

## Leveling Up 401

### Chapter 401 – SSS-Rank Quest

A commotion was happening inside him.

The dragon egg was shaking in a violent manner!

It was like the precursor to its hatching.

Luo Tian had to be cautious so he quickly ran back to his house. He sent out his spiritual senses and was able to detect everything within a few miles of Solitary Peak clearly. Once he was sure no one was around, he took out the dragon egg.

Based on the system prompt...

Luo Tian had already dripped the last drop of blood essence half a month ago. The incubation level had already reached 10,000/10,000 but nothing hatched. It just silently laid there like usual, causing Luo Tian to be really confused.

He couldn't find any reason as to why this thing was acting like this.

He could only continue waiting like usual.

He was also thinking whether the dragon egg was somehow affected by grinding Mo Long to death at the Spectral Forbidden Grounds. Is this the reason why the hatching time had been pushed later?

He really couldn't figure out this thing.

But...

He was really looking forward to it. He believed that the dragon egg will eventually hatch one day.

Right now, Luo Tian was watching it shaking violently on the ground. His heart felt like it had risen to his throat as he stared at it without blinking. He then said excitedly: "Is it hatching now? Is it really hatching now?"

He was excited!

If this was the divine Chinese dragon of his previous world, how cool would that be?

Riding a huge dragon, his hand holding a divine sword while wearing a divine armor. His whole body covered in divine equipment arriving at Shattered Sky City and pointing at Murong Wanjian's nose while scolding: "Damn brat! You dare to move against my woman? Do you believe that I can instantly beat the shit right out of you?"

This scene would simply be too awesome!

Luo Tian's excitement surged up ten thousand times from thinking about this.

He then started praying silently in his heart: "Hurry up and hatch. It would be awesome if a Chinese divine dragon could hatch."

However...

Just after he finished praying, the dragon egg became quiet again without any further actions.

It was an egg.

A very large egg that was sitting there without any changes. This pissed Luo Tian off as he started scolding: "F\*ck! What the f\*ck do you think you're doing?! Are you messing with this daddy?! It's time for you to hatch yet you don't. Do you believe that this daddy will cook you over-easy tomorrow?"

The dragon egg rolled over a bit.

It was acting like it was scared or something. It then rolled back and lightly bumped into Luo Tian's foot like it was acting cute.

Luo Tian rolled his eyes at it and said in astonishment: "It looks like you can understand my words?"

The dragon egg rolled over a bit once again.

Luo Tian chuckled internally before saying: "Were you scared just then? Are you going to hatch soon? You've already absorbed ten thousand points of blood essence. The time is up so why haven't you hatched yet? What do you think your owner should do at a time like this?"

The dragon egg didn't move.

Luo Tian sighed. His brows then scrunched up before asking: "Were you shaking around back then because of the words I said? About looking for the four region's blood?"

The dragon egg started rolling about again.

The rolling was a few levels stronger than before like it was acting excited.

Luo Tian's expression changed as he asked: "Is there a lot of danger involved?"

The dragon egg didn't move.

Luo Tian then asked: "Do you need the four region's blood?"

The dragon egg didn't move.

Luo Tian continued asking: “Sky Palace’s divine race?!”

The dragon egg once again rolled around lively. The egg started giving off a red glow before turning the entire outer white shell into blood-red like it was especially excited.

Luo Tian couldn’t help being surprised while asking: “You need something from the Sky Palace’s divine race?”

The egg started rolling around.

At this moment...

The system gave off an alert tone.

“Ding!”

“Congratulations to player Luo Tian for triggering a SSS-rank quest: Proceed to the Sky Palace’s divine race.”

“Quest one: Reach the Sky Palace’s divine race.”

“Quest two: ? ? ?”

“Quest three: ? ? ?”

“Quest reward one: Instantly gain one level and 30 million profound energy.”

“Quest reward two: Divine weapon – Sky Dragon’s Divine Sword”

“Quest reward three: Item – Divine dragon’s soul.”

“I...”

“So awesome!”

“A SSS super quest! This damn thing actually triggered a heaven-defying quest! I... I... I’m about to cry from being so emotional! This is too overwhelming! So the dragon egg didn’t hatch because I hadn’t triggered the quest yet. It was fortunate that I came to Mount Hua Immortal Sect and started asking about the way to open the ancient battlefield, otherwise, how could I have triggered the SSS rank quest?” Luo Tian was excited to a complete mess!

He had been playing video games for many years.

Not to mention SSS-rank super quests in his previous life, it was already very hard to encounter an S-rank quest on a normal day.

Those SSS quests only existed in rumors and legends.

Luo Tian has never triggered that rank of quests before so he never imagined that having the dragon egg would one day allow him to encounter one. How can he not be moved by it?

Moreover...

The quest reward directly gave him a single level!

How many experience points was that?

There was no need to mention the profound energy. The item reward was a divine weapon called Sky Dragon’s Divine Sword!

There was also a divine dragon’s soul as well!

They were all items at the awesome level! Luo Tian started getting agitated just from thinking about it and immediately lifted up the dragon egg to give it a kiss. "Not bad, not bad. It's a good thing that you haven't hatched yet, hahaha..."

Happiness!

The dragon egg started shaking violently.

It looked like it was scared that Luo Tian was going to give it another kiss.

"Sky Palace's divine race!"

"This big brother will definitely go there!" said Luo Tian filled with excitement. Now he felt like the dragon inside the egg will definitely become the Chinese type divine dragon because those types of dragons were at the most awesome existence level. He couldn't help saying with a smile: "Murong Wanjian, what's so great about being the son of a true dragon? Son of a true dragon means you're the son of my dragon, hahaha..."

-----

A night of silence without any words.

In fact...

Luo Tian was talking a lot during the night, except it was inside his dreams because he was simply too happy!

Early morning.

Luo Tian shamelessly ran over to Xu Shan's residence to get breakfast.

After eating breakfast, Luo Tian went over to the Merit Hall.

The Merit Hall looked very similar to places that gave out quests inside video games.

Luo Tian started hearing a variety of shouts when he was still quite far away.

“A Grade C mission that’s just missing a healer! Senior brothers of the Healing Hall, come on over! You’ll get 70 merit points!”

“Ten merit points to purchase five Iron Wire Spiritual Herb!

“A Grade B mission that gives 300 merit points! Requesting seniors at the Profound Venerate realm to help!”

Various shouts and cries.

Luo Tian was watching this from a distance a felt a bit nostalgic because this was too similar to the video games he played in his previous life.

At this moment, he wasn’t clear if he was still in another world or if he was inside a game.

“Team Hurricane!”

“Everyone look! It’s the seniors from Team Hurricane! Last month, they completed three Grade A missions. The team’s merit points have already reached the highest in the outer sect. It looks like even if they don’t participate in the inner sect assessment, they can still redeem a position with their merit points.”

“No way, are you sure the merit points they have are enough?”

Merit points were similar to currency.

But inside Mount Hua Immortal Sect, merit points were even more valuable than currency. As long as you had enough merit points, almost anything can be redeemed here. Even the position of Elder can be redeemed, as long as you had enough merit points.

Luo Tian walked over.

This suddenly attracted the attention of several pairs of cold gazes.

Chapter 402 – Twin Sisters Like Flowers

Luo Tian's appearance made the surrounding become quiet.

Every person had a different look in their eyes.

The atmosphere here also became different.

"It's because of him that our Mount Hua couldn't recruit a single disciple with a good bloodline."

"Look at him with his smug expression. This daddy is getting pissed just from looking at him. He kills the Starsea envoy and tries to hide in our Mount Hua Immortal Sect. He's basically a ticking time bomb. The day that the Starsea Immortal Sect people come is the day our Mount Hua Immortal Sect encounters a calamity."

"Yesterday, he challenged pretty much all our outer sect halls. Apart from the Martial Hall, he challenged the Alchemy, Forging, Array... he completely crushed them all! It was so awesome! But I wonder why such an awesome person would come to our Mount Hua Immortal Sect and become an outer sect disciple, heh heh..."

"I heard that not a single hall is willing to take him in."

“Who would want to take a scourge in? I didn’t say this but I heard there will not be a single hall willing to accept him during his stay in Mount Hua.”

Many disciples made comments.

Some were in fear, some filled with disdain, and a minority of them expressed their admiration and worship.

Zhao Chen was one of the minorities that worshipped Luo Tian.

When he returned to the Array Hall yesterday, he tried his best to have his master recruit Luo Tian. But before he was even able to finish his argument, he was directly refused without any room for discussion.

Zhao Chen went forward to welcome with a smile: “Junior brother Luo, did you come to the Merit Hall to accept some missions?”

Since someone was smiling at him, Luo Tian would naturally reciprocate with courtesy.

Luo Tian replied with a smile: “Yeah, I came to take a look since I have nothing better to do.”

Suddenly...

One of the youths in Team Hurricane came forward and said with disdain: “You’re that piece of trash with a crippled dantian? You should scam from the Merit Hall; there aren’t any missions for you here. You can forget about trying to get any merits in my outer sect.”

Luo Tian ignored him.

Just like he didn’t exist.

Zhao Chen was somewhat unhappy while saying: “Senior brother Zhou, we’re all fellow disciples of the same sect. You don’t need to be like that. How can one live in the outer sect if they don’t have any merit points?”

Zhou Feng coldly harrumphed before saying: “Mount Hua Immortal Sect’s face has been completely lost by you guys. I really don’t understand what’s the use of keeping you garbage around here. I already said before – who cares about concocting pills, forging, and arrays? Those are all unorthodox studies! The only truth in this world is one’s strength!”

“None of our Martial Hall disciples stepped up yesterday, or else this trash would already be lying on the ground like a dead dog.”

His face was filled with disdain.

Within Mount Hua Immortal Sect, the Martial Hall was the number one hall.

They had the most disciples, they were the strongest, and they occupied the most resources.

Basically, all the other halls were established to support Martial Hall.

Those that were in closed-door seclusion this year in order to participate in next year’s immortal sect competition were all disciples of the Martial Hall.

It didn’t matter if they were in the inner or outer sect; the disciples of Martial Hall all walked sideways in the sect with arrogance. They didn’t put the other fellow disciples of the other halls in their eyes.

Zhao Chen’s expression hiddenly changed.

Luo Tian coldly scoffed and said: “No matter where I go, there’s always an annoying fly buzzing around. There are some people in this world who are born despicable. If you don’t f\*ck them up, they don’t understand who’s their daddy. When dealing with people like that... heh heh...”

“Damn kid!”

“Who are you talking about?!”

“Say those words again if you have the guts!”

Zhou Feng was pointing at Luo Tian’s nose while scolding in anger.

Luo Tian didn’t give a shit!

His figure moved and his strength exploded forth. His fists were moving at the same time as he shouted:  
“Magma Fire!”

His fists turned scarlet red.

The powers in his fists made the surrounding air turn to steam.

Zhou Feng never imagined Luo Tian would dare make a move around the Merit Hall. His expression instantly changed while his fists sank down with a shout: “Paramount Shield!”

“Boom~!”

An energy shield appeared around Zhou Feng.

In an instant...

Luo Tian’s fists heavily smashed into it.

“Bang~!”

“Boom~...”

Zhou Feng staggered backward. His face turned pale while his blood was in turmoil. His expression turned fierce as he shouted enraged: “Damn kid, you’re courting death!”

“There are too many people that have said those words to me!”

“They all say I’m courting death yet here I am, standing here alive and well.” Luo Tian said with a disdainful smile.

At this moment...

A cold glint appeared in Zhou Feng’s eyes as the rage inside him had reached a peak. A treasure sword exuding green light appeared in his right hand as he shouted: “Nine Melody Sword Art...!”

“Junior brother Zhou!”

“Stay your hand!”

Five males dressed in stylish clothing came over.

The one that seemed to be the leader was a middle-aged man. The robes he was wearing were fluttering without wind while he exuded a terrifying aura. He first glanced at Luo Tian while narrowing his eyes before stopping Zhou Feng, “Junior brother Zhou, this is the Merit Hall. You can’t act recklessly here.”

“What senior brother said is right.”

“If we meet his kid outside the sect, senior brother will definitely teach him a lesson for you.”

Immediately after...

Another disciple came to Zhou Feng's side and said: "Yun Ling and Yun Yi are here. Don't give eldest senior brother a hard time."

Zhou Feng trembled and stored his sword. He glared at Luo Tian before coldly harrumphing: "Damn kid, you got lucky today."

Luo Tian scoffed in disdain, "Cheh~, you're the one that got lucky."

Zhao Chen had hurried over to Luo Tian's side and said: "Junior brother Luo, don't try to compete with them. They are disciples of the Martial Hall so we can't mess with them. Let's go; let me bring you to see someone. Aren't you here for missions? I will take you inside."

Luo Tian didn't want to cause too much trouble.

He had promised Wu Nian.

But...

If anyone touches his bottom line, he will kill without mercy!

What he hated was people acting cheap and despicable in front of him. When dealing with people like that, there's only one thing you need to do – f\*ck 'em up!

Zhao Chen led Luo Tian away in a hurried manner. He had a smile on his face while advising in a soft voice: "Junior brother Luo, don't stare at their faces later. What those girls hate the most are people staring at their faces."

"Huh?"

Luo Tian was a bit surprised as he didn't know who Zhao Chen was bringing him to see.

"Junior sisters Yun Ling, Yun Yi!"

Zhao Chen cried out.

Two girls in light blue dresses turned around while their mouths turned upwards into a faint smile.

When they smiled, their eyes turned into crescent slits. They were extremely beautiful and cute at the same time!

The most important part...

Those two had the exact same looks so it was beyond a doubt that they were twins.

Those two were the twin sisters of the outer sect. They were very beautiful and their bodies extremely hot. They were especially attractive when they smiled. A huge disturbance would occur at whichever places these two showed up.

Luo Tian became stunned. He looked at the girl on the right and then at the girl on the left. He was staring at their faces in a blatant manner like a brainless dimwit. He then said loudly: "Similar! Very similar! It's like they're exactly the same!"

He has seen twins before, and these twins were, of course, identical twins.

But Luo Tian had never seen such beautiful twins in his two lives. He really couldn't find any differences between the two. Even their expressions when smiling were exactly the same.

Zhao Chen quickly reminded: "Junior brother Luo, stop staring at their faces. If you keep staring like that, they will get mad at you."

Luo Tian continued staring and said with a smile: “Their looks are good, so of course it’s for others to admire. These twin sisters are simply too beautiful.”

Yun Ling became angry.

Yun Yi became angry too.

Zhao Chen’s gaze went blank as he muttered: “Someone’s going to be screwed now.”

Chapter 403 – Way Too Violent!

Yun Ling and Yun Yi hated people staring at their faces.

Why did they hate that?

No one knew why. Those two were special existences in the outer sect. They were very nice to look at and they enjoyed smiling. Once they smiled, their eyes would turn to crescent slits. There’s a saying that a girl will doll themselves up for beholders, but these two especially hated people that stared at their faces.

It didn’t matter who it was.

It didn’t matter even if they were an Elder.

Luo Tian’s gaze was naked and blatant without moving. He stared at Yun Ling, and then stared at Yun Yi. He was trying to see if he could find a single spot that was different between the twins. It was similar to playing the game – Spot The Difference.

This was played in reality though.

But eventually, Luo Tian admitted his loss.

He really couldn't find any differences!

Zhao Chen laughed bitterly since his reminder was of no use. He was very clear that when every new disciple saw Yun Ling and Yun Yi, they would act exactly like Luo Tian who was staring without blinking. Even reminding them multiple times was of no use.

"Heh heh..."

"Hahaha..."

"A good show is about to start."

"The twin flowers are going to go crazy."

"That kid is going to be screwed!"

Yun Ling's face was full of anger. She walked up to Luo Tian and asked: "Does it look good?"

Luo Tian nodded and replied: "It looks good. It's only a little bit worse off than my wife."

Yun Yi's expression hiddenly changed as she directly yelled out: "Left Hammer!"

"Boom~!"

A war hammer suddenly appeared in her small jade-like hand. It directly smashed towards Luo Tian's head in an almost instantaneous fashion. The war hammer was fierce to the extreme as it contained a trace of terrifying lightning energy.

Yun Ling also made a move as she shouted: "Right Hammer!"

The same type of power!

It was also a war hammer!

It was just like hammering iron – the left hammer smashed down and the right hammer followed up right after.

Within the outer sect of Mount Hua Immortal Sect, there was an untold amount of disciples who have wailed in pain from this pair of hammer for many years. In their hearts, these twin sisters cannot be provoked. Those two had the Gemini bloodline – their hearts, strength, their senses, and even their sea of consciousness were linked together.

Their actions were fully synchronized.

The coordination of these two girls caused their strength to become stronger than four people.

Moreover...

The strength of these two girls in the outer sect was already ranked at the top.

Luo Tian's gaze turned gloomy. He didn't dodge but shouted: "Golden Shield!"

"Omm~!"

A stream of golden light similar to a large bell superimposed over his body like a shield.

"Dong~!"

"Dong~!"

It was just like a temple ringing their bell, giving off an ear-deafening sound.

This martial skill seemed like a perfect counter to Yun Ling and Yun Yi's war hammer skills. The two attacks were completely blocked, and the Golden Shield surrounding Luo Tian only slightly shook.

This caused the crowd to become shocked.

They also started worrying about Luo Tian's behalf.

"This kid actually dared to block, so he's going to be screwed even more now."

"Once the twin flowers become angry, even an Elder is unable to stop them. They can only suffer in silence."

Zhao Chen didn't expect Luo Tian's reaction speed to be that fast. Before he had time to advise him, Luo Tian had already blocked the twin flowers' attack. Zhao Chen had an ugly look and said with a sigh: "I say, junior brother Luo – you should've just let them hit you once. Why on earth did you go ahead and block it? Now, look what you've done."

"Force of a ten thousand juns!" 1

"Left Hammer!"

"Boom~!"

"Force of a ten thousand juns!"

"Right Hammer!"

"Boom~!"

The twin flowers shouted in unison, causing lines of energy to explode forth at the center of their battleground. Their arms trembled with power as their strength increased dramatically. They once again aimed at Luo Tian before smashing down.

Luo Tian was surprised.

“Huh?”

“Now this is interesting.”

“Just perfect. I really want to test out how much power my Golden Shield can resist.”

Immediately after...

Luo Tian chuckled and said: “Sisters, add a bit more strength, please. Ten thousand juns is really not enough.”

As his voice faded...

The moment before their battle hammers landed, Luo Tian shouted: “Level 1 Berserk!”

“Ommm~!”

After twice his attributes were activated, the Golden Shield started ringing loudly. The lines along the bell had become clearer, similar to Buddhist scripts being carved over in a compact manner. The defense had instantly increased due to this!

“Hong~...”

“Hong~...”

Two ear-deafening sounds of the bell ringing sounded out once more!

The Golden Shield shook. It looked like it was about to shatter but instantly reformed itself.

Yun Ling and Yun Yi glanced at each other.

The brows of those two girls were scrunched up as they once again shouted: “Force of fifty thousand juns! Left Hammer, Right Hammer!”

They had raised the power by five times!

Those two girls instantly exploded out with energy ripples visible to the naked eye.

Their speed had increased as well!

The lightning around their war hammers was raging about in an unrestrained manner. The surrounding disciples quickly retreated and looked at Luo Tian with expressions like they were taking pleasure in others’ misfortune. “That kid definitely won’t be able to block it now.”

“The force of fifty thousand juns.”

“With the power of lightning added on, the energy shield of that kid will definitely be shattered.”

Luo Tian faintly smiled and said calmly: “Fifty thousand juns of force is still not good enough. If you can’t break past my energy shield today, then I’m going to stare at your beautiful faces every single day.”

“Hahaha...”

While saying that...

Luo Tian had a teasing smile on his face.

At the same time...

Luo Tian shouted internally: "Level 3 Berserk!"

Eight times his attributes were released!

"Ommm~!"

"Ommm~!"

As two heavy strikes landed, Luo Tian's Golden Shield was almost shattered. But somehow, it instantly hardened and reformed itself once again. Beads of sweat formed on Luo Tian's forehead before he said with a chuckle: "It still didn't work; my shield wasn't broken through, hahaha..."

Yun Ling and Yun Yi glanced at each other again.

Their expressions had turned to rage.

These sisters were pissed, so the consequences will be dire.

The arms of those two became agitated as it doubled in size.

Those long thin arms of theirs had suddenly exploded forth with endless power!

Not only did those two have the Gemini bloodline, but they were also born with innate divine strength! The pair of war hammers were also items handed down from their ancestors!

“Force of one hundred thousand juns!”

“Left Hammer!”

“Force of one hundred thousand juns!”

“Right Hammer!”

The two moved in unison.

Their figures made a whistling sound.

In the time it takes a spark to fall off a flint...

Two shadows descended from the sky with a shout: “Force of two hundred thousand juns – Vertical Strike!”

“Boom~!”

Luo Tian looked up and coincidentally saw their panties. They were white and had a little rabbit sewn on them. And those thin long legs of theirs were filled with endless temptation. Only someone like Luo Tian would still think of such a thing at a time like this.

“Sisters!”

“Oh, they’re white!”

“There are also two white rabbits, hahaha...”

A faint red blush appeared on the faces of the two girls.

Their rage ignited violently! The two almost instantly became like a single person and the pair of hammers turned into a single large battle hammer. It then descended from the sky and vertically smashed down!

At this moment...

Luo Tian lowered his fists and shouted: "Level 5 Berserk, come out for me!"

"Ommm~!"

Thirty-two times the base attributes were activated.

Luo Tian's Golden Shield looked like it had become the real thing. It was similar to a huge ancient golden bell superimposing over his body.

"Boom~!"

Chapter 404 – We Like Him

"Boom~!"

"Ommm~..."

The strongest attack!

The strongest defense!

The two different forces collided together, and the shock wave directly forced some of the surrounding disciples out of the hall.

The two war hammers were still suspended above Luo Tian's head.

Below the war hammers...

A golden energy shield was shaking but still trying to hold on.

It was continuously rotating and reforming itself.

"Ommm~!"

Suddenly...

The Golden Shield gave off a loud ringing sound and a powerful force expanded outwards. The twin flowers were directly forced away and out of the hall as well.

"Huh?"

Luo Tian was surprised as he said to himself: "It looks like when Golden Shield is leveled to a certain point, it can also counterattack as well. That countershock previously seems like it was produced by absorbing their war hammer's power. It truly isn't a simple skill!"

The twin flowers flew over the air before floating down to the ground.

Their faces were faintly flushed red.

Their breathing became more rapid as two pairs of eyes glared at Luo Tian.

Luo Tian smiled in a cheeky manner and retrieved his Golden Shield. He then said: "From now on, I can openly stare at the faces of you two. Don't get angry though, heh heh..."

“Humph!”

“Humph!”

The two harrumphed in unison while glaring at Luo Tian with a pout.

Their expressions were extremely adorable.

They didn’t refute Luo Tian’s words.

This made the surrounding disciples rowdy.

“Senior sister, senior sister, I also want to stare at you two every day. I want to give it a try too! Even if I’m courting my own death, I will still hold on until my last breath!”

“Senior sisters, that guy is a complete scoundrel. As for me, my heart was stolen the moment I joined Mount Hua Immortal Sect. It was stolen by you two.”

“Cheh~, I entered Mount Hua Immortal Sect only because of the senior sisters.”

The surrounding crowd was all calling out.

They were very envious of Luo Tian. They never expected that by blocking the full strength of the sisters’ joint attack would satisfy the special request. He was actually allowed to blatantly stare at their faces! What kind of wonderful experience would that be?

Who knew how many countless people were hiding in the shadows peeking at those two? This was a complete sin!

Yun Ling swept her gaze around. Wherever her eyes landed, the crowd would immediately shut their mouths and the guys didn't even dare to raise their heads.

Yun Yi did the same thing.

Their powers were really strong, and they hadn't even used any special martial skills yet. They were purely relying on their innate strength. It was so powerful that it had exceeded the strength one would usually gain by cultivating. Even a normal Profound Venerate expert might not be able to exert the pure strength that those two had demonstrated.

The only reason Luo Tian was able to resist...

Was mainly because Golden Shield was the nemesis of pure strength. If we were to use gaming terms, Golden Shield's defense against physical attacks was extremely high and hard to shatter.

With the addition of Luo Tian's level 5 Berserk increasing the attributes, those two girls naturally couldn't break through his shield.

The moment before the force of two hundred thousand juns landed, Luo Tian's mind was filled with shock while saying to himself: "These two girls aren't beautiful and delicate sisters; they're actually powerful and heroic women!"

"Junior sister!"

"Who is it that dares to bully you?"

"I will immediately cripple him."

Suddenly...

There was a commotion in the crowd before a path naturally opened up.

A middle-aged male walked out. He walked over to the side of Yun Ling and Yun Yi said with a gentle smile: "Junior sisters, who is that bullied you two?"

Also at this time...

Zhou Feng's gaze turned gloomy. He glared at Luo Tian and shouted: "It's you, that piece of trash again!"

The corner of Luo Tian's eye twitched before he said in a grim manner: "If you dare to say 'piece of trash' one more time, I will make you lie on the ground like a dead dog."

"Was it him that bullied you two?"

Without waiting for Zhou Feng to continue speaking, that middle-aged man came forward and stared at Luo Tian. An aura of pure arrogance was released from his body and at the same time, an oppressive pressure like a surging tide smashed towards Luo Tian's sea of consciousness. He then coldly harrumphed: "Kneel down and apologize!"

"Ommm~!"

His sea of consciousness violently shook...

Immediately angering Luo Tian.

What he hated the most were people who tried to use the oppressive might to crush others. This kind of feeling was very uncomfortable!

Luo Tian's body faintly shook while anger blazed in his eyes.

Before he had a chance to speak, Yun Ling coldly glared at the middle-aged man and said: "Zhang Kuang, there's no need for you to bother with the matters of us sisters. He is our friend so you should mind your own business. If you dare to continue being unreasonable, don't blame us for being impolite."

She directly called out his name.

Based on the etiquette of seniority, those girls are supposed to call him senior brother.

But those sisters didn't!

The middle-aged man's name was Zhang Kuang.

He was the eldest senior brother of the outer sect's Martial Hall, also the leader of Team Hurricane. Within the outer sect, he was the person with the highest merit points. He was already qualified to enter the inner sect last year but because Yun Ling and Yun Yi couldn't pass the assessment, he automatically gave up entering the inner sect.

He said that he wanted to enter the inner sect together with those two girls.

This caused a huge sensation back then, and even alarmed several inner sect Elders.

Yun Yi walked over to Luo Tian's side and grabbed his arm. She then glared at Zhang Kuang and said loudly: "Pull back your oppressive pressure! Humph!"

"Huh?"

Luo Tian blanked out.

Without giving him a chance to react, Yun Ling walked over and grabbed onto his other arm. She stared at Zhang Kuang and said: "Please don't bother us anymore in the future. We don't like you. We... we..."

The two of them glanced at Luo Tian before calming down and saying: "We both like him. Please pay attention to your actions in the future."

Luo Tian was dumbstruck.

Happiness had come too suddenly! But wasn't this a bit too fast?

He merely used Golden Shield to block their attacks, so there's no need for these girls to pledge their bodies to him because of that, right? They were already acting like this at their first meeting? Wasn't this relationship development a bit too fast? Man, my little heart almost cannot handle this!

"Kid...!"

"Don't overthink things! We just think he's too bothersome. There's no way we would like someone like you." Yun Ling sent Luo Tian a voice transmission.

Luo Tian was stunned again. He then said to himself: "Shit, they're using me as a shield."

"Then I should take a bit of advantage of this."

Immediately after...

Luo Tian cleared his throat and said: "From today onwards, these two will become my, Luo Tian's woman. Whoever dares to look at them the wrong way, this daddy will play them to death."

"My good wives, come give me a kiss!"

"Smooch~!"

Without giving Yun Ling a chance to reject, Luo Tian directly gave her a kiss on the cheek.

Yun Ling blanked out.

At this moment, Luo Tian turned his head and planted a kiss on Yun Yi's cheeks with a "smooch" sound.

The two girls were instantly dumbstruck.

The rage inside them was fluctuating and churning as they couldn't wait to chop Luo Tian up into meat paste.

Luo Tian sent them a sound transmission and said: "If you're going to act, you should act a little more realistic. You two need to calm down and don't mess it up. Otherwise, this performance will be all in vain. I'm honestly doing this for your own good. There goes my first kiss, sigh~ My heart is about to shatter, so I think you two need to compensate me later."

Luo Tian had an expression like he was hurt and wronged at the same time.

But inside his heart, he was laughing as cheap and despicable as one could get. "Hahaha..."

If one didn't take advantage right now, then they are truly a dumb bastard!

The rage within those two girls once again surged higher, but they didn't expose it.

Within an instant...

Countless sounds of hearts breaking was heard, and some even started crying in pain.

Rage filled madness!

Endless killing intent surged out of a person's body...

Chapter 405 – You Will Die By My Hands Sooner Or Later

Zhang Kuang was enraged!

All the disciples in the outer sect knew he liked the twin flowers Yun Ling and Yun Yi.

It was always his dream to take them both on the bed at the same time!

When Yun Ling and Yun Yi said those words to him in front of so many people, Zhang Kuang's face turned extremely ugly looking. They didn't leave him any face at all!

But...

In order to continue acting like a gentleman in front of the girls, he could only endure the raging flames inside his heart.

He was very clear...

Yun Ling and her sister were using Luo Tian as a shield. It was impossible for them to like a piece of trash with a crippled dantian that no Halls were willing to accept.

Everyone knew this.

Luo Tian was Mount Hua Immortal Sect's walking disaster. There were countless people that wanted him to be kicked off the mountain. Pretty much everyone knew what happened yesterday – all the inner sect Elders hated Luo Tian and wanted to kick him off the mountain at all costs.

Who would like a disciple like him?

They would hasten to avoid someone like that.

Thinking up to here, Zhang Kuang continued to endure.

But Luo Tian's words made his flames of anger surge all the way into his brain. Seeing how Luo Tian kissed left and right, the killing intent couldn't be suppressed any longer and violently surged out! He

had fallen in love with these twin sisters for a few years now. Not to mention kissing, he hadn't even touched their hands even once!

Seeing how arrogant Luo Tian was, he couldn't endure any longer!

His eyes flickered and his gaze turned grim. The fluctuating power inside him directly surged out from his body in waves. He glared at Luo Tian before shouting: "Kid! You dare to make a move on my women? It looks like you're tired of living!"

Rage.

Complete and thorough rage.

Many disciples in the surrounding area revealed looks of taking pleasure in other people's misfortune.

"The eldest senior brother of the Martial Hall – one of the top ten strongest experts in the outer sect. That kid is definitely going to suffer in pain."

"Heh heh... provoking others are fine yet he actually provoked Zhang Kuang. He is practically courting his own death!"

"That's right. Did he really think we didn't dare to stare at the face of the twin flowers? We were merely holding back because of Zhang Kuang. That kid actually dared to kiss those two in front of senior brother Zhang? Most likely senior brother Zhang's rage is surging into the sky right now."

"Sigh~... one won't die if they don't go seeking their own death."

Many people started mocking.

Yun Ling was full of interest in how this was developing, so she smiled at Luo Tian and said: "Didn't you say we were your woman? Since we're your woman now, shouldn't you be protecting us? We are

currently very scared. Look at senior brother Zhang's face that looks like he's about to eat someone. This weak lady is very very scared."

Yun Yi directly snuggled closer into Luo Tian's embrace and giggled: "Hubby, go attack!"

"Damn!"

"You two are really bad girls!"

He had just taken advantage of the two previously, so this time they were giving him a backstab.

Since this was the case...

Luo Tian chuckled evilly. His left and right hand started moving and directly reached towards their butts. He then heavily slapped, causing two "pak~ pak~" sounds to be heard. He then said with a chuckle: "Don't worry. With me present now, no one will dare to bully you."

The two girl's butts received a stinging pain. They then glared at Luo Tian like they were about to rip him into pieces with their bare teeth.

But...

From the point of view of outsiders, they were flirting with each other!

This made Zhang Kuang even more enraged.

His fists started moving and the surrounding atmosphere instantly gave off a series of explosions. His speed suddenly increased as he rushed out; his whole being was similar to an enraged death god at this moment!

The surrounding air space turned oppressive.

Luo Tian's heart hiddenly turned gloomy as he said to himself: "What a powerful force! Man, his strength is a bit over the top!"

Very strong!

Zhang Kuang's cultivation level should be at the peak of a Profound Ancestor, but the force that exploded from his body definitely didn't match that. It had completely surpassed it and reached a terrifying level!

Zhang Kuang had cultivated in Mount Hua Immortal Sect for many years.

He was a true orthodox disciple of an immortal sect. The martial skills he trained in were ones the outside world could never compare with. His powers were pure and his skills all from traditional practices of many generations.

With his firm cultivation base, even Profound Venerate experts in the outside world wouldn't be able to deal with him.

When comparing someone from the immortal sect...

Those so called Profound Venerate experts from the outside world were not worth mentioning in the same breath!

Luo Tian's brows formed a slight frown as his powers started circulating.

Yun Ling and Yun Yi felt like the situation was getting out of control and had exceeded their expectations. Their countenance instantly changed while warning: "Senior brother Zhang, this place is the Merit Hall yet you're trying to kill someone here? Fighting here is a violation of our sect rules."

While saying this...

Yun Yi whispered: "Why aren't you running away? You're not his opponent. He is currently enraged and could possibly kill you on the spot."

Luo Tian was only at the Profound Ancestor 2nd rank.

The difference in strength was too large.

Luo Tian also had no bloodline inheritance while Zhang Kuang had the bloodline of a Lion King. Amongst all the bloodlines, the Lion King bloodline was considered one of the superior ones. Once the bloodline powers explode forth, an ordinary expert at the peak Profound Venerate realm could also be killed!

In the eyes of the two girls, Luo Tian was obviously not an opponent for Zhang Kuang.

Zhou Feng had a smug expression while saying: "Kill him, senior brother!"

"You dare?"

"Senior brother Zhang, please stop your actions."

The two girls blocked in front of Luo Tian with an anxious look.

Zhang Kuang was enraged, so the powers he exploded forth with contained a trace of kingly aura from his Lion King bloodline. It was very clear that he had released his bloodline powers and was determined to kill Luo Tian with a single palm strike!

Luo Tian's brows furrowed while his fists were lowered. He then shouted internally: "Level 5 Berserk!"

"Nine Dragons and Elephants, Level 2!"

"Boom~!"

The powers inside his body surged out without hindrance. He then said solemnly: "You two move aside!"

"Damn!"

"That kid wants to fight head-on. He's definitely going to die now."

"Hahaha... a person that even dares to kill the Starsea envoy is obviously someone without a brain. He's not running away at a time like this yet wants to take it head-on? If this isn't courting one's own death, then what is?"

Suddenly...

A powerful voice was transmitted over.

"You two better stay your hands for me!"

Once the voice was heard, a person's figure descended. The landing caused a burst of wind below that person's feet and loose rocks scattered all over. A divine-like force surged out as the person opened his arms out. He then angrily reprimanded: "Stop it!"

"Bang~!"

"Bang~!"

Zhang Kuang was forced back ten steps before his body could recover, causing his expression to undergo a faint change

Luo Tian was forced back twenty steps and his face turned slightly pale. His mind was stunned with shock as he said internally: "What kind of f\*cking force is that? How can it be so fierce?"

Shock!

Way too shocking!

Luo Tian was someone that had faced against an expert at the Profound Saint realm. Even Long Wang's power wasn't as fierce to this point. They practically couldn't be compared with each other!

The person in the middle separating the two was Xu Shan.

Xu Shan's cultivation was merely at the Profound Venerate 8th rank.

He hadn't even entered the Saint realm yet, but his powers were much greater than many Saint realm experts on the outside.

"Is this the so-called immortal force of legends?!"

The energy that people of immortal sect's cultivated?

Luo Tian was extremely shocked. He felt like the Profound Venerate and Profound Saint experts he had dealt with in the past were all garbage. The Profound Venerate and Saints of immortal sects were completely different – their powers surpassed all the experts in the outside world!

It was similar to comparing a Grandmaster to some random person with a mish-mash of martial arts.

It was simply not comparable!

Xu Shan's expression turned gloomy as he shouted: "If you want to fight, go fight on the Life and Death stage! If you dare continue fighting around the Merit Hall, don't blame me for being impolite!"

At the same time...

Xu Shan sent a sound transmission: "Luo Tian, you aren't his opponent. Don't be reckless!"

Zhang Kuang's expression changed and didn't give Xu Shan any face. He coldly harrumphed: "Kid, we'll consider today your lucky day. But don't worry; you will die by my hands sooner or later. You just wait and see."

Luo Tian instantly became enraged. He pointed at Zhang Kuang and shouted: "You want to kill this daddy, huh? I'll give you a chance right now! Get on the Life and Death stage!"

Chapter 406 – A Force That Couldn't Be Cultivated

Luo Tian was immediately filled with rage.

First, he was oppressed, and then he was threatened.

The two things he hated the most had shown up.

How can he not get angry?!

He pointed at Zhang Kuang's face and said: "You want to kill me, right? Get up on the Life and Death stage!"

"Waaa~..."

The surrounding turned rowdy.

Everyone was looking at Luo Tian like he was already dead.

Xu Shan's expression turned gloomy.

Zhang Kuang coldly chuckled. He didn't look at Luo Tian and was looking at Yun Ling and her sister while doing that. He then finally glanced at Luo Tian and said: "You're in a hurry to court your own death, huh? Fine, this daddy will fulfill your wish. Half a month later, we will meet on the Life and Death stage. We won't rest until one of us dies!"

Everyone looked at Luo Tian.

Luo Tian sneered. He didn't hesitate and immediately promised: "Good! This daddy wants to see who's going to be the dead dog at that time!"

Immediately after...

"You have fifteen days of life left for you to enjoy yourself, you damn trash!" Zhang Kuang flicked his sleeves before saying: "Let's go!"

Xu Shan immediately walked over and said: "Kid, didn't I say that you aren't his opponent? Why did you still provoke him? His current cultivation level is much higher than yours. No matter how strong you are, there's no way you can beat him right now. Moreover, he has the Lion King bloodline. Once this kind of bloodline activates, his strength will rise by several folds, so how the hell are you going to fight him?"

Yun Ling and Yun Yi both looked at Luo Tian.

They felt like they owed him.

If it wasn't for them, Zhang Kuang wouldn't have become enraged and caused a series of events to happen.

Half a month.

Luo Tian was only at the Profound Ancestor 2nd rank while Zhang Kuang was already at the Profound Ancestor 8th rank. The cultivation level distance between those two was like 108,000 miles apart, so how was Luo Tian supposed to fight?

They didn't have to fight and Luo Tian had already lost on paper.

Yun Ling frowned and softly said: "I'm sorry."

Yun Yi then said: "How about you leave the mountain? Since you haven't joined any Halls and there are many people in Mount Hua Immortal Sect unhappy with you, you might as well leave. I'm afraid that by staying here..."

She didn't continue speaking.

Her expression was unsightly.

They only wanted to get rid of the pestering Zhang Kuang and never expected the situation to turn out like this.

Luo Tian faintly smiled and said: "It's not a big deal since there's still half a month's time. My current cultivation level may not be much now but I can go make some breakthroughs. If I can find myself a good place, I can level up a few times within half a month."

Luo Tian didn't put Zhang Kuang in his eyes.

Since he has even killed an expert at the peak Profound Venerate realm, how can he not kill a Zhang Kuang who's only at the Profound Ancestor 8th rank?

When Zhang Kuang was forced to retreat ten steps under Xu Shan's powers, he kind of looked like he was put in an embarrassing state. In reality, Zhang Kuang hadn't used all his strength yet because his bloodline strength hadn't been activated. One can only imagine how strong his true strength is.

Luo Tian also didn't explode forth with all his strength either.

But based on physical strength, Luo Tian was clearly not Zhang Kuang's opponent.

Luo Tian was slowly understanding why an immortal sect became an immortal sect. It wasn't just because they were strong that they got labeled as an immortal sect, their cultivation methods and the powers they cultivated were all different

.

Moreover...

Most of the disciples of immortal sects possessed some sort of inherited bloodline.

Luo Tian finally realized why everyone was focused on Murong Wanjian's True Dragon bloodline. An inherited bloodline's powers had far exceeded his imagination, and this caused his heart to tighten.

He was wondering...

Should he fuse the Azure Dragon and the Vermillion Bird bloodline together?

"F\*ck!"

"Isn't it just a guy called Zhang Kuang? If I cannot even take care of a person like him, how am I supposed to go to Shattered Sky City in the future? How am I going to face off against Murong Wanjian?" Luo Tian immediately gave up the thought of fusing the two bloodlines. The four divine beast bloodlines were something he especially prepared for Murong Wanjian.

If he couldn't even deal with such a small problem right now, what rights did he have to beat the crap out of Murong Wanjian?

His mind calmed down.

Luo Tian then said internally: "I really need to find a place to level up a bit. Profound Ancestor 8th rank, huh?"

Immediately after...

Luo Tian smiled faintly and said: "You guys don't need to worry about me. In half a month's time, I will definitely raise my cultivation level."

Half a month!

It was a very short time.

Xu Shan was stunned while saying: "Why are you still joking about? How can you increase your cultivation in just half a month? Moreover, your dantian has been crippled so even if I wanted to transfer some immortal force to you, it would be useless. There's no way you can receive it, sigh~"

Yun Ling then said: "That's right! You should listen to my little sister and quickly leave."

Yun Yi started nodding.

Luo Tian didn't know what to say. When he thought back that Xu Shan was mentioning immortal force, he asked: "Elder, what kind of power is immortal force? How come it's so strong? I didn't sense any immortal force from Zhang Kuang."

Luo Tian was clueless.

Xu Shan explained: "The so-called immortal force is the process of absorbing the aura from heaven and earth within an immortal sect. Through the dantian, this energy would then slowly transform into immortal force. Why are we called immortal sects? The reason is that immortal sects can receive energy from heaven and earth that's stronger than profound energy. We call this kind of aura – immortal energy. This is one of the reasons why martial artists treat immortal sects as a holy ground. Only immortal sects will have immortal energy. For someone who wishes to cultivate this requires one to have a strong dantian. This is why the first round of the assessment would assess one's dantian."

“Zhang Kuang has already been in Mount Hua Immortal Sect for thirteen years. Amongst all the outer sect disciples, his strength is ranked in the top ten. In all his previous battles, he has never released his immortal force. It’s not that he didn’t cultivate it; it’s just that he doesn’t want to release immortal force when facing his opponents. You need to understand that immortal force is very precious to a cultivator.”

Thinking about the power that Zhang Kuang had released previously...

Xu Shan then said: “His cultivation had once again increased another step. Most likely within half a month’s time, he will breakthrough into the Profound Ancestor 9th rank. Luo Tian, you should really think of a way to avoid this battle. Once you step into the Life and Death stage, he will really kill you.”

Yun Ling and Yun Yi nodded their heads.

“A bad dantian cannot absorb immortal energy?!”

Luo Tian grumbled to himself. His heart felt a slight ache as he said to himself: “The bad thing about having one’s dantian crippled has finally revealed itself. So there’s nothing I can replace it with?”

Luo Tian’s brows were furrowed.

His way of cultivation was different from other martial artists.

His profound energy came from killing others.

Normal martial artists interacted with heaven and earth to absorb profound energy.

Now that he had arrived at an immortal sect...

His crippled dantian is unable to absorb this new type of energy, so how was he supposed to gain this immortal force?

“Lord System...”

“Can you help out and give me some clues?” Luo Tian cried out internally.

He knew it was useless crying to it.

He just felt unhappy since others could cultivate immortal force yet he was the only one that couldn't!

“Yun Ling, Yun Yi; what just happened?”

A female came over and asked the twin flowers.

There was a guy next to the girl. And by looking at the clothes these two were wearing, one could easily guess that they were lovers.

Yun Ling pouted and said softly: “Senior sister, we encountered Zhang Kuang previously.”

The girl became stunned and said: “Did he bully you?”

Yun Yi shook her head and replied: “No, but this guy is screwed because of it. He agreed to a fight on the Life and Death stage in half a month. Senior sister, what should we do? We didn't want this to happen. Do you have any solutions?”

“Him?”

“Why would he agree to get on the Life and Death stage?”

“Zhang Kuang is ranked in the top ten of all outer sect disciples and has never revealed his true strength. How can you be so reckless?” The guy was frowning before continuing: “This is a very difficult matter since Zhang Kuang isn't easy to deal with.”

Yun Ling bit her lower lip before saying: “How about my little sister and me...”

Without waiting for her to finish...

Luo Tian interrupted: “No way!”

Those two lovers also interjected: “No way!”

Chapter 407 – Team Skyfire

There was no need to imagine what Yun Ling wanted to say.

Even if he had to die on the stage, Luo Tian didn’t want Yun Ling to do such a thing!

The girl glanced over at Luo Tian with eyes full of praise.

At this time...

Zhao Chen rushed over and said: “Senior sister Yue Hua, senior brother Han Hai; he is Luo Tian, the person that can instantly heal one’s shattered bones.”

“Huh?”

“He’s the one that injured Wu Xiaoyang? The Luo Tian that instakilled the outer sect disciples that can forge, engrave arrays, heal, and tame beasts?” Yue Hua was surprised while keenly observing Luo Tian with an interested expression.

Han Hai was startled by this. “Your performance yesterday demonstrates that you’re a person with a high intellect. Yet, why would you recklessly agree to fight with Zhang Kuang?”

Luo Tian grinned before saying: "It was me that challenged him."

"Ahhh...?"

"You...!"

Yue Hua and Han Hai fell over and almost died.

They couldn't understand Luo Tian!

Immediately after...

Yue Hua said: "You're currently at the Profound Ancestor 2nd rank. Your dantian has been crippled and you are unable to master immortal force. The best course of action right now is that you leave Mount Hua Immortal Sect, but it looks like you don't want to leave. Even if you want to leave right now, I'm afraid there's no way for you to do that either. A person like Zhang Kuang will never allow you to leave alive, so he will have definitely sent someone to guard the entrance."

Han Hai added: "He's that type of despicable person that will seek revenge for the smallest grievance. Since you've displayed such intimate actions with Yun Ling and Yun Yi in front of so many people, you've made him completely enraged. There's no way you can escape unscathed now."

"How about..."

Speaking to this point...

Yue Hua and Han Hai glanced at each other.

Zhao Chen's expression underwent a drastic change while asking: "Senior brother, senior sister; you two aren't planning on exploring Dark Abyss Cave again, right?"

Yun Ling and Yun Yi's expression turned to shock as one of them said: "Last time, senior brother Hai Shan died there! We can't go there again! It's useless with our current strength, so going there means certain death. It's best that we think of another way."

"With him there this time, I believe we have a good chance."

Han Hai then said: "Zhang Kuang's power is very strong. If you want to survive on the Life and Death stage, you need an immortal grade armor. This is the only chance you can keep on living. Dark Abyss Cave will definitely have treasures. As long as you have an immortal grade armor, then the fight will no longer be a problem for you."

"En."

"Junior brother Luo; this situation was caused by the two ignorant girls Yun Ling and Yun Yi. As long as there's a chance, we will definitely help you out. Not to mention that this mission has the highest merit point payout in the whole outer sect. If we can somehow complete it, then our Team Skyfire will surpass Zhang Kuang's Team Hurricane. This kind of momentum can push him down a notch."

Team Skyfire is currently ranked second in all the outer sect teams.

It had always been pushed down by Team Hurricane.

They had never surpassed them all these years.

It annoyed Yue Hua to no ends each time they encountered Team Hurricane and saw how they strutted around proudly. But unfortunately, there was no way for her to vent it out.

There were three months left before the assessment to become inner sect disciples began.

With Yun Ling and Yun Yi's current strength, wanting to pass the assessment was still a bit difficult. Yue Hua wanted to use merit points to exchange for two inner sect disciple quotas so that she could bring them with her. She was simply too worried to leave these two in the outer sect alone.

These past years...

Those outer sect disciples didn't dare to move against the twin flowers firstly because of Zhang Kuang, and secondly because of them.

There was one other reason as well.

The number one team in merit points is rewarded with an immortal grade item!

This kind of immortal grade item may not have been born naturally, but it was forged by a Grandmaster in the inner sect with their immortal force. Its power naturally reaching an extraordinary degree!

Even if not for this...

Yue Hua wanted to vent her pent up frustration!

She hated Zhang Kuang to the bones!

Listening to all those words...

Luo Tian couldn't help asking: "High returns naturally mean that it's highly dangerous. It's not difficult for me to guess from your words that Dark Abyss Cave is a very dangerous place to explore."

"It's not just very dangerous..."

"It's extremely dangerous! My advice is that you guys don't go. And your Team Skyfire isn't the only team that has accepted this mission. Hurricane, Hades, Skyvain... many teams have accepted it. If they know that you've entered the Dark Abyss Cave, they will definitely hatch some sinister plot. It's just too dangerous for you guys." Xu Shan said in a soft tone.

He was an Elder of the Merit Hall.

So he obviously knew how many people accepted a certain mission.

This was considered a secret but he still revealed it to them. He wanted Luo Tian and the others to understand that they couldn't go to the Dark Abyss Cave.

Failing meant losing their lives.

Even if they manage to succeed, they might have to pay a heavy price for it. Who knows, there might even be several teams guarding the cave entrance since everyone wants to be the oriole eating the fatty piece of meat.

Because...

The reward for the Dark Abyss Cave was simply too high, reaching 8000 points. Just these 8000 points were enough for someone to exchange for an inner sect disciple qualification. This was also enough for a top five ranking team to rocket themselves to the first spot.

Yue Hua's expression became downcast.

She hadn't thought this deep into it.

Han Hai's brows also formed a frown as he didn't know how to proceed.

Luo Tian scratched his head and asked: "I wish to ask a question – are there demonic beasts inside the Dark Abyss Cave for us to kill?"

This was the only question he was concerned with.

This was also a question he cared most about for the remaining half a month.

The reason he came to Mount Hua Immortal Sect was due to Venerable Wu Nian's talk about the ancient battlefield. He never expected that in order to open the battlefield, it required the four region's blood and a Sky Dragon's Bead. There was no way he could gather those items for the time being. And since he couldn't enter the battlefield, then he had to find another place for him to level up.

Luo Tian was new here and unfamiliar with the territories, so there's no way he would know which locations would have demonic beasts for him to kill.

There was no need to mention any immortal grade armors because the main problem he had was finding a place to level up.

There was a life and death battle waiting for him in half a month. If he didn't level up a few times, most likely the consequences would be quite serious. After all, this place was an immortal sect so he can't just randomly transform into Devil Sovereign Xingtian, right?

This would be considered a great insult towards an orthodox immortal sect. At that time, those Elders that wanted to kick him off the mountain would have a great excuse. He would be pretty screwed if he didn't even have a chance to enter the ancient battlefield and was already kicked out of the sect.

If we looked at this from a different perspective...

Only by staying at an immortal sect will Luo Tian gain information on things the outside world didn't know about.

For example, the location of Sky Palace Divine City.

This was a SSS-rank quest! Luo Tian will definitely not sleep well his entire life if he couldn't complete it. And the dragon egg most likely needed a divine dragon's soul to help it hatch. No matter what, Luo Tian cannot get kicked off the mountain because there were too many things he needed to do.

Everyone looked at Luo Tian when he finished asking his question.

It was as if they were sizing up a monster.

“Are there flowers on my face?”

“I will become embarrassed if you guys keep staring at me like that.”

Zhao Chen was the first to respond, “That place doesn’t have demonic beasts but ghostly beasts. They are all ghostly beasts sent from hell and are stronger than demonic beasts by ten thousand times. Junior brother Luo, don’t you know about this elementary knowledge?”

“That’s right!”

“The danger we’re talking about is precisely these ghostly beasts.”

“It’s not possible to kill them all. And wanting to reach the lowest level of Dark Abyss Cave is an impossible matter.”

“...”

Everyone looked at Luo Tian with eyes full of disdain.

Luo Tian smiled.

His smile was a bit perverted mixed with happiness. He couldn’t hold back his excitement as he said:  
“What are we waiting for then? Let’s kill our way over!”

---

“Senior brother, I’ve just received news that Team Skyfire is headed towards the Dark Abyss Cave.”

Zhang Kuang's gaze turned cold while a sneer of disdain appeared on his face. "Have this piece of news sent to Team Skyvain, Team Hades, and Team Fourseas. They are not to do anything except for guarding the cave entrance."

"Understood!"

Zhang Kuang's eyes narrowed as his expression turned evil. "Yue Hua, you damn cheap hooker... You think you're qualified to fight with me? This daddy will play you to death!"

Chapter 408 – Tiger Ghostly Beast

The Dark Abyss Cave wasn't far from Mount Hua Immortal Sect.

It was actually quite close.

At a quiet nearby mountain range of Mount Hua, was a valley covered in a cold yin aura.

At the mouth of the valley.

Yue Hua stopped walking and reminded Luo Tian: "Don't do anything except for taking care of the wounded. Don't recklessly run about or else we won't even make it to the Dark Abyss Cave entrance."

"Huh?"

Luo Tian was stunned by her words. He was planning on wantonly killing everything and didn't expect that he would instead be a support priest in the back.

He has played many different video games...

Yet he wasn't used to playing the occupation of a Priest.

But he didn't say anything and only nodded, "I will listen to big sister boss."

Yue Hua giggled before looking at Zhao Chen and saying: "Old rules – you use your arrays to scout a path. Yun Ling and Yun Yi will be responsible for the ghostly beasts in the rear. Brother Hai, you and I will be the main attackers in the front!"

"Is there anything you guys don't understand?"

"If there isn't, let's enter the valley!"

-----

A team of six people.

Two main attackers, two rear support, one healer, and one tank. This type of team setup was commonly seen.

Luo Tian didn't make any comments on Yue Hua's distribution of tasks.

He actually said to himself: "Did this big sister boss transmigrate here as well? I've played many games in my past life and the group setup is almost the same as them."

Of course...

It was impossible for Yue Hua to be a transmigrator.

This was the accumulated experience from entering the Dark Abyss Cave countless times.

"Enter the valley!"

The six of them entered the valley together.

Once they entered the valley, Luo Tian immediately felt the aura of this place became different. The surrounding atmosphere turned cold, containing a thick amount of death aura. This aura of death was different from the atmosphere from Dark Mountain Corpse City. The aura of death here was much more terrifying and seemed to have a trace of immortal energy. Immortal energy related to death!"

He then thought to himself: "Could it be that all the so-called ghostly beasts have cultivated immortal energy, and then transformed the strength to immortal force?"

He didn't continue delving on this subject.

Luo Tian sent out his spiritual senses when...

Yue Hua's gaze turned serious and immediately stopped him. "Junior brother Luo, don't recklessly send out your senses. These ghostly beasts can sense it. If you do that, you will draw them all to our position so quickly pull it back."

"Huh? Okay!"

Unwillingly, Luo Tian could only listen to her words while reminding himself: "You are only here as support. You are playing a healer support class and aren't a damage dealer. Your job is only to heal people and don't let any of your teammates die."

"Here they come!"

Zhao Chen's hands started forming seals to create a mini-array. It shook for a bit before giving off some light. His countenance turned to shock as he said: "One hundred and fifty meters ahead is a ghostly beast. It has already discovered us and is currently rushing over."

The line of sight within the valley wasn't good.

It was dark and extremely foggy. For cultivators in the Profound Ancestor realm, they could see a tiny ant that was a thousand meters in front of them. But it was absolutely useless here, while they could at best see about twenty to thirty meters ahead of them.

As Zhao Chen's voice was heard...

Yue Hua and Han Hai stepped to the front.

The two of them drew out their swords and almost stabbed out at the same time.

At this moment...

That ghostly beast burst out from the fog. Its body was similar to black cast iron, giving viewers the idea that their fleshly body was extremely hard and tough. It looked very much like a tiger albeit its skin dried up looking and its whole body shrouded with an aura of death.

"Tiger Ghostly Beast!"

"A rank 3 ghostly beast! Little sister Hua, be extra careful!"

"En!"

After identifying the ghostly beast, the sword skill those two were using started moving. Han Hai then shouted: "Fluid Cloud Sword Art, a sword that impacts the clouds!"

"Fluid Cloud Sword Art!"

"Cloud chaser!"

It was the same sword skill but they used different styles.

Yue Hua was attacking from the side while Han Hai was attacking head-on. From the swordsmanship of those two, Yue Hua's attack seemed a bit more imposing. But that was just on the surface. Han Hai's attack may look simple but it actually contained a terrifying amount of power.

The cooperation of those two had reached a perfect level.

"Whoosh~!"

"Whoosh~!"

The Tiger Ghostly Beast swiped its claws with its long fangs bared. It didn't wait for the swords to arrive and directly exploded forth with a powerful energy. Black energy flames were now bursting out in all directions.

Another Tiger Ghostly Beast with the exact same looks had now separated from the main body. One was a physical body while the other was condensed from black energy. They were both just as powerful as they charged towards the two.

"Senior sister Yue Hua, watch out!"

"Yun Yi, cover!"

"En!"

Yun Ling and Yun Yi brought out their war hammers. Energy converged into their arms before their bodies exploded forth with ripples of power as they charged out.

"Boom~!"

“Roar~!”

Two sword attacks landed, but the Tiger Ghostly Beast’s false body wasn’t shattered.

Han Hai and Yue Hua both retreated several steps before glancing at each other with a frown. “I feel like it’s stronger than last time. It looks like something has happened to the Dark Abyss Cave, and maybe some treasure has been born.”

“Boom~!”

“Boom~!”

“Left Hammer, Right Hammer, Vertical Strike!”

The hammer of the twin flowers heavily smashed down.

The hammers directly struck the Tiger Ghostly Beast’s head. This was a force of 20,000 juns! Even the Tiger Ghostly Beast couldn’t handle it as its body sunk down. Its head had almost reached the ground, causing its eyes to angrily glare at the two.

“Yun Ling, Yun Yi; watch out!”

Luo Tian’s eyes widen in shock before he leaped to the front.

Yue Hua cried out: “Don’t step forward and cause a mess!”

As her voice faded...

Han Hai and her charged out once again and blocked in front of the Tiger Ghostly Beast. Their swords moved in unison and their bodies exploded forth with a momentum like immortals descending from the

heavens. The swords moved according to their will, and two brief flashes of white light shone from their swords.

Zhao Chen cried out: “Immortal force!”

“Huh?”

Luo Tian faintly shook. He realized the aura coming from Yue Hua and Han Hai was completely different now. The power coming from them was several times stronger and the energy from their swords made the beholder feel a trace of fear. Even the Tiger Ghostly Beast slightly trembled from it. Luo Tian couldn't help saying to himself: “Immortal force is truly quite strong!”

“How come I can't cultivate it?”

“Why can't I cultivate such a powerful force?!”

“I refuse to accept this!”

Luo Tian complained internally. Seeing such a powerful energy yet unable to cultivate it was a very painful thing to him.

Yun Ling and Yun Yi retreated backward.

Yue Hua and Han Hai's swords continued attacking.

“Whoosh~!”

“Boom~!”

The two swords possessed an unstoppable force as it pierced into the Tiger Ghostly Beast's body.

The Tiger Ghostly Beast painfully howled into the sky.

Its body was shaking non-stop and the black flame aura roiling about.

“You damn beast, die for me!”

Yue Hua’s brows quivered. Another stream of immortal force came out of her palm before she chopped down with her hand.

“Bang~!”

The chop directly landed on the Tiger Ghostly Beast’s head.

Han Hai followed right after. He also threw a palm strike out that was covered in immortal force.

At the same time of those palm strikes...

The two of them stored their swords and dark black blood shot out. The two of them instantly leaped away and their countenance turned pink. They were faintly gasping for air like they had depleted a large amount of energy. The two of them glared at the Tiger Ghostly Beast that was angrily rolling about on the ground.

At this moment...

“Let me do it!”

A figure dashed out. Luo Tian noticed the health bar of the Tiger Ghostly Beast was about to bottom out so he quickly charged out and smashed down with his fist.

“Ding!”

Chapter 409 – Who Said This Daddy Cannot Cultivate Immortal Force?

“It’s about to die!”

“There’s only 10,000 health left, 8000, 3000, 600...”

Luo Tian’s eyes were intently staring at the Tiger Ghostly Beast’s health bar. When there was about 100 health left, he suddenly rushed out. To the eyes of others, he was like a dumb idiot rushing out and smashing down with his fist.

The Tiger Ghostly Beast that could live for another few seconds had instantly lost its life!

Also at this time, the system gave off an alert tone.

“Ding!”

“Congratulations to player Luo Tian for killing a Tiger Ghostly Beast. You have gained 25,000 experience points, 2000 immortal energy...”

“What?!”

“The experience is quite a lot! It looks like there’s hope for me to level up again. Wait a minute, what did I just gain?”

“It wasn’t profound energy but immortal energy... oh crap!” Luo Tian’s heart was shaking and immediately opened up the system interface. He realized he didn’t hear wrongly; it wasn’t profound energy and was actually immortal energy.

This...

“Wait a minute!”

“Let me wake myself up!”

“This happiness has come too suddenly. Just a few minutes ago, I was lamenting on how I couldn’t cultivate immortal energy. I never imagined that immortal energy points would suddenly explode out now. Big sister system, this brother loves you like how mice love rice!” Luo Tian wanted to give the system a fierce kiss!

Too awesome!

Item: Immortal energy

Quantity: 2000 points

Tip: Can be fused into 20 points of immortal force. Do you wish to fuse it?

“No!”

Luo Tian denied it as his thoughts started churning. “So basically, my crippled dantian cannot absorb immortal energy and convert it into immortal force. I can only use this fusion process, but this ratio is too little at 1:100. I have 2000 immortal energy yet can only exchange it for 20 immortal force. This...”

He was a bit unhappy about this.

If Luo Tian finds out that all the other immortal sect disciples could only get 5 – 6 immortal force from 2000 points of immortal energy, he would probably bloom flowers with his smile.

Even though Luo Tian was unhappy, his expression was still one of excitement. He was so excited that he wanted to scream out: “Who the f\*ck dares to say this daddy cannot cultivate immortal force? Who? Who? Motherf\*cker, stand up if you have the guts!”

The pressure he had been feeling was all vented out.

The dark haze of emotions was swept away and Luo Tian's mood became much better. He then grinned and exclaimed: "That thing was beaten to death by me! Hahaha..."

Yun Ling and Yun Yi rolled their eyes at Luo Tian.

Yue Hua and Han Hai only faintly smiled in response.

Zhao Chen then said: "Junior brother Luo, you should go off to the side and take a break. Even if you didn't make a move, that thing would've bled to death by itself. So how did it turn out to be you that killed it?"

"Uh..."

"Fine, I can tell everyone is on edge so I was just trying to lighten up the mood." Luo Tian grinned in a foolish manner.

At this time...

Yue Hua and Han Hai sat down in place to meditate.

Seeing how the Tiger Ghostly Beast had died, their hearts also felt some relief. "Zhao Chen, watch the perimeter!"

"Understood!"

"Understood!"

Yun Ling and Yun Yi also said in response with a nod.

The faces of those two were a bit pale. Luo Tian couldn't understand why they would be so tired from just killing a single ghostly beast. With this kind of speed, how are they going to reach the Dark Abyss Cave? He then walked over to Zhao Chen and asked: "What's going on?"

Zhao Chen replied in a low voice: "Consuming a tiny bit of immortal force would always be like this for them. Senior brother and senior sister's cultivation of immortal force hasn't reached the stage of controlling it with ease yet. Immortal force is simply too powerful, so consuming just a bit of it will push their physical body into an exhausted state. Under normal circumstances, immortal sect disciples would never use immortal force unless as a last resort."

"Huh?"

Luo Tian was surprised by this and then mumbled to himself: "I wonder if I'll be like that as well."

After resting for half an hour...

The two of them seemed to have recovered.

Yue Hua looked at Luo Tian and advised him: "Junior brother Luo, don't rush out there in the future. If by chance the ghostly beast attacks you on its last breath, you will definitely lose your life."

Luo Tian replied gratefully: "Thank you, senior sister, for your care. I will pay attention to it."

Attacking on its last breath?

Luo Tian is constantly monitoring the health bar of the ghostly beast so naturally, nothing would happen to him!

"Let's continue forward. Zhao Chen, focus on avoiding any ghostly beasts. If we keep consuming our powers like this, I'm afraid we'll be dead before we even reach the Dark Abyss Cave," said Han Hai.

Yue Hua was frowning. When she looked at the dark gloomy-looking valley, she couldn't help feeling an ominous premonition in her heart. Compared to the last time they were here, the ghostly beasts were now much stronger. It would most likely be very difficult to kill them now unless they used immortal force. She was sighing heavily internally, "I hope nothing bad happens."

---

Outside the valley.

There were a total of seven people in Team Skyvain.

The team leader was Mu Changkong, who was at the Profound Ancestor 7th rank.

Mu Changkong's expression was ice-cold while a playful smile hung on his mouth. He looked at the gloomy valley and said: "Han Hai, Yue Hua: Today, this daddy will have your Team Skyfire removed from the outer sect rankings. If that's the case, then my Team Skyvain will rise to third place, heh heh..."

The top three rankings would receive rewards.

The accumulated points of Team Skyvain placed them in fourth place, so they won't be receiving any extra rewards.

The moment he heard that Team Skyfire was doing the Dark Abyss Cave mission, his heart was filled with joy. He immediately summoned his team members who rushed off right after his heels.

"An opportunity has come!"

At the same time...

Team Hades and Team Fourseas were all rushing in the direction of the Dark Abyss Valley.

They had no intention of completing the Dark Abyss Cave mission.

They clearly understood that this mission was impossible for outer sect disciples to accomplish.

Their goal was the same as Team Skyvain, which was to destroy Team Skyfire!

-----

Outer sect, Zhang Kuang's place of residence.

Zhou Feng said with a smile: "Team Hades, Fourseas, and Skyvain have entered the Dark Abyss Valley. Team Skyfire can forget about coming out of there now."

Zhang Kuang frowned and said: "Did you pass my words along?"

Zhou Feng immediately replied: "I passed all your instructions to them. Yun Ling and Yun Yi cannot encounter any accidents while the others can be killed off. For a team to have three of their team members die means that the team has been destroyed. Their name will be removed from the Merit Hall rankings."

"Great!"

"Yun Ling, Yun Yi; you two cheap sluts. Once you girls come out of there, this daddy will give you two some strong loving... heh heh..." Zhang Kuang revealed a perverted laugh as he had already lost his patience.

He had been chasing bitterly for so long yet still hadn't even touched their hands.

Yet Luo Tian had directly kissed their cheeks, which made him extremely pissed.

He will no longer act the gentlemanly way as he did before. What he wanted to do now was to use the most barbarous way to molest those two and make them moan loudly with his lower part!

Immediately after...

Zhou Feng thought of something and said: "Senior brother, that damn trash Luo Tian has joined them."

"Luo Tian!"

Flames of rage started simmering when he heard that name. That guy dared to touch his women? His gaze turned cold before saying: "Since he has to die anyway, dying now or later is basically the same thing. What qualifications does trash like him that cannot absorb immortal energy have, to compete with me?"

"Don't worry about the minor things and directly kill him."

Zhou Feng smiled evilly and said: "I will immediately go take care of it."

----

"Ahchoo~!"

"Ahchoo~!"

"Ahchoo~!"

"Damn! Sneezing three times in a row is definitely not a good thing. Who knows which bastard is scheming behind my back?" Luo Tian scolded while noticing Yue Hua and Han Hai had leaped to the side. Luo Tian then shouted: "Let that ghostly beast go and let me do it!"

Chapter 410 – Here Comes Those Courting Death

One day passed by.

Six people were in a circular formation while backed up against a large rock.

Yue Hua and Han Hai were meditating to recover their strength.

Zhao Chen, Yun Ling, and Yun Yi were cautiously watching the surrounding.

As for Luo Tian...

He was doing absolutely nothing. He was half-lying down with his ankles crossed and a long strand of grass hanging off the side of his mouth. His current looks were like the perfect definition of being relaxed. If it weren't for Yun Ling and her sister stopping him, he would be singing out loud the tune of "Little Butt..."

Not right, it should be the song "Little Apple" instead!

One full day.

Luo Tian took action each time and would steal the experience from the ghostly beast.

One must also mention...

The ghostly beasts gave him a lot of experience points, except they were just too difficult to kill. Luo Tian was secretly observing to see if they had any weaknesses. But after watching for a whole day, he couldn't find any weak spots at all.

In other words...

Their current speed was too slow.

Mainly counting on Yue Hua and Han Hai as the main attackers was not enough.

Luo Tian would many times step forward voluntarily in a courageous manner, but each time would be reprimanded by Yue Hua. He could only give up at this point.

Upon watching those two meditate to recover their strength, Luo Tian could only shake his head and say internally: "If we used this speed in the games of my previous life, I can forget about leveling up in a month. Their physical bodies obviously cannot catch up with the expenditure."

"This cannot go on!"

"Our speed is way too slow."

"There are only fourteen days left until the Life and Death stage. If I don't hurry up with making some breakthroughs, I will really die inside the dueling stage." Luo Tian calmed his mind and sat up. He walked over to Yun Ling and whispered: "I'm going to head out for a bit and will come back very quickly."

Yun Ling rolled her eyes at Luo Tian and replied: "No way!"

Luo Tian then directly said: "I have to take care of some important things."

Yun Ling then said with no room for negotiation: "What important things? It's still no to any important matters you have. Do you still not understand how dangerous this place is? Any random ghostly beast out there can casually take your life. Don't feel like you're all that just because you can block our sister's Vertical Strike. We didn't use all our strength, or else you would've turned into meat paste already, humph!"

They didn't use all their strength previously.

They were afraid Luo Tian wouldn't be able to handle it.

Those two were after all, kind-hearted in nature. No matter how angry they were, they wouldn't go about killing people.

Yun Yi had a ferocious look on her face. She stretched out her fist at Luo Tian like she was threatening him. "If you dare to randomly run about, be careful that this big sister's fist won't recognize friendlies!"

"Fine!"

Luo Tian exhaled before undoing his pants.

Yun Ling's face turned red and said: "What are you doing? If you dare to take off your pants, I, I, I will not treat you politely!"

Luo Tian replied: "I need to take a shit. Since you won't let me go, then I can only take a dump right here."

"Taking a shit is considered taking care of important things?"

"That's right! I was trying to be a bit more civilized when saying I have to take care of important things, yet you forced me to directly say 'take a shit'!"

"Go, go, quickly go! And move further away."

"Now that's more like it."

"Humph!"

"Be careful of ghostly beasts biting your butt."

Luo Tian turned around and said with a grin: "Be careful of ghostly beasts touching your boobies."

“You...”

“Bastard! Damn scoundrel!”

“Hahaha...”

-----

Luo Tian entered the gloomy atmosphere. Once he was out of Yun Ling and her sister’s sight, he immediately hid his aura. He then activated Shadewind Steps within the darkness and started leaping about, instantly landing several kilometers away.

He then sent out his senses.

His eyes widened before his body started releasing an aura burning like flames.

“Ommm~!”

The power of the Devil Flame Core was released.

Devil flames started surging out of Luo Tian’s body before it eventually covered the surrounding 500 meters radius. His eyes turned serious before he coldly harrumphed: “Everyone better get the f\*ck over here!”

“Boom~!”

“Roar~!”

“Awoo~...”

A commotion was heard inside the darkness.

In less than the time to take a breath, several ghostly beasts were standing around Luo Tian.

Luo Tian revealed a cold grin before saying: "We'll consider you guys lucky during the daytime, but your luck isn't that good during the night. Heh heh..."

"Boom~!"

An Elephant Ghostly Beast shook the earth as it charged over.

Right after that...

The several ghostly beasts in the area all charged over as well.

Luo Tian's brows furrowed as he didn't dare to be careless. He had to kill these ghostly beasts in the shortest amount of time possible before quickly heading back. Otherwise, Yun Ling and her sister will definitely go looking for him if he's gone for too long. If those two meet a dangerous situation, then the outcome will be quite miserable.

Immediately after...

Luo Tian didn't hold back and shouted: "Level 5 Berserk!"

"Nine Dragons and Elephants!"

"Deathgod Domain!"

"Activate for me!"

“Boom~!”

A dull thunderous sound was heard. Under the enhancement of the Devil Flames, Luo Tian’s speed had increased. Within the Deathgod Domain, his strength had increased. With the addition of Nine Dragons and Elephants, and then level 5 Berserk’s 32 times his base attributes tacked on, Luo Tian’s body was filled to the brim with explosive power!

When facing the Elephant Ghostly Beast trampling over, Luo Tian’s fists became palms before he shouted: “Shadow Clone, shadow shift!”

His figure instantly appeared behind the Elephant Ghostly Beast while his pair of palms struck out, “Skysoul Palms!”

“Die!”

“Boom~!”

His pair of palms smashed out and the Elephant Ghostly Beast wailed in misery. Two deep palm prints appeared on its body, but this didn’t cause its death. It actually reacted in a terrifying speed and turned around to counterattack with its head.

“Return!”

Luo Tian’s heart palpitated in shock before instantly returning to his original spot.

“The defensive properties of these ghostly beasts are a little too strong.”

“Let me try another martial skill!”

Monsters with powerful physical defense usually have a low magic defense. This was the most common setting inside video games.

The Skysoul Palms was considered a very strong physical attack. A martial skill cultivated by Devil Monarch Skysoul would naturally not be weak. It wouldn't be weak even when compared to the skills of immortal sects. But since it couldn't instantly kill the ghostly beast, it made Luo Tian extremely unhappy.

"Magma Fire!"

"Level 4!"

"Boom~..."

Luo Tian instantly changed into a magma person, just like Fleet Admiral Akainu in One Piece. His fists started moving as he once again activated level 5 Berserk. He then heavily punched out with a cry:  
"Smash it for me!"

"Boom~!"

The speed was too fast! No matter how fast the Elephant Ghostly Beast could react, the speed was still not as fast as Luo Tian's current speed.

The pair of fist directly smashed into the body of the Elephant Ghostly Beast.

Joy rose up inside Luo Tian as he said to himself: "So it does work!"

"When you're ill, go for the kill."

"Magma Fist, a hundred heavy strikes!"

"Boom~, boom~, boom~..."

A martial skill with the fire attribute – each punch was capable of causing a few thousand points in damage. Under a hundred punches, the Elephant Ghostly Beast was directly smashed to death.

“Heh heh...”

“It finally died!”

Luo Tian chuckled in excitement before saying: “I wonder if gems are part of the loot explosion from this world... If all my moves contained critical damage to it, then that would truly be super awesome.”

Of course...

Luo Tian was just fantasizing.

This place was a foreign world and not an online game, so critical damage was an impossible thing.

At this time...

Luo Tian felt a chill on his back. Looking at the corner of his eye, he realized that there was over ten ghostly beasts' presence there. He could only clench his teeth at this time.

“Golden Shield!”

“Boom~!”

His figure was smashed flying for several hundreds of meters, and multiple towering trees were knocked over from his trajectory.

“Puff~”

Luo Tian sprayed out a mouthful of blood. His eyes turned gloomy, "Your granny! All of you come at this daddy!"

Over ten ghostly beasts charged at him.

Luo Tian's fists started moving. "Magma Fist, Meteor Shower! Ten thousand punches, smash them for me!"

---

Also around the same time...

A black dagger was resting on Yun Ling's neck before a face that was like a ghost' appeared behind her shoulder. A ghastly voice then said: "Hush, don't make a sound or else you will die right here."
