

Leveling Up 471

Chapter 471 – The Third Bloodline

Rage!

Extreme rage!

Still acting arrogant before his death? Luo Tian didn't give him a chance to keep going on with his arrogant speech.

He was too lazy to listen to his nonsense.

With the Azure Dragon's suppression, a single heavy punch smashed Lei Zhen to his death.

"Give me a big explosion!"

The system gave off an alert tone.

"Ding!"

"Congratulations to player Luo Tian for killing Lei Zhen. You have gained 1,000,000 experience points, 100,000 profound energy..."

"Congratulations to player Luo Tian for gaining 13 inner cores."

"Congratulations to player Luo Tian for gaining the Regeneration skill. Will you be cultivating it?"

"Congratulations to player Luo Tian for gaining Divine Fantasy Palms. Will you be cultivating it?"

A series of alerts exploded out.

When Luo Tian heard the part about the Regeneration skill, he couldn't hear anything else after that. He directly opened up his system interface and made a thought: "Cultivate the Regeneration Skill!"

"Ding!"

"Congratulations to player Luo Tian for learning the new martial skill – Regeneration!"

Immediately after...

The Martial Skills list had a new entry and Luo Tian immediately opened it up to look.

Martial Skill: Regeneration

Grade: Divine (Secret skill)

Proficiency: 0/10000

Cooldown: 60 minutes

Consumption: 10,000 immortal energy

Luo Tian became dumbstruck when he saw this information. Whether it was proficiency, the cooldown period, or the consumption; how much immortal energy would he have to waste just to train in it? How can he level it up at this rate?

At 10,000 proficiency and 10,000 immortal energy... what the hell is that about?!

Luo Tian complained before looking at the skill description.

Skill Description: This martial skill is a secret skill from the immortal sects and possesses the ability of regeneration. Apart from some important organs, anything else can be regenerated. When cultivated to the last great perfection stage, users can activate the rebirth ability once. Note: It can only be used once. It can only be used on others and cannot be used on one's self!

"F*ck!"

"A rebirth skill?"

"Isn't this basically having two lives? Shit, why can't I cast it on myself? System, you've got to be kidding this daddy! If I can't cast it on myself, what kind of defective rebirth skill is that?!" Luo Tian immediately became just like a ball that was deflating.

It was natural that he couldn't cast the skill on himself.

The reason was that the Rebirth Skill was to be used on dead people and was useless on someone alive.

If he was dead, then how was he supposed to use energy to cast it?

Apart from this, the Rebirth Skill that can only be used once was a bit screwed up. No matter what, we're talking about the great perfection stage of a secret skill. How can anyone accept that they could only use it once?

There was nothing he could do even if he couldn't accept it.

Generally speaking, the Regeneration skill was very powerful. He didn't have to worry if he ever had an arm or leg chopped off in the future.

Immediately after...

Luo Tian thought of a very important question. It was a question that immediately popped up the moment Lei Zhen used his Regeneration skill. Could the Regeneration skill heal the sequelae of using Sharingan?

Right after...

Luo Tian didn't hesitate and cast the Regeneration skill.

Luo Tian started aching when 10,000 immortal force points instantly disappeared!

When the Regeneration skill covered his body, the injuries on him instantly healed. The speed was several times faster than this Healing Art, but Luo Tian didn't care too much about it. He was paying attention to his internal pain and wondering if 20% of his health would recover.

"Ommm~!"

A humming sound came from within.

The pain gradually lessened.

Luo Tian started laughing like a blossoming flower. "Hahaha... it's useful! It really worked! Mommy, there's no need to worry about Sharingan over-drafting my life anymore! Hahaha... except... It appears that the Regeneration skill cannot completely heal the pain left by Sharingan."

Indeed...

Only half the pain was healed.

In other words, the Regeneration skill could only heal the backlash of Sharingan, once!

Luo Tian was still ecstatic even though this was the case.

The cooldown was one hour so that meant one day, he could use it twenty-four times. He no longer had to worry about the pain from the use of Sharingan now.

It wasn't possible for his eyes to go blind now!

"Sigh~"

"It's a pity that this guy isn't a big boss-level character. It would be much more awesome if he was one that would give a system reward." Luo Tian sighed before his gaze turned gloomy. He then roared out: "All the beasts from the Ghost Merman Sect better scam out here for me!"

There was a pause for a few seconds.

No one came out from the main hall.

Luo Tian was too lazy to speak nonsense anymore. The Azure Dragon around him surged into the air and gave forth the boundless might of a dragon. A crazy power of suppression then cascaded to every inch of the Ghost Merman Sect territory.

"Bang~!"

"Bang~!"

"Bang~!"

"Ding!"

"Ding!"

“Ding!”

“Undeclared value +1”

“Undeclared value +1”

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at the Profound Venerate 2nd rank!”

“Ding!”

“Congratulations to player Luo Tian for reaching 2000 points of Undeclared points. Will you be exchanging it for a bloodline?”

Luo Tian didn't hesitate as he directly killed every disciple inside the Ghost Merman Sect!

He didn't want too many people to know that he had fused with the Azure Dragon bloodline. Especially the members of the Ghost Merman Sect since they will definitely leak this information out. Just like what Lei Zhen said before his death – once his Azure Dragon bloodline is revealed, there will be definitely countless experts wanting to kill him.

No one wanted Mount Hua Immortal Sect to rise up.

A single person with an innate bloodline of the Azure Dragon can easily make an immortal sect become stronger and their status higher.

Mount Hua Immortal Sect was currently in a dire situation. If those immortal sects found out about Luo Tian's Azure Dragon bloodline, they will definitely send out assassins to take care of him.

Those people they send out will absolutely be top experts.

Luo Tian wasn't afraid; he just didn't have time to deal with them. He only wanted to level up as quickly as possible. Lei Zhen's words had given him a lot of pressure, mostly due to Murong Wanjian. In less than two years, he had to surpass that guy!

"Exchange for the White Tiger's bloodline!"

"Ding!"

"Congratulations to player Luo Tian for gaining the White Tiger's bloodline. Will you be fusing with it?"

"No!"

Luo Tian didn't choose to fuse with the White Tiger's bloodline but he was still saying to himself in joy: "I've gained the third bloodline now so out of the four divine beasts, I'm only missing Xuanwu Black Tortoise one. By the time I fuse all four bloodlines of the four divine beasts, I can absolutely suppress Murong Wanjian's true dragon bloodline."

Just the power of the Azure Dragon's bloodline made Luo Tian ecstatic.

One can already somewhat imagine what kind of powers would result when all four divine beast bloodlines were merged together!

This was a power that could reach an unimaginable realm!

Murong Wanjian, just wait patiently for this daddy!

Luo Tian's gaze turned serious.

Also at this time...

The power of an Azure Dragon instantly pulled back and charged inside Luo Tian's body.

Luo Tian's body suddenly toppled over as he almost couldn't stand properly. His face was pale white and his breath weak to the point of being unable to speak. Only when he cast several Healing Art on himself did his complexion improve slightly. But the pain from his fleshly body was still quite severe.

His body couldn't support the power explosion from the Azure Dragon's bloodline.

His current cultivation wasn't strong enough, so he naturally wasn't able to fully control the Azure Dragon's bloodline.

But...

A power that couldn't be controlled meant it was extremely strong, and this made Luo Tian even more excited.

Suddenly...

One step at a time, a girl came out from a corner of the main square. She was just like a goddess from the heavens as a holy aura surrounded her. This kind of aura was very similar to the one around An Chunchun, but at the same time it was different as well.

Luo Tian was secretly happy as he said: "The quest has been completed, so I wonder what attribute would 100,000 favorability points affect? I really can't wait!"

Chapter 472 – Drawing A Divine Artifact

There were many special abilities in the Tianxuan Continent.

An Chunchun's power of luck.

Princess Dark North's power of fate.

These were special abilities that transcended all others.

Anyone grasping such an ability would become an extremely powerful existence. This was also why she was eyed by those supreme experts.

Compared to An Chunchun's power of luck, Princess Dark North's power of fate was a bit stronger and mysterious.

Luo Tian only believed in his own fist. As for fate or destiny, he didn't really believe in those things.

The only thing he couldn't wait for was the 100,000 favorability from Princess Dark North. He was really curious about what kind of special attribute he would gain from her.

Princess Dark North looked like a goddess that wasn't affected by the worries of mortals. She walked to the side of Luo Tian and had a look of hesitation in her eyes. She then took off her gauze veil and revealed her peerless face before him.

Beauty without any flaws!

She really looked like a goddess from the heavens!

Her body was giving off a distinctive aura that made one intoxicated with just one look.

"So beautiful!"

Luo Tian couldn't help praising her out loud.

An Chunchun, Da Ji, Tang Tang, Qin Yue'er, Leng Hanshuang, and Li Xue'er were all beauties capable of toppling kingdoms. So what kind of beautiful girls has Luo Tian not seen before?

But he still couldn't help complimenting her.

Princess Dark North's beauty was different from the others. He couldn't say who was prettier since they each had their own special characteristic. Maybe it was the power of fate that gave her the distinctive and extraordinary looks. One look at her and they would forever imprint her image in their hearts and unable to forget it.

The moment Princess Dark North was taking off her veil, Luo Tian wanted to stop her.

Because...

He didn't want a blossoming girl like her to bet her life of happiness on a guy just because of a veil that covered her face.

The feelings he had towards Princess Dark North wasn't love.

In the beginning, it was just a joke and out of pure curiosity to see what she looked like. He had absolutely no improper thoughts.

But now that he saw her peerless beauty, Luo Tian's heart unconsciously shook. He felt a bit of panic and couldn't understand why. This feeling was completely different from when he saw any beauties before.

Luo Tian then said: "I was just joking with you back then. You didn't have to take off your veil and use your life of happiness as a gambling stake."

Princess Dark North's eyes briefly flickered. She revealed a faint smile and asked in a gentle voice: "You don't like me?"

“1...”

Luo Tian couldn't help start feeling anxious while saying internally: “Damn, this is moving too fast! She's so sudden and direct! I'm still a virgin man, can you at least give me some time to prepare myself?!”

Princess Dark North's expression became a bit sad.

There were two things that Luo Tian couldn't handle: Number one was people acting arrogant in front of him and two, the tears and sadness of a woman.

Seeing her reaction, Luo Tian had the sudden urge to embrace her. He then replied: “How many men in the world would dislike you when you're so beautiful? I just feel like it's too hasty of you to take off your veil. What if I'm a scoundrel, a bad man with plenty of wives, what are you going to do then?”

Without waiting for Luo Tian to continue, Princess Dark North interrupted him and said: “I don't care!”

Very feisty!

She didn't show any hints of shyness. She was someone that was firm and would not change her decision once she has made one.

She had once vowed to the God of Fate that she was only going to take off her veil in front of the man she liked. She only promised Luo Tian back then because she was trying to save Dark North City. Now, she was taking off her veil in front of Luo Tian out of her own free will.

She was somehow attracted to Luo Tian now.

No matter what type of person he was, what past he had, how many wives he had, she didn't care about any of those just because she liked him!

This reason alone was enough for her!

Luo Tian was dumbstruck when she saw how serious Princess Dark North's face was. He wouldn't be qualified as a man if he didn't express his feelings right now! He raised his hand and gently touched Xin Er's face. Looking at that slightly pursed and stubborn looking small mouth, he fiercely gave her a kiss in the most barbaric fashion!

It's unknown why...

But Luo Tian just wanted to kiss her.

Princess Dark North's small mouth was too provocative.

Princess Dark North didn't resist and went along with it.

She panted delicately with a faint moan in-between while her body started becoming hotter. There was a strong intense feeling inside her that almost made her lose control. She wanted it... she wanted it desperately...

It was the same with Luo Tian.

The virgin fragrance coming from Princess Dark North's body made the evil flames in his crotch surge into the sky! Extremely fierce and murderous!

But at this time...

The system suddenly gave off an alert.

"F*ck!"

Luo Tian couldn't help curse out. This was the first time in history that he hated the sound of the system's alert tone.

“Ding!”

“Congratulations to player Luo Tian for completing the quest – Save Dark North City.”

“You have gained the quest reward...”

“You have gained 100,000 favorability points from Princess Dark North!”

Since the alert tone sounded off, Luo Tian attentively listened to it. He really wanted to know what attribute would trigger from 100,000 favorability points.

An Chunchun gave him 100 points in luck!

Princess Dark North grasped the power of fate, so would he get 100 points in the power of fate?

What the hell would he do with the power of fate?

Defy the heavens and change his fate? Luo Tian never believed in it as he always believed that a person’s will can conquer the heavens.

“Ding!”

The system gave off another alert tone. Luo Tian started thinking to himself: “It really is going to trigger an attribute growth.”

“Congratulations to player Luo Tian for gaining 100,000 favorability points from Princess Dark North. You have triggered a new attribute!”

“Your reward is the Power of Fate...”

“Shit, it really is fate power!”

Luo Tian started complaining internally.

Around this time...

The 100 points in luck suddenly flashed red.

The system seems to have short-circuited as it didn't continue speaking. The attribute description for the power of fate also wasn't displayed. Luo Tian was a bit startled by this and said to himself: “What's going on? Is the luck value interfering with the system?”

“Ding!”

“System alert: Because player Luo Tian is a transmigrator and not in the control of the God of Fate, he has transcended the reincarnation cycle. The Power of Fate has been withdrawn!”

“What the hell?!”

“Withdrawn?”

“Lord System, the power of fate is considered an attribute so you can't just take it back because I'm a transmigrator, right? You are prejudiced against transmigrators! Do you believe that I'll file a complaint against you?!” Luo Tian started raging about.

It was very uncomfortable when someone deprived you of something you deserved.

He then started shouting internally: “Compensation! You definitely must compensate me!”

The system seemed to be played to the point of breaking down.

It didn't have any reaction for a while.

Only after a few seconds did the system give off an alert tone.

"Ding!"

"System alert: To compensate the player's loss, the system will give the player a random supportive artifact!"

Without giving Luo Tian a chance to respond, the system started its random process.

At this time...

The 100 points in luck started flashing red once more.

The power of luck was activated!

"Ding!"

"Congratulations to player Luo Tian for gaining The Legend of Mirs' Skill Necklace as a reward

"Awesome!"

"I drew a divine artifact!"

Chapter 473 – Cultivation Space

Even the God of Fate couldn't control.

Was this the advantage of being a transmigrator?!

Fine!

This wasn't an issue because the system actually compensated him. And this allowed Luo Tian to draw a Skill Necklace!

"Divine artifact!"

"This is definitely a divine artifact!"

Luo Tian was so excited he almost jumped up into the air.

An item from The Legend of Mirs!

A divine artifact to train one's skills!

Using it to train could cause one's proficiency to increase by two to three points. The characteristics weren't that powerful inside the game, but it was definitely more awesome and useful to Luo Tian than his Blood God gears.

This was like getting the assistance of a God!

All of Luo Tian's skills were hard to train in and used up a lot of spiritual energy, profound energy, and immortal force. With this Skill Necklace, one could say it was half the work and twice the effort. The most important points were that it saved on time and the usage of profound energy!

When he thought of grinding those skills of his that required tens of thousands of proficiency points, Luo Tian almost had the urge to kill himself.

Now he no longer had to worry about it.

Immediately after...

Luo Tian couldn't wait any longer and opened up his system interface. Even though he was already familiar with the attributes of the Skill Necklace, he still had to open it up and take a look.

Item: Skill Necklace

Grade: Divine

Description 1: This item is specifically for users to train in their skills.

Description 2: This item has ten levels of training space. Training speed is increased by 100% at the first level, 200% at the second level, 300% at the third level... 1000% at the tenth level. There is also a chance to trigger Divine Speed, instantly raising the skill level by one whole level.

“Gulp~!”

Luo Tian swallowed his saliva while his pupils enlarged. His eyes were staring off in space like he had suddenly transformed into an idiot. He was in complete shock!

He felt that the Skill Necklace he received was similar to the system reward he would get after killing a big boss. Those items would come from a web novel or a video game he had played in his previous life, and the attributes wouldn't change too much.

But it was very different now.

The Skill Necklace was different from the one he played in the video game.

The current attributes of the necklace were practically better than the one in the game by 108,000 times!

“It even has a cultivation space!”

“I wonder what level I can enter with my current abilities?” Luo Tian made a thought and directly entered the first level of the space.

The space he arrived in was like a room inside a tower.

A very relaxing atmosphere!

He made another thought and entered the second level.

Luo Tian felt a faint pressure but it was still quite relaxing for him without any restriction.

The third level.

His mind felt a stronger pressure that was consistently pushing at him.

The fourth level.

Cannot enter!

The cultivation space was created based on Luo Tian’s current cultivation level. If he wanted to enter the fourth level, he had to raise his cultivation to a certain point. As for what that level was, the system didn’t give him any clues. But for him to enter the third level right from the start, that meant he could train his skill proficiency 300% faster than normal. This already made the item a heaven-defying existence.

“Great!”

“Too awesome!”

“Hahaha...” Luo Tian was excited to a complete mess since he no longer had to worry about those tens of thousands of proficiency points. A sudden crazy idea then appeared, “I’m going to raise all my skill to the last great perfection stage. Then I’m going to use the Melting Heaven Divine Cauldron to fuse them all together. I wonder what martial skill would appear after the fusion?”

“Will I be able to create a skill that can kill people instantly?!”

“That would be too awesome! Just thinking about it is making my blood boil!”

If an instant kill martial skill could really be created, then that would be way too awesome!

Luo Tian looked up into the sky towards the direction of Heavenly Sword City. He then said internally with a smile: “Little girl, thank you so much!”

Heavenly Sword City.

An Chunchun’s forehead was covered in sweat. She then suddenly smiled and said: “Big brother Luo Tian, there’s no need to thank me! Hee hee...”

It was very clear to Luo Tian...

That An Chunchun was helping him. If it weren’t for her, the system wouldn’t have short-circuited and it wouldn’t have given him an item as compensation.

The luck stat flashing red revealed everything.

Most likely, An Chunchun was the only person in this world capable of doing it.

A person that could change the system!

This was really very powerful! Luo Tian couldn't help feeling admiration toward such an ability.

"What happened?" asked Princess Dark North.

After that intense kiss, her face felt hot and had a faint flush to it.

It was indeed a bit too crazy just now where she almost suffocated, but she still wanted to experience that feeling once more. This exchange of fluid could easily make people become obsessed with it!

At this moment...

Thoughts of love appeared in her mind.

Luo Tian faintly smiled and responded: "Nothing much, I just happened to be thinking of something."

At this time...

Wang Fu scratched his head and came over with a grin. "Greetings to Your Highness. Umm, we, we, we didn't interrupt you two, right?"

Princess Dark North had forgotten there were still people around the main square. Recalling what she had done, her face became bright red and extremely charming to behold.

Luo Tian cast a series of Healing Art on the four.

The injury on those four quickly recovered.

Luo Tian then asked: "Princess, what happened at Dark North City? Why have you been captured and brought to this place?"

Princess Dark North's expression returned to normal and replied: "Qiu Tianlun rebelled. He sent people to capture me and they brought me here. Uncle Tianlun is too naive; he actually thought that by capturing and handing me over, the Ghost Merman Sect wouldn't do anything to him. But now that the Ghost Merman Sect has been destroyed, there's indeed no one that can do anything to him now."

Wang Fu's expression turned gloomy as he asked: "Is General Yang...?"

Princess Dark North's expression became down as she faintly nodded her head.

Wang Lu suddenly roared out in anger: "Qiu Tianlun! This daddy will never let you off!"

"Let's go!"

"Let's kill our way back to Dark North City!"

"Go!"

Luo Tian looked at Princess Dark North and asked: "Do you need my help?"

Wang Fu and the others looked at Princess Dark North. If Luo Tian could help out, not to mention one single Qiu Tianlun, even one hundred Qiu Tianlun's would be nothing to him.

Unparalleled powers.

Blood red eyes that could see through everything.

There was also his supreme Azure Dragon bloodline. Even ten thousand Qiu Tianlun's wouldn't be Luo Tian's opponent.

Princess Dark North was in thought for a while before shaking her head. "This is an issue regarding Dark North City, so I should be the one to personally take care of it. You have something else to do but it's going to be extremely dangerous. Can you not go?"

She asked this while filled with worry.

She managed to glimpse something extremely dangerous.

Before Luo Tian fought Ma Sheng, he used his Meteorite Array which disturbed the whole Dark North Sea. And that move of his happened to wake up a creature from the ancient times.

She was worried about Luo Tian.

Luo Tian looked at her with a smile and said: "Don't worry; nothing is going to happen to me."

He really had something he had to go do!

There was still a quest that he had to complete.

The four region's blood required the Titan race's blood, or else he wouldn't be able to open up the ancient battlefield. He also had a weird feeling that not many from the devil sects will help him. Devil Sovereign Xingtian was the devil sect's battle god that had died many years ago. How many people would believe in him or put him in their eyes right now?

Sometimes it was useless to entrust tasks to others.

Princess Dark North didn't insist. She faintly nodded and said: "En, I will wait for you at Dark North City then."

Luo Tian replied with a smile: “Sounds good!”

“Wang Fu, you four brothers do your best to protect the Princess.”

While saying this...

Luo Tian brought out four inner cores and continued saying: “Don’t be long-winded. There’s one for each of you so hurry up and become stronger!”

Chapter 474 – Something Happened To Mount Hua Immortal Sect?

Princess Dark North and the others left.

Luo Tian didn’t go with them.

There were some matters one had to personally take care of.

Since Princess Dark North was confident in it, Luo Tian didn’t need to intervene. After all, this was a personal matter between the royal family.

Luo Tian looked at the large Ghost Merman Sect that was without a sound. Half an hour ago, it was still bustling with loud noises. Now, it has become a dead sect with no one left alive.

Those people deserved to die.

If they didn’t die, who knows when Dark North City would once again experience a crisis?

One must remove the roots when cutting weed, or else who knows when the spring wind would cause them to arise again?

Luo Tian wasn't in a rush to leave and said to himself: "Such a big sect should naturally have some good stuff in it. Ma Sheng's loot explosion didn't give me anything particularly good. It doesn't matter what it is, I won't let go of any spiritual herbs or xuan weapons. Since I have the Melting Heaven Divine Cauldron, I can melt practically anything!"

The most important thing...

Luo Tian had been consuming a lot of medicinal pills during his travels so he had to replenish them.

Princess Dark North had already advised him that his next leg of the journey would be extremely dangerous.

Luo Tian was clear about it.

When he was fighting Ma Sheng and fused with the Azure Dragon's bloodline, he already felt that in the depths of the Dark North Sea was a pair of eyes belonging to an unparalleled existence. Luo Tian had a feeling that those eyes belonged to someone of the Titan race.

Thinking about the titan's blood...

Luo Tian unconsciously started getting excited. "As long as the devil sect gives me the blood from the other three regions, I can get the Titan race's blood myself. And with the Sky Dragon's Bead, I can finally open up the ancient battlefield!"

He had to open the ancient battlefield no matter what.

This was the main goal of entering Mount Hua Immortal Sect.

He absolutely could not waste this opportunity!

Under his calculations, the ancient battlefield could very well be a dungeon! A paradise for leveling up, and the home stretch for Luo Tian!

Immediately after...

Luo Tian didn't wish to waste time and went inside the main hall to start looting.

One must mention that the Ghost Merman Sect was rather big.

After half a day, not to mention seeing the weapon or spiritual herb arsenals, Luo Tian had basically gotten himself lost!

The structures all looked the same to him and he couldn't figure out which direction was which.

Luo Tian started cursing: "Damn it! What the hell is going on? Do you guys really have to build it this way? If I knew it was going to be like this, I would've left someone alive, sigh~... What rotten luck!"

Immediately after...

Luo Tian looked up and noticed a structure bigger than the rest. There was a plaque on the structure and written on it were some crooked looking words. Luo Tian naturally didn't understand the Merfolk race's words. "Screw it, I'll go in first and figure things out later!"

He then strode in quickly.

Just as he entered, he felt a chilly breeze blow by him.

Even though there's supposed to be no wind under the sea, Luo Tian still felt a cold shiver as he entered the structure.

While looking around, Luo Tian was faintly startled as he said: "Is this a dungeon? Is this where the Ghost Merman Sect keeps their prisoners?"

The dungeon was empty.

No one was imprisoned here.

Luo Tian had no interest in this dungeon since he figured who in their right mind would put anything of value here? He turned around to leave.

Just as this moment...

“Save me!”

“Can you save me?”

A weak sounding voice came from the depths of the dungeon!

Luo Tian’s gaze tightened and responded: “We’ll talk more after I figure out what’s going on.”

Following the voice, Luo Tian quickly arrived at the deepest part of the dungeon. The strangest thing about this was the deepest part of the dungeon wasn’t imprisoning a powerful devil or demonic beast, but a carp!

It wasn’t very large but the scales on the carp were clearly not ordinary.

It was seven-colored rainbow scales!

It also had two long strands for a beard.

The cage holding it was very small, but it definitely looked quite sturdy.

When the little carp saw Luo Tian, it immediately pleaded: “Hero! Please save me!”

“You can talk?”

Luo Tian wasn't in a hurry to rescue it as he was filled with doubts.

Only this little carp was imprisoned in such a large dungeon, so one can clearly tell the Ghost Merman Sect placed great importance on it. Even if one was bored out of their minds, they still wouldn't be interested in such a small carp. This thing here definitely has some unspeakable secret!

Demonic beasts!

Only when they have cultivated to a certain realm can they transform into a human shape and speak the human language.

This thing was obviously a fish so how can he speak the human language?

Furthermore...

This was the deep waters of the Dark North Sea and it was supposed to be filled with saltwater. Carps are supposed to be freshwater fish, so unless this world was different from his own home planet Earth?

These doubts told Luo Tian that he couldn't release this little thing so easily.

Luo Tian lowered himself and said to the carp with a faint smile: “Why did the Ghost Merman Sect capture and lock you up?”

The carp was full of grievance as it replied: “I don't know myself. I was swimming around when a group of bandits suddenly surrounded me. It was precisely those Merfolk from the Ghost Merman Sect, indiscriminately capturing me and bringing me here. I have no clue why they did that.”

“Oh?”

Luo Tian smiled and said to himself: "Like this daddy is going to believe this crap!"

No matter how awful the Ghost Merman Sect was, they wouldn't be that bored to go capture and imprison some random carp.

Luo Tian stared at the little carp and said: "Do you think I would believe that? You should speak the truth because I'm someone that doesn't like saving dishonest people."

The little carp immediately replied: "What I've said is the truth! I really don't know why!"

Luo Tian stood up and turned around to leave.

The little carp started panicking and shouted: "Hey, hey, hey...! What I've said was the truth. Hey, come back, come back! Don't go! I, I, I, I know the whereabouts of the Titan race..."

"Huh?!"

"Boom~!"

Those words caused an explosion inside Luo Tian's mind.

He became excited and said to himself: "Sure enough...!"

Luo Tian pretended to put on a cold expression before he walked back over from the darkness. He then said with an icy gaze: "You said that you know the whereabouts of the Titan race? Who are you trying to cheat? The Titan race already disappeared over ten thousand years ago. You are merely a little carp so how would you know?"

Luo Tian made an expression like he didn't believe it and said in a low voice: "If you keep lying to me, you can forget about leaving this place forever. You should know the disciples of the Ghost Merman Sect

have all died. Once I leave, who knows how many years you'll have to wait? No one is going to come here to save you."

Intimidation with threats added on.

The little carp started getting anxious and quickly said: "They haven't really disappeared, they've only hidden themselves. There's actually still one more living in this world! I'm not lying to you! I'm really not lying to you!"

Luo Tian then said: "Like I would believe you. Unless... you can bring me to find him or her."

"This..."

The little carp started hesitating.

Luo Tian turned around to leave and said: "Pretend I never said a thing!"

"Fine, fine, fine, I'll bring you to find him."

Imperial God Immortal Sect.

Inside their divine hall.

"The birth of an Azure Dragon!"

"The Azure Dragon bloodline has awakened! Go and find it! You have to find that person for me!"

“That person cannot be obtained by other immortal sects. If our Imperial God Immortal Sect can’t get our hands on that person, the other immortal sects can also forget about getting their hands on them.”

“You can all see the speed in Murong Wanjian’s meteoric rise. The power of an Azure Dragon is no weaker than a true dragon’s, so we cannot miss out on a disciple with such a powerful innate bloodline!”

Over a dozen beams of light flew out from the Imperial God Immortal Sect.

Starsea Immortal Sect.

Arctic Immortal Sect.

Many large immortal sects had the same thought.

Mount Hua Immortal Sect...

Had no reactions.

There was just deathly silence in the whole outer sect!

Chapter 475 – Just Let Him Go Die

Mount Hua Immortal Sect.

The outer sect’s meeting hall.

Xu Shan asked: “How many disciples are left in Heaven’s Boundary?”

“Four.”

The disciple replying softly said: “They are the four placements Luo Tian requested – Yun Ling, Yun Yi, Zhao Chen, and Han Hua. Mount Hua Immortal Sect only has those four left bitterly struggling on, but I estimate they can’t hold on much longer.”

“Those other immortal sect disciples have gone too far!”

“Beating and cursing us, they aren’t treating our Mount Hua Immortal Sect seriously. We were already forced to the outer edges of Heaven’s Boundary but they still didn’t let us off.”

“Elder, we can’t let it go just like that.”

“That’s right!”

“Out of twenty disciples, seven have died and four are seriously injured. If the five of us ran any slower, we would’ve died in their hands already. You guys don’t understand how strong the influence those immortal sects have over us. In their eyes, we are practically beneath dogs!”

The five of them were kneeling down inside the hall with swollen faces.

Each of them showed expressions of resentment.

Xu Shan frowned and said to himself: “Out of twenty disciples, there’s only four left...”

“Those four have definitely suffered for a long time.”

“Those other immortal sect disciples are too tyrannical.”

“Elder, not to mention twenty disciples, we won’t be able to even enter Heaven’s Boundary anymore if this continues on. It’s a place our old ancestors left for us to cultivate. Back then, our Mount Hua Immortal Sect was so strong but now...”

“The placement of those four came from dubious reasons. They’re probably holding on bitterly just to make it look good, so there’s no need to bother with them.”

This was said by one of the Martial Hall Elders.

Xu Shan’s face turned gloomy and immediately refuted: “No matter how dubious, they’re still disciples of our Mount Hua Immortal Sect. Moreover, they are still there holding on.”

“So what?”

“If it weren’t for that trash Luo Tian stirring shit up, why would Grand Elder even agree to it? With so many disciples dying, how come that bunch didn’t die? I even suspect that it’s the Imperial God and Starsea Immortal Sects deliberately retaliating against us. It’s definitely because Luo Tian killed the Starsea Envoy. This whole situation started because of Luo Tian, so he should take all the responsibility for this,” said one of the Elders.

Many of them didn’t like Luo Tian.

Xú Hao was one of them because Luo Tian took away exactly four placements from his personal disciples. This made him incredibly pissed off.

Xu Shan’s expression changed as he started getting angry. “Elder Xú, what are you trying to say? Don’t try to force all responsibility on Luo Tian’s head. Everything was agreed to by the Grand Elder. If you’re trying to find people to hold accountable, doesn’t that mean you want the Grand Elder to be held responsible as well?”

“Humph~!”

“Xu Shan, I know you got some benefits from that kid. He was able to buy you off with a single inner core, huh? You really don’t cost that much.” Xú Hao’s voice was raised a level higher as he continued: “If it wasn’t for that kid, would our Mount Hua Immortal Sect be in such a sorry situation? If it weren’t for him offending the Starsea and Imperial God Immortal Sects, would our Mount Hua Immortal Sect disciples be driven out of Heaven’s Boundary? Everything was due to that piece of trash! Humph~!”

One of the Martial Hall disciples then said: “The Starsea and Imperial God Immortal Sect disciples treated us the most viciously. They kept forcing us to fight with them and once we went up, they would use fatal attacks. Senior brothers Liu and Chen were killed like that by palm strikes. In the past, they would injure us from despisement but never kill us. It’s definitely due to some other conflict for them to change their stance. What Elder Xú said should be right – the reason was definitely due to that kid.”

“That’s right!”

“It’s because of him.”

“If it weren’t for him, we would still be cultivating in Heaven’s Boundary. I’m actually about to break into the Profound Venerate realm.”

“I’m about to breakthrough as well. If it weren’t because of the interference, I would’ve broken through already.”

“Elder Xú, we can’t let that kid off. It was him that caused all of this.”

They had found a reason to drive him out now.

For a brief moment, the spearhead was all pointed at Luo Tian.

They had been hiding their timid and cowardly ways all this time!

Xú Hao had a smug look on his face before saying: “We need to take care of that kid when he comes back. If we don’t teach him a lesson, he will really think there’s no one capable in our Mount Hua Immortal Sect. We cannot let him continue acting lawlessly here.”

Xu Shan’s eyes tightened while he said with a smile: “Just based on you? I’m not trying to start anything but Elder Xú, don’t think you’re all that just because your cultivation is at the Profound Venerate 8th rank. Do you dare to get onto the Life and Death stage with Luo Tian? Do you think of yourself as a capable opponent against him?”

“Humph~!”

“In my opinion, you probably won’t dare to.”

Xú Hao’s expression instantly changed like he was poked in a sore spot. He then shouted: “I may not be able to handle him but there’s still the Grand Elder around! Above the Grand Elder is still Lord Sect Leader! And above him is the Prime Elder! I refuse to believe we can’t handle a piece of trash with a crippled dantian!”

Xu Shan was too lazy to keep arguing with him and said: “There’s still four of our own in Heaven’s Boundary. We should send someone to pick them up and bring them back.”

“I object!”

“It’s best if those four die in Heaven’s Boundary.”

“Don’t offend the other immortal sects just because of those four. Our outer sect has suffered a heavy blow that hasn’t been seen in a century. Even the inner sect assessment might have to be pushed back. Now you want us to save those four... Elder Xu, what benefits have you gotten from them?” Xú Hao was the first to object.

“You...!”

Xu Shan was clenching his fists and his jaws so tightly that cracking sounds could be heard.

When Xú Hao saw Xu Shan’s angry look, he said with a smile: “Doesn’t Luo Tian think he’s very strong? You can have him go save them since the Martial Hall won’t be sending out any disciples. My guess is that they’re already dead by now.”

“With their weak cultivation realms, they might as well go ahead and die so that our Mount Hua Immortal Sect can save some face.”

The other Elders didn't say anything.

Xu Shan's gaze turned gloomy. He then stood up and said: "Fine. Since you guys aren't going, I will go!"

"Humph~!"

After saying that, Xu Shan flicked his sleeves and strode out towards the direction of the teleportation array.

Mount Hua Immortal Sect, inner sect.

"Those immortal sects have gone too far this time."

"Heaven's Boundary was originally discovered by our old ancestor. Back then, he wanted all the immortal sects to quickly grow stronger so only then did he share it with everyone. Who would've imagined that now, our own disciples aren't even allowed to go there."

"They're bullying us to the extreme!"

"There has to be a reason why this started. If it wasn't for Luo Tian offending the Starsea Immortal Sect, this incident wouldn't have happened. It wasn't like this before, so most likely it's that kid's fault. He has put Mount Hua Immortal Sect in an even more miserable state."

"I already said before that we can't let that kid stay!"

"It's too late to say such things. You all know that we have fewer outstanding inner sect disciples this year. And it's hard for the outer sect to have a talent like Zhang Kuang appear, yet he has died now. Since our outer sect has suffered such a heavy loss, what should we do going forward? We also don't know what's going on with those disciples behind deep closed-door seclusion."

"If this trend continues, how are we going to deal with next year's immortal sect competition? If we lose again, our Mount Hua Immortal Sect might really have to..."

All the Elders became silent in thought.

“Sect Leader, should we send someone to Heaven’s Boundary?”

“We can’t just do nothing when we’ve been bullied to this extent. Besides, we still have four disciples at Heaven’s Boundary...”

“Since it has come to this, we shouldn’t complicate it further. If those other immortal sects get angry, it wouldn’t be as simple as being driven out from Heaven’s Boundary anymore. From the way I see it, we should just let the matter stop here. We’ll just let fate decide whether those four disciples live or die without interfering.”

“Reporting!”

“The outer sect Elder Xu Shan used ten thousand merit points to exchange for the use of the teleportation array. His target destination is Heaven’s Boundary.”

“Humph~!”

“The inner sect hasn’t even made a decision yet, but an outer sect Elder like him dares to be this arrogant? Since he isn’t putting us in his eyes, then we can just let him go die!”

Chapter 476 – Titan Tombs

Deep within the Dark North Sea.

Three days later.

Luo Tian was getting extremely tired after following the little carp for such a long time.

It was fortunate for him that he encountered many prehistoric sea demons on the journey and gained quite a bit of experience points. Otherwise, he would really have gone crazy these three days.

“Are we there yet?”

“Very soon.”

“You have the same reply every time. You aren’t messing with me, right?”

“I don’t dare, I really don’t dare to.”

“I doubt you would dare to. You saw how the whole Ghost Merman Sect was destroyed by me, so you should know what kind of person I am.” Luo Tian threatened him because he was really scared the little carp was messing with him. Time was getting less and less so he couldn’t afford to waste it.

There were only a few days left for the quest.

The least of his concerns was not being able to complete the quest if he couldn’t find the Titan race. The most important part was not being able to complete the four region’s blood.

This was one of the keys to opening up the ancient battlefield!

The little carp grinned and said in a pleasing tone: “I’m clear, very clear on it. Don’t worry; I’m not messing with you. I will definitely bring you to find the Titan race.”

“That’s good.”

“If not... heh heh...” Luo Tian showed an evil smile. Seeing the pitiful look on the little carp, he then said: “Be careful that those prehistoric sea demons don’t explode your rectum.”

“Cough~, cough~, cough~...”

“I’m really not messing with you. Big brother, your lordship, we’re really almost there. It’s just over there by the oceanic trench.” The little carp was so scared that he tightened his sphincter. Throughout the journey, he witnessed how Luo Tian brutally exploded the rectums of the demonic beasts and he couldn’t help shudder at the thought.

“That’s good then.”

Luo Tian gave a playful smile of satisfaction.

“Huuu~... huuu~...”

With a sudden surge of the torrents, Luo Tian became unbalanced and almost got swept along with it.

The little carp saw the whole thing and revealed a mysterious smile. Its speed increased while saying: “Hurry up; we’ll be there right up front.”

Luo Tian was startled by this as he noticed the little thing didn’t appear to be affected by the torrent.

Immediately after...

Luo Tian raised his awareness level.

He was very clear the little carp had never been serious in leading the way. Seeing the huge and dark oceanic trench exuding a terrifying aura, there was definitely something of great danger inside it. Luo Tian didn’t dare to be careless at this time.

Luo Tian pretended he didn’t notice anything out of the ordinary and revealed an expression like he was under a lot of strain. “Wait for me; the torrents around here are too rough.”

“Wait for you?”

“Hahaha...”

“You despicable human; you’ve been threatening me the entire journey. Now it looks like you can’t do anything to me!”

“I am not affected by these torrents while it will become more difficult for you as you travel further. You wish to find the Titan race? Keep dreaming buddy, heh heh...”

While saying this...

The little carp flicked its tail and dived into the darkness.

Being played with?!

Luo Tian’s mouth curved up as he said to himself: “I knew a little guy like you were up to no good. I will let you act complacent for the time being.”

Immediately after...

Luo Tian ingested a Stealth Pill he had prepared a long time ago. He then shouted internally: “Level 6 Berserk!”

The power of sixty-four times his base attributes was released.

His speed dramatically increased as he followed the little carp deep into the oceanic trench.

Luo Tian had an intuition that the terrifying aura was coming from those of the Titan race. At the bottom of the oceanic trench will definitely be members of the Titan race. And that little carp ahead must definitely possess some information about them or it wouldn’t have said those words while at the Ghost Merman Sect.

Because...

The little carp didn't know Luo Tian was actually searching for the Titan race.

The little carp was swimming away happily and quickly. It even started humming a tune while occasionally turning its head back for a glance. It would then reveal a smug expression and say: "Humph! You dare to threaten me? Why don't you take a good look and see who I am? Now you can tell how powerful I am!"

"A human with a cultivation like yours won't be able to come in. Even if you do come in, you would be knocked away by the torrents."

His expression was extremely smug.

It was similar to a repressed slave that had been suddenly freed by its own cleverness.

Luo Tian remained expressionless as he faced more resistance. Just like what the little carp said, the torrents were getting stronger and stronger. Only after continuously activating level 6 Berserk was he able to follow the little carp.

Half an hour later.

Luo Tian was almost exhausted.

The moment he entered a certain part of the oceanic trench...

"Ommm~!"

A sound exploded in his eardrums and the torrents suddenly disappeared like he had entered another world. This world was so silent that it could easily make someone panic in fear. It was like a place that no one had stepped foot on for the past million years.

The little carp became serious as it entered this place.

It had a trace of a depressed look.

It was swimming slowly before sinking downwards.

Luo Tian slowly followed it. He became rather shocked when he looked at the walls of the oceanic trench. This trench looks like someone had chopped it apart with an axe and the sides of the wall were extremely smooth. Even though it was covered in seaweed, one can still sense a powerful force from it.

The oceanic trench reached the lengths of at least a few million kilometers.

What kind of power was needed to create this?

The lower they dove, the more shocked Luo Tian became.

As they dived to a certain depth, words appeared on both sides of the trench. Every character contained a powerful force. This kind of power made Luo Tian start to feel fear, and he unconsciously started breathing softer and more quietly.

Although he didn't know what kind of words those characters formed, he could still sense the vicissitudes of life that made one feel saddened from looking at it.

Half an hour later.

They arrived at the bottom layer.

There were extremely huge tombstones everywhere!

This was the tomb of the Titan race!

The whole oceanic trench was filled with tombstones that seem to want to rise up and penetrate through the sky!

The little carp had a painful expression on its face. It was motionless in front of a large tombstone with tears in its eyes.

“He’s crying?!”

“Crying in front of a Titan race’s tombstone... could that little guy be from the Titan race?” Luo Tian started shaking his head, “Legends say the Titan race are huge and tall figures, so how can they be in the form of a little carp?”

“But why the hell would he cry in front of the Titan race’s tomb?”

Suddenly...

Luo Tian’s whole body seemed to freeze while trembling at the same time. He managed to look upwards and noticed a pair of huge eyes staring right back at him. They were so big that they were like mountains!

Behind those eyes was a huge black behemoth holding an anchor-like thing. The chain links around the anchor then started making clunking noises.

At this moment...

Luo Tian was almost crushed to the point of exploding! The Stealth Pill lost its ability and his figure instantly appeared.

“Damn it!”

The time limit for the Stealth Pill wasn't up yet but was crushed by a powerful pressure. This kind of power was too violent! Luo Tian could easily sense this power that couldn't be described with words!

The anchor started moving.

Sounds of clanking from the chain started up as well. It was especially ear-piercing in this oceanic trench where it was usually silent.

Suddenly...

The huge anchor was raised up by a huge hand before it suddenly chopped down towards Luo Tian!

Luo Tian's brows furrowed as the power within him exploded forth. "Level 6 Berserk!"

"Boom~!"

"Nine Dragons and Elephants, level 4!"

"Boom~!"

Chapter 477 – Exchange Blood For Blood

A power that couldn't be shaken!

Power in its purest form!

There was no trace of profound energy or immortal force. It was pure power from one's physical strength!

This was a power that gave people a sense that it could rip the sky apart!

It was crushing against Luo Tian's mind to the point that he couldn't breathe. It was extremely uncomfortable, but Luo Tian maintained his will to not submit and roared into the air: "Agghhh~...!"

A series of explosions appeared around his body.

His entire body turned crimson red.

Facing the anchor coming right towards him, Luo Tian showed no fear and was actually quite excited.

The huge anchor descended.

Suddenly...

The little carp shouted: "Stay your hand!"

The huge anchor stopped midair.

But even though this was the case, the water's force still crashed down like crazy. The force of the backflow still smashed towards Luo Tian's head!

"Splash~!"

"Boom~!"

The water impact was like an artillery shell smashing into Luo Tian's fleshly body.

Luo Tian almost couldn't withstand it. He could only clench his teeth and hold on with all his strength. His face turned red and his body tensed up. The water impact kicked up the sand and sediments on the seabed, causing visibility to instantly decrease. Luo Tian was currently struggling in the cloud of sediments.

Resist!

Experience the power of the Titan race!

His heart was feeling extremely excited.

“This was a purely physical attack!”

“This kind of power is much stronger than profound energy or immortal force. Very strong. Very motherf*cking strong! No wonder the Titan race possessed the strength to rule the Tianxuan Continent many years ago. They could instantly kill any Profound Saint experts just with this power.”

Luo Tian’s cultivation had already reached the Profound Venerate 2nd rank.

He almost couldn’t handle the water force. If that huge anchor came down on him as well...

The consequences...

Would be unimaginable!

Luo Tian felt a burst of fear before his mind turned serious. He then said to himself: “The little carp is truly not simple. With a single shout by it, the titan actually stayed his hand. And his voice sounded like he was commanding the titan. Could it be that he’s really a part of the Titan race?”

“Fuuu~...”

Once the water force swept by, the sediments in the water started settling down. Below Luo Tian’s feet was a large piece of rock covered in dense runes. It was densely packed with runes which he couldn’t understand.”

“Young Lord!”

A sudden loud shout came from behind Luo Tian. That huge titan where one couldn't see its entire body had suddenly kneeled down.

The little carp responded: “He isn't a bad person.”

Luo Tian was dumbstruck. Even though he was mentally prepared, he was still thoroughly shaken. This little carp was actually the Titan race's young lord? Isn't the contrast a bit too big?

Seeing Luo Tian's shocked expression, the little carp gave a helpless smile and said: “Do you think this is kind of ridiculous?”

Luo Tian shook his head and replied: “Not ridiculous, but more like beyond my imagination.”

“Beyond your imagination?”

“It is indeed beyond one's imagination.”

The little carp softly sighed before saying: “Not long ago, my Titan race stood at magnificent heights and swept through this continent. Even in the outer space's Ancient World, we were considered a hegemonic existence. But now...”

He shook his head bitterly.

The little carp was filled with grief, “Now, the only one left is a little carp that even a Ghost Merman Sect could bully. Out of the hundred thousand strong titan army, only an old servant is left. Now that is beyond one's imagination.”

Luo Tian asked: “How did it turn out like this?”

“A curse!”

A powerful voice was suddenly heard.

The voice was similar to a boom of thunder.

But to the huge titan behind Luo Tian, the voice was rather soft like a whisper.

The little carp said with a bitter smile: “A curse that was just like a plague. In less than ten thousand years, the Titan race withered at a speed beyond imagination. Sigh~...”

“Is there no way to fix it?” asked Luo Tian.

“After searching the entire continent, the Ancient World, and even other outer worlds, we couldn’t find anything. During the process of searching, our Titan race suffered an unprecedented level of damage.”

Immediately after...

The little carp looked at Luo Tian and said: “Please let me off. I have just saved you and you have found someone of the Titan race. You can leave at peace now.”

Luo Tian didn’t move and said very directly: “I need your blood essence!”

“Presumptuous!”

“BOOM~!”

The voice exploded out and almost broke Luo Tian’s eardrum.

Luo Tian continued saying: “I only need a single drop.”

“Kid, our Titan race has not fallen to such a level. If it wasn’t for the young lord’s face, you would have already become a dead corpse lying on the ground.”

Luo Tian’s brows furrowed. He leaped into the air until he was at the same height as the huge titan. He then shouted: “I hate talking to people while having to look up at them. And it’s not that easy to kill me, especially at the tombs of your Titan race.”

“You don’t wish to have this placed reduced to ruins, right?”

“You also don’t want the location of your Titan race to be revealed, right? Times have changed, and the Tianxuan Continent isn’t like it was in the past. It is no longer the era where your race is the dominant force, so you should stop treating yourself like you’re so high and mighty.”

Luo Tian was getting angry.

He was someone with a bad temper.

This huge titan was indeed very strong, but Luo Tian wasn’t afraid of him even if he was much stronger.

The little carp interrupted the huge titan and said: “I want to know what you’re going to do with our blood essence. Our bodies are currently cursed. Even if you gain our blood essence, there’s no way you can fuse with it. Not to mention that I can tell your body has already fused with a powerful bloodline. The dragon’s roar within Ghost Merman Sect should have been released from you, right? Out of the entire Tianxuan Continent, I only know of Murong Wanjian who was born with a true dragon’s bloodline. It is rather shocking to me as I’ve never imagined you would awaken an Azure Dragon’s bloodline.”

“Azure Dragon’s bloodline?!”

The huge titan’s voice faintly trembled.

Immediately after...

A thick killing intent exploded out from his body and covered the whole oceanic trench.

Also at this time...

The little carp shouted out: "Tai Lei, stop messing around!"

"Young Lord!"

"As long as we use his blood, we can remove the restrictions on you! Your body will be restored to its original state and our Titan race will no longer need to fear anything!"

Tai Lei was very excited!

He also wanted to get Murong Wanjian's true dragon blood, but he was unable to leave this oceanic trench.

He was the tomb keeper.

He wasn't allowed to leave this place no matter what.

In order to lift the curse from the Titan race, they had to use a dragon's blood to purify their fleshly body. They required a lot of blood!

Dragon race!

They were much stronger than the Titan race!

For many years, he wanted to kill a dragon but the only thing he found to kill was a four-legged lizard of the Dragon race. Its blood wasn't pure at all so it couldn't break the curse on their bodies. Only the blood from the direct lineage of those divine dragons could the curse be lifted.

A true dragon or an azure dragon would do.

Those were considered a direct lineage of a Dragon God!

Luo Tian came down from high above and flew over next to the little carp. "How much blood do you need?"

The little carp looked at Luo Tian and a brief flash of excitement was seen. His voice was trembling as he said: "A lot! Around 90% of what's inside your body!"

"F*ck!"

"If I gave that much blood at once, I would instantly die from blood loss."

"But..."

Luo Tian gave a faint smile and said: "Fine!"

"We will exchange blood for blood!"

Chapter 478 – Titan God's Might

"No!"

The little carp didn't say a word while Tai Lei said: "Young Lord, your blood is extremely noble so how can you exchange blood for blood with a mere mortal? Just kill him! I can easily accomplish it and by that time..."

“Tai Lei!” The little carp shouted.

His eyes were glaring at Tai Lei who was frozen in midair. He then said angrily: “Do you think you’re capable of killing him? Do you know who he’s the reincarnation of? I know you’re only doing this for me, but you need to be clear on the other person’s background!

“He has another identity...”

“And that’s Devil Sovereign – Xingtian!”

The little carp knew what happened at the Ghost Merman Sect.

Tai Lei became dumbstruck!

His body started shaking and countless pieces of rocks fell from it. The pupils in both eyes widened as he stared at Luo Tian. His expression was filled with shock, “Devil Sovereign... Devil Sovereign... Xingtian... him? Him? Reincarnation?”

“Huh?”

Luo Tian was slightly surprised as he said to himself: “Could there be some relationship between them and Devil Sovereign Xingtian?”

Whatever!

He was too lazy to bother about it.

Luo Tian was also too lazy to bother with what Tai Lei had said. Many loyal subjects were protective of their lords. If Feng Lei was here, he too wouldn’t agree with the exchange.

This was something he could understand from Tai Lei's point of view.

The little carp faintly smiled while his eyes contained incomparable excitement. "I agree to the exchange, but you need to reconsider carefully since you will be losing 90% of your blood. A human will immediately die if they lose that amount of blood, so..."

Luo Tian replied with a smile: "Don't worry; I will naturally not die if I've made an agreement with you. Otherwise, I wouldn't have agreed to the whole thing so easily."

This will obviously not work for others.

But he was Luo Tian!

His abilities have always exceeded everyone's imagination.

He would never mess around unless he had absolute confidence.

The little carp looked at Luo Tian with a curious gaze. After thinking for a while, he said: "There's still one problem – we are exchanging blood for blood... If I want to remove the curse on my body, I have to connect with the Azure Dragon's bloodline inside your body. In other words, our wounds need to be connected with each other and you have to release the Azure Dragon's power at the same time."

Luo Tian then asked: "So you want our wounds touching and let the blood exchange freely that way?"

"That's right! When my blood enters your body, you will feel a powerful force of impact. Even though my blood is of a carp right now, it's still going to wreak havoc inside your body once the curse is removed. By that time, you will be experiencing pain beyond your imagination. I don't wish to hide this from you because Devil Sovereign Xingtian has once helped our Titan race. And our Titan race will never do any unvirtuous deeds."

Luo Tian was lost in thought.

Tai Lei's voice became more respectful as he said: "When the young lord's blood goes crazy inside your body, you only need to endure it and you will possess what all our Titan race has, the Titan God's Might. This will greatly increase your strength."

The little carp then said: "You need to consider this carefully since you will be enduring a life-threatening level of pain."

Luo Tian smiled and said: "Let's do it!"

Gaining Titan God's Might?!

The power of the Titan race?!

He was already infatuated with the pure physical power that Tai Lei had released.

This kind of tyrannical strength was terrifying!

If he could gain such power, then it would be just too awesome!

Immediately after...

The little carp didn't speak nonsense anymore and made a wound on himself.

Luo Tian also made a wound on his palm.

The two wounds were then clasped together. In an instant, explosions started occurring inside Luo Tian's body. He was shaking as a powerful force started absorbing his blood.

Luo Tian harmonized his state of mind before yelling internally: "Explode!"

The power of the Azure Dragon's bloodline was released.

A phantom image of an Azure Dragon appeared near his body while a dragon's roar rose into the sky.

"Boom~!"

"Boom~!"

A fierce-looking Azure Dragon had wrapped itself around Luo Tian's body! Its green scales were sparkling in the light while its pair of dragon eyes contained a preeminent majesty.

"Azure Dragon!"

"Azure Dragon!"

"It's really an Azure Dragon..." Tai Lei was extremely agitated.

At this moment...

The blood inside the little carp was going crazy as Luo Tian's blood entered his body.

Blood loss!

Luo Tian's lips turned white first before his rosy cheeks gradually turned pale. It was very uncomfortable like his body was being drained empty.

The little carp made a sound transmission and asked: "Can you endure it? Do you want to give up...? Your vitality is getting extremely weak. If we continue doing this, there's a chance that you might die."

Luo Tian replied: "I'm fine; continue on!"

Luo Tian was slightly touched by the words of the little carp.

The blood loss continued!

The Azure Dragon roared into the sky once more, causing the Dark North Sea and the rest of the continent to start shaking.

“Regeneration!”

“Ommm~!”

On the verge of losing consciousness, Luo Tian activated his Regeneration skill. His blood cells started regenerating while he said to himself: “Motherf*cker! It’s fortunate that this daddy got the Starsea Immortal Sect’s secret skill in the loot explosion, or else I will be in deep crap right now.”

“The quests all seem to be linked together.”

He sighed emotionally inside his heart.

If he hadn’t accepted Princess Dark North’s request, Luo Tian wouldn’t be able to complete the Titan’s Remains quest. The two S-ranked quests were actually intricately linked with each other.

Without the Regeneration skill, this blood exchange wouldn’t be successful.

So he wouldn’t be able to complete the quest.

His blood quickly recovered and the little carp became shocked. He was so excited when he looked at Luo Tian that he couldn’t speak.

Luo Tian sent him a sound transmission: "Don't absorb all of my blood, okay? Stop when it's enough to remove the curse from your body."

The little carp was so emotional that he wanted to cry!

It was the same with Tai Lei. His huge eyes were shimmering with light as tears swelled around. He was secretly rejoicing that he didn't smash Luo Tian to death with his anchor.

Ten minutes later.

Red starry lights started coming off the little carp's body. He then suddenly said in seriousness: "It's done. My inner body is undergoing some crazy changes. Move away a bit because I, I, I'm going to transform back into my Titan body..."

Before he could finish his sentence...

The little carp's body transformed while his figure surged into the sky!

In a blink of an eye...

A steel-like structure exploded in front of Luo Tian! The body was exuding pure unparalleled power! This kind of power appeared to have become a solid-state as it wrapped around the body in a terrifying manner!

"I'm back!"

"I'm back! I, Ke Long, am back!"

"Hahaha..."

Ke Long leaped into the air laughing madly while his voice shook all nine heavens and even the outer territories. The whole Dark North Sea was shaking and caused the waves to become crazy turbulent!

“Thank you!”

“Thank you...”

“I am really sincerely thanking you and don’t know how to repay you.” Ke Long was so excited that he could barely speak.

Also at this time...

The system gave off an alert tone.

“Ding!”

“Congratulations to player Luo Tian for finding the remains of the Titan race. The quest has been completed.”

“You have gained the reward of...”

“Ding!”

“Congratulations to player Luo Tian for gaining the Titan race’s bestowment...”

What could it be?!

Chapter 479 – Power That Was Strong To The Max

What could it be?

Luo Tian was full of expectations.

This was the same level S-rank quest as Princess Dark North's, and the reward was the power of fate. Even though it was changed to a prize draw, he was still able to draw a divine artifact Skill Necklace.

What could it be this time?

In fact...

What was beyond Luo Tian's expectation was that he originally thought the titan's remains were referring to some historic ruins or structures. He didn't expect it to turn out to be the body of the Titan race's young lord.

In an instant...

Just when Luo Tian was filled with anticipation, the blood he absorbed from the little carp started acting up.

Based on what medical science spoke of in his previous life...

Luo Tian's blood and the little carp's blood were not of the same type. For that to enter his body, wasn't that basically flipping the heavens upside down?

"Boom~!"

There was a sudden internal explosion that almost made Luo Tian sprawl to the ground.

The power of the blood was going crazy inside and was smashing all over. It was similar to a million-strong cavalry trampling through his insides. His fleshly body was being stomped on like crazy and his veins felt like they were going to explode soon.

“It’s the backlash from the blood!”

“Endure it!”

“You have to endure it! You cannot die! You will be fine once it passes!” Ke Long shouted frantically. He wanted to help Luo Tian but didn’t know how to. Most likely, no one could help Luo Tian at this moment.

Luo Tian was in so much pain that he started rolling around on the ground.

Large beads of sweat rolled off his forehead. The feeling was so uncomfortable that he almost cracked his teeth from clenching so hard.

Even with Luo Tian’s immortal body, he almost couldn’t endure the powerful and pure blood of the Titan race.

The worst part of all...

At such a crucial moment, the system actually gave off an alert tone.

“Ding!”

“Congratulations to player Luo Tian for gaining the Titan race’s bestowment.”

As the voice faded...

The oceanic trench started shaking. The deceased souls of the Titan race suddenly appeared above the tombstones. The deceased souls rose into the air before charging into Luo Tian’s body. It then started fusing together with the unparalleled and crazy Titan blood!

The violent internal impact Luo Tian received had grown even stronger!

“It’s Sovereign Lei Dun!”

“It’s Sovereign Kun Sheng!”

“General Luo Wang, Goddess Ke Sha...”

“My heavens!”

Many deceased souls entered Luo Tian’s body, causing him to scream with unbearable pain! Never would he imagine that the so-called Titan race’s bestowment was having these undead souls enter his body! After over ten thousand deceased souls of the Titan race entered inside of him, Luo Tian felt like his body was about to explode!

As a last resort...

Luo Tian struggled to roar out: “Level 6 Berserk!”

“Ommm~!”

His body instantly turned red, and a powerful force started moving wildly beneath his flesh. It was so uncomfortable that it felt like countless earthworms were crawling inside his body. Luo Tian’s face turned extremely pale while blood was seeping from his mouth from clenching his teeth so hard.

“Boom~!”

“Boom~!”

“Boom~!”

Each time a deceased soul streamed inside Luo Tian, the sound of a violent explosion would come right after. Luo Tian's fleshly body would shake before a surge of power would burst out. This feeling was very difficult to endure, but it made him very excited.

Because this was power!

Luo Tian gradually felt the Titan race's Titan God's Might!

This kind of power was breeding and multiplying inside his blood. Those streams of deceased souls of the Titan race had entered his body, sea of consciousness, mind, internal organs, and even his skeletal structure. Even his pores were undergoing a crazy drastic change!

A powerful and pure energy!

It didn't contain profound energy or immortal force and was purely physical power. This kind of feeling was like the Warriors from video games with extremely powerful physical strength. Luo Tian was so excited that he almost moaned out loud! He was feeling great yet at the same time, his fleshly body was sending out various types of pain signals to his brain.

Feeling great and feeling pain at the same time!

"Look, Young Lord! It's the soul of the Titan King!"

Tai Lei's gaze tightened as he watched a huge soul come from one of the largest tombs. His gaze started trembling before he kneeled down with respect. "Sovereign Kai Sa!"

Ke Long was visibly moved as his gaze contained the emotion of missing someone dearly. He then shouted: "Father!"

The soul was slowly floating about. When it saw Ke Long, it briefly chuckled before a voice came from the darkness: "My child; you have finally done it. Thank you. And thank him for allowing our Titan race to rekindle the fire of hope."

Immediately after...

The soul charged into Luo Tian's sea of consciousness.

Upon seeing the endless sea, Kai Sa's soul made a move and created a powerful energy explosion!

"Boom~!"

The sea of consciousness underwent enormous changes and instantly became twice as large as before!

Hiding in the sea of consciousness, the Grim Reaper's path of death started absorbing Sovereign Kai Sa's energy like crazy and becoming much stronger!

"Boom~!"

"Boom~!"

After over ten thousand deceased souls of the Titan race entered Luo Tian's body, his fleshly body was gradually transforming.

Half an hour later.

The system gave off an alert tone.

"Ding!"

"Congratulations to player Luo Tian for gaining Titan God's Might!"

"Ding!"

“Congratulations to player Luo Tian for gaining Titan God’s Body!”

“Ding!”

“Congratulations to player Luo Tian for gaining Titan God’s Soul!”

Three continuous system alerts were heard.

After those three alerts ended, Luo Tian’s body became calm once more.

Luo Tian climbed back up on his feet before clenching his fists.

“Hong~!”

“Boom~!”

A thunderous boom penetrated through all nine heavens, making Luo Tian ecstatic. “This strength... is way too awesome! Too strong! I feel like I’m just like a titan, possessing pure unparalleled physical strength!”

“There’s only one word to describe this feeling...”

“Awesome!”

“Too motherf*cking awesome!”

Luo Tian couldn’t help swearing because this was just too great!

His fleshly body transformed, his strength transformed, and even his soul underwent a transformation.

Luo Tian was so excited that he almost started crying.

“You did it!”

“You managed to endure it! Hahaha... Kid, you are the toughest human that I’ve ever seen. I have never seen a human that can endure the pain the way that you have. Your future achievements will definitely be greater than anyone can imagine.” Tai Lei said this in agitation.

Ke Long kneeled on one knee and said: “Thank you for bringing peace to the souls of our Titan ancestors. Thank you for saving the whole Titan race. From today onwards, you will be my boss and our Titan race’s King.”

He was extremely solemn.

And showed no hesitation.

Luo Tian became stunned as a brief flash of light appeared in his eyes. He then said to himself: “If I brought along a person of the Titan race as my little brother, this... wouldn’t this be too cool?”

Immediately after...

Luo Tian said: “I don’t think this will be too good.”

Ke Long handed over a medal and said: “Boss, I will be there whenever you need me. As long as you shatter the medal, I will appear. No matter what it is, I will help you with my life on the line.”

Luo Tian has seen items similar to this medal.

He saw it at Dark Mountain Corpse City.

He saw it at the Gnome territory.

Luo Tian didn't expect Ke Long to give him one as well. Compared to the other two, the one Ke Long gave him was a bit bigger. Luo Tian didn't hesitate and received it. "There will definitely be a day when I will need your assistance."

Immediately after...

Ke Long's steel-like hand started moving and a drop of blood essence came out. The drop of blood floated towards Luo Tian as he said: "This is my blood essence, which is one of the four region's blood."

Luo Tian excitedly said internally: "Out of the four region's blood, the Titan race's blood essence is in hand!"

Chapter 480 – Courting Death!

After saying his farewells to Ke Long, Luo Tian didn't stay in the Dark North Sea.

He quickly went back.

He was worried something may have happened in Dark North City.

He was worried something bad may have happened to Princess Dark North.

Except...

He would never have imagined that Princess Dark North managed to suppress the situation in Dark North City and have the soldiers kill Qiu Tianlun.

Wang Fu and the other three became Generals of the four directions. (North, South, East, West)

Because Luo Tian gave them each an inner core, their strength greatly increased and they became the pillars of Dark North City.

The situation in Dark North City calmed down.

The Ghost Merman Sect was destroyed, and there was no one left in the Dark North territories capable of threatening Dark North City. As for the Starsea Immortal Sect, they wouldn't dare to openly come to Dark North City to capture Xin Er. After all, they were still technically allies by a formal agreement.

Moreover...

This was motivated by the personal greed of the Starsea Immortal Sect's Grand Elder, so he wouldn't want this matter to be exposed.

Therefore, Dark North City was safe for now.

Teleportation array.

Xin Er was holding onto Luo Tian's hand and asked softly: "Will you be coming back?"

Luo Tian nodded and said with a smile: "Of course! I definitely will be!"

Xin Er smiled and said: "That's good then. I will be waiting for you here. No matter how long it takes, I will be waiting for you."

Luo Tian brushed a strand of hair away from her forehead and placed it behind her ear. He then nudged her nose and said: "You are so silly."

Return!

Luo Tian will definitely come back here.

How can he not come back to such a big beauty?

Was he even human if he didn't come back? He would be lower than a beast!

Apart from Xin Er, there was another reason.

The Soul Refining Dungeon had many old devils that represented a huge force. Their cultivation was currently sealed up, for now, so once Luo Tian finds a way to unseal them, he would immediately rush back here.

This was something he promised them.

If it weren't for their deterrence, he would've died here already.

If it weren't for the scroll in their possession, it would be impossible for Luo Tian to gain the Titan race's blood. Luo Tian owed them a lot, so that's why he will definitely be back.

The teleportation array started glowing.

Luo Tian walked into the array. While looking at the four behind Xin Er, he said with a smile: "Wang Fu, you four brothers better do a good job protecting Dark North City. If anything goes wrong, I'm going to find you guys responsible."

Wang Fu replied seriously: "Don't worry boss. Even if I have to die, I will do my utmost to protect Dark North City."

The bright light pulled back!

And Luo Tian had disappeared from inside the teleportation array.

In an instant...

Luo Tian had returned to the teleportation array within Mount Hua Immortal Sect.

Suddenly...

“Someone’s coming back in the teleportation array.”

“Who is it?”

“Is it those that went to Heaven’s Boundary?”

“Is it Elder Xu Shan?”

In less than ten seconds, everyone in the outer and inner sect found out.

Except...

Everyone was disappointed.

“It’s merely that trouble maker Luo Tian who has come back.”

“Why didn’t he die on the outside? He still has the face to come back here?”

“That’s right. I really don’t understand why he came back. It’s all because of him that Mount Hua Immortal Sect is in this situation. It would be great if that trouble maker died on the outside.”

The moment Luo Tian came out from the teleportation array, people were pointing and muttering about him. He had a feeling that something big had happened to Mount Hua Immortal Sect.

Once Xu Shan left...

Mount Hua Immortal Sect pushed the incident at Heaven's Boundary all onto Luo Tian. Everyone believed that because Luo Tian offended Starsea Immortal Sect previously, twenty disciples were surrounded and attacked by all the big immortal sects.

Seven of them died and several were seriously injured.

These were the talented disciples that Mount Hua Immortal Sect was grooming. Having this turnout was making it a worse situation; cutting off their crops before new ones can be grown.

Luo Tian looked at all the strange looks from the surrounding disciples and his heart tightened. His brows furrowed as he said to himself: "I wonder what happened?"

Right after that...

Luo Tian increased his walking speed and hurried towards the direction of the Merit Hall. He had an ominous feeling from all of this. Something must've happened to Yun Ling, Yun Yi, and the others. Something must've happened at Heaven's Boundary. The moment he noticed a certain disciple...

Luo Tian confirmed his conjecture.

That disciple was one of the talented ones, and he participated in the group that headed towards Heaven's Boundary. For him to come back before the time was up, that definitely meant something bad must've happened.

At this moment...

Xú Hao led a large group of Martial Hall disciples over in a rowdy manner.

“You damn dog thing! You still have the face to come back? You have completely lost all of our Mount Hua Immortal Sect’s face!”

“No matter what, I’m going to kill you today! Otherwise, how can those dead disciples rest in peace?”

“Kill him!”

“It’s all because of him that Eldest senior brother and Second senior brother died at Heaven’s Boundary! If it weren’t for him offending the Starsea Immortal Sect, we wouldn’t have lost the qualifications to even cultivate at the outer edges of Heaven’s Boundary. We might even find ourselves in greater trouble if we let him keep living.”

A large group of people had hurried over with killing intent.

Luo Tian had come out of the teleportation array for less than half a minute and was blocked by Xú Hao and the others.

Luo Tian frowned before asking: “Elder Xú, are you bringing such a large crowd over to welcome me back? I feel kind of embarrassed about it.”

“Humph~!”

“Kid, I brought these people here to take your life.” Xú Hao had a ferocious expression while his eyes glared at Luo Tian. A strong murderous intent was coming from his body.

The Martial Hall disciples behind him all had fierce expressions on their faces while they glared at Luo Tian.

It was like Luo Tian owed them a few million dollars or something.

Luo Tian sneered. He wanted to know exactly what happened and asked: "Take my life? Elder Xú, what do you mean by that? I haven't offended you, have I? You should at least give me an explanation before you take my life, right?"

Xú Hao said in a gloomy manner: "Luo Tian, our Mount Hua Immortal Sect keep having bad things happen to us ever since you came here. One of our most talented disciple was killed; Eldest senior brother was killed; now even disciples that participated in Heaven's Boundary have been killed."

"You are the walking scourge of Mount Hua Immortal Sect."

"Today, there's no way you can keep on living."

As his voice faded...

The disciples behind him shouted in unison: "We cannot let him keep living!"

Was this called provoking the anger of the masses?

Luo Tian still couldn't quite understand what was going on but didn't place it in his heart. He didn't really care too much about the current Mount Hua Immortal Sect. He wouldn't even care if all the people from the entire sect were standing against him. But there were some things he had to make clear.

Right after that, Luo Tian asked: "The disciples participating in Heaven's Boundary were killed because of me? Elder Xú, what do you mean by that? You should know that I've been outside for over a month. Why would their deaths be blamed on me?"

"Also, the time to cultivate in Heaven's Boundary isn't up yet, right?"

"Where are Yun Ling, Yun Yi, Han Hua, and Zhao Chen?"

They were the ones that Luo Tian was worried about.

Xú Hao coldly harrumphed before saying: “If you hadn’t killed the Starsea Envoy before you came to Mount Hua Immortal Sect, why would our disciples be ganged up on in Heaven’s Boundary while cultivating? Why would they be forced to duel and then be killed? As for Yun Ling and Yun Yi, those twin sluts are rather pretty so they most likely have become toys for the other immortal sect disciples and haven’t been forced out yet. It’s highly possible that they’ve been played with so much that they can’t even get out of bed.”

“Hahaha...”

Everyone started laughing loudly.

Luo Tian frowned. He glared at Xú Hao while killing intent surged into the sky!

His figure turned illusory!

He directly charged towards Xú Hao with a killing strike while shouting: “You’re courting death!”
