

Leveling Up 511

Chapter 511 – You Want To Play Me To Death?

Fate!

Luo Tian felt like he was playing with his life during this short one minute. He was almost played to the point of being broken by the system!

If the quest gets completed, he would receive 1000 experience points as a reward.

If he failed the quest, 100 million experience points would be deducted. What the hell is this about?!

He has never encountered such a thing before.

“This daddy has never seen a system where failing a quest would result in a punishment. If you want to kill me, just do it in an open manner!” scolded Luo Tian in irritation. Also at this time, the system gave off another alert tone.

Luo Tian’s sphincter tightened.

He had always enjoyed the system alerts, but now his heart felt a trace of sadness and a trace of pain.

“Ding!”

“Congratulations to player Luo Tian for getting a grade of A for the completion. You have gained an extra 100,000 experience points!”

“Eh?”

Luo Tian became slightly happy. He opened up the system interface and realized there was a rating page with an A as the grade.

There were many video games in his previous life that gave ratings for quest completion. The higher the grade you got, the higher the reward you would get. There were even times where you could draw a big prize!

“Hahaha...”

“So you still have a conscience to compensate me for 100,000 experience points. Otherwise, I would have started scolding all eighteen generations of your ancestors.” Luo Tian was smiling inside his heart. The 100,000 experience points weren’t a lot, but it was considered not bad already.

But...

What he didn’t expect was...

The system gave him another alert tone.

“Ding!”

“Congratulations to player Luo Tian for triggering the second part of the quest. The quest grade is at the C-rank.”

“Quest: Protect Qin Changtian for ten days. He cannot die or suffer any injuries. Otherwise, the system will consider this as a quest failure.”

“Quest reward: 2000 experience points.”

“Quest duration: Ten days.”

“Quest failure: Deduction of 200 million experience points.”

“I...”

“You...”

Luo Tian wanted to curse out loud twice but eventually held it back inside. He then said helplessly: “System, you’re the grandpa and I’m the grandson. If you want to play me to death, just go ahead and give it to me straight. I can go ahead and allow you to see how I die, anytime you want.”

The same thing again!

This is definitely the music that starts playing before I’m played to death.

Luo Tian felt depressed.

He had no other way out because the quest didn’t give him any rights to decline it. All the previous quests would at least give him a “Will you accept it?” dialog box. This time, it didn’t give Luo Tian any ability to choose.

It directly forced his hand.

“Fine!”

“Run away!”

“The further, the better.”

“Thank you, little brother. Thank you for killing our Sunset City’s greatest enemy. You’ve avenged my old lord, my young miss, and the 367 members of the Qin family. This old man doesn’t have the ability to repay you so I can only kowtow to you.”

While saying this, Qin San kneeled down.

Qin Changtian beside him was very sensible and immediately kneeled down as well. His head started moving down about to knock on the ground.

Luo Tian almost lost his life in fear of seeing his head about to hit the ground!

He immediately used an unseen force to restrain Qin Changtian and said hurriedly: “My little ancestor! You’re not allowed to even have a minor scratch to your skin! My 200 million experience points are all on you!”

The system was a non-living thing.

As long as Qin Changtian suffered a tiny bit of injury, it might consider the quest as a failure. It would then immediately deduct 200 million experience points from Luo Tian. This...

This was basically taking his life!

“Quickly get up.”

“I’m your hired worker so helping my employer is very natural. So, where should we go after this?” Luo Tian reminded them of their situation. He remembered Ji Ao’s words in Heaven Opening City – Sunset City’s Qin family was the dragon protector clan and they knew the entrance to the Sky Palace Divine race.

Luo Tian’s goal here was to find the Sky Palace Divine race, get the Dragon’s Bead, and then help his dragon egg hatch.

Except...

He wasn’t in a rush to mention this.

The Qin family lost over three hundred plus lives and they still didn't reveal it. Once Luo Tian asks about it, Qin San would immediately become wary of him and this would do more harm than good.

Qin San was panting while saying: "What the Heaven Opening Manor wants is my and young master's life, so this has nothing to do with you two. You both should leave now and don't get implicated because of us."

"Huh?"

Luo Tian was startled by his words and said: "If we leave now, how far can you two run?"

The evil-looking youth came over and said: "That's right. Just tell us a place and we will send you there. Since we've received your money, we will definitely help you finish the task."

Qin Changtian looked up at Qin San and said: "Grandpa, these two big brothers are not bad people. Just let them come with us."

Qin San still didn't fully trust Luo Tian and the other youth.

This was because of Ji Ao.

This was also logical. They couldn't just fully trust Luo Tian because he had killed Sunset City's greatest enemy.

Qin San was very clear...

That in this world, they were the only two people left that knew the entrance location to the Sky Palace Divine race.

Could Luo Tian be here for that?

No matter what, Qin San wouldn't trust others that easily but he was also out of options at the same time. Just like what Luo Tian said – Heaven Opening City will definitely catch up to this pair of old and young within half a day. There is no way they can survive until tomorrow.

Qin San's expression turned gloomy before saying: "Fine, then we'll be in the care of you two."

"Yeah! Yeah! Yeah!"

Qin Changtian leaped about in joy.

Luo Tian faintly smiled and felt his heart relax. He was rejoicing internally and felt lucky he didn't ask about the entrance to the Sky Palace Divine race. Otherwise, there's no way he would be allowed to follow these two. "Qin San's vigilance is quite strong."

Strong to the point that he would never say a word about it.

There was only one method left – change his heart somehow!

The evil-looking youth had a calm look on his face as he exuded a faint evil aura. The only thing out of place was his gaze turned fiery hot when it landed on Luo Tian. This was because the strength Luo Tian demonstrated had impressed him greatly.

"Good!"

"Let's quickly run then, and try to leave Heaven Opening City's area of influence." Qin San's brows furrowed as he helped Qin Changtian get onto the back of the war beast.

Luo Tian couldn't help asking: "Where are we going?"

Qin San looked off into the distance and replied: "The Dark Forest!"

Heaven Opening City, Heaven Opening Manor.

“Ao’er!”

“Ao’er!”

“Ao’er!”

The old Ji Tongtian was bitterly weeping while trying to suppress an evil-like flames of rage around him. The evil flames would surge up, then shrink down, and cause a suppressive atmosphere in the main hall. He was clearly extremely enraged.

Ji Ao was his youngest son, and also the son he doted on the most.

He never imagined a white hair person would have to bury a black hair person! 1

Moreover...

There wasn’t even an intact corpse for Ji Ao’s death, and only several pieces of his flesh left. His heart was trembling when looking at this scene. He then shouted through his clenched teeth: “Send out all the assassins in Heaven Opening Manor! I want all four of them dead! Every single one of them needs to accompany my son in his burial!”

He gnashed his teeth in anger!

His looks were beyond vicious!

At this time, two middle-aged men came over.

They cupped their hands and said in unison: “Father – your son will definitely take revenge for his third brother (second brother). But the Rainbow Lotus is about to mature, and several immortal sect Elders...”

Before they could finish...

Ji Tongtian flipped his palms and slapped them, sending them rolling on the ground. The thick battle aura of a Profound Emperor was released as he shouted: “No matter how big the issue is, it still won’t be bigger than the death of Ao’er! Have them wait for me!”

Chapter 512 – The More, The Better

Ji Tongtian’s love for Ji Ao was deeper than what others imagined.

A single slap sent two of his sons tumbling before he said: “I’m hitting you two because I want you both to remember – nothing is more important than your siblings. I know the immortal sect envoys want the Rainbow Lotus and to find the Sky Palace Divine race, but this matter will be discussed only after I take care of those four people!”

The battle aura of a Profound Emperor ranker seeped out.

The atmosphere around the entire Heaven Opening Manor became extremely oppressive.

Also at this time...

Several immortal sect envoys came over.

Heading the group was an envoy from the Imperial God Immortal Sect, an outer sect Elder called Yang Jin. He looked around fifty years old but his real age was already over three hundred, and his cultivation was at the Profound Saint realm.

Yang Jin had a calm look as he walked into the main hall. He then said: "My condolences, City Lord Ji. It's such a pity for your noble son to have died, so we, the living should do something for him. We can't let him die just like that."

The Starsea Immortal Sect's envoy, Lu Zhen also said: "That's right. The Rainbow Lotus and the matter with the Sky Palace Divine race should be set aside for now. We should first find the enemies of your noble son and then sacrifice their heads to your noble son."

The other two immortal sect envoys also expressed their opinions.

They were very clear...

That within Heaven Opening City, their immortal sect's influence was rather weak.

They had to borrow Heaven Opening Manor's strength.

This was all because of Ji Tongtian!

A Profound Emperor ranker was someone that had already reached the supreme heights of the cultivation world. Even if they were orthodox immortal sects, they didn't wish to offend an unfathomable monster that had lived for over a thousand years. They could only cater to him at a time like this.

Ji Tongtian's expression returned to that of being calm. He then replied: "Thank you immortal sect envoys for your understanding. I will take care of this matter as soon as possible and not affect the important matters of your envoys."

"No rush."

"Our matters are minor while the Third Young Master's death is more important."

When Yang Jin saw that Ji Tongtian had calmed down, he walked over and said: "Third Young Master's cultivation had broken through to the Profound Saint realm a few days ago. Even though he's not an orthodox immortal sect disciple, he should still be a supreme existence in this area. There aren't many people capable of instantly killing him. I believe that it shouldn't be someone from Heaven Opening City or people from Sunset City."

"Brother Yang's deduction sounds about right!"

Luo Tian did not try to conceal where he went.

From the teleportation array to the restaurant, then to the entrance of the city. Many people saw his movements and a brief investigation would reveal it.

Ji Tongtian's brows furrowed as he muttered: "A person from the immortal sects?"

A brief sense of doubt appeared on his face.

Yang Jin immediately said: "Don't worry, City Lord Ji. It doesn't matter if he's an immortal sect disciple or an Elder, we won't let him off. Moving against the people of Heaven Opening City means he broke the agreement our ancestors signed. Even if he's the Sect Leader of a certain immortal sect, he still cannot escape death."

"Good!"

"These two Elders are indeed Elders of the number one and number two strongest immortal sects. This Ji sincerely admires both of you." Ji Tongtian then said loudly: "Since that's the case, then there's no need for me to hesitate."

"Based on my Heaven Opening Manor's strength, I can definitely twist off the heads of those four within three days."

In the radius of a million kilometers, Heaven Opening Manor was the overlord.

Yang Jin then said: "Since it's an immortal sect member that broke the agreement by our ancestors, we cannot sit here and do nothing. Besides, since this person can kill the Third Young Master who's at the Profound Saint realm, his cultivation won't be that simple."

Lu Zhen immediately added: "I'll have my eldest disciple and four Starsea Immortal Sect disciples assist City Lord Ji."

"I will also have our eldest disciple assist."

"I will do the same too."

The four great immortal sects all expressed their support.

Ji Tongtian's face showed a happy smile, but he was coldly shouting internally: "A bunch of old wily foxes! Scared that I won't tell you guys the entrance of the Sky Palace Divine race once I find out? Humph~! How can I not know what you guys are thinking?"

Indeed...

When the four immortal sects found out that two of the four people knew the entrance location to the Sky Palace Divine race, they immediately rushed over here.

They had to participate in this time's hunt!

They were indeed worried Ji Tongtian wouldn't tell them the entrance location once he found out.

After all, this was Heaven Opening City and was at least 10 million kilometers away from the nearest immortal sect. It was extremely inconvenient even though they had a teleportation array. No one wanted to stay at a place where there was barely any immortal force and even a bird wouldn't want to take a shit here.

They wanted to finish their mission as soon as possible and then go back.

Ji Tongtian cupped his hands and said: "Then this Ji shall thank the four envoys."

Right after that...

Ji Tongtian went to the entrance of the main hall and shouted: "Someone come! Send out our Heaven Opening Kill Order – whoever finds those four and doesn't report it, immediately kill their entire clan. Send out all the assassins of Heaven Opening Manor. I want to see their heads within three days!"

"We obey!"

Also at this time...

The four great immortal sect envoys told their eldest disciples to chase and kill.

"Ommm~!"

An extraordinary sight of battle aura surged into the sky. Ji Tongtian's aura dispersed throughout the area as he roared: "Qin San! I will find you no matter where you hide! I will have all four of you accompany my son in his burial!"

His voice was like a sonic wave that rippled outwards.

It spread out like crazy to extremely far distances!

The edge of the Dark Forest.

Qin San's expression sank. He stopped and said: "That old bandit Tongtian is sending out the Heaven Opening Kill Order. We have to pass through the Dark Forest as fast as possible because leaving the forest means we will be out of reach from Heaven Opening Manor's influence. At that time, it would be very difficult for them to catch up to us."

Luo Tian looked at the direction of Heaven Opening City. He was clenching his fists while revealing an excited look. "A Profound Emperor expert! This is definitely the aura of a Profound Emperor expert! So strong! I wonder if a divine item will drop after I kill him?"

"Gulp~!"

Luo Tian swallowed his saliva while saying to himself: "I really want to kill him."

Qin Changtian noticed Luo Tian's excited expression and said: "Big brother Luo Tian, what are you thinking about? That old bandit Tongtian is a Profound Emperor expert. Even my father wasn't his opponent..."

Upon thinking of his father...

Qin Changtian couldn't help being choked up. "Father... father... I really miss you."

"Sigh~"

Qin San sighed while his expression turned gloomy. He wanted to console Qin Changtian but couldn't find any words. Having to witness your father die in front of you is a terrible feeling. His elderly father also died by the sword of an assassin sent out from Heaven Opening Manor.

Luo Tian lowered his body and said with a smile: "Tian Tian, you need to stay strong-hearted. No matter how strong or how high the cultivation of your enemy is, you need to keep living and stay determined. For those bad people from Heaven Opening Manor, this big brother will guarantee that I will kill how many that comes!"

Qin Changtian nodded and replied: "En!"

Luo Tian looked in the direction of Heaven Opening City while praying internally: "I really hope you guys come. You are my experience and my undefeated points. The more, the better. Heh heh..."

Chapter 513 – Harboring Evil Intentions

Heaven Opening City.

At a certain courtyard.

Yang Jin's expression sank as he coldly asked: "Did you find out which immortal sect that person belongs to? It's definitely not a coincidence for him to suddenly appear and kill Ji Ao. Could it be that another immortal sect has also found out the secret about the Sky Palace Divine race?"

Lu Zhen's expression also became downcast as he replied: "It shouldn't be. Back then, there were only four of us present. None of us are idiots so who would spread this kind of information? Don't forget, we didn't even tell our sect leaders about this."

"I didn't say anything."

"Whoever spread this out is truly a dumbass."

The four of them glanced at each other.

A few months ago.

The four of them were in the depths of the Sky Mountain ranges to search for the Rainbow Lotus. They somehow found a huge dragon that was heavily injured!

This wasn't a dragon that looked like a lizard.

It was the kind that looked like those huge divine dragons!

The dragon noticed them and only glanced at them as a deterrence, and they all instantly blanked out on the spot.

By the time they woke up, the dragon had already disappeared.

In regards to this...

They started searching like crazy! They searched the entire Sky Mountain yet still couldn't find traces of the dragon. What they could determine was this dragon wouldn't live for long. The wounds on its body were extremely grave so it was already on the edge of death.

A dragon!

They were the most mysterious and the strongest species in the Tianxuan Continent!

If one could fuse together with the dragon's bloodline...

They would gain the diving dragon's might! That person will shake the whole world and their cultivation would rise up at unprecedented speeds!

There was no one in the continent that didn't want the bloodline of a divine dragon!

Murong Wanjian's appearance made countless experts search all over just so they could kill a dragon.

They precisely wanted to fuse with the dragon's bloodline so that their cultivation would increase dramatically. They would gain greater strength, gain the near-invincible fleshly body of a dragon, and gain a monarch's strength that would allow them to look down on everything in this world!

These four clearly saw it.

But they couldn't find it.

They were inquiring about for several months and eventually found out about the dragon protector clan from Sunset City. They also found out that this dragon protector clan were the only ones they knew about the entrance for the Sky Palace Divine race. And inside where the Sky Palace Divine race resided was the only resting place for the dragons in the whole Tianxuan Continent!

Destroy Sunset City's Qin family.

They were killed off one by one.

But no one said a thing.

Over three hundred Qin family members and disciples were killed, yet they didn't say a thing. This made the four of them feel that hidden inside the location of the Sky Palace Divine race was a dragon. It was highly possible that it was exactly that injured dragon! There was no way they could kill a live dragon, but they were confident in going against one that was at the edge of death.

They were willing to take the risks in order to get their hands on a divine dragon's bloodline!

This was their chance to rise to the heavens in one single step!

"Enough!"

"It doesn't matter who that person is because he still has to die."

"If he manages to find out the real goal for us being here, then this whole thing will no longer be ours." Yang Jin frowned before continuing: "Apart from that person, we personally need to control the remnants of the Qin family!"

"When I went back to the Imperial God Immortal Sect, I exchanged 10,000 merit points just for this medicinal pill."

"As long as they eat it, we can ask whatever we want and they will spill everything out."

Lu Zhen smiled excitedly and said: "Brother Yang is truly wise. We can definitely get the entrance to the Sky Palace Divine race this time. If brother Yang is the first to gain the divine dragon's bloodline, I'm sure the other two brothers won't say a thing."

"That's natural of course."

"Brother Yang contributed the most so he is naturally the first one to give it a try."

"Hahaha..."

"My fellow junior brothers, we'll be able to leap into the heavens in just a few days. At that time, the entire world would be shaken by our names."

"Hahaha..."

In another location.

The secret chamber of the Heaven Opening Manor.

Ji Tongtian had a cold expression on his face. Standing behind him was his eldest son Ji Tian and his second son Ji Yuan.

"Since the four great immortal sects cooperated with us, I'm sure it's not as simple as just the Rainbow Lotus and the entrance to the Sky Palace Divine race. There's definitely some type of huge secret related to the Sky Palace Divine race. I want you two to secretly follow the disciples from the four immortal sects," said Ji Tongtian.

Ji Tian immediately replied: "Your son obeys."

Ji Tongtian then continued: "As for the remnants of the Qin family, we cannot let anyone else capture them no matter what. We have to control them with our own hands. This will be the bargaining chip we'll need against the four immortal sects. In order to break past the Profound Emperor 3rd rank, I need a huge amount of medicinal pills. As long as I break past it... heh heh..."

"Even if they enter the location of the Sky Palace Divine race, they won't be able to leave with their lives!"

"You have to remember!"

"That little boy Qin Changtian; his identity is not ordinary so you definitely cannot allow him to land in the hands of the four immortal sects!"

"Your son understands!"

Ji Tongtian's mouth curved into a sneer. He then coldly smiled and said: "Four great immortal sects, huh? Humph~! You want to do whatever you want in the territory of mine, Ji Tongtian's? Just wait and see! You cannot escape from being responsible for my son's death!"

"You guys just wait and see!"

"Once I've investigated everything thoroughly, the date of your deaths will be imminent."

Everyone was harboring their own evil intentions.

But...

This wasn't exactly a bad thing for Luo Tian.

Everyone had the same goal.

No matter what, Luo Tian would have to deal with these two powerful forces eventually.

The four great immortal sects present and the Heaven Opening Manor.

Any of those forces was an incomparably powerful existence.

And the difficulty of Luo Tian's quest had become even harder.

Talking about the quest...

Luo Tian started cursing at all eighty-one generations of the system's ancestors. He was protecting Qin Changtian like looking after a baby the entire journey. Luo Tian was afraid that he would fall and scrape a knee if the boy didn't walk carefully.

Luo Tian was really worried.

Worried the system would suddenly deduct 200 million experience points from him!

This was a life-stealing quest!

One day later.

Heaven Opening Manor.

Ji Tongtian had a sneer as he released his Profound Emperor battle aura. All the Heaven Opening Manor assassins could sense it before he shouted: "They are inside the Dark Forest! Go find them for me!"

A Profound Emperor's battle aura was an energy at the highest peak.

It is capable of spreading one's voice out over a thousand kilometers.

The assassins of all charged towards the Dark Forest like a tidal wave.

Ji Tongtian then harrumphed in disdain: "Qin San, do you really think I won't be able to find you if you hide in the Dark Forest? Just wait and see! My assassins will be there very soon. Since you've killed my son, I will use the world's cruelest way to kill you in return!"

"Elder, we received news that Ji Tongtian has sent all his assassins into the Dark Forest."

"Good!"

"Send out my command – have all our people rush to the Dark Forest. They have to find them before the others do!"

"We obey!"

For a brief moment, the undercurrents started surging.

Killing intent that was spreading over ten thousand kilometers!

Inside the Dark Forest.

Luo Tian rubbed his nose and grinned. He then muttered to himself: "I can smell the scent of slaughter. It looks like they're getting closer and closer to us, heh heh..."

“Come!”

“The more, the merrier!”

“Heh heh...”

Luo Tian started laughing coldly inside.

Who’s the prey?

Chapter 514 – The Assassins Are Here!

“Roar~!”

A dark-colored demonic beast charged out.

Luo Tian was leading the way.

His body leaned away before sticking close to the demonic beast’s body. He flipped his right palm, causing a powerful energy to condense before smashing out.

“Bang~!”

The strike penetrated into the demonic beast’s body, instantly killing it.

“Big brother Luo Tian is so awesome! Big brother Luo Tian is so awesome!”

Qin Changtian was leaping about while clapping his hands. He then started licking his lips and asked happily: “Big brother Luo Tian, it’s about time for a meal now, right?”

“Huh?”

“Didn’t we just eat? How come you’re hungry again?” Luo Tian asked with a smile. He then turned towards Qin San and the evil-looking youth. They both looked back with an innocent but a clear “I’m very hungry” look.

Luo Tian looked up at the sky.

He then said with a smile: “Fine, I will make a slightly more sumptuous dinner for you all.”

“Little Xie!” (Little Evil)

“Open up this demonic beast and clean the innards.” Luo Tian then continued directing: “Boss Qin, gather some extra dry wood. We might have to stay here overnight.”

Little Xie didn’t say a word and just picked up the demonic beast Luo Tian killed and walked towards a stream.

Qin San gave Qin Changtian a glance before busying himself with his task.

Not long after...

Luo Tian set up a bonfire and started grilling the demonic beast’s meat while humming the “Little Barbeque” tune. “? You are my little barbeque meat, the love I have for you is endless... ?”

“Big brother, is that the secret of grilling meat?”

“It sounds pretty powerful.”

“Gulp~!”

Qin Changtian was drooling while he was talking. His eyes couldn't help start shining when he saw the oil dripping and sizzling from the meats. It wasn't just him because even Qin San and Little Xie were the same. The most prominent was Little Xie because he lost his evil looks and only had a "this daddy is going to eat 100 jins worth" kind of look.

"Gurgle~!"

"Gurgle~!"

Luo Tian started chuckling when he heard the stomach of those two growling. When he was grilling the meat, he couldn't help thinking of Fatty Lei and the others. He said to himself: "I wonder how they're doing now? I wonder if Fatty Lei and Xuan Yuanyi are back from the demon race territories yet?"

The second day after Luo Tian left Heavenly Sword City...

Those two left Heavenly Sword City and went together to the territories of the Red River Demon Race.

Feng Lei wanted to find his roots!

He wanted to know who he was and what kind of powerful demonic beast was inside his body.

Could he really be what Xuan Yuanyi said, that he was the ancestor of all demons?

Luo Tian's eyes showed he was missing them.

There was also Li Xue'er!

Luo Tian stared up at the starry sky and felt like she was close by. His heart became warm as he said internally: "Xue'er, wait for me. I will not let you suffer any more injustice soon. This, I promise you!"

Qin Changtian noticed the longing in Luo Tian's eyes and asked: "Big brother Luo Tian, who are you thinking of?"

Luo Tian recovered his expression and gently caressed Qin Changtian's head. He then replied: "Many people."

Right after that...

He tore off a piece of charred meat from the rack and put it onto a large leaf. He gave it to Qin Changtian and said: "Go ahead and eat."

Not long after...

There were only bones left from the large demonic beast. Luo Tian really didn't understand how so much meat could be eaten like that. One's stomach is only that big, so how can it fit over 100 jins of stuff?

Especially that Little Xie...

That guy looks like he hadn't eaten anything for the past eight lives!

Late at night.

There would be occasional roars by a demonic beast deep inside the forest.

Qin Changtian was sleeping in the embrace of Qin San. He was in a deep sleep and would sometimes reveal a faint smile. Qin San used his outer clothing and covered him with it. He revealed a kind smile himself and muttered: "This is probably the best sleep he has ever gotten this past half a month."

Qin San looked over at Luo Tian and said: "Thank you both. If it weren't for you two, I really wouldn't know what to do. Most likely both of us would be already dead by now."

While saying this...

Qin San chuckled bitterly before looking at Luo Tian and asking: "You shouldn't be a citizen of Heaven Opening City. Since you can kill Ji Ao who's at the Profound Saint rank, I believe your cultivation should have already reached a terrifying realm. I really want to know what's the reason for you to come to Heaven Opening City?"

Very direct.

This was also a question he had wanted to ask for a long time.

During this period of contact, Qin San had lowered his guard somewhat.

But...

He wanted to know why Luo Tian would appear here and coincidentally appear by his side.

Coincidence?

There was no such coincidence in this world.

It was naturally not a coincidence for Luo Tian to meet him. If Qin San didn't have a yellow ! floating above his head, he wouldn't have walked over and agreed to be hired so easily.

Luo Tian didn't reveal the whole truth and replied: "For a mission, for myself, and for saving a person!"

He didn't exactly lie to Qin San.

He was truly here for the quest and to save someone.

Little Xie looked at Luo Tian and was in thought for a brief moment. He then said: "You're someone from the immortal sects."

Luo Tian nodded and didn't deny it. "I am a disciple of Mount Hua Immortal Sect, but most likely I will no longer be one very soon. Heh heh..."

When thinking of Mount Hua Immortal Sect, Luo Tian could only describe his emotions as "heh heh."

Qin San's expression turned gloomy and unconsciously clenched his fists. He then said: "The Qin family was destroyed because Ji Tongtian had the help of the four great immortal sects. Even if I turn into a ghost, I will not let those four off."

One slash per person.

So many Qin family members were killed by their hands.

Qin San would often dream of the bloody scenes.

Luo Tian's gaze tightened and said internally: "There are indeed other immortal sects inside Heaven Opening City."

Luo Tian then asked: "Why did the four great immortal sects go against your Qin family? What do they want from you? Immortal sects usually have abundant resources and can get whatever they want. Why would they collaborate with Heaven Opening City to deal with your Qin family? I still haven't been able to figure that out yet."

Qin San smiled bitterly and said: "For what? All for the entrance location to the Sky Palace Divine race; all for the divine dragon blood essence that is located inside the Sky Palace Divine race whereabouts. No matter how abundant in resources an immortal sect has, they still lack the attraction of a dragon's blood essence."

"Crack~!"

While hearing this...

Little Xie unconsciously clenched his teeth tightly.

From the corner of Luo Tian's eyes, he noticed Little Xie had an icy intent from his expression. This kind of icy intent was formed by a special killing intent. He then thought to himself: "His emotions became intense once he heard about the divine dragon's blood essence, so could he be somehow connected with the Sky Palace Divine race?"

When Qin San was done, he looked at Luo Tian in seriousness and asked: "Did you come here for the Sky Palace Divine Race entrance location as well?"

"Uh..."

Luo Tian didn't know how to reply. Since their conversation had reached such a point, he felt that there was no longer any need to hide it anymore. He directly acknowledged: "Yes."

"Humph~!"

"I knew there was no one good from those immortal sects."

"Everyone is coming for the secret that us dragon protector clan has protected." Qin San's expression changed as he protected Qin Changtian who was still asleep. His eyes glared at Luo Tian while his originally lowered guard instantly shot back up.

Luo Tian's mind tightened as he couldn't bother with this issue anymore. He loudly shouted: "Watch out!"

Chapter 515 – Little Xie's Life Hanging By A Thread

"Watch out!" Luo Tian shouted in alarm.

Also at this time...

Qin San was only staring at Luo Tian. He grabbed onto Qin Changtian and shot away at astounding speeds.

Luo Tian's expression sank.

Qin San's cultivation...

"Damn it!"

"Stop messing around!"

Luo Tian's gaze tightened as he said to himself: "How could the Head Steward of Sunset City's Qin family not have any cultivation? He had been pretending all along. I'm really... sigh~... looks like I can't so easily believe in what people say in this world."

Qin San was a martial artist.

And his cultivation wasn't that low, around the peak of the Profound Venerate realm.

He had never revealed this.

Even when inside Sunset City's Qin family, he never revealed it. Not many people knew he was a high ranking martial artist. When they were still at Heaven Opening City, Ji Ao viciously whipped at him twice and he could've dodge, but he didn't move away.

Such a deep and calculative mind was indeed rather scary.

Qin San shot out while carrying Qin Changtian. He took another leap and had already disappeared into the darkness.

Little Xie was somewhat stunned.

Luo Tian's brows furrowed as he asked: "Little Xie, do you trust me?"

There was a faint frown on Little Xie's forehead before he slightly nodded.

His background was kind of mysterious and Luo Tian couldn't figure it out. The only thing he knew was this youth wasn't simple and they were out of options. Qin San didn't trust him anymore and the Dark Forest was filled with assassins. He wasn't worried about anything except for Qin Changtian suffering injuries. Just a minor scrape and the system might consider him failing his quest! Who was he going to reason with when 200 million experience points suddenly get deducted?

Luo Tian was really worried!

He was really worried something bad might happen to Qin Changtian!

If 200 million experience points was deducted from him, he would instantly drop a level! This...

"No way!"

Luo Tian's heart shook. He then looked at Little Xie and said: "Steward Qin is wary of me and no longer trusts me. There's no use if I try to explain myself and I'm also too lazy to explain myself. I am different from other immortal sect disciples. Little Xie, can you help me protect them? Just leave this area for me to take care of."

"Kid!"

"None of you should dream of escaping!"

Several dark figures shot out from the darkness.

Their chest was sewn with Heaven Opening Manor's standard seal. Every one of them were professionally trained assassins!

Luo Tian coldly sneered and said: "You guys came rather quickly!"

He then spoke to the side: "Quickly leave and go protect Qin San and Qin Changtian."

Two of the assassins instantly chased after him with a shout, "Let's see where you can run to!"

The instant they rushed off, Luo Tian's figure moved and blocked their path. He revealed his grim reaper's smile and said: "Your opponent is me."

As his voice faded...

Luo Tian's fist was already in motion for an attack!

"Bang~!"

"Bang~!"

One punch for each of them, instantly sending them flying.

"Ding!"

"Ding!"

Instant kill!

"Courting death!"

The other assassins surrounded Luo Tian. They condensed their powers and exploded forth with a powerful energy. Their powers connected with each other and created an energy net that sealed off all directions of retreat for Luo Tian. The net didn't look very strong but it contained a powerful killing intent.

This was the killing intent these assassins had cultivated for many years.

Except...

This kind of killing intent might be useful to others, but for Luo Tian who cultivated the grim reaper's path of slaughter, it was absolutely useless against him.

"Killing intent?!"

"Humph~!"

Luo Tian sneered in disdain. His gaze changed and a phantom image of a figure holding a scythe appeared behind him. The figure was wearing a long black robe, and this was naturally the phantom image of the grim reaper. A grim reaper condensed from killing intent! The moment the large killing intent was about to wrap Luo Tian up...

The phantom grim reaper started moving.

Its large scythe made a swipe like it was cutting a watermelon!

Also at this time...

Luo Tian's pair of hands started moving as well. In the midst of the darkness, sixty-four illusory palms appeared as he shouted: "Sixty-four palms, Divine Fantasy Palms! Go die for me!"

"Boom~!"

“Boom~!”

“Boom~!”

Every one of the sixty-four palms contained a god-like power as it was struck out with all of Luo Tian’s strength!

Every strike was an instant kill!

Powerful to a complete mess!

These six remaining assassins instantly lost their lives. They had no ability to resist at all!

These assassins were just the first batch and the weakest ones inside the Dark Forest. Soon, there will definitely be assassins at a much stronger caliber. Luo Tian didn’t dare to stay in place any longer since he didn’t know if there were any assassins that went past this area.

Qin San’s strength wasn’t enough to protect Qin Changtian!

“My little ancestor!”

Luo Tian’s figure started moving as he released his fastest speed to chase after them.

“Whoosh~!”

“Whoosh~!”

“They’re right up front! Faster! Faster!”

“Avenge Third Young Master! They dare to touch Heaven Opening Manor’s Third Young Master?! Even if these guys have a hundred lives, it’s still not enough deaths for payback!”

There was killing intent everywhere inside the Dark Forest.

Those high ranking demonic beasts were crouching on the ground not daring to move. They were completely restrained by the killing intent permeating through the air!

“Whoosh~!”

“Whoosh~!”

“...”

These assassins were like flying fishes skimming through the water, all chasing towards Qin San and the others like crazy.

Aside from these assassins...

There was another powerful force participating.

Disciples of the four great immortal sects!

They were hiding their auras and their speeds surpassed the assassins from Heaven Opening Manor. When they determined Qin San’s location, their immortal force exploded forth. Just like a sharp arrow, they shuttled through the air and arrived in less than 15 minutes.

They found Qin San’s trace!

“It’s those two!”

“Master said that we have to capture them alive.”

“Don’t worry; those two won’t be able to escape from us. And those idiots from Heaven Opening Manor wanted to compete with us?”

“Why don’t those bumpkins take a good look at who we are?!”

“Heh heh...”

The four great immortal sects were acting complacent.

They increased their speeds.

“Qin San, let’s see where else you can run to!”

A huge hand crushed down from the sky. At this instant, an evil energy directly blocked this huge hand.

“Bang~!”

Little Xie descended and said: “You two, quickly run!”

“Huh?”

“A little hairless boy like you wishes to block our way?”

“You’re courting death!”

A disciple from the Imperial God Immortal Sect activated his powerful immortal force. His speed was fast and his power extremely violent. "Mountain Splitting Palms, go die for me!"

Both palms moved in unison.

A power capable of splitting mountains exploded forth from both his palms!

Little Xie's gaze tightened and used his speed as his advantage. Before that person could connect with the attack, he already charged over.

In the world of martial arts, only speed couldn't be broken past!

Except...

His speed was fast but he didn't expect that the moment the Imperial God Immortal Sect disciple made his move, the eldest disciples of Starsea Immortal Sect, Myriad Sword Immortal Sect, and Shocking Cloud Immortal Sect launched a sneak attack on him.

"Bang~!"

Four attacks simultaneously landed on Little Xie's body.

"Puff~!"

Little Xie's face became pale white. He never imagined that disciples of immortal sects would be this despicable!

The four of them revealed a ferocious smile and the one in lead said with coldly: "Trashy thing, go die for me!"

A sword started moving and was piercing towards the center of Little Xie's brows.

Chapter 516 – Frost Dragon Shyvana

“Truly shameless!”

The figure descended.

Luo Tian was blocking in front of Little Xie with a cold sneer. Seeing how Qian Chong's sword was piercing over, the aura on Luo Tian's body exploded forth. A powerful and formless energy rippled out and directly blocked the sword's point.

Right after that...

Luo Tian turned around and cast several Healing Art. He then said: “Leave first, just leave this place to me.”

The injuries on Little Xie's body gradually decreased.

Little Xie's countenance slowly recovered. He didn't leave right away and walked in front of Luo Tian. He then pointed at Qian Chong and shouted: “I'm going to play you to death!”

Suddenly...

Little Xie's evil aura changed to something like an icy chill. Beneath his feet, the grass in the surrounding area was covered in a thin layer of frost. His aura drastically changed and his speed was enhanced exponentially.

His right hand moved!

A long ice sword suddenly appeared in the palm of his hand.

It then pierced towards Qian Chong!

Qian Chong's sword was blocked by a formless energy coming from Luo Tian. He couldn't push forward a single bit! His heart felt a chill as he instantly jumped back and landed on a branch of a large tree. He supported his body with a stomp before clasping two fingers together and reciting a sword mantra.

Behind him, a disciple's sword flew out from the void.

Using sword qi to replace a physical sword!

That person's cultivation had reached the level of Hong Yijian already.

Qian Chong coldly sneered as he shouted: "You damn trash, you're courting death!"

His sword created an illusory sword flower before exploding forth and turning into sword qi's. His sword qi had become just like real physical swords. Similar to multiple shafts of arrows, it shot forth right at the approaching Little Xie.

"Whoosh~!"

"Whoosh~!"

Sounds of space shattering were heard.

Little Xie's face was struck and it left behind several red lines, but blood did not flow out of those wounds. It was as if the wounds were frozen by his icy aura. His face also seemed to be covered in frost, just like someone who was frozen to death.

His evil aura was especially terrifying now.

"Watch out!"

Luo Tian wanted to help but it was too late.

Qian Chong was an orthodox immortal sect disciple so his control over immortal force had reached a certain standard. The sword mantra he cultivated was also extremely advanced so his body was covered in a sword aura.

The most important part...

He was an extremely sinister individual.

When those four attacked together, it was him that made the command through sound transmission.

This time, the other three didn't make a move and just stood there with a smug smile. It looked like they weren't going to participate.

Qian Chong would never use standard moves to fight with Little Xie. One of his hands was behind his back while the other one held a sword that was stabbing towards Little Xie.

Luo Tian's heart sank as he shouted: "Oh shit!"

It was useless no matter how fast his reaction time was. Little Xie's ice sword was already about to clash with Qian Chong's sword.

"Boom~!"

There was a bright flash of light!

After an ear-piercing clash, the sound of Qian Chong chuckling could be heard. The left hand behind his back made a move and a white powdered substance was scattered towards Little Xie's eyes. After chuckling evilly a bit more, "Kid, I'll let you experience the Life Eliminating Powder!"

“Cease your breathing!”

Luo Tian shouted in alarm. He grabbed a handful of dirt and stomped down, instantly arriving next to Little Xie. He then opened his mouth: “Roar~!”

The powerful energy blasted forth like a hurricane and blew all the powder away.

Even though this was the case...

Little Xie still breathed in quite a bit of the powder and his complexion started changing.

His lips turned dark purple!

The speed of being poisoned was quick, so one could easily see how strong this Life Eliminating Powder was!

“Hahaha...”

“So what if you try to avoid it? You will still be dying once you’re in contact with a tiny bit of it. Hahaha... My Life Eliminating Powder was refined by using the Celestial Poison Grass. This little trash won’t be able to live for more than ten breaths. Just wait for your death!” Qian Chong started laughing in mockery.

“Hahaha... Brother Qian is truly capable.”

“Look at the kid; he’s already foaming at the mouth.”

“Imperial God Immortal Sect’s Life Eliminating Powder is famous amongst the immortal sects. This kid is about to kick the bucket soon.”

The disciples started their mockery.

Luo Tian was clenching his fists. He already knew these people were evil and insidious, but never imagined they would go to the extent of using such an underhanded move. He was trying very hard to suppress the flames of rage inside his heart. He didn't know if his Healing Art would be useful against people being poisoned or not.

Luo Tian didn't bother thinking too much.

Since they've used poison, there has to be an antidote for it.

Thinking to this point, Luo Tian's figure suddenly disappeared. He instantly arrived next to Qian Chong who was still laughing. A palm strike was thrown straight for the top of Qian Chong's head.

"Humph~!"

"Only a Profound Venerate 4th rank? And you dare to act presumptuously in front of me?"

Qian Chong's figure became a blur as his speed was a notch higher than Luo Tian and easily dodged the strike.

Also at this time...

The dirt Luo Tian was holding onto was scattered in the direction of Qian Chong as he shouted: "I want you to die three thousand times!"

The black and brown soil scattered all over.

Qian Chong's expression drastically changed. He has always enjoyed using poison so he was very sensitive to anything powdery. His mind tightened and quickly ceased breathing. As he jumped away, he was only focusing on the small patch of dirt.

He never expected that Luo Tian was already behind him!

Luo Tian's pair of arms were already moving.

With the enhancement of Titan God's Might, his arms were filled to the brim with power. They became agitated and caused his fists to turn crimson red. The Titan race's power exploded forth like a pair of cannons, directly penetrating through Qian Chong's body!

"Boom~!"

The pair of fists pierced into Qian Chong's body before Luo Tian ripped his body apart!

Qian Chong still had a ferocious look on his face while his eyes bulged out staring at Luo Tian. His nose twitched as he stuttered: "No poison... you... you... you are so despicable, shameless..."

"Despicable huh?"

"Despicable your sister! I'm still quite far away when compared to you." Luo Tian coldly harrumphed in response. He then glanced at Little Xie with the corner of his eyes and noticed he was turning purple like the color of a pig's liver. He then said to himself: "I hope the antidote will explode out."

Qian Chong's body twitched a few times before stopping.

Dead!

Instant kill!

"Ding!"

"Congratulations to player Luo Tian for killing Qian Chong. You have gained 210,000 experience points, 22,000 immortal force..."

“Congratulations to player Luo Tian for gaining the Refining Poison Skill. Will you be cultivating it?”

“Congratulations to player Luo Tian for gaining the antidote to Life Eliminating Powder.”

“Very fortunate!”

Luo Tian’s heart relaxed. He flew over to Little Xie’s side, took out the antidote, and poured into his mouth. He then pressed his palm on Little Xie’s chest and circulated his energy to quickly spread the antidote throughout the body.

Suddenly...

Luo Tian’s gaze tightened as he realized there was something extremely rough beneath his palm.

Upon closer inspection...

Scales?!

Little Xie’s chest was densely covered in frost colored scales! Just like the scales on a dragon!

Luo Tian’s heart was feeling completely stunned.

He lifted his palm, pulled the corner of Little Xie’s clothing, and rested his palm against it. Since Little Xie didn’t want others to find out about his secret, then Luo Tian didn’t want to reveal it. Thinking of the frost colored scales on his chest, Luo Tian recalled the game League of Legend he played in his previous life and said to himself: “Could he be just like Shyvana?!” 1

“Fuuu~...”

“This...”

Luo Tian was a bit agitated while he continued using his energy to catalyze the antidote.

Little Xie’s eyes faintly opened. He looked at Luo Tian and managed to softly say two words: “Thank you.”

At this moment...

“Aggghh~...”

A miserable scream was heard in the front. The voice sounded like it came from Qin San!

Chapter 517 – This Is Taking My Life!

“Something bad happened!”

“Oh my lord...!”

“My little ancestor cannot suffer even a tiny bit of injury!”

“My 200 million experience points!”

Luo Tian almost went crazy from anxiety.

If something bad happens to Qin San, the next one will be Qin Changtian. If he really does get injured, then... 200 million experience points will be gone just like that. He will then suffer the pain of losing a level!

This...

This was basically taking his life!

But...

Before Luo Tian could react, the other three eldest immortal sect disciples ordered their subordinates to charge over. They didn't bother with Qian Chong or Luo Tian anymore. To them, Qin San and Qin Changtian were much more important.

"We can't let the others capture them first."

"Elder Yang issued a death order – we cannot let the people from Heaven Opening Manor capture them before us."

"If we somehow are unable to capture them first, there's no way we can explain ourselves when we go back. You all should know what type of person Elder Yang is."

Several disciples were anxiously discussing this amongst each other.

Their figures rose into the air and disappeared. In less than half a breath, they managed to disappear into the darkness without a sound.

Luo Tian's expression turned gloomy.

"It's all my fault for being negligent."

"The assassin's target is not me but Qin San and Qin Changtian." Little Xie's brows furrowed as he said: "It's all my fault. If it wasn't for me dragging you down, nothing would've happened to them. If they are really harmed because of it, I'm not going to forgive myself for the rest of my life."

Luo Tian replied: "What are you talking about? A person's life is extremely long, and there's a chance nothing too bad has happened to them!"

While saying this...

Luo Tian shouted in his mind: "Level 6 Berserk!"

"Shadewind Steps, level 9!"

"Phantom!"

"Whoosh~!"

With his speed raised to the maximum, Luo Tian instantly disappeared into the darkness.

Little Xie stood up and watched Luo Tian's back disappear. He frowned as he said to himself: "Has he found out about my secret?"

His eyes narrowed before his figure shot forward as well.

"Humph~!"

"Evil remnants of the Qin family, let's see where you can run off to now?!"

Ji Tian's powerful aura suppressed the surrounding area. His eyes widened and coldly stared at the half-dead Qin San below his foot. He coldly scoffed in disdain before saying: "Old bastard Qin San, you actually dared to kill my third little brother? Today, I will let you experience what I, Ji Tian, am capable of."

"Don't hurt my Grandpa Qin San!"

Immediately after...

Qin Changtian looked around and asked in confusion: “Grandpa San, where is my big brother Luo Tian?”

Qin San’s breathing was faint and his complexion pale – he couldn’t even say a single word.

When he found out Luo Tian also came for the entrance location to the Sky Palace Divine race, he immediately became guarded. Even if Luo Tian had helped him kill Ji Ao, he felt like he still couldn’t trust Luo Tian. Sunset City was so easily destroyed by Heaven Opening City because they trusted Ji Ao too much.

If it wasn’t for Ji Ao, Sunset City wouldn’t have ended up like this.

The Qin family’s three hundred plus members wouldn’t have been killed off so cleanly.

That’s why he didn’t trust Luo Tian.

This lack of trust was natural because he was doing this for Qin Changtian. He didn’t want the last seedling of the Qin family to befall danger.

Despite that...

He was still very thankful to Luo Tian but he will not take the risk.

This wasn’t just about the last seedling of the Qin family but about an even greater secret.

Ji Yuan’s eyes focused and a murderous killing intent burst forth. His expression was extremely cold as he wanted to instantly crush Qin Changtian’s little body.

Ji Tian shouted: “Second brother, don’t do anything reckless! Did you forget what father told us?!”

Ji Yuan pulled back his aura and coldly harrumphed.

Also at this time...

Ji Tian heavily kicked Qin San's abdominal area and sent him flying for over a hundred meters. His figure smashed into a large tree before finally coming to a stop. The tree shook and a bunch of leaves was seen scattering to the ground.

Ji Yuan instantly moved and landed next to Qin San. He then grunted: "I can't touch the little one but I can touch the old one, right?"

"Old bastard..."

"You dare to kill my little brother?!"

"Go die for me!"

Ji Yuan lifted his right leg and started viciously stomping on Qin San's head.

Qin San was throwing up mouthful after mouthful of black colored blood. He struggled to scream out: "Tian Tian, quickly run!"

"Run?"

"It'll be useless even if you manage to run all the way to hell." Ji Yuan's cold expression made him look like a sinister ghost while his foot viciously stepped onto Qin San's face. He lowered his body and then slapped out while scolding: "Who would've imagined an old bastard like you can still last so long before dying?"

"Pak~!"

Another vicious slap was sent out.

Qin San couldn't feel pain any longer. Comparing the pain on his face, the injuries he suffered to his body was already beyond words. He looked at Qin Changtian stumbling in the darkness and started feeling pain in his heart. He then yelled out in anger: "You bunch of beasts will not die a peaceful death! Your Heaven Opening Manor people will not have a good ending!"

"Tian Tian, quickly run!" Qin San struggled to scream out.

When Qin Changtian heard the scream, he couldn't help start crying. "Grandpa San, Grandpa San! Don't hurt my Grandpa San! Grandpa San, where are you?! I'm really scared!"

Ji Tian suddenly moved and landed next to Qin Changtian. He revealed a cute and intimate smile while saying: "Tian Tian, as long as you tell me the entrance location to the Sky Palace Divine race, I will let your Grandpa San go. I promise I will not hurt him."

Qin San was about to scream out something but Ji Yuan covered his mouth. "Mmmm... mmmm... don't..."

Only muffled screams were heard.

No one knew what he was saying.

Qin Changtian looked at Ji Tian seriously. His little cheeks bulged out as he angrily said: "You're a bad person! Daddy said that I cannot tell this secret to baddies!"

"Tian Tian is such a good boy."

"How can I be a bad person?"

“I’m the biggest good person ever. As long as you tell me, I will immediately release your Grandpa San and never give you both any trouble.” Ji Tian said with a smile.

Qin Changtian was in thought for a while and still firmly said: “You are a baddie. You and that dead Ji Ao are both bad people...”

“Courting death!”

Ji Tian lost his patience. Especially when Ji Ao was mentioned, he couldn’t suppress the rage inside his heart any longer. He directly sent out a slap!

“Pak~!”

Qin Changtian was slapped flying!

Vicious to the extreme! He actually used quite a bit of strength!

At this instant...

Luo Tian’s heart felt like it had sunk into an abyss. The flames of rage inside him surged into his head as he clenched his teeth with cracking sounds. He couldn’t wait to grind Ji Tian’s bones into powder and scatter it into the wind! Using such heavy-handed means against a child? He was beneath a beast!

Except...

He didn’t have time to continue with these thoughts.

It was unknown if Qin Changtian suffered any serious injuries from being slapped, and whether the system will consider it as him failing the quest or not.

His heart felt like it had risen up to his throat!

Before Qin Changtian fell down, Luo Tian cast Regeneration on him.

Chapter 518 – Asura Vs. Asura

Fear!

This was the first time Luo Tian was afraid of hearing the system alert tone!

He was really scared the system would go “ding,” then announce that he had failed his quest and 200 million experience points would be deducted. If this was the case, he will truly go crazy!

It wasn't easy to level up.

Every single experience point was extremely precious to Luo Tian. Even if it was just one single experience point, this was earned by his hard work and by putting his life on the line!

Previously, he didn't cast Regeneration on Little Xie because he was worried something bad might happen to Qin Changtian, making the skill his backup plan. When he saw Qin Changtian was sent flying by a slap, he didn't care if the boy was injured or not and just directly used the skill.

The moment he caught Qin Changtian, Luo Tian closed his eyes like he was about to hear the jury's verdict.

A few seconds went by...

The system didn't give off any alert tones.

Luo Tian grinned as his heart became at ease. He then said to himself: “It's fortunate I got here on time. Even if that slap didn't injure him, falling from these heights would leave him with half his life left.”

If he could, Luo Tian would've already put Qin Changtian inside his spatial ring!

But...

There was a certain rule restricting spatial rings so people couldn't be put inside of it. If he could, Luo Tian would've already put Feng Lei and the others inside his spatial ring by now. How happy would it be to have your brothers always by your side?

"Fuuu~..."

Luo Tian gave a long exhale.

When Qin Changtian opened his eyes and realized it was Luo Tian, he immediately started crying. "Big brother Luo Tian, you're finally here! Quickly go rescue my Grandpa San! Grandpa San is about to die! They, they, they are all baddies!"

He was crying his eyes out on Luo Tian's shoulder.

Luo Tian gently patted his back and said: "Don't worry; I will play each and every one of them to death."

"Eldest Young Master, it's him that killed the Third Young Master."

One of the assassins whispered this into Ji Tian's ears.

Ji Tian's gaze instantly changed as he glared at Luo Tian. The power exploding from his body made him look especially ferocious right now.

Ji Yuan, who wasn't too far away, didn't bother to think too much. He was just like a demonic beast that went berserk, charging straight at Luo Tian. He then roared out: "Give me back my little brother's life to me!"

Luo Tian's expression was one of shock!

Profound Saint 3rd rank?!

Ji Yuan didn't look that old but he had already cultivated for over three hundred years.

His cultivation reached the peak of the Profound Saint 3rd rank. His energy was vigorous and the Asura Hands he cultivated in was extremely powerful.

At this time...

“Boom~!”

“Voomph~!”

A ghostly flame appeared on his hands!

The ghostly flame was a type of energy he refined from the powers of an Asura.

Ghastly!

Extremely fierce and contained the aura of brutality.

After cultivating Asura Hands, he had killed countless people in his life. Those that died by his hands will have their souls refined. Once he activates his skill, the sound of wolves howling and ghosts wailing could be heard. It was no different from the cries of ten thousand ghosts at the same time!

The expressions of the surrounding Heaven Opening Manor assassins dramatically changed!

Even Ji Tian faintly shivered before backing half a step away. He had a cold smile while glaring at Luo Tian. "Once Asura Hands come out, someone will definitely be dying. Kid, you should've known your ending after you killed my third brother."

"Second brother!"

"Peel his soul out so that he cannot reincarnate ever again! He will forever be controlled in your hands and have his soul ravaged for thousands of years!"

Ji Yuan's gaze turned gloomy and said with a smile: "That is exactly what I was planning."

"Fuuu~..."

Luo Tian exhaled a long breath and stood sideways. One hand was holding onto Qin Changtian and the other hand formed a palm stance. The center of the palm was directed at Ji Yuan as he said: "Tian Tian, close your eyes. This will be over very quickly."

"En!"

Qin Changtian nodded obediently and closed his eyes.

At this moment...

The grim reaper's killing intent surged out of Luo Tian like crazy as he shouted: "Asura Domain!"

"I will let you experience what is considered the real energy of an Asura!"

The grim reaper's path of slaughter energy was billowing out mixed with the Asura Domain. It increased at a crazy rate and quickly became much stronger. The two powers actually belonged to the same category, and that was the characteristic of death!

The two energies became much stronger as they stacked and merged with each other, similar to two rivers coming together.

Luo Tian moved with his sideway stance while an energy rotated in the center of his palm.

He wasn't using profound energy.

Luo Tian was using immortal force.

The immortal force was spinning like crazy, just like a certain main character's Rasengan in the anime Naruto. His aura grew stronger and his powers multiplied, causing a phantom cross-shaped image to appear. The only drawback...

Luo Tian could only use one hand.

If he used two hands, the power behind Revolving Slash would at least double.

But...

He didn't have the courage to lower Qin Changtian. After the previous episode, he really didn't dare to leave Qin Changtian's side anymore. Previously, his speed in casting Regeneration was so fast that even the system didn't have time to react. Otherwise, he may have already failed his quest by now.

With no other choice...

He could only use one hand to fight!

But even if this was the case, Luo Tian wasn't afraid. When facing an expert at the peak of the Profound Saint 3rd rank, he maintained his calm composure. His five fingers formed claws and energy started moving in his right arm. Titan God's Might had been condensed into his palm as well!

He spun his body around and his powers exploded forth. He then viciously slammed his palm forward while shouting: "Revolving Slash!"

"Hong~!"

"Boom~!"

The sky shook and the surrounding atmosphere was crushed by Revolving Slash's powers!

Also, the instant when Luo Tian threw his strike out...

Ji Yuan's eyes turned fierce. His pair of black hands shot forward while he shouted: "Asura Claws, die for me!"

The two energies collided with each other.

The moment they collided with each other, time seemed to stand still.

Two seconds later...

"BOOM~!"

"BOOM~!"

The space around them was ripped apart by the energy collision! The twisting of spatial cracks appeared and re-joined continuously!

Within ten thousand kilometers...

None of the demonic beasts dared to breathe loudly.

The explosion resounded through all nine heavens!

Even Heaven Opening Manor was shaking violently.

Ji Tongtian's brows faintly furrowed before he coldly smiled. "Ji Yuan's Asura Hands... It looks like they've succeeded. No matter how strong the cultivation of that person who killed Ao'er is, he will still be dying by Asura Hands. This skill is something I gained from the Nether Abyss, a divine grade martial skill with the concept of death!"

"Hahaha..."

"Third Noble's death has finally been avenged." Yang Jin smiled, but there was a hint of doubt on his face. He then said internally: "I wonder if Qian Chong and the others succeeded or not... If those two Ji foxes snatched them first, I'm afraid..."

Lu Zhen's gaze secretly tightened. He was also worried that Ji Tian and Ji Yuan were the ones to first capture Qin San and the others.

When the energy exploded previously...

They felt uneasy inside their hearts. With this kind of cultivation, even their eldest disciples would at most fight to a tie. There's also Ji Tian who's at the Profound Saint 4th rank, his cultivation had already reached a terrifying level.

Uneasy!

Restless and anxious!

The two glanced at each other and nodded.

One could easily tell that those two had reached a consensus.

Chapter 519 – One Against Four

Luo Tian's face was somewhat pale.

Back then, the powers had exceeded his calculations. The strength behind Ji Yuan's Asura Hands was extremely fierce, and he had cultivated the skill to a high proficiency level. The collision force he experienced was also quite intense.

But...

Luo Tian had a somewhat unsightly look on his face while Ji Yuan...

He was lying on the ground not too far away like a dead dog!

He looked like he was on his last breath and his face was ash gray. One mouthful after another black-colored blood was being vomited out. His eyes were glaring at Luo Tian in the most ferocious manner possible, except he couldn't get back on his feet.

Asura Domain vs. Asura hands...

Victory goes to Asura Domain!

Ji Tian's expression drastically changed as he shouted: "Second brother!"

He instantly landed next to Ji Yuan, raised him up, and gave him several high tier Healing pills. Ji Tian clenched his teeth and glared at Luo Tian menacingly. "I'm going to kill you!"

Luo Tian faintly smiled and responded: "There are already many people trying to kill me, so who do you think you are?"

What surprised Luo Tian was that Ji Yuan didn't die!

He couldn't help saying internally: "Looks like he's wearing some sort of armor."

"Big brother, you're so strong!"

At an unknown time, Qin Changtian opened his eyes and giggled happily.

Qin San was lying on the ground and looking at Luo Tian with a smile. The smile seemed like it was frozen as his whole body was motionless.

After taking some Healing pills, Ji Yuan's countenance turned for the better. His body recovered some strength and he was able to slowly stand up while holding onto Ji Tian. He ferociously stared at Luo Tian and said through clenched teeth: "Impossible... absolutely impossible. You shouldn't be at the Profound Venerate 4th rank. I'm already at the peak of the Profound Saint 3rd rank, so it's impossible for you to beat me. Absolutely impossible!"

Not letting Luo Tian speak...

Several people appeared from the darkness.

People from the four great immortal sects.

One of them coldly sneered and glanced at Luo Tian at the corner of his eyes. He then said with disdain: "Because he's an orthodox immortal sect disciple. He cultivated immortal force since he was young, so that's why he was able to injure you. A short while ago, he used some despicable methods to kill senior brother Qian."

"This person is extremely sinister and despicable."

"But no matter how sinister and despicable he is, there's no way he is the opponent of all of us combined."

“Brother Ji, we have a common goal so why not work together?”

While saying this...

At the same time...

Little Xie quickly ran over with a gloomy gaze. He then whispered: “We’re surrounded by the assassins from Heaven Opening Manor. There are a lot of them, no less than a hundred. I’m afraid there’s no way we can run now.”

He swept his gaze out and saw there were disciples from the four great immortal sects, including the brothers Ji Tian and Ji Yuan. His expression sank as he asked: “What should we do now?”

There were people from Heaven Opening Manor everywhere.

The cultivation of these assassins were all at the Profound Venerate realm, and they were well trained and proficient in using their killing intent. Even though their cultivation wasn’t a great threat to Luo Tian, their moves were extremely sinister. He was afraid they would injure Qin Changtian!

Luo Tian’s gaze turned gloomy. After thinking for a few seconds, he suddenly smiled and said: “There’s only one method.”

Little Xie looked up at him and asked: “What method?”

Luo Tian’s mouth curved up and coldly spat out a single word: “Kill!”

“Huh?”

Little Xie was stunned by the response before smiling in excitement. He then praised: “I really like this method!”

Luo Tian looked at Little Xie and said: “You go take care of those assassins hiding in the back. As for these people, just me alone is sufficient.”

Qin Changtian clenched his little fists and said: “There’s also me.”

Right after that...

Qin Changtian looked over in a certain direction and yelled: “Grandpa San, we will rescue you in a little bit!”

Qin San didn’t reply.

Luo Tian looked over at Qin San who was lying on the ground. He frowned a bit before sighing.

“Immortal sect disciple?”

“Which immortal sect?” Ji Tian’s gaze turned gloomy. He looked over at the Starsea Immortal sect disciple who spoke before looking at Luo Tian.

The eldest disciple of Starsea Immortal Sect was called Qi Ming.

His cultivation was a step stronger than that of Qian Chong, reaching the peak of the Profound Saint 2nd rank.

Qi Ming coldly sneered and looked at Luo Tian with disdain. He then said: “Kid, report the name of your sect. This daddy never kills nameless ghosts.”

Luo Tian wasn’t wearing any uniforms of Mount Hua Immortal Sect nor did he have any. Mount Hua Immortal Sect never gave him a set. They also never issued him any monthly medicinal pill supplements nor gave him any cultivation advice.

He was a transparent presence inside Mount Hua Immortal Sect.

No one would care if he lived or died.

He had no sense of belonging to Mount Hua Immortal Sect at all. If it weren't for his gratitude and Venerable Wu Nian asking him to stay, who knows how many Mount Hua Immortal Sect disciples he would've killed by now?

Qi Ming and the others couldn't tell which immortal sect Luo Tian came from.

Luo Tian coldly smiled and replied: "Mount Hua Immortal Sect."

Even though he didn't have a sense of belonging...

He had to re-establish Mount Hua Immortal Sect and create an even stronger immortal sect. Therefore, he didn't say Mount Hua Immortal Sect in a shameful manner but in a loud and proud tone.

It won't be long before he makes Mount Hua Immortal Sect's name shake the world!

"Hahaha..."

"Hahaha..."

"So it's a piece of trash immortal sect."

"I thought it was some sort of large immortal sect. Mount Hua Immortal Sect, huh? You almost scared me to death."

"An immortal sect that doesn't dare to send out their disciples to participate in a competition. An immortal sect that's about to be kicked out of the ranks of being an immortal sect. They are way too awesome, hahaha..."

Ridicule!

Loud ridiculing and mocking!

Luo Tian already knew this would be the outcome. His gaze towards those mocking him changed, just like he was seeing people already dead.

Qi Ming had a sneer while saying with disdain: "Kid, do you know which immortal sect I'm from? Do you know which immortal sect they're from? A trashy Mount Hua Immortal Sect like yours and you dare to act presumptuously in front of us?"

"The person you killed previously was an inner sect disciple of the Imperial God Immortal Sect. If the news was sent back to the Imperial God Immortal Sect, not to mention you, even your Sect Leader will need to kneel down and kowtow in apology."

"Today, I will give you a chance to live."

"Hand that child over to me!"

"Then kneel down and kowtow three times. If this daddy is happy with your performance, I will spare your dog's life. You will then scam back to your Mount Hua Immortal Sect and don't ever come out in the future. If I ever see you out in public, this daddy will beat you every time I see you. Hahaha..."

Mount Hua Immortal Sect?

An immortal sect that all other immortal sect disciples considered shameful.

A place where all other immortal sect disciples looked down on.

The moment they found out Luo Tian came from Mount Hua Immortal Sect, they started laughing and mocking.

Luo Tian was also smiling.

Except, his smile was a bit special – the grim reaper’s smile. He then said coldly: “There are always people that enjoy acting recklessly. You f*ck their mothers and they don’t realize you’re their daddy. I really don’t understand where these people get their courage from. There’s usually only one outcome for those that show off in front of me...”

“What outcome?” One of the disciples asked in disdain and curiosity.

Luo Tian grinned and replied: “Death!”

Qi Ming’s expression changed and scolded: “You damn dog thing! You refuse a toast and only want to drink a forfeit?! Brother Ji, Brother Lin, Brother Luo, let’s act together. I really want to see how long he can act arrogantly for!”

The four were all experts at the Profound Saint realm!

Chapter 520 – Titan’s Defensive Form

Luo Tian had never fought four top experts like them before.

Moreover...

He only had one free hand.

Luo Tian didn’t dare to put Qin Changtian down. These immortal sect disciples were extremely sinister with their methods, and there were Heaven Opening City’s assassins everywhere. If he happened to be entangled with an opponent and someone acted against Qin Changtian, there was no way he would have enough time to go help.

If Qin Changtian gets injured once more, then he would really be screwed.

“System!”

“Screw your mom! If you want this daddy to die, just come at me in the open. Why is there a need to go through such a process?” Luo Tian cursed in anger once more as the quest had pissed him off. What made him more irritated was that he was afraid there would be similar successive quests after this.

And the gambling stakes would get bigger and bigger.

The next one could be a B-rank quest, and failure would deduct 300 million, 400 million, or even 500 million experience points... If that's the case, those quests had the potential to completely f*ck him over!

At this time...

Luo Tian didn't have time to think too much. His gaze turned gloomy and said coldly: “Starsea Immortal Sect is truly an awesome existence. How shameless can you guys get to have four people joining hands against me?”

“Humph~!”

“After killing Third Noble and then using despicable means to sneak attack senior brother Qian, we naturally have to use the greatest means in killing such a despicable lowlife. And you want to talk shame with us? It's useless!”

“That's right.”

Qi Ming harrumphed and said: “Kid, we already gave you a chance but you didn't treasure it. Then don't blame us for being impolite to you.”

“Being impolite?”

“Oh? When have you guys ever been polite to me?”

Luo Tian changed hands to hold onto Qin Changtian. He then said with a smile: “Most likely you guys are joining hands because you’re afraid of each other, right? Both of your groups wish to snatch this child first. You four great immortal sects have really calculated this out very well.”

“You three got here before me yet didn’t reveal yourselves. You were waiting for me to seriously wound Ji Yuan first before jumping out, thus borrowing my hands to cripple him. The strength of Heaven Opening Manor would be greatly reduced here and no one would be able to contend with you guys.”

“There’s no need to deny it.”

“If you guys came out earlier back then and told Ji Yuan my strength, most likely he wouldn’t have charged at me in such a reckless manner. Your scheme is truly perfect and sinister. Now, you say you wish to work together with Heaven Opening Manor to kill me. Once I die, this little boy will definitely be snatched away by your immortal sects first, right?”

Luo Tian said this in a neither fast nor slow manner.

The expressions of Qi Ming and the others secretly changed. This was exactly what Luo Tian had said – they had arrived here earlier than him. They planned on using Luo Tian’s hands to cripple one of the Ji brothers since any loss to either one of the brothers would give their own group a huge advantage.

They were determined to get Qin Changtian.

Elder Yang gave a death order that no matter what price they had to pay, they had to capture the little boy. Even if they have to become enemies with the Ji brothers, they have to seize Qin Changtian.

In regards to this...

It was just as Luo Tian had said, they deliberately appeared a few minutes later.

Ji Tian’s gaze turned gloomy as he looked over at Qi Ming.

Qi Ming's expression quickly recovered and shouted: "Kid, you want to sow discord between us?! Our four great immortal sects and Heaven Opening City are allies. It doesn't matter which group gets the little boy first because it's all the same. What are your intentions for saying such words?!"

"From the looks of it, you must be afraid."

"When we four work together, you won't have a chance of surviving."

"Brother Ji, don't listen to his nonsense. If it's possible, I wouldn't hesitate to bear the pain on behalf of Second Noble. If we could've made it on time, what reason would we have to not assist? Don't forget that we're allies."

After saying that, two immortal disciples beside him immediately spoke up in agreement.

Ji Tian's gaze shifted and showed a calm expression. He didn't reveal anything but his heart was already feeling a sense of estrangement towards the three. He then said to himself: "What father said was indeed true. There's no one good in the four immortal sects and they're definitely hiding some sort of secret."

He was smiling on the surface while saying: "Don't worry; I'm not a three year old child so how could I believe him with just a few words? Even if this kid is able to speak his way to the heavens, he killed my third brother so our enmity is irreconcilable."

"Hahaha..."

"Brother Ji is truly a wise person." Qi Ming chuckled before stepping out. He pointed at Luo Tian with a smug smile and said: "Trash from Mount Hua Immortal Sect, your deceitful tricks was rendered useless. Now you can go and die for me."

The four of them glanced at each other.

And they almost attacked at the same time.

Luo Tian retreated two steps back. Before Little Xie could rush over, Luo Tian immediately stopped him by saying: “You’re not their opponent, so just be careful of sneak attacks from the assassins. Isn’t it just four experts at the Profound Saint realm? I’ve always wanted to test my limits.”

Little Xie’s gaze tightened before quickly withdrawing.

He too was clear that he wasn’t an opponent against those four.

Unless...

A brief thought appeared inside Little Xie’s head, but he then dispelled the idea. He couldn’t reveal himself here!

“Go, go, big brother Luo Tian! I believe you can definitely do it!” Qin Changtian cheered him on.

Luo Tian’s left hand was holding onto Qin Changtian while he extended his right hand. His heart was extremely firm as he made a hand gesture like he was an unfathomable Grandmaster. He watched the four charging towards him from four different directions, bringing along an incomparably dense amount of Saint realm powers.

“Fuuu~ ...”

Luo Tian lightly exhaled.

First time!

This was the first time he was facing four experts at the Profound Saint realm! In the past, it had always been a one vs. one fight. Now that he was facing four of them and only with one hand, he would be lying to himself if he didn’t say he felt quite a bit of pressure from it. But Luo Tian’s character has always been the same – f*ck them over if they’ve pissed you off!

Who cares who the opponent is?!

Who cares how strong they are?!

His gaze tightened before shouting internally: "Level 6 Berserk!"

"Ommm~!"

"Nine Dragons and Elephants, level 4!"

"Boom~!"

Two different powers stacked together and Luo Tian's fleshly body started giving off the sound of vibration. His gaze then locked onto a certain direction. Before that person could attack, Luo Tian made his move first. His target was the weakest person out of the group, and it happened to be the eldest disciple from the Myriad Sword Immortal Sect.

His cultivation was only at the Profound Saint 1st rank.

Luo Tian's right palm started moving, and the immortal force inside his body was released. The palm form was for Skysoul Palm as it directly smashed out.

"Watch out, Brother Lin!"

The time it takes for a spark to fall off a flint...

How fast was the reaction speed of an expert at the Profound Saint realm?

The instant Luo Tian attacked, the other three also attacked him.

If Luo Tian doesn't give up his attack on Lin Heng, his back will be bombarded by the attack by three people. Even if he manages to kill the eldest disciple of Myriad Sword Immortal Sect, Lin Heng, Luo Tian would still suffer a serious injury. This was a very advantageous result for Qi Ming.

Qi Ming's mouth curved into a cold smile. He then said to himself: "Kid, do you really think you'd be an opponent to us four?"

The moment they all attacked...

Ji Yuan's gaze shifted as he pointed at Little Xie and shouted angrily: "Kill that kid for me!"

The assassins of the Heaven Opening Manor immediately moved out like crazy.

Little Xie's gaze tightened. He instantly released a cold evil intent from his body and cautiously guarded himself. At the same time, he shouted towards Luo Tian: "Watch out behind you! Quickly dodge!"

Three streams of Profound Saint attacks!

One would surely die if they didn't dodge it!

But Luo Tian had no intention of dodging it. The powerful strike of his right palm continued its path forward.

Also at this time...

The attacks from Ji Tian and the others smashed down heavily.
