

Leveling Up 431

Chapter 431 – Who Else?!

Luo Tian's voice exploded above the martial training field.

Arrogance!

Arrogance to the extreme!

He was sending out his challenge to the whole outer sect!

They didn't like Luo Tian and Luo Tian didn't like them. If that's the case, then they should just fight it all out. If they didn't submit, beat them until they do!

This world had always favored the strong.

But...

It wasn't the same for Luo Tian.

When he slaughtered Zhang Kuang, everyone had a bad expression on their face like they had just eaten shit. They couldn't accept the outcome so they had an extremely ugly expression. They felt like Luo Tian shouldn't have won and it should be Zhang Kuang who's the one that should be rightfully stepping on top of Luo Tian.

What kind of reasoning was this?

Luo Tian hadn't had a single day of joy ever since he came to Mount Hua Immortal Sect.

He suffered from many different kinds of unfair treatment.

This included ridicules, mocking, and even schemed against.

Because Luo Tian promised Grandmaster Wu Nian, he endured and kept taking steps back. But his patience had never been that great, to begin with so making him endure stuff just worsened the situation. Han Hai's death at Dark Abyss Valley had provoked Luo Tian, so from that moment on...

He was going to change everything!

He cannot kill?

I will give you a chance to keep living. Oh, you're not cherishing it?

Die!

So what if we're of the same sect? Since you don't treat me like a fellow sect disciple, why should I treat you like a human?

This world has never been fair.

Luo Tian was venting all the rage inside him. The roar of his voice smashed into the hearts of all the outer sect disciples. "Whoever doesn't accept this should f*cking come up here for this daddy! It doesn't matter how many of you come up on the Life and Death stage; this daddy will beat anyone who is unwilling to accept this outcome until they do!"

Craziness!

Han Hua's expression sank as she said internally: "Not good!"

Yun Ling and Yun Yi never imagined Luo Tian would suddenly go crazy and challenge the whole outer sect. And he wasn't limiting the number of people. Even if he possesses an immortal body, how could he be the opponent of so many at once?

Zhao Chen looked over at Han Hua and said: "Senior sister, we..."

Han Hua didn't hesitate and replied: "Go up!"

Suddenly...

The four members of Team Skyfire got onto the Life and Death stage together and stood next to Luo Tian.

Han Hua said in a serious manner: "Team Leader, you..."

Luo Tian smiled excitedly and asked: "Why did you guys come up?"

Zhao Chen was forming seals with a single hand while saying with a smile: "We are one unit, so how can we be missing for something like this? Hahaha..."

Yun Ling and Yun Yi were holding onto their war hammers. Their delicate oval faces turned serious before saying: "We share weal and woe. Team Leader; as long as you say the word, not to mention the outer sect, we'll even break into the inner sect together with you."

"Hahaha..."

"Hahaha..."

The five of them started laughing together.

This was a very familiar feeling.

It was very similar to when Luo Tian was with Feng Lei, Xuan Yuanyi, and Blindman Liu encountering life and death situations together. This was a blood boiling moment!

“Motherf*cker!”

“A mere common mortal dares to act arrogant like this? You aren’t putting Mount Hua Immortal Sect in your eyes! Kid, I will challenge you!”

Suddenly...

A powerful voice was transmitted over.

Traversing through the air.

Before the person even appeared yet, a powerful oppressive pressure had already smashed over like a huge wave.

“Ommm~!”

Ringing sounds were heard on the Life and Death stage.

“Hahaha...”

“It’s Martial Hall’s senior brother Wu Kong!”

“...”

Just when all the disciples below were discussing this, Luo Tian’s figure started moving. He crushed an inner core while gently raising his right leg. Immortal force surged out of his body in an unrestrained manner. He then shouted while his leg kicked out: “Scram down for me!”

“Bang~!”

The blur of a person shot out.

Wu Kong shot out like a bullet before smashing into the wall of the martial training field that was hundreds of meters away. His figure was curled up into a U shape; he vomited out several mouthfuls of blood, and his face turned pale white.

Defeated in one move!

Luo Tian didn't bother looking at him and roared out: "Who else?!"

You don't submit?

I will beat you until you do!

"Too arrogant."

"Mount Hua Immortal Sect will not tolerate your presumptuous actions."

"This daddy refuses to submit."

"I am not convinced."

"I am not convinced by you either."

"..."

People continuously stepped out with ferocious looks on their faces.

Most of them were disciples of the Martial Hall.

They were all people who loved a good fight. When they saw their own senior and junior brothers being smashed flying by Luo Tian, the rage of a martial cultivator was lit ablaze.

For a brief moment...

The sky was filled with streams of light as they all flew towards the Life and Death stage.

Luo Tian smiled excitedly and said: "Senior sister, you and the rest should withdraw first."

Han Hua's gaze tightened as she replied: "Team Leader..."

Luo Tian didn't let her finish and said: "Don't worry; nothing will happen to me!"

While saying this...

Over ten plus streams of light landed. Their eyes were like torches as they glared at Luo Tian icily with their unruly rage.

Luo Tian said with a smile: "This is good. I thought Mount Hua Immortal Sect didn't have a single person with any guts. You guys are all not bad. I will give you a chance – you will all be under me, Luo Tian from today onwards. I promise that within a year, you guys will increase your cultivation by at least five small realms!"

"Hahaha..."

"Luo Tian, you can't be afraid of seeing so many of us, right?"

"Kid, rising five small realms in a year? Do you think we're three year old toddlers?"

“That’s right! Rising five small realms in ten years is already considered not bad. There’s no need to use such methods against us. You’re just scared of us, right?”

The crowd of opponents had smirks on their faces while saying this.

Luo Tian faintly smiled and replied: “There’s no need to talk so much. Come, everyone come at me together. Let me see how strong you guys are and see if you’re qualified to work under me, Luo Tian!”

In an instant...

Thirteen people glanced at each other before releasing their immortal force.

Luo Tian lightly exhaled while he clenched his fists.

“Boom~!”

“Boom~!”

“Boom~!”

The thirteen outer sect disciples struck out in unison. Their speed was like lightning and their attacks were like thunder. Each heavy attack was made with their full strength, but Luo Tian’s feet seem to have grown roots as he stood there unmoving.

His body didn’t move a bit.

At most, his face was a bit paler while there was a trace of blood coming from the side of his mouth.

His mouth formed a sneer before saying with a smile: “Not bad, your strength is considered decent.”

“But...”

“If you want to follow behind me, Luo Tian, then this kind of strength is still not good enough!”

“You guys have made your move, so now it should be my turn.”

As his voice faded...

Luo Tian took one step forward and flipped his right hand. An inner core appeared before being crushed by him. “That was the immortal force you guys collectively released against me. Now I’m going to give it back to you guys, so get ready for it.”

“Level 5 Berserk!”

“Boom~!”

“Shadewind Steps, level 5!”

“Whoosh~...”

Luo Tian’s figure suddenly disappeared. There seemed to be a trail of light behind him as he struck out thirteen punches at the speed of lightning.

“Bang~!”

“Bang~!”

“Bang~!”

They were all struck flying!

Luo Tian was being lenient and was holding back, or else they would've died at this point.

Everyone was dumbstruck.

How can this be possible?

How strong was this Luo Tian? His strength is a bit too terrifying, right?!

Thirteen Martial Hall experts were smashed flying and they didn't even have a chance to counterattack. And how come inner cores keep appearing in the hands of Luo Tian time after time? How perverted was he?

They were all frozen from fear.

Suddenly...

An incredibly powerful voice was heard, "You think you can act overbearing just because you have an immortal body? Luo Tian, you are looking down on Mount Hua Immortal sect too much!"

Once that voice faded...

A white-robed elder appeared standing on the Life and Death stage.

Martial Hall's Elder, the strongest expert in the outer sect – Xiao Changhe!

For a brief moment...

An enormous pressure crushed against Luo Tian's mind.

Chapter 432 – Peerless Little Brother

Xiao Changhe!

Martial Hall's Elder, the number one expert in the outer sect!

His strength was powerful to the max!

His control over immortal force had already reached the highest realm.

When Zhang Kuang used immortal force to attack and Luo Tian didn't suffer any injuries, he already realized Luo Tian's fleshly body wasn't normal.

When he saw Luo Tian smash his Martial Hall disciples flying with a single move, he couldn't keep watching anymore. He leaped into the air and instantly landed on the Life and Death stage. His gaze was gloomy as he yelled at Luo Tian: "Cunning brat, there's no need to be so reckless!"

Suddenly...

The whole martial training field exploded with voices.

Everyone's eyes were filled with excitement.

"Elder Xiao has come!"

"An Elder of the Martial Hall who is also the number one expert of the outer sect.

Let's see if that kid can continue acting overbearing now!"

"That's right."

“Let’s see how he can continue being arrogant. In the eyes of Elder Xiao, he isn’t even comparable to an ant! He can just wait for his death!”

Disciples of the outer sect started yelling.

The inner sect members were calm and quiet though.

“Immortal body... this kid with a crippled dantian actually trained his fleshly body to become an immortal body. This is really quite shocking.”

“Right, but it’s a pity. A real pity. If he didn’t offend the Starsea Immortal Sect, he might have some achievements in Mount Hua Immortal Sect. But out of all the things he shouldn’t do, he manages to offend Starsea Immortal Sect and plunging our Mount Hua Immortal Sect into big trouble. No matter how strong this kid gets, he still needs to be gotten rid of.”

“What you’ve said is right!”

“This kid is too arrogant and needs to know how powerful Mount Hua Immortal Sect is. Xiao Changhe’s strength is more than enough to suppress him.”

“Eldest senior brother, how come you aren’t saying anything?”

Venerable Hun Yuan had been paying attention to Luo Tian since the beginning. He noticed that Luo Tian was different from half a month ago. Not only did he train his fleshly body to the immortal body realm, but he was also pulling out inner cores left and right and was eating them like candy. What’s going on?

Inner cores contain a dense amount of immortal force.

A single inner core was comparable to a thousand exquisite grade xuan stones and was a supreme treasure to every martial artist.

Luo Tian was treating inner cores like they were nothing. Is it because he had too many of them? Or is it because he didn't know how powerful inner cores were?

It has to be the former!

Venerable Hun Yuan narrowed his eyes and wanted to see through Luo Tian. He then said to himself: "Luo Tian, where on earth did you come from? How many secrets are you hiding from us? Why was junior brother Wu Nian willing to take out Mount Hua's Divine Token in order to let you stay?"

He couldn't figure it out!

Venerable Hun Yuan thought of all the things that had happened so far. His heart relaxed a bit but it didn't show on his face. His eyes contained a trace of anxiety as he stared at Luo Tian. He had made up his mind and sent a voice transmission to Luo Tian: "Luo Tian, as long as you can defeat Elder Xiao, no one on Mount Hua will dare to give you any more trouble. I can make you and your entire team directly become inner sect disciples. If you agree to that, I can even give you an Elder position in the Martial Hall."

"Huh?"

Luo Tian was startled by this.

The Venerable Hun Yuan who had always treated him with disdain was saying such words.

But...

Luo Tian gave a faint smile in response. He wasn't too shocked and felt this was a matter of course. He then responded: "You are very smart. Old daoist Hun Yuan, I will give you a chance now. You need to stand by my side from now on and I will grant you things you have never imagined in your entire life."

Venerable Hun Yuan frowned as no one has ever dared to say such words to him before. "Kid, don't be too presumptuous. Who do you think you are? Have me stand on your side? Are you over thinking things a bit?"

Luo Tian had no fear while his voice seemed to contain a powerful aura. "I will say it even clearer: You will follow me and I will guarantee that you will reach the realm that you have always dreamed of. I might as well tell you that I am planning on controlling Mount Hua Immortal Sect. I want to have Mount Hua Immortal Sect be reborn amongst the ashes. The current Mount Hua Immortal Sect has weakened all the way down to the bones and has rotted to the extreme. I am now giving you a chance – a chance purely out of my charitable character. If you miss out on it... heh heh..."

Luo Tian didn't continue saying the rest.

He already said it clearly enough.

To sum up his words...

Whoever follows me will prosper, and whoever is against me will die!

Venerable Hun Yuan was naturally clear on what Luo Tian's words were hinting at, and the flames of rage subconsciously started surging inside him. He was Mount Hua Immortal Sect's strongest Elder. One can say his status was below one person, but above tens of thousands. Now, an outer sect disciple dares to say such words to him? Have him, become a follower of an outer sect disciple?

This...

If it were another person hearing this, they would most likely have started laughing out loud in mockery right now.

But Venerable Hun Yuan didn't laugh and replied coldly: "Luo Tian, you really are presumptuous. A person like you would usually never live long. Have me follow you? You need to at least show me some capabilities; show me what qualifications you have for me to follow you."

Luo Tian didn't hide it and said: "Inner cores. Endless amount of inner cores!"

"So that's the case!"

Venerable Hun Yuan's expression sank as if a stormy sea was sweeping against his heart. His body couldn't help shiver a bit as he didn't doubt Luo Tian's words. Every immortal sect disciple understood the value and importance of an inner core.

Even him as Mount Hua Immortal Sect's Grand Elder only had a few inner cores.

If he possessed an endless amount of inner cores, most likely he would make a breakthrough in less than ten years!

His heart was moved!

He started becoming excited while there was no change to his facial expression.

Luo Tian said with a faint chuckle: "So? Is your heart moved? Hahaha..."

Suddenly...

Luo Tian started laughing in a crazy manner.

He could rely on the system's training function and raise the success rate of refining inner cores. Once he fully grasps the secret skill, wishing to control Mount Hua Immortal Sect would only be a matter of time. But if he can rope in this Venerable Hun Yuan early, the time to accomplish this task will definitely be shortened by a half.

The powers behind the Martial Hall were quite strong, and they were also the Hall made up of a majority of Mount Hua Immortal Sect's elite.

"What are you laughing at?"

"Kid...!"

“You still dare to act arrogant in front of me? Watch out how I break your fleshly body!” Xiao Changhe’s expression turned gloomy. He became extremely annoyed when he saw Luo Tian’s arrogant expression. His figure moved and the oppressive pressure similar to steel spikes diffused out.

It was extremely strong.

It was crushing against Luo Tian’s mind and made him extremely uncomfortable.

Luo Tian’s body slightly trembled. His expression maintained his excited look while he grinned in a gloomy manner.

“Team Leader!”

“Team Leader!”

“Luo Tian, quickly run! You aren’t his opponent! The force he cultivates is capable of restraining your immortal body. Quickly run!”

Han Hua and the others showed anxious expressions.

Xiao Changhe was simply too strong.

His cultivation had already reached a terrifying realm.

Even if Luo Tian possessed an immortal body, he still wasn’t an opponent. After all, the gap between their cultivation levels was just too great.

Xiao Changhe was an existence capable of completely crushing Luo Tian!

But...

Luo Tian showed no fear and said: "Senior sister, you and the rest should stand back."

His eyes looked like they were shining. He looked at the twins Yun Lin and Yun Yi and said with a smile: "Nothing will happen to me."

"Nothing will happen to you?"

"Kid, go die for me!" screamed Xiao Changhe. The power from his entire body suddenly exploded out and formed an awl-like image before piercing towards Luo Tian's mingmen acupoint area.

Luo Tian shook his head with a smile before saying: "Grand Elder, shouldn't you be making a move now?"

Chapter 433 – Given An Inch and Reaching For A Yard

Carefree and relaxed.

Luo Tian showed no signs of panic.

He stood at the same spot without moving.

No one could understand this.

Xiao Changhe couldn't understand this either.

But...

In his opinion, Luo Tian's action was one of provocation. He coldly harrumphed and said: "Kid, you are way too arrogant. You dare to ignore my existence? Do you really think I cannot break past your immortal body?"

"Humph!"

"Immortal Smelting Palm!"

The immortal force coming from Xiao Changhe's body drastically changed. The awl-like immortal force became much stronger and fiercer.

Luo Tian still didn't move.

His brows furrowed while he put up his guards internally.

He wasn't absolutely sure that Venerable Hun Yuan would agree to him. But... if he was Venerable Hun Yuan, he would definitely agree. He had no reason to reject it and there wouldn't be anyone else that would reject it either. Which martial artist doesn't desire to be stronger?

Within immortal sects, who doesn't want more inner cores for their cultivation?

Hun Yuan wasn't an idiot.

When Luo Tian fought Zhang Kuang and the other Martial Hall disciples, he deliberately crushed those inner cores out in the open. He wanted certain people to see that this daddy was very strong, and this daddy possesses countless inner cores. Following me will allow you to reach heights you've never thought possible. But if you don't follow me... heh heh...

Luo Tian wasn't trying to be high-profile.

He was laying out his plans!

He was setting up a huge plan! In order for Mount Hua Immortal Sect to become stronger, they had to make some big changes. Those Elders content with their status quo had become rotten. They could no longer lead Mount Hua Immortal Sect to become stronger, and will only make the place even worse.

If this continues, Mount Hua Immortal Sect will become an ordinary sect by the end of next year's immortal sect disciple competition. The vein within Mount Hua that was filled with immortal energy will be divided up to others, and Mount Hua Immortal Sect will truly meet their destruction at that time.

Venerable Wu Nian paid a high price for Luo Tian to be here.

Luo Tian also made him a promise.

For a true man, things they have promised must be accomplished!

Luo Tian will use his own strength and methods to push Mount Hua Immortal Sect to the brink of despair. And then let the sect be reborn again in the ashes so that he could establish a new Mount Hua Immortal Sect.

Xiao Changhe's attack arrived in the blink of an eye.

Luo Tian had no intention of moving.

Many people felt like their hearts had risen to their throats.

Xu Shan happened to shout out: "Elder Xiao, spare him!"

"Watch out Team Leader!"

"Team Leader..."

“Big pig head, quickly dodge!”

Han Hua and the others were extremely anxious as they couldn't understand why Luo Tian was doing this. His cultivation was only at the Profound Ancestor 5th rank. Even with the addition of his immortal body, it was still impossible for him to be Xiao Changhe's opponent. The cultivation gap between those two was simply too large.

“Smash him to death!”

“Damn kid, keep acting arrogant!”

“Weren't you just very arrogant? Why did you suddenly turn into a mute now? Keep acting arrogant. In front of Elder Xiao, I want to see how arrogant you can act!”

“You really think our Mount Hua Immortal Sect doesn't have anyone strong? Who allowed a piece of trash like you to act like a tyrant here?”

Many people mocked Luo Tian as voices of ridicule were continuously heard.

Except it wasn't as enthusiastic as before.

The strength Luo Tian demonstrated made many people shocked. It's just that people didn't like his arrogant high-profile manner so they became pissed off at him.

Luo Tian looked into the air with a cold sneer. He then transmitted: “Hun Yuan, it looks like you wish to continue withering away, right? Mount Hua Immortal Sect seems to be in an incurable situation. What a pity...”

As his voice faded...

Luo Tian's gaze turned gloomy as a sharp light flashed in his eyes. His fists sank down and ten inner cores appeared in his hand. Just when Luo Tian was about to crush the inner cores...

The sky darkened.

A black shadow descended right in front of Luo Tian. A pinky finger pointed forward as the figure said: "That's enough, Elder Xiao."

The pinky finger released a force that appeared very ordinary.

Yet it directly blocked Xiao Changhe's powerful attack.

"Boom~!"

"Boom~!"

The colliding force exploded apart!

The power colliding was so strong that the entire martial training field was shaking violently.

"Puff~!"

Xiao Changhe sprayed out a mouthful of blood. His figure was sent flying several dozens of feet before he landed heavily on the stage with a pale white face.

Luo Tian felt shocked as Venerable Hun Yuan's strength had exceeded his imagination. But he didn't have time to dwell on these thoughts because he already started moving. He instantly became a stream of light as he charged forward.

Luo Tian landed next to Xiao Changhe with his lips curled up. He was revealing a smile of death before coldly saying: “Weren’t you planning on killing me? You find me irritating, right? You’re also unconvinced by me, right?”

“Come at me again!”

“Get up!”

“Hahaha... you never imagined that I would be this shameless and despicable, right? I’m really sorry but this is how the world works. Now you can go die for me!”

Luo Tian showed no hesitation.

Xiao Changhe already had the intent to kill.

And with the addition of Venerable Hun Yuan making a move, he will definitely nurse this hatred in his heart. Luo Tian couldn’t allow this kind of threat to continue living.

Therefore...

Xiao Changhe had to die!

And just for this single undefeated point, he had to die. His blood would be a good deterrent in the outer sect. All the outer sect disciples who remain unconvinced can see that the outcome of opposing this daddy was death!

Luo Tian was crazily arrogant!

Xiao Changhe’s pale expression turned to shock, “Kid, what do you plan on doing? This is Mount Hua Immortal Sect. If you dare to touch me, Sect Leader will not let you off.”

“Touch you?”

“You’re wrong about that; I just want to kill you.”

“I, Luo Tian, am someone that likes to take advantage of others. I like being despicable, so what are you going to do about it? Stand up and f*cking bite me if you can.” As his voice faded, Luo Tian released the maximum amount of immortal force possible while a pair of heavy fist smashed downwards.

“Boom~!”

A portion of the Life and Death stage collapsed.

Xiao Changhe’s body was smashed into meat paste by a pair of fists.

The system gave off an alert tone.

“Ding!”

“Congratulations to player Luo Tian for killing Xiao Changhe. You have gained 287,000 experience points, 3000 immortal energy...”

“Congratulations to player Luo Tian for gaining Immortal Smelting Palm. Will you be cultivating it?”

“No!”

Luo Tian rejected it without hesitation. He currently had too many martial skills and felt it was too messy. He wanted to merge all the useless martial skills together, so that’s why he wasn’t planning on learning new skills for now.

The system alert ended and Luo Tian came back up from the rubble. His hands were covered in Xiao Changhe's blood while his mouth formed a cold sneer. His eyes swept past the martial training field before saying coldly: "Motherf*ckers, anyone else unconvinced?"

The surroundings became quiet.

No one made a noise.

No one dared to look at Luo Tian.

He was a madman.

He was just like a madman no one dared to provoke.

Luo Tian was satisfied. He was extremely satisfied with the current scene. He walked to the front of Venerable Hun Yuan and said with a smile: "Thank you, Grand Elder, for helping me out. Grand Elder, I still have one request I hope you would agree to."

Without waiting for Elder Hun Yuan to respond...

Luo Tian directly asked: "My Team Skyfire needs a good place to train at. I heard that Heaven's Boundary isn't too bad with an abundant amount of immortal energy. Can you let them go there? I'm not asking for much, just four placements. I'm not going because a place like that is useless to me."

Elder Hun Yuan had an extremely ugly look on his face.

After killing Xiao Changhe in front of him, Luo Tian then asked for an over-the-top request.

His gaze seemed to solidify and instantly turned gloomy.

Chapter 434 – The Strongest Boss Appears!

Killing a Martial Hall Elder right in front of Venerable Hun Yuan.

And then asking for an unreasonable request.

Luo Tian's actions were exactly the definition of given an inch and reaching for a yard. But Luo Tian's expression didn't show that he was requesting too much and looked like everything was naturally right.

Venerable Hun Yuan's gaze was ice-cold as he stared at Luo Tian.

Luo Tian had a faint smile on his face while staring back at him.

Luo Tian was actually testing his bottom line.

He wanted to know if Venerable Hun Yuan was truly standing by his side, so he was testing it out. Otherwise, who knows when he would be screwed over by this guy?

Killing a Martial Hall Elder.

With his tyrannical manner in the outer sect, who knows how many people would want him to die.

Therefore...

Every step Luo Tian took was like walking on thin ice. He had to be careful of every move he made yet had to be quick about it. He didn't want to waste too much time at Mount Hua Immortal Sect because his ultimate goal was Murong Wanjian and the Imperial God Immortal Sect behind him.

He wanted to make swift and ruthless decisions at Mount Hua Immortal Sect and allow it to be reborn.

Looking at how Venerable Hun Yuan wasn't saying anything, Luo Tian said: "Grand Elder, I'm going to assume you agree by not saying anything. I will represent my team members in thanking you then, hahaha..."

After saying that, he didn't forget to start laughing loudly in an arrogant manner.

This was practically marching towards one's death.

Indeed...

Luo Tian's actions were too overbearing.

Is he not afraid of death by acting so presumptuously in front of the Grand Elder?

Scared!

Luo Tian was terrified! He really was extremely scared that Venerable Hun Yuan would immediately kill him on the spot. The power exploding from Hun Yuan previously was extremely terrifying. No matter how strong Luo Tian currently was, he would still be instantly killed. The Elder's strength had already reached a very scary level.

But...

Luo Tian was more afraid of living a cowardly life.

He didn't have much time left.

Two months later was the inner sect assessment. Han Hua, Yun Ling, and the others had to raise their cultivation levels. He had to establish his own force quickly or else there's no way he can change Mount Hua Immortal Sect by himself.

That's why he was acting this way.

He had to test Venerable Hun Yuan's bottom line.

Luo Tian wanted to see his tolerance level and see if he would reveal his true reason for standing with him.

Luo Tian was gambling.

And he was using his life as the stakes!

There weren't any sounds from the surroundings.

Not to mention making any sound, a typical outer sect disciple wouldn't even dare to raise their heads in front of Venerable Hun Yuan. But right now, everyone was cursing Luo Tian inside their hearts. "This kid is way too arrogant. He actually dares to say such words to the Grand Elder, clearly showing he doesn't wish to continue living."

Is he courting his own death?

He's going to die. Grand Elder looks like he's enraged.

A short while later...

Venerable Hun Yuan's expression relaxed as he replied: "Permitted."

"Boom~!"

A loud commotion started up.

They all started discussing this even though they feared this Grand Elder.

“How can this be? This kid Luo Tian took advantage of the situation to kill Elder Xiao. Grand Elder should be executing him on the spot, yet why did he agree to his request instead?”

“Four spots at Heaven’s Boundary are gone just like that. What about us? What should we do?”

“That’s right. This is a bit too unfair.”

“Grand Elder, please reconsider this. That kid is obviously not putting you in his eyes.”

It wasn’t just the outer sect, even the inner sect Elders were like this.

“What is senior brother doing?”

“Why did he block Xiao Changhe? Isn’t he the one that desires the most to see Luo Tian’s death?”

“Now he actually agreed to Luo Tian’s unreasonable request. What’s going on with senior brother? Was he somehow bewitched by Luo Tian?”

“His agreement is unfair to all the other disciples and will definitely cause unrest in Mount Hua Immortal Sect. We cannot allow this. We cannot allow that kid Luo Tian to continue acting overbearing like this. We have to notify the Sect Leader.”

“There’s no need for the notification because I’m already here.” Venerable Yun Ji was capable of observing everything happening in the sect. He naturally had to show up when such a huge matter happens. He too couldn’t understand why Venerable Hun Yuan was doing this.

But...

Venerable Yun Ji didn’t forcefully interfere. He was holding in the flames of rage while glaring at Venerable Hun Yuan.

A majestic aura came crashing over.

Venerable Hun Yuan's expression faintly changed.

Luo Tian felt this huge oppressive pressure and started saying with a smile: "Thank you, Grand Elder. Oh yeah, Grand Elder; since the outer sect Elder has died by my hands, do you think I can become the new Martial Hall's Elder?"

Venerable Hun Yuan's sea of consciousness was currently being crushed by Venerable Yun Ji.

Venerable Hun Yuan was using all his strength to resist and naturally knew the Sect Leader was angry. When Luo Tian suddenly raised another excessive request at a time like this, it made his rage become boundless. He then roared out: "Luo Tian...!"

He didn't choose to stand on Luo Tian's side.

He was choosing to stand on the side of the inner cores.

He needed inner cores. His cultivation level has already stagnated for over a hundred years. No matter how much he cultivated, it was like he was restrained by shackles tightly binding his life that cannot be broken through.

Luo Tian's inner cores gave him a glimpse of hope.

That's why he was acting this way.

Looking at Luo Tian's faintly smiling face; Venerable Hun Yuan had ten thousand thoughts flashing through his mind on how to kill Luo Tian.

Luo Tian laughed and said: "Don't be anxious Grand Elder; I'm only joking with you. Why would I become Martial Hall's Elder? This kind of position is beneath me, hahaha..."

“Humph!”

“Luo Tian, I hope you will comply with what you’ve said.”

“Otherwise... I’m sure you are very clear on the consequences.”

After saying that...

Venerable Hun Yuan gave Luo Tian a serious look before flinging his sleeves. His figure instantly disappeared as he returned to the inner sect.

Luo Tian’s mouth turned into a cold sneer as he said to himself: “It looks like you’ve chosen to stand on the side of the inner cores. This is fine too since you’re considered a high leveled boss. At that time, I won’t need to hold back... hahaha.”

The moment before Venerable Hun Yuan left, his body started giving off a golden glow.

Abnormal transformation!

He actually transformed into a boss!

Luo Tian was actually quite shocked by this as he said to himself: “A human becoming a boss is really extraordinary. It must be some type of abnormal transformation. This is fine too since exploding him will give me a bunch of experience points. But there’s no need to worry about him for the time being.”

Venerable Hun Yuan underwent a transformation but Luo Tian wasn’t too worried about it.

It’s true that he had become a boss, but he wouldn’t actively kill Luo Tian because he needed Luo Tian’s inner cores.

Luo Tian narrowed his eyes as he looked at the inner sect above the clouds. His mouth formed a sneer while he said to himself: “Two and a half months later, I will cause your inner sect’s fowls and dogs to have no peace. If one wants change, we must first have chaos... heh heh...”

Inner sect, Mount Hua’s main hall.

Venerable Yun Ji had an angry expression on his face. He glared at Venerable Hun Yuan and shouted: “Give me an explanation!”

Venerable Hun Yuan didn’t say it out loud and sent a voice transmission: “Inner cores!”

He only said two words.

Venerable Yun Ji’s gaze turned serious.

Even if he was the Sect Leader of Mount Hua Immortal Sect, he couldn’t help being startled by the two words’ inner cores. Who in the immortal sects didn’t wish to have more inner cores?

Who didn’t want this pure and endless power?

A Sect Leader was no exception!

Nighttime.

Solitary Peak.

Luo Tian's figure moved as he shouted: "Nine Dragons and Elephants!"

"Shadow Clone!"

"Magma Fire!"

"Deathgod Domain!"

He was crazily raising the proficiency of the martial skills he possessed. Since there weren't any monsters to kill, he could only increase his skill levels. Luo Tian had cultivated too many martial skills, so he wanted to use the Melting Heaven Divine Cauldron to fuse them. But he was also scared that the outcome of fusing his skills would give him a garbage skill instead. He was also reluctant to let so many of his precious martial skills go to waste just like that.

Just when Luo Tian was fully absorbed in figuring this out...

A black shadow descended.

The entire Solitary Peak was then enveloped by a barrier. Luo Tian's mind sank as he had never experienced such strong powers before. It was ten thousand times stronger than the Grand Elder! Uncomfortable... this kind of feeling was even more uncomfortable than dying!

Also at this moment, the world before Luo Tian's eyes was like the sun. The light was so bright that he couldn't even open his eyes!

Chapter 435 – I Have Never Feared Death

A golden glow that suffused the sky.

The golden glow was ten thousand times more intense than the golden glow that came from Devil Monarch Skysoul!

Luo Tian had never seen such a strong boss ever since he came to this foreign world. This made the blood inside his body boil with excitement. He was now absolutely sure that this guy was Mount Hua Immortal Sect's strongest last boss!

Luo Tian stood there without moving because his whole body was oppressed to the point of being unable to move.

"Cultivating devil skills, death!"

"Provoking an Elder, death!"

"Killing an Elder, death!"

"..."

The voice exploded and said a series of the word – death. Luo Tian's expression turned gloomy because he could guess what person had arrived. He then coldly scoffed: "You're nothing good yourself, so what qualifications do you have to judge me?"

"Prime Elder, who is colluding with the devil sects!"

"It's fortunate that all my crimes added together are still not as serious as yours. Colluding with the devil sects, using Mount Hua Immortal Sect's immortal vein to concoct pills, and plotting against Mount Hua Immortal Sect disciples. If your crimes were publicly announced, most likely a Prime Elder like you would still be a goner."

It was very obvious...

That the visitor was that Prime Elder who was colluding with the devil sects!

The moment Luo Tian handed the mission over at the Merit Hall, he was already prepared.

He just didn't imagine it would be this quick.

"Hahaha..."

A burst of cold crazy laughter was heard. "You really think you're infallible? Do you think anyone would believe your words? Even if they do, what can they do to me? A mere outer sect disciple like you isn't even qualified to become a chess piece."

"Kid, do you think you are qualified to fight with me?"

"Status, identity, and value; you have none of those qualifications. Do you understand that in front of me, you count as nothing?"

He was treating Luo Tian as nothing.

In his eyes, he was the sky above Mount Hua Immortal Sect!

No one could touch his position. Even the current Sect Leader couldn't so what was an outer sect disciple considered?

Luo Tian smiled and said: "Then you better kill me. If you don't kill me, I will be the one to kill you when given the chance. Do you happen to understand that?"

Luo Tian didn't try to hide the killing intent in his heart.

If others treated him like crap, he would return it back to them twofold.

His body was being suppressed while his sea of consciousness was being crushed. He couldn't move a single bit which pissed him off to no end. He really hated having his mind and sea of consciousness being suppressed because the feeling was extremely uncomfortable. The most important part...

This Prime Elder was a boss, a super boss! That's why he had to explode him; he absolutely had to explode this guy!

"Luo Tian, you are truly quite crazy."

"A typical crazy person usually doesn't live for long. Do you really think I don't dare to kill you?" A cold evil voice tone sounded out.

Luo Tian replied: "The devil sect person who can refine inner cores has already left, while I've become the only person in Mount Hua Immortal Sect that can refine inner cores. If you wanted to kill me, you would've made your move a long time ago. Do you really think you would dare kill me?"

"Moreover..."

"Do you think the devil sect will continue to cooperate with you?"

"Prime Elder, you really shouldn't be so self-centered. There are actually many matters that are not in your control."

If the people of Mount Hua Immortal Sect knew Luo Tian was speaking to the Prime Elder in such a way, most likely they would piss their pants from fear.

The reason Luo Tian dared to return the completed mission was that he grasped the Prime Elder's Achilles heel.

This was the Achilles heel of every immortal sect disciple.

The xuan stones that immortal sect disciples use to cultivate can no longer satisfy their requirements. For someone who wishes to make breakthroughs quickly, they require a powerful resource and inner cores perfectly fit that criterion.

Mount Hua Immortal Sect is in a state of decline. Not to mention inner cores, even exquisite grade xuan stones were at a pitiful number. The disciples were having trouble advancing their cultivation in a one year period, and it was even more so for the Elders who had already reached their peak. Only a more powerful resource was their key to breaking through.

There was a brief silence.

The black shadow took a step forward and instantly landed in front of Luo Tian.

It was an elderly person with white brows and white hair. His expression was so calm that it was like a still well. His eyes were also very calm as they looked at Luo Tian before saying: "You are very smart."

Luo Tian smiled faintly and replied: "Thank you for your praise. I also think I'm very smart too."

The elder narrowed his eyes, he said: "From today onwards, you need to turn over three hundred inner cores per month to me and I will guarantee your stay in Mount Hua Immortal Sect will be free of obstructions. No one will dare move against you, which also includes the current Sect Leader."

Three hundred?!

This was a huge number!

With that amount, it can make a Profound Ancestor realm disciple break through to the Profound Venerate realm in just a year.

Luo Tian coldly sneered and said: "Do you think I'm going to agree to that?"

"You dare to not agree?"

"What do I not dare? The worst-case scenario is that I die. Most likely that devil sect person couldn't give you three hundred inner cores, not to mention me. I can give you fifty if you want. If you don't want it, then pretend that I never said a word."

“You can go ahead and kill me if you don’t care for the consequences.”

“Why would that devil sect alchemist suddenly leave the Dark Abyss Cave? Why would he suddenly transfer the secret skill of refining inner cores to me? I’m sure you know what’s going on. Don’t think you’re all that just because you’re the Prime Elder of Mount Hua Immortal Sect. In my eyes, you are nothing as well.” Luo Tian said this in an overbearing manner and an expression like he didn’t care. But in reality, he was terrified inside.

He was extremely terrified.

But he had to maintain his tough stance.

When facing this Prime Elder of Mount Hua Immortal Sect, a hegemonic boss’s existence, Luo Tian had no ability to resist.

The only thing he could do right now was to delay.

He needed time to level up!

He needed a lot of time, so he could only compromise for the time being. But one needs to be reasonable when compromising. Three hundred inner cores were without a doubt an exorbitant demand. Even if he was capable of refining that many, there’s no way he would give it all to the Prime Elder.

Moreover...

Apart from a Prime Elder, there was still a Venerable Hun Yuan.

He wanted to borrow the strength of those two forces.

The elderly person’s gaze narrowed before he said: “Two hundred!”

Luo Tian didn't give in and continued: "Fifty of them are my limit."

The aura on the elderly person's body started fluctuating and giving off a trace of cold killing intent.

The killing intent actually condensed into a huge black hand before grabbing onto Luo Tian's throat. The elderly person lifted Luo Tian up into the air before saying coldly: "Killing you is even easier than killing an ant. There's only one outcome for those that dare to bargain with me – death!"

Luo Tian was unable to resist. Even if he tried resisting, it would be of no use.

The elderly person's cultivation level had already reached a realm beyond his imagination.

Even with the assistance of his system, Luo Tian could only see a long line of ????? for his health bar. There was no way to figure the number out. But if one was to give a rough estimate of this person's cultivation level, most likely he would be at the peak of the Profound Emperor to the Profound God realm.

Hatred was surging inside Luo Tian's heart!

The feeling of being played within the palm of someone's hand was really not a good feeling.

When facing against this elderly person, he didn't have an ounce of strength to resist. This kind of feeling was really infuriating to him.

But...

Luo Tian was very clear that if this Prime Elder wanted to kill him, he would have made a move already. Luo Tian didn't budge at all and struggled to say: "The limit of my ability is fifty of them. Even if you kill me, the amount will remain the same. I've already said before that I have never feared death."

His body was dangling in the air.

His face was turning purple.

This was the thin line between life and death...

Chapter 436 – You Can Only Serve Me After You Become Stronger

The black shadow left.

Luo Tian came back to this world from the gates of hell.

Extremely excruciating.

Taking a stroll on the edge of life and death, where one could instantly report to Lord Yama. This kind of feeling was really not pleasant.

Being suppressed and restrained by the throat so that you couldn't even move an inch.

It all came down to strength!

He wasn't strong enough!

Provoking Venerable Hun Yuan was one of his chess moves. Luo Tian was also prepared in luring out Mount Hua's strongest boss. Even though he was prepared, Luo Tian was still pissed off at the outcome. Especially that Prime Elder; the feeling of being suppressed by him made the flames of rage inside him surge.

Luo Tian looked off into the distance as his gaze turned gloomy. He then said to himself: "This daddy will one day make him pay for this!"

"This, I promise!"

He was truly enraged.

Luo Tian's expression was particularly gloomy.

He clenched his fists before shouting: "Shadow Clone!"

"Skysoul Palm!"

"Deathgod Domain!"

Whenever the cool down was over, Luo Tian would activate a skill.

The system would then give off alert tones.

"Proficiency +1..."

He would completely use up tens of millions of profound energy until nothing was left, then consume a medicinal pill or xuan stone afterward. His profound energy slowly went up and Luo Tian would start training again. He was training like crazy!

Without monsters to kill, the only way to get stronger was to level up his skills. This was the only thing Luo Tian could do at this moment.

He could only keep hoping the devil sect would bring him some good news.

Except...

He wasn't too knowledgeable when it came to the devil sects. Would they really help him get the four region's blood and the location of the Sky Palace Divine race? But seeing the hysterical expression of that black-robed elder, there's a high chance they guy would do his best to find them.

"As long as the four region's blood and the Sky Dragon's Bead are in hand, I will immediately open up the ancient battlefield. This daddy doesn't really care about whatever Mount Hua Immortal Sect. This kind of immortal sect should really disappear from this world." Luo Tian's mind tightened as he couldn't help sighing when he thought of Venerable Wu Nian. He then said to himself: "I wonder how the situation is with you right now."

Venerable Wu Nian had left for half a month.

Logically speaking, he should have already reached the Starsea Immortal Sect. Could he have died at Starsea Immortal Sect?

But...

If Starsea Immortal Sect planned to seek justice, they should've arrived here by now. Since they haven't appeared yet, does that mean Venerable Wu Nian had resolved the conflict? Except... Why hasn't he returned if he has taken care of this matter? Did something bad happen on his way back?

Luo Tian couldn't figure it out.

No matter what, Venerable Wu Nian did all this for him.

If something did happen to him, Luo Tian would have to avenge him. This was the least Luo Tian could do.

For one whole night, Luo Tian didn't stop to rest for half a second.

He was crazily training his skills.

Early morning.

Han Hua, Yun Ling, Yun Yi, and Zhao Chen came to Solitary Peak.

Inside the courtyard.

Luo Tian's upper body was naked and covered in scars. It was rather fierce-looking, like many centipedes crawling all over him. No matter how many times Luo Tian cast Healing Art, he couldn't heal those scars.

These were the original scars on his body. They were similar to his crippled dantian that Luo Tian couldn't heal.

Han Hua was secretly shocked by this.

The sisters Yun Ling and Yun Yi were dumbstruck. When they saw Luo Tian, tears were swirling in their eyes. They were both asking themselves: "What kind of past did this man experience?"

A man with a story tends to attract girls more easily.

Every scar represented a story.

Of course...

They didn't know what happened to Luo Tian when he was at Jade Mountain City.

Luo Tian poured a bucket of cold water over himself. His whole body cooled down and felt refreshing. His muscle definitions had reached a state of perfection, and would faintly tremble as the water droplets followed those curves to drip down.

At this moment...

Luo Tian was manly to the max. Yun Ling and Yun Yi started blushing from seeing him.

Han Hua grinned and said: "You girls... have you fallen in love? Hahaha..."

Yun Ling glanced at Han Hua and pouted: "Senior sister, you are so bad. There's no way I would have fallen in love, humph!"

Yun Yi didn't blink and kept staring at Luo Tian. She then softly said to herself: "Team Leader is so handsome."

"Hahaha..."

Their words weren't heard by Luo Tian or else he would have definitely shown off some more. After pouring water on himself, Luo Tian entered the hut to change into a set of new clothes. The clothes were prepared by Tang Tang and Qin Yue'er before he left.

Luo Tian walked into the courtyard and asked: "Why are you guys here? Today should be the day you enter Heaven's Boundary to cultivate. Could it be that someone isn't allowing you guys to go anymore?"

"No!"

"Team Leader, why aren't you going as well?" Han Hua asked in puzzlement.

Ever since they used the so-called back door, there would be a crowd of people pointing at their backs wherever they went. Their previous friends and close fellow sect members had drawn a clear line between them and showed expressions like they didn't know them. The team was unhappy about this but didn't say a thing to the others.

Their current pillar was Luo Tian.

Luo Tian scratched his head and said with a smile: "There's really no need for me to enter Heaven's Boundary. You guys know that with my crippled dantian, I'm unable to absorb immortal energy or refine it. My cultivation method is different from you all, so it's best that my place for entering Heaven's Boundary is given to other disciples."

If Luo Tian wanted to go, he would've requested five placements yesterday.

He really didn't want to go.

If he had time, he might as well raise his skills a bit more.

Han Hua became silent while feeling extremely grateful.

If it weren't for Luo Tian, they would most likely have died within Dark Abyss Valley, let alone get the qualifications to enter Heaven's Boundary to cultivate. It would also be impossible for them to become the number one team in the outer sect as well.

Everything was due to Luo Tian!

Their gratitude towards Luo Tian had reached a point that words couldn't describe.

Luo Tian said with a smile: "The most important thing is for you all to become stronger. When you enter Heaven's Boundary, you all need to put your biggest effort in making breakthroughs or else you would have let me down on my arrangements. Hahaha... cheer up. Don't act like you owe someone tens of thousands of gold or something."

Luo Tian knew what they were thinking about inside.

Even though these four weren't that strong right now, Luo Tian really wanted to have them become true experts.

Han Hua's gaze turned serious as she looked up. "We will not disappoint you."

Yun Ling and Yun Yi clenched their fists. They looked at Luo Tian in a serious manner before saying in unison: "Team Leader, we will quickly become stronger. We will follow you with our proud smiles through the inner sect and smash those unwilling to submit into crawling positions. Hee hee..."

Luo Tian smiled in response. Seeing those two beautiful twin flowers, his heart couldn't help start palpitating. He then said: "That's more like it! Once you two become stronger, you can better serve this team leader of yours."

"You..."

"Speaking nonsense!"

"Humph, I'm not talking to you anymore."

"Senior sister, let's go. He's a complete scoundrel."

Yun Ling and Yun Yi left the courtyard. Just like little kids, they turned around and stuck their tongues out at Luo Tian.

Luo Tian smiled.

He smiled with genuine happiness.

Outer sect, the peak of a certain mountain.

There was a small teleportation array covered in densely packed runes.

An outer sect Elder walked over and activated the array. He then said in a serious manner: "Cultivate diligently and don't lose face for our Mount Hua Immortal Sect!"

Chapter 437 – Threat!

Han Hua and the others had gone to Heaven's Boundary to cultivate.

Luo Tian currently had nothing to do.

But...

After last night's crazy training of skills, his profound energy was pretty much all gone. Even his medicinal pills and xuan stones were nearing empty.

After entering an immortal sect, one would usually count on their immortal force to fight.

But profound energy was the fuel for activating Luo Tian's skills, so he couldn't do without it.

Entering the Merit Hall.

There were many people pointing at him but they didn't dare to be loud or attract Luo Tian's attention.

"It was him that killed the Martial Hall's Elder Xiao, and he took advantage of one's perilous state to do it. What a despicable person."

"Such a sinister deed."

"This is basically Mount Hua Immortal Sect's biggest disgrace."

“I really don’t understand why Grand Elder is protecting him. A person like him should be killed by a palm strike already. Leaving him around Mount Hua Immortal Sect is like leaving a walking disaster in our midst.”

“What I don’t understand is why the twin flowers Yun Ling and Yun Yi are attracted to such a despicable person. It would be great if they fancied me instead.”

The voices were soft...

But Luo Tian could hear them clearly.

He was too lazy to bother with them though.

Xu Shan coincidentally came to the entrance of the Merit Hall. He saw Luo Tian and immediately told him: “Follow me.”

“Huh?”

Luo Tian was a bit startled.

The crowd all looked at him with different gazes.

He followed Xu Shan to a side room.

Xu Shan looked around with caution before closing the door. He then asked Luo Tian: “What happened last night at Solitary Peak? How come I couldn’t even get close to it? Kid, what on earth were you doing inside there?”

Last night, Xu Shan was originally planning to look for Luo Tian and ask him what happened at Dark Abyss Valley.

He wanted to know why the Grand Elder who had always wanted to kick Luo Tian off the mountain would suddenly stand by his side. He really wanted to know why.

Luo Tian pretended like he didn't know a thing and replied: "What happened? I don't know. When I got back last night, I went straight to bed and slept until the morning. I have no clue what you're talking about."

"Eh?"

"Now that's strange. Last night, I was clearly forced out of Solitary Peak by a powerful energy and couldn't take a single step forward. I thought that Grand Elder had decided to seal up Solitary Peak. But now that I think about it, Grand Elder doesn't have such powerful strength." Xu Shan said under contemplation.

Luo Tian didn't want to tell Xu Shan that the Prime Elder came looking for him.

There were some matters he didn't want others to know about.

Luo Tian laughed once before saying: "Old Xu, it looks like you've been too tense lately. How about this: I will give you something good as a supplement, hahaha..."

While saying this...

Luo Tian took out two pure inner cores from his spatial ring and said: "For the Grand Elder to stand by my side is exactly because of these things."

"Inner cores?!"

Xu Shan's eyes started seeing stars. He then said to Luo Tian with incomparable shock: "You kid... you are really not ordinary. No wonder Elder Wu Nian would take out Mount Hua's Divine Token to have to stay. It looks like he knows you very well. In just half a month, you were able to rise up to Profound Ancestor 5th rank from the 2nd rank. Even if the old ancestor was still alive, he wouldn't be able to

accomplish this. Kid, you are really quite extraordinary. Those of the outer sect are mocking you as a piece of trash with a crippled dantian, but when compared to you, they are even less than trash.”

Right after...

Xu Shan wasn't polite and directly took the two inner cores. He chuckled and said: “It would be fake of me if I said I didn't want it. I won't be polite and accept it!”

Luo Tian laughed faintly before saying: “Low-key, low-key. Old Xu, you should stay low-key about it. The reason I came to the Merit Hall is that I hope you can help me find a mission with a high merit reward. It would be best if it were some sort of dangerous mountain range with demonic beasts to kill and spiritual herbs to pick.”

He needed to replenish his profound energy.

He also needed to concoct some medicinal pills for emergency use, especially the Profound Burst Pill.

Currently, he didn't have a single Profound Burst Pill on him.

If he happens to encounter a rather strong opponent, raising his powers by two small realms would make his strength on a completely different level.

Moreover...

Now that he possessed immortal force, he wanted to try using it to concoct medicinal pills. He wanted to see if he could concoct those legendary immortal pills. This was also a chance to see if he could make further changes to the attributes of the Profound Burst Pill.

Xu Shan was in thought for a while before saying: “There is, but it's kind of far, at the Undead Territories of the extreme north. It's very close to the dangerous Dark North Sea.”

“Undead Territories?”

“Dark North Sea?”

Luo Tian mumbled some words before saying to himself: “Wow, just hearing their names shows those places aren’t ordinary. There are definitely many strong demonic beasts there, hehe... Those kinds of places are the ones I like the most!”

Those two places were considered part of the ten forbidden places of the mortal realm.

But...

In the world of immortal sects, those two places weren’t particularly that dangerous.

That’s why they would appear as a mission for the outer sect.

When Xu Shan saw Luo Tian’s excited expression, he lectured: “You brat, why do you get happier the more dangerous the place? I really don’t understand you.”

Luo Tian replied: “Enough chatter and quickly hand the mission over to me.”

If he could, he would’ve flown there right now.

Experience points, profound energy, and spiritual herbs; he wanted all of them!

Luo Tian was going crazy trying to find a way to level up. The experience points from demonic beasts weren’t that much, but he was still going to get some. There’s the saying that mosquitoes may be small but they still have some meat. It’s way better than doing nothing.

Xu Shan looked at Luo Tian and said: “It will take three months in order to complete this mission. There are about two and a half months before the inner assessment, so does that mean you don’t want to enter the inner sect?”

“Others require three months but to me, Luo Tian, at most it would take a month. Don’t worry; I will definitely make it back on time.” Luo Tian was laughing inside, “I was the King of quests in my previous life. Other’s needed three hours while I only needed one.”

Xu Shan didn’t continue forcing it. He narrowed his eyes in a faint smile and said: “For the sake of these two inner cores, I’m going to help you this one time. Follow me to the teleportation array.”

“Huh?”

“Wow! Old Xu, you have this kind of right?” Luo Tian couldn’t help but be stunned by this.

Directly teleporting there would save time and effort!

“Cough~, cough~...”

Xu Shan coughed a few times before saying: “Outer sect Elders only get one chance per year to use the teleportation array. Do you know how valuable the teleport you’re using is? I’m only doing this for you kid. If it were for other people, it would be impossible for me to let them use it.”

Luo Tian said with a smile: “Wait until I get back, I will give you a few more inner cores. It’s about time your cultivation improves a bit.”

Xu Shan’s brows rose up in joy before saying with a smile: “It’s better if you raise your own cultivation level. Don’t think that you can act like a tyrant in the outer sect and feel like you can do the same in the inner sect. Kid, the inner sect is the strongest place of Mount Hua Immortal Sect.”

The two of them conversed while walking towards the location of the teleportation array.

Outside the teleportation array.

Venerable Hun Yuan narrowed his eyes like he was about to sleep. His eyeballs glared at Luo Tian through the slits before he said with a faint smile: “Luo Tian, you aren’t thinking of running away, right?”

Xu Shan immediately cupped his hands and said respectfully: “Greetings to the Grand Elder. Luo Tian has accepted a mission.”

He didn’t mention what the mission was about.

Venerable Hun Yuan didn’t even glance at Xu Shan before continuing with a cold smile: “Remember not to even think of escaping. Your brothers, you women, your Great Tang Dynasty; I know everything about them! Humph!”

Threat!

This was a complete and utter naked threat!

Chapter 438 – Captured On Arrival

Luo Tian smiled.

A very brilliant looking smile.

Looking at Venerable Hun Yuan, he said: “Grand Elder; I’m just going out to find materials to refine inner cores for you, so why would I be running away? You might run away but I will definitely not run so you can be rest assured.”

Run?!

What a joke!

This place has so many bosses he hasn’t killed yet so why would Luo Tian run?

Why would he run if the ancient battlefield hasn't even been opened yet?

This was an impossible matter.

Luo Tian would absolutely not leave Mount Hua Immortal Sect until he explodes them all.

Venerable Hun Yuan narrowed his eyes in a smile before saying: "That's good then. Luo Tian, you should be very clear on my strength. Everything you love is in the control of my hands. Even if you do run, I can still find you in any corner of our Tianxuan Continent. Make sure you behave sensibly."

"Hahaha..."

"Grand Elder, you are worrying over nothing." Luo Tian chuckled loudly into the air. His expression didn't show any changes but killing intent was surging inside his heart. "Motherf*cker, trying to threaten this daddy huh? You just wait for me."

Immediately after...

Luo Tian said: "I remember when I first arrived at Mount Hua Immortal Sect; you were trying all sorts of methods to kick me off the mountain. Now you've become so afraid of me leaving. Grand Elder, did you fall in love with me? Hahaha..."

Venerable Hun Yuan's gaze turned fierce while his mouth formed a sneer. He then looked at Xu Shan and asked: "Where is Luo Tian going for his mission?"

Xu Shan replied: "Dark North Sea."

Venerable Hun Yuan was faintly stunned by this. His gaze landed on Luo Tian again and said: "You are running quite far away."

Luo Tian replied with a smile: "There's nothing I can do. Who made inner cores so hard to refine? How about you go get the immortal herbs to refine inner cores in place of me? I could just obediently wait here since you're so afraid of me running away."

Immortal herbs?!

What a joke! Those things were incomparably valuable!

How can the herbs to refine inner cores not be valuable?

Luo Tian's words made Venerable Hun Yuan's gaze turn gloomy. He then said: "I hope you can come back quickly. If you don't return within three months... heh heh, then he is going to die. Elder Xu, do you think releasing a criminal of Mount Hua Immortal Sect can be punishable by death?"

Xu Shan's gaze became stern while his brows furrowed. He then nodded and said: "If Luo Tian doesn't come back within three months, I am willing to be punished."

"That's great!"

"Luo Tian, you heard that, right?"

"He will have to die if you don't come back, and it's not just him. All the members of your Team Skyfire will die as well. There are also your friends in Heavenly Sword City, and even the entire Great Tang Dynasty will disappear." Venerable Hun Yuan said with a playful smile.

He could indeed accomplish this with his abilities.

When Mount Hua Immortal Sect was compared to the other immortal sects, they may not be considered much. But when compared to the Great Tang Dynasty, they were a behemoth of an existence and could easily destroy the dynasty.

Luo Tian's gaze tightened and he clenched his fists beneath his sleeves. His mouth finally

curved up into a cold smile and said: “Don’t worry, I will be coming back.”

Right after that...

Luo Tian took a step onto the teleportation array.

Xu Shan stepped forward and said: “Luo Tian, you need to remember the mission’s time limit is three months. This teleportation array will send you directly to Dark North City. You only have one chance to use it to come back within the three months.”

Luo Tian nodded and replied: “I will remember it.”

There shouldn’t be too much of a difference with this teleportation array and the games he played in his previous life.

Venerable Hun Yuan turned around to look at Luo Tian standing on the teleportation array. Luo Tian also stared back at him.

The array was then activated!

A beam of light surged into the sky and Luo Tian felt like he was traveling in a spatial-temporal tunnel. In the blink of an eye, he had already arrived at another location.

This was a feeling that one couldn’t experience when playing video games.

He didn’t expect this kind of feeling was rather cool.

“Ommm~!”

The light beam exploded, and Luo Tian appeared in the teleportation array of Dark North City.

Before Luo Tian was able to react...

Over a hundred people suddenly charged over and surrounded him.

Every one of them was staring at him with hostility.

Their long spears were pointing at Luo Tian's throat, and it was only half a centimeter away before it would poke into his skin.

Luo Tian's gaze turned to shock before he smiled foolishly. He then said: "We're all on the same side, the same side. There's no need to be so anxious. I'm just passing by to buy soy sauce so there's no need to treat me like this, right?"

"Commander, he doesn't look like someone from the Ghost Merman Sect."

"It doesn't seem like it from the clothes he's wearing."

"Moreover, the people from the Ghost Merman Sect wouldn't only teleport a single person over."

"Maybe he's a scout?"

"That's possible. Commander, we can't take the chances. The people of the Ghost Merman Sect are extremely cunning and this person is highly likely a spy. We cannot allow him to leave here alive. We suffered huge losses last time so this time, we cannot make the same mistake."

A low voiced discussion took place somewhere in the crowd.

They were all wearing the same armor so they must be the guards of Dark North City.

Except...

They were all guarding the teleportation array. With so many people charging at him together, Luo Tian almost pissed his pants from fright. But from the start of their conversation, Luo Tian felt some relief because they didn't seem to be here for him.

But as they continued talking, Luo Tian's heart skipped a beat.

Luo Tian chuckled and said: "I am a disciple of Mount Hua Immortal Sect. I came to Dark North City to complete a mission."

"Mount Hua Immortal Sect?"

A man in black armor with bushy eyebrows and large eyes then said: "Doing a mission? What kind of mission are you doing? Mount Hua Immortal Sect hasn't sent anyone to Dark North City for several decades. And the clothes you're wearing aren't the uniform of Mount Hua Immortal Sect disciples. It's really hard to believe your words."

"Shit!"

Luo Tian secretly cursed.

He had been suffering from unequal treatment at Mount Hua from the beginning. Not to mention uniform, he wasn't even given a single bite of food from them.

Luo Tian's eyeballs started spinning before he said: "Commander, our Grand Elder Venerable Hun Yuan was observing the astrological stars at night and found that Dark North City was in danger, that's why he sent me here to save you guys. My mission is exactly to save Dark North City. Don't worry; you guys will be safe now that I'm here."

"You?"

“Just you alone?” The Commander asked while staring at Luo Tian.

Luo Tian replied: “That’s right. Just I alone am enough.”

The Commander’s gaze didn’t show any shock as he observed Luo Tian seriously. After several seconds, he suddenly shouted: “Someone come arrest him!”

“Huh?”

“What’s going on?”

“I’m here to save you guys.”

Before Luo Tian could continue speaking, a dozen or so long spears had already locked onto his body not allowing him to move.

One must mention...

The cultivation level of these guards was very strong. Every one of them was at the Profound Ancestor realm or higher, and each of them possessed a trace of immortal force.

Luo Tian couldn’t help but be surprised by this point.

When he was being detained, Luo Tian didn’t resist.

The name above these guards wasn’t in red, and their Commander didn’t give off any golden glow. This meant the guards here weren’t considered monsters and wouldn’t deliberately harm him.

The Commander then said: “Have him brought to the dungeon first.”

Luo Tian loudly shouted: “Commander! I’m really a disciple of Mount Hua Immortal Sect. I’m really here to save you all!”

The Commander’s gaze turned gloomy before shouting: “Your dantian is clearly crippled! Would an immortal sect even accept a martial artist with a crippled dantian? You should at least make up a better lie than this. I’m already treating you quite well by not immediately killing you on the spot.”

“Someone come.”

“Throw him into the dungeon and keep an eye on him. Do not make any mistakes.”

Luo Tian was then brought away.

A guard walked over and whispered: “Commander; there’s a bunch of old devils imprisoned in the dungeon. Would that kid be...?”

Chapter 439 – A Dungeon More Dangerous Than A Forbidden Ground

Luo Tian didn’t make a move.

Because he wasn’t a crazy murderer.

While being escorted to the dungeon, he noticed that parts of Dark North City were in ruins. It was very similar to when Devil Monarch Skysoul almost destroyed Heavenly Sword City.

Thinking how he got captured right upon arrival, his heart was at a loss.

“Big brother guard, I previously heard you guys mention the Ghost Merman Sect. What kind of sect are they? With the strength that you guys have, even an immortal sect cannot easily take you guys down, right?” Luo Tian couldn’t help asking. His current mission was to refill his profound energy, search for large amounts of spiritual herbs, and then finally level up.

Therefore...

He needed a precise location to level up.

He was not familiar with the area around Dark North City.

The guard escorting found Luo Tian to be a rather honest individual and didn't exhibit any resistance. The guard's voice was a bit depressed as he said: "When the Titan race disappeared, the Ghost Merman Sect used this opportunity to rise up. Their fleshly body's power has already reached an unimaginable level."

"They suddenly attacked Dark North City and we were caught off guard."

"And now they wanted us to hand over Princess Dark North within half a month. Those people of the Ghost Merman Sect are really damnable!"

"Yang Laosan, why are you talking about this with him? He's just a fraud, and might even be a spy for the Ghost Merman Sect. We should blame those damn immortal sects for building a teleportation station in Dark North City just because they wanted to save some time. If it wasn't for that, how would our city be so easily defeated?"

"That's right; it's all because of that damn teleportation station. If I had the strength, I would definitely destroy it."

Teleportation arrays were set up everywhere by the immortal sects.

In the beginning, it was promoted as a form of protection for everyone and could stop sneak attacks by the devil sects.

As time went by...

The devil sects hid themselves and haven't appeared in ages. These teleportation stations slowly became something that would be occasionally used to perform missions by immortal sects. And these teleportation stations only allowed immortal sect members to teleport here and back while the residents of Dark North City were unable to use it.

Luo Tian was quite knowledgeable when it came to teleportation arrays. Hearing the guard's words, the Ghost Merman Sect must have teleported a group of martial artists, then attacked from both inside and outside. Dark North City was caught unprepared and thus defeated.

He then realized something and asked: "Since the teleportation arrays are setup by immortal sects, how did the Ghost Merman Sect teleport into the city? Could it be that the sect has its own teleportation array?"

"Huh?"

"Wait... that's right! How come we didn't think of that? The Ghost Merman Sect only rose up recently and shouldn't have a teleportation array. Even if they do have one, it's impossible to teleport over unless both teleportation arrays are connected together."

"Yang Laosan, escort this kid to the dungeon and I will report this to our commander."

"Go ahead then."

They didn't dare to take any chances.

Any new discoveries could change the course of a battle.

There wasn't much time left for them.

Three days out of the half a month of time had already passed by. Within these ten plus days, they had to understand how the Ghost Merman Sect was able to teleport over.

Luo Tian shouted to the guard hurrying away: "Remember to tell your commander that it was me that raised this question!"

"So what if you raised this question?"

"A kid like you dares to commit fraud and call yourself a Mount Hua Immortal Sect disciple? How can it be possible for you to be an immortal sect disciple?" Yang Laosan said with disdain.

Luo Tian was too lazy to explain the whole situation.

After all...

Mount Hua Immortal Sect didn't have any special prestige anyways so he was too lazy to use that identity.

While thinking of the teleportation array situation, Luo Tian said to himself: "Two teleportation arrays must be connected with each other for it to work, so something fishy must be going on. If it's not an immortal sect supporting Ghost Merman Sect secretly, then the Ghost Merman Sect must've discovered a hidden teleportation array."

"The Ghost Merman Sect is demanding Dark North City to hand over Princess Dark North. Did they attack Dark North City just for a woman?"

"It shouldn't be, right?"

Not long after.

The guards escorted Luo Tian to the dungeon's main entrance.

The entrance didn't look majestic nor did it have heavy sentries posted. There were only two youthful-looking guards there. Their cultivation level wasn't high, and beside them was a semi-sloping stone door.

A real dungeon?!

This was true to its name, a genuine dungeon with underground prison cells.

“Kid...”

“You should start praying for the best. Our Dark North City’s dungeon is more dangerous than many places. There are all kinds of people and creatures being held for over ten thousand years. Back then, this was the place where immortal sects imprisoned many devil sect experts. Many devil sect experts have died inside there. As for how many are still alive, that I am not clear on.” Yang Laosan advised Luo Tian while looking at him with pity. He then continued: “Once we take care of the Ghost Merman Sect issue and prove your innocence, I will request Lord Commander to release you.”

Luo Tian’s words were untrustworthy.

But what if it was true?

Dark North City didn’t dare to offend an immortal sect, even if it was the fallen Mount Hua Immortal Sect.

The stone door opened.

A black aura seeped out from the ground.

“Let me out!”

“You despicable lowly humans! There shall be one day that I will kill you all! Keke...”

“Fuuu~ ... fuuu~ ... fuuu~ ...”

“Agggghh~!”

Various powerful auras surged out.

These kinds of aura could make anyone tremble in place. But the people of Dark North City were used to it and treated it like normal, so they weren't afraid now.

As for Luo Tian, these waves of powerful auras made him blank out. He then gave Yang Laosan a side glance and asked: “What kind of things have you guys imprisoned in there? Isn't this practically sending me to my doom? Before you guys can even take care of the Ghost Merman Sect, I'm afraid my corpse would no longer be around.”

Yang Laosan shouted back: “Go hide in a corner and don't provoke others. Maybe then your chance of surviving will be a bit higher. And don't think of breaking through the stone door. Even an immortal sect Elder can forget about breaking it down. Do you know why there are so little guards here even though so many powerful devil fiends are imprisoned here? Because below the stone door is the Soul Refining Array engraved by the gnome race. If you dare try breaking out of here, even your soul will be refined!”

“Huh?”

Luo Tian laughed inside and said to himself: “Soul Refining Array? With my current level 6 Engraving Array skill, I should be able to decipher it.”

Immediately after...

Without showing any emotions, Luo Tian stepped past the stone door.

A gust of cold wind blew by.

Bone biting cold. This was really similar to a gust of cold wind with an intense amount of death that could only come from the depths of hell.

“Hong~, clank~!”

The stone door closed, and the whole world seemed to turn into darkness.

Suddenly...

Deep in the darkness, a pair of green eyes was glaring at Luo Tian.

A gaze that bore into one’s mind.

Right after that, a ghost-like fire was floating in the darkness. Its position erratic but continued in the direction of Luo Tian.

Luo Tian didn’t hesitate and shouted: “Level 5 Berserk!”

“Boom~!”

His enhanced attributes exploded forth. His eyes became serious as the aura from his body was released.

“Big brother Yang, who is that kid?”

“What kind of crime did he commit to be imprisoned inside there? I know that it has been many years since a human has been thrown inside.”

“A kid that likes to deceive and swindle people. We’re currently dealing with a crisis so this was the only option for the Commander. We can only hope that the kid has luck on his side.”

Yang Laosan walked away into the distance.

The two guards watching over the place glanced at each other. One of them smiled bitterly and said:
“That kid is doomed!”

Chapter 440 – The Power Of Fate

Dark North City was fully prepared for a battle.

After Luo Tian was imprisoned in the dungeon, no one bothered to think about his matter anymore.

Of course...

Most of the people believed Luo Tian would die soon.

Who would bother to think about someone that’s already deemed dead?

Moreover, Dark North City was confronted by a formidable enemy so they had no time to bother about him. Luo Tian was nothing more than a kid trying to swindle people.

In the depths of the Dark North Sea.

“Lord Sect Leader, there’s about twelve days left. If Dark North City doesn’t hand over Princess Dark North, should we...?”

“Doesn’t hand over?”

“Humph~... would Dark North City dare to not hand her over? They won’t dare. Do you think they would be unwilling to exchange a single woman for the safety of an entire city? I gave Dark North King half a

month's time because I wanted him to consider things carefully and to not lose a city over a mere woman."

The Ghost Merman Sect's Leader, Ma Sheng, had a smug smile on his face.

Everything was in the palm of his hand.

The Ghost Merman Sect was located in the depths of the sea.

Each sect member could not be considered human. They could only be regarded as a half-fish half-human, also known as Merman.

They had two legs and gills under their cheeks. Their hands were similar to the webbed limbs of frogs and their whole body was extremely slippery-like. Because they usually lived in the depths of the sea, the constant water pressure made their fleshly body extremely strong. Even an earth grade xuan weapon would have a hard time penetrating their flesh.

Ma Sheng was a salmon who cultivated to an enlightened state.

He had a large body and it was covered in muscles with explosive strength.

He looked at the night sky and said with a smile: "Dark North King, you are getting too old. It's about time you handed your title over. I should be the King of the Dark North territories."

The Merman Elder beside him immediately started fawning, "Sect Leader, you are in fact already the Dark North King. When the Titan race disappeared, our Merman race took over the whole Dark North Sea territory. Who's capable of contending with us right now? A mere Dark North City cannot fight with us."

"Except..."

“Sect Leader, what I don’t understand is why Starsea Immortal Sect wants Princess Dark North? What’s the use of getting a witless young girl? Besides, with Starsea Immortal Sect’s strength, I doubt the Dark North King would not hand her over if they asked them upfront. Why would they need to use us as a proxy to suppress Dark North City? Could there be some sort of conspiracy behind this? Or does Princess Dark North have or know something we aren’t aware of?”

Ma Sheng’s gaze secretly tightened because it wasn’t like he never contemplated these questions. It’s just that there are some matters one couldn’t come up with an answer even if their brain breaks down from thinking about it. He then coldly smiled and said: “Starsea Immortal Sect is the number two immortal sect on the continent. Those people sitting up high above us all want face, and will not be so obvious when asking the Dark North King for her daughter. I’m guessing Starsea Immortal Sect may have hinted at before and failed, or else they wouldn’t be using us as a proxy and giving us the teleportation array left behind by the Titan race.”

“They want their Princess Dark North while I want the Dark North City. We will gain our respective interests. As for other matters, we shouldn’t bother with it.”

“This subordinate understands!”

Dark North City, a towering structure reaching high into the air.

The lowest level.

A girl was quietly sitting in the center.

A beam of silver-gray light scattered onto her, making her body exude lights like a crystal.

The girl was wearing a veil so people couldn’t see her face. Her eyes were especially clear so that one couldn’t see any impurities. Her large eyes were looking off in a certain direction like she was deep in thought.

Outside the tower.

Two columns of Dark North Guards with torch-like eyes were guarding the area.

Standing in the front was their Commander, who also happened to be the Commander who detained Luo Tian early in the day. His name was Yang Lin.

In front of him was a middle-aged man.

The man's face looked rather haggard like he hadn't slept for a few days.

That man was the Dark North King, Qiu Tianji!

His brows were furrowed as he looked at the tower. His face had a complicated expression mixed with indescribable sorrow.

The girl inside was his daughter – accurately speaking, it was his adopted daughter.

From the day he picked her up at the edge of the Dark North Sea, he felt that she wasn't ordinary. It felt like everything seemed to be fated. He loved this girl very much and treated her like his own biological daughter.

He was initially excited the first time he found out about her ability but then became afraid.

This kind of ability was too powerful.

Powerful to the point that he could not protect her.

He had been filled with anxiety all these years. He kept reminding his daughter that no matter who it was, she was to never display her ability in front of them.

Her ability was simply too terrifying.

It had the power of fate, which was terrifying to an unimaginable level!

“Your Majesty, we have twelve days left. We should...” Yang Lin softly whispered.

Qiu Tianji exhaled before responding: “Just say whatever is on your mind.”

Yang Lin’s brows furrowed before saying: “We absolutely cannot hand over Princess Dark North, but we also cannot allow the citizens of Dark North City to suffer. How about... how about... we use these twelve days and leave Dark North City. We could then enter the Undead race’s territories.”

“No way!”

Qiu Tianji rejected and said: “Our Dark North City and the Undead race have an irreconcilable hatred for each other.”

His whole family was killed by the Undead race.

Having him enter the Undead race’s territory was an impossible matter.

Yang Lin knew this would be the answer, but he was also very clear that entering the Undead territory was Dark North City’s only path of survival. The teleportation array was created with immortal stones, so they were unable to damage it. As long as the Ghost Merman Sect continued teleporting people over, they wouldn’t have the strength to resist.

There’s no way to defend Dark North City!

Qiu Tianji understood this too, but he would rather die than enter the territories of the Undead race.

Around this time...

Yang Laosan came over and reported: "Lord Commander, that kid has been imprisoned in the dungeon!"

Also at this time...

The tower's door opened.

And a girl came out. Everyone was shocked and lowered their heads, not daring to look at her.

The girl walked over to the front of Yang Lin and said: "Uncle Yang, he can save Dark North City!"

"He?!"

"Who is it?"

"Which Grand Elder of the immortal sects? Or is it the son of a true dragon, Murong Wanjian?" Yang Lin has never doubted Princess Dark North and felt a trace of hope.

Princess Dark North replied: "The person you captured today who comes from Mount Hua Immortal Sect."

"What?!"

"That kid? Princess, you need to know that his dantian has been crippled already. There's no way any immortal sect would accept a martial artist with crippled dantian who cannot cultivate immortal force. That kid is just a swindler, so how can he save our Dark North City?" Yang Lin has never doubted Princess Dark North's words yet today was the first time.

"Uncle Yang, he really can do it."

“I’ve seen it!”

Princess Dark North’s voice was a bit emotional.

Qiu Tianji’s expression faintly sank and said: “Xin Er, didn’t I say that you aren’t allowed to use your ability?”

“I’m sorry father.”

“It’s all because of me. I cannot allow Dark North City to suffer because of me” said Princess Dark North. She then looked at Yang Lin and said: “Uncle Yang, please believe me.”

Yang Lin cupped his hands and said: “I’m sorry your highness, I cannot put Dark North City’s fate onto a person with a crippled dantian. He absolutely cannot be the person that can save Dark North City. Besides, he has already been locked up in the dungeon so most likely he’s already ripped into pieces by those old devils by now. ”

Inside the dungeon.

“Achoo~, achoo~! Who the f*ck is cursing this daddy now?!” scolded Luo Tian. He then flipped out two cards and shouted: “King blast! Old Devil Tong Tian, you’ve lost! Quickly take that thing you’ve hidden under that box of yours out!”

No one would’ve imagined...

Luo Tian was playing Fight the Landlord inside the dungeon!

And his fleshly body was in the form of Devil Sovereign Xingtian. He was maintaining his transformation and there wasn’t any time limit?!
