

Leveling Up And Becoming Undefeatable

Chapter 36 – Bullying Gone Too Far

Chapter 36 – Bullying Gone Too Far

If they sent out people to search, accidents will definitely occur since the Ghostly Mountain Range was too dangerous.

The elite disciples were the pillars of the Luo family. If something happened to them, the entire Luo family will enter a precarious situation.

His own status will then be threatened.

No matter what, he couldn't make this move.

Luo Tian picked at his ears and couldn't be bothered with their discussion. He walked up and asked: "May I ask if the Acting Patriarch can declare the results of the hunting contest?"

He was still waiting to turn in his quest.

If Luo Jianshan didn't recognize the results, then it will mean the quest wasn't completed. It's basically like him not handing in the quest and not getting the rewards for it.

Luo Jianshan's eyes became cold. He looked at the pile of 2nd rank demonic beast heads, the 3rd rank demonic beast heads, and finally at the Furious Thunder Bull. His heart suddenly tightened and said to himself: "Could Lin Er's death be caused by Luo Tian?"

Thinking to this point, Luo Jianshan's eyes became even colder. His eyes swept past the crowd and a portion of the Luo family disciples that participated in the hunting contest unconsciously lowered their heads. This further strengthened his suspicions.

Immediately after...

Luo Jianshan then coldly laughed out loud once and then said: "Luo Tian, the fact that your dantian was crippled is something everyone knows about. How could someone with a crippled dantian kill so many demonic beasts? Especially when they're 2nd rank demonic beasts, 3rd rank, and even a 4th rank demonic beast. Even someone at the Profound Master realm would have a hard time dealing with a 2nd rank demonic beast, so how did you hunt them down?"

Luo Tian's eyes darkened, "Just go ahead and say what you're implying."

"Good!"

"I suspect that you're cheating!" Luo Jianshan yelled outright.

A flash of hope appeared in Luo Changshan's eyes as he yelled out: "What the Patriarch said is correct! Luo Tian's achievements are truly suspicious!"

The still throwing up Luo Chen with a pale face immediately lifted up his head and pointed at Luo Tian in excitement before saying loudly: "That piece of trash Luo Tian is definitely cheating!"

His sleeves moved from his sudden pointing and a piece of gooey shit was flicked directly into his open mouth. Luo Chen then started throwing up like crazy again.

"F*ck!"

Luo Tian cursed before showing a questioning smile: "I suspect that you cannot take out the xuan stone reward so that's why you're trying to shift suspicion onto my results. Acting Patriarch, could it be that you can't take out the xuan stone because you had already given it to your son?"

As Luo Tian's voice was heard, several Elders all looked towards Luo Jianshan.

Luo Jianshan's face darkened but he pretended to remain calm. "Nonsense! Why would I, the Patriarch do such a thing? Luo Tian, it looks like you're afraid of my inquiry. Again, how did you, a piece of trash manage such achievements?"

Without waiting for Luo Tian's response, Luo Jianshan immediately continued: "Elders, what do you think of freezing Luo Tian's results for now until we've thoroughly investigated this?"

"Sounds good!"

"Luo Tian's achievements are very suspicious so in order to be fair, I agree with the Patriarch's suggestion."

"Agree your sister!"

"You damn old dog fogeys, this daddy has seen through you all." Luo Tian's anger was rising as he saw through these so called Elders. With these old bastards in charge, it's no wonder the Luo family continues to decline.

In his heart, Luo Tian started cursing out everyone in Luo Jianshan's family. He also couldn't help becoming anxious since if he couldn't get Luo Jianshan's

acknowledgement, the first place for the hunting contest will not be declared. As for that xuan stone, there's no way Luo Jianshan can take it out because Luo Tian had it on his person. He didn't really care about that xuan stone and only wanted to take care of the A-ranked quest.

The quest was given by Luo Jianshan so if he doesn't acknowledge its completion, Luo Tian wouldn't get the rewards.

This was a Grade 3 supportive martial skill we're talking about!

Martial skills were too strong. Luo Tian had experienced the benefits it brought when dealing with those on the same level. A good martial skill was basically one's capital.

Moreover...

What's a supportive martial skill?

Refining pills, refining weapons, inscriptions, those were all considered supportive martial skills. Each one of them were awesome existences on their own, especially when it came to refining pills.

Right now, Luo Tian can only replenish his profound energy by killing monsters. If he couldn't kill monsters, he can only replenish his energy through pills. That's why pills were very important especially to him.

Back when the A-ranked reward was shown, Luo Tian was incredibly excited.

Luo Tian suppressed his anger and asked: "I would like to ask when the Elders can finish their so called investigation?"

Luo Xiaoshan responded with a wise ass look on his face: "It could be a day or maybe a month. But we can't rule out a year or maybe even ten years. These things are hard to accurately judge."

Luo Zhongshan added: "Luo Tian, we will try to investigate this matter as quick as we can but even we don't have a timeframe."

Investigate?

What are they going to investigate?

Investigate their mother's sister! This was clearly them messing with Luo Tian.

Luo Tian could clearly see everything – through many hardships, he had tirelessly killed for 3 days and this was the conclusion?

The flames of anger rushed all the way into his head.

There was a slight smile on Luo Jianshan's lips before he seriously said: "Luo Tian, there is a quick way to prove yourself."

Seeing Luo Jianshan's lips, Luo Tian already knew it wasn't anything good but he still went ahead and asked: "What way?"

"It's a very simple solution."

"You only have to prove to everyone that you can kill a 4th rank demonic beast." Luo Jianshan replied.

"Go kill a 4th rank demonic beast?"

"That's a good solution; it can automatically prove Luo Tian's strength! And being able to kill at 4th rank demonic beast will show he is worthy of such achievements."

"I am in favor of this proposal."

Even an expert at the Profound Master realm would die in front of a 4th rank demonic beast. Now they want him to kill one in front of them? Hasn't their bullying gone too far?

Luo Tian immediately said internally: "I'll go your mom!"

Luo Jianshan then said: "Of course, a 4th rank demonic beast is a peerless existence so I'll allow you to bring another person with you. As long as that person agrees, anyone of the Luo family will do."

"I agree!"

"I agree!"

Feng Lei and Li Xue'er both spoke out at the same time.

Luo Tian glanced at them filled with gratefulness, but he didn't want their help.

A 4th rank demonic beast was way too strong. Even if he brought an expert at the Profound Master realm with him, there's no way they could kill one by normal means. It was clear that Luo Jianshan was deliberately sending him to his death.

Not all 4th rank demonic beasts were as slow as the Furious Thunder Bull. Once he encounters one that's a bit faster, there would be nothing Luo Tian could do to fight back.

He wouldn't even have time to use Magic Charm because he'd be already dead.

This ploy by Luo Jianshan was too vicious!

If he doesn't accept this, there's no way he can get the quest rewards.

If he accepts it, it's practically sending him to his own death!

Luo Tian didn't even bother considering it and smiled, "Acting Patriarch, you are truly too vicious. A mere first place is something I don't place in my eyes."

"Humph!"

"I already knew you committed fraud."

"According to clan rules, those that cheat in the hunting contest will have their legs broken and kicked out of the Luo family!" Luo Jianshan said with a frown and in a serious tone.

He already figured out Luo Tian wouldn't agree to it!

"Someone come and capture him!" Luo Jianshan waved his hand and several elite disciples rushed towards Luo Tian.

Luo Jianshan had a look of success on his face and mumbled to himself: "Luo Tian, you could prove to us that you can kill a 4th rank demonic beast or... heehee... break your own legs!"

Vicious to the extreme!

Luo Tian frowned, his anger flaring as he felt he was dancing on another's palm. His eyes darkened and he coldly looked at Luo Jianshan: "Luo Jianshan, you are truly too vicious."

"Vicious?"

"I am merely performing my duties." Luo Jianshan then coldly laughed before saying: "I will give you 3 seconds to make a choice: Will you kill a 4th rank demonic beast or will you break your own legs?"

No matter which choice it was, death would be the eventual outcome!

Feng Lei immediately stood out and loudly yelled: "We choose to kill the 4th rank demonic beast and I will be accompanying young master!"

"Good!"

“Luo Tian, you’re not as straightforward as your servant.” Luo Jianshan smiled as his ploy worked, “Half a month later at the Jade Mountain City’s battle arena, there will a 4th rank demonic beast present. At that time, you only need to kill that beast and the truth will reveal itself and the first place for the hunting contest would naturally be yours.”

“Fatty Lei!” Luo Tian looked at Feng Lei.

Feng Lei foolishly grinned, “Boss, we’ll take our chances.”

He made that choice for Luo Tian because he knew Luo Tian would never put his or Li Xue’er’s life on the line.

Luo Jianshan had already revealed his true intentions so if Feng Lei didn’t make that choice, Luo Jianshan would definitely do something to Luo Tian.

Feng Lei may look like an idiot in general but he was actually quite intelligent.

Since it was already agreed to, Luo Tian had a slight smile on his face before saying: “Luo Jianshan, you truly made a good move. We will show you our strength later so don’t be too shocked by it.”

“Hahaha...”

“Don’t worry, unless you mean shocked at how you would be ripped to shreds by the demonic beast?” Luo Jianshan said in disdain.

It’s good that Luo Tian agreed to fight the 4th rank demonic beast because it allowed Luo Jianshan 15 days of time to investigate everything. Most importantly, it would allow him to find out where the demon core was!

“Let’s go!”

Luo Tian was about to turn around to leave when something flashed in his eyes as he said respectfully: “Patriarch, would it count as me being in first place with the total score of 1200 points in the hunting contest?”

“Achievements attained by fraud...” Luo Jianshan smiled.

Without allowing him to finish, Luo Tian interrupted: “Ignoring that point, I’m asking if it technically counts.”

Luo Tian smiled at Luo Tian, “It counts, but so what? You cheated...”

“Hahaha...”

Suddenly...

Luo Tian laughed out loud into the air and excitedly said: "What I wanted was your word that it 'counted'. Your mother, you wanted to scheme against this daddy but allowed this daddy to counter you."

Luo Jianshan was slightly stunned as he didn't know what Luo Tian was laughing about.

It was around this time...

The sweet familiar alert tone sounded off in Luo Tian's mind.

"Ding!"

Chapter 37 – The Puppet Technique

Chapter 37 – The Puppet Technique

Luo Tian was super unhappy having fallen into Luo Jianshan's scheme.

The first thing being unable to complete his quest, making Luo Tian super super unhappy.

But...

Humans were alive while the System wasn't. The system only wanted some type of acknowledgement.

That's why Luo Tian deliberately formed his question that way, trying to make Luo Jianshan give some type of acknowledgement. Once he acknowledges it, the System will by default take that as the quest being completed.

"Ding!"

"Congratulations to Player Luo Tian for completing an A-ranked quest. You have gained 20,000 quest experience points, 1000 profound energy, and a random supportive martial skill."

His experience bar surged ahead by 20,000 points and his profound energy value increased by 1000 points.

"Ding!"

"Would you like to start the random draw?"

Luo Tian didn't even contemplate it and made a thought: "Start!"

A big roulette wheel appeared in his mind that was filled with different martial skills engraved around it. There were refining pills, refining weapons and armor, inscriptions, and several other supportive martial skills. Luo Tian looked at the refining pill techniques and started praying: "Big sister Guanyin1, little sister Chang'e1, little sister Maria Ozawa2, teacher Sola Aoi2, Rola Misaki2 etc... you all must bless me so that I can draw pill refinement."

He wouldn't need to worry about his profound energy being exhausted when he's able to refine pills.

Even if he encounters someone he can't kill, he could at least tire the person death.

"Refining pill technique, it has to be the refining pill technique!"

Luo Tian was praying with all his might.

The roulette wheel started spinning and a few minutes later, it stopped and pointed at a martial skill.

"Ding!"

"Congratulations to Player Luo Tian for gaining the Puppet Technique!"

As the voice faded, an ancient looking book floated in his mind with the words Puppet Technique on its cover.

Luo Tian was at a complete loss as strength drained from him. He then mumbled: "You sister System! In order to finish the quest, I almost died on the Ghostly Mountain Range. And I almost died trying to complete the quest yet you give me a Puppet Technique? Your sister, do you want me to die that much? What I wanted was the refining pill technique, refining pill technique ahhhhhhh..."

Ten million times screw your mom you damn System.

Li Xue'er saw that Luo Tian was unhappy so she quickly asked in concern: "Big brother Luo Tian, are you okay?"

Such intimacy; this girl's gentle eyes made Luo Tian's heart skip a beat. Luo Tian then shook his head with a bitter smile: "I'm fine."

Li Xue'er made a light "oh" before continuing: "Big brother Luo Tian, are you worried about fighting the 4th rank demonic beast in half a month's time? If you're worried, I could..."

"I'm not worried."

Luo Tian interrupted without allowing Li Xue'er to finish speaking.

The feeling Li Xue'er gave him was not normal. Her temperament, the way she speaks, and her calmness made her completely different from other normal girls. The sword skill she cultivated was very powerful and when adding all of these together, Luo Tian came to the conclusion that she was definitely not a simple girl.

She must have an extremely strong background!

As to how strong her background was? Luo Tian had no way to even guess. The memories from his childhood were too fuzzy so he couldn't remember why she came to the Luo family and definitely couldn't remember how strong her background was.

Perhaps a single sentence from Li Xue'er would make Luo Jianshan take back the words he had said in the martial training grounds.

But Luo Tian didn't wish for her to do that.

He was a man.

He couldn't allow a girl stand up for him, especially when it came to a girl he liked!

Every action had a price so no matter what; Luo Tian didn't want Li Xue'er to beg someone!

That's why Luo Tian made a clear cut refusal.

Li Xue'er's eyebrows made a slight frown and her hesitation made her look extremely cute.

Luo Tian's index finger gently patted Li Xue'er's nose as he softly said: "Silly girl, there's no need to worry because nothing will happen to me."

Feng Lei had a foolish grin on him, "Sister-in-law, don't worry because I will use my life to protect the boss."

Looking at his foolish grin, he looked exactly like a complete idiot. But his words were very serious; serious enough that he would trade his life for Luo Tian's without a thought.

What is considered brotherhood? This is!

Luo Tian felt quite emotional knowing he had a girl and a brother like this. With a relaxed smile, "You two are worrying too much, you forget who I am. A single Luo Jianshan is not qualified to mess with me!"

The three of them smiled at each other.

Immediately after...

Luo Tian opened up the System's skills area to check out the Puppet Technique properties.

Martial Skill: Puppet Technique

Grade: Grade 3

Proficiency: 0/1000

Profound Energy Consumption: 100

Skill Description: The cultivator may create 3 puppet soldiers. Level 1 Puppet Technique can summon puppet soldiers equivalent to 1st rank demonic beasts. Level 2 will be the equivalent strength of a 2nd rank demonic beast, level 3 will be the equivalent... at the last great perfection stage, the cultivator is capable of summoning 5 war pets and each one of them will have the strength of a 10th rank demonic beast.

Addition: A level 1 puppet soldier will have a health bar of 1000 points, level 2 will have 2000 points... as long as they have a single point of health left, they can continue fighting without a time limit.

“Oh woaa!”

“This is interesting.”

Luo Tian’s eyes briefly flashed as he said to himself: “The Puppet Technique doesn’t seem too bad. If I were to level up the technique a bit and then create some puppet soldiers, I could place it in the outer periphery of the Ghostly Mountain Range and just eat free experience right?”

“This will be pretty awesome.”

Thinking about this, there was a brief glimpse of excitement in Luo Tian’s eyes.

With these puppet soldiers killing monsters for him, he’d be able to lie on a bed with his girl and still manage to level up.

This will be way too cool!

Apart from this, he could use the puppet soldiers for scouting or going to places normal people couldn’t get to. There were just too many uses for them!

There was about half a month to go before he would be fighting a 4th rank demonic beast, and wanting to power level himself to about the same rank would be very difficult by himself. The difficulty was increased when one had to level within the dangerous Ghostly Mountain Range. But now it was different when he could create some puppet soldiers.

“Hahaha...”

Luo Tian laughed like mad, “This supportive skill is simply too awesome.”

Feng Lei scratched his head and asked: “Hey boss, what are you so happy about?”

“Something good.”

“Something real good, hahaha...” Luo Tian enthusiastically replied.

Luo Tian was originally at a dead end where he couldn't find a method to deal with the 4th rank demonic beast. But it didn't bother him anymore as he coldly said to himself: “Luo Jianshan, you want this daddy to die? You just wait for me and this daddy will give you a good show.”

Soon after...

Luo Tian waved his arm and said: “Let's go, we're going to celebrate at the best restaurant Jade Mountain City has to offer.”

“The Drunken Immortal restaurant?”

Feng Lei's drool dripped down as he scuttled behind Luo Tian with a foolish smile on his face. Just thinking about the signature dishes at the Drunken Immortal restaurant made him unconsciously grin like an idiot.

The Drunken Immortal restaurant, inside a luxurious private room.

Luo Yue revealed a sneer on his face while Zhu Mei was in his embrace. He downed a cup of wine before proudly saying: “Big brother Luo Lin will definitely get first place in the hunting contest while Luo Tian that piece of trash will die within the Ghostly Mountain Range. Hahaha...”

He had been enjoying himself the entire evening at the Drunken Immortal and didn't know what went on within the Luo family.

There were several other people sitting around the dinner table who were disciples of the Zhu family. They all had a look of respect on their faces.

Zhu Mei giggled in Luo Yue's embrace and said: "Big brother Luo Yue, is that piece of trash really going to die? I don't want to ever see him again because I truly do despise him. Luo Lin will become a core disciple after getting first place so when will you become a core disciple?"

"Don't worry."

"My father mentioned that my eldest uncle will not let him go so don't worry my little beauty. Hahaha..." Luo Yue pinched Zhu Mei's cheek. Upon peering down her collar, he swallowed down some saliva as he noticed her two white half covered peaks with light veins. If it weren't for the others around the table, he would have already pushed her beneath him.

After swallowing another round of drool, Luo Yue looked around before saying in a soft and mysterious voice: "I don't need to participate in the hunting contest and can still become a core disciple. It's something my eldest uncle promised my father."

Around this time...

Luo Tian, Feng Lei, and Li Xue'er happened to walk by the private room.

"Fatty Lei, where did you get that tub of shit from? It was all runny and stunk to no ends, simply too brilliant!" Luo Tian laughed out loud as he couldn't hold it anymore.

"Damn dogs, who the f*ck is outside talking about shit? Don't you know this daddy is in here eating?" Luo Yue roared out.

A few of his lackeys immediately rushed forth to open the private room's door.

Luo Yue had an overbearing attitude as he softly said: "Leave the girl behind and give each of those two guys three big slaps before kicking them out of the Drunken Immortal. Let's see if there's any other motherf*ckers who dare to talk about shit in front of this daddy ever again."

Luo Tian turned around and looked inside the private room before his lips curled into a smile, "Oh oh, it's someone we know!"

1 – Chinese gods of the Buddhist religion

2 – Japanese porn stars

Chapter 38 – Beating Up Luo Yue

Chapter 38 – Beating Up Luo Yue

“Oh oh, it’s someone we know!” Luo Tian coldly smiled.

Luo Yue was slightly startled upon seeing Luo Tian but then said in disdain: “You piece of trash still haven’t died yet?”

“Did you hide in a dog’s cave for 3 days and 3 nights within the Ghostly Mountain Range?”

“There’s no need to think, that’s definitely the case.”

“Trash will forever be trash. You want to change your fate by participating in the hunting contest? Luo Tian, your wishful thinking is too much, hahaha...”

Luo Yue’s face was filled with disdain as he hugged Zhu Mei a little tighter.

Upon being squeezed, Zhu Mei’s large twin peaks pushed outwards as if it was about to explode out of her clothes.

Zhu Mei glanced at Luo Tian and coldly sneered, “Big brother Luo Yue, how can that trash be compared to you? He could participate in the hunting contest a hundred times and still won’t become a core disciple. You, on the other hand don’t even need to participate and can become a core disciple. This is the difference in one’s fate.”

“Little beauty, what you’ve said was correct – that’s fate. You used to be his fiancé but now you’re my woman. This was all destined by fate, hahaha...” As he said this, Luo Yue lifted Zhu Mei’s chin and kissed her passionately. Zhu Mei had a very enjoyable look on her face before she glanced at Luo Tian at the corner of her eyes coldly with a look of ridicule.

“Fatty Lei, do you have a feeling of wanting to throw up?” Asked Luo Tian in low murmur.

Feng Lei had a goofy look on his face and replied: “Boss, my lower part wants to throw up.”

Luo Tian’s face changed as he glanced at Feng Lei’s crotch area before exclaiming: “Oh shit! Fatty Lei, you enjoy this type of stuff?”

Luo Tian felt that Feng Lei’s big brother down there was about to...

Feng Lei didn’t know how to react so he could only grin like an idiot.

Feng Lei was like a large bodied oaf with a bald head, giving people who didn’t know him a scary feeling.

Zhu Mei heard their conversation and her face changed. She was just like Luo Tian who imagined that Feng Lei's big brother was about to throw up that white substance so she angrily said: "Big brother Luo Yue, he... he... he dares to insult me like that."

A sound washed over them all like a wave as a smell enshrouded them. It was something Luo Yue couldn't get away from no matter how hard he tried.

"Pak!"

Luo Yue suddenly stood up while slapping the table before glaring at Feng Lei: "You damn dog thing, this daddy thinks you're tired of living!"

At this time, Feng Lei realized what Luo Tian was implying and tried explain: "Hey boss, I was trying to say I want to take a shit. It's my ass that wants to throw up, now that other part. This type of woman is not even up to my standards."

Feng Lei treated Luo Yue's roar as if he didn't even hear it.

"Hahaha..."

"Fatty Lei, how come I didn't know you were able to speak that eloquently?" Luo Tian almost sprayed out saliva from his laughter. He had never heard of anyone wanting to take a shit from looking at a woman; Fatty Lei was way too talented.

Li Xue'er couldn't hold it in anymore and also started laughing with her mouth covered.

Luo Tian then said: "You're right; this type of woman is considered the public bus type so you wanting to shit from looking at her is very normal."

Feng Lei scratched his head and asked: "Boss, what is a bus type woman?"

Luo Yue also looked at Luo Tian waiting for an answer.

Zhu Mei looked at Luo Tian in curiosity while Li Xue'er also wanted to know the answer.

Luo Tian lightly smiled and looked at Luo Yue before replying: "Those bus type women are women anyone can ride, and it happens to be very cheap."

"Uh?"

"Then isn't it just like those women in the Joyful Spring Courtyard?" 1 Feng Lei asked with a serious expression.

"F*ck!"

“Can you not insult the sisters of the Joyful Spring Courtyard? How can their costs be compared to Zhu Mei? A single night with the Joyful Spring sisters costs upwards of a hundred silvers while Miss Zhu is much less expensive. Am I right Miss Zhu?” Luo Tian loudly asked. He then smirked at Luo Yue and said: “Has anyone noticed there’s a green glow above his head?”

Feng Lei paused before asking in confusion: “Boss, what is this green glow?”

Luo Tian continued smirking: “It’s the green glow of several hundred green hats² on his head, and my eyes are almost blind from looking at it.”

“Bang!”

Luo Yue stood up in a rage and overturned the table causing all the dishes to smash onto the floor. “You damn trash, this daddy is gonna play you to death!”

“Motherf*cker, come!”

“This daddy has been waiting for a long time!” Luo Tian roared out. He already couldn’t stand the sight of him yet Luo Yue still tried to put on a show. Where the hell does his superiority complex come from?

When a fly is buzzing around in front of you, the best method is to kill it with a single slap!

“Big brother Luo Yue, kill him, kill him. As long as you kill him, tonight you can do whatever you want to me.” Zhu Mei’s face appeared a bit pale.

Li Xue’er’s eyes narrowed as she glared at Zhu Mei.

Zhu Mei got the chills when she was glared at by Li Xue’er and couldn’t help shiver a bit.

Upon hearing Zhu Mei’s words, Luo Yue’s eyes livened up. He pulled back his sleeves and loudly said: “Little sister Zhu Mei, just watch how I’m gonna play this trash to death.”

“Someone come, go get him!”

As his voice faded, 3 lackeys immediately rushed forth.

“Boss, this one will take care of them!”

Feng Lei scratched his head as he stepped in front of Luo Tian. Watching the 3 Luo family disciples rush forth, Feng Lei gave a goofy smile and said in a domineering tone: “Too slow, this one is impatient of waiting.”

He took one step forward.

“Boom!”

The entire Drunken Immortal restaurant slightly shook. Feng Lei raised his palms and made a horizontal slapping motion.

“Pak!”

A handprint was seen on one of the minion’s cheek which sent him flying into the air before smashing into a wall and fainting.

The other two didn’t have time to react before Feng Lei grabbed onto them and tossed them out of the window.

With two “splashes,” they both fell into the river outside.

Luo Yue’s face changed and immediately took out his sword. He then charged towards Luo Tian slashing down and roaring out: “Go and die for me!”

Luo Tian didn’t move from his spot as if he was scared silly.

Seeing that Luo Tian appeared to be scared silly, Zhu Mei’s eyes had a playful look in them an arrogant expression appeared on her face.

The sword was centimeters away from Luo Tian and he would die soon. Luo Yue was a bit excited because once he killed Luo Tian, tonight he’ll be able to tap Zhu Mei’s ass. This was a dream of many years and now that it was going to be fulfilled soon, he almost couldn’t stop himself from laughing out loud.

“Humph!”

Luo Tian coldly humped as his fingers moved. He clasped onto the sword and the oppression from someone at the Profound Pupil 9th rank was released.

“Bang!”

Luo Yue’s mental conscious was directly pressed down.

“Pak!”

Luo Tian slapped Luo Yue and yelled: “Try saying trash one more time!”

Without waiting for Luo Yue’s response, another slap landed. Luo Tian’s voice became louder, “Motherf*cker, this daddy said to try saying trash one more time!”

“Pak!”

“Pak!”

“Pak...”

Over a dozen slaps later, Luo Yue’s face looked like a pig’s head and his eyes were now just slits.

Luo Tian already had a belly full of rage while in the Luo family’s martial training grounds. He originally wanted to eat a good meal and never imagined he would meet the eyesore Luo Yue. If he didn’t use this chance to release his pent up frustration, then his name wouldn’t be Luo Tian.

Another heavy slap landed smacking Luo Yue onto the ground.

Once the formless oppression was gone, Luo Yue grabbed his face in pain and started cursing: “You damn trash, you dare to hit me? I’m not going to let you off! I’m gonna have my dad beat you to death, then I’m going to have my eldest uncle kick you out of the Luo family, then I’m...”

“Your sister! I’m already going easy on you and you’re still so mouthy?”

“You’re asking for a beating!”

Luo Tian kicked and pummeled like a storm to the point where Luo Yue feared for his life and didn’t dare to say another word.

Eventually...

Luo Tian lifted Luo Yue into the air and coldly smiled, “Go back and tell your father and your eldest uncle to clean their asses and wait for this daddy to explode them up!”

As his voice faded, Luo Tian’s hand let go.

Luo Yue’s body started falling down while Luo Tian leapt into the air and made a volley kick.

“Bang!”

Luo Yue was like a ball that accurately shot out through the window and landed into the river outside with a “splash.”

“Good shot!”

Luo Tian started praising himself and waited a few seconds but still didn't hear an alert tone from the System. He then grinned, "So that guy hasn't died yet, we'll consider this his lucky day."

Subsequently, Luo Tian turned around and coldly glared at Zhu Mei who was shivering from fright.

1 – Places that have xxx Spring Manor or xxx Spring Courtyard is usually a place to get prostitutes.

2 – The term where a guy wears a green hat means a man's wife is sleeping with other men. It came from a story where a merchant's wife was being unfaithful to him. She made him a green hat to wear so whenever the merchant went out for business, the wife's lover will see him walk by with a green hat know it's time for him to meet up with her.

Chapter 39 – Do Not Try To Steal My Man

Chapter 39 – Do Not Try To Steal My Man

Zhu Mei was leaning against the corner of the room with a pale face, not daring to glance at Luo Tian at all.

She was way too condescending previously so...

From top to bottom, Luo Tian swept his eyes past Zhu Mei's figure before resting at her half exposed chest. A "gulp" could be heard as he swallowed down his saliva and saying to himself: "Goddamn those are f*cking huge."

One cannot deny that Zhu Mei's pubescent development was especially good.

Her large bountiful twin peaks could be described as mouth watering.

In-between her breast was her cleavage which looked like a bottomless ravine. Just a glance at those breasts and one couldn't help but tiptoe and wish to see how deep those ravines actually went.

Aside from mentioning other things, Zhu Mei was truly a beautiful, charming and mature girl. She was just like a ripe peach that when one bit into, juice would overflow from their mouth. Within the four major families of the Jade Mountain City, there were countless young disciples who have been enchanted by her, who have fought amongst themselves for her, and numerous other jealousy related incidents.

One of the most important specialties of hers was that she knew what men wanted.

For example: Just a glance from her at Luo Tian and she immediately knew what was going through his mind.

Immediately after...

Zhu Mei gave a charming smile and happened to pull down her clothes by half an inch. This casual tug of her clothing almost revealed her two raisins. If one was just a little bit closer, they would clearly see the raised outline of them. With a whiny voice: "Big brother Luo Tian..."

That voice...

The sex appeal mixed in with the sound of her voice would make anyone want to immediately push her down onto a bed a blow a dozen loads all over her.

Luo Tian was still a virgin!

He was a twenty something year old virgin and to say he wasn't moved would be a lie. His lower region already had an evil flame ignited.

But...

What type of person was Zhu Mei? She was a dirty public bus and that thought nauseated Luo Tian allowing him to recover himself.

Around the same time...

Li Xue'er gracefully walked up next to Luo Tian and held onto his arm in a natural manner before softly saying: "Big brother Luo Tian, let's go eat dinner."

Her movement was natural and intimate without any unfamiliarity; the two looked like they had been lovers for many years already.

That expression, her actions, and those jade like hands around his arm made Luo Tian fall into euphoria. Those evil flames of desire once again started stirring.

After glancing at Li Xue'er, Zhu Mei's eyes seemed a bit grim.

It was clear that Zhu Mei felt she couldn't compare to Li Xue'er.

She had lost in too many aspects. Whether it be looks, figure, grace, or even the twin peaks she was proud of had lost to Li Xue'er.

With that single look, Zhu Mei was defeated with a complete loss.

Luo Tian felt that he was floating on cloud nine as Li Xue'er brought him out of the private room. His heart felt like he was fluttering about, rising up to higher heights.

When they were out of the room, Li Xue'er then said: "Big brother Luo Tian, you and fatty go to our private room first and I'll come right after."

After saying that, Li Xue'er turned around and went back inside the room where Zhu Mei was.

Her face changed from her usual cute expression to a cold look. She walked up to Zhu Mei and in a threatening manner: "I don't care what happened between you and big brother Luo Tian in the past. From here on out, if I ever hear you bad mouth big brother Luo Tian again, I will make your entire Zhu family disappear from this world!"

Her tone was chilly that was filled with cold killing intent.

Zhu Mei's body was trembling so much that she didn't even dare to raise her head to look up. The several other Zhu family disciples in the room were suppressed by the cold aura that they didn't even dare to move.

Li Xue'er turned around to leave but then said: "Do not even try to steal my man or else I'll make your regret having ever been born!"

She didn't even turn around when she said that as she left the room in an arrogant and domineering fashion.

Zhu Mei's whole body flopped down and sat upon the ground. The pressure that Li Xue'er had released previously was so powerful that it was extremely uncomfortable for her to endure.

Watching the silhouette of Li Xue'er leaving, a brief flash of hatred appeared in Zhu Mei's eyes. She then softly said to herself: "I will not let you guys off that easily."

As Li Xue'er left the room, her face changed back to her cute and playful self.

The three of them were eating all of the Drunken Immortal's signature dishes deep into the night.

Luo Tian even deliberately got Li Xue'er to drink several cups of wine, hoping she would become drunk and some special stuff to happen, but he happened to be the first to keel over.

Back at their residence...

Li Xue'er dipped a cloth into a fresh pail of water and then wiped Luo Tian's upper body. She then hesitated for a long time before blushing and not daring to undo Luo Tian's pants... After doing this, Li Xue'er sat at Luo Tian's bedside while she drummed her cheeks. She would stare at Luo Tian and occasionally show a sweet, pure, and slightly naive smile. Her smile would expose two shallow dimples on her cheeks making her look extremely cute.

A while later...

Li Xue'er looked all around while her hands were pulling on the corner of her clothes. Finally after deliberating for a while, she leaned over Luo Tian and gave him a quick kiss on the face.

Luo Tian's eyebrows lightly quivered once.

Immediately after...

Li Xue'er was like a frightened rabbit as she dashed out of the room while her heart was thumping loudly in her chest. The blush on her face while under the moonlight was particularly moving if one was to witness this scene.

Her eyes showed a hint of excitement as if one had just completed some bad deed.

This girl was just too darn cute.

The moment she ran out, Luo Tian's eyes opened and he smiled, "Silly girl."

Afterwards, Luo Tian sighed in a bitter manner: "Sigh... why didn't something happen on such a good night?"

Luo Tian always had a dream.

That a pretty sister would perform a role reversal and actually push him down...

Luo Tian had imagined many different scenarios of being pushed down, and thought tonight would be the night. But at the end... it was his own fault for being unable to endure. Luo Tian's heart started feeling all warm and fuzzy when thinking of Li Xue'er's initiative of giving him a kiss. That feeling was simply too enjoyable that he couldn't think of any words to describe it.

"Sigh..."

Luo Tian got out of the bed and exhaled. "I'll have to fight the 4th rank demonic beast in half a month so I should really use this time to level up."

After putting on his clothes, Luo Tian went towards the Luo family's back mountain.

There weren't any demonic beasts to kill in the Luo family's back mountain. The only reason why Luo Tian was going there was to raise the Puppet Technique's level!

The Luo family, within Luo Xiaoshan's yard.

Luo Yue managed to crawl back to the Luo family but only had half his life left.

He was currently lying on a stretcher, his face black and blue and looking as if he was going to die any moment.

With one hand clinging onto his father Luo Xiaoshan's sleeve, "Father, you must seek revenge for me. You have to cut that piece of shit Luo Tian into a thousand pieces."

He shook in pain as speaking opened up his wounds.

Luo Xiaoshan clenched his fists. The rage in his heart was roaring upon seeing his son in such a condition. He then comforted him by saying: "Yue Er, don't worry. Father promises that he will definitely avenge you!"

"Carry him away and used the best medicines." Luo Jianshan lightly shouted at the side.

Two people quickly carried Luo Yue out of the yard, and his cries of pain could still be heard off into the distance.

"Big brother, I can't endure this anymore."

"I'm going to kill him right now." Luo Xiaoshan couldn't suppress his rage. His eyes were bloodshot from fury as he hated Luo Tian to the bones.

Luo Jianshan frowned, "Xiaoshan, now's not the time. The current Luo Tian isn't the Luo Tian of the past."

After the beast head calculations, people were sent off to investigate but nothing was found.

Those that came out of the hunting grounds didn't reveal anything. Some were even tortured yet nothing was forced out. This alone meant those people were completely loyal to Luo Tian's side.

This made Luo Jianshan super unhappy.

(Luo Tian thought that Luo Jianshan would know about everything by now yet he didn't imagine the Luo family disciples would stand together so strongly that even in death, they didn't disclose anything.)

Luo Xiaoshan then asked: "How long do we have to wait for?"

Luo Jianshan's eyes narrowed as he coldly smiled: "I'm currently negotiating with Luo Changshan and he will be standing on my side very shortly. By that time, getting rid of Luo Tian would be easy as pie!"

In fact...

This was merely an excuse because what Luo Jianshan really wanted was the Furious Thunder Bull's demon core!

Chapter 40 – Level 3 Puppet Technique

Chapter 40 – Level 3 Puppet Technique

The hunting contest came to an end and the results were beyond everyone's expectations.

What happened last night in the martial training grounds were quickly spread throughout Jade Mountain City. Now everyone on main street or small alleyways was discussing this topic.

The genius in the past has returned to the peak?

The majority of the people had the "haha" reaction.

A person shouldn't even think of cultivating with a crippled dantian. Now he returned to the peak? This was simply a big joke!

As for the hunting results?

The lowest demonic beast was at the 2nd rank; there was a large pile of 3rd rank demonic beasts; and there was even the head of a super 4th rank demonic beast? Who the hell would believe someone at the Profound Pupil realm could kill them?

Even if one used their toes to think, they knew that it would be impossible for Luo Tian to kill them. Only a tiny bit of people knew the true story while most didn't even believe it.

But where did these demonic beasts come from?

Killing their own clan brothers, stealing their space plaques, and taking the deceased disciple's results as their own!

An ultimate cruel person, Luo family's number 1 sinner!

The entire Jade Mountain City looked down on Luo Tian and considered him a complete disgrace. Some people even considered Luo Tian to be the most wicked person in Jade Mountain City. There were even some youths that were filled with machismo with nowhere to release, declaring: Don't let me see Luo Tian or else I'll beat the shit out of him!

In a single night, the negatives image of Luo Tian had been spread throughout the Jade Mountain City.

The reason was very simple – it was all orchestrated by Luo Jianshan.

Add that with Zhu Mei spreading her sorrow, her grievance, and wobbling her twin secret weapons, Luo Tian had quickly become the most evil and vile person ever.

Luo Tian had no clue this was going on.

He was currently leveling the Puppet Technique's proficiency like mad.

There were many materials the puppets could be created from – one could use wood, metals, or even stones. Basically, countless things could be used to create puppets. One could use many different materials but the puppet's defensive properties and attacking power will be based on the materials used.

That's why selecting materials for the puppet soldiers was extremely important.

After choosing good materials, activating the skill, then pouring profound energy into it, the profound energy will string the materials together to form the puppet's heart and its attributes.

At that time, a miniature model of the puppet soldier would appear in Luo Tian's mind and this will be considered its completion.

He would use his thoughts to manipulate it and the puppets would listen to his commands.

But controlling puppet soldiers required a lot of spiritual focus, and controlling three puppet soldiers at the same time would definitely challenge his spiritual strength.

Back mountains of the Luo family.

Luo Tian closed his eyes as profound energy rose out of his right hand. After circulating it for a while, his right hand heavily slapped down. "Boom...!"

"Profound energy value has been reduced by 100 points."

After that loud sound, the pile of rocks on the ground started merging together.

The nose, the eyes, the face, and then all four limbs appeared.

Half a second later, a puppet soldier made of stone stood up reaching only half a meter tall. It stood beside Luo Tian like a statue.

“Ding!”

“Puppet production was a success, proficiency +1.”

Stone Puppet Soldier

Level: 0

Health: 600 (This is an issue with the materials. The better the materials, the higher the health bar)

The Stone Puppet Soldier’s attributes appeared in Luo Tian’s mind. Luo Tian glanced at it and made a thought, and the stones crumbled turning back into a pile of ordinary stones.

“Again!”

Luo Tian activated his skill again and the pile of stones started merging together creating a new Stone Puppet Soldier.

The simpler the materials, the easier it was for his practice. Luo Tian only wanted to increase his skill proficiency so that he could level it. As for the properties of the puppet soldier, he didn’t really care about it one bit.

This was the limit of a Level 0 puppet soldier, and the 1st rank demonic beasts could easily kill them off.

In order for the puppet soldiers to kill demonic beasts, one can only level up the skill. That’s why Luo Tian was going crazy activating his Puppet Technique.

“Puppet creation was a success, proficiency +1.”

“Continue!”

Roared Luo Tian through his clenched teeth. His spirit was fatigued and his body tired, but he couldn’t stop because time was running out.

A 4th rank demonic beast was too strong. The power that the Furious Thunder Bull possessed was too shocking, leaving an image in his heart that will never be forgotten. Feng Lei and he was not the opponent of a 4th rank demonic beast, especially when they had to kill it without using any tricks. Moreover, the moment Feng Lei steps up to

the arena, he'll go crazy trying to protect Luo Tian without caring for his own life. There's a possibility that Feng Lei will lose his life!

This outcome was something Luo Tian would definitely not allow to happen.

In a short 15 days of time, the only thing he can do is to level up and the puppet soldiers were going to be his weapon for leveling. That's why he had to quickly level up the puppet technique as soon as possible.

"Within half a month, I have to break through into the Profound Master realm!"

"You just wait Luo Jianshan, this daddy will kill a 4th rank demonic beast in front of you and we'll see how you're going to take out that xuan stone! I wanna see how you'll walk away when you can't take it out!"

"Just wait until this daddy kills a 4th rank demonic beast, the next one will be you!"

Recalling that golden light around Luo Jianshan, Luo Tian couldn't help swallow back down his drool. The thought of a last boss was simply too enticing!

There'll definitely be no shortage of good stuff when the boss is killed the first time by someone.

Luo Tian was really looking forward to the loot explosion of Luo Jianshan!

"Ding!"

"Puppet soldier creation was a success, proficiency +1."

"Ding!"

"Puppet soldier creation was a success, proficiency +1."

"Ding!"

"Puppet soldier creation was a success, proficiency +1."

These alerts repeatedly sounded off in his mind.

Luo Tian was completely focused on cultivating the Puppet Technique and didn't do anything else.

His profound energy was depleting like crazy and all the profound energy he had gained at the Ghostly Mountain Range from killing demonic beasts was rapidly being used up.

One day...

Two days...

On the seventh day, all the profound energy he had saved was used up. Even the pills that exploded out of the people he killed were almost gone.

But it was also at the evening of the seventh night...

“Ding!”

“Puppet soldier creation was a success, proficiency +1.”

“Ding!”

“Congratulations for leveling the Puppet Technique. The current level is 3, and the number of puppet soldiers +1.”

“Motherf*cker, it’s finally level 3.”

“If I keep cultivating like this, this daddy is gonna lose my wits!” Luo Tian exhaled and his spirit trembled. These past 7 days, he was living like a wild man. He was mentally exhausted, his body was dirty, smelly and fatigued, while his entire image made him seem like he was some lunatic escaped from the mental ward.

Martial Skill: Puppet Technique

Level: 3 (Puppet soldier amount – 4)

Strength: Equivalent to a 3rd rank demonic beast.

“The strength of a 3rd rank demonic beast... once I create four puppet soldiers, that’s equal to having four 3rd rank demonic beasts under my command. If I released them at the outer periphery of the Ghostly Mountain Range to kill those 1st and 2nd rank demonic beasts, won’t my experience rise up like it was flying?” Luo Tian was excited as he stared at the skill description.

Luo Tian didn’t bother going home and went straight towards the main streets of Jade Mountain City.

He currently needed some good material to create those puppet soldiers and he had already decided on them early on – fine iron!

For his current needs, fine iron was the best material he could attain.

It was hard which increased its defense, thus it will ensure the puppet soldiers can survive longer battles.

He was trying to make it tough. If it wasn't tough enough, how the hell can it kill demonic beasts? Puppet soldiers needed a high health bar, high defense just like a tank, and the attack power of it will naturally follow.

With 3rd rank demonic beast like powers, taking on 1st and 2nd rank demonic beasts should be pretty easy and wouldn't require too much attack power.

A dozen or so minutes later, Luo Tian was rushing along the main street towards the Jade Mountain City's biggest equipment refining store.

In the corner of the street.

"Young master, that kid Luo Tian just entered the Song family's equipment refining hall. Do you want me to send some brothers in to drag him out here?"

"No need!"

"I will go myself!"

Zhou Yixiao was dressed all in white waving a fan in front of him. He looked like a refined piece of scum who gently smiled towards Zhu Mei: "Little sister Zhu Mei, your words will count right? If I can beat the crap out of Luo Tian, tonight you will..."

Zhu Mei smiled charmingly as she lightly touched Zhou Yixiao's chest. In a tender voice: "Noble Zhou¹, of course this one's words count. As long as you flatten Luo Tian to the ground, tonight this one will do whatever you want."

After saying that, she gave a girlish giggle that caused Zhou Yixiao's crotch area to immediately rise up.

Zhou Yixiao closed his fan and roared out: "Go and attack!"

He couldn't wait any longer!

1 – The Chinese words are similar to Mister, but not quite. It's more geared towards a more formal polite greeting towards a gentleman that's refined, scholarly, or of high rank.
