Chapter 351 – We Shall Give Our Bodies To You

Luo Tian was standing at the entrance of the courtyard and silently looking at the four women.

It was very peaceful.

And very warm.

Luo Tian could feel that warmth from the bottom of his heart.

His mouth couldn't help but curve into a faint smile. He was about to leave when...

Suddenly...

An Chunchun who was in her mother's embrace moved. She rubbed her eyes and said: "Big brother Luo Tian has come!"

"Huh?"

"He came?"

"Bastard, you just came to glance at us before leaving?"

Those women all went towards him.

Luo Tian turned back to them and said with a smile: "It's enough just to see you all. Just one look at you girls and I feel like my whole body has been rejuvenated with energy. If Devil Monarch Skysoul was in front of me right now, I could kill him with a single punch! Let's see him keep acting arrogant!"

An Chunchun ran over and jumped into Luo Tian's embrace. Her legs were wrapped around Luo Tian's waist as she giggled: "Big brother Luo Tian, I missed you! I started missing you once we left you."

With her cute and delicate face and her charming eyes, people couldn't help but like her instantly.

Luo Tian gently scraped An Chunchun's nose and said: "I missed you too."

An Chunchun giggled some more before getting closer to him and whispering: "Big brother Luo Tian, big sister Tang Tang, big sister Yue'er, and even my mother said they will have a big 3000 round battle with you. You shouldn't fight because there's no way you can beat the three of them together."

"Huh?"

Luo Tian glanced at Tang Tang at the rest with a slightly stunned expression.

The faces of Tang Tang and the other two immediately turned so red that juice could be squeezed out of their faces.

It was especially so for Da Ji.

Luo Tian didn't dare to directly look at her because she was too seductive. If he took a few extra glances, then there's no way he would be able to hold himself back anymore. When her face turned red, her eyes became even more charming. Those seductive eyes of her gave one the sense that it could very soon hook the soul right out of the beholder.

Too fatal!

Tang Tang softly grumbled: "Tang Tang isn't obedient at all by telling our secret. Next time big sister won't buy you any candied haws for you to eat."

Qin Yue'er was the most daring as she walked up to Luo Tian and said: "We originally wanted to meet elder sister, the young phoenix Li Xue'er first. Only with her agreement would we wait on you, but now the situation is a bit special..."

"We already know, even if you didn't tell us."

"No one will know what will happen tomorrow."

"That's why we decided to give our bodies to you now."

After saying that, Qin Yue'er's ears turned red. Even if she had the courage, it was very difficult for a woman to directly say those words out loud.

It was the same for Tang Tang.

Da Ji bit her lip before softly saying: "Even if we die tomorrow, we will go to hell as your women."

Once those words came out...

Their faces all turned red to the extreme.

It was like them saying that they were going to give their bodies to you, and no matter where they went, even in death they would become your, Luo Tian's woman. Our bodies will have your mark on them to show we are forever yours.

Luo Tian was moved.

He was extremely moved. Seeing the three, Luo Tian smiled and said: "You all are truly very foolish!"

"We are very foolish."

“But we are only foolish for you.”

“We are foolish, but we are very happy.”

“We aren’t foolish; we are the world’s happiest women.”

They each made a comment.

The expressions on their faces when speaking showed they were truly very happy.

Since they’ve been following Luo Tian, it was like they were in a different world. Excitement, stimulating, and being shown a great amount of care. This made them feel what real happiness was, what it felt to worry about someone, and what true love was.

They were originally planning on meeting Li Xue’er first before they made any arrangements.

But...

Devil Monarch Skysoul was too strong.

These girls didn’t know if there will be any more tomorrows, so that’s why they came to such a decision.

Luo Tian understood what was going on. His fists were tightly clenched underneath his sleeves as he said to himself in an irritated mood: “Devil Monarch Skysoul; because my women aren’t at peace due to you, tomorrow this daddy will definitely explode you!”

Pressure!

Such heavy pressure!

If it weren't for Devil Monarch Skysoul, these girls wouldn't be like this!

Luo Tian really wanted to get rid of his virgin status. He really wanted to experience being a fish in the water, the inconsistent human feelings of highs and lows.

But...

This wasn't the time!

Luo Tian's voice lowered like something was caught in his throat. He then said in a hoarse voice: "Your bodies will eventually be mine, but it's not today. Wait until I cripple Devil Monarch Skysoul, then you girls can give me your bodies as a reward."

"Huh?"

"Bastard, you might die."

"Smelly scoundrel, do you even know why we are doing this? Can you think about yourself for once? Stop just thinking about us and think about yourself. It's already good enough that we've experienced so many happy days. It's really enough." Tang Tang started crying softly.

An Chunchun's small mouth pouted. She held back her tears and softly said: "Big brother Luo Tian, you should agree to Devil Monarch Skysoul's request. Following you this past year has made me very happy. An Chunchun has been happy every single day. Chunchun promises that even if I die, I will still continue being happy."

"Crack~!"

Luo Tian clenched his teeth as his mind felt like it was sinking into an abyss.

Immediately after...

Luo Tian put An Chunchun down. He then looked at them all with a serious expression and said calmly: "You all just wait for me here; I will definitely come back alive!"

After saying that...

Luo Tian turned around and strode into the darkness.

He didn't dare to turn his head around!

Tears couldn't be held back anymore as it streamed down his face. This kind of feeling was really uncomfortable! Looking at each one of them, Luo Tian felt like his heart was being ripped apart. It was really painful. At the same time, his heart was roaring in rage: "Devil Monarch Skysoul! If your corpse doesn't explode tomorrow, this daddy will change and follow your surname!"

Everything was due to the pressure from the devil fiend army.

The atmosphere around Heavenly Sword City was full of pressure and made one feel oppressed!

When those girls watched Luo Tian's back fading, their tears also streamed down like crazy but they didn't cry out loud. They quietly watched their man gradually disappear off into the distance as their hearts felt like it was strung up.

Tomorrow...

No matter what happens, they will accompany Luo Tian.

Life or death, they will accompany him!

Luo Tian walked into the darkness and instantly disappeared.

In a blink of an eye, he had arrived at a place that Feng Lei and them had set up an array.

At the core of the array, Luo Tian's power surged out from him. His right hand started moving as he initiated his Engraving Array skill. He then shouted: "Hell Lotus Array, activate for me!"

"Ommm~!"

The profound energy inside those xuan weapons started converging together, and the illusions started appearing in the array.

"Hell Lotus Array, activate for me!"

All the arrays inside the city were activated by Luo Tian one by one.

Hell Lotus Array!

Ancient Dragon Execution Array!

Luo Tian entered his crazy mode and activated over ten thousand arrays. Watching the daybreak, Luo Tian then roared out: "Devil Monarch Skysoul! This daddy will definitely explode you! I definitely will!"

Chapter 352 – Time's Up!

The pressure on Luo Tian's shoulder was really heavy.

Even though he gained the starlight powers and the country's imperial qi of fortune, the pressure on him was still quite heavy.

Especially the words Devil Monarch Skysoul said to him.

It was very clear...

Devil Monarch Skysoul did not place those two powers in his eyes at all. It was another way of saying that he didn't have the slightest bit of fear. Otherwise, when those two types of powers were being infused into Luo Tian's body, Devil Monarch Skysoul would've broken the transmission already.

Since he didn't break it, it proved that Devil Monarch Skysoul was not afraid of it one bit.

The first light of dawn could be seen in the eastern direction.

The beginning of a new day!

People started appearing on the streets with sleepy expressions. It is very clear that the majority of them stayed up all night since they couldn't sleep.

There were also quite a bit of people monitoring Luo Tian.

They were afraid he would run away!

Luo Tian understood that if he were in the shoes of others, he too would be afraid of something like that happening.

More and more people gathered in the main square.

There wasn't a single person that wasn't shocked when they saw medicinal pills piled up high like a mountain.

“Ninth brother!”

“Please issue all 50,000 palace guards a Profound Burst Pill. They will be commanded by you and Feng Lei. Remember that if the pill needs to be used, have everyone use it together and not one by one whenever they feel like. Otherwise, it’ll be difficult to display their collective strength,” said Luo Tian in a serious manner.

Tang Jiu had changed into a General’s armor and was kneeling on one knee. He then shouted: “Tang Jiu has received the order!”

Immediately after...

He went off to gather up the Imperial Palace Guards.

Feng Lei had a slow reaction before rushing after him.

Luo Tian then continued saying: “Xuan Yuanyi, there’s still 10,000 Profound Burst Pills and 100,000 Healing Pills. Issue them out at appropriate quantities but remember to only give them to martial artists at the Profound Spirit realm or above only. As for the martial artists below the Profound Spirit realm, have them hide at the rear.”

The devil fiend army was too strong, so the martial artists at the Profound Spirit realm were ant like existences to them.

But...

They had no other choice so they could only gather up these martial artists that were still usable.

Xuan Yuanyi was copying Tang Jiu with one knee on the ground. He then said solemnly: “Xuan Yuanyi has received the order!”

He then quickly withdrew.

Luo Tian looked at Blindman Liu and said: “Blindman Liu: I didn’t have you play the battle song yesterday. Today, your mission is to allow every warrior in Heavenly Sword City to be able to hear the battle song Never Give Up.”

Blindman Liu was faintly stunned, then anxiously said: “Dragon head, the musical ensemble of the imperial palace is familiar with the battle song now. They’ll be fine without me. I wish to head to the front lines since the others are there as well. You can’t leave me behind to be their conductor!”

How could he tolerate it when he saw Feng Lei and the others all become Generals leading their own troops?

Luo Tian’s voice lowered in seriousness: “Do you really think it’s that simple to play the battle song? Do you think your only task is to play the battle song? You still have to protect the safety of the imperial palace. Tang Tang, Qin Yue’er, Chunchun, and the others also need your protection.”

“Humph!”

“Like I need protection.”

Upon hearing that voice...

Tang Tang, Qin Yue’er, Da Ji, and even An Chunchun appeared while dressed in full battle gear.

Valiant and heroic!

What an awe-inspiring appearance!

The appearance of the four girls immediately caused a commotion. Luo Tian’s brows twitched in anxiety as he said: “What are you girls doing? Didn’t I tell you to patiently wait at home? What are you doing running out here?”

“We are citizens of the Great Tang as well. We also want to make some contributions to Heavenly Sword City.”

“We aren’t that much weaker than the warriors here!”

“That’s right, big brother Luo Tian. I can already control a bit of my powers now, hee hee...” An Chunchun looked exceptionally cute while wearing a small steel cap and carrying a small wooden sword.

But...

This place will become a battlefield!

One couldn’t kill their enemies by being cute.

Luo Tian rolled his eyes. From the looks of things, these girls will be refusing to leave so he could only bitterly smile. “Fine. Blindman Liu, make some arrangements for the musical ensemble. Once the array protecting the city is broken through, immediately start the battle song. I won’t spare you if I can’t hear the song playing. Once you’ve made the arrangements, come protect...uhhh... I mean follow the girls in killing our enemies.”

“I’ve received the orders!”

Blindman Liu grinned. When he looked at all these beautiful sisters-in-law, Blindman Liu revealed his yellow stained teeth and said: “All my sisters-in-law, would you like me to first play a song for you?”

“Scram!”

“Scram!”

“Uncle Blindman Liu, why do you have to play a song? Chunchun’s ears cannot handle it anymore, hee hee...”

Blindman Liu chuckled before quickly leaving.

Anything that could be arranged, had been arranged.

Everything that could be used, was used.

Luo Tian had turned every resource he had into their most useful form, so now they could only wait!

Wait for the one day of time to be up!

This was a painful process yet was filled with expectation.

Luo Tian looked up at the sky with his brows locked. He had been thinking since last night on how to level up the War Leader System to level 5. But no matter how much he thought about it, contributed to Heavenly Sword City, or made the martial artists worship him, he was unable to level up the War Leader System.

Most likely with his current strength...

Luo Tian was really unsure.

Transforming into Devil Sovereign Xingtian, releasing Myriad Devil, add on the Extreme Yin Divine Pearl, the starlight powers, the imperial qi power, all these powers added together and he still might not be Devil Monarch Skysoul's opponent. The only thing that can compete with that devil is the Heavenly Sword!

The flying sword that existed only in legends!

A Heavenly Sword that no one has seen, but truly does exist!

"Screw it!"

Luo Tian frowned and said to himself: "Fight it out first! If that doesn't work, I'll figure something out later. My f*cking head's going to explode from thinking about this for so long."

He really wanted to raise the War Leader System to level 5.

Then...

Once Devil Monarch Skysoul appears, he would directly slash him apart with the Heavenly Sword.

Beat him up, get off work and then wait for the loot explosion!

Now that would be awesome!

But... the War Leader System didn't give him any hints on how to level up! Luo Tian felt powerless like he was looking at Lord System's expression to guess how he should act.

Immediately after...

Luo Tian threw out all distracting thoughts and waited for time to past.

"From the look on his face, it seems like he wants to fight it out with Devil Monarch Skysoul."

"This daddy was worrying the whole night that he would join Devil Monarch Skysoul's army. It looks like I was worried for nothing, hahaha... This kid is definitely going to die, and Heavenly Sword City is about to turn into a dead city with a river of blood running through it!"

“This kid managed to drag out another day on his last breath but still has to die in the end. A bumpkin will always be a bumpkin; no matter how much he struggles, he is still a useless bumpkin. He wants to turn things around? Then just become a dead bumpkin then, hahaha...”

The sounds of mocking and ridiculing were once again heard coming from the void.

Luo Tian coldly sneered up at the air and said without holding back: “You bunch of old bastards just wait for me. Don’t let me see you next time or else it’ll be the day of your death!”

Motherf*cker...

His rage was burning up now!

They were like flies buzzing around you all day and night, easily irritating you to the max.

If they were here in front of him right now, Luo Tian wouldn’t care about whatever Devil Monarch Skysoul and directly kill them now and talk later.

Motherf*ckers!

A bunch of cold laughter echoed in the void.

Also at the same time...

The sky drastically changed as devilish flames flared up. The huge figure of Devil Monarch Skysoul appeared in the sky as he said: “Time’s up!”

Chapter 353 – Breaking Through The City In One Move

“Time’s up!”

Devil Monarch Skysoul's voice exploded in the air.

Devilish flames surged into the sky and instantly blocked the airspace above Heavenly Sword City. Not a trace of light could penetrate through the flames.

Oppression!

This was incomparable oppression!

Everyone raised their heads to look up into the sky as their bodies involuntarily trembled.

Some kids couldn't help but start crying loudly. Their mothers' standing beside them held onto them tightly and gently whispered: "Don't cry, don't cry. Prince Consort will not abandon us."

Immediately after...

Many people looked over at Luo Tian.

Devil Monarch Skysoul's gaze shifted, and once again reminded Luo Tian: "Kid, you better think it over clearly. Joining me is the only correct choice; otherwise, your life will come to an end today."

His voice was ice cold!

And contained a powerful might of suppression!

Luo Tian's body unconsciously shivered. This time, he didn't need to use his level 5 Berserk to resist the suppression. The starlight powers and the imperial qi had truly strengthened his fleshly body quite a bit. He looked up into the air while his mouth curved into a smile, "I actually wanted to say this yesterday... but I'm really sorry because I cannot agree to join you. This is because..."

"Hahaha..."

“This kid really didn’t agree to join Devil Monarch Skysoul.”

“His granny! My heart felt like it was suspended in midair, afraid that he would agree to join Devil Monarch Skysoul. Who would’ve thought this kid would reject him? This time, the kid’s life is coming to an end. Hahaha... This daddy wants to see how he’s going to resist the devil fiend army today, and how he’s going to maintain his arrogant attitude! Humph!”

“What a retard.”

Those experts in the void felt relieved.

They were really worried that Luo Tian would agree to Devil Monarch Skysoul’s request.

If Luo Tian really agreed, then they would no longer have any good days left to enjoy. But since Luo Tian rejected it, then there wasn’t anything for them to worry or fear about anymore. And when it came to Luo Tian, his outcome would surely be death!

The common citizens of Heavenly Sword City naturally had an opposite reaction to those experts in the void.

“Long live!”

“Long live Prince Consort!”

“I told you he wouldn’t abandon us! See? Prince Consort will never leave us to our deaths!”

“Hahaha...”

The city square was filled with cheering.

As for Feng Lei and Xuan Yuanyi, their eyes became more focused and their expressions turned serious.

He had chosen to stay after all.

In other words... the final big battle will be starting soon.

Feng Lei showed a foolish grin. His brows tightened but he still smiled at Xuan Yuanyi: "Brother, let's see who can kill the most today. Whoever kills the most will be treating when we go out drinking."

"Count me in!"

Blindman Liu quickly rushed over.

Xuan Yuanyi smiled happily as he loudly said: "If there's a next life, we should become brothers again! We will all follow behind boss again!"

"That's for sure!"

Devil Monarch Skysoul was enraged. He locked his gaze onto Luo Tian before shouting: "No one has ever dared to reject me! You are the first one! I want to know the reason!"

Luo Tian didn't hesitate and directly said: "The reason is very simple... because I want you to explode!"

"Want me to explode?"

"Explode what?" Devil Monarch Skysoul didn't know how to react.

Luo Tian faintly smiled and said: "It's just a modern way of saying to kill you!"

“Hahaha...”

“Wahahaha...”

Devil Monarch Skysoul started laughing wildly, his voice similar to thunder coming down from the nine heavens that continuously smashed against the array protecting the city. The light shield made of profound energy was shaking as if it couldn't handle the energy colliding against it.

“Kiddo!”

“You've managed to make this Devil Monarch very angry!”

“I looked at you favorably but you failed to appreciate it.”

“It's fine; now you can have a taste of my strength. I will let you witness the powers of a Devil Monarch.” Devil Monarch Skysoul was enraged. Being rejected by a lowly human being was just too disgraceful.

This was considered a shameful matter for him!

The rage inside him couldn't be held back as it exploded forth. The black devilish flames on his body were blazing in intensity. It was burning the sky like it wanted to incinerate the atmosphere!

Powerful!

An incomparably powerful aura exploded forth!

The hearts of everyone inside Heavenly Sword City felt like it was being crushed to the point that they couldn't breathe.

Immediately after...

Devil Monarch Skysoul coldly glanced at the protective array over Heavenly Sword City. He then coldly smiled and said in disdain: "What a garbage of an array... break for me!"

A humongous palm slapped down.

Luo Tian's expression changed as he shouted: "Be careful everyone!"

"BOOM~!"

Under the palms of Devil Monarch Skysoul, the Immortal Execution Array was similar to a soapy bubble that was about to pop under that gentle slap.

But...

The Immortal Execution Array was made up of profound energy from the national treasury's magical artifacts, xuan weapons, and spiritual items. A large amount of energy was continuously being depleted upon being smacked by that huge palm.

The moment the array was broken through...

A gust of raging wind started pressing down.

For a brief moment...

Sand was blown about, houses collapsed, and huge rocks were being blown into the sky. The whole Heavenly Sword City looked like it was experiencing Armageddon.

The protective array around the city had actually offset a large portion of Devil Monarch Skysoul's palm strike. Otherwise, just that single slap would've destroyed the whole Heavenly Sword City already.

The city was broken through in one move!

Devil Monarch Skysoul's strength had exceeded Luo Tian's expectations!

Luo Tian's heart was aroused by this as he said to himself: "Good! Truly very strong! Now that's what you call a boss!"

The stronger they were, the more excited Luo Tian becomes.

Because only the strongest bosses would explode forth with the best items. This was an undeniable fact!

Looking at the golden glow of Devil Monarch Skysoul covering the sky, Luo Tian didn't have a trace of fear in him. The only thing he had was excitement and incomparably strong killing intent. He started smiling. Luo Tian was smiling in a gloomy manner filled with extreme excitement.

He was smiling quite ferociously.

Just like a madman that had crawled out from the depths of hell.

Luo Tian pointed at the sky and shouted: "This daddy is going to explode you! I'm really going to explode you!"

He then said internally: "F*cking hell; I wonder how many divine grade items I'll get after his corpse explodes? I'm getting so f*cking excited!"

"You wish to fight with me, huh?"

"Leading a bunch of ants to fight with me, huh?"

“Fine! I will give you a chance with a frontal battle.”

Devil Monarch Skysoul was enraged. His figure pulled back and his voice blasted out like thunder as he shouted: “Devil army; head out! Kill all the humans inside Heavenly Sword City for me and leave none alive!”

“I want rivers of blood to flow inside Heavenly Sword City!”

“I want to use their blood to wash away the shame I have received today!”

“BOOM~!”

As Devil Monarch Skysoul’s voice faded...

The ink-black devil fiend army started charging towards Heavenly Sword City.

“Finished!”

“They’re truly finished now!”

“Hahaha... Heavenly Sword City is truly over now! A dynasty that hasn’t fully reached ten thousand years is finally going to collapse. My fellow brothers, our opportunity has arrived! After today, the Great Tang Dynasty will no longer exist! Kill for me!”

Fire and smoke were seen all over outside of Heavenly Sword City.

It was the same for the border territories of the Great Tang.

The various Sects took advantage of this situation and started occupying the resources of the country.

At this time...

Luo Tian clenched his fists and shouted towards the imperial palace: "Start the battle song!"

Chapter 354 – Ten Thousand Slaughtering Array, Leveling Up Again

"Start the battle song!"

As Luo Tian's voice faded, the musical ensemble started playing.

"Boom~!"

The drums started and the thumping was heard, the stimulating battle song rang out through the whole city.

At this moment...

Luo Tian activated the level 4 War Leader System ability and enshrouded everyone inside Heavenly Sword City. The eyes of everyone instantly trembled. Their blood seemed to be ignited, their fighting will rose, and a spark of flame was seen in their eyes.

In an instant...

Their morale was bursting at the seams!

Feng Lei roared into the air! The blood scales on his body appeared from his agitation and his eyes became bloodshot. Hearing the song Never Give Up playing, his heart started boiling. He then said to Luo Tian: "Boss, what kind of music is this? It sounds really good! When I hear it, I feel like my blood is boiling and my strength surging out. It's simply too awesome!"

It wasn't just Feng Lei.

All the people in the main square were feeling the same thing as him.

Their eyes seem like they were spraying out flames.

Their whole body was boiling as if something had ignited their will.

It was the same with Luo Tian. Even though he often heard it in his previous life, hearing this song in this world gave him a different feeling.

Moreover...

The standard of the imperial palace's musical ensemble had exceeded Luo Tian's expectations. The music quality was something his previous life couldn't compare with. And Luo Tian was currently experiencing a battle first-hand which was completely different from going to war online.

The battle song was capable of inspiring people's heart.

It can increase one's morale and raise their combat powers.

Add on Luo Tian's level 4 War Leader System's ability modification, all the martial artists had a ferocious expression on their faces. They wouldn't show any fear even if Devil Monarch Skysoul made an appearance right now! This was the powerful role a battle song can have – it could make a person completely fearless!

It allowed a person's blood to boil!

"Reporting!"

"The devil fiend army already broke through the eastern gate!"

"Reporting!"

“The devil fiend army already broke through the southern gate!”

Soon after...

The four main gates were broken through, then the sixteen smaller gates fell as well.

The people present didn't show any fear as they all looked at Luo Tian.

Feng Lei was the first to shout: “Boss! I will head to the eastern gate and beat those devil fiends to the point that they can't shit properly! I will let them know that our Heavenly Sword City isn't a place they can easily invade!”

“I'll take the southern gate!” Xuan Yuanyi shouted.

“I'll take the northern gate!”

“I'll take the western gate!”

People continuously stepped forward with eagerness like their bodies were filled with endless power. Every one of them was excited to the extreme as the killing intent was especially strong coming from them.

Luo Tian faintly smiled and said: “The ones coming in first are merely the little devil fiends... fine then!”

“I alone will handle these bunch of little devil fiends!”

Luo Tian was secretly saying to himself in joy: “It's a perfect time to use these little devil fiends to increase my Myriad Devil skill to ten thousand stacks. I can also increase the power of my Extreme Yin Divine Pearl. By that time, I'll have a better chance when I clash with Devil Monarch Skysoul!”

“Prince Consort, there are over several tens of thousands of devil fiends. How can you defend all four gates by yourself?”

“That’s right!”

“Prince Consort, you should just hand these minor soldiers to us.”

“That’s right! We can do it!”

They all jumped forth one at a time to request permission to battle.

Luo Tian faintly smiled and said: “All of you are the last line of defense for Heavenly Sword City. The common citizens of Heavenly Sword City need your protection. In regards to these little soldiers, I can completely annihilate them without you guys making a move. I’m considering this as giving Devil Monarch Skysoul a slap to the face. This is the way I show him the consequences of looking down on Heavenly Sword City!”

Immediately after...

Luo Tian leaped into the air and spread out his awareness to sense the devilish flames all over the place. He grinned in a gloomy manner before his right palm directly slapped towards the void.

Lines of mysterious looking runes shot out.

Similar to sparks spreading out!

Luo Tian was now fully in control of the arrays by the city’s four main gates. Immediately after, he then shouted with a frown: “Ten Thousand Slaughtering Array, activate for me!”

“Ommm~!”

“Ommm~!”

“Ommm~!”

Countless arrays near the four main gates came alive. Beams of energy from the array shot into the sky like lights seeping through cracks on the ground.

Also at this moment...

Those little devil fiend soldiers who had rushed in first were quickly killed off.

“Ding!”

“Ding!”

“Ding!”

Luo Tian’s eardrums felt like they were about to burst! The system alert tones sounded like a thousand artillery shells being fired at once! This kind of feeling was too splendidly awesome!

“Boom~!”

“Boom~!”

The sounds of continuous explosions were heard by the four main gates as the bodies of the devil fiends exploded. Each of them was killed by the energy of the arrays. Hell Lotus Array – nine loti and nine illusions. One could be easily sucked into an illusion if they weren’t careful.

The mini Ancient Dragon Execution Array – although the ancient powers weren’t that strong, it was still quite easy to kill this little devil fiend soldiers. It was still capable of crazily killing everything!

Monsters besieging the city?!

“Humph!”

“This daddy will have you come but can never leave! Did you really think this daddy’s city was easy to break into?” Luo Tian chuckled coldly a bit in his heart. He already knew there was no way to defend the city gates, that’s why he didn’t bother having anyone protect it. He wanted his enemies to easily enter the city and land in the ten thousand arrays he previously arranged.

“Ding!”

“Congratulations to player Luo Tian for leveling up. Your current level is Profound King 9th rank!”

In less than one minute...

He leveled up!

Luo Tian grinned with excitement as he said: “Heh heh, I’m only one level from reaching the Profound Ancestor realm. By that time, I’ll be getting a martial skill reward from the system.”

Suddenly...

Luo Tian realized there was a very important issue!

Would Devil Monarch Skysoul trigger a system reward as well?

He was considered a super boss. If we go by the standards of the system, he should definitely trigger some type of reward. Such a powerful boss should be coupled with an awesome reward, right?

“F*ck!”

“I definitely have to explode this guy or else I’ll suffer a big loss.”

Luo Tian made a thought and the killing intent inside him surged out in an unstoppable manner. He wanted to kill Devil Monarch Skysoul right now so that he could enjoy the loot explosion!

“What’s going on?”

“The devil fiend army is being instantly killed.”

“Oh heavens!”

“Apart from the large scale city protective array on the outside, when did the inside of the city have so many mini arrays? And each array seems to possess a very strong lethal ability. Could these arrays be something Prince Consort engraved as well? He’s too amazing!”

Everyone was dumbfounded when they saw the devil fiend army rushing into the city being instantly killed.

Their expressions of shock had multiplied while their worship feeling in their hearts rose to an extremely high level.

At this time...

They were truly convinced that Luo Tian would be able to save them.

Luo Tian was the savior sent to them by the heavens!

Inside the void.

The faces of those experts had become really ugly looking. Every one of them didn't feel good and some even started scolding Devil Monarch Skysoul.

"What a piece of trash!"

"Such a powerful setup of a devil fiend army yet their abilities are so pathetic. This is too f*cking shameful!"

"Humph! Don't act arrogant yet you damn bumpkin. This is just the first wave while the devil fiends behind will surely be stronger. This daddy wants to see how you're going to resist them by then!"

"That's right! The good parts of the show are still yet to come."

Devil Monarch Skysoul was enraged.

Extremely enraged.

After counting yesterday, this was considered Luo Tian's third time in resisting the devil fiend army.

Suddenly...

Dark God walked out. He clasped his hands together and knelt down on one knee before saying: "Devil Monarch! Please let me flatten Heavenly Sword City!"

The third boss!

General Dark God has appeared!

Chapter 355 – Mighty Generals

Dark God!

Was originally a black bear.

He had helped Devil Monarch Skysoul in the past, so Devil Monarch Skysoul used his powers to refine him into a human figure. He gained a trace of ancient powers after that and eventually became one of Devil Monarch Skysoul's best assistants.

People gave him the title of the "Death God of Darkness!"

He completely inherited the cruel and merciless ways of Devil Monarch Skysoul.

Seeing countless soldiers of the devil fiend army being killed; seeing the smirk Luo Tian had on his face; seeing how much Devil Monarch Skysoul favored Luo Tian; the sense of irritation in his heart was extremely strong!

Humans weren't qualified to follow the Devil Monarch!

It was because of a human that the Devil Monarch was sealed away in an array for ten thousand years!

That's why...

He had to kill Luo Tian.

He couldn't give Luo Tian a chance to make a comeback. He also wanted to remove all opportunities for Devil Monarch Skysoul to bring Luo Tian into the fold!

Devil Monarch Skysoul glanced at Dark God and said: "I know what you are thinking. Since you really want to kill him, then I will give you this opportunity to do it!"

“I obey!”

Dark God was feeling quite happy before shouting: “Dark God Army listen up! Line up and follow my footsteps to kill our way into Heavenly Sword City! Remember: You cannot spare a single human being! Not a single one!”

“Ooh rah!”

Back to Heavenly Sword City.

Luo Tian was looking up the absorption stats for the Extreme Yin Divine Pearl and the Myriad Devil passive skill.

It was looking very good! A few more waves of this and they will both be completely full. At that time, all the powers combined should be able to give Devil Monarch Skysoul a good fight, right?

“Reporting!”

“Prince Consort, there’s a black bear figure thirty feet tall with a bunch of devil fiends killing over.”

Luo Tian’s eyes brightened as he grinned: “A new wave of attack?”

Without waiting for Luo Tian’s command...

Feng Lei quickly jumped forth and said: “Boss, it’s a huge black bear! You should let me handle it this time.”

After saying that, Feng Lei licked his lips with an excited expression.

It's been a long time since he has enjoyed the blood essence of demonic beasts. His stomach couldn't help start gurgling in hunger as he recalled the days inside the Ghostly Mountain Range. Blood essence was simply too attractive to him, so Feng Lei practically wanted to rush out right now to suck up all the blood essence from the huge black bear.

Luo Tian faintly smiled and said: "You want to go?"

Feng Lei grinned foolishly and replied: "Of course, I almost cannot wait any longer."

At this time...

Xuan Yuanyi stepped up and asked: "Boss, can you count me in as well?"

Both of them volunteered to fight at the same time!

Luo Tian couldn't refuse them because this might damage their morale. He then said: "Fine, you two bring some palace guards to kill your way out."

"Hahaha..."

"Hahaha..."

"It's finally time for this big bro Lei to make a move!" Feng Lei rubbed his bald head and then shouted: "Soldiers of the Imperial Palace Guards, listen to my command! Follow me out to battle! We shall send all those bastards directly to hell!"

"Show our might!"

The fifty thousand palace guards roared out in unison.

They all then rushed after Xuan Yuanyi and Feng Lei.

“Boom~!”

“Luo Tian! You damn bastard that doesn’t know how to appreciate one’s favor better scam out here for this daddy!”

“Bang~... crack~...!”

The city walls that were several hundred meters tall and dozens of meters thick were shattered by a huge bear claw.

Parts of the city wall had collapsed and rubble rained down on Dark God’s figure. The pieces of debris falling on him were like a tickle that had no pain whatsoever. He then raised his head and gave a loud roar that sounded like a bear’s. The fur on his body flickered slightly and immediately shook off all the debris that had covered him.

The powerful sound wave of his roar rippled out with explosions.

Luo Tian’s eyes faintly narrowed as his eardrums seem to be having difficulty enduring it...

The others were covering their ears with painful expressions. Those martial artists with lower cultivations were directly shaken to the point of bleeding from all seven orifices of their heads. Several hundreds of people in the main square had fainted from the shock.

“Very strong!”

“What a powerful sound wave attack!”

Luo Tian’s mind sank as he started worrying about Feng Lei and the others.

At this time...

Luo Tian didn't hesitate to rush over as well.

Dark God was stepping into Heavenly Sword City at this time. As his feet landed on the Hell Lotus Array, he didn't even bother looking at it. His right leg shifted and his eyes opened up wide like lanterns. Four sharp claws shot out from each of his paw-like hands after he made a gesture in the air.

He then made a heavy swiping motion!

"Boom~!"

"Boom~!"

Eight air blades were released before directly slicing up the array. The array core was thus simply destroyed.

Dark God then shouted: "Charge for me! Completely slaughter everyone inside Heavenly Sword City!"

As his voice faded...

Dark God once again shouted into the air: "Luo Tian, you damn dog thing! You better scam out here for this daddy!"

"Scram your granny's chest!"

Without letting him finish speaking, Feng Lei leaped into the air carrying his Tang blade made from the bones of the Jiao Dragon. He coldly grinned at Dark God before arrogantly stating: "I alone am more than enough when dealing with a loser like you!"

“You?!”

“Humph!”

“Scram for me!”

Dark God’s swiped out with his sharp claws and a wind blade in the shape of the crescent moon could be clearly seen by the naked eye shot out.

Its speed was fast as lightning!

Feng Lei’s brows were scrunched up. The large blade on his shoulder started moving as he gripped the handle tightly. He then chopped down directly attack the incoming wind blade!

Blade qi!

Incomparably powerful blade qi!

Blood red.

Containing ferocious powers similar to a beast, it shot out and directly smashed with the wind blade struck out by Dark God.

“Boom~!”

The two different energies clashed.

The shockwave explosion rippled outwards.

Space started distorting between those two as a result of the collision of their powers. One could even see with their naked eye that spatial cracks were left behind.

Dark God coldly harrumphed. Previously was just one wind blade so this time, both his palms reached out and fiercely clenched. An incomparably powerful energy shot out, displaying eight wind blades much larger than the previous one shot out.

Shock registered on Feng Lei's face, and all the blood colored scales on his body appeared.

He currently looked just like a demonic beast covered in blood while the scales on his body looked rather similar to the ones on a Qilin.

But...

The energy exuding from Feng Lei was much more powerful than a Qilin!

Feng Lei arrogantly grinned before saying: "Come! Let me experience the power of your wind blades!"

He no longer planned on using his blade qi and had stretched out his arms. Just like a madman, he was going to directly resist the attack with his own body!

"You don't want your life anymore?"

"Watch out!"

In an instant...

Xuan Yuanyi leaped into the air while dragging a heavy chain behind him. A sword qi at least ten meters in length was then slashed out by him while his body flew right behind like a sharp sword.

"Demon Wheel!"

Shouted Xuan Yuanyi. The sword in his hand transformed into an illusory round sword qi. It was very similar to a wheel on a carriage, containing a powerful energy belonging to the dao of swords!

Feng Lei roared out: "F*ck! Xuan Yuanyi, why don't you go play somewhere else?! This daddy was trying to see what kind of realm my fleshly body has reached! Why the hell are you messing things up for me?!"

Immediately after...

He didn't want to lag behind. Upon slamming his hands on the ground, he catapulted forward to rush after Xuan Yuanyi.

Xuan Yuanyi grinned and said: "You should stand aside for now because I wish to see what realm my sword dao has achieved. We'll talk later after I take care of this loser."

"You two...!"

"Die for me!"

Chapter 356 – Divine Sword's Dao Intent

Dark God was enraged!

Because Feng Lei and Xuan Yuanyi weren't placing him in their eyes.

Who was he?

He was the most fierce General under Devil Monarch Skysoul!

Even Profound Saint experts would be scared half to death upon seeing him. Now he was being ignored by two humans that had just stepped into the Profound King realm. This feeling made him extremely annoyed!

His rage shot into the sky!

Ancient powers came out of Dark God's mind before covering his entire body. Each fur on his body became erect like steel needles. His body actually doubled in size, and the area around him was rippling with endless power.

With him as the center, it was as if he had become an ocean of power!

The eye of a vortex!

Powerful.

Terrifying!

Luo Tian's expression drastically changed as he shouted: "You two don't get any closer! You aren't his opponent!"

His powers were too strong.

Dark God had followed Devil Monarch Skysoul for over ten thousand years and was able to absorb a bit of his ancient powers. Even though it wasn't a lot, it was still sufficient to suppress any martial artist at the Profound King realm. Even Luo Tian himself wasn't sure if he could resist it.

"Kids that don't know the immensity of the heavens and the earth."

"Those two pieces of trash clearly don't know how strong Dark God is. Back then, even Profound Saint experts were killed by him, so these two are practically sending themselves to their own death."

“Hahaha... brothers of a bumpkin are naturally bumpkins as well. They obviously don’t have any brains to follow a boss like that, so they basically have shit for brains.”

Those experts in the void started mocking once again.

Their voices were heard by the senses of Feng Lei and Xuan Yuanyi.

Those two became pissed!

Extremely pissed! With eyes and countenance becoming serious, Feng Lei shouted: “Xuan Yuanyi! It’s fine if they look down on us but they cannot look down on our boss! We cannot allow the boss to feel ashamed of us!”

Xuan Yuanyi nodded and asked: “What do you plan on doing?”

“Coordinate with me!”

“I’m going to rip that loser into two pieces!”

Feng Lei didn’t wait for Xuan Yuanyi’s response. His bone structure underwent drastic changes and his blood colored scales started shedding before new ones grew out. They had become larger, thicker, even darker red like it was completely fresh blood like.

Transformation!

A full complete transformation!

“ROAR~!”

Feng Lei had completely changed into a ferocious demonic beast!

His whole body seemed to be covered in blood and would cause any beholder to be unable to forget the scene.

Luo Tian was stunned and faintly shivered. "Who would've thought fatty can completely transform now? This kind of power is quite terrifying."

"Ancestral Demon?!"

Devil Monarch Skysoul's brows sank. He was staring at Feng Lei while he asked himself full of doubt: "Could this be a reincarnation of the Ancestral Demon? Impossible. The demon race was already overlords of the ancient world 100,000 years ago. Could something have happened these past 100,000 years?"

He could tell with one glance that Feng Lei had transformed into the embodiment of the Ancestral Demon.

Except...

The looks were similar but the strength was less than one ten-thousandth of its original powers!

If it was the true Ancestral Demon, not mentioning Dark God, even he himself would be fated to die today.

Devil Monarch Skysoul coldly harrumphed and said: "You wish to deal with Dark God with just this strength? You guys are looking down on him too much. After cultivating beside me for ten thousand years, just the ancient aura he's absorbed has made his strength exceed experts at the peak Profound Venerate realm. Dealing with these two pests is simply too easy!"

Indeed...

Dark God's powers were extremely strong.

Being able to transform into a human figure meant that he had already reached the last great perfection stage of a demonic beast. According to his strength in human levels, he was infinitely close to reaching the Profound Saint realm.

And being able to cultivate beside Devil Monarch Skysoul for tens of thousands of years, how terrifyingly strong has his powers become?

“Die for me!”

Dark God’s bear claws were raised into the air preparing to swipe down.

Heaven and earth started shaking.

The sky looked like it was going to split apart!

Tianxuan Continent’s sky looked like it couldn’t endure it as sounds of glass breaking was heard.

Dark God’s two arms looked like it had been shoved into the clouds. A terrifying force than smashed down, “Bear Storming the World!”

Xuan Yuanyi immediately ingested a Profound Burst Pill and raised his strength. He then released all the power he could muster from his Giant Fault Divine Sword before shooting into the sky. A formless sword qi rose up from the sword’s blade and formed an incomparably huge image replicate of the Giant Fault Sword. It immediately slashed over without giving Dark God a chance to slash down with his claws.

At this time...

Xuan Yuanyi shouted: “Fatty! It’s on you now!”

As his voice faded...

Xuan Yuanyi slashed down with his sword!

He was the sword, and the sword was him.

He was going all out!

Xuan Yuanyi wanted to block the attack for Feng Lei, who would, in turn, throw out a killing move!

Feng Lei swallowed a Profound Burst Pill and his body immediately exploded forth with a red color energy. He clenched his fists, lowered his legs before shooting forth directly into the void and disappearing.

Also at the same time...

Every palace guard ingested a Profound Burst Pill.

The commander leading them shouted: "Kill them for me!"

Dark God's army also made their move, immediately rushing over covered in devilish flames.

At this time...

The martial artists in the main square all charged over in a frenzy, their shouts of "kill" shaking the skies.

Devil Monarch Skysoul sneered and waved his right hand. He then said: "All devil fiend army; charge and trample through Heavenly Sword City for me!"

The battle immediately erupted!

Everything was completely out of control.

Luo Tian didn't have the power to bother with the battlefield and was rushing over to where Feng Lei and Xuan Yuanyi were. He was saying to himself: "Nothing better happen to you guys! I still need you two to accompany me in walking down my future path!"

"Boom~!"

Dark God's arms were like battle axes as it chopped down with the power capable of cutting the heavens and earth apart!

"Hong~, Clang~!"

Xuan Yuanyi's huge sword qi shattered.

"Puff~!"

Xuan Yuanyi sprayed out a mouthful of blood and his countenance turned pale. Looking up at the bear claws pressing down, he started closing his eyes. The entire world seemed to come to a stop as the Giant Fault Sword in his hand seem to turn into a human and started breathing.

"Fuuu~... fuuu~..."

Every breath was the same as Xuan Yuanyi's.

Every pore on Xuan Yuanyi's body was open as it was crazily absorbing something.

"Plop~, plop~!"

His blood was mixed with sweat at is dripped down.

The sword intent coming from Xuan Yuanyi's body disappeared briefly before suddenly surging out like a flash flood. His eyes suddenly opened as he shouted: "Divine Sword's Dao Intent!"

"Myriad sword returns to oneness!"

"Sword spirit myriad skies!"

"Come out for me!"

Sudden enlightenment!

In less than a second, Xuan Yuanyi had a sudden enlightenment and comprehended a higher level than the realm of man and sword as one! This was the divine sword's dao intent!

Giant Fault Sword's spirit diffused through the sky. The moment Dark God's paws smashed down, it shot up and blocked it.

"Boom~!"

An incomparably dull and powerful sound of an explosion was heard before the sky and earth started shaking.

The ripples of energy from the shockwave shot out over a million kilometers outwards, causing endless shock to the people inside Heavenly Sword City.

Devil Monarch Skysoul was rather stunned as well, "He actually comprehended the Sunken Divine Sword's dao intent. What kind of people are around this kid? It looks like this kid's world has been rather colorful, but its colorfulness shall come to an end today."

"Dark God, kill them both...!"

Devil Monarch Skysoul hadn't managed to finish his sentence yet.

At this time, Feng Lei shot out from the void...

Chapter 357 – I Shall Be The One To Send This Guy To Hell

“Nine heavens and ten earths!”

“Ten thousand demons as one!”

“Kill!”

Feng Lei was roaring out with rage as he rushed out from the void.

A scarlet red force smashed into Dark God's stomach. An energy shockwave exploded out and the thick fur on his body looked like a hurricane blowing through a grassy plain. Wave after wave of energy continued spreading out.

“Boom~!”

Dark God's eyes popped out fiercely while his stomach area caved in. A painful look appeared on his face while his huge body retreated while shaking. He had an ugly look on his face and kept retreating until falling into the river on the edge of the city acting as a moat. His body created multiple waves as the water drowned his huge body.

It was a sudden critical hit!

No one expected this.

Shock! Incomparable shock!

Luo Tian was stupefied as he couldn't believe it either.

The coordination between those two had practically reached the realm of perfection!

Xuan Yuanyi threw his life on the line to block Dark God's attack. Feng Lei saw a great opportunity and took it. A single attack managing to force Dark God, who was at the peak of the Profound Venerate realm, retreating and directly falling into the river by the city. This was too overbearingly awesome!

Too shocking!

Luo Tian stared in a dumbfounded manner.

All the present palace guards and devil fiend soldiers stopped attacking each other.

Countless eyes were staring at those two while scared stiff.

Those experts observing in the void couldn't even let out a fart. Their expressions were so ugly looking that it looked like someone had just poured eighteen buckets of shit into their mouths. That had basically become a joke of an existence!

"How can this be possible?!"

"It's definitely impossible!"

"Dark God's strength is at the peak of the Profound Venerate realm. With the addition of his demonic beast body, his strength is comparable to an expert at the Profound Saint realm! How can he be defeated by two country bumpkins?"

"An illusion! We're definitely hallucinating!"

“It’s impossible for them to kill Dark God!”

Some devil fiends started shaking their heads and crying as they refused to believe this could happen.

And at this moment...

Heavenly Sword City was boiling as they chanted in unison: “Xuan Yuanyi, Xuan Yuanyi, Feng Lei, Feng Lei, Feng Lei...”

They didn’t know what to say and only enthusiastically chanted their names.

This was too inconceivable.

The strength of the palace guards had soared after consuming the Profound Burst Pill. They grasped this chance while Dark God’s army had lost their mind and attacked fiercely. In just a short few minutes, they managed to drive the devil fiend soldiers out of the city.

Cheers were heard inside the city!

“Come at us!”

“Weren’t you devil fiends very arrogant?!”

“Weren’t you guy acting all high and mighty?!”

“Come! Come at us! Let’s see if you guys are stronger or if our Prince Consort and his two mighty Generals are stronger! Hahaha...”

The common citizens of Heavenly Sword City were screaming this as they finally vented their feelings.

Deep inside the imperial palace.

Tang Qingtian had an extremely excited expression. "It's good to be young! These children have infinite potential and Tianxuan Continent will definitely shake from their names. They are just too great, hahaha..."

Everyone was cheering.

An Chunchun's brows were locked together and her expression made her look like she was straining her strength.

Suddenly...

An Chunchun's eyes shifted before shouting: "Big brother Fatty! Big brother Xuan Yuanyi! Quickly run!"

Her voice was very loud.

But amongst the loud cheering around her, no one could hear her voice. Even Tang Tang next to her had to lower herself and ask: "Chunchun, what is it? What did you just say?"

An Chunchun didn't have time to say it again.

She rushed out with all her strength while screaming: "Big brother Fatty! Danger! Big brother Xuan Yuanyi! Danger! Quick! Quickly run away!"

Tang Tang who was rushing after her finally heard it.

It was the same with Blindman Liu.

His expression drastically changed.

No one doubted the words from An Chunchun. She was a mysterious existence with powers one couldn't describe. She can understand the languages of every living creature in this world, and she can release holy light that's capable of blessing her targets...

Apart from this...

She can see things that others cannot see!

For example...

Dark God at the bottom of the river by the city was gathering his powers!

Blindman Liu cried out: "Princess Lasting Peace! Protect Chunchun!"

As his voice faded...

The power inside Blindman Liu surged out into the sky while his body started changing like crazy. A pair of huge devil's wing extended out from his back, and in just a short few seconds, he had transformed into the ancient huge devil!

A voice came out from the huge devil: "Fatty Lei, Xuan Yuanyi, danger! Quickly run!"

There wasn't a single person not shocked by the sudden appearance of the ancient huge devil.

Everyone was dumbstruck.

For a brief moment, chaos ensued and everyone started fleeing.

Blindman Liu didn't care about this and only desperately rushed towards the side of Feng Lei.

At this time...

Luo Tian's countenance changed to one of shock. His spiritual senses were able to sense a powerful energy being born under the river. He immediately shouted: "Fatty! Quickly retreat!"

Before his voice faded...

The water in the river had surged into the sky.

A creature like a deep-sea titan stood up, and a large bear claw acting like it was trying to rip the sky apart was slamming down. A voice with incomparable rage shouted: "You two go die for me!"

Out of the blue!

No one expected this!

Everything happened too suddenly.

Feng Lei forced himself to release all his powers at once.

Xuan Yuanyi had comprehended the divine sword's dao intent and was using it to block Dark God's attack. His current body was already seriously injured so there's no way he can actually resist it.

In the time it takes for a spark to ignite off a flint...

A huge figure rushed over and directly blocked Dark God's huge claw strike.

"Boom~!"

“Craaack~!”

The bones on the two fleshly wings directly shattered and gave off continuous sounds of bones breaking.

Blindman Liu’s body smashed downwards and half his body was embedded into the ground. He continuously sprayed out several mouthfuls of dark blood and revealed a painful expression. He then still managed to scream out: “You two run away quickly!”

“You wish to run?”

“Just go to hell for me!”

With his rage reaching the maximum level, Dark God was releasing the strongest powers he was capable of.

This power was what he absorbed from cultivating beside Devil Monarch Skysoul.

At this moment...

He wasn’t holding anything back and was completely releasing it all out.

Devil Monarch Skysoul coldly smiled and said: “Did you guys really think Dark God is that easy to defeat? There’s not a single one of you trashy humans qualified to be his opponent. Little Dark is enraged so his killing intent is unblockable. You guys can just wait there and accept your death.”

Also at this time...

Devil Monarch Skysoul waved his right hand and shouted: “Continue attacking!”

“Flatten Heavenly Sword City!”

On Heavenly Sword City's side.

Because Blindman Liu transformed into an ancient huge devil, and Dark God rushing out of the river with unstoppable force, Heavenly Sword City was like a chaotic mixed porridge with people fleeing everywhere.

Apart from the palace guards who still retained most of their combat powers, all the martial artists had lost pretty much half of theirs.

Crisis!

An extremely huge crisis!

“Bang~!”

Dark God threw out another palm strike onto Blindman Liu's back.

Blindman Liu once again sprayed out a mouthful of blood. His body was heavily smashed into the ground before he lay there unmoving.

Feng Lei glared with anger, “This daddy will fight it out with you!”

Luo Tian's expression sank as he shouted: “Fall back! I shall be the one to send this guy to hell!”

Chapter 358 – Luo Tian Was Smashed Into Powder

Heavenly Sword City was in complete chaos.

The only way to temporarily calm this chaos was to kill Dark God!

And he had to be killed quickly! Any slower and chaos would reach a whole new level because the devil fiend army was already crushing over like a tsunami!

They had to prepare their defenses!

“Boss, I...”

“Quickly leave here and have the palace guards calm the people. The real final battle is about to start. If the chaos continues onward, I’m afraid we won’t even get a chance to fight back before we are broken through just like that,” said Luo Tian with a frown.

As he was saying this...

Luo Tian leaped into the air with a sneer. He then pointed at Dark God and said: “Damn loser, weren’t you looking for this daddy? This daddy is standing right here!”

Dark God’s eyes shifted and glared straight at Luo Tian. He then shouted: “Luo Tian?! Go die for me!”

Also at this time...

Xuan Yuanyi managed to pull Blindman Liu’s body from the deep pit. His huge devil body was currently being carried away at crazy speeds. “Boss, you need to be careful!”

“Everyone withdraw and prepare the defenses!”

There really weren’t too many thoughts at a time like this.

The only plan now was to fight it out!

The aura in Luo Tian's body was silently circulating as his powers started roiling. Starlight power and imperial qi power were all surging out according to his thoughts. In just a mere moment, the flames of aura coming from Luo Tian shot into the sky!

Immediately after...

Luo Tian coldly grinned and said: "Damn loser, watch how I'm going to send you to hell!"

"Just based on you?"

"Devil Monarch bestowed his grace on you by giving you face. I will not give you any face because a human like you that doesn't know the immensity of the heavens or the earth doesn't need to keep living in this world. Devil Monarch loves talents while I love to kill – all those that block Devil Monarch's path shall be destroyed!"

"Die!"

"Die!"

The word "die" was heard from over a million kilometers out.

It was like a continuous wave of echoes being spread out. All living creatures within a million kilometers were shaking. All those experts hiding in the void shuddered in fear and didn't even dare to breathe loudly.

These so called experts who only bullied the weak were such a joke!

The voice being transmitted out contained Dark God's powerful suppression!

It rushed into Luo Tian's sea of consciousness like a surging tide. Luo Tian's body sank down as if a mountain was pressing down on him. What he hated the most was when others would use their oppressive power to suppress one's sea of consciousness.

Immediately after...

Luo Tian's flames of rage were stirred as he clenched his fists.

"Bang~! Bang~! Bang~...!"

The air around his body gave off a series of exploding sounds. Luo Tian then shouted: "Level 5 Berserk!"

"Boom~!"

A thunderous sound exploded inside his body.

With the activation of level 5 Berserk, 32 times his base attributes were released. His starlight and imperial qi powers became even more tumultuous like an out of control bull on the loose. They were all surging out like an unstoppable force!

"Whoosh~... whoosh~..."

The surface of Luo Tian's body was like a red hot iron plate continuously dripping beads of sweat. Sounds of water being sizzled into evaporation was heard, and it was especially noticeable in this environment.

The power of 32 times his attributes was continuously circulating inside Luo Tian's body.

Luo Tian closed his eyes and lowered his fists.

If his body wasn't strengthened by the starlight and imperial qi powers, most likely there's no way he can handle the violent level 5 Berserk energy. The blood inside him was like a mad raging blood sea that continuously crashed and smashed about.

The feeling of so much power was really too intoxicating.

Luo Tian could clearly sense the powers like he was physically holding onto them.

Suddenly...

Luo Tian extended his right hand out. The Blood Devouring Wild Blade issued thirsty sounds as it appeared in his hand and cooperated with Luo Tian's explosive domineering aura. One man and one blade started breathing in unison and directly entered the highest realm achievable.

Luo Tian raised his blade and pointed at Dark God. He then faintly said the word: "Die."

Dark God started sneering in coldness.

His sneer was extremely smug and arrogant while his eyes revealed a thick look of disdain when staring at Luo Tian. He then coldly harrumphed: "I really don't understand which part Devil Monarch sees good in you. A person that's about to die can still spout out such wild words at a time like this."

"That's fine too."

"I will let you see what it truly means to 'die'!"

"Path of slaughter... brutal killing!"

"Brat, you need to be careful."

“This big guy also cultivates a path of slaughter. His path of slaughter is extremely savage and has been condensed from killing with extreme cruelty. It’s not hard to see from the violent aura surrounding his body that the amount of people this guy has killed is no less than mine.” Wild Blade’s heart tightened and quickly advised Luo Tian.

Path of slaughter...

Was divided into many types.

Each person walked a different path.

Brutal killing path of slaughter!

Focusing on brutality when killing. This was a dao path that requires one to continuously kill in order to train. Being able to cultivate brutal killing to this realm, most likely over a million humans must have died under the hands of Dark God. Before he was sealed up, everywhere he went would only result in corpses with not a single living being left alive.

His path of slaughter was guided by Devil Monarch Skysoul.

Killing to forge his dao!

The brutal aura was surging out and enshrouding the entire Heavenly Sword City. The city was currently covered in a tyrannical and out of control killing intent, making one feel like they had been sent to hell. This kind of feeling made one feel like they were about to die any second.

For a brief moment...

Heavenly Sword City became quiet.

The sound of children crying, the high pitched shrieks from the women, and the sound of common citizens' frantically running away had all briefly stopped.

They were all in fear!

They were so scared that they didn't dare to move or breathe out loudly!

Their hearts were shaking; their bodies were shaking; they felt like they were about to become a corpse at any given moment.

Everyone's face was pale white and had a look of powerlessness.

"We're going to die!"

"I'm dying! I'm going to die soon!"

"Mother, I feel very uncomfortable."

These sounds of low whispers could be heard.

Heavenly Sword City was dead silent except for the whispering.

Those experts hiding in the void had stopped breathing and didn't dare to make a sound. But they were still rather smug in their hearts saying: "Luo Tian, this daddy would like to see how you're going to keep acting arrogant. You dare to act arrogant in front of Devil Monarch Skysoul? Acting arrogant in front of Dark God? Let's see how you're going to die then, hahaha..."

Feng Lei had stopped.

Xuan Yuanyi had stopped dragging the super heavy Blindman Liu.

Tang Jiu, Tang Tang, Qin Yue'er, An Chunchun, and the others all stopped and looked at Luo Tian.

The killing intent was too heavy.

This brutal killing intent was coursing through every person's mind. They had no power to resist and only felt despair!

Luo Tian's brows quivered. His mouth formed a grim reaper like smile as said in a gloomy manner: "Path of slaughter? Brutal killing's path of slaughter? Since you wish to use your path of slaughter, then this daddy will let you experience what a truly powerful path of slaughter is!"

His sea of consciousness started roiling about.

The aura behind Luo Tian suddenly changed and the image of a huge grim reaper appeared. Its hand was holding an incomparably huge scythe that was used to reap lives, and beneath the black hood was a gloomy looking smile.

At this moment...

Dark God made a move.

It was the same for Luo Tian as the grim reaper's scythe chopped down!

Luo Tian's figure suddenly changed.

Dark God's bear claw heavily smacked down, "Die for me!"

"Bang~!"

Luo Tian's figure was directly smashed into powder...

He died?!

Chapter 359 – Instantly Killing Dark God, Explode!

He died?!

Directly smashed to powder by Dark God?!

This...

At this moment, the bodies of more than half the people in Heavenly Sword City weakened as they fell to the ground. The spiritual pillar inside their hearts had collapsed!

Luo Tian!

The last hope inside their hearts! If he was dead, then how was Heavenly Sword City supposed to survive?

Everyone's heart turned dead silent as they watched Luo Tian's figure turn into powder.

Feng Lei's eyes turned to rage as his mind entered a state of madness. He then roared out: "Young master!"

"Boss!"

"Boss!"

Even An Chunchun shouted: "Big brother Luo Tian!"

Even she didn't notice anything!

"We're finished!"

"Completely done for."

Despair. This was complete despair. There were no signs of hope. If they couldn't even resist against Dark God, then who was going to resist Devil Monarch Skysoul when he arrives? Some burst into tears while some directly kneeled down with dull expressions and eyes filled with hopelessness.

Dark God started laughing into the air. He then so with extreme smugness: "Lowly humans wishing to fight with me? You're simply courting death! Just tremble below my brutal path of slaughter!"

"Tremble your sister!"

As the voice faded...

A figure had appeared behind Dark God at an unknown time.

Luo Tian's body was overflowing with his grim reaper's killing intent while Blood Devouring Wild Blade was roaring in rage. At this moment, Luo Tian had stacked the three different powers inside his body together. His mouth formed a sneer as he raised Wild Blade in his hands. He then leaped up higher before chopping down, "Domineering Slash! Die for me!"

Blade qi soared into the sky!

The domineering power raged out as the blade looked like it was chopping up a stick of bamboo.

"Boom~!"

"Boom~!"

“Boom~!”

Continuous sounds of explosions were heard. Dark God’s eyes were extremely wide as he glared at Luo Tian. He really couldn’t figure out how Luo Tian had appeared behind him. His palms had clearly smacked Luo Tian into powder so how could he suddenly appear behind him?

He couldn’t understand it!

It didn’t make sense!

Dark God’s heart started trembling as he watched the huge blade chopping down. The grim reaper’s path of slaughter was even more violent than his brutal path of slaughter. And the domineering energy coming from the blade’s body was simply too terrifying!

The momentum of the world’s most domineering blade had been completely released!

A single blade sliced down!

“Bang~, boom~, boom~!”

Dark God roared into the sky: “Aghhhh...!”

The blade qi followed the path of his brains as it directly split it into two!

This was an incomparably gorgeous instant kill!

“Noooo...!”

Devil Monarch Skysoul screamed out as the devilish flames on his body rose up like ten thousand barrels of gasoline had been poured over him. He instantly rushed into the sky in boundless rage!

Instant kill!

Instantly killing an existence like Dark God who was infinitely close to reaching the Profound Saint realm; this power was just simply too terrifying!

One needs to understand that Dark God was much stronger than Dao Shang Alliance's Long Tian. Dark God was able to easily toy with Long Tian but he was still instantly killed by Luo Tian. These combined powers of his were extremely terrifying!

Luo Tian smiled in excitement.

He closed his eyes while silently waiting.

“Ding!”

“Congratulations to player Luo Tian for killing Dark God. You have gained 5,000,000 experience points, 600,000 profound energy...”

“Congratulations to player Luo Tian for gaining the energy of the brutal path of slaughter. Do you wish to devour it?”

“Congratulations to player Luo Tian for gaining the Violent Bear's might. Will you be fusing with it?”

“Congratulations to player Luo Tian for gaining Dark God's bloodline. Will you be fusing with it?”

A series of alert tones sounded off!

Luo Tian was ecstatic while listening to the alerts of the system. He blanked out for a bit and asked himself: "Paths of slaughter are compatible with each other? Could it be that my grim reaper's path of slaughter has to devour other paths of slaughter to increase its power?"

"Of course it's possible!"

"The path of slaughter you're cultivating is the grim reaper's dao of killing. It is originally a killing dao that needs to devour other paths of slaughter to become stronger. The brutal path of slaughter can be devoured and then your path of slaughter would naturally become much stronger."

"Of course, it's still a bit weaker than my Shura's path of slaughter, hahaha..." Wild Blade started laughing wildly. The feeling Luo Tian gave him was changing for the better as he felt this kid was becoming quite awesome.

The heavens weren't treating him too badly.

This kid's world is just too amazing.

Wild Blade was excited to the max!

"It would be even better if I could condense a fleshly body." Wild Blade's heart was agitated as he wanted to leave Luo Tian's body. He wanted to follow Luo Tian and act arrogantly without restraint. He wanted to make this world tremble before their names!

Living one's life with their blood boiling was too awesome!

Luo Tian could naturally sense what Wild Blade was thinking about.

Luo Tian already wanted to find a suitable fleshly body for Wild Blade but still hadn't found one yet.

"Hahaha..."

“My demonic beast blood essence! Today, I shall drink my fill!” Feng Lei was grinning from ear to ear. He was running over especially fast like others were trying to snatch his prey. He instantly arrived next to Dark God’s body and started sucking his blood essence out.

Each time he sucked a mouthful of blood essence, the scarlet blood glow around Feng Lei’s body trembled!

The power inside Dark God’s blood essence was quickly absorbed by Feng Lei.

“Bang~!”

“Bang~!”

Suddenly...

Two explosive sounds were heard coming from Feng Lei’s body. His bloody pupils constricted before he started chuckling foolishly: “Hahaha... I continuously broke through two small realms! This is too cool! Hahaha... The power within the blood essence is quite pure!”

Instantly breaking through two small realms...

This fatty was too heaven defying.

Luo Tian faintly smiled as he was happy for the fatty.

It was the same for Xuan Yuanyi except he was clenching his sword a bit tighter.

Everything happened too quickly.

One second prior, Luo Tian was smashed into powder.

One second later, the person falling over was actually Dark God. So what exactly happened?

This was the question that was inside everyone's heart.

It was the same for those experts hiding in the void; they too couldn't see what had just happened.

Feng Lei sucked up another mouthful of blood essence before asking: "Boss, what happened back there?"

Luo Tian grinned excitedly and said: "You wanna guess? Hahaha..."

Shadow Clone!

This was the support of a powerful divine grade martial skill. When Luo Tian activated the skill, his clone looked exactly like him. The circulation of power and aura was exactly the same as the original body, that's why everyone thought he had been smashed into powder by Dark God. In reality, he had already rushed to the rear of Dark God.

If his clone wasn't smashed into powder...

Luo Tian would still be able to easily fall back to another position after making a move. This was practically a weapon for assassinations!

The originally chaotic Heavenly Sword City had started boiling up again.

They were all cheering.

They were using all their strength to scream out Luo Tian's name. At this moment, Luo Tian had once again brought them all together and ignited their fighting will.

This was the strength of unity!

Luo Tian was the hope inside their hearts!

Seeing the sky covered with devilish flames charging over, Luo Tian immediately flew up into the air and shouted: “The final battle is about to begin! My fellow brothers; are you ready for it?!”

Strike while the iron’s hot.

It was the ideal time to motivate them and force all their potential combat powers out.

Everyone roared out in unison: “Kill! Kill! Kill!”

Their voices shook the sky.

Luo Tian smiled excitedly and joined in with their shouting: “Kill!”

There was still a faint worry in his heart because the War Leader System hadn’t leveled up yet. There was no way for him to summon out the Heavenly Sword, so what should he do?

Devil Monarch Skysoul was about to kill his way over!

Chapter 360 – The Names Of The Experts In The Void

Devil Monarch Skysoul had arrived!

Bringing endless flames of rage, the devilish flames on his body practically covered the entire sky!

Violent and filled with killing intent!

His imposing momentum was over the top and made people feel worse than death!

Luo Tian stood at the forefront. His eyes unmoving, his long hair moving with the wind, and the movement of his robe was giving off fluttering sounds. The aura coming from his body was calm but powerful, and he didn't show a trace of fear.

Behind him...

Feng Lei stood to the right while Xuan Yuanyi stood to the left.

After suffering from a serious injury, Blindman Liu still stood in the rear. The three of them were standing in line behind Luo Tian like they were his Generals.

Behind them were Tang Tang, Qin Yue'er, Tang Jiu, Da Ji, and the adorably cute An Chunchun. The momentum of those five wasn't comparable to Feng Lei and the others but it was still rather powerful at this time.

Further back was the Imperial Palace Guards and the martial artists of Heavenly Sword City.

They were quite small when compared to the devilish flames covering the sky, but they weren't afraid of anything at this moment. This was all because of Luo Tian being present!

Inside the void of space.

The sounds of ridiculing that had previously disappeared once again started.

"Hahaha... so what if the kid managed to kill Dark God? Keep acting arrogant! This daddy wants to see how long you can stay arrogant for!"

"You damn country bumpkin, you think you're all that after killing Dark God? You'll still die today even if you don't want to! You wish to become Heavenly Sword City's savior? Maybe in your next life, hahaha..."

“You wish to defy the heavens with your Profound King realm? You need to have the ability first! You’re a bit too overconfident in your ant-like strength!”

Sounds of ridiculing and mocking were heard.

Luo Tian was getting more and more irritated and the rage inside his heart couldn’t be held back anymore. Without waiting for Devil Monarch Skysoul to speak, Luo Tian directly said: “Can I request that you do one thing for me?”

“Now you wish to surrender to me?”

“It’s too late!”

“Kid, I already gave you plenty of chances. When you hadn’t killed Little Dark, I was still going to give you another chance at living. I didn’t expect you were able to kill Little Dark with your strength. This has made me extremely unhappy, so you need to die and your Heavenly Sword City needs to disappear.” Devil Monarch Skysoul had a chilly expression and his words seem to contain an inviolable decree. It was similar to the Heavens decreeing that you had to die, then you will definitely die without a doubt.

“Hahaha...”

“Devil Monarch Skysoul is pissed, which means that damn dog thing Luo Tian’s life is over.”

“Heavenly Sword City is finished yet why am I so happy about it? Yesterday, I was still an enshrined expert of the Great Tang so why am I so happy today to see it about to be destroyed? Hahaha... Luo Tian, this daddy just cannot stand your arrogance. What qualifications does an ant have to act all arrogant?”

All those experts started mocking once they heard Devil Monarch Skysoul’s response.

Luo Tian didn't bother with them and said: "I'm not asking to be spared or to surrender. What I would like to ask is if you can tell me the names and statuses of all those people mocking from the void. Just their physical appearances are fine too."

"Huh?"

Devil Monarch Skysoul was a bit surprised, "What do you want to do with their names?"

Luo Tian didn't try to hide it and replied: "I want to kill all of them one at a time. A bunch of trash like them that have lived for several centuries shouldn't be allowed to keep on living in this world. These types of people like them wish to travel further on the martial path? That's simply too funny."

"I'm really annoyed by them."

"If they were to appear before me right now, I would definitely rip their mouths off. These bunches of trash that keep buzzing around is making this daddy quite angry."

It's true!

It was extremely annoying!

Luo Tian's desire to kill them was even stronger than his desire to kill Devil Monarch Skysoul.

From daytime to night, they kept on blabbing, kept on mocking and throwing insults around. If they were in front of him right now, Luo Tian would definitely use everything he had to kill these trashy scum-like existences.

The Great Tang Dynasty had showered them with resources from decades to centuries, yet when facing the invading devil fiend army, all these ingrates could do was run at the sign of danger.

It was fine if they ran away yet they stood to the side and mocked the situation.

This made Luo Tian extremely angry!

That's why...

Luo Tian wanted to remember each and every one of them. If he ever encounters any of them in the future, he would then play them to death!

But...

These guys were all either at the peak Profound Venerate or Profound Saint realms. It wasn't possible to locate them in the void and Luo Tian could only hear their voices. There's no way he can recognize them if he sees them in the future so it would be quite difficult for him to find them.

That's why Luo Tian wanted to know the names of these dog things!

Devil Monarch Skysoul laughed into the air. He revealed a look of appreciation as he said: "Even though you have to die, your temper really suits my taste. Unfortunately, you killed Little Dark so you still have to die."

"I will satisfy your request before your death."

Immediately after...

Devil Monarch Skysoul closed his eyes. His brows were faintly scrunched up as his spirit drifted into the void. In less than half a breath, his eyes re-opened and said: "Daoist Tian Xian, Profound Saint 2nd rank, located at the southern direction of the Tiandu Peak, approximately 1.7 million kilometers from here."

"Daoist Yue Lu, located at the Yue Lu Mountains approximately 2.3 million kilometers away."

"Liu Jingyun, strength at the peak of the Profound Venerate realm, approximately 3.1 million kilometers away..."

Every one of them was being identified.

In addition...

The spiritual senses of those experts in the void wanted to escape but were restricted by Devil Monarch Skysoul.

Luo Tian remembered each one of them. His mouth formed a smile before looking up at the sky and saying: "If you damn dog things have guts, don't try to run away! Wait for this daddy to kill each and every one of you f*ckers!"

Within the void...

The countenance of those experts changed as they didn't know why a sense of fear had developed in their hearts.

Devil Monarch Skysoul's brows faintly quivered before saying: "It's not just them. Sea Cloud Sect, Southern Mountain Sect, Heavenly Plume City, and the Ardent Sun Sect have all sent out their elite disciples. They are currently fighting like crazy for the Great Tang's resources and territories."

"Looting a burning house!"

Luo Tian's gaze turned gloomy as he coldly sneered: "Looks like I can raise my undefeated points quite a bit soon."

It's about time for a massacre!

Who would've imagined that while fighting against the devil fiend army, those Sects and forces allied with the Great Tang would loot a burning house? If that's the case, then there was no need to hold back anymore. Once he took care of Devil Monarch Skysoul, he will go butcher every one of them afterward!

They all had to be exterminated!

And his undefeated value will rise up like crazy!

“Kid!”

“I will consider this as granting your wish before your death, so you can die today without any worries. I will send each and every one of them down to hell to accompany you.” Devil Monarch Skysoul’s tone was filled with unbridled arrogance. As long as it was the human race, he was going to kill them all.

He had given Luo Tian a chance.

This was the first time he had given someone of the human race a chance, yet he was met with disappointment.

Little Dark had died.

The anger inside Devil Monarch Skysoul’s heart was raging uncontrollably. So no matter what kind of human he meets in the future, they will all have to die. He was planning on turning the entire Tianxuan Continent into his personal territory. He would then gather all the resources in the continent before killing his way back to the ancient world!

Luo Tian faintly smiled and said: “If you weren’t a boss... If you hadn’t massacred so many people and become a devil fiend... If you hadn’t desired to flatten Heavenly Sword City... perhaps we could’ve really become friends.”

“But...”

“I’m really sorry but I will be sending those people to hell myself.”

“As for you... you must die today!”
