

Leveling Up 531

Chapter 531 – Congratulations For Winning A Big Lottery Draw

This was a freefall so how terrifying do you think it is?

Moreover...

There were two large dragons plummeting down together!

The worst thing about this is that the Golden Dragon cannot suffer a single bit of injury. Such an injury to him would mean a loss of 200 million experience points.

There were only a few hours left before the end of the system's quest timeframe. If he happens to get injured at a time like this, then this would be considered an extra huge loss!

"Hey, hey, hey..."

"Tian Tian, Tian Tian..."

"Little Xie, Little Xie..."

Luo Tian kept calling out to them but they had no strength to answer as they had collapsed in exhaustion.

"Fwoosh~, fwoosh~..."

The sound of the wind was so loud that it sounded like thunder. They also felt like wind blades slicing one's face and were extremely uncomfortable.

"Even if we don't die, we'll end up with only half our lives left if we keep falling like this." Luo Tian furrowed his brows and leaped into flight. He then shouted: "Level 7 Berserk!"

“Ommm~!”

One hundred and twenty-eight times his base attributes were released.

Right after that...

Luo Tian swooped down and flew to the stomach area of the Golden Dragon. He raised his arms with all his strength and green veins popped out from his forehead. The muscles on his arms bulked up and ripped apart his clothes. His veins were like earthworms, bulging out, and clearly seen intertwining with each other.

A Golden Dragon weighing hundreds of thousand tons!

This was a freefall from over ten thousand meters in altitude. This kind of impact force felt like it was stronger than a nuclear bomb!

“Agggghhhh~!”

Luo Tian roared out and exploded forth with all the powers he had. He was holding up against the Golden Dragon’s falling speed. But its body was simply too large, so the freefall object with such a large mass made it fall faster due to it having a greater gravitational force.

The heavier the object, the faster it would fall.

Luo Tian’s effort only made the falling speed decrease by a tiny bit. “Damn it! I had to use up 8 million profound energy just to use level 7 Berserk once and only managed to slow it down by a tiny bit. And if that kind of follow-up power cannot handle its body, I would’ve wasted all my points for nothing.”

“Crack~...”

Luo Tian clenched his teeth while his eyes widened in anger. "Fine! This daddy will fight it out with all I've got!"

"Level 7 Berserk!"

"Boom~!"

He used the skill once more and managed to slow down the falling speed by a bit.

"Level 7 Berserk!"

"Boom~!"

"Level 7 Berserk!"

"Level 7 Berserk!"

But Luo Tian had no other methods right now and could only keep activating level 7 Berserk like a madman.

This was the only way to lower the freefall speed of the Golden Dragon!

Not only was it for the 200 million experience points, but it was also for how to find the location of the Sky Palace Divine race.

He would become extremely angry every time he thought of Ji Tongtian.

Profound Emperor realm!

Powerful and terrifying to the extreme. Even if he used all the powers he possessed, there was still no way he could resist. Ji Tongtian's wild arrogance and his expression like he looked down on everyone in contempt made Luo Tian extremely annoyed. There were only two ways to play that guy to death!

Breakthrough into the Profound Saint realm!

Or hatch the dragon egg!

But those two methods had one thing in common – enter the location of the Sky Palace Divine race.

He had to go there!

The dragon egg had to be hatched! A Golden Dragon was already able to release such strong powers, so the dragon egg in his possession will definitely be strong to an unimaginable degree. Standing on a dragon's head, traveling around the world, and then arriving at Shattered Sky City in style!

He would then crush Murong Wanjian with the greatest powers.

Crush the Imperial God Immortal Sect and the Starsea Immortal Sect!

Everything required him to find the location of the Sky Palace Divine race. That's why Luo Tian couldn't let Qin Changtian and Little Xie die! He definitely cannot!

"Agggghh~!"

"Level 7 Berserk!"

Luo Tian had lost count of how many times he activated level 7 Berserk. Currently, fresh blood was coming out from his mouth, nose, and ears. The backlash damage of level 7 Berserk to his body was extremely strong. Once was tolerable, but after multiple times of using it, his fleshly body was like a large battlefield that was being destroyed like crazy.

Unbearable!

Extremely unbearable!

But Luo Tian kept clenching his teeth and held on. He was screaming internally: "Ji Tongtian, you motherf*cker! This daddy will never let you off!"

"Yang Jin!"

"Four great immortal sects! You all just wait for this daddy!"

The rage inside him was surging into the sky!

If it weren't for Ji Tongtian, he wouldn't be stuck in such an embarrassing situation.

Continuously being chased down to kill.

Luo Tian was extremely pissed and said fiercely to himself: "If I don't f*ck you over someday, this daddy's surname won't be Luo anymore!"

He absolutely had to f*ck that guy up!

Exploding a Profound Emperor boss should definitely be a joyful experience.

"Level 7 Berserk!"

"Boom~!"

"Puff~!"

Luo Tian couldn't hold it in anymore and sprayed out a mouthful of blood. His profound energy was drained and he only had about ten thousand points left. He could no longer maintain the expenditure of level 7 Berserk.

Fortunately...

They were about to reach the ground.

His arms were shaking and he used his last-ditch effort to support the Golden Dragon until he steadily landed.

Immediately after...

He collapsed onto the ground against the body of the Golden Dragon and panted heavily.

His sweat drenched him like rain.

His whole body was wet and his image looked embarrassing to the max.

Ever since he transmigrated, Luo Tian felt like he had never been in such an embarrassing state like he was now.

"Big brother Luo Tian, thank, thank you." The Golden Dragon faintly opened its large eyes and said this in a weak manner.

Luo Tian waved his hand and replied: "It's good that you're okay."

The Golden Dragon closed its eyes and its body quickly transformed. Ten seconds later, he turned back into a little boy's body. He became weak and listless so Luo Tian quickly took off his outer clothing to wrap the boy up.

Not too far from him was the Frost Dragon, Little Xie.

He too quickly transformed back to a human body.

Luo Tian could only take off his inner clothing and cover Little Xie with it.

Compared with Qin Changtian, Little Xie's body was even weaker because he had suffered some serious injuries. He most likely sustained those injuries when fighting Lu Zhen. Luo Tian exhaled and cast several Healing Art on him, but found out it was completely useless.

He then recalled Qin Changtian said previously that normal Healing spells were useless.

Not long after...

Qin Changtian gradually awakened. His eyes had no energy and his face still pale. He coughed weakly a few times before saying: "Big brother Luo Tian, big brother Little Xie needs the Rainbow Lotus in order to cure his illness. The reason he came here this time is precisely for the Rainbow Lotus."

Luo Tian was a bit surprised and asked: "You knew he was a dragon all along?"

Qin Changtian replied weakly: "En, I already knew early on. Grandpa Qin San also knew. I'm sorry for not telling you."

Luo Tian smiled and replied: "Don't worry about it."

Those of the same race would naturally be aware of each other. Qin San was from the dragon protector clan so he too should be familiar with them.

The existence of the Dragon race was a secret, so not telling an outsider like Luo Tian was considered very reasonable.

Immediately after...

Qin Changtian held back a sob and asked: “Big brother Luo Tian, can you help save him?”

Tears were glistening in his eyes.

Qin Changtian then continued: “Big brother Little Xie became injured to this extent because he was trying to save me. Can you help him?”

At this moment...

The system suddenly gave off two alert notices.

“Ding!”

“Quest has been completed. You have gained 2000 experience points as a reward.”

Chapter 532 – Heavenly Flames, Green Lotus Core Flame

The reward can be negligible, but he received a grade of S for his completion!

This was an extremely high grade and can be considered as a four-star rating.

Typically, the easier the quest was, the harder it was to get a good completion grade. Luo Tian originally thought that as long as the quest wasn't a failure and 200 million experience wasn't deducted, he would already be thanking the Gods. He never imagined he would actually gain such a high grade.

It was almost worth it to use so many level 7 Berserks and practically using his life to guarantee Qin Changtian would be alright.

The quest was completed!

“You have been given a single chance to draw from the system’s big lottery prize draw. Will you start the lottery now?”

“Start it!”

The heart arousing moment has arrived.

Luo Tian focused on the system interface and saw a slot machine type image. There were various things in front of him and Luo Tian started drooling from seeing it.

“Wow! Wow!”

“Peerless Divine Sword!”

“Increase by one level!”

“Divine Seal!”

Various treasures! Various super powerful treasures!

Of course...

Apart from these good things, there naturally were bad things mixed in as well. The amount of stuff like tier 1 Healing Pills and rank 2 martial skills was not low.

At the center of all the treasures, also known as the most important heaven’s gate, there was an image of a cluster of fire. Just a casual glance showed that there wasn’t anything special about it. Luo Tian has played with slot machines in his past life and knew this position had the best things.

Immediately after...

Luo Tian carefully looked it over and his eyes almost bulged out. His expression became as excited as one could get! He kept swallowing down his saliva while muttering: "Heavenly Flame, Heavenly Flame, Heavenly Flame, mama mia! The Heavenly Flame that Xiao Yan cultivated in Battle Through The Heavens..."

"Oh My God!"

"It has actually appeared here! Appearing in a big lottery draw!"

"I..."

Incoherent babbling!

Luo Tian was so excited that he couldn't even speak properly anymore. His blood was boiling and the earth felt like it was cracking and being flipped upside down. One million alpacas were galloping past him before coming back to run by him again. Luo Tian's heart was feeling happiness to the extreme!

He swallowed his saliva and started feeling nervous. His eyes stared at the heaven's gate area and didn't bother looking at anything else other than the Heavenly Flame. Whatever Peerless Divine Sword or Divine Seal can get the hell out of here!

Luo Tian was a super fan of Battle Through The Heavens.

It would be such an awesome thing if he could cultivate Xiao Yan's Heavenly Flame!

The most important part...

Every attack was an extremely strong technique!

As long as he could draw it, Luo Tian could practically blast the Profound Emperor Ji Tongtian to death! He then said to himself excitedly: “The third method of killing Ji Tongtian has come. Oh mighty heavens, please let me draw that.”

“Teacher Sola Aoi, Teacher Maria Ozawa, Little sister Rola Misaki, Teacher Yui Hatano...”

“Come!”

“Please bless and pray for me. I have loved you all for so many years, I even have all your limited edition movies. I am willing to love you all for the rest of my life. Please grant me the power!”

He was chanting this inside his heart.

Immediately after...

He made a thought and started the lottery draw.

At this time...

Luo Tian’s heart was thumping all over the place and wouldn’t calm down. When he watched the bright lights that kept flashing, his heart almost couldn’t handle it anymore. He couldn’t look anymore because this was about to take his life! This was even more hair-raising than the quest of protecting Qin Changtian that could deduct a bunch of experience points at any given moment!

“I can’t stand this!”

“I really can’t stand this any longer.”

Luo Tian closed his eyes and didn’t dare to keep looking, afraid that he might have a heart attack at any moment.

He clenched his fists.

He clenched them on and off while praying internally: “Heavenly Flame, Heavenly Flame, it has to be the Heavenly Flame.”

In just a short few seconds...

Luo Tian felt like it was longer than a hundred years. He was excited, nervous, and just wanted to skip the whole waiting process. But he was really afraid of drawing a garbage item...

A big lottery prize draw like this was very random when it came to prizes.

They wouldn't have the same prizes every time. If he missed out on this chance, he may not get another chance the next time.

“Ding!”

The spinning sounds stopped and the brightness stopped at a certain location.

Luo Tian's mind tightened and his pounding heart started calming down. The breathtaking moment has arrived! His vision slowly opened to reveal a thin line like he was about to meet his greatest enemy ever.

After that...

He became dumbstruck.

His expression turned listless.

“F*ck!”

“I didn’t draw anything?”

“How did it turn out like this?”

Luo Tian was flabbergasted because the slot machine’s screen didn’t show anything. He couldn’t hold it in anymore and started cursing: “F*ck your uncle, you damn system! What the f*ck are you...”

Just when Luo Tian was going to continue cursing...

There was a sudden bright flash of light above the slot machine before a small square-shaped light fell down. With a “boom” sound, it accurately landed on the flame image situated at the heaven’s gate area. Another louder “boom” was heard, similar to thunder raging through all nine heavens.

Luo Tian’s expression froze once more.

Everything came too suddenly.

It almost scared him to the point of pissing himself.

“Heavenly, Heavenly, Heavenly Flames! I drew it!” Luo Tian was so excited that his lips were trembling and tears were about to come out from his eyes. If there weren’t people around him right now, he would’ve already screamed into the air.

Too excited!

The system instantly gave an alert tone.

“Ding!”

“Congratulations to player Luo Tian for drawing a Heavenly Flame level 1. Will you be cultivating it?”

“Cultivate!”

“Why would I not cultivate it?”

“Your sister! This is a Heavenly Flame we’re talking about! This is Xiao Yan’s strongest skill, so why would I not cultivate it?” Luo Tian almost went off in a tirade.

“Ding!”

“Congratulations to player Luo Tian for successfully cultivating Heavenly Flame level 1.”

Right after that...

Luo Tian quickly opened up the system interface.

His martial skills list had an extra skill.

Martial Skill: Heavenly Flame

Grade: Upper Divine

Rank: Level 1 (Green Lotus Core Flame)

Cooldown: 12 hours

Consumption: 10 million profound energy

Description: This martial skill is at level 1 and is called the Green Lotus Core Flame. It cannot level up and only has a single characteristic. The higher the cultivation level of the user, the greater the attack power Green Lotus Core Flame will be. This martial skill is extremely terrifying so please use it with caution!

“It’s only at level 1?”

Luo Tian faintly frowned. Based on his memories, the Heavenly Flame should have over a hundred variations and the Green Lotus Core Flame is only one of them. The description says he cannot level it up and it only had one characteristic. That meant if he could level it up, he wouldn’t get any other types of Heavenly Flames.

Luo Tian was faintly relieved when he started thinking back to the Heavenly Flames inside Battle Through The Heavens.

The hundred-plus Heavenly Flames was Xiao Yan gathering it from all over the realms and wasn’t something he trained to level it up.

The Green Lotus Core Flame is the first Heavenly Flame he gained, and this world labeled it as level 1 in Luo Tian’s possession. Even though it was only at level 1, it was ranked 19 out of all the Heavenly Flames. This was already considered a very high-level existence!

Knowing all of this...

Luo Tian was secretly ecstatic and said to himself: “So awesome! If I was given enough time, I could gather up over a hundred Heavenly Flames!”

And...

If a few more big prize draws came his way and he was lucky, heh heh... Luo Tian started chuckling in excitement while his imagination ran wild.

Also at this time...

The system gave off another alert tone.

“Ding!”

Chapter 533 – The Quest Increases By A Level

“Ding!”

“Congratulations to Luo Tian for leveling up your quest. Your quest rank has been raised to B. The content of the quest is to save Little Xie.”

“Quest Target: Rainbow Lotus”

“Quest Limit: 3 days”

“Quest Reward: 5000 experience points

“Quest Failure: Deduction of 500 million experience.”

This kind of quest again?!

At this time, Luo Tian didn't show any frustration or have any complaints. “You can only get high returns if you have large investments in high-risk stocks!”

Getting a grade of S would give me a single draw in a big lottery. With my 100 points in luck, wouldn't my specialty be drawing good stuff?”

Otherwise, how could he have gotten the Green Lotus Core Flame?

Heaven's Gate!

Anyone who has played slot machines knows that earning stuff from there is too hard.

“Good!”

“If I get another S grading, I’ll get another Heavenly Flame or maybe get the strongest Huo Di’s Flame, then I would be striking it rich! Hahaha...” Luo Tian was laughing so hard internally that he couldn’t even close his mouth. He never expected to draw a Heavenly Flame since those things were practically heaven-defying existences.

Inside Battle Through The Heavens, it was an existence that could even defeat the Dou Di (Battle God)!

Immediately after...

Luo Tian’s gaze shook before saying to Qin Changtian: “Even if you didn’t ask that of me, I would’ve still tried to save him. The only problem is that I don’t know the location of the Rainbow Lotus. Do you know it?”

This was the most important part.

The Sky Mountains is such a large place so where am I supposed to find it?

Plus, there are only three days as a time limit so this has made it even harder.

Qin Changtian weakly replied: “I do know it. It’s right before the entrance to the Sky Palace Divine race. I can sense it but... Big brother Luo Tian, that place has already been completely surrounded. And there’s an extremely powerful beast guarding it.”

“That’s not right...”

“Accurately speaking, it should be called a Dark Angel!”

When the name Dark Angel came out, Qin Changtian's gaze contained an inexplicable intent of hatred. He didn't know why himself, kind of like he was born with that hatred. This was something that naturally exploded from within his heart.

"A bird person?"

Luo Tian was a bit shocked as he never imagined this world would have angels.

"Bird person?"

"This kind of name is kind of strange." Qin Changtian then asked: "Why is it called a bird person?"

Luo Tian smiled and replied: "They look like humans but have wings on their back, so that's why I call them bird people, cough~."

"Heh heh..."

"Moreover..."

"Ji Tongtian and the two Elders from the immortal sects are present!"

Qin Changtian's face couldn't help become depressed when he recalled what happened not too long ago.

Ji Tongtian's powers were strong to a terrifying level.

A Profound Emperor 3rd ranker was naturally terrifying to the extreme. Even some lower-ranked mature dragons weren't his opponent. He clearly observed how Ji Tongtian easily crushed Luo Tian when they faced off. Wishing to obtain the Rainbow Lotus under such conditions was extremely difficult, and he might even die in the process.

Qin Changtian's gaze turned gloomy as he said: "Big brother Luo Tian, how about we think of another way? I believe there is another way to save big brother Little Xie. That place is just too dangerous."

"Ji Tongtian is there too?"

"There are also those two immortal sect Elders?"

Luo Tian started smiling in excitement.

He said to himself: "Damn, I was just feeling troubled on how to find those bosses. Who would've imagined they've already reached that place? Good, very good. This time, this daddy will definitely beat the shit right out of you all."

He immediately thought of using the Green Lotus Core Flame to explode Ji Tongtian's chrysanthemum!

Recalling how he was crushed at the Kun Mountain Sect, flames of rage ignited inside Luo Tian's heart. He wanted to rush to where Ji Tongtian was this instance and use his Heavenly Flame to instantly kill him!

"Go!"

Luo Tian said decisively: "We definitely have to go."

How could they not go?

A bunch of bosses! He had to kill them!

Moreover, the quest was something automatically accepted so Luo Tian couldn't avoid it. Deducting 500 million experience points is equal to two levels. This was a loss Luo Tian couldn't afford!

In addition to all of that...

If he could successfully complete the quest and gain a higher completion grade, something like a SS five star grade or a SSS perfect grade, what kind of big lottery prize draw would he get? It should definitely be filled with divine grade equipment! Just thinking about this immediately made Luo Tian excited.

Qin Changtian looked at Luo Tian's firm expression and felt moved. "Thank you, big brother Luo Tian."

Little Xie woke up in a daze and his mouth muttered: "Don't go. Luo Tian, you can't go. It's too dangerous there."

"Don't worry."

"Beautiful Little Snow, I will definitely help you," said Luo Tian in a joking manner.

Immediately after...

Luo Tian stood up and asked: "Tian Tian, how far are we currently from the location of the Rainbow Lotus?"

Qin Changtian replied: "If we keep moving in an eastern direction, it should only be about 300 kilometers."

"It's very close."

"We will get there in an hour." Luo Tian thought about it carefully and felt like it was useless for him to go there right now. The Rainbow Lotus wasn't fully mature yet and there were many adventuring teams. Going there would only end up in chaotic battles. Since he wanted a perfect grade in the quest evaluation, he had to use a more unique method.

The most important thing...

His profound energy had been nearly exhausted and he only had about a few tens of thousands of points left. He couldn't even use level 7 Berserk once, so he definitely had to replenish that as soon as possible.

Sky Mountain range.

One of the top ten largest mountain ranges in the Tianxuan Continent. This place had endless amounts of demonic beasts, various spiritual herbs, and was considered nature's treasure trove. Luo Tian wasn't afraid of not replenishing his profound energy because this place was practically a place with endless resources for him.

"Tian Tian!"

"Stay here and take care of Little Xie. I need one day of time to make some preparations" said Luo Tian.

One day!

He had to fully recover all his profound energy in one day.

Even though Qin Changtian didn't know what Luo Tian had to do, he still nodded and replied: "En. Big brother Luo Tian, I will take good care of big brother Little Xie."

Luo Tian didn't bother speaking anymore nonsense and flew off. He was gone in a blink of an eye.

"Your Highness!"

Little Xie struggled to get up before kneeling down. "I'm sorry that I wasn't able to protect you well."

Qin Changtian immediately supported him, "Big brother Little Xie, what kind of nonsense are you saying? You've already done very well."

He was the dragon race's young master!

Little Xie sat on the ground with an extremely pale face. He looked in the direction where Luo Tian disappeared off to and asked: "Your Highness, is he going to come back? Humans are not trustworthy..."

He had experienced many things lately but still maintained his vigilance when it came to humans. It was still the same even though he understood Luo Tian seemed to be different from other humans.

Qin Changtian revealed an innocent and pure smile before replying: "Big brother Luo Tian will definitely come back. He is different from other humans and there's an aura coming from him that is similar to our dragon race. When compared to me, you, or even royal father, his aura appears to be even more powerful. It's kind of like a Dragon God..."

Luo Tian.

He had once more entered a crazy killing spree.

"Ten years is not too late for a nobleman to get his revenge."

Chapter 534 – Done With Refueling, Preparing To Kill

It is the highest peak of the Sky Mountains.

It is also the highest mountain peak in the entire Tianxuan Continent.

The mountain peak rises through the clouds and one cannot see how tall it is. The world only knows this mountain peak is the highest and closest place to the sky.

At the foot of the mountain.

Many adventuring teams were gathered here.

Inside one of the bigger tents.

Ji Tongtian didn't look happy as he asked: "The exact location of the Rainbow Lotus still hasn't been found?"

"City Lord, the location of the Rainbow Lotus is constantly changing so we cannot grasp where it will be unearthed. It's not just us but everyone is the same and can't figure it out. And there's a divine guardian beast at Divinity's Peak so we can't get close."

"Trash!"

"What's the use of keeping you?!"

Ji Tongtian flicked his sleeves and his Profound Emperor's battle aura shot out. That person was instantly smashed into powder.

A few people inside the tent were like quiet cicadas and didn't dare to make any noise.

Yang Jin then said: "Treasures of heaven and earth are born of heaven and earth. Those kinds of things have sentience and have the ability to think, so wishing to find them will be very difficult. But as long as it matures, it will definitely show itself and that's the best time for us to make our move."

"Divinity's Peak is only that large, so it shouldn't be difficult for City Lord Ji's Profound Emperor 3rd rank powers to cover it."

After saying this...

Yang Jin gave a smile and continued: "I don't really care about the Rainbow Lotus so if City Lord Ji wants it, you should quickly go grab it. I only want to know when you're going to find the entrance location to the Sky Palace Divine race for me so that I can find that Golden Dragon that escaped."

Lu Zhen coldly grunted: “You can’t afford to waste our time. City Lord Ji, I think you should be spending more effort in finding the entrance to the Sky Palace Divine race instead.”

“Humph~!”

“You two still have face to be speaking here?”

“If it weren’t for you guys hiding information from me, do you think it would turn out like this now? You want to dismantle the bridge after crossing the river? Your Imperial God and Starsea Immortal Sect people are truly amazing!” Ji Tongtian coldly replied.

He was feeling quite pissed.

Luo Tian escaped and he wasn’t able to absorb the martial skills Luo Tian cultivated in. He couldn’t take revenge for his three sons’ death either so this made him even more pissed off.

He has killed over a hundred people during this trip.

Yang Jin’s expression sank and his gaze turned fierce. “Our alliance treaty never mentions our obligations in telling you such information. And you aren’t qualified to take a share in this either. Who do you think you are? Ji Tongtian; if it weren’t for you, we would’ve entered the place for the Sky Palace Divine race and gotten our dragon’s blood already. Why would we have to wait in such a desolate place like this now?”

He was also pissed off.

Who would be happy when a piece of meat nearing one’s mouth would suddenly fly off?

Lu Zhen then became the peacemaker and said: “Okay, stop arguing. Our top priority is to find that Golden Dragon. City Lord Ji, since you wish to get a share in the soup, then you need to show some sincerity. Your people cannot go searching for that whatever Rainbow Lotus and should be looking for

that Golden Dragon. A dragon entering the void will only allow it to move somewhere not too far instantly. I believe it should be still within the Sky Mountains and not too far from where we are.”

While saying this...

Lu Zhen gave Yang Jin a glance.

Yang Jin coldly harrumphed and didn't say anything.

Ji Tongtian coldly sneered and said: “Elder Lu, finally you've said some human-like words.”

“Good!”

“I will send out all the assassins of Heaven Opening Manor and we'll definitely find that kid's whereabouts. But your first priority should be helping me grab the Rainbow Lotus. You immortal sect Elders naturally don't care about such a thing, but it's something quite good for me,” said Ji Tongtian.

Lu Zhen and Yang Jin glanced at each other.

Since one or two days didn't matter much, they nodded and replied: “Fine!”

For a brief moment...

The three-person alliance was established once more.

This time, their goals were the same.

Yang Jin no longer had anything to hide. In order to find the entrance location to the Sky Palace Divine race, they needed Ji Tongtian's help. They didn't have enough people on their side and Sky Mountain was too large. They may not be able to find anything even if they searched for a hundred years.

“Kill!”

Luo Tian punched out and directly smashed the head of a rank 8 demonic beast.

“Ding!”

“Congratulations to player Luo Tian for killing a Mountain Fire Beast. You have gained 12,000 experience points, 100,000 profound energy...”

“Congratulations to player Luo Tian for gaining Mountain Fire Beast’s demon core. Will you be consuming it?”

“Yes!”

“Ding!”

The experience points for this type of demonic beast weren’t that much because Luo Tian’s level was too high now. When dealing with such a demonic beast, Luo Tian could kill it instantly. The experience gained will be very little but the profound energy will be a lot, so this was considered a compensation of some sort.

There’s also the demon core!

A rank 8 demonic beast’s demon core contained a dense amount of profound energy. Even though the replenishing rate is rather slow, the amount of profound energy recovered was the best option.

Luo Tian didn’t let a single demonic beast off!

Not to mention rank 1 demonic beasts, Luo Tian didn't even spare an ant below his feet!

No matter how low the experience was, he still got one point!

There's still meat on a mosquito no matter how small it is. Experience points are slowly accumulated and it's impossible to reach the heavens in one step.

Luo Tian's figure moved and leaned to the right. He directly charged into and smashed a demonic beast flying. "Shit, a damn thing like you wants to ambush this daddy?!"

Another instant kill!

Luo Tian swept his glance around and quickly gathered all the spiritual herbs nearby. He sent out his senses and didn't find any more demonic beasts in the area. He then started concocting medicinal pills like crazy. In just ten minutes, he used up all the spiritual herbs he gathered and concocted them into medicinal pills.

He consumed them all!

His profound energy increased by a large chunk.

Right after that...

Luo Tian charged off ferociously to look for more demonic beasts.

"One day's time will be over soon."

"Is he really coming back?"

“We haven’t even seen a shadow of him this whole day,” said Little Xie in a low tone. He believed in Luo Tian but also didn’t dare to trust him. The Dragon race was deeply hurt by the deception of the humans. Even if Luo Tian once saved him with his life, there was still a trace of wariness inside his heart.

Qin Changtian’s gaze was firm as he replied: “He will; big brother Luo Tian will definitely come back.”

Little Xie then mumbled: “I hope that’s the case. But him not coming back is also normal. Who would risk themselves for two injured dragons? We’re already quite fortunate that he hasn’t drained all the blood from our bodies.”

“Those idiotic humans don’t understand that their fleshly bodies cannot handle our blood. Once they try to merge it together, their bodies will definitely explode.”

Little Xie smiled coldly.

Immediately after...

Little Xie continued saying: “Who knows what he’s planning on doing at the Sky Palace Divine race area? His abilities are very special – his dantian has been crippled yet he’s still able to explode forth with such powerful strength. The martial skills he cultivates are all over the place but they are all incomparably strong. If he plans on doing something unfavorable to our Dragon race, we will be condemned as sinners throughout all the ages.”

“No way!”

“Big brother Luo Tian will definitely not do something like that,” muttered Qin Changtian.

At Luo Tian’s location.

“Boom~!”

“Ding!”

“Congratulations to player...”

“My profound energy is full!”

Chapter 535 – The Powerful Dark Angel

Luo Tian was alone as he quietly snuck over.

He didn't bring Qin Changtian and Little Xie.

This time...

It was going to be a huge battle to snatch a treasure. If Qin Changtian and Little Xie came with him, they would definitely drag him down. It was going to be extremely dangerous this time and Luo Tian didn't want them to take such risks.

After hiding them in a secret place, Luo Tian rushed over like crazy.

There were adventuring teams everywhere and their strength was generally around the Profound Venerate realm. There was even a small portion of them at the Profound Saint realm.

Their strengths couldn't be compared to Ji Tongtian and the others though.

But...

When it came to a spiritual treasure of heaven and earth, everyone would like to try their luck. What if a chance coincidentally arrives before them? These kinds of happenings are very difficult to determine.

Those teams noticed Ji Tongtian didn't rush off to leave and was still waiting for an opportunity.

They understood...

The Rainbow Lotus will unearth at a random location so everything was based on luck.

Suddenly...

Divinity's Peak was glowing with a holy light. The holy light shone down and made people feel like a breath of fresh air blew by. But no one was enjoying this sensation and were actually on full alert.

It's coming out of the earth!

The Rainbow Lotus is about to be unearthed.

After the holy light shone down, it suddenly pulled back to a certain spot. That spot was like a searchlight that kept changing and sweeping the area. While it was changing, an extremely beautiful lotus shining with seven different colors appeared and kept shifting to different locations.

Spiritual treasures of heaven and earth...

They couldn't be described by words. A lotus is supposed to be an aquatic plant, but this Rainbow Lotus was growing in the underground depths. It was nurtured for three thousand years while absorbing the essence of heaven and earth and contained endless power within it.

Rumors say...

Whoever eats it can instantly make a breakthrough.

Their cultivation foundation becomes much more superb.

Even though these are only rumors...

People will still not let this opportunity pass by based on a tiny chance. Enlightenment that allows an instant breakthrough is something extremely difficult to encounter. Some martial artists have stayed in a certain cultivation realm for decades to centuries. The Rainbow Lotus could be an opportunity to change one's destiny!

"Ommm~!"

The holy light gave off a loud hum before landing at a certain place.

It then shone brilliantly from within a cave.

Suddenly...

"It has appeared!"

"It's been unearthed! It's about to mature!"

"Hahaha... the Rainbow Lotus is mine! It's mine!"

For a brief moment...

The adventuring teams turned chaotic as they all charged over like they didn't care about their lives. They were similar to ferocious beasts with red faces from being overly excited. They were acting like they were the only ones that were going to get the Rainbow Lotus.

Also at this time...

A powerful Profound Emperor battle aura charged into the sky before descending to the cave entrance. Ji Tongtian then shouted: "Heaven Opening Manor is taking care of business here! Everyone scram as far away as you can!"

Immediately after...

Dozens of Heaven Opening Manor assassins descended and released their gloomy killing intent.

After that...

Yang Jin landed and stood next to Ji Tongtian. He then spoke loudly in contempt: "The Imperial God Immortal Sect is taking care of business here. If you know what's good for you, scram away from this place. Whoever dares to take a step in here means you wish to oppose my Imperial God Immortal Sect. The only outcome for you will be death."

Heaven Opening Manor's strength along with Imperial God Immortal Sect's strength added on instantly restrained over a hundred people.

The faces of everyone here showed their unwillingness.

There was fear, unwillingness, and hatred in their eyes.

"Humph~!"

Ji Tongtian flicked his sleeves and went into the cave first. "Don't let anyone else come in."

Yang Jin followed after him.

The Heaven Opening Manor assassins surrounded the cave entrance.

Inside the crowd, Luo Tian wasn't feeling anxious and was actually a bit puzzled. He asked himself: "Where did the Starsea Immortal Sect Elder go off to? Why didn't he appear?"

He then felt an ominous premonition.

Right after that...

He spoke up in the middle of the crowd: "The destined one should be the person to obtain a spiritual treasure from heaven and earth. Isn't Heaven Opening Manor acting a bit too tyrannical?"

Someone else voiced up as well.

And another person echoed loudly: "What you've said is right! The Heaven Opening Manor is acting too tyrannical! What qualifications do they have to do that?!"

"My fellow brothers..."

"The Imperial God Immortal Sect is over ten million kilometers from this place. Even if people come here, there's no way they can get here quickly. What the hell are we afraid of? After getting the Rainbow Lotus, our cultivation will increase greatly so what's the need to be afraid anymore?"

"That's right!"

"Motherf*cker! This daddy has waited here for over half a year. Based on a few words and you want this daddy to leave? This daddy refuses to submit!"

More and more voices filled with anger could be heard from the crowd.

The resentment inside these people was getting stronger and stronger.

Luo Tian was walking around and fanning the flames. When he noticed the time was ripe, he shouted: "Let's charge forward together! We'll kill them all before entering the cave to snatch the Rainbow Lotus! No matter how strong Ji Tongtian is, there's no way he will be an opponent for all of us!"

"Boom~!"

Luo Tian's words were just like a fuse that instantly lit up a ten-ton blast.

Everyone charged forward like they didn't care about their lives anymore.

The Heaven Opening Manor assassins were all death warriors who didn't care about their own lives, and they were absolutely loyal to Ji Tongtian. But when they saw so many adventuring teams charging over like a tidal wave, even their faces turned pale from fear. They looked at each other and displayed a trace of fearful countenance.

Luo Tian's figure moved and instantly killed one of the assassins from Heaven Opening Manor.

"Kill them!"

In an instant...

The flood of people charged into the cave entrance without a care for their lives.

There was no way the assassins from Heaven Opening Manor could block so many people. Greed could make anyone explode forth with endless potential. Ji Tongtian would only cause public outrage by doing what he did, so these people were naturally pissed off about it.

Luo Tian started laughing evilly inside. "The more chaotic, the better."

He wasn't in a hurry to enter the cave.

It didn't matter who got the Rainbow Lotus because he only had to pay attention to the actual person who obtains it.

Whoever obtains it will be the one to die!

Directly exploding their corpse!

This was the benefit of the system. He believed with his 100 points in luck, what he needed will definitely explode out.

While lurking amongst the crowd, he would occasionally perform an instant kill on one or two assassins and make them enraged. Everything was within his control for now.

Inside the cave.

The seven colors of a rainbow kept changing and shining brightly.

Luo Tian entered the place and his expression drastically changed. A bird person was suspended in the air and quietly guarding next to the Rainbow Lotus. Next to the roots of the Rainbow Lotus was a black hole, and this black hole was giving off a dense aura of darkness.

What made Luo Tian excited wasn't any of this.

It was the bright golden glow that surrounded the Dark Angel!

The golden light was bright and dazzling to the eyes. With its two large black wings behind it... Luo Tian stuck his tongue out and said excitedly: "I haven't had barbecued chicken wings in a long time, heh heh... One boss, two bosses, three bosses, hahaha... This is awesome!"

"Entrance to the Sky Palace Divine race!"

It was unknown whose voice exploded out.

Yang Jin's expression immediately sank.

At this time...

Ji Tongtian's expression also hiddenly changed. He looked at Yang Jin and said: "Elder Yang, since we've found the entrance, it should be time for you to show some sincerity, right?"

Suddenly...

The eyes of the Dark Angel standing in the air widened. Its faint green pupils exuded a power that seemed to be capable of taking one's soul away. It then gave an eerie shout: "Endless darkness, nether extermination! Everyone must die!"

Its powers exploded forth violently! This was beyond terrifying!

Chapter 536 – Bosses Fighting Each Other

So many!

And they happened to be those super bosses with bright golden glows! They will definitely explode with a ground full of loot. One of them might even be a boss that will trigger a system reward. Amongst the crowd, Luo Tian was the only one drooling. It was like seeing a... wait, it should be seeing three beautiful women completely naked without a single piece of clothing!

Three extremely strong bosses and none of them were easy to deal with.

Moreover...

The Heavenly Flame's cooldown was too long so he could only use it once.

Even if he kills one instantly, there's still two left so it wasn't worth it.

What Luo Tian wanted was to kill all three bosses at once. Now that would be cool!

Therefore...

He directly withdrew from the place.

Right out of the cave.

He was quietly leaving without anyone noticing.

But his spiritual senses were still amidst the crowd lurking there silently. With a crowd of over a hundred martial artists, wanting to find that strand of spiritual sense of his would be rather difficult.

"Go fight!"

"I can feel they've started fighting each other. The more intense the fight the better, heh heh..." Luo Tian was chuckling evilly at the cave entrance.

Inside the cave.

The Dark Angel exploded forth with its so-called Nether Extermination powers. This was a power purely related to darkness. When this power was released, it felt like thousands of ghosts had appeared simultaneously. They gave off ghostly wails, flew up into the air, and randomly circled the area.

Yang Jin coldly scoffed and said: "City Lord Ji, don't be in a rush to make your move. These people want the Rainbow Lotus badly, right? Then let them go snatch it first."

Yang Jin took a few steps back.

Ji Tongtian smirked coldly and also took a few steps back.

At this moment...

The Dark Angel's wings suddenly spread out before it shouted in a ghastly voice: "Kill them for me!"

After it gave the order...

The ghosts from the Nether flying about instantly charged down.

"Defense!"

"Suppress!"

"Block them! Block them! Everyone block them while I go pick the Lotus!"

"That's my Rainbow Lotus!"

"Just based on a few people like you guys and you think you're qualified to get the Rainbow Lotus? Scram for this daddy!"

For a brief moment...

The Dark Angel's nether ghosts were easily slaughtering all the martial artists. On the other side, there were a lot of martial artists charging towards the Rainbow Lotus like they didn't care for their lives. The craziest part was that some people had started fighting amongst themselves. No one wanted the other person to obtain the Rainbow Lotus.

"Agggghh...!"

“A ghost!”

“Help me!”

The green iris of the Dark Angel shrunk. It then shouted in a gloomy voice: “Lowly humans like you wish to contaminate the holy item? Courting death!”

While saying this...

The Dark Angel’s right hand started moving and summoned out a dark-looking angel’s sword. It then slashed downwards.

Right above the blade...

Dark-colored flames looked like it was slashing space apart. Below the blade, several Profound Venerate martial artists had their souls ripped out and fused together with the sword. Their souls were struggling but it was completely useless.

The Dark Angel was too powerful!

Its ability to manipulate dark energy was extremely strong!

Another minute passed by.

Out of over three hundred people, only about thirty were left. This meant only one-tenth was left!

The dead and the injured were everywhere.

The corpses were all intact but every one of them had white eyes and their mouths wide open. Their positions of death looked like their bodies had been turned to stone.

Their souls had been pulled out.

“What a powerful dark energy!”

Ji Tongtian couldn't help exclaim, yet his lips showed a cold smile.

Yang Jin also coldly scoffed and said: “It's useless no matter how strong it is. This kind of dark energy is much worse than those experts from the devil sects. This Dark Angel is only at the peak of the Profound Saint realm. City Lord Ji, it should be easy to deal with if we join hands.”

“Heh heh...”

“Brother Yang, those are exactly my thoughts.” Ji Tongtian chuckled before continuing: “Kill it, take the Rainbow Lotus, and enter the place of the Sky Palace Divine race. When Brother Yang gains the dragon bloodline, you will definitely rise to the heavens within the Imperial God Immortal Sect. You might even be promoted to an Honorary Prime Elder.”

“Good words!”

Yang Jin became excited like he could already see this glorious scene. He then said: “Brother Ji, I'm about to make my move.”

“Heh heh...”

Ji Tongtian took a step forward.

At this time...

The thirty-something martial artists finally realized this Dark Angel wasn't an existence they could deal with, and this charming and seductive Rainbow Lotus had nothing to do with them. Only now did they start shivering from fear.

But...

Before they could escape, Ji Tongtian and Yang Jin made their move.

A Profound Emperor's battle aura exploded forth.

A high level orthodox immortal sect Profound Saint powers exploded forth.

They were both holding swords and started moving through the crowd. Wherever a sword light flashed by was where blood would spray out and the scent of death veiled the area!

In less than two breaths of time...

The thirty-something martial artists were lying on the ground.

Yang Jin chuckled coldly and said: "A bunch of trash like you guys want to leave with the secret of the Sky Palace Divine race location? You really think we would let you go just like that? What a bunch of trash who don't know the immensity of heaven and earth."

Ji Tongtian's hands were covered in blood as he said with disdain: "They're not even comparable to trash. Shit went into their brains, so they actually dared to act presumptuously in front of us. They were all courting their own deaths!"

Their methods were cruel to the extreme!

They understood clearly that the secret of the Sky Palace Divine race location cannot be spread out.

These people had to die.

In the world of martial artists, the weak were the prey for the strong. If you don't kill me, I will kill you!

Luo Tian's heart faintly sank as he said to himself: "What ruthless methods! In the end, those so-called experts are the remaining ones standing on top of a large pile of white bones!"

Luo Tian once more saw the truth behind this world.

There were only two people left in this extremely large cave.

Ji Tongtian and Yang Jin.

There was also the bird person, the Dark Angel.

After taking care of the thirty-something martial artists, Ji Tongtian stepped forward a few steps. He looked at the Dark Angel and said with a cold smile: "Are you going to surrender or do you want me to personally make a move?"

"Humph~!"

"I've always thought dark energy was the cruelest type of energy in this world. But when compared with you guys, I realized the cruelest energy is a human's heart!"

The Dark Angel seemed to be sighing in sorrow before its iris shrank. Its wings spread out and the dark aura around it started rising. It then shouted: "Just based on you two and you wish to enter the place of the Sky Palace Divine race?!"

"Don't speak any more bullshit with it."

"Just attack!"

Yang Jin stepped forward first with a shout. His sword started moving and a powerful immortal force exploded forth. At the same time, his left hand pinched an inner core and more immortal force surged out. The sword qi that came out of his sword shot out at the speed of light and crushed everything in its path!

Powerful to the extreme!

Ji Tongtian's expression hiddenly sank as he said to himself: "An immortal sect's powers are truly strong."

At this time...

He didn't want to be left behind. He flipped his right hand and a large palm print appeared above the head of the Dark Angel. "Heaven Turning Palm, crush everything for me!"

Outside the cave.

Chapter 537 – Might Of The Heavenly Flame

He too felt like he was kind of sinister.

The three bosses inside started fighting, and he as the oriole, was simply too happy about it.

"Fight! Fight!"

"The more fierce the fight, the better!"

Luo Tian started smiling evilly.

He was very clear...

The Dark Angel wasn't easy to deal with. His health bar was bigger than Ji Tongtian by 300,000 and bigger than Yang Jin by 200,000 points. It's obviously clear that out of the three of them, it was the strongest!

Ji Tongtian and Yang Jin definitely had the advantage when they joined hands though.

But...

If they wanted to kill the Dark Angel, they had to pay some sort of price.

Regardless if they end up paying a price or not, just the energy consumption would be very huge.

Luo Tian continued to quietly sense the battle with his spiritual senses.

He was secretly monitoring everything inside. He was kind of worried one of the three bosses would die an early death because this would be considered a huge loss to him.

Inside the cave.

The three of them were fighting back and forth to the point of being unable to untangle themselves.

Each attack was used with all their strength and each move was aimed to kill.

Their health bars were going down like crazy.

"He's almost dead!"

"Brother Yang, put in more effort!"

Ji Tongtian was panting and there was a large hole in one of his shoulders. A hot black flame was continuously burning his wound and trying to devour his body. He took a few high tier healing pills and then charged back into the fray.

Yang Jin's body had numerous wounds as well.

The Dark Angel's cultivation had exceeded their calculations.

But...

The Dark Angel was more severely hurt than them. The feathers on its wings were almost plucked clean, its abdominal area had suffered a strong attack and black-colored blood was seeping out from the corner of its mouth. Its face was especially pale right now.

"Quickly!"

"Quickly!"

"It's almost over!"

Sweat was coming out from Luo Tian's palms as he was feeling a bit agitated. This was his first time encountering three bosses together and he was planning on killing them all. He would then grab the Rainbow Lotus and save Little Xie, thus completing the quest. What kind of grade would he get if he managed to accomplish this?

It should be an S grade or above, right?

Another big lottery draw!

That would be way too awesome! Luo Tian started getting excited upon thinking of this.

At this time...

His entire focus was placed inside the cave.

Not too far away...

Lu Zhen had arrived!

An Elder level existence from the Starsea Immortal Sect.

Another boss!

However, his left hand was holding onto Little Xie and his right hand holding onto Qin Changtian.

At this moment...

Those two were unconscious and didn't have any energy in them. Their bodies were soft and flopping around without a bit of strength. There was black-colored blood at the corner of Little Xie's mouth and he happened to be seriously injured!

Luo Tian was only focusing on what was happening inside the cave.

He was in a hidden spot at the cave entrance but didn't notice Lu Zhen had brought Qin Changtian and Little Xie here.

By the time he noticed them, Lu Zhen would already be walking into the cave.

Lu Zhen wasn't aware anyone was around.

Suddenly...

Luo Tian's gaze sank as he cried out internally: "Oh shit!"

He didn't imagine Lu Zhen could find Qin Changtian and Little Xie so quickly. At the time when Luo Tian realized Lu Zhen wasn't around, he had a faint premonition that something bad might happen to Qin Changtian and Little Xie. He never expected it to happen so quickly!

His mind tightened. It was too late if he wanted to intercept Lu Zhen and kill him because he had already entered the cave.

"Damn it!"

Luo Tian clenched his fists in anger, "Now what..."

"Why am I so dumb?" Luo Tian criticized himself.

He already tried hiding Qin Changtian in the most hidden location and didn't expect he would still be found so quickly. This made Luo Tian extremely angry.

At this moment...

Luo Tian turned anxious. But even if this was the case, he didn't make a move and continued hiding.

Inside the cave.

"Hahaha..."

"We've finally caught the two pieces of trash."

“We don’t need those two for now so just throw them to the side. Elder Lu, we need to take care of this Dark Angel first.” Ji Tongtian said after laughing loudly.

Yang Jin also became exhilarated.

A Golden Dragon and a Frost Dragon. The blood flowing through these two dragons was very powerful, and just fusing with it will allow his cultivation to advance by leaps and bounds.

The three joined hands and the pressure became greater for the Dark Angel.

But...

When the Dark Angel saw Qin Changtian, it started laughing like crazy. The dark energy exploding from its body became even stronger. “Son of Tian Yu, hahaha... you thought you would escape your calamity by staying with the humans? Hahaha...”

He was very clear on Qin Changtian’s identity.

Apart from guarding the Rainbow Lotus, its other purpose was to intercept and kill the son of Tian Yu!

Now Qin Changtian had been deposed of without him needing to make a move.

How can he not be excited?

Suddenly...

Ji Tongtian’s brows sank as he asked: “Where is that dog thing Luo Tian?”

Lu Zhen responded with some startlement, “I didn’t see him.”

Yang Jin immediately retreated to one side. He sent out his senses and found a strand of spiritual sense within the cave. His expression turned evil before smiling coldly, "That piece of trash from Mount Hua Immortal Sect is nearby."

"You damn dog thing, scram out here for me!"

Luo Tian had been discovered!

There was no longer any need to keep hiding.

Luo Tian didn't expect Lu Zhen's appearance would expose his whereabouts so quickly.

Luo Tian made his move and entered the cave, standing near where Qin Changtian and Little Xie was. He then said with a smile: "I felt it was too awkward to interrupt such a lively battle. So what's up? Do you guys miss me or something?"

"Ji Tongtian – 580,000 health points."

"Yang Jin – 650,000 health points."

"Lu Zhen – 1,290,000 health points."

"Dark Angel – 200,000 health points."

The health bar for the four bosses was clearly seen by his eyes.

At this time...

The battle had stopped.

The Dark Angel was staring at the dying Qin Changtian on the ground.

Ji Tongtian was staring at Luo Tian who had killed all three of his sons.

Yang Jin was staring at the Dark Angel.

Lu Zhen was looking over at the Rainbow Lotus.

Each person's state of mind was different.

For a brief moment...

The inside of the cave became quiet and the aura emanating from the battle disappeared, but the atmosphere inside the cave had turned oppressive. Luo Tian was calculating like crazy while his senses spread out all over the place.

He was trying to sense if there were anyone else left here.

He had to guarantee that no one alive would know if he released his Azure Dragon's bloodline.

The Heavenly Flame could instantly kill a single person.

Three people will remain after that. In order to kill the rest, he had to release his Azure Dragon's bloodline or else it'll be impossible. The cultivation realm of these people was too strong when compared with Luo Tian's personal cultivation level.

Suddenly...

Ji Tongtian said coldly: "Brother Yang, brother Lu; you two deal with the dark demonic beast. I am going to twist off the head of this kid so that he can accompany my three sons in burial."

“We’ll do it just like that!”

Ji Tongtian then gave a mournful shout: “Luo Tian, hand your life over!”

Luo Tian’s expression was gloomy and didn’t hesitate to shout: “Might of the Heavenly Flame! Green Lotus Core Flame, come out for me!”

Chapter 538 – One Million Damage Power

His violent momentum was combined with raging killing intent. It was like he had no other intentions other than to kill Luo Tian in a single strike.

To be honest...

Luo Tian was pissed off already.

There was no hesitation as he brought out the Green Lotus Core Flame. Luo Tian’s original target wasn’t Ji Tongtian because his health was the lowest apart from the Dark Angel. He was planning on instantly killing Yang Jin from the Imperial God Immortal Sect first.

But the rage inside his heart couldn’t be held back and surged out.

Recalling how he was suppressed by Ji Tongtian a few days ago, all he wanted to do now was smash that guy to death!

“Green Lotus Core Flame!”

“Come out!”

When Luo Tian roared out, a dense cluster of fire exploded forth. In front of him was a huge flame in the shape of a lotus that instantly engulfed Ji Tongtian.

“Boom~!”

“Boom~!”

The light from the flames surged into the sky! Even the Rainbow Lotus’s brilliant seven colors were devoured by the flame’s brightness at a crazy rate! It was similar to a ferocious beast roaring and ripping the earth apart!

Strong!

No other words could describe it.

The power behind this flame was simply too shockingly strong!

Luo Tian was also frightened from shock before muttering to himself: “Damn, does it really have to be this ridiculously strong?”

Being engulfed by the Green Lotus Core Flame, Ji Tongtian didn’t even have the chance to react. The moment the flames devoured him, not even a scream of agony came from him. He was instantly burned to ashes, and even his soul was burned to nothing.

Way too strong!

“This Green Lotus Core Flame...”

“The strongest Heavenly Flame cultivated by Xiao Yan... I’m way too happy right now for getting this martial skill!” Luo Tian watched the few hundred thousand health points above Ji Tongtian’s head quickly deplete. It was pretty much stronger than those forbidden spells inside video games!

“Ding!”

“Congratulations to player Luo Tian for killing Ji Tongtian. You have gained 580,000 experience points, 60,000 immortal force...”

“Ding!”

“Congratulations to player Luo Tian for gaining +1 to your undefeated points.”

“What the hell?!”

“That’s it?!”

There weren’t any more system alerts and this made Luo Tian a bit depressed. He strained his ears to listen for further alerts but still didn’t hear anything. He then started scolding: “No matter what, he’s still a Profound Emperor boss! How come there’s no loot exploding from him?! System, what the hell are you playing at?!”

How could it turn out like this?

He couldn’t figure it out.

Luo Tian opened up the system interface and looked through the series of red-colored word alerts.

His expression sank, “Motherf*cker, the Green Lotus Core Flame devoured everything! Everything was burnt to a crisp, including the martial skills! This... this, this, this, this ability...”

The Green Lotus Core Flame was too strong!

Apart from experience points and immortal force, it incinerated all of Ji Tongtian’s treasures and martial skills!

It was powerful to this extent!

F*ck!

Luo Tian was clearly unhappy as he blurted out: "Fine then, I'll consider you too fierce!"

His heart felt like it was dripping blood.

A big boss was lost just like that. What kind of crappy situation was this?

When Luo Tian was feeling bitter about this, the remaining three people were dumbstruck.

They had stopped fighting.

Three pairs of eyes stared at Luo Tian as if they were staring at a monster. Their eyes were dull and their brains seemed to have short-circuited. They couldn't process what was going on.

Yang Jin finally managed to open his mouth, "You, you, what did you do to him?"

Profound Emperor realm!

Even if he wasn't an orthodox immortal sect disciple, he was still a supreme existence in this world. Yet he was instantly killed just like that?

Lu Zhen swallowed hard while cold sweat appeared on his forehead. "What kind of martial skill is that? It was able to instantly kill City Lord Ji who's in the Profound Emperor realm? Kid, who are you exactly? There's no way Mount Hua Immortal Sect would possess such a heaven defying martial skill. Otherwise, they wouldn't have been bullied by the ten great immortal sects to this extent."

The Dark Angel also blurted out: "I have never seen such a thing before. It seems to be a few steps stronger than Phoenix's Undying Flames."

Shock!

Unparalleled shock!

They were all dumbstruck.

They originally thought Luo Tian was going to be instantly killed by Ji Tongtian with a single strike. They never imagined the situation would be reversed where Ji Tongtian ended up being the one instantly killed instead.

A Profound Venerate 4th ranker instantly slaying at Profound Emperor 3rd ranker!

No one would believe it if they told others. If they didn't personally see it themselves, they would never believe it even if someone beat them to death.

Of course...

The Green Lotus Core Flame was indeed awesome, but it was mainly due to Ji Tongtian being injured and only had less than 500,000 health points left. If he was in his normal full health condition, wanting to instantly kill him would naturally be impossible. No matter what, the Green Lotus Core Flame's power only gets stronger based on Luo Tian's cultivation level. Since he was only at the Profound Venerate 4th rank, the Green Lotus Core Flame's power wasn't considered very high. But even if this was the case, the damage power of the flame is still around one million health points.

Back then, there was a red "980,000" damage above Ji Tongtian's head.

This equated to an instant kill!

One million damage power is already awesome to the extreme!

Luo Tian looked at each of their stunned expressions.

There was a trace of fear in their eyes.

It's very obvious...

They were afraid! This was also the time when their defense was the weakest!

Suddenly...

Luo Tian charged out while yelling: "Level 7 Berserk!"

"Asura Domain!"

"Revolving Slash!"

His figure moved at berserk lightning speeds! In the grasp of his hand, the power of Revolving Slash was fiercely charging towards Yang Jin. Between the two remaining humans, Yang Jin had less than a third of his full health. If he could be seriously injured, then Luo Tian felt he would definitely be the winner!

However...

Luo Tian appeared to be looking down on Yang Jin's Profound Saint 8th rank cultivation.

The moment Luo Tian suddenly moved, Yang Jin's expression changed to disdain as he harrumphed:
"Courting death!"

Orthodox immortal sect disciple.

Their reaction speed was much faster than others. Seeing how Luo Tian was charging over, Yang Jin was worried he would use that devouring flame again. Because of this, he directly exploded forth with his innate bloodline.

“Thunder Beast bloodline, Thunder Shock!”

“Die for me!”

“Kid, a piece of trash that doesn’t even have an innate bloodline is nothing but an ant in front of my divine Thunder Beast bloodline. Actually, you’re not even comparable to an ant!”

As the voice faded...

A huge demonic beast phantom was superimposed over Yang Jin’s figure. It was covered in black lightning that contained an energy capable of destroying anything. Yang Jin pointed his sword and a bolt of black lightning streaked out.

Also at the same time...

The Revolving Slash in Luo Tian’s hand smashed out.

“Bang~!”

“Boom~!”

The two different energies collided! The power of the Revolving Slash was instantly crushed, and the impact force directly sent Luo Tian flying into the rock wall. Parts of the wall were shattered into powder and his body sank deep inside.

His face became pale and blood seeped out from the corner of his mouth.

Luo Tian slid down and struggled to climb back onto his feet.

“Humph~!”

“Trash will always be trash. You don’t have a bloodline yet you still wish to fight with me? Could it be that the group of trash from Mount Hua Immortal Sect didn’t tell you the importance of a bloodline?” Yang Jin smiled smugly while saying this.

Luo Tian wiped the blood from the corner of his mouth. His eyes became heated as he cursed out loudly: “Your granny! Looks like none of you will believe this daddy unless he explodes out with a bloodline!”

Chapter 539 Complete Suppression

They kept mocking him as someone without an innate bloodline.

They kept talking and talking about it until Luo Tian became annoyed.

Innate bloodlines were extremely important to an immortal sect. An innate bloodline was like a prestigious symbol of status within an immortal sect. Even if your cultivation was weak, they would still groom you and place importance on you if you had a strong bloodline.

After many years of accumulated experience...

One’s breakthrough in their martial path would reach higher realms as long as their bloodline was strong enough.

In addition...

One of the most important things – one’s innate bloodline might have a chance of making a breakthrough. For example, an ordinary Ant bloodline might have a chance to break through into an Ant King’s bloodline or even a Divine Ant bloodline. Everything was possible, so that’s why importance was placed on those with the strongest bloodlines. It eventually became a symbol of status amongst the immortal sects. For Murong Wanjian, his whole family was packed with immortal sects the moment he

was born. Those Sect Leaders and Prime Elders almost kneeled down in front of his parents, begging them to let Murong Wanjian join their immortal sect!

A bloodline is very important!

It is the foundation of every immortal sect disciple.

Because Luo Tian had a crippled dantian and he deliberately hid his bloodline, no one was able to detect it.

Yang Jin had a cold smile on his face.

The Thunder Beast phantom he had released was flaunted around arrogantly. His whole body and even his sword were enshrouded in lightning. Based on all of this, one could easily tell the innate bloodline he possessed was extremely powerful.

And it didn't seem like your ordinary Thunder Beast.

It looked like a bloodline that had made a breakthrough!

"Brother Yang, did your bloodline make a breakthrough?" Lu Zhen had a shocked expression as he understood a breakthrough in one's bloodline was extremely difficult. This kind of thing wasn't where you would cultivate like crazy and you can make a breakthrough. It was based on many lucky opportunities.

Yang Jin smiled in a smug manner, "That's right; my bloodline was inherited from my ancestors. My progenitor was once a Divine Thunder Beast and this is only a 10,000-year heritage. The blood of the Divine Thunder Beast is getting thinner and thinner but I managed to make a breakthrough with my bloodline after many lucky encounters. Even though it can't be compared to my progenitor's Divine Thunder Beast bloodline, it's considered very close already."

"Suppressing this trashy kid is already more than enough."

While saying this...

Yang Jin's gaze landed on Luo Tian before coldly harrumphing: "Luo Tian, your dantian is crippled, you don't have an innate bloodline, and you even killed an envoy sent by the Starsea Immortal Sect. This is something everyone in the world knows about. What did you just yell out? Azure Dragon's bloodline?"

"Hahaha..."

"Hahaha..."

"Elder Lu, did he go crazy from being overly shocked by my black lightning?"

Lu Zhen loudly mocked: "He does look like he has lost his mind. Azure Dragon's bloodline? I have a true dragon's bloodline and the divine dragon's bloodline! He's practically dreaming while being wide awake!"

Those two were laughing.

Except for one person...

The Dark Angel's expression turned a bit serious. He stared at Luo Tian and his gaze sank, "What a familiar aura. This aura..."

Before he could finish speaking...

Luo Tian's eyes widened before shouting: "Azure Dragon's Might, come out for me!"

"Roar~!"

A dragon's roar shook the sky!

All the beasts around Sky Mountain instantly squatted to the ground. It didn't matter if they were rank 8, rank 9, or demonic beasts at the great perfection realm capable of transforming into a human; they all became scared to the extreme. The dragon's roar resounded over a million kilometers out and up through the nine heavens! It pretty much exploded above the entire Tianxuan Continent!

Inside the cave.

A huge Azure Dragon was weaving around Luo Tian's body. Although it was only a phantom image, it still looked rather real. It was just like a real physical dragon wrapping its body around Luo Tian. This kind of visual impact gave the beholders unparalleled shock!

"Azure, Azure, Azure Dragon?"

"It's really an Azure Dragon..."

"A month ago, there were two dragon roars coming from the Dark North Sea. Could it, could it, could it be you waking up your bloodline powers? Impossible, absolutely impossible! Mount Hua Immortal Sect should have tested your blood already. If it was the Azure Dragon's bloodline, it's impossible for the Imperial God Immortal Sect to not know."

There were eyes and ears of the Imperial God Immortal Sect in every immortal sect.

If any disciple with a powerful innate bloodline appeared in an immortal sect, the Imperial God Immortal Sect will be the first one to know.

These past few years, there haven't been any talented disciples appearing at Mount Hua Immortal Sect, let alone one with a strong innate bloodline. This was a well-known fact amongst all the other immortal sects. If a disciple with the Azure Dragon's bloodline appears, that will definitely allow their sect to rise back up. So, how come they didn't even dare to participate in the immortal sect disciple competition?

They couldn't figure it out!

Yang Jin couldn't figure it out.

Lu Zhen also couldn't figure it out.

Was the eyesight of their recruitment envoy so bad?

How come only Venerable Wu Nian used whatever it took to make Luo Tian stay at Mount Hua Immortal Sect? Could it be that he already knew this beforehand?

Now wasn't the time to think of these things.

Yang Jin's eyes sank. His Thunder Beast phantom was suppressed to the point of nothing by the Azure Dragon. It kept shaking and giving off low roars. The raging black lightning around its body turned into small sparklers. The once fierce Thunder Beast had now turned into a frightened kitten!

Luo Tian coldly scoffed before pointing at Yang Jin's nose and scolded: "F*ck, wasn't your innate bloodline very awesome? Didn't you make a breakthrough with it? How come now it's turned into a dead dog? Come, come, come, show me how awesome it is again!"

The raging flames inside Luo Tian's heart surged.

The Azure Dragon's ferocious countenance roared out once more.

"Wuuu~, wuuu~..."

The Thunder Beast around Yang Jin immediately charged into the void and didn't dare to come out. No matter how much Yang Jin tried summoning it, nothing happened. It had pissed its pants so it didn't dare to come out anymore.

This made Yang Jin's face turn unsightly.

His gaze turned gloomy before he said: "Luo Tian, don't act so smug. So what if it's the Azure Dragon's bloodline? You are only a piece of trash at the Profound Venerate 4th rank. Even if you explode forth with all your Azure Dragon's bloodline, it's still impossible for you to be my opponent."

He maintained his arrogance.

He still didn't put Luo Tian in his eyes.

It was the same with Lu Zhen.

Indeed...

Their cultivation realms were quite high; they were both at the high stages of the Profound Saint realm. There was a difference of over ten small realms between them, so they weren't afraid of Luo Tian.

Luo Tian coldly grinned and said: "I'm not your opponent, huh?"

"Go die for me!"

While saying this...

Luo Tian roared internally: "Level 7 Berserk!"

"Ommm~!"

One hundred and twenty-eight times his base attributes exploded forth, causing the Azure Dragon's phantom image to grow larger several times. Its appearance turned even more ferocious and the suppression powers it released became even more powerful. Luo Tian's figure moved as he charged forward.

At this instant...

The phantom image of the Azure Dragon moved as well. It opened its dragon mouth and bit down.

Yang Jin instantly moved and flicked his left hand. Five inner cores were destroyed and immortal force burst forth. His body started giving off ear-piercing sounds of thunder. His sword created ten thousand sword images and they all exploded forth a formless sword aura to create a huge sword. The huge sword shot into the air and lightning surrounded it. Like a lightning strike, it chopped down while Yang Jin shouted: "Thunder Slash!"

An extremely powerful force!

The entire Divinity's Peak was shaking!

Luo Tian's brows furrowed as he shouted in excitement: "Azure Dragon dominates the sky! Smash for me!"

Chapter 540 Killing Two In A Row

"Azure Dragon dominates the sky!"

This was a bloodline technique of the Azure Dragon.

Luo Tian made a thought, and the Azure Dragon wrapped around him flew into the void. In an instant, it appeared in the space above Yang Jin's head and charged down!

A huge dragon's body!

Endless suppression of an Azure Dragon!

This kind of power was strong to the max!

"Boom~!"

“Boom~!”

Yang Jin looked up and the skin on his face started rippling from the pressure. It was like earthworms wriggling underneath his skin. See the humongous Azure Dragon smashing down towards his head, he roared out: “Agggghh~!”

“Thunder Slash!”

“Chop!”

Luo Tian instantly activated his Titan’s Defensive Form and didn’t bother with Yang Jin’s attack. His senses were focused on commanding the dragon while saying through his clenched teeth: “Crush him to death for me!”

His titan’s defense was instantly broken apart.

Luo Tian’s legs shuddered and entrenched itself into the rock floor. He didn’t take even half a step backward.

Lightning was ravaging and destroying his body like crazy! Luo Tian was feeling pain that was beyond words to describe but he still desperately held on. He clenched his teeth and just held on! So unbearable! The power of an orthodox immortal sect Profound Saint ranker was too strong! Strong to the point that he almost couldn’t hold on anymore. If he didn’t have the Titan’s Defensive Form, his Titan God’s Body, and level 7 Berserk upgrading his attributes, there was no way he could hold on until this point.

Unbearable! Half of his body felt like it was being dragged to hell by the Bull Head and Horse Face Guards. ¹ But even if this was the case, Luo Tian held on with his life and didn’t take a single step backward!

This was his only chance!

He had to suffer Yang Jin's Thunder Slash, but Yang Jin had to suffer his Azure Dragon dominates the sky attack.

"Boom~!"

The entire Azure Dragon smashed down.

Yang Jin's hair bun scattered and his long hair flying about made him look like a madman. Sounds of explosions surrounded the robe he was wearing. His whole body was enduring the explosive power of Azure Dragon dominates the sky. His face turned pale white. He was already injured from before, so with the addition of this powerful Azure Dragon, he could only hold on for three seconds before his body was sent flying.

The time it takes for a spark to fall off a flint...

"My chance is here!"

Luo Tian gave an evil grin and shouted: "Shadewind Steps, level 9!"

"Whoosh~!"

He instantly shot out and landed accurately behind Yang Jin. Luo Tian's fists turned into magma as he shouted: "Divine Flame Fists!"

"One hundred hit combo!"

"Bang~!"

"Bang~!"

"Bang~, bang~, bang~..."

His fists were like rapid blurs you'd see in video games. It was so fast that words couldn't even describe it!

The natural defense of a Profound Saint ranker's fleshly body was incredibly strong. The damage from each punch of Luo Tian's wasn't very high, but his speed was extremely fast and it didn't give Yang Jin a chance to react. Luo Tian also couldn't give Yang Jin a chance to react either!

When they're ill, you go for the kill!

If you give these kinds of experts a chance to take a breath, everything you've done so far would be all for naught!

Another punch smashed forth!

Yang Jin was struck flying! Luo Tian used Shadewind Steps to catch up and then followed up with another series of rapid punches.

The only unfortunate thing was he couldn't do any critical hits. He originally wanted to forge a weapon with the critical strike gem at Mount Hua Immortal Sect, but he didn't forge one in the end. His success rate was too low and he didn't have any suitable materials to forge any profound equipment.

It would be awesome if he had some crit damage!

"Bang~!"

"Weren't you just acting arrogant in front of this daddy?"

"Your Imperial God Immortal Sect is so amazing, huh?"

"You have an innate bloodline that made a breakthrough, right?"

“You cooperated with Ji Tongtian to chase and kill this daddy, right?”

“F*ck!”

“Why don’t you show this daddy how arrogant you are one more time?!”

Luo Tian was like a lawless lunatic acting arrogant to the extreme. Another punch sent Yang Jin smashing to the ground from high up. He then shot down and practically sat on top of Yang Jin before viciously raining down blows on his face. “Bang~, bang~, bang~...”

“Madman!”

“An absolute madman!”

Lu Zhen was shocked off at the side. His body faintly shivered and a trace of fear appeared in his heart.

Luo Tian wasn’t Yang Jin’s opponent.

He still wasn’t an opponent even with the power of the Azure Dragon. The cultivation gap between those two was too large, and Luo Tian couldn’t fully control the powers of the Azure Dragon yet. But Luo Tian threw his life on the line and seized a moment of opportunity. Once he grabbed onto that opportunity, there was no way he was going to let it go.

A series of heavy attacks.

Luo Tian directly beat Yang Jin, who was at the Profound Saint 8th rank, to a state where he didn’t have a chance to retaliate.

His head was smashed into partial meat paste. From a naturally strong defense to a current dead dog. There was no longer any arrogant expression and only incomparable fear.

“Boom~!”

“Ding!”

“Congratulations to player Luo Tian for killing Yang Jin. You have gained 630,000 experience points, 70,000 immortal force...”

“Congratulations to player...”

Luo Tian didn't pay attention to it because he didn't have time to bother what kind of loot exploded out.

He crawled back onto his feet from Yang Jin's corpse. His gaze was gloomy as he stared at Lu Zhen who was trying to walk out of the cave. Luo Tian said with a cold smile: “Damn dog thing, did I allow you to leave?”

Lu Zhen's gaze sank before raising his voice: “Luo Tian, don't act so arrogant. I am an Elder of the Starsea Immortal Sect. If you dare touch me, Starsea Immortal Sect will not let you off. Your little Mount Hua Immortal Sect cannot protect you.”

Luo Tian's fist was still dripping blood that was faintly warm. He said with a cold smile: “I've already killed an Elder from the Imperial God Immortal Sect so why would I be afraid of a number two ranked Starsea Immortal Sect Elder? I've killed many of your dog fart Starsea Immortal Sect envoys, Elders, and disciples. So, it doesn't matter if we count you in as well.”

“You...!”

Lu Zhen's gaze turned icy cold before shouting: “You really think I'm afraid of you? A piece of trash like you...”

“Your whole family is trash!”

What Luo Tian hated the most was hearing the word trash used against him. The moment Lu Zhen said that word, Luo Tian already charged towards him. Both his eyes instantly changed into level 2 comma-shaped Sharingan eyes. He then shouted: "Sharingan, Illusions!"

"Ommm~!"

Lu Zhen's world turned blood red.

He slightly shifted.

In a brief flash of time, Lu Zhen bit the tip of his tongue and broke through Luo Tian's illusion.

This was the difference in their cultivation realms.

If Lu Zhen was at the Profound Venerate realm, it would be impossible for him to break Luo Tian's illusion.

But...

Even though Lu Zhen saw through Luo Tian's illusion in a very short time, it was still a bit too late for him. Both of Luo Tian's hands pinched a total of twenty inner cores and the powerful immortal force was all injected into his fists.

His fists started moving like a heavy thunder strike.

"Boom~!"

A loud explosive sound was heard.

Lu Zhen was smashed flying. Luo Tian made full use of the “when they’re ill, go for the kill” spirit. His fists released the power of 20 inner cores! Punch after punch was smashed forth, not giving Lu Zhen any chance to catch his breath.

“Arrogant?”

“Acting arrogant in front of this daddy?”

“Motherf*cker, why don’t you say the word trash to this daddy once more?!”

Luo Tian looked like he had gone crazy while his pair of fists smashed out without any techniques. In a short one minute of time, he had already smashed out over a thousand punches. Lu Zhen’s million-plus health bar was smashed to zero. At this moment, the system gave off a melodious alert tone.

“Ding!”

“...”

Luo Tian didn’t bother with the alerts and stood up. He then pointed at the Dark Angel and grinned viciously. “The next one will be you!”

Domineering!

Domineering to a complete mess!
