power exploded out as he shouted: "Shatter for me!"

"Boom~!"

The incomparably powerful blade qi was then instantly shattered.

Luo Tian used this chance to rush forward. His large blade was dragging on the floor creating a harsh and ear-piercing screech of metal being cut.

Long Tian faintly stepped back as his countenance turned a bit serious. His mind felt astonishment, "What kind of background does this kid have? The martial skills he cultivates are all incomparably powerful. Even I haven't cultivated so many different martial skills this powerful in my entire life. Where did he learn all this from?"

Seeing Luo Tian rush towards him, his brows formed a faint frown. His body stood firm as he clasped his palms together. His eyes started to close before he shouted: "Of the barren wastelands and the powers of the nine serenities, a dragon soars through the world! Come out for me!"

"Nine Dragon Divine Palms!"

"Break for me!"

The elven woman's expression drastically changed as she shouted: "Quickly back off! You're not his opponent!"

Ke Lei directly flew down while his battle hammer smashed into the ground. He then scolded: "Long Tian! Can you get anymore f*cking shameless?! You're actually using a sky grade martial skill against a kid at the Profound King realm?! You have completely lost all face for those in the Profound Venerate realm!"

As the battle hammer smashed down, an intense booming noise sounded off in the entire venue.

Ke Lei didn't actually interfere with the fight because he cannot interfere. He represented the people of the orc race. Once a bad relationship is formed with the Dao Shang Alliance, the orc race will immediately lose a powerful support. This would make living in the Wildlands even more difficult than it already was.

But this large intense sound had secretly advised Luo Tian that the move was dangerous and that he couldn't continue rushing forward!

Long Tian coldly scoffed before threatening: "You should be clear on the number of forces my Dao Shang Alliance has, so you two better not interfere."

As his voice faded...

The earthen yellow energy condensed around Long Tian's palms, containing a terrifying amount of force. It was strong to the point of being a complete mess!

At this moment...

Luo Tian had no way out anymore. His hands clenched onto the hilt while leaping up. He then poured all his power into the Blood Devouring Wild Blade while roaring in his mind: "Let me experience the power of the world's most domineering blade!"

"Domineering Slash!"

"Explode for me!"

The blade chopped down...

A blade that contained endless domineering arrogance was slashing down!

Long Tian's face became ferocious looking as his right palm pushed out. "Nine Dragons Divine Palm! Kid, just go straight to hell for me!"

A trail of afterimages was seen on his right palm.

Nine palms prints appeared in the air before stacking on top of each other. As the nine palms fused together, a shocking image of a divine dragon appeared! A dragon's roar was then heard at the center of Long Tian's palm before the strike containing powers of a divine dragon smashed against Luo Tian's Domineering Slash.

"Big brother Luo Tian..."

"Boss!"

"Boss!"

"Dragon head!"

At this moment, the three of them struggled to climb out of the rubble. Their bodies were covered in blood and their limbs almost crippled. Their emotions turned gloomy as they watched Luo Tian meet head-on with Long Tian.

"BOOM~!"
