

## Leveling Up 501

Chapter 501 – Finally Came

“He’s here!”

“The person that wants my inner cores!”

The moment Luo Tian returned, he felt like there was a pair of eyes that kept staring at him.

Without a doubt...

The owner of those eyes was Mount Hua Immortal Sect’s strongest boss, the Prime Elder Venerable Kuang Tian!

Solitary Peak.

The golden glow covering the sky was so bright that Luo Tian almost couldn’t open his eyes.

A dark figure landed and stood in the courtyard. The figure was vague and insubstantial so one couldn’t really detect it. This kind of super-powerful realm was something unreachable for the current Luo Tian. Upon seeing the dark figure, Luo Tian tried to suppress his impulsive behavior.

He was really scared that he wouldn’t be able to hold back!

Because this guy in front of him was too charming! He was even more tempting than the twin sisters taking a bath!

Golden light shone brightly.

A golden glow that was much stronger than Devil Monarch Skysoul.

It can really blind someone's titanium dog's eye!

"Kid, who would've expected your life was so tough that you managed to come back alive from Heaven's Boundary. I really thought you would die in there and didn't imagine a dog thing like you could keep living. And you happen to gain a blessing from misfortune, breaking two small realms in a short half a month. It looks like you've realized the beauty of cultivating with inner cores." The voice from the dark figure seemed like it came from the sky in an indeterminable direction.

Luo Tian stared at the dark figure and carefully observed it. He then said to himself: "Could it be a clone and not his physical body?"

He didn't dare to reveal his doubts.

He was feeling rather annoyed!

The voice of the dark figure contained endless disdain and suppression.

He was merely a tool before the other's eyes, an existence that could be completely ignored. This made Luo Tian really annoyed.

But...

Luo Tian thought in a different direction and started chuckling coldly. He then said to himself: "Prime Elder, huh? Wait until this daddy opens the ancient battlefield, the first person I'm going to explode will be you when I get back! Keep acting arrogant for this daddy for now because it won't be long that you can no longer act arrogant ever again!"

Endure!

Luo Tian could only endure!

Everyone that has ever looked down on him will eventually die by his hands.

He just had to endure for now.

The moment Luo Tian gains greater strength at a higher realm...

Will be the date of his death!

Luo Tian's expression was very calm and didn't show any unhappiness. He then said: "It is all thanks to Prime Elder."

"Kid!"

"Enough of the bullshit! Two months of inner cores as offerings, and the assistance to Heaven's Boundary – your total is 200 inner cores. If you're missing even one of them, you will be dying today." The dark figure's eyes were like torches as it glared at Luo Tian beneath the hood.

Luo Tian clenched his teeth to resist the suppressive glare. He flipped his palm and retrieved 200 inner cores. "I wouldn't dare to forget it or give you any less. Here's 200 inner cores, would Prime Elder please kindly accept this."

The anger inside his heart was surging!

Luo Tian started cursing all eighteen generations of Venerable Kuang Tian's ancestors!

"Just you wait."

"You better wait for me."

"I hope these inner cores will allow you to make a breakthrough. The higher your level, the greater the loot when I kill you." Luo Tian said to himself.

The higher the level of the boss, the stronger it would be. That meant whatever exploded out of its corpse will definitely be much better.

This was proportionate!

Thinking up to this point, Luo Tian's emotion started calming down. He felt like he was raising a boss like he would raise a pig. Once the Chinese New Year comes around, he would butcher it with a single chop!

The dark figure was surprised as it didn't expect Luo Tian could actually take out so many inner cores.

This was much better than that devil sect inner core refiner.

Back then, the guy only gave him ten inner cores each month. Who would've imagined this kid could offer up so many inner cores in just a month? He became ecstatic as he said internally: "With these inner cores in my possession, my cultivation will definitely rise up another step. The highest Profound God realm will be one step closer for me!"

"Hahaha..."

The dark figure started laughing madly.

Luo Tian secretly frowned while he revealed a look of awkwardness. "Prime Elder, these 200 inner cores are everything I have. Grand Elder Venerable Hun Yuan also wants inner cores from me. I am really out of options so I hope you can help me say something to him."

The dark figure coldly scoffed and said: "That's your business and has nothing to do with me. A dog thing like you can forget about borrowing our relationship to change certain things."

After saying that...

The dark figure looked up and sneered: "Since you can bring out 200 inner cores, then I'm going to be doubling that amount next month. You can do a hundred inner cores per month, right? Of course, you

don't have to do it but you should understand my ways. Some of your friends might suddenly disappear out of the blue."

A human's greed can never be satisfied!

You give me 50, then I want 100!

Luo Tian already guessed this would happen. His gaze tightened but he didn't say anything.

The dark figure coldly smiled and said: "Don't even think of resisting. Within Mount Hua Immortal Sect, no one would dare go against me. Those that resist will end up worse than dying. Everything of yours is in the control of my hands, which also includes your most cherished woman, the young phoenix Li Xue'er..."

"Ke ke...!"

Luo Tian clenched his fists while his gaze instantly contained strong killing intent.

"Heh heh..."

"It looks like the young phoenix is really important to you. With my current abilities, I can easily kill her whenever I want. That's why you need to obediently do my bidding. I want 100 inner cores next month and not a single one less." The dark figure said in a gloomy manner.

At this instant...

The dark figure and the golden glow disappeared. The powerful energy shrouding Solitary Peak also disappeared.

Luo Tian fell down on his butt.

The aura from a Profound Emperor expert almost crushed his fleshly body into exploding!

Too strong!

Strong to the point that words couldn't describe!

Luo Tian was roaring internally: "Kuang Tian! This daddy will definitely explode your corpse! This, I swear!"

Li Xue'er was Luo Tian's reverse scale.

Venerable Kuang Tian was trampling on his reverse scale!

The anger and the killing intent inside him rose out uncontrollably, enshrouding Solitary Peak and making it especially cold. Luo Tian couldn't even say a word right now as the killing intent increased to a suffocating level.

A few days later.

Venerable Hun Yuan looked for Luo Tian and demanded his share of inner cores.

Luo Tian didn't refuse and gave it readily.

Venerable Hun Yuan was the same as Venerable Kuang Tian, raising the number of inner cores for next month.

Luo Tian faintly smiled with a nod and didn't show any anger. This made Venerable Hun Yuan confused, but he didn't care since who would refuse more inner cores?

You guys just wait!

Everyone just wait for this daddy!

Within this half a month...

Luo Tian had been cultivating and didn't take half a step off Solitary Peak.

He was training his skills like crazy inside the third level of his Skill Necklace. Luo Tian wanted to train all his skills to the last great perfection realm and then fuse them together. He had a feeling that the Melting Heaven Divine Cauldron appeared because it was for him to create a skill that guaranteed a killing blow!

Another usual day went by.

Chapter 502 – Devil Sect Assassins

The voice was very soft.

But Luo Tian still heard it clearly. His mind tightened as he replied: "You're the old guy from the devil sect?"

"That's right!"

"Sovereign Xingtian, it's me! I'm currently at the Dark Abyss Valley," transmitted the old man from the devil sect.

Luo Tian became excited.

He's finally back!

He didn't expect the guy to come back this quickly.

After getting the four region's blood, he will only be missing the Dragon's Bead!

Right after...

Luo Tian replied: "Good! Wait for me, I'm heading over now."

"Sovereign Xingtian..."

Before the rest of the voice transmission came over, it suddenly stopped.

It sounded like someone broke it off.

Luo Tian didn't realize this and only replied: "Wait for me, I'm coming now."

At this time...

He was extremely excited. The reason he entered Mount Hua Immortal Sect was solely to enter the ancient battlefield to level up. Now that the four region's blood was in sight, the opening of the ancient battlefield was close at hand.

Recalling being suppressed by the Prime Elder and Venerable Hun Yuan a few days ago, Luo Tian was quite pissed about it.

Now, his chance has arrived!

"I have to open the ancient battlefield and go in there to level up. The day I exit that place is the day you two damn dogs will die." Luo Tian said this viciously to himself. He then used the quickest speed in traveling and managed to reach the Dark Abyss Valley in less than half an hour.

The Dark Abyss Valley was rather quiet without ghostly beasts around.

It was so quiet that it could make one panic in fear. Looking at the surrounding large trees, the cold dampness, and an unusual chill, the environment of this place was completely different from before. This kind of chill seemed to contain an unknown scent as well.

The scent of blood!

Luo Tian furrowed his brows and slowed his pace down. He then shouted: "I'm here!"

As his voice faded...

Several men in black robes instantly appeared in the area. Each of them possessed a violent aura that lingered around their bodies. This was an aura of slaughter with a scent of blood mixed in!

Also at this time...

That old man who taught Luo Tian how to refine inner cores walked out. His face was pale and his figure frail. His eyes gazed at Luo Tian with a complicated expression. Eventually, he loudly yelled: "Sovereign, quickly run! They want to kill you!"

Suddenly...

An unknown amount of devil sect members moved and instantly released their killing strikes!

Luo Tian's brows dipped down as he said: "Sure enough..."

His mouth curved up before he coldly scoffed: "Just based on you guys?"

"Whoosh~!"

Luo Tian's figure disappeared and shifted to another position.

Shadow Clone, Shadow Shift!

He didn't hold back any strength.

A palm strike smashed towards the nearest devil sect assassin.

Luo Tian charged over too quickly so they didn't have time to react.

"Bang~!"

A palm struck the guy flying!

But...

There weren't any alert tones! Luo Tian frowned and said: "He's not dead yet!"

"Since you haven't died yet, here comes another palm!"

"Shadewind Steps, level 8!"

"Phantom!"

"Whoosh~!"

Shocking speeds! Within the darkness, there was no way people could tell how Luo Tian's figure was moving about. The sound of space breaking apart was heard! Even if one's brain could react, one's body couldn't yet because the speed was simply too fast!

This past half a month, every skill of Luo Tian's had risen up like crazy.

Shadewind Steps had risen to level 8 now and had reached speeds of shocking proportion.

Without letting that assassin land on the ground, Luo Tian's pair of fists smashed out like a thunder strike.

"Die!"

"Boom~!"

That devil sect assassin's body was penetrated through before his body smashed into a large tree and broke it apart. His body convulsed a few times before he took his last breath.

"Ding!"

The system gave off an alert tone.

Luo Tian didn't bother with the alerts and coldly smiled. He looked at the remaining three assassins and said: "Just based on a few pieces of garbage like you guys and you want to ambush this sovereign? You're courting death!"

"Pa~, pa~, pa~..."

"Not bad!"

"Really not bad."

“No matter if its speed or strength, it has already exceeded the benchmark of a Profound Venerate 4th ranker. This kind of standard should at least be an elite inner sect disciple inside Mount Hua Immortal Sect. Or perhaps an honorary Elder?” Another elderly person in a black robe came out.

Luo Tian could detect a terrifying aura from him.

The black-robed elder walked forward with a cold chuckle and said: “Are you still saying he’s Sovereign Xingtian? Wu Xiao, you are considered one of the senior members of our devil sect. You were actually tricked by such an inferior scam by Mount Hua Immortal Sect?”

“I remembered you said he was only at the Profound Ancestor 5th rank, right?”

“In just a few months, can he break into the Profound Venerate 4th rank that quickly? You have really been cheated. It is impossible for him to be the reincarnation of Devil Sovereign Xingtian. If our sovereign reincarnates, it’s impossible for him to use such a trashy body like his.” That black-robed elder viciously kicked Wu Xiao’s back as he said this.

Wu Xiao had suffered a serious injury and didn’t have the strength to retaliate. His body was sent flying before it landed next to Luo Tian. A mouthful of blood sprayed out before he looked at Luo Tian and said: “I’m sorry Sovereign. I’m really sorry. No one inside the devil sect believed my words. No one...”

While saying this...

Tears could be seen shimmering in his eyes.

The feeling where no one believes your words were really uncomfortable.

Luo Tian lowered his body and softly asked: “Do you believe it?”

Wu Xiao nodded with confidence and said: “I believe. In this world, there isn’t anyone that can comprehend the divine skill of Sovereign Xingtian – Decapitation Strike. No one can comprehend the

divine skill – Pangu’s Divine Slash either. Only Sovereign Xingtian can do it, and that’s why I firmly believe in you!”

Luo Tian smiled and said: “As long as you believe in me, that’s already enough.”

As his voice faded...

Luo Tian cast Regeneration on him while saying: “I appreciate the hard work you’ve gone through these days.”

“Ommm~!”

The Regeneration skill had leveled up as well.

But the skill was too hard to train and used up too much immortal force. It only went up one level this past month.

But...

The level 2 version of Regeneration was already quite amazing.

When the skill was activated, the injuries on Wu Xiao’s body instantly recovered. Even the internal pain he was feeling had completely disappeared. His whole body suddenly became better and could be described by the saying – as lively as a dragon and energetic as a tiger.

“Starsea Immortal Sect’s secret skill – Regeneration?!”

Shock was plastered on the black-robed elder’s face.

Luo Tian smiled and said: “It looks like you know your stuff; you even know the Regeneration skill.”

The black-robed elder's brows furrowed. He hiddenly clenched his fists while saying coldly: "Who are you exactly? You stay at Mount Hua Immortal Sect yet study the secret skill of the Starsea Immortal Sect. You used the fake body of Sovereign Xingtian to cheat Wu Xiao, and ruined our devil sect's opportunity to secretly invade Mount Hua Immortal Sect. Who are you exactly?"

He asked the same question twice.

Luo Tian ignored him and said to Wu Xiao: "You tell him who I am."

Wu Xiao laughed like crazy before saying: "He's Devil Sovereign Xingtian, the battle god of our devil sect!"

"Presumptuous!"

"Wu Xiao, you still fail to realize your errors at a time like this?! It's impossible for our devil sovereign to reincarnate into a person like him!" roared the black-robed elder. He glared at Luo Tian before shouting: "Kid! If you have the guts, transform into our devil sovereign in front of me! Watch me see through your childish facade!"

Luo Tian still didn't look at him and asked: "Out of the four region's blood, how many have you collected?"

"Thr, three of them."

"Apart from the Titan race's blood from the east, everything has been collected. But the blood is on his body." Wu Xiao pointed at the black-robed elder.

Chapter 503 – Blood Shadow

All here!

Luo Tian already had the Titan race's blood.

He was only missing the other three!

The problem he had left was how to reach the Sky Palace Divine race's location.

Before Luo Tian had a chance to ask, Wu Xiao said: "I already found the location for the Sky Palace Divine race – they're at the summit of Sky Mountain."

"Good!"

"Hahaha..."

Luo Tian couldn't hold back and started laughing in excitement.

Around this time...

The dragon egg inside him started moving and looked like it was excited as well.

This was related to whether it could hatch or not, so how can it not be excited?

It has been waiting for a long time already and all it wanted was to hatch. It was feeling helpless because it was missing one single thing, and that was the dragon's soul. With that item, it could immediately hatch out.

As for Luo Tian...

Apart from gaining the Dragon's Bead to open the ancient battlefield and hatching the dragon egg, there was only one every important reason.

The super SSS-rank quest!

Just thinking of the rewards made him start drooling. This was a reward of a single level, which meant giving him a few hundred million experience points for free. There was also the Sky Dragon's Divine Sword thrown in! This was basically the music for awesomeness to the extreme!

In an instant...

Luo Tian's gaze landed right at the black-robed elder. He coldly grinned and said: "You want to see Devil Sovereign Xingtian, right?"

"That's right!"

"I want to see who dares to impersonate our devil sect's battle god."

"No matter who it is, you can forget about escaping death today!"

The black-robed elder had an unyielding tone of voice. He came with orders that even if Luo Tian was truly the reincarnation of Devil Sovereign Xingtian, he still had to die. The reason was that the current devil sect no longer had a position or status of Sovereign Xingtian. A person that died tens of thousands of years ago no longer needs to appear again!

This was the assassination order he received!

Wu Xiao's expression sank as he said: "Fourth Elder, he really is the reincarnation of Devil Sovereign Xingtian so there's no need to suspect him. If you anger the sovereign, your ending will not be a pretty sight."

Wu Xiao was one of Devil Sovereign Xingtian's fanatical admirers.

It was due to this that inside the Dark Abyss Caves, he had no hesitation and directly kneeled down when he saw Luo Tian transform into Sovereign Xingtian. He never doubted Luo Tian because he didn't have a reason to.

“Wu Xiao!”

“I originally planned on leaving you with your life, but I didn’t expect you to stay so stubborn and unrepentant. It’s fine as well since you and your Sovereign Xingtian can die together.”

As his voice faded...

The three surviving assassins shifted their stance and were ready to move.

Wu Xiao’s expression changed as he shouted: “You guys dare to act so rashly in front of Sovereign Xingtian?! It looks like you guys are tired of living!”

Just when they were about to take action...

Luo Tian blocked Wu Xiao and said: “It looks like their goal in coming here isn’t to determine whether I am the reincarnation of Xingtian or not, they just want to directly kill me. Your devil sect’s leader seems to not want me to exist, most likely afraid that I would affect his or her position.”

“It doesn’t matter.”

“I had once thought that even if the immortal sects don’t wish to keep me here, at least the devil sect will have a place for me to establish myself. Now, it looks like no major force will tolerate my presence.”

“That’s fine too; works out great!”

“Then there’s no need for me to hesitate and hold back.”

“As long as they are not my friends, they will be my enemy – they will all have to die!”

In an instant...

Luo Tian roared out: "Become A Devil!"

"Boom~!"

His body transformed into a physique with explosive power. The aura of a monarch instantly suppressed the surrounding area, and the ten-kilometer radius around him was enshrouded with his killing intent!

"Ommm~!"

The Sky Splitting Divine Axe with a weight of 100,000 jins appeared in his hands.

Luo Tian's mouth formed a curve as an arrogant smile appeared on his face. "Did you see through everything now?"

"Hahaha..."

A flash appeared in Wu Xiao's eyes as he became extremely agitated. Even though this was already the second time he witnessed Luo Tian transform into Devil Sovereign Xingtian, he still wasn't able to hide the enthusiasm he felt inside his heart. He was so excited that he couldn't speak and almost kneeled down to worship him.

Compared to last time, the devil sovereign's fleshly body was much stronger now.

And his aura was much more oppressive.

A monarch's domineering aura was fully displayed!

During this period, Luo Tian gained various powers from the Titan God. His upgraded fleshly body greatly assisted Devil Sovereign Xingtian's fleshly body, so his devil physique was much stronger than before.

The black-robed elder's face sank. He was feeling extreme confusion while his expression was ugly to behold. "It's, it's, it's really Sovereign Xingtian?"

"Now you know the truth?"

"Apologies, but..."

"It's too late now."

Luo Tian's figure started moving. His hands were holding onto the Sky Splitting Divine Axe as he took a step forward.

"Boom~!"

The ground shook and split apart.

The three devil sect assassins were dumbstruck from the shaking.

The black-robed elder clenched his teeth and said unwillingly: "So what if you're really the reincarnation of Devil Sovereign Xingtian? Your current cultivation is only at the Profound Venerate 4th rank. Do you really think this little bit of strength can change anything? Quit dreaming!"

"You are nothing but trash!"

"Why are you guys staring like retards? Cripple him for me!"

The three devil sect assassins glanced at each other. They forced out the distracting thoughts in their minds and utilized their strongest abilities. The three of them turned illusory and kept changing their positions. They hid their auras before charging at Luo Tian at lightning speed!

Devil flames surged into the sky!

Killing intent! A tyrannical aura was slowly permeating the surrounding area.

Luo Tian started breathing lightly before his blood-red pupils suddenly turned serious. The true powers of Devil Sovereign Xingtian then exploded forth from his powerful body. With a single hand, he held onto the handle of the Sky Splitting Divine Axe and shouted: "Sweeping through all enemies!"

"Boom~!"

A fiery flame appeared with the release of his powers!

The flame exploded onto the Sky Splitting Divine Axe, making it look like a huge burning axe. The axe then swept out horizontally in a 360-degree motion!

"Bang~!"

"Bang~!"

"Bang~!"

Wherever the axe went past, even the air seemed to have been slaughtered by it.

Those three devil sect assassins didn't even leave behind any ashes as they were instantly killed. The void of space that was split apart by the divine axe had devoured their remains! They had disappeared from this world forever!

"Ding!"

"Ding!"

“Ding!”

Three system alert tones sounded off.

“Mighty!”

“So mighty!”

“Sovereign Xingtian, the only battle god of the devil sect in these tens of thousands of years. This kind of power would make anyone’s blood boil.” Wu Xiao’s eyes revealed his fanatical look while feeling incomparably excited.

The black-robed elder was dumbstruck by this.

Luo Tian’s strength had exceeded his calculations!

Moreover...

The aura released from Luo Tian’s body made him extremely scared.

He didn’t bother thinking further.

The black-robed elder shouted: “Blood Shadow!” His figure turned illusory and several blood-red colored shadows appeared.

Wu Xiao’s expression changed and immediately advised: “Sovereign Xingtian, he’s using our devil sect’s secret skill Blood Shadow! He’s trying to escape!”

“Escape?”

“Did I agree to it?”

Chapter 504 – You’ll Be Hatching Very Soon

“Decapitation Strike!”

“Chop!”

Sky Splitting Divine Axe started moving along with the powers that belonged to Devil Sovereign Xingtian. A monarch’s aura instantly crushed down, directly chopping the partially transformed blood shadow black-robed elder into powder.

“Boom~!”

Dark Abyss Valley shook.

The aura of Devil Sovereign Xingtian rippled out without a care.

Luo Tian was a bit shocked as he reveled in this powerful energy.

Ever since he broke through into the Profound Venerate realm, his Devil Sovereign Xingtian powers became much stronger and had reached a terrifying level.

It was way stronger than his original body’s strength!

At this time...

Luo Tian’s mind tightened as he recalled the secret skill the black-robed elder had previously used. He clenched his fists and said to himself: “Come on, explode out for me!”

“Ding!”

“Congratulations to player Luo Tian for killing Zhang Xiuyan. You have gained 200,000 experience points, 20,000 immortal force...”

“Congratulations to player Luo Tian for gaining the blood of the Elven race.”

“Congratulations to player Luo Tian for gaining the blood of the Barbarian race.

“Congratulations to player Luo Tian for gaining the blood of the Devil race.”

“Congratulations to player Luo Tian for gaining the devil sect’s secret skill – Blood Shadow. Will you be cultivating it?”

“Hahaha...”

“It really exploded out!”

Luo Tian didn’t hesitate and told the system: “Cultivate!”

“Ding!”

“Congratulations to player Luo Tian for successfully cultivating Blood Shadow.”

Immediately after...

Luo Tian looked up the attributes of Blood Shadow and he immediately revealed a smile. He then said to himself: “Sure enough, once you cultivate it to a certain level, one can use their blood to condense a clone of yourself.”

“Every drop of blood essence can refine a clone. In the future, there’ll be no need for me to go out myself to level up! Nice!”

The most important part...

Blood Shadow can create countless blood shadows of one’s self. Whether it be attacking or escaping, the skill was extremely useful.

Wu Xiao was extremely agitated. He then said with disdain: “Zhang Xiuyan, I already advised you to be respectful to Sovereign Xingtian. After angering our sovereign, did you really think you can still keep living in this world?”

While saying this...

Wu Xiao strode over to Zhang Xiuyan’s corpse and searched around. He felt this was strange as he muttered: “Eh? Where’s the blood essences? It was clearly on his body yet now it’s gone?”

“There’s no need to search for it.”

“Thank you!”

“Thank you, Sovereign! Thank you...”

Wu Xiao knelt down in excitement. He wanted to prove the validity of his words to others and let those devil sect members have a good look that all he had said were the truth.

Right after...

Luo Tian furrowed his brows. When he thought of all those old devils at Dark North City, he said: “Go to Dark North City and look for the Dark North Princess. Have her take you to the Soul Refining Dungeon. Inside are a bunch of people that you probably wish to see in this lifetime.”

“When you see Princess Dark North, just let her know it was me that sent you there.”

Wu Xiao immediately replied: “Disciple obeys!”

The Soul Refining Dungeon was the place where the old devils were imprisoned.

Could it be that Sovereign Xingtian has already rescued them?

It has to be it!

This is definitely the case! Only Sovereign Xingtian is capable of doing this!

Wu Xiao’s blood started boiling once more. He could already see the scene where Luo Tian was leading all the devil kings from ten thousand years ago, standing at the peak of the devil sect and staring down at the world in contempt.

Luo Tian didn’t have a good place for Wu Xiao to hide at.

It would be dangerous whether he stayed around Mount Hua Immortal Sect or went back to his devil sect. Since Wu Xiao had helped him out, Luo Tian will never treat him badly. That’s why he thought of Dark North City and planned on having him stay with those old devils for now.

Immediately after...

Luo Tian said: “Give me detailed instructions on how to get to the Sky Palace Divine race’s location once more.”

“I obey!”

-----

Early morning.

The sky faintly turned brighter.

Solitary Peak, the small courtyard of the dilapidated hut.

Luo Tian brought out the dragon egg and smiled excitedly before asking: “Are you excited that you’ll be hatching soon?”

The dragon egg shook.

And then gave off pulses of red light.

The dragon egg was extremely excited. It’s been over ten thousand years and it was about to hatch soon.

Luo Tian was feeling even more excited than the dragon egg. Thinking of how he would ride a divine dragon over the airspace of Shattered Sky City while holding the Sky Dragon Divine Sword. He would then point at Murong Wanjian’s nose and scold: “Little f\*cker, you dare to snatch this daddy’s woman? Are you courting death?”

Motherf\*cker!

That would be way too cool!

Hatching the dragon egg was one matter while completing the SSS-rank quest was another matter. The most important thing for Luo Tian was to go to the Sky Palace Divine race and look for the Sky Dragon’s Bead. This was the only way to open the secret realm within Mount Hua Immortal Sect – the ancient battlefield!

After entering the ancient battlefield...

He was going to level up like crazy and then rule Mount Hua Immortal Sect!

He was then going to arrive at Shattered Sky City in the most mighty and arrogant style ever! He wanted to crush Murong Wanjian in an absolute manner so that he could never get back up!

These were the things he wanted to accomplish!

Early morning.

Luo Tian walked down the mountain and arrived at the Merit Hall to find Xu Shan.

“Old Xu.”

“I’m preparing to leave the mountain for a bit.” Luo Tian had to leave some words before he left. He didn’t know how long it would take for him to get to the Sky Palace Divine race’s location, and Myriad Sword Immortal Sect should definitely know what happened to Heaven’s Boundary by now.

The ten great immortal sects may unite together at any time and then trample their way towards Mount Hua Immortal Sect.

When will he be back?

Luo Tian couldn’t say.

But...

The matter with the Sky Palace Divine race was very urgent so he had to complete it.

This half a month, he had been training his skills while his cultivation level remained stagnant. He had to level up! As long as his level gets higher, his strength will rise proportionately and his Devil Sovereign Xingtian body will be capable of exploding forth with more power.

Xu Shan asked: "Where are you going?"

Luo Tian didn't hide it and replied: "Sky Mountain!"

"Sky Mountain? What kind of place is that?" Xu Shan had heard of Sky Mountain but didn't know what kind of place it was.

Luo Tian replied with a smile: "I don't know either but I will soon know. I came to say farewell for now because I don't know when I will make it back. Also, it's going to be Mount Hua Immortal Sect's inner sect assessment soon."

"I don't want Han Hua and the others to be distracted, so I didn't plan on telling them."

They were making progress each day at crazy speeds.

With inner cores to cultivate with, their progression was increasing at godly speeds!

Xu Shan was startled and said: "You're not participating in the inner sect assessment?"

"I will if I can make it back on time."

"If I can't make it back, then whatever. The inner sect or the outer sect is basically the same to me, and Mount Hua Immortal Sect will soon be..." Luo Tian didn't continue saying the rest.

Xu Shan nodded and said: "You can go without worries. I will take good care of them."

Luo Tian replied: "En."

After leaving some instructions, Luo Tian arrived at the teleportation array.

There weren't any teleportation nodes towards the Sky Mountain so he could only go to the nearest place – Heaven Opening City!

As Luo Tian stepped onto the teleportation platform...

Chapter 505 – Rainbow Lotus

It wasn't just Venerable Hun Yuan.

Hidden in the void was a pair of eyes as well.

Inner cores!

The cultivation treasure of immortal sects!

From outer sect disciples to Sect Leaders, they all wanted this item desperately. After gaining Luo Tian's offering of these pure inner cores, Venerable Hun Yuan's cultivation underwent an increase in just half a month. Based on his current cultivation realm, any increase was considered a great breakthrough.

He found out Luo Tian was leaving!

So, he immediately rushed over. His speed was practically the fastest speed he had ever used in his entire life!

Venerable Hun Yuan smiled and said: "Luo Tian, where are you going off to?"

Luo Tian also smiled in response. He glanced at Venerable Hun Yuan and then looked up at the sky. Without hiding his intentions, he replied: "In order to help you guys refine more inner cores, I need to search for much more ingredients."

Venerable Hun Yuan's eyes glared at Luo Tian and said: "You're not going to run away, right?"

He was very scared Luo Tian would run.

Running away meant losing a large pile of inner cores.

This will be considered a huge loss for him.

Venerable Hun Yuan smiled and continued saying: "I think you won't dare to run away. Han Hua, Yun Ling, Yun Yi, and the others are still at Mount Hua Immortal Sect. If you happen to run away, who knows when an accident might suddenly befall them?"

"Luo Tian, do you know what accidents are?"

"Having a few outer sect disciples accidentally die is a rather normal occurrence.

"It might be nothing to you if they die, but Heavenly Sword City, the Great Tang Dynasty, your brothers there... heh heh..."

Speaking up to this point...

Venerable Hun Yuan started chuckling coldly.

A threat?!

This was absolutely an open threat!

It was the same as last time and this pissed Luo Tian off like crazy! But this time, Luo Tian didn't show any signs of anger as he suppressed the flames inside his heart. He replied with a faint smile: "Don't worry, even if you tried to drive me away, I still wouldn't leave."

"Leave?!"

What a joke! Would this daddy leave when I haven't played you, bosses, to death?

Also at this time...

That pair of eyes sent out a sound transmission and said with disdain: "The young phoenix Li Xue'er... Luo Tian, you should know what you can and cannot do, right?"

Luo Tian narrowed his eyes and then loudly yelled at the sky: "Don't worry Prime Elder, I won't be running away! Even if I break both my legs, I will still find a way to crawl back to Mount Hua Immortal Sect! You don't understand how much I love you! I love you to the point of going crazy!"

"Hahaha..."

Luo Tian started laughing without restraint.

Luo Tian walked into the teleportation array and said: "Grand Elder, I'm going out to find ingredients to help you guys refine inner cores. Can you take care of the matter of activating the teleportation array for me?"

Venerable Hun Yuan looked at the administrator of the teleportation array and said: "Activate the teleportation array for him."

Luo Tian smiled and said: "Heaven Opening City!"

Right after that...

A bright light flashed, and Luo Tian instantly disappeared.

Behind Mount Hua Immortal Sect's main hall, inside a small courtyard belonging to the Sect Leader.

Venerable Hun Yuan made a slight bow and said: "Sect Leader, your guess was correct. Prime Elder is letting Luo Tian do whatever he wants because of the inner cores."

Venerable Yun Ji was holding onto two inner cores. On the surface of the pure inner cores was a faint hidden pulse of immortal force. This immortal force was extremely dense and could make anyone lose their minds over. After thinking for a few seconds, he looked up at the sky and said to himself: "That old man must've gotten even more, right?"

-----

"Just wait!"

"You guys just wait and see!"

"This daddy will fatten each of you up first. The fatter you guys are, the greater my returns will be. Once the time is ripe, this daddy will then viciously slaughter you all!" Luo Tian clenched his fists on and off several times.

His nails were embedded into his palms and fresh blood was dripping down.

Painful!

Pain that struck right at the heart!

But this pain couldn't block the rage inside Luo Tian's heart. This was a rage that shot up tens of thousands of meters high!

Being oppressed by Venerable Hun Yuan and the Prime Elder made him extremely pissed off. He did experience a faint regret for what he had done to Heaven's Boundary, but now there wasn't even a bit of regret left. "Since you guys have pissed me off, then this daddy will piss off your entire family!"

"Ommm~!"

White light exploded.

Luo Tian appeared on the teleportation array of Heaven Opening City.

The environment in Heaven Opening City and Dark North City was very similar.

They were both large cities that had signed an alliance with the immortal sects.

The difference with Dark North City was that Luo Tian's appearance here did not result in having long spears poking at his neck. This time, he came down the teleportation platform in a very relaxed manner. What made him surprised was...

There were several teleportation nodes of other immortal sects on the platform.

It was very obvious that...

Apart from him, there were other immortal sect disciples here as well!

---

"Did you hear?"

The Rainbow Lotus in the depths of Sky Mountain will be born soon. This is a supreme treasure birthed by heaven and earth, a spiritual treasure born from the divine veins of Sky Mountain! Whoever manages to get it will have their cultivation increase significantly. I also heard that consuming the Rainbow Lotus

will allow one to instantly breakthrough. If one uses it to concoct an immortal pill, one can increase their longevity by a thousand years!”

“Didn’t you hear?”

“Have you not noticed that experts have been gathering at Heaven Opening City lately? Even those immortal sects have been alerted. Imperial God Immortal Sect and the Starsea Immortal Sect have sent people here. Apart from immortal sects, there are also some experts that have hidden themselves for many years. Look over there – that’s right, it’s that beggar with dirty tattered clothing. He was never here at Heaven Opening City in the past so he is definitely new here. Pretending to be a beggar to get news? Who knows if he’s actually an expert at the Profound Saint realm?”

“I think so too.”

“Take a look at that youth over there.”

“Graceful eyebrows and elegant looks; the aura coming from him seems to be quite extraordinary. He could be a disciple from an immortal sect, right?”

“Him?”

“Cheh~. One look at the clothes he’s wearing and I can tell he’s a country bumpkin pretending to look important. Not to mention immortal sect disciples, he can’t even be a third-rate expert with his looks. Based on my opinion, his cultivation hasn’t even reached the Profound Spirit realm yet.”

“So, should our target be him?”

“Heh heh... it’ll be him.”

-----

Luo Tian entered a restaurant. He greeted a waiter, ordered some dishes, and started eating.

This half a day, he had heard many news about the Rainbow Lotus. He believed all these immortal sect disciples definitely came here for it. As for him, his interest in the Rainbow Lotus wasn't that great.

His target was mainly on going to the location of the Sky Palace Divine race.

"Waiter, how far is this place from Sky Mountain?"

"Customer, one look and I can tell you came here for the Rainbow Lotus, right? My advice to you is to give up and don't risk your life going there. That item isn't something that people like you or I can obtain. The City Lord has already grouped up with several large immortal sects to form the strongest team. The Rainbow Lotus is practically there's already so you should just save your strength for other things," said the waiter with a smile.

"Huh?"

Luo Tian smiled bitterly and changed his question, "Waiter, do you know about the Sky Palace Divine race?"

The store waiter looked at Luo Tian in shock before saying with a smile: "Who here in Heaven Opening City doesn't know about the Sky Palace Divine race? They are part of our legend."

"Legend?!"

Luo Tian couldn't help but become stunned.

Around this time...

Three large burly guys sat down at Luo Tian's table. They had a cold disdainful smile as they said: "Kid, do you have any valuables on you?"

"Why?"

“This is a robbery!”

Chapter 506 – Level 1 Novice Quest

“Robbery?!”

Luo Tian looked at the large burly guys and asked again with seriousness: “Robbery?”

“That’s right, this is a robbery.”

“What? Do we not look strong enough for it? Or you can’t hear the words clear enough? I’ll say it again – this is a robbery!” One of the burly guys filled with muscles revealed his domineering aura. He kept staring at Luo Tian with a ferocious gaze.

Luo Tian looked at the other two people.

After that...

Luo Tian turned his head to look at the other people eating their meal around him. They were acting like nothing was going on near them.

This made Luo Tian unable to process the situation.

He asked once more: “Are you guys really sure you’re here for a robbery in broad daylight? Aren’t you guys afraid of the law?”

“Hahaha...”

“I told you this kid is a bumpkin from the countryside.”

“Speaking about the law with us?”

“Kid, do you know who we are? We are the subordinates of Heaven Opening Manor’s head steward’s nephew. Did that scare you? Hahaha...” The fierce burly guy said that with an arrogant expression.

Luo Tian still didn’t show any expression.

But...

The expression of the people behind him eating suddenly changed. When they heard the three words, Heaven Opening Manor, some of them shivered while some stood up wanting to leave.

“Don’t move!”

“No one is allowed to move!”

“This daddy will take care of you one at a time. You guys can’t forget about leaving and just sit there obediently for me.” When the fierce burly guy saw that everyone was afraid of him, he became even more arrogant. “This daddy is a person from the Heaven Opening Manor, so take out everything of value on you. Or else, don’t blame me for being impolite.”

“Old Four, Old Five!”

“Hooh~!”

Two large guys came in from the entrance. Their gaze was like warrior guards as they blocked in front of the doorway. One of them said viciously: “Whoever dares try to leave, this daddy will kill them!”

Suddenly...

The whole restaurant became quiet.

“Is the Heaven Opening Manor that awesome?”

“The little underling brothers of the head steward’s nephew is capable of scaring so many people?” Luo Tian felt this was quite funny. Seeing how scared the people eating here were, he couldn’t help start laughing.

“Pak~!”

The fierce burly guy slapped the table and caused several dishes to drop to the ground. He glared at Luo Tian and shouted: “Kid, what are you laughing at?! Am I that funny looking?!”

“Nope!”

“Your Lordship, you’re mistaken.”

“I’m actually very scared. Whenever I get scared, I can’t hold in my laughter.” When Luo Tian explained, he started laughing once more. “Hahaha... hahaha... the louder my laughter means the more scared I am. I’m really very scared right now.”

At this time...

Luo Tian wanted to slap that burly guy flying.

But before he could make a move...

A chopstick flew out and directly stabbed into the throat of that burly guy.

“Cough~, cough~ cough~...”

“You, you, you...”

“Help! Help me!”

Blood spouted out while he grabbed onto his throat. He kept struggling to stay alive while his face turned paler by the second.

The other large burly guys became dumbstruck from witnessing this.

They didn't bother with that burly guy and immediately ran.

“Whoosh~!”

“Whoosh~!”

Four chopsticks flew out and each of them accurately stabbed into the back of a person's head. The move was so quick that they were all instantly killed! And the action was so powerful that no one in the restaurant could tell where the chopsticks originated from.

Of course...

Luo Tian was the exception.

He was a bit surprised as he said to himself: “What a powerful move.”

But...

This person's killing intent is too strong.

They were just some random street thugs yet this person made fatal strikes right off the bat.

“Who was it?”

“Who dares to touch the people of Heaven Opening Manor?”

“They really don’t wish to keep living.”

The burly guy toppled over. The surrounding people eating were like mice seeing a cat; they instantly ran out like crazy. For a brief moment, only Luo Tian and a youth with an evil aura were left inside the restaurant.

Luo Tian looked over. The impression that the youth gave him was the definition of evil.

It was very obvious...

The person that made the move was him.

Luo Tian didn’t have intentions of thanking him and only grumbled unhappily: “Damn it, there goes this daddy’s five undefeated points.”

“Customer!”

“My Lordship!”

“My ancestor! Please leave. There’s no need for you to pay. Just hurry up and leave and don’t stay here. If you keep staying here, there’s no need for my little restaurant to remain open anymore.” The shopkeeper ran over and almost kneeled down to that youth.

The evil-looking youth finished eating all the dishes on the table in a neither slow nor fast manner. He then grabbed two large buns and put it away on his person. He glanced at Luo Tian and said: "I saved your life so the cost of this meal is on you."

Luo Tian was stunned! Before he could say anything...

That youth disappeared on the spot.

Luo Tian stood up and yelled: "What the f\*ck?!"

After looking at his table still full of dishes, he immediately lost all appetite. Luo Tian left some money and was about to leave when he asked: "Shopkeeper, how far is it from here to Sky Mountain?"

The shopkeeper wished Luo Tian could fly out of his restaurant right now. He replied: "Not far, not far at all. Just head south for about 3700 kilometers."

"You should quickly leave"

"Leave this place."

Although Luo Tian was unhappy with his attitude, he didn't want to give this shopkeeper a hard time and quickly left the restaurant. Since he knew the location now, he didn't waste any more time and immediately headed towards Sky Mountain.

Half an hour later.

Entrance to the city.

"Team Heavenly Wind is only missing a member that can heal. Anyone wishing to head to Sky Mountain to get rich should quickly join up!"

“The Rainbow Lotus is about to be born. Team Blood Color is recruiting all Profound Venerate realm members. Let’s get rich together and do something big!”

“...”

There were a lot of groups trying to recruit various types of martial artists.

They were all heading to Sky Mountain for the Rainbow Lotus.

“3700 kilometers!”

“How much time do I have to waste if I walk there?” Luo Tian furrowed his brows and wished he could find a tool to replace walking.

But...

Heaven Opening City didn’t have any flying mounts.

Just when Luo Tian wanted to get a pet to ride on, he noticed that evil-looking youth from the restaurant before. There wasn’t anything special about that youth but he noticed a fat elderly person next to him.

The elderly person was dressed in luxurious clothes and looked like a local tycoon.

The thing worth noting...

The elderly person had a golden ! floating above his head. This...

The typical sign of a quest?!

Inside video games, this type of sign meant the person could give a quest.

Luo Tian walked over and probed: “Do you need assistance?”

The elderly person looked over at Luo Tian and asked: “What realm has your cultivation reached?”

“Huh?”

Just when Luo Tian was about to reply...

That evil-looking youth said coldly: “His dantian has been crippled so his realm won’t be high.”

“Hahaha...”

“It’s you then!”

The elderly person was extremely excited with a satisfied look. He then took out a large silver ingot from his body and said: “Come with me!”

Luo Tian became depressed.

Was this a level 1 novice quest?

Chapter 507 – You’ll Have To Die

Very strange!

The lower one’s level, the better?

What kind of quest was this?

How tiny would the quest reward be then?

To be honest...

Luo Tian didn't want to accept such a quest. He didn't have time to waste and had to get to Sky Mountain as soon as possible. The earlier he can find an entrance to the Sky Palace Divine race's location, the earlier he could hatch the dragon egg, and the earlier he could enter the ancient battlefield to level up.

Therefore, he didn't want to waste any more time.

"Sheesh."

"Can I ask what kind of mission it is first?" Luo Tian asked while being pulled away by the elderly person.

The elderly person grinned and replied: "The mission is very simple. Don't worry; it's just a normal escort mission. It's going to be very simple."

The elderly person kept emphasizing the words "very simple."

The evil-looking youth followed next to the elderly person. It was very obvious he didn't care what the mission was and only wanted one thing – the money reward!

Moreover...

He agreed so readily because the elderly person paid the money upfront!

At this time...

A large group of people came over in a menacing fashion.

The one in lead was a good looking youth. The youth had a cold sneer and his expression showed off his arrogance. He glanced at a man next to him and gave him a signal with his eye.

The man stepped forward. He clenched his hands and mustered up his powerful energy. He then shouted: "Everyone scam for me! If you dare continue recruiting people, this daddy will slaughter all of you!"

The surrounding instantly became quiet.

The elderly person's expression drastically changed. He lowered his head and didn't dare to look up.

"Opening Heaven Manor's Third Young Master!"

"An expert at the peak of the profound Venerate realm!"

"Your news source is too outdated. Just yesterday, he received a medicinal pill from the Imperial God Immortal Sect and broke through to the Profound Saint realm. Since Heaven Opening Manor is cooperating with those large immortal sects, they must have received quite a bit of benefit."

"Rainbow Lotus... who doesn't want it?"

The man furrowed his brows before he continued saying: "I will give you all a chance. Join the team of our Third Young Master and we will give you a generous reward in return."

Someone in the crowd asked: "The Heaven Opening Manor has a lot of elite experts, right? What do you need us for?"

"Humph~!"

“Who just spoke such bullshit?”

The man’s figure moved and instantly killed that guy who spoke with a palm strike. He instantly shifted back to his original position and asked viciously: “Who else has any questions?”

No one spoke!

Not a sound could be heard.

The man coldly scoffed and said: “Good, very good. Now everyone come back to Heaven Opening Manor with me!”

Suddenly...

The eyes of the Third Young Master wearing a full suit of golden armor suddenly turned cold. The whip in his hand flicked out with a crisp “snap” sound, directly landing on the elderly person next to Luo Tian. The elderly person’s body shook, and his flesh immediately opened up into a deep wound.

The youth, Ji Ao chuckled a few times before mocking: “Oh? Aren’t you Sunset City’s Steward Qin?”

The elderly person’s face was covered in blood.

Ji Ao’s attack was rather fierce.

The crowd backed away. Qin San’s expression turned gloomy while his eyes contained a trace of killing intent. He glared at Ji Ao and grunted: “Ji Ao...!”

“Pak~!”

Another whip lashed over, causing the other side of the elderly person's face to open up a flesh wound. Blood gushed out like crazy! Ji Ao then said arrogantly: "Is my name something a cheap thing like you can say out loud?"

Incomparably vicious!

Qin San was an old guy in his sixties.

Those two whip lashes made him barely able to stand. His body was shaking and his face pale white. He was feeling so much pain that his forehead was covered in sweat. But even if this was the case, he didn't cry out and only glared at Ji Ao.

Ji Ao coldly chuckled and said: "Head Steward Qin, are you here to recruit some bodyguards?"

"Let me take a look!"

"Let me see what kind of cultivation realms the bodyguards you've recruited have." Ji Ao's gaze landed on the evil-looking youth and started laughing. "Hahaha... hahaha... Profound Master realm, what a powerful cultivation level!"

"Head Steward Qin, your eyesight is too powerful. You actually recruited an expert at the Profound Master rank! You must be planning on killing lots of people!"

The evil-looking youth didn't move.

There was no change in his gaze as if Ji Ao wasn't mocking him right now.

The elderly person's gaze tightened a bit.

Ji Ao's gaze landed on Luo Tian. "Puff~ Hahaha... hahaha... crippled dantian! Head Steward Qin, I really can't see through you! It's fine if you find a trashy Profound Master ranker, yet you managed to also find a residual waste with a crippled dantian. No matter what, you are the Head Steward from Sunset City.

It's not possible that you can't even afford the money to find some decent bodyguards, right? If you don't have any money, you should've come looking for me. No matter what, I am still considered a son-in-law of your Sunset City."

"Ji Ao!"

"Don't push your luck!" Qin San finally got angry.

Ji Ao's expression turned vicious while the whip in his hand flicked out. He then coldly shouted: "I like pushing my luck so what can you do about it? Old bastard, this daddy thinks you must be tired of living. Sunset City has already been destroyed yet you still act like you're still the Head Steward? You're nothing but a damn undying old bastard!"

While saying this...

The whip made a loud "pak" sound.

This time, the strength behind it was much stronger.

It contained a trace of power from the Profound Saint realm.

"Die for me!"

This was intent to murder!

At this instant...

Luo Tian was already angry. Just when he was about to make a move, the evil-looking youth already acted first. He blocked in front of the elderly person and said: "Boss, if I save your life, can you increase the reward by another silver ingot?"

Qin San was stunned and said: “Quickly move away! Don’t lose your life because of me!”

“Both of you leave!”

Qin San glanced at Luo Tian when he shouted this.

He knew he was going to die. The moment he was found out by Ji Ao, he knew he wouldn’t be able to live for long.

“Pak~!”

The whip landed.

The strange thing was the whip didn’t land on Qin San’s body.

Accurately speaking...

The whip didn’t technically land because the evil-looking youth grabbed it from behind his back!

“Waaa!”

“Woa~... wow~...”

There was an uproar in the surrounding area.

The speed, the technique, and the strength were too powerful.

Even Luo Tian was startled by this. He then said to himself: “What a fast speed.”

The evil-looking youth's power wasn't that strong, but his speed was shockingly quick!

Ji Ao's expression changed as he coldly shouted: "You damn dog thing! You're courting death!"

His figure moved.

The Profound Saint powers inside him exploded forth as his right hand viciously pulled back!

The evil-looking youth immediately let go.

He turned around and revealed an evil looking cold smile. With that smile, his expression became even more evil looking.

Ji Ao didn't lose his center of balance due to the youth suddenly letting go of the whip. He wasn't in the Profound Saint realm for nothing. The whip turned illusory in the air and snapped down with powers capable of ripping through the void. Ji Ao viciously shouted: "Let me see how you're going to block this!"

At the same time...

The guards beside Ji Ao shouted: "Capture those rebels from Sunset City!"

The guards started scattering.

Eventually, they surrounded Luo Tian, Qin San, and the evil-looking youth.

The distinct killing intent slowly permeated the area.

Qin San looked up and said viciously: "Ji Ao, your death won't be a peaceful one!"

Ji Ao coldly chuckled and said: “Old bastard, I’ll give you a chance at living. Tell me the entrance to the Sky Palace Divine race and this young master will spare your life!”

“The location of the Sky Palace Divine race?!”

Chapter 508 – The Definition Of Fierce

Never would he have imagined that this old guy beside him knew the entrance to the Sky Palace Divine race!

How crazy was this?

Didn’t he come here precisely for the Sky Palace Divine race?

Luo Tian’s eyes stared at Ji Ao as he said with a cold smile: “You shall have to die!”

His voice wasn’t very loud.

Ji Ao treated Luo Tian like air so he didn’t hear what Luo Tian said. His expression was still ferocious as his gaze was focused on Qin San. He then gave a playful smile while saying: “Old bastard, my advice is that you tell me the location or else you can forget about leaving Heaven Opening City today.”

“Oh right!”

“I almost forgot that the youngest trashy son of Sunset City is still at Heaven Opening City.”

Qin San’s eyes tightened.

Before he could say anything, Ji Ao said with a fierce smile: “My guess was correct – that piece of trash is still in Heaven Opening City. The most dangerous place is most often the safest. I should’ve thought of this before. You two have wasted a lot of my time searching all over these two days.”

Qin San's pale expression changed once more as he scolded: "Sunset City has truly wasted too many resources on an ingrate like you! Ji Ao, if it weren't for Sunset City, do you think you would have your current cultivation? If it weren't for our eldest young mistress appreciating you, do you think you would have today's status?"

"Destroying my Sunset City, killing the City Lord, and not even letting your own wife off. You are truly the definition of ruthless!"

Qin San's eyes were bloodshot while his body was faintly shaking.

Ji Ao maintained his playful smile and said: "That just means your eldest young mistress was blind, and your Qin family was blind as well. I entered Sunset City solely to destroy it. Did none of you figure out beforehand that my father is the City Lord of Heaven Opening City?"

"Hahaha..."

"You can only blame yourselves for being idiots, yet you claim yourselves as a dragon protector clan. In my opinion, you guys should be a clan of morons instead. Staring at the resources from the Sky Palace Divine race yet you don't even utilize it. Are you enjoying the taste of the bitter fruit now?"

"Hahaha..."

"Old bastard, you still have a chance right now."

"As long as you tell me the entrance location to the Sky Palace Divine race, I will guarantee you will live on. I can also guarantee that piece of trash will continue living on as well. It's fine if you don't tell me anything because I will find it eventually. It's just that I have to waste a bit of time."

Ji Ao had an expression like he was going to eat Qin San alive, no matter what.

As a matter of fact...

The Rainbow Lotus was extremely precious.

It only bloomed once every three thousand years!

The strength of Sunset City and Heaven Opening City was very close to each other.

Neither could destroy each other. But since Sunset City refused to say the entrance location of the Sky Palace Divine race, Heaven Opening City used this chance to cooperate with many large immortal sects. They used a bit of effort and managed to kill off Sunset City.

Out of this dragon protector clan, only a steward and the youngest son of the Qin family was left.

Ji Ao had been searching for them for several days and didn't expect them to have escaped to Heaven Opening City.

Qin San dropped all pretenses and started laughing madly. "Damn beast, I won't tell you anything even if you kill me today! You can forget entering the location of the Sky Divine Palace race! Our dragon protecting clan will never rebel, we're not a beast like you that's even beneath pigs and dogs!"

"Courting death!"

The whip that was gathering up power in the air immediately moved.

Extremely fast speeds!

Extremely strong power!

The whip started lashing down with power capable of ripping the void apart!

This power was at least ten thousand times stronger than the previous one. The evil-looking youth faintly frowned and then pulled Qin San behind him. He then said: "Move back a bit."

That evil-looking youth felt some apprehension!

No matter what, Ji Ao's cultivation was in the Profound Saint realm.

The powers of a Profound Saint ranker were especially strong. And since he had been absorbing immortal force from inner cores these past few days, the powers Ji Ao displayed contained a dense amount of immortal force!

Luo Tian chuckled and said to the evil-looking youth: "Can you handle it?"

The evil-looking youth was faintly startled by this. He glanced at Luo Tian and said: "A real man doesn't have any moments he cannot handle."

"Good!"

"A strong personality!"

The evil-looking youth's figure then started moving.

His speed had reached the extreme as a five-meter radius was completely filled with his illusory figure. At unparalleled speeds, his figure was moving about in a crazy manner!

The moment the whip descended...

All the illusory images disappeared. His hands clapped together and managed to catch onto the powerful whip.

It was clamped onto by direct force!

Luo Tian's eyes turned to shock. When he looked at the arms of the evil-looking youth, his thoughts turned gloomy. "You're injured."

Underneath the youth's sleeves...

His arms were twisted into a pretzel shape!

The force was too strong so he couldn't handle it. But the youth maintained his evil-looking expression and didn't reveal any signs of pain. His expression was still as cold as before as he scoffed: "Is this all the power you have?"

Ji Ao's gaze turned gloomy. He clenched his fists as the rage inside him surged into the sky.

The war beast beneath him started snorting out flames as it clawed the ground. Just like a tank, it accelerated and charged towards the evil-looking youth. Ji Ao was covered in killing intent as he harrumphed: "Kid, it looks like you're tired of living!"

The eyes of the evil-looking youth tightened.

Also at this time...

Qin San stepped up and blocked in front of the evil-looking youth. "Ji Ao, just kill me if you want but this has nothing to do with him."

"Grandpa Qin San!"

"Don't kill me Grandpa Qin San!"

Suddenly...

A child around eight years old rushed out from the crowd. He spread his arms out, wishing to block the path of the war beast and Ji Ao.

“Hahaha...”

“I didn’t expect you to come out.”

Ji Ao started laughing in arrogance.

Immediately after...

His gaze turned serious as he gave an evil command: “Smash him to death!”

“You dare block this daddy’s path?”

“Even if you’re the Heavenly King, you’ll still end up dying!”

“Tian Tian!”

Qin San’s voice shook as he screamed. He rushed up ahead and shouted: “Ji Ao, you damn beast! You dare?!”

“Old undying bastard, just watch if I dare to or not!”

“One old and one young homeless stray dog of Sunset City – go die for me!” Ji Ao started laughing ruthlessly. His methods have always been digging up the roots when removing the weed. Even children and the elderly will not be spared!

As for the entrance to find the Sky Palace Divine race, he believed he only had to waste some time and he would find it eventually.

Therefore...

He decided to kill them and not allow them to live a second longer!

The little boy closed his eyes. His body didn't move as he continued standing in the path of the war beast.

"Bang~!"

"Bang~!"

The stomping from the war beast sounded like thunder while its ferocious aura suppressed the surrounding area.

Qin San jumped over but his speed was too slow.

The evil-looking youth's arms seem to be crippled so he couldn't take any action. He couldn't even move if he wanted to right now.

"Hahaha..."

"Evil remnants of Sunset City, go to hell for me!" Ji Ao laughed out crazily in excitement. The guards behind him also started shouting in unison.

The surrounding crowd didn't dare to keep watching.

They didn't dare to get involved in the matters pertaining to the Heaven Opening Manor!

When Sunset City was destroyed, Heaven Opening City became the overlord of a large territory!

Not even sparing a child and an elderly person?!

The moment before the war beast crashed into the little boy, Luo Tian made his move.

“Shadewind Steps, level 9!”

“Whoosh~!”

He blocked in front of the little boy while glaring at the wildly arrogant war beast. “Lion Tiger Gold Shattering Roar, level 7 – Lion’s Concussive Roar!”

“Boom~!”

“Lie down for me!”

“Bang~!”

An incomparably powerful rank 8 demonic beast was shaken to the core by Luo Tian’s Lion Tiger Gold Shattering Roar!

Fierce?

Chapter 509 – Extremely Arrogant

The war beast’s butt was pointing at the sky.

And its throat was stuck to the ground. It was completely shaken by Luo Tian’s roar!

It no longer had its previous arrogant expression. It became something similar to a scared little cat and didn't dare to look at Luo Tian anymore.

Ji Ao was extremely angry atop of it. Before he was thrown off, his right leg stomped down and he flew into the air. "Damn dog thing! Even you dare to oppose this daddy?! Get up for me!"

"Boom~!"

The war beast flipped over and tried to get back up.

Luo Tian raised his right foot out and rested it onto the war beast. His mouth formed a sneer while his eyes widened to glare at the war beast. "I want to see if you dare to move!"

It instantly stopped!

It became extremely well-behaved! It was already scared to death so would it dare to continue moving?

The little boy behind Luo Tian felt like he was being protected by a tall and sturdy figure. His eyes faintly opened and saw Luo Tian's back, giving him the feeling that he was standing before a giant.

Also at this time...

Luo Tian turned around and looked at the boy. He then said with a faint smile: "Go back to your grandfather."

Qin Changtian nodded obediently and said politely: "Thank you, big brother. You need to be careful as well. Brother-in-law... no, he's not my brother-in-law any more. That man is really bad and very vicious."

Luo Tian gently caressed his head and replied: "This big brother is even more vicious than him!"

"Heh heh..."

“No matter how vicious big brother is, you’re still a good person.”

After saying that...

Qin San ran over and held onto the little boy. He looked at Luo Tian and said with gratitude: “Thank you for your help.”

Luo Tian smiled and replied: “There’s no need for thanks. Since I’ve received your money, then I will definitely do things on your behalf. Don’t worry; I won’t make you increase the reward money.”

While saying this, Luo Tian either intentionally or unintentionally glanced over at the evil-looking youth.

At this time, the gaze of that evil-looking youth was filled with shock. He was so shocked that he muttered to himself: “Someone with a crippled dantian can be this powerful? This is too inconceivable.”

The surrounding crows were also clamoring in a discussion.

“What a good kid!”

“His sonic attack actually shook a rank 8 demonic beast! He’s quite powerful!”

“Powerful my fart. He’s about to lie on the ground and become a dead dog. He even dares to shock Heaven Opening Manor’s Third Young Master Ji Ao’s mount? I think he’s tired of living. Heaven Opening Manor is the overlord of the surrounding one million kilometers. Offending an overlord is equal to courting one’s own death.”

“That kid is going to die.”

“Those that don’t mind their own business will definitely not have a good ending. The current Heaven Opening Manor is not the previous Heaven Opening Manor. They collaborated with several large

immortal sects and instantly destroyed Sunset City. Who here in this region would dare to offend people of Heaven Opening Manor?"

The crowd was discussing this in low voices.

The way the crowd was staring at Luo Tian was similar to looking at a dead person.

Ji Ao's gaze turned vicious as he shouted once more: "Damn beast! Stand up for this daddy!"

Luo Tian took away his foot and said with a cold smile: "Try moving a tiny bit if you dare."

The war beast on the ground really didn't dare to move because it was afraid of Luo Tian. It was even more afraid of Luo Tian than its owner.

This made Ji Ao extremely annoyed.

His cold gaze shifted to Luo Tian, "I don't care who you are and what background you have. I don't care what kind of relationship you have with the Qin family either because you will be dying by my hands no matter what. They will not be able to take a single step out of Heaven Opening City today."

Killing intent was extremely dense.

Suppressing his war beast in front of so many people? This made him completely lose all his face.

Ji Ao was enraged.

Luo Tian patted the war beast and said: "Go over there and protect them. Whoever dares to mess with them, you can go ahead and rip them into pieces."

"Woo~, woo~..."

The war beast rolled around and got back up. It obediently walked over and stood next to Qin San and the rest. Its eyes recovered to its original ferocious state and the aura of a rank 8 demonic beast exploded forth. Eyes filled with hatred glared at the Heaven Opening City guards that were holding onto their weapons.

This sudden change made the anger inside Ji Ao surge up even more. He was so angry that it made his teeth ache.

Ji Ao descended closer to the ground from up high with a condescending look. He then shouted: "Kid, you can forget about escaping death even if a Heavenly King descends!"

Luo Tian didn't even glance at him. He turned around and said to Qin San: "Boss, do you want me to kill him, kill him, or kill him?"

Before Qin San could respond...

The little boy Qin Changtian mustered his courage and said in anger: "Big brother, help me kill him."

The eyes of the evil-looking youth tightened as he reminded: "Be careful, his cultivation is higher than yours by a lot."

Qin San's gaze turned fierce while saying through clenched teeth: "Kill him. If you can kill him, this old man is willing to do whatever you want of me!"

Luo Tian was excited and said to himself: "I've been waiting for that word."

Immediately after...

Luo Tian turned around and stared at the arrogant Ji Ao floating above the ground. He raised his right arm and pointed at Ji Ao, "Not to mention the Heavenly King, even if your entire eighteen generations of ancestors resurrected this second, you still have to die for me!"

Arrogance to the max!

He was pointing at Heaven Opening Manor's Third Young Master and said he had to die! In the history of Heaven Opening City, this was the first time for something like this to happen. No one has ever seen such a wildly arrogant person before. Was this guy insane?

Some sort of retard?

Ji Ao started laughing like crazy, "Hahaha... hahaha..."

The guards next to him also started laughing.

Many people in the crowd watching the show also started laughing. They felt like this was quite a comedic event.

Who would dare to say such words in Heaven Opening City?

Even immortal sect disciples would never dare to act this arrogant.

Ji Ao kept laughing like crazy. He felt like he had just heard the funniest joke in all history. He pointed at Luo Tian and mocked: "A piece of trash with a crippled dantian actually dares to spout such words out? I'm about to laugh myself to death soon..."

Just when nearly everyone in the area was laughing out loud...

Luo Tian's figure suddenly disappeared.

Ji Ao's laughter didn't stop. His Profound Saint aura was released while he said with disdain: "Trash, you actually dare to..."

Suddenly...

His brows formed a frown, "I can't detect his aura!"

A Profound Saint ranker couldn't detect another person's aura?

This...

The time it takes for a spark to fall off a flint...

Luo Tian charged out from the void while his magma fire covered fists smashed towards Ji Ao. His fists led his whole body to penetrate through Ji Ao's body! This kind of scene was terrifying to a complete mess!

Ji Ao didn't have any time to react!

When his body was penetrated through, he didn't even have time to scream out in pain. He was instantly killed, just like that!

"Ding!"

"Congratulations to player Luo Tian for killing Ji Ao. You have gained 200,000 experience points, 20,000 immortal force..."

"Congratulations to player Luo Tian for gaining an inner core."

Luo Tian could instantly kill Profound Saint experts like Long Wang, so what was a Profound Saint ranker like Ji Ao considered?

Killing him would only take a few seconds.

The surrounding area turned silent.

A silence that reached a horrifying level.

Chapter 510 – You Damn System

“Run?!”

“I’ve killed him already so why do we need to run?”

Luo Tian didn’t realize what was going on.

Qin San was already next to Luo Tian. He grabbed Luo Tian’s arms and started pulling and running at the same time. “Quickly run! Quick! Quick! The people from Heaven Opening Manor are about to kill their way over. It will be too late if we don’t start running now!”

“He’s dead!”

“Third Young Master is dead.”

“You deserve to die! You guys can forget about running!”

The leader of the guards was livid with rage.

No one imagined Luo Tian would actually kill Ji Ao.

And it happened to be an instant kill!

No one had time to react. Qin San's shout had broken the silence and the surrounding people seem to have woken up from their stupor. Their faces were filled with shock when they stared at Luo Tian. Some people were whispering that they felt Luo Tian was quite powerful.

But eventually...

Their discussions turned into where Luo Tian was going to be a dead person.

Or at least one that was about to die really soon.

"After killing Heaven Opening Manor's Third Young Master, it would be useless even if he manages to run to the corners of the world."

"Completely nuts and off his rocker – this kid is definitely insane. He actually dared to kill Heaven Opening Manor's Third Young Master? Does he not know how strong the city lord of Heaven Opening City is? City lord has lived for a thousand years and has already reached the Profound Emperor realm. Who can handle him here?"

"Run? It would be useless even if he ran all the way to Hell."

The evil-looking youth had an excited expression on his face. When Luo Tian's move instantly killed Ji Ao, he couldn't even see it clearly. He always thought his speed was unparalleled without a match and didn't expect that he couldn't see Luo Tian's move that well. He clenched his fists and cried out: "Psss~ ... aiya~, this is so painful."

He had forgotten his arms had been twisted into pretzels.

"Why are we running?"

"Even if we have to run, we don't have to be this hurried, right?"

“Isn’t it just a city lord of Heaven Opening City? I will take care of him for you as well.” Luo Tian had no intention of running. So what if he killed someone from Heaven Opening Manor?

So what if it’s the city lord of Heaven Opening City?

His personality has always been this crazily arrogant!

If Ji Ao hadn’t wanted to smash the little boy to death and not even spare an elderly person, Luo Tian might have been merciful. But for a person that doesn’t spare children or the elderly, there was no need for him to show mercy!

Death!

He didn’t even have time to be excited.

According to logic, he should be feeling ecstatic from Ji Ao’s death. But he wasn’t feeling any excitement right now as he dragged Luo Tian’s arm in a hurry. “You don’t understand how strong Heaven Opening Manor is!”

“You don’t understand how high Ji Tongtian’s cultivation is!”

“His favorite son has died so he will definitely be enraged. If we don’t run now, we definitely won’t make it out of Heaven Opening City alive.”

Luo Tian couldn’t help asking: “How strong is Heaven Opening City’s lord?”

Qin San glanced at Luo Tian replied: “The city lord of Heaven Opening City broke through into the Profound Emperor realm 13 years ago. He became the absolute overlord of this area. No matter how strong you are, there’s no way a kid like you will be his opponent. Moreover, there are Imperial God Immortal Sect and Starsea Immortal Sect people by his side right now. Out of the ten great immortal sects, four of them have joined forces with him. How angry do you think he’ll be after you killed his third son?”

“An expert at the Profound Emperor realm?!”

“So awesome!”

“Then something great will definitely explode from him. There should be plenty of good loot, right?” Luo Tian couldn’t hold down his excitement. He was a true madman and didn’t care for how strong the city lord of Heaven Opening City was. The only thing he cared about was what good stuff was going to explode forth.

The stronger they were, the happier he became.

It was just like the Prime Elder from Mount Hua Immortal Sect.

Every time Luo Tian saw him, he couldn’t hold down his happiness. Being face to face with these super bosses and seeing their golden shimmering glow, his heart would start throbbing in an inexplicable manner.

Explode him!

This was the only thing he wanted to do right now.

Qin San became dumbstruck upon seeing Luo Tian’s excited expression. He really wanted to beat the crap out of Luo Tian to wake him up right now. “Kid, what kind of crappy excited expression is that? Quickly run! You’re now my hired laborer so I’m commanding you to run. You also need to bring him and escape from Heaven Opening City.”

“Ding!”

“Congratulations to player Luo Tian for triggering a D-rank quest!”

“Escort Qin Changtian out of Heaven Opening City.”

Quest: Escort Qin Changtian out of Heaven Opening City.

Quest reward: 1000 experience points.

Quest time limit: 1 minute.

Note: One hundred million experience points will be deducted if the quest fails.

“Damn, it’s actually a newbie quest.”

“A D-rank quest reward that only gives me 1000 experience points... what the hell?!” Luo Tian complained internally before saying to himself: “How can this be? Heaven Opening Manor is such a strong force so how can it only be a D-rank quest?”

When he noticed the last entry for the notes...

Luo Tian became dumbstruck.

“Damn!”

“My reward is only 1000 experience points while failing the quest will deduct 100 million experience? F\*ck you, you damn system!” Luo Tian started cursing. This was the first time ever that he received such a quest, and he really couldn’t understand what was going on.

So...

He didn’t want to waste a single second.

The quest time limit was only one minute and he had already wasted about 10 seconds. This meant he only had 50 seconds left!

He couldn't delay any longer!

"Screw this!"

Luo Tian furrowed his brows. Each of his hands grabbed onto one person before throwing Qin San and Qin Changtian onto the back of the war beast. He tightened his eyes before saying: "Bring them out of Heaven Opening City for me."

"Owww~!"

The war beast smashed its forelegs onto the ground before charging off.

The war beast clearly saw how Luo Tian killed Ji Ao. Luo Tian was basically heaven to him. No matter how much courage it had, it didn't dare to go against his commands.

"You want to escape?"

"None of you can dream of escaping today."

"Die right here for me!"

The head guard instantly rushed out and blocked in front of the war beast.

The war beast breathed out flames from its nostrils. Its eyes turned red before increasing its speed. It had no intention of stopping and just fiercely charged forward. Its mouth filled with sharp teeth opened up and bit down, directly ripping that guard into pieces.

At this moment...

Luo Tian instantly landed next to the head guard. His fists smashed out and sent him flying. Just when he was about to catch up to the war beast, Luo Tian realized the evil-looking youth was standing there without moving. He shouted towards him: "What the hell are you standing there for?! Why aren't you running?!"

The evil-looking youth gave an awkward smile and replied: "I, I, I can't move."

"F\*ck!"

Luo Tian looked at the time and realized he had less than 30 seconds left.

This was 100 million experience points on the line!

The system had really driven him crazy!

Even though he was rushed for time, Luo Tian still quickly ran to the evil-looking youth and cast the skill Regeneration on him. He then said: "Quickly run! I will guard the rear!"

The evil-looking youth's arms instantly recovered. His expression showed his shock and his eyes glowed while staring at Luo Tian.

Luo Tian directly slapped the back of his head and shouted: "Your sister! Hurry up and run!"

He was going to die of irritation at this point!

Experience points were like his flesh, and taking away 100 million experience points from him was no different than cutting off a big chunk of his flesh!

The evil-looking youth finally reacted. He transformed into a gust of green smoke and disappeared without a trace. His speed was so fast that even Luo Tian didn't know how to react. He then loudly scolded: "Damn! He's even faster than the ancestor of rabbits!"

At this moment...

A large group of guards charged over.

Luo Tian looked at the time and noticed he had about ten plus seconds left. "Myriad Thunder Roar, smash them for me!"

"Boom~!"

When countless lightning descended, Luo Tian didn't bother to keep watching. He activated level 6 Berserk and level 9 Shadewind Steps, rushing out the gates of Heaven Opening City at the last second. At this time, he heard an alert tone from the system.

"Congratulations to player Luo Tian for completing the quest. You have gained 1000 experience points."

"You damn system! Just for this measly 1000 experience points, this daddy almost went insane!"

At this time...

An alert tone sounded off inside Luo Tian's mind again.
