

Leveling Up 481

Chapter 481 – Death To Those That Block Me!

Xú Hao wasn't a vegetarian himself!

The second most powerful person inside Martial Hall, a person with the cultivation at the peak of the Profound Venerate 8th rank!

He had cultivated immortal force for several decades and could control it in a deft manner.

The moment he appeared, he was already storing his energy in preparation. Seeing how Luo Tian was charging over, his mouth curved into a cold smile as he shouted: "The one courting death is you!"

He flipped his right palm.

A thick amount of immortal force surged out. The appearance of the powerful aura instantly forced the nearby disciples to slide backward.

The time it takes a spark to fall off a flint...

Xú Hao said with disdain: "Even if you have an immortal body, I can still kill you instantly with a single strike."

"Myriad Thunder Palms!"

"Boom~, boom~..."

Both of Xú Hao's palms looked like thousands of thunderstorms were being released together. Lightning surged out violently without restraint! He locked his eyes on Luo Tian's incoming figure before both palms struck out.

Luo Tian didn't reduce his speed.

It didn't matter whether or not he looked at Xú Hao's palms and the immortal force condensing on it because he didn't place it in his eyes. He just kept charging forward.

"Is the kid not afraid of dying?"

"He's actually looking down on Elder Xú's Myriad Thunder Palms. He's practically courting death."

"It's best if he does die!"

Sounds of whispered discussions were heard all over.

Xú Hao's Myriad Thunder Palms is quite famous in the outer sect. And he happened to have a thunder attributed bloodline related to a demonic beast. The Myriad Thunder Palms he released was especially strong, and he wasn't holding back any strength. He was directly aiming for a fatal strike the moment he made a move.

A fatal move that could kill with a single strike!

He didn't want to give Luo Tian any chance of surviving.

He was worried that he would end up like his senior brother, who didn't have time and was smashed flying by the Grand Elder. He would then be taken advantage of by Luo Tian and punched to death one fist at a time.

If one was planning to kill, then they should kill with a single strike!

He was condensing his energy since the beginning. Once he saw Luo Tian, all that condensed energy was in preparations for this single fatal strike.

When he saw how Luo Tian wasn't putting up any defensive stances and was actually charging over like crazy, he started smiling. He was smiling brightly with a smug expression. He then loudly mocked: "Trash, you think your immortal body can handle it?"

"My Myriad Thunder Palms can bypass your fleshly body and smash your internal organs into mush."

"Die for me!"

As his voice faded...

Myriad Thunder Palms smashed onto Luo Tian's chest.

Luo Tian didn't dodge nor did he have any intentions of dodging. He didn't even blink. The moment Xú Hao's palms landed on his chest, his eyes coldly looked at Xú Hao and said: "Did you have fun attacking?"

Not a single bit of injury?!

A clamor arose with the surrounding disciples.

He actually took

Xú Hao's Myriad Thunder Palms head-on, and looked like nothing had happened to him.

Xú Hao's expression drastically changed!

His pair of hands lowered as he planned on leaping away, but it was already too late.

Luo Tian revealed his grim reaper's smile and said: "You want to run after attacking this daddy? Did I give you permission to leave?"

Suddenly...

Luo Tian raised his right hand and the Titan God's Might started circulating. He instantly grabbed onto Xú Hao's throat and lifted him up into the air. Luo Tian smashed Xú Hao into the ground and caused a huge pit to appear. He then roared out like thunder: "It's this daddy's turn now!"

The words Xú Hao said had touched Luo Tian's bottom line.

It's fine if you mocked or ridiculed him.

But you cannot talk shit about his brothers, his friends, and especially not his women!

He actually insulted Yun Ling and Yun Yi, the two super cute twins to such a degree? This Xú Hao deserved to die!

"Boom~!"

The ground shook violently and cracks appeared on the outer edges of the pit. Xú Hao sprayed out a mouthful of black colored blood. His gaze started to refocus and when he finally saw Luo Tian again, a thick sense of fear arose from his heart. "Cultivation at the Profound Venerate, Venerate, 2nd rank? You... you... you actually broke through to the Profound Venerate realm in just a month? And your fleshly body... your fleshly body is no longer at the immortal body realm. It's much stronger than an immortal body. Who are you really?!"

Luo Tian stepped onto Xú Hao's face and shouted: "I'm your ancestor!"

Immediately after...

He raised his right leg into the air.

Xú Hao's expression turned to one of horror as he tried to stutter: "You cannot kill me. You cannot kill me. I am Mount Hua Immortal Sect's outer sect Elder. You cannot kill me. If you kill me, you will be punished by the Law Enforcement Hall. You will die as well. Luo Tian, Luo Tian, Luo..."

Before he could finish speaking...

Luo Tian's foot heavily stomped down.

"Bang~!"

With his head exploding, Xú Hao died on the spot!

The system gave off an alert tone!

"Ding!"

"Congratulations to player Luo Tian for killing Xú Hao. You have gained 50,000 experience points, 5000 immortal force..."

"Congratulations to player Luo Tian for gaining Myriad Thunder Palms. Will you be cultivating it?"

Luo Tian didn't bother looking at Xú Hao, who was embedded in the deep pit any longer. He came out of the hole and swept his gaze past everyone. He then shouted: "Who else wants to die?! If you wish to die, just step right up! If I hear any more words of insult towards my friends, this daddy will twist your heads right off!"

"What a bunch of garbage!"

"You run back here after getting bullied at Heaven's Boundary. You're just like a child that got into a fight and couldn't win, so you run home to your parents to complain. What's the use with Mount Hua Immortal Sect raising you guys then?"

“With that kind of attitude, you guys still want to cultivate and achieve some successes on the martial path? You should go home and start farming instead!”

Luo Tian was filled with disdain.

He despised those types of people.

They couldn't handle any setbacks and got scared whenever they were met by a strong enemy.

It is actually fine to be scared, yet they try to find an excuse for it. They should just give up cultivating then!

This is the exact definition of a bunch of garbage!

There wasn't a single sound from the crowd as they lowered their heads.

Luo Tian was too lazy to keep talking with them. He pointed at a random person and asked: “Where is Elder Xu from the Merit Hall? Is he still in the outer sect?”

“He, he, he went to Heaven's Boundary half a month ago. He said, he said, he wanted to bring senior sister Han Hua and the others back. But he still hasn't come back yet so I'm afraid, afraid, something bad might have happened.”

Something definitely must've happened if he hadn't come back for half a month.

Luo Tian's gaze tightened as he turned around and headed towards the teleportation array. He then said to himself: “I'm really hoping nothing bad has happened.”

It was Luo Tian who fought for their participation rights.

If something did happen to them, it would be equivalent to Luo Tian having harmed them.

He started getting anxious inside.

Luo Tian instantly landed on the teleportation array and said: "Send me to Heaven's Boundary."

"You aren't qualified to use the teleportation array," said the administrator for the teleportation portal.

Luo Tian's brows furrowed before shouting: "Then who is qualified?!"

The administrator replied: "Someone with the status of an Elder is qualified. Outer sect Elders can only use it once a year. Luo Tian, I know you want to go to Heaven's Boundary but please don't make it hard for me. I am only doing things by the rules."

"An Elder?!"

"Rules?"

"There are people about to die and you're still talking about rules with me?" Luo Tian coldly shouted this as he landed right next to the administrator. He directly grabbed that person's throat and said: "I know you all hate me but I don't care about that because this daddy doesn't like you guys either. I have just killed one previously so you better open up the teleportation array and send me to Heaven's Boundary."

"Presumptuous!"

In an instant...

A shout was heard from the sky while several inner sect Elders descended.

Venerable Hun Yuan's gaze contained killing intent. He glared at Luo Tian and shouted: "How can Mount Hua Immortal Sect allow you to keep acting so presumptuously?!"

Luo Tian let go of that administrator and started laughing madly. He then said loudly: "I shall kill whoever dares to block me!"

His killing intent surged out!

Chapter 482 – Suppressing The Second Elder

"Who dares to block me?!"

Luo Tian shouted with arrogance. His gaze swept the whole area before eventually landing on Grand Elder Hun Yuan's figure. He then said with a cold smile: "Grand Elder, are you going to block me?"

"Luo Tian!"

"If you keep causing trouble, then don't blame me for being impolite. Do you really think no one in Mount Hua Immortal Sect can control you?!" Venerable Hun Yuan shouted in anger. He was really annoyed from seeing Luo Tian's expression. If he didn't keep thinking of Luo Tian's refinement of inner cores, he would've already made a move to take him down.

Many of the Elders were coldly harrumphing with disdain on their faces.

Luo Tian scoffed: "I'm causing trouble?"

"Let me ask you then, Grand Elder: Something bad happened to Mount Hua Immortal Sect disciples but you guys haven't done anything about it. Are you guys still Elders of Mount Hua Immortal Sect?"

"Looking at your high and mighty expressions, are you guys even still considered humans?"

"It's fine if you guys don't go save them because I will go do it."

Luo Tian laid it on them one sentence at a time.

Mount Hua Immortal Sect was treating this matter with indifferent attitudes. People were practically standing on their necks pissing and shitting on them but they didn't dare to fight back. Was there a reason for an immortal sect like that to keep on living?

They didn't have a single bit of core support.

Regardless if they were part of the outer sect or the inner sect, the disciples will be able to sense this coldness. It would be impossible for Mount Hua Immortal Sect to get stronger at this rate.

So what if they are one of the ten great immortal sects?

So what if they are the number one or number two immortal sects?

Even if the entire world was Luo Tian's enemy, he wouldn't care or show any fear. Who cares if they are called the ten great immortal sects?

They were all people of the martial path so he couldn't understand why these guys were so afraid of dying. Being bullied to this point yet they still don't give any responses? Was there any meaning for these old undying fogeys to keep living then? If they wouldn't even protect their own immortal sect disciples, what meaning is there to keep such an immortal sect lineage going?

Luo Tian always had the idea of changing Mount Hua Immortal Sect.

He felt that there was still a chance to save Mount Hua Immortal Sect because there were still good people like Grandmaster Wu Nian, Han Hua, and the others around. He wanted to make Mount Hua Immortal Sect great once more, but now... Luo Tian only felt heartache.

He had lost all hope for Mount Hua Immortal Sect.

This made him want reform as soon as possible so that he could do a deep cleanse of Mount Hua Immortal Sect. He had to get rid of all those cowards afraid of dying and clinging to life.

“Humph~!”

“Luo Tian, we naturally have our own considerations. It is not something an outer disciple like you to interfere in the matters of Mount Hua Immortal Sect. You better stay here obediently. Do you want to see what happens if you try going to Heaven’s Boundary?” The Second Elder Tian Yuan loudly lectured.

“Do you feel that the trouble you’ve caused is not enough?”

“If it weren’t for you offending Starsea Immortal Sect before coming here, would the matter of cultivating in Heaven’s Boundary turn out like this? Everything was due to the thanks of you. We should have chopped off your head and sent it to Starsea Immortal Sect right from the beginning.”

“Luo Tian, you just killed an Elder from the Martial Hall. You actually dared to kill a person with the status of an Elder. A damn dog thing like you really aren’t putting Mount Hua Immortal Sect in your eyes, huh?”

“Is the Law Enforcement Hall present?!”

Several Elders were blaming Luo Tian in anger.

There was no way they were going to let Luo Tian go to Heaven’s Boundary.

They were worried Luo Tian would create even more trouble there. To them, Luo Tian was a walking time bomb that could go off at any moment.

Those cultivating in Heaven’s Boundary were all the elite disciples of the largest immortal sects. It’s fine if Luo Tian ends up dying. But if he manages to injure the others, then Mount Hua Immortal Sect will truly be stepping into a quagmire. Right now, any other immortal sect could easily pinch Mount Hua Immortal Sect to death!

“Hahaha...”

“Hahaha...”

“Hahaha...”

Luo Tian was laughing madly into the air. Seeing the expressions of everyone here, he said with a smile: “I thought there would be still some hope in you guys before. From the looks of it now, a bunch of stubborn old people like you is really not suitable for living in this world.”

“Cravenly clinging to life instead of braving death.”

“How can Mount Hua Immortal Sect grow stronger under the management of you guys?”

“You guys are pushing all the blame onto my head. But you guys should be perfectly clear inside your hearts who is truly responsible for all of this. On behalf of Mount Hua Immortal Sect, I am really disappointed in you guys. I am also disappointed in you guys on behalf of all the disciples here.”

“What you guys have said and done today will be remembered by every disciple of Mount Hua Immortal Sect.”

Luo Tian was angry.

Extremely angry.

Sects were supposed to be one big family instead of treating each other coldly like this.

The higher-level personnel of a sect are supposed to be one of the elders; if the younger ones get bullied, they were supposed to go seek justice for them. But these guys didn't do that and swallowed it all down without doing a thing. This will only make other immortal sects become even more arrogant in the future.

Was there a need for such an immortal sect to continue existing?

“Kid...!”

“It looks like you wish to court your own death!” Venerable Tian Yuan shouted in anger. The aura on his body exploded forth, causing an oppressive atmosphere in the surrounding area. He took one step forward before throwing a palm strike that smashed towards Luo Tian. The palm strike grew larger like a heavenly being attacking!

Luo Tian arrogantly scoffed and shouted: “Perfect timing!”

Before Venerable Tian Yuan arrived, Luo Tian charged out as well and roared internally: “Level 6 Berserk!”

“Ommm~!”

Sixty-four times his base attributes were released.

At the same time...

Titan’s God Might exploded forth!

The Titan race’s power was raw physical strength. It started surging about without restraint inside Luo Tian’s body! His gaze was locked onto Venerable Tian Yuan as he had no intention of dodging. He was going to take that strike head-on!

“We still don’t know who’s the one courting death!”

Luo Tian started moving his palms and focused the Titan God’s Might upon them.

“Boom~!”

Four palms clashed together! The two different forces were like two different meteors colliding into each other, causing a series of explosions in the atmosphere.

“Puff~”

Elder Tian Yuan sprayed out a mouthful of black colored blood. His figure was seen staggering backward while his face turned pale white. His whole body was violently shaking from the impact!

Luo Tian had an ugly look on his face while blood seeped out from the corner of his mouth.

But...

He wasn't like Elder Tian Yuan who was in such a sorry sight. Luo Tian's right leg then started moving as he shouted: “Shadow Clone, Shadow Shift!”

“Whoosh~!”

His figure disappeared and arrived behind Elder Tian Yuan in a blink of an eye. His fists started moving as it smashed out like thunder. Without giving Elder Tian Yuan a chance to regain his footing, Luo Tian released his Titan God's Might once more and smashed forth.

“Boom~!”

Even in his dreams, Elder Tian Yuan never expected Luo Tian would still have strength for another attack.

His back experienced severe pain while his whole figure was an embarrassing sight to behold.

But...

This wasn't over yet!

A brief light flashed in Luo Tian's eyes as his figure reappeared in another location. He came from the sky as he fiercely slapped Venerable Tian Yuan's face while scolding: "Who is the motherf*cking one courting death now?!"

"Pak~!"

A single slap had forced Elder Tian Yuan into a sprawling position on the ground, directly shattering the tile beneath into powder.

"Boom~!"

Luo Tian then stepped on Elder Tian Yuan's face while sweeping his gaze past the surrounding people. He then roared into the air: "Who else dares to f*cking block this daddy?!"

His voice shook the sky!

The silence in the area had reached a scary level.

Wild arrogance to a complete mess!

Everyone was staring at Luo Tian. They were staring at this unfamiliar looking Luo Tian while being completely dumbstruck by him!

Elder Tian Yuan!

The Second Elder whose cultivation was at the Profound Saint realm. But he still got his ass handed to him by Luo Tian without having the chance to retaliate. Was this kid still human? He actually achieved such a terrifying advancement in just a month!

Venerable Hun Yuan's face was full of anger. Just when he was about to step up, there was a clamor coming from the crowd. "The Sect Leader has come!"

Chapter 483 – Entering Heaven’s Boundary

Arrogance!

Extreme and incomparable arrogance!

The Second Elder, one who sat high above others was now being stepped on in front of many disciples.

Below Luo Tian’s foot, Venerable Tian Yuan was on his deathbed. His fate was in the grasp of Luo Tian’s hand. As long as Luo Tian wanted, he could have Venerable Tian Yuan go meet King Yama in hell.

Luo Tian coldly chuckled before asking: “Who else dares to block me?”

Pretty much everyone was frozen in fear.

When comparing strength with Venerable Tian Yuan, Luo Tian was barely injured!

His cultivation...

And his strength had undergone earth-shaking changes!

Venerable Hun Yuan’s face was filled with rage as killing intent surged out from his body. Just when he was about to step forward, a voice from the crowd shouted: “The Sect Leader has come!”

In an instant...

The crowd automatically started stepping back.

Venerable Tian Ji shuttled through the air and landed without a sound. When he saw Venerable Tian Yuan under Luo Tian’s foot, his brows were locked and his face turned unsightly. He then said in a

serious manner: “Luo Tian, are you done causing trouble? How much more of a mess do you plan on causing in Mount Hua Immortal Sect?”

“You want to go to Heaven’s Boundary, right?”

“Activate the teleportation array and let him go!”

Venerable Tian Ji’s words caused an uproar in the crowd.

Third Elder, known as Venerable Tian Ling then said: “Sect Leader, those cultivating in Heaven’s Boundary are all the great immortal sect’s talented disciples. If we let this kid go there, he will definitely create some kind of major problem. We can’t let him go there.”

“That’s right!”

“He killed an outer sect Elder, then repeatedly sneak-attacked Second Elder. Sect Leader, we can’t let this kid off just like that.”

“Carry out the sect rules!”

Many inner sect Elders said this with anger in their voices and their gaze.

Venerable Tian Ji’s gaze turned cold. His eyes widened which caused the Elders all to shut their mouths. He then looked at Luo Tian and said: “I’ve already said you can go there, so what are you still doing standing here?”

Luo Tian didn’t know how to react!

Based on his deductions, Venerable Tian Ji should be a boss for him. So, why would he let me enter Heaven’s Boundary so easily?

He couldn't figure it out.

Also at this time, Venerable Hun Yuan said: "Senior brother Sect Leader, we can't let him go there. We've suffered quite a bit of condemnation from others when he killed the Starsea Envoy previously. The matter this time at Heaven's Boundary could be the retaliation by Starsea Immortal Sect. Xu Shan hasn't come back for half a month, so we can see that the chance of them being still alive is rather slim. What can he do even if we send him there? What if he causes even more trouble? Our Mount Hua Immortal Sect will truly be pushed to a precarious situation then."

Swaying in the midst of a raging storm – they really couldn't handle another wave.

Their immortal sect ship could sink at any moment.

Venerable Tian Ji closed his eyes while hiddenly clenching his fists under his sleeves. He didn't reply to Venerable Hun Yuan and once again shouted: "Activate the teleportation array and let him go!"

Luo Tian's mouth formed a grin. Looking at Elder Tian Yuan lying there like a dead dog, he said with disdain: "You are very lucky. If someone else had dared to step out, your outcome would certainly be death. You should really thank the Sect Leader since he's the one that saved your life."

Immediately after...

Luo Tian turned around and walked towards the teleportation array.

The moment he stepped onto the teleportation array, his expression drastically changed. Extreme pain was wracking his body but no one saw this.

Elder Tian Yuan was a Profound Saint expert.

He also learned from an orthodox immortal sect, so his powers were beyond a typical person's imagination. If Luo Tian's fleshly body wasn't raised to the Titan God's Body level, there would be no way he could withstand a strike. Even at this level, he still suffered some serious injuries.

The injuries he suffered were no less than Elder Tian Yuan's.

Except...

He was able to hold it in and endure. Even though he was seriously injured, he didn't show it and managed to attack continuously.

Luo Tian was only able to succeed because Venerable Tian Yuan was careless in his actions.

When they're ill, you go for the kill! Attacks should always be like this. Beat your opponent until his head is spinning and don't give them a chance to fight back. Luo Tian had thoughts of killing Venerable Tian Yuan, but the guy had a Profound Saint's fleshy body so killing him would be extremely difficult.

The moment he stepped onto the teleportation array, Luo Tian almost couldn't hold it in anymore.

The insides of his chest were covered in black blood while his face was pale white. When his body almost disappeared, Luo Tian couldn't endure it anymore and gave a soft painful grunt. He was barely able to stabilize himself after activating Regeneration and then casting dozens of Healing Art.

Being able to step on top of a Profound Saint realm expert, Luo Tian was already considered having defied the heavens!

His cultivation level was only at the Profound Venerate 2nd rank.

How mighty was he for beating a Profound Saint expert to the point that they couldn't figure out which direction was north?

Watching Luo Tian's figure gradually disappear, those disciples almost couldn't recover their thoughts. This kind of shock to them was unparalleled in nature!

Up in the void of space...

A voice penetrated through into Luo Tian's mind: "Kid, if it weren't for me saving you today, your little life would've been gone already."

Without giving Luo Tian a chance to reply, the voice coldly harrumphed: "Me saving you isn't free – one hundred inner cores. With the addition of this month's offering, that will be a total of 150 inner cores. If there's even a single one missing, everything above your neck will be removed!"

The voice contained an inviolable, powerful suppression.

Luo Tian turned gloomy while he clenched his fists. He then said internally: "As expected..."

Mount Hua Immortal Sect.

In the main hall, Venerable Hun Yuan asked in confusion: "Senior brother Sect Leader, why did you let him go off to Heaven's Boundary? We really can't handle any more trouble."

Venerable Tian Ji had an angry expression as he said: "Do you think I wanted to let him go to Heaven's Boundary? How would I not know what's going on? If I could go, I would've brought people there already. The matter this time is obviously pointed straight for our Mount Hua Immortal Sect. What they want to do is to push out our Mount Hua Immortal Sect so that we can no longer keep a foothold amongst the other immortal sects."

"Trouble will surely come the moment Luo Tian enters Heaven's Boundary."

"Do you think I'm freely willing to let him go?"

"This is the Prime Elder's order, so what else can I do?"

If it weren't for the Prime Elder, he wouldn't have allowed Luo Tian to enter Heaven's Boundary.

It was absolutely impossible!

Seeing how junior brother Tian Yuan was being stepped on by Luo Tian's foot, he wanted to smash Luo Tian into powder right there and there. How could he allow him to continue acting presumptuously like that?

But this was the order from the Prime Elder who happened to be his master as well. How could he not obey?

Venerable Hun Yuan's expression hiddenly changed as he said: "Why would Prime Elder give such an order? Why would he know Luo Tian? Luo Tian is only an outer sect disciple and they both shouldn't have crossed paths with each other."

Venerable Yun Ji was also thinking about this matter.

Based on logic, those two shouldn't know each other.

His master should be in seclusion trying to break into the Profound God realm. He almost couldn't believe it when he received a voice transmission from his master at that moment.

If he hadn't recognized his own master's voice, he really wouldn't have believed it.

The two of them were in thought for a few seconds.

Suddenly...

The two of them looked at each other and said in unison: "Inner cores!"

The expression on the face of those two also instantly changed.

They never imagined Luo Tian had actually formed a relationship with the Prime Elder! Most likely it has to do with inner cores since only such an item would have such strong energy stored inside them. Even Profound Emperor experts needed inner cores to assist in their cultivation.

Venerable Hun Yuan's gaze tightened as he muttered: "It looks like the actions of that kid are quite exceptional."

Venerable Yun Ji coldly smiled before saying: "So what if it's exceptional? He will still die beyond a doubt once he enters Heaven's Boundary. Imperial God Immortal Sect's Hong Yijian and Starsea Immortal Sect's Liu Zonghai are both cultivating secretly at Heaven's Boundary. With their cultivation realm, they can easily kill Luo Tian..."

Chapter 484 – Killing On Arrival

The Prime Elder wasn't too knowledgeable about what happened at Heaven's Boundary.

Since Venerable Yun Ji had deliberately hidden it from him.

Luo Tian kept touching his bottom line. He was none other than Mount Hua Immortal Sect's Leader yet Luo Tian spoke of him like a good for nothing. This made Venerable Yun Ji extremely annoyed.

The grounds of Heaven's Boundary.

A place where strong immortal force lingered and cranes soared through the sky.

The scene was like heaven appearing in the mortal realm, making everyone indulge in their senses and not wishing to leave.

It was because of this that people named it Heaven's Boundary!

Which meant a place resembling the heavens.

At the outer edge of Heaven's Boundary.

Han Hua, Yun Ling, and Yun Yi were covered in injuries. Their faces made them look like they were under some sort of illness.

Xu Shan's injuries were even more serious, and lying down next to him was a person – Zhao Chen!

His face looked drained of blood and his breathing was very faint. His entire body was covered in blood and there were several long bloody scars noticeable on his face. His eyes stared off into the distance without any energy. He kept clenching his fists on and off while unwillingness plagued his heart.

“Elder Xu, junior brother Zhao... he...” Han Hua softly asked.

Xu Shan shook his head and replied: “His injuries are too serious, there's nothing I can do. Who would've imagined that the people of Starsea Immortal Sect would be that vicious in their attacks? Using fatal moves the moment they step out? If Zhao Chen didn't immediately use a defensive array to block it, most likely he would be dead already.”

Yun Ling was silently sobbing before saying: “Elder Xu, can you please find a way to save junior brother Zhao? He, he, he rushed to the front all because of me.”

Yun Yi also looked at Xu Shan with tears in her eyes and a begging look on her face.

Xu Shan hiddenly clenched his fists while the wrinkles on his forehead revealed his frown. He could only show his bitter expression while saying: “I've already done what I can. Unless Elder Tian Ling comes here and uses his top tier medicinal pills, only then can we save his life. But the Elders of Mount Hua Immortal Sect... sigh~...”

Speaking up to this point...

Xu Shan could only heavily sigh. He thought that it wouldn't be long before Mount Hua Immortal Sect would send some people for reinforcement. What he never imagined was that not a single person came after he waited for half a month. This made his heart ache, and it also made it very clear that they had been abandoned.

This kind of immortal sect...

Was something Xu Shan hated the most.

“Fuuu~...”

Han Hua heavily exhaled before saying: “We should return to Mount Hua Immortal Sect.”

Immediately after...

Everyone became stunned.

Back then, they could've left Heaven's Boundary embarrassingly with the rest of the Mount Hua Immortal Sect disciples, but Han Hua didn't do that. The four of them clenched their teeth and endured the mocking so that they could cultivate as hard as they could.

She and the others were very clear that participating in Heaven's Boundary was something Luo Tian had fought for them. So, they couldn't let Luo Tian down.

Therefore...

No matter how those immortal sect disciples insulted and mocked them, they just continued enduring with all their might. All they tried to do was hide themselves at the outer edges of Heaven's Boundary to absorb the faint immortal force. Even under such conditions, each of them still managed to make breakthroughs in their cultivation in just a short month.

Some Mount Hua Immortal Sect disciples were killed while some sustained heavy injuries. Some couldn't endure these conditions anymore and ran back to Mount Hua Immortal Sect.

Han Hua never had thoughts of leaving.

This cultivation opportunity was something that didn't come by easily, so they couldn't waste it.

Ever since the other Mount Hua Immortal Sect disciples left, them four were the only ones left from the sect. Those other immortal sect disciples became even more arrogant in their ways and didn't even put Xu Shan in their eyes at all.

Just yesterday...

Three Myriad Sword Immortal Sect disciples came to provoke them. They spoke some disgusting words to the group, especially towards the twins Yun Ling and Yun Yi. Their words were so obscene and dirty that Zhao Chen couldn't hold back anymore.

The moment he took action, he was immediately attacked by all three of them in unison.

In less than a round, he was already seriously injured. Those three still didn't let him off at that point and continued to land several heavy blows.

Han Hua and the others instantly made their move.

But...

It was an even more tragic outcome when they made their move because other immortal sect disciples jumped in to help the Myriad Sword Immortal Sect.

Those immortal sect disciples here were all the talented ones that had the focus grooming from their respective sects. Their cultivation realms were all above Han Hua and her group. And their cultivation area was the center of Heaven's Boundary which had the thickest amount of immortal force. Their cultivation speed was obviously much faster than Han Hua's group.

How could Han Hua and the others be their opponents?

“Senior, senior sister; we cannot leave. You still haven’t broken into the Profound Venerate realm yet. We cannot disappoint Team Leader. The price he had to pay for us to come to Heaven’s Boundary should be really huge. Otherwise, there’s no way Grand Elder would have agreed to it.” Zhao Chen’s breathing was faint while his voice was shaking.

Han Hua furrowed her brows and said: “Junior brother Zhao, you shouldn’t speak anymore. The opportunity to cultivate might be hard to come by, but your life is more important. I believe Team Leader will also agree with my choice.”

Yun Ling and Yun Yi both nodded their heads.

Xu Shan’s eyes tightened. He then clenched his teeth before saying: “I’m afraid we won’t be able to leave even if we wanted to. There’s no way they will let us reach the teleportation array and leave just like that. Their plan is to force us to our deaths.”

Their current location was the outer edges of Heaven’s Boundary while the teleportation array was at the center.

It was impossible for those immortal sect disciples to allow them to reach there that easily.

There was no way for them to escape now.

They could only wait for their deaths!

The eyes of everyone became even more depressed. Han Hua then clenched her fists before saying: “Elder Xu, can you bring junior brother Zhao and the others away? I will protect the rear for you guys.”

“No!”

“We too will protect the rear with you.”

“Yun Ling, Yun Yi; Team Leader is waiting for you two to return. You two cannot stay here and take risks.”

Just as they started arguing who was going to stay...

Several immortal sect disciples with perverted smiles walked over.

A large sword charging into the sky was sewn on their clothes. Out of the ten great immortal sects, they were the disciples of the 8th ranked Myriad Sword Immortal Sect.

“Yoh!”

“That piece of trash hasn’t died yet?”

“Senior brother, I think you’re way too benevolent. If it were up to me, I would’ve pierced his chest and not allow him to keep living in this world. It’s useless for trash like him to keep living anyway so he might as well just die already.”

“Third junior brother, you really don’t understand senior brother. That’s not called being benevolent and actually called being vicious. Do you see that trash’s painful expression? He’s been in pain since yesterday. Don’t you think it’s kind of fun to see him with such a painful expression?”

“Second senior brother, it looks like what you’ve said is right. I can’t help being happy when I see his painful expression, hahaha...”

The three of them started loudly mocking.

Xu Shan became angry and slowly got up. He then said: “Is there no one in Myriad Sword Immortal Sect that has taught you guys on how to be a decent human being?”

“Old bastard, it’s not your turn to manage how we act as humans.”

“What kind of old thing do you think you are?”

“Old bastard, you can make your move once more if you don’t like what’s happening. I welcome you anytime on the Heaven’s Boundary competition stage. I heard you are an outer sect Elder of Mount Hua Immortal Sect. If a piece of trash like you can become an Elder, it looks like Mount Hua Immortal Sect will take on any random cats and dogs.”

Xu Shan was clenching his teeth so hard that cracking sounds could be heard.

His anger surged into the sky while his face started turning red. He then scolded: “Presumptuous!”

Han Hua, Yun Ling, and Yun Yi all stood up.

One of the Myriad Sword Immortal Sect disciples stared at Yun Ling’s chest and started drooling. He then said with a perverted smile: “Little sister, your angry expression is really too attractive. Do you want to follow this big brother to have some fun? This big brother will guarantee that you will experience heavenly enjoyment.”

“Courting death!”

A shout containing cold killing intent was suddenly heard behind them!

Chapter 485 – What Is That Poking Me?

As the voice faded...

A figure appeared first before a fist directly penetrated the chest of the disciple that spoke those words.

That person lowered his head and looked at his chest. Even in his wildest dreams would he not have imagined he would be so useless. His pupils shrank and his mouth wanted to cry out but realized he couldn’t do it no matter how hard he tried. In less than a second, another fist had smashed his head into mush!

Killing on arrival!

Not giving them a chance to retaliate.

The two remaining disciples from Myriad Sword Immortal Sect were dumbstruck.

“Third junior brother!”

“Junior brother!”

The moment they cried out, Yun Ling and Yun Yi lit up into a bright smile. “Team Leader!”

Tears were welling up in their eyes!

The emotions they were suppressing immediately exploded forth. Tears started gushing out and the scene made Luo Tian’s heart ache.

Han Hua smiled.

Xu Shan was also smiling. Except when he was smiling, his gaze tightened in an excited manner. He then said: “Good kid! I haven’t seen you in a month and your cultivation actually reached the Profound Venerate realm. You are truly a perverse existence, hahaha...”

The new arrival was indeed Luo Tian!

Luo Tian pulled back his fists and kicked the corpse, sending it rolling for a few hundred meters out. He walked over and said with a smile: “I’m sorry for coming late and making you all suffer.”

The twin sisters Yun Ling and Yun Yi couldn’t hold it in anymore.

They started loudly crying. The two of them ran at the same time and jumped into Luo Tian's embrace. The humiliation they had suffered during this time had exploded out in a scene of crying. Luo Tian gently patted their back and said softly: "Don't cry. You won't look pretty anymore if you keep crying."

Yun Ling and Yun Yi didn't stop crying and had started crying even louder.

The feeling of having one in each arm was truly too great!

Having a pair of twins in your arms was even greater! This kind of scene was something he didn't even dare dream of in his previous life. Now he could hold them both in his arms and have two pairs of soft mounds pushing against his chest. This made his emotions extremely volatile and the killing intent in his crotch area instantly multiplied.

A column rising up to support the sky!

Yun Ling's little mouth twitched as she muttered: "What is that poking me?"

"Huh?"

Luo Tian chuckled and said: "Hidden weapon. A very powerful hidden weapon."

Yun Ling couldn't understand it and reached down with her right hand. Her expression immediately turned bright red as she quickly jumped away. She then said angrily: "You smelly scoundrel!"

Yun Yi looked down. Her expression instantly turned red as she too jumped away.

Also at this time...

The two Myriad Sword Immortal Sect disciples recovered. Originally, they didn't know who Luo Tian was but now they knew he was also a disciple of Mount Hua Immortal Sect. Their expression instantly changed to one that lorded above others as they scolded: "Kid, you dare to kill people..."

Without giving them a chance to finish, Luo Tian didn't even glance at them and only spat out the word: "Scram!"

"F*ck your..."

Before the word "mom" came out, Luo Tian's figure disappeared.

The two became shocked.

The eyes of that disciple that scolded Luo Tian widened like it was about to pop out. He looked at his own chest and noticed a fiery fist had already pierced it.

His internal organs had all been burned into powder!

His pupils shook and his expression turned pale gray. His body started convulsing as he turned to look at his senior brother. Black colored blood kept coming out of his mouth as he stuttered: "Save, save me senior brother. Senior brother, save, save, save me..."

The fiery fist started moving.

Luo Tian pulled back his fist and then gave a casual kick. His toes shot out and heavily struck that person's chin, sending him flying a few hundred meters away.

"Ding!"

The system gave off an alert tone.

Luo Tian turned around and walked back over to Han Hua and the others.

As for the last remaining Myriad Sword Immortal Sect disciple, he was already scared to the point of pissing himself. The crotch area of his pants was wet while his body kept shaking non-stop. His lips turned white and his teeth chattered, "You, you, you..."

Luo Tian didn't look over at him and only coldly shouted a single word: "Scram!"

That Myriad Sword Immortal Sect disciple went down on the ground and scrambled with all his might. He wanted to transform into a wheel right now so he could scam a bit faster since he didn't wish to see Luo Tian's eyes that looked like a God of Death.

He had pissed his pants in fear.

He was so scared that he didn't dare to fight back.

"Strong!"

"Very strong!"

"You were able to kill them instantly in such an easy manner. Good kid! You really can make people feel excitement. No wonder those cute girls would jump right into your embrace. Even I'm about to be charmed by you." Xu Shan said happily.

The feeling of being suppressed these days had been completely aired out.

His mood became relaxed after Luo Tian instantly killed two of them. That Myriad Sword Immortal Sect disciple that was just acting high above others a minute before, was now like a dead dog scrambling away in an embarrassing manner.

This was too great!

Luo Tian glanced at Xu Shan before saying seriously, "It's fortunate that you aren't a woman or else I'll be screwed."

“Hahaha...”

Everyone started laughing.

Luo Tian lowered himself to look at Zhao Chen and noticed all his wounds were so deep that he could see his bones. Their actions were too vicious! The flames of anger inside his heart surged into the sky. He then said internally: “F*ck! You guys dare to touch my people? Just wait for this daddy!”

Zhao Chen had a faint smile as he said weakly: “B, B, Boss is mighty.”

Luo Tian lectured: “Don’t say anything. I’m going to heal you right now.”

The cooldown for Regeneration wasn’t up yet.

Luo Tian could only cast Healing Art continuously before having Zhao Chen consume a high tier Healing Pill. His injuries were finally stable after casting Healing Art a dozen times, but it would still take a long period of time For Zhao Chen to reach full recovery.

Moreover...

It’s quite possible his injuries will affect his future cultivation.

Luo Tian became serious as his gaze steadied. He then asked: “Who beat him to this state?”

“Apart from those previous three, there were also several disciples from other immortal sects.”

“We were targeted the moment we entered Heaven’s Boundary. We were still continuously harassed even though we ran all the way to the outer edges of Heaven’s Boundary. We suffered insults, mockery, and consistent acts to piss us off. As long as we step onto the competition stage, they will attack with fatal moves.”

“Heaven’s Boundary was originally found by the ancestors of our Mount Hua Immortal Sect. Our immortal sect was generous and allowed the disciples of other immortal sects to cultivate here. But who would’ve imagined that we’ve even lost the last bit of respect we deserve? The bullying by those immortal sects has simply gone too far!”

Mount Hua Immortal Sect was like the sun declining westward.

They were treated unfairly everywhere.

Luo Tian didn’t want to and was too lazy to bother with the other fellow disciples.

But...

Han Hua, Yun Ling, and others were his people. If his people were mistreated, then he would go get back what they deserved.

Moreover, this wasn’t your typical mistreatment. If he was late by half a day, Zhao Chen would’ve died; Yun Ling and Yun Yi might have been defiled. And there was a high chance they would all end up dying here. Your uncle might be able to endure but Luo Tian couldn’t!

Luo Tian’s brows furrowed as he suddenly shouted: “Touching my people? This daddy will have each and every one of them pay the price!”

Xu Shan’s expression sank as he said: “Luo Tian, what do you plan on doing? Don’t do anything rash. There are various experts hidden from the immortal sects here. You really can’t do anything rash. We should directly head for the teleportation array and return to Mount Hua Immortal Sect.”

Luo Tian faintly smiled and said: “I won’t do anything rash. Didn’t they wish to compete? Then we should compete so that I can f*ck them over one at a time!”

Chapter 486 – Today, This Daddy Will Kill To My Heart’s Content

“What?!”

“He dared to kill people? How can we let it go? Who does he think he is? Killing people within Heaven’s Boundary is equivalent to breaking the rules!” Tong Youming angrily shouted with killing intent in his gaze. His mouth then formed a cold sneer as he said playfully: “We originally didn’t have a reason to kick Mount Hua Immortal Sect out of Heaven’s Boundary. Now it’s good. We should really be thanking that kid instead, hahaha...”

He was a disciple of Starsea Immortal Sect.

Standing in front of him was a Myriad Sword Immortal Sect disciple who had rushed over without resting. The crotch area of his pants was still wet as he said: “Senior brother Tong, you need to avenge our two junior brothers. That kid is way too arrogant! He’s not putting Starsea Immortal Sect in his eyes at all!”

“Humph~!”

“Don’t worry; Mount Hua Immortal Sect’s situation is even worse than a drowning dog. After such a long time, they only sent a single disciple over to Heaven’s Boundary. The way I see it, all the useful people in Mount Hua Immortal Sect must’ve died off already, hahaha! No matter how strong that kid is, he’s still going to end up dying today.” Tong Youming said with extreme contempt.

Also at this time...

A disciple from Starsea Immortal Sect hurried over and said: “Reporting to Second senior brother; the people from Mount Hua Immortal Sect have come to the place with the richest amount of immortal force in Heaven’s Boundary to cultivate.”

“What?!”

“It looks like they are seriously courting death.”

“What qualifications does a bunch of trash have to cultivate with us?” Tong Youming said with a cold harrumph. He then walked out and shouted: “Let’s go take a look! I wish to see if that kid has three heads, six arms, or does he have nine lives. I want to see why he’s not afraid of death!”

Heaven’s Boundary, the central area.

The immortal force here was richer than the outer edges by multiple times. Even though Luo Tian couldn’t absorb it, he could still clearly sense how abundant this immortal force that came from heaven and earth was.

“From today onwards, you all shall cultivate here.”

Luo Tian said this while ignoring the gazes from the nearby people.

Xu Shan’s expression hiddenly changed as he softly advised: “Luo Tian, don’t cause trouble. Our Mount Hua Immortal Sect doesn’t have the qualifications to cultivate in the central area.”

Before Luo Tian could say anything...

An Imperial God Immortal Sect disciple with a disdainful expression said in contempt: “Where did this group of dogs come from? This isn’t a place for a bunch of trash like you guys to cultivate at. Quickly scam as far as you can and don’t bother this daddy’s cultivation. Otherwise, this daddy will turn all of you into dead dogs.”

Luo Tian replied with a smile: “And what qualifications do you guys have, to cultivate here? We can’t stay here? Is this place your home or is your name written here?”

“By what qualifications?”

“Just based on me being a disciple of the Imperial God Immortal Sect. Just that reason alone is enough.” That person said in a tyrannical manner.

The ranks of the ten great immortal sects were set in stone.

Imperial God Immortal Sect and Starsea Immortal Sect cultivated in the most central area of Heaven's Boundary. Based on rankings, the other immortal sects will gradually spread outwards to the edges. This year, Mount Hua Immortal Sect wasn't even qualified to stay in the outer edges. They were bullied and harassed continuously when they showed up.

Luo Tian coldly sneered and said: "Based on your words – whoever is the strongest are the ones qualified to cultivate here, right?"

That Imperial God Immortal Sect disciple had a playful smile on his face as he replied: "That's right. Whoever is the strongest are the ones qualified to cultivate here. A bunch of trash like you guys should quickly scam as far as you can. If you dare show up here again, I will break all your legs."

Luo Tian made a shooing motion with his hand, swept his gaze through the surroundings, and directly said: "I understand. Then everyone should quickly scam as far as possible because this daddy needs to cultivate here."

"Presumptuous!"

"Kid, you've pissed me off now. Do you think a bunch of homeless stray dogs like you disciples of Mount Hua Immortal Sect are qualified to speak here?" That person said angrily.

Luo Tian looked at Zhao Chen and asked: "Did this guy ever bully you guys?"

Zhao Chen opened his eyes and looked at the angry person. He then said: "Yes, he is the Imperial God Immortal Sect's Zhou Yao who's good at using arrays. When we first entered Heaven's Boundary, we were viciously messed with by his arrays."

Zhao Chen was also an Array Master so he remembered the incident especially clearly.

Zhou Yao coldly scoffed before saying: "I didn't expect trash like you to be still alive."

Luo Tian leaped into the air and landed on the competition stage. He pointed at Zhou Yao and said: "Come up. This grandpa will show you the true meaning of arrays."

Zhou Yao's eyes were like thunder as he became even angrier.

Luo Tian coldly sneered before saying with disdain: "Garbage, you don't dare to? If you don't dare to, you should scam as far from this daddy as possible and stop making a fool of yourself here. From today onwards, the central area of Heaven's Boundary will be taken over by my Mount Hua Immortal Sect. Whoever is unhappy with it can come to look for me. This daddy will beat him until he submits!"

As one of the talented disciples of Imperial God Immortal Sect...

How could Zhou Yao tolerate this? He clenched his fists and instantly landed on top of the stage. His gaze locked onto Luo Tian's figure and said with disdain: "A Profound Venerate 2nd ranker dares to act arrogant here? Kid, you can go die for me now."

"Imprisoning Dragon Slaughtering Array!"

His hands started forming seals at a high rate of speed. The glow of rune words surrounded Zhou Yao's body before a powerful energy of an array surged out.

His technique of forming hand seals was very fast.

The energy within the array quickly started to spread out. One could clearly feel this array was very strong.

Luo Tian was secretly stunned inside. He felt quite cheerful as he muttered: "I didn't expect arrays could be used to actively attack like that. It looks like I've learned something new today."

Watching the array energy around Zhou Yao getting stronger, Luo Tian coldly harrumphed before saying: "You still dare to show off by pulling out an array with this level of energy? This daddy will show you what a real array should be!"

Immediately after...

Luo Tian leaped into the air.

His figure started appearing left and right and eventually, countless illusory images of him appeared above the stage!

In less than ten seconds, Luo Tian stopped and landed on the ground while slapping his open palm down. He then shouted: "Meteorite Array!"

"Ommm~!"

The array's energy started condensing and connecting together. The energy then surged into the sky until it made a connection with a meteor in outer space. Just like it was being summoned by the array's energy, the meteor started flying over and crashing downwards.

"Boom~!"

"Boom~!"

A loud roar echoed through all nine heavens!

A large fiery meteor appeared above the airspace of Heaven's Boundary.

Also at this time...

After Luo Tian's shout, one could clearly see Zhou Yao's shocked expression. Without giving him a chance to respond, Luo Tian started scolding: "The Imperial God Immortal Sect is so amazing, right? The Imperial God Immortal Sect can bully others whenever they want, huh? Go die for me!"

"Stay your hand!"

“Watch out, junior brother Zhou!”

A powerful voice smashed over.

Luo Tian didn't even bother looking to see where the voice came from. As the meteor landed, he just kept watching how the incomparably arrogant Zhou Yao was smashed into meat paste!

“Boom~!”

“Boom~!”

The Heaven's Boundary's competition stage violently shook while a shockwave blasted outwards into the surrounding area.

Being crushed by the meteor, Zhou Yao's eyes were bulged out and only half his body was left. One could see his eyes staring at Luo Tian with incomparable fear within them.

Luo Tian kicked the remaining half of his body off the stage before shouting: “Collapsing at the first blow. A piece of garbage like that is still considered someone who studied arrays? What complete garbage. How can the Imperial God Immortal Sect even accept such garbage as disciples?”

“Yet they call themselves the number one immortal sect in the world. In my opinion, they should just call themselves a pile of dog shit!”

Luo Tian was acting extremely arrogant.

Wild and overbearing!

His words had pissed off all the Imperial God Immortal Sect disciples in the vicinity.

At this time...

Luo Tian chuckled and said: "It's not against the rules to kill on the competition stage, right? If he ended up dying, it's because he's useless, right? Hahaha..."

The laughter died down.

Luo Tian widened his eyes and said: "Whoever is unwilling to submit can scram up here for this daddy! Today, this daddy will kill to his heart's content!"

Chapter 487 – Feels Really Great

"What big guts you have!"

"You actually dared to kill someone in front of so many people!"

"Kid, you will be dying today even if you don't want to."

Amidst the crowd...

Tong Youming walked out. He was wearing the uniform of the Starsea Immortal Sect and holding a sharp-looking rainbow-colored sword. He was very good looking and exuded an aura of being superior to others. Following behind him was a disciple of the Myriad Sword Immortal Sect.

When he appeared, the surrounding crowd started clamoring.

It also made them recover from the shock they were experiencing.

This was normal when it came to Tong Youming.

Several Imperial God Immortal Sect disciples also walked out. Their eyes were filled with killing intent as they stared at the deceased Zhou Yao on the ground. The three of them clenched their fists while their eyes turned even fiercer. If their gaze could kill people, Luo Tian would've been pierced with hundreds of holes already.

"That's the Imperial God Immortal Sect's second eldest senior brother, Wang Daofeng."

"That's Starsea Immortal Sect's Tong Youming. They are both experts at the peak of the Profound Venerate 9th rank. That kid is still only at the Profound Venerate 2nd rank so he's definitely going to die."

"He actually dares to jump out here with this tiny bit of strength? He should really take a piss and take a good look at himself. He is nothing but crap, yet dares to act presumptuously in Heaven's Boundary? Even if an inner sect Elder of Mount Hua Immortal Sect comes here, they will still have to act honestly with their tails behind their legs."

"Does he really think the current Mount Hua Immortal Sect is the same immortal sect that once dominated this continent?"

"The current Mount Hua Immortal Sect is not even comparable to the normal sects now. Those talented disciples they sent here aren't even as good as our third-rate Imperial God Immortal Sect disciples. This kind of immortal sect will eventually bite the dust."

"Mount Hua Immortal Sect disciples were killed yet their upper-level members didn't even fart as a response. My heart truly feels cold on behalf of their disciples."

Many people were softly discussing this.

While standing on the stage, Luo Tian smiled smugly and said: "You guys killed people of my Mount Hua Immortal Sect and that wasn't against the rules. When I killed someone, that was against the rules. I really wonder who gave you guys such a sense of superiority? Who gave you guys that kind of courage?"

Tong Youming's mouth formed a sneer before saying with disdain: "Are Mount Hua Immortal Sect disciples considered humans? In my opinion, they aren't even comparable to dogs!"

“Hahaha...”

“Hahaha...”

The surrounding disciples started laughing loudly.

More and more disciples started gathering around the Heaven’s Boundary competition stage.

Xu Shan’s gaze turned gloomy as he scolded: “Kid, what did you just say?!”

Tong Youming changed the focus of his gaze before pointing at Xu Shan and scolding: “I said that your Mount Hua Immortal Sect disciples are not even comparable to dogs in my eyes. Uhh... you are at most an old dog, hahaha...”

The Starsea Immortal Sect disciples started laughing loudly again.

Han Hua was clenching her fists while her body shook from anger.

They have suffered multitudes of verbal abuse these days, yet they endured since they wanted to cultivate here to prove themselves. But the more they endured, the humiliating words from these people got worse and worse. She had reached a point where she couldn’t tolerate it anymore.

Wang Daofeng loudly ridiculed: “Brother Tong, I don’t agree with you calling them dogs.”

Tong Youming asked: “Brother Wang, can you share your wisdom?”

Wang Daofeng looked at the twins Yun Ling and Yun Yi and smiled pervertedly. “I’m not against saying these ones are dogs, but when it comes to these twin flowers, they can be considered two extremely charming dogs. Brother Tong, don’t you also wish to take them and enjoy yourself for a bit?”

“Based on my experience, these two sisters should still be virgins.”

Tong Youming laughed and said: “Brother Wang, you are truly a man of great insight. How about we each get one between the two of us?”

“Sounds good to me!”

“Hahaha...”

The surrounding people started laughing once more.

Yun Ling and Yun Yi were so angry that their face turned pale and their bodies shook.

Luo Tian looked at the two girls and said: “There’s a saying in my hometown – Tolerate if you can but when you can’t, go beat up their mothers!”

“Yun Ling, Yun Yi; go!”

“Senior sister Han Hua; go!”

“Viciously slap their faces! If they dare to retaliate and touch you girls, I will make them pay the price!” Luo Tian leaped over and stood next to them.

Yun Ling didn’t hesitate and walked right up to Tong Youming. She then swung her hand out for a slap.

Tong Youming widened his eyes and shouted: “B*tch, looks like you’re tired of living!”

Just when he was about to strike...

Luo Tian shouted internally: "Titan God's Soul, suppress for me!" A suppressive force from Luo Tian's body instantly surged into the sky before descending onto Tong Youming.

"Ommm~!"

There was an explosion inside Tong Youming's body and it was instantly suppressed.

His body couldn't move a single inch.

Also at this time...

Yun Ling's slap was about to land when she shouted: "Force of a hundred thousand juns!"

"Pak~!"

A fierce and vicious slap struck out.

Her long and thin fingers instantly left a palm print on Tong Youming's face. But this couldn't relieve Yun Ling's anger so her left hand started moving this time. "Force of a hundred thousand juns!"

"Pak~"

"Pak~"

"Pak~"

"This is for letting shit come out of your mouth. This is for oppressing our Mount Hua Immortal Sect. This is for acting wildly arrogant. Your appearance looks like a pile of shit and this old lady wants to throw up just from looking at you. How could Starsea Immortal Sect accept a person that looks like a pile of shit?" Yun Ling spoke in a vicious manner.

Her standards for scolding people were quite high!

The series of slaps made Tong Youming's face turn into a pig's head.

Yun Ling's anger still wasn't reduced so, in the end, she viciously kicked towards Tong Youming's crotch area. The sound of eggs breaking echoed throughout the surrounding.

Yun Ling's face turned bright red before she ran back to Luo Tian's side.

Luo Tian asked with a smile: "Didn't that feel great?"

Yun Ling giggled and replied: "That felt great, hee hee..."

Luo Tian looked at her reddened hands and asked: "Does your hand hurt?"

Yun Ling replied: "It doesn't hurt."

The two were speaking with each other in an ambiguous way that resembled how a couple will talk with each other.

The moment Yun Ling came back, Luo Tian's Titan God's Soul power was pulled back.

Tong Youming leaped into the air for a scream while both hands were holding his crotch. He was in so much pain that he was rolling all over the ground. He then scolded: "Who was it?! Who was it that dared to use their oppressive pressure to suppress this daddy?! Step out here for this daddy if you have the guts!"

Titan God's Soul!

Possesses over ten thousand deceased souls of the Titan race.

Even though Luo Tian was only at the Profound Venerate 2nd rank, he was capable of suppressing anyone below the Profound Saint realm.

Luo Tian swept his gaze before landing it on Wang Daofeng. He then said with a cold smile: “Yun Yi, go and smack him. Give him a vicious slap that’s more fierce than your sister’s. Have these people witness your powers and understand that Starsea Immortal Sect inner disciples aren’t better than anyone. Our Mount Hua Immortal Sect outer sect disciples can easily suppress them. They are weak to the max and no different from a pile of shit, hahaha...”

Yun Yi nodded seriously and charged over in anger.

Previously, Tong Youming wasn’t prepared but this time, Wang Daofeng was.

Before Yun Yi made her move, he already took action.

It was a fatal strike the moment he took action. Eight small knives controlled by his energy had shot out towards the back and front of Yun Yi. No matter if she wanted to go forward or retreat backward, the knives would stab her in the fatal areas.

Luo Tian immediately made his move.

He took one step forward and roared into the air: “Lion Tiger Gold Shattering Roar!”

Titan God’s Might was released at the same time!

The violent roar directly made the eight small knives around Yun Yi drop to the ground!

At this moment...

Yun Yi's palm swung out viciously, slapping Wang Daofeng spinning! Yun Yi's heart was thumping wildly as she turned around and giggled at Luo Tian: "That felt really great!"

Also at this time...

The surrounding air pressure suddenly sank.

Luo Tian's brows furrowed while his mouth formed a sneer. He then muttered: "Here comes an expert!"

Chapter 488 – Hello Long Wang!

One must be vicious when slapping someone's face.

Yun Ling and Yun Yi enjoyed themselves while slapping others. Luo Tian also enjoyed himself while watching.

"The potential of these two sisters is limitless."

Of course...

Luo Tian was able to sense the strength of those sisters when he saw the power behind their slap. He was laughing internally: "What a good form, what a nice violent move. Hahaha..."

Tong Youming was slapped to the point of having a pig's head.

And Wang Daofeng was slapped to a sprawling position on the ground. Those two were practically the definition of a tragedy.

The surrounding people couldn't understand what was going on.

They also couldn't accept what had happened. They were thinking how did it turn out like this?

Those two were peak Profound Venerate realm experts, so how come they couldn't handle two little girls?

Also at this time...

Luo Tian's brows furrowed while his mouth formed a sneer. He then muttered: "Here comes an expert!"

"Humph~!"

"Dogs of Mount Hua Immortal Sect, are you guys done with acting so arrogantly?"

"Attacking and killing people – you guys are truly great."

As the voice faded...

The crowd rose up in a clamor and the Imperial God Immortal Sect disciples had excited looks on their faces. Someone in the crowd shouted: "Eldest senior brother has come! Let's see how long that kid can keep acting arrogant!"

Hong Yijian walked over one step at a time.

His two sharp brows looked like it wanted to pierce the sky. His figure exuded an aura like a treasure sword that possessed an unparalleled sharp blade.

A very powerful sharpness!

It was so strong that anyone near that sharp aura started breathing quicker. It was as if a sword had appeared in their minds and was going to slice down and kill them at any moment. Luo Tian was also experiencing that feeling.

This kind of feeling was extremely uncomfortable.

Luo Tian suddenly looked over a bit and widened his eyes. His mouth formed a cold sneer, "Yo, it's someone I know."

Also at this time...

An elderly person wearing the uniform of the Imperial God Immortal Sect walked out from behind Hong Yijian. His gaze was serious as he glared unblinkingly at Luo Tian.

Luo Tian had a playful smile as he said: "Hello, Long Wang!"

The elderly person was none other than the Vice President of the Dao Shang Alliance!

The Long Wang that almost took Luo Tian's life at Heavenly Sword City. The same Long Wang that he had a ten year agreement with.

Who would've imagined?

Even in his dreams Luo Tian never imagined he would see him here. Since they were meeting again, then it was time for them to calculate some old debts.

Long Wang was also surprised. His gaze had a trace of disdain as he coldly grinned: "Luo Tian!"

Luo Tian?!

When Long Wang said that name, the first ones with a reaction were the Starsea Immortal Sect disciples.

"He's that Luo Tian that killed our Starsea Envoy?"

“Motherf*cker, we can’t let him off.”

“After our Starsea Envoy was killed, this caused a huge disgrace to our Starsea Immortal Sect. Kid, you can forget leaving this place alive even if you had ten thousand lives.”

“All present disciples of Starsea Immortal Sect – kill him on the spot for me!”

“Hooh~!”

All the Starsea Immortal Sects disciples moved at the same time and completely surrounded Luo Tian. Each and every one of them was glaring at Luo Tian like they wanted to eat him alive.

Luo Tian wasn’t afraid and actually gave a long sigh. He wasn’t sighing for them but was sighing for Mount Hua Immortal Sect. He shook his head with a bitter smile and said: “Compared to them, it’s understandable why Mount Hua Immortal Sect collapsed in a single blow. There’s indeed a good reason why Starsea Immortal Sect became ranked number two out of all immortal sects.”

Just this cohesive action of dealing against their enemy was something Mount Hua Immortal Sect didn’t have!

“Hold up!” Hong Yijian shouted.

Also at this time...

Long Wang was whispering some words to him.

Immediately after...

Hong Yijian coldly chuckled before mocking: “So you’re that piece of trash with a crippled dantian. Who would’ve imagined Mount Hua Immortal Sect would deteriorate to such a level? They even accepted a piece of trash with a crippled dantian.”

Without giving Hong Yijian a chance to continue speaking...

Luo Tian's gaze turned cold as he stared at Hong Yijian and said: "If you have the guts, try saying the word trash again."

Long Wang stepped out and said with a cold smile: "Luo Tian, there are some matters that we need to settle between us, right?"

Hong Yijian coldly sneered as he ignored Luo Tian and said: "Could all the junior brothers of Starsea Immortal Sect give me some face? My junior brother Long Wang has some prior issues with this kid, so let him kill this kid on your behalf."

"The Imperial God and Starsea Immortal Sect will be one family very soon."

"My eldest senior brother Murong and your senior sister Li will be getting married in less than two years. By that time, we will be one big family. Your enemies will become our enemies, so just let my junior brother do the work."

"Dealing with a residual waste without an innate bloodline and a crippled dantian is simply too easy."

Long Wang leaped into the air!

He directly landed on the competition stage and pointed at Luo Tian, "Kid, scram over here for me. This daddy cannot wait that long for the ten year agreement. After I kill you, I will immediately head back to Heavenly Sword City and turn the Great Tang Dynasty into a country of death.

Long Wang became extremely angry when he recalled the things that had happened at Heavenly Sword City.

If it weren't for the Tang family's old ancestor burning his life force to bluff him into retreating, he would've killed Luo Tian already.

This was considered a huge insult for him!

Who would've imagined that in less than a year, Luo Tian would have become a disciple of Mount Hua Immortal Sect?

And his cultivation had actually broken into the Profound Venerate realm!

Anyone would find it incredible for his cultivation to be that fast in such a short amount of time. That's why there's no way he would allow Luo Tian to keep living!

Luo Tian started smiling in excitement.

Xu Shan blocked him and advised: "Luo Tian, don't be reckless. His cultivation is at the Profound Saint realm while you are only at the early stages of the Profound Venerate realm. Don't fall for his goading."

Han Hua also added: "Team Leader, you will find calm and peace with a bit of forbearance. We should leave this place, leave Heaven's Boundary. We don't have to cultivate here."

Yun Ling and Yun Yi said together: "That's right. Let's leave this place."

"You wish to leave?"

"Then you should ask whether we agree or not first."

"Kid, you will be dying today whether you want to or not."

"No matter what, you will have to die today."

Long Wang had a smug expression on his face when he said coldly to Luo Tian: “Back then, Tang Qingtian managed to save your dog’s life. Today, I want to see who else can save you. Kid, scram up here. Or is it because you don’t dare to?”

“Afraid?”

“I remember you were just very arrogant, right?”

“Weren’t you able to transform into a Devil Sovereign?”

“Don’t you have a bunch of brothers who don’t care for their lives?”

“Weren’t you very gutsy back then when you killed my little brother? Why have you become mute now? Get the f*ck up here for me!”

The more he spoke, the angrier he got.

He couldn’t help getting angry when he recalled how his own little brother died in the hands of Luo Tian. From that day on, he had sworn to himself that he would definitely kill him.

In an instant...

Long Wang’s powerful Profound Saint aura surged out. It contained endless suppressive pressure as it crashed into Luo Tian’s sea of consciousness. He then roared out: “If you don’t dare to come up, then you can kneel down for this daddy!”

“Ommm~...”

A loud sound exploded forth!

Luo Tian rubbed his hands in glee. He glanced over at Hong Yijian and scoffed: “A mini-boss!”

Immediately after...

Luo Tian looked back at Long Wang and revealed a painful expression. He then muttered: "Back then, he was a super boss status yet now he isn't even considered an elite mob. Sigh~... It would've been great if I exploded him back then."

Luo Tian was really sad.

Extremely sad.

He never imagined a boss would gradually turn into such garbage!

This is so f*cking irritating!

Chapter 489 – Directly Killing

Humans can change, so a boss could change too.

Luo Tian looked at Long Wang and could only sigh. "How did it turn out like this?"

"No matter what, he's still considered an expert at the Profound Saint realm!"

He was a bit heartbroken.

He originally thought Long Wang would be a super boss level mob and didn't expect him to become like this. Watching him flaunt his prowess on the stage, Luo Tian couldn't help but sigh on his behalf. Luo Tian could still recall the vivid scene where he was completely suppressed at the Dao Shang Alliance auction house, and the killing intent he had for him had never vanished. Less than a year has passed since that incident and Luo Tian would still occasionally think about killing him.

"Luo Tian!"

“Scram up here! No one can save you today!”

Long Wang continued speaking in a tyrannical manner: “Tang Qingtian gave you a chance to live for another decade. Who would’ve imagined that you’ve become a disciple of an immortal sect now? Since we happen to meet today, then we’ll consider it as fate that your date of death has arrived early. Scram up here and accept your death!”

“That kid looks like he doesn’t dare to.”

“Look at his expression that resembles residual waste. He is definitely scared stiff and has probably pissed his pants already.”

“Hey kid, are you going up?”

“What a coward. Weren’t you just very arrogant? Why don’t you keep acting arrogant now?”

The disciples of Starsea and Imperial God Immortal Sect started loudly mocking Luo Tian.

Long Wang had passed the Imperial God Immortal Sect’s assessment and become an outer sect disciple. He used less than half a year’s time and became an elite disciple of the outer sect. The reason for coming to Heaven’s Boundary to cultivate the abundant immortal force was because he wanted to become an inner sect disciple.

He had a very strong foundation.

Before he joined the Imperial God Immortal Sect, he was already at the Profound Saint realm and a person with a powerful financial supporter behind him. His rise became even faster after entering the Imperial God Immortal Sect. His cultivation wasn’t restricted by his high age and was still able to improve at extremely fast speeds.

When he saw Luo Tian's expressionless face, his gaze was filled with contempt. When they were back at Heavenly Sword City, he could've easily killed Luo Tian. But he had missed that chance then and that made him full of resentment. He has always thought about the death of his little brother.

He was always looking forward to the day he would meet Luo Tian again, and then kill him in the cruelest fashion possible. He would visit Heavenly Sword City afterward and turn the Great Tang Dynasty into a dead country. Finally, he would use the heads of the one hundred million civilians to accompany his little brother's burial.

The hatred in his heart had been growing constantly all this time. And now that he saw Luo Tian, all that hatred had exploded out at once.

Xu Shan's brows were locked in a frown. He grabbed Luo Tian and said: "Don't do it. As long as you don't get on the competition stage, no one can do anything to you. This is a rule of Heaven's Boundary, and even the Imperial God Immortal Sect wouldn't dare to act recklessly."

"Team Leader, let's just leave this place!"

"The teleportation array isn't that far. We should leave this place."

"Team Leader, let's go!"

Han Hua and the rest were looking at Luo Tian.

There were more and more Imperial God and Starsea Immortal Sect disciples coming over. If they didn't leave now, they wouldn't have a chance to leave anymore.

No matter how strong Luo Tian was, there was no way he could take on this many people.

Moreover...

That Long Wang on the competition stage was at the Profound Saint realm. Even though he wasn't trained in the orthodox ways of the immortal sects, he had still cultivated for over a hundred years. The power from the Profound Saint realm was a terrifying force to be reckoned with. And there was still an orthodox immortal sect disciple, Hong Yijian, right behind him.

He was the junior brother of Murong Wanjian. He possessed an extreme talent for martial arts and the quality of his innate bloodline was probably quite high up there.

Imperial God Immortal Sect had Hong Yijian, while Starsea Immortal Sect had an even more terrifying existence here known as Liu Zonghai. His cultivation was even stronger than the others. If he came out of his closed-door seclusion and found out Luo Tian was the one that killed the Starsea Envoy, then the matter would become even more troublesome for them to deal with.

At this time...

They had no other choices but to leave this place – the faster the better!

Seeing their anxious looks, Luo Tian faintly smiled and said: "You guys are doing well cultivating here, so why should we leave? The ones that need to leave should be them and not us. Isn't it just competing with each other? There's no need to be afraid."

"Garbage like him? I can take on ten of them without any problems!"

Luo Tian wasn't worried at all.

He suddenly became happy to get up there.

Seeing all those immortal sect disciples acting like they were above everyone, and seeing how they just kept mocking and insulting Mount Hua Immortal Sect and their disciples; Luo Tian had the desire to slap their faces as viciously as possible.

In addition...

Long Wang had to die!

He had made this promise to himself! Long Wang couldn't wait for the full ten years and neither could he!

He was completely crushed back then.

Fatty, Xuan Yuanyi, Blindman Liu, and An Chunchun were suppressed to the point that they almost died. Luo Tian could still vividly recall this scene, so he couldn't let this chance go by. Even if Long Wang didn't challenge him, he would've sent Long Wang a challenge himself.

Even if Long Wang doesn't accept the challenge, he will still have to die.

Using the same words Long Wang said – you will be dying today whether you want to or not!

Immediately after...

Luo Tian broke free from Xu Shan's grasp. He gently looked at Yun Ling and the others and said: "Don't worry, nothing will happen to me."

After saying that...

Luo Tian leaped into the air and instantly landed on the competition stage. Seeing Long Wang with a smug smile on his face, Luo Tian said with a cold smile: "I didn't expect you to have joined the Imperial God Immortal Sect. I was planning on going to your Dao Shang Alliance headquarters and f*ck over all eighteen generations of your family."

"Luo Tian!"

"Give my little brother's life back to me!"

Long Wang's expression changed as he immediately used his Nine Dragons Divine Palms.

The level of the Nine Dragons Divine Palms he cultivated up to was different from his little brother. No one could tell how many times stronger it was.

His eyes widened!

Nine incomparably large illusory palm prints appeared right after, smashing towards Luo Tian with a majestic aura!

At this moment...

Long Wang had released all the immortal force he had absorbed at Heaven's Boundary. This made the power of the Nine Dragons Divine Palms much stronger! He wanted to smash Luo Tian into powder. He wanted to smash Luo Tian's soul into powder as well so that he couldn't enter the cycle of reincarnation!

His actions were extremely vicious!

Luo Tian's brows furrowed as he coldly sneered. Seeing the nine palm prints heading towards him, he said with a smile: "Nine Dragons Divine Palms, huh? I know it too. But in my eyes, yours isn't Dragon Divine Palms but Insect Divine Palms."

The time it takes for a spark to fall off a flint...

Luo Tian activated all his powers.

He didn't want to waste time either and immediately made a fatal strike.

He wanted absolute suppression!

If he could kill Long Wang with one strike, he wouldn't bother planning on using a second one.

"Level 6 Berserk!"

"Boom~!"

Once sixty-four times the base attributes were released, and a hot powerful aura surged out of Luo Tian's body. His hands started moving and illusory images appeared. His movements were exactly the same as Long Wang. In a blink of an eye, Luo Tian shouted: "I will let you see what the real Nine Dragons Divine Palms looks like!"

"Boom~!"

"Boom~!"

As Luo Tian displayed the martial skill, nine crimson red palm prints appeared in the air. The palm prints he manifested were much stronger than the ones Long Wang created. The moment Long Wang showed how shocked he was, Luo Tian shouted: "Die for me!"

"Boom~!"

Nine palms prints acted like a thunderstrike and quickly smashed towards Long Wang.

A single palm print of Luo Tian managed to shatter all nine of Long Wang's palm prints.

The remaining eight palm prints basically smashed the shit right out of Long Wang! His entire body had become a mixture of blood and meat! Not only was blood pouring out, but half of Long Wang's body had also smashed through the stage and into the muddy ground!

"Oh?!"

“Still not dead?”

Not hearing a system alert meant Long Wang hadn't died yet.

Luo Tian instantly moved and a fist smashed out toward Long Wang's head.

“Boom~!”

The head exploded!

Luo Tian then deliberately stared at the previously arrogant Hong Yijian and shouted: “Who else?!”

Chapter 490 – Becoming An Enemy Of The Ten Great Immortal Sects

“Acting arrogant in front of me?!”

“Courting death!”

Luo Tian went over to Long Wang's corpse and spat on him. “Shit, you were fortunate to stay alive at Heavenly Sword City. Who would've imagined you would court death by challenging me to a duel? Pushing the ten year agreement forward? Now things are perfect since you and your little brother can reunite.”

As he stopped speaking...

Luo Tian turned his gaze to the crowd and shouted: “F*ck! Weren't you guys just very arrogant? Happily yelling shit out? Did you guys become mute now? Why don't you show this daddy your arrogance again? Motherf*ckers, what's so good about the Imperial God Immortal Sect? What's so great about the Starsea Immortal Sect? They are all garbage!”

Scolding!

He was really pissed off!

Luo Tian's rage was surging into the sky. His gaze moved as it locked onto Hong Yijian before saying: "I think it was you that was shouting the most happily before, right? Come; come up if you have the guts. Come up a try shouting again. We'll see if I'm capable of beating the shit right out of you!"

Arrogance with no bounds!

He didn't put the Imperial God and Starsea Immortal Sect disciples in his eyes.

The rage from those disciples was also surging into the sky.

Luo Tian's words had strongly provoked them.

Without waiting for Hong Yijian to go up, several Imperial God Immortal Sect disciples rushed up and scolded: "You damn dog thing! It's still not a piece of trash from Mount Hua Immortal Sect's turn to act wildly here! Go die for me!"

Before his voice faded...

Luo Tian's fists were already moving. Before they could even stand firmly, his fists were like thunder strikes as it smashed forth.

"Bang~!"

"Bang~!"

Two figures flew out for over a hundred meters before colliding into a large tree. Their bodies were hanging on the branches and no signs of movement could be detected. They had been directly smashed to their deaths!

Luo Tian didn't give those two a glance and only shouted: "Who else?!"

"Who else isn't willing to submit?!"

"Motherf*ckers! Scram up here for this daddy if you don't submit!"

"One is fine, and a hundred is fine too. Today, this daddy will take you all on!"

"Since you rely on strength to see which part of Heaven's Boundary one can cultivate at, then you Imperial God and Starsea Immortal Sects need to scam to the outer edges and cultivate for this daddy! This daddy will not be polite to whoever doesn't obey! What a bunch of residual waste!"

Reckless without a care.

Arrogance without limit.

Luo Tian was just like a madman.

Not to mention Starsea Immortal Sect and Imperial God Immortal Sect, even Xu Shan, and the rest were dumbstruck. With a single strike, he beat the crap out of Long Wang who was at the Profound Saint realm. And he even used the same martial skill. One needs to understand that the cultivation level between those two was extremely large.

But it became the reverse when comparing the output of strength between those two.

This...

Their thoughts and common sense had become distorted and they couldn't react at all.

Profound Venerate 2nd ranker killed an expert at the Profound Saint realm? If they hadn't seen it with their own eyes, they would never have believed such a thing.

Even if Long Wang wasn't an orthodox disciple of an immortal sect, his strength already made him a terrifying existence. But he couldn't even take on a single strike from Luo Tian. The difference in strength between those two was like the difference between heaven and earth. They couldn't be measured on the same level!

The weirdest thing everyone felt...

Was that the two of them used the same martial skill.

Yet the difference in power was completely different!

What kind of background does this Luo Tian guy have?

Luo Tian was standing on the competition stage like a wildly arrogant demon, glaring at the Imperial God and Starsea Immortal Sect disciples. He then loudly ridiculed: "What are you looking at?! Look at your sister! Come up if you have the guts! Scram if you don't! Weren't you all very arrogant? The number one immortal sect? The number two immortal sect? You guys call yourselves the number one and number two with such abilities? You're nothing but a pile of dog shit!"

"Presumptuous!"

"Kid, your arrogance is way over the line!"

"Damn dog thing from Mount Hua Immortal Sect..."

In an instant...

Over a dozen figures landed on the competition stage.

Their eyes contained endless rage as they glared at Luo Tian. It looked like their eyes were about to spray out fire at him!

Luo Tian smiled smugly and said: “Arrogance over the line? I feel like I’m just beginning. Come, come, come! The super talented disciples of the Imperial God and Starsea Immortal Sects – let this Lord witness how powerful you guys are. Quickly, use your strongest ability to attack me. I guarantee that I won’t fight back.”

Angered!

Those disciples had all been completely angered!

This was the result Luo Tian wanted.

He had used up too many inner cores during this period. And after returning to Mount Hua Immortal Sect, he had to account for a certain quantity of them. He didn’t have the power to deal with the Prime Elder yet, so he had to fork out a certain amount of inner cores. He wasn’t worried the Prime Elder would mess with him; he was more worried about how he would mess with Han Hua and the rest.

The grounds of Heaven’s Boundary.

It possessed a dense amount of immortal force but Luo Tian couldn’t absorb it. So naturally, he couldn’t use it to refine inner cores.

But...

This place had the ideal vessel – these so called talented and genius immortal sect disciples! They could all absorb the immortal force from Heaven’s Boundary. If he could have them use their immortal force to attack himself, his fleshly body can absorb it all like crazy and he could then refine them into inner cores!

In an instant...

“Courting death!”

Over a dozen people charged at him like crazy.

Each one of them released their immortal force and smashed forth!

Luo Tian protected his mind as he didn't dare to be careless. These were the genius disciples of the ten great immortal sects and their attacks would be filled with immortal force. He closed his eyes and allowed the Titan God's Body to take over. A special state where his body seemed to be breathing emerged.

"Bang~!"

"Bang~!"

"Boom~!"

Over ten attacks landed on Luo Tian's body.

Pain wracked through Luo Tian's body and many injuries appeared. Blood seeped out of the corner of his mouth. But the moment their attacks landed on him, his fleshly body crazily absorbed the immortal force within the attack. Luo Tian also started refining it as fast as he could.

A few seconds later, Luo Tian opened his eyes. He then said with a cold smile: "Is this all the strength you guys have? I stood still for you guys to attack yet you couldn't even kill me. You guys are truly the definition of garbage. Come again, this little bit of strength isn't enough."

"Isn't the Imperial God Immortal Sect known as the number one immortal sect?"

"With just this bit of strength?"

"Isn't the Starsea Immortal Sect the number two immortal sect?"

“How can you all be such garbage? You two great immortal sects were acting rather proud, walking around with a face like you guys were above all others and everyone owed you money. Come, come again. Come attack this daddy again.”

That previous round allowed Luo Tian to refine four inner cores!

This kind of speed...

Was way too awesome!

There were still over a hundred immortal sect disciples around.

They were all extremely angry.

Apart from Imperial God and Starsea Immortal Sect disciples, there were also disciples from other immortal sects. Luo Tian had no intention of letting them off. These people were the ones that bullied Han Hua and her group the most. They were like the dogs of the two greatest immortal sects and would bite whoever they were told to.

Luo Tian swept his gaze out and said: “Myriad Sword Immortal Sect. Arctic Immortal Sect. Flowing Clouds Immortal Sect... you guys consider yourselves part of the ten great immortal sects, right? You guys are the ones that want to push my Mount Hua Immortal Sect out, right? Weren’t you guys all very arrogant this past month?”

“Everyone come! Come up here for me!”

“Today, this daddy will just stand here for you guys to beat!”

He was directly becoming an enemy of all ten great immortal sects!

In the eyes of everyone present, Luo Tian had truly lost his mind.

Xu Shan, Han Hua, and the rest had extremely anxious looks on their faces. They had no idea what Luo Tian was thinking or planning. Seeing how the surrounding immortal sect disciples started to fly over to the competition stage, they didn't know what they could do to help Luo Tian.

Extremely anxious!

Is this really okay?

Luo Tian smiled excitedly and said to himself: "I can refine at least 30 inner cores at this rate!"

"Awesome!"
