

## Leveling Up 361

Chapter 361 – Final Big Battle

Arrogance!

Complete and overbearing arrogance!

Luo Tian's tone of voice, expression, and his gaze was filled with extreme arrogance.

There was no fear.

There was only excitement.

Many people were stunned as they thought they had heard wrong.

They were staring at each other with the same question: "What did he say?"

"What did he just say?"

"What's he talking about?"

Devil Monarch Skysoul chuckled. He clearly heard it but still couldn't help asking: "What did you say?"

Luo Tian maintained his arrogance and replied: "I said that you will die!"

"Die?"

"Who? Me? I will die? Will I die by your hands or will I die by the hands of your trashy subordinates? Or will I die in the hands of that seriously injured Profound Saint expert in the depths of the imperial palace?" Devil Monarch Skysoul felt this was rather hilarious.

It was similar to hearing an extremely funny joke.

Devil Monarch Skysoul wanted to laugh but didn't because Luo Tian wasn't even qualified for him to be mocked.

Luo Tian wasn't being overconfident...

He was actually just courting a quick death.

Devil Monarch Skysoul had seen through everything inside Heavenly Sword City. Even if Luo Tian gained the starlight and imperial qi powers, those two forces were not a threat to him at all. He really couldn't understand why Luo Tian had such courage to dare say those words.

When Devil Monarch Skysoul looked at Luo Tian, it was similar to a giant looking at a 3 year old child.

This kind of suppression...

This kind of disparity in power and this kind of inseparable gap made Luo Tian feel like he couldn't breathe. It made him extremely uncomfortable!

This wasn't mere oppression but the suppression from one's momentum!

Luo Tian calmed his mind and said with a smile: "I will personally kill you. Just like I had said previously, I'm going to explode you."

"Really!"

"I am really going to explode you." Luo Tian became more excited the more he spoke. The more he spoke, the more powerful the energy that was released from his body. His body was undergoing a change where his devilish nature started surging out.

At this time...

Luo Tian shouted: "Become A Devil!"

"Boom~!"

The air exploded and Luo Tian's body turned bigger. His aura turned heavy and into the character of a devil, a momentum that only a Devil Sovereign possessed. He instantly forced away the momentous pressure from Devil Monarch Skysoul.

Devil Sovereign Xingtian!

His body contained a momentum that looked down on all living beings. There was no one in this world that was capable of suppressing him with momentum!

Devil Monarch Skysoul's countenance faintly changed. His gaze turned excited as he said: "I've already said before that you weren't simple. Indeed, you aren't ordinary. I will break the rules and give you one last chance. Kill everyone inside Heavenly Sword City and I will spare your life. I will also make you a Commander of my devil fiend army. You can do whatever you want on this continent and no one will dare to stop you. What do you think, kid?"

Luo Tian didn't even consider it and directly said: "Kill all the devil fiend army behind you and I will think about making you, my little brother. Skysoul, you should consider it. Being the little brother at the side of this Sovereign is a supreme honor."

"Hahaha..."

Devil Monarch Skysoul started laughing crazily. His face then suddenly changed and his gaze turned gloomy. The devilish flames surrounding surged out like a tsunami as he roared out: "Courting death!"

The moment the devilish flames were crushing down...

The devil army behind also surged forward like an ocean tide.

“Kill!”

“Flatten Heavenly Sword City!”

The final big battle was triggered just like that!

Devil Sovereign Luo Tian clenched his fists and shouted: “Level 5 Berserk!”

“Ommm~!”

The power of 32 times his attributes exploded out.

Blood God’s Ring, Blood God’s Armor, Blood God’s Heaven Region Sword all erupted with a purple brilliance upon sensing the devil’s nature. Luo Tian’s aura turned especially ferocious. At this moment in time, Luo Tian shot into the sky with his sword and chopped down, directly splitting apart the devilish flames covering the sky. He raised his sword and shouted: “Kill them for me! Kill all these damn animals!”

Feng Lei entered his demonic beast transformation and then rushed out with all his strength while screaming: “Kill!”

Xuan Yuanyi followed right behind him.

Right after that...

The martial artists of Heavenly Sword City all rushed forward while the sounds of them screaming “kill” shook the sky!

The battle song was permeating the airspace above Heavenly Sword City while the powers of the level 4 War Leader System was floating atop of everyone's head.

Everyone was inspired.

For their relatives, for their families, and for their country, everyone had disregarded their life and death at this time. They had completely entered a killing mode!

Luo Tian stood in the air. He looked at Devil Monarch Skysoul in the air as well and said with a cold smile: "You really shouldn't have busted your way out of the Devil Sealing Array. It was destined to be a tragedy the moment you came out, so let's have a battle to our heart's content!"

Compared to back then during the time of the Dao Shang auction house, Luo Tian's current Devil Sovereign Xingtian body was much stronger.

The starlight powers and imperial qi of a country's fortune had made his Devil Sovereign body much more fierce and powerful!

Just like before, Devil Monarch Skysoul wasn't putting Luo Tian in his eyes. He continued to look at Luo Tian with a gaze of disdain. He was a bit shocked while watching Luo Tian transform into a Devil Sovereign, but it was only a tiny bit and nothing more.

A gesture made through the void...

Creating a series of explosions as Devil Monarch Skysoul's movement tore space apart.

Suddenly...

Devil Monarch Skysoul made another gesture with his right hand and shouted: "Skysoul Palm!"

A large illusory palm print instantly shot towards Luo Tian!

Suppression at a devastating level!

It contained a trace of energy that Luo Tian had never experienced before. This energy was something that didn't exist on this continent and it was pressing down onto Luo Tian's mind.

Devil Monarch Skysoul's blood colored hair was fluttering horizontally. The Heaven Region Sword in Luo Tian's hand was faintly shaking. This kind of power was just too ferociously powerful! Both of Luo Tian's hands started moving as he rushed into the sky, releasing all the powers he had as a Devil Sovereign.

"Myriad Devil!"

"Explode for me!"

"Bang~!"

"BOOM~!"

A full 8670 stacks of Myriad Devil power surged inside his body. The devilish flames around Luo Tian's body instantly blasted out like the flames of a rocket. The flames were strong to the point that words couldn't describe it any longer! He then shouted: "Decapitation Strike! Chop it off for me!"

"BOOM~!"

Heaven and earth were in upheaval.

The entire continent started shaking...

As if it was saying that it couldn't withstand these two forces of power.

"Crack~... crack~... crack~..."

Sounds of glass breaking were coming from the sky. Countless lines of space being ripped apart and distorted could be seen as if they could collapse at any given moment.

Powerful!

Too powerful!

At this instant, Luo Tian was smashed flying for over ten thousand meters. He went through dozens of buildings inside Heavenly Sword City and eventually crashed into the imperial walls, buried among the rubble.

Devil Monarch Skysoul's body only faintly shook.

But...

This made him incomparably angry like he had just received the greatest insult of his life.

The difference in strength was too large!

The Devil Sovereign was restricted by Luo Tian's cultivation level so it couldn't display its true prowess.

Within the rubble...

Luo Tian started laughing with incomparable excitement. He then said with a grin: "Strong! So f\*cking strong! The stronger you are, the happier this daddy is! The stronger you are, the better the loot explosion! Hahaha..."

"Motherf\*cker..."

“One more time!”

Chapter 362 – Completely Not An Opponent

Devil Monarch Skysoul was really strong.

His strength was completely different from the Profound Saint expert Long Wang.

Devil Monarch Skysoul’s strength was the kind that was unshakeable.

When facing Long Wang, Luo Tian felt like he could destroy him once he too steps into the Profound Saint realm.

But when it came to Devil Monarch Skysoul’s strength, Luo Tian felt like he still wouldn’t be an opponent after stepping into the Profound Saint realm.

But...

One lived their life to the fullest, so just fight if you don’t accept it!

Moreover, the golden glow of a boss on Devil Monarch Skysoul was just too strong! The glaring golden light he was releasing was similar to the light behind Gautama Buddha!

If you meet a boss in a video game and don’t kill it, you might as well not play!

Even if you cannot kill it, you still had to try!

Luo Tian had no intentions of escaping. He only had one thought in his mind and that was to kill this guy!

Amidst the rubble...

Luo Tian shook off all the dust and instantly leaped back into the air. He was grinning excitedly as he said: “Old Devil Skysoul, so that’s all you’ve got huh? I thought you could instakill me but I didn’t expect your powers were only just that.”

“Yeah!”

“Long live Prince Consort!”

“I knew Prince Consort wouldn’t die!”

“He’s our Heavenly Sword City’s savior so how can he die just like that?”

The fighting didn’t stop.

It was still extremely intense, except there were many common citizens observing Luo Tian. When they saw Luo Tian being smashed flying, their hearts tightened up. When they saw Luo Tian rise back up into the air without any injuries, their hearts were relieved and they immediately started cheering.

It was unknown when...

The hearts of over ten million people of Heavenly Sword City were linked together with Luo Tian.

And...

The War Leader System inside Luo Tian was blinking red. It was showing signs that it was about to make a breakthrough but it didn’t.

What method was needed to make it level up?

Luo Tian thought for a long time and tried many things but it was all useless. He didn't want to keep thinking about it because he didn't have the time. Since he was spending so much effort to figure out how to level up his War Leader System, he might as well use that effort and time to find a way to kill Devil Monarch Skysoul instead.

The War Leader System was giving Luo Tian a vague and insubstantial feeling.

Something he couldn't figure out.

When dealing with something he couldn't grasp, Luo Tian would never put too much hope on it. He only believed in himself and his own strength.

“Kill!”

“Kill!”

“Charge!”

Roars of “kill” were heard all over Heavenly Sword City.

Feng Lei's head was covered in blood. Xuan Yuanyi and Blindman Liu who had transformed into the ancient huge devil were also covered in various injuries. But their combat power was still rising as they struggled to resist this invasion.

The main battlefield was already showing signs of a disappointing state.

The devil fiend army was just too strong, as their collective cultivation levels surpassed Feng Lei and the others.

“Profound Burst Pill!”

“Everyone consume it!”

Shouted Xuan Yuanyi. Over ten thousand martial artists showed no hesitation as they pulled it out and ingested it. This was a medicinal pill valued at tens of millions!

Once the medicinal pill entered their system, their strength instantly soared up.

Feng Lei fiercely stepped on top of a devil fiend member and sucked dry his blood essence. He opened his blood-stained mouth and said: “Those that are injured withdraw and take a Healing Pill. Warriors that have used the Profound Burst Pill charge forward and kill all those damn animals!”

“Kill!”

Sounds of slaughtering continued.

Under the powerful effects of the Profound Burst Pill, the originally disheartening state of battle had reversed as the martial artists once again resisted the devil fiend offensive.

But...

Luo Tian was clear that this was only a temporary situation.

Once the effects of the Profound Burst Pill are up, most likely the devil fiend army will break through to the rest of the city. By that time...

Luo Tian’s mind tightened. He looked at Devil Monarch Skysoul up in the air and said: “One more time!”

The only way to solve Heavenly Sword City’s crisis was to kill Devil Monarch Skysoul. There’s a saying of taking care of the King first. Once Devil Monarch dies, the devil fiend army will naturally collapse by itself.

Devil Monarch Skysoul had a face full of rage. His previous attack “Skysoul Palm” had failed to kill Luo Tian and made him very annoyed. Of course, he didn’t know that one of the main factors was the demi-god grade armor Luo Tian was wearing.

In the depths of Devil Monarch Skysoul’s dantian, an extremely terrifying force started surging out.

This was a power from the ancient world!

Luo Tian was extremely familiar with this aura.

Inside Pangu’s Cave, his spiritual sense had once felt this unparalleled force.

Luo Tian’s brows scrunched up as he said to himself: “Old Devil Skysoul indeed comes from the ancient world. He was able to cultivate to such a powerful level with just a piece of his soul... The ancient world is truly a colorful place!”

Immediately after...

Luo Tian clenched his fists.

The ancient aura left inside his sea of consciousness by the Ancient King was released.

Level 5 Berserk was activated!

Myriad Devil was activated!

Level 2 Nine Dragons and Elephants was activated!

Starlight and imperial qi powers were released!

These were the strongest powers Luo Tian possessed!

He didn't dare to leave any reserve powers when dealing with Devil Monarch Skysoul. Even if he released all the powers he possessed, Luo Tian didn't have much confidence.

Due to his cultivation!

The difference in cultivation levels was simply too large!

If Luo Tian was an expert at the Profound Saint realm, the combined powers he released would be extremely terrifying. But he was only at the Profound King 9th rank and was completely restricted by it.

Around the same time...

Luo Tian grasped the Extreme Yin Divine Pearl in his hand and said to himself: "This daddy shall fight a war of attrition with you. I will greatly profit as long as I injure you and I refuse to believe that your profound energy is inexhaustible. Even if I cannot beat you, this daddy shall deplete the crap out of you!"

He made a thought...

Luo Tian was the first to make a move and charge towards Devil Monarch Skysoul with his unparalleled powers.

Devil Monarch Skysoul coldly harrumphed. His face was full of contempt before he said in ridicule: "You really must think you've lived for too long. You want to fight with me with just this much power? You can just go ahead and die!"

As the word "die" was said...

The sky covered with devilish flames instantly withdrew back into Devil Monarch Skysoul's body.

Within this instant...

The powers of the ancient world were released! Devil Monarch Skysoul's eyes widened as he shouted: "Paramount Fusion Divine Palm!"

Gale winds started raging...

Space started distorting and the entire sky started shaking.

Too powerful!

The sky of Tianxuan Continent couldn't endure this energy fluctuation!

Luo Tian's face turned pale from being affected by this energy. The killing intent inside his heart turned thicker as he shouted: "Pangu's Divine Slash, chop!"

"Boom~!"

The moment these two powers collided...

Luo Tian activated his Shadow Clone and his figure instantly disappeared. He entered the void and made a thought; the Extreme Yin Divine Pearl in his hand immediately exploded with power as he charged towards Devil Monarch Skysoul.

Except...

At this instant...

Luo Tian's heart turned cold.

It suddenly became incomparably chilly.

At this time...

He realized that he was really too weak and small when compared to Devil Monarch Skysoul.

All his moves had been seen through!

The moment he entered the void, his body was being restricted by some type of power. He turned around to look and noticed his leg was being held onto by a huge black hand. The huge hand was covered in red flames and looked hideously terrifying.

The explosive powers of the Extreme Yin Divine Pearl was released but didn't harm Devil Monarch Skysoul.

As for Luo Tian, he was fiercely pulled out of the void by Devil Monarch Skysoul.

Lifted up into the air...

And then heavily smashed down!

“Boom~!”

Chapter 363 – All Hearts United As One, Level Up

“Boom~!”

Luo Tian's crashing body created a deep hole.

“Playing Shadow Clone with me? You're still too tender!”

“Boom~!”

As the voice faded...

Devil Monarch Skysoul was holding onto Luo Tian’s leg while flinging him overhead to smash down again. A building immediately collapsed into a pile of rubble. He then shouted: “This daddy gave you face by giving you a choice to save your life, yet you don’t know how to appreciate it!”

“Boom~!”

Another smash.

“You killed my Little Dark.”

“Boom~!”

Another smash.

“A lowly human being like you dares to insult me, Skysoul? Who gave you that qualification? You aren’t even qualified to fight with me! You really think by gaining a bit of power, you can become my opponent? Too weak! Practically weak to a complete mess!”

“Boom~!”

Being smashed one right after another.

Two big holes about several hundred meters deep were smashed on both sides.

Luo Tian’s face was covered in blood.

His life was hanging by a thread.

The rage inside Devil Monarch Skysoul's heart had completely erupted. He kept on roaring and treated Luo Tian like a rag doll; smashing him left and right. Luo Tian's entire body was drenched in blood.

His entire body was a bloody mess.

"Die for me!"

Devil Monarch Skysoul roared out with eyes wide. He then tossed Luo Tian's body into the air before summoning a powerful force from the sky. It directly slammed into Luo Tian's abdominal area, smashing his body back down onto the ground!

"Boom~!"

Heaven and earth shook.

The rippling shockwave from the collision shot out over a million kilometers.

Countless structures inside Heavenly Sword City collapsed due to the shaking. Even the imperial palace standing for over ten thousand years was shaking like it could collapse at any given moment.

A cloud of dust was seen spreading out and up into the sky.

The deep hole looked like it was created by the explosion of a missile. It was a complete mess and no signs of life were seen in it.

Inside Heavenly Sword City.

Everyone was dumbstruck by this scene. At this moment, their hearts sank into the abyss as they all worried about Luo Tian's safety.

“Boss!”

“Boss!”

“Dragon head!”

“Big brother Luo Tian!”

Feng Lei and others looked like they had lost their minds as they rushed over. Their hearts felt like it had become dead silent!

There was an unspeakable pain and a wave of indescribable anger in their hearts. They only wanted to rush to the side of Luo Tian to be by his side. Just one look at him would be good enough.

A heavy atmosphere.

Incomparably heavy!

Over ten million people in Heavenly Sword City felt like their hearts were suspended in midair. This kind of feeling was really uncomfortable. Each and every one of them was silently praying for Luo Tian. They had clasped their hands together and sincerely looked up to the sky, “Please bless Prince Consort so that he is safe and sound. I am willing to use up ten years of my own longevity for it...”

“Please bless Prince Consort so that he can get through this calamity. For the rest of my life, I will become a vegetarian...”

“Please bless...”

In the frontlines...

They had lost Feng Lei and Xuan Yuanyi, these two powerful Generals. The Commander of the Imperial Palace Guards was screaming: "We must avenge Prince Consort! Avenge Prince Consort! Kill them!"

"Kill!"

The desire to kill became much stronger, raising their combat power to a whole new level!

Except...

No matter how strong their combat powers were, there was no way to resist the unparalleled devil fiend army. They were slowly forced to retreat. The devil fiend army had already killed their way into the city and the dead could be seen lying everywhere. Even babies in their parent's arms weren't spared.

The blood on the grounds of Heavenly Sword City was slowly turning into a river!

Dead people.

Crazily killing people. The devil fiend army was killing purely for fun and would kill any human they saw.

Sounds of mourning.

Sounds of wailing.

Scenes of pain.

But no one bothered with them, as if Heavenly Sword City had been abandoned by the rest of the world. This kind of feeling made others despair without a single trace of hope. People's hearts and minds were enshrouded by nothing but death!

In the midst of the rubble.

Below the scattering dust cloud was a body entrenched inside a deep hole. A body covered in blood could be seen lying there – the body of Devil Sovereign Xingtian.

At this moment...

The body was crazily going through a transformation.

It had reverted back into a human's body and was still covered in blood. Devil Monarch Skysoul's attacking method and smashed both bodies into serious injuries.

This was reality.

Devil Monarch Skysoul's strength was just too powerful. The ancient world's powers; cultivating in Tianxuan Continent for a hundred thousand years; the things he had endured and experienced were completely different from what martial artists on this continent had encountered. This made his powers extremely fierce and unparalleled!

The devil body hadn't even reached the ten minute limit yet and already started reverting back.

There was no way of supporting it.

The human body of Luo Tian was now lying in the rubble with a pale white face. His eyes were unfocused while he coughed a few times, bringing along a mixture of blood and saliva. He clenched his fists in a dejected state, "Is there no other way?"

"He hasn't died!"

"Prince Consort is still alive, hahaha..."

"He's really still alive! I can hear his voice!"

As the dust settled, many common citizens rushed over and surrounded the deep hole. Looking at Luo Tian's ash pale face, the faint rise and fall of his chest, they instantly became excited and started yelling.

He hasn't died yet!

This was because the Devil Sovereign body was quite tough.

If it was the body of the human race, Luo Tian would've been smashed into pulp already.

Add on the Blood God's Armor to beef up his defense, Luo Tian had barely resisted Devil Monarch Skysoul's attack.

"He hasn't died?!"

Devil Monarch Skysoul's rage surged out endlessly. His expression was extremely ferocious as he shouted: "I would really like to see how many attacks you can resist! You damn lowly dog thing, die for me!"

"Whoosh~!"

Feng Lei transformed at crazy speeds and instantly blocked in front of Devil Monarch Skysoul. He pointed at Devil Monarch Skysoul and shouted: "The only way you can get past is through me! There's no way I'm going to let you harm a strand of hair from my young master!"

"Scram!"

Devil Monarch Skysoul waved his right hand and directly smashed Feng Lei away.

"Boom~!"

Feng Lei's body was smashed flying through dozens of buildings for thousands of meters. His body was buried in the rubble and his life and death unknown!

Feng Lei was down.

Xuan Yuanyi quickly stepped up.

There was no hesitation.

Devil Monarch Skysoul's rage had already reached an extreme. He palm once again swung out horizontally while he shouted: "Scram for me!"

Xuan Yuanyi was instantly smashed flying.

Blindman Liu's ancient huge devil body was entrenched into the ground. He had a ferocious look while smile excitedly: "Dragon head, if there's really a next life, this blind guy will play you a good song..."

Before he was able to finish his words...

Devil Monarch Skysoul swung his palm. No matter how deep Blindman Liu's hands and legs were entrenched into the ground, his huge body was still struck flying.

A huge difference!

The cultivation difference was simply too huge!

In front of Devil Monarch Skysoul, these guys weren't even considered an ant! This was complete suppression where they couldn't even put up an ounce of resistance!

Tang Tang, Tang Jiu, Qin Yue'er, An Chunchun, and Da Ji all stood forward. Their gazes were unmoving as they blocked in front of the deep hole.

It wasn't just them.

All the common citizens of Heavenly Sword City stood forward.

The elderly, the children, the women, all blocked in front of the deep hole. The look in their eyes were as hard as steel!

At this moment...

All the hearts of the people in Heavenly Sword City were linked together.

All hearts united as one!

"Hahaha..."

"This is good too!"

"Since you guys enjoy blocking the path of this Devil Monarch, then you can all go to hell for me!" The devilish flames on Devil Monarch Skysoul surged into the sky.

Also at this moment...

Inside the deep hole...

An alert tone sounded off in Luo Tian's mind.

"Ding!"

Chapter 364 – Target Locked!

A melodious alert tone sounded off.

Luo Tian's mind blanked out for a bit before he smiled bitterly. "Some random devil fiend just got killed and the experienced points landed on my head at a time like this?"

"Ding!"

"Congratulations to player Luo Tian for gaining All Hearts United As One. The War Leader System as leveled up! You are currently at level 5!"

After hearing this...

Luo Tian's body started shaking in excitement.

He was lying amidst the rubble with extreme pain throughout his whole body. But at this moment, his body exploded with an unparalleled force. He was roaring internally: "Level up! I've finally leveled up motherf\*cker!"

His teeth were clenched so tightly that it was making cracking sounds.

The feeling of being suppressed for two days finally had an outlet.

At this moment...

A sense of strength started rising inside his heart.

Level 5 War Leader System can summon the Heavenly Sword!

An out of this world divine sword that could kill with just one strike!

Luo Tian's blood started boiling when he thought of this.

Suddenly...

Luo Tian struggled to stand up before using all his strength to roar into the sky: "Old Devil Skysoul!"

His voice shook the skies!

This was accompanied by a powerful surge of momentum.

Luo Tian's voice made the entire Heavenly Sword City become silent. Everyone had turned around to look at him standing in the deep hole.

Face covered in blood.

His whole body faintly shaking and unable to stand properly. He was just like a decrepit old man that was going to fall over or maybe even die any second.

But he maintained standing in a stubborn manner.

"Prince Consort has really survived."

"He stood up."

"This is too great!"

Many people started crying emotionally but their bodies didn't move away. They continued standing there to block Devil Monarch Skysoul. A determined look appeared in their eyes; one that showed they didn't even fear their oncoming death.

To these people...

Luo Tian had already done a lot for them.

If it weren't for Luo Tian, they would've died already; Heavenly Sword City and their country wouldn't exist anymore.

Their hearts were filled with gratitude.

Everyone feared death, but there were times when death wasn't so scary. They knew they weren't opponents of Devil Monarch Skysoul but they were infected by Luo Tian's unyielding spirit, so they all became united in an instant.

They were standing firm blocking in front of Luo Tian.

Inside the void...

Those experts were faintly shocked but then started laughing in ridicule.

"I didn't expect him to be still alive."

"He may be alive right now but he's going to die pretty soon."

"Looking at his condition right now... not to mention Devil Monarch Skysoul, even a three year old child can kill him. It's merely a pipedream wanting to kill Devil Monarch Skysoul with his strength, and he wanted to kill us afterward? Overestimating his own abilities! Even if he manages to survive this ordeal, he will still be smashed into pieces by us. People like him are delusional about their own powers are basically living laughingstocks!"

"That's right!"

-----

They were mocking.

They couldn't understand why the common citizens of Heavenly Sword City were standing firm trying to protect Luo Tian.

And what was the point in protecting these ant-like normal people?

These experts felt like that were martial artists possessing the most supreme powers, and these common citizens were not related to them at all. Even if all the common people of the world died off, it wouldn't even cause them to raise an eyebrow.

That's why they couldn't understand.

The way they looked down on regular people came from deep inside their bones.

They felt like they were superior to them.

In fact...

They had forgotten their roots. Once upon a time, their parents or their grandparents or even ancestors were once regular people. They started off as an unknown common person and cultivated with all their efforts in order to become strong.

When these people became supreme experts, they hated their past and felt like it was something shameful in their life.

These types of people are the ones that are beneath an animal!

Luo Tian ignored them because these people in his eyes weren't even qualified for him to pay attention to. These were a bunch of annoying flies that he will one day kill. This was beyond a doubt!

At this time...

Devil Monarch Skysoul's gaze darkened. Being unable to kill Luo Tian already made him extremely angry. He was even angrier now that Luo Tian was standing up. The devilish flames on his body were billowing out and enshrouding the entire Heavenly Sword City.

Immediately after...

The city was wrapped up like a cocoon.

Streams of devilish flames that looked like demons and monsters were crazily flying around Heavenly Sword City while making ghostly wails that made people shudder in fear.

Heavenly Sword City...

Had become something like hell on earth!

Suddenly...

A very normal looking little girl ran forward.

Upon running to the front of Devil Monarch Skysoul, she pulled out a piece of candy. This was her most favorite candy. She raised her head and looked up at Devil Monarch Skysoul and said in an immature voice: "I will give you this candy to eat so can you spare Prince Consort?"

A child.

An extremely kind child.

It created a big contrast when standing next to a huge devil fiend.

The girl's mother was crying her eyes out but didn't stop her.

Devil Monarch Skysoul showed no signs of sympathy or mercy. The rage inside his heart had actually become even stronger!

This was a rage he had never experienced before.

Because...

He realized that everyone was using their life to protect Luo Tian. The more it was like this, the angrier he became. His eyes slowly widened to glare at the fragile looking girl on the ground. His right hand rose up as he shouted in anger: "Die for me!"

The palm was slapping downwards!

The girl's mother could only scream out the girl's name as she almost fainted from shock.

The little girl didn't move and only looked up at Devil Monarch Skysoul in a sincere manner. Her eyes were unprecedentedly clear without a trace of impurity.

"Save her!"

"Oh, Heavens! Please save the little girl!"

"Please save us! Save Heavenly Sword City!"

Inside Heavenly Sword City...

A series of cries were heard as people fell into despair.

This was true despair.

Even the heavens and earth was moved by it.

Suddenly...

Dull thunderous roars seem to explode from the nine heavens.

Heavenly Sword City started shaking violently.

Shaking, shaking, and more shaking. With the imperial palace as the center, the shaking and tremors rippled out. Wave after wave of energy ripples surged out affecting half the Tianxuan Continent. The devilish flames enshrouding Heavenly Sword City was instantly shattered!

Tang Qingtian's brows quivered as he said to himself: "This power..."

Suddenly...

Tang Qingtian's eyes widened. He stood up with an incomparably shocked expression before saying: "Heavenly Sword! This is the energy of the Heavenly Sword!"

"Could the Heavenly Sword be moved by the plight of the common citizens of Heavenly Sword City... causing the Heavenly Sword that has been silent for ten thousand years to break out of the earth?"

Even though he was the old ancestor of the Tang family, he too couldn't quite understand this.

At this moment...

All the devil fiend soldiers were shaking. The devil race in hiding over tens of millions of kilometers away was shaking as well. They were lying on the ground and murmuring something with complete fear in their eyes. The might of the Heavenly Sword made every member of the devil race shudder in terror.

Devil Monarch Skysoul's expression faintly changed.

He could feel this force cause his mind to tighten, making him unconsciously becoming more careful.

Luo Tian!

He walked out of the rubble one step at a time. The crowd naturally made a path for him as he displayed the faint smile of a grim reaper. Looking at Devil Monarch Skysoul who had raised his palm but forgot to smash down, Luo Tian coldly smiled and said: "I've already said it before... I'm going to explode you!"

"Ding!"

"Target Locked!"

Chapter 365 – Devil Monarch Skysoul, Explode!

"Ding!"

"Target locked!"

Luo Tian smiled with excitement when he heard the alert tone.

His expression had turned arrogant to the max.

The rage in his heart erupted all at once. He looked at Devil Monarch Skysoul ferociously and scolded with disdain: "Your granny! Now it should be this daddy's turn to be arrogant! You dared to f\*cking

touch my brothers? Destroy my city? Injure my Great Tang's citizens? Now you're not even sparing a little girl? Do you still have any humanity left in you?"

"Uhhh..."

"I forgot that you aren't even human."

"You're just an old dog that's lived for a few hundred thousand years."

The words Luo Tian spoke made everyone dumbstruck.

He actually dared to say those words to Devil Monarch Skysoul? He...

He... did he go insane?

All the common citizens of Heavenly Sword City were staring at him. All those martial artists in the frontline were staring at him. A majority of the powerful experts in Tianxuan Continent were staring at him. They all thought Luo Tian had lost his mind! Who the hell gave him the courage to say something like that?!

Or should we say that Luo Tian was trying to mock Devil Monarch Skysoul one last time before his own death?

With his body filled with injuries, even a low leveled cultivator could defeat him easily. So what kind of power allowed him to say those words?

At this moment...

Luo Tian had an extremely cocky and arrogant look on his face. There was an unexplainable excitement to his expression which made him look like a mentally ill person.

What's going on with him?

Without a doubt...

If you were playing a game and were about to kill a super boss, wouldn't you be excited? Would you be arrogant? Would you act all cocky and show off?

One definitely would act arrogant!

Devil Monarch Skysoul couldn't understand what qualifications Luo Tian had to stand in front of him maintaining that arrogant expression. Looking at Luo Tian's fearless attitude, he started laughing in disdain. "A damn trashy existence wishes to act overbearing one last time before dying, huh?"

"Fine!"

"This Devil Monarch will allow you to act wildly to your content!"

As his voice faded...

Devil Monarch Skysoul's rage erupted as the devilish flames on his body surged out like a tsunami. His eyes turned fierce while shouting into the sky: "Devil flames bury the sky! Complete suppression! I want Heavenly Sword City thoroughly erased from this continent!"

Not just destroyed but completely obliterated!

Turn everything here into ashes!

Devil Monarchy Skysoul's rage was endless as he released his full powers. The dark devilish flames once again wrapped Heavenly Sword City up like a cocoon. His terrifying powers were surging about like crazy as it suppressed the entire city.

Space was continuously being distorted.

It looked like it could burst at any time.

At this moment...

Everyone in Heavenly Sword City was staring at Luo Tian.

Although they were at the brink of despair, they were still looking towards Luo Tian.

Luo Tian didn't show a trace of fear and his expression of excitement actually turned stronger. He looked up the churning energy in the air and grinned excitedly: "What a powerful force! It's truly really strong! But all these powers will soon become mine."

"Hahaha..."

Crazy laughter!

A burst of crazy savage laughter.

As the laughter faded...

Luo Tian leaped into the air and used his last ounce of energy to stay afloat. Since he was covered in blood, he looked like a floating entity that had just crawled out of a blood pool. Looking at Devil Monarch Skysoul, he roared out: "Come out Heavenly Sword!"

"Ommm~!"

"Ommm~!"

A loud sword ringing sound surged into the sky.

It sounded like it wanted to penetrate the sky and also sounded like a flying sword coming from beyond the heavens.

A golden colored sword!

The sword's blade wasn't very big and looked no different than your average sword. Except the powers coming from the blade can cause the beholder's mind and heart to shiver in cold.

Devil Monarch Skysoul's expression drastically changed.

He started feeling afraid.

At this moment, a trace of fear arose in his mind. This was a feeling that had hadn't felt in over a hundred thousand years. There was no hesitation when he saw the golden sword as he instantly turned around to escape!

Escape!

Devil Monarch Skysoul was actually trying to run away!

And his actions showed no hesitation! The devilish flames instantly pulled back as his figure drilled into the void. There was no intent to fight and no intent to bother with his little brothers in the devil fiend army. He was directly escaping by himself!

He was scared!

Incomparably scared!

No one knew why he was trying to escape.

They were absolutely confused.

Even the common citizens of Heavenly Sword City were clueless. Some actually thought Devil Monarch Skysoul was about to release an even more powerful spell.

Luo Tian didn't chase after him and just laughed crazily. He then said with incomparable arrogance: "Old Dog Skysoul, who knew you'd feel fear as well?! You wish to run away huh? You f\*cking dared to touch my brothers, this daddy will make you die without a burial!"

Suddenly...

Luo Tian pointed with his finger towards the void. He then harrumphed in a gloomy manner and said: "Each and every one of you just wait for this daddy. You love watching shows, right? You love mocking this daddy, right? This daddy has memorized every one of your names. You guys just wait patiently for the day when this daddy sends you all to hell."

As his voice faded...

Luo Tian's mind tightened. He then roared into the sky: "Come out Heavenly Sword! Slash for me!"

"Whoosh~!"

A golden sword behind Luo Tian flew out like lightning...

Before piercing into the void.

Before anyone could react, a huge black hole appeared in the sky.

A black hole due to space shattering!

It was twisting and distorting. The energy coming from the black hole was of unparalleled intensity. Thunderous sounds one louder than the next was heard, just like a nuclear bomb explosion. Within a few square miles, space continued to look like it was shattering.

“Boom~!”

“Boom~!”

A huge figure suddenly fell out of the black hole.

Right after it was a golden sword.

The golden sword made a slashing motion and directly chopped down.

“Boom~!”

A seemingly normal looking energy glided past Devil Monarch Skysoul’s body. Both his eyes bulged out as he desperately resisted. He wailed out: “No! No! Don’t kill me!”

“Hahaha...”

“Old Dog Skysoul, so you can feel fear too, huh?”

“Didn’t you want to f\*cking kill me? Weren’t you about to destroy my Heavenly Sword City?”

“Aren’t you some supreme soul remnant from the ancient world?”

“Weren’t you just very arrogant?”

“Motherf\*cker! Why don’t you f\*cking show this daddy how arrogant you were just then?!” Scolded Luo Tian before continuing: “Those who mess with my brothers, die!”

“Kill for me!”

Insane!

Luo Tian had entered a state of insanity.

He was venting all the unhappiness inside his heart.

Devil Monarch Skysoul’s whole body was shaking. The crotch of his pants was drenched with urine and his face had turned pale. There was no way for him to resist when dealing with the energy on the golden sword. No matter what type of power he used, they were all completely useless. His body was similar to bamboo as it was split into two.

What scared him the most was...

His ancient shattered soul remnant was also destroyed!

This meant he was truly going to die.

He will forever disappear from this world.

He was unwilling!

Extremely unwilling!

The hard work he put in for a hundred thousand years was gone just like that.

He roared into the sky and said his last words: “Luo Tian! My master will not spare you! Just wait until you enter the ancient world and that will be the day of your death! Hahaha...”

“BOOM~!”

Devil Monarch Skysoul’s body suddenly exploded.

The devilish flames on his body turned to powder as his body was completely obliterated!

Obliterated with one sword strike!

This power...

Was too motherf\*cking awesome!

Luo Tian was excited as the moment he was waiting for had arrived. He started praying internally:  
“Teacher Sola Aoi, please give me a big loot explosion!”

Chapter 366 – Deathgod Domain

Explode!

Let’s have a big explosion!

Luo Tian’s heart felt like it was about to jump out.

The most exciting part of killing a boss was here!

“Ding!”

“Congratulations to player Luo Tian for killing Devil Monarch Skysoul. You have gained 1,000,000,000 experience points, 10,000,000 profound energy...”

“How much experience?!”

Luo Tian thought he heard the wrong thing. He looked at the long length of zero’s before he finally determined the actual number. His heart was excited to a complete mess while saying: “One billion... one billion experience points. Your sister! This daddy’s tears are about to flow out from too much excitement!”

One billion experience points and ten million profound energy as a reward!

This was too magnificent!

The system alerts continued!

“Congratulations to player Luo Tian for gaining the divine grade Skysoul Palms. Will you be cultivating it?”

“Congratulations to player Luo Tian for gaining the Devil Flame Core. Will you be fusing with it?”

“Congratulations to player Luo Tian for gaining an Ancient Shattered Senses. Will you be fusing with it?”

“Congratulations to player Luo Tian for gaining a Soul Concept Divine Pearl...”

“...”

The sounds of system alerts went off like crazy.

The items Devil Monarch Skysoul exploded with were all at the divine grade. Luo Tian was smiling so brilliantly that it looked like his face was blooming flowers.

He immediately opened up the system interface to take a look.

Martial Skill: Skysoul Palms

Grade: Divine

Consumption: 100,000 profound energy (Consumption increases based on higher levels)

Cooldown: 600 seconds (The cooldown period decreases when the levels increase)

Description: This palm skill is split into ten levels. The first level breaks past the body (ignores defense). The second level shatters the bones. The third level severs the tendons. The fourth level absorbs the blood... The tenth level destroys the soul!

Looking at the skill description, just the “ignores defense” part caused a huge quake in Luo Tian’s heart. He couldn’t help shouting: “Awesome!”

Ignoring defense!

This martial skill was heaven-defying!

Luo Tian thought the martial skill Nine Dragons Divine Palms that exploded from Long Tian was already the highest tier palm skill possible, so he didn’t expect it to be so weak when compared to this new one. He made a thought and said: “Cultivate! Immediately cultivate!”

“Ding!”

“Congratulations to player Luo Tian for learning the Skysoul Palms!”

Immediately after...

Item: Devil Flame Core

Grade: Divine

Description: Once the user fuses with this item, the user can control devilish flames. This can increase the martial skill's power from the devil race by 10%. The stronger the ability, the stronger the devilish flames become. The peak powers of the devilish flame are capable of obliterating all life within a million kilometers!

This was the power that Devil Monarch Skysoul wanted to use to destroy Heavenly Sword City!

"Fuse!"

"I will definitely fuse with it!"

Thinking about the devilish flames wrapping around Heavenly Sword City, Luo Tian felt like this was a reward related to his death path. Once he cultivates the devilish flames to the peak, he could directly run to a mountain range and release the flames to destroy all the demonic beasts at once. Wouldn't his experience points fly up like crazy by then?

Ancient Remnant Senses!

This was the source of Devil Monarch Skysoul's powers.

A power that came from the ancient world. There isn't any need to elaborate further since it was definitely something good, so Luo Tian immediately fused with it.

Soul Concept Divine Pearl!

A very plain looking black pearl.

It wasn't eye-catching at all. When Luo Tian opened up his system inventory to take a look, he thought it was a random piece of trash since it looked like a useless slightly bigger black bean. But when he looked up the description on the item, his expression drastically changed!

Item: Soul Concept Divine Pearl

Grade: Ancient

Description: This divine pearl can store a strand of one's soul and remold a fleshly body!

Note: This item can only be used once!

A simple description without any embellishment!

But...

Luo Tian was dumbstruck. He finally understood why Devil Monarch Skysoul could rely on his shattered remnant soul to cultivate such a powerful fleshly body. So he had relied on this plain looking pearl.

Moreover...

The most important part is that it only requires a strand of one's soul in order to remold a fleshly body!

Another way of saying this...

As long as you inject a strand of the soul into the pearl, it doesn't matter if your fleshly body is mutilated or destroyed. As long as a strand of your soul is still inside, you can remold your body and continue living. This was similar to a ring of resurrection in video games!

Too awesome!

Awesome to a complete mess!

Luo Tian was so excited that tears almost came out.

He almost didn't know how to adjust his emotions to so many good stuff exploding out. In his previous life, he would usually only gain one divine grade item no matter how powerful the boss encounter. But now the corpse actually exploded forth with an ancient grade category.

This was simply too awesome!

Of course...

Having such heaven-defying loot explosion was brought to you by Luo Tian's maxed out luck stats.

This was the power of luck.

All the good things will explode out. Basically, all of Devil Monarch Skysoul's hidden stash was revealed to Luo Tian.

Just when Luo Tian thought it was over, the system gave off another alert tone.

"Ding!"

"Congratulations to player Luo Tian for leveling up. Your currently level is Profound Ancestor 1st rank!"

"Ding!"

“Congratulations to player Luo Tian for leveling up. Your currently level is Profound Ancestor 2nd rank!”

“Ding!”

“Congratulations to player Luo Tian for gaining a novel’s main character martial skill. You have gained the martial skill Deathgod Domain!”

“What?!”

“Death what domain?”

Luo Tian’s eyes widened and his mind blanked out. He instantly opened up the system interface to look at the new martial skill he received. Once he saw the words Deathgod Domain, his heart almost couldn’t take it anymore since it was just too stimulating!

It was truly quite unbearable.

If this continued, he might even get a heart attack from too much stimulation.

“Elder brother system, my lord, I love you! I love you long long time! I am even willing if you want me to drop the soap right now. This is too awesome! The martial skill of Douluo Dalu’s Tang San – Deathgod Domain. This... this is too exciting! My little heart almost can’t hold on anymore!” Tears really gushed out of Luo Tian’s eyes as he couldn’t it back. His heart was beating faster like he had just taken some medication. This kind of feeling was too great, too awesome!

Martial Skill: Deathgod Domain (Spatial skill category)

Grade: Upper Divine

Consumption: One million profound energy

Cooldown: One hour

Description: This skill belongs to the spatial category and is released in a straight line. Activating this skill will result in the user's speed increasing by 100% and attack power by 30% for half a minute. Deathgod Domain is split into five levels. The second level is Shura's Domain, the third level is Grim Reaper's Domain, the fourth level ???, the fifth level ???

Description 2: Shura's Domain can release a Shura's Revolving Slaughtering Array. Grim Reaper's Domain can release a Grim Reaper's Scythe Slaughtering Array. The fourth level domain can release ????. The fifth level domain can release ???

"An evolving category?"

This was different from Douluo Dalu's Deathgod Domain and was actually much stronger.

It can evolve five times!

The fourth and fifth levels were filled with question marks and didn't reveal any information. This was because Luo Tian's cultivation level wasn't high enough. The third level was already at the Grim Reaper's Domain so how powerful would the fourth and fifth level reach?

Luo Tian was really looking forward to it.

He clenched his fists in excitement while saying internally: "It's fortunate that I didn't agree to join Devil Monarch Skysoul or else all of these things would be gone. The explosion is too great, too awesome, to the point that this daddy is exploding with tears!"

Just when Luo Tian thought everything was really over...

The system once again gave off an alert tone!

Luo Tian looked up into the sky. His heart was already beating quite fast and was beating even faster now. He kept urging himself: "Hold it! Hold it! You definitely have to hold on!"

"Ding!"

Chapter 367 – Super Awesome Divine Artifact

He really couldn't hold on anymore!

If his heart was agitated once more, even him at the Profound Ancestor realm wouldn't be able to endure anymore.

But...

This kind of feeling was just too awesome!

The system alert sounded off!

"Ding!"

"Congratulations to player Luo Tian for gaining a Boss reward. You have gained the Melting Heaven Divine Cauldron!"

"What is it?"

Luo Tian was stunned because he wasn't familiar with this item and had never heard of it in the past.

But...

Wild Blade inside him suddenly jolted and said loudly: "Good thing! Very good thing! This thing is even better than that Soul something Divine Pearl. This is a super awesome divine artifact that's capable of melting anything in heaven or earth!"

Wild Blade's sudden voice made Luo Tian jump in surprise.

Luo Tian was already highly agitated with his heart beating like crazy. With Wild Blade's sudden exclamation, Luo Tian almost fell to the ground from fright. He then helplessly said: "You always just pop out of nowhere; do you want to scare me to death or something?"

"So what if it's a good thing? Is there really a need to make such a commotion? You're acting like you've never seen good stuff before."

"You are the world's most domineering blade that has seen the vicissitudes of life. How can you act like a little kid seeing the world for the first time? You have truly disappointed me. Don't let others know that I know you, hahaha..." Luo Tian laughed and chided him at the same time.

After saying that...

Luo Tian suppressed his excitement. He then revealed a cheap looking expression and chuckled: "Lord Wild Blade, what's so good about this Melting Heaven Divine Cauldron?"

Wild Blade was annoyed.

But he was truly quite excited.

Don't talk if you have the guts. Holding in your excited words will give you the feeling of wanting to die.

Wild Blade directly answered: "The Melting Heaven Divine Cauldron is refined from a spiritual flame of heaven and earth. It contains the world's most powerful flame. It can melt anything in this world including living creatures or even one's soul."

“Damn!”

“Isn’t this basically just a stove that’s a bit more powerful? What’s so good about it?” Luo Tian’s mood changed as he felt like it only had a strong flame. Are we going to use it to burn garbage or something?

“Your sister you damn system! Devil Monarch Skysoul is such a strong boss so you should be rewarding me with something good! What the hell am I going to do with a damn incinerator?”

Luo Tian was really excited in the beginning when he heard the four words “Melting Heaven Divine Cauldron.”

Just hearing the name would give one the feeling of it being something valuable, so it should naturally be a powerful divine grade artifact.

It can even melt the heavens so how awesome is that?

But once he heard the words of Wild Blade, Luo Tian felt like someone had just poured a cup of cold water over him. There was no way for him to be elated anymore as he turned unhappy. He thought he would be so stimulated that he would get a heart attack but it now looks like nothing will happen.

This was a stove that can incinerate garbage!

Wild Blade’s countenance sank as he directly scolded: “All you know is farting! Can you listen to the rest of my words?”

Wild Blade was still very excited.

Luo Tian casually said: “Say it, say it. No matter how eloquently you describe it, it’s nothing more than a stove that can incinerate garbage.”

Wild Blade rolled his eyes. If he had a real body right at this moment, he would definitely give Luo Tian a good beating. He was extremely annoyed that Luo Tian was describing a super awesome divine artifact as a stove to incinerate garbage.

Immediately after...

Wild Blade was too lazy to bother with Luo Tian anymore and said: "It can melt anything in heaven and earth, and extract the essence from those items. Once it absorbs a certain amount of essence, it will then automatically fuse and evolve that essence to create a brand new item. This said new item will be several grades higher than the original item."

"Huh?"

Luo Tian's eyes widened and started to feel this Melting Heaven Divine Cauldron wasn't simple. His mind turned serious while asking: "I can automatically fuse essence into new items? Anything can be fused?"

"Of course!"

"Xuan weapons, spiritual herbs, ten thousand year old xuan metals..."

"Armors, spiritual treasures, and any magical artifacts."

"Everything can be fused together!"

"Even the martial skill books you possess can be taken out to be fused. There's naturally a chance of failure. But once you succeed, then the original martial skill grade will be raised up several times. Ten grade 1 martial skill books might fuse together to create a single grade 3 martial skill!" Wild Blade said in excitement.

He was completely filled with excitement when he looked at the Melting Heaven Divine Cauldron stored inside Luo Tian's body.

Extremely excited!

Wild Blade had only heard of legends about this item and didn't imagine Luo Tian would miraculously obtain such an awesome divine artifact. When it came to those sudden alert tones inside Luo Tian's body, he really couldn't understand what was going on. The only thing he could confirm right now was...

He too had been brought to this new world by those weird alert tones.

Therefore...

Wild Blade no longer felt it was weird when random items suddenly appeared inside Luo Tian's body.

Except for today...

He was really quite excited.

Upon hearing his explanation, Luo Tian felt like he was enlightened. His blood started boiling and his heart once again entered the state of beating quicker. This was the rhythm right before one has a heart attack! He then mumbled: "Garbage becoming treasure? Ten grade 1 martial skill books can fuse together and become a grad 3 martial skill? Then what will happen if I combine 100 earth grade martial skills together? And what would happen if I combine 100 earth and sky grade equipment together?"

"Oh mommy!"

"I don't think I can handle this..."

"Someone quickly come to support me because my heart really cannot endure this anymore!" Luo Tian's right hand was clutching his chest while he looked like he was about to collapse in excitement. He was exclaiming internally: "Divine artifact... divine artifact... it's definitely a super awesome divine artifact! Mamamia! I can't handle this anymore!"

Wild Blade rolled his eyes and scolded: "Didn't you just say I was making an anthill out of a molehill? Aren't you someone that has seen a lot of big scenes in life already? You are someone that possesses divine items already yet you're scared to this extent due to such a little scene? You are simply too weak. This Lord can't help but look at you in disdain, hahaha..."

"I was wrong!"

"I was truly wrong!"

Luo Tian said in excitement: "I should have never insulted the Melting Heaven Divine Cauldron by calling it a garbage incinerating stove. This thing is simply too awesome! Apart from fusing martial skills and equipment, it should be able to combine medicinal pills as well. Then there's hope for the Profound Burst Pill to be improved on once again! It might even be able to raise it by 5 or 10 grades..."

"I can't handle it!"

"I really can't handle this anymore!"

Thinking up to this point, Luo Tian's blood felt like they were about to burst out of his veins. If he continued fantasizing about this, he felt like he was really going to die from excitement.

At this time...

Tang Tang, Qin Yue'er and the others quickly rushed over.

Seeing how Luo Tian's expression was changing so much like a deranged person, everyone's countenance turned for the worst.

An Chunchun was worried as she asked: "Big brother Luo Tian wouldn't have gone crazy from being too happy, right? He seems to be really excited from his facial expression... he looks even more excited than the time when big sister Tang Tang and big sister Yue'er took their clothes off."

Those words were spoken in an innocent manner.

The faces of Tang Tang and Qin Yue'er instantly turned red.

Da Ji covered her giggle and said softly: "Chunchun, you cannot say those words at a place like this in the future. Do you understand?"

"Okay!"

"Chunchun also remembered you all said that you would give big brother Luo Tian your bodies. Can I mention this here?" asked An Chunchun with a cute looking face. She then lowered her voice and grumbled: "I also remember big brother Luo Tian said he wanted you all to wait for him on a big bed. Isn't that right, mother?"

Luo Tian clearly heard those words.

His heart originally couldn't take it anymore so when he heard those stimulating words, the evil flames surged into his brain and his nose directly sprayed out blood. "You girls are killing me!"

Chapter 368 – We Can Now All Roll In The Bed

Nighttime.

The sky looked exceptionally bright.

The entire Heavenly Sword City was quiet; this was a warm and peaceful quietness.

Imperial Palace.

"Ninth brother; before your father left, he asked me to support you to the throne. A country cannot be absent of a monarch for a single day, so how about you ascend to the throne tomorrow?" Luo Tian's expression looked calm but his heart was a bit tight. He was filled with gratitude whenever it came to issues pertaining to Tang Zhanlong.

If it wasn't for Tang Zhanlong, perhaps he would've already died under Daoist Huang Yun's palm strike.

Tang Zhanlong was a truly righteous person.

He still personally led his troops even though he knew it would lead to his own death. Luo Tian had nothing but sincere admiration towards him.

Except...

Luo Tian couldn't personally block him from going out there or save him from his death. This caused him to feel regret and a sense of blaming himself for the inadequacy.

Tang Jiu was hesitant.

The Crown Prince had died and there was still a Second Prince left, while he was all the way down to the ninth place. There will surely be many people unconvinced if he were to ascend the throne. Some uncles from both the paternal and maternal side might even step out to oppose it, so wouldn't this be ruining the Great Tang's customs?

Luo Tian naturally understood Tang Jiu worries so he said: "Don't worry, no one will oppose you. If someone really dares to oppose you, then... heh heh..."

Luo Tian's gaze swept past.

All the civil and military officials lowered their heads in silence.

The Imperial Palace Guards outside the audience hall shook the sky with their synchronized roar: "Paying respect to Your Majesty!"

Tang Jiu was able to demonstrate his abilities during the battle so all the palace guards were filled with admiration towards him. Not to mention Luo Tian, the 30,000 palace guards will be the first to not let anyone off that dares to oppose.

Luo Tian said with a faint smile: "Don't refuse it; this is not the time for you to show hesitation. Show the characteristics of a true man – make a decisive action when faced with choices. Don't worry because there will always be me by your side."

Tang Jiu was feeling grateful and couldn't help but comment: "Luo Tian... in fact, this country's Emperor should be you..."

Without waiting for him to finish, Luo Tian directly interrupted and said: "The Tang lineage is the main line while I'm at most an in-law. Ninth brother, you cannot utter such words in the future. Moreover, you should know that I'm not a person restrained by titles or materialistic things."

Becoming an Emperor?

It wasn't a bad choice.

The imperial harem will have 3000 beauties and all the beautiful women in the country would become his.

This was the dream of all straight men.

Maybe back then Luo Tian might have agreed to it, but now there wasn't a bit of attractiveness to it. What he now pursued was the power that could reach the apex, a power that can shake everything! He wanted the power that his brothers and women around him will never be threatened or injured!

The Great Tang Dynasty was too small!

Tang Jiu was clear about this. He was willing to let Luo Tian become the Emperor if Luo Tian really wanted it, except he understood this was an impossible matter. He could only smile faintly and say: "Luo Tian, thank you. I am representing the Great Tang in sincerely thanking you."

“F\*ck!”

“Are you not treating me as a brother by saying such words?”

Luo Tian started smiling because he understood Tang Jiu had accepted the position.

Tang Jiu started smiling as well and said: “I will ascend to the throne tomorrow. I will prove to everyone with my own strength. I know what needs to be done.”

“Now that’s more like it.”

“As for those so-called allied Sects and those forces that are trying to rob the Great Tang’s territories, I will give them a fair warning tomorrow. If they don’t restore everything to their original looks, I will have them all pay their price in blood.” Luo Tian started getting angry when he thought about those guys trying to pillage a burning house.

He was truly hoping those forces haven’t retreated yet.

If that was the case...

He could slaughter them all without any apprehension!

But...

When those forces found out that Luo Tian had instantly killed Devil Monarch Skysoul, they were scared to the point of peeing and shitting their pants. Not only did they return everything they took, they even announced that they were troops here for support and left a bunch of treasures as compensation.

They also announced they would pay respects a few days later with some profound treasures.

As for those experts that were hiding in the void space...

It was even more tragic for them.

The moment Devil Monarch Skysoul died, their faces looked like they had been slapped to an inhuman look. They had no intention of staying where they were and directly ran off to hide in barren places where no one would find them.

They were extremely afraid!

They were afraid of that little golden sword of Luo Tian's that possessed the power to kill an expert at the level of Devil Monarch Skysoul.

Fear rose in their hearts and created a mental barrier. Most likely they can forget about improving their cultivation for the rest of their lives.

As for the Outer Heavenly Palace...

Long Wang's expression was incomparably gloomy. In just a short one month time, Luo Tian's cultivation had gone from the Profound King 7th rank to a Profound Ancestor 2nd rank. This kind of speed was staggering, causing his heart to have a sinking feeling. "Ten years; saint realm. Damn dog thing, this daddy refuses to believe you will reach it!"

---

Sea Cloud Sect.

Daoist Huang Yun had a pale looking face as he strode back and forth.

Suddenly...

Nangong Jue's figure appeared with several Great Elders in tow. He coldly stared at Daoist Huang Yun and harrumphed: "Huang Yun, your courage is really great. The Great Tang and us Sea Cloud Sect have been allies for over a thousand years yet you dared to sow discord between us. If it wasn't because I trusted you, I wouldn't have sent our Battle Hall disciples down the mountain. Now you should be the party responsible for this mess."

Daoist Huang Yun's expression changed while trying to explain himself.

Nangong Jue instantly rushed to the front of Daoist Huang Yun and said softly: "The Heavenly Sword has appeared in this world again so we cannot afford to offend the Great Tang. Their dynasty's overall strength is bound to increase by at least double, and you need to bear this responsibility. I can only sacrifice you. I will use your head to guarantee the safety of our Sea Cloud Sect and you will be considered to have accomplished great merit for us."

As his voice faded...

Daoist Huang Yun's expression drastically changed while wishing to escape.

But he was instantly killed by Nangong Jue's palm strike. Nangong Jue then said in a serious voice: "Cut off his head and deliver it to Heavenly Sword City. Send forth 30,000 Healing Pills and 6000 grade 9 xuan weapons. Also, send out 2000 copies of spirit grade martial skills. You must do a good job of this or else you can just bring your head back to see me!"

Nangong Jue was worried!

He was really worried that Luo Tian would bring that little golden sword with him and kill their way to the Sea Cloud Sect.

No one will be capable of blocking him and by that time, the Sea Cloud Sect will forever disappear from this world.

Nangong Jue was saying internally to himself: "How the hell did we end up offending this malignant star? I just hope that Huang Yun's head will be able to calm his rage."

It wasn't just the Sea Cloud Sect.

Southern Mountain Sect, Ardent Sun Sect, Heavenly Plume City, and various big and small forces were scared out of their minds.

Those Profound Saint experts had already disappeared off to who knows where. They understood that they weren't qualified to be Luo Tian's opponent.

They took initiative in offering treasures.

They took initiative in giving up large parcels of territories.

-----

Soul Hall.

The Dark Cage was opened.

Li Xue'er's expression was ice cold. She didn't look at anyone present including her mother.

Her current gaze was like a thousand year old glacier.

Her cold expression was ten thousand times colder than Leng Hanshuang like she wanted to freeze everything over in this world.

The Soul King was hesitant to speak.

Li Xue'er walked away with a cold faint sneer. That cold smile of hers contained an endless amount of disdain and ridicule. She then coldly said: "You all have missed the opportunity and will pay an extremely heavy price for it."

The faces of the people present were all burning stinging hot!

Very uncomfortable!

After saying that, Li Xue'er didn't even look back as she left.

Leng Hanshuang quickly followed up and gave Li Xue'er a thumbs up. "Miss, you are too awesome."

Li Xue'er burst out into a fit of giggling. Tears continuously streamed down her face as she looked off into the distance and said: "Big brother Luo Tian, Xue'er really misses you."

-----

Imperial palace, at a certain courtyard.

"Ah Choo~! Ah Choo~!"

Luo Tian sneezed several times in a row and mumbled: "Who's thinking of me right now?"

Immediately after...

He looked over at all the beauties in the main hall and said with excitement: "We can now all roll around in a big bed!"

Chapter 369 – I Cannot Hold Back Anymore

Excitement!

The moment for his sexual happiness had finally arrived.

After wishing upon the stars and the moon, the day he had yearned for was here.

His heart was feeling incredibly excited.

Evil flames of desires mixed with excitement made his crotch area release a faint killing intent. Looking at the peerless beauties inside the main hall, Luo Tian started rubbing his hands together that had a trace of hot sweat.

It was similar to the impending moment of facing a powerful boss. Luo Tian felt like he was even a bit more excited than when he was dealing with Devil Monarch Skysoul.

This was the tragedy of being a virgin!

Luo Tian stepped into the courtyard and quickly walked into the main hall. He cleared his throat and said: "Oh yeah! I remember last night you girls said... said... said something about giving me your bodies?"

He was trying to summon his courage!

Luo Tian's palms started becoming clammy with sweaty again. He was thinking that he would rather deal with Devil Monarch Skysoul again than experience this scene.

Qin Yue'er shrugged her shoulders and her twin peaks were pushed to their highest elevation. It was pure white and veins could be seen. Her white twin peaks looked like they wanted to burst out of her clothes to expose themselves. This made the beholder want to fiercely grab it and fondle it for a long period of time.

Those twin peaks faintly shook and her shirt looked like it was about to rip at the seams. Qin Yue'er put on a very pure and innocent look and said: "We said something like that? Did we ever say such words? How can innocent girls like us say such things? You definitely must've heard wrong."

"That's right!"

Tang Tang walked over while trying to push her chest out as well, but realized her chest wasn't able to replicate the effects of Qin Yue'er. She shrunk back and said: "Smelly scoundrel, you definitely heard wrong. We never said those words and are still waiting to get together with the boss."

Da Ji covered her mouth and softly giggled.

Luo Tian became depressed.

"Damn it!"

"How can you girls play me like that? I almost cannot hold it back anymore! You girls say that you never said those words to me? You all... you all... good! Watch how I take care of you girls!" Luo Tian rolled up his sleeves and revealed an evil smile. He grabbed Tang Tang and fiercely gave her little butt a big slap. "Did you say it?"

"No!"

"I never said those words!"

"It's still no, even if you slap my little butt rotten." Tang Tang said through clenched teeth but a strange feeling was stirring in her heart. This kind of feeling was rather special and somewhat delightful, which was completely different from when Luo Tian slapped her butt in the past.

It was like...

Something she had never felt before! When he slapped her butt, she actually felt a trace of pleasure!

She even gave off a faint moan that she never thought possible!

Her face couldn't help but turn red. It was fortunate that Luo Tian didn't hear that or else her face would be even redder!

“Big sister Yue’er, big sister Da Ji, save me! Smelly scoundrel is smacking me, wuuu~...” Tang Tang pretended to look aggrieved while her heart was hoping Luo Tian would slap her butt a few more times so that she could experience this delightful feeling again.

Qin Yue’er smiled charmingly and pretended to be calm while she said: “You can ask Chunchun if you don’t believe it. She will never lie. Just ask her if we’ve ever said such a thing.”

An Chunchun didn’t wait for Luo Tian to ask and directly said: “They never said such a thing. Big sister Tang Tang, big sister Yue’er, and my mother never said those words. Big brother Luo Tian, you must’ve heard the wrong thing.”

“Huh?”

“Could it be that I was hallucinating?”

“Impossible! I swear I heard it very clearly.”

Luo Tian mumbled to himself in thought for a bit before saying in doubt: “Could it be that I was overly anxious last night?”

After saying that, An Chunchun looked over at Qin Yue’er and giggled. She then made a victory pose sign and said softly: “Big sister Yue’er, you promised me two sticks of candied haws.”

Her voice wasn’t loud.

But...

Luo Tian still heard it clearly. His eyes widened and immediately said: “Great! You girls actually bribed a child. You all... you all aren’t even letting a little girl off. You girls are really bad, so I need to punish you all.”

Immediately after...

Luo Tian held onto An Chunchun and said: "Chunchun is a good girl. Tomorrow, big brother Luo Tian will bring you out to buy you three sticks of candied haws. You tell me; did they say they were going to give me their bodies last night?"

An Chunchun giggled with a cute expression, easily making any beholder feel like she was extremely adorable. "Big brother Luo Tian, I've already promised big sister Yue'er. But... if you were to offer me five sticks, then I will definitely stand on your side."

After saying that...

An Chunchun whispered at the side of Luo Tian's ear: "They did say it."

There's no need to mention how cute her expression was.

Luo Tian started laughing. A flash of golden light appeared in his eyes as he stared at Tang Tang and Qin Yue'er. He then started chuckling in an evil manner and said: "You have all heard it, heh heh... tonight we shall roll around on a big bed."

"What 3000 rounds? We're going for 30,000 rounds!"

"If we're going to battle, we might as well do it until dawn!"

Evil flames...

Were crazily burning up!

Luo Tian's whole body was burning hot. The strong aura of a man coming from him made Qin Yue'er intoxicated, causing herself to have a strange reaction inside. This feeling was something she had never experienced before and was quite delightful.

Tang Tang felt her body loosen and gently bumped Qin Yue'er: "Big sister Yue'er, should we just let him have it? We'll be his sooner or later, so I was wondering... wondering what it would feel like."

After saying that, Tang Tang's face turned so red that even juice could be squeezed out from it.

It's not like Qin Yue'er didn't want it.

She wanted it, quite badly.

Her body was burning hot as well. She was deeply attracted to the aura of Luo Tian and even her lower region was getting wet.

The defensive lines of those two had been loosened up.

One could say they were about to be broken through by Luo Tian.

But at this moment...

An Chunchun suddenly cried out: "Chunchun wants to join you! We will battle 'til dawn together! We will battle 3000 rounds together! Yeah!"

"Puchi~!"

"Hahaha..."

"Hee hee..."

The three women laughed at the same time.

The peculiar feeling amongst them gradually disappeared.

Qin Yue'er gave an enchanting look with a seductive gaze and asked: "Bastard, do you still want to battle now?"

Luo Tian's expression sank.

Even if he wanted to and couldn't endure anymore, he still couldn't do such bestial acts in front of a child.

An Chunchun was only a child not even 8 years old yet.

Suddenly...

Luo Tian's evil flames had been dampened quite a bit. He could only mumble bitterly: "I won with Chunchun, but was also defeated by Chunchun."

An Chunchun maintained her innocent look. Her large eyes blinked a few times at Luo Tian before asking: "Big brother Luo Tian, what are you talking about? Aren't you all going to have a big battle? That game sounds really fun so I want to play too, hee hee..."

Luo Tian faintly smiled and replied: "We will play this game when you get older. The only thing you need to do right now is to quickly grow up!"

After saying that...

Luo Tian looked at Qin Yue'er and said: "You girls just wait and see, there will eventually be a time when An Chunchun isn't around! Humph!"

The tent in his crotch area was already pushing up into the sky.

It was swelling bigger and getting uncomfortable, and he really almost couldn't hold it in anymore.

In the end, due to An Chunchun's cute adorable face, Luo Tian managed to endure.

Qin Yue'er looked at Luo Tian in a serious manner and said: "Wait until we meet the boss first. Once she gives the okay, we will immediately give ourselves to you. Don't worry you bastard, we will still be your women this life even if we die!"

Tang Tang nodded.

An Chunchun copied and nodded her head.

Very serious!

There was a feeling of warmth inside his heart as Luo Tian said with a grin: "I will hold it in for now but there will certainly be a big explosion in the future!"

Chapter 370 – The Ancient Treasure Is Born

The longer it was restrained, the more fierce the explosion.

There's no way Luo Tian could roll around on the bed in front of An Chunchun.

But...

He couldn't keep staying in this courtyard because he felt like he was going to lose his life at any moment. He was afraid that he really wouldn't be able to hold back any longer and his bestial nature will burst out.

Since Qin Yue'er said such words, then he would be in the wrong if he kept on insisting.

After leaving the courtyard, Luo Tian looked up at the sky filled with starry light. He revealed a faint smile while his eyes showed emotions of missing someone. "Xue'er, are you doing well so far away? I miss you a lot."

Immediately after...

Luo Tian secretly clenched his fists.

When he thought of Li Xue'er, he naturally thought of Murong Wanjian as well.

This large mountain would occasionally press down on his mind, making him feel like he couldn't breathe normally.

Murong Wanjian was very strong!

Ever since his arrival at Heavenly Sword City, Luo Tian understood how strong Murong Wanjian truly was. Even though he had gained a lot of strength this period, Luo Tian still didn't have much confidence in defeating Murong Wanjian.

Moreover...

After Luo Tian killed Devil Monarch Skysoul, the starlight and imperial qi of fortune powers had disappeared from inside him.

This was something Luo Tian had already expected.

The starlight powers originally didn't belong to him. If his guess isn't wrong, then it should have been Li Xue'er using some sort of ability to temporarily pass those powers into his body. As for the imperial qi of the country's fortune, this power belonged to the Great Tang so he cannot keep it.

Even if the imperial qi didn't disappear, Luo Tian would still return it back to Tang Jiu.

But...

Even though those two powers had disappeared, his fleshly body had still received a powerful upgrade. The power his fleshly body could endure now had greatly surpassed a typical expert at the Profound Ancestor realm.

The bodies of some weaker Profound Venerate realm experts might not be comparable to his either.

It's inevitable for Luo Tian to feel some regret when those two powers disappeared. But what made him shocked was that when he instantly killed Devil Monarch Skysoul after summoning the golden sword out, there was an extra golden sword residing inside his body! He can only see it but unable to sense it or control it, making him somewhat puzzled by the whole situation.

Based on the system description, the level 5 War Leader System allowed him to summon out the Heavenly Sword and only use it once.

But this Heavenly Sword somehow didn't disappear.

It was as if the sword was attracted to some type of force inside him. It just silently resided inside Luo Tian's body without moving. Below the Heavenly Sword was that dragon egg that was missing one more drop of blood essence before it can be hatched. Could it be all due to the dragon egg?

Luo Tian didn't bother to continue thinking about this because he understood everything in this world has its root causes.

Since the little golden sword had chosen him, then there should be a reason for it.

Maybe one day he wouldn't even need the War Leader System and can fully control it freely. Then wouldn't he become an awesome existence that meets God, kills God; and meets devils, kills devils?

As for that dragon egg...

Luo Tian started becoming excited about it. "I'm only missing one drop of blood essence which is about half a month left, and then you can hatch. By that time... heh heh... Murong Wanjian only has a true dragon's bloodline while this daddy possesses a true dragon itself! Let's see what else you can take out to compete with me, hahaha..."

---

"Whoosh~!"

Luo Tian's body started moving and ran into a nearby forest. He then said calmly: "Wild Blade, you should be able to condense a shadow now after getting the domineering blade's spirit, right? Can you come out for a bit?"

"Huh?"

"Why are you looking for this Lord?"

"You want me to watch you roll around the bed with a bunch of women? This daddy doesn't have that kind of interest. With your capabilities, not to mention one night, the way I see it is that you wouldn't even last two hours. Women of the demon fox clan are born to be good in bed, so average people wouldn't be able to last long." Wild Blade's tone of voice was filled with mockery.

Luo Tian's countenance sank while saying: "F\*ck you! It's fortunate that this daddy didn't get into it or else an old fogey like you would've seen everything!"

In regards to this...

Luo Tian felt quite lucky!

It would be super awkward with Wild Blade residing inside him. Imagine when you were doing the xoxo with women and you remembered someone was inside you watching, you will definitely be affected by it. Your little brother may not rise up for the rest of your life by the trauma. If that was the case, then you are definitely f\*cking finished and can only play with your eggs from then on out.

“Cheh~!”

“This Great Lord has no interest in watching you.”

“Back in the days, this Lord had eighteen women with me and I did them all at the same time and no one was able to stand properly the next day. Such an awe-inspiring time... that was considered an unprecedented feat in history for me!” Wild Blade blew his own trumpet before continuing with a smile: “Brat, it looks like you’re quite blessed with the opposite sex. Do you want me to pass on to you my mystical skill Sky Supporting Column?”

“Sky Supporting Column?”

“I think you’ve eaten too much Viagra.”

“You say that you took care of eighteen women in a single night? From the way I see it, you look like someone that will come in a single second. Does this happen to be the reason you died? Hahaha...” Luo Tian ridiculed Wild Blade without holding back.

One old and one young.

One made a comment, the old retorted as they mocked each other.

It was like bantering between two brothers.

They could say whatever they wanted and those two became happier the longer they spoke.

Eventually...

The longer they conversed, the more outrageous it became. Various actions on the bed, various positions, different types of women, and which position to stab in was the best were discussed.

Wild Blade was defeated!

How could he be Luo Tian's opponent?

Luo Tian didn't live his previous life as an otaku in vain. Playing video games, reading online novels, and then it eventually came to those harmonious exercises with a blowup doll. And he would be watching various movies from a certain island nation while doing his deed.

What positions wouldn't he know of?

When it came to these kinds of topics, he was the grandmaster amongst all grandmasters. Not to mention Tianxuan Continent, most likely Luo Tian wouldn't have many opponents in the entire universe!

Wild Blade was unconvinced of his defeat and said with attitude: "Hey brat, why are you calling me out? Scram if you don't have anything important to say. This Lord still needs to cultivate."

Luo Tian stopped smiling. He immediately brought out the Skysoul Divine Pearl he received from Devil Monarch Skysoul's corpse and said: "This pearl..."

Without waiting for Luo Tian to finish speaking...

Wild Blade directly rejected and said: "You can save that thing for yourself because it's like a life-saving talisman. After injecting a portion of your soul into it, you can still recast your fleshly body even if it has been destroyed. I definitely don't want this thing. Even though I want to refine a new fleshly body, this isn't the path I wish to take."

His tone of voice was kind of choked.

Because Wild Blade was moved by the offer.

The Skysoul Divine Pearl was an ancient artifact.

It was an existence that surpassed the divine grade.

Its uses were simply too great and was a true blue life-saving talisman. This was something he couldn't accept no matter what.

He really wanted his own fleshly body.

He really longed to have one because he wanted to traverse this world with Luo Tian in a wild and arrogant fashion. But he definitely didn't want a fleshly body cast by the divine pearl.

"Wild Blade!"

"This thing is not a big deal because I can just get another one next time."

"It's really not an item that's a big deal for me. From Jade Mountain City to Heavenly Sword City, you have helped me quite a bit and allowed me to escape death many times. Now you're not accepting a mere little pearl? You really aren't treating me like a brother." Luo Tian said this in a serious tone of voice.

"Hahaha..."

"Hahaha..."

"Brother!"

"Brother!"

"Someone finally has treated me, Wild Blade, as a real brother. Thank you kiddo. Thank you for the word 'brother.' I am really grateful for that. I also want to thank you for bringing me so much excitement, but I am absolutely not accepting the pearl." Wild Blade's heart was so moved that it became a complete mess.

Without waiting for Luo Tian to speak, his shadow disappeared and returned back into Luo Tian's body.

Luo Tian was just about to say something when...

Suddenly...

In a south-east direction, a holy beam of light surged into the sky!

Wild Blade's expression turned to shock as he immediately cried out: "The treasure in the ancient site has been born!"
