

Leveling Up 371

Chapter 371 – It Only Belongs To Me

A holy light surging into the sky!

It was especially eye-catching in the dark sky.

Countless experts were awakened by it!

At this moment, a sky filled with shooting streams of light heading towards the south-eastern direction of Heavenly Sword City could be seen.

Inside Heavenly Sword City.

It was similar to the daytime with the blazing sun hanging in the sky.

Countless people came out from their houses and looked up into the sky at the holy light. The common citizen didn't know what it was while some martial artists started exclaiming in shock.

“Holy light!”

“Holy light!”

“A treasure has been born!”

“It's at the location of the Devil Sealing Array!”

For a short time...

The entire Heavenly Sword City was boiling up as countless martial artists rushed over.

As a martial artist, they all wished to possess a piece of divine treasure. Whether it be one's cultivation or their combat power, a treasure will be of immense help. One could even become an existence that can jump levels and kill those at a higher cultivation level than their own.

A divine artifact can really change a person's destiny.

Deep inside the imperial palace.

Feng Lei, Xuan Yuanyi, and Blindman Liu were startled awake.

The three of them were seriously injured. They were smashed flying by Devil Monarch Skysoul with one strike and their bodies almost ripped apart. It was fortunate that Luo Tian used Healing Art on them to save their lives. When the three of them saw the beam of holy light surge into the sky, their expressions instantly changed.

"A treasure has been unearthed."

"We..."

Feng Lei touched his bald head and smiled crazily: "What's there more to say? Of course we're going to go snatch it! How can we miss out on such a scene? Most likely boss has already rushed over there by now."

"Shit!"

"What the hell are we waiting for then? Let's go there now my brothers!" Grinned Blindman Liu while putting on his clothes. He then grabbed some crutches to get out of the bed before trying to rush out towards the courtyard.

Xuan Yuanyi's body was wrapped in bandages and a long blood-red line could be seen. As his body started moving, the red line mark on the bandages grew larger indicating fresh blood flowing out. His face also turned a shade paler.

Feng Lei was the most awesome!

His bald head was bandaged like a sticky rice dumpling and his body looked like a mummy.

One hand was holding a crutch while the other hand was hanging over his chest in a sling. His face was filled with excitement as he said: "Blindman Liu, wait for me! Motherf*cker, why are you running so fast? Can you even snatch the treasure without me there?"

Three people.

Three disabled people.

Faces filled with excitement and showed no care of their injuries.

It took them a few minutes before they managed to leave the room.

Blindman Liu stood there with a chuckle, revealing his yellow stained teeth.

Xuan Yuanyi slammed into Blindman Liu while urging: "Why are you standing still here? Start moving or else we'll be screwed if we're late."

Feng Lei also slammed into them. The three of them were wobbling all over and almost toppled to the ground. Feng Lei then yelled angrily: "What the hell are you two doing? If you guys don't hurry, not to mention treasures, we won't be able to even smell the treasure's fart!"

Blindman Liu softly said: "Dragon head is here."

“Huh?”

“Ahh...?”

The expression on those three changed.

They turned around in an attempt to scurry back to bed. Fatty didn't even dare to raise his head!

“You guys stand where you are!”

Shouted Luo Tian. He already knew that if Feng Lei and the others saw the holy light surging into the sky, they will definitely ignore their injuries and rush out. That's why he preemptively stood in the courtyard waiting because he was worried about their reckless personalities.

Being able to survive under the attack of Devil Monarch Skysoul...

We can say it was a bargain to be injured and to keep their lives. No matter how many times Luo Tian cast Healing Art, he couldn't get their bodies to a fully recovered state. Their injuries were just too serious and were even worse off compared to the Dao Shang Alliance auction house incident.

After suffering serious injuries twice in a month, their body's endurance must have already reached its limit.

If they were to rush out this instance and conduct some reckless behaviors, even a Golden Immortal's appearance wouldn't be able to save them.

“Boss, heh heh...” Feng Lei chuckled foolishly. He then pointed up at the night sky with a face like he didn't know what was going on, “Brother Xuan, the stars look really nice tonight.”

Xuan Yuanyi immediately responded: “That's right, they're so pretty. I have never seen such beautiful stars before.”

Blindman Liu glared at those two and whispered: "Can't you guys look more closely before you open your mouth? The sky is inky black and doesn't even have any stars."

"Huh?"

"Shit! Blindman Liu, will you die if you don't speak?"

Luo Tian's voice turned serious as he said: "You guys have injuries so you shouldn't be running around. If I happen to find out that you guys leave the palace and go searching for treasures, I will definitely teach you guys a lesson."

"Boss, look at the holy light shooting into the sky! There's definitely some good stuff appearing!" Feng Lei pointed at the light in the south-eastern direction with an excited look on his face.

"I already know about it."

"You guys have nothing to do with the treasure being unearthed. Moreover..."

While saying this mid-sentence...

Luo Tian smiled mysteriously and continued: "The treasure will only belong to me."

"Huh?"

"Boss is so awesome!"

"Boss is so mighty!"

The faces on those three turned to shock. Luo Tian hadn't even gone looking for the treasure yet and it already belongs to him. This was simply way too awesome!

Of course...

The instant the holy light surged into the sky, Luo Tian wanted to rush over there right away.

But...

He was stopped by Wild Blade.

Wild Blade was so familiar with the ancient scroll that it reached a point where he couldn't get any more familiar with it. He was very clear on what items were needed to open up the ancient treasure site and those two things were in Luo Tian's possession. As long as Luo Tian doesn't go there, no one will be able to take away anything.

In addition...

People will die!

Luo Tian now knew why Devil Monarch Skysoul had entered the Devil Sealing Array – he was looking for treasures!

Looking for ancient secret treasures!

But he encountered bad luck and fell into the trap of being sealed away inside the Devil Sealing Array.

He was stuck inside the Devil Sealing Array for ten thousand years and hadn't found any treasures. Devil Monarch Skysoul found nothing! He didn't dare to stay inside any longer and managed to charge out of there after using all his strength.

The Devil Sealing Array was thus destroyed.

The array had lost most of its powers but was still extremely dangerous. There were still other hidden dangers inside. If Wild Blade's deductions are correct, the treasures coming into being will have monsters guarding it. There's a high chance that these monsters are the demonic beasts from the ancient world!

"Boom~!"

"Boom~!"

A series of harsh exploding sounds were heard.

A flash was seen in the south-eastern direction.

Countless streams of light flew out while screaming in shock: "Ancient demonic beasts! Run! Quickly run!"

Luo Tian's head was slightly tilted to the side before sneering coldly: "What Wild Blade said was right – places with treasures will naturally be dangerous. Those experts who cling to life and mortally afraid of death wish to gain treasures as well? They're just living in their own stupid fantasy!"

Feng Lei and the other two once again became shocked.

"Boss, how come you seem to know everything?"

"What kind of treasure is it?"

"That's right, I want to know too."

The three of them started asking out of curiosity.

Luo Tian shook his head and said: "I don't know what kind of treasures the place has, but most likely I'm the only person in this world that's capable of opening the door to it. And I am the only one that can take those treasures, so you guys can sleep peacefully with that thought."

"We're not in a rush."

"We will all go together when your injuries have recovered."

Luo Tian wasn't even a bit anxious.

Let those experts explore the path first. It would be even better if their heads get smashed bloody in the process!

Feng Lei smiled excitedly, "Long live the boss!"

Chapter 372 – People From The Immortal Sects

"Chunchun, don't get so close to that scoundrel."

"That's right; you will be lead astray if you follow him."

"Damn, two against one? Aren't you two having such an easy time playing Fight the Landlord? Are we going to continue playing?" Asked Luo Tian with a smile. An Chunchun was on his lap playing around making him feel ticklish.

"King blast!"

"Calling a bluff? I know you have the smallest straight flush in your hands." Qin Yue'er was laughing out loud happily. Her two mounds were shaking all over making Luo Tian want to go over and bite on it.

Luo Tian's eyes changed as he threw down his cards. "I'm not playing this turn. Back in the days, I was considered a King of Fight the Landlord. And here, I'm still considered the progenitor for the card game. Who knew that... my once heroic reputation has thus been ruined."

It's unknown why...

When he played Fight the Landlord with Qin Yue'er and Tang Tang, he hasn't won even once.

Originally, Luo Tian wanted to play until they lost all their clothes. He didn't imagine that he would lose to the point of only his underwear remained while those two hadn't lost a single piece of clothing.

This was too hurtful to one's self-esteem.

Half a month had passed.

Luo Tian was living a very comfortable life. He played cards, messed around with the girls, teased a loli, and would get massages when he got tired. Someone will hand him water when he was thirsty, he would lie underneath the shade of a tree, relax on a rocking chair, and there would be occasionally people feeding him fruits.

This kind of life was so great that his bones have almost gone limp.

An Chunchun had an evil smile towards Luo Tian while saying: "Big brother Luo Tian, you've lost. Are you going to take that lower cloth of yours off as well? Hee hee..."

Luo Tian was stunned before glaring at Qin Yue'er: "I've led her astray? It looks like you are the ones that have led her astray. Chunchun, don't spend time with these two bad women in the future. And you definitely can't randomly listen to their words."

"Humph!"

"Bastard, what did you just say?"

"Smelly scoundrel, you better pay up since you've lost. Quickly take off those shorts of yours."

Luo Tian saw that the situation wasn't looking good for him so he grabbed his clothes and ran.

Around this time...

Feng Lei, Xuan Yuanyi, and Blindman Liu entered the courtyard in a cheerful manner.

When they saw this scene...

The three of them lowered their heads and pretended they didn't see anything.

The expression of all the girls present changed and one of them angrily said: "I will let you off today. If I ever see you again in the future, I will break that third leg of yours."

Tang Tang softly said: "Big sister Yue'er, can we not break his third leg? If we break it, then we... have basically screwed ourselves over?"

"You...!"

"Are you experiencing your spring fever? Do you need me to call that bastard over to give you little butt a good spanking?" Qin Yue'er asked with a smile.

Tang Tang unconsciously nodded before immediately shaking her head like a rattle drum. "No, I don't want that."

Luo Tian quickly put his clothes back on and said to the three of them: "What has made you guys so happy?"

"Boss, we have fully recovered."

“Our bodies are healed.”

“Shouldn’t we set off now?” asked Feng Lei with a foolish grin.

Xuan Yuanyi also had a cheerful expression.

Blindman Liu was holding his crappy erhu and was about to play a tune...

Luo Tian instantly stopped him and said: “The time is about right and there haven’t been any new experts appearing. Looking at how their heads have all been smashed bloody makes me want to laugh out loud. Fine, it looks like it’s about time for us to move out.”

This past half a month, powerful experts have been continuously entering the Devil Sealing Array.

Many experts had fallen.

Those experts that made it out all looked like they had gone insane with twisted expressions. No one dared to go back in anymore.

As for the normal martial artists, they were even worse off.

Before they even got close, they already couldn’t handle the suppression of the Devil Sealing Array. There was a terrifyingly powerful aura from the array which was unbearable to the weaker martial artists.

Eventually...

A new forbidden ground had appeared in Tianxuan Continent.

Not to mention the treasure, no one had even seen a glimpse of the treasure site’s entrance.

But...

The center of the Devil Sealing Array still maintained a holy light beaming into the sky and didn't seem to weaken a tiny bit.

After half a month, not many people have dared to enter the Devil Sealing Array.

Feng Lei and the other two recuperated like they were given a decree, and they had finally recovered after resting for a full half a month. We can say that this past half a month was so unbearable for them that they felt like dying. But in order to go to the Devil Sealing Array to search for treasures, they could only comply with Luo Tian's arrangements and quickly recover.

As for the past half a month...

Luo Tian didn't rest and continued concocting a bunch of medicinal pills.

He was raising the levels of his skills.

He would also play with Chunchun and the other girls, have meals, shopping, and enjoy all the fun things he had never had a chance to do in his previous life.

Luo Tian asked: "Are you guys prepared?"

Feng Lei and the other two quickly nodded and replied: "We've prepared for half a month and our hands have become really itchy. Boss, there's ancient demonic beasts in the Devil Sealing Array, right? Then wouldn't its blood essence... drip~, plop~..."

Feng Lei licked his lips as he couldn't wait any longer.

The ferocious beast inside him also revealed a thirsty expression.

“Smelly scoundrel, where are you going now?”

“Quickly come back here!”

“Hey! Hey, hey...”

Luo Tian was afraid they wanted him to strip again so he immediately shouted: “Go! Let’s go search for treasures!”

“Whoosh~!”

“Whoosh~!”

“...”

Several beams of lights shot out from the imperial palace.

After Luo Tian and company left...

An elderly person arrived at the Xuanwu Gate at the north side of the imperial palace.

Dressed in dirty clothing with a grimy looking sword at his waist, the elderly person revealed his yellow stained teeth and asked: “Big brother soldier, can I go inside to look for someone?”

The guard was stunned but said in a mighty manner: “The Imperial Palace is an important location so outsiders are forbidden to enter. Old man, it’s best that you leave here and don’t loiter around. If our Commander sees you, he will definitely throw you out.”

“Oh oh?!”

“Isn’t that Mount Hua Immortal Sect’s Venerable Wu Nian?” (Clear Mind)

“Why did you show up at Heavenly Sword City?”

Suddenly...

A voice that sounded like it came from the sky was heard.

Before the voice faded, a scholarly looking person riding a green cow descended from the sky with a cold look. Looking at the dirty old daoist, his curved mouth showed a look of disdain while his eyes were filled with contempt.

The dirty old daoist didn’t mind it and gave a smile that showed his yellow stained teeth. “Venerable Qing Niu (Green Cow) is here as well? You seem to be about 39 million miles away from the Antarctic Immortal Sect. Why would you rush over to Heavenly Sword City from such a long distance?”

Venerable Qing Niu didn’t have time to respond when...

Several more figures appeared in the sky.

The two of them glanced around and their countenance instantly changed.

“Imperial God Immortal Sect!”

“Starsea Immortal Sect!”

“Out of those two immortal sects, one of them obtained the true dragon Murong Wanjian and the other gained the young phoenix Li Xue’er. What the hell are they here for? Can’t you guys leave us a bit of soup?” Venerable Qing Niu was really annoyed but he still didn’t dare to say this out too loudly.

He felt fear when dealing with these two immortal sects.

The two guards at the gate were scared to the point of being deathly afraid to even move!

What's going on?!

Immortal Sects have appeared!

And four immortal sects happen to appear at the same time! What the hell are they here for?

Could they be here to destroy Heavenly Sword City as well?

Their bodies couldn't help start shaking while their teeth started chattering.

"Call Luo Tian out now. We'll treat it as the Imperial God Immortal Sect has looked favorably upon him, so he is qualified to become an outer sect disciple of our Imperial God Immortal Sect."

"The Starsea Immortal Sect also sees him in a favorable light so he can also become our outer sect disciple."

The gaze of those two contained traces of disdain.

In their eyes, everyone in Heavenly Sword City were merely mortal commoners.

Imperial God Immortal Sect.

The number one immortal sect in Tianxuan Continent.

The immortal sect that Murong Wanjian belonged to!

Chapter 373 – Snatching People

Imperial God Immortal Sect was ranked number one.

The Starsea Immortal Sect came next at rank two. As for the Antarctic Immortal Sect and the Mount Hua Immortal Sect, they were considered second-rate out of the immortal sect category. But these so called second-rate immortal sects when compared to normal sects like the Sea Cloud Sect were at least stronger by ten thousand times.

The true experts of the Tianxuan Continent gathered at these immortal sects.

The Imperial God envoy maintained a cold look as he didn't place the Antarctic or Mount Hua immortal sects in his eyes. He coldly harrumphed: "Any place with my Imperial God Immortal Sect present, you second-rate immortal sects should move a little further away. With just your statuses, you guys aren't qualified to snatch people from my Imperial God Immortal Sect."

"What you've said is correct!"

"You two should quickly leave first so that you don't have to lose your face later on. It's a matter of fact that you guys won't be able to snatch him." The Starsea envoy was also revealing a cold arrogant sneer as he said: "Brother Tian Lin, Murong Wanjian was someone our Starsea Sect deliberately conceded to you. How about you give the new guy to us so that I can make a good impression to my immortal sect?"

The Imperial God envoy merely smiled but his expression showed his unpleasant emotion.

He wasn't unhappy due to the Starsea envoy asking him to withdraw but was unhappy because the envoy was comparing Murong Wanjian to Luo Tian. He immediately revealed a look of disdain and said: "Murong Wanjian's cultivation is unparalleled in this world. The only person we can compare him to is your Starsea Sect's young phoenix. A mere Luo Tian of the Great Tang Dynasty – who doesn't even have a bloodline and whose cultivation is only at the Profound Ancestor realm. How can a common mortal have the qualifications to be compared with Murong Wanjian? He is only a pile of mud while Murong Wanjian is an unreachable star in the sky."

"Right, right, right!"

“What brother Tian Lin said is correct. My previous words were somewhat inappropriate so I hope you will forgive me.” The Starsea envoy responded with an apologetic smile.

The dirty old daoist grinned and said: “Since you two great immortal sects look down on him, how about just give him to our Mount Hua Immoral Sect? I really like the personality of the kid – he dares to fight and take risks and isn’t afraid of opponents much stronger. He is truly not a bad seedling.”

Venerable Qing Niu interrupted: “Imperial God Immortal Sect and Starsea Immortal Sect each already have an extraordinary disciple – one true dragon and one young phoenix. There’s no need for you two to compete for a kid like Luo Tian since there’s no way he can compare with your two geniuses. How about you two just withdraw?”

True dragon and young phoenix, their names were famous throughout the world.

Back then...

Many large immortal sects were competing for them and almost caused a huge war.

In the end...

The Grand Sect Leader of Imperial God Immortal Sect exited closed-door seclusion and said some unknown words to Murong Wanjian. This caused Murong Wanjian to immediately agree to join them and becoming a disciple of the Imperial God Immortal Sect. And he was directly raised to the inner sect’s core disciple status. Murong Wanjian gained the full-out grooming of the Imperial God Immortal Sect and his cultivation level shot up like he was riding a rocket.

As for the young phoenix Li Xue’er, she too caused a huge bout of competition but the sensation wasn’t as large as Murong Wanjian’s. She directly chose the Starsea Immortal Sect because there was a relation to the starlight powers inside her body.

These past few years...

Many big and small immortal sects were competing openly and in secret. They would fight for any good seedling that cropped up in the world.

The incident in Heavenly Sword City was quickly spread throughout.

Luo Tian was gradually becoming someone of importance to the immortal sects. The moment news spread that he killed Devil Monarch Skysoul, many immortal sects immediately wanted to throw out an olive branch. These four immortal sects came today because they wanted to recruit Luo Tian into their sect.

“Humph!”

The Imperial God envoy coldly harrumphed before saying: “You wish, Venerable Qing Niu. This kid can kill Devil Monarch Skysoul so it shows he has a bit of potential. Since the people up top commanded me to bring him back to our immortal sect, then it’s obvious that I cannot just give him to you like that.”

“Besides, a freezing cold environment like your Antarctic Immortal Sect isn’t qualified to snatch people from us.”

“And there’s you, Venerable Wu Nian. Your Mount Hua Immortal Sect is about to fall down to becoming an ordinary sect so you aren’t even qualified to call yourself an immortal sect anymore. Yet you still run over here trying to snatch disciples? It’s useless even if you manage to snatch him; can you guys even afford to groom him?”

“What about it?”

“You wish to vent your grievances in next year’s immortal sect competition?”

“When Murong Wanjian fought alone against eighteen of your disciples, you guys still lost. Do you really think you can win if you gained this kid? Don’t be silly and just go back and take a nap. As long as that person is normal in the head, they would never choose your Mount Hua Immortal Sect.”

It was very direct.

He wasn't giving Venerable Qing Niu and Wu Nian any face.

It was especially bad for the Mount Hua Immortal Sect as they were humiliated to the point of being not even worth a penny.

In the last immortal sect competition, Murong Wanjian alone had defeated eighteen disciples of Mount Hua Immortal Sect. He killed every single one of them and caused Mount Hua Immortal Sect to never be able to rise up again. The new crop of talents weren't ready yet and thus forced the once glorious Mount Hua Immortal Sect to fall into the plight of becoming an ordinary sect.

Venerable Qing Niu's face changed to one of irritation.

The dirty old daoist maintained a smiling face and his eyes showed an immeasurable depth where people couldn't tell what he was hiding. He chuckled and said: "Imperial God Immortal Sect is truly great, but it's useless no matter how awesome your words are. You still need the other party to nod their head in order for it to work. Not everyone is like Murong Wanjian and will choose you guys."

"What you've said is correct!"

"No matter how strong you are, you still need the other party to agree. Who knows, maybe the other party doesn't like your Imperial God Immortal Sect?" Venerable Qing Niu immediately assented at the side.

The Imperial God envoy scoffed and said: "That's only if the kid's eyes are blind!"

As his voice faded...

The Imperial God envoy's voice lowered and an invisible sound wave covered the entire imperial palace: "Luo Tian, come out here!"

His voice was very powerful...

And his tone very proud. The Imperial God envoy didn't put Luo Tian in his heart at all. He came here because it was an assignment his immortal sect issued him; otherwise, he would have never come to a place like Heavenly Sword City. He will definitely not come here to accept some welfare kid like Luo Tian. Luo Tian was merely a bumpkin from the countryside that happened to be a bit lucky.

The Imperial God Immortal Sect was an orthodox immortal sect.

The disciples they recruited all had special bloodlines, and each disciple would have some type of strong family background supporting them. They were all people innately endowed with a bloodline which gave them the qualifications to potentially ascend to the most powerful and supreme realm of a Profound God Sovereign!

If it weren't for killing Devil Monarch Skysoul, who would know of the name Luo Tian?

"The Imperial God Immortal Sect is truly not like the others."

"Are you recruiting a disciple or are you calling someone out for a fight?" Venerable Qing Niu said with disdain.

"What about it?"

"A cow riding guy like you aren't convinced?"

"Even if I act a bit more arrogant, that kid will still obediently scam out here. Being favored by my Imperial God Immortal Sect is the blessings his ancestors have gathered for the past eighteen generations. Having me call his name is already considered the greatest honors he has ever received," said the Imperial God envoy with an expression of disdain. He was then saying internally to himself in an annoyed manner: "If it weren't for the Grand Elder making me come here, I would be too lazy to come to a ghostly place like this. What qualifications does a mere Luo Tian have to be favored by the Imperial God Immortal Sect?"

The guards at the gate were standing to the side all this time because they had never seen such an imposing scene.

Four big immortal sects were here in Heavenly Sword City and they all fancied Prince Consort.

They were happy for Luo Tian.

But they were also a bit annoyed. The tone from the Imperial God Immortal Sect was too arrogant and sounded like they didn't put Luo Tian in their eyes. One must know that the people of Heavenly Sword City had elevated Luo Tian to an unimaginably high status.

Suddenly...

One of the guards gathered his courage and said: "Our Prince Consort isn't in the palace. If you guys wish for our Prince Consort to become a disciple of your immortal sects, I think you should be more polite or else the consequences may become quite severe."

"Courting death!"

"Do you even have the right to speak here?"

The Imperial God's envoy's gaze changed. His index faintly moved and a beam of sword light directly chopped off an arm of that guard!

Chapter 374 – Son Of Antiquity

Who was he?

An envoy of the Imperial God Immortal Sect!

His status was beyond high. In his eyes, everyone inside Heavenly Sword City were mere mortal commoners.

How can his words be questioned by a mere mortal commoner?

There was no need to think about it so he shot out a sword light with his finger, directly cutting off an arm from that guard at the gates. Blood gushed out all over the ground while the guard rolled around in pain.

“How can a mortal commoner be qualified to speak with me?”

The Imperial God envoy didn't give that guard another glance.

His insufferably arrogant gaze made the other guard's countenance sink.

The guard ran over to support the dismembered guard up and gave him some Healing Pills to ingest. He then gathered up his courage and said: “As an envoy of an immortal sect, you chopped off someone's arm just because some words made you dissatisfied? Our Prince Consort will definitely not choose such an immortal sect like yours. Stop treating yourself like you're all that. In front of our Prince Consort, you are not even comparable to a dog's fart.”

There was no fear!

He had already planned to die for this.

Seeing someone despising Luo Tian made his heart extremely unhappy.

In their hearts, Luo Tian was an exalted hero that no one can insult!

So what if they're from the immortal sects?

“Good!”

“Good! Not even comparable to a dog's fart huh?” The Imperial God envoy was enraged while a powerful energy was condensing in his palm.

Around this time...

The dirty old daoist chuckled and stood forward. "Why is Imperial God envoy making the life of two gate guards difficult? You are an envoy of an immortal sect; you represent Imperial God Immortal Sect in coming here. Killing two martial artists that haven't even reached the Profound Spirit realm will become a joke to others."

"What about it?"

"You plan on stopping me?" The Imperial God envoy's gaze turned gloomy while his mouth revealed a sneer of disdain.

The dirty old daoist faintly smiled and replied: "Saving a person's life is better than building a seven-storied pagoda for the Gods. If you really are going to kill them, then I can only overestimate my own abilities and try to stop you."

The Starsea envoy immediately walked forward to block the Imperial God envoy and said: "Brother Tian Lin, why are you getting so worked up over two mortal commoners? There will naturally be an outcome when that kid shows up. The Imperial God Immortal Sect is number one out of all immortal sects and that kid isn't an idiot."

"Humph!"

"I doubt he would dare to choose another immortal sect even if we give him the guts."

The energy condensing in the Imperial God envoy's palm was dispersed. He coldly glanced at Venerable Wu Nian at the corner of his eyes before coldly sneering: "Old daoist Wu Nian; you just wait and see. I will give you a good show during next year's immortal sect competition."

Immediately after...

He swept his sleeves, turned into a beam of light and disappeared into Heavenly Sword City.

The Starsea envoy then asked: "When will your Prince Consort be back?"

"This... we don't know either." The gate guard was scared to the point of his forehead being covered in cold sweat since he thought he would be dying. His heart was shrouded in fear but he didn't have any regrets. If he was given a chance to choose again, he would still have chosen the same thing.

The Starsea envoy's eyes turned gloomy. He too turned into a beam of light and disappeared off somewhere.

Venerable Qing Niu got up onto his cow and slowly disappeared down the street in a swaying motion.

The dirty old daoist picked up the chopped off arm from the ground. His brows quivered and a dark green glow appeared in his palm. He started reciting something before saying in a stern voice: "Join for me!"

The chopped off limb attached itself back like there was never any damage before.

The dirty old daoist faintly smiled and said: "Don't use too much strength for the next few days. You should be fine after using a few more Healing Pills."

That guard directly kneeled down and gave a kowtow.

By the time he raised his head, the old daoist had disappeared already.

They didn't leave Heavenly Sword City and were all waiting.

Waiting for Luo Tian to come back!

Immortal sects issued many different tasks. The purpose for them this time was to bring Luo Tian back to their immortal sect, so they will absolutely not go back until they have met with Luo Tian. This was

related to one's contribution points! Within an immortal sect, contribution points were something of immense value.

Inside the Devil Sealing Array.

It was pitch black and there would be constantly sounds of howling.

A terrifying environment!

“Walk along by following my footsteps and don't make any mistakes.” Luo Tian urged the rest while he followed the instructions from Wild Blade. The ancient scroll had been solved so it contained specific information on how to get to the bottom of this place.

Not a single step can be wrong.

Otherwise, the demonic beasts hiding in the Devil Sealing Array will awaken.

By that time, even though they may not die, they will still end up like the rest of the experts and be forced to run for their lives.

Everyone was walking in an extremely careful manner.

There was a thick mixture of scents permeating the area. Feng Lei's eyes were looking back and forth with an excited thirsty look.

Luo Tian said seriously: “Damn fatty, I won't spare you if you dare to act recklessly here.”

Feng Lei scratched his head and responded with a foolish grin: “Don’t worry young master; I will definitely not act recklessly here. How can someone like me act without thinking? See how I’m still following your footsteps?”

He really wanted to kill the demonic beasts hidden in the darkness.

But he was even more afraid that he would destroy Luo Tian’s plans.

An hour later...

“Stop here!”

Luo Tian raised one of his hands before asking internally: “Wild Blade, is this the place? There’s nothing here except for a dead end. Could there be a mistake in the ancient scroll?”

Wild Blade was in thought for a bit before saying: “Go check the wall to see if there are any grooves or keyholes.”

“There are some grooves but they’re very shallow. The entire wall is covered in it and feels like a large mural of something. It’s too big, so I can’t really tell.” Luo Tian looked up and couldn’t tell where the wall ended.

He only felt like there was a mural on the wall.

As for whom the mural was of, he had no idea.

Of course...

This was only Luo Tian’s guess because he couldn’t see the entire thing.

Wild Blade was in joy as he said: "Then we should be on the right track. Take out the Revelation's Blood."

Luo Tian did exactly that and took out the Revelation's Blood from his spatial ring.

Just as it appeared, the Revelation's Blood was immediately sucked up by the mural on the wall. It started flowing like crazy! The Revelation's Blood was originally only a drop of blood essence yet it suddenly became a gushing spring that followed around the grooves of the portrait.

The picture gradually became clearer!

Weak red flashes of light started appearing on the grooves and made the mural look like it was coming alive.

Luo Tian was extremely shocked at this moment. He looked up and said: "It really is a mural. The image of this person seems very peaceful yet exudes a boundless power. A very thick and powerful force. Even Devil Monarch Skysoul didn't possess such a powerful aura."

Feng Lei and the others were incomparably shocked.

The mural was very large, depicting a person holding a huge ax while exuding an extraordinary air.

Above his head was a large eye!

The Eye of the Ancient Gods!

The eye was glaring at him like it was staring at an ant. The person in the painting showed no fear like it was ignoring the existence of that eye.

Luo Tian couldn't understand it.

He described everything to Wild Blade.

Wild Blade was ecstatic as he said: “Eye of the Ancient Gods. This painting is of the Son of Antiquity. Quick, quick, quickly look around to see if there’s a keyhole. There’s a chance that behind this wall is the fleshly body of the Son of Antiquity!”

Luo Tian immediately told the rest: “Look around and see if there’s a keyhole.”

Feng Lei’s blood was boiling because it looked like that eye was staring at him. His voice was faintly shaking as he said: “Boss... the eye... the eye... the eye looks like it’s moving!”

Suddenly...

Killing intent started spreading out.

Chapter 375 – I Have A Way To Instantly Kill Him

Killing intent was spreading throughout the place!

It was an extremely chilling sensation.

It made one’s heart terror-stricken as if the intent was coming from the depths of hell.

Luo Tian looked up at the mural of the Eye of the Ancient Gods and shouted: “Be careful everyone!”

“Ommm~!”

Before his voice faded, a series of explosions was heard around them.

A couple of demonic beasts started appearing from the darkness. Their bodies looked like black steel and each one of them were exuding a powerful and unparalleled aura. Every step they took would cause the internal area of the Devil Sealing Array to shake.

“Heh heh...”

“This daddy was already impatient.” Feng Lei chuckled excitedly while rubbing his bald head.

Xuan Yuanyi pulled out his sword and the divine sword’s dao intent was immediately released. His whole body turned into something similar to a sharp metallic sword with a threatening aura.

Blindman Liu was prepared to instantly transform into the ancient huge devil.

Luo Tian looked at the ancient demonic beasts appearing. His countenance changed as he said: “Don’t randomly move or attack. These demonic beasts aren’t necessarily here for us.”

According to Wild Blade’s instructions, their positions shouldn’t have woken up these demonic beasts.

These demonic beasts’ being suddenly woken up is definitely related to the eye in the mural.

However...

Luo Tian’s guess was wrong!

Those ancient demonic beasts were really coming for them! Just when they were about a dozen meters from the group, their speed suddenly changed. Both demonic beasts seemed to turn into ferocious charging tanks like they had to crush Luo Tian and his group no matter what!

“Hahaha...”

“Lowly humans, you guys dare to disturb my son? You all must die for me!”

The divine eye actually spoke!

The instant it started speaking, a golden light burst forth. Luo Tian looked up and his expression turned to extreme excitement. He was celebrating in joy internally as he said: “Boss! Boss! Another boss! I knew that there should be a boss here but didn’t expect it to be a divine eye!”

“Battle mode on!”

“Kill them for me!”

Shouted Luo Tian as his battle intent soared overwhelmingly. Once he sees a boss, his whole being looked like he had been injected with a stimulant. He then said internally: “Explode him!”

There was no hesitation with Feng Lei as he transformed into his beast form!

His whole body made him look like he had just crawled out from a pool of blood. Feng Lei then started roaring into the sky! Without waiting for the ancient demonic beasts to get near, he had already rushed forth since there was nothing to hold him back anymore. Looking at the blood pulsing beneath the steel skin of those ancient demonic beasts, Feng Lei was similar to a tiger shark that detected blood in the waters!

Xuan Yuanyi pulled out his sword and stabbed forward, his body instantly flying right behind it.

Two mighty Generals – one left and one right were awesome to a complete mess!

Luo Tian smiled excitedly: “Don’t forget the old rules!”

“Understood!”

“Understood!”

The two of them responded at the same time.

Blindman Liu wasn't in a rush to transform into an ancient huge devil and had actually brought out his erhu to play a tune.

He flexed his fingers and started strumming the strings. The sound he was playing was rather strange as it created a formless sound wave ripple. Inside the Devil Sealing Array, one could feel it spread out wave after wave.

The speed of those ancient demonic beasts approaching had clearly slowed down!

“Boom~!”

“Boom~!”

Two ancient demonic beasts charged over and Feng Lei slammed into them head-on. He sneered and said: “Is this all the strength you guys have? It's really not good enough! Break for me!”

His right fist started moving.

A red colored power blasted out as his fist smashed into the head of one of the Steal Beast. Half of the demonic beast's body forcefully sank down.

Feng Lei continued smashing down a few more times without hesitation. He then lifted it up and tossed it over to Luo Tian while shouting: “Catch it, boss!”

Luo Tian was holding the Seven Star Sword as it slashed out: “Level 5 Berserk!”

“Ommm~!”

With the release of 32 times his attributes, he chopped down!

The Steel Beast was instantly cut in half.

“Ding!”

“Congratulations to player Luo Tian for killing a Steel Beast. You have gained 30,000 experience points, 3000 profound energy...”

“Huh?”

“Ancient demonic beasts only have this little experience points? Isn’t this a bit too insufficient?” Luo Tian was unhappy but he was no longer worried. It’s clear that when experience points were low meant that the ancient demonic beasts weren’t that strong.

Feng Lei and Xuan Yuanyi will not experience any dangers.

“Boss!”

“Catch this...” Xuan Yuanyi flicked his Great Fault Sword and a Steel Beast landed in front of Luo Tian.

Luo Tian once again killed it off with one slash of his sword.

This was very relaxing!

However, just when Luo Tian wanted to jump into the fray and start killing more demonic beasts, he realized the demonic beasts he had just killed were disappearing. And they were disappearing really quickly afterward like they were turning into air.

The worst part of this...

Feng Lei and Xuan Yuanyi were gradually forced backward.

It was by the same two Steel Beasts but their current strength seemed to have fully doubled from previously.

Luo Tian's countenance sank before shouting: "You two move aside and let me do it!"

As his voice faded...

Luo Tian shouted in his mind: "Devil Flame Core!"

Devilish flames surged out like crazy from his body. Luo Tian's speed had been increased while he was enshrouded by the devilish flames. As this was going on, Luo Tian's speed increased once more as he activated Nine Dragons and Elephants and level 5 Berserk. All the powers inside him were focused onto his palm as he shouted: "Skysoul Palm!"

"Huh?"

"The martial skill of Devil Monarch Skysoul?!"

"Boss, you are too mighty! I think I've fallen in love with you!"

The three of them looked at each other with shocked expressions. The devilish flames coming from Luo Tian's body and the palm art he was using all came from Devil Monarch Skysoul, so how can they not be shocked by it?

Awesome!

Extremely awesome!

Xuan Yuanyi and Blindman Liu were both smiling with incomparable excitement.

They had made the right choice!

“Boom~!”

The two Steel Beasts were directly shattered into pieces.

Luo Tian was shocked as well as he said internally: “Divine grade martial skills are really not normal. This f*cking Skysoul Palm is so powerful that it can even shatter someone’s soul!”

The system gave off an alert tone.

The experience he received was double the amount of the previous!

Luo Tian’s expression changed as he realized the shattered remains had once again disappeared.

Two Steel Beasts even more ferocious looking charged out from the darkness; their strengths had once again doubled from previous!

The two Steel Beasts were the size of a rhinoceros. Sticky saliva dripped down from their mouths, their bodies gave off a glow of power, and they looked like they were destroying space as they charged over together. Behind their bodies was a trailing line of rippling shockwaves to demonstrate their unparalleled powers.

“Shit!”

“Their strength doubles every time you kill them! Are they possessed by ghosts or something?” Luo Tian’s mind sank down. He wasn’t happy about the experience increasing and was actually getting worried. If they continued killing like this, they will definitely die from exhaustion. And the demonic beasts will become stronger and stronger as time wore on.

A few more rounds of this and even Luo Tian wouldn't be able to handle it anymore!

“Wahaha...”

The huge spiritual divine eye started chuckling in an overbearing manner. “Human, you can accompany my son in his burial.”

The voice contained the tone of someone filled with unbridled arrogance!

An unparalleled amount of proud arrogance!

This made Luo Tian extremely annoyed since he couldn't find any ways to attack the eye in the mural.

Suddenly...

Wild Blade's voice was heard shouting: “I have a way to instantly kill him!”

Chapter 376 – Explode!

Outside the Devil Sealing Array.

Several figures flashed through the darkness.

Not long after...

A man in white clothing holding onto a fan had appeared. His expression was gloomy looking while he coldly sneered: “Luo Tian – even if you possess heaven-defying means, you won't be able to escape your death today! Humph!”

Heavenly Plume City's Noble Tianyu!

During all this time, he had been paying close attention to Luo Tian's movements.

He started smiling once Luo Tian entered the Devil Sealing Array.

"You have really made a name for yourself. After killing Devil Monarch Skysoul, your fame has soared immensely. Good! Your rise will become a stepping stone for me. As long as I kill you, your qualifications to enter an immortal sect will naturally fall to me. Hahaha..." Noble Tianyu started laughing evilly.

Heavenly Plume City received news...

That several big immortal sects had their sights on Luo Tian.

And...

According to the old rules, whoever kills Luo Tian will gain the qualifications to enter the immortal sects.

Murong Wanjian, the son of a true dragon was a person no one dared to kill.

Behind Li Xue'er was the super mysterious Soul Hall, so no one dared to move against her either.

Luo Tian...

Was the ideal target within these thousands of years. He was basically a soft persimmon that was easy to kill, causing many forces to stir into action.

For the time being...

Luo Tian had become prey that everyone wanted to hunt down!

Of course...

Luo Tian had no clue this was going on or else he would be extremely ecstatic.

“As long as I kill you, I will gain the qualifications to enter the immortal sects. Once I enter an immortal sect, my cultivation will definitely soar up. By then, I will have a chance to stomp Murong Wanjian to death and embrace the beauty Li Xue’er.” Noble Tianyu started chuckling pervertedly inside.

Immediately after...

He waved his hand and said: “Arrange the Escape-proof Array. We definitely have to kill him this time!”

He couldn’t act recklessly at the Dao Shang auction house.

Luo Tian killed Devil Monarch Skysoul but he absolutely refused to believe Luo Tian had that ability. The reason was simple – Luo Tian was merely at the Profound King realm. No matter how strong Luo Tian had become, there’s no way he can kill Devil Monarch Skysoul. As for the mysterious golden sword, it’s definitely not something Luo Tian can control freely. Most likely it was some spirit remnant of the Great Tang Dynasty who made the killing move. The coincidence made everyone think that it was Luo Tian who had killed Devil Monarch Skysoul.

Noble Tianyu revealed a look like he had seen through everything.

If it weren’t for the immortal sect’s qualifications, he wouldn’t have chosen to take this risk.

As long as he can enter an immortal sect, it was worth it even if had to take a bigger risk!

What’s more...

He had brought seven peak Profound Venerate experts with him! We can basically say that the full strength of Heavenly Plume City had been all brought out!

“Reporting to young master!”

“As long as that kid dares to come out, he will be instantly killed!”

Noble Tianyu chuckled excitedly and said: “Good! Very good! At that time, I will take his head to meet the Imperial God Immortal Sect’s envoy. I will then gain the qualifications to enter an immortal sect! Hahaha...”

Laughter.

Crazy loud laughter like he could already see himself as an immortal sect disciple.

Inside the Devil Sealing Array.

Wild Blade’s voice was suddenly heard. “I have a way to instantly kill him!”

“Instantly kill?!”

“Instantly killing a boss?”

Luo Tian started shaking and immediately asked: “What method? Quickly say it! I want to play him to death! Seeing a single stinking eye acting all arrogant has completely pissed this daddy off!”

“Revelation’s Key!”

“Huh?”

“You’re saying that the Eye of the Ancient Gods is actually a keyhole? And we can just put the Revelation’s Key in and everything will be fine?” Once Luo Tian realized this, his heart started boiling in excitement.

Wild Blade replied: “That’s right!”

“Hahaha...”

Suddenly...

Luo Tian started laughing crazily. He then looked at the Eye of the Ancient Gods and said: “You were acting all arrogant in front of this daddy, huh? Showing off in front of me, huh? Good! Good! Watch how I’m going to kill you!”

“You?”

“Kill me?”

“Humph! A mere human like you can kill me? You are truly overestimating your own abilities.” The Eye of the Ancient Gods said with disdain. From his point of view, Luo Tian and his group of humans were not even comparable to ants and were much weaker than those previous Profound Venerate experts.

Wanting to kill him?

This was an impossible matter.

But...

Once he saw Luo Tian take out something, his pupils turned gloomy as he screamed: “Kill! Kill! Kill them all!”

“Hahaha!”

“Are you scared now?!” Luo Tian started playing around with the Revelation’s Key in his hand. Seeing how fearful that large eye was made him extremely happy. He then said in an overbearing manner: “Weren’t you very arrogant just before?”

“Now you’re scared?”

“Let me see you act arrogant once more!”

“Boss!”

“A large group of Steel Beasts has appeared!” Feng Lei shouted as his countenance changed.

There were Steel Beasts everywhere; they all possessed ancient powers and were extremely ferocious looking. They were all under the control of the Eye of the Ancient Gods and started crazily charging towards them.

“Boom~!”

“Boom~!”

Luo Tian narrowed his eyes and released his killing intent. He leaped into the air and shoved the Revelation’s Key into the center of the Eye of the Ancient Gods. “Die for me!”

“Click~!”

The Revelation’s Key was inserted in.

The eye started shaking like crazy and the person in the mural looked like he was coming alive. An ear-piercing laughter was suddenly heard, “Thank you! Thank you for releasing my soul.”

As the voice faded...

The huge person inside the mural swung his ax and chopped down.

“Boom~!”

“Agggghh...”

A loud wailing like a pig being slaughtered was heard.

“Ding!”

“Congratulations to player Luo Tian for killing the Eye of the Ancient Gods. You have gained 1,000,000 experience points, 100,000 profound energy...”

“Congratulations to player Luo Tian for gaining the Eye of the Ancient Gods!”

“Huh?”

“Only an eye exploded out as loot?”

“Shit! No matter what, It was still a damn boss so can you be a little less stingy?” Luo Tian said unhappily inside him.

Around this time...

Wild Blade exclaimed with joy: “This is a good item! Quickly fuse with it! This eye is capable of seeing through all treasures in heaven and earth. It can spy up at the nine heavens and look down through the netherworld. This is an eye that countless supreme experts wish to possess, so quickly fuse with it!”

The God of Antiquity only had one eye!

This eye can see through everything in the world.

Why did it fall onto this mural? Why would it land on such a small and insignificant world like the Tianxuan Continent? No one knows.

In addition...

The mural also depicted God of Antiquity's son – the Son of Antiquity. Why would he use his own eye to suppress his son?

Luo Tian wasn't in the mood to bother about this.

He only cared about killing the boss and having equipment explode out. As for why these awesome equipment would appear in the Tianxuan Continent, it must have to do with his character. He had a good character so anything in this universe had the chance to explode out.

Immediately after...

Luo Tian didn't hesitate further and made a thought: "Fuse!"

Several seconds later.

"Ding!"

"Congratulations to player Luo Tian for fusing with the Eye of the Ancient Gods!"

“Reminder: The Eye of the Ancient Gods can only be used once every 24 hours. Each use will deplete half your profound energy. (Half of any circumstances!)”

“Huh?”

“Isn’t it just half the profound energy?” Luo Tian immediately activated the eye and it started glowing while he stared at the wall. “Behind it will definitely have some good stuff... some very good stuff! Hahaha, I’m going to be rich!”

Chapter 377 – Wild Blade, The Super Powerful Wild blade

“We’re rich!”

“My brothers, this time we’ve struck it rich! Hahaha...”

Luo Tian was ecstatic.

Apart from seeing the good stuff behind the mural, Luo Tian turned around and saw something very interesting. His mouth curved into a sneer as he coldly said: “Basically courting death!”

“Who is it, boss?”

“Nobody important, just someone we’ve only met once.” Luo Tian chuckled but didn’t reveal it. He didn’t have the time to care about it because it was time to grab the treasure.

The ancient eye had died.

The mural on the wall was gradually disappearing.

Those ancient demonic beasts inside the Devil Sealing Array also disappeared.

The only thing that didn't change was the holy light that surged into the sky. It was still incomparably eye-catching.

The Revelation's Key that was stabbed into the Eye of the Ancient Gods started turning.

"Clack~ clack~ clack~..."

The wall opened up like a stone door, giving one a sense of tremendous weight and power. As the light shone out from the opening, it looked like a dazzling golden light was bursting forth. Everyone present almost couldn't open their eyes fully because of it.

"Wow!"

"What is it? With such a golden glimmering glow, it can't be all gold bars right?"

"Shit! Can't you be a bit more promising? What the hell can we do with gold bars?"

"Could it be precious jewelry?"

"Stop talking Blindman Liu. I feel like my intelligence is being lowered from talking with you."

"That's right! So boss, do you think it might be a gold mountain?"

"I..."

"It definitely isn't. From the way I see it, it should be a mountain of xuan stones since it's much more valuable than a gold mountain."

Luo Tian wanted to kill himself!

He had an impulse of dying right here. Could it be that in the eyes of these guys, only gold was considered valuable?

Can't it be some ancient divine artifacts? Or can't it be some supreme treasure born from the heavens and earth? Or perhaps some type of invincible martial skill?

Gold?

Was weak to the max!

The four of them walked in together, and Luo Tian's countenance instantly changed into an extremely ugly look.

Feng Lei started laughing loudly and said: "I was right! It's really gold bars! How can there be such a blinding golden light if it weren't for gold? Boss, this time we've truly struck it rich! Hahaha..."

Blindman Liu had a flaunting expression while saying: "Fatty, you said a gold mountain while I was the one that said gold bars."

Xuan Yuanyi frowned while saying: "Blindman, you are incorrect as well. These aren't gold bars but a gold corpse."

Indeed...

On top of a large slab of stone was a golden corpse. Its appearance, its expression, and the huge ax next to it was very similar to the mural on the wall. It was practically the same person!

Could it be a corpse that was carved from gold?

Luo Tian didn't have any interest in it at all. Even if there were ten thousand mountains of gold, he still wouldn't be interested. Gold in this world was a currency, but it was completely useless to high leveled martial artists. Two pieces of xuan weapons were much better than that!

Suddenly...

The silent Wild Blade became agitated and asked: "Luo Tian, can... can... can you give me this fleshly body?"

"Huh?"

"Fleshly body?"

Luo Tian's heart shook and asked: "Wild Blade, are you sure this is a fleshly body? No matter how I look at it, it looks like a statue someone carved with a block of gold, so how can it be a fleshly body?"

"It's definitely a fleshly body!"

"The Son of Antiquity's fleshly body!"

"The legends are indeed true. Legends say the God of Antiquity is a rat that can devour divinity. He had cultivated for over 38 million years and became the number one expert in the ancient world. His strongest divine skill was the Eye of the Ancient Gods, and he had three sons."

"All of his three sons had become peerless experts."

"His eldest son was known as Traversing Heaven Sovereign, his second son known as Wild Heaven Sovereign, and his third son Mighty Heaven Sovereign. All three of them inherited the God of Antiquity's bloodline and possessed an immortal golden body. Legends say that the third son Mighty Heaven Sovereign fell in love with a woman and his father found out..."

A long and foul story about a God falling in love with a mortal was explained.

Luo Tian then said: "You're saying this golden body is the fleshly body of the Mighty Heaven Sovereign?"

Wild Blade directly answered: "That's right!"

Excited!

Extremely excited!

Wild Blade had always wanted to refine a fleshly body but he was only a strand of a soul remnant. Wanting to refine a fleshly body from nothing would be near impossible unless he uses up tens of thousands of years.

When Luo Tian wanted to give him the Skysoul Divine Pearl...

His heart was definitely stirred.

But the Skysoul Divine Pearl was Luo Tian's last line protective talisman so he didn't want to use it.

Once he determined the fleshly body lying on top of the slab of stone was the body of Mighty Heaven Sovereign, he was fully agitated.

Luo Tian didn't hesitate and said: "What do you mean 'can you have it'? Are you even treating me as a brother? You need to understand that as long as I possess an item, I will always give it to you. Isn't it just a golden body? There's no need to ask for my permission. If you don't take it, I will probably sell it off like a block of gold."

Immediately after...

Luo Tian's voice turned serious: "Fatty, you guys move aside."

"I will let you guys meet an old friend that you are familiar with yet have never seen before!"

Feng Lei withdrew a few steps and asked: "Who is it?"

The three of them all looked at Luo Tian.

Luo Tian grinned and said: "Wild Blade, come on out!"

A force shot out and an illusory image floated in the air like a spirit.

Luo Tian explained: "He is Blood Devouring Wild Blade – the world's most domineering blade. He has saved me many times and also the person who solved the ancient scroll's secrets in order for us to get here today."

Feng Lei asked in shock: "Boss, he's that domineering blade that weighs 1800 jins?"

"No way, right?"

"A blade spirit? Wait no... a blade that cultivated into becoming a person? Wow, this is too powerful!"

Wild Blade looked like a middle-aged man filled with a domineering aura. He smiled and said: "Greetings to my fellow brothers. I really need this fleshly body so I hope all my brothers will agree to it."

Luo Tian then said with disdain: "Agree your sister! Aren't you the world's most domineering blade? Where's that wildly overbearing attitude of yours disappear off to? If you keep acting like this, I will really look down on you."

Wild Blade was simply too agitated.

He was extremely grateful!

He couldn't even describe this grateful emotion he was feeling.

Feng Lei spoke out for the rest: "We have no opinion."

"You saved our boss so you're our benefactor. Blindman Liu, do you dare to have any further opinions?"

Feng Lei glared at Blindman Liu.

Blindman Liu chuckled and said: "As long as you treat me out drinking for three days and nights, I will have no opinions."

"Damn!"

"It has to be the full three days and three nights."

"Hahaha..."

"Hahaha..."

The five of them started laughing together in a hearty manner.

Luo Tian's heart was filled with warmth as he said to himself: "This kind of feeling is really great."

Brothers!

Laughing together; dealing with issues together; killing enemies together; and acting overbearing together. This kind of feeling felt really great. Luo Tian hiddenly clenched his fists and made a promise: He mustn't allow anyone to harm his fellow brothers!

"Fuse!"

A full six hours passed by.

The golden body started moving like it had come alive.

Wild Blade!

He had become a super powerful Wild Blade!

Chapter 378 – Yo, We Meet Again!

Outside the Devil Sealing Array.

“Young master Tianyu, how come that kid still hasn’t come out yet? He couldn’t have died inside, right?”

“The sky is dark already. If that kid has really died inside, wouldn’t that mean we have wasted all our time waiting here?”

“Just now, there was a series of explosions down there. My guess is that they must have been eaten by the ancient demonic beasts already or else why wouldn’t they have run out by now? The other reason is that they have killed off all the ancient demonic beasts, but that’s an impossible matter.”

“I heard that the ancient demonic beasts inside cannot be killed because they will keep reviving. And their powers would double each time. Even a Profound Saint expert wouldn’t be able to survive down there or else why would so many of them run out back then?”

“How about we head over to take a look?”

“Ommm~!”

Just as they were talking, the holy light surging into the sky suddenly disappeared.

This sign clearly meant someone had attained the divine treasure!

Noble Tianyu's expression sank while his eyes showed his shocked emotions. "Could that country bumpkin have gotten a hold of the divine treasure inside the Devil Sealing Array? Even Profound Saint experts couldn't stay there for too long, so how did he accomplish it?"

"The holy light has disappeared so the divine treasure has found its owner."

"Noble, could that kid really have gotten a hold of the divine treasure?"

It wasn't just Noble Tianyu and his group...

All the experts in Tianxuan Continent were shocked.

The holy divine light inside the Devil Sealing Array surged into the sky and attracted waves after waves of experts. But no one was able to survive in the Devil Sealing Array for too long, let alone glimpse at the divine treasure. The people here didn't even know the exact location of where the holy light was coming from.

There were rumors that...

There were actually no divine treasures inside the Devil Sealing Array. The array had absorbed the profound energy from heaven and earth for over ten thousand years and was just releasing some profound light.

But now...

No one denied the fact that there was a divine treasure inside the Devil Sealing Array.

The holy light had disappeared so the divine treasure had recognized its owner. The hearts of all those experts sank, so they could only continue observing from the void.

Inside the Devil Sealing Array.

“Hahaha...”

“I, Wild Blade finally have a fleshly body!” Wild Blade was ecstatic. His face was flushed red and his expression incomparably excited. A long time ago, he was killed by a supreme expert and only a strand of his soul remained hiding inside the Blood Devouring Wild Blade.

The hatred inside his heart was as strong and deep as can be.

He was planning on cultivating to the point of one day refining his fleshly body and killing his way back.

But...

The heavens sent him to this world, directly into Luo Tian’s body. He was thinking of taking over Luo Tian’s fleshly body but now felt fortunate he didn’t go through with those plans, or else he would’ve really regretted for the rest of his life.

Following Luo Tian made his blood boil.

Ignoring his life and death at Jade Mountain City, the bloody slaughter at the Ghostly Mountain Range, going against the heavens in Dark Mountain Corpse City, demonstrating his divine powers at the Gnome territory, all of this was incomparably colorful to him. This kind of life was much more exciting than his previous life.

He had long desired a fleshly body so that he could accompany Luo Tian in going crazy on his travels.

He had been desperately cultivating with all his effort.

Except...

Wishing to cultivate a fleshly body with just a strand of soul was an extremely long process. It could take up to ten thousand years, a hundred thousand years or even a few million years. He really couldn't wait any longer.

Once he laid eyes on Mighty Heaven Sovereign's body, he was able to see a trace of hope.

Luo Tian's generosity made him beyond touched.

Six hours later.

After a six-hour fusion process, it had finally succeeded.

This was a very long and difficult process because Wild Blade was undergoing the danger of having his soul destroyed. When he finally accomplished the fusion, tears were about to escape his eyes from being so emotional.

The golden body started moving and the gold light around it was pulled back.

The holy light disappeared from the sky.

Wild Blade stood up while he gently clenched his fists. When he felt the endless powers inside of him, he became even more excited. He walked over to the side of Luo Tian and kneeled down on one knee before saying in a serious manner: "I, Wild Blade have been overbearing my entire life and have never yielded to anyone before. Even that supreme expert who destroyed me was unable to force me to yield. Today, I, Wild Blade must kneel to you in order to thank you for giving me the power to be reborn. Thank you!"

His tone of voice was very serious!

He was like a rough old-fashioned middle-aged guy where every word of his was worth its weight in gold.

After saying that...

Wild Blade heavily bowed down!

Luo Tian couldn't block him in time and quickly lowered himself. "Shit, Wild Blade! You're not treating me as a brother by doing this! If it weren't for you, I wouldn't know how many times I've died by now. If it weren't for you, we wouldn't be able to enter this place. All of our gains here are from your own effort."

Luo Tian wanted to support Wild Blade up but his strength wasn't strong enough.

When he was near, Luo Tian was able to sense a great power inside Wild Blade's body. It was powerful to a complete mess!

Luo Tian was ecstatic inside as he said: "Your strength is way too awesome! Extremely fierce!"

Wild Blade grinned in excitement and said: "It's not my strength that's fierce; it's the fleshly body of the Mighty Heaven Sovereign that's powerful. I never imagined I would successfully fuse with it. Maybe because you were able to release his soul, so that made the process smooth for me."

Powerful!

Incomparably powerful!

Just with the Mighty Heaven Sovereign's fleshly body, Wild Blade's cultivation had reached the Profound Saint realm!

This was extremely terrifying!

The two of them stood up. Luo Tian summoned the Blood Devouring Wild Blade and said: "This Blood Devouring blade should be returned to its owner. I believe that in your hands, it will definitely be able to exhibit its greatest powers."

After saying that...

Luo Tian handed over the Blood Devouring Wild Blade.

Wild Blade didn't hesitate and received the blade while trembling. A brief flash was seen in his eyes as he gently stroked the blade, "Old friend, we meet once again!"

It was like the Blood Devouring blade had heard Wild Blade's words and started giving off a ringing noise.

It was just like two old friends who hadn't seen each other for a long time.

Even though both Wild Blade and Blood Devouring resided inside Luo Tian's body, they hadn't physically interacted with each other in a long long time.

Immediately after...

Wild Blade made a gesture with his right hand and a golden battle ax appeared. He handed it to Luo Tian and said: "This is Mighty Heaven Sovereign's Sky Splitting Divine Axe. Even though it's currently sealed up and unable to release the divine powers capable of splitting the sky apart, there are still not many xuan weapons in Tianxuan Continent that can surpass it. You've been using a sword when you transform into Devil Sovereign Xingtian but I feel like those long-bladed weapons cannot completely release the full might of Decapitation Strike and Pangu's Divine Slash. A battle ax should be the ideal weapon for a Devil Sovereign."

Indeed...

The weapon that Devil Sovereign Xingtian uses was supposed to be a battle ax.

Xuan weapons like sabers and swords weren't able to fully release its peak powers.

Luo Tian didn't hesitate either and received it. Looking at the attributes of the Sky Splitting Divine Axe, his expression turned to shock. "The Blood Devouring Wild Blade had a weight of 1800 jins, yet this battle ax weighs 99,900 jins! This is too awesome!"

"Hahaha..."

"Let's go back to Heavenly Sword City!"

Luo Tian issued that rousing call before all five of them began walking out of the Sealing Devil Array.

Just when they exited the array...

Luo Tian grinned and said: "Yo, we meet again!"

Earlier when he used the Eye of the Ancient Gods, he already saw Noble Tianyu along with seven peak Profound Venerate experts keeping guard outside.

Noble Tianyu became excited when he saw Luo Tian come out. "You're finally out! All my fellow Elders, kill them for me!"

Wild Blade blocked in front and said overbearingly: "Let me handle this bunch of garbage!"

Chapter 379 – What's Considered Awesome?

"Where did another bumpkin like you come from?"

"Today, every one of you must die!"

Noble Tianyu shouted without fear and his confidence overflowing. The expression on his face showed smugness written all over it. He could already see an immortal sect envoy waving him over. He was currently thinking if he should choose the same immortal sect as Murong Wanjian or chase after his goddess, Li Xue'er?

Wild Blade's gaze turned serious as his body released an endless killing intent containing a sense of madness.

The Blood Devouring Wild Blade in his hands started ringing and a red blade qi surged out.

Luo Tian's raised his right hand and blocked Wild Blade. He then looked at Noble Tianyu with interest and said: "I really want to know why you want to kill me. Based on sound reasoning, you should have seen my strength already so unless there's some sort of huge benefit, you wouldn't have chosen this path. I really want to know."

Indeed...

Luo Tian exploded forth with unparalleled powers during the time at the Dao Shang auction house.

He then killed Devil Monarch Skysoul half a month ago, causing all the experts in the continent to be wary of him. Luo Tian had the Heavenly Sword that even Devil Monarch Skysoul was afraid of, so there wasn't anyone left unafraid.

It's impossible for Noble Tianyu to not know about it.

Knowing this yet sending out so many peak Profound Venerate experts? What's really going on?

There has to be a reason behind this!

Luo Tian faintly smiled and said: "I am someone that's about to die soon so can you fulfill my wish before my death? I really want to know why you must kill me."

Noble Tianyu smiled smugly and said: “You really don’t know?”

“That’s true...”

“Just based on your strength and the Great Tang’s strength, not knowing about this is also reasonable.”

“A bumpkin like you somehow stepped onto some dog shit luck and was approved by the immortal sects. They made an exception and gave you the qualifications to become an immortal sect disciple. A few days later or maybe even now, there might be envoys from the immortal sects waiting for you at Heavenly Sword City to bring you back to their sect.”

Noble Tianyu’s gaze was filled with disdain as he spoke up to this point.

He felt that Luo Tian wasn’t qualified to gain such prestige.

Luo Tian was stunned by this and said to himself: “How come I’ve never heard about gaining the qualifications to be an immortal sect disciple from anyone? And how come they didn’t even ask if I agree to it or not first? These so called immortal sects must truly think they are some awesome existence.”

Immediately after...

Luo Tian then asked in confusion: “It was me that gained the qualifications to become an immortal sect disciple but what relationship does that have to do with you wanting to kill me?”

“The relationship is very simple!”

“Based on the rules of our Tianxuan Continent – when the immortal sects make an exception to accept a disciple, whoever can kill that person will gain their qualification. Now you should know whether this is related to you or not, right?” Noble Tianyu started chuckling in an evil manner, “Once I kill you, I will gain the qualifications to become an immortal sect disciple. A few years later, I, Noble Tianyu can wander the world unhindered! Hahaha...”

“I understand now!”

Luo Tian swallowed his saliva with an excited expression. “Damn, so I can actually get aggro in such a fashion. Awesome! This means all the youngsters in Tianxuan Continent wish to kill me. Then I should wait a bit longer so that I can at least earn a few more undefeated points, heh heh...”

Luo Tian smiled.

He was smiling in an incomparably wretched manner.

Who would’ve imagined that there would be such a rule? Based on Luo Tian’s personality, he will definitely swagger through the streets announcing it. The more, the merrier for those that wanted to kill him. It would be best if a few thousand people came so that he can instantly gather the last two bloodlines!

Noble Tianyu’s expression faintly changed but he still said with disdain: “You stupid bumpkin, what are you smiling for? You can still smile when you’re about to die soon? Humph!”

Luo Tian’s smile didn’t change. He swept his gaze around and felt murderous intent hidden in the darkness. He then said: “If my guess isn’t wrong, I believe there were many Heavenly Plume City experts ridiculing me half a month prior. Since you guys have sent yourselves over today, this daddy is feeling quite happy about it.”

When he recalled the mocking by those experts hiding in the void, Luo Tian’s flames of anger immediately surged up.

He was originally planning on taking the treasure from the Devil Sealing Array first before searching each and every one of them to kill. Luo Tian never imagined those people would run away and disappear without any news. But today... he found that there were at least two people amongst this group that had ridiculed him in the past.

Within the darkness.

Two dark shadows were faintly fidgeting.

Noble Tianyu coldly sneered and said: “Luo Tian, you will definitely die today. Grand Elder, make your move!”

He was too lazy to speak any further!

Seven people at the peak Profound Venerate realm released their powers at the same time. Their cooperation was superb as they were able to seal off all escape paths of Luo Tian and his group.

For a brief moment...

This was an escape-proof formation!

There was no path to the sky and no openings on the ground.

Feng Lei’s brows were locked; Xuan Yuanyi pulled out his sword, and Blindman Liu’s back had already started a minor transformation.

Luo Tian maintained a calm expression. He glanced over at Wild Blade and said: “Lord Wild, looks like we’ll be counting on you?”

“Hahaha!”

Wild Blade started laughing loudly. He pulled out the Blood Devouring Wild Blade and burst of killing intent surged out. “I will let you guys see my strength and experience my, Wild Blade’s crazy fierceness!”

As his voice faded...

Wild Blade’s figured disappeared and reappeared in the air. He waved his blade and shouted: “World of Slaughter, come out!”

“Boom~!”

The color of the sky and earth started changing.

The surrounding area turned crimson red, and a million corpses appeared creating a river of blood. The environment was gradually enshrouded in a Shura’s killing intent. At this moment, everyone’s heart felt like it was sinking. They were all feeling an oppressive pressure and almost couldn’t endure it.

“What an awesome martial skill!”

“A spatial martial skill?”

“Dragon head, this Wild Blade guy is quite powerful. The first move he pulls off is already this big; it looks like many will die.”

The three of them showed expressions of shock.

Luo Tian started smiling because Wild Blade was very strong; extremely strong. He already knew that the World of Slaughter and the Void Piercing Dragon Technique were very powerful moves. Back then, he could only get a feeling for it but now he could personally witness the descent of the World of Slaughter which wasn’t your typical strong move.

Excitement!

Wild Blade was very strong so Luo Tian was naturally excited about it.

Noble Tianyu’s expression became a miserable look.

Luo Tian started smiling coldly at him and said: “Weren’t you going to kill me? Come, come kill me now!”

“Luo Tian!”

“A bumpkin like you should stop acting so smug!”

“With seven peak Profound Venerate experts here, I refuse to believe that we can’t kill you.” Noble Tianyu tried to maintain his arrogant attitude before shouting: “My seven Grand Elders, kill him for me! Kill Luo Tian first and talk later! As long as we can kill Luo Tian, I will become an immortal sect disciple. Then we shall see who would dare move against me!”

“Kill!”

The seven of them made their moves.

Luo Tian smiled and unconsciously blurted out: “Lord Wild, remember the old rules!”

“Hahaha...”

“Understood!”

Wild Blade cooperated perfectly.

Luo Tian was naturally afraid he wouldn’t cooperate since this guy would most likely forget when he went crazy. These seven were peak Profound Venerate experts which meant they were a bunch of experience points and profound energy! This was something Luo Tian couldn’t miss out on!

Suddenly...

The crazy killing intent from the World of Slaughter started moving.

A blade covered in blood slashed down from the sky with a shout: “Myriad Blade Piercing Void, die for me!”

“Boom~!”

“Boom~!”

The World of Slaughter suddenly shrank.

The power of Myriad Blades suppressed everything!

It was almost instantaneous when seven bodies dropped down from high up in the air.

Everyone was pretty much half dead!

Awesome! Way too awesome!

It was fierce to a complete mess!

Luo Tian smiled excitedly and said: “Now that’s what I call awesome!”

Chapter 380 – Wanting To Kill An Immortal Sect Envoy

“Boom~!”

“Boom~!”

Seven half-dead bodies landed right next to Luo Tian’s feet.

Luo Tian was shocked.

These guys are still peak Profound Venerate experts! Why do they resemble cabbages at the street stalls and completely useless in a fight?

Of course...

That's because Wild Blade was simply too powerful.

"Humph!"

"Not a single one that can fight properly." As Wild Blade's voice faded, he pulled back his World of Slaughter. The bloody environment disappeared and reverted back to the night sky dotted with star lights as if nothing had happened. The only difference was that there were now seven figures groaning in pain scattered on the ground.

It took less than a second!

If it weren't for Luo Tian's request, Wild Blade could absolutely instakill all seven of them.

This kind of strength was too fierce, too powerful!

Luo Tian grinned ferociously as he started cracking his knuckles. He walked over to one elderly party and said with a smile: "If I didn't remember wrongly, you should be called Daoist Hun Tian?"

"Spare me!"

"Please spare my life..."

Before his voice faded, Luo Tian activated his level 5 Berserk and started smashing down his fist. "Spare your life? I said that I will kill each and every one of you. Weren't you having a good time mocking me back then? Why don't you keep mocking me now?"

“Boom~!”

Under the enhancement of level 5 Berserk, the punch directly caused his head to explode.

The energy from their peak Profound Venerate cultivation had actually been completely drained by the World of Slaughter or else Luo Tian would need quite a bit of time to kill them. It's normal for a peak Profound Venerate expert to have a fleshly body with high defensive properties.

“Ding!”

“Congratulations to player Luo Tian for killing...”

The system gave off an alert tone.

Luo Tian didn't bother paying attention to it because these guys weren't bosses and wouldn't have any good loot explode from their corpses.

Luo Tian then walked over to another elderly person who had part of his face buried in the mud. Luo Tian coldly grinned and said: “Daoist Xiao Yao, do you really think that I wouldn't recognize you if you tried to cover your face? I have firmly remembered each and every one of your auras.”

“Spare my life!”

“I won't dare to ever again!”

Without giving him a chance to continue speaking...

Luo Tian's fist smashed down with an enraged expression. “It's fine if you don't come help yet you stand by the side mocking. What this daddy hates the most are dogs like you guys! Go die for me!”

Another head explodes from a punch!

There was no room for negotiation.

The other five Profound Venerate experts were extremely scared.

The higher one's cultivation was, the more they were afraid of death.

When they saw Luo Tian, it was like seeing a grim reaper holding a scythe. They were so scared that they started peeing their own pants.

Luo Tian's right hand started moving as he withdrew his Seven Star Sword. "You guys didn't ridicule me so I'll let you guys die a quick death!"

When treating enemies...

And dealing with those that had to die, Luo Tian will never hesitate nor have sympathy for them.

These experts came to kill him today, so no matter how merciful he was, there's no way he would spare them.

If it weren't for Wild Blade gaining the Mighty Heaven Sovereign's golden body that boosted his strength to the Profound Saint realm, Luo Tian most likely would have had to die here. Even if he enhanced himself to his peak strength, there's still no way he would be an opponent against seven peak Profound Venerate experts.

Therefore...

These guys had to die!

His hand rose up and his sword descended, instantly killing five peak Profound Venerate experts. The system started giving off alert tones and he started receiving big waves of experience points.

Luo Tian looked over at the pale white and frightened Noble Tianyu who was scared to the point of not daring to move. He then said with a smile: "The only one left is you."

Noble Tianyu's face was extremely pale while his whole body was shaking. The crotch area of his pants was already drenched wet as he stuttered: "I, I, I, I'm the young master of Heavenly Plume City. My father, my father is the master of the city at the Profound Saint realm. You, you, you cannot kill me and I'm sure you don't dare to kill me. If you do kill me, my father won't, won't, won't let you off."

"Profound Saint expert, huh?"

"I am so f*cking scared." Luo Tian walked closer one step at a time while pretending to show a scared expression. When he arrived at the side of Noble Tianyu, he coldly sneered on the surface while roaring in his mind. A powerful energy exploded from him as he smashed his fist out.

Noble Tianyu was smashed flying!

Luo Tian's figure moved. He didn't allow Noble Tianyu's body to fall before punching out another time.

"Threatening me?"

"Get your father here right now if you have the guts!"

"Walking around with your overly smug face, this daddy already wanted to kill you back then at the Dao Shang auction house. Who knew you would have escaped back then yet dare to send yourself to death today."

"I don't dare to kill you?"

"Even if your father was here right now, I will still kill you in front of his face!"

As his voice faded, Luo Tian once again smashed out with a punch.

Noble Tianyu's originally handsome looking face was thus smashed into pulp. Luo Tian then stepped on top of his body before spitting on him. "F*ck! What I hate the most are those better looking than me!"

"Ding!"

"Congratulations to player Luo Tian..."

He had killed Noble Tianyu!

It's a pity that nothing good exploded out.

Luo Tian didn't care either and shouted: "Let's head back to the city!"

The Devil Sealing Array wasn't that far from Heavenly Sword City.

It didn't require much effort for the five of them to quickly return to the city gates.

Two guards in charge of the gates were excited when they saw Luo Tian. "Prince Consort!"

The passer-by around the area also showed expressions of respect.

Luo Tian had won the hearts of the people in Heavenly Sword City, and pretty much everyone treated him like a God in their hearts.

Luo Tian politely smiled in response and said: "It's been hard on you all."

“Not hard, not hard at all.”

“Prince Consort, his majesty left a message for you to not hang around and immediately return to the imperial palace because there’s a serious matter.”

What happened at the entrance of the imperial palace was quickly known by Tang Jiu.

Tang Jiu didn’t dare to be negligent with this matter so he immediately sent out an order for Luo Tian to return to the imperial palace.

Luo Tian’s expression faintly changed while he thought to himself: “Did something major happen while I was gone?”

Immediately after...

The five of them quickly returned to the imperial palace in a hurry.

“F*ck!”

Luo Tian’s expression hiddenly changed, “Imperial God Immortal Sect really thinks they’re that great huh?”

Luo Tian was enraged when he found out that a guard had his arm chopped off in front of the Xuanwu Gate.

Tang Jiu’s expression hiddenly changed as he knew this would be the outcome. He then helplessly said: “Luo Tian, please don’t be reckless. The old ancestor sent me a voice transmission saying the Imperial God Immortal Sect is the number one immortal sect in our Tianxuan Continent. Their strength is so high that it’s beyond our imagination. I heard that a Profound God Sovereign is safeguarding the place so you mustn’t mess around. The Imperial God Immortal Sect can elevate you to the highest supreme peak.”

Those that can enter the Imperial God Immortal Sect were all dragons amongst men.

Every single one of them was the cream of the crop geniuses!

Luo Tian's expression recovered as he said: "Don't worry, I know what to do and won't act recklessly."

Tang Jiu's heart relaxed as he said: "That's good then. My guess is that they already know you've returned to Heavenly Sword City. Tomorrow, I plan on using the Great Tang's name in inviting the four immortal sect envoys over for a banquet. What do you think about that?"

Immortal Sect envoys!

If one could form a relationship with them, the Great Tang can stand for a million years and no one would dare move against them.

If...

Luo Tian was able to enter the Imperial God Immortal Sect, that would be even better.

But there was one thing Tang Jiu was very clear on: No matter which choice Luo Tian makes, he will still support it. Even if Luo Tian doesn't choose any of the immortal sects, Tang Jiu will still not say a word.

Luo Tian nodded: "Fine!"

Luo Tian's heart tightened and his eyes narrowed. A crazy idea had appeared in his mind – "I wonder what good stuff will explode forth if I kill an immortal sect envoy?"

"Heh heh..."
