Chapter 491 – I Want To Fight A Hundred People

“One, two, three... eighteen, nineteen... thirty-three...”

“Only this little amount of people is unwilling to submit?”

Luo Tian coldly chuckled and said: “I want to fight a hundred people!”

“Let’s have some more come!”

“Starsea Immortal Sect, Imperial God Immortal Sect; you guys consider yourselves very awesome, right? Come. You guys are super annoyed by this daddy, right? Come, come beat me up. Let’s see if a bunch of garbage like you guys can hurt a single hair on this daddy.”

“Hahaha...”

People have seen arrogance before but never arrogance to this extent!

He says he wants to fight a hundred of them!

Awesome!

Luo Tian was acting like a madman. Did rust get into his brains or did he lose his mind and doesn’t wish to live anymore?

There was a constant stream of disciples from all the immortal sects flying up to the competition stage.

For a brief moment...

Luo Tian became public enemy number one. He had offended every disciple from the ten great immortal sects. In less than a minute, the competition stage was filled with enough people to exceed the hundred people count. They all stood there glaring at Luo Tian.

“Cripple him!”

“Let’s see how long he can keep acting arrogant.”

“This daddy is getting pissed off.”

“Looking down on the ten great immortal sects? Kid, even if the King of Heaven descends, he still wouldn’t be able to save you.”

A clamor arose from the crowd.

Also at this time...

Wang Daofeng glanced at Hong Yijian and the latter nodded.

In an instant...

Wang Daofeng’s eight short knives flew towards the competition stage in unison. His figure instantly descended and stood in front of the crowd. He coldly stared at Luo Tian and said: “Mount Hua Immortal Sect is really quite amazing. They actually accepted a madman like you. It looks like...”

Luo Tian didn’t give him a chance to finish speaking and directly scolded: “Stop blabbing nonsense, you damn garbage! If you have the guts, come attack me! Come! Motherf*ckers, you should just come!”

Luo Tian revealed a cheap and despicable expression.

He looked just like a masochist and his expression was really as despicable as it could get.

“Let me do it!”

A loud voice came from below the stage. Tong Youming then flew up while his fists started moving. His figure charged towards Luo Tian like a thunderstrike as he yelled: “This daddy will play you to death!”

Also at this time...

Those disciples from the ten great immortal sects that had been preparing themselves moved out together. They all released their greatest strength and attacked!

Over a hundred people!

Even Profound Saint experts would be apprehensive during this kind of situation!

But...

Luo Tian only smiled in excitement. He breathed in a deep breath and stood firm. He relaxed his body and allowed it to enter a state of breathing on its own. He then shouted: “Come! You bunch of garbage, let me see for myself what kind of powers you guys possess!”

“Be careful, Team Leader!”

“Luo Tian, you...”

“Senior sister, what should we do?”

“Team Leader will die. Even if he has an immortal body, there’s no way he can handle this many attacks. Senior sister, please quickly think of something.” Yun Yi was so anxious that she started stamping her feet. When she saw all those people charging towards Luo Tian like a tsunami, her face turned pale white.

Han Hua's eyes tightened. When she saw Luo Tian's excited expression, she replied: "We don't need to do anything."

"We don't have to do anything?!"

"Senior sister, what are you talking about?"

Han Hua couldn't be sure but she believed in Luo Tian. She replied: "As long as we believe in him, that's more than enough."

"Boom~!"

"Boom~!"

"Boom~!"

Various powerful attacks landed on Luo Tian like a rainstorm.

Luo Tian's legs were like roots as it entrenched itself into the competition stage. No matter what kind of attacks landed on him, he didn't put up an ounce of defense. At this instant, his fleshly body was crazily absorbing the immortal force from each attack.

Luo Tian also refined the immortal force like crazy.

One, two, three... ten...

At the same time, he was refining...

The clothes on the upper half of his body were smashed into threads while fresh blood seeped out of countless wounds. In just a blink of an eye, Luo Tian had turned into a person that seemed to have climbed out of a pool of blood. His face also became a shade paler. Even if Titan God's Body is strong, the attacks landing on his body were still extremely painful but wouldn't rob him of his life just yet.

Even though this was the case, Luo Tian's mouth still showed an excited smile.

"Come!"

"Is this all the strength you guys have?"

"You haven't eaten yet? Do I need to call your mothers here so she can breastfeed you some milk before you attack again?"

"Ten great immortal sects?"

"What a bunch of garbage. You still dare to come up here for this kind of strength? Simply weak to the max! This daddy is standing right here for you guys to attack but you still can't kill me. Tell me what use are you guys good for? All you guys can do is flaunt your prowess each day with a bunch of retards. Who even gave you guys the courage to do that?"

Luo Tian mocked them.

Loud and vicious mockery.

Another round of attacks landed which made him even more excited. He then said internally: "Sure enough, they are really the disciples of the ten great immortal sects. The immortal force they've cultivated is at a much greater amount than the disciples of Mount Hua Immortal Sect. No wonder they are so strong. But the stronger they are, the more I like it. Hahaha..."

In less than ten minutes, he had refined over fifty inner cores.

This kind of speed...

Could scare the life out of someone!

The more he mocked, the angrier those disciples became. A fresh round of attacks had started up again.

This round was more fierce than the previous one!

They practically released all the saved up immortal force inside their bodies!

They were each like ferocious beasts. When he saw how they looked, Luo Tian started laughing before saying: "That's more like it! Use up all that milk energy you've got. Quick, quickly come attack me!"

"Boom~!"

"Boom~... boom~..."

Various powerful martial skills, energy, techniques, and even divine artifacts were used.

This time...

Luo Tian managed to refine 68 inner cores. He was roaring internally with excitement: "Awesome!"

At this moment...

Luo Tian's figure moved into a different position. Regeneration was used right after that and all the wounds on his body instantly recovered. The blood he had lost was all replenished. Seeing all the immortal sect disciples panting around him, Luo Tian laughed in mockery. "Hahaha... a bunch of garbage like you guys wishes to injure this daddy? This daddy stood here and took your attacks without moving, yet you still couldn't kill me. I really don't understand if there's any meaning for you guys to keep living in this world."

They couldn't figure it out!

They were completely baffled!

Were they really that weak?

With this many people here, even Profound Saint experts would thoroughly die. This Luo Tian guy looked like he wasn't injured at all. It was exactly like nothing had happened to him and he was eerily excited. The more they attacked him, the more excited he got. He's definitely a perverted individual!

Luo Tian pointed at Tong Youming and said with disdain: "Weren't you the one that was the most fierce when screaming at me? Come, come hit me again."

"There's also you!"

His gaze turned to Wang Daofeng before saying: "Aren't you two quite awesome, right? Encouraging other immortal sect disciples to mess with my Mount Hua Immortal Sect disciples, right? You should come then. This daddy will stand right here for you to kill. You guys wished to kill me all along, right?"

The two of them had practically used up all their breastfed milk yet it was completely useless!

Even their divine grade xuan weapons had barely scratched Luo Tian's skin, yet couldn't kill him.

Seeing how they weren't speaking, Luo Tian's mouth formed a sneer as he said: "You guys aren't attacking anymore? If you guys aren't attacking, then it's going to be my turn!"

Chapter 492 – A Dangerous Character Appears

As Luo Tian's voice faded...

Everyone's gaze looked up and many of them revealed a cold disdainful smile.

“Your fleshly body is indeed quite strong, but you forgot your own cultivation realm. It’s only at the Profound Venerate 2nd rank. Who here doesn’t have a higher cultivation than yours? With your attack power, is it even enough to scratch an itch for us?”

“Luo Tian, don’t think that by killing junior brother Long Wang and you’ve become all that. He has only entered the Imperial God Immortal Sect for less than half a year so he’s control over immortal force isn’t comparable to ours. Being able to kill him doesn’t mean you can injure us.”

“That’s right.”

“Your dantian is crippled and you aren’t able to absorb immortal force. So what if you can train your fleshly body to an even stronger level? This world is a place where one’s power makes the rules. It’s practically useless no matter how strong your defense gets.”

Everyone started mocking him.

A clamor rose up as people heard the analysis of some disciples who thought they knew a lot. Those disciples that were slightly nervous about the situation had now stood up straight. They revealed their expression of contempt and also started clamoring in support.

Tong Youming laughed into the air before saying: “Kid, it’s useless no matter how strong your fleshly body gets. Can you even harm a single hair on us?”

“Hahaha...”

“Hahaha...”

“Even if you bring your entire family out, there’s no way you can harm a single hair on this daddy.”

Wang Daofeng went along and said: “Brother Tong, not to mention a single hair, I doubt he can even reach out bodies. Anyone of our oppressive pressure can easily force a trashy Profound Venerate ranker away, and he wishes to even injure us? Damn dog thing, I think you’ve been over thinking things.”

Immediately after...

As Wang Daofeng's words faded, his brows furrowed as he shouted: "Desolate Blade Bloodline, endless pressure, suppress for me!"

"Ommm~!"

The sound of a blade ringing exploded out! Wang Daofeng then released a powerful oppressive pressure that charged towards Luo Tian like a tsunami.

Those two didn't know that it was Luo Tian who had previously released his pressure to suppress them.

No matter how strong a Profound Venerate 2nd ranker was, there's no way his pressure could suppress them!

Therefore...

They thought that Luo Tian wouldn't be able to resist their suppression attack.

Luo Tian revealed a fearful look on his face. Before the pressure arrived, his expression drastically changed as he held his head and screamed: "Don't, don't, don't suppress me! Agghh! It's so painful! Don't suppress me!"

His expression looked realistic and his acting was on point.

Wang Daofeng felt his mind relax after seeing Luo Tian's reaction. He did feel like something wasn't quite right, but he didn't think too much about it when he saw Luo Tian's painful looks. He then loudly mocked: "Now you're scared, you damn trash?!"

"My fellow senior and junior brothers; his fleshly body is very powerful but his sea of consciousness is very weak. You can just use your oppressive pressure so that he can neither live nor die."

Those disciples looked like they found their opponent's weakness themselves.

Everyone instantly acted together.

Waves of powerful oppressive pressure surged over and directly entered into Luo Tian's sea of consciousness.

Luo Tian's slightly exaggerated acting made each of them become arrogant.

"Kneel down for me!"

"Show me your arrogance again!"

"Trash of Mount Hua Immortal Sect!"

Wang Daofeng and Tong Youming were laughing so happily that they looked like village idiots.

When everyone thought Luo Tian's sea of consciousness was about to explode and cause his death; when everyone was laughing in ridicule; Luo Tian's body suddenly started shaking from laughing too hard. "You bunch of dumb idiots; this daddy was only messing with you all!"

"Hahaha..."

Luo Tian was using the signature laughter of Stephen Chow.¹

Everyone's expression froze.

Every one of them looked like they had swallowed a fly. Their expressions distorted and looked unsightly to the extreme.

They were being played with!

Back then, they were all smiling like idiots and now they couldn't say a single word.

Luo Tian coldly smiled and said: "You guys enjoy using your pressure to suppress this daddy right? Fine, then this daddy will show you guys what true suppression means."

Motherf*ckers!

Even though Luo Tian hated being suppressed...

He actually loved to suppress others!

His gaze changed as he shouted: "Level 6 Berserk!"

"Boom~!"

Sixty-four times his base attributes were activated.

Right after that, Luo Tian shouted once more: "Titan God's Soul, suppress them for me!"

"Boom~!"

Luo Tian's sea of consciousness started moving and the suppression from his grim reaper's path of slaughter surged out without restraint. It managed to suppress every single person on the competition stage! Their bodies couldn't move and they could barely gasp for air! A grim reaper holding a scythe had appeared in the minds of everyone!

At this moment...

Luo Tian leaped into the air before aiming down below and activating Xiao Yan's Lion Tiger Gold Shattering Roar!

"Roar~!"

Cracks started appearing in the surrounding space!

The black aura from the void of space seeped through those cracks.

Also at this moment...

The disciples on the competition stage started bleeding from all seven orifices as no one was capable of resisting Luo Tian's double suppression.

"Ding!"

"叮!"

"Ding!"

"Ding...!"

The system alert tone went off like firecrackers non-stop. This kind of feeling was simply too great!

The most important part was the undefeated points!

It increased one point at a time! Even though it wasn't rising fast, it was still a step further in reaching his fourth Black Tortoise bloodline.

“Stay your hand!”

“Luo Tian, stay your hand for me!”

“You dare to become the enemy of all ten great immortal sects?!”

“It looks like you’re tired of living!”

There were countless disciples screaming below the stage, and they happen to be the ones that were stronger than the ones on the stage. They didn’t go up because they disdained to make a move. Now that they saw how Luo Tian was killing their fellow sect brothers, their flames of rage were about to spew out in physical form!

Luo Tian revealed an evil smile. He looked at the people below the stage and said: “If you tell me to stop and I stop, wouldn’t that mean I’m losing face?”

As his voice faded...

For those immortal sect disciples who hadn’t completely died yet, Luo Tian gave a shout: “Myriad Thunder Roar, blow up this bunch of garbage for me!”

Storm clouds started to gather!

Lightning then shot down from the storm clouds and started killing those half-dead immortal sect disciples. Their bodies were smashed into powder and not even their bones were left behind.

“Ding!”

“Ding!”

Another continuous chain of system alerts sounded off.

“Ding!”

“Congratulations to player Luo Tian for leveling up. Your current cultivation is at the Profound Venerate 3rd rank!”

“Hahaha... who would’ve imagined I would level up this way! Killing people feels much better than killing monsters. Uhhh... that’s not right. I should say killing these garbage feels much better than killing monsters. Hahaha...” Luo Tian was laughing without restraint.

Apart from leveling, he gained quite a lot of immortal force. The immortal force could be refined into quite a number of inner cores!

What a huge windfall!

Madman!

A complete and utter madman!

At this moment, every member of the ten great immortal sects was staring at Luo Tian with killing intent surging into the sky!

Luo Tian didn’t care about it one bit. If eyes could kill, who knows how many times he would be dead by now. He coldly grinned and said: “I can tell by looking at your faces that you’re not very happy. If you aren’t happy, you should scram up here for this daddy then.”

“Humph~!”

“A bunch of fools without brains, do you guys really need to get on the stage to kill?”

“If you can’t kill him, just kill his fellow disciples. What brainless idiots.”

As that voice faded...

A person descended and landed right behind Yun Ling and Yun Yi, revealing a cold and evil expression.

Chapter 493 – Asura Domain, Revolving Slash

Liu Zonghai!

In Heaven's Boundary, he was the strongest disciple from the Starsea Immortal Sect.

He was also the honorary outer sect Elder of the Starsea Immortal Sect. An elite inner sect disciple that will be one of the people participating in next year's immortal sect disciple competition.

His appearance instantly made Luo Tian's suppression of the area collapse.

“Senior brother Liu has come!”

“Senior brother Liu has exited his seclusion!”

“Starsea Immortal Sect's Liu Zonghai, his cultivation already at the Profound Saint 2nd rank... Wait, something's not right! The aura coming from his seems to be more powerful than half a month ago. Could it be that in a short half a month, he made a breakthrough? Profound Saint 3rd rank?!”

“An orthodox immortal sect Profound Saint 3rd ranker... way too amazing.”

“Senior brother Liu; I love you!”

Once he appeared, it made all the Starsea Immortal Sect disciples boil in excitement.

Everyone became enthusiastic.

The gaze towards Luo Tian had changed into one of amusement.

Hong Yijian's brows faintly furrowed while his gaze had a trace of unwillingness. But his face maintained a smile as he said: "Congratulations to senior brother Liu for breaking through to Profound Saint 3rd rank. You will definitely rank high up there in next year's immortal sect competition."

Liu Zonghai faintly smiled in response. He glanced at Hong Yijian and said: "Apart from senior brother Murong Wanjian, I'm going to kick your Imperial God Immortal Sect's ass next year. Starsea Immortal Sect will once again become number one amongst the ten great immortal sects."

Hong Yijian was unhappy with those words but his face didn't reveal a thing. He replied: "Then senior brother Liu needs to work harder. Someone like me, a Profound Saint 2nd ranker, is only a substitute. The senior brother's inside the sect are all much stronger than me. If senior brother Liu wishes to beat them, you will still have to put in some effort and work harder."

Liu Zonghai smiled before changing the focus of his gaze. He coldly looked at the Starsea Immortal Sect disciples and shouted: "What did I teach you guys before?! If you can't beat someone, you can make your move on the people close to them, right?!"

"These five pieces of trash can be casually killed."

"He killed your junior brothers so you can kill his women, right?"

"What a bunch of retards!"

Liu Zonghai was standing behind Yun Ling and Yun Yi, and his cold voice made those two girls start to shiver.

One of the Starsea Immortal Sect disciples said: "Senior brother; besides the competition stage, we cannot have any other battles within Heaven's Boundary. This is a rule established by the old ancestors. Whoever breaks the rule will be sanctioned by the other immortal sects here."

“Dog’s fart!”

“Bang~!”

In an instant...

The seriously injured Zhao Chen who hadn’t recovered yet wasn’t able to react in time. He was directly slapped flying and smashed against the competition stage’s wall. His expression turned ash gray and black colored blood spilled out from the side of his mouth. He then collapsed into an unconscious state.

Liu Zonghai coldly smirked and said: “Go ahead and use the old ancestor’s rules to sanction me. Don’t we currently have all ten great immortal sect disciples present? Come, come, come sanction me.”

“The rules are set by humans so naturally, it can be broken by humans.”

While saying this...

He made another lightning-fast move.

Even though he was prepared, Xu Shan couldn’t resist and was sent flying as well.

Everyone started clamoring!

They weren’t shouting to stop Liu Zonghai but were yelling out “great!”

Liu Zonghai looked up and coldly stared at Luo Tian. He then said: “These twins are really pretty. If they were taken to bed, they would definitely steal one’s life away. They’re your women, right? Heh heh...”

It was an evil chuckle.

And his expression was incomparably ghastly.

He licked his lips before extending it out near Yun Ling's ear. The moment just before he was about to lick her ear...

Han Hua made her move!

“Humph~!”

“Ugly freak!”

“Scram as far as you can from me.” Liu Zonghai coldly harrumphed. He didn't even glance at Han Hua and flip his palm for a strike. The wind from the palm strike had the strength of a mountain, so Han Hua was already blown away before the strike could land. The shattering force of the strike had created several cracks in her chest bones!

Han Hua sprayed out several mouthfuls of blood before shouting: “Luo Tian, quickly run!”

That power was too strong!

Not a worthy opponent at all!

There was only one thing on her mind right now, which was to warn Luo Tian to not act recklessly and to quickly run from this place. Liu Zonghai's power was simply too strong. As an orthodox immortal sect disciple, his Profound Saint power wasn't something that Long Wang could compare with.

The difference between heaven and earth!

Yun Ling and Yun Yi also shouted in unison: “Team Leader! Quickly run and don't bother with us!”

Their bodies were completely restrained by a certain energy and couldn't move a single bit.

Liu Zonghai started laughing excitedly. “Hahaha... keep screaming you guys. Scream! The louder you scream, the more excited I get. Quickly scream louder so that the piece of trash can escape.”

“Let him run.”

“Hahaha...”

Incomparably sinister!

Luo Tian took one step and leaped off the competition stage. He then cast a series of Healing Art onto Zhao Chen, Han Hua, and Xu Shan. They gradually woke up from being healed. After knowing their life wasn't in danger, Luo Tian walked over and stopped ten steps away from Liu Zonghai.

His eyes were filled with warmth as he looked at Yun Ling and Yun Yi. “I'm here, so don't be scared.”

Yun Ling's anxious heart suddenly calmed down.

It was the same with Yun Yi.

When they saw Luo Tian's eyes, they suddenly had a feeling that nothing else existed in this world. There was only Luo Tian looking at them affectionately. The hearts of the two instantly became intoxicated as they were instantly captivated by Luo Tian!

Luo Tian said warmly: “Good girls, close your eyes and everything will be over in a brief moment.”

Yun Ling and Yun Yi did just that.

Those two slowly closed their eyes.

Liu Zonghai coldly chuckled before saying: “Why are you having them close their eyes? Is it because you don’t want them to see you die?”

“If that’s the case...”

“Then I will let you watch each of them die.”

“Hahaha...”

Liu Zonghai started laughing coldly like a madman. His hands started moving and each one grabbed onto one person like carrying a newborn chick. His hands were going to come together like he wanted to kill them by smashing them into each other!

Liu Zonghai had never cared about rules or whatnot.

When he was in the Starsea Immortal Sect, he was already known as a bloodthirsty madman.

Whenever anyone hears the name Liu Zonghai, they would unconsciously start trembling. Even Starsea Immortal Sect disciples would shudder at the name since he was truly a terrifying existence. This guy has even killed some inner sect disciples within the Starsea Immortal Sect.

But he didn’t even suffer a tiny bit of punishment.

The reason was very simple – his talent and his innate bloodline were higher than the others!

The more pain the others were in, the more excited he would get.

Whenever he killed people, he would always start off with your closest family. He would kill everyone right in front of you. He wanted to see you suffer anguish and feel helpless because your despair is what he wants to see the most!

However...

Luo Tian didn't have such emotions on his face!

Luo Tian's mouth curved up. He was revealing a smile that would make anyone shudder in coldness – his grim reaper's smile!

Liu Zonghai's gaze tightened.

A baffling sense of fear suddenly appeared in his mind. This kind of feeling annoyed him so much that he coldly shouted: "Luo Tian, I'll let you watch them die!"

His pair of hands started moving as he intended to fiercely smash Yun Ling and Yun Yi's head together.

In the time it takes for a spark to fall off a flint...

Luo Tian shouted: "Deathgod Domain, level up!"

"Asura Domain!"

"Revolving Slash, activate!"

Chapter 494 – A Very Big And Thick Hidden Weapon

Rage surging into the sky!

"Touching my women?!"

"Go die for me!"

Luo Tian's flames of rage reached the sky! What he hated the most was people touching his people. Liu Zonghai had touched his reverse scale. Seeing his smug expression, Luo Tian's rage surged out like crazy! Also at this moment, he didn't hesitate to level up his Deathgod Domain!

Leveling it made it change into a different domain.

Asura Domain!

The power was doubled, and it contained something called Revolving Slash.

This was an incredibly powerful martial skill from Douluo Dalu's Tang San. But Luo Tian's version of the skill was slightly different and happened to be stronger and fiercer.

Liu Zonghai's gaze tightened.

Right after that, he started smiling coldly. He increased the speed of his arms but no longer had intentions for the two girls to collide. He pushed Yun Ling and Yun Yi's body to the front to block! He then started laughing wildly: "Go ahead and kill your women, hahaha... You will live in pain your entire life, hahaha..."

A sudden change!

The minds of the surrounding people instantly became tense.

Liu Zonghai was too sinister. He actually used the two girls to block in front of him. No matter how strong Luo Tian was, there's no way he could attack now.

How was Luo Tian supposed to attack with Yun Ling and Yun Yi blocking in front?

Meat shield!

Wanting to kill Liu Zonghai meant he had to get through Yun Ling and Yun Yi's bodies first. Those two will definitely die in the process! This kind of move was sinister to the extreme!

Han Hua shouted through clenched teeth: "Liu Zonghai! You are too despicable! As an immortal sect disciple, how can you be so despicable? If you have the guts, fight Luo Tian in an honorable and righteous way. What kind of hero do you call yourself when you use women as shields?!"

Xu Shan then loudly scolded: "Are all the disciples in the Starsea Immortal Sect this despicable and evil?!"

Liu Zonghai laughed into the air. His laughter was similar to ghosts weeping before his expression turned ferocious. "Despicable? Why do I feel like it's especially fun? Hahaha... What honorable and righteous? What evil and despicable? Those are excuses for the weak."

"Luo Tian, weren't you very arrogant? Come, come kill me. Hahaha... Go ahead and step through your women, hahaha."

Wild laughter!

Extremely smug!

Liu Zonghai and his Profound Saint 3rd rank cultivation didn't fear Luo Tian one bit. He just wanted to use a different method to make Luo Tian feel pain. When he saw others in pain, he would become excited. His evil grin was right behind Yun Ling and Yun Yi's head as he said: "Little beauties; open your eyes and look. It's either you two that die or that piece of trash dies. Heh heh..."

It was extremely terrifying to hear.

Yun Ling and Yun Yi unconsciously shivered.

But...

They didn't open their eyes. Yun Yi then said firmly: "You just wait, he will definitely kill you."

It was very simple.

Yun Ling's two small hands clenched tightly before shouting: "Luo Tian, don't bother with us! We aren't afraid of dying! If there's really a next life, we, we, we will definitely become your women..."

Yun Yi nodded firmly.

"Wow!"

"So touching! They even made an agreement for the afterlife."

"I think my tears are about to come out from being so moved." Liu Zonghai became even more excited as he laughed madly. His gaze changed focus as he shouted: "Trash, do you have the heart to watch your women die? Hahaha... If you don't wish to see them die, then kneel down for this daddy!"

Liu Zonghai felt like everything was in the control of his hands!

"Hahaha..."

"Let's see what this kid is going to do. The moment he makes a move, he'll be killing his own women."

"Senior brother Liu's move is quite brilliant this time, hahaha..."

"Killing one's own woman will result in suffering pain for their entire life. The more pain Luo Tian is in, the more excited senior brother Liu will become. This feeling of watching people in pain is simply too great, hahaha..."

The Starsea Immortal Sect disciples started jeering loudly.

Liu Zonghai really thought everything was in the control of his palms.

No matter what choice Luo Tian made, he will still end up dying!

The moment before Luo Tian gets close, he will first have to kill his own women. Liu Zonghai would then instantly throw a palm strike and kill Luo Tian in the process.

If Luo Tian doesn't charge over...

He will directly squeeze Yun Ling and Yun Yi's head until it pops. He will cause immeasurable pain to Luo Tian before killing him!

Everything was in the grasp of Liu Zonghai's hands!

He was emboldened by this thought and was extremely excited.

But...

The moment Luo Tian activated Revolving Slash, his figure had disappeared.

"Damn!"

"This martial skill is a bit too f*cking strong!"

"A true spatial martial skill!"

"This martial skill is stronger than Eternal Kingdom by an unknown amount! Sure enough, only Tang San would train in such a martial skill."

Within the void of space.

Luo Tian was extremely excited. Ever since he activated Asura Domain, his figure immediately disappeared and entered the void to become an overlord of the domain. It was like he had become the embodiment of the real Asura and created a true Asura Domain.

Seeing how Liu Zonghai used his women to block in front of him...

Luo Tian's gaze turned gloomy before he shouted: "Explode for me!"

His voice exploded out in the air.

A power similar to the winds from hell blasted over! With a power like the circulating blades of a meat grinder, it directly rushed straight for the top of Liu Zonghai's skull!

Not giving him a chance to react...

Luo Tian's figure instantly moved.

"Boom~!"

A powerful force directly penetrated through Liu Zonghai's fleshly body. Luo Tian's figure then suddenly appeared behind Liu Zonghai. His mouth was curved into a cold smile as he shouted out a single word: "Die!"

"Bang~!"

Liu Zonghai's body directly exploded!

Everything happened too quickly!

It was so fast that no one could react! Those disciples of the Starsea and Imperial God Immortal Sect still had mocking smiles on their faces. They thought Luo Tian was going to die any moment now.

In an instant...

Flesh toppled over while blood became a mist that slowly floated onto the ground.

Yun Ling and Yun Yi's body fell downwards.

Before their bodies landed, Luo Tian grabbed onto them one in each arm. He brought them both into his embrace and said softly: "Everything's fine now, you can open your eyes."

Luo Tian held onto their waists that were like water snakes and looked at their delicate faces. At such a close distance, he was able to smell the fragrance of a virgin. This kind of smell would easily make one relaxed and happy.

The two girls opened their eyes and looked at Luo Tian.

They gently relaxed against his chest and listened to his heartbeat. This kind of scene made their hearts intoxicated.

Every young girl has had this type of fantasy.

They were no exception. The moment they tread the line between life and death, Luo Tian's voice had made their minds at ease. They completely believed in Luo Tian!

The three of them landed.

The two girls leaning against Luo Tian had momentarily forgotten what was going on around them.

Until...

Yun Yi felt something with a powerful killing intent pushing against her body. She was startled by it and asked: "What is that? Something is poking me."

"Huh?"

"Hidden weapon. A very big and thick hidden weapon!" Luo Tian said with a smile.

Yun Yi's face turned red as she quickly jumped away.

Also at this time...

The system gave off an alert tone.

Chapter 495 – Crazy Plan

The twin flowers were just too awesome!

But they made Luo Tian very uncomfortable!

The killing intent in his crotch almost couldn't be held back! The feeling of it extending upwards seemed like it could poke a hole through the sky!

But...

It was fortunate the system gave off an alert tone, which made Luo Tian's mind freeze. His thoughts changed course and only then did his killing intent weaken. He excitedly said to himself: "I wonder what kind of good stuff would this mini-boss give me?"

"Ding!"

“Congratulations to player Luo Tian for killing Liu Zonghai. You have gained 110,000 experience points, 10,000 immortal force...”

“Congratulations to player Luo Tian for gaining an inner core.”

“Congratulations to player Luo Tian for gaining a Critical Strike (crit) gem!”

“What? What?”

“What kind of gem?!”

Upon hearing the system alert, Luo Tian thought he had heard the wrong thing so he opened up the interface to take a look. When he saw a dark-colored gem containing an explosive energy, he shouted inside his mind: “Damn! This world has crit gems?!”

Critical strike?!

This was a powerful ability inside video games.

It can double, triple, or even quadruple one’s normal attack. This kind of power was extremely strong!

Luo Tian was very clear about such an ability. Critical strike was a type of indescribable power. He had once wondered if this world had this type of gem, and also wondered if there was a martial skill related to it. If every attack was a critical strike...

Then this would be unimaginable!

Therefore, having a critical strike gem explode out made him incomparably shocked. When he stared at the dark-colored critical strike gem, Luo Tian clenched his fists and said: “I wonder where this gem comes from. If I could get my hands on more of these gems...”

Immediately after...

Luo Tian looked up the properties of the gem.

Item: Critical Strike Gem

Grade: Heaven

Description 1: Cannot be inserted into items. A gem that needs to be forged. Has a chance of increasing the critical strike rate of a weapon. Successful forging will increase the critical strike rating by 5%.

Description 2: Forging skills need to be at level 9 before it can be refined!

“Sure enough...”

“I love you, system! You really exploded a heaven-defying item for me!” Luo Tian was so excited that he almost pissed his pants. Having a 5% critical strike rate doesn’t seem that high, but once it does crit, the power would be extremely fierce!

In addition...

Luo Tian’s attack speed is extremely fast. He could punch a hundred times in a few seconds, so having five of those punches be critical strikes would be quite impressive!

Except...

“Once I return to Mount Hua Immortal Sect, I’ll have to train up my Forging skills first.”

“I have to raise some levels of my other skills too since they almost cannot catch up with my cultivation leveling speed.”

The surrounding was silent.

The entire Heaven’s Boundary was eerily quiet.

Many people were staring at Luo Tian with fear in their eyes. Those Starsea Immortal Sect and Imperial God Immortal Sect disciples that were insufferably arrogant previously were also staring at Luo Tian in fear.

Liu Zonghai at the Profound Saint 3rd rank was instantly killed!

This kind of strength was simply too terrifying!

An unacceptable terrifying level!

Luo Tian was only at the Profound Venerate 3rd rank so their difference in cultivation was huge, yet he could still instantly kill Liu Zonghai. What kind of strength was this? How fierce was this guy?!

No one could understand this!

“Hahaha...”

“Boss is mighty! Boss is powerful! Boss is domineering!”

Zhao Chen loudly yelled as he vented the rage inside him.

Xu Shan and Han Hua stood up. They stared at Luo Tian in a serious manner but a smile hung on their faces. This was a smile that was filled with happiness and excitement.

Xu Shan was incomparably excited as he said to himself: "I finally understand why Elder Wu Nian would use his Mount Hua's Divine Token to have him stay. This kid... is truly too strong. Hahaha... I am now looking forward to next year's immortal sect competition."

"Luo Tian!"

"A trash that deserves death dares to kill a person from my Starsea Immortal Sect?! It looks like you..."

Before he could finish...

Luo Tian leaped into the air and directly smashed out his fist and instantly killed that person that was speaking. He then coldly said: "Don't let me hear the word trash again. I'm seriously warning you all to not let me hear it because I will be very unhappy about it!"

Also at the same time...

Luo Tian's gaze swept the surrounding crowd before stopping at the direction of the teleportation array.

Right after that...

Luo Tian sent a sound transmission: "Elder Xu, do you have any way to destroy the teleportation array?"

After a brief moment in thought...

Luo Tian continued saying: "It's best if we can do a one-way destruction so that these guys cannot leave!"

Xu Shan's gaze turned gloomy as he asked: "Kid, what are you planning on doing now?"

Luo Tian responded with excitement: “Mount Hua Immortal Sect disciples were humiliated and killed. And after being bullied for so many years, I think it’s about time to pay them back. These immortal sects think they are so awesome, right? I want to have all their disciples killed off!”

Mount Hua Immortal Sect was humiliated.

What does that have to do with him?

Luo Tian was merely annoyed how the ten great immortal sects acted high and mighty all the time. Their faces that expressed how awesome they thought they were completely pissed him off. Liu Zonghai’s sinister move pissed him off too, so Luo Tian was worried this was going to happen again.

If Liu Zonghai hadn’t been so careless just then, most likely it would have been very difficult to kill him.

Asura Domain was indeed very strong, and the Revolving Slash was quite fierce. But if Liu Zonghai hadn’t been careless because he thought he had everything in the grasp of his hands, there’s no way Luo Tian could’ve instantly killed him that easily.

The Profound Saints from an immortal sect were too powerful. And it was mainly because of this that Luo Tian didn’t wish for Yun Ling and the others to be put in such a dangerous position again.

Xu Shan’s expression hiddenly changed as he said: “You’re insane! Do you know what the consequences will be if you did this? Mount Hua Immortal Sect cannot handle this. We will immediately be surrounded by the ten great immortal sects. In less than an hour, our defenses will be destroyed and everyone will lose their lives.”

“Huh?”

Luo Tian faintly smiled and replied: “Not am I going to kill all the disciples from the ten great immortal sects, I’m going to destroy this Heaven’s Boundary as well. The moment I entered Heaven’s Boundary, I already realized that it’s just a spatial world. And this spatial world has annoyed the crap out of me.”

“Think about it.”

“If Heaven’s Boundary was destroyed, everyone inside would definitely die. So, who would know that it was me that did it?”

“If we took ten thousand steps back for the big picture...”

“Even if the ten great immortal sects found out, so what? Mount Hua Immortal Sect is already rotten to the bones. Our disciples were killed in Heaven’s Boundary yet the high ranking people of Mount Hua Immortal Sect had no intention of saving you and were only thinking of themselves. What meaning is there for such a Mount Hua Immortal Sect to continue existing?”

“Destroying it would be best!”

Luo Tian said all of this in anger.

When he saw the cohesiveness of the Imperial God and Starsea Immortal Sect disciples, Luo Tian’s desire to make changes at Mount Hua Immortal Sect became stronger. First, he had to destroy it before he could establish a new Mount Hua Immortal Sect to instill new philosophies. Otherwise, Mount Hua Immortal Sect wouldn’t be able to wait for next year before it would be slowly devoured by the ten great immortal sects.

Xu Shan became silent.

His eyes turned serious while he clenched his fists under his sleeves. He then sent a voice transmission: “I know how to destroy the teleportation array!”

Right after that...

“Luo Tian, I will accompany you with this gamble. I will bet my life as the stakes for this gamble. No matter win or lose, it will still be worth it to me for having done this during my lifetime.”

He too wanted to make changes!

Chapter 496 – The Massacre Begins

After experiencing this matter at Heaven's Boundary, Xu Shan's heart had been deeply hurt by it.

Mount Hua Immortal Sect was rotten to the core.

If this continued on its course, it would be exactly as Luo Tian said – Mount Hua Immortal Sect would be slowly devoured by the other immortal sects before they could even reach next year's immortal sect competition!

There had to be change!

Xu Shan's expression calmed down before asking: "The teleportation array was created by the old ancestors of the immortal sects using paramount spatial powers. Wanting to destroy it won't be simple, but I do have an extremely quick method."

Luo Tian immediately asked: "What kind of method?"

Xu Shan grinned coldly and said: "The teleportation array cannot be destroyed in a short amount of time, but if we use a spatial ability to slightly alter the teleport nodes, this will in effect damage it. That way, they cannot teleport back to their immortal sect."

"But people on the outside can still teleport in here."

"Good!"

"I don't care if people come in from the outside since they will die here anyway. The more people coming in here, the better." Luo Tian secretly became excited. "Ten great immortal sects, huh? This daddy will poke your ten great immortal sects all the way to the heavens!"

Also at this time...

Hong Yijian's gaze turned gloomy. He looked at Luo Tian seriously before saying: "All Imperial God Immortal Sects disciples; listen to my command! We will cultivate here next time so everyone is to retreat from Heaven's Boundary now!"

Liu Zonghai's death made Hong Yijian's heart secretly go cold.

He was also rejoicing inside!

If it was him, he too wouldn't be able to block Luo Tian's Revolving Slash. Liu Zonghai's death allowed him to see Luo Tian clearly. He couldn't provoke this guy for now but he will definitely remember the name Luo Tian. He coldly harrumphed before saying: "I will wait for you in next year's immortal sect competition!"

The Imperial God Immortal Sect disciples quickly assembled.

Everyone then strode towards the teleportation array.

Luo Tian leaped into the air and directly blocked in front of Hong Yijian's path. He then said with a cold smile: "Did I say that you guys can leave?"

Hong Yijian's expression changed as he angrily said: "Luo Tian, don't push the bullying too far. This is Heaven's Boundary; we can come if we want and go if we want. It's not your turn to agree or disagree with that decision. My advice is that you scam as far as you can. My Imperial God Immortal Sect isn't an existence you can provoke!"

The number one immortal sect – who can afford to offend them?

Who can afford to offend the immortal sect that housed the true dragon's son?

Just because he was a member of the Imperial God Immortal Sect!

The dozens of Imperial God Immortal Sect disciples behind him all had sneers of disdain while looking at Luo Tian.

It was the same haughty and condescending look!

“Luo Tian, you can’t afford to offend the Imperial God Immortal Sect. If you don’t wish to die, quickly scam as far as you can.”

“Provoking our Imperial God Immortal Sect will only make the death of your Mount Hua Immortal Sect quicker.”

“Scram aside if you know what’s good for you and stop thinking you’re that great. In front of our senior brother Murong, you’re not even comparable to an ant. You think that you’re so powerful after killing Liu Zonghai? You’re a bit too self-centered.”

Luo Tian coldly smiled and said: “I don’t care about the past but the thing I’m clear on is that what I say goes in Heaven’s Boundary now. Without my agreement, none of you are allowed to leave or have the ability to leave.”

Immediately after...

Luo Tian’s brows furrowed as he shouted: “Eternal Kingdom!”

A spatial domain was released.

Luo Tian directly landed on the nodes of the teleportation array. Apart from Mount Hua Immortal Sect’s node being undamaged, every other immortal sect node was!

“Ommm~!”

“Ommm~!”

“Ommm~!”

The glow around the nodes disappeared one at a time.

The disciples in Heaven’s Boundary were clearly panicking now.

Hong Yijian’s expression was filled with rage as he shouted: “Luo Tian, what are you planning on doing?!”

Luo Tian grinned evilly and said: “Nothing much, I just want to calculate some old accounts you guys have with Mount Hua Immortal Sect. If you want me to speak more clearly – everyone here has to die.”

The moment his voice faded...

Luo Tian released Titan God’s Body, Titan God’s Might, and Titan God’s Soul, all at once! He then shouted: “Level 6 Berserk!”

Those disciples below the Profound Saint cultivation realm were immediately suppressed!

Those that could still move were very little.

Luo Tian locked his gaze on Hong Yijian and instantly moved. His palms produced a dense amount of devil flames while his sea of consciousness released the ancient powers he received from the Ancient King’s inheritance. He coldly scoffed and said: “The Imperial God Immortal Sect is so great, huh? The people this daddy is going to kill are exactly the people of the Imperial God Immortal Sect!”

Hong Yijian’s brows sank. All the Profound Saint realm powers he possessed was released, causing a humming noise on his back. Eight flying swords appeared and moved according to his will. He then shouted: “Did you think I would be as careless as Liu Zonghai?!”

“Eight swords as one, slash for me!”

Controlling swords with his mental energy!

That kind of power was immensely strong!

With the addition of an orthodox Profound Saint 2nd rank cultivation, Hong Yijian's ability was indeed powerful. This kind of power gave Luo Tian quite a bit of pressure.

The cultivation gap between those two was rather large.

There was a nine level difference!

Even inside video games, such a level difference wasn't easy to take on. Not to mention Luo Tian didn't have any divine artifacts on him. The Seven Star Sword, Seven Star Armor were useless against Hong Yijian because he didn't become a devil. Therefore, Luo Tian had no advantages at all when it came to his equipment.

In addition...

Hong Yijian was fighting with his life on the line.

The power he exploded forth with was especially terrifying.

All eight of Hong Yijian's swords started moving while his body also transformed into a sword as well. Now, there were nine swords capable of annihilating everything in its path! He then gave a shout: "Damn dog thing! Go die for me!"

An extremely powerful attack!

Luo Tian's mouth formed a cold sneer. He didn't move and only sneered in disdain: "There's no way this kind of attack can break past my defense!"

He allowed Hong Yijian to slash down at him!

After the Titan race's bestowment of Titan's blood, Luo Tian's fleshly body had already reached an extreme realm of toughness. His body became relaxed and entered a breathing state. When facing Hong Yijian's nine swords as one, Luo Tian clenched his teeth and planned on letting his body take it head-on!"

He needed more inner cores!

He needed lots and lots of inner cores!

When facing such a powerful attack full of immortal force, Luo Tian didn't wish to miss this chance!

Moreover...

He had absolute faith in the Titan God's Body.

"Boom~!"

Nine sharp swords fused into one before chopping down right at the center of Luo Tian's brows.

"Ommm~!"

The defensive powers of a Titan God's Body exploded forth!

At this time...

Luo Tian's fleshly body was incomparably tough, exactly like a true Titan race's body. His whole body was exuding a power that came from the Titan race, surging with a turbulent aura of having slaughtered thousands!

"Fuuu~..."

His fleshly body absorbed like crazy!

Luo Tian didn't stop as he refined 13 inner cores in that brief moment of contact. He then sneered coldly and said: "I told you that you wouldn't be able to break past my defenses. Now it should be this daddy's turn."

Titan God's Might was activated!

Sixty-four times his base attributes were also released! His fists started smashing out like a pair of cannons!

"Boom~!"

The blow directly smashed into Hong Yijian's chest.

Hong Yijian was sent flying!

Before he could land, Luo Tian slid over and appeared behind Hong Yijian. His pair of fists smashed out once more as he shouted: "Explode for me!"

Chapter 497 – Refining A Bunch Of Inner Cores

In the world of martial skills, only speed couldn't be broken!

Luo Tian was successful with his first punch. Without the slightest gap in delay, his next move had already smashed forth.

Combination!

Combo's at the speed of light without any gap in timing!

The chest received a punch, and the back received a punch. Luo Tian had used all his strength in those two strikes. He would never hold back any strength when dealing with an enemy. He would exert as much strength as he could because he believed in beating them to death instead of crippling them.

He will never give his enemy a chance to rise up again!

Two more punches landed on Hong Yijian's back. He spurted out a mouthful of black colored blood as his body was sent flying.

One must mention...

The defensive properties of Hong Yijian's fleshly body were rather strong, at least a step higher than Liu Zonghai's.

This was related to his innate bloodline!

After spraying out blood, Hong Yijian screamed out in pain. He also managed to scream out right after: "All ten great immortal sects join forces! If we don't join forces, he's going to kill us all, one at a time! You guys are next if I end up dying! All you Profound Saint disciples, stop hesitating! His oppressive pressure cannot suppress you guys, so join forces with..."

Not giving him a chance to finish speaking...

Luo Tian's figure landed in front of Hong Yijian with a fierce smile. "The third combo!"

"Bang~!"

“The fourth combo!”

“Bang~!”

“The fifth combo!”

“..”

“The eighth combo!”

“Die!”

His health bar was nearing the bottom! Luo Tian clasped his hands together like a battle axe and chopped down. Hong Yijian, who was in the air, was directly smashed downwards to the ground. The ground cracked apart and the entire Heaven’s Boundary shook from the impact!

“Ding!”

“Congratulations to player Luo Tian for killing Hong Yijian. You have gained 100,000 experience points, 9800 immortal force...”

“Congratulations to player...”

“Ding!”

“Undefeated value +1.”

Nothing good exploded from the corpse.

Luo Tian was mentally prepared for this so he wasn't too surprised. His eager thoughts were all placed on the other Profound Saint experts right now. He then yelled: "Who else wants to leave here?!"

His voice suppressed pretty much everyone.

Heaven's Boundary became quiet once more.

Luo Tian coldly sneered and said: "I will give you all a chance to live. As long as you can kill me, you can all leave this place. I am going to stand here and not move, so whether you can kill me or not is up to your own abilities."

Inner cores!

It was still about inner cores.

Even the Prime Elder needed inner cores, so Luo Tian understood the importance of it.

That's why...

Those disciples all looked at each other.

They were all undecided.

Since the power of Hong Yijian's nine swords couldn't kill Luo Tian, their own attack was probably useless as well.

Luo Tian saw their indecisiveness and coldly harrumphed. "Since you guys aren't making a move and don't want this chance of living, then I'm going to make a move. Once I act, you guys will definitely be dying. I'm going to give you guys 3 more seconds to decide!"

"Three!"

“Two!”

“Let’s do this together! Let’s kill him!”

“I doubt he can handle the attack from the two hundred plus people we have here. I refuse to believe that!”

“Well said!”

“Let’s kill this kid! No matter how strong he is, there’s no way he’s the opponent of two hundred plus people!”

“The array has been damaged so there’s no way for us to go back. Instead of waiting for him to come kill us, why not join forces to kill him first? By that time, we can just wait here for the inner sect Elders to come to help us. Once we’re able to get out, we will announce everything that has happened at Heaven’s Boundary. That will be the time when Mount Hua Immortal Sect becomes annihilated!”

Everyone was afraid of death.

These immortal sect disciples were especially afraid of death.

Instead of waiting for Luo Tian to come to kill them, they might as well make the first move.

Xu Shan sent a voice transmission: “Kid, can you really do it? There are many more people this time. Can your body handle eating all these attacks?”

Luo Tian replied excitedly: “No problem!”

“Old Xu, you only need to protect the others. There’s nothing to worry about with me here!”

Right after that...

Xu Shan moved closer to Han Hua and slowly led the group to back away.

Yun Ling had an anxious look as she said: "Elder Xu, can Team Leader really do it? Why is he doing this? After killing the disciples from the ten great immortal sects, can we... can we still go back? Not to mention the ten great immortal sects, even the Elders of Mount Hua Immortal Sect wouldn't let us off."

Han Hua softly said: "Team Leader definitely has his plans if he decided to do something like this."

Zhao Chen looked at Xu Shan and said: "Elder Xu, you must know or else the boss wouldn't know how to damage the teleportation array. You definitely know something. Can you please tell us or we'll soon die from anxiety."

The four of them all looked at Xu Shan.

Xu Shan smiled excitedly before saying the word: "Change!"

"Luo Tian wants to use this incident as a starting point to stir up the ten great immortal sects. The most important part is that he wants Mount Hua Immortal Sect to be destroyed!"

"Destroyed?"

The four became shocked. The sense of belonging they had towards Mount Hua Immortal Sect had disappeared after this half a month. They wouldn't miss an immortal sect that didn't care whether they lived or died, but Mount Hua Immortal Sect was still a place they had lived at for several years.

When they heard the word destroy, their minds couldn't help feel nervous.

Xu Shan looked up into the air with a smile. "Only after destruction will there be rebirth!"

“A magnificent rebirth!”

“With Luo Tian’s current strength, there’s no way he’s able to shake Mount Hua Immortal Sect. That’s why he planned on borrowing the hands of the ten great immortal sects. Have them destroy Mount Hua Immortal Sect first, and then he will establish a brand new Mount Hua Immortal Sect.”

“Rebirth amongst the ashes – this is the only path for Mount Hua Immortal Sect to become strong again!”

After hearing Xu Shan’s words, the four of them were extremely shocked in the beginning. But then their gaze tightened as a sense of agitation arose from inside their hearts.

This was high stakes gambling!

If they were to win, Mount Hua Immortal Sect would rise up under Luo Tian’s leadership.

Even if they failed...

Only when one lives their life the way they want is considered truly living in this world. (YOLO)

In the worst case, they could try again next life!

Han Hua sat down cross-legged and purged her mind of all chaotic thoughts. When she sensed the immortal force inside Heaven’s Boundary, her expression became extremely calm. She was very clear that if she wanted to participate in this reform, she had to become stronger if she wanted to continue walking this road with Luo Tian!

She had to become stronger!

Only then would she be able to help Luo Tian. Only then will she be qualified to walk down this road further along his side!

Immediately after...

Yun Ling, Yun Yi, and Zhao Chen sat down cross-legged as well while absorbing the immortal force from Heaven's Boundary.

Xu Shan faintly smiled. He then watched as over two hundred people surrounded and attacked Luo Tian. He noticed Luo Tian was covered in blood with countless wounds yet was still smiling with excitement. He muttered to himself: "How many years has it been since I've felt such excitement?"

"Luo Tian, thank you!"

Right after that...

He sat down cross-legged and started cultivating.

As for Luo Tian...

In the middle of the large crowd, Luo Tian was similar to a super boss that wasn't moving. Apart from his eyes, his entire body was covered in blood. But he still had an excited look on his face as he yelled out arrogantly: "Is this all the strength you guys have?!"

"You're disciples of the ten great immortal sects and this is all the strength you have?!"

"This daddy stood here for you to kill, yet you weren't able to. Can you bunch of garbage use a little more strength?"

"If you can't kill this daddy, then this daddy will kill you all."

Inside Luo Tian's spatial ring was a large pile of inner cores!

So awesome!

Chapter 498 – Unimaginable Consequences

Using his fleshly body as a container.

A containing implement for absorbing.

According to the devil sect's secret way of refining inner cores, the more immortal force one can absorb means the more inner cores one can refine.

There was no need for any levels of proficiency when refining inner cores, just a continuous stream of immortal force was enough. This was different from the method of that devil sect Elder who needed the supplement of those Flowers of Death. Luo Tian's method was more direct and more effective.

The inner cores he refined were extremely pure without a trace of impurities.

Two hours!

The attacks gradually became weaker and weaker.

The attacks that struck Luo Tian were similar to tickling him and had no traces of damage.

During this time...

Some people retreated, and their outcome was being instantly killed!

When several people were killed, those that didn't want to die doubled their effort to kill Luo Tian. But they were already straining to use every power they had inside them.

Luo Tian was trying to squeeze as much immortal force from them as possible. Inside his spatial ring was a large pile of refined inner cores. He then said happily to himself: "Who would've imagined that this trip to Heaven's Boundary would result in such a plentiful harvest? This is so awesome!"

Seeing how each of them was exhausted...

Luo Tian shook off the clotted blood on his body and chuckled evilly. "I stood here for you guys to attack yet you couldn't kill me. Now it should be my turn to pay each one of you guys back."

"Don't!"

"Don't kill us!"

"Luo Tian, could it be that you're not afraid my Imperial God Immortal Sect will leave no survivors at Mount Hua Immortal Sect?"

"We are disciples of the ten great immortal sects. If you kill us, aren't you afraid of revenge by our immortal sects?"

Everyone was in fear.

They were afraid yet they still threatened Luo Tian. They brought out the ten great immortal sects hoping to intimidate Luo Tian to cease with whatever plans he had.

The ten great immortal sects!

The strongest forces within the Tianxuan Continent.

Apart from the mysterious devil sect, there wasn't another force in the continent able to match them. The devil sect has remained hidden for many years so the ten great immortal sects had grown stronger. They had practically reached a point where they could act rampantly without fear.

This was especially for the Imperial God Immortal Sect and the Starsea Immortal Sect ranked first and second respectively.

Those two were especially arrogant and encroached on other's territories.

The marriage between Murong Wanjian and Li Xue'er was initiated by them and the Soul Hall. Their purpose was to unite three major forces and then divide up the Tianxuan Continent!

Of course...

These matters were not known by the other immortal sects. They only thought of it as an auspicious occasion for the human race. A phoenix with a true dragon, a match made in heaven, and the flourishing of the human race. They didn't think of the benefits that this relationship could create.

Looking at all these pitiful creatures...

Luo Tian felt no sympathy for them. Mount Hua Immortal Sect was bullied by them to a miserable state where even those inner sect Elders didn't dare to come out to release a fart. This revealed the true cowardice of Mount Hua Immortal Sect, but it still wasn't an excuse for the excessive bullying of the other immortal sects.

Even if he threw aside all of these things...

These people deserved to die!

Just because of the undefeated points!

Just because of the experience points and the immortal force that's going to explode from their bodies!

Because of that, Luo Tian couldn't let any of them off.

Luo Tian leaped into the air and revealed a cold smile. “Scared. This daddy is so scared, hahaha... You guys are about to die and Heaven’s Boundary will be destroyed. By that time, who would know that it was me that killed everyone?”

“And so what if they found out?”

“Are you guys going to come bite me?”

As his voice faded...

Luo Tian was floating in the air as he revealed an aura like he looked down everything in this world. He opened up his arms and looked up at the sky. His brows furrowed as he shouted: “Myriad Thunder Roar, explode for me!”

“Boom~!”

“Boom~!”

“Boom~!”

“Myriad Thunder Roar!”

“Myriad Thunder Roar!”

Ten continuous casts of level 6 Myriad Thunder Roar descended. The surrounding two hundred plus disciples were blasted into powder!

When the last system alert tone sounded off...

The system gave off one more.

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at the Profound Venerate 4th rank!”

“Hahaha!”

“I’ve leveled up again. The disciples of the ten great immortal sects are truly awesome. Each one of them was worth several tens of thousands of experience points. This round gave me over a hundred million experience points! This is truly awesome!” Luo Tian said this in excitement to himself. He then opened up the system interface to look at his experience bar. When he saw the long string of zeros to his next level, Luo Tian’s heart shuddered in fear. “In order to level up and become a Profound Venerate 5th rank, I need 250 million experience points! So scary!”

This was definitely scary.

But...

If something like today happened again, then leveling up would be too easy.

Luo Tian’s mouth curved up as he smiled excitedly. He then said to himself: “With all the people added up together, the ten great immortal sects should have several tens of thousands of disciples. So awesome! By then, I’m going to f*ck them over one at a time! Leveling up will be super quick!”

“Ommm~!”

The teleportation array suddenly made a sound.

Luo Tian’s brows furrowed. He immediately mustered all his power and instantly killed the person that had just teleported in.

“Bang~!”

Instant kill!

Xu Shan widened his eyes. Although he was prepared, he was still rather worried that people would find out that Luo Tian had killed so many immortal sect disciples.

Luo Tian faintly smiled and said: “Old Xu, quickly use this time to cultivate and just leave everything else to me.”

While saying this...

The newly established teleportation node was damaged once more.

Right after that...

Luo Tian’s sea of consciousness started stirring as he released his powerful will. It diffused to every corner of Heaven’s Boundary before he revealed a smile. “Just letting one fish slip through the net is enough, while everyone else needs to die.”

There were still some people alive in Heaven’s Boundary.

They were all hiding and didn’t dare to reveal themselves.

Luo Tian deliberately spoke louder: “Old Xu, I’m going to set up an array. I plan on completely destroying Heaven’s Boundary. Since they’re not letting my Mount Hua Immortal Sect disciples cultivate here, then they can all forget about cultivating here as well. Help me guard the teleportation array and don’t let anyone leave. Right now, there’s only one teleportation node left that goes back to Mount Hua Immortal Sect. If anyone escapes out of Mount Hua Immortal Sect, then everything that has happened today will be exposed.”

Xu Shan understood the hint without the need for explanation. He then replied: “Don’t worry, everyone is pretty much dead here so no one will be able to run out past me.”

Luo Tian’s gaze casually glanced at a certain location.

Xu Shan faintly nodded.

Immediately after...

Luo Tian leaped into the air and instantly disappeared.

It was extremely difficult to destroy Heaven’s Boundary, so he needed a powerful source of energy to accomplish it. After all, this was its own independent spatial dimension so destroying it required power much stronger than it.

Luo Tian already had plans in mind.

With inner cores as the power source, he was going to use immortal force to charge up the Ancient Dragon Execution Array. This kind of power can definitely destroy Heaven’s Boundary!

Luo Tian moved about quickly as he engraved and laid down the array.

The area around the teleportation array.

“Whoosh~!”

A human figure rushed over and ran towards the teleportation array for Mount Hua Immortal Sect.

Also at this time...

Luo Tian returned to the original place. He looked at Xu Shan with a smile and asked: "Has that Myriad Sword Immortal Sect disciple left yet?"

Xu Shan replied: "He left!"

"Luo Tian, we're not just dealing with the ten great immortal sects after this. There's also Mount Hua Immortal Sect. Once news of what happened here is exposed, our situation will be extremely dangerous. The consequences would be unimaginable, and at the minimum, we will be pursued and killed by all the immortal sects!"

Indeed...

This time, Luo Tian had become enemies with the entire world!

Luo Tian started laughing loudly with excitement.

Chapter 499 – Return To Mount Hua Immortal Sect

Half a month later.

Mount Hua Immortal Sect's teleportation array.

A red glow shone brilliantly. From within the array, six people came out and Luo Tian was the last in line.

He wiped off the small beads of sweat from his forehead while saying to himself: "Damn! It's fortunate I ran quickly, or else I'll be destroyed along with Heaven's Boundary. The Ancient Dragon Execution Array is way too crazy with immortal force as its core."

The moment they stepped onto the teleportation array...

Luo Tian activated the array and destroyed Heaven's Boundary.

The current Mount Hua Immortal Sect can forget about having more people enter Heaven's Boundary to cultivate. So instead of having their enemies get stronger, it was best to destroy it.

"They're back?!"

"Luo Tian and the others are back?"

"They've all come back!"

The news spread extremely quickly. In less than ten minutes, the outer and inner sect members all caught wind of it.

A large crowd of people came over.

They were all staring at Luo Tian without blinking.

"They've made breakthroughs! The twin sisters Yun Ling and Yun Yi have reached the early stages of the Profound Venerate realm!"

"Look at Zhao Chen. He's only a disciple of the Array Hall yet his strength has reached the Profound Venerate realm as well. This kind of speed is way too terrifying."

"Senior sister Yue Hua is even crazier; she's already at the Profound Venerate 3rd rank."

"The speed of their cultivation increase is way too fast at Heaven's Boundary. In less than two months, they've already reached such a high level of attainment. Those disciples that came back early didn't even absorb any immortal force, let alone make breakthroughs. The comparison between the two groups is simply way too large."

The outer sect disciples were discussing in hushed voices.

Those disciples who escaped from Heaven's Boundary early had ugly looks on their faces. They couldn't understand how Han Hua and the others managed to survive in Heaven's Boundary. They also couldn't understand how their cultivation could have risen so much so quickly.

When cultivating at the outer edges of Heaven's Boundary, the immortal force there was extremely weak so their cultivation speed would still be extremely slow no matter how high their talent was.

Of course...

These people didn't know that Luo Tian and the others were at the center of Heaven's Boundary, cultivating at a place where immortal force was the most abundant. Apart from that, Luo Tian was providing them with a nearly inexhaustible supply of inner cores. Under such conditions, even someone with poor talent would make breakthroughs at shocking speeds.

"He, he, he made some breakthroughs as well?"

"Profound Venerate 4th rank!"

Everyone's gaze landed on Luo Tian.

They found out the aura coming from Luo Tian was greatly different from half a month ago.

Not long after...

Venerable Hun Yuan descended from an immortal cloud. His gaze showed faint shock as he didn't believe Luo Tian could come back alive. He was very clear on Liu Zonghai and Hong Yijian's cultivation realm. They were elite disciples of Starsea Immortal Sect and Imperial God Immortal Sect. Luo Tian's cultivation was only at the Profound Venerate 2nd rank, so there's no way he would be their opponent.

There was no news coming from Heaven's Boundary this past half a month.

He thought Luo Tian had died there and didn't expect he would come back here safe and sound. And somehow, Luo Tian's cultivation increased again so this made him feel quite a bit of shock.

Behind Venerable Hun Yuan was the Second Elder, Venerable Tian Yuan who was suppressed by Luo Tian. When he looked at Luo Tian, his gaze revealed a cold killing intent but Luo Tian didn't even give him a glance.

Luo Tian walked to the front and didn't look at anyone. He strode past them and didn't even give the Grand Elder a look either.

Venerable Hun Yuan was displeased with this attitude so he shouted: "Luo Tian, the Sect Leader is looking for you! Follow me to Mount Hua's main hall!"

Luo Tian smirked and turned to Xu Shan: "Old Xu, I'll go over there for a bit and be back real soon. You guys all go cultivate."

"Let's go," said Xu Shan.

Han Hua, Yun Ling, and the others all looked at Luo Tian.

They were feeling a bit excited and a bit worried at the same time.

A short while later, the ten great immortal sects will know what happened at Heaven's Boundary. That Myriad Sword Immortal Sect disciple that escaped from Heaven's Boundary should be back at his sect in the next few days. At that time, everything will be exposed.

Mount Hua Immortal Sect will soon face the siege of the ten great immortal sects!

At that time...

They didn't dare to imagine further!

Luo Tian followed Venerable Hun Yuan to Mount Hua's main hall.

Sect Leader Yun Ji revealed a surprised look before saying with a smile: "Luo Tian, you managed to rescue Mount Hua's disciples. You've achieved a great merit this time. I really want to know how you were able to rescue them."

"Did anything happen inside Heaven's Boundary?"

He really wanted to know!

Each of them made multiple breakthroughs so this kind of speed was inconceivable.

It was very obvious that...

They were cultivating at an area with the densest amount of immortal force, or else there's no way their speed would be that quick.

Luo Tian replied: "Sect Leader, you should have personally gone there if you wanted to know what happened. You don't understand how much they wanted you to go rescue them. Even though they are only four outer sect disciples and an outer sect Elder, they are still people of Mount Hua Immortal Sect. They were bullied and suffered a lot of humiliation in Heaven's Boundary. You should see how much they longed for you to go rescue them."

"Presumptuous!"

"Luo Tian, how can you say such words?"

"What do you mean by your words? Are you criticizing the Sect Leader?!" Venerable Tian Yuan shouted this with hatred in his voice.

Luo Tian gave a superficial laugh before saying: "Second Elder, what are you so anxious about? I haven't finished my words yet. Even though they were disappointed, I told them it was the Sect Leader who sent

me there. Just I alone, am more than enough to deal with the ten great immortal sect garbage disciples. Look, haven't I returned to Mount Hua safe and sound? You guys don't know how much gratitude they have for the Sect Leader. If it weren't for the Sect Leader allowing me to go back then, they would've died in Heaven's Boundary already. Everything is due to the thanks of Sect Leader's heroic decision. Not like some people cravingly clinging to life instead of braving death, who kept stopping me from entering Heaven's Boundary."

The tone of his voice was very calm.

But...

One could clearly hear the scorn and sarcasm.

The words were also directed at Venerable Yun Ji.

These people weren't dumb so how could they not detect this?

Yun Ji's eyes faintly narrowed. He then said with a smile: "Luo Tian, what happened at Heaven's Boundary?"

He really wanted to know!

When he found out Luo Tian came back to Mount Hua Immortal Sect, his heart tightened. He was worried Luo Tian would provoke some trouble again. If he were to provoke the ten great immortal sects, then Mount Hua Immortal Sect... and his position as the Sect Leader...

Luo Tian pretended to be dumb and replied: "Nothing happened. Those disciples of the ten great immortal sects were rather kind. When I reasoned with them that immortal sects were one big family, that we should cultivate together, and get strong together, they all agreed with great enthusiasm. In the end, they allowed us to cultivate where the densest immortal force in Heaven's Boundary was."

"Huh?"

“What?”

“Nonsense!”

“What a pack of lies!”

All the Elders harrumphed in disbelief.

Who would believe him?

Even deaf people wouldn't believe his words!

Luo Tian revealed an innocent face and said: “What I've said is true. They also said our Mount Hua Immortal Sect can enter Heaven's Boundary any time we want to cultivate. Why would I lie to you all?”

Around this time...

A disciple rushed into the main hall and reported: “Sect Leader! Not good!”

Venerable Tian Ji's gaze tightened and asked: “What happened?”

Chapter 500 – Not Even Comparable To A Dog

They can't be that quick, right?

Mount Hua Immortal Sect is about 30 million kilometers from the Myriad Sword Immortal Sect. Even if that guy is at the Profound Venerate realm, there's no way he can get there in half a month. Could it be that he had some type of flying treasure?

Luo Tian couldn't help but feel a sense of tightness in his heart.

When those thoughts were running through his mind, that disciple was looking at him.

This made Luo Tian even more anxious, but he didn't show this and only revealed an innocent look.

When it came to acting, he really felt like he had reached the invincible realm!

“Quickly say it; what happened?” Venerable Hun Yuan shouted.

That disciple immediately said: “Reporting to the Sect Leader: there's a malfunction with the teleportation array and we can't connect with Heaven's Boundary.”

“What?”

“Didn't he just say our Mount Hua Immortal Sect disciples could enter Heaven's Boundary anytime we want to cultivate?”

“Could there be some sort of mistake?”

Many Elders started interrogating all at once.

That disciple lowered his head and said: “I personally inspected it. The connection cannot be established so we cannot enter Heaven's Boundary. I don't know if it's a malfunction or if someone deliberately damaged it.”

“Heh heh...”

Luo Tian relaxed. As long as it wasn't the ten great immortal sects killing their way over, nothing else mattered.

He wasn't fully prepared yet.

Immediately after...

Luo Tian didn't wait for all the Elders to continue speaking and immediately revealed a ferocious look. He then shouted: "Motherf*ckers! Those ten great immortal sects are all bastards! They say one thing in front of you and then do another thing behind your back. They already said our Mount Hua Immortal Sect disciples could cultivate anytime we wanted at Heaven's Boundary. Who would've imagined that the moment my foot left the place, they would destroy the teleportation node for our Mount Hua Immortal Sect? Too evil and despicable! If I meet them next time, I will definitely teach them a good lesson!"

"Wait, we can't let this go!"

"Lord Sect Leader, I suggest that we start a punitive expedition against the ten great immortal sects. Heaven's Boundary was discovered by Mount Hua's old ancestor, we can't let them take it over just like that. If no one is willing to go, I'll go by myself!"

Awe-inspiring!

The words spoken were clanging with strength and contained a trace of anger.

Righting injustice for Mount Hua Immortal Sect!

Even some of the Elders were stunned by Luo Tian's attitude and praised his words.

"They're too despicable!"

"Sect Leader, we cannot just let this matter go."

"Heaven's Boundary is a place our old ancestors left for us. Now, our Mount Hua has been kicked out of it. This is something I definitely cannot swallow."

Some of the younger hot-blooded Elders started clamoring.

Venerable Yun Ji's expression sank. He first glanced at Luo Tian to see if he could glean some information from his expression but couldn't find anything. He then said solemnly: "I will first send someone to investigate this matter. I will not let this go just like that."

Venerable Hun Yuan stared at Luo Tian intently. He had a feeling this incident was definitely related to Luo Tian's doing. He then said: "Luo Tian, what exactly happened in Heaven's Boundary? Why would they damage our Mount Hua Immortal Sect's teleportation node at a time like this?"

Luo Tian had an innocent look and was just missing the tears and snot. He replied: "Deprived of their conscience! I reasoned with them; didn't retaliate when beaten; didn't respond when scolded, and everyone was influenced by my noble actions. We were just missing the act of kneeling down and becoming sworn brothers by the witness of heaven and earth!"

"Really?"

"Absolutely for real."

"Do you dare to swear by it?"

"I swear to the heavens – if there's even a single false word I've spoken, then let heavenly lightning strike me dead." Luo Tian extended three fingers while making that oath, but was coldly laughing internally. "Swearing? These ancient things will never come true. I have no problem swearing a hundred oaths if you want."

Venerable Hun Yuan observed Luo Tian's sincere look and became quiet in his own thoughts.

Luo Tian was laughing so hard internally that he couldn't close his mouth.

These people here would never imagine that Tianxuan Continent no longer had a place called Heaven's Boundary anymore.

It was already destroyed by Luo Tian!

As for those disciples of the ten great immortal sects... heh heh... they've all become experience points and immortal force.

Venerable Yun Ji furrowed his brows and said: "Luo Tian, you may withdraw first. We need to deliberate some serious matters.

"Order received!"

Luo Tian cupped his hands and was about to turn around before he said: "Lord Sect Leader, if we're going to attack the ten great immortal sects, I'm willing to be the first to sign up for it. They've pushed us too far this time and even a dog wouldn't be able to endure."

Before he left, he managed to throw a taunt that those that endured were not even comparable to dogs!

After saying that...

Luo Tian strode out of the main hall.

When his figure disappeared...

Venerable Hun Yuan immediately said: "Sect Leader, who knows if this kid..."

Before waiting for him to finish, those younger Elders with blood boiling immediately yelled: "Sect Leader, we cannot endure this! They are pissing and shitting right on top of our heads! If we keep enduring this, what face does Mount Hua Immortal Sect have left to keep our standing amongst the other immortal sects?"

"That's right!"

“We definitely cannot put up with this.”

“I have never liked Luo Tian but today, my views of him have completely changed. Even though that kid likes provoking trouble, I completely agree with the words he said today. The ten great immortal sects have pushed their bullying too far.”

For a brief moment...

Apart from the older Elders, everyone was pretty much vowing to start a punitive expedition against the ten great immortal sects.

Venerable Yun Ji deepened his brows.

Imperial God Immortal Sect.

“What?”

“We can’t connect with the teleportation array in Heaven’s Boundary? What’s going on?”

“Hong Yijian is still cultivating in Heaven’s Boundary, and there are also over a hundred elite disciples of ours there. Where could they be now?”

“Is there a way for us to make a new connection?”

“What’s going on? Who the hell did this?”

“Don’t let me find out or else I will make them die without a burial!”

Starsea Immortal Sect.

“It can’t connect?”

“What’s going on? Is Liu Zonghai back yet? And what about all the other disciples cultivating at Heaven’s Boundary?”

“None of them are back yet?”

“There have never been any problems with the teleportation array after ten thousand years. What the hell is going on? Who’s the one behind this? What’s the situation over at Imperial God Immortal Sect?”

The ten great immortal sects...

Were all experiencing a similar situation.

For this to take place...

No matter if they were the high ranking people of the immortal sects or the lowly disciples, everyone was discussing this incident.

But...

No one knew what happened, and they definitely didn’t know Heaven’s Boundary was already destroyed.

You want to set up a teleportation array?

Apologies, because these people didn't have the void shattering abilities like their ancestors. They lacked the ability to link space together with their supreme spatial skills, so that's why there's no way for them to repair the teleportation array.

This matter was a mystery to them.

Gradually...

This mystery grew larger until it set off a huge chain reaction!

The ten great immortal sects were the ones who suffered the greatest loss when Heaven's Boundary was destroyed. They weren't able to find another place with such an abundance of immortal force like Heaven's Boundary, so those immortal sect disciples were fuming in anger.

A few days later, nighttime.

Myriad Sword Immortal Sect.

The disciple that Luo Tian deliberately let off had finally returned to Myriad Sword Immortal Sect.

Solitary Peak.

A powerful energy enshrouded the area.
