Chapter 561 – Tear Through The Facade, Start The Fight!

As the voice faded, the crowd broke out into a clamor once more.

The main path.

In front of the main entrance to the tribal stronghold was a person covered in blood.

Luo Tian!

The crowd split apart and stared at Luo Tian with uncertainty.

Qin Changtian clenched his fists, “He’s finally here.”

Frost Dragon King’s gaze clearly became more relaxed.

At this time...

Those two glanced at each other and revealed a faint smile.

Earth Dragon King started laughing loudly, “You object? As a lowly creature of the human race, what qualifications do you have to object to it? Those not of the Dragon race are not qualified to object. Kid, this daddy will take care of you in just a bit.”

“Humph~!”

Earth Dragon King coldly harrumphed before looking at Mei Lin. “A human objecting to this matter is invalid. You can continue.”

Mei Lin didn’t say anything and didn’t continue with the ceremony.

Earth Dragon King had a displeased look on his face. His eyes widened as he angrily yelled: "Damn old thing, didn't you just hear what this daddy said?!"

Mei Lin then replied: "Didn't you hear someone oppose it?"

Earth Dragon King's eyes widened as he shouted: "Are you deaf or are you blind?! Didn't you understand my words? He is a human and isn't qualified to interfere with the matters of the Dragon race, nor qualified to object to it! Quickly announce that I'm the new Dragon Emperor!"

Mei Lin still didn't move.

Earth Dragon King had truly turned enraged as the earthen yellow aura around him instantly turned violent. He glared at Mei Lin with anger and shouted: "Damn old thing, looks like you're tired of living!"

At this time...

Qin Changtian walked forward and said: "Since only someone from the Dragon race is qualified to oppose, then I am objecting to it."

"Me as well."

Frost Dragon King followed along and took a step forward.

Another Elder followed them by stepping forward. The two of them were now standing behind Qin Changtian's figure.

Earth Dragon King started laughing out loud in a cold manner. His laughter was full of arrogance and contempt while he pointed at the three of them, "We'll consider you Elders but the three of you opposing it is useless. Don't forget there are five Elders standing with me. If you add me in as well, I have a total of six votes while you guys only have three votes. Your objection is invalid so I have won. I am the new Dragon Emperor, the real and rightful Dragon Emperor!"

The more he spoke, the more excited he became.

Earth Dragon King's expression even turned ferocious looking.

At this time...

Qin Changtian stepped forward and shouted: "Earth Dragon King, did you really think no one knows of your dirty deeds?! My father already knew about it! You are the sinner of our Dragon race! You can quit dreaming of becoming the Dragon Emperor! Anyone here is more qualified to become the Dragon Emperor other than you!"

The crowd broke out into a clamor.

"Colluding with Tai Long?"

"Did Earth Dragon King really collude with Tai Long?"

"Looks like it wasn't Frost Dragon King that was inferior to his opponent but he was betrayed. Earth Dragon King, you are really too cruel. You betrayed the Dragon race just for your own benefits. If it wasn't for you, how could the Dragon race end up like this?"

"That's impossible, right? Why would he do something like this?"

"In order to gain the Dragon Emperor's position, I'm thinking the matter of the Dragon Emperor being ambushed by Tai Long must be connected to him."

For a brief moment...

The crowd broke out into discussions. Those people arranged to be scattered amidst them by Earth Dragon King were dumbstruck as they didn't know what to say.

Earth Dragon King's expression drastically changed. He started smiling coldly and said: "I have no clue what you're talking about. He is just a human. I can't believe you guys will believe the words spoken by those despicable and sinister humans. Have you all forgotten how the humans have treated our Dragon race? If it weren't for the humans, why would we have to hide in here? We are the overlords of the Tianxuan Continent! We are the ones that gave humans their current achievements yet they became rabid dogs and tried to kill us! Now you all actually believe the words of a human? I'm starting to feel really sad for everyone."

He was very intelligent.

He instantly changed the topic and made Luo Tian the enemy of the masses.

Many of them furrowed their brows and coldly stared at Luo Tian.

Earth Dragon King's words had worked.

"You're right; we cannot believe those despicable and sinister humans."

"Humans cannot be trusted."

"Our ancestors activated the bloodlines within the humans yet they in turn started killing us like crazy. Humans are the most hated enemies of our Dragon race!"

Qin Changtian didn't expect it would turn out like this.

His eyes tightened as he didn't know what to do.

It was the same with Frost Dragon King.

The hatred the Dragon race had towards the humans were extremely strong. It was as if it came from the depths of their bones! Now that they were pushed to the brink of destruction by the Dark Army, the

masses would push all responsibility onto the humans! There was no way they would choose to believe Luo Tian.

Moreover...

Qin Changtian and Frost Dragon King might be implicated by Luo Tian.

Only those two would dare to speak out for Luo Tian, and they will eventually become the target of the attacks after him!

But...

Qin Changtian still stepped forward without hesitation. He used the power within the Dragon Emperor's Token and said loudly: "Big brother Luo Tian is different from the other humans. He has once saved me and killed those from the Blood Ghost Assassin Group. He personally saw Earth Dragon King and Blood Ghost meet up at the cliffs of the volcano. Everything he knows was spilled by Blood Ghost!"

"We will never believe in a human."

"Your Highness, are you going to associate yourself with those evil humans?"

"Don't forget about your status – you are of the Golden Dragon clan. By standing on his side... have you forgotten how your ancestors died?"

"..."

In an instant...

Qin Changtian became the target of criticism and many people started scolding him.

Earth Dragon King started showing his smug smile again. His eyes turned gloomy as they glared at Luo Tian in disdain. "Kid, you want to fight with me based on you alone? You are still too tender, hahaha..."

He started laughing out loud in a smug manner.

Luo Tian's mouth formed a sneer before saying: "Earth Dragon King, it's too early for you to be happy. The Blood Ghost that you were talking to yesterday was seriously injured by me and has already returned to his base."

"What Blood Ghost? I don't know any Blood Ghosts." Earth Dragon King was chuckling in contempt.

Luo Tian coldly scoffed and continued: "I forgot to tell you that I deliberately let him leave. I told him that I was someone from the Earth Dragon clan and it was you that had me try to assassinate him. I told him you wanted to become the new Dragon Emperor so that you could go against Tai Long."

"Guess what Tai Long would do if he heard this?"

"Hahaha..."

At this time...

Earth Dragon King had an extremely ugly look on his face and no longer had that smug expression. He wasn't afraid of anyone inside the Dragon race. The only person he was afraid of in the entire Sky Palace was Tai Long. His eyes stared at Luo Tian with so much rage that he lost all rationality. He then roared out: "You damn dog thing, I'm going to kill you!"

Luo Tian retreated a few steps back and quickly gave Qin Changtian a glance.

Qin Changtian understood the signal.

Right after that, Luo Tian laughed before saying: “Everyone look! Earth Dragon King is mad now! You all should believe my words now, right? He’s the scum of the Dragon race that has been colluding with Tai Long all along!”

Earth Dragon King’s face turned fierce and said ferociously: “So what if I colluded with him? History has always been written by the strong. Today, I will change everything! Earth Dragon clan elites, all come out for me!”

“Boom~!”

A cloud-piercing arrow shot straight into the sky!

The battle was about to start!

Chapter 562 – Executing A Dragon

After shooting out a cloud-piercing arrow, Earth Dragon King’s face revealed a smug look. “So what if I colluded? So what if I didn’t collude? I will still say the same thing – history is written by the strong. I will rewrite everything that has happened today and become the Dragon race’s hero.”

“Hahaha...”

He was laughing like mad.

Earth Dragon King’s gaze then turned serious before saying: “Everyone – the stronghold is filled with my people. If you don’t wish to die, you should be clear on what you need to do. After today, everything will return to its calm. I will lead everyone to live a prosperous life and lead the Dragon race back to its peak once more.”

“Only if you believe in me can you remain alive!”

This was unbridled intimidation without a care!

All the elites of the Earth Dragon clan were stationed throughout the area. Once they see the cloud-piercing arrow, they would kill their way over. At that time, it wouldn't matter if everyone here objected to him being the new Dragon Emperor. Using martial strength as suppression was the most useful tool out of everything!

Everyone had solemn expressions on their faces.

People were looking at each other and didn't know what choice to make.

Maybe not making a choice was the best choice?

To Earth Dragon King, the silence from the people proved one point – they were afraid of him.

They clearly knew he had colluded with Tai Long yet didn't dare to say anything. Earth Dragon King immediately became extra smug and said: "You all still have time to choose. But when my troops kill their way over, you guys will no longer have a chance to choose."

Those three Elders who had originally stood with Earth Dragon King immediately said in chorus: "We support you."

The two Elders who remained neutral were in thought with their brows furrowed. They eventually stood behind Earth Dragon King but didn't say a word. Their actions had already proven their stance.

There were many people voicing their opinions in the crowd.

But...

A majority of them chose to remain silent.

This sort of comforted Qin Changtian.

At this time...

Luo Tian saw that it was about time, so he stepped forward and said with a smile: "Earth Dragon King, I heard the support speed of the Earth Dragon clan warriors were the fastest out of the whole Dragon race. That cloud-piercing arrow you shot out – according to their cultivation realms, they should have rushed over here in just a few seconds. Now that a minute has already passed, don't you think their speed is a bit too slow?"

Earth Dragon King's eyes turned solemn.

Before he could speak, Luo Tian started smiling coldly and said: "A single cloud-piercing arrow yet not even a dog's fart came."

"I'm very sorry but I forgot to tell you something."

"Those elite warriors of your Earth Dragon clan won't be coming."

"Not a single one will come!"

Earth Dragon King's expression instantly changed as he raised his voice in anger: "Kid, what are you talking about? You better speak clearly."

At this time...

"Reporting!"

By the stronghold entrance, Kai Lun was covered in blood. He ran quickly towards the dragon stone pillar and said: "Reporting to Your Highness! The Earth Dragon elites at the east gate are all under control. None of them will show up here."

While saying this...

Kai Lun looked towards Luo Tian with eyes filled with admiration.

Admiration from the depths of one's heart!

“Reporting!”

“Earth Dragon clan elites at the south gate are under control!”

“Reporting!”

“Earth Dragon clan elites at the north gate are completely under control!”

The last ones arriving were a male and a female.

They were Ai Lun and Ai Xi.

“Bang~, bang~, bang~...”

Ai Lun stepped forward and said: “Reporting to Your Highness – the elite Earth Dragon Warriors tried to rebel at the west gate. They have all been suppressed and are under our control.”

The figure of Ai Xi beside him was extremely burly, and the aura around her was much more violent than any of the Frost Dragon Warriors. The most terrifying thing was that she was striking various charming poses towards Luo Tian. She even blew a kiss at him...”

Luo Tian's face turned pale and his stomach started churning.

It felt very similar to motion sickness.

And his eyes almost became blind.

He really couldn't handle Ai Xi. It wasn't solely because she was ugly, but Luo Tian just couldn't accept this kind of reality. The Goddess of his dreams, Frost Archer Ashe, had suddenly turned into a woman with waists as thick as a water barrel and had a butt as large as a millstone. And from time to time, she would pick something out of her nose and shove it inside her mouth. He really couldn't endure it since it was simply too horrifying to look at!

Because of that...

Luo Tian had thoughts of killing himself.

This was such a tragedy that he felt like his heart had shattered into fragments.

His mind was in chaos for a full day because Ai Xi's large burly frame kept appearing in his thoughts.

Qin Changtian smiled and replied: "Good, you guys have done a great job."

This was all arranged by Luo Tian.

But...

This wasn't the time to snatch the merit from Qin Changtian. He had to become the Dragon race's new Dragon Emperor so everyone must be convinced he was capable. If he could solve the internal crisis of the Dragon race, his status will definitely be greatly improved.

Luo Tian had deliberately arranged for Kai Lun and the others to report to Qin Changtian.

Qin Changtian then said: "Earth Dragon King, what else do you have to say? What crimes do you think you're guilty of after colluding with Tai Long and harming your own race?"

Also around this time...

The five Elders behind Earth Dragon King quickly moved away.

“Your Highness, he used his powers to force me.”

“He is the biggest scum of our Dragon race. With your command, I will be the first to send my forces against him.”

“He deserves death for his crimes. A degenerate scum like him definitely needs to die.”

They were all old wily foxes that had lived for thousands of years. The turning of their faces was faster than turning the pages of a book. Their faces didn't turn red and their breath didn't quicken, just like nothing unusual was going on. They were acting as if everything was very natural.

The trend had been lost.

Earth Dragon King started laughing like mad. “Hahaha... hahaha... you wish to condemn me for my crimes? Just based on you guys? Who in the entire Dragon race is an opponent of mine? I really feel sad for a bunch of old bastards like you guys.”

“Even if the Earth Dragon clan elites aren't present, I will become the Dragon race's new Dragon Emperor today no matter what!”

“You all shall die!”

“Boom~!”

As his voice was heard, the powerful aura of Earth Dragon King exploded outwards. Suspended in midair was the sight of yellow sand flowing about. It contained an extremely powerful energy belonging to someone of the Dragon race.

Frost Dragon King's expression turned serious as he instantly transformed into a Frost Dragon.

“Thousand Ice Assault!”

Droplets of ice fell from his figure before turning into a thousand sharp arrows that shot towards Earth Dragon King.

The cold air was extremely oppressive.

The aura of a Frost Dragon was injected into every single droplet.

This was Frost Dragon King’s strongest ability that had reached a terrifying degree of damage.

But Earth Dragon King only chuckled coldly and said with disdain: “You wish to fight me with just this mere strength? Frost Dragon King, you weren’t my opponent even if I didn’t make a breakthrough. Oh right, I forgot to tell you that I made a breakthrough because Tai Long gave me a high-grade dragon crystal. It’s the dragon crystal from your father, hahaha...”

“Your father’s tomb was dug up, hahaha...”

Once the crazy laughter faded...

Earth Dragon King’s hands formed claws as he clawed towards the void. Yellow sand was forming in front of his palms as he yelled with ferocity: “Go die for me!”

“Sandstorm!”

“Boom~!”

His figure transformed as he penetrated through the gaps of the ice droplet arrows. He instantly arrived in front of Frost Dragon King before the yellow sand charged upwards like a hammer.

“Bang~!”

“Bang~!”

Two loud sounds were heard. Frost Dragon King’s chest had turned into a bloody mess as he was sent flying.

“Hahaha...”

“Hahaha...”

“Frost Dragon King, you couldn’t even withstand a single blow!”

“No one can stop me!” Earth Dragon King roared out with arrogance.

At this moment...

Luo Tian started walking forward one step at a time.

Qin Changtian immediately shouted: “Everyone leave! Quickly leave the area!”

Earth Dragon King stared at Luo Tian coldly while killing intent surged out of him. “Kid, if it weren’t for you today, I would’ve become the Dragon Emperor already. Just based on a piece of trash like you and you wish to stop me? You poor pathetic human, just go and die for me.”

Luo Tian’s mouth formed a sneer. His right palm slapped down to the ground as he shouted: “Ancient Dragon Execution Array, activate for me!”

Chapter 563 – Luo Tian Waiting For His Death

The gathering of the Earth Dragon clan’s elites.

He had calculated all the possibilities.

If Earth Dragon King wanted to make a move during the succession ceremony, he had to bring the elites of his Earth Dragon clan with him. Moreover, it was still a bit difficult if Luo Tian wanted to deal with Earth Dragon King with his current cultivation level. Earth Dragon King's cultivation was already very powerful, and it would get even more powerful after his dragon transformation.

Luo Tian's cultivation level was only at the Profound Venerate 4th rank and fell short by a large margin.

Therefore...

He had to find a way to kill off Earth Dragon King first. Then, he would help Qin Changtian solve the internal strife inside the Dragon race. Finally, they would all fight against Tai Long as a united group.

That's when he thought of the Ancient Dragon Execution Array.

His current Engraving Array skill had already reached level 8, and setting up the Ancient Dragon Execution Array would allow it to display tremendous powers. Besides, this array was created by the ancestors of the Gnome race to particularly deal with the Dragon race, so the damage towards dragons will increase by several times.

Luo Tian smiled in a ferocious manner before his palm condensed with vigorous powers slapped onto the ground's surface. The ground instantly revealed a dense amount of rune words he had inscribed beforehand. With him as the center, the runes started lighting up outwards forming a circle around him.

Apart from Luo Tian, only Earth Dragon King was still standing inside the circle.

"Ancient Dragon Execution Array, activate for me!"

"Boom~!"

“Boom~!”

A large amount of immortal force converged together into a single point to create a starlight-like force. The starlight powers opened a stone door up in the air. Ancient powers then started gushing out of the door like a tsunami.

The whole dragon tribal stronghold was in shock.

“The Gnome race’s Ancient Dragon Execution Array?! Oh heavens! How come he knows how to engrave such an array?! What kind of relationship does he have with the Gnome race?!”

“Back then, the Gnome race used this array to slaughter over a dozen of our experts. Even if this kid isn’t part of the Gnome race, he definitely has an extraordinary relationship with them. We can’t let him leave this place alive.”

“Apart from the humans, the Gnome race is our Dragon race’s greatest enemy.”

Once the Ancient Dragon Execution Array was revealed, everyone in the Dragon race was dumbstruck.

Even Qin Changtian and Frost Dragon King’s expression hiddenly changed. They didn’t know what to say to Luo Tian right now.

This array...

Was an extremely deadly taboo for the Dragon race!

Earth Dragon King’s expression faintly changed while he looked up and stared at the ancient-looking doors. He then coldly sneered: “I never imagined that you could comprehend the esoterics of the Ancient Dragon Execution Array. You wish to use this array to kill me?”

“You are truly quite extraordinary and I can’t help but admire you somewhat.”

“Luo Tian, if you weren’t here, I would have already become the new Dragon Emperor. I never expected that you were so intelligent to calculate my moves. I will give you a chance – a chance to keep your life.”

“As long as you surrender to me and help me kill all these reckless things that have a death wish, I will spare your life.”

Earth Dragon King’s expression was rather calm.

From the looks of things, Luo Tian couldn’t see any signs of fear in Earth Dragon King’s eyes. He couldn’t help ask internally: “Could it be that he’s not afraid of the Ancient Dragon Execution Array? Or does he have a way out?”

Luo Tian smiled coldly in response and said: “Earth Dragon King, there’s no need to think too much because you will die today no matter what.”

“It looks like you’re not cherishing the chance I’m giving you.”

“Whatever, then all I can do is destroy you as well.”

Earth Dragon King transformed into a dragon and one could tell his huge body was filled with explosive power. He looked up at the ancient door once more and started smiling coldly.

At this time...

Luo Tian furrowed his brows and used his senses to control the array. He then shouted: “Smash for me!”

“Boom~!”

“Boom~!”

The power from the ancient stone door surged out at the speed of light and suppressed everything under it.

An array that had immortal force added to it was beyond the definition of powerful! Back then, only a little bit of ancient powers flowed out like lightning. Now, the ancient powers had turned into beams of light similar to a cannon on steroids.

Earth Dragon King still showed no fear and smiled in a smug manner. "Let me tell you something... Back then, the Gnome race used this array to kill a lot of elites from my Dragon race but not a single one from the Earth Dragon clan was injured. This is the secret of my Earth Dragon Clan. Today, I might as well tell you that the array is truly powerful and the damage towards the Dragon race increases multiple times. But its weakness lies under the ground... hahaha!"

Luo Tian's eyes shook in surprise!

A sense of foreboding appeared in his heart.

The Earth Dragon clan possessed an unsurpassed ability when it came to controlling the earth. Luo Tian had done all his calculations yet somehow missed this important point.

Seeing Luo Tian's shocked expression, Earth Dragon King turned even smugger. He then said: "Your trick was seen through by me, huh? Hahaha... As long as I hide inside the earth and wait for the array's strength to deplete, the date of your death will be here! Hahaha..."

Arrogance!

Mockery!

Earth Dragon King was acting wildly arrogant!

Luo Tian's brows furrowed. He watched the ancient powers cascade down and said through clenched teeth: "You want to enter the earth? Let's see if you have the strength!"

“Level 7 Berserk!”

“Boom~!”

“Nine Dragons and Elephants...”

“Boom~!”

His body turned crimson red and his muscles swelled about. The aura coming from his body had turned extremely hot. Luo Tian released all his powers at once and his figure only left an afterimage as he charged towards Earth Dragon King.

The time it takes for a spark to fall off a flint...

Everything happened too quickly.

Luo Tian’s speed was very fast; Earth Dragon King’s speed was very fast, and the speed of the ancient powers coming down was very fast as well.

But...

Seeing Luo Tian charge over, Earth Dragon King’s wings immediately flapped. Dust and stones blasted out and the array instantly turned dusty where one couldn’t see clearly anymore.

Moreover...

The worst thing of all was all the dust was filled with Earth Dragon King’s aura, so Luo Tian wasn’t able to accurately pinpoint his position.

Luo Tian became anxious.

Just when he was about to give up, a dragon claw fiercely struck out amidst the dust.

The dragon claw swiped...

And ruthlessly tore out a large piece of flesh from Luo Tian's chest. His body that was enhanced with defensive powers was easily shattered! Earth Dragon King's attack was too strong!

Extreme pain assaulted Luo Tian.

At this time...

It was too late.

His right palm slammed down, "Underground Array!"

"Whoosh~!"

His figure dove into the earth.

"Boom~!"

"Boom~, boom~!"

With destructive powers comparable to an apocalypse, the ancient powers bombarded everything within the array.

Under the ground...

Luo Tian could suddenly feel a powerful energy charging directly for him.

“Luo Tian!”

“While we are underground, I am the King! I am an invincible existence! If you didn’t dive into the ground, you would have died by the ancient powers. Now that you’ve come underground... hahaha! It’s perfect for this daddy to play you to death!” Earth Dragon King’s vigorous voice was transmitted over.

Luo Tian couldn’t move at all when he was underground.

He was merely using a simple array to go under the soil. His whole body was immersed in the earth and couldn’t move. He was basically waiting for death!

He was feeling greatly dismayed.

“Titan’s Defensive Form!”

“Boom~!”

“Ding!”

“Warning: The Titan’s defensive system cannot be used!”

“Level 7 Berserk!”

“Warning: Berserk cannot be used!”

He kept trying to use his skills but nothing would come out. The soil happened to be the most detrimental place for Luo Tian to be!

What should he do?!

Wait for his death?

Chapter 564 – Eggy

This was currently Luo Tian's only choice.

He would be smashed to death by the Ancient Dragon Execution Array if he went up to the surface.

Under the ground?

Earth Dragon King was about to kill his way over. He was like a fish in the water, capable of going wherever he pleased without any restraints.

Luo Tian's brows were locked into a frown.

The system gave him a series of warnings.

There was a red flash of light.

Luo Tian never knew such a thing would happen since he had never encountered such an incident. He had no idea that while underground, he wasn't able to activate any of his abilities. He couldn't use any internal energy and was somehow completely restricted. It was as if this was his kryptonite!

"What should I do?!" Luo Tian asked himself.

There were thunderous explosions like crazy going on above his head. If he went up there, he would definitely be instantly killed.

The powers inside the ancient array will only end after a short period of time.

But this little bit of time was too long for Luo Tian. One second was similar to ten thousand years, so there's no way he can wait that long.

"There's nothing I can do?"

"Wait for my death?"

Luo Tian clenched his fists and couldn't explode forth with any power. He couldn't circulate his profound energy or his immortal force. He was completely restricted! This feeling was similar to being tied up by someone to the point that he couldn't move at all.

It was an extremely uncomfortable feeling!

Take it head-on!

Luo Tian clenched his teeth as he realized the only way left was to take it head-on. Take the full brunt of it and when the ancient powers stopped bombarding the area, he could then charge out back onto the surface.

But...

So what if he manages to charge back out onto the surface?

The Ancient Dragon Execution Array couldn't kill the guy and his own attacks would be fruitless as well. Even if the Heavenly Flame can do close to a million points in damage, Earth Dragon King's health bar reached ten million. One million damage was equivalent to only taking off ten percent of his life and wasn't of much use.

Moreover...

Earth Dragon King wasn't Yang Jin or Lu Zhen; he wouldn't give Luo Tian a chance even if he suffered a series of attacks. There's no way he would make such a low-level mistake when his cultivation realm was so high.

No matter which way he approached the problem, Luo Tian will undoubtedly die in the end!

There was no solution!

"Hahaha..."

"Kid, just accept your death."

"I am the king when it comes to being underground."

Laughter!

Loud and overbearing laughter!

Extremely arrogant!

Earth Dragon King was arrogant to the extreme while his smug expression looked down on everything. Seeing how Luo Tian was unable to move underground, he couldn't help but loudly laugh in excitement. "Once I take care of you, I will slaughter that little bastard Qin Changtian. After that, I will take care of the seven Elders and make them all kneel before me. Then, I'm going to kill them one at a time! They are nothing but a bunch of old bastards! It's all because of their stubborn and out-dated thinking that has made the Dragon race decline to such extent."

"Wahaha..."

Suddenly...

Earth Dragon King went off into another bout of crazy laughter.

Moreover, he knew Luo Tian couldn't move so he only walked towards Luo Tian one step at a time. A dragon claw that contained a vigorous power of earth was extended out in front of him.

"Ant!"

"Humph~!"

"A lowly ant like you dares to ruin my affairs? Today, I shall sacrifice your life to the heavens." Earth Dragon King's brows furrowed, and the earthen power on his dragon claws immediately billowed out like crazy. A power capable of splitting a mountain apart then shot straight for Luo Tian!

The power was too strong!

Luo Tian was like a living target that couldn't move at all.

"What should I do?!"

Luo Tian clenched his fists and his jaws cracked from biting down. He then roared out: "Come! Come kill this daddy! If you can't kill me today, this daddy will definitely f*ck you up afterward!"

Without a trace of fear.

Luo Tian was abnormally calm at this time because he understood the only thing he could do right now was to take it head-on. He had to live first before he can figure out a way to kill Earth Dragon King. There is hope only if one can continue living.

Keep living!

He had to stay alive!

Luo Tian clenched his teeth to take the brunt of the attack head-on.

At this time...

The dragon egg started jumping about.

A child-like voice was heard inside Luo Tian's sea of consciousness.

"Boss, you have to stay alive! As long as you can get back onto the surface, I have a way to kill him!"

"No matter what, you have to survive this!"

The voice was very rushed and sounded like a child using all its power to speak. It was like the child couldn't handle the power and its voice was shaking like it was sickly.

Luo Tian's mind turned heavy, "Eggy?"

"En!"

"Boss, it's me... except can you not use the name Eggy? I'm a dragon and that name is too ugly." The dragon egg expressed his dissatisfaction through a voice transmission.

Luo Tian faintly smiled and replied: "Fine, Eggy."

"Eggy..."

"How come you can speak?"

“If you can speak, why didn’t you do so in the past? You kept dancing all about before so were you trying to mess with me?” Luo Tian unconsciously blurted out.

The dragon egg giggled and said: “Only after entering the dragon stronghold did I manage to absorb a little bit of ancestral powers from the Dragon God’s Pillar to allow me to talk. But it’s very difficult to do so and I can’t do it for too long.”

“Boss, stop talking so much. Earth Dragon King’s attack is about to arrive!”

The dragon egg’s voice suddenly turned urgent.

He was extremely worried.

He was very clear on what powers Earth Dragon King possessed, and it was very difficult for Luo Tian to block it. How could Luo Tian resist it if he couldn’t release any of his powers?”

Not even a little bit of defensive powers can be activated!

He could only rely on his fleshly body!

Luo Tian faintly smiled and said: “Isn’t it just an Earth Dragon King? He wants to kill me just based on him alone?”

Suddenly...

Luo Tian’s confidence shot through the roof.

Just because of Eggy’s word – he had the ability to kill Earth Dragon King. Just that alone was enough.

This allowed Luo Tian to see hope.

When someone sees a glimpse of hope at the end of their rope, they would explode forth with unimaginable tenacity. Luo Tian was still the same guy, except his firm heart became even steadier. His gaze turned serious as he shouted: “Come at me!”

Earth Dragon King’s expression faintly changed as he felt the aura coming from Luo Tian was a bit different from before – it had changed to a fearless state! He was faintly stunned by this but still coldly chuckled, “You’re just a trashy human! It’s useless no matter how much you pretend to be strong!”

“Die!”

As his voice faded, the earthen powers coming from him burst out like crazy. Earth Dragon King then roared out: “Earth Explosion!”

The soil in the area became constricted.

It started contracting like crazy.

The earthen power rushed into every single particle.

A violent power started crushing Luo Tian’s fleshly body.

Suddenly...

The power of the earth element charged out from the depths of the earth. In an instant, Earth Explosion’s powers were revealed.

“Bang~!”

“Bang~!”

“Bang~!”

Places all over Luo Tian’s body kept exploding and his fleshly body burst apart. Blood was gushing out without stopping but Luo Tian’s eyes were even firmer than before. He stared coldly at Earth Dragon King with a smile and said: “If you can’t kill me here, your doomsday will be next.”

“Boom~!”

At this moment, the Ancient Dragon Execution Array’s bombardment was over.

Luo Tian’s figure moved and instantly charged back to the surface. His whole body was covered in blood as he roared out: “Earth Dragon King, get the f*ck out here!”

Chapter 565 – Eggy, It’s Time For You To Show Your Migh

His whole body was spurting out blood.

Luo Tian’s sorry-looking figure looked like a thousand bullets and shot through him with blood spurting out everywhere.

His originally tied up long hair was now scattered all over.

His face was covered in blood and even his eyes had blood coming out.

The surrounding crowd was in an uproar.

“What happened just now?”

“He’s covered in wounds. Most likely he was completely thrashed by Earth Dragon King.”

“He still hasn’t died after bleeding so much blood?”

“This kid’s life is rather resilient.”

The crowd was discussing this amongst themselves.

Qin Changtian almost cried from fright before shouting: “Big brother Luo Tian! Big brother Luo Tian! Are you okay?!”

He was about to run over...

When Frost Dragon King instantly pulled him back and said: “It’s not over yet. Luo Tian definitely has a way to deal with Earth Dragon King; otherwise, he wouldn’t have told us those words. Let’s wait and see first. If there’s a small chance of him being in fatal danger, I will use my own life to protect his.”

Qin Changtian was only a child of eight years old.

He was treating Luo Tian like his biological older brother so his heart was in pain when he saw how seriously injured Luo Tian was. Moreover, everything Luo Tian had done was because of him. This obviously made him feel even sadder.

“How did it turn out like this?”

“Why? Why can’t we all get along? Why can’t we have peace in the world?” Qin Changtian muttered this quietly.

He cried when the Qin family in Sunset City was annihilated, and that was the first time. He cried so hard that no sound came out anymore when he saw his adopted father and all the young and old in the Qin family was cruelly massacred.

Now was the second time.

He wanted to be strong and tried really hard, but he couldn't endure anymore. The wounds all over Luo Tian's body were simply too horrifying to look at. Those that saw it were also shocked by it, but only a select few amongst those felt sorry for Luo Tian.

The small minority included Ai Xi!

She wailed out: "Idol, you cannot die!"

Her voice sounded like a wife screaming with resentment.

When Luo Tian heard that, he started shivering like a chill had attacked his body. He preferred to face Earth Dragon King's Earth Explosion one more time instead of facing Ai Xi. The image of his long time Goddess had been completely destroyed.

Immediately after...

Luo Tian roared out once more: "Earth Dragon King, you better scam out here for this daddy!"

His voice shook the sky!

In an instant...

Luo Tian's eyes turned fierce as he yelled: "Become A Devil!"

"Ommm~!"

From the roots to the tips, Luo Tian's disheveled hair instantly turned red as he transformed to Devil Sovereign Xingtian.

His human body almost couldn't handle it anymore. If it kept bleeding any longer, most likely he would die from blood loss. It was too late to use Healing Art and he didn't want to use up his Regeneration skill

either. The only solution he could think of was to use Becoming A Devil to become Devil Sovereign Xingtian. Now, his body was filled to the brim with a violent power!

The Sky Splitting Divine Axe was summoned out. The axe shook as Luo Tian roared out: "Are you still not scrambling out here?!"

"Hahaha..."

"Wahaha..."

The surface of the ground bulged up with a "crack" sound before Earth Dragon King charged out with his wings expanded. He then heavily landed and transformed into his human appearance. He looked at Luo Tian coldly and said with disdain: "I thought it was some sort of mysterious power but it's merely a devil transformation."

"Do you think you can fight me just because you transformed into the devil race?"

"Kid, you are a piece of trash of all trash in my eyes. You aren't even qualified to be killed by my hands."

Earth Dragon King was full of contempt.

The aura around Luo Tian faintly expanded as he roared out in anger: "I'm not qualified to be killed by you?! Just then, this daddy allowed you to kill me yet you couldn't do it. You want to kill this daddy when you need two hands to hold up your tiny little penis? All you did was not much different than tickling this daddy!"

"Weren't you going to kill me?"

"Come, come and kill me then!"

"Motherf*cker!"

Luo Tian was cursing out expletives all over.

Earth Dragon King was quite angry as well. His Earth Explosion was already a powerful move yet it couldn't kill Luo Tian. This made him quite unhappy. Now that he saw Luo Tian transform into a devil and there weren't any injuries on him, this was practically saying his previous attack was completely useless.

His eyes turned to creases.

Earth Dragon King was extremely angry now.

"Kid, it was you that's courting your own death!"

"Don't blame me when I send you down to hell to meet with King Yama."

As his voice faded...

Earth Dragon King's body turned into a beam of light and shot into the air. He then started chanting some words in a low voice.

Suddenly...

Mei Lin's eyes widened. He stared at Earth Dragon King in the air and scolded: "Earth Dragon King, have you lost your mind?! That's a forbidden skill! If you use that ability, everything in the dragon stronghold will be destroyed by you and everyone will end up dying!"

"Great Earth Burial!"

A secret skill of the Earth Dragon clan!

It was an extremely powerful move and the user had to be a member of the Earth Dragon clan. It completely controlled the earth element and made it into a prison. Everything within the prison would be crushed. Unless you were capable of charging away from the scope of the earth's burial, you will die no matter how strong you are.

"Agggghh~..."

"Earth Dragon King, why are you so ruthless?!"

"What the hell are you doing?! You just want to become the new Dragon Emperor, right? We will support you so quickly come down from there!"

"Crazy! You have really lost your mind!"

The crowd had turned chaotic.

Every one of the Dragon race understood how terrifying this secret skill of the Earth Dragon clan was. There were constant screams as people were trying to run away from the area.

"Hahaha..."

"Everyone has to die! I am the true lord of the Dragon race! I am the strongest Dragon Emperor of the Dragon race! You lowly things aren't qualified to live in this world!" Earth Dragon King's expression was unusually ferocious.

He kept laughing non-stop.

He became even more excited as he watched everyone scurrying away like mice. He then smiled evilly: "You guys can forget about escaping. No one can escape. The entire stronghold is under my control, so no one can dream of escaping. Everyone should just die for me! Hahaha..."

Just like he said...

No matter if they tried flying or smashing, they weren't able to break past the earth element barrier that came from the depths of the ground. The whole stronghold was sealed off like a huge cage.

"No!"

"Please spare us!"

"You damn madman..."

The crowd became more chaotic.

Luo Tian stood there unmoving as he stared at Earth Dragon King up in the air.

At this time...

Qin Changtian walked over and stood next to him. He faintly smiled and said: "Big brother Luo Tian, thank you!"

Frost Dragon King walked over.

Little Xie walked over.

Kai Lun walked over.

The siblings' Ai Lun and Ai Xi also walked over to the rear of Luo Tian with a steady gaze.

Right after that, many people started walking over and standing behind Luo Tian.

“Is there really no way to solve this?”

“There is a way, but none of us is capable of doing it.”

“What method?”

“Instantly kill Earth Dragon King before he completes the Great Earth Burial – that’s the only way. But there’s no one among us that has that ability since Earth Dragon King’s cultivation realm is too high,” said Frost Dragon King softly.

Earth Dragon King was too strong. Even if the Dragon Emperor was still alive, he wouldn’t be able to kill Earth Dragon King in a short time, let alone instantly.

Qin Changtian had a depressed countenance. He looked at Luo Tian and said: “Big brother Luo Tian, I’m sorry. It was me that brought harm to you. If it wasn’t for me...”

Luo Tian interrupted him, “This matter isn’t over yet so there’s no need to apologize.”

In an instant...

Luo Tian made a thought, “Eggy, it’s time for you to show your might.”

Suddenly...

The dragon stone pillar disappeared.

Chapter 566 – Your Sister! What Kind Of Power Was That?

The dragon stone pillar had disappeared.

Of course...

It had another name, and that was the Dragon God's Pillar!

Luo Tian didn't notice either and only felt a powerful dragon's aura fill up his mind. He sent out his internal senses and could tell the power was coming from the dragon egg.

"Hahaha..."

"Eggy, is this your power?"

"So, f*cking, strong!"

Luo Tian emphasized each word as he was filled with extreme excitement.

The dragon stone pillar had moved.

The instant it disappeared, it had already flown up past the nine heavens and directly broke the earth element barrier made by Earth Dragon King. The most important point was Earth Dragon King didn't realize this. Everything happened too quickly! He wasn't able to detect this even if he was the Dragon race's strongest warrior.

"Everyone can go die for me."

Earth Dragon King maintained his ferocious and arrogant gaze. When he saw the people in the stronghold running about like ants in a hot frying pan, he immediately felt even happier.

"Hahaha..."

"Hahaha..."

Loud and crazy laughter.

Luo Tian's mouth curved upwards as he coldly chuckled once in response.

Qin Changtian was frowning as he started to blame himself: "It's all my fault. If it wasn't for me, our Dragon race wouldn't end up like this. Big brother Luo Tian, I involved you in this as well. I didn't expect Earth Dragon King would dare to cast a forbidden skill like the Great Earth Burial. There's nothing I can do. I, I, I'm too weak. Even if I become the Dragon Emperor, I wouldn't know what to do since I'm simply not qualified."

"I have disappointed my father."

"Father, I'm sorry!"

His heart was filled with pain.

Watching the dragon stronghold turn out like this, Qin Changtian's heart ached the most out of everyone.

Frost Dragon King then said: "Your Highness, you've done very well already. It's Earth Dragon King that's acting too crazy. He's a complete lunatic right now, daring to even cast such a forbidden skill like the Great Earth Burial. Unfortunately, there's no way to stop this kind of forbidden skill."

"The Dragon race will be destroyed by his hands."

"Sigh~..."

Everyone's morale was at its lowest point.

No one had any solutions to deal with the secret skill Great Earth Burial.

Suddenly...

Qin Changtian looked up at Luo Tian and asked: "Big brother Luo Tian, do you have a way? I have never seen the martial skills you've cultivated before, kind of like they don't exist in this world. Big brother Luo Tian, you definitely have a way to deal with this, right?"

Little Xie anxiously added: "Big brother Luo Tian, you definitely have a way out of this. You were able to cultivate the Ancient Dragon Execution Array and have us prepare an ambush for the elite Earth Dragon clan warriors outside the stronghold. You have thought of everything, so you definitely have a way to deal with Earth Dragon King, right?"

"Little brother, just tell us already if you have a solution to this."

"That's right."

"The fate of our Dragon race is in your hands, so go ahead and tell us if you have a way out for us."

"Go ahead and say it."

"Save us! Please save us..."

For a brief moment...

Many people of the Dragon race were looking at Luo Tian.

Luo Tian had become their life-saving straw.

There was no longer any disdain, mockery, or hostility. They were now regarding Luo Tian as their savior.

Luo Tian faintly smiled and turned to look at them. "I can't guarantee for other humans but I will definitely not harm your Dragon race without provocation. He is my brother and he's also the Dragon race's new Dragon Emperor. When he is in danger, I will of course do my best to protect him."

"I promised his father that I will fully support him in stepping into his new role. No one will be able to stop it."

"The consequences of those trying to stop it will be death."

"Earth Dragon King will definitely die, but I hope that his death will give you guys a wake-up call. Do not anger me."

Luo Tian didn't forget to throw some threats out while establishing his might.

Before the old Dragon Emperor died, he asked Luo Tian to help his son successfully ascend to the new Dragon Emperor's position. His son will have to take up the mantle of bringing the Dragon race back to its peak. This will give Qin Changtian immense pressure, and in turn, he would change the pressure into motivation so that he can comprehend the arcane secrets of the Sky Dragon's Heart!

Everyone turned happy when they heard Luo Tian's words.

Several Elders immediately said: "Quickly go kill Earth Dragon King. If you can kill him and save us, we will definitely devote all our effort to supporting him as the new Dragon Emperor. We will not fail the old Dragon Emperor's trust!"

"That's right, that's right!"

At this time...

A blade was already resting on their necks. They wouldn't hesitate even if Luo Tian made them kneel down in front of him.

Whether they are humans or dragons, all creatures in this world were the same.

The longer they lived, the more they feared death.

Even though they were Elders of the Dragon race with great powers in their hands, they were actually more afraid of death than anyone.

They have lived for several thousands of years.

There wasn't much left to their longevity yet this made them even more afraid of death.

Qin Changtian was very moved by the words. He looked at Luo Tian and asked: "Big brother Luo Tian, do you really have a way to deal with this?"

Luo Tian smiled and said: "Just watch carefully, he's about to die."

Luo Tian raised his head and stared at Earth Dragon King in the air. He then said with a smile: "There's still a bit of time left so don't waste it. Kneel down and beg for forgiveness and I might just spare your life."

Spare his life?

Impossible.

Luo Tian just didn't know what Eggy was up to and why he still hadn't killed the guy yet.

Earth Dragon King started laughing loudly. "Hahaha... Luo Tian, even if everyone here kneels and kowtows, I still won't let any of you off. You all need to die. Once you die, I will become the Dragon race's new Dragon Emperor."

"Go attack."

“Luo Tian, go fight him.”

“Didn’t you say you had a way to deal with him?”

“Could it be that your way out was to fight him with your words?”

“Quickly go attack. The power coming from the depths of the earth is about to surge out. This place will be in ruins in just a little longer and not even our bones will be left behind. If you have a method, quickly go do it.”

Everyone was extremely anxious.

So anxious that their faces had turned pale.

At this time...

The earth started shaking.

Booming sounds could be heard from the depths of the earth, similar to a 10.0 magnitude earthquake.

Shaking!

The shaking became more intense!

The tents couldn’t stay standing and started toppling over while the ground split apart.

“Eggy, what the hell are you doing?!” Luo Tian was also getting anxious.

No response!

The dragon egg had no reactions whatsoever.

Earth Dragon King started laughing like crazy. “Hahaha... the Great Earth Burial is here. Everyone will turn to powder soon, hahaha...”

“Damn it!”

“Is this daddy going to die here?”

Luo Tian then started smiling.

“Boom~!”

“Boom~!”

Suddenly...

The clouds were shaking and rolling about in the sky. Thunder and lightning from the nine heavens started gathering and plunging downwards.

A huge divine looking shadow descended vertically.

“Boss!”

“I’m sorry; I wasn’t able to grasp the powers properly and accidentally broke through the barriers of all nine heavens. Damn it, the world outside the nine heavenly barriers is too terrifying! I almost couldn’t come back!”

“Don’t be anxious...”

“He’s about to die.”

Eggy’s voice reached into Luo Tian’s mind.

Luo Tian was instantly dumbstruck. “Your sister! What kind of power is that?! Breaking through all nine heavens?! Isn’t that a bit too perverse?!”

Chapter 567 – Thrilling Explosion

“Holy f*ck!”

Luo Tian felt like beating up Eggy!

Are you trying to be an airplane?!

The power was too strong and you flew out of the nine heavens? Do you think you’re on a tour or something?

Moreover, he said the world outside of the nine heavens was too terrifying and almost couldn’t make it back. If he really couldn’t come back, then there was no need to come back. Once Luo Tian dies here, the dragon egg will be destroyed as well so he’ll be dead either way.

“Hurry up.”

“Stop showing off and kill him already. This daddy is getting more annoyed the longer I look at him.” Luo Tian felt a load had come off his mind. He was too lazy to keep talking nonsense with Eggy at a dangerous moment like this. The correct thing to do was to take care of Earth Dragon King first!

Luo Tian smiled in embarrassment while wiping the cold sweat from his forehead. “I’m going, I’m going. He’s about to die soon.”

Before Luo Tian could say anything more...

Someone in the crowd cried out in surprise: "There's something up in the sky!"

Everyone looked up.

A huge shadow possessing divine might plunge down straight for the top of Earth Dragon King's head.

Dragon God's Pillar!

A supreme divine weapon!

Its powers were fierce to a complete mess!

How can a weapon forged by the old ancestor Dragon God not be fierce?

Earth Dragon King looked up and his expression changed. He then muttered: "Damn, what the hell is that?"

"Something that's going to take your life." Luo Tian laughed after saying that.

"Eggy, smash him to death for me!"

"Bang~!"

Divine might that swept the clouds away!

The energy storm almost shattered the barrier of the Sky Palace.

The earth and mountains shook; the sun and moon lost their luster; everything was crushed like an ant by the Dragon God's Pillar!

"Boom~, boom~, boom~..."

Once the Dragon God's Pillar moves, everything will be arrogantly knocked down!

Earth Dragon King didn't have time to react. But even if his reaction speed was fast, there was no way he could escape out from the Dragon God Pillar's attack range. The Dragon God's Pillar range of attack was so large that it could practically blot out the moon and the sun!

"Agggghhh~..."

The sound of a pig being slaughtered shook the sky.

"Boom~!"

"Boom~!"

The divine pillar smashed into the ground, and below it was a single person – Earth Dragon King!

His face was pale white and black colored blood gushed out from his mouth.

At this time...

Eggy's voice was transmitted over, "Boss, here you go!"

"Not bad!"

“At least you have a bit of conscience and know what I’m thinking. Hahaha...”

He was feeling complete shock! He could clearly see that a single attack from Eggy had smashed Earth Dragon King’s ten million plus health bar all the way down to 100 points. This was deliberately done by Eggy in order to give Luo Tian the killing blow.

Eggy knew exactly what Luo Tian needed!

“Whoosh~!”

Luo Tian’s figure blurred and instantly landed next to the dragon stone pillar. He coldly stared at the dying Earth Dragon King and said evilly: “Showing off, huh? Why don’t you keep showing off now? Weren’t you acting very arrogant just then?”

“Hahaha...”

“You didn’t expect things to turn out like this, huh?”

Earth Dragon King’s eyes turned fiery as he spat out: “Luo Tian, you dare to kill me? My Earth Dragon clan will not spare you...”

Before he could finish speaking...

Luo Tian viciously stepped down, “Spare your sister! Just go die for this daddy!”

“Bang~!”

The seriously injured Earth Dragon King couldn’t put up any defense. His head directly exploded under the trampling of Luo Tian’s foot!

At this moment...

The system gave off an alert tone. An especially beautiful alert tone!

“Ding!”

“Congratulations to player Luo Tian for killing Earth Dragon King. You have gained 3,000,000 experience points, 300,000 profound energy...”

“Congratulations to player Luo Tian for gaining Spirit of the Five Elements – Earth Spirit.”

“Congratulations to player Luo Tian for gaining the blood essence of Earth Dragon King.”

“Congratulations to player Luo Tian for gaining the secret skill Great Earth Burial. Will you be cultivating it?”

“Congratulations to player Luo Tian for gaining the Sky Dragon Bead!”

“Congratulations to player Luo Tian for receiving a Dragon Ball!”

“Ding!”

“Congratulations to player Luo Tian for leveling up. Your current level is Profound Venerate 5th rank!”

A series of alert tones!

A big explosion!

This was absolutely a big loot explosion.

It's been a long time since Luo Tian felt such an awesome feeling.

"Hahaha..."

"Great!" Luo Tian cried out with a large smile.

He opened up the system interface for the Sky Dragon's Bead but didn't see any corresponding descriptions or attributes. But Luo Tian didn't really care since just wanted to make sure he didn't hear the wrong thing.

"Four Region's Blood has been gathered already."

"Now I also have the Sky Dragon's Bead. Once I return to Mount Hua Immortal Sect, this daddy will open up the ancient battlefield and level up like crazy. The day I exit that place will be Murong Wanjian, Imperial God, and Starsea Immortal Sect's doomsday." Luo Tian said this to himself in excitement.

His blood started boiling when he thought about this.

Immediately after...

Luo Tian started looking up the other things he got. When he saw a black ball similar to the Sky Dragon's Bead, he was a bit surprised. "That's a Dragon Ball? What's a Dragon Ball? Is it the one where I gather up seven of them and I can summon the Dragon God Shenron? Then Shenron will grant me any wish I want?"

"Damn, even Dragon Ball could cross to this world? What kind of nonsense is this?"

Egy then transmitted his voice: "Boss, is that really a Dragon Ball?"

His voice was really agitated.

Luo Tian replied: "Yeah."

Eggy almost jumped out of his shells as he said in excitement: "What you just said is pretty much correct except you can't summon out a Dragon God to fulfill your wish after gathering seven of the Dragon Balls. However, you can gain a trace of old ancestor Dragon God's powers. Don't look down on this little bit of power because even ten thousand Profound God Sovereigns might not be your opponent."

"What?!"

Luo Tian couldn't think straight.

"How many Profound God Sovereigns did you say?"

"Ten, ten, ten thousand Profound God Sovereigns won't be my opponent?"

"A trace of old ancestor Dragon God's powers is strong to that extent?"

He didn't dare to believe it.

Eggy was extremely smug as he said: "Of course! Old ancestor Dragon God is the progenitor of all dragons. The amount of time he has cultivated is longer than the birth of the Tianxuan Continent. Moreover, he resides in a higher level plane than this continent, so a bit of his powers can easily suppress any Profound God Sovereign expert."

"In addition..."

"Those of the Dragon race can fuse together with the Dragon God's Pillar. After fusing together, the Dragon God's Pillar's powers will rise up by a single level. If the seven Dragon Balls can fuse with the Dragon God's Pillar as well, its powers can exceed the strength of a supreme divine weapon and reach a realm that you cannot imagine!"

“You can still use the Dragon Balls after fusing together with the pillar. Gathering all seven Dragon Balls will still allow you to gain a trace of old ancestor Dragon God’s powers.” Eggy said in excitement.

Luo Tian was stunned and didn’t know how to react from hearing that. All he could think about was the power capable of suppressing ten thousand Profound God Sovereigns at once. He swallowed a large mouthful of saliva. A brief flash of light appeared in his eyes as he said with greed: “I need to gather all seven Dragon Balls. I want to gain the old ancestor Dragon God’s powers.”

“Quickly tell me where can I go to find the other Dragon Balls?”

Eggy replied: “This... I don’t know.”

“...”

Luo Tian was speechless before commenting: “Then why are you trying to show off?!”

Eggy’s voice sounded like he was wronged, “Dragon Balls are something the fated will eventually get. Since you were able to get one of them, maybe you will be able to get the other six as well.”

“Sigh~”

“Fine, we’ll search for it slowly.”

Luo Tian wasn’t in a rush. Just like what Eggy said – those who are fated will get it.

What a thrilling explosion!

Chapter 568 – Monsters Besieging The City? I Love It!

Main Hall.

Tai Long's brows were locked together and his expression was kind of unsightly.

Even he was somewhat afraid of that power as he wondered when did such an expert appear in the Dragon race.

Could it be that human youth?

Impossible! His strength wasn't too bad but it still hadn't reached a heaven-defying stage yet. He was very clear on Earth Dragon King's cultivation strength, and no matter how strong Luo Tian was, there's no way he was Earth Dragon King's opponent. There has to be something going on that he didn't know about.

"Reporting!"

A voice came from outside the main hall.

Tai Long looked over and said: "Come in and say it!"

A Blood Ghost rushed in and said: "Reporting to the Lord – we have investigated everything. Earth Dragon King tried to rebel but his scheme was seen through by a human."

Before he could finish speaking...

Tai Long interrupted: "No need to talk about the useless things. I just want to know how Earth Dragon King died."

Blood Ghost didn't dare to say anything out of line and reported: "Earth Dragon King was crushed by the dragon stone pillar to the point of almost dying. After that, the human went over to finish him off. Before that, Earth Dragon King was casting his secret skill Great Earth Burial. When the grounds of the tribal stronghold was about to collapse, the dragon stone pillar suddenly disappeared and then descended from the sky and crushed Earth Dragon King underneath it."

“The dragon stone pillar?!”

“The same huge stone pillar that consumed the energy of countless Dragon race members in order to move it to the Dragon Mountain?” Tai Long’s brows furrowed, “Legends say the stone pillar was left behind by the Dragon God but it’s just a normal pillar without any powers. Everyone has been treating it as a totem all this time, so how could it suddenly explode forth with such a powerful force?”

He really couldn’t figure it out.

But...

Tai Long was extremely intelligent and immediately asked: “What other information do you have? Focus on before Earth Dragon King was killed, the more the details the better.”

Blood Ghost immediately spoke of everything he heard, which was the fastest and most accurate information.

Tai Long’s brows were locked together once more after hearing about it. He then muttered: “It looks like this is really related to that human youth. What kind of background does that kid have? Is he here to save the Dragon race?”

“Just based on him?!”

Suddenly...

A strange glow appeared in Tia Long’s eyes before he revealed a cruel gaze. He then chuckled coldly before saying: “A mere lowly human dares to try stopping me? Humph~, he’s overestimating himself!”

“Send out my order!”

“Have Black Dragon King and Nether King immediately attack Dragon Mountain.”

Tai Long's gaze was filled with endless brutality!

Extremely aggressive!

The Blood Ghost cupped his hand and said: "Order received!"

Dragon race, the residence for the Dragon Emperor.

Inside a secret chamber.

The secret room was very dim and it was filled with carvings of all sorts of dragons on the walls. Some were diving into the sea, some were flying through the wild, and some were flying through the nine heavens. The carvings of these dragons were different from the ones you would find in the dragon stronghold because each one of them were Dragon Gods!

They did not look like the flying lizards from the Western culture.

"Tian Tian, you need to listen carefully."

"You cannot make any mistakes no matter what."

Luo Tian was sitting cross-legged with his eyes closed while he sent this voice transmission to Qin Changtian.

Qin Changtian immediately replied: "En, I will listen very carefully."

At this time...

Eggy's voice was being transmitted to Luo Tian's mind.

Luo Tian then transmitted those words into Qin Changtian's mind.

There's no way he would dare to speak them out loud.

Sound transmission was the safest method.

Luo Tian was teaching Qin Changtian the arcane secrets to the Sky Dragon's Heart. This was the only power capable of killing Tai Long.

It was a pity that Luo Tian couldn't cultivate it himself. If he could cultivate it, there was no need for Qin Changtian to take the risk. The second part of his quest was to kill Black Dragon King and Nether King so there's no doubt the third part of the quest is to kill the ultimate boss Tai Long!

Only after killing him will the quest be fully completed.

And only after that will he gain the Dragon God's Soul needed for Eggy to hatch!

But...

There's no way Luo Tian's current cultivation will allow him to deal with Tai Long head-on. The only thing he could do is to borrow someone's power, and the arcane secrets of the Sky Dragon's Heart was their only way.

Moreover...

Qin Changtian needed to stabilize his new position, and just relying on Frost Dragon King and another Elder was far from enough. He had to possess his own strength in order to accomplish it!

This world has always been a place where the strong becomes the king. If you aren't strong enough, no one will be willing to submit themselves to you.

A faint sheen of sweat appeared on Qin Changtian's forehead while his brows were furrowed. He was feeling extremely excited, "So, so, so it turns out to be like this! This is too extraordinary!"

"Don't get distracted."

"You cannot be even a tiny bit distracted when cultivating the arcane secrets of the Sky Dragon's Heart. You have to devote yourself wholeheartedly in order to succeed." Luo Tian lectured him.

Qin Changtian immediately replied: "En. Big brother Luo Tian, let's continue."

Outside the residence.

Frost Dragon King was walking back and forth with an anxious look on his face.

Little Xie had the same anxious look as he asked: "Father, what are Dragon Emperor and big brother Luo doing? Black Dragon King's army is about to kill their way over and we practically don't have any defenses here."

"Moreover, I just received news that the Earth Dragon clan has split away from the Dragon race. Based on reasonable standards, we shouldn't have killed Earth Dragon King. We never discussed with them first and killing their leader just like that was a huge disrespect towards their clan. It looks like they are preparing to take refuge with Tai Long."

"If we had known this would happen, we should've just killed off all the elites from the Earth Dragon clan back then." Little Xie said with anger.

During such a critical juncture, the Earth Dragon clan leaving the Dragon race was similar to giving them a fatal blow.

The outer perimeter defenses were stationed by the members of the Earth Dragon clan. Now that they had left, the Dark Army could basically take a stroll on the main roads towards them. Their army had covered the grounds and the sky and was charging towards them at a crazy rate of speed.

It won't be long before they kill their way over here.

Frost Dragon King had his fists clenched and anxiety painted on his face. He could only mutter: "Why aren't they out yet? Why aren't they out yet?"

"Reporting!"

Kai Lun rushed over in a hurry and said: "Chief, the Dark Army will kill their way here in half a day. All the warriors of the Frost Dragon clan have assembled already. No matter what, we're going to wash away the shame from before."

"Reporting!"

A warrior with his forehead covered in sweat rushed over and said: "Reporting to Frost Dragon King – the Fifth Elder, Sixth Elder, and Eighth Elder have brought their clans and split away from the Dragon race. They have brought their army and evacuated towards the north of Dragon Mountain."

"F*ck!"

"Those ungrateful bastards! Last night, they were still swearing their allegiance to the new Dragon Emperor. Who would've imagined that they changed their stances in less than a day? It's fine! It's fine! They will only cause more trouble if they were still here."

Another three forces had split from the Dragon race.

It was undoubtedly adding insult to injury for the current Dragon race!

Kai Lun cupped his hands and said: “Chief, please relay your orders! Even if everyone in our Frost Dragon clan dies, we will never retreat a single step!”

Little Xie then said hurriedly: “Father, Dragon Emperor is in seclusion so we can only count on ourselves. The shame of our Frost Dragon clan needs to be cleansed by the blood of the Dark Army!”

“Boom~!”

A loud noise was heard.

Qin Changtian and Luo Tian both came out at the same time.

Luo Tian exclaimed with excitement: “Another monster besieging the city storyline for me? I love it!”

Chapter 569 – Boss, It’s Time To Kill

If this was a video game, this kind of scenario would definitely be a favorite amongst the players.

This was a video game’s strongest and fastest way to grind experience.

Back then when the monsters were besieging Heavenly Sword City, Luo Tian was extremely happy when earned a boatload of experience. Since there was another monster besieging the city scenario, this made him like floating up to the heavens in ecstasy!

“Monsters besieging a city?”

“Big brother Luo Tian, what are monsters besieging a city?” Little Xie asked in confusion.

Luo Tian faintly smiled and replied: “Tai Long’s army are monsters while our tribal stronghold is similar to a city. Isn’t he about to attack us? That’s basically what monsters besieging a city means.”

“Don’t worry.”

“Just follow my commands.”

Luo Tian activated his War Leader’s System.

The level 5 War Leader’s System didn’t have any heaven-defying surefire kill. That shiny golden sword from before could only be used once. That special sword that instantly killed Devil Monarch Skysoul back then couldn’t be used anymore. But the help of the War Leader’s System was already considered a powerful existence on its own.

The most important part...

The warriors from the Dragon race were much stronger than the guards of Heavenly Sword City. With the blessing-like boost from the War Leader’s System, their fighting spirit will definitely increase their combat powers.

Qin Changtian immediately said: “We will follow big brother Luo Tian’s words.”

Frost Dragon King also nodded and said: “Luo Tian, what kind of plans do you have? We will all obey you.”

Everyone in the Dragon race was amazed by Luo Tian’s abilities. Even Frost Dragon King sighed to himself in inferiority. Seeing a faint confident smile on Luo Tian’s face, he had a feeling that nothing could go wrong as long as Luo Tian was here.

Kai Lun agreed and said: “Brother Luo, here’s the current situation – Black Dragon King and Nether King are each leading an army. They’ve split into two groups and are attacking the stronghold from two different directions. They have about 100,000 troops in each army and based on your human race’s cultivation level, they are all at the Profound Venerate realm or above. Many of them are experts at the Profound Saint realm. As for their Generals, Black Dragon King and Nether King, their cultivation is above Earth Dragon King so they are really difficult to deal with.”

“Profound God?!”

A brief flash of light appeared in Luo Tian’s eyes.

There was no trace of fear.

The only thing in his eyes was excitement.

The stronger the boss, the greater the loot explosion. A Profound God realm ranker was basically a super boss!

What will explode out after killing him?

This was too exciting!

Everyone was confused when they saw how excited Luo Tian looked.

Qin Changtian was also looking at Luo Tian and was about to speak...

Luo Tian stopped him and said: “Changtian, you are the trump card of the Dragon race and cannot expose yourself. Tai Long is extremely strong and only you can deal with him. You cannot expose yourself until the very last moment.”

There was only one way to kill Tai Long.

Smash him to death with the arcane secrets of the Sky Dragon’s Heart!

Qin Changtian cannot expose himself. Once he is exposed, Tai Long will definitely put his guard up and the results wouldn’t play out its pivotal role.

Qin Changtian nodded.

Everyone was confused since they didn't know that Qin Changtian went into seclusion for a day to cultivate the arcane secrets of the Sky Dragon's Heart.

Luo Tian then asked: "Uncle Kai Lun, who's stronger when comparing Black Dragon King to Nether King? And how many dragon warriors do the Dragon race have that can fight?"

Frost Dragon King interrupted: "Black Dragon King's strength is a bit stronger. They are all rebels of the Dragon race and they are all Dark Dragon Warriors. The Nether King's side has his Dark Angels. They have more people but their overall strength is slightly weaker than Black Dragon King's side. Our Dragon race currently has about 80,000 elite warriors and blocking one army shouldn't be a problem."

"Good!"

"Frost Dragon King, you will be the commander in charge of blocking the Dark Angels."

Luo Tian continued saying: "You only need to block them and not go for the offensive. The key is to defend. No matter how miserable their defeat looks, you cannot chase after them. Use all your strength to defend and don't worry about anything else."

Just defending was fine!

Luo Tian would take care of the rest.

In actuality...

Luo Tian was afraid Frost Dragon King would kill too many Dark Angels and he would lose out on a bunch of experience points.

Frost Dragon King didn't ask further and nodded, "Order received!"

“Brother Luo, you’re dealing with Black Dragon King’s army by yourself? This...” Kai Lun asked full of doubt.

An army of a hundred thousand.

Add on the peerless Black Dragon King, their overall strength was no weaker than a small immortal sect. Can Luo Tian really block them by himself?

Everyone looked at Luo Tian.

Luo Tian showed a faint smile and said: “Don’t worry, I have my ways. But there’s something I need to borrow from the Dragon race.”

“What is it?”

“Big brother Luo Tian, you can just take whatever the Dragon race has. Why are you even using the word borrow?”

“That’s right.”

Luo Tian looked at the dragon stone pillar standing in the center of the square and said: “I want to borrow that!”

Preparation had been completed.

Everything was arranged according to Luo Tian’s requirements.

Frost Dragon King brought the main Dragon race army to Crescent Canyon to form an extremely strong defensive line.

Crescent Canyon was a nature made strategic pass that was easy to defend and hard to attack.

Even though the Dragon race only had about 80,000 warriors, it was still more than enough to block Nether King and his army of Dark Angels.

As for Luo Tian?

At this time...

Before Black Dragon King's army was preparing to attack, he was acting similar to a madman and had snuck right up to them.

The camp of the Black Dragon King.

"General, we received news that the elites of the Dragon race have all set off towards Nether King's army."

Black Dragon King coldly scoffed, "All of them went there?"

"Right!"

"What is the Dragon race doing? If they're using all the strength to deal with Nether King, what about my side? Are they looking down on me?" Black Dragon King said this in contempt but didn't bother with any further nonsense. He then shouted "Relay the command – two hours later, we will attack in full force!"

"Order received!"

The Black Dragon King army was split into two formations – One troop was the vanguard made up of Black Dragon Warriors while the other rear troops were made up of various warriors of different dragon clans.

Luo Tian snuck past the vanguard camp and headed for the rear camp.

At this time...

On a large towering large tree, Luo Tian had ceased his breathing. He looked at the large swath of Black Dragon Warriors and said excitedly to himself: "It's going to be my New Year's celebration! How many experience points will I get from all these dragon warriors?"

"But it is a bit unfortunate..."

"These dragon warriors don't give me any Undefeated points. Otherwise, not to mention the four divine guardian beast bloodlines, I might even be able to exchange for the blood of a Celestial God. At that time, who would be capable of fighting against me?"

This was the downside.

Dragons were technically categorized as a demonic beast, that's why Luo Tian didn't get any Undefeated points.

Of course...

If he did get Undefeated points, that would be too heaven-defying.

Ten to twenty thousand undefeated points. This... would be a bit too overly awesome.

"Eggy!"

“Present! Boss, can you not call me Eggy? No matter what, I’m still an authentic dragon.”

“Fine, Eggy.”

Eggy: “...”

Luo Tian asked once more: “Are you ready?”

Eggy giggled and replied: “Of course!”

“Boss, it’s time to kill!”

Chapter 570 – Sweeping Through A Hundred Thousand

The Dragon God’s Pillar slammed down like an artillery shell!

A large swath of Black Dragon Warriors were crushed into powder.

“Ding!”

“Ding!”

“Ding!”

“Congratulations to player Luo Tian for killing a Dragon Warrior. You have gained 11,000 experience points, 1000 profound energy...”

“Congratulations to player Luo Tian for killing a Dragon Warrior. You have gained 11,000 experience points, 1000 profound energy...”

“Congratulations...”

“Congratulations to player Luo Tian for gaining the blood essence of a Winged Dragon.”

“Congratulations to player Luo Tian for gaining a Dragon Tendon.”

“Congratulations to player Luo Tian for gaining a Dragon Bone.”

A series of alert tones sounded off.

Strangely enough, Luo Tian didn't miss out on the experience points even though Eggy was the one that was doing the killing. But the experience was a little pathetic.

The reason being the system determined Luo Tian and Eggy were in the same group, so a portion of the experience points was given to Eggy as well. Luo Tian managed to receive half the experience points and that was already a heaven-defying situation.

“Awesome!” Luo Tian screamed out in excitement.

He then said: “Eggy, continue with it!”

“Voomph~!”

The Dragon God's Pill disappeared once more. The moment it descended, a large swath of Black Dragon Warriors died as a result.

“Surprise attack!”

“It's a sneak attack! It's a sneak attack!”

“Quickly tell the General! An unknown entity is sneak attacking us! An unknown entity is sneak...”

“Quickly report this!”

For a brief time, the rear-guard camp erupted into chaos.

In addition...

Luo Tian landed heavily after transforming into Devil Sovereign Xingtian. He ingested a medicinal pill he created himself called the Endurance Pill, which allowed him to maintain his devil transformation to four hours. In his hand was the Sky Splitting Divine Axe, on his body was the Blood God’s Armor, and on his finger was the Blood God’s Ring...

His long scarlet red hair was fluttering freely behind him.

His whole body looked blood red.

He looked just like a crazy and out of control devil. With the monarch’s aura oozing from his pores, Luo Tian looked even tougher and more powerful.

“Level 7 Berserk!”

“Boom~!”

“Myriad Devil!”

“Boom~!”

Luo Tian grinned while he released the two powers at once. The aura coming from him now was practically strong to the max! At this time, he raised his head and roared out: “Blood Shadow, Blood Explosion!”

“Boom~!”

At this time...

Luo Tian’s voice was heard shouting in the void, “Explode for me!”

“Boom~!”

“Boom~!”

“Boom~!”

The entire camp turned into a sea of blood as the dragon warriors exploded. Some of them directly died while some suffered serious injuries and rolled about on the ground. The moment Luo Tian activated his Blood Explosion, Eggy controlled the Dragon God’s Pillar and smashed it down.

“Ding!”

“Ding!”

“Ding~, ding~, ding~...”

The alert tones were similar to ten thousand cannons firing off together, almost making Luo Tian go deaf.

It kept going off like crazy!

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at the Profound Venerate 6th rank!”

“So awesome!”

“I leveled up just like that! This kind of feeling is simply way too awesome! Hahaha...” laughed Luo Tian full of excitement. He then looked around and noticed not a blade of grass was left upright in the military camp. The place was a complete mess and everyone was dead. This was the exact description for blood flowing like a river.

“The next camp!”

Luo Tian’s eyes shook and instantly transformed into a Blood Shadow to head to another military camp.

Inside the vanguard camp.

Black Dragon King was about to order his troops to advance at full speed and never expected a fire in his backyard!

“What?”

“One of the military camps was wiped out in less than a minute?”

“Pak~!”

Black Dragon King angrily slapped down and shattered a table into powder. He then shouted: “A bunch of trash! You are all a bunch of trash! A camp with a few thousand people couldn’t even resist a single person?! What’s the use in feeding all of you?!”

“It’s that human, right?”

“Good!”

“Since you want to play with this daddy, then this daddy will play with you for fun. Let’s see how great your capabilities are! You’re actually dumb enough to mess with my Black Dragon Army by yourself? No wonder Frost Dragon King took all the Dragon race warriors to deal with Nether King’s army. It looks like everything was arranged by a kid like you, right?”

“Motherf*cker!”

Black Dragon King’s eyes were filled with flames of rage. Just when he was about to give a command...

Someone rushed in from outside of the tent and kneeled down. “General, our third army camp has been annihilated!”

“What?!”

“Pak~!”

Black Dragon King’s right palm slapped down and directly cracked that warrior’s head. He was so angry that mist was coming out of his head. His teeth were cracking from clenching and a dark aura exploded out from his body. “Kill our way over!”

“Boom~!”

Black Dragon King transformed into a huge black dragon. His wings gave a flap and his figure shot forward just like a fighter jet.

“The fifth military camp, kill for me!”

“Eggy, kill them all! Kill them all! Hahaha...”

“Play them all to death and I can level up again.”

“I’m about to hit Profound Venerate 8th rank!”

“This is too f*cking awesome!”

Luo Tian was extremely excited because the speed of leveling up was similar to riding on a rocket ship. Eggy’s power was too mighty, and he was like a crazy killing machine slaughtering everything.

The divine pillar descended from the sky!

“Boom~!”

It smashed down like a war hammer, and a large swath of Black Dragon Warriors keeled over.

“Ding~, ding~, ding~...”

Another large mass of experience points.

The experience bar could be seen moving by the naked eye.

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at Profound Venerate 8th rank!”

“Hahaha... I leveled up again. I’m only missing two more levels before I get rewarded by the system. Eggy, you need to be a bit more fierce.” Luo Tian was laughing loudly. He was hoping he could step into the Profound Saint realm so that when he returns to Mount Hua Immortal Sect...

Old and new accounts will be calculated together!

He was going to calculate everything carefully!

He was going to calculate everything with the Grand Elder and the Prime Elder.

If they dare to act arrogant in front of him, he will directly kill them off!

“Kill!”

“Blood Shadow, Blood Explosion!”

“Boom~, boom~, boom~!”

“Ding~, ding~, ding~!”

This was the most beautiful melody to his ears. Both experience points and profound energy was increasing like crazy. This was the fastest speed Luo Tian has ever leveled up since he transmigrated to this world. It was even faster than his novice period! Eggy was simply too fierce!

Luo Tian wanted him to hatch right this second.

A dragon egg was already this fierce...

Wouldn't he be defy-the-laws-of-heaven fierce after he hatches?

He really couldn't wait!

“The ninth camp...”

“Everyone is dead!”

In less than two minutes, blood was flowing like a river in the ninth camp and there wasn't a single survivor!

They couldn't stop Luo Tian and Eggy.

“The tenth camp.”

“Continue...”

In another area.

Black Dragon King was leading his vanguard troops closer while watching his rear-guard troops being completely annihilated. Blood flowed like a river and the blood mist practically dyed the sky red. Black Dragon King was so angry that he almost threw up blood! He had never suffered such a big defeat in his entire life!

“Luo Tian, this daddy will definitely kill you!”
