

## Leveling Up 581

Chapter 581 – Concocting The Experience Pill

Frost Dragon King's brows were furrowed while he was in thought.

Inside the main hall.

Many people were looking at him and waiting for his decision.

Not long after...

Frost Dragon King's brows softened up as he made the decision. He felt like a ten thousand jin weight had been lifted off his shoulders and felt much more relaxed. He then said: "Relay my commands that all Frost Dragon clan warriors will advance towards Blood Sea City at full speeds."

"Good!"

Kai Lun suddenly yelled out before smiling in embarrassment. "Sorry Chief, I was too excited. Heh heh..."

"It's time to fight Tai Long."

"We have to eradicate this cancer once and for all!"

"Traitor of the Dragon race! A damn mongrel! Humph~!"

The Elders of the Frost Dragon clan and their warriors all started scolding to vent their anger.

One of the Elders of the Dragon race walked up to Frost Dragon King and said: "Frost Dragon King, if your Frost Dragon clan goes to Blood Sea City, what about us? You're not going to make us guard at home, right? We will definitely not agree to something like that."

“That’s right, we want to go to Blood Sea City as well.”

“We also want to settle accounts with Tai Long.”

“My father and my family died at Tai Long’s hands. There’s no way I’m going to let him off, so I want to go too.”

“I want to go as well!”

A lot of people started yelling with strong hatred in their eyes.

There were many Dragon race members whose family and friends died at Tai Long’s hands. Now that Black Dragon King and Nether King have both died, it was time for them to counterattack Blood Sea City. They didn’t want to let this opportunity pass. Even if they couldn’t personally kill Tai Long, they still wanted to witness his death.

Frost Dragon King released some of his pressure and motioned everyone to keep quiet. He then said: “I didn’t say you guys cannot go but some of you have other missions. The dragon stone pillar cannot be abandoned at Dragon Mountain because it’s brother Luo Tian’s weapon. He will definitely need it at the final battle against Tai Long. Your mission is to transport the dragon stone pillar to Blood Sea City. We can meet up afterward and attack Blood Sea City together. We definitely have to stomp Tai Long to death beneath our feet!”

“Good!”

“Since it’s a weapon our hero needs, we will definitely transport it over even if we have to die. We won’t be slower than you getting there!”

“Fellow brothers, the time for vengeance has arrived.”

“Raise your spirits and let’s fight Blood Sea City to the end!”

“Kill, kill, kill!”

Morale surged up into the sky and not a single Dragon race member stayed behind. The children and the elderly all marched towards Blood Sea City!

Blood Sea City.

Several Elders of Blood Sea City were walking about like ants on a hot plate.

“What should we do?”

“The Dragon race army will be here in a day. Our Lord is in seclusion and the two Generals Black Dragon King and Nether King have both died in battle. Blood Sea City is in chaos right now so what should we do?”

“It’s all because of that damn human! That lowly race dared to kill our Black Dragon King and Nether King and even challenged our Lord. That kid is too repulsive! Those that dare to challenge our Lord will only end up dying.”

“Let’s not talk about such things for now. What we need to do is to solve our current crisis. The defensive forces inside Blood Sea City cannot stop the Dragon race’s army. And they have the advantage of momentum. The Chiefs of the Dragon race members that have split apart will definitely gather together. These guys are grass that would sway wherever the wind blows. If they don’t appear at this time, the Dragon race will no longer recognize them as brethren’s. At that time, they won’t be able to stay inside Sky Palace anymore. If we add them up together, the pressure our Blood Sea City would be facing will be much greater. We definitely have to think of a surefire solution to take care of this.”

“What can we think of?”

“The defensive guards of Blood Sea City only listen to the Lord. Even if we come up with a solution, they won’t bother listening to us. In my opinion, we don’t need to do anything because the Lord will have his arrangements. He will definitely exit his seclusion before the Dragon race army arrives. There’s no need to mention those Dragon race armies and when it comes to that human, he will definitely die a miserable death.”

“Just keep watching.”

“Our Lord was chosen by the heavens. Since he was able to return from the Ancient World, that means he is extremely strong.”

The Elders of Blood Sea City eventually came to a conclusion from their discussion.

Wait!

All they had to do was wait for Tai Long to come out!

The depths of Dragon Mountain.

A pair of hands covered in blood could be seen. They were digging like crazy as they dug up the gravel covering Qin Changtian. The person then muttered: “You cannot die, you cannot die. I’m going to be finished if you were to die.”

Luo Tian’s mind tightened when he recalled how Qin Changtian took on Nether King’s attack for him.

Eggy did that.

Qin Changtian did that as well.

Only brothers would do that for each other!

Luo Tian felt extremely grateful. Now that there was less than two days left, he still hadn’t caught a glimpse of Tai Long’s face yet. What should he do?

He was getting irritated.

Luo Tian exhaled a deep breath before saying to himself: "You need to calm down at a time like this. Luo Tian, you really need to calm down and don't lose your sanity. Don't think too much for now and focus your effort on saving Qin Changtian."

Thinking up to here...

Luo Tian started digging faster.

The huge golden dragon's body was finally revealed. Qin Changtian's breathing was a bit faint but it was still there.

Immediately after...

Luo Tian cast Regeneration on him.

After that...

He pulled out the Rainbow Lotus, tore off a piece, and then placed it inside Qin Changtian's mouth. He then used his profound energy to slowly help catalyze the lotus. Luo Tian didn't know if the Rainbow Lotus had any use but it helped Little Xie last time so it should be useful to Qin Changtian.

"Fuuu~..."

A breath was snorted out.

Qin Changtian's eyes gradually opened. When he saw Luo Tian in front of him, he faintly smiled and said: "Big brother Luo Tian, I thought I wouldn't be able to see you again. Heh heh..."

"You still dare to laugh?!"

“Do you know how dangerous that was? Even if you have the Dragon Emperor’s powers to protect yourself, you still shouldn’t have taken Nether King’s attack head-on!” Luo Tian glared at Qin Changtian while continuously casting Healing Art on him.

He was casting non-stop like crazy!

Qin Changtian’s aura was getting better. He scratched his head and said: “If there was a next time, I will still take it head-on. Heh heh...Big brother Luo Tian, you are my benefactor and the benefactor of the Dragon race. Even if I have to die for you, I wouldn’t show even a faint frown.”

“Idiot!”

Luo Tian lightly slapped the back of Qin Changtian’s head and said: “What nonsense are you spouting?!”

Qin Changtian revealed a foolish grin before asking: “Big brother Luo Tian, what should we do next?”

Luo Tian looked up at the sky before glancing at Qin Changtian and replying: “We will rest here for the night. Tomorrow, we will go to Blood Sea City and settle the accounts with Tai Long.”

“Okay!”

-----

The moon was high up and the stars were sparsely seen.

Inside the forest, Luo Tian entered his Skill Necklace’s fourth layer.

With his current cultivation, he was able to enter the fourth floor.

“Sharingan!”

“Ding!”

“Skill proficiency +4 points.”

“Dragon Slayer!”

“Nine Dragons and Elephants...”

“Shadow Clone...”

Luo Tian didn't take any breaks and just kept training his skills like crazy.

There were no monsters to kill inside here and the only way to increase his strength was to raise the levels of his skills.

While training his skills, Luo Tian's gaze landed on the Rainbow Lotus. “Fighting with Tai Long will definitely be a fierce battle. I think it's about time to use the Rainbow Lotus to concoct an Experience Pill!”

Chapter 582 – Medicinal Pill Creator

Luo Tian didn't leave the space of his Skill Necklace and just brought out his Green Dragon Cauldron.

There's a chance of failure when concocting high-tier medicinal pills.

Even if Luo Tian's Pill Alchemy Skill had the effect of improving his success rate, there would still be a chance of failure.

Therefore, Luo Tian didn't dare to concoct it casually.

He only used a tiny little piece of the Rainbow Lotus.

The lotus was placed inside the cauldron. Luo Tian used his profound energy to catalyze it and green flames started rising from the cauldron. A fragrant smell came out and Luo Tian started frowning. "This thing is a bit too hard to refine, right?"

His profound energy was plummeting like crazy.

Luo Tian's senses were trying to guide the process.

But...

This little tiny bit of Rainbow Lotus was melting at an extremely slow rate.

"Profound energy has been decreased by 500 points!"

"Profound energy has been decreased by 500 points!"

"Profound energy has been decreased by 500 points!"

Profound energy was decreasing by 500 points every second. It didn't sound like a lot but if this continued for a while, even a vast ocean would be depleted eventually. Luo Tian couldn't give up halfway either since this was an Experience Pill we're talking about. This was a high-tier medicinal pill that Tianxuan Continent has never seen before. For it to be difficult and complicated was very reasonable.

Half an hour passed by.

Over a million profound energy was consumed.

"Boom~!"

The cauldron suddenly sprayed out black smoke.

“Ding!”

“Refinement failed!”

“Damn it!”

“That used up a million profound energy from this daddy and it even failed! F\*ck this!” Luo Tian cursed out as he felt the pain of losing a million profound energy.

Luo Tian didn't rush to try concocting the Experience Pill a second time.

He meticulously recalled every detail of the process.

This was how experience was gained.

No matter if you cultivate or if you train your skills, the process would naturally give you valuable experience. The reason Luo Tian was good at playing video games was because he was good at summarizing his experience. He wouldn't let a single detail go. Video games and reality are very similar, so there has to be a reason for his failure.

Luo Tian was in thought for about ten minutes before he attempted his refinement again.

About twenty minutes later.

“Boom~!”

The cauldron gave off black smoke once more.

The system gave him another alert of failure!

“If that’s the case...”

Suddenly...

Luo Tian’s brows furrowed as he tried refining it for the third time. This time, he directly controlled his profound energy and used up a million points in an instant. The one million profound energy was injected into the cauldron and the intense flames shot up ten meters high.

“Ding!”

“Congratulations to player Luo Tian for your successful refinement.”

“Ding!”

“Congratulations to player Luo Tian for successfully concocting an Experience Pill and triggering a system reward. You have been rewarded with 2,000,000 profound energy!”

“Two million profound energy?”

“Heh heh, it looks like the system understands my current predicament. Thank you very much, big brother system.” Luo Tian was chuckling internally before rushing to open up the system interface. He calmed his breathing, steadied his mind, and felt a faint excitement bubbling inside him. “My Experience Pill... you have to be a hundred million each. No, one billion each. No, it’s best that each pill will let me level up 70 times.”

Experience Pill!

If this was a video game, they weren’t considered something that special.

But...

In this foreign world, it was extremely important to someone like Luo Tian who relied on experience points to level up. And now that he was about to fight with Tai Long, he needed it even more. Eggy's life was practically in his hands.

If he couldn't quickly finish the quest and gain the Dragon God's Soul, the result would be Eggy's death.

"Big sister Sola Aoi, please bless me!"

Item: Experience Pill

Grade: Divine

Property: 0/100,000,000

"What's going on?"

"There's a zero and then a hundred million behind it. Do I need to replenish it or something?" Luo Tian was a bit unhappy with the results.

He then scrolled down to the next section for the item description.

Description: This Experience Pill is categorized as an absorption pill. If the player receives ten experience points, the Experience Pill will absorb 10% of the experience. The portion absorbed is considered extra experience and will not affect the player's original experience amount. Once the experience is full, the Experience Pill can be taken by the player.

Note: This medicinal pill can only be used by the player and cannot be traded to others!

“So that’s the case...”

Luo Tian stared at the item description and muttered to himself: “I guess it would be too heaven-defying if I created experience out of thin air. A single Rainbow Lotus can be concocted into about a hundred Experience Pills. If they were all turned to experience points, it should be around 10 billion points. Wouldn’t I directly level up to become a Profound God expert?”

“But...”

“That’s just the idea behind the item while I still need to accumulate all the experience myself.”

“It’s a slow process.”

“But there won’t be any changes to my original experience received while the medicinal pill will basically give me an extra 10% of it.” Luo Tian then continued muttering: “If I could concoct a Double Experience Pill or something similar, then that would be awesome.”

“If I can concoct an Experience Pill right now, it may not be impossible for me to concoct a Double Experience Pill in the future, right?”

“Concocting an Experience Pill is directly correlated to the amount of profound energy consumed. If I increase the profound energy output, I wonder if I will get some unexpected gain?”

When Luo Tian thought up to this point...

He started feeling excitement inside his heart.

Immediately after...

Luo Tian took off a large piece of the Rainbow Lotus and started feeling headache. This piece was enough to concoct five normal Experience Pills! “Let’s take the risk!”

His spiritual senses started moving.

Luo Tian released 10 million profound energy!

At this moment, Luo Tian's profound energy depleted like crazy. Ten million profound energy was one-fifth of his maximum value. Luo Tian was willing to throw it out there just to see if he was able to concoct a much stronger Experience Pill or not.

"Boom~!"

A dull thunderous sound was heard coming from the cauldron.

The green flames turned colorless.

And the flames surged up into the sky.

Luo Tian's body was boiling hot while large bead-sized sweat dripped down from his forehead. When his spiritual senses primed the ten million profound energy, he somehow entered a unity state of man and heaven as one. He was like a wild cursive calligraphy that was filled with vigor and liveliness!

Arrogance!

Wild and unrestrained!

Profound energy was raging about inside the cauldron.

At this moment...

Luo Tian sent his will inside the cauldron as well.

When concocting pills...

Luo Tian didn't adhere to norms and changed things according to his own will. He had become one of those mad scientists in order to create something to call his own.

Time passed on by.

A small portion of the 10 million profound energy was used to melt the Rainbow Lotus while a large portion of it was absorbed by the lotus itself. Flames were constantly erupting, the lotus kept absorbing, and the pill would congeal and de-form and congeal over and over again.

This was an extremely slow process.

"Succeed for me!" Luo Tian yelled with his brows furrowed and his eyes wide open.

A loud sound was heard inside the cauldron.

Luo Tian's mind tightened, "It has to succeed!"

"Ding!"

"Congratulations to player Luo Tian for your successful concoction. Your item is..."

Chapter 583 – Triple Experience Pill

"Congratulations to player Luo Tian for your successful concoction!"

"Item: Triple Experience Pill."

"Tr, tr, triple?!"

“Oh My God...”

“Big sister Sola Aoi, I love you forever!”

Even in his dreams Luo Tian never imagined he could concoct a Triple Experience Pill. That’s three times! That meant he could level up three times as fast! This was practically a heaven-defying medicinal pill!

Ten million points of profound energy.

Add on five times the Rainbow Lotus portion of a normal Experience Pill Rainbow and a Triple Experience Pill would be the result!

This was undoubtedly a huge breakthrough.

Even Xiao Yan wouldn’t be able to concoct such a powerful pill. The pills he concocts are all restricted by the world he was in. No matter how powerful the pill was, it didn’t exceed a divine or immortal tier pill. But Luo Tian concocted a supercharged experience pill!

Without a doubt, he had become a creator of a new medicinal pill and became a true blue Grandmaster!

Luo Tian was incomparably excited.

He immediately opened up the system interface to look up the attributes of the Triple Experience Pill.

Item: Triple Experience Pill

Grade: Super divine

Description: The Triple Experience Pill can be consumed to trigger the effect of gaining three times the experience points. The duration is one hour. Once the time is up, experience gain will return to normal.

“One hour!”

Luo Tian’s heart was shaking. Inside the video games of his previous life, these types of heaven-defying pills only lasted for a few minutes. Now that the one he created lasted for an hour, Luo Tian actually felt a bit upset. “I should’ve tried to concoct the pill with the Rainbow Lotus back then! If I killed Black Dragon King and Nether King yesterday after consuming that pill, I would’ve gotten so much more experience!”

A large army composed of a hundred and sixty thousand troops was killed off single-handedly by Luo Tian.

He leveled up nine times!

If the experience was multiplied by three...

“Gulp~!”

Luo Tian’s intestines turned green in remorse. “Damn it, how come I didn’t think of experimenting with the Rainbow Lotus beforehand? I would’ve struck it rich if I had used it the other day.”

Luo Tian was planning to refine the Rainbow Lotus when he was at the ancient battlefield of Mount Hua Immortal Sect.

The description from the Rainbow Lotus said Experience Pills could be concocted from it and didn’t say that Triple Experience Pills could be created. If there was some kind of alert to let him know that, he would’ve concocted one much earlier.

Why would he wait until now?

But...

Having said that...

Ten million profound energy wasn't really that much.

Profound energy was the root of all martial artists.

Having their profound energy exhausted meant deadly consequences.

In layman's terms, they were just like the mana for the magician class. Once you're out of mana, it didn't matter how awesome your character is because you could only wait for someone to reap your life.

Furthermore...

Luo Tian's spirit almost collapsed from concocting the Triple Experience Pill.

If those ten thousand deceased souls of the Titan race hadn't entered his sea of consciousness allowing him to form a Titan God's Soul, there was no way Luo Tian would have been able to hold on for that long. Now that he thought about it, he started shivering in fear. The refinement process used up too much spirit energy and made him feel extremely uncomfortable. He would be done for if any accidents occurred in the middle of it.

Luo Tian didn't continue concocting any more pills after making the Triple Experience Pill.

He didn't have that much profound energy left.

Tomorrow will be a tough battle.

Profound energy was too important and he had to conserve some. Fighting Tai Long would be an uphill battle if he was out of profound energy.

Soon after...

Luo Tian activated his spiritual senses and exited out of the Skill Necklace.

At this time...

Qin Changtian was carrying several demonic beasts over. The bonfire was already set up and he giggled: "Big brother Luo Tian, let's grill some meat! I really want to eat your barbecued meat. Maybe I won't be able to eat the meat you grill after tomorrow."

Luo Tian didn't say anything and started placing the prepared demonic beast meat over a rack to grill.

Qin Changtian didn't know how strong Tai Long was.

Luo Tian didn't know either.

They only knew a small piece of information on Tai Long, and that was the old Dragon Emperor was defeated in just a few moves. The old Dragon Emperor suffered serious injuries and was smacked right out of Sky Palace. The strength Tai Long possessed was beyond imagination and tomorrow's battle was destined to be unimaginably tough.

There was no certainty of winning even though Qin Changtian was able to train in the arcane secrets of the Sky Dragon's Heart.

Tai Long was simply too strong.

The night before the big battle.

One needed to eat and sleep their best. Let everything go and enjoy themselves.

Not long after...

The tasty and aromatic grilled meat was ready.

Luo Tian sliced off a large piece for Qin Changtian before cutting off a small piece for himself. He started thinking of his past while eating the grilled meat. He was thinking of Feng Lei, Tang Jiu, Tang Tang, Qin Yue'er, Xin Er, Fan Zhangjian from the Gnome race, and the weird old couple at Dark Mountain Corpse City. When his thoughts went back to Xin Er, he started thinking of those cute old devils inside the Soul Refining Dungeon. There was also the Titan race's little carp, and eventually, his thoughts drifted to Leng Hanshuang.

That Leng Hanshuang with the tight butt that he had always wanted to smack.

Now she was a true Frost Goddess!

The last was Li Xue'er!

Thinking of her smile, her pouting, her cuteness, and when she acted spoiled, the corner of Luo Tian's mouth curved into a smile. He looked up at the night sky with a sparse amount of stars and said to himself: "Xue'er, how are you doing?"

Suddenly...

One of the stars faintly blinked.

Like it was replying to Luo Tian: "Big brother Luo Tian, I'm doing well. I miss you too."

Power of the stars!

As long as one could see stars in the Tianxuan Continent, Li Xue'er was capable of sensing everything. At this time, she too was staring up at the stars and thinking of Luo Tian. Her smile was like a flower blooming in springtime filled with happiness. "Big brother Luo Tian, you need to take good care of yourself."

-----  
“Boss, are we going to die tomorrow?”

“I don’t know.”

“Boss, what’s the real reason why you came to Sky Palace?”

“You will know after tomorrow or maybe the day after tomorrow.”

“En. Boss, it’s really interesting following you through these days. I really hope I can follow you for the rest of my life.”

“You still have your Dragon race. Changtian, no matter what and when, you are forever my brother. Everything will be fine as long as you remember that.”

The two of them were chatting on top of a large rock before slowly closing their eyes.

Luo Tian didn’t sleep that often.

He was always using his time to train like crazy. If it wasn’t killing monsters, then it would be training up his skills. He was like a machine that kept running day and night. Tomorrow, he will be facing the Sky Palace’s ultimate boss – Tai Long.

There was a high chance he was a super expert at the Profound God realm.

Luo Tian wasn’t confident!

Not even a little bit confident of the outcome.

But he had no choice. For Eggy, for himself, and for the SSS- rank quest, he had to face everything head-on.

The pressure was huge.

But he never thought of retreating. In his previous life, he lived in a sheltered and pathetic manner. So he wanted to live the most out of his current life. It's really hard to get a chance to transmigrate, so how can he not live his life to the fullest? How would he face all those main characters in those novels?

Since he was going to muddle his way through...

He might as well muddle his way through to become the strongest and become the peak of this world!

He wanted to look down on the world, crush everyone and explode anyone refusing to submit!

Luo Tian slowly fell asleep. He went into a deep slumber, the deepest and best sleep he ever had since transmigrating to this world.

The eastern horizon faintly turned brighter.

A new day had started.

Will he live or will he die?

Chapter 584 – The Ultimate Boss Exits Seclusion

This was a counterattack.

But...

Inside their hearts, this wasn't a counterattack but more like their last ray of hope. They actually didn't have the slightest confidence and acted like it wasn't them surrounding Blood Sea City but Blood Sea City that had surrounded them and pushed them to the edge. Tai Long's cultivation was simply deep to unfathomable levels.

As to how high his cultivation realm was? No one knew.

In a world where the strong make the rules...

A single person can change everything.

No matter how many people they had or how many allied forces were working together, it was all useless.

A Profound God expert was an existence that could ignore the number of people before them. Even if you managed to have an allied force of a million or even ten million, they would not place that in their eyes.

Except...

If the allied forces didn't go right now, perhaps they wouldn't have another chance for the rest of their lives.

Across from Blood Sea City on a hillside that wasn't very tall.

A battle flag was fluttering in the wind. A loud cacophony of voices was heard amongst a large swath of dark figures.

Frost Dragon clan's army camp.

"Why hasn't Luo Tian shown up yet?"

“There’s also the Dragon Emperor... where did those two go off to?”

“Just now, all the chiefs of the allied forces came to ask where Luo Tian had gone off to.”

Luo Tian!

He had become a critical existence!

They all knew the person who killed Black Dragon King and Nether King was Luo Tian. Whether they could break through Blood Sea City’s main gate or not was all dependent on him. It was unknown when Luo Tian had become the Dragon race’s support pillar.

He became a core for them.

Frost Dragon King’s brows were furrowed as he muttered: “Brother Luo, where the hell are you?”

Kai Lun then said: “Brother Luo should have arrived around Blood Sea City earlier than us and shouldn’t be behind us. Based on their speed, they should’ve arrived here last night already. Since they still haven’t appeared at a time like this, could they have already entered Blood Sea City?”

Little Xie looked at the blood glow around Blood Sea City and said: “It shouldn’t be. Blood Sea City’s protective shield is still up, so it’s impossible for big brother Luo Tian to enter beforehand.”

“Then, where have they gone to?”

They didn’t know that Luo Tian and Qin Changtian had rested a whole night back at Dragon Mountain.

They hadn’t even started their journey yet.

That’s why the allied Dragon race army arrived at Blood Sea City before them.

Luo Tian wasn't present so they didn't know what to do.

Should they attack?

Or should they continue waiting?

Kai Lun immediately echoed his support. "What the Chief said sounds right. Since we're already here, we should go do something. It doesn't matter if we live or die, we should throw out our lives on the line today. The survival of our Dragon race and Sky Palace will be depended on today."

"Kill!"

"Kill!"

"Kill!"

The sounds of "kill" shook the sky from the Frost Dragon clan camp.

The other army camps also shouted in response.

Frost Dragon King's voice shook, "My fellow Dragon race warriors, the time that determines our fate has arrived. Today, we shall live on instead of dying! Kill!"

"Kill!"

The allied forces roared out together.

The power inside Frost Dragon King's body made an explosive sound before he directly transformed into a Frost Dragon. He flew up into the sky and then dived down straight towards Blood Sea City's protective shield.

Right behind him...

The Frost Dragon clan all transformed into dragons and charged over as well.

All the other military camps reacted continuously.

The sky was covered in dragons! A large mass of dark figures charged towards Blood Sea City's protective shield and started attacking.

The attacks coming from over ten thousand dragon warriors were extremely strong.

Blood Sea City's protective shield was trembling.

It was shaking non-stop.

Blood Sea City's main hall.

Cold sweat was on the foreheads of all the Elders present.

They used to be either part of the Dragon race or the Angel race but they had betrayed them. If Blood Sea City was to be broken through, there would be only one outcome for them – death!

“What should we do?”

“Our Lord still hasn't exited his seclusion?”

“The protective array around Blood Sea City cannot last for much longer. We need to come up with a solution!”

“We can’t keep waiting. If our Lord doesn’t exit his seclusion, there’s no way we can stop them once they charge into the city. At that time, the situation will be beyond salvation and our ending would be... No, I need to go out and fight them.”

“Count me in as well!”

“I’m going too.”

No one could sit still.

Their eyebrows were being burned and Tai Long was still in seclusion.

They were feeling extreme anxiousness!

A portion of them were wavering because they thought Tai Long had already escaped and had abandoned them.

Some were going out to fight.

Some of them snuck out of the Blood Sea Main Hall so they could find a chance to escape. As long as they escape out of Blood Sea City and out of Sky Palace, everything will get better eventually.

In turn...

People inside Blood Sea City started panicking.

“Humph~!”

“The Dragon race’s allied forces are right at our doorsteps. Our Lord could’ve gone into seclusion at any time yet chose to do it at this time? In my opinion, he has abandoned us and already escaped. I don’t want to die in Blood Sea City so from today onwards, I am leaving the organization.”

“What you’ve said sounds right. We aren’t idiots so I’m leaving as well.”

“You two...! Our Lord has always treated you two quite well yet you’re going to run away at a time like this? Are you worthy of how the Lord has treated you?”

“He doesn’t want us anymore so are we going to stay here and wait for our death?”

“The troops inside Blood Sea City cannot resist the allied forces of the Dragon race. If we keep waiting here, we’re basically waiting for our deaths. I really don’t want to die!”

“I don’t want to die either.”

“Let’s leave!”

A large group of people started leaving.

A large group of people charged to the frontlines.

The city’s protective array kept giving off humming noises and cracks had appeared in many places.

Frost Dragon King waved his arms to rally the troops. He then roared out: “The city’s protective array is about to collapse! My fellow brothers – for the honor of our Dragon race, let’s kill them!”

“Kill!”

“Kill!”

After being suppressed by Tai Long for so long, each of them had flames of rage smoldering inside their hearts. And this was the perfect time to let those flames explode.

They applied even more strength.

The energy of the city’s protective array depleted at a faster rate.

Attacks that covered the sky kept smashing into the city’s protective array.

A few minutes later...

“Hong~!”

“Boom~!”

The city’s protective array gave a final humming sound before disappearing. Frost Dragon King and the allied forces had broken through!

The guards of Blood Sea City were shaking and their faces turned pale.

Nether King and Black Dragon King had brought away most of Blood Sea City’s warriors so the city only had about ten thousand troops left to defend. Because Tai Long wasn’t here, a few of the Elders had escaped. This caused many troops hesitant on whether to fight or to run away.

Frost Dragon King roared into the sky: “Charge!”

The Dragon race’s warriors yelled in response: “Kill them!”

A large-scale battle was about to start!

Frost Dragon King didn't hesitate since this was the perfect time to defeat Blood Sea City.

The Dragon race's warriors charged into Blood Sea City like a tidal wave.

The guards of Blood Sea City kept retreating and couldn't resist the invasion.

Just when Frost Dragon King charged into the Blood Sea Main Hall and was about to announce their victory...

Behind the main hall.

A huge pillar of blood soared into the sky and dyed the horizon blood red. At the base of the blood pillar, a wave of blood rippled outwards before a shout was heard – “Everyone needs to die for me!”

Coming out from seclusion!

The ultimate boss has exited seclusion!

Chapter 585 – Soul Sovereign

The voice exploded in the sky!

The blood-colored wave was floating in the air a meter off the ground.

Along with the voice blasting out...

The blood-colored wave exploded at the same time.

“Boom~!”

“Boom~!”

“Boom~!”

Fresh blood splattered all over and Blood Sea City had turned into a real blood sea!

Everywhere was dyed the color of blood.

Way too tragic!

Out of the ten thousand plus dragon warriors that rushed into Blood Sea City, over half of them were instantly killed. Frost Dragon King took the brunt of the attack and was smashed flying into the city wall. A portion of the wall collapsed and he was buried under a large pile of debris.

Half of his head was exposed.

Blood stained the corner of his mouth and he looked like he was on his last breath.

“Father!”

“Chief!”

Little Xie rushed over like mad.

In order to protect Little Xie, Frost Dragon King blocked a large brunt of the attack.

The moment Little Xie rushed over...

A blood-colored figure flew out from the blood pillar and instantly appeared with his foot on top of Frost Dragon King's head.

His ferocious looking face was covered in blood and he looked no different to a demonic being. He stared sinisterly at Frost Dragon King in the rubble before putting strength into his right foot.

"Bang~!"

Frost Dragon King's head exploded from the stomp.

"Father!"

"Chief!"

"Frost Dragon King!"

Frost Dragon King was instantly killed!

He didn't have any strength to resist. He was not even comparable to an ant in front of Tai Long! From beginning to end, Tai Long didn't even look at him. Tai Long had completely ignored Frost Dragon King because he didn't put him in his eyes at all.

Little Xie's face went pale white.

His body was trembling.

He started running over like crazy upon seeing his father drenched in blood.

Kai Lun tried to drag him back, "Young master, don't go there! You aren't his opponent!"

“I have to kill him.”

“I have to kill him.”

“I have to kill him!” Little Xie gave a heart-wrenching scream. Tears streamed down his cheeks but he wasn’t able to cry. His heart felt so much pain that his body was shaking. It was similar to being tossed down a never-ending ice cave.

Tai Long turned around and looked at the people still alive in the city. The corner of his mouth curved up while he revealed a cruel smile. “Just based on a bunch of trash and you want to attack my Blood Sea City? You guys are a bunch of reckless idiots.”

As his voice was heard...

Tai Long’s voice slowly turned distorted.

“Whoosh~!”

“Whoosh~!”

“Whoosh~!”

In three seconds, that Dragon race Chief had turned into a dried up corpse.

The body slowly collapsed to the ground.

Tai Long stomped down, and the dried up corpse turned into tiny powder that floated up into the surrounding environment.

Two moves had killed two of their strongest Chiefs!

This kind of strength was too strong!

Tai Long started laughing coldly, “Hahaha... hahaha... Profound God powers. This is the power of a Profound God! Absolute suppression and overbearing to the extreme! Hahaha... Sky Palace, Dragon race, Angel race; who will dare stop me?”

“The Lord is mighty!”

“The Lord is mighty!”

“The Lord is mighty!”

The voices inside Blood Sea City shook the sky!

Everyone from the Dragon race allied forces had pale faces and their bodies trembling. They were so scared that they didn’t dare to move. This kind of strength and this kind of aura suppressed them to the point of being unable to breathe. They were not his opponent!

Absolutely not his opponent at all!

At this time...

Tai Long flew to the air and his eyes turned blood-red. His lips faintly moved as he chanted something incomprehensible. His eyes then widened before he yelled out: “Deceased souls, wake up for me! Come out and sweep the world!”

A streak of blood-colored light burst out from his palm.

The streak of light then transformed into a huge dark figure. The figure looked similar to a phantom image of a grim reaper but not exactly.

This was the Soul Sovereign!

Tai Long became respectful and kneeled down. "Soul Sovereign, I am your most faithful servant. These deceased souls are my gift to you."

The dark shadow's large head looked over.

It then made a motion of taking a deep breath in.

"Whoosh~!"

The souls of those dead Dragon race warriors were being pulled out of their corpses. Even those dragon warriors that were only injured had a ferocious expression on their faces. Their faces were pale white while they struggled with all their might. Eventually, a blurry image was then pulled out of their bodies.

Very painful!

When your soul was being ripped out of your body, the feeling was similar to someone trying to carve a hole inside your head with extreme cruelty.

"Agghhh~..."

"Save me! Save me!"

"Just kill me!"

The dark phantom absorbed like crazy.

Frost Dragon King's corpse shook and a huge phantom image of him was slowly peeled out from his body.

At this time...

Little Xie gave a heart-wrenching wail. His eyes were bloodshot as he charged towards the dark phantom image and cursed: "Let go of my father's soul! You damn monster! You damn pervert! I'm going to f\*ck all eighteen generations of your ancestors! Let go of my father!"

Tai Long closed his eyes and his figure blurred.

He descended from high up in the air and landed next to Little Xie. His mouth had a cold sneer before he said in disdain: "You're courting death!"

His left palm started moving.

A dark red energy shot out and headed straight for Little Xie's head.

Also at this time, Kai Lun charged over with all his strength and blocked in front of Little Xie.

"Whoosh~!"

"Whoosh~!"

Kai Lun quickly turned into a dried corpse.

He died!

"Uncle Kai Lun!"

Little Xie's body sank down and almost cracked his teeth from clenching them so hard. He was like a little kid that was jumping towards Tai Long before his hands started smacking like crazy. His heart was in so much pain that he had already lost all sanity.

Tai Long flung his left hand and the slap sent Little Xie flying out.

"Bang~!"

Little Xie flew until colliding into the city wall and knocking a large portion over. Little Xie kept throwing up blood but his eyes still glared at Tai Long. "I'm going to kill you. I'm going to kill you. I'm..."

The siblings' Ai Lun and Ai Xi transformed into Frost Dragons. Ai Xi lifted Little Xie up while Ai Lun guarded the rear.

Escape!

At this moment, all the dragon warriors finally woke up. They realized if they stayed any longer, they would all end up dying here.

They started running away like crazy.

Tai Long started laughing like mad into the air. He swept his gaze and then said: "You bunch of reckless idiots want to escape? Since you've all come here today, none of you can dream of running away. Everyone can obediently die here for me and your souls will be gifted to the Soul Sovereign. You will be thrust into an abyss of eternal darkness and forever become slaves for the Soul Sovereign."

"Deceased Souls, Blood Sacrifice!"

"Come out for me!"

"Boom~, boom~, boom~..."

The blood-colored wave sprayed out once more.

Everything in the area was enshrouded by it.

There was no hesitation.

Tai Long's ferocious expression was like a demon as his hand grasped out ruthlessly, "Die for me!"

"Bang~!"

"Bang~!"

Just like cabbages being cut up, dragon warriors fell one after another.

Ai Lun blocked an attack for Little Xie and died.

Ai Xi blocked the next one and died.

Out of the ten thousand plus allied forces, only Little Xie remained.

Little Xie knelt on the ground with tears streaming out of his eyes. He then gave a heart-wrenching scream: "Big brother Luo Tian, where are you?! Quickly come save us!"

Chapter 586 – Level 8 Berserk

Tears were gushing out.

His eyes and cheeks were completely wet.

At this moment...

Little Xie really looked like a child. He was like an orphan that had lost everything.

His crying was heart-wrenching!

In less than a minute, over ten thousand strong allied Dragon warriors were killed by Tai Long alone. He then ripped out their souls from their corpses so that they could never enter the cycle of reincarnation ever again.

Blood Sea City...

Had truly turned into a blood sea.

Soul Sovereign, who was still floating in the air, was absorbing the souls from the dragon warriors like crazy.

Tai Long was standing tall with an arrogant and disdainful expression. His eyes seem to say that he was looking down on everyone in the world. Looking at Little Xie who was the last person alive, he said with a cold laugh: "Hahaha... It's useless even if you try to call out for your ancestors."

"No one will be able to save you."

"Even if Luo Tian makes his way here, he's just sending himself to death."

"You have all come here yet he still hasn't arrived? Do I need to say it more clearly? He is afraid of dying and is very intelligent. Based on his cultivation realm, he is still someone that I can take out in a single strike no matter how many secret skills he has learned."

"Hahaha..."

“I am the Soul Sovereign’s number one servant and my powers have exceeded the standards of the Tianxuan Continent. You guys are just a bunch of reckless idiots in my eyes, hahaha! Everyone can enjoy their suffering in the eternal dark abyss.”

Mad laughter that didn’t stop!

He started walking one step at a time towards Little Xie.

Tai Long’s expression could be described as arrogance to the extreme.

Little Xie didn’t move while his body was shivering. His eyes stared off in a certain direction while muttering: “Big brother Luo Tian, you will definitely come here. You will definitely take revenge for our Dragon race. You will definitely be able to kill Tai Long.”

“You can definitely do it!”

As his voice faded...

Little Xie suddenly stood up in an upright pose. His gaze was steady as he watched Tai Long approach him one step at a time. He then shouted: “Frost Dragon rises to the sky! Ten thousand swords!”

“Boom~!”

Little Xie transformed into a Frost Dragon.

The moisture around his body started condensing and eventually became ten thousand ice swords. Along with his roar, the ice swords all shot forward.

“Whoosh~, whoosh~, whoosh~...”

“Even though you are only a branch of lowly four-legged dragons...”

“It’s still an entertaining thing to kill your branch off. In the Ancient World, your dragon clan did have some strength but that’s the Ancient World. Here, you guys can be easily slaughtered by my will. Hahaha...”

Tai Long’s expression was disdainful to the extreme.

He has entered the Ancient World before.

He had tried searching for the Dragon race in the Ancient World, but before he could find them, he had already fallen to the wayside and became a servant to the Soul Sovereign. From that day on, his temperament started changing. In order to become stronger, he had dedicated his own soul to the Soul Sovereign.

From then on...

Tai Long’s cultivation progressed by leaps and bounds. When he returned to the Sky Palace, he started killing other Dragon race warriors. The more he killed, the stronger he became. The reason was that the more dragon warrior souls he dedicated to the Soul Sovereign, the more returns he would get.

In order to get stronger...

Regardless of the cost, he planned on killing off the entire Dragon race.

The souls of the Dragon race contained a powerful energy, which was the reason why he came back to the Sky Palace.

“Frost Dragon rises to the sky! Ten thousand swords!”

Little Xie clenched his teeth and released his martial skill once more.

It was still useless.

But he didn't care and kept casting it like he was on the edge of insanity.

Tai Long was getting closer. When he saw the despair in Little Xie's eyes, he started laughing.

"Just go and die."

Immediately after...

His eyes turned serious and his brows furrowed. Tai Long stared at Little Xie while a red light exploded out from his body. At the speed of lightning, he had already appeared in front of Little Xie. He slowly raised his finger and pointed at Little Xie's head with an evil smile.

Little Xie didn't move.

He was afraid in the beginning but he was now smiling.

It was like he wasn't afraid one single bit.

"Father, I'm coming."

"Uncle Kai Lun, I'm coming."

"Big brother Ai Lun..."

Little Xie gradually closed his eyes.

At this moment...

The atmosphere of the sky turned heavy.

“Boom~!”

The Grim Reaper’s path of slaughter was charging over. Eventually, a huge phantom image of a grim reaper appeared on the hillside. Upon seeing the phantom image of the Soul Sovereign, the Grim Reaper seemed to have gone crazy.

One hand was holding a scythe while the other hand a Book of Death.

It revealed a chilly expression before its mouth started moving like it was singing something.

In an instant...

The Grim Reaper’s phantom image flew into the sky before descending into the center of Blood Sea City. Its huge scythe then chopped down.

Tai Long’s expression sank.

“You’re courting death!”

After that shout, he ignored trying to kill Little Xie and rushed back to the city center.

At this instant...

A dark figure descended from the sky and landed right in front of Tai Long. Seeing his ferocious expression, Luo Tian coldly smiled and said: “Where are you off to in such a hurry?”

At this moment...

There wasn't a trace of fear inside Luo Tian.

Not a trace of dread.

What he had was excitement, the kind that made his blood boil. If he could, he would explode Tai Long right this instant.

Your typical boss would have a golden glow and even stronger bosses still had that golden glow. At most, it would be so bright that Luo Tian couldn't open his eyes. But Tai Long was different... The glow around him was not golden in color.

He had a purple glow!

Without a doubt...

It was the same glow that divine weapons gave off! What do you think this means? It means that Tai Long most likely has a divine weapon or something higher on his body that overcame the golden glow! How can Luo Tian not be excited from knowing this?

"A boss at the Profound God realm!"

"Gulp~!"

"High risk but high returns."

"No matter what, this daddy will use my life in order to explode you!"

Luo Tian grinned in excitement.

"Smiling?"

Tai Long looked at Luo Tian in contempt before saying in disdain: “You’re that Luo Tian that managed to kill Black Dragon King and Nether King? A lowly human? Do you think you can stop me with your Profound Saint 4th rank powers?”

“What kind of thing do you think you are?”

Complete disregard.

Tai Long did not put Luo Tian in his eyes at all.

His mind was currently focused on the Soul Sovereign’s phantom image – nothing can happen to it!

Luo Tian coldly sneered, “And what are you considered? A mongrel? A hybrid of different mutts? A Six-winged Golden Dragon? In my opinion, you should be called a Six-winged Dog Shit.”

“Boom~!”

“Boom~!”

The Grim Reaper’s phantom image made the Soul Sovereign phantom image retreat a few hundred meters backward. The speed of the Soul Sovereign’s absorption of souls also slowed down.

Tai Long was enraged.

His gaze landed on Luo Tian and his figure moved. Profound God’s power was released as a palm smashed out, “Scram away from me.”

The speed was too fast!

The powers from a Profound God expert were too strong!

Luo Tian couldn't even see it clearly as a palm strike landed on his chest. He had no time to react and was directly smashed flying. His whole body was wracked in pain and his mind in disorder. He then said to himself: "What should I do? I am not his opponent at all."

"Power, power..."

"I need stronger power!"

"Fight with all I've got!"

"Level 8 Berserk, activate for me!"

Chapter 587 – A Duel Between Ancient Powers

"Ommm~!"

A violent explosive sound came from inside Luo Tian's body.

Suddenly...

Luo Tian's whole body turned crimson red as the powers inside him increased like crazy. His fleshly body had instantly reached its limit!

This was the explosion of 256 times his base attributes!

His strength increased by 256 times.

His speed increased by 256 times.

His defense increased by 256 times.

All his other stats instantly increased by 256 times!

A violent power was completely aroused within him.

Steam mixed with a raging power was coming out of Luo Tian's body in an unrestrained manner. It was similar to a misty flame and looked extremely domineering. His eyes looked up at Tai Long who was charging to the center of the city. His mouth then curved into a cold sneer, "Stay here for me!"

"Whoosh~!"

His figure left behind a crimson red afterimage.

"Titan God's Might!"

"Activate for me!"

"Boom~!"

The pure physical attack power of the Titan race stacked on top of Luo Tian's body. When Luo Tian thrust out his fist, it was similar to an attack by a heavy artillery shell.

"Lie down for me!"

"Boom~!"

Tai Long furrowed his brows, "Power that has suddenly increased by hundreds of times? What kind of martial skill did this human cultivate? This is a bit too weird. He only has a Profound Saint cultivation yet his powers are so robust... how can his fleshly body sustain it?"

Immediately after...

Tai Long turned around and said with a cold smile: “Trash, even though you’ve managed to increase your strength and your speed, you couldn’t increase your cultivation realm. You are still at the Profound Saint realm while I’m at the supreme Profound God 1st rank. Do you think I’m someone you can defeat with just martial skills?”

“What a joke!”

“If that’s the case, then it means you really don’t understand the supreme Profound God realm.”

In an instant...

Tai Long furrowed his brows and his hands turned to claws. He then yelled out: “Profound God powers, come out for me!”

“Ommm~!”

“Ommm~, ommm~, ommm~ ...”

The clouds started forming a vortex above the nine heavens before a form of power crushed downwards like crazy. That power condensed into Tai Long’s palms before he started grinning. He chuckled in disdain before saying: “I will let you see my powers.”

“Profound God’s Defense!”

“Ah!”

“Boom~!”

After Tai Long's shout, the Profound God powers instantly formed a defensive wall around him. The formless defensive wall directly layered over the surface of his skin. It was similar to a halo that gave off a continuous faint purple glow.

The glow of a divine artifact!

Tai Long's whole body was giving off a dazzling purple glow.

Luo Tian's eyes revealed his extreme excitement, "Explode him! I have to explode him! If I don't explode him, I will be unworthy of my ancestors, my big sister Sola Aoi, big sister Maria Ozawa, and my left and right hands from my previous life. And I will definitely be unworthy of all the years I've played games."

When Luo Tian played his games back then...

There was no such a thing as not killing a boss you encountered.

If you encountered a boss that you couldn't kill, you wouldn't be able to sleep at night and you will have no motivation to do anything in life. This included doing thrusting exercises with your hands. So Luo Tian definitely had to explode him since he has never played a game in his previous life where there's a boss that you couldn't kill.

"I have to kill him!"

Seeing how Tai Long was floating there unmoving, Luo Tian showed no fear as he stimulated all his powers and smashed forth!

"Boom~!"

"Boom~!"

"Boom~!"

The strike created a powerful shockwave as it rippled outwards. The scene looked like a mushroom cloud created from the explosion of a nuclear bomb. Everything in the surrounding area was blasted outwards and a huge tree was uprooted and sent flying. Even the city wall made of thick slabs of stone was obliterated.

Too strong!

But...

Luo Tian's expression changed for the worst.

Not to mention his arms turning numb but a clear red "MISS" appeared over Tai Long's head.

What the hell is going on?

The attack didn't do any damage.

In other words, Luo Tian's attack couldn't break past Tai Long's defense.

Profound God realm powers were too strong!

But...

Even though Tai Long didn't suffer any damage, his expression still showed some signs of being surprised. He was saying to himself: "It's fortunate that I activated Profound God's Defense. I didn't expect this piece of trash's powers had been increased to such a level."

At this moment...

Tai Long focused his thoughts and came up with an idea. He made up his mind and said to himself: "This human cannot be left alive, he has to be killed today!"

Everything actually happened in an instant.

Luo Tian struck out, Tai Long received the heavy attack, and his eyes widened before saying fiercely:  
“You damn trash, you have made this daddy very unhappy. You can now go and die for me!”

“Profound God’s Strike!”

“Blood Sea Divine Palms, smash for me!”

Tai Long’s palms were blood red and when he injected his Profound God powers into them, the strength behind it became even stronger. In front of him, the powers of a Profound Saint ranker was similar to a muscular man facing off against a three year old child – they weren’t even comparable!

“Oh crap!”

Luo Tian’s brows were locked together as he shouted: “Not good!”

“Titan’s Defensive Form!”

“Golden Bell Shield, level 7!”

“Ommm~!”

Luo Tian had released his skills with the greatest defense.

At this moment, he had no other choice but to activate the strongest defensive skills he had. Whether he could survive or not, even he didn’t know the answer to it.

“Hahaha...”

Tai Long started laughing coldly before saying: “No matter how strong your defenses are, they are merely decoration before my Profound God powers. They are absolutely of no use! You damn trash, just go down to hell for me and enjoy your torture in the eternal dark abyss!”

“Die!”

The blood sea looked boundless as it crushed down from the entire sky.

Luo Tian couldn't evade the pair of palms before it smashed into him.

“Boom~!”

Luo Tian was wrapped up by some type of blood sea powers. His body was wracked in pain as if he was being ripped apart. “This kind of power seems completely different from the powers of the Tianxuan Continent. And it doesn't seem to be a power from the Profound God realm.”

At this moment...

Shock bloomed inside Luo Tian's heart.

His body was still wracked with pain as his figure was smashed flying for over ten thousand meters. He just kept flying backward without stopping.

“Ancient Kings!”

“Didn't you want me to become your disciple?”

“Didn't you leave a trace of spiritual intent inside my sea of consciousness?”

“Help me break through this power!” Luo Tian roared out.

Something started moving inside his sea of consciousness before the intent of the Ancient Kings exploded forth with power. The power was like a vast ocean as it burst forth from Luo Tian’s sea of consciousness. Similar to a dam bursting, the power directly shattered the blood sea energy wrapping around his body.

Luo Tian finally fell down from the air.

“Fuuu~, fuuu~, fuuu~...”

“Regeneration!”

“Healing Art! Healing Art...”

Luo Tian cast continuously before his body finally improved. He stood up and glared at Tai Long off to a distance. He then roared out: “So what if it’s the Ancient World’s powers?! Do you think you’re the only one that has it?!”

“This daddy has it too!”

Shock!

Tai Long’s gaze turned ferocious as his teeth started cracking from clenching so hard.

At this time...

The Soul Sovereign was once more struck back by the Grim Reaper’s phantom image. Countless souls in the air started falling back down to their original bodies.

Tai Long gave Luo Tian a vicious glance before charging back towards Blood Sea City’s center like crazy.

## Chapter 588 – The Idiotic Tai Long

And it happened to be powers from the Ancient Kings.

This was something he never imagined happening.

He released his Profound God powers and then merged it with his Blood Sea Divine Palms. The Blood Sea Divine Palms was a martial skill the Soul Sovereign taught him. It may not be considered a strong martial skill in the Ancient World but in Tianxuan Continent, it was a skill that had surpassed the divine grade.

It can instantly kill any expert below the Profound God realm.

He thought that Luo Tian would definitely die after smashing out his Blood Sea Divine Palms.

But...

Luo Tian was still alive.

He didn't have time to chase after Luo Tian. The Soul Sovereign phantom image he summoned didn't have any attack power or any strong defensive powers. Its appearance was only to absorb the souls of the dead Dragon race warriors, just like a machine with a singular function.

It could only keep retreating when facing off against the phantom image of the Grim Reaper.

This was a phantom image of his master and these souls of the deceased Dragon race members were sacrifices he offered to his master. The process cannot be disrupted because if it is, he will definitely be punished for it.

He has experienced the cruel methods of the Soul Sovereign.

Therefore, Tai Long gave up chasing down Luo Tian and was trying to return to the city center.

“The phantom image of a Grim Reaper from the path of slaughter?” Tai Long suddenly stopped.

“Who would’ve imagined a lowly human like you has actually trained in so many powerful martial skills? You even managed to comprehend the Grim Reaper’s path of slaughter. You are truly a super genius. You don’t look twenty years old yet and have already stepped into the Profound Saint realm. A person like you hasn’t appeared in the Tianxuan Continent for over tens of thousands of years. Most likely that Murong Wanjian of the human race, someone they call the new Human Emperor, cannot accomplish all of that.”

“Murong Wanjian is older than you by a few years. If you were given a few more years to cultivate, most likely that Murong Wanjian would be trampled below your feet. It’s unfortunate that your innate bloodline powers haven’t been stimulated yet while Murong Wanjian started cultivating his True Dragon’s bloodline the moment he was born. His current bloodline powers have been stimulated to the sixth stage and has already reached a terrifying realm. This is the gap between you and him.”

“I’m speaking so much with you because...

“I want you to know that no matter how much of genius you are, how powerful you are, or that you have the potential of becoming the new Human Emperor and Tianxuan Continent’s number one genius – everything is useless because you will be dying here today.”

It basically exploded throughout the horizon. Before his voice faded, his figure had already reached the Grim Reaper’s phantom image. His eyes turned fierce before he shouted: “Break for me!”

The oppressive powers of a Profound God expert crushed down without hindrance.

In less than a second...

The Grim Reaper’s phantom image was destroyed.

It turned into plumes of black smoke before disappearing without a trace.

The path of slaughter's Grim Reaper was very strong but its strength increased proportionately to Luo Tian's cultivation. The gap between Luo Tian's cultivation and Tai Long was simply too large, so the phantom image of the Grim Reaper couldn't block Tai Long's oppressive pressure for even a second.

Luo Tian leaped into the air.

He then looked up into the sky with his brow furrowed. "The Ancient King's power only protected me once and won't be doing it again the next time. If I cannot pass this obstacle by myself, most likely they're going to give up on me."

"I'll have to take care of everything myself from here on."

"I couldn't even break past Tai Long's defense after activating level 8 Berserk... the Profound God realm is truly a supreme realm. The defensive powers are too strong for me to handle."

Luo Tian started feeling anxious.

At this time...

Qin Changtian sent a sound transmission: "Boss, do you need me to make a move? I feel like I can't hold back anymore. Tai Long is too cruel, pretty much killing off every one of my Dragon race. It doesn't really matter if the arcane secrets of the Sky Dragon's Heart can kill him or not because I really can't endure anymore."

Luo Tian immediately replied: "You need to endure even if you can't. You are my trump card so you cannot come out before I call for you."

Qin Changtian's existence was similar to a killer move.

This killer move could only be used once.

If it doesn't succeed in one move, Qin Changtian will definitely be instantly killed by Tai Long.

Therefore...

His existence must have a one-hit kill effect or else everything would be useless.

Moreover...

Luo Tian couldn't break past Tai Long's defense so he had no clue how big his health bar was.

-----

Blood Sea City.

Tai Long was laughing madly as he watched the souls of the dragon warriors being absorbed by the phantom image of the Soul Sovereign. He then shouted: "Kid, don't you like the path of slaughter? This daddy will allow you to slaughter to your heart's content! Hahaha..."

Immediately after...

Tai Long flew into the air and started chanting something under his breath. His eyes then suddenly widened and a blood mist exploded out from his body. The blood mist covered the corpses of the dead dragon warriors and his eyes widened once more, "Blood Refinement! Rise for me!"

"You are all servants of the Soul Sovereign. You will all reincarnate in the Eternal Dark Abyss. Now I command you all to kill this person!"

"Boom~!"

"Boom~!"

“Boom~!”

The dead bodies started standing up.

The ten thousand plus dead Dragon race army all stood back up in just a few short seconds. Their eyes were pure black and there wasn't any aura of life coming from them. But the strength they possessed was exactly the same as when they were alive.

Suddenly...

Amidst the debris of the city wall, a huge Frost Dragon started standing up. It shook off all the loose rocks from its body before roaring into the air. Ten thousand ice swords rose up around it and then started shooting towards Luo Tian.

Little Xie's expression turned pale white as he screamed out: “Father!”

“Father!”

“Uncle Kai Lun! Big brother Ai Lun...”

“Tai Long, f\*ck all your ancestors!”

The dead allied Dragon race army had been resurrected.

They became an undead army!

Luo Tian was dumbstruck by what was happening in front of him. His heart felt pain when he saw a bunch of faces he was familiar with. He started dodging the ten thousand ice swords shot out by Frost Dragon King before looking over at Little Xie. Seeing him crying in pain, Luo Tian clenched his fists before shouting: “I'm sorry Little Xie!”

Right after that...

Luo Tian ingested the Triple Experience Pill.

He also took the normal Experience Pill as well!

“Ding!”

“Congratulations to player Luo Tian for activating a triple experience period. You have one hour!”

“Ding!”

“Congratulations to player Luo Tian for activating an Experience Pill. The Experience Pill will now start absorbing...”

Two system alerts sounded off.

Luo Tian didn't hesitate because he was very clear on what he had to do. These people had already died and had become Tai Long's puppets. He had no time to dwell on the feelings of reluctance and was only allowed to feel gratitude because he was given a perfect opportunity!

An opportunity to level up like crazy!

Hearing Luo Tian's voice, Little Xie cried out: “Big brother Luo Tian, just go ahead and kill them all!”

He too understood the magnitude of things.

He was worried Luo Tian would be unwilling to make a move.

In Luo Tian's previous life, he has seen television series and movies of the current scene before his eyes where the main character was reluctant to make a move. Each time Luo Tian saw such a scene, he would yell out how dumb the main character was. There was no time for hesitation during such a critical moment and the correct way was to decisively kill everything.

"Level 8 Berserk!"

"Tai Long, just wait and see for this daddy."

"You will regret this."

"Your dumbass move is basically sending this daddy experience points! Hahaha... Just you wait! I will give you a good show real soon!" Luo Tian coldly chuckled before transforming into Devil Sovereign Xingtian. "Blood Shadow, Boundless Blood Sea! Kill for me!"

Chapter 589 – Leveling Up Three Times, Let's Fight Again

Tai Long was no exception.

The people of this world didn't know what a system interface is, what killing monsters to level up means, and what experience points are.

Tai Long thought of himself as someone super awesome and that everything was under his control. He used the corpses of the Dragon race and turned them into his puppets to kill Luo Tian. He had a smug expression on his face when he looked at Luo Tian before mocking: "It's very painful to kill your own friends, right?"

Before Tai Long could continue speaking...

Luo Tian was like a crazy demon activating Blood Shadow. He completely slaughtered the first wave of undead dragon warriors that were charging towards him!

"Ding!"

“Ding!”

“Ding!”

“Ding!”

“Congratulations to player Luo Tian for leveling up. Your current cultivation is at the Profound Saint 5th rank!”

He leveled up after the first wave!

Three times the experience was so awesome that Luo Tian couldn't speak. How can the speed of leveling be this fast? Even Luo Tian felt a bit embarrassed by this cheat. The area of effect of Blood Shadow's Blood Explosion skill and the addition of level 8 Berserk's attribute enhancement directly killed those Profound Venerate and Profound Saint dragon warriors instantly.

Tai Long's eyes were stunned and his jaw almost hit the floor. “He made a breakthrough?”

“He actually made a breakthrough at a time like this?”

“Making a breakthrough during a fight is about one in ten thousand chance. He made a breakthrough when fighting Black Dragon King's army, a breakthrough when fighting Nether King's army, and now another breakthrough here. Isn't his speed in making cultivation breakthroughs a bit too fast?”

He couldn't understand this!

After all, Tai Long wasn't some from planet Earth.

He didn't know about computers, online games, leveling up, and especially didn't know Luo Tian was a transmigrator from Earth with a leveling system. He miscalculated and thought he could use the undead Dragon race to kill Luo Tian.

Even if he couldn't kill Luo Tian, he could still make Luo Tian suffer emotional pain.

After all, Luo Tian should have many friends within the Dragon race, and killing one's own friend is a very painful thing. But somehow, Luo Tian didn't show any pain and was killing quite happily. He didn't give a care that he was killing the Dragon race warriors that were once his allies!

He was slaughtering like mad as if he was cutting up cabbage!

"What's going on?"

"Is he still considered a human?"

Even in his dreams did he not expect this.

Luo Tian grinned before saying: "I'm sorry that you couldn't see my painful expression. Do you want me to pretend to be in pain so that you can see it?"

After saying that...

Luo Tian then acted like he was in pain. "Agghhh! How can it be like this? Don't come over! Please don't come over! Please wake up! Quickly wake up! Don't let that dog Tai Long control you guys!"

Luo Tian kept attacking while saying that.

He had already killed another large group of them in a brief moment.

Luo Tian then said with a smile: "How's that? I'm in so much pain and very cooperative, right?"

"You must be f\*cking brain-dead!"

“You thought that I would be in pain? You thought that I would hesitate?”

“You dumb idiot, did you really think I’m like others? These people have all become your puppet and are people that have already died, so why would I hesitate?” Luo Tian merely glanced at Tai Long in disdain because he had no time to bother with him.

As long as Tai Long didn’t personally attack him, Luo Tian didn’t have to pay attention to him.

The most important thing right now was to level up!

Only after leveling up will he gain greater strength. Only after leveling up will he have a chance to fight it out with Tai Long.

Luo Tian was going crazy like a demon. Devil Sovereign Xingtian’s aura was flaring out in full force and had suppressed everything in the surrounding.

In less than ten minutes...

The system gave another alert tone!

“Ding!”

“Congratulations to player Luo Tian for leveling up. Your current cultivation is at the Profound Saint 6th rank.”

Tai Long’s expression changed once more while his gaze turned gloomy. He then said in irritation: “Your cultivation went up again... what kind of martial skill has a kid like you trained in? Not to mention the devil sects of the Tianxuan Continent, even the devil sects in the Ancient World don’t possess such magical skills. What kind of existence can breakthrough over ten times in a short two days?”

The knowledge Tai Long had was greater than many people in this world.

He had traveled through the Ancient World.

He has seen many different types of martial skills and encountered many powerful devil sect experts. But he has never seen anyone with such cultivation speeds like Luo Tian. Even the Soul Sovereign who absorbed souls to cultivate didn't have such fast cultivation speed.

Tai Long thought his training speed was already rather fast when cultivating in the special Blood Sea Purgatory. What he never imagined was that his speed was considered nothing when compared to Luo Tian!

Immediately after...

Tai Long's brows furrowed, "I can't let him continue like this."

"His breakthroughs should be related to killing these undead dragon warriors."

"It happened with Black Dragon King's army and the Nether King's army..."

Upon thinking of these points, Tai Long's eyes lit up like he was enlightened. "What an idiot I am! How come I didn't think of this in the beginning?"

"Heh heh..."

Tai Long clenched his fists and his joints gave off exploding sounds. He then yelled out a command while sending out his will: "Everyone return to the city! Return to the city!"

"Hahaha..."

"You want them to head back to the city?"

“You’ve finally realized it?”

“It’s too late!”

Luo Tian was laughing like mad as the cooldown of Blood Shadow was over. Without any hesitation, Luo Tian transformed into tens of thousands of blood droplets and made them scatter and land on those undead dragon warriors. He then roared out: “Blood Shadow, explode for me! Explode! Explode!”

“Boom~!”

“Boom~!”

“Boom~!”

A large wave of undead dragon warriors was instantly killed.

“Ding!”

“Ding!”

“Ding!”

“Congratulations to player Luo Tian for leveling up. Your current cultivation is at the Profound Saint 7th rank!”

Another level up!

All of Luo Tian’s stats were refilled.

Tai Long was so angry that his face turned white. He wanted Luo Tian to feel pain and didn't expect to give Luo Tian the chance to break through three times. This was similar to being insulted and played around with. The Profound God powers inside his body instantly exploded forth.

"Boom~!"

Tai Long roared out ferociously. His eyes fiercely glared at Luo Tian before saying through clenched teeth: "You damn trash! So what if you broke through to the Profound Saint 7th rank? In front of me, you are nothing but trash. Killing you is nothing more than pinching an ant to death!"

As his voice faded...

Tai Long's red figure blurred as he charged forward.

Blood Sea Divine Palms smashed forth once more.

Luo Tian's gaze shifted as he summoned the Sky Splitting Divine Axe, Blood God's Armor, and the Blood's God's Ring. All those powers were activated as he yelled out: "Level 8 Berserk!"

"Boom~!"

"Azure Dragon bloodline, come out!"

"Vermillion Bird bloodline, come out!"

"Boom~!"

A series of explosive sounds were heard. With Tai Long charging towards him, Luo Tian roared out without any fear. He had no thought of retreating or dodging and increased his speed like crazy to meet Tai Long's charge. He then yelled out: "This daddy wants to see how strong your defenses are!"

“Decapitation Strike!”

“Chop for me!”

Chapter 590 – Invincible State

Compared to the previous him, his current power level was at least a few steps higher.

This was Luo Tian’s first test!

The goal of this strike was to see if he could break past Tai Long’s defense and to see how much health he had.

This was his first time encountering a purple-colored boss!

Even the Mount Hua Immortal Sect’s Prime Elder was only a boss with a golden glow. This clearly meant Tai Long was more awesome than Mount Hua Immortal Sect’s Prime Elder. And this is what made Luo Tian extremely excited.

The moment Luo Tian became excited...

Tai Long made his move.

He didn’t have to worry about the situation with the Soul Sovereign anymore and could concentrate on fighting Luo Tian. He was wholeheartedly focused on the fight and even more serious than when he fought the Dragon Emperor.

Up in the sky...

The Sky Splitting Divine Axe appeared to be cutting apart the world.

An Azure Dragon rose to the sky roaring.

A Vermillion Bird gave off a dismal screech.

A devil aura was surging out like a tsunami from Devil Sovereign Xingtian's body. Under the stimulation of level 8 Berserk, 256 times the base attributes, these powers had been enhanced to a degree where words couldn't describe it any more.

But...

Tai Long's mouth still showed a sneer. He released his Profound God's power, one hand controlled defensive powers while the other hand controlled an attacking power. It was similar to a single mind processing two tasks simultaneously, controlling two completely different powers with ease.

One has to say that Tai Long was indeed very powerful.

He had cultivated many powerful martial skills and they were all from the Ancient World.

And he happened to throw himself before the feet of the Soul Sovereign becoming his number one servant. The martial skills he trained in would obviously be very strong. With his already outstanding talent, the powers he was capable of releasing would definitely be on a terrifying level.

Tai Long's eyes faintly looked up to watch the huge axe chopping down from the sky. He coldly scoffed, "No matter how strong you are and how powerful your strike is, you won't be able to kill me. I am a supreme expert at the Profound God realm while you are simply too weak."

"Blood Sea Defense!"

"Ommm~!"

In an instant, Tai Long's body started glowing red!

The Profound God's defensive powers superimposed over his body.

He didn't dodge.

He just glanced at the incoming Sky Splitting Divine Axe. He then stared at Luo Tian in disregard while moving his right hand. His hand was locked onto the center of Luo Tian's brows before he yelled: "Blood Sea Divine Palms, break for me!"

"Boom~!"

A dark red palm print shot out.

"Heh heh..."

"This daddy refuses to believe it!"

Luo Tian clenched his teeth. He had never thought of retreating since the beginning. His gaze was incomparably steady as he faced off against Tai Long's super attack. His hands firmly held onto the shaft of the Sky Splitting Divine Axe while shouting: "Chop for me!"

"Boom~!"

"Crack~, ripppp~..."

The sky was distorting.

The impact of two powerful energies lashed out at the surrounding.

The exploding power distorted space in the area.

Too powerful!

The entire Sky Palace was shaking and the surviving people were trembling. Even their breathing had turned hurried like a large stone was weighing down on their hearts. What an uncomfortable feeling!

“Boom~!”

“Boom~!”

“Boom~!”

There was a deep thunderous roar before most of the structures in Blood Sea City were pulverized into ash.

The Sky Splitting Divine Axe had accurately chopped down onto the top of Tai Long’s head!

The crimson red Profound God’s defense was broken past and fresh blood appeared on Tai Long’s head. In an instant, a red numerical value of 10,487 flashed above his head! His defense was broken!

Luo Tian finally caused some damage!

He was feeling very excited because as long as he could do damage to Tai Long, he had a plan to tire him to death.

But...

Before Luo Tian had a chance to celebrate, Tai Long’s rage surged thousands of meters high! His right palm print had accurately smashed into the center of Luo Tian’s brows!

“Bang~!”

His head was smashed off!

Decapitated!

Devil Sovereign Xingtian's head was smashed flying off its body!

This kind of power couldn't be blocked. Tai Long's palm strike had directly knocked Luo Tian's head off from the base of his neck!

Being decapitated meant sure death!

Tai Long started laughing like crazy, "Hahaha... hahaha... a damn piece of trash wanted to compete with me? What kind of thing do you think you are? What qualifications do you have to fight with me? A lowly human like you should just quietly go to hell. Hahaha..."

Crazy laughter.

Crazy and smug laughter.

Luo Tian's head was knocked off so he undoubtedly would die.

After killing Luo Tian, who in Sky Palace would dare block Tai Long's path? Who else has the ability to block his path?

It was only a matter of time before he unified the entire Sky Palace.

"Hahaha..."

"Hahaha..."

Tai Long burst out in a fit of crazy laughter once more since he was too happy!

But...

He didn't notice that even though Luo Tian's head was decapitated, his body was still standing there upright. The aura coming from him hadn't lessened either and was actually becoming more vigorous. What's going on?

Not to mention Tai Long, even Luo Tian himself also didn't understand what was going on.

Luo Tian thought he was going to die.

How can one not die with their head decapitated?

Luo Tian's heart was silent as he said to himself: "Sigh~, who would've imagined I would die here? I'm sorry Xue'er. I'm sorry Chun Chun. Fatty, Xuan Yuanyi, and all my fellow brothers – I'm sorry. I'm going to leave first."

His heart was deathly still.

Luo Tian thought he was dying.

But in an instant...

The system gave off an alert tone that startled Luo Tian. "Damn it, I've already lost my head so how can there be an alert tone? This isn't a damn game! Characters inside a game can be reborn after dying. This is the real world so there's no way I can be resurrected after death, right?"

Just when Luo Tian was puzzled...

He thought he had heard wrong.

But...

He didn't hear wrongly and the system alert tone was very clear.

Luo Tian could feel his own thoughts and his consciousness. He could even clearly sense the blood coming out from his veins. "This is kind of like an immortal state! Damn, could it be that this daddy cannot die?"

He then carefully listened to the rest of the system message.

Luo Tian has never been this serious when listening to the system's alert.

"Ding!"

"Congratulations to player Luo Tian for triggering Devil Sovereign Xingtian's Decapitated God's Might – Level 1 Power of Death.

"1..."

"What the hell is going on?"

"Could it be that this daddy is really immortal?" Even Luo Tian felt scared by this. His head was already cut off yet he's not dying? This would be impossible on planet Earth and it was also impossible on the Tianxuan Continent.

In order to figure this out...

Luo Tian immediately opened up the system interface to look up the relevant information.

He couldn't just keep living in this baffling state and had to understand it.

Only when he saw the system's description did he realize, "Xingtian, a battle god of the devil sects. He possessed the world's most amazing skill, which was not dying after being decapitated! The legends of Xingtian on Earth were the same – his head was chopped off by an enemy but he didn't die."

Beyond his expectation!

Luo Tian never imagined he would trigger Devil Sovereign Xingtian's passive skill.

Not dying even after having one's head decapitated.

And he even gained the first level from the Power of Death.
