

## Leveling Up 341

Chapter 341 – Experience Points Soaring

Up in the sky.

Half of it was filled with devilish flames.

The other half was the light of profound energy.

The sky looked like it was split into two as the different energies were constantly clashing with each other. The ear-deafening thunderous roars seem to be rocking all the nine heavens!

On top of the city wall.

Luo Tian roared out: “Shoot them!”

A few kilometers away from the city was a robust voice that shouted: “Charge!”

“Boom~!”

“Boom~!”

The earth was roaring.

The sky was shaking. The entire Tianxuan Continent was practically darkening from the clash.

The energies were dispersing to the point of nowhere else left to go.

Many people were wantonly laughing, and their laughter was filled with disdain and mockery.

“That kid is really acting like he is the world’s savior.”

“An egg smashing a rock? He isn’t even considered an egg yet! The Great Tang’s strongest armies couldn’t resist and Tang Zhanlong ended up dying, yet a country bumpkin like him wishes to resist? This is too funny! Why doesn’t he take a piss and take a look at his own reflection? Just based on him? What a joke!”

“He really doesn’t know the immensity of the earth and the heavens!”

All those experts capable of hiding in the void to watch this happening had expressions of disdain on their faces.

Many people were observing this battle, and many people were watching Luo Tian while ridiculing him.

Mostly...

Those ridiculing Luo Tian could clearly feel that...

The devil fiend army that had been sealed for ten thousand years wasn’t something a little Profound King ranker could resist. So how can he and his ragtag army from Heavenly Sword City have any chance at all?

What a joke!

This was basically the world’s biggest joke!

Luo Tian knew that many people were observing him. Those Saint level experts that escaped from the imperial palace were also watching. Those so-called allies who hadn’t come to assist the Great Tang were all staring at him like a joke. They felt like Luo Tian was the world’s biggest joke!

To all those experts present, this war was a battle that couldn’t be won.

Luo Tian only coldly smiled in response.

When dealing with people that were ridiculing him and treating him as a joke, the best resort was to throw them a good slap. A fierce and vicious slap to the face to the point that they couldn't even fart if they wanted to!

The sky above the city walls.

“Whoosh~!”

“Whoosh~! Whoosh~! Whoosh~!”

Tens of thousands of arrows shot out. They blotted out the sky before raining down like a rainstorm.

Every arrow contained a glimmer of profound energy. Every arrow was filled with profound energy that a martial artist had infused with their own energy from their dantian. Every arrow underwent a special modification. Under the stimulation of Luo Tian's War Leader System, these martial artists were able to explode forth with much more strength than during normal times.

At this moment...

Every arrow shot out was actually different from each other.

Luo Tian's eyes tightened while looking up into the sky. He started grinning before showing a ferocious expression: “You bunch of cowardly dogs and undying dogs; you want to see this daddy make a fool out of himself? This daddy will show you what the real joke is!”

Tens of thousands of arrows descended!

“Thud~!”

“Thud~!”

“Thud~!”

Countless devil fiends suddenly fell to the ground with arrows piercing through their bodies.

Rows and rows of them fell down.

The devilish flames that surged to the skies now showed countless holes.

Also at the same time...

The system inside Luo Tian’s mind was giving off alert tones like it had gone nuts!

“Ding!”

“Congratulations to player Luo Tian for killing a Dark Beast Devil. You have gained 160,000 experience points, 2000 profound energy...”

“Ding!”

“Congratulations to player Luo Tian for absorbing one stack of energy for Myriad Devil.”

“Ding!”

“Congratulations to player Luo Tian for killing a Dark Shadow Devil. You have gained 160,000 experience points, 2000 profound energy...”

“Ding!”

“Congratulations to player Luo Tian for absorbing one stack of energy for Myriad Devil.”

-----

Craziness!

The craziness going on almost made Luo Tian pee himself from fright. His experience and profound energy were surging, and what made him shocked was the Myriad Devil passive skill actually allowed him to absorb the devil fiend energy. This was completely beyond his expectations!

He wasn't able to release the Myriad Devil skill when in human form.

Only when he was in the incarnation of Devil Sovereign Xingtian would he be able to utilize it. But strangely enough, his human race occupation allowed him to absorb the energy!

Myriad Devil!

A divine grade martial skill that exploded from Bloodfiend's corpse.

Every time he killed a devil race member, it was capable of absorbing a layer of power and was allowed to stack up to 10,000 times!

If we base it off the description from the video game, a single layer of power would increase the attack power by a single point, so a fully completed stack would equal to 10,000 point attack. Who the f\*ck can withstand that? Even a powerful unique NPC would be instantly killed! This was simply too awesome!

“Ding!”

“Ding!”

“Ding!”

“Bang~!”

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at the Profound King 7th rank!”

Luo Tian showed an excited smile as he was rejoicing internally: “My guess was correct. Once the War Leader System is activated, all experience points will belong to me. This means these hundred thousand plus people are helping me kill monsters while all the experience points become mine. How f\*cking mind-blowing am I? Hahaha...”

The speed of leveling up had basically become awesome to a complete mess!

The experience bar is about to take flight!

Apart from this, there’s also an important point.

The hundred thousand plus martial artists on top of the city walls were boiling in excitement!

They were personally witnessing those insufferably arrogant devil fiends keeling over to their deaths. They became incomparably excited and their combat powers surged up in a straight line.

“Hahaha...”

“I killed one! I killed one! Did you guys see that I killed a devil fiend? Hahaha...”

“Shit, this daddy killed one as well.”

“Same with me.”

“I killed one as well, which means I’m currently number one on the Sky Rankings.”

“Hahaha, we’re all ranked number one!”

For a brief moment, all the martial artists were incomparably excited with their blood boiling.

The devil fiend army suddenly encountered some panic amongst their ranks and no one dared to continue going forward.

Luo Tian looked up at the sky and said with crazy laughter: “Weren’t you guys waiting to see this daddy as a joke? Did you enjoy that show? This daddy’s slap landed right on your faces, so does it feel good? Hahaha...”

Luo Tian was breaking out into a burst of unbridled crazy laughter.

Those experts observing in the void all heard Luo Tian’s words.

They all had ugly expressions on their faces.

It really looked like someone had given them a few slaps to the face.

But...

They still showed a trace of disdainful expression as they continued looking down on Luo Tian. One of the coldly harrumphed: “You think you’re all that just from killing a few devil fiends? This is only the beginning. A piece of trash like you wants to overturn the heavens and change things around?”

“Quit dreaming!”

The voice directly penetrated into Luo Tian's spiritual senses.

Luo Tian's mouth formed a curve before wildly laughing in response. "It looks like a single slap isn't enough. You guys are all old fogeys that have lived for several centuries to a full millennium; your faces are even thicker than the city walls!"

"That's fine as well!"

"This daddy shall give you guys a few more vicious slaps then!"

Without any fear.

Even when dealing with these insufferably arrogant experts, Luo Tian acted without any fear.

Immediately after...

Luo Tian shouted: "Fellow brothers! Countless people are looking at us as if we're a joke! They say we are just a ragtag mob that will collapse at the first blow! We are a bunch of trash that cannot even compare with an egg! It's fine if they don't come and support us yet they are standing to the side and ridiculing us! What do you think we should do?!"

Everyone was staring back and forth at each other.

Feng Lei grinned foolishly as he shouted: "Slap their faces! Slap with all our might!"

"That's right!"

"Slap their faces! Slap them until they die!"

“Viciously slap them!”

Luo Tian smiled in satisfaction. He glanced at his experience bar before shouting: “Nock your arrows! Draw your bows!”

“Ready...!”

Chapter 342 – Super Slaughtering Array

So awesome!

Experience points were flying up.

He leveled up in just a few minutes.

This kind of feeling was simply too great!

When the arrows were nocked, all the martial artists pointed their bows into the air.

A cold harrumph was suddenly heard amidst the devil fiend army.

“Oxhead Devils, step forward!”

“Boom~, boom~, boom~!”

“Moo~...”

Around ten thousand Oxhead Devils rushed forward with utter arrogance. They stood blocking the front and started roaring into the sky. A chilling light was reflecting off their shiny black armor. When dealing with a sky full of arrows, they directly looked down so their backs were exposed. They were planning on resisting just by using their thick skin and flesh.

“Whoosh~, whoosh~, whoosh~!”

The arrows came down like it was raining.

In Luo Tian’s mind, he could only imagine hearing the sounds of arrows fragmenting.

What a miserable sight!

The defensive capability of the Oxhead Devil’s fleshly body was too powerful.

Their fleshly bodies were able to resist the pure powers of a peak Profound Venerable expert, and maybe even an attack by experts at the Profound Saint realm!

“Moo~...”

One after another, the Oxhead Devils roared into the sky as if they were demonstrating their might. It was similar to them saying: “Keep shooting at this daddy if you have the guts!”

Also at this time...

The devil fiend army had regained their rhythm and became unified once again.

“Oxhead Devils shall open up the path! Charge for me!”

“Destroy this Heavenly Sword City and exterminate all the humans inside!”

“Boom~, boom~, boom~!”

It was like tens of thousands of bulls charging in an unparalleled formation!

Luo Tian sneered before shouting: "Change arrows!"

Immediately after...

Everyone started changing to a different type of arrow in unison. This new type of arrow was clearly different from the previous because each arrowhead showed a glimmer of different colored attributes. There was fire, thunder, electric, water...

Arrows with a variety of different attributes!

Luo Tian already assumed in the beginning that the devil fiend army would have devils with an exceptionally strong defense. And these special arrows were prepared specifically for them.

"Hahaha..."

"I already knew you guys would fail. A mere Profound King 6th rank... huh? Why is he at the 7th rank now? Humph, so what if he's a Profound King 7th rank? It's still not much difference to a piece of trash. There's only one outcome when dealing with such an unparalleled devil fiend army, and that's having one's fleshly body devoured and one's soul stripped away. One shall eternally suffer in the devil prisons and never be able to enter the cycle of reincarnation."

When they saw the Oxhead Devils block the thousands of arrows sent by Luo Tian's army...

Many of them started laughing in mockery.

The devil fiend army were clearly enemies of the human race who wanted to kill off every single human. Yet these so called experts were acting like they were relatives to the devil fiends as they kept ridiculing Luo Tian. They kept looking down on him and treating him like a dog.

They wanted to watch Luo Tian make a joke out of himself.

They wanted to see Heavenly Sword City and the Great Tang destroyed.

They never had any thoughts of helping out!

Most likely that thought never even briefly appeared in their minds.

Luo Tian's heart faintly ached a bit as it felt like it was dead. He looked up into the void and helplessly chuckled once to himself.

Immediately after...

His expression changed as raging flames of anger shot out from him. He no longer bothered with those experts observing in the void of space as he shouted: "Nock your arrows! Draw your bows! Fire at your own will!"

"Whoosh~!"

"Whoosh~!"

Those attributed arrows came down.

Continuous sounds of explosions were heard as the thick skin on the back of the Oxhead Devils was blown apart. Their physical defense was extremely strong but when dealing with magical properties, their defense was basically zero. This was exactly their weakness.

Of course...

If Luo Tian wasn't a transmigrator...

If he didn't have many years of playing video games, he wouldn't have thought of this idea.

Seeing how the once insufferably arrogant Oxhead Devils start to flee in panic, the martial artists on the city wall only had dumbfounded expressions on their faces. They weren't actually looking at the Oxhead Devils but were staring at Luo Tian. The degree of worship towards him in their hearts had now reached an unprecedented level!

Worship!

They absolutely worshipped him!

This guy seemed to have the ability to see through everything and come up with countermeasures beforehand. Even when facing these unrivaled devil fiends, he seems to already have ways to deal with them! How powerful was this?!

Too awesome!

An awesomeness that was beyond describing!

Whether it be Profound Spirit martial artists or Profound Ancestor realm experts, they had all started to worship Luo Tian in their hearts.

Also at this time...

The system gave off an alert tone.

"Ding!"

"Congratulations to player Luo Tian for leveling up the War Leader System. You are currently a level 2 Leader."

Mental energy has doubled.

Fighting will has doubled.

“Huh?”

Luo Tian was somewhat happy, “This thing can level up too?”

This was due to the martial artists starting to admire and worship Luo Tian that triggered the system to level up.

Luo Tian didn't hesitate to release the powers of a level 2 War Leader System. He then shouted: “We have smashed apart their powerful momentum twice without losing a single soldier! This is something those Sects or even Immortal Sects cannot accomplish! I am proud of you all!”

“Now...”

“You guys must shoot all the arrows in your possession. Once you're done, my fellow brothers need to immediately get down from the city wall!”

The devil fiend army had been hit hard twice.

This has definitely pissed them off.

The result of them being pissed off means the commanders of the devil fiend army will make an appearance.

The power they possess is something these arrows cannot harm. And because they are so powerful, it would basically be a massacre if they were to rush up to the city walls. There aren't many people currently here with the ability to resist them.

Luo Tian was very clear about this!

This was a monster siege warfare.

Luo Tian has experienced these types of battles countless times.

The way they sent out their troops basically had the same pattern.

And it will most likely be the same as well this time. Luo Tian had seen through everything.

Most likely in the next several minutes, those golden glowing boss devil fiends will be rushing out. Luo Tian didn't want anyone here to be injured. If it was possible, he preferred to protect every single person inside Heavenly Sword City so that's why he gave such a command.

Everyone was puzzled by this.

They were enjoying themselves with the killing yet now they were told to get down from the city walls? What the hell's going on?

Feng Lei had a confused expression on his face but he didn't ask. He believed in Luo Tian, a form of complete blind trust. His thoughts are that even though he doesn't understand the reason for it, all he had to do was just do it!

But...

It was different for other people.

"Prince Consort, why must we withdraw?"

"We were just enjoying the killing and the devil fiend army doesn't even dare to advance anymore. So why are we withdrawing? We should be pursuing the enemies after the victory instead."

“Let us continue killing! We still have the strength to continue the slaughter!”

Luo Tian didn't want to waste time explaining so he shouted: “Everyone, please just believe in me!”

After thinking for half a second...

The crowd then shouted: “We shall listen to Prince Consort! Once everyone finishes shooting their arrows, hurry up and get down from the wall!”

Many people quickly responded.

Everyone started shooting all their arrows towards the devil fiend army. They didn't do a lot of damage but many devil fiends were still injured.

After a short moment...

There was no one left on top of the city walls except for Luo Tian.

“Hahaha...”

“That was really a stupid move to command everyone to suddenly leave.”

“I've seen a lot of trash in my life but I've never seen one so trashy before. This is simply too funny! Hahaha...”

“This kid is basically a complete idiot!”

Luo Tian looked up and faintly sneered. He then said: “What a bunch of retards!”

Also at this time...

Within the devil fiend army, over a hundred brightly glowing devil fiends suddenly shot out.

Those so called experts started laughing loudly in disdain. “Heavenly Sword City is finished! That country bumpkin is way too funny! I was thinking Heavenly Sword City would manage to hold on for a bit longer but didn’t expect such a stupid decision to be made. Hahaha...”

Luo Tian leaped into the air and instantly landed at the center of Heavenly Sword City. He then roared out: “Kill them all for me!”

A powerful stream of energy smashed into the ground.

Multiple thick strands of runes shot out at the speed of light and enshrouded Heavenly Sword City in its entirety!

The Super Slaughtering Array has appeared!

Chapter 343 – Immortal Execution Array

“Profound energy of heaven and earth, power flooding the desolate lands...”

“Profound darkness of the nine serenities, divine palace of the nine heavens...”

“Myriad laws return to one, executing immortals and gods. Immortal Execution Array, activate for me!”

Luo Tian was chanting softly as he looked up at the sky covered by glowing figures shooting towards Heavenly Sword City. Surrounding his right palm was a powerful energy that was slapped onto the ground, causing a large array core to appear on the surface. The array core exploded forth with a series of black rune glyphs before shooting out everywhere like a metal chain. It then started linking up the entire Heavenly Sword City in all directions.

“Ommm~!”

“Ommm~!”

“Ommm~!”

For a brief moment, a ringing sound came from all over the city as beams of profound energy were shooting upwards. If we say the energy wave had shot out over a million kilometers outwards, then every portion of the million kilometers was enshrouded by the ringing noise of profound energy.

It was similar to a temple ringing their bell to denote the time of dusk!

Beams of profound energy were shooting out and random energy waves were bouncing back.

The moment they bounced back, a huge light shield was suddenly seen in the air above Heavenly Sword City.

The thousands of kilometers large Heavenly Sword City was completely enshrouded!

What a terrifying and powerful visual!

At this instance, everyone was completely dumbstruck.

“What is that?”

“This power is too strong and terrifying.”

“My heavens, where did this come from?”

“Is this an array? It looks like some super huge array that’s no weaker than those from the immortal sects. And the power gives one the impression of a wild beast, where just sensing it will make you feel pressured. Where did this come from? Could it be some expert from the immortal sects is helping us?”

“It’s Prince Consort!”

“It must be him! It’s an array that Prince Consort has setup, hahaha... It’s so strong... strong to the point that I feel like crying.”

“Prince Consort, I want to have babies with you! I want to have a lot of babies with you, wuuu~...”

---

There were continuous cries of shock throughout Heavenly Sword City.

If we say Luo Tian’s previous strategic decisions against the devil fiend army made countless people worship him, then this time we can say those people had become Luo Tian’s devoted believers. Looking at this powerful array, these people firmly believed the devil fiend army was unable to charge in here.

Joy!

Incomparable joy! The entire Heavenly Sword City was reveling in joy!

Every one of them was placing Luo Tian as a savior in their hearts. As long as he was around, nothing will happen to Heavenly Sword City.

People were filled with confidence.

As for Luo Tian, his heart felt like it was tightening. Looking up at the sky filled with golden glows charging towards the array, he really had no certainty it could resist.

This array came about from his own research.

The price was all the xuan weapons and treasures inside the national treasury!

With the profound energy inside the xuan weapons and treasures, Luo Tian came up with a corresponding array to combine them together to release their energy. This array was different from the Ancient Dragon Execution Array. The Ancient Dragon Execution Array was limited by his own cultivation level, so he wasn't able to completely display the full power of it. While this new array he gave the name of Immortal Execution Array was clearly different because it wasn't limited by the cultivation level of the person using it. As long as there was enough profound energy, then it could release an endless amount of super killing might!

If a God is blocking the way, kill God! If Buddha is blocking the way, kill Buddha!

Luo Tian hadn't gotten the chance to try it out yet but it should work in theory. That's why he really wasn't sure if the array was going to be useful or not.

If it doesn't work...

Then the loss of the national treasury would have ended up as a complete waste. So many xuan weapons, spiritual treasures, and magical artifacts would amount to the value in the trillions. This was the foundation of the Great Tang's ten thousand years of existence. If those treasures really weren't of any use, then Luo Tian would truly become the biggest sinner of the Great Tang.

"Oh oh?!"

"This kid knows how to engrave arrays? I didn't expect this at all."

"So what if he can engrave arrays? Does he think that by setting up an array to scare three year olds, he can resist the devil fiend army? He's living in a fantasy world if that's the case, and he's really treating himself as Heavenly Sword City's savior."

“Wake up kid! You’re just a country bumpkin hoping to flip the heavens. You practically have all four limbs point at the sky already, just awaiting your own death! Hahaha...”

“It was because of you that Heavenly Sword City has accelerated itself to annihilation, and you want to pretend to be the savior? You are making people laugh themselves to death! You are totally playing the part of an executioner!”

In the void of space...

All those peak Profound Venerate experts along with Profound Saint experts were throwing out a variety of ridiculing statements.

Those voices were exploding around Luo Tian’s spiritual senses making him extremely irritated. It’s fine if they weren’t helping, yet they kept mouthing off sarcastic and irresponsible words off at the side! If they were in front of him right now, Luo Tian wouldn’t hesitate to release his most powerful move on them! He would smash them to the point of not even leaving a piece of underwear behind!

Luo Tian raised his hand at the sky, looked at the folded void spaces and made a single gesture!

He extended out his middle finger!

“Mocking me, huh?”

“Go ahead and enjoy your mocking! Let’s see if you can still continue laughing in a bit!”

Luo Tian roared out in rage.

Immediately after...

His figure moved and was now standing in midair. Luo Tian hiddenly clenched his fists as he watched dozens of golden glowing figures descend. “These are all commander level bosses so it has to work. If all

of them can be killed, then it will definitely be extremely awesome. The loot exploding from their corpses will definitely be..."

"Goddamnit..."

"This daddy can't wait any longer!"

His eyes were just staring at the shooting glows above the array.

The array was created purely by profound energy. It was supposed to have an explosive reaction whenever anyone touches it.

Death by an instantaneous explosion!

Luo Tian felt like this heart had risen up to his throat.

He cannot fail at this time or else Heavenly Sword City will instantly collapse.

And he really cannot afford to fail.

Everyone in Heavenly Sword City was watching him and putting all their hopes on him. If the array cannot resist the devil fiend army invasion, then that last string of hope the citizens were holding onto will completely snap. Their will to fight will definitely decrease to the lowest point possible.

This was exactly the joke that those experts hiding in folded void spaces wanted to see happen to Luo Tian.

They were waiting for Luo Tian to embarrass himself.

They were going to watch how Heavenly Sword City was going to be flattened, and then start mocking Luo Tian. They were going to ridicule his moves; how naive he was; how a mantis was trying to stop a carriage; and how laughable this country bumpkin from Jade Mountain City was.

-----

This time...

Luo Tian felt like he definitely cannot fail!

Luo Tian's heart was shaking as he looked up at the array without moving. He was silently saying to himself: "It has to succeed... it has to succeed... it has to succeed!"

"A mere array wants to resist our Devil Monarch's divine might?"

"Break it for me!"

"Three thousand magical shadows, myriad divine thunder – descend for me!"

"Moving force of the blood sea, utmost paramount powers – break for me!"

"..."

All those golden glowing bosses were using their personal powers to smash their way through.

Each and every stream of martial skill was at or above the earth grade!

And their powers had an extremely fierce attribute!

It contained the rage of being sealed up for ten thousand years! This kind of power was something even Profound Saint experts might not be able to resist.

The sky darkened.

The devilish flames looked like it was trying to devour the sky and all living creatures on the earth seem to be trembling in fear.

Heavenly Sword City is done for!

The devilish flames were enveloping the light given off by the array. Thousands of devil fiends roared in unison and their morale practically shook the heavens!

At this moment...

Heavenly Sword City was shaking violently and everyone's heart was shaking along with it. It was the same with Luo Tian. His brows were frowning tightly and his fists clenched and shouted into the sky: "Kill them for me! Kill! Kill! Kill!"

He roared out the word "kill" three times!

The grim reaper's killing intent inside the array surged out like a flash flood!

The slaughtering array's powers exploded forth!

"Everyone die for me!"

veling Up And Becoming Undefeatable

Chapter 344 – Non-stop Crackling

What does it mean to be a slaughter array?

How can it be called a slaughter array if it doesn't contain killing intent?

The ordinary looking array actually contained a violent killing intent. Once Luo Tian activated the grim reaper's killing intent, the huge array suddenly changed from a white light looking dome to dark blood red. An incomparably huge illusory figure of a grim reaper then appeared above the array.

One hand was holding the book of death.

And the other hand was holding a scythe to reap the dead.

It started gently humming a tune.

A tune that no one could understand yet contain the power of death was heard. The people inside Heavenly Sword City didn't feel anything but those devil fiend commander level figures shook. Their faces had instantly turned pale in fear.

"Whoosh~!"

The huge scythe slashed down.

"Puchi~!"

A head dropped down while the body didn't have any reaction.

The scythe once again made another slash.

Another head of a devil fiend commander was cut off.

The speed was so fast that the eye couldn't follow the movement clearly. One could only sense the devilish flames in the sky was getting weaker while the grim reaper's killing intent was getting stronger.

"Boom~!"

"Boom~!"

"Boom~!"

Those commander level devil fiends who had touched upon the array were being quickly killed off. Devilish flames in midair were being blown apart and a series of corpses cut in half was dropping down.

At this moment...

There was nothing but the grim reaper's path of slaughter!

How terrifying would the energy of the grim reaper's path of slaughter be from all the national treasury's xuan weapons, spiritual treasures, and magical artifacts? Upon watching the devil fiends dying one by one, Luo Tian started smiling while his mind relaxed a bit. He then shouted: "F\*ck! What's so great about the devil fiend army?! Your granny! Keep coming! Keep it coming! This daddy will eat up however many you can provide! Hahaha..."

Immediately after...

His eyes looked up at the void space and started laughing wildly. "Speak! Why don't you guys keep talking? Didn't you say this daddy was going to die? You bunch of cowardly dogs! You all get so scared from these devil fiends that have been sealed up for ten thousand years that you even turn into turtles! It's fine if you don't help yet you stand to the side and ridicule this daddy with sarcastic comments? I want to ask one thing: For someone that doesn't even dare to show their faces, what qualifications do you have to comment on others?"

"Experts?"

“Don’t make me laugh!”

“You motherf\*ckers aren’t even comparable to a pile of dog shit! F\*cking shameful... you should just go home and take a piss so you can take a good look at yourselves! Experts... hahaha...”

Luo Tian was scolding with extreme ridicule.

He was really looking down on these so called experts.

These types of people shouldn’t be allowed to live in this world.

Those experts observing in the folded void space didn’t have any words to respond with. They had an ugly look on their faces like someone had fiercely slapped them tens of thousands of times. The hot stinging feeling was incomparably painful as they had completely lost all face.

They were being despised by a Profound King martial artist to the point of having no room to hide oneself.

Most of them were unable to make a sound anymore!

“Humph!”

“Experts?”

“Dog’s fart more like it!” Luo Tian said with disdain and a cold smile. He then closed his eyes and waited in suspense. He then said internally: “It’s time for the big explosions, heh heh...”

“Ding!”

“Congratulations to player Luo Tian for killing Warlord Black Sprite. You have gained 1,000,000 experience points, 100,000 profound energy...”

“Congratulations to player Luo Tian for gaining an exquisite grade devil core.”

“Congratulations to player Luo Tian for gaining the Dark Sprite’s devil blood. Will you be absorbing it?”

“Congratulations to player Luo Tian for gaining the Dark Blood Fists. Will you be cultivating it?”

“Congratulations to player Luo Tian for gaining the Phantom Cloak.”

“Ding!”

“Congratulations to player Luo Tian for killing Warlord Moon Demon. You have gained 1,000,000 experience points, 100,000 profound energy...”

“Congratulations to player Luo Tian for gaining the Blood Moon Reincarnation skill. Will you be cultivating it?”

“Ding!”

“Congratulations to player Luo Tian for killing...”

“Ding!”

“Congratulations to player Luo Tian for leveling up. Your current level is Profound King 8th rank!”

“Ding!”

“...”

The alert tones were going off like crazy.

It was so crazy that even Luo Tian was about to go crazy himself. He was incomparably excited as he shouted: "Great! This is too f\*cking awesome! Hahaha..."

He has never experienced such a great time like he was enjoying right now.

Myriad Devil was absorbing energy.

The Extreme Yin Divine Pearl was absorbing energy as well.

Luo Tian's own personal powers were increasing explosively.

But the strangest thing out of all of this was those so called devil cores and devil blood were disappearing without Luo Tian's command.

Luo Tian could clearly sense that his other occupation as Devil Sovereign Xingtian was absorbing the energy from the loots of these commander level devil fiends. The devil's fleshly body was also getting stronger, and even Luo Tian could faintly feel it when he was in his human form.

Fierce!

Incomparably fierce!

"Ding!"

"Congratulations to player Luo Tian for killing Warlord Mountain Spirit. You have gained 1,000,000 experience points, 100,000 profound energy..."

"Congratulations to player Luo Tian for gaining the Mountain Spirit's divine skill Shadow Clone. Will you be cultivating this?"

“Shadow what?”

“Shadow Clone?”

“Holy f\*cking shit! Cultivate! Immediately cultivate!” Luo Tian once again entered a frenzied state. There were a lot of martial skills exploding out from the corpses but he didn’t have any intent on learning any of them. This Shadow Clone was an exception that made him extremely excited.

“Ding!”

“Congratulations to player Luo Tian for learning the divine skill Shadow Clone!”

“Way too f\*cking awesome!”

“With this martial skill, no one will be able to resist me when I want to kill someone. Whoever I want to kill will surely die! Once I raise the level of this skill, I can practically take the head of a General amidst their own army. And then I can even retreat unscathed. This is awesome to the max!” Luo Tian was super excited.

This martial skill was similar to where one had to get the hell out of someplace in a hurry.

Except it was magnified by at least 100,000 times!

How can it not be awesome?

After killing several dozens of commander level bosses, there was a series of crackling loot explosions.

Luo Tian felt like his heart was blooming flowers.

Immediately after...

He leaped into the air and instantly landed back at the core of the array. Luo Tian then placed all the loot that had exploded out in front of those martial artists. “These are the presents that the devil fiends have gifted us.”

“These are all good stuff.”

“We are about to take part in a fierce battle so all of you can split this up amongst yourselves. As long as everyone believes in me, we can definitely resist the invading devil fiend army.”

Apart from some martial skills and some special items, Luo Tian had basically brought out the rest.

He was planning on making these good things become useful.

Suddenly...

A huge devilish flame surged into the sky before transforming into a large illusory image!

Devil Monarch Skysoul!

The super boss has appeared...

Chapter 345 – Summoning The Heavenly Sword

A super boss has appeared!

Devil Monarch Skysoul!

He was a broken soul from ancient times that had cultivated for over 100,000 years.

He had been sealed in the Devil Sealing Array for ten thousand years so the rage inside his heart was unstoppable.

There were many people on this continent that knew about him since countless experts had fallen by his hands. His devilish nature, brutality, and his massacres were similar to your typical tyrant.

Except...

Not many people knew how he came to be sealed up in the Devil Sealing Array.

Or why he even went into the Devil Sealing Array, to begin with.

This was already a mystery ten thousand years ago and it still remains a mystery today.

Devilish flames covered the sky.

Devil Monarch Skysoul's huge body directly blocked the entire airspace above Heavenly Sword City. A powerful voice was then heard: "Humph! A mere incomplete grim reaper's path of slaughter!"

As his voice faded...

A huge palm made of devilish flames descended...

Directly smacking down!

"Boom~!"

The illusory grim reaper above the array was instantly shattered by the strike! The gloominess of the Immortal Execution Array returned to its original looks and one could no longer find any trace of the energy of the grim reaper's path of slaughter.

This was just a mere slap!

An array with the power of the grim reaper that Luo Tian had used up over a million profound energy to create was instantly destroyed. The power behind the slap was simply too terrifying! Luo Tian's mind sank while his expression changed. He clenched his fists while saying to himself: "It looks like we won't be able to resist..."

A power that can annihilate the illusory grim reaper with a slap and leave nothing left, most likely even Profound Saint experts weren't capable of doing this. Devil Monarch Skysoul's strength had exceeded Luo Tian's expectation, which meant his cultivation level had truly reached a terrifying level.

But...

Even though Luo Tian's countenance faintly changed, he still didn't feel the slightest fear.

Contrary...

He felt nothing but pure excitement, similar to eating a few Viagra pills. His heart was burning up and his whole body felt like it contained an inexhaustible power.

Because Devil Monarch Skysoul was a boss... a super big boss!

If Luo Tian could kill him...

"Gulp~!"

Luo Tian's drool almost spilled out from his mouth. He then said to himself in agitation: "Those commander level bosses had already exploded with such good loot, then what kind of loots would the corpse of this ultimate boss explode forth with? This is too awesome; this daddy almost cannot hold back anymore!"

This was too tempting!

In the eyes of other people, the devilish flames had blotted out the sky and covered the sun.

But for Luo Tian, the sky was covered in a golden glow that blinded him to the point of barely being able to open his eyes. This kind of feeling was simply too great! It was similar to looking at ten thousand beautiful girls without a piece of clothing on them, and they were all winking and sending out electricity at him. There was only one word to describe this situation – AWESOME!

"Devil Monarch Skysoul!"

"It's really Devil Monarch Skysoul! A broken soul that somehow drifted to Tianxuan Continent, cultivated for 100,000 years, and became an exalted existence after experiencing countless hardships. He was

Tianxuan Continent's number one most brutal devil, and was even more savage than the devil race ten thousand years ago."

"We're done for!"

"Heavenly Sword City is really finished this time."

"F\*ck your mom! With Prince Consort around, there's no way Heavenly Sword City will be finished. He will definitely protect us! If you f\*cking keep spouting words like that, then this daddy is gonna end you guys!"

"That's right!"

"Who can block the devil fiend army you say? No one could resist them ten thousand years ago and we don't even know how they were sealed. Yet Prince Consort managed to stop them outside the city without losing a single soldier. He is the first to accomplish this in the past ten thousand years so we need to believe in him."

A bunch of discussions arose in Heavenly Sword City.

Everyone wasn't as scared as before, and they didn't get scared to the point of losing their will to fight with the appearance of Devil Monarch Skysoul.

The majority of the people chose to believe in Luo Tian.

Because Luo Tian had just created a miracle.

There were too little miraculous events in this world, and the miracle Luo Tian created had given everyone a sense of hope!

"Ding!"

Suddenly...

An alert tone sounded off in Luo Tian's mind.

Luo Tian was a bit confused as said to himself: "Could a devil fiend have lost too much blood that led to their death?"

He then focused on the rest of the message.

"Ding!"

"Congratulations to player Luo Tian for leveling up the War Leader System. Your current stage is level 3!"

Mental energy has increased by two times, fighting will has increased by two times, the ability to call to arms and cohesion strength has increased by two times!

"Ding!"

"System Alert: Once the War Leader System rises to level 5, user may activate the Heavenly Sword once!"

"Huh?"

"What what? What's going on?"

"Heavenly Sword?!"

"What's this Heavenly Sword? Your sister you damn system, you better speak clearly with this daddy! What Heavenly Sword are you talking about?" Luo Tian was currently filled with shock. For the War

Leader System to level up, having the mental energy, fighting will and other stuff increase was very normal.

But once the War Leader System rises to level 5, it can actually summon a Heavenly Sword?

Could it be the Great Tang's legendary Heavenly Sword?!

A super divine flying sword that's capable of killing anything on this world?

This...

"Gulp~!"

Luo Tian swallowed his saliva down a few times before talking to himself enthusiastically: "I knew it! I knew it! Hahaha... My cultivation level is only at the Profound King 8th rank, and even if I reach the Profound Saint realm, there's no way I can be an opponent to Devil Monarch Skysoul. How am I supposed to resist the devil fiend army?"

"Sure enough..."

"As long as I can raise the War Leader System to level 5, I can summon the Heavenly Sword and then slash Devil Monarch Skysoul's anus until it explodes into the sky! So awesome! This daddy is going to be rich! Hahaha..."

Excitement!

Incomparable excitement!

Except...

When Luo Tian tried looking up more details on leveling the War Leader System, he became depressed.

There weren't any hints.

Not even a little tiny bit of a hint. If he didn't know the conditions for the system to level up, then how was he going to go about it? How was he going to summon out the Heavenly Sword?

Luo Tian became angry as he started scolding all eighty-one generations of the system in his heart. "Your sister, you damn system! Your whole family are little sisters!"

At this time...

Those experts hiding in the void started mocking once again.

"Devil Monarch Skysoul has appeared! Damn country bumpkin, go ahead and act arrogant! Why aren't you acting arrogant now?"

"This trash will definitely die now that he has appeared."

"You really think you're all that after blocking a few devil fiend commanders? Becoming conceited with your short-lived success? This daddy wants to see how you keep acting arrogant when facing Devil Monarch Skysoul! I want to see how you're going to protect your precious Heavenly Sword City now! Hahaha..."

Ridicules!

Those sounds of ridiculing were once again detected by Luo Tian's senses.

Luo Tian had become annoyed once again.

He clenched his teeth to the point of making cracking sounds as he remembered each and every one of them. He had those insulting and ridiculing words etched into his heart as he said internally: "You bunch

of cowards just wait and see for this daddy. There will surely be one day when I will meet you guys again and by that time, it will be the day of your death!”

Suddenly...

“Boom~!”

“Boom~!”

“Boom~!”

A series of explosions were heard in the sky as if it was about to rip apart.

The huge devilish flames had condensed into a ferocious bestial figure. Those eyes that were similar to black holes were now glaring at Luo Tian.

Being stared at by those eyes, Luo Tian felt like he had nowhere to hide and could only stand there completely naked in front of him. This feeling was extremely uncomfortable.

Devil Monarch Skysoul’s voice had lowered as he asked: “So you’re Luo Tian?”

Chapter 346 – I’m Sorry But I Want You To Explode

“So you’re Luo Tian?”

The voice sounded very calm.

It sounded like a question from a stranger.

The voice didn’t seem to contain any powers and was just a simple question.

But...

The words spoken by Devil Monarch Skysoul were very simple to himself but not for Luo Tian.

Luo Tian's body sank down while his fists were trembling. The voice actually contained a powerful energy that forced his body into a bent and almost kneeling position!

"Level 5 Berserk!"

"Boom~!"

Luo Tian couldn't handle that power and had to immediately activate level 5 Berserk. The power of 32 times his base attribute coursed through his body allowing him to barely resist. His expression turned fierce as he coldly harrumphed: "That's right! This daddy is called Luo Tian, and what damn thing are you?!"

Once those words were spoken...

Everyone's expression changed in unison.

Those experts in the void were laughing to the point of being unable to close their mouths!

"What an idiot!"

"Hahaha... he's truly a retard!"

"He actually dares to say such words to the Devil Monarch? I bet you shit has really entered his brain or he feels like he has lived on this world for too long. Hahaha..."

In the entire Tianxuan Continent, there wasn't a single person that would dare to use such words with Devil Monarch Skysoul!

Luo Tian was practically an existence wishing to court his own death!

Luo Tian maintained an extremely arrogant and domineering expression on his face.

Since this guy wasn't giving him face, why should he give the Devil Monarch any face in return? The first thing after appearing was to make Luo Tian kneel before him? Since that's the case, why would he need to present a good impression towards this Devil Monarch?

F\*ck you!

He already saw through life and death so he was going to do live the life he wanted!

One lived their life to be happy. Being oppressed and forced to kneel on the ground to the point of not daring to let out a fart... what's the point of continue living like that?

This was the thought process of a transmigrator!

Luo Tian had a heart different from the masses; one of uninhibited arrogance. Not to mention facing Devil Monarch Skysoul, even if he was facing Heaven itself, he would still not give the Heavens any face. He would still maintain his disdain and arrogance!

This was Luo Tian's character!

"Wahahaha..."

"Hahaha..."

Devil Monarch Skysoul wasn't angry and actually started laughing loudly.

His laughter no longer contained any of his powers to oppress Luo Tian.

Once Devil Monarch Skysoul had ceased his laughter, he then said calmly: “No one has ever dared to say such words to me before and it so happens to be someone of the human race. Not bad, not bad at all.”

“Kid!”

“I appreciate your character! Come under my command and I guarantee that I can give you ten to a hundred times more benefits than what the human race can give you. I will also bring you out of this continent and allow you to see how truly colorful this world can be!”

What he was implying was the ancient world!

Last time when Luo Tian’s spiritual senses was taken to the ancient world by the ancient huge devil, he was already captivated by it.

It was definitely more colorful than the Tianxuan Continent!

Everyone became dumbstruck.

Not only did he not get angry, but he wanted Luo Tian to join him?

This...

Everyone had shocked expressions on their faces.

The experts hiding in the void all had ugly looks on their faces and had a trace of fear rise up from their hearts. They were afraid that if Luo Tian really joined the devil fiend army, he might start chasing them down one by one. At that time, they would most likely...

Their hearts sank.

They didn't even dare to breathe loudly.

It was the same with the people inside Heavenly Sword City.

They were afraid Luo Tian would agree to join Devil Monarch Skysoul's side. If that was the case, Heavenly Sword City's last ray of hope will be gone!

No one said a thing while only staring at Luo Tian without moving.

Their eyes were urging him to stay.

So no matter if it were the martial artists of Heavenly Sword City or the experts hiding in the void, all of them were afraid Luo Tian would join the devil fiend army. Devil Monarch Skysoul was just too powerful, and joining him would allow that person to attain whatever they wanted!

Moreover...

It wasn't hard to tell from Devil Monarch Skysoul's tone of voice that he really valued Luo Tian!

Luo Tian faintly smiled and replied calmly: "I'm sorry but I don't appreciate you!"

"Waaaaaa!"

"Long live Prince Consort!"

"Hahaha... I knew Prince Consort wouldn't abandon us!"

The people in Heavenly Sword City were so moved that they were about to cry!

Tears were swelling in their eyes!

Those experts in the void had a face full of smiles. They were silently laughing at Luo Tian for being an idiot, and the large rock weighing on their hearts were gradually removed. There was no longer any need to fear the unimaginable.

As a matter of fact...

If they were to know Luo Tian's internal monologue, they would be even more shocked!

Luo Tian's original words in his heart were: "I'm sorry but I want you to explode!"

Of course, he didn't say that out loud.

That's because Devil Monarch Skysoul didn't speak to him in a condescending tone.

But now Devil Monarch Skysoul was a bit annoyed.

For the past several tens of thousands of years, he had never spoken such words to a human before. And this was to a martial artist only at the Profound King realm. That kind of strength to him was even lesser than an ant. The reason he appreciated Luo Tian was because he had very strong abilities!

He knew battle strategies.

He knew how to set up arrays.

And he had an unyielding heart. His cultivation wasn't strong but this was the first time in tens of thousands of years that Devil Monarch Skysoul felt that a human's potential was so deep that it was bottomless.

The moment he appeared, he wanted to completely see-through Luo Tian.

But he found that no matter what abilities he invoked, he wasn't unable to see through Luo Tian's talents and potential.

Using the words of Blindman Liu, Luo Tian was an existence whose fate changed every day. Not to mention see-through, one could not even scratch the surface of obscurity.

Everyone had their own fate!

This was a rule of the heavens that no one can escape from. Many people just lived their life according to what they were fated for. Luo Tian was different since he didn't believe in fate and only believed in himself. Fate was laying down plans for him each day but he managed to break them every day.

Devil Monarch Skysoul's gaze faintly changed as the devilish flames around him slightly swelled up. He then said: "You will reach unimaginable heights if you follow me. I am giving you this one chance, which is also the only chance I will be giving you. I consider this as giving you a charity."

Luo Tian was about to say something when...

For some unknown reason, Devil Monarch Skysoul interrupted him and said: "Don't be hasty in giving a response. I will give you a full day to think it over. One day later, your response will determine your fate and the fate of over ten million lowly humans of Heavenly Sword City!"

For some strange reason...

He was a bit afraid of Luo Tian's rejection.

He felt like he saw the shadow of a supreme expert of the ancient world behind Luo Tian!

Was this some sort of hallucination?

Devil Monarch Skysoul wasn't sure about it. What he was clear on was that youths were usually hot-blooded and vigorous, so their immediate answer would usually be irrational. But when given more time to think about it, they would generally realize what the most sensible choice was.

Therefore...

He gave Luo Tian time to consider.

He believed Luo Tian was an intelligent person and would make the right choice.

After saying that...

Devil Monarch Skysoul disappeared along with all the devilish flames. The bright blue sky appeared once again as if nothing had happened!

Luo Tian stood there frozen in place.

Everyone was staring at him. Their hearts that were feeling relief had once again felt like it was dangling off a cliff.

Luo Tian faintly smiled and said: "Don't worry, I won't leave you guys. Tonight will be our last chance to make preparations because tomorrow will be a huge battle!"

Seeking refuge with Devil Monarch Skysoul?

What a f\*cking joke! How is this daddy going to get his loot explosion by jumping to his side?!

Chapter 347 – Brothers, Women!

One day's time is very short, to the point of being unable to change anything!

Luo Tian was very clear on this.

Who knows what they will be facing the next day?

The Immortal Execution Array was capable of killing those commander level bosses, but Luo Tian had a feeling that it wouldn't even stop a single move of Devil Monarch Skysoul's.

Did someone really sabotage the Devil Sealing Array so that the devil fiends could escape?

Or should we say...

Those devil fiends haven't stopped attacking the seal for the past ten thousand years?

If the Devil Sealing Array couldn't block Devil Monarch Skysoul, then Luo Tian's Immortal Execution Array was just a complete joke. There's no way it could resist him!

In just one day of time...

The fate of Heavenly Sword City would be determined!

It will definitely be an uphill battle!

Luo Tian had to be fully prepared for this!

In the main square, everyone was staring at Luo Tian. This place was no longer separated into districts, experts or weaklings, the rich or the poor, nor Sects or schools. The only people here were the citizens of the Great Tang!

Their hearts were extremely touched.

They were thankful for Luo Tian staying here.

They were thankful for everything he has done so far. If it wasn't for Luo Tian, Heavenly Sword City would've long become a dead city by now.

Luo Tian stared at everyone and momentarily didn't know what to say.

At this time...

The huge square contained over several hundred thousand people. Not a sound could be heard as the crowd silently stared at one person while waiting for his command.

Luo Tian lightly cleared his voice since he had to at least say something during this time.

He opened his mouth several times but felt like there was something clogging his throat and words wouldn't come out.

Eventually...

Luo Tian faintly smiled and said: "Everyone should go back early and rest up. Revitalize your spirit and prepare for tomorrow's battle. We may all die tomorrow, but humans live their lives to be happy and free. Even if we have to die, we cannot let them have an easy time. If you happen to fall, know that behind us are countless citizens of the Great Tang are still inside Heavenly Sword City. They too will lose their lives. So no matter what happens tomorrow, we must fight for ourselves, our family, and our nation. So we shall fight until we die!"

"Fight until we die!"

"Fight until we die!"

"Fight until we die!"

Their voices shook the skies!

Under Luo Tian's campaigning, the large group of people gradually receded while chanting. The only people remaining in the huge main square was Feng Lei and the others.

Feng Lei's brows were locked up. He had wanted to say something for a long time but held back. He understood that his words weren't appropriate for the current environment. Now that everyone had left, he had no scruples speaking his mind. "Boss, you should join Devil Monarch Skysoul and leave this place."

Xuan Yuanyi also stood forward and said: "What brother Lei said is right. Boss, you should join Devil Monarch Skysoul and leave. Don't hold back because of us..."

Blindman Liu also walked forward and said: "Devil Monarch Skysoul comes from the ancient world. Holding onto a mere shattered soul, he cultivated for over 100,000 years. He has experienced countless calamities yet still managed to stay alive. Ten thousand years ago, all the myriad races united together and still wasn't his opponent. He has never invited anyone from the human race to join him before, not to mention showing appreciation. Dragon head, Devil Monarch Skysoul really favors you. He can bring you with him to reach a world that we cannot even think of reaching. That world is the one that you truly need while we are just the anchors keeping you back. Agree to his request. In our world of the martial dao, the weak will always be prey for the strong, and the strong will always be respected. No one will hate you because of your decision, and there's no need to think about us..."

As his words reached this point, Blindman Liu couldn't help but start choking up.

Tang Jiu also stood forward and said: "You have done a lot for the Great Tang already. If it weren't for you, we would be all dead right now. Luo Tian, just comply with his invitation. I won't blame you, and the old ancestor won't blame you. Once you become a member of the devil fiend army, you will be able to accomplish a lot of things."

"Shattered Sky City's Murong Wanjian..."

"Soul Hall Violet Organization's Li Xue'er..."

“The places you deeply hate that includes the Sea Cloud Sect, Southern Mountain Sect, Heavenly Plume City, and that ten year agreement you had with the Outer Heavenly Palace’s Long Wang at the Profound Saint realm; you can have Devil Monarch Skysoul help you achieve all that you desire. As for us... heh heh...” Tang Jiu chuckled before continuing: “We are only your baggage. I was your baggage at Dark Mountain Corpse City, it was the same in northern city, and I currently still am. We are truly very tired!”

Tang Tang and Qin Yue’er didn’t say anything and just looked at Luo Tian.

From their eyes, Luo Tian could clearly see that they hoped he would agree to join Devil Monarch Skysoul as well!

An Chunchun blinked a few times while looking at Luo Tian. “Big brother Luo Tian, you need to continue living. You need to live a good and brilliant life. We will all pray for you when we are in heaven, hee hee...”

An Chunchun smiled.

She was smiling very happily.

When Luo Tian looked at her innocent smile, he didn’t know why but tears just started streaming down his cheeks. He clenched his fists multiple times while his nails were embedded into his palms. He maintained that strength while clenching his teeth to the point of hearing cracking sounds. He then said heavily: “I’m sorry!”

“I made you all worry because of my lack of abilities!”

“I made you all worry because I don’t have the strength to protect you all!”

“I’m sorry! I am truly very sorry!”

Luo Tian didn’t know what else to say.

It was like his last line of defense inside his heart had shattered.

Looking at his brothers and his women; looking at the cute and innocent An Chunchun; Luo Tian's heart felt like countless of sharp arrows had pierced through it.

His anxiety had already been stretched to its limit when facing Devil Monarch Skysoul.

From the first day that he had arrived in this world, he had always been forcing himself. He desperately cultivated just to achieve more level-ups. He wanted to live a more colorful life in this world. He wanted to live life like a real human being.

He wanted to adventure together with his brothers in this world.

He wanted to slowly get old with the women he loved in this world.

He was very tired!

Very tired! Tired to the point that even he himself didn't know how tired he was.

But...

With these brothers accompanying him, he was also very happy. He desperately tried to cherish this hard-won brotherhood!

With all these confidantes by his side, his heart was warm and fuzzy creating a feeling of happiness. Even though he was still a virgin, he still truly felt that he was very fortunate.

For his brothers!

For his women!

He could only desperately hold onto his persistence.

Hearing Luo Tian's continuous apology, everyone couldn't hold back their tears anymore. Tang Tang, Qin Yue'er and the other girls started faintly sobbing. Especially Tang Tang; her father died in the battle so her tears were practically empty. Now that Luo Tian kept apologizing to them, her heart felt like it was about to shatter again.

Immediately after...

Luo Tian's mind tightened as he ceased allowing his tears to come out. He then said in a very serious manner: "You guys aren't a burden to me. You are people that I'm proud to have, my everything. Without you guys, I will be nothing."

"There's no way I will agree to join Devil Monarch Skysoul!"

"Believe in me!"

"Just like how you guys believed in me in the past; I will definitely create a miracle!"

"We still have one last day so let us go crazy without anything holding us back!"

Everyone raised their head to look at Luo Tian. Everyone was clenching their fists as their hearts became entwined with each other!

They were reminding themselves that they had to work hard in their cultivation. They had to desperately raise their cultivation levels in order to help Luo Tian lessen his burden. Only then can they accompany Luo Tian to walk further down his path.

Suddenly...

A system alert tone suddenly sounded off in Luo Tian's mind!

“Ding!”

“...”

Chapter 348 – Leveling Up Like Crazy

There was a sudden system alert tone.

Luo Tian’s mind lightly trembled as he waited silently.

“Ding!”

“Congratulations to player Luo Tian for leveling up the War Leader System. You are currently at level 4!”

“Huh?”

“Leveled up?”

Luo Tian was almost dumbstruck. Suddenly leveling up was just too out of his expectations. Since he was currently at level 4, that meant he only had one more level to go in order to summon the Heavenly Sword and use it once.

At that time...

This was an item that can f\*ck someone over big time!

Luo Tian grinned ferociously as his blood started boiling.

“What’s going on boss? Is it another expert hiding in the void mocking you?” Feng Lei couldn’t help asking when he saw Luo Tian’s ferocious smile.

Luo Tian waved his hand and said: "They're just a bunch of dumb idiots so there's no need to bother with them. When I have the chance, I will definitely visit them one by one to have tea with. By that time, I will definitely have them pay back today's insults and ridicules."

"This is our last night."

"You guys go back and rest up." Luo Tian looked at everyone's exhausted countenance and felt a bit of heartache. Especially so for An Chunchun and her sleepy face. She was trying to forcefully keep her eyes open and looked like she could fall asleep any second.

Qin Yue'er then asked: "What about you?"

Luo Tian looked at the spiritual herbs in the square that was stacked high like a mountain and replied: "I need to make some preparations for tomorrow's big battle. There's no need for you guys to stay behind because you won't be able to help me. Just go back to rest and restore your mental energy. Tomorrow, we will kill to our heart's content."

"Ninth brother, Fatty, Xuan Yuanyi, Blindman, you four stay behind for a bit while the others go back to rest."

Luo Tian had to make some preparations.

The Immortal Execution Array won't be able to block the devil fiend army since Devil Monarch Skysoul's strength was too great. Once that guy becomes enraged, there's definitely no way anyone can block him. Luo Tian can only drag things along and find a chance at turning things around.

Tang Tang and the others didn't demand to stay behind and just silently left the place.

Even though these girls were unwilling, they didn't want to give Luo Tian any more trouble than what he already had.

To Luo Tian, the task now was for the men while the women can just stand to the side and watch.

Only five people were left at the main square.

Luo Tian brought out all the attributed demon cores he had left on him. He also brought out over ten thousand xuan weapons that he had forged in the national treasury previously and piled it in front of him. He then said: "Arrange these according to my instructions and don't make a single mistake."

"The protective array for the city will definitely be unable to block Devil Monarch Skysoul, so it's only a matter of time the city is broken through. Therefore, the big battle we're facing will be brought inside Heavenly Sword City. My plan is to turn Heavenly Sword City into a place where over ten thousand small slaughtering arrays will be stationed at various locations."

Tang Jiu's brows quivered as he excitedly asked: "Making Heavenly Sword City house over ten thousand small slaughtering arrays... how on earth did you come up with that? This is crazy! What kind of name are you going to call this battle tactic?"

Luo Tian was in thought for a while before saying with a smile: "Landmine Warfare!"

"Landmine Warfare?"

"What the hell is a landmine?"

"Dragon head, how come all the stuff you come up with are all so weird yet so effective?"

They all asked with curiosity.

Luo Tian didn't explain and just urged: "We don't have much time left, quickly go prepare. You've all seen the patterns clearly so don't make any mistakes in arranging it. If you set the thing up wrong, the array won't be able to release any of its powers."

"Don't worry!"

“We’ll be off now.”

Luo Tian looked up into the night sky and started smiling in excitement.

The entire city will be filled with the Hell Lotus Arrays. Once someone enters it, it will trigger nine illusory lotuses. The killing power of the array isn’t very strong, but it can at least delay the devil fiend army. Apart from the Hell Lotus Array, there is also countless miniature Ancient Dragon Execution Arrays.

As long as someone enters the array, it will be similar to stepping on a landmine. Even if the explosion doesn’t kill you, it can still at least make you disabled!

Luo Tian ideas had always been on the crazy side.

How can it be not crazy when he’s even using landmines as a tactic?

“Fuuu~...”

When Luo Tian looked at the spiritual herbs piled high like a mountain, his gaze sank while saying to himself: “Medicinal pills are similar to the support of mana and health potions. I can take care of myself but those martial artists can’t do without the pills. There will definitely be a lot of casualties tomorrow so I need a lot of medicinal pills...”

“I should first try to concoct as many Profound Burst Pills as possible!”

After summoning out the Green Dragon Cauldron, the speed of Luo Tian’s hands were moving at exceptional speeds. He tossed several spiritual herbs with the properties he wanted into the cauldron; circulated his profound energy; and activated the alchemy skill of Xiao Yan. The medicinal fragrance started spreading about as rich profound energy gushed out.

“Ding!”

“The Profound Burst Pill was successfully concocted!”

“Ding!”

“The Profound Burst Pill was successfully concocted!”

“Ding!”

Luo Tian didn't stop for a single moment.

No matter if it were concocting medicinal pills, forging, or engraving arrays, they all used up a lot of mental energy. Most Alchemists and Forging Masters would only create several items each day and wouldn't over refine things. The reason being that crafting truly used up too much of one's energy.

But for the current Luo Tian...

He was similar to an assembly line of machines that didn't stop moving. He had raised his speed to the maximum and had practically gone crazy with his refinement!

He had no time to rest, not even a second. The people in Heavenly Sword City were looking at him. Those experts in the void were looking at him. Luo Tian didn't want to disappoint the people of Heavenly Sword City. He didn't want Tang Zhanlong to have died without meaning, and he definitely didn't want the Great Tang to be annihilated. The last main point – Luo Tian really wanted to fiercely slap the faces of those experts in the void. It would be best if he could slap them to the point that they couldn't even breathe normally!

“Ding!”

“Congratulations to player Luo Tian for leveling your Alchemy skill. You are currently at level 7!”

“How f\*cking fierce is this daddy for my alchemy skill to have reached level 7?!”

Luo Tian faintly chuckled to himself before delving back into concocting more medicinal pills.

He was going all out!

The large mountain of spiritual herbs gradually decreased and became a large pile of medicinal pills behind Luo Tian. All the medicinal pills had reached an exquisite grade and were of the highest quality. At the minimum, the medicinal potency of the herbs had been fully drawn out.

“Fuuu~... fuuu~...”

Several hours later.

Luo Tian had a sleepy-looking face and the beads of sweat on his forehead were the size of soybeans. They slowly rolled off his face, and his clothes were already completely soaked. Looking at the still quite a lot of spiritual herbs left, Luo Tian clenched his teeth and said: “Another one!”

Constantly training!

Leveling up like crazy!

When Luo Tian went crazy, he looked like a madman at the peak of insanity.

The burden he was carrying was too heavy.

For tomorrow’s big battle, he practically had to throw his life on the line.

In the depths of the imperial palace.

The old man Tang Qingtian looked like he was weeping bitterly as he observed Luo Tian. It has been many years that he hasn’t even shed half a drop of tear. Even when his father and his sons died, he didn’t shed any tears. But the currently him couldn’t hold back anymore as a tear swelled in his eyes.

He was moved by Luo Tian.

“Child, it’s been hard on you.”

Suddenly...

That sound transmission entered into Luo Tian’s mind.

Luo Tian smiled and replied: “Old Senior Tang, this is something I should be doing.”

He owed the Great Tang.

Even though this country didn’t take a significant place in his heart, he owed the Tang family a lot.

Therefore...

He will even use his life to pay them back!

Tang Qingtian softly said: “Stop for now. I’m going to pass the control of the Great Tang’s dragon vein imperial qi over to you.”

Chapter 349 – Everyone Going Crazy

“Don’t!”

“You mustn’t do that!”

Luo Tian rejected it without hesitating.

The imperial qi from the dragon vein was the power of a country's fortune. If he happened to accidentally damage it, the country itself might...

Luo Tian really didn't want to imagine the consequences.

Therefore he directly rejected the idea without even thinking about it.

Tang Qingtian's voice lowered as he somewhat shouted: "There's no way I can exit out of closed door seclusion right now. And even if I can exit, I am not Devil Monarch Skysoul's opponent. I can only rely on you for everything. I am very clear on how heavy the current burden is on your shoulders. Tomorrow will be an unprecedented big battle. If you lose, Heavenly Sword City and the Great Tang Dynasty will cease to exist. Since that's the case, why are you still hesitating about it? Imperial qi from the dragon vein is something that was created since the birth of the Tianxuan Continent. It is extremely huge and even I am unable to determine how large it is. I am also unable to fully control it. I might as well let you control it since it should be somewhat useful on the battlefield."

After consuming his life source...

Tang Qingtian was very clear that even if he made an appearance, he wouldn't be Devil Monarch Skysoul's opponent.

He was currently very weak and needed time to recover.

If...

He made an appearance and then dies, the morale of the Great Tang citizens will collapse by a half. Even an old ancestor at the Profound Saint realm cannot do it, then who will have the ability to resist the devil fiend army?

Luo Tian opened his mouth in an attempt to reject again.

But...

Without giving him a chance to speak, Tang Qingtian's brows quivered and a stream of dragon's might was released. He then sternly lectured: "Child, it's about to begin. Harmonize your heart and mind as one, and don't have any stray thoughts. I believe in you. The citizens of the Great Tang also believe in you. You will definitely save Heavenly Sword City, just like how I believe that you still step on Long Wang in ten years time!"

"Roar~!"

Reverberating into the sky was the sudden sound of a dragon's roar from the depths of the imperial palace.

An image of a true dragon made up of imperial qi rose into the sky.

In a flash...

The huge dragon's head directly descended straight for the top of Luo Tian's head.

"Boom~!"

"Boom~!"

"Boom~!"

A series of explosions were heard coming from Luo Tian's fleshly body while he was shaking from head to toe. The imperial qi was quickly modifying Luo Tian's fleshly body, continuously making it stronger and stronger. His whole body was currently being enshrouded by a golden aura.

At this moment...

The golden aura suddenly shot into the sky!

The dazzling light was so eye-catching that the entire Tianxuan Continent could see this golden glow!

“He’s gone nuts!”

“That old fogey Tang Qingtian has truly gone nuts! He actually passed on the Great Tang’s imperial qi fortune to a country bumpkin! Did he lose his mind from getting so old? And what qualifications does this kid have to possess the country’s imperial qi powers?”

“Damn dog thing! That damn dog thing is simply too lucky! He actually received the Great Tang’s ten thousand year old fortune’s might! What gives him the qualification to get that power?”

“What the hell is Tang Qingtian thinking? Does he really think this piece of trash can save the Great Tang? From the way I see it, he’s gone completely bonkers!”

Sea Cloud Sect.

Daoist Huang Yun was faintly stunned before laughing uncontrollably. He was loudly mocking: “That old fogey Tang Qingtian has truly lost his mind! He actually passed the country’s imperial qi fortune over to a Profound King trash! Hahaha... it looks like the Great Tang is really going to be destroyed this time.”

Immediately after...

Daoist Huang Yun turned to look at Nangong Jue and said: “Sect Leader, it’s time we made our move.”

“Father!”

“You must take revenge for me! You have to kill Luo Tian with the cruelest method you can think of and then chop that damn whore Tang Tang into a thousand pieces!” It’s been a little more than a month now and Nangong Hao still had a pale looking face while his body didn’t seem to have any strength to it.

Daoist Huang Yun said with a faint smile: “There’s no need for us to make a move because he’ll still end up dying. Even if Luo Tian gains the country’s imperial qi fortune, he still won’t be able to resist Devil

Monarch Skysoul. The city will definitely be broken through tomorrow and not a single blade of grass in Heavenly Sword City will survive.”

Nangong Jue’s expression turned cold as he said: “Send out my commands: All battle hall disciples will set off with me in one hour!”

Daoist Huang Yun smiled excitedly and replied: “Orders received!”

Nangong Jue stared into the night sky at the golden beam of light. His eyes turned cold as he said: “No matter if you can resist Devil Monarch Skysoul or not, the Great Tang must be destroyed. Your Great Tang in the Tianxuan Continent has lived long enough so it’s about time for it to fall!”

-----

Around the same time...

Many different people and Sects had started taking action.

Once the disciples were gathered up, they would then set off towards the territory of the Great Tang.

And for those small countries that had been oppressed by the Great Tang for thousands of years, their commanders were similar to wolves as they killed their way across the Great Tang’s territories.

Soul Hall.

Soul King’s brows were lowered. He was in thought for a while before he softly said to himself: “Tang Qingtian, don’t you think your gambling stakes are a bit too big?”

Inside the Dark Cage.

Li Xue’er was able to sense the might of the country’s surging imperial qi fortune.

She was happy and sad at the same time. She was happy for Luo Tian because receiving the country's might meant that his cultivation will increase greatly.

At the same time...

She was also sad...

Because of her mother!

Her mother had lied to her and didn't ask the Soul King to send out reinforcements. Perhaps we can say the entire Soul Hall had no intention to save Luo Tian in the first place. She might just be one of the many chess pieces inside the Soul Hall, and this feeling made her really uncomfortable.

She was beginning to hate this place more and more.

This hate was coming from deep within her heart.

Presently...

Li Xue'er wasn't attacking the cage like before and was sitting down cross-legged. Starlight power started rising out of her body and drifting towards Luo Tian before mingling with the imperial qi.

She...

Was trying to integrate starlight powers with the country's imperial qi, so that Luo Tian could benefit from two unparalleled powers!

Luo Tian went crazy.

Tang Qingtian went crazy.

And now

Li Xue'er was accompanying Luo Tian in being crazy as well!

"Boom~!"

The country's imperial qi of fortune suddenly gave off a comfortable moaning sound.

Tang Qingtian's eyes widened. He became ecstatic as he said: "Kid, you have to endure it because someone is transmitting starlight powers to you. This kind of power is out of this world and is much stronger than the country's imperial qi."

Luo Tian was startled and immediately thought of Li Xue'er!

His emotions of missing her immediately gushed out.

"Xue'er, how are you doing right now?"

"Don't let your mind wander!"

"Focus all your efforts on accepting these two powers and throw away all distractions. Otherwise, you will injure yourself and her, do you understand?" Lectured Tang Qingtian.

Luo Tian immediately ceased his emotional thoughts and relaxed his body, allowing the two powers to enter him at a crazy pace.

His fleshly body was constantly being transformed.

Internal organs, mind, sea of consciousness, muscles, bones, blood cells, and even his pores were crazily undergoing a metamorphosis. The tiredness Luo Tian was feeling was completely wiped away as his body felt like it contained an endless amount of energy.

These two powers...

One power was similar to the earth's raging sea.

The other one was similar to the countless powers from a starry sky.

At this moment...

Luo Tian was completely boiling in excitement.

Chapter 350 – Living And Dying Together

“Boom~!”

A loud sound was heard in the sky.

“Boom~!”

A loud sound came from inside Luo Tian's body.

The two powers disappeared. The inside of Luo Tian was similar to the power of the sea as it continuously churned and smashed into the shores. He has never felt such power before so he was feeling extremely excited.

He gently clenched his fists.

“Bang~, bang~, bang~!”

The space around his body started distorting before exploding with power. Traces of terrifying black lines appeared like space was being shattered.

“Too strong!”

“The two powers have fused together perfectly!” Luo Tian ecstatically rejoiced.

Indeed...

One was the Great Tang’s fortune that had been amassed for ten thousand years, so how can it not be powerful?

The other one was the power of the stars seen in the sky, so how can it not be powerful?

These two powerful forces fused together and entered Luo Tian’s body. His own strength had been increased at an unprecedented level, so how can it not be powerful?

These two powers were something that would make anyone cry in amazement!

Luo Tian was excited to the max.

-----

Outside Heavenly Sword City.

Devil Monarch Skysoul was observing from the void. His expression faintly sank as he sent out his spiritual sense in order to send a voice transmission. “Kid, I gave you a chance so I hope that you will value it. Do not make any foolish decisions.”

“This will be the only chance I’m giving you!”

“A mere country’s imperial qi of fortune and an incomplete starlight power aren’t things I put in my eyes. In the ancient world, these two energies are something people don’t even care about. You shouldn’t be thinking of having a chance to fight with me, because you are still too weak!”

The voice entered Luo Tian’s mind.

Devil Monarch Skysoul’s voice was very calm.

He was advising Luo Tian do not do anything stupid.

Only following him is the only choice that will lead Luo Tian onto a brighter path.

This was also a warning to Luo Tian that his newfound powers were not worth mentioning in his eyes!  
When comparing yourself to me, you are practically beyond weak!

Luo Tian was naturally clear on this so he only faintly smiled without saying anything in response.

He just continued crazily working on the spiritual herbs that were leftover.

His speed was much faster than before.

The medicinal pills had also become more effective than the previous ones.

This was the enhancement he received from the starlight and imperial qi powers.

Devil Monarch Skysoul closed his eyes, retrieve his spiritual senses and said to himself: “I hope you will make the correct choice, otherwise...”

“Devil Monarch!”

“Why are you treating a human with so much favor? There’s not a single good human out of them all! If it wasn’t for that sinister and despicable human, we wouldn’t have been imprisoned in the Devil Sealing Array for over ten thousand years! Humans are not good things!”

“The words of General Dark God are true!”

“Humans are more terrifying than the ancient black cave. You give them an inch and they will try to take a mile. This kid has some abilities but he’s only at the Profound King realm, he isn’t qualified to accompany Devil Monarch in traversing the world.”

“That’s right! For a human that’s as weak as an ant, having Devil Monarch give him a chance at living is already considered his greatest honors. Having to think about it is practically a rejection, which is considered a huge insult!”

All the devil fiend commanders couldn’t understand their monarch.

They have followed Devil Monarch Skysoul for many years and have never seen him pay so much attention to a human before.

Devil Monarch Skysoul couldn’t describe it either; he just somehow saw on Luo Tian a shadow of an expert from the ancient world. He also appreciated Luo Tian’s character – his unyielding attitude, his leadership ability, even his overbearing arrogance was something the Devil Monarch appreciated.

That’s why the thought of having Luo Tian follow him grew in his mind.

But...

Devil Monarch Skysoul had his own bottom line.

He had given Luo Tian one day to think it over. It would be best if Luo Tian agreed one day later or else everything in Heavenly Sword City will disappear.

Devil Monarch Skysoul's eyes turned cold as he said: "When we were inside the Devil Sealing Array, I once said that I would kill every human on Tianxuan Continent. Today that kid gave me a surprise and made me want him to submit to me. It doesn't matter if he agrees tomorrow or not because there's no need for Heavenly Sword City to continue existing!"

He had made a firm decision.

Whether Luo Tian agreed to join him or not, Heavenly Sword City will forever disappear from this world!

All the devil fiend commanders had cold expressions while they started laughing in excitement.

-----

Deep into the night.

The entire Heavenly Sword City was silent.

There wasn't even the sound of dogs barking.

It was so quiet that it was kind of scary.

Luo Tian had finally finished refining that mountain of spiritual herbs. Looking at the large pile of medicinal pills next to him, "I hope I can at least save some people tomorrow."

Around this time...

Several human figures appeared above the main square.

Xuan Yuanyi, Feng Lei and the others had returned.

“Boss, we’ve placed all the items according to your instructions,” said Feng Lei. When he noticed the large pile of medicinal pills next to Luo Tian, he then mumbled in shock: “Boss is truly the boss; only with his abilities can he concoct so many medicinal pills in such a short time. He’s simply too awesome.”

The others also tried to hide their expressions of shock.

Tang Jiu could sense a powerful force of imperial qi coming from Luo Tian. It was even stronger than his imperial father Tang Zhanlong. He then recalled the golden light that surged into the sky before joy appeared in his heart. He then said: “Luo Tian, you... this is really great!”

“It’s Old Senior Tang that thinks highly of me.”

“I will definitely not let him down.”

Luo Tian replied with a serious look.

These two powers have greatly helped him so he was incomparably grateful in his heart.

Immediately after...

Luo Tian said: “Do you guys have enough Profound Burst Pills on you? If you don’t, take some more. Tomorrow will be destined to be a fierce battle and we might all die. That’s why you cannot hold back your strength in tomorrow’s battle. Just let everything out to your heart’s content. And there’s no need to do things by our old rules of knocking them half dead, just kill as many of them as you can!”

Feng Lei grinned foolishly as he rubbed his hands together. He then said with an expression like he couldn’t wait any longer: “I can finally let it all out tomorrow. Last time at the Dao Shang Alliance, I still hadn’t used my full strength yet. And this past month, I have finally absorbed all the blood essence of the Ten Thousand Beast Lineage you gave me. Boss, just watch the good show I’ll be putting on tomorrow, heh heh...”

Before Xuan Yuanyi could speak, his Great Fault Sword was already ringing. Xuan Yuanyi faintly smiled and said: "The reason I came to Heavenly Sword City was to challenge all the experts on the Sky Rankings. My target is the continent's strongest sword expert – 'Stunning Cloud Sword' Huo Ying! He grew famous from the Sky Rankings and I will too become famous from the Sky Rankings. I will definitely defeat him and become the world's number one swordsman!"

Blindman Liu took off his erhu and revealed his yellow stained teeth with a smile. "All my fellow fierce men, should I play a song for you?"

"Scram!"

"Get out of here!"

"Hahaha..."

"Hahaha..."

The five of them started laughing.

They were all laughing openly and brilliantly.

This kind of feeling was too great!

They will struggle together; kill together; cry together, and laugh together.

Living and dying together!

Now that's brotherhood!

Luo Tian desperately cherished this feeling of brotherhood.

Soon after...

Luo Tian had them all go back to rest up so that they could fight with all their strength tomorrow.

He also left the area.

He arrived at a particular elegant courtyard in the imperial palace.

It was brightly lit in the middle of the courtyard.

Tang Tang, Qin Yue'er, An Chunchun, and Da Ji were all waiting for Luo Tian...
