Chapter 411 – I'm Going To Start A Massacre

"Bang~!"

"Bang~, bang~, bang~!"

His punches were like a volcano spraying out magma.

Amidst the darkness, the light of flames surged into the sky!

Each punch of Luo Tian's contained all his strength as he smashed out with his life on the line.

Those ghostly beasts were charging at him like crazy!

The scene was incomparably brutal as the profound energy value plummeted like crazy. The fist shadows of Luo Tian showed that he almost couldn't hold on any longer.

The crazier the ghostly beasts acted...

The crazier Luo Tian became.

"Boom~!"

"I'm going to smash you f*ckers to death!"

"If ten thousand punches aren't enough, this daddy will use a hundred thousand! You want to play war of attrition with me? This daddy can deplete the energy of all eighteen generations of your ancestors!" Luo Tian roared out fiercely. The speed of his punches increased another notch while he calculated the time in his heart.

The time he had left camp was fast approaching half an hour.

This was the maximum time that one could take a shit!

“Most likely, Yun Ling would be anxious by now and might have even gone out to look for me.”

“Damn it!”

“I have to get rid of them quickly and hurry back!”

Luo Tian became serious. He pulled back his fists and no longer attacked with Magma Fist. He leaped into the air and floated there before shouting: “Myriad Thunder Roar, strike them for me!”

Lightning attributed attack!

Thunderous storm clouds converged. And under Luo Tian’s order, lightning started bombarding the ground.

Originally...

Those ghostly beasts had been beaten by Luo Tian’s Magma Fist to the point of nearing death. Every single one of them was neither alive nor completely dead yet, so who here could resist Luo Tian’s myriad lightning strikes? There was no way they could stand it. At this moment, fresh blood splashed all over the place and even Luo Tian’s face was covered in it. It was no different from raining blood that covered Luo Tian’s entire body. He looked just like a person that had just climbed out from a pool of blood!

Those ghostly beasts were all blasted to the point of becoming the color of burnt charcoal.

“Ding!”

“Congratulations to player Luo Tian for killing a Tiger Ghostly Beast. You have gained 25,000 experience points, 2000 immortal energy...”

“Congratulations to player Luo Tian for gaining...”

“Ding!”

Dozens of alert tones sounded out.

Luo Tian was feeling quite proud, “It’s much cooler to gain experience points like this, and only through this method can my immortal energy points increase quickly. But...”

Luo Tian suddenly thought of a very important problem.

These ghostly beasts were giving him immortal energy and not profound energy. And the current him needed profound energy in order to support his usage of martial skills. If profound energy doesn’t get replenished, what on earth was he supposed to do?

Luo Tian started frowning.

He then mumbled: “It’s fortunate that I still possess a lot of medicinal pills. With the number of pills I have, it should be enough to last me for a short time. However, the problem with replenishing my profound energy needs to be solved as soon as possible or else I’ll be definitely screwed.”

“Sigh~...”

“Now, I really miss that Fan Zhangjian from the Gnome tribe. If I ever go back to the gnome territory, I will definitely take the entire demon core mountain out with me.”

When he arranged arrays in Heavenly Sword City, Luo Tian used up all his supply of attributed demon cores.

He went from a handsome wealthy tycoon to a handsome poverty-stricken wretch. This kind of feeling was really not enjoyable.

In fact...

Luo Tian could actually use the Melting Heaven Divine Cauldron to break down his unused equipment into profound energy, but he didn't do this. What he planned on doing was to hope for more items to explode forth and then fuse them all together. He could then create some type of super divine equipment which would be much more awesome in the long run.

After taking care of those ghostly beasts, Luo Tian didn't have time to find a place to wash up and just directly went back.

"Hahaha..."

"Yue Hua, you too will experience such a day."

"From today onwards, Mount Hua Immortal Sect will no longer have a Team Skyfire. Hahaha..."

"This daddy's Team Skyvain will ascend to the top three. The day of the inner sect assessment comes around; I will gain an immortal artifact. Then, I can still stand firmly once I enter the inner sect. Hahaha..." Mu Changkong was extremely excited.

He had been trailing behind them.

His fellow teammates were hiding their auras and maintained a certain distance.

After understanding the battle tactics of Team Skyfire, they directly struck when the night was the darkest.

This was a fatal blow with a single strike!

Zhao Chen had fainted off to the side. Yun Ling and Yun Yi were restrained by daggers from the members of Team Skyvain. Traces of blood could be seen from the area of their throats.

Yun Ling did scream loudly.

Except...

It was too late.

Mu Changkong directly released his immortal force. In a blink of an eye, he struck out eighteen punches and beat Han Hai to the state of nearing death.

On the other side...

The vice team leader Mu Changfeng followed up by blocking Yue Hua.

Yue Hua and Han Hai were separated, so their exquisite swordsmanship couldn't be displayed to the fullest resulting in their downfall.

After that...

The Mu brothers worked together to seriously injure Yue Hua.

Seeing those two, Mu Changkong couldn't help laughing smugly: "Junior sister Yue Hua, aren't you usually very stuck up? Isn't Team Skyfire very awesome? Now, this daddy is the awesome one, hahaha..."

Yue Hua and Han Hai had used up too much immortal force during the day so their strength had greatly diminished.

They thought that no one else would come to the Dark Abyss Valley.

They never imagined... they had been too careless.

“Senior brother Changkong, that trash Luo Tian isn’t here.”

Mu Changkong coldly harrumphed before saying: “Don’t bother with a piece of trash with a crippled dantian. A person like him dares to challenge Zhang Kuang? He must really feel like he has lived too long. Just thinking about this makes this daddy want to start laughing. Does he really think he’s very powerful since he can concoct some pills, engrave some arrays, and forge some equipment? This world is where strength dominates over one’s life and death. That piece of trash really overestimates his own strength.”

He didn’t put Luo Tian in his eyes.

He received an explicit message from Zhou Feng to kill that kid.

But...

To Mu Changkong, Luo Tian was unimportant.

Who would pay attention to a piece of trash that has a crippled dantian and can’t even cultivate immortal force?

Yue Hua’s face was pale white. She coldly stared at Mu Changkong and said: “Killing fellow sect members? Aren’t you afraid of the Elders finding out?”

“Hahaha...”

“Do you think any of you guys can escape today?”

“Just based on that terror-stricken piece of trash that’s hiding at who knows where? As long as he dares to return to Mount Hua Immortal Sect, he will be immediately killed off. He’s a person that all the inner sect Elders hate, so do you think anyone will care if he dies?” Mu Changkong had thought of everything. Even if Luo Tian manages to escape, he will still be killed once he returns to Mount Hua!

The spirit in Yue Hua’s eyes sank down another level.

Suddenly...

She heard a sound transmission.

“Senior sister, I’m back. Don’t act recklessly!”

Yue Hua’s expression faintly changed. She sent a transmission back: “Luo Tian, quickly run away! You aren’t their opponent. Quickly go back and find Elder Xu Shan and tell him everything that has happened here.”

Luo Tian replied: “Distant water cannot quench a nearby fire – there’s no use telling him. At the most, he will condemn Team Skyvain for their crimes but you guys will be all dead at that time.”

“Huh?”

“Spiritual sense sound transmission?!”

“Humph!”

“It looks like that kid is still nearby.” Mu Changkong revealed a cold sneer. His gaze turned to Yun Ling and his mouth changed to a perverted smile. He then said: “Fellow brothers, these twin flowers are simply too beautiful. I will reward them to you guys so that tonight, they will feel like they’re floating to the heavens. Hahaha...”

At a hidden location.

Luo Tian clapped his hands together and prayed: "Amitabha. Grandmaster Wu Nian, I'm apologizing first because I'm going to start a massacre!"

He couldn't hold back anymore!

Luo Tian could barely endure while at Mount Hua Immortal Sect.

Now, he was going to start a slaughter-fest!

Chapter 412 – Team Skyvain, Annihilated

Buddhist sayings?!

Bullying that has gone too far – what should you do when you can't endure anymore?

Keep enduring?

Nope, beat their mothers up!

Of course, that's just a saying and Luo Tian wouldn't actually go beat someone's mother up. What he was planning on doing was to kill everyone before him.

He promised Wu Nian that he wouldn't move against the disciples of Mount Hua Immortal Sect.

But...

After saying those words, Wu Nian was in thought for a while before saying: "If you really can't endure anymore, then you can act."

Luo Tian had endured.

He endured while in the main hall of Mount Hua Immortal Sect.

He endured while on Solitary Peak.

On the Martial Training Field, he endured the ridicules and being looked down on by everyone. He also endured when Wu Xiaoyang cheated with some sort of liquid while concocting pills.

Outside the Merit Hall, he was still holding it in.

Now, he didn't want to endure anymore.

From today onwards, he was no longer going to endure.

Seeing how Mu Changkong treated Yue Hua, Luo Tian actually understood the words he had said. Wherever you are in this world, the winner will always be the king. Whoever had the biggest fist was considered the boss. It was also the same with Mount Hua Immortal Sect if someone wanted to make changes.

In the open, they would say everyone had to be united and overcome difficulties together.

But in reality, it wouldn't be like this.

Disciples framed each other and would form their own gangs for their own selfish interests. If they encountered each other in the outside world, they would give each other a few extra kicks if they saw a fellow disciple down on the ground. And some would even have killing intent.

A sect like this required big changes.

And the person who wishes to change it must possess sufficient strength.

You don't submit?

I will beat you until you do!

Having figured out his thoughts, Luo Tian swept away all the guilt he had towards Grandmaster Wu Nian. He no longer hid and walked out from the darkness. His eyes and the rest of his face were covered in the blood of ghostly beasts. When he appeared before the crowd, some almost jumped up in fright.

Mu Changfeng started mocking without holding back: "Hahaha... this piece of trash must have been beaten up by the ghostly beasts until his whole body is filled with wounds. He had no place to run to and can only come back here. Hahaha... this daddy is going to die from laughing too much!"

The other team members of Team Skyvain started jeering in ridicule as well.

"Didn't I tell you to run away? Why did you come back?"

"Junior brother Luo, quickly escape and don't bother with us!"

"Why are you so stupid? Why did you come back? Your whole body is filled with wounds and you're covered in blood. What use is there in coming back here?"

"..."

Yun Ling and Yun Yi both had traces of tears in their eyes. The almost spoke at the same time: "Junior brother Luo, hurry up and run! Tell the Elder everything that has happened here. Even if we have to die, we won't let them have a good time living."

"Run?!"

"Where can an injured piece of trash like him run to?"

“Even if he can run, he can forget about leaving Dark Abyss Valley alive. Any random ghostly beast can easily play him to death.” Mu Changkong had an expression full of disdain. Seeing how Luo Tian had an icy look on his face, he mocked: “Hey, trash...”

Before his voice could fade...

Luo Tian’s figure suddenly disappeared.

The time it took for a spark to fall off a flint...

Luo Tian’s pair of palms containing a dense amount of devil flames struck out as he roared: “Die for me!”

“Boom~!”

Mu Changfeng’s eyes turned gloomy. He looked at his own chest and realized a portion of it was missing – it was smashed through by a pair of hands. His internal organs had been smashed into powder! His eyes looked up towards Mu Changkong while his face was incomparably pale. His lips trembled while he stammered: “Big, big, brother, brother, save...”

Before the word “me” came out...

Luo Tian’s right hand became a fist before uppercutting and smashing Mu Changfeng’s head apart. Fresh blood splattered on Luo Tian’s face, causing his expression to become even more ferocious. He then said in a gloomy manner: “The first one!”

“Changfeng!”

Mu Changkong wailed in pain. He immediately released all his powers and charged towards Luo Tian. “Damn dog thing! This daddy is going to kill you!”

The moment he charged forward...

Luo Tian's figure instantly disappeared.

"Bang~!"

"The second one!"

Another member of Team Skyvain toppled over; his death extremely miserable looking.

Luo Tian's speed was different from normal.

No one could capture his movements. He was similar to a ghostly existence, an overlord of darkness that could control the life of all living beings!

His speed and strength were different from before.

The moment Luo Tian killed Mu Changfeng, Yue Hua could clearly see what happened. She was extremely shocked to the point she couldn't speak for a while. She then said to herself: "Isn't a crippled dantian not suppose to be able to absorb immortal energy? That means the person cannot cultivate immortal force, right? He... he... how did he use immortal force then?"

"Also..."

"How come the immortal force he's releasing seems to be much stronger than ours? It's just like he is a disciple of an immortal sect for many years already. The control and usage of immortal force has already reached a level of perfection. What on earth is going on?"

She couldn't understand this!

She absolutely couldn't comprehend what was going on.

Yue Hua's eyes could no longer see Luo Tian's figure.

"Boom~!"

"The third one!"

"Die!"

Another person of Team Skyvain toppled over in a miserable fashion. His chest cavity was shattered and his internal organs smashed into powder.

"You..."

"Luo Tian, I'm going to kill you!"

"I will definitely kill you!"

Mu Changkong roared out loud as he chased after Luo Tian's figure. But he couldn't catch up. Even when he used his immortal force, he still couldn't catch up. His rage was boundless but Luo Tian didn't even bother giving him a glance.

"Boom~!"

"The fourth one!"

"Die!"

The cold voice of a death god was heard.

The surrounding temperature drastically plummeted. The legs of the two disciples who were holding onto Yun Ling and Yun Yi started shaking. Their faces turned pale while cold sweat drenched their bodies like rain. One of them stammered: "Don't come over... don't come over. I will kill her..."

Before his voice faded...

Luo Tian's figure appeared behind that person. One hand grabbed that disciple's right arm while the other became a palm strike that penetrated through his body. Luo Tian then coldly said: "The fifth one, die!"

Too terrifying!

Everything was under Luo Tian's control.

The other guy that had captured Yun Yi threw down his dagger and ran. He started screaming loudly: "Ghost! A ghost! Mommy, I wanna go home! I don't dare to anymore! Please spare my dog life!"

"Boom~!"

"The sixth one!"

"Die!"

Luo Tian didn't show any sympathy. That guy was already destined to die the moment he placed a dagger on Yun Yi's neck.

After taking care of six people...

Luo Tian turned around and walked towards Mu Changkong who wasn't that far away. His mouth was faintly curved up into a grim reaper-like smile. He then said in a gloomy manner: "You will be the seventh one!"

“Gulp~!”

Seeing the miserable deaths of his brothers, Mu Changkong’s countenance turned pale. His body subconsciously trembled while he stared at Luo Tian. “Killing fellow sect members is punishable by death. Luo Tian, Luo Tian, aren’t you scared of the sect rules of Mount Hua?”

“Sect rules?”

“How come you didn’t mention this previously?”

Luo Tian coldly smiled and said: “Using the same words that you used – if you guys all die here, who would know that it was me that killed you all?”

“Do you really think you can escape?”

“Wahahaha...”

“Go run! Let this daddy see how far you can run! Weren’t you just very arrogant back then? Piece of trash here, piece of trash there, why don’t you try saying that again?”

While saying this...

Luo Tian made a thought, activating the remainder of his immortal force. The aura from his body became terrifying as his fist punched out, “Die for me!”

“The seventh one!”

“Ding!”

Chapter 413 – Can’t Find Luo Tian

There was no hesitation.

The remaining immortal force was released all at once – what he wanted was a one-hit kill!

Mu Changkong had already touched Luo Tian's bottom line.

For those kinds of people, Luo Tian would still kill them right in front of Venerable Wu Nian's face.

These kinds of people will be of no help to Mount Hua in the future. They will only harm and scheme against fellow sect members. If Luo Tian hadn't returned in time, most likely Yue Hua, Han Hai and the rest would have died by his hands. Since this was the case, then Mu Changkong cannot be left alive.

A fist smashed out!

The fist contained a force that seemed to be unblockable!

Mu Changkong didn't have time to react and was directly smashed to death!

"Ding!"

"Congratulations to player Luo Tian for killing Mu Changkong. You have gained 50,000 experience points, 2000 immortal energy..."

"Congratulations to player Luo Tian for gaining..."

Nothing good came from the loot explosion.

Luo Tian never expected Mu Changkong to give him any good loots anyway since he wasn't a boss. He wasn't even considered an elite mob, so it was natural for nothing good to come out. It was the same even if Luo Tian had 100 points in luck.

Mu Changkong died.

Luo Tian's mind relaxed and his body crumpled down.

It was extremely uncomfortable!

Using up immortal force was just like over exhausting one's body. This power had exceeded Luo Tian's imagination since it was so strong.

This was a power that completely outmatched profound energy.

He felt extreme excitement inside his heart, but at the same time, his fleshly body couldn't bear it. Every inch of his body felt like it was completely drained. It was an extremely uncomfortable feeling. He directly sat down in a cross-legged position before bitterly smiling: "It's fortunate that these people were killed or else we will be in a sticky situation."

"Hahaha..."

"Hahaha..."

"Hahaha..."

"This is really unexpected! A piece of trash with a crippled dantian can actually cultivate immortal force! And can actually kill Mu Changkong! What an eye-opener for me today! If I hadn't witnessed this myself, I would definitely not believe it if someone told me it." Wang Sihai chuckled as he came out from the darkness.

Yue Hua's gaze turned grim before saying: "Team Fourseas, who is ranked fifth!"

None of them imagined there would be people still hiding nearby, and it was actually an entire team!

Luo Tian's expression changed.

Yun Ling supported Yue Hua up, and Yun Yi supported Luo Tian up.

Yue Hua didn't have time to be shocked. Her heart that was just feeling relaxed suddenly tightened up. She looked at Wang Sihai and said: "Senior brother Sihai, you wouldn't be here to get rid of my Team Skyfire as well, right?"

Wang Sihai's mouth formed a grin as he replied: "What do you think? Team Skyvain was annihilated so my Team Fourseas has risen by a rank. Once your Team Skyfire is gone, my Team Fourseas will rise to the third rank. An immortal grade item is an incredible treasure, something everyone wants. You want it, I also want it, therefore... heh heh..."

Wang Sihai made a signal with his eye. Six disciples behind him then charged out in unison and surrounded everyone.

When Wang Sihai looked at the miserable corpse of Mu Changkong, his countenance turned cold as he said with disdain: "Mu Changkong, oh Mu Changkong, you took action when you didn't even ascertain your opponent's strength. For a person like you to die is a very normal thing."

Luo Tian clenched his teeth and held back the pain that was wracking his body. He let go of Yun Yi's hand and took a step forward before saying with a cold smile: "Do you think you're very smart? If I were you, I would immediately leave this place and let everything you've seen here rot inside that stomach of yours."

"I'm not that smart."

"But one thing I'm very clear on is that you and the others have exhausted your immortal force. In order to stand up, you are practically clenching your teeth and holding on with your last ounce of strength." Wang Sihai said this with a sneer while pointing at Luo Tian, Yue Hua, and then finally at Han Hai who was still unconscious.

Exhausting one's immortal force.

Anyone that cultivated immortal force understood how painful this feeling was.

Seeing how Luo Tian slaughtered Team Skyvain, Wang Sihai had thoughts of retreating. But once he saw Luo Tian topple to the ground, his eyes changed while thinking to himself: "Here's my chance!"

"Really?"

"You need to think carefully about this."

"I don't want to kill you guys but if you really force me to, then don't blame me for being impolite." Luo Tian's tone of voice turned ice cold. The devil flames from his body started surging out, making him look extremely ferocious in the dark night.

Yue Hua frowned and said: "Sihai, you need to think this through carefully. If we really do fight and you aren't able to kill me, the next time we meet will be the day of your death."

"Yoh oh?"

"I'm so scared."

"Junior sister Yue Hua, your explosive temper still hasn't changed. But I like it! The whole outer sect thinks Yun Ling and Yun Yi, the twin flowers are the most charming. But in the eyes of I, Wang Sihai, you are actually the most charming little hot pepper. There are many moments that I wish I could just throw you onto the bed and give you a good time, hahaha..." Wang Sihai started laughing perversely.

The members of Team Fourseas also started laughing.

"Senior brother, you have a good opportunity today."

"Senior, you should leave the twin flowers to us then. Heh heh..."

“Big brother is so mighty!”

At this time, Wang Sihai felt there was no need to hide anymore because these people were already dead in his eyes.

Yun Ling and Yun Yi were so angry that their bodies started shaking.

Yue Hua’s face started turning pale.

Han Hai, who had just woken up from the ground heard those last few words. He clenched his fists before struggling to stand up.

Wang Sihai didn’t give him a chance to stand up and immediately kicked out. “You should just keep lying down on the ground for me. In just a bit, I will broaden your horizons on how I will intimately love your junior sister Yue Hua. Wahahaha...”

Han Hai’s rage had reached the extreme. His eyes were bloodshot as he yelled at Wang Sihai: “If you dare to touch a single hair on her, I will make it that you can’t even become a ghost after death!”

“Oh?”

“Han Hai, why are you torturing yourself over a piece of junk that Zhang Kuang tossed aside from boredom?”

“She’s just a cheap slut. Han Hai, don’t tell me you still haven’t tasted her? I heard Zhang Kuang say that her bed techniques are quite extraordinary. Hahaha...” Wang Sihai started laughing in ridicule.

This was the past that Han Hai didn’t want to remember.

It was also the most hateful and painful point of time for Yue Hua.

Hearing those words, Yue Hua's face had become even whiter than a sheet of paper.

Han Hai was so angry that he sprayed out a mouthful of blood. His persona then seemed to have stepped onto the edge of madness as he started circulating the last bit of immortal force inside him. His expression became extremely gloomy as he glared at Wang Sihai filled with endless killing intent.

Wang Sihai wasn't afraid and actually smiled even more. He then pointed at Han Hai's nose and scolded: "You damn King of Green Hats 1, I've got to hand it to you. Everyone in the outer sect knows Yue Hua is just used goods, yet you... hahaha..."

"Don't worry; when I finish playing today, I will let my brothers enjoy her as well."

"I will do it right in front of you so that you will truly know she is nothing but used goods. Hahaha..."

"Fellow brothers!"

"Get ready..."

Suddenly...

Wang Sihai realized there seem to be a person missing.

A disciple ran up from behind him. His eyes were observing the surrounding before saying: "Senior brother, we can't find Luo Tian."

At this moment...

Killing intent started spreading out. It was even thicker and stronger than the previous killing intent!

Chapter 414 – I'm Sorry, I Went Off To Level Up

It was very uncomfortable when someone exhausts their immortal force.

Luo Tian had indeed used up all his immortal force.

But...

He had killed seven people in a row and gained over ten thousand immortal energy points. The moment that Wang Sihai appeared, he instantly knew they were in a bad situation.

Right after...

He immediately fused the ten thousand plus immortal energy and created a hundred plus points of immortal force.

He briefly glanced at his experience points.

His heart started beating a bit quicker. When Wang Sihai wasn't paying attention, he activated Shadow Clone that had just finished its cool-down period and disappeared off into the darkness.

"Humph!"

"Don't worry about that piece of trash kid, this daddy refuses to believe he can create any waves. Old Five, Old Six, you two are responsible for the perimeter. Once I finish enjoying myself, it will be you guy's turn to enjoy yourselves!" shouted Wang Sihai as he almost couldn't wait any longer. He then started walking towards Yue Hua with a perverted smile plastered on his face.

The crotch area of his pants was already in the shape of a tent as he said with a perverted smile: "Little cheap slut, here comes this grandpa! Hahaha..."

But then he said to Han Hai: "Han Hai, since you're already the King of Green Hats, it doesn't matter if you wear one more, right? Just wait a bit and I will let you two die together. So at least when you're

both in hell, you can keep each other company as lovers. People will no longer know that she's just used goods, hahaha..."

"Senior brother!"

"You should reward them to the two of us."

"No way!"

"Those two are people senior brother Zhang Kuang wants. Do you know what the consequences will be if you make any reckless moves?"

"Hmmm..."

Wang Sihai suddenly had a perverted and enthusiastic smile as he said: "But touching a bit should be fine, hahaha..."

"Vile beast!"

"Hand over your life!"

Yun Ling and Yun Yi were enraged to the max as their left and right hammers instantly struck out. It contained powerful lightning energy and also a trace of immortal force. Even though it was very weak, it was all the immortal force they could currently muster.

Those two haven't been with Mount Hua Immortal Sect for that long.

Being able to sense immortal energy in such a short time already showed they were powerful individuals. And being able to cultivate immortal energy into immortal force was even more outstanding.

But...

When compared to the disciples next to Wang Sihai who had cultivated at Mount Hua Immortal Sect for many years already, this little bit of immortal force was really lacking.

“Hahaha...”

“Two little hot peppers, just this little bit of immortal force isn’t enough to scratch an itch on this daddy.”

“You guys, take a good look at their twin peaks. Look at them shaking! It’s so big and so fierce! Old Three, you take the left while I take the right.”

“No problem, hahaha...”

Without allowing Yun Ling and Yun Yi to get close, Old Two and Old Three of Team Fourseas charged out and blocked the two.

Also around this time...

Yue Hua’s face was turning pale from fright. When she recalled her traumatic past, her body couldn’t help start trembling. She no longer had any attack power left. Her hands were supporting her body on the ground while she started retreating, and her gaze contained a sense of endless fear. She was stammering: “Don’t come over, don’t come over, don’t come over...”

“Brother Hai!”

“Brother Hai, save me! Save me...!”

She was extremely scared.

Her strength was considered not bad. Even though she was injured and her immortal force exhausted, she shouldn't be scared to this point.

But...

She was still a woman. And after experiencing such a trauma, it can be considered the darkest time she has ever encountered in her entire life. She used an entire year's time in order to escape from this nightmare of hers. She originally thought the nightmare was sealed deep inside her heart, a place where no one could reach. But from the looks of it, she was wrong and this experience was something she could never get away from.

At this time...

Yue Hua felt a gloomy chill enter her body. She was extremely afraid as she cried out: "Brother Hai! Save, save, save me!"

Wang Sihai had a ferocious and perverted face right now. He had already taken off a portion of his clothes and revealed his large potbelly. His drool almost came out as he said with a perverted look: "Little beauty, no one can save you. You should just obediently lie on the ground and enjoy yourself, hahaha..."

On the side where Han Hai was at.

His whole body was scarlet red as he released all his remaining powers.

He had entered a state where one would consider the edge of cultivation deviation!

Cultivating immortal energy and devil arts were the same.

When applied correctly, the cultivator will derive great benefits from it. But if the application was done badly, immortal force can be counterproductive to one's fleshly body, mind, sea of consciousness, and possibly even the soul.

Seeing Yue Hua in this state, Han Hai's mind seemed to have entered the devil's path.

A thick killing intent surged out of Han Hai before he transformed into a scarlet red light charging towards Wang Sihai. He then screamed mournfully: "I'm going to kill you!"

"Heh heh..."

"Old Four, go stop him."

"Understood!"

Almost instantly...

A disciple blocked Han Hai and said with an amused expression: "Senior brother Han Hai, you really shouldn't be bothering them. It's also quite enjoyable if you just stand to the side and watch the show, hahaha..."

"Boom~!"

The powers of those two collided together.

Han Hai was forced back several steps while the other disciple was forced back ten-plus steps. But that disciple instantly blocked in front of Han Hai again.

At this time...

Zhao Chen slowly woke up.

Without giving him a chance to stand up, Old Seven stepped step and directly stomped on Zhao Chen's head. He then fiercely spat out a glob of phlegm and said with disdain: "Just lie there quietly for this daddy!"

“Bang~!”

Despair.

Utter despair!

Yun Ling and Yun Yi were blocked and forced to step back. Wang Sihai’s team members, Old Two and Old Three, were deliberately playing with those two. Portions of their clothes were ripped which revealed their snow-white skin. When those two girls saw how much Yue Hua was shaking, a sense of anxiety flooded their hearts.

The more anxious they were, the more they became distracted and unable to take on their opponents.

Even though Han Hai was forcing his way forward step by step, his speed was still too slow.

He would take one step forward and would be blocked. Another step forward and be blocked again. Old Five and Old Six weren’t watching the perimeter anymore and were joining up with Old Four to block Han Hai.

“Hahaha...”

Wang Sihai started laughing perversely. “I already told you that no one will be able to save you. You should just obediently cooperate with me, hahaha...”

While saying this...

Wang Sihai had taken off his pants.

Out of his whole body, the only clothing left was his underwear. His underwear was already pointedly stretched out like it was giving off a momentum it was going burst out at any moment.

Yue Hua's body felt like it was getting colder and colder. Seeing how Han Hai and the twin sisters were blocked, and seeing how Zhao Chen's head was pressed into the mud and couldn't even get up, she had completely lost hope. Her eyes stared at the dark night sky, "Save me... heavens, please save me."

"It's no use calling out to the heavens."

"There's also no use even if you call out to your ancestors."

"No one can save you. If you obediently let me enjoy myself, I will leave you a whole intact corpse. Hahaha..." Wang Sihai strode over and was only half a meter away from Yue Hua. His eyes were glowing and his expression excited to the max.

Suddenly...

Yue Hua shouted: "Luo Tian, save me!"

The last life-saving straw in her heart!

Luo Tian could instantly kill Mu Changkong, which caused her to be extremely shocked. It was just that she didn't have time to adjust to the shock and Wang Sihai had already appeared.

Now when she thought about it...

Luo Tian wasn't ordinary. She then screamed out hysterically: "Luo Tian, save me!"

"Boom~!"

Not too far away...

A thunderous sound was suddenly heard. A huge ghostly beast had been smashed flying before heavily landing nearby Wang Sihai's location.

On top of the corpse of that ghostly beast stood a person.

A person that didn't seem to be exhausted from overusing his immortal force!

It was Luo Tian!

Luo Tian faintly chuckled. His light laughter contained rage and extremely strong killing intent from a grim reaper. "I'm sorry; I went off to level up!"

Chapter 415 – Kill Him And I Will Be Yours

Exhausting one's immortal force?

The fleshly body cannot handle it and will collapse?

These weren't considered big problems for him!

As long as he levels up, everything will recover by itself.

It was the same with immortal force!

This was the same concept of profound energy. As long as you level up, all the attributes will recover. Your immortal force at the previous level was at 500 points. After using it all, leveling up would make your immortal force recover to 500 points or more.

This was a constant rolling snowball.

This is the power of the system!

While standing on top of the ghostly beast corpse, Luo Tian looked like he was above all and staring down at the world. His mouth curved into a smile before saying at Yue Hua: "Big boss sister, I'm sorry for being late.'

Everyone was dumbstruck.

They were completely shocked by Luo Tian.

Everyone had stopped their actions to stare at Luo Tian.

Tears swirled in Yun Ling and Yun Yi's eyes before they started crying. For some unknown reason, their hearts became relaxed. When they saw Luo Tian, it was as if everything would be fine with him around, even if the sky was falling down.

Han Hai was still enraged as he stepped on the border of cultivation deviation.

Zhao Chen used all his strength to raise his head up to look at Luo Tian.

A trace of hope seemed to appear in everyone's heart as if they had just grasped a life-saving straw.

However...

When Wang Sihai recovered from his shock, he revealed a sneer of disdain and said: "Here I was wondering who it was, so it's actually the piece of trash with a crippled dantian. What? You want to scare us with a corpse of some random ghostly beast?"

"With your cultivation level, do you think you could kill a ghostly beast by yourself?"

"I wouldn't believe it even if I was beaten to death!"

Luo Tian looked up at the sky and inhaled deeply before saying: “Grandmaster Wu Nian; I really don’t want to kill anyone but people seem to enjoy acting despicably in front of me and keep touching my bottom line. Therefore, I can only sincerely apologize to you!”

As his voice faded...

Luo Tian’s figure suddenly disappeared.

His speed was like a ghost where no one could see his figure as it moved through the darkness. Even his aura couldn’t be detected by others.

He wasn’t hiding but rather, his speed was simply too fast.

“The first one!”

“Die for me!”

“Boom~!”

As Luo Tian’s voice was heard, Team Foursea’s Old Four was lying in a pool of blood. His eyes were bulged out and his face showed he didn’t even know how he had died. In the area around his heart was an imprint of a fist that had directly shattered his internal organs. This was an instant kill!

The system gave off an alert.

“Ding!”

Luo Tian didn’t bother with it as his speed accelerated once again.

“Bang~!”

“The second one!”

“Die!”

Old Seven, who was stepping on Zhao Chen, had died. It was a miserable death where he didn't even know how he died either. His eyes were popped out staring at a certain area while his expression was filled with shock.

“Quick! Quick!”

“Everyone group together!”

“Old Two, Old Three, get in a defensive formation!”

“Old Five, Old Six; send out your senses! Use your strongest powers to find that damn trash's location!” Wang Sihai's expression turned grim. He wasn't Mu Changkong who waited for all his brothers to die before he finally reacted.

At this moment...

He made a prompt decision to immediately have everyone group up together. Even if Luo Tian attempted another sneak attack, the moment his figure was revealed was the moment he dies!

The members of Team Fourseas quickly clustered together.

Yun Ling and Yun Yi quickly ran over to support Yue Hua up. “It's okay now senior sister! Everything's okay! Junior brother Luo has come, so everything will be fine.”

While saying this...

Yun Ling took off her outerwear and put it on Yue Hua who was still shaking. After holding onto her, the twins truly saw how afraid she looked and felt very upset about it.

Yun Yi then said: "Junior brother Luo, they all have to die."

"Do not let a single one of them off."

"They all deserve death for scaring senior sister to this degree. If you can kill them all, I shall be yours!"

Yun Yi didn't think it over and directly said this out loud.

Because she really hated these people.

Han Hai's countenance had recovered a bit. His eyes glared at Wang Sihai in a gloomy manner while he walked towards him one step at a time.

Wang Sihai wasn't scared. His expression showed that he was calm, while his mouth showed a playful smile. He then said to Han Hai: "King of Green Hats; from that look on your face, it looks like you wish to kill me? I might be afraid if it was back then, but based on your current strength... heh heh..."

"Old Six, kill him!"

"Old Five, stay alert."

"Understood!"

Old Six lowered his palms and released his immortal force with a gloomy smile. He then shouted to release a powerful martial skill before stabbing towards Han Hai's mingmen meridian point (waist area).

Han Hai didn't stop walking.

His gaze was still focused on Wang Sihai and never shifted away from him.

He didn't glance at Old Six's attack and directly ignored it.

In his heart, there was only one target – Wang Sihai!

There was only one thought in his heart, and that was to kill him!

His thought didn't waver. He was similar to someone possessed by a demon that ignored everything but his target.

When Zhang Kuang violated Yue Hua, he wasn't present. He hated himself all this time for not being there and being unable to change the outcome.

Today, something like that had happened once again.

This actually happened in front of his face. The pain he felt inside his heart cannot be described with words. The hate inside his heart had made him lose his sanity. He wanted to kill people; he wanted to rip Wang Sihai into pieces!

“Die for me!”

Old Six shuttled through the air. His sword that contained a powerful force accurately pierced towards Han Hai's mingmen meridian point. Seeing how Han Hai didn't have any defense up and didn't show any signs of dodging, his heart started feeling joy. Being able to kill Han Hai was something he could be proud of and show off to others.

However...

When his sword was just half a centimeter away from Han Hai's mingmen area, it stopped.

No matter how much strength he used, he couldn't continue piercing forward. It was as if some type of force was directly blocking it.

"Die!"

Suddenly...

A voice like it came from the gloomy depths of hell was heard by him.

A ferocious-looking expression appeared near his right hand as it was frozen by some type of force. He wasn't able to move at all, which was the reason he couldn't continue piercing forward.

Luo Tian's right hand pulled down while his left shoulder heavily slammed forward.

"Bang~!"

Old Six felt an intense pain in his chest before staggering backward.

Luo Tian didn't allow him to stabilize himself as his figure had already appeared behind him. Luo Tian's fists turned to palms as he shouted: "Skysoul Palms, shatter for me!"

"Boom~!"

Skysoul Palms containing immortal force smashed forth, and Old Six was directly shattered into powder. A breeze blew by and the residue of his body scattered to the ground. Even the cost of cremation was saved now.

"The third one!"

“Die!”

His voice was ice cold. The moment his voice faded, Luo Tian once again disappeared.

At this time...

He appeared right at the side of Han Hai. As he looked at the four remaining members of Team Fourseas, his eyes only saw them as experience points and immortal energy points!

Another instant kill.

Wang Sihai was panicking. One hand grabbed Old Two and the other hand grabbed Old Three. He then tossed them over and shouted: “Old Two, Old Three; I’m counting on you guys!”

Immediately after...

Another kick knocked Old Five to the front.

Wang Sihai then started escaping frantically.

He ran off like crazy while only wearing his underwear.

Luo Tian’s gaze turned cold before sneering: “Is that what you call brotherhood?”

Luo Tian was repulsed by Wang Sihai’s actions. Just when he was about to chase after him, Han Hai’s gaze turned cold before saying: “His life belongs to me. Luo Tian, just take care of them...”

Chapter 416 – Luo Tian Enraged To The Max!

Han Hai’s tone was very serious.

As he said this, his gaze briefly glanced over at Yue Hua who was still shaking. He clenched his fists and charged out like a crazy demon. Han Hai then screamed out in rage: "Wang Sihai, hand your life over!"

From the look of his eyes, Luo Tian could see that Han Hai was determined to kill even if he had to forfeit his own life.

Luo Tian didn't stop him.

There were some matters men had to do themselves.

They couldn't back down even if they had to die for it!

Luo Tian didn't stop him or have a reason to stop him. If he was in Han Hai's place, he would be doing the same thing as well.

Also at this time...

Old Two, Old Three, and Old Five who were pushed out to defend tried to block Han Hai. But the moment they started to act, Luo Tian forced them away with a triple roundhouse kick. He then said to the three of them: "Your opponent is me."

These three weren't easy to deal with.

They were, of course, angry for being abandoned by Wang Sihai but they didn't lose their combat powers due to that.

The three of them glanced at one another before getting closer to each other.

Old Two reminded: "He is a single person by himself. When he dealt with Old Seven, Old Six and the rest, he should've used up a lot of immortal force. He should be entering an exhausted state very soon and will no longer be our opponent."

Old Three nodded and said: "What Second brother said is right. Once we kill this trash, behind us are three little white beauties. There'll be one for each of us, hahaha..."

Old Five's expression showed that he was inspired by those words.

Luo Tian's gaze turned fierce. He didn't immediately make a move because dealing with people like them required him to use the cruelest methods possible. He then said with a sneer: "It's too easy for me to kill you guys, but I want to give you guys a chance to keep your lives."

"Out of the three of you, only one is qualified to keep their life. As for who that will be, that will all depend on your own abilities."

Luo Tian smiled.

The three glanced at each other before Old Two shouted: "Luo Tian, you can forget about trying to sow discord amongst us! We are brothers that have gone through many years of life and death..."

Before he could finish his sentence...

Old Three and Old Five acted at the same time. A sneak attack consisting of one palm and one punch struck out.

"Bang~!"

Old Two's figure was smashed flying and his face turned pale white.

Luo Tian coldly smiled because he already knew this would happen. There's an idiom that says if an upper beam isn't straight, then the lower beams will also be crooked. Since Wang Sihai was capable of abandoning these brothers of his that have gone through many years of life and death experiences with, then his subordinates were also people capable of such an act.

Except...

Luo Tian didn't imagine their reaction would be so quick.

Old Two suffered a serious injury.

Old Three and Old Five instantly leaped away from each other.

Old Three was the first to point at Old Five and say: "Fifth brother, you are truly ruthless. You actually made a move against Second brother."

Old Five was unwilling to fall behind as he said: "Third brother, likewise to you. It seems like the strength you used was much stronger than mine. Second brother; when you die and become a ghost, the first person you need to look for is Third brother. He has done quite a few acts that have wronged you. Second sister-in-law was Third brother who..."

"Old Five!"

"You are courting death...!" Old Three's expression turned to anger.

Old Five quickly leaped away. He couldn't compare to Old Three when it came to cultivation and immortal force. But when it came to schemes, Old Three was lagging far behind. The words previously were all just made up by him.

Old Two suffered a serious injury but it wasn't fatal.

Hearing Old Five's words, he almost stood back up at an instant. His fists were clenched tightly and contained a strong amount of immortal force. He then roared out: "Old Three, I'm gonna kill you!"

"Second brother, don't listen to his nonsense!" Old Three's expression turned to one of panic.

Old Five started adding oil to the flames, "Third brother said that when he was enjoying himself on the bed with Second sister-in-law, they tried all eighteen different postures. Even eldest brother knows

about this while you're the only one still in the dark. Second brother, even I start to feel some sorrow on your behalf."

Old Two was even angrier at this point.

Luo Tian looked over at Old Five and secretly said to himself: "Oh crap, this guy is talented!"

For the time being...

Old Two attacked with his life on the line while Old Three could only desperately defend. This wasn't the time to talk anymore. Since they've shed all pretenses of cordiality, there was no longer any need to hold back. They could only use their most powerful attacks to fight it out.

Moreover...

Old Three wasn't an idiot. While he was fighting, he directly pulled Old Five into the battle as well.

There was no way for Old Five to leave the battle even if he wanted to.

For the time being, three dogs were basically biting each other.

Luo Tian was standing off to the side and watching the show. His eyes were staring unblinkingly at the health bar above their heads. Seeing that there wasn't much left, his mouth formed a sneer as he was about to make his move. He then said playfully: "My apologies but I was just joking with you guys. I only wanted to test the bond of your brotherhood but didn't expect you guys to have that type of relationship. It can be considered that I, Luo Tian's experience have been broadened by this. Hahaha..."

"Luo Tian!"

"You damn despicable scoundrel!"

“You will die a miserable death!

“My fellow brothers, let’s attack and kill him together!”

They dare to act arrogant when they’ve reached the end of the rope?

Luo Tian didn’t even bother to use immortal force. Just like cutting up cabbage, he instantly killed the three of them.

The system gave off three alert tones.

“Ding!”

“Ding!”

Unfortunately, nothing good came from the loot explosion.

But what Luo Tian needed the most right now was immortal force and undefeated points.

Ever since he came to Mount Hua Immortal Sect, Luo Tian realized the importance of bloodlines. He also understood why the entire continent was focused on Murong Wanjian’s true dragon bloodline. Therefore, he had to quickly fuse the four divine beast bloodlines together!

After taking care of them...

Luo Tian turned around and came close to Yue Hua. He then said in a caring tone: “Senior sister, everything is fine now.”

While saying this...

Luo Tian cast several Healing Arts on her.

Yue Hua's pain and injuries gradually decreased, except she was still shaking subconsciously. Her eyes still show extreme fear while she held onto Yun Ling like a scared little child. Seeing this made Luo Tian's heart ache.

Tears were still gushing out from Yun Ling and Yun Yi.

"Boom~!"

"Boom~!"

Suddenly...

A series of explosion sounds were heard not too far away.

Luo Tian's mind tightened as he felt Han Hai may have encountered trouble.

Luo Tian sighed internally before a trace of raging flames ignited unknowingly. How did people find them the moment they entered Dark Abyss Valley? And why would two teams hunt them down and try to kill them off? What is actually going on?

There's definitely someone who found out their whereabouts and then released this piece of news.

Who was it?!

"Bang~, bang~..."

A few minutes later, the sound of heavy footsteps was heard from the darkness.

Han Hai was covered in blood while his hand held a bloodied head.

The head of Wang Sihai!

Seeing the current appearance of Han Hai, Yue Hua's body finally came to a stop before she stammered: "Brother Hai!"

Han Hai faintly smiled in response and said: "Little sister Hua, I killed him. Wait for me in the next life. I will definitely not let you suffer any bit of harm..."

His voice became weak.

Luo Tian instantly charged over. He cast several Healing Arts on him but it was useless.

Han Hai's voice was extremely weak as he said: "It's no use. I exploded forth with all my immortal force and my internals have already turned to mush. Luo Tian, help, help, help me take good care of them..."

Luo Tian nodded seriously. It was extremely uncomfortable as he felt like his heart was being squeezed.

Han Hai faintly smiled and said: "Thank you. You cannot go on the Life and Death stage with Zhang Kuang. You definitely cannot. Wang Sihai and the others were sent by him. His strength has already reached the Profound Venerate realm and the immortal force he controls is already above the outer sect Elders. You definitely cannot go up on..."

He died!

Luo Tian was clenching his teeth so hard that cracking sounds were heard.

At this moment...

Yue Hua's expression was very calm. She brought out a dagger and directly made a long cut on her face...

"Zhang Kuang!!!"

Luo Tian was enraged to the max!

Chapter 417 – The Insane Luo Tian

Han Hai died!

Yue Hua's heart also died.

She fiercely sliced up her beautiful face. Blood continued dripping out. Luo Tian wanted to help heal her but she refused it.

"Yue Hua has already died!"

"I am no longer Yue Hua; I am now Han Hua!"

Her voice was very cold.

It was similar to a little child who was suddenly forced to mature.

Her personality underwent a huge change.

She was cold, numb to her surroundings, and her eyes contained thick killing intent.

All of this...

Was caused by Zhang Kuang!

If it wasn't because of him, she wouldn't have been violated. If it wasn't because of him, it would be impossible for Wang Sihai to know they had come to Dark Abyss Valley. If it wasn't because of him, she would still be a cute, emotionally weak but kind girl.

When Luo Tian looked at her, the rage inside his heart had already reached a state where it couldn't be held back. He kept clenching his fists on and off!

"Junior brother Luo."

"Team Skyfire was established by brother Hai alone. His goal was to surpass Zhang Kuang's Team Hurricane in merit points. Since he has left, you will be the new team leader of Team Skyfire. It will all depend on you on whether we can surpass Team Hurricane or not." Han Hua said this in a calm voice.

Yun Ling and Yun Yi stopped crying and looked at Luo Tian.

Zhao Chen also walked over to look at Luo Tian.

Luo Tian didn't hesitate or decline the position. He nodded and said: "I will keep walking this path while carrying senior brother Han Hai's will. This, I promise with my own life. I will definitely have Team Skyfire stand at the peak of Mount Hua Immortal Sect. Not just the outer sect but the inner sect as well! I will definitely accomplish it!"

Han Hai will not die in vain!

The humiliation Yue Hua has suffered will not be forgiven so easily.

Luo Tian then said fiercely to himself: "Zhang Kuang, you think you're so awesome, huh? You love playing with schemes and conspiracy, huh? Just wait for this daddy. I will definitely let you die like a dead dog on the Life and Death stage!"

Afterward...

The group found a spot and buried Han Hai.

“I will now be the main attacker.”

“Senior sister Han Hua will be the support attacker; Yun Ling and Yun Yi will watch the perimeter. Senior brother Zhao will act as the scout and the tank. I will teach you an array in a bit that can block a single attack from a ghostly beast.” Luo Tian explained in a neither fast nor slow manner.

Everyone looked at him.

Luo Tian then said: “Senior brother Han Hai’s goal was becoming number one out of all the teams. At the same time, his goal was to surpass Zhang Kuang. We cannot let him die in vain. The mission in the Dark Abyss Cave must be completed, and we have to fiercely suppress Team Hurricane. Only then can we make them unable to raise their heads!”

Mount Hua Immortal Sect, outer sect.

Zhou Feng had an irritated expression on his face because he received a piece of news by Team Hades. The two teams, Skyvain and Fourseas had been annihilated without a single survivor.

He then notified Zhang Kuang of this matter.

Zhang Kuang’s expression didn’t change. His eyes faintly narrowed as he said: “Yue Hua; I didn’t expect a slut like you to still have some abilities. Back then, I should’ve fiercely ravaged you a few extra days. I cannot help but think of you once I recall those days. If you manage to come back from the Dark Abyss Cave this time, I will definitely have to give you a heavy dose of love!”

Zhou Feng then said: "Senior brother, Team Hades is still waiting for your next command. Should they continue or should they withdraw? They are somewhat afraid right now and their words seem to express their unwillingness to continue on."

"Garbage!"

"A bunch of useless garbage!"

Zhang Kuang coldly harrumphed before saying: "They can do whatever they want!"

Zhang Kuang's tone changed as he continued saying: "But tell Ming Wang that I can make his team rise up, I can also make his team disappear. Within the outer sect, there is not a single team that's capable of fighting me. Have him think things through carefully."

Zhou Feng smiled excitedly and replied: "Understood!"

He then quickly withdrew from the area.

Zhang Kuang looked through the window up at the night sky. His eyes faintly widened and a powerful immortal force surged out of his palm forming a sphere the size of a basketball. It kept on compressing and expanding, similar to countless demons struggling to charge out.

"Whoosh~..."

Zhang Kuang's flipped his right hand and directly pulled the immortal force back inside his body.

His ability in controlling immortal force had already reached the point of bending to his will!

"Humph!"

Zhang Kuang coldly harrumphed. His eyes flashed and endless killing intent surged out from him. His expression was fierce like a ghost as he coldly exclaimed: "I really want to see what you guys are going to use to fight with me. You can all wait to die!"

"Senior sister; the right side!"

"Attack the black spot right below its forehead."

"Nice!"

Luo Tian instantly attacked right after and killed the seriously injured ghostly beast.

"Bang~!"

"Ding!"

"Congratulations to player Luo Tian for killing an Iron Armor Ghostly Beast. You have gained 30,000 experience points, 3000 immortal energy..."

"..."

Luo Tian pulled back his fist and shouted: "Let's continue!"

An entire night went by.

Luo Tian was killing like crazy.

Han Hua was acting the same and was even crazier than Luo Tian. Each time she would use up all of her immortal force. There were several times that she didn't even take a break. Her whole persona seemed to have transformed into a thousand year old iceberg that rarely spoke.

But...

Her heart was starting to admire Luo Tian more and more.

Luo Tian always managed to find the quickest way to kill a ghostly beast. And Luo Tian taught her something that even her master couldn't teach – how to control immortal force.

This type of power wasn't something one can control easily just because they wanted to.

Luo Tian gradually mastered it after doing continuous research on it.

Immortal force was just a type of energy that was stronger than profound energy. In order to control it easily, one had to fuse their spiritual senses together with it. One must make it into another part of their own body, and only then will the user be able to control it freely.

Apart from this...

Luo Tian had Yun Ling, Yun Yi, and Zhao Chen forgo watching the perimeter and just cultivate in the Dark Abyss Valley.

He felt that these ghostly beasts became so strong because the immortal energy here was more abundant than other places. It was due to this that the fleshly bodies of these ghostly beasts could become so tough and their attacks so powerful.

“Senior sister, you should take a break.”

“Let me handle the rest.”

Luo Tian took a step forward and blocked in front of Han Hua. He then faced four ghostly beasts that had appeared together. Luo Tian fiercely smiled and shouted: "Grandsons, your grandpa is right here so come bite me!"

After saying that...

He directly charged forward.

He pulled back his aura.

He then pulled back his powers.

Han Hua's expression showed shock as she couldn't understand what Luo Tian was trying to do. But she didn't stop him because she realized how strong Luo Tian was.

"Bang~!"

"Boom~!"

"Bang~!"

Luo Tian didn't react as he allowed the attacks of the ghostly beasts to land on his body. His whole body started wracking with pain. These types of attacks containing immortal force were really uncomfortable to bear, but Luo Tian clenched his teeth and endured. He was trying to get used to these types of attacks.

He wanted his body to get used to attacks containing immortal force.

He wanted to make his fleshly body quickly turn stronger.

He wanted to show absolute suppression on the Life and Death stage. He wanted Zhang Kuang to never be able to stand back up ever again!

“Boom~!”

“Boom~!”

An hour later...

Luo Tian was covered in blood while his expression seemed to show he was getting even more excited. Looking at the four panting ghostly beasts around him, he coldly smiled and said: “Now it’s my turn!”

Chapter 418 – Ghostly King Boss!

“What is he trying to do?”

“I don’t know. I feel like I don’t understand him the more time goes by.”

“Big sister, do you think he’s a masochist?”

“My guess is that it’s possible... maybe... it should be it, right?”

The four of them stood there staring at Luo Tian.

They were watching him standing in the center of the ghostly beasts and allowing them to freely attack and not using any sign of defensive powers. He was only using his fleshly body to resist and didn’t seem to have any intention of fighting back. His whole body was covered in blood and wounds. Some of the wounds were so deep that blood didn’t stop coming out and his bones could be seen.

But Luo Tian had no thoughts of stopping.

“He’s training his fleshly body!”

“Striking one’s fleshly body by using the powerful physical strength of a ghostly beast that contains immortal force – this will allow one’s body to become more resilient and become adapted to attacks with immortal force. Luo Tian is truly very strong. I’ve finally understood why Elder Wu Nian would bring him back to Mount Hua” said Han Hua in a soft voice. Her heart started boiling up when she watched Luo Tian endure the attacks by the ghostly beasts.

Yun Ling stuck out her tongue and said: “Does he really have to do that? I almost cannot watch any further. Junior brother Luo is practically being self-destructive. If he can’t resist anymore, he might accidentally die from it. This is way too dangerous.”

Yun Yi also added: “That’s right. Senior sister, you should have him quickly stop.”

The twin flowers were getting worried.

Indeed...

The attacks from the ghostly beasts were very strong, and they all contained immortal force. When each strike landed on Luo Tian’s body, he almost fainted from the pain and could barely hold on.

This was unbearable pain!

But he desperately clenched his teeth. When he recalled the words Han Hai said before his death, his heart tightened. “Do not get on the Life and Death stage. Do not fight with Zhang Kuang because you are not his opponent. His control over immortal force has already surpassed the outer sect Elders. You are not his opponent so do not fight with him.”

These words continued to revolve around Luo Tian’s heart.

He was really annoyed!

He had never been this annoyed his entire life.

He has also never felt like wanting to kill a person that much until now.

He wanted to use absolute strength to crush Zhang Kuang. He wanted Zhang Kuang's attacks to be useless against him. He wanted all those people who looked down on others to have a good look. He also wanted Han Hai to see everything while peering down from heaven.

“Agghh~!”

Luo Tian roared into the air while blood continued flowing out of his body. He consumed several Healing Pills and then cast multiple Healing Art spells in a row in order for the wounds on his body to heal up.

At this moment...

Luo Tian roared out once more: “Come at me again! You damn pieces of trash, is that all the strength you've got?!”

“Roar~!”

“Awwwooo~”

The ghostly beasts acted like they had been angered and their powers became stronger.

Their actions became even crazier.

Yun Ling and Yun Yi didn't dare to continue watching.

Han Hua was clenching her fists before sitting down and absorbing immortal energy.

Zhao Chen walked over to a corner and started practicing the defensive array Luo Tian taught him.

Yun Ling and Yun Yi glanced at each other before sitting down cross-legged as well.

Team Skyfire.

They were each affected by Luo Tian's performance so they all became serious. Because of Luo Tian, their abilities were increasing at a rapid rate.

As for Luo Tian...

He was crazier than the rest! When those ghostly beasts reached an exhausted state, he started showing a smile of death. The Seven Star Sword appeared, and he started chopping off the heads of those ghostly beasts one at a time! His immortal energy points started soaring!

His experience points were soaring!

The most important point was Luo Tian's fleshly body. After being tempered by the attack of the ghostly beasts, his fleshly body was just like a sponge absorbing everything like crazy.

Luo Tian could now even resist the violent force that level 6 Berserk brought upon his body!

But...

He didn't increase the level of Berserk because leveling up was more important right now.

Three days later.

Deep inside the Dark Abyss Valley was a pitch-black cave. The cave would occasionally give off red flashes and a series of strange wails. The cave entrance was covered in the aura of death that instantly caused fear to sprout up in people.

“We’ve arrived!”

“This is the Dark Abyss Cave,” said Han Hua.

The cave entrance was very narrow where only two people could enter side by side. And the line of sight was extremely poor. If people hid in this place for an ambush, most likely even experts of immortal sects at the Profound Venerate realm would be easily killed. There was basically no place for one to dodge out of the way.

Luo Tian’s brows furrowed and asked: “How’s the situation inside the cave?”

Han Hua replied: “The Dark Abyss Cave is split into three levels, and each level is larger than the next. It is practically an underground world. The ghostly beasts get stronger at each level, and the lowest-ranked ghostly beast inside is stronger than the ones in the valley. Last time we went inside, it was our second excursion and also the time where a senior brother died.”

Luo Tian was in thought for a bit before asking: “What’s the condition for completing the mission?”

Han Hua replied: “The Flower of Death.”

Luo Tian blanked out a bit and couldn’t help asking: “Flower of Death? What is that?”

Han Hua explained: “The Flower of Death is a legendary spiritual herb and is the main ingredient to concoct the Lost Soul Pill. The mission was issued by an inner sect Elder ten years ago and no one has been able to complete it. It has become the Merit Hall’s longest-standing mission of all time. Because no one has been able to complete it, the merit points of it have been rising like a rocket.

“Lost Soul Pill?!”

Luo Tian was startled by it because he has never heard of such a medicinal pill. Hearing the name makes it sound like some evil item, so he started saying to himself: “Inner sect Elder? The only person capable of concocting this pill is most likely old daoist Tian Ling. What is he trying to do with that pill? A mission

like this can be issued in the inner sect, so why would it be in the outer sect? Isn't this the same as sending outer sect disciples to their deaths?"

Indeed...

A mission of this degree of difficulty had already surpassed the capabilities of an outer sect disciple.

But no matter what...

Since they've already arrived here, they might as well go in and take a look.

In other words...

The ghostly beasts of Dark Abyss Valley had been cleared up by Luo Tian and not a single one was left behind. He was still missing a little bit of experience points from leveling to the Profound Ancestor 4th rank. If he was able to break through to the Profound Ancestor 8th rank with what time he had left, Luo Tian believes he will have enough strength to contend with Zhang Kuang.

Luo Tian's brows furrowed before he said: "You guys go in first and wait for me at the mouth of the cave. I will head inside a bit later."

Han Hua brought Yun Ling, Yun Yi, and Zhao Chen into the cave.

Luo Tian observed his surroundings before using shocking speeds to arrange an array.

He had to be careful with everything!

"Boom~!"

“Boom~!”

“This ghostly beast has really powerful defensive properties.”

“Fire attributed attacks aren’t dealing that much damage.” Luo Tian was turning gloomy inside. In front of him was a huge main hall with ghostly beasts everywhere. Their eyes were replaced with burning flames that seem to have come from the depths of hell.

“Senior sister, Yun Ling, Yun Yi; you girls take a break.”

“Zhao Chen; maintain the defensive array and follow me.”

Luo Tian had no thoughts of stopping.

The main hall had huge amounts of ghostly beasts, making this place a holy ground for leveling up!

Seeing so many ghostly beasts, Luo Tian’s heart started becoming elated. He then said to himself: “If all three levels have this many ghostly beats, then there’s hope for me to level up to the Profound Venerate realm. Heh heh...”

“Boom~!”

Just when Luo Tian was enjoying his slaughtering fest...

An ear-deafening sound came from deep inside the main hall.

Han Hua, Yun Ling, and Yun Yi’s expression drastically changed as they shouted: “Junior brother; the Ghostly King has appeared!”

Chapter 419 – Using A Boss To Temper One’s Body

“Ghostly King?!”

“A boss?!”

“Wow!”

Luo Tian instantly boiled with excitement.

He originally thought a boss would only appear on the third floor of the Dark Abyss Cave. He didn’t expect the first floor to have one already.

How can he not be excited?

Indeed...

In a dark area, a ghostly beast with a golden glow charged out. Its whole body was covered in black scales. Each time one of its four legs stepped on the ground, faint ripples of immortal force could be seen from the impact on the ground. It had a long tail and at the end of it was a hammer-like protrusion.

These characteristics were similar to other ghostly beasts.

Except it had one odd characteristic...

Its face looked very similar to a human’s!

But it was completely out of place! The face has a ferocious expression and was extremely ugly to behold. Black sticky substance continuously seeped out from the gaps of its teeth, like it had just eaten the black sludge from the sewers. A nasty odor came from its mouth and was disgusting smelling to the max.

“Senior brother Zhao, you should step back!”

“You should all step back as well.”

Luo Tian directed them.

Before his voice faded, the boss was already charging towards him. Its body was like a mountain as it barreled towards Luo Tian with a roar. Numerous amount of black saliva sprayed everywhere as a result. Luo Tian’s stomach started churning as he almost threw up.

At this time...

Han Hua took a step forward and stood to the right of Luo Tian.

Yun Ling and Yun Yi did the same thing.

Zhao Chen faintly smiled. His hands started forming seals as he released what tiny little bit of immortal force he had. He created an array with a very strong defensive property before saying: “Team Leader, how are we going to fight?”

Luo Tian looked at them blankly for a bit before saying with a smile: “Aren’t you guys afraid of dying?”

“Afraid!”

“Very afraid!”

“But what we fear the most is being oppressed and looked down upon by others. Team Leader, if we don’t kill this ghostly king, there’s no way we can go down to the next floor. Last time we clearly killed it so how come it managed to be reborn?” Yun Ling asked in confusion.

Han Hua had an ugly look on her face as she said: "It seems to be stronger than the last time. Ever since we entered Dark Abyss Valley, all the ghostly beasts have clearly become stronger. Something weird is definitely going on inside."

It wasn't strange for a ghostly beast to become stronger.

The strange part was all of the ghostly beasts had become stronger collectively, so this would naturally cause some suspicion.

Luo Tian didn't think so much about this. The only thing he was thinking about was what kind of good loot will explode out from the corpse of this thing?

Immediately after...

Luo Tian shouted: "You guys don't attack yet. I want to use this thing to temper my fleshly body first."

"Are you insane?"

"You can't do that; you will die."

"Team Leader, you are currently carrying the fate of our Team Skyfire so you cannot play around with your life."

The four of them tried to persuade him out of it.

Luo Tian's heart was filled with warmth.

He had been tempering his fleshly body for three days at Dark Abyss Valley. Under all the attacks, his fleshly body was gradually absorbing and gradually transforming. Luo Tian had a feeling that his fleshly body was about to make a breakthrough soon.

This kind of feeling was very miraculous.

Fleshly body breakthrough!

There were levels for the fleshly body and his current body was considered at the mortal level.

He had no idea what was above that.

But Luo Tian had a feeling that it wasn't very far off from when his fleshly body makes a breakthrough to a new level.

Luo Tian smiled and said: "Don't worry, nothing bad will happen to me."

After saying that, Luo Tian charged out.

Han Hua's gaze turned grim and immediately said: "Zhao Chen, you be careful too. When necessary, you need to block a fatal blow for our Team Leader. Yun Ling, Yun Yi; you two will be on guard with me. When necessary, we will charge out because we cannot allow our team leader to encounter any life-threatening accidents."

"Okay!"

"Got it!"

The three of them nodded before splitting up and watching with alertness.

Inside their hearts, they all knew the importance of Luo Tian.

They didn't know about it in the past.

Now, they were very clear how powerful Luo Tian was. The degree of strength he possessed was so great that outsiders would never know of it. Only those close to him will become subdued by how powerful he is. And their group right now was subdued by Luo Tian's strength.

He would mysteriously disappear.

He would then mysteriously increase his cultivation.

He had a crippled dantian yet could mysteriously absorb immortal energy and convert it into immortal force. His control in immortal force was also much better than theirs.

Luo Tian was really someone people cannot see through.

Having ghostly beasts attack you in order to temper your body – this kind of masochistic method of training was practically never heard of or seen before. Only a perverted person like Luo Tian could come up with an idea like this and actually be able to accomplish it.

“Grandson!”

“This grandpa is right here! Come bite this grandpa!”

Luo Tian pointed at the Ghostly King and scolded. Seeing its appearance, Luo Tian's stomach started churning again while he said: “You are really too ugly. I have never seen a monster uglier than you. Not only are you ugly, but your stench is also extremely noxious.”

The boss seemed like it could understand Luo Tian's words.

Its distorted mouth started making a weird laughing noise.

Without giving Luo Tian the chance to continue speaking, the aura on its body suddenly surged out and smashed against Luo Tian like a huge tide.

“Watch out!”

“Zhao Chen, array!”

Luo Tian’s brows furrowed as he shouted: “No need! I want to break the bottleneck of my fleshly body! Don’t worry about me!”

Luo Tian didn’t move.

The Ghostly King’s energy was crushing down like a mountain.

“Boom~!”

The tremor caused countless loose rocks to shower down.

Luo Tian’s body sank down into a sprawling position. His internal organs, his mind, and sea of consciousness were all shaken. It was very uncomfortable. The blood behind his chest roiled before he sprayed out a mouthful of blood. His expression turned faintly pale while he said to himself: “F*ck, this guy is strong!”

“Fuuu~...”

“Huuu~...”

“Fuuu~... huuu~...”

After bearing this heavy blow...

Luo Tian’s fleshly body seemed like it was breathing on its own. Every single pore on his body had expanded and was continuously inhaling and exhaling like it was cultivating some type of breathing technique.

Luo Tian was confused himself.

But he felt like his fleshly body was about to make a breakthrough.

He started clenching his fists. Even though he almost couldn't endure it, if his body was to truly make a breakthrough, then he would be able to reach a new realm. By that time, he would be capable of perfectly crushing Zhang Kuang on the Life and Death stage.

"Once more!"

"You ugly piece of shit, is that all the strength you've got?!"

Luo Tian scolded as he struggled to stand up.

His body kept on shaking.

Han Hua's expression was extremely anxious as she cried out: "Luo Tian, you've gone insane! You will die if it happens one more time! There's no way you can endure its second attack at your current condition! Hurry up and get away!"

"You big pig head!"

"Can you stop being so self-destructive? I feel like crying just from watching you." Tears were forming in Yun Ling's eyes. She almost couldn't hold it in any longer from watching Luo Tian's actions.

They all knew Luo Tian was doing this for Team Skyfire.

Luo Tian was carrying too many things on his shoulder.

Zhang Kuang, who was right before him; the revitalization of Mount Hua Immortal Sect; Dao Shang Alliance's Long Wang; Shattered Sky City's Murong Wanjian; Violet Organization and their Soul Hall; these were all the matters that have been weighing heavily on his mind. He had to rise up!

He had to become stronger!

What was some mere pain to one's fleshly body considered as?

Luo Tian was clenching his teeth so hard that cracking sounds could be heard. He then roared into the air: "Once more!"

"Boom~!"

The ghostly king was completely enraged by Luo Tian. Its body started releasing a strong amount of immortal force before directly pressing it down on Luo Tian.

Everyone felt like their hearts had risen to their throats.

They were extremely worried and scared. Yun Ling and Yun Yi were so scared that they didn't dare to continue watching.

"Boom~!"

Luo Tian was once again smashed into a sprawling position. His meridians felt like they were about to shatter and his body was about to split apart. This was incomparably unbearable!

But at this time...

An alert tone suddenly sounded off in his mind.

"Ding!"

Chapter 420 – Immortal Body, This Is Too Great

The system gave off an alert tone!

“Ding!”

“Congratulations to player Luo Tian for leveling your fleshly body. You are currently at the Immortal Body level!”

“Congratulations to player Luo Tian for breaking through to the Immortal Body level. You have gained a reward of 100,000 experience points, 5000 immortal energy...”

“Immortal Body?!”

“Leveling up the fleshly body?”

At this moment, Luo Tian started feeling relief from the pain in his body. It was similar to flowing sand that gradually disappeared. It also felt like some formless energy was devouring all the pain away.

This kind of feeling was really great!

Luo Tian clearly felt that his fleshly body was different from before. Every single pore seemed to be full of power.

Immediately after...

Luo Tian suddenly stood up. His mouth formed a sneer as he said: “You are too weak; is this all the power you’ve got? Can you put a little more strength into it?”

The only criterion to test the power of one's fleshly body was to endure attacks!

When the Ghostly King attacked twice, Luo Tian's fleshly body almost couldn't bear it and was about to split apart.

Now that his fleshly body has become an immortal body, how much stronger did it become?

His immortal body gave Luo Tian a sense that it was very strong. As to how strong? Then he needed to use the Ghost King boss to test it out.

"What's he doing?"

"What's going on?"

"His body seems to be a bit different from before. Senior sister, do you know what's going on? His body looks like it's been soaked in a strong amount of immortal force. How could it be like this?" Yun Ling asked in confusion.

She originally thought Luo Tian would faint from the pain.

She never expected that not only did he not faint, but he actually crawled up from the ground like he was being resurrected on the spot.

His body also underwent some sort of transformation.

Even though his body looked the same, his body gave off a feeling different from before.

Yun Ling was born with innate divine strength, so her understanding of one's fleshly body surpassed an ordinary person. She has always been cultivating her body, and her family has always held the belief that strength originates from one's fleshly body. There was no limit to the potential of one's body!

Once she saw the transformation on Luo Tian's body, her heart tightened.

Han Hua had no idea about the details.

Her senses towards the fleshly body were not as clear or as strong as Yun Ling, but there was one thing she was certain of – Luo Tian's body had somehow become stronger.

Off to the side was Yun Yi, whose brows were locked together. Her eyes then widened before exclaiming: "Big sister, could this be the immortal body mentioned in the legends?!"

"Immortal body?"

Yun Ling's countenance turned to shock as she mumbled that. She then said: "The description is very close to what father told us. He... could he... really have gained the legendary immortal body? How did this happen? Our Yun family from the southwest has always been chasing after the ultimate fleshly body, yet he manages to breakthrough?"

It was too difficult to describe their current emotions.

They were shocked, surprised, and also not resigned to this.

The Yun family had always been famous in the continent for their strong fleshly bodies.

One of the ancestors of the Yun family once had an immortal body. Using their powerful fleshly body, they were able to fight against the strongest immortal experts and kill them!

Immortal body...

It had to be tempered by immortal energy countless times and then pass through countless bottlenecks in order to breakthrough. It was an extremely difficult task. Only one single ancestor of the Yun family has managed to break through the fleshly body to gain an immortal body. An immortal body was a realm that every member of the Yun family chased after their whole lives.

They never imagined they would see it appear on Luo Tian.

This was too shocking for them!

At this time...

Luo Tian didn't know he had shocked Yun Ling and Yun Yi because all his thoughts were focused on the Ghostly King. He had a smug expression and a cheap smile as he said: "Come, you ugly thing! Come smash me again so that I can see what abilities you have!"

The Ghostly King became enraged.

Being disdained by a human made its flames of rage surge!

Almost instantly, its mouth spat out a breath of pure immortal energy. Wrapped around the immortal energy was a crystal clear-like bead. The bead was continuously releasing immortal force that started enshrouding around the Ghostly King.

"Eh?"

"This thing doesn't look too bad." Luo Tian mumbled internally.

Zhao Chen started getting excited while his voice started trembling. "Inner core. The Ghostly King's inner core. Team Leader, it's the Ghostly King's inner core that contains its more pure immortal energy. You need to be careful because it's enraged now."

Han Hua's expression drastically changed. She didn't say anything useless and cautioned: "Be extra careful!"

She then said to herself: "Sure enough... last time the Ghostly King didn't have an inner core. I didn't expect that this time the Ghostly King would have one. Its strength this time has risen by at least several levels because of it. What on earth has happened to the Dark Abyss Cave?"

"Is there really a Flower of Death here?"

"Or is there some powerful creature residing inside?"

Han Hua started having a bad feeling about this place.

The ghostly beasts of Dark Abyss Cave kept getting stronger each time. There was obviously something trying to block them!

If this was the case, then the Dark Abyss Cave was simply too terrifying.

Right after...

Han Hua once again shouted: "Team Leader, you need to be careful!"

Luo Tian nodded seriously. Seeing the bead in front of the Ghostly King, he said excitedly: "That bead is mine."

The Ghostly King's eyes turned grim. It glared at Luo Tian before swallowing the bead. At this moment, it released all the immortal force the inner core had given it.

For a brief moment...

Sand and pebbles flew all over the place. Sounds of explosions were heard in the surrounding atmosphere, similar to floating bubbles bursting apart. And space started twisting and distorting.

"Whoosh~!"

The Ghostly King used its strength and swung its tail. The meat hammer on the end suddenly changed as steel-like spikes grew out from it. Its tail started swishing around in the darkness and immortal force started increasing.

“Damn!”

“This is definitely the precursor to wanting to smash me into meat paste.”

Luo Tian’s expression turned grim. His mind faintly trembled as he lost some confidence. He wasn’t too clear on his immortal body but the steel-spiked bat on the Ghostly King’s tail had a high possibility of taking his life.

“Gulp~!”

Luo Tian swallowed hard and clenched his fists. He then said to himself: “No matter what, I have to test out the strength of my fleshly body!”

Right after...

Luo Tian’s gaze became firm as he roared out: “Come!”

As his voice faded, the Ghostly King’s tail that contained the power to rip space apart came smashing over.

Wherever the tail passed by, space was forcefully shattered and ripped apart!

This kind of power was incredibly terrifying!

Luo Tian clenched his teeth. His heart sank while his legs moved apart into a horse-stance. He then psyched himself up to block it head-on.

“Boom~!”

A steel bat smashed right onto Luo Tian’s head!

Luo Tian had his eyes closed while his body sank down into the ground. It would be false to say he wasn’t scared. With that thick tail with steel spikes smashing down, most likely even a God would be afraid. It was naturally the same with Luo Tian, even though he was mentally prepared for it.

However...

His body only sank down and it wasn’t as painful as he imagined.

Those steel spikes couldn’t break past his skin at all. It was just the strong impact that caused his body to sink into the ground.

“Oh @\$%!”

“That fleshly body...”

“Awesome! It’s so powerful!”

Luo Tian was scared stupid!

The defensive properties of an immortal body were too exaggerated and had exceeded Luo Tian’s imagination! He was currently imagining Zhang Kuang’s expression on the Life and Death stage where he couldn’t even hurt him.

“It’s really an immortal body!”

“Big sister, is he still human then?”

“Nope, he has become an immortal ancestor.”

“I’ve heard of a saying – immortal ancestor plank (lift your ancestor’s coffin lid up). Are you scolding him?”

“What do you think?”

The four of them glanced at each other and smiled. They then said in unison: “What a pervert!”

“Great!” shouted Luo Tian. His gaze then turned gloomy, “Now it should be my turn, right?!”
